

THE WEATHER

Showers tonight and Wednesday, slightly cooler tonight in central portion, moderate northeast and east winds.

THE PITTSBURG PIRATES WIN SIXTH GAME FROM WASHINGTON SENATORS

Washington 2 runs, 6 hits, 2 errors. Pittsburgh 3 runs, 7 hits, 1 error. Forbes Field, Pittsburgh, Oct. 13.—(AP)—Eddie Moore's home run and Ray Kremer's brilliant pitching gave the Pirates their second straight victory over the Senators today tying the world's series at three games each.

First Inning.

Washington—Rice out second to first. S. Harris out catcher to first. Goslin hits home run in right field bleachers. Joe Harris out pitcher to first. One run, one hit, no errors.

Pittsburgh—Moore singles through Bluege. Carey sacrifices Bluege to second. Cuyler flew out to right field. Barnhardt out third to first. No runs, one hit, no errors.

Second Inning.

Washington—Judge singles into right field. Bluege tried to sacrifice and forced Judge out at second. Peckinpah doubled to right field scoring Bluege. Severid out short to first. Furgerson flew out to Cuyler. One run, two hits, no errors.

Pittsburgh—Traynor singles over second. Wright forced Traynor out at second. Melnis struck out taking a third called strike. Smith singles over second. Wright went to third, Kremer struck out. No runs, two hits, no errors.

Third Inning.

Washington—Rice lined out to the pitcher. S. Harris out third to first. Goslin flew out to right field. No runs, no hits, no errors.

Pittsburgh—Moore gets base on balls. Carey safe on error at short stop. Cuyler out third to first. Moore scored while Bluege was throwing Barnhardt out at first. Carey scores on Traynor's single to center field. Traynor steals second. On Severid's wild throw to second Traynor goes to third. Wright out third to first. Two runs, one hit, one error.

Fourth Inning.

Washington—J. Harris strikes out. Judge strikes out. Bluege singles over short. Bluege caught off first base pitcher to first. No runs, one hit, no errors.

Pittsburgh—Melnis flies out to center field. Smith strikes out. Kremer strikes out. No runs, no hits, no errors.

Fifth Inning.

Washington—Peckinpah pops out to Traynor. Severid out short to first. Furgerson strikes out. No runs, no hits, no errors.

Pittsburgh—Moore hits home run. Carey lines out to Joe Harris. Cuyler out short to first. Barnhardt doubles to left field. Traynor flies out to Goslin. One run, two hits, no errors.

Sixth Inning.

Washington—Rice out third to first. S. Harris out short to first. Goslin gets base on balls. J. Harris out second to first. No runs, no hits, no errors.

Pittsburgh—Wright strikes out. Melnis singles over second. Smith flies out to right field. Kremer strikes out. No runs, one hit, no errors.

Seventh Inning.

Washington—Judge flies out to center field. Bluege out third to first. Peckinpah flies out to Barnhardt. No runs, no hits, no errors.

Pittsburgh—Moore safe at first base on bad throw by Peckinpah. Carey sacrifices Furgerson to Judge. Cuyler flies out to Goslin. Barnhardt gets base on balls. Traynor forces Barnhardt out at second. No runs, no hits, no errors.

Eighth Inning.

Washington—Severid hits long single into left field. (McNeely runs for Severid). Liebold (batting for Furgerson) McNeely steals second base. Liebold flies out to Moore. Rice grounds out to first. McNeely going to third. Veach (batting for S. Harris) out Moore to first. No runs, one hit, no errors.

Pittsburgh—Ruel now catching for Washington. Ballou pitching, Adams playing second. Wright gets base on balls. Melnis hits into double play Judge taking pop fly and racing back to first. Smith out third to first. No runs, no hits, no errors.

Ninth Inning.

Washington—Goslin flies out to Moore. J. Harris doubles to deep center. Judge pops out to Wright. Bluege out Traynor to Melnis. No runs, no hits, no errors.

GEN. A. J. BOWLEY TO DELIVER SPEECH HERE OCTOBER 20

Commanding General of Fort Bragg to Speak in Pitt County Court House on Tuesday Evening, October 20th, at 8 O'clock

Citizens of Greenville and Pitt County are very fortunate in having the opportunity to hear General A. J. Bowley deliver an address in the Pitt County Court House Tuesday night, October 20th, at 8 o'clock. General Bowley, who is the Commanding General of Fort Bragg, North Carolina, is one of the outstanding speakers of the country, and his presence is eagerly sought by conventions and public assemblies throughout the whole country. The General, accompanied by his party consisting of Lieutenant and Mrs. W. S. Bryant of Fort Bragg, Mrs. Annie Morgan, Fayetteville, N. C., state vice president of the Woman's Auxiliary of the American Legion, and Mrs. Evelyn Nimocks, Fayetteville, N. C., president of the Fayetteville Auxiliary, will arrive in Greenville Tuesday afternoon, and will be the guests of the local Post of the American Legion and the local Woman's Auxiliary.

The meeting at the court house will be a public meeting and all citizens are invited and urged to be present to hear this distinguished soldier deliver an address on events of world-wide significance. The American Legion in keeping with its purpose to be of service to its community has succeeded in securing this distinguished man, and the committee desires that the community show its appreciation by filling the court house to hear this address.

Patrick Opposed to Madden's Proposal

Washington, Oct. 13.—(AP)—Major General Mason M. Patrick, Army Air Chief, opposed before the President's air board today proposal advanced yesterday by Chairman Madden of the House Appropriation Committee to transfer all air craft experimental work from the army to private concerns.

General Patrick also took exception to Mr. Madden's testimony that millions of dollars had been "squandered" by the army in a reckless expenditure of funds for experimental work. Much experimental work, he said, is necessary to show what should not be done.

The attitude of Congress, he continued, "has been most sympathetic and the degree of results that have been obtained in aviation developments is a 'matter of opinion.'"

Against Mr. Madden's views as to accomplishments of the army's experimental policy the air chief said he place a statement made recently by Orville Wright, whom he quoted as saying that the experimental program had contributed greatly to establishing an adequate air force in the United States.

