

MOST VOTES TO BE HAD BETWEEN NOW AND OCTOBER 8TH

Subscriptions in Reflector's Circulation Drive Count Most in Votes Now; Big Decrease to Come Later On; No Changes to Be Made at Any Time

All those who are striving to earn the best prize possible in The Daily Reflector's subscription campaign should do all in their power to turn in every subscription between now and the close of the first period, October 8th.

After the 8th of October votes given on subscription will decrease approximately one-fifth and the Extra Votes given on every \$25.00 in money turned in will decrease from 25,000 to 20,000. This is quite some difference.

Those who have promised to help the workers for the Hudson Coach, the Ford Coupe, \$250 Living Room Suit, \$187 Dining Room Suit, \$115 Radio or the cash prizes of \$50 and \$30, should do so now when such help means so much.

To those who are working in the campaign and to those who are thinking about joining we want to make it perfectly clear that there will be no extra votes given at any other time in the campaign other than what is now published.

Now is the opportune time for those who have been thinking about joining to come in. With your spare time that you usually idle away and with the help of your friends you can gather enough votes in a day or two to place you well on the road to victory and one of the grand prizes that this newspaper offers those who are ambitious and anxious to succeed.

Your Entry Coupon clipped today may mean an automobile. The free 50-vote coupons, clipped from the paper today and saved by your friends along with other votes given on subscriptions to the Daily Reflector will mean a share in over \$2,700 in prizes and commissions that this paper offers all who take an active part.

Those who are working and those who are thinking about starting should not listen to those who try to discourage. You will find that there are always some certain few no matter where you go who throw cold water on every worth-while undertaking.

Papers Constituting French Settlement Debt Presented Americans

Washington, Sept. 24.—(AP)—Documents which in effect constitute a French offer for settlement of that nation's \$4,000,000,000 debt to the United States were submitted to the American Debt Commission today at the first meeting between the French and American negotiators.

DEBT COMMISSIONS GO INTO ISSUE AS PRACTICAL MEN

Recognizes the Problems of Each Other and Are Desirous of Reaching a Quick Settlement

Washington, Sept. 24.—(AP)—The French and American Debt Commission meeting here today to effect a settlement of France's \$4,000,000,000 war debt pledged themselves to go into the issue as practical men recognizing the problems of each other and desirous of reaching a quick agreement.

France's position started by Jos. Caillaux, her minister of finances, was that his country had not forgotten "what we owe to America for her splendid work to end victoriously the war and for the generous help our people received from citizens of the United States."

He said the discussion between the two commissions should go forward in such a way as to fortify peace and help the economic stabilization of the world.

Routeings Totaling 16,000,000 Miles Issued By Carolina Motor Club

Greensboro, Sept. 24.—(AP)—Routeings totaling more than 16,000,000 miles a distance 640 times the circumference of the earth have been issued by the Carolina Motor Club in its three years of existence.

The club which this week is celebrating third anniversary of its organization, has had more than 120,000 calls for road information, in person, by wire, and by letter, in the three years, and besides answering these calls, 150,000 maps have been distributed.

Deportation Christians Will Be Investigated

Geneva, Sept. 24.—(AP)—The League of Nations council in special session today decided to send a league representative to the Mosul district of Mesopotamia to inquire into the British charges of deportation of Christians by the Turks.

Leading Attorney of Raleigh Died This Morning

Raleigh, Sept. 24.—(AP)—Armed Jones, 79, leading attorney of Raleigh, and well known in legal circles throughout the state, died here early today of pneumonia.

As a member of the law firm of Jones and Horton, Mr. Jones held quite a reputation for his ability. During this week the trial of Jesse Wyatt, former police detective, of Raleigh, charged with the murder of Samuel S. Holt, was postponed until January, due to the illness of Mr. Jones, his firm being attorney for the defense.

Says America Should Demand Halt Warfare French and Riffians

Madison, Wis., Sept. 24.—(AP)—Governor Blaine, of Wisconsin, today made public a telegram he sent President Coolidge declaring that before conversations are entered into on France's settlement of the war debt, America should demand "a halt in this ruthless war fare" between the French and Riffians in Morocco.

AIR BOARD TO HEAR TESTIMONY OF AIR PILOTS ON MONDAY

Preliminary Survey of the Military and Postal Air Services Have Been Completed; Suspends Session Until Monday

Washington, Sept. 24.—(AP)—With its preliminary survey of the military and postal air service completed, hearings before the President's air board were in suspension today until Monday, when the next phase of the inquiry will open with the testimony of air pilots.

