

THE WEATHER

Showers tonight and Saturday, warmer in extreme west portion tonight, cooler in west portion Saturday afternoon, cooler Saturday, increasing south and southwest winds.

DAILY REFLECTOR

"TRUTH IN PREFERENCE TO FICTION"

MORE THAN A NEWSPAPER - AN INSTITUTION

NEWS FOR THE READER - RESULTS FOR ADVERTISERS

Vol. 88 No. 112

GREENVILLE, N. C., FRIDAY AFTERNOON, OCTOBER 16, 1925

Price 5 Cents

END OF SUCCESSFUL SUBSCRIPTION DRIVE GRADUALLY NEARS

Votes Given On Subscriptions Take Final Decrease Thursday, October 22; Not But Eleven More Working Days Left.

Just five more working days left in the Daily Reflector's subscription campaign before the votes given on subscriptions will take their final decrease. After this coming Thursday subscriptions secured by the workers enrolled for a share of the \$2,700 in prizes that this newspaper offers the ambitious, on October 29th will count approximately one-fifth less than they do now.

Contestants should not lose sight of the fact that second subscriptions secured in the campaign will be given the same credit in vote, that subscriptions were given during the first period, which was known as the "big voting period."

If you received a second subscription from a subscriber who has already given you or some other worker a subscription you will be earning votes at a rapid rate, and this extra vote inducement presents a fine opportunity for you all to retrieve any votes previous lost through one cause or another.

At the close of business tonight there will remain just eleven more working days of the campaign left. Eleven more days for the ten workers listed to pile up big vote totals for the judges to give the "Once Over" on the 29th.

Every spare minute between now and the close of the Second Period of the campaign on Thursday night should be put to good advantage. Don't let those folks who have promised to help before it was over put you off till the last week of the campaign when you will be so busy thinking in your last minute promises that you may forget and overlook them. Get them to help now when it means ever so much more than it will during the closing week of the campaign when the votes given on subscriptions are at their very lowest level.

Votes given on subscriptions during the closing week of the campaign will certainly help no doubt of that, but those same subscriptions would help a whole lot more if secured right now.

Five more opportunity cards have been sent to all ten contestants entered. Only five allowed during the Second Period which closes the 22nd. These cards will be good for 20,000 Extra Votes if returned to the Campaign Manager with one three-year subscription or two two-year subscriptions. These extra votes are offered in addition to the votes shown on the Voting Schedule which is printed on the front cover of the receipt books.

Folks who have already subscribed and who may extend their subscription another year or so ahead may be counted in on these cards. For example: If John Jones has already taken the paper for a year from you or one of the other candidates and extends his subscription two years more, his subscription will have earned the extra votes give on the opportunity card. All are urged to fill those five cards out before the close of the Second Period, Oct. 22nd; if such a thing is possible.

Declares Less Than Half of Pledges to Church Been Paid

Stattville, Oct. 16.—(AP)—Dr. W. M. Pulsion, of Nashville, Tenn., addressing the Western North Carolina Conference of the Methodist Episcopal Church, South today dwelt on "the crisis now confronting the church board" adding that it was now in debt approximately \$1,500,000.

The debt has not been incurred by "plunging," he said, but the deficit is due to the fact that \$7,000,000 yearly for fifteen years is promised and less than \$3,000,000 a year for the first seven years has been paid.

TODAY'S BLOCK ON LOCAL TOBACCO MARKET BE SOLD TOMORROW

The sales on the Greenville tobacco market blocked today, but the sales will continue tomorrow morning until all the tobacco is sold although it is not believed that more than an hour will be required to finish the sales tomorrow's sale will begin promptly at 8:30 o'clock.

PLEDGES TO WAGE WARFARE UNLIMITED IN SENATE DEBATES

Vice-President Davis Urges the Abolition of Power Unlimited Debate in U. S. Senate

Atlanta, Ga., Oct. 16.—(AP)—Vice President Charles G. Dawes today planned a visit to the South Eastern Fair as the final event of the two day visit in Atlanta during which he delivered an address urging abolition of the power of unlimited debate among members of the United States Senate.

General Dawes met with an enthusiastic reception here. At the conclusion of his speech on Senate rules last night, the audience rose in token of its endorsement of his campaign for the establishment of a "cloture" rule in the Senate. His address was delivered before a large audience at the City Auditorium.

The Vice President pledged himself to wage relentless warfare upon the power of unlimited debates in the Senate, which he said causes serious delays in the business of that body. He declared that adoption of the cloture rule in the Senate is one of the most vital reforms needed in the Federal Government.

DEFENSE IN BROOKS MURDER CASE RESTS

State Begins Rebuttal Testimony in Case Against Barber Who Killed Former Mayor

Hendersonville, Oct. 16.—(AP)—The defense rested today in its efforts to save Bonnie Brooks from the electric chair on a charge of slaying Mayor Sam Bryson of this city. The state began its rebuttal testimony to refute the contention of the defense that Brooks was insane at the time he killed Bryson.

Just how many witnesses the state will call was not known, but it was believed impossible to close the case and give it to the jury today. The action of the defense in resting its case came after character witnesses had been introduced favoring Brooks.

48th Triennial Gen. Conference Episcopal Church Resumes Ses.

New Orleans, Oct. 16.—(AP)—Action on a number of resolutions and selection of Missionary Bishop were matters awaiting consideration as the 48th Triennial General Conference of the Episcopal Church in the United States resumed sessions here today.

The House of Bishops faced the task of electing a Suffragan Bishop of Southern Brazil and Missionary Bishop for the District of Idaho, Arizona, Kyota, Liberia and Mexico, for all of which a number of nominations were made yesterday.

Dry Navy Captures 238 Vessels in the Past Seven Months

Washington, Oct. 16.—(AP)—The Coast Guards Dry Navy has captured 238 sea going vessels and approximately 400 prisoners since its drive against rum smugglers was started about seven months ago. This result has been obtained with the loss of four government ships and three members of their crews.

Making public the figures today the coast guard said its captured rum has exceeded \$10,000,000 in value.

POST WAR SOCIAL BOYCOTT RAISED BY CONFERENCE

Germins Effectively Break Down Social Barriers Which Imposed a State of Isolation

Locarno, Switz, Oct. 16.—(AP)—Peace along the Rhine has not been the only thing negotiated by the Germans during the past two weeks in Locarno. They have effectively broken down the social barriers which imposed a state of isolation upon them at former meetings with the allies, even as late as last year's conference in London where M. Herriot, the French Foreign Minister, still was a bit shy about asking Dr. Marx, then German Chancellor, over to have a cup of tea.