General Patrick denied responsibility of the purchase of 262 pursuit planes, which had to be relegated to the second line because of deficient visibility requirements. These planes, he said, had been acquired when Major General Manaher was air chief. At the time of their purchase General Patrick said they were the best designed of pursuit planes in the world.

Expects Croom to Fill the Vacancy of Shipping Board

Washington, Oct. 13.—(AP)—President Coolidge expects soon to fill the vacancy of the shipping board by the resignation of Frederick I. Thompson, of Alabama.

THOUSANDS WITNESS OPENING OF SIXTH ANNUAL FAIR HERE

Exhibits and Midway Attractions Largest and Best Ever Shown in This Section

Amid scenes of splendor the sixth annual Pitt County Fair opened here today. Today was designated as school day at the fair and thousands of school children from throughout the county thronged the grounds long before all the attractions were open and running. The fair this year is without a doubt the best and biggest from the standpoint of exhibits and attractions ever held here and there is a something to attract the interest of everyone who enters through the gates. The farm products this year occupy twice the usual space allotted this division of the exhibits and it is all there from the prize pumpkin and the largest and smallest of each variety of produce. The Home Demonstration and School Departments also come in for a large share in the honors the exhibits far surpassing those of former years. In the poultry and live stock departments can be seen the smallest Bantam and the largest variety of Plymouth Rock and the smallest pig together with the sixeth would rank in the horse class were its legs longer. Dealers in farm machinery have also taken advantage of the unusual opportunity to display and demonstrate their wares and farmers who attend the fair can gain much useful information through these exhibits.

The midway this season is composed of the Brown and Dyer Shows, probably the largest carnival that has ever shown in Pitt county. Every conceivable attraction from the Punch and Judy show of olden days, to the mammoth circus with its animals from the jungles and its Wild West Show. Even the flea comes in for a part in the attractions showing that nothing is too large nor too small to carry that will add to the pleasure of the fair attendants. Other features of the midway are the large and varied number of riding devices many of which including the Dangler and the Chair-Of-Plane have never before been brought to this section. In addition to the riding devices for grown-ups as well as children there are several exclusively for children where every attention is paid the small children to see to it that they enjoy themselves to the fullest extent without the dangers that some times surround such pleasures. In other words there is something on the midway to contribute to the pleasure of every member of the family regardless of age.

The races to be staged every afternoon during the four days of the fair will attract wide attention of the lovers of the turf sport and the daily free works display each evening will add to the enjoyment of all. Two bands will give concerts every afternoon and evening.

Unification to Be Outstanding Oues. Methodist Confab

Statesville, Oct. 13.—(AP)—The problem of unification of the Northern and Southern branches of the Methodist Episcopal Church South will be the outstanding question before the Western North Carolina Conference of the church when it convenes here tomorrow in annual session.

The conference will open at nine a. m. with Bishop Denny of Richmond, presiding.

COTTON MARKET HOURS FOR THIS WEEK

The Greenville Cotton market will open Wednesday, Thursday and Friday at 10:15 o'clock and close at 12:30 on account of Fair Week.

COLE FREE

Willkesboro, Oct. 13.—(AP)—Judge Thomas B. Finley today held W. B. Cole is in a sane condition and declined to commit him to the State Asylum for the criminal insane. The decision followed the sanity hearing which lasted for more than two hours during which 37 affidavits were submitted in support of Cole's contention that he was sound mentally.

In freeing Cole, wealthy cotton manufacturer, Judge Finley once more reiterated his assertion that the Union County Jury "knew its heart and not its head" in acquitting Cole for the murder which he had confessed committing. At the trial he pleaded transitory insanity and self defense and it was on the former that he was given his freedom.

N. C. SYNOD PRES. CHURCH CONVENES IN MOORESVILLE

Rev. Charles Hodgkin, of Greensboro Will Preach Opening Sermon This Evening

Mooresville, Oct. 13.—(AP)—The North Carolina Synod of the Presbyterian Church will convene in annual session here this evening with Reverend Charles E. Hodgkin, of West Minister Presbyterian Church of Greensboro, preaching the opening sermon. A early feature of the Synod meeting will be the election of a Moderator and the State Clerk. Special reports also will occupy the large part of the opening with the committee on the men of the Church expected to be of unusual interest to the gathering. This will cover the work of the convention. The report also will cover many lines of endeavor by the committees of the Synod. New Presidents, who are to be elected members of the Men of the Church committee are John Alton Melver, of Fayetteville, N. C., Oscar C. Irwin, of Kings Mountain, and Charles S. Clark, of Wilmington.

Silks Valued At \$25,000 Stolen By Four Robbers Today

New York, Oct. 13.—(AP)—Silk valued by the owners at \$250,000 was stolen from a building in Madison Square this morning by four robbers who left the watchmen handcuffed and gagged.

To Observe Birth of Omnibus London.—(AP)—Plans to commemorate the hundredth anniversary of the birth of the omnibus in Europe have been launched here but whether the celebration will be held in London or Paris has not yet been decided. It was in 1825 that the first omnibus lumbered through the streets of Nantes, France, although it was not until four years later that a similar vehicle appeared in England. Today there are 38,000 omnibuses, most of them double deckers, operating daily.

JAMES B. DUKE WAS BURIED TODAY WITH A SIMPLE SERVICE

Services at Grave Follows a Ritualistic Service at Memorial Methodist Church; Thousands of People Pay Last Tribute

Durham, Oct. 13.—(AP)—With a simple service, James B. Duke was buried today while thousands of North Carolinians stood about the Duke Mausoleum at Maplewood cemetery. Services at the grave followed a ritualistic service at Memorial Methodist Church. From eight to nine forty-five o'clock this morning the body lay in state at Duke University and thousands gazed on the quiet features of the deceased tobacco and water power magnet.

Long before the hour for the funeral services the streets were crowded with thousands of people who desired to pay last tribute to Mr. Duke. From Charlotte and Greensboro there arrived a special train of nine Pullman cars with friends of the deceased.