Colonel William Mitchell, whose advocacy of a unified air service under a department of National Defense was supported in the views presented to the board by Major General Patrick, Chief of the Army Air Service, as one of the Army Flyers to be heard.

In turning its attention yesterday to the Commercial Air Field, the Board heard only one echo of the military air dispute, when Post-Master General New under questioning emphatically aligned himself with acting Secretary of War, Davis, and Secretary Wilbur in opposing unification of the air service to include the air mail service.

Following Mr. New, Secretary Hoover recommended to the board that to realize the advantages of commercial aviation the Government should create an agency to extend its aviation somewhat the same aid as is now given to navigation of water craft.

Shenandoah Fought for Half Hour Before Barograph Broke

Lake Hurst, N. J., Sept. 24.—(AP)—The Shenandoah fought the line squall in Ohio on September 3 for at least half an hour before she broke up the barograph instrument record introduced before the naval court of inquiry showed.

This record establishes that the ship began its first rapid ascent at 4:20 a. m., central time rising from an altitude of 1,850 feet to an altitude of 2,985 feet in eight minutes.

The craft then leveled off over two minutes later at 3:30 she shot up almost like a rocket from 3,015 to 4,065 feet in ten minutes.

Her ascent halted at this altitude at 4:46 a. m., and the Shenandoah then fell abruptly 1,785 feet in three minutes stopping at an altitude of 4,290 feet.

PITTSBURG GLITCHES NATIONAL PENNANT

After Chasing Championship for 16 Years, Pirates Have Bunting Nailed Firmly to Mast

New York, Sept. 24.—(AP)—The National League pennant race is over with the bunting nailed firmly to the Pittsburgh Pirates mast.

Pittsburg has been chasing the championship for 16 years without success. Roger Peckinpaugh, Washington shortstop, has been chosen as the American League's most valuable player in 1925 by a committee composed of one veteran baseball writer in each city of the circuit.

Hong Kong, Sept. 24.—(AP)—It is reported from Canton that the authorities there are likely to open negotiations for the termination of the anti-foreign strike that has been in progress since June.

MR. D. L. MANGUM DIED LAST NIGHT AFTER LONG ILLNESS

Interment Will Take Place On Friday Afternoon at One O'clock in Henderson Cemetery

Mr. D. H. Mangum, 65, died at 10 o'clock last night in the Park View hospital, Rocky Mount, after an illness of several years. The remains were brought to this city.

Mr. Mangum for the past few years has been making his home in this city with his sister, Mrs. C. W. Wilson, and his mother, the late Mrs. Lucy Mangum.

Mr. Mangum possessed a strong Christian character and was held in high esteem by friends in this city, and in Henderson, his former home.

The deceased is survived by one son, Mr. Thad Mangum, of Philadelphia, and one sister, Mrs. C. W. Wilson.

Game Laws In 60 Counties Changed By Gen. Assembly

Raleigh, Sept. 24.—(AP)—Local game laws in 60 of North Carolina's 100 counties were changed by the last General Assembly.

This fact is brought out by a synopsis of the game laws of the state, prepared by H. M. London, legislative reference librarian. The booklet is said to be the first time the game laws of the state, since the last session of the legislature, have been compiled in one pamphlet.

TWO CHINATOWNS ARE THREATENED WITH EXTINCTION

Tong War Killing Threaten to Void the Peace Treaty Between Hip Sing and On Leongs Signed Monday Night

New York, Sept. 24.—(AP)—Chinatowns in Cleveland and Boston are threatened with extinction by city officials as a result of Tong war killing, which threatened to void the peace treaty between the Hip Sing and the On Leongs signed here Monday night.

City Manager Hopkins, of Cleveland, last night ordered buildings in China town razed as fire and health hazards. More than 450 Chinese are detained for questioning in connection with the murder Tuesday night.

Boston police say that after conferences with New York Chinese leaders that the killing of a Chinese in Boston shortly before the peace pact was signed at New York was considered in Tong circles as having voided the agreement.

There have been two reports of Chinese in New York with the result that several hundred are awaiting deportation.

Full Military Honors Passed for Kenneth Thomas

Richmond, Va., Sept. 24.—(AP)—Full Military honors were passed today to Kenneth Fred Thomas, world war hero, who hastened back from overseas to pay a debt he owed society for committing bigamy.