The present conferences may be said to have accomplished a complete raising of the post war social boycott not only as regards the decree of cordiality which marked the meeting between the heads of the allies and German delegation, but also with respect to the fraternal spirit in which unofficial delegates hobnobbed with one another. Mrs. Chamberlain, wife of Austin Chamberlain, the British Foreign Secretary, graciously poured tea for Chancellor Luther and Foreign Minister Stresemann, French Journalists danced with the wives of the German Colleagues and English newspaper men lured German scribes to the Tennis courts in the early morning hours. The reciprocal good will thus engendered on all sides was reflected in the executive and plenary sessions.

COLLEGE FACULTY HELD MEET ROTARY CLUB LAST NIGHT

First Meeting of New Year Held Last Night Proved Interesting and Was Greatly Enjoyed

The faculty of East Carolina Teachers College held its first meeting of the new year last night in the Rotary Club House. A delightful dinner was served and the regular routine of organizing the year's work was accomplished.

The new members of the faculty introduced: Miss Mary Jane Alexander, physical education, Peabody College, Tennessee; Mr. Beacher Flanagan, history, Peabody College, Tennessee; Mrs. A. D. Frank, home economics, Peabody College and the University of Chicago; Miss Ruth Townsend, Model School, Coker College and Columbia University; Miss Annie Redwine, Model School, North Carolina College for Women; Miss Mary Glenn Lloyd, foreign languages.

The following members of the faculty were welcomed back after leaves of absence: Mr. R. J. Slay, of the department of science, who has been to Columbia University and completed the work for his doctor's degree and Miss Maria D. Gryham, department of mathematics, who has been to Columbia University and completed Master's degree. President Robert H. Wright set out the purposes of the institution as being to train teachers specifically for specific work and to do it in a way that they will appreciate the spiritual side of education instead of stamping it with the dollar mark. He commended the teachers of the college for accepting without a murmur the unusually heavy teaching load for the present year caused by the tremendous over-flow of day students, promising the faculty relief as early as it could be had.

Prince of Wales Given Big Welcome

London, Oct. 16.—(AP)—London gave the Prince of Wales the most affectionate welcome of all this home combs this afternoon when he returned from his 25,000 mile voyage to South Africa and South America. He was greeted at the Victoria Station by the King and Queen, other members of the Royal family, and thousands of spectators.

TWO WEEKS' SESSION HARRIS RESENTS OF COURT TO BEGIN MONDAY, OCT. 26TH

Civil Term Begins Monday, October 26, With the Following Week Being Given to Criminal Cases

Pitt County Superior Court for the trial of civil cases will convene in Greenville beginning Monday, October 26, at 10 o'clock. The criminal term will begin Monday, Nov. 2nd at 10 o'clock.

The following jurors have been drawn to serve during the civil and criminal terms:

- Civil Term. Ayden Township—Taylor, P. R.; Dail, Harvey; Johnson, R. L.; Patrick, W. H.; Bethel Township—Whitehurst, L. J.; Beaver Dam Township—Tyson, Albert, M.; Carolina Township—James, A. L.; Nelson, W. L.; Taylor, J. J.; Moore, T. L.; Chicod Township—Stokes, H. M.; Elks, J. W.; Farmville Township—Jones, E. H.; Shackelford, J. L.; Norville, R. T.; Joyner, T. E.; Falkland Township—Dunn, Bruce; Greenville Township—Elks, H. L.; Joyner, Luther; Stocks, Arch; Hart, D. W.; Greene, R. B.; Baker, Jesse; Norris, Jonas; Anderson, J. L.; Gladson, R. L.; Paoctolus Township—Harris, H. B.; Winterville Township—Harris, C. T.; Stocks, W. L.; Speight, L. C.; Nobles, W. R.; Cox, Roy T.

- Criminal Term. Ayden Township—Jarrell, J. A.; Jolly, W. O.; Dail, George; Collins, J. H.; Gower, W. H.; Cox, R. L.; Stroud, O. C.; Beaver Dam Township—Smith, J. R.; Crawford, B. L.; Bethel Township—Andrews, T. R.; Corey, J. B.; Carolina Township—Fleming, J. S.; Highsmith, L. R.; Taylor, Lennard; James, C. L.; Roberson, John H.; Chicod Township—Cox, M. F.; Evans, M. L.; Elks, W. S.; Farmville Township—Tugwell, J. R.; Fulford, B. S.; Bennett, Herbert; Turnage, W. J.; Morgan, D. R.; Bynum, R. A.; Barrett, E. L.; Little, J. T.; Farmville Township—Shirley, R. C.; Falkland Township—Fleming, W. B.; Burroughs, B. A.; Moore, Z. W.; Greenville Township—Rouse, B. T.; Smith, H. C.; Forlines, J. L.; Whitchard, W. L.; Humber, R. L.; Sellars, W. A.; Smith, W. H.; Smith, L. J.; Fornes, H. D.; Edwards, C. H.; Hardee, C. R.; Kittrell, M. L.; Cherry, G. E. Sr.; Harrington, O. W.; Rogers, W. N.; Rountree, L. H.; Trip, R. H.; Rogers, E. G.; Winterville Township—Craft, H. H.; Worthington, Heber S.; Stocks, J. B.; Edwards, J. L.; Paoctolus Township—Satterthwaite, J. J.

Green Re-Elected Pres. of American Federation Labor

Atlantic City, N. J., Oct. 16.—(AP)—After re-electing President William Green and denouncing the Communist movement and voting against formation of a Labor party, the convention of the American Federation of Labor here still had 23 resolutions left to vote on at its concluding session today. Detroit was selected for next year's convention.

S-51 Survivor Testifies Before the Naval Inquiry Board

Boston, Mass., Oct. 16.—(AP)—"I don't give a damn for the ship, but I am sorry for the boys" Captain John H. Diehl commander of the City of Rome, was quoted today by Michael Lyra as saying immediately after the submarine S-51 sunk. Lyra, who was the first of the three S-51 survivors to be taken aboard the steamer, City of Rome, testified before the Naval Board of inquiry concerning his conversation with the City of Rome officers. Lyra said that the crew of the City of Rome life boat almost swamped the craft when they picked him out of the water after the submarine sank. The witness said that the life boat search for survivors lasted only 20 minutes.

Unification Plan Still Lacks Support

Nashville, Tenn., Oct. 16.—(AP)—The total vote in the Methodist Episcopal Church, South stands today at 1,835 for unification with the Methodist Episcopal Church, and 1,153 against. This is 223 votes short of the three fourths necessary in the Southern Church for ratification of the plan. The vote in South Branch conference still is missing, though that conference voted unanimously for ratification.

Husted Home. CRITICISM MADE BY BAN JOHNSON

Declares That 'Sentimental Reasons' Had No Part in His Pitching Selection of Walter Johnson

Washington, Oct. 16.—(AP)—Denying that he had pitched Walter Johnson in the final world series game at Pittsburgh yesterday for "sentimental reasons," Bucky Harris, manager of the Washington Senators, declared on his return here early today that he considered the criticism by President Ban Johnson, of the American League, of his pitching selection as a "reflection on the Washington pitcher."