The doors of the church were not opened until a few moments before the hour of the funeral, and only a few hundred of the immense throng were able to get inside. In a section reserved were members of the family, trustees of the Duke Foundation. Trustees and members of the faculty of Duke University and officers of the power industries which Mr. Duke had builded up. The casket was before the chancel and there were no flowers about it except a blanket of white roses which covered the top.

The service opened with a favorite hymn of the deceased, How Firm a Foundation. Following the funeral services, the funeral cortege moved through the streets of Durham between two de- cise lines of people to Maplewood cemetery.

Then after the benediction had been pronounced the casket was put beside that of Washington Duke, Mr. Duke's father in the Duke Mausoleum.

TOBACCO MARKET AVERAGES \$33.62 FOR SALE MONDAY

Highest Average of Season is Made When 682,342 Pounds Sell for \$299,374.47, Averaging \$33.62

The Greenville tobacco market on Monday made the highest average of the season and what is believed to be the highest average since the war, when 682,342 pounds sold for \$229,374.47, averaging \$33.62.

A block was avoided by the sales beginning at 8:30 o'clock and closing at 5:10 o'clock, with the entire dinner hour being given to the sales. The farmers were delighted and great satisfaction was expressed over the high average and the speed with sales were conducted.

The sales this week will begin each morning at 8:30 o'clock.

Speeds Up Rotation Ship Muchheim.—An improvement on Fletcher's famous rotation ship has been constructed by the engineer, Franz Struzina. His vessel is equipped with two stationary towers. By means of large air funnels that can be regulated to point in any direction, the vessel is enabled to utilize the wind coming from any point of the compass, whereby its speed is materially enhanced. At the trial trip the vessel succeeded in attaining a far greater speed than the Fletcher ship.

BONNIE L. BROOKS WENT ON TRIAL FOR HIS LIFE TODAY RACE FOR THE AUTOS

Hendersonville Barber on Trial for the Alleged Killing of Sam Bryson, former Mayor

Hendersonville, Oct. 13.—(AP)—Faced by a jury of farmers, Bonnie L. Brooks, local barber went on trial for his life here today for the alleged killing of Sam Y. Bryson, former mayor. The first witnesses were introduced by the state shortly after court convened this morning.

The first witness called by the prosecution was Mrs. Bryson, widow of the slain man, who was on the stand for a few minutes and was not cross examined by the defense. She stated that she had been married to the deceased for 20 years and that her husband came to his death from gun shot wounds. The witness retained her composure during the questioning and answered in low quiet tones. The next witness was Henry D. Gentry, owner of the filling station where Bryson was killed. He gave a description of the filling station and declared that he did not know who fired the first shot. He testified that Bryson had been in the vicinity of his place for over an hour during the afternoon he was killed and that he then went away and came back. The witness said he also left the filling station about the same hour and when he returned just as he got to the street corner the firing began. He testified he could not see Brooks because he was standing behind a car and could not say positively whether he fired the first shot or not. The witness did say, however, that Bryson did not fire the first shot.

When court convened this morning the court room was crowded with people from all parts of the country. After recess for luncheon court convened and this afternoon it was expected that additional witnesses would be called.

EASTERN CAROLINA FIREMEN ASSN. MET HERE LAST NIGHT

Discusses the Standardizing of Threads on Hydrants and Hose Throughout Eastern Carolina

The Eastern Carolina Firemen Association which was recently organized in Washington, held its second meeting in Greenville last night, and was attended by nearly one hundred firemen from Kinston, Farnville, Washington, Robersonville, Williamston and Ayden. New Bern and Be- haven the other two towns in the Association were not represented.

The meetings are held every thirty days and rotate, each town in the association holding one of the meetings. The purpose of the sessions is to discuss fire prevention and fire fighting in Eastern Carolina. The next meeting will be held in Kinston.

The session last night was held in the Greenville High School and the program was featured by a discussion on standardizing the threads on the hydrants and hose in Eastern Carolina. Each of the fire chiefs of each town has been instructed to carry to the next meeting one of their couplings, for comparison and at that time an effort will be made to perfect an adapter whereby the equipment of one town can be used in another town in cases of emergency.

After the meeting the Greenville Fire Company gave a demonstration of the pumper. Following this the guests were invited to the Fire Station where they enjoyed a smoker and light refreshments.

The secretary of the Association was advised to write to Stacy Wade and request that Sherwood Brockwell be sent to the next meeting to give a talk on "Fire Prevention," and other necessary information which the Association desires.

IMPORTANT CHANGE NOW GOING ON IN THE RACE FOR THE AUTOS

Leaders Gradually Give Way to More Persistent Workers; Opportunity to Forge Ahead Seems Brightest Now

Some of the most important changes of the entire campaign in The Daily Reflector's subscription drive has taken place within the past few days. Leadership that had been practically established since the inauguration of this wonderful \$2,700 prize offer has changed considerably. Candidates who during the early weeks of the work were not looked upon as likely automobile winners have comperiply to the front and now stand well within striking distance of the very first prize on the list, a Hudson Super Six Coach.

This marked change in the standing of the workers has been due in no small part to the apparent inactivity of a few of the hard working candidates listed. While some are resting back on their oars after a wonderful finish of the big voting period, others continue to 'drive on.' This continually pushing on is what tells in the long run. A good day today may be spoiled by a poor day tomorrow.

Of course there are good and poor days in every line of endeavor but to those who keep trying there will come a certain amount of business. Go over the same territory that others have been over and you will find that subscriptions will come to you from those who may have been out when the first caller came or that they failed to subscribe from them for one reason or another.

The opportunity to gain and forge ahead has never presented itself more favorably than it does right now. A big day's work today may carry you further ahead than the same work turned in a few days back when all entered were breaking records with marvelous work accomplished.

Contestants should keep their vote totals high in the paper. Your votes won't count you any more to hold them back than they will on the closing day when you deposit them in the lock and sealed ballot box for the judges to count. Vote some of them now and get to the top of the list. This will let all your friends and the public know that you are in the running.