Thomas died at a local hospital several days ago. He was pardoned by Governor Edward Lee Trinkle, a few days previous when it was pointed out to the executive that his war tattered body had been so decimated by confinement in prison walls that death was only a matter of days.

Mr. Mangum possessed a strong Christian character and was held in high esteem by friends in this city, and in Henderson, his former home. During his stay in Greenville, although he has been confined to his room the greater part of the time he has won a host of friends.

He began the escapade that led to his violating the marriage laws. He and several fellow officers went on a lark that started at New York and wound up at Norfolk with the party at a hotel at which several women were present. Three days later Thomas awoke to find he had married one of the women. He already had a wife living in Canada.

stables, magistrates and communities. Where traffic officers are not in uniform it arouses the suspicion that the officers are more intent on making arrests than on preventing violations of the law.

Public authorities must never lose sight of the fact that automobile owners are as taxpayers and citizens just as are pedestrians, and that traffic regulations are for the protection of the people not for their persecution. The motorist has just as much at stake, in traffic conditions as the pedestrian and the community in general and surely more than the traffic officer who is as much the servant of the motorist as of any other citizen.

FAST

At Le Mans, France, in 1908 Wilbur Wright, pioneer American aviator, flew 56 miles in one hour 31 minutes 25 seconds in a plane with a spread of 41 feet equipped with a 24 horsepower motor of what would now be described as primitive construction.

At Mitchel Field a few days ago Lieut. Alford J. Williams of the United States navy attained a speed of 302.3 miles an hour in a plan only twenty-two feet from tip to tip of wings but propelled by a motor of 608 horsepower.

What better exemplifies the progress made in aviation than this comparison of two flights separated in time by only seventeen years?

But will aviation be content with this new record of more than 300 miles an hour? Already aviators are talking of traveling 500 miles in an hour by airplane.

Lieutenant Williams himself wonders that a man-made mechanism can attain and withstand such great speed, so some skepticism on the part of the layman is pardonable when experts talk of aviation motors of still greater horsepower and plans equal to the task of traveling 500 miles an hour.

From the layman's viewpoint there must be a limit to the endurance of both man and fabric and it is only a question whether that limit will be reached before the maximum speed and power is attained in the air motor.

The aviator who flew at the rate of five miles a minute did fly right enough.

The composer who predicts that jazz will be dead in three years evidently detects a fatal yet not rapidly working disease.

The discovery of an Italian engineer that alcohol is given off in vapor form in the baking of bread may have the effect of restoring zeal for home-baking.

PASSING OF GRAFTERS

The American Automobile Association predicts a nation-wide abolition of plain-clothes speed cops within a few years. The prediction is based on a gradual disuse of uniformed officers in the cities and larger towns and increasing public sentiment against plain-clothes methods of enforcing traffic laws.

Opposition to plain-clothes speed cops resulted largely from the general belief on the part of the public that where uniforms were discarded arrests were made less for enforcement purposes than for financial gain for con-

A Bargain In Quality

Fine One-Profit Studebaker Coach

—at a new low price

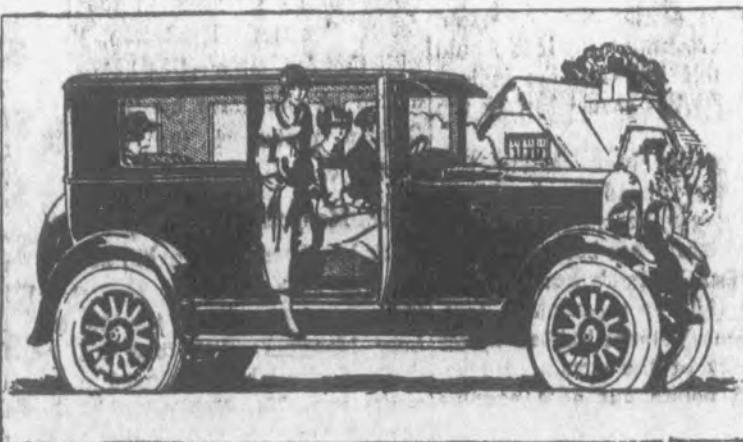

THIS Standard Six Coach has always been a wonderful value—a leader of the Studebaker line. Yet on August 1st, its previous low price was reduced one hundred dollars.

Today you can buy the same fine car without a single change in equipment or construction—at this new low price which only further emphasizes the Studebaker policy of offering you a "bargain in quality."