Harris' statement was made in reply to a telegram sent him by Johnson from Chicago in which the League President tempered his congratulations for a game fight with the assertion that Washington lost the series "because of sentimental reasons in pitching Johnson."

"Sentiment played absolutely no part in my decision to pitch Johnson," Harris declared in his statement. "He pitched wonderful ball. I regard it a reflection on Walter Johnson to have such a thing said of him. President Johnson's remark, if his telegram has been correctly quoted, are gratuitous and would have been better left unsaid."

The Washington manager said he had "no alibi to offer for the loss of the final game and the series."

REVIVAL SERVICES BEGIN IN BAPTIST CHURCH OCT. 18TH

Dr. W. H. Horton to Conduct Series of Services in Immanuel Baptist Church

On account of the strain of moving from Goldsboro to Shelby where Dr. Zeno Wall has recently gone to accept the charge of the great Shelby Church and because of sickness in his family, it has been necessary for him to cancel his engagement with the Immanuel Baptist Church for the revival meeting, which begins Sunday October 18th, and runs through November 1st.

We have been fortunate, however, in securing the services of Dr. W. H. Horton the great and much beloved pastor of the First Baptist Church of New Bern and one of the ecclesiastical idols of Craven county.

Dr. Horton is a graduate of the University of Texas and our Southern Baptist Theological Seminary, and is one of North Carolina's greatest preachers.

It earnestly hoped and expected that every member of the Immanuel Church will attend every service possible. And a cordial invitation is extended to every citizen of the town of Greenville to come and enjoy this feast of good things.

The pastor has done his best in preparing for these services. He will preach the last two sermons Sunday preceding the coming of Dr. Horton, who will arrive for the Monday evening service. The subjects Sunday will be as follows: Morning, "The Holy Spirit the Vital Power." Evening, "Prepare to Meet Thy God." It is earnestly desired and requested that every Christian in the splendid city of Greenville will be much in prayer for the success of the meeting. L. R. O'BRIAN, Pastor.

WILES' FATE IN HANDS OF JURY

Durham, Oct. 16.—(AP)—Following a charge which required more than an hour to deliver, the case charging Robert H. Wiles, of Columbia, S. C., with the murder of his wife and Ralph B. Gordon, was given to the jury at 10:27 o'clock this morning. Judge Henry A. Grady in delivering his charge declared there was no such thing in North Carolina as the unwritten law, which the state contends was used by the defense in building up its case.

Judge Grady told the jury that Wiles had pleaded self defense and if it believed his testimony then a verdict of "not guilty" should be returned. On the other hand the state contended, the Judge declared, that Wiles is guilty of committing premeditated murder and "if the state had proven to you beyond a reasonable doubt that Wiles killed in cold blood, then you should return a verdict of murder in the first degree."

The Judge also quoted the law concerning second degree murder and manslaughter and urged the jury to try the case entirely upon the evidence that has been introduced in the trial and upon the law as given it by the court. Wiles sat with his counsel, father, and men, throughout the judge's charge and apparently was only slightly nervous as the jury retired.

Husted Home.

Gloria Faure, beautiful Mexico City beauty, has been sent home from New York. Political enemies of her companion complained of her presence and she was ordered across the border.

WILES' FATE IN HANDS OF JURY

"Unwritten Law" Has Been the Principal Defense of Wiles Who Shot Ralph Gordon

Durham, Oct. 16.—(AP)—Following a charge which required more than an hour to deliver, the case charging Robert H. Wiles, of Columbia, S. C., with the murder of his wife and Ralph B. Gordon, was given to the jury at 10:27 o'clock this morning. Judge Henry A. Grady in delivering his charge declared there was no such thing in North Carolina as the unwritten law, which the state contends was used by the defense in building up its case.

Judge Grady told the jury that Wiles had pleaded self defense and if it believed his testimony then a verdict of "not guilty" should be returned. On the other hand the state contended, the Judge declared, that Wiles is guilty of committing premeditated murder and "if the state had proven to you beyond a reasonable doubt that Wiles killed in cold blood, then you should return a verdict of murder in the first degree."

The Judge also quoted the law concerning second degree murder and manslaughter and urged the jury to try the case entirely upon the evidence that has been introduced in the trial and upon the law as given it by the court. Wiles sat with his counsel, father, and men, throughout the judge's charge and apparently was only slightly nervous as the jury retired.

Synod is Against Teaching Evolution

Mooreville, Oct. 16.—(AP)—Resolutions protesting the teaching of evolution in the public or denominational schools of the state were passed today by the Synod of North Carolina Presbyterian Church of the United States in session here. The resolutions adopted urged closer supervision to prevent teaching anything contradictory to "Christian truth as revealed in the word of God." A special committee appointed to consider the whole subject touching the teaching in the secular schools and institutions of the state certain things recognized as contrary to their faith submitted the resolutions. The Reverend Dr. John R. Bridgers, of Charlotte, was chairman of the committee.

MR. G. A. FORREST DIED SUDDENLY HERE LAST NIGHT

Funeral Services Will Be Conducted Saturday at Three O'clock; Interment to Follow Cherry Hill Cemetery

Mr. George A. Forrest, 37, died at his home in this city last night after an illness of only a few minutes. Funeral services will be conducted from his late home Saturday afternoon at 3 o'clock by Dr. Albert R. H. Miller. Interment will take place in the Cherry Hill cemetery.

George A. Forrest was born in Craven county on November 8, 1888, a son of the late Barron Forrest, of Greene county and Rebecca Garris Forrest of Pitt county. He was a splendid young man and possessed a strong christian character. On December 9th, 1915 he was married to Miss Martha J. Cherry, of this county. Mr. Forrest for the past few years has been in failing health but for the past few months has been apparently enjoying good health and spent yesterday looking after his business. During the night however, he was taken ill, and died within a few minutes. For the past fourteen years he has been connected with the Metropolitan Life Insurance Company. He was held in high esteem by the Insurance Company and his success in the business has been the result of his untiring efforts. Being well known throughout this section he numbered his friends by the score. Mr. Forrest was a member of the Eighth Street Church of Christ and one of its most loyal members.

The deceased is survived by his wife, two little daughters, one sister, Mrs. C. R. Williams, of Vanceboro, five brothers, T. A. Forrest, Goldsboro; W. S. and J. H. Forrest, Asheville; J. L. Forrest, Vanceboro; J. B. Forrest, Syracuse, N. Y.

The following will be pallbearers: Active—W. H. Woolard, Jesse Mays, J. W. Holmes, W. A. Bowen, W. E. Hooker, Frank Harrington, S. J. Everett, John L. Wooten.