The rules provide that one may they hold in reserve to equal the standing of the candidate who let the previous list. Then, in addition, you can publish enough votes in the standing that appears daily to bring your total 25,000 above the leader of the previous list.

It won't do any harm to vote heavily now. Most of the workers can keep their name well toward the top of the list and at the same time have enough votes in reserve at the close to keep all others from knowing their true standing.

The \$1,335 Hudson Coach, \$592 Ford Coupe, \$250 Living Room Suit, \$187 Dining Room Suit, \$115 Radio, \$75 and \$50 cash prize now await those who make a good showing in collecting votes from the paid subscription to The Reflector between now and the close of the campaign, Oct. 29th.

U. D. C. Will Hold Convention Elizabeth City Wed., Oct. 21

Elizabeth City, Oct. 13.—(AP)—The North Carolina division of the United Daughters of the Confederacy will meet here Wednesday, October 21, for its 29th annual convention.

The D. H. Hill chapter, U. D. C., Elizabeth City, will welcome the convention with a banquet on the evening of October 20, and the session will begin the following morning at 9:30, and continue until noon of the twenty-third. All sessions will be held in the First Methodist church.

Calles Broadens First Speech Mexico City, Oct. 10.—(AP)—When President Calles addressed the opening of the new session of Congress September 1, it was the first time a speech by a Mexican President was broadcast. Station CZE of the Ministry of Education, carried it on a 300-metre wave length.

BUILDING

Through hearty co-operation between local tobacco warehousemen and the buyers representing the manufacturers Greenville is living up to its reputation of "The Best Market in the State." The manner in which local warehousemen are conducting the daily sales and the support they are getting from the buyers will not only cause Greenville to continue to be the best market in the state but in time will make it the largest as well. Realizing that the days are now growing shorter the buyers as on yesterday gladly go on the sales earlier than the usual opening hour and are willing to give up their lunch hour if necessary in order that the sales may be concluded without a block and the farmers permitted to return home the same day. It is this spirit of willingness and hearty co-operation that has built and continues to build our tobacco market and to this

is due the credit for the enviable position we occupy today as a tobacco market.

CRIME PREVENTION

It is an old saying that if you would reform a child, it is necessary to begin with his grandfather. This may be placing more than the warranted premium on heredity. But the problem of instructing in obedience to the regulations of society has been greatly emphasized by the prevalence of crimes of all kinds, a large percentage of which are committed by persons who are between the ages of 18 and 25 years.

The training of children cannot be left entirely to the public schools, as so many parents show a disposition to do, but the obligation rests upon the parents and society in general. Teachers may enjoy their pupils to obedience and may set them a good example of citizenship, but 30 hours a week, nine months in the year, will not offset bad influences from other sources. If boys and girls are to be saved from careers of lawlessness, there must be greater co-operation between the authorities and parents, especially in the cases of children who show a disposition to disregard the regulations which have been provided for the good of themselves and others.

One of the principal causes of crime is the freedom that is given to many boys and girls to roam the streets until late hours. The curfew plan has been tried by many municipal authorities, but it has not been found effective because many parents will not co-operate in the efforts to keep children from the streets. Juvenile courts have been established and accomplished much good in handling cases of delinquents. But the most important work is in preventing boys and girls from reaching the stage in disobedience which makes it necessary to take them into court.

NOTICE OF SALE.
Under and by virtue of the power of sale, contained in that certain mortgage, executed by John Johnson and wife, Lula Johnson, to Chapman Burnette Motor Corporation, under date of November 10, 1924, of record in Book W-14, page 352, of the public registry of Pitt county and default having been made in the payment of the notes secured thereby, the undersigned mortgagee will offer for sale for cash, at public auction before the court house door in Greenville, North Carolina, Saturday, October 17th, 1925, at 12 O'clock, noon.

ATE TOO FAST

South Carolinian Took Black-Draught For Indigestion, and Says He Could Soon Eat Anything.

Ballentine, S. C.—Mr. W. B. Bouknight, of this place, gave the following account of his use of Theford's Black-Draught.

"Just after I married I had indigestion. Working out, I got in the habit of eating fast, for which I soon paid by having a tight, bloated feeling after meals. This made me very uncomfortable. I would feel stupid and drowsy, didn't feel like working. I was told it was indigestion. Some one recommended Black-Draught and I took it after meals. I soon could eat anything any time."

"I use it for colds and biliousness and it will knock out a cold and carry away the bile better and quicker than any liver medicine I have ever found." "Eating too fast, too much, or faulty chewing of your food, often causes discomfort after meals. A pinch of Black-Draught, washed down with a swallow of water, will help to bring prompt relief. Bloating sensations, eructations, bad breath and other common symptoms of indigestion have disappeared after Black-Draught has been taken for several days. NO-164

USE OUR WANT ADS

NO WAY TO PRAISE THIS KARNAK, SAYS MRS. HAHN

"Anything I Can Say Is Too Mild For the Gratitude I Feel For Such a Wonderful Medicine," Declares East Spencer, N. C. Woman

"I just don't feel like there is any way I can praise this glorious Karnak enough for what it has done for me," declares Mrs. A. B. Hahn, of 305 Heilig St., East Spencer, N. C., in a glowing tribute to this sensational health builder which has simply taken all Carolina by storm.

"A lot of people here in East Spencer know how dreadfully I suffered the past five or six years and what a blessing this Karnak has been to me," continues Mrs. Hahn. "Several years ago I underwent an operation, and soon afterwards, my liver just seemed to have quit working and I didn't know what it was to see a well day."

"My appetite was next to nothing, and even the little I did eat would sour on my stomach and give me nervous indigestion. Just lots and lots of nights I would roll and tumble till two or three o'clock before I could even go to sleep, and I would get up mornings just feeling completely tired out."

"And, oh, the terrible sick head-

aches I had. They would come on me suddenly and I would just almost go distracted with the pain. I would just almost turn blind with dizziness, and one of these spells would last me for two or three days at the time, I lost in weight, was terribly nervous and weak, and just felt so miserable I didn't know what to do.