Here is a truly fine coach—built throughout from quality materials and careful workmanship. Fine northern white ash and hard maple are used in body construction. We pay a premium to obtain the toughest grades of steel. The upholstery is a durable woolen fabric—the windshield and windows are real plate glass. Extra equipment includes a gasoline gauge, clock, stop light, etc.

According to the rating of the National Automobile Chamber of Commerce this Standard Six Coach is the most powerful car of its size and weight. Full-size balloon tires and an especially designed steering mechanism add to its riding and driving ease. A completely machined crankshaft gives perfect engine balance and reduces vibration to a minimum.

Yet this Standard Six Coach sells for no more than competing cars—its low price is

\$1350, delivered for cash in Greenville, N. C. Or, under Studebaker's fair and liberal Budget Payment plan, this Coach may be purchased out of monthly income with an initial payment of only \$450.00 down.

made possible by the Studebaker policy of one-profit manufacture.

There are only two cars manufactured on this one-profit basis. Studebaker in the fine car field, and the Ford in the low priced field. Only in these two cases does one company in its own plants make all bodies, all engines, all clutches, steering gears, differentials, springs, gear sets, gray iron castings and drop forgings.

This one-profit policy not only eliminates the extra profits of outside parts and body makers—but it also makes possible unit-built construction. All parts for Studebaker cars are designed, engineered and built as a unit. And being built as a unit they function as a unit—which results in years longer life, scores of thousands of miles of excess transportation, greater riding comfort, lower repair costs and much higher resale value.

But the only way to judge this Standard Six Coach is to see it—to actually sit behind the wheel and drive it through the thick of traffic, over the steepest hills and rough country roads. Then, and only then, can you completely appreciate its amazing power, its velvet smoothness and wonderful riding qualities.

BOSTON'S FASHIONS NEW FILM STYLE

Barbara La Marr Adopts Exclusive Back Bay Creations for Latest Picture, "Sandra."

Barbara La Marr brings some new and distinctly individual costumes to the screen in her forthcoming picture, "Sandra," which will be shown at White's Theatre today.

Mme. Jesta, their designer, is modiste to Boston's Back Bay fashions, and her instructions were to lend to her creations for the film star the "Back Bay" touch of ultra-refinement in fashion.

Descriptions of some of the gowns follow:
Negligee: This consists of a pale gray sheath, with fifteen yards of pale lavender draped cleverly over the figure. The draping is in the Callou fashion, and the entire effect is set off by a huge pearl ornament, dangling against the gray and lavender.

Ball Costume: This consists of silver cloth with a train fifteen feet in length. Imported silver lace set in brilliants is draped over the cloth to bring about an entrancing Parisian sheath effect.

"Sandra" is an adaptation from the novel of the same title by Pearl Doles Bell, and presents the love adventures of a beautiful woman with a double-edged heart.

Bert Lytell is Miss La Marr's leading man in this—a First National picture produced by Sawyer-Lubin.

CRIPPLED CHILDREN TO BE EXAMINED IN KINSTON ON OCT. 1

Attention is again called to the fact that Dr. O. L. Miller, surgeon of the State Orthopedic Hospital at Gastonia, N. C., will be in Kinston, Oct. 1st to examine crippled children both white and colored, under the age of 16, to ascertain if they will be eligible for treatment at the State Orthopedic Hospital.

Those who have crippled children and have no way provided to go to Kinston, if they will notify the Welfare Officer in advance, and bring the children to the court house in Greenville on Thursday, October 1, arrangements will be made for the children to get to Kinston.

Preacher and Scout Executive Recently Mistaken for 'Thugs'

It is generally conceded that preachers are anything else but suspicious looking characters, but when they are seen talking with Scout Executives they evidently appear "suspicious," and are sometimes taken for notorious characters. Greenville can boast of a peaceful looking "bunch of parsons" and everybody knows that our Scout Executive is absolutely "harmless looking." Yet only a few days while one of our ministers and Scout Executive were engaged in an earnest conversation, the subject of which is "none of our business," one of our citizens suspecting that they were two of the gang which robbed the Rocky Mount post office, called to a passer-by and asked if he didn't think they were suspicious looking characters. It happened that the "passer-by" knew both of the "notorious characters," and after assuring the excited citizen they were only interested in their conversation and that they would neither "borrow, beg nor steal," gave vent to his laughter which continued until he gave the preacher and the Scout Executive fair warning that they were being watched.