Honorary: Whit Harris, G. S. Willard, Dr. J. C. Greene, C. T. Mumford, Dr. W. I. Wooten, Jack Mays, C. B. West, Z. P. Vandye, W. O. Bilbro, Joe Mays, Dr. C. O'H. Laughinghouse, Ola Tucker, Arthur Denton, J. M. McGowan, Joe Jordan, J. H. Waldrop, Dr. J. N. Nobles, Curtis Perkins, J. B. Barrow, Vanceboro; C. B. Rowlett, D. W. Hardee, Lester Jones, E. R. Dudley and W. B. Dupree.

Security Confab To Be Held During This Afternoon

Locarno, Switz., Oct. 16.—(AP)—The meeting of the Security Conference set for noon today was postponed until this afternoon with the probability that all the treaties negotiated here will be signed by the chief delegates late this afternoon. The Germans and Poles definitely overcame the lingering difficulties concerning the text of the arbitration treaty during the night so that this document was among those ready for the ceremonies for initialing. All the conventions framed here pivot around the Rhine pact and together they provide machinery for settling all forms of dispute between the signatory powers.

"What we have tried to do at Locarno," said a leading delegate, "is to render it impossible to draw the sword."

Synod is Against Teaching Evolution

Mooreville, Oct. 16.—(AP)—Resolutions protesting the teaching of evolution in the public or denominational schools of the state were passed today by the Synod of North Carolina Presbyterian Church of the United States in session here. The resolutions adopted urged closer supervision to prevent teaching anything contradictory to "Christian truth as revealed in the word of God." A special committee appointed to consider the whole subject touching the teaching in the secular schools and institutions of the state certain things recognized as contrary to their faith submitted the resolutions. The Reverend Dr. John R. Bridgers, of Charlotte, was chairman of the committee.

### WORLD PROBLEM

Returning from a world congress of teachers in Scotland, a Philadelphia educator made the statement that "education alone seems to offer a foundation for better understanding, deeper appreciation, heartier cooperation and worthier motives than those which statesmanship, commerce, and industry have made to bind nation to nation for the common weal or woe."

This educator was convinced, after several days association with 1500 teachers representing seventy-five different nations, that education alone can create a permanent world peace. Commerce, diplomacy industry have failed, and education has never been given a fair trial, for at no time in the recorded history of man has more than a relatively small part of the earth's population been educated.

There are said to be 1,500,000 employed teachers in the world. A fair estimate places at thirty the number of boys and girls upon whom each teacher exerts some influence each year. In view of these statistics it is surprising that war was not outlawed by education years ago. The reason it was not rests in the fact that the educated, as individuals, know war is wrong and futile but as a group sanction and promote wars.

Learning tends always to convert the war-

rior to peace, so as learning becomes more universal the world may confidently expect less international strife. Until that time comes the world's 1,500,000 teachers can best serve the cause of world peace by expressing their own individualism.

One quarrelsome family can disturb a whole neighborhood, so to educate one-half of the world in the blessings of peace and in the fallacies and futilities of war will not guarantee world peace. This educational problem is world-wide in its scope.

### RIGHTS OF YOUTH

Since time immemorial society has granted to the parent certain rights over his child. There was the right to the child's labor, to the child's earnings, even to the child's life. That the child also had certain rights probably never occurred to those generations of adults, busily engaged in determining the rights of adults and the duties of offspring.

A great change in public sentiment as regards the rights of the child followed the shift from hand labor to machine labor in industry. Modern society recognizes certain duties which it in common with the parent owes to the child. While civilized nations have not found it feasible to abolish all child labor they have legislated against the unreasonable exploitation of immature humanity. The child worker is no longer employed long hours under poor working conditions.

It was out of recognition of the right of the child to work and earn when not in school that the several states defeated the proposed child labor amendment to the constitution.

Trotzky is reported to be tired. And some of the Russians have the habit of becoming tired of Trotzky.

In the effort to be clear of war guilt Germany finds it is not dealing with an American pardon board.

## JAPAN TO ERECT TWO MEMORIAL HOSPITALS WITH DISASTER FUND

[Tokyo.—Construction of the two large memorial hospitals in Tokyo and Yokohama with the remainder of the proceeds of the fund raised in the United States by the American Red Cross for earthquake relief following the catastrophe of 1923 will be commenced early next spring. The amount to be expended on the hospitals is approximately 8,500,000 yen.

For the Tokyo Fraternity Memorial Hospital a site valued at 625,000 yen has been purchased in Honjo and the Fraternal Memorial Hospital Foundation has begun the work of training 100 nurses who will be used in the new building. The hospital building and its equipment will cost about 2,375,000 yen and the Foundation has set aside 4,000,000 yen as an operating reserve fund. The building and equipment of the memorial hospital to be established at Yokohama will cost 500,000 yen and this institution will have double this amount as its reserve fund.

The building for the memorial hospital in Tokyo will be of iron and concrete structure and is designed to be proof both against fire and earthquake. It will be completed within two years. The Hospital Foundation has been ready for some time to proceed with the building, but the work has been held back pending the completion of the adjustment of the sale of the land which will be effected before the end of the year by the Reconstruction Bureau, according to the authorities.

The American Red Cross Society transmitted to the Fraternity Memorial Hospital Foundation \$9,000,000 last year and \$500,000 later. At that time, the American organization suggested to the Japanese authorities that the fund might be used for the establishment of a memorial hospital since the funds for relief work were no longer needed. While the offer was made unconditionally, the Japanese officials concurred with the suggestion coming from the American Red Cross headquarters. Since the remittance of the fund has been swelled by interest and by the time the hospitals are completed, more than 500,000 yen will have accrued in this way.

### URGES CONSERVATION OF COAL PROGRAM. TOO LATE FOR OIL

Atlantic City.—That it is already too late to start on a plan of oil conservation was the statement made by Horace H. Clark, a fuel engineer of Chicago, before the convention of the American Gas Association.

"It is useless to start a national oil conservation program now, because the oil will be gone before the program is completed," he said. "Let us, therefore, start a conservation program on coal, which is the most important national resource we have and like natural gas and oil, when gone cannot be replenished."

### FUTURE OF GAS INDUSTRY IN PUBLIC SERVICE—COOLIDGE

Atlantic City.—A message from the President read before the American Gas Association recently by its President, H. C. Abell, said that the future of the gas industry "depended entirely on the extent to which it devoted itself to public service, as well as public gain."

"Remembering as I do with much pleasure by previous visit to your convention, I am doubly glad to extend my greetings," President Coolidge wrote. "Your industry seemingly has entered upon a new period of growth and this will be steady and permanent in proportion as your association keeps constantly in mind that it is an opportunity for public service, as well as personal gain. I am sure that this object will always be before you, and that you will meet adequately your problems and your responsibilities to the people whom you serve."

### GAS STATION MODERN TOLL GATE ON TENNESSEE ROADS

Nashville, Tenn.—The gasoline filling station has replaced the familiar old sapping that formerly was swung down to block the public highway in the form of a toll gate.