"Now no one could expect relief from such troubles as I had as quick as I found it in Karnak. This medicine just seemed to act like magic in my case. Why, I have taken only three bottles of Karnak now, but if there's one sign of trouble left in my body now I can't tell it. I just eat anything on the table I want now, and lots of it, and I have gained nine pounds in weight."

"The nervousness has entirely left me, and nights I sleep like a child from the time I get to bed till morning. Oh, it's simply great to be feeling so good. Why, I'm even doing all my housework now, and that's something I haven't been able to do before in several years. Anything I can say for Karnak is too mild, for words simply can't express my gratitude to it."

Karnak is sold in Greenville by B. S. Warren's, and by leading druggists in every town.

Ends Pile Misery and Torture Forever

Buffalo, N. Y.—A clever Buffalo chemist has at last discovered the right way to completely and painlessly banish Piles forever.

This new treatment to which the name Hamudala has been given attacks the cause and not the formation. Indeed it has proven so efficient that even the worst chronic cases have been completely cured. The price is only \$1.00, and anyone who is disappointed with its use need only say so to Pitt Drug Co., or any other good druggist and their money will be cheerfully refunded.

WANTED — CAPABLE GIRL FOR stenographic and office work. Apply Greenville Cotton Mills. 13 2t lots 11 and 12 in Block "A" and be-

LAND SALE.

ADMINISTRATOR'S NOTICE.
Having qualified as administrator of the estate of Sam Mills, deceased, late of Pitt county, N. C., this is to notify all persons having claims against the estate of said deceased to exhibit them to the undersigned on or before the 18 day of Sept. 1926, or this notice will be pleaded in bar of their recovery. All persons indebted to said estate will please make immediate payment.

This the 18 day of Sept. 1925. W. S. MILLS, Administrator. 18 1twk4wks.

FIRST

In purity—first in quality—first in leavening strength—first in economy—first in sales because it never fails.

CALUMET THE WORLD'S GREATEST BAKING POWDER

SALES 2 1/2 TIMES THOSE OF ANY OTHER BRAND

Gorman's Market Report

Monday's sales all finished. Today's sales are also large. With second sale we are over half filled. Prices are still advancing on the better tobacco and we have right much competition on all the better brights, much of the best going from Sixty up into the Nineties.

Our Monday's sale of 177,726 pounds averaged \$33.40 and we had the usual per cent of common and medium tobacco that Gorman sells.

Some of our competitors in order to prejudice the planters are making false statements regarding our selling Georgia and South Carolina tobacco. We have sold some, about 50,000 pounds, not over four rows in the house from both states but we put this tobacco to itself and the buyers knew what they were buying and we got full charges for selling it, did not have to rebate or pay any one to bring it to us.

Come see our sales or talk with some one who is selling at Gorman's We are adding new customers each day.

WE HAVE FIRST SALE WEDNESDAY, 1ST SECOND SALE THURSDAY, FIRST SALE FRIDAY.

**CABINET FORMED
BY KATO EXPECTED
WITHSTAND STRIFE**

Tokyo.—(AP)—Premier Kato, who recently resigned his cabinet to oust the opposition party members of the ministry, and was almost immediately reappointed to form a government of his own Kenseikai party, is reported to have reached an understanding with members of the House of Peers which may enable him to weather the coming session of the Diet. It was generally believed by political observers that Kato would be compelled to dissolve the Diet because of the amalgamation of the two opposing parties, the Seiyukai and Seiyuhontō, which, together, would have a majority of the lower house.

Immediately after the formation of his new cabinet, Premier Kato announced the appointment of five leading members of the House of Peers as Parliamentary Vice-Ministers.

The most significant feature of the co-operation between the House of Peers and the Kato Cabinet is the consent of Viscount Choku Midzuno, the most influential member of the Kenkyukai, and one of the ablest members of the House of Peers, to join the Kato Government in such a relatively unimportant position as the office of parliamentary vice-minister of war.

His acceptance of this position from Premier Kato has given rise to rumors in official circles of the establishment of a new entente between the Kenseikai and the Kenyukai.

It is generally believed, however, that the acquiescence of Viscount Midzuno, who divides his influence in the majority party of the Upper House with Viscount Aoki, in the latest move of Premier Kato, presages a greater influence of the Kenkyukai among the Peers, by virtue of greater co-operation with the Government and the support of the Kenyukai in a body to the activities of Viscount Midzuno is not doubted. The Kenyukai at present has 120 seats in the House.

The members of the Kenseikai are reported to be perfectly satisfied with the selection of the five peers from the Upper House by Premier Kato and they expect that with the friendly co-operation of the House of Peers, the Government will be able to override the opposition in the coming session of the Imperial Diet.

BRITISH HAVE A SUMMER BUT NOT ONE TO THEIR LIKING

London.—The British are gossiping about the summer that has just gone—the first summer, to the mind of an alien observer, that this island folk have seen since 1921. But it was not a satisfactory summer; no summer ever is in England.

When it rains it rains too much and when it does not rain it is too dry to suit the farmers. Usually it rains too much, which is why everybody hastens to explain to the newcomer the existence of a saying that the English summer consists of two sunny days and a thunderstorm.

The latter part of May and almost the whole of June were bright and warm this year, the brightest months England has enjoyed since the drought of 1921. Even duffers got golf drives of 250 yards, so long a run did the hard ground give a truly hit ball. Cricket and tennis matches, so often stopped by showers, were halted during the early summer only when it was time for tea.

July began well, but before it was over the climate got back to normal—a little sunshine and a lot of rain. During August sunshine and rainfall was about average. Unfortunately August is the month for the conventional middle classes to take their conventional holidays at the sea side, especially if one has children. Usually the weather is better in June, but August is the month when the schools are shut. So, due to a rather cool and wet August, the summer as a whole provoked as much complaint as ever. The philosophical Englishman will tell you it is just as well, for the people have to have something to "grouse" about, and it is best they vent their accumulated annoyances on the climate.