Health Department Announces Dates for Tubercular Clinic

The following schedule has been arranged for the tuberculosis clinic: Monday, Oct. 5, Ayden. Dr. Dixon's office, hours 9:00 to 5:00. Tuesday, Oct. 6, Farmville. High School Building, hours 9:00 to 5:00. Wednesday, Oct. 7, Greenville. Health Office, hours 9:00 to 5:00. Thursday, Oct. 8, Bethel. Dr. Hemmingway's office, hours 9:00 to 5:00. Friday, Oct. 9, Fountain. Dr. Beasley's office, hours 9:00 to 12:00. Friday, Oct. 9, Fountain. Dr. Morrill's office, hours 2:00 to 4:30. Saturday, Oct. 10, Greenville. Health office, hours 9:00 to 5:00.

Those who wish an examination are urged to make an appointment through the Health Department or to have their doctor do so. This will save having to wait, if you know exactly when you are coming.

We want to again call attention to the fact that the clinic is primarily to help those who may be suspicious of having tuberculosis or who have had a close exposure. If you have tuberculosis you should know it as in the early stages you have a very good chance of getting well, whereas if you continue to go without knowing it, it is much harder to cure. The State Sanatorium says that it can be entirely stamped out if the people could awake to the dangers of it and learn how to care for the disease.

Varicose Veins Reduced or Money Back, Says Pitt Drug Company

Simple Home Treatment That Is Giving Amazing Results. The world progresses. Today ailments that took weeks to cure can now be ended in a few days. If you have varicose veins or lumps you can start today to bring them back to normal size, and if you are wise you will do so.

Just get an original bottle of Moore's Emerald O'l at any dispensing pharmacist and apply it night and morning to the enlarged veins. It is very powerful and penetrating, and only a little is required.

After a few days' treatment the veins will begin to grow smaller and by regular use will soon reduce to normal.

Moore's Emerald O'l is also a marvelous healing agent. One application for instance stops the itching of eczema, and a few applications causes the eruption to dry up, scale off and completely disappear. It's equally as effective in barber's itch, salt-rheum, redness and inflammatory skin trouble.

People who want to reduce varicose veins, or get rid of eczema, ulcers, or piles in a few days should not hesitate to get a bottle at once. It is so powerful that a small bottle lasts a long time. Any pharmacy can supply you. Pitt Drug Co., sells lots of it.

If you are suspicious of tuberculosis kindly make arrangements through the Health Department, stating which clinic you would like to attend and an examination hour will be reserved for you.

Letter From Japan Asks for Information About This State

Raleigh, Sept. 24.—(AP)—From Professor D. Hashimoto, dean of the Department of Agriculture, Kyoto Imperial University, Kyoto, Japan, the North Carolina Department of Agriculture has received a letter requesting information about this state.

The Department of Agriculture has recently received letters also from Australia and Ukraine, as well as many states in the union, asking

for information about North Carolina and its agriculture.

"I have the honor to inform you," Professor Hashimoto wrote, "that the Department of Agriculture has recently been established at this University, and as chief of the Institute of Agricultural Economics belonging to said department, I intend to create as complete a library as possible pertaining to this particular branch of agricultural science. The special development of researches in agricultural economics in your country is universally recognized and naturally our institute library will be incomplete without the splendid contribution of American investigators."

Concluding his letter, Professor Hashimoto said: "I will appreciate it very much if you will be kind enough to have our institution placed on your mailing list so that we may enjoy the privilege of receiving regularly the valuable contributions from your institution as promptly as they are published."

You Are Judged By Your Wife's Appearance

On the street, at the club, wherever you chance to meet acquaintances, when you are accompanied by your wife, she will be observed. Her appearance will be a barometer of your position today. If your wife is not well dressed the immediate impression will be that business is not so good. On the other hand, a smartly dressed woman will go a long way toward telling a fair-weather story of her husband's achievements. Thus, is not a well-dressed wife a true asset? When you receive a bill from Forbes, then, you will know that your wife has selected the best place to buy her clothes!