Motorists are paying part of the highway construction expenses at three cents a gallon at the filling station pump, where formerly every vehicle passing the designated spots had to plank down a quarter.

Toll gates were satisfactory to traffic 100 years ago when the pioneers blazed through forested areas and established accommodation for travel but today the state is building its own improved and modern highways. Motorists will drive miles out of the way

over another route to escape the periodical gates.

On June 14, 1796, one turnpike company organized a toll road which rates ranging from one cent for every ten sheep or hogs, to three cents for each four-horse carriage. The rates advanced with the progress in roads and modes of travel and similar toll systems were adopted in other states. The old toll gates in Tennessee became unpopular. Now through the red, blue, yellow and white gas filling pump, the state is netting nearly \$3,000,000 in 1925 towards its public highway construction fund.

### STUDY OF CASE OF INSANE ANT RECORDED BY A NERVE SPECIALIST

Zurich.—The story of a demented ant is recorded in the Swiss Archives for Neurology and Psychiatry with all due scientific seriousness by Dr. Dr. Rudolph Brun, widely known nerve specialist.

The ant was discovered in one of the artificially constructed nests for scientific observation. The insect ran about incessantly while others remained quietly in the corners of the nest, apparently shunning the demented one. The momentum of the wildly rushing ant was such that it was unable to stop when anything in its path was encountered.

After six days the ant was dissected and, under a microscope, it was found to have suffered a tumor in the left lobe of the brain, which had destroyed several of the most important centers.

### DEATH RATE AMONG INFANTS ALARMS JAPANESE GOVT.

Tokyo.—The death rate of infants in Japan is on the increase, principally because of the deficiency of relief and sanitary measures. Official statistics disclose that more than 1,300,000 babies die in the Empire every year. In the light of these facts the Home Ministry has decided on the establishment of sanitary stations in the cities throughout the country in which the population is more than 50,000. It is expected that more than 3,000,000 yen will be expended in the work. Physicians and nurses will be on duty at each of these stations.

**FARMERS APPEAL**

By O. L. JOYNER

**THE TOBACCO MARKET CONDITION.**

In regard to the present tobacco market condition, I am in the familiar position of being able to say, "I Told You So." with reference to prices of tobacco on all the eastern markets. Each week since the opening of the tobacco markets, with prices distressingly and disappointingly low, I have expressed a very firm conviction that prices would advance, and that the 1925 crop would average more than any crop since 1919.

The price has advanced since the last week in September from around 18 1/2 to very near thirty cents, with all grades except very common tips showing improvement. Farmers have shown a much more practical tendency in the marketing of the crop this year than they usually do, by not rushing their tobacco on over-crowded markets with the result that there has been very few blocks, so far this season.

Hundreds of thousands of dollars are lost annually by the farmers rushing their tobacco to market too rapidly and selling faster than the markets

can properly re-dry and take care of the tobacco.

The warehouses could be doubled in size or in number and a set of buyers for every warehouse provided very easily, but expensively (and the farmers would, of course, have to pay the bill), but unless facilities for re-drying and otherwise properly taking care of the purchases were provided it would only make matters that much worse.

**JAMES B. DUKE.**

The death of Mr. J. B. Duke a few days ago removed from the world a colossal and outstanding business genius, who in life had no superiors, and few if any equals.

In 1903 when the tobacco markets of eastern North Carolina opened at prices over one half the cost of production, and the farmers facing bankruptcy and every other business interest in the section in about the same condition, I was operating a tobacco warehouse in Greenville. Not knowing what to do, and almost in desperation, decided to go to New York and see Mr. Duke, head of the American Tobacco Co., at that time the largest buyer of our tobacco.

Frankly I was more or less skeptical as to the result of my visit, besides I confessed at that time I held the American Tobacco Co., largely responsible for the low price of tobacco. I arrived in New York at night and the next day went by appointment to see Mr. Duke. I was very much disappointed in the man and his manner of greeting me. From what I had heard I rather expected to have my interview over in a few minutes, but after stating briefly the object of my visit, he very frankly assured me of his willingness to go over with me in detail the entire situation in the tobacco trade and its relations to the tobacco farmer; and for two hours or more I sat in his office and listened to him tell in his own way the history of the tobacco industry. In conclusion he said with great emphasis and force, "The American Tobacco Co., is not a philanthropic institution. It is a business enterprise, engaged in attending to its own business and letting others do the same, but, said he, the farmer is the one and only man connected

with the tobacco business that gives me any concern." He said he would be very glad indeed to pay the farmers two or three times as much as they were then paying for tobacco if in so doing The American Tobacco Co. could be assured they would not have to buy more tobacco than they needed. That the price paid the farmer was not a matter of concern at all, but if they paid such prices the farmers would make enough tobacco in one year to last the trade several years.

Mr. Duke impressed me as a very plain, blount, outspoken, man who cared little for public opinion in praise or otherwise. That he was entirely in earnest, sincere and honest in his opinions and convictions no one would doubt for a moment.

He made me believe that the low price of tobacco then prevailing was due to over production, and on leaving his office I assured him that I should do all possible to reduce the production. During the next two or three years the production in Eastern North and South Carolina was from one hundred and fifty millions to about eighty millions, and the price increased in proportion to the decreased production.

Mr. Duke appeared to me to be rather intolerant of opposition. He arrived at conclusions only after weighing carefully everything, having a bearing on the subject, and having come to a conclusion that matter was settled. He had no patience with politicians and gave me to understand very clearly that our talk was purely a business one and was not for publication, and now that he has passed to the great beyond, I do not feel that I am betraying confidence in saying what I have of one of the biggest men in many ways I have ever had the satisfaction and pleasure of knowing.

From the report issued by W. A. Graham, Commissioner of Agriculture of North Carolina we copy the following as to the tobacco crop condition.

**Crop Comparisons.** The condition of the crop—as a whole, average, about 77 percent of

normal, indicating a total production of 316,963,000 pounds for the State more than was produced last year, and about 8,000,000 less than was expected from the condition September 1st. It is also over 9 million pounds from 602,000 acres under cultivation. This crop is over 38 million pounds less than the average produced during the past five years.

The season's producers' sales to October 1st total 83,812,517 pounds valued at \$14,681,419.12. This is about 27 percent of the total crop.

**Prices.** The September price of \$17.40 per hundred pounds is \$2.26 per hundred less than the September price last year.

The crop reporting service of the State Department of Agriculture ought to be in possession of pretty accurate information as to crop conditions and probable yield per acre of the tobacco crop in the state but I am very emphatically against the estimated yield per acre. To produce the crop estimated the yield will have to be more than seven hundred pounds to the acre. I haven't the slightest idea that this crop will yield several hundred pounds to the acre. In fact I do not believe the yield will prove to be very much more than six hundred and fifty pounds to the acre. If my guess is correct then the crop yield in the state will turn out very little if any more pounds than the 1924 crop.