STARVING CATS TO DEATH MAY SOON BE ABOLISHED IN ROME

Rome.—(AP)—For many generations Romans have disposed of their cats by dropping them—some twenty feet below the level of the street—into one of the dry moats of the Pantheon or the pit containing the remains of the Trajan Forum. There the felines, unable to scale the walls, have lived and multiplied, depending for their food upon the generosity of passers-by and resorting during lean days to the cannibalism of their tiger cousins.

Not much longer, however, will the visitor see hundreds of these feline animals wandering about their prisons. Serious efforts are being made to get the government to remove the cats and to put them quickly out of their misery. It is also planned to ask the authorities to impose penalties upon persons who repopulate the cat prisons.

William Hill, charged with criminal assault on a female with intent to commit rape. Bound over to Superior Court, \$1000 bond.

COLLEEN MOORE IN NEW HIT, "SALLY"

Ziegfeld's "Sally" has left his tender care and now is in the movies. Colleen Moore is the new "Sally," as revealed yesterday on the screen at White's Theatre again today. She is altogether a charming and personable heroine, delighting her audience with moments of hoydenish humor, much human interest and no little genuine drama. As a starring vehicle for Colleen Moore, "Sally" truly exceeds even such successes as "Flaming Youth" and the recent "So Big." It provides this dainty First National star with the means of proving there is, apparently, no limit to her versatility.

First we discover "Sally" as the forlorn little inmate of a foundling home. Then we see her as the drudge in the kitchen of the Elm Tree Inn. Quickly the action shifts.

Joyner's Market Report

We challenge any warehouse anywhere in North Carolina to show a higher average for the same quantity of tobacco sold. It required knowledge and judgment of tobacco, combined with hard work on every pile to do this.

Our ambition is to lead the state in average price paid to the farmers. We want to help make Greenville the best farmers' market in North Carolina. Bring us your next load, and watch our efforts in your behalf. O. L. JOYNER & SONS.

Mrs. Minnie Sugg who has been ill for the past several days is able to be out again.

FORMER RESIDENT OF CITY SPENT TODAY HERE

Mr. Walter Pender, a former resident of Greenville was in the city today. His many friends were delighted to see him.

NAVY BAND GIVES RECORD CONCERT.

There probably is not a single band in existence capable of playing as often as those listening would like to have it play. That is, of course, any band that has a reputation for giving concerts of first merit.

However, there is one band that comes nearer than others, if a performance of the United States Navy Band at the American League Baseball Park in Washington is any criterion. It was during the world series baseball games last season, and all Washington was eagerly following the fortunes of its ball players. Daily at the ball park, thousands followed each play done in pantomime for their benefit. The Navy Band was on hand to play before the games and whenever there was a lull in the action on the diamond.

Either the lulls in playing were frequent or the Navy Band dispenses music that can make the fans forget a world series, for in response to repeated encores, the band played sixty-seven selections in one afternoon.

Lieut. Charles Benter, leader of the band, said afterward that in his career as a bandman he had met many difficult situations but never one that so taxed his famous organization.

This is the band which will be heard here Monday, October 19th in two concerts, matinee and night.

It is being brought to Greenville by the Kiwanis Club which organization is equipping the city's new playground.

Greenville Receives Congratulations for Welcome Signs

The following letter which has been received from Miss Lucy Cherry Crisp, of Falkland will be read with interest:

Falkland, N. C.,
October 13, 1925.

Dear Mr. Editor:
I hope that you will allow me, thru the columns of the Reflector, to extend to the town of Greenville my sincere congratulations for the forward step she is taking in this much-talked-of business of "putting first things first." Some days ago I took a trip that led me thru several Eastern Carolina towns and was on the homeward way, when there suddenly flashed out ahead, in big electric letters that shone brightly thru the dark, the words "Welcome to Greenville—Best Schools in the State." I experienced a feeling of sincere pride. The "sign habit," has fastened itself rather strongly upon this generation, and it soon may be said of towns that "By their signs ye may know them." In other towns I have seen welcoming signs—on-veying with the welcome the information "forty miles of paved streets," "best place to sell your tobacco," and more of similar sentiment. It is true that Pitt county has a vast source of wealth in undeveloped lands and agricultural projects that has as yet not been realized; it is also regrettably true that Pitt county has far more valuable source of wealth that has been neglected and undeveloped even more than her lands, and that is the wealth that lies in the minds and hearts and souls of her people, young and middle aged and old. And so it was that, as a citizen of Pitt county, I felt a thrill of pride to know that Greenville, the capital city of the county, places her schools above her resources in things purely material. I don't know who is responsible for that sign, but it is an indication that Pitt county's capital is seeking to lead out in the direction of giving "first things" their rightful place in the scheme of living and with my congratulations I express the earnest hope that Pitt county may follow her capital's lead.
LUCY CHERRY CRISP.

HONOR ROLL FOR THE HIGH SCHOOL

The following pupils appear on the honor roll for the month of September in the Greenville High School:
Freshmen—Skinner, Cotton; Foley, Zelle; Hooker, Louise; Cory, Kara Lynn; Wright, Evelyn; Sugg, Bruce; Dudley, Lawrence; Garrett, Eloise; Renfrew, Henry; Whitehurst, Mary Frances.

Sophomora—Stoville, Rebecca (high honor); Hyde, Eloise; Hardee, Lillian; Hall, Marguerita.

Juniors—Baker, Lamira; Johnson, Alline; Jones, Louise; Jones, Albert; Currin, Johnnie Gray; Shaek, Hatter; Overton, Laura; Sugg, Archie; Mason, Mary Ella.

Seniors—Deal, Elizabeth (high honor); Earhart, Louise (high honor); Mobley, Elbert (high honor); Moore, Doris Lee (high honor); Dressbach, Joe; Whitchard, Kenneth; Clark, Blanche; Davenport, Lela; Earhart, Beatrice; McGowan, Elba; Nelson, Lillah Glenn; Lassiter, Dow; Baker, Jessie; Clarke, Olive.