Gives Summary Crop, Weather Conditions Southern States

Washington, Sept. 23.—(AP)—Crop and weather condition in Southern States for the week ended yesterday were summarized by the Department of Agriculture today as follows: Fair weather prevailed during the week in practically the entire cotton belt, and conditions were favorable for field work except for complaints of it being too warm in the eastern half of the belt. Picking and ginning and ginning made good progress although this was retarded by labor shortage in many sections. For North Carolina the report said there were beneficial and generous rains in the north and east but very light elsewhere and the drought continued without relief in southern Piedmont and in most of the mountain

area. The showers enabled farmers to start fall plowing. Rains apparently checked deterioration of cotton in the east. In the west and south west it was opening too fast and the rain would come too late to be of any benefit. Housing of tobacco nearly completed and with poor results in the west.

"A Little Bit of Broadway" is a clever, up-to-the-minute musical comedy will all the essentials necessary for a successful musical comedy. Everybody knows that the choruses are always a major portion of any musical show, and in this play the choruses play a very prominent part.

In commenting on the chorus work of this production, the Columbia, S. C. State had the following: "The dancing stood out. Usually in amateur shows little effort is made for ensemble sets, the trainers being content to let the choruses march about the stage and finally form in to pretty tableaux. "A Little Bit of Broadway" was vastly different in that respect. The chorus girls were trained to dance—not march—and dance they did, to the delight of the large audience."

The choruses appearing in the title of cloth sellers is the position of mills is better than has been the case in a number of years.

It is rumored 22 jobbing houses representing business of \$400,000,000 a year have met with bankers in Chicago with view to organizing a large buying syndicate among wholesale dry goods houses throughout country.

Dallas News says Texas crop practically made, hopes of top crop in Eastern half of state been abandoned in most areas.

Edward T. Bartlett, Jr., formerly President of New York Cotton Exchange quoted as saying that only conclusion to be reached connection with Government report was that this report or previous one made by the Government must be incorrect.

Mike Thomas says: Private reports are right, the Government's is absolutely an outrage upon intelligence.

Washington dispatch says crop reporting board will discontinue for balance of this season the issuing of cotton pars for publication. Reason is that board hereafter will use a number of methods for estimating the crop such as yield per acre, ginnings etc.

EVERYBODY LOOKING FORWARD TO PRESENTATION OF "A LITTLE BIT OF BROADWAY"

Rehearsals for "A Little Bit of Broadway," which is the attraction at White's Theatre, Wednesday, September 30th, matinee and night, are progressing splendidly, and the large cast of 125 local actors, singers and dancers, is fast being shaped into form for a real "Broadway" show. This play is now being talked

Greenville production are made up of the prettiest and most graceful girls to be found anywhere. One of the most attractive choruses will be the Heart Bandits, the personnel of this chorus being as follows: Misses Rosemond Flanagan, Lillian Hooker, Roco Hadley, Bet Dixon, Virginia King and Mrs. Curtis Perkins. The costumes worn by these young ladies will be most unique and attractive in design, black patent leather with orange trimmings. Another chorus which is sure to make a big hit with the audience in their song and dance "Some Sweet Day," is that of the Cabaret Girls, with the following appearing in it: Misses Mary Wright, Emily Moye, Bruce Tucker, Mary Lee Pittman, Rosemond Flanagan, Bet Dixon and Mrs. Curtis Perkins.

A scene of unexcelled beauty will be the Balloon Ballet which opens act 2. In fluffy blue ballet costumes with silver balloons, the following young girls will execute a real ballet with much ease and grace. Frances Morton, Gladys Duval, Mary Elizabeth Ferguson, Lucy James, Helen Fleming, Doris Garris and Rosamond Horne, as Miss Helene Higgs, vocal soloist for this number, sings "A Waltz in the Moonlight."

PALE, NERVOUS

West Virginia Lady Says That She Was in a Serious Condition, But Is Stronger After Taking Cardui.

Huntington, W. Va.—"I was in a very weak and run-down condition—in fact, was in a serious condition," says Mrs. Fannie C. Bloss, of 1964 Madison Avenue, this city. "In my left side the pain was very severe. It would start in my back and sides. Part of the time I was in bed and when up I didn't feel like doing anything or going anywhere.

"It wasn't any pleasure. I was very pale. I was nervous and thin, and so tired all the time. "My druggist told me that Cardui was a good tonic for women and I bought a couple of bottles. I took two bottles, then I noticed an improvement. I kept on and found it was helping me. I have taken nine bottles. I'm stronger now than I have been in a long time."

Cardui is made from mild-acting medicinal herbs with a gentle, tonic, strengthening effect upon certain female organs and upon the system in general. Sold everywhere. NG 163