I very frankly confess to a strong leaning to the side of the tobacco farmer. I think the tobacco farmer receives less for his labor than any other class of farmers in the country and while I am sure the government crop reporting service is doing everything it possibly can do to forecast as nearly accurate reports as possible still the source of these reports are invariably influenced not so much by first hand information as by outside influences brought to bear that are not always reliable.

**HEAVY BREADSTUFF CROP IN SWEDEN TO CUT U. S. FLOUR**

Stockholm.—The breadstuff crop in Sweden this year is more than twice as large as that of last year and the requirements for imports of American wheat flour will be correspondingly reduced. Not since 1921 has there been such a harvest. The greatest gains have been made in rye and wheat sown last fall. The unusually mild winter is believed to have been chiefly responsible.

The yield of rye has been more than sufficient to satisfy the country's

normal needs and the calculated requirements for imports of wheat have been reduced from 339,000 tons in 1923 to 180,000.

**MARTIANS FIND HOME BREW NECESSITY, SAYS SCIENTIST**

Pasadena, Cal.—Home brew is a necessity on the planet Mars, provided there is life there and also provided that life requires moisture to live, in the opinion of Dr. Charles E. St. John, astronomer and physicist of the Mount Wilson observatory near here.

The water supply on Mars, as revealed in a series of tests just completed by Dr. St. John, is about one-twentieth that found on the tops of the semi-arid mountains of Southern California.

Besides being on perpetual emergency rations of water, the Martians, if there are any such creatures, also are short of what this planet calls air. The oxygen supply there is only 60 percent of that on the heights of Mount Everest in the Himalayas, and on Mount Everest explorers must use oxygen tanks to keep alive.

In the matter of heat Mars is better off than was formerly supposed. In fact, says Dr. St. John, the Mars temperature, often described as excessively cold, may be nearly the same as that of this earth, since Mars absorbs all but about fifteen percent of the light and heat reaching it from the sun. As a basis of comparison, it is stated that this planet absorbs only one-half the light and heat received from the sun, and reflects the remainder.

**YOU MAY HAVE PELLAGRA**

AND NOT KNOW IT. EARLY SYMPTOMS—Nervousness, stomach trouble, despondency, shortness of breath, burning feet, constipation, brown or rough skin, tingling sensations, smothering spells, diarrhoea, loss of sleep, loss of weight, dizziness, or swimming in head, general weakness with loss of energy.

You do not have all these symptoms in the beginning, but if you have any of them YOU MAY HAVE PELLAGRA. My FREE BOOKLET, "THE STORY OF PELLAGRA," will explain. My treatment differs from all others, and is endorsed by a State Health Department, physicians and hundreds who have taken the treatment. Write for Questionnaire and FREE diagnosis.

# LOCALS

Mr. Ashley Whichard and Mrs. Huldah Stator are visiting friends near Hobgood.

## CHARLES KRAMER COMPANY REHEARSING IN GREENVILLE; COMPY ARRIVED YESTERDAY

Of interest to the local theatre-goers is the announcement that Charles Kramer players, for fifty-four weeks at the Savannah Theatre, Savannah, Ga., and eighteen weeks at the State Theatre, Raleigh, N. C., are rehearsing at White's Theatre prior to their opening over the circuit of the Eastern Carolina Amusement Co. Monday. This company will offer their first show, a screamingly funny farce comedy, "Cheating" Tuesday night the curtain going up at 8:30. At popular prices. The only change in the personnel of the company is that Jack Marcus, local theatre manager, will assume the role of leading man. Mr. Marcus was with this company several years ago. This will add local interest to this company, which is already well known in this section.

## "DIXIE HANDICAP" AN EXCITING FILM

### Reginald Barker Photoplay Rates High Among Racing Dramas.

For thrills, comedy, beauty, and more thrills we recommend "The Dixie Handicap," Reginald Barker's new Metro-Goldwyn-Mayer production which comes to White's Theatre today as one of the most all-around satisfactory pictures of the year. Rarely have we seen any picture as exciting or at the same time, as pleasing to the eye. There are several reasons for both.

For excitement there are a number of horse races that surpass anything done before on the screen picturing the "Sport of Kings." The earlier ones take place at a county fair, and the climax race is the international contest between the horse of the film and the English champion. These scenes were taken at Latonia and their authenticity added a good deal of interest to the picture.

## DEEDS OF TRANSFER.

The following deeds of transfer have been filed since last report: Minnie Tucker to L. J. Manning and wife, consideration \$4,000. Mack Manning and wife to Minnie Fickle, consideration \$4,000. Jno. Lipscomb to R. W. Smith, consideration \$175.00. Carnie L. Douglass and wife to W. Z. Wilson, consideration \$500. Wm. Brayan to National Veneer Company, consideration \$140.00. Jas. E. Clark to National Veneer Company, consideration \$919.70. Noah Haddock and wife to National Veneer Company, consideration \$140.00. W. H. Dawson to National Veneer Company, consideration \$210.00.

## MARRIAGE LICENSES.

The following marriage licenses have been filed since last report: Galen R. Harris, to Miss Bettie E. Harris, both of Greenville township. W. D. Cherry to Miss Martha Williams both of Farmville township. Herman Weatherington to Miss Myrtle H. Shivers, both of Winterville. John S. Davis, Rocky Mount to Miss Madge Cherry, Washington, N. C. Robert Ward to Vinie Mason, both of Farmville township.

LABOR BODY CONDEMNNS Atlantic City, N. J., Oct. 16—(AP)—The American Federation of La-

bor at its concluding session voiced its condemnation of the transportation act and the railroad labor board. A committee report no longer has the regard or respect of any political body and its abolition would be but the painless excision of a "dead and withered appendix."

A congressional investigation of the "monopolistic" Bfl telephone system was urged.

## N. C. Conference Elects Delegates to General Conference

Statesville, Oct. 16.—(AP)—Election of delegates to the General Conference today was the center of interest of the Western North Carolina Conference Methodist Episcopal Church, South. Eighth clerical and eight lay delegates will be chosen. Observers attending the meeting say that probably never before has interest reached such a point in the selection of those to attend the General Conference.

The unification proposal to consolidate the Methodist Episcopal Church and the Methodist Episcopal Church, South yesterday was voted upon with the unofficial tabulation showing 221 for and 141 against. The anniversary of the formation of the Epworth League board was observed last night.

## More Than 3,300 People Being Helped In Vocational Classes

Raleigh, Oct. 16.—(AP)—More than 3,300 earnest Tarheels, most of them young men and women, but a considerable number who have reached maturer years, are preparing themselves for larger opportunities and increased usefulness through study in vocational classes that are being conducted in various centers in the state under the supervision of the division of vocational education of the State Department of Public Instruction.