Note: To be on the honor roll this year, it is necessary to attain grades of three or better in all subjects and conduct. To receive high honor it is necessary to attain a grade of two in every subject and conduct.

There are 37 pupils this month on the honor roll. Of these only five are high honor pupils. This percentage is very low. The faculty hopes that this is due to the stirred up conditions under which we have been holding school this past month. It is expected that over half the school will be on the honor roll next month.

All pupils attaining the honor roll are allowed to go home at the end of the sixth period.

Growing Old Too Fast? Many Greenville Folks Feel Older and Slower Than They Should

Are you weak, tired, all worn-out? Do you feel years older than other folks of your age? Then look to your kidneys! The kidneys are the blood filters and if they weaken, the effect is quickly felt. You have constant backache, headaches, dizziness and urinary troubles. You feel lame, stiff and achy—all played out. Don't wait! Use Doan's Pills—a stimulant diuretic to the kidneys. Read what this Greenville resident says:

T. R. Moore, retired farmer, 918 Evans St., says: "I was troubled with a lameness in my back and my kidneys didn't act as they should. I used Doan's Pills and they gave me splendid relief. I know from personal experience Doan's are just as represented."

Almost Seven Years Later, Mr. Moore added: "Time hasn't changed my opinion of Doan's Pills. They have never failed to give me good results."

NOTICE OF LAND SALE.

By virtue of the power of sale contained in a certain mortgage, executed by J. S. Cherry and wife Mollie Cherry on the 19th day of May 1915 and recorded in Book D-11, page 152 of the Pitt County Registry and of a deed of trust, executed by J. S. Cherry and wife Mollie Cherry, on the 9th day of April 1921 and recorded in Book C-14, page 46 of the Pitt County Registry, default in payment being made in the indebtedness in said mortgage and deed of trust, the undersigned will on Monday, the 16th day of November 1925 at 12 o'clock noon, before the court house door in Greenville, N. C., expose to public sale, the following described tract or lot of land:

One lot, beginning on the A. C. L. right-of-way 48 feet north of an iron stake, at north corner of depot lot; thence with said A. C. L. right-of-way north 35 ft; thence in an easterly direction 31 ft; thence in a westerly direction 35 ft; thence in a westerly direction 80 ft to the beginning. Said lot being on the east side of the A. C. L. Railroad in the town of Stokes, N. C. Dimension 35 ft. by 80 ft. This mortgage and the above description is his present (200) lot and includes the building thereon said lot.

Sale made to satisfy said mortgage and deed of trust and terms of same one-third cash and the balance in one and two years, the deferred payments to be secured by deed of trust on the land.

This 12th day of October 1925.

SAYS GREENLAND ICE CAPS CAUSE EUROPE'S WEATHER

Copenhagen.—If a meteorological wireless station were established in the interior of Greenland, it would be possible to warn Europe of coming storms with absolute certainty, in the opinion of Prof. W. H. Hobbs of Michigan University. Prof. Hobbs is here assisting in the scientific program for the expedition of Laugel Koch across the inland ice of Greenland next year.

A similar phenomenon is only to be found on the Antarctic continent, where Sir Douglas Mawson, by wireless from the inland ice, warned the south coast of Australia of a terrible cyclone that reached Australia 48 hours later, said Prof. Hobbs.

Most of the weather affecting Europe comes from Greenland's icy mountains, Prof. Hobbs believes. "The results of the long series of expeditions on the inland ice, which were commenced by Dainger some 150 years ago, clearly show that the storms of Northern and Western Europe originate as cyclones in the cold air of the interior of Greenland and from there rage over and beyond the coast with a violence which surpasses that of a tropical hurricane," he said.

"In the interior of Greenland it is, according to my theory, practically calm. The clouds there descend on the mountain tops, which is the cause of the thick fog with frost rim, which is always mentioned in reports from there. From the interior the winds are then blown to all sides out beyond the coasts."

The new Koch expedition across Greenland will have an opportunity of testing Prof. Hobbs' theories. Koch will carry self-registering apparatus for measuring meteorological condi-

tions and newly invented appliances, able to stand the shaking of sledge travels.

London Adors Have New School
London.—The University of London will have a new sort of drama and theatre schools in the theatrical production of which such actors and producers as Granville Barker, Nigel Playfair, Edith Craig and Basil Dean will play a prominent part.

An old gymnasium at East London College has been converted into a theatre seating 400 persons and will be utilized for producing eighteenth-century dramas which are little known. No appeal will be made to undergraduate students. All lectures and plays will be prepared with the thought of interesting actors and dramatists.

Pitt County Schools Have Splendid Exhibit at the Fair

The consolidated and village schools of this county have arranged some especially fine exhibits at the Fair this week. These schools have been in session for only one month and for that reason they have not been able to assemble exhibits that would serve as an index for the real work that they expect to do during

the year. It is however, very gratifying to the officials of the Pitt County Fair, that their invitation to place exhibits have met with such a general response. Without doubt, if the schools had had a longer time to work, the exhibits would have been larger and even better than they are.

Some of the individual exhibits reflect a great deal of credit on the pupil and the teacher. The collective exhibits for the whole school are intended to be representative of the work that the school is doing. It is hoped that the friends and patrons of the school will avail themselves of this opportunity to view the work that is being accomplished in their schools. The exhibit is at the east entrance of the exhibit hall.

During September 88 Stills Destroyed.

Fayetteville, Oct. 13.—(AP)—An unprecedented increase in the number of stills taken and 43 "partial" stills broken up. The month saw 824 gallons of whiskey poured out, the report shows, and 63,445 gallons of malt liquors destroyed, while wine to the amount of 80 gallons has gone the same route.

Seventy-three arrests were made and 36 prosecutions recommended. The report also shows that 898 ferromotors were destroyed, and that five automobiles were seized by the officers during the course of the month. The total appraised value of the property destroyed is estimated at \$29,795, while property valued at \$3,127.73 has been taken from alleged bootleggers, the report indicates.