This work, says George L. Coggin, state superintendent of industrial education, and a member of the staff of the vocational education division, has been under way in North Carolina for the past seven years and the number of these vocational classes has increased from five in 1918-19 to 1929. During the same period, says Mr. Coggin, the number of pupils has jumped from 128 to the present enrollment of more than 3,300.

**MAYR'S WOMEN'S REMEDY**  
For STOMACH TROUBLE  
ONE DOSE WILL CONVINCE  
AT ALL DRUGGISTS

## How Doctors Treat Colds and the Flu

To break up a cold overnight or to cut short an attack of grippe, influenza, sore throat or tonsillitis, physicians and druggists are now recommending Calotabs, the purified and refined calomel compound tablet that gives you the effects of calomel and salts combined, without the unpleasant effects of either. One or two Calotabs at bed-time with a swallow of water,—that's all. No salts, no nausea nor the slightest interference with your eating, work or pleasure. Next morning your cold has vanished, your system is thoroughly purified and you are feeling fine with a hearty appetite for breakfast. Eat what you please,—no danger.

Get a family package, containing full directions, only 35 cents. At any drug store. (adv)

## "The Mail Must Go On"

Charles H. Ames, veteran mail pilot, died at his post when his plane crashed into a Pennsylvania mountain in a dense fog as he sped West through the night with the mail.

**SERENE GENEVA STIRRED AT ARRIVAL OF RICH MAHARAJAH**  
Geneva—So accustomed is Geneva to greatness within its borders that it rarely gets excited over an important new-comer, but it awoke with sudden interest with the advent of the Maharajah of Patiala, who came as one of the Indian delegates to the League of Nations assembly. The Maharajah is credited with being the world's richest resident. In the ballrooms of the hotels where various delegations gave receptions with dancing a feature, the Maharajah was the center of attraction. Despite his rther ponderous body he waltzed gracefully with some of the fairest of the ladies present. His bosom glittered with precious pendants and in

the lobe of his ears shone huge pearls encircled with diamonds.

The Maharajah came with a suite of fourteen persons. He proved a source of material delight to Geneva shopkeepers. He is reported to have spent \$10,000 alone in the purchase of watches and binoculars, with an accent on binoculars, for which he seems to have a passion as a collector. He developed into such a fantastic and interesting personality that eventually he was forced to leave his hotel by the kitchen door to attain his automobile unmolested.

But if the Maharajah was ever in the public eye of his spouse, the Maharanee, and her two ladies-in-waiting, remained in obscurity. They went not to receptions, dinners or balls, ate their meals in the seclusion of their apartments and only emerged for drives in closed motor-cars.

## WARNER'S FIRST BIG TEST WITH SOUTHERN CALIFORNIA

Palo Alto.—Glenn "Pop" Warner football coach at Stanford University has eight veterans missing from the team that last season tied California for the Pacific Coast Conference Championship. Yet the 1925 eleven promises to be superior.

Warner will have plenty of weight both in the line and back field. The line which he selected tentatively averaged 193, the backfield 199 pounds. Warner also has plenty of reserve material to back up the reconstructed varsity.

Stanford's first big test will be the game against Southern California at Los Angeles, October 17.

**WOMAN'S PLAN FOR WORLD GOOD WILL FAVORED IN JAPAN**

Boston—A program for international good will devised by a Boston woman in New York has been so favorably received in Japan that reports indicate concrete action on her plan is in prospect.

A little more than a year ago, when the Exclusion act was still ranking in many Japanese, Miss Jessie M. Sherwood, former secretary of the Japan Society of Boston, who for years has held a weekly soiree for Japanese students in Boston college, was asked to write an article for the Japanese-American, a newspaper published in New York.

She chose to advance and develop the idea of a religious conference, based on the common objects of Christians, Buddhists and Jews to attain a warless world. She dwelt on the part which religious difference has played in racial prejudice and saw in such a conference an opportunity to dispel misinformation on the religions of other lands and bring a greater public support to world peace.

The article, or the idea it embodied was copied widely and found prominent place in the newspapers of Japan. Among the correspondents that Miss Sherwood acquired was Gendo Nakai of Osaka, a Buddhist priest. He wrote her first that the Buddhist at the Tokio Peace Exposition had already espoused a similar idea, that a group of priests had visited America to call to the attention of President Coolidge the community of ideals but that he feared that unless the United States took the lead, as with the disarmament conference, nothing would be done.

Recently, however, he wrote again,

Claire Windsor in Reginald Barkers THE DIXIE HANDICAP

WHITE'S THEATRE TODAY.

**IF HE REACHES NORTH POLE, WILL GO ON BY AIR TO NOME**  
Oslo.—Amundsen's airship in which he expects to fly to the North Pole next year, will undergo its trials in January, after being overhauled and mooring masts will be erected at Rome, Trondhjem and Stalbard.  
If the North Pole is successfully reached the ship will proceed as far as possible toward Nome. A suitable landing place will be chosen if it is unable to reach Nome in the air, and the airship deflated and packed up ready for shipment to Nome. Notification of the landing place will be sent by the airship's radio.

**ADMINISTRATOR'S NOTICE.**  
Having qualified as administrator of the estate of L. B. Stokes, deceased, late of Pitt county, N. C. this is to notify all persons having claims against the estate of said deceased, to exhibit them to the undersigned on or before October 10th, 1926, or this notice will be plead in bar of their recovery. All persons indebted to said estate will please make immediate payment.

This 10th day of Oct. 1925.

Chairman Com. Tem.

**HAWAIIAN FRUITS PROVE IDEAL FOR SYRUP PRODUCTION**  
Honolulu.—The high sugar content of Hawaiian fruits makes it possible to produce syrups at a less cost than synthetic syrups are produced on the mainland, it has been revealed by experiments, conducted by Dr. S. E. Oliver, chemist, who is experimenting at the Hawaiian Homes settlement on the island of Molokai. He announced the successful extraction of syrups of varying degrees of concentration through a freezing process on which he has been working several years. The experiments here were confined principally to pine-apples, which contain an average of 14 percent of sugar, but he said he was able to extract a syrup of triple that strength.

**PUPILS TIME AND TAXPAYERS' MONEY SAVED RURAL SCHOOLS**

Denver.—Reorganized rural education in seven schools in Logan county permitted 90 pupils to accomplish two years' work in one year at a saving of \$5,313.78 to those paying school taxes. Similar results are being obtained elsewhere in the state, said Mrs. Mary C. C. Bradford, state superintendent and former president of the National Education Association.  
The plan is based on tests and measurements similar to that tried out in the cities, but more in the experimental stage in sparsely populated rural schools. The tests classify students according to their mental ages. Mrs. Bradford hopes to reduce the cost and time in rural education.

**Artists to Portray Russian Life.**

Moscow.—Soviet educational authorities have decided to send to various places in the Soviet Union 72 artists to paint pictures of local revolutionary events, portraits of local leaders, scenes of labor processes and other social features of present day life. The expedition will include a number of noted artists. They will visit the Crimea, the Ura's, the Ukraine and the northern provinces. A number of artists are to be sent abroad for the same purpose.

**COLUMBIA MAN AND WIFE BOTH BENEFITED GREATLY**

**This Medicine, Karnak, Is Certainly All That's Claimed for It," Says Geo. Hughes of Sou. Ry. Shops**

"You can bet your life this new medicine, Karnak, is all that's claimed for it and then some," declares Geo. W. Hughes, well known boiler-maker at the Southern Ry. Shops in Columbia, S. C., and living at 1701 Richland street.  
"I tell you this Karnak puts new life in a person and makes him feel the good of it to his finger tips," adds Mr. Hughes. "There's nothing else like it to make anybody really feel like themselves again."  
"All the past spring and summer I was in a badly rundown condition. My appetite was poor, and I ate such a little and it did me such little good that I felt tired and sluggish all the time, and I just had to force myself along. I tell you if a man keeps up with the heavy work I do here in the boiler shop, he's got to keep in condition."  
"Well sir, I began taking Karnak

to build up my system and increase my appetite, and I'll tell the world 't was just what I needed. The first bottle started me to eating and now since taking two bottles, I can hardly wait for meal time to come."  
"Yes sir, I just stay hungry, and my food is doing me the good it ought to now. I have so much new strength and energy that I'm just like a new man, and that sluggish feeling has left me and I'm simply feeling fine."  
"My wife has been troubled with indigestion and sour stomach for a long time, and soon after I started taking Karnak she started it, too. Well sir, in just a few days 't me it relieved her of the indigestion, and now she eats anything she wants without any bad effects afterwards and simply has a world of new strength and energy. Yes sir, this Karnak sure does the work, and does it right, now and we are more than glad to recommend it."  
Karnak is sold in Greenville by D. S. Warrens, and by all good druggists in every town.

**SOMETHING EXTRA**

Some business firms pay their people a bonus; something extra, over and above the regular salaries—a part share in the profits.

In a building and loan association every member gets a full share in all of the profits.

It is a co-operative proposition. That is why your savings earn more when you invest them with us.

## Urges Final Clean-Up of Pledges to Christian Education

Statesville, Oct. 15.—(AP)—Representing the educational interests of the Methodist Episcopal Church, South, Dr. Stonewall Anderson, of Nashville, Tenn., secretary of the board of education and the Christian education movement of the denomination, speaking here before the Western North Carolina conference of the church, urged members of the conference to make a full and final clean up of their pledges to Christian education during this, the fifth and last year.

Dr. Anderson reported on the present condition of Methodist institutions of learning, calling special attention to their prosperity, their enlarged enrollments, strengthened faculties, increased assets, and financial needs. He mentioned big gifts which had come to several of the colleges as a result, he believed, of interest in education aroused by the recent campaign for a large fund for Methodist schools and colleges.

## In the News of the Day

SENATOR RALSTON COMMISSIONER TURNBULL

MRS. AUSTEN CHAMBERLAIN BISHOP T. F. GAILOR

U. S. Senator Ralston, of Indiana, is reported quite ill at Indianapolis. Lt. Col. H. S. Turnbull, as Commissioner of the London police, is in supreme charge of the city's safety. **Cotton Summary**  
Southern yarn spinners association bulletin says knit goods trade has recently come into market and covered early year requirements.

Weld Traveler thinks correct estimate for Texas crop at present time would be 3,750,000 bales minimum and 4,000,000 maximum.

Recent heavy rains in Piedmont section have helped mills to some extent but more necessary to bring material improvement according to advices reaching Worth Street.

Weekly report of credit clearing house shows continued purchasing actively throughout country as a whole with largest increase in southern agricultural sections.

Rain fell yesterday in the Atlantic and Gulf States, Tennessee, Arkansas and Oklahoma. Showers indicated for today and tomorrow over most sections of eastern belt. Partly cloudy with local rains in extreme northeast Texas today.

Generally fair tomorrow. West Texas fair today and tomorrow.

The National Ass'n. of Cotton Mfrs. on record yesterday as opposing issuance of early cotton crop estimates

of production by U. S. Department of Agriculture declaring these to be disturbing both to cotton manufacturing industry and to cotton growers.

Bernard Gelles, manager of cotton department of W. R. Grace and Co. says he thinks world will take 14,750,000 bales of American cotton as basis of 20 cents for futures provided trade conditions remain as they are.

Good inquiry cloth from Germany. Home trade improving.

**Weather**  
Slightly cooler over the belt. Light to moderate rainfall scattered eastern belt, Alabama, Mississippi, Louisiana. Light rain fall scattered east Texas also heavy rainfall southern Texas around San Antonio, light rains Fort Worth and Palestine districts. Forecast Friday west Texas generally fair all balance entire belt part cloudy.

## Barrett Resolutions To Be Introduced in State Baptist Con.

Gastonia, Oct. 16.—(AP)—A set of resolutions, the avowed object of which will be the ousting of Dr. W. L. Poteat as president of Wake Forest College, because of his views with

## 1925 Air King in 1909 Plane.

LT. CYRUS BETTIS IN 1909 PLANE

Lt. Cyrus Bettis, winner of the 1925 Pulitzer speed trophy, in civilian clothes seated himself in the plane that won the race from Albany to New York in 1909, and watched the air kings race at Mitchel Field, N. Y.

regard to the evolution of man, will be introduced at the State Baptist convention, when the Baptist ministers from all over the state gather at Charlotte November 17 to 19, it has been learned here.

The resolutions, known as the "Barrett resolutions," will be introduced by Rev. W. C. Barrett, pastor of the First Baptist church of Gastonia, it is stated. The resolutions propose to accomplish their purpose by the election of trustees for the college who will oust Dr. Poteat.

Dr. Poteat, whose views have been warmly attacked and defended by leading Baptists throughout the State, and who, for that reason, has been the center of a controversy in the church, continues as president of the college under the direction of a board of trustees which is self-perpetuating, to all intents and purposes, some of those who favor the "Barrett resolutions" say. In the past, when a vacancy on the board has arisen, it has been the policy of the board to fill that vacancy. The convention simply formally approves

the action of the board, some of the leaders state.

The purpose of the "Barrett resolutions" is to put the election of Wake Forest board members entirely in the hands of the convention. Supporters of the proposed resolutions assume that, in the event the resolutions are adopted by the convention, the present Wake Forest trustees will automatically resign, a full board to be elected from the floor of the convention.

The "Barrett resolutions," it is expected, will come up the second night of the convention, when the subject of religious education will be the main topic of discussion.