ILL HEALTH CAUSES WEEKS RESIGN AS SECRETARY OF WAR

Dwight F. Davis, of Missouri, Has Been Appointed by Coolidge As His Successor

Washington, Oct. 13.—(AP)—Dwight F. Davis, of Missouri, today was appointed Secretary of War. He takes the place of John W. Weeks, of Massachusetts, whose retirement it was formally announced in the White House was caused by ill health.

As Assistant Secretary Mr. Davis has been actual head of the War Department since last spring when Mr. Weeks was sent to New England by his physician for an operation and a long vacation.

In his letter of resignation the retiring cabinet member said it had become apparent that he must greatly prolong this vacation if he is to completely regain his health. President Coolidge replied that he acceded with great regrets that the Secretary's insistent requests that he be permitted to lay down the official duties he assumed when the Harding administration came into office in 1921. The new Secretary, who is a lawyer and business man, is in his 47th year and is the youngest member of the cabinet.

Washington, Oct. 13.—(AP)—Yielding to the wishes of his family and physicians that he not continue in office after his serious illness, John W. Weeks has placed in the hands of President Coolidge his resignation as secretary of war.

After his attendance at today's cabinet meeting formal announcement was expected of the resignation which will bring to a close Mr. Week's long public career in which he has been veteran service as a Massachusetts member of both the Senate and House before entering the cabinet at the beginning of the Harding administration.

Whether President Coolidge was prepared to announce with Mr. Week's resignation the choice of a successor for the cabinet post was not disclosed. Should he follow his usual custom of doing so however, it appeared probable that Dwight F. Davis, of Missouri, who is assistant secretary has been in charge since since Mr. Weeks became ill last March, would be named for the war port folio.

During the months, however, in which it has been generally felt that Mr. Week's would not be able to resume his cabinet duties, many other names have been suggested to the President, including Secretary Work, of the Interior Department and Post Master General New.

WORD "OBEY" IN MARRIAGE CEREMONY IS VOTED TAKEN OUT TODAY

New Orleans, Oct. 10.—(AP)—The word "obey" in the marriage ceremonies of the Episcopal Church was voted taken out today by the Deputies of the Triennial Convention of the church meeting here. The vote was 97 to 28, with 15 votes divided.

Says Hunger Cures Mental Cases

Belfast.—"Hunger has driven seventy per cent of the patients here," declared County Councillor Keegan before the committee of Mullingar Westmeath mental hospital. Another member declared that the poor in his district had to eat bread without butter, and that the food they were obliged to subsist upon was a disgrace to civilization.

Beauty and Health

MRS. BEULAH WALL

Gastonia, N. C.—"Dr. Pierce's Favorite Prescription is the best tonic and nerve that I have ever taken and I would never hesitate to recommend it to any woman who is alling or nervous. I was weak and nervous after my first baby came would have dizzy spells and backaches. I also had functional disturbances but after I started taking Dr. Pierce's Favorite Prescription my system became regulated and then my pains and aches disappeared. I took several bottles of Dr. Pierce's Favorite Prescription and was just as well and strong as a woman could wish to be."—Mrs. Beulah Wall, 103 S. Ransom St.

Regain your health and improve your looks by obtaining this famous "Prescription" now, in tablets or liquid, from your druggist, or write Dr. Pierce, President Inva'l's Hotel in Buffalo, N. Y., for free advice

A NEW SCIENCE IN MERCHANDISING

M System Self-Serving Grocery Stores Now Opening in the Carolinas

The M System Chain of Grocery Stores has just closed a contract with strong local people for the opening of stores in Raleigh and these stores will be open as soon as fixtures can be made and shipped.

Contracts in other principal cities and towns are being negotiated so rapidly that the M System will soon be in operation through the entire state.

This system is comparatively new having been in operation less than two years, and the fact that there are almost four hundred stores in operation is ample proof of the superiority of chain stores over the old method of selling groceries.

The M System organization through scientific research and long actual experience of selling groceries has in this system eliminated excess overhead and cut costs to a minimum. Old experienced grocerymen, who have operated this system for sometime are very enthusiastic over its operation.

One of the outstanding advantages of this system is its 100 per cent display of merchandise. Each store is finished in sanitary white enamel with black enamel trim to make a pleasing contrast which especially appeals to the ladies who are quick to sense and appreciate a neat and sanitary store.

All shelving has dust proof backs. The illumination which is furnished as a part of the fixtures has been designed by the country's greatest lighting engineers and M System stores are known for their unusual brightness at night. The M System stores are so arranged that every inch of floor space is utilized to the best advantage. From the checking stand the operator can see at a glance every inch of shelving and floor space which makes stealing unknown to this system.

The M System is so designed that customers can make their purchases faster than in any other store in existence. With fifty people in an M System store trading a customer can go in, make a purchase and get out in seven minutes. Thirty minutes or more are required in the old style service stores.

Rent is reduced to a minimum because a larger volume of business can be done on less floor space. There is no delivery expense and no loss on accounts. Clerk hire is reduced to one-third. Volume purchasing reduces cost of merchandise and enables M System stores to sell at lower prices and still make a nice profit for the operator.

The M System Company operates stores in only one city for experimental purposes and this is done merely to keep the system up to date. The exclusive right for the operation of M System stores together with fixtures is sold under a most liberal contract, and one which the operators declare is very attractive and highly satisfactory.

The Service of the M System Company does not end with the sale of the fixtures and franchise rights but each store is operated as a limited unit of the whole and the company gives continuous co-operation in buying, advertising, etc. and stands ever ready to give quick attention to any problem that may arise with the operators.

The stores are uniform and people moving from one city to another find the same arrangement of items in every M System store. The M System Company's head quarters are at Fort Worth, Texas, but to render efficient service in the Eastern States, fixtures are manufactured in Atlanta, Georgia and an office is maintained there in charge of Couch and Jackson, Eastern Managers, who will gladly submit full information to interested parties upon receipt of a letter of telegram. Their representative, L. D. Bryan, a native of North Carolina, is now on the ground for personal interview when desired. (Adv.)

Last Executioner for Denmark Copenhagen.—(AP)—Denmark's last executioner, Paul Seistrup, died
