MITCHELL PLEADS NOT GUILTY AND HIS TRIAL BEGINS

Having Lost Every Effort to Halt Court Martial Proceedings He Informs Court He Is Ready to Stand Trial

Having lost every preliminary effort to halt the court martial proceedings against him, Colonel William Mitchell today pleaded not guilty to the charges and informed the court he was ready to stand trial.

His plea was entered and the trial actually begun after the court had rejected a long list of objections based on the failure of the prosecution to furnish a "bill of particulars" of the charges against Colonel Mitchell.

The air officer stood smiling to answer the charges. He said "Not guilty" as each of the charges and specifications were called in turn by the prosecuting officer.

The plea did not deny the accuracy of the charge that the Colonel had in his San Antonio statement accused his superior officers of criminal and almost treasonable conduct in administering the air services of the government, but merely comprised a denial that misaccusation constituted conduct in violation of good order and discipline as declared in the charge. Little progress was made on the trial itself, however, at today's session. After the prosecution had finished reading from the court manual a long list of regulations by which the proceedings are to be governed, the court recessed until Monday to permit attorneys for the prosecution and defense to make a preliminary examination of witnesses who arrived today from Paris.

Washington, Oct. 30.—(AP)—As today's session of the Mitchell court martial begins a report went around among spectators that Colonel Mitchell would ask either President Coolidge or Secretary Davis, of the War Department, to face him before the court. The Colonel's counsel declined to comment, but indicated that some surprise move probably would be made. There also were indications that Colonel Mitchell felt he had a right to be brought to a face with "the accuser" in his trial. Yesterday defense counsel sought by a series of insistent questions to ascertain who actually had ordered the Colonel court martialed. Colonel Sherman Moreland, the Judge Advocate, at first said that "This is a Presidential court" and later placed responsibility for the proceeding on both President Coolidge and Secretary Davis.

The first witnesses summoned by the prosecution arrived today. They were Harry L. McCleary and Arthur H. Heeger, of San Antonio, and Kenneth McKella, of Houston, Texas, a newspaper man to whom Colonel Mitchell gave copies of statements on which charges against him were based.

It was pointed out in War Department circles today that in the case of Judge Advocate David G. Swain decided many years ago and upheld by the Supreme Court of the United States the charges were made by President Arthur in person. That the court martial had been revised since that time, the Government contends makes no difference so far as the court procedure today is concerned.

Colonel Moreland opened today's session by asking why Colonel Mitchell had asked for a "Bill of particulars."

"The charges against the accused," Mr. Reid replied, "are too vague, too broad and indefinite."

Colonel Moreland answered that this request had the same bases as the already rejected motion challenging the courts jurisdiction.

Washington, Oct. 30.—(AP)—The question whether Colonel William Mitchell's defense will ask the court martial to subpoena President Coolidge was taken under advisement today by Representative Reid, of Illinois, Colonel Mitchell's counsel. No subpoena can be issued before the court convenes Monday.

PRaise WORK OF REV. H. F. JONES

Port Norfolk Baptist Church Passes Resolutions Expressing Regret at Losing Pastor Who Has Accepted Call to This City

The following resolutions passed by the Port Norfolk Baptist Church show the love and esteem in which Rev. H. F. Jones was held by the members of the church. Mr. Jones has accepted a call to the Memorial Baptist Church and will arrive tomorrow to assume charge of his duties:

"Whereas: Our pastor, Rev. H. F. Jones, has served this church for the past ten years and feels that he is called to leave us for a pastorate in a sister state, and

"Whereas: This church has enjoyed a period of growth, in grace and membership, through the able leadership and guidance of our pastor, and

"Whereas: He has won the confidence and love of his congregation by his genial disposition and whole hearted co-operation in all departments of christian work, and his buoyant christian life has been an inspiration to those with whom he has come in contact; his knowledge of the Bible and evangelistic presentation of his sermons have been a further means of endearing him to his people, and

"Whereas: The community as a whole has enjoyed the services and derived great benefit from the efforts of our pastor who was ever ready to aid in every movement for the good of the community, therefore, be it,

"Resolved: That we, the members of the Port Norfolk Baptist Church, do hereby express our hearty thanks and appreciation for his magnanimous service, as well as our sincere regret that he is to leave for another pastorate; we heartily commend him and his capable co-worker, his wife, and his family, to the members of his church as well as to the people of the community in which he shall serve.

"Resolved: That these resolutions be spread upon the minutes and copies distributed as follows:

"One to the Religious Herald. "One to the Portsmouth Star. "One to the Virginian-Pilot. "One to Rev. H. F. Jones.

"Respectfully submitted, J. C. Blonchard, chairman; J. A. Williford, J. E. Shlakelford, H. G. Lindner, L. W. Collier, T. C. Eley, C. F. Mathews, F. M. Cox, G. S. Carter, N. E. Wellons, R. E. Harrel, C. P. Saunders, G. W. Harrison, L. S. Stephenson.

Donates Lot Business and Professional Women's Club

Raleigh, Oct. 30.—(AP)—A lot containing an acre of land in Little Switzerland has been donated the Raleigh Business and Professional Women's Club, of Raleigh, by Supreme Court Justice Herriot Clarkson.

The club has taken steps to incorporate itself, in order that it may hold title to the land, as an organization, and a committee has been appointed to visit Little Switzerland and choose a lot for the erection of a club house.

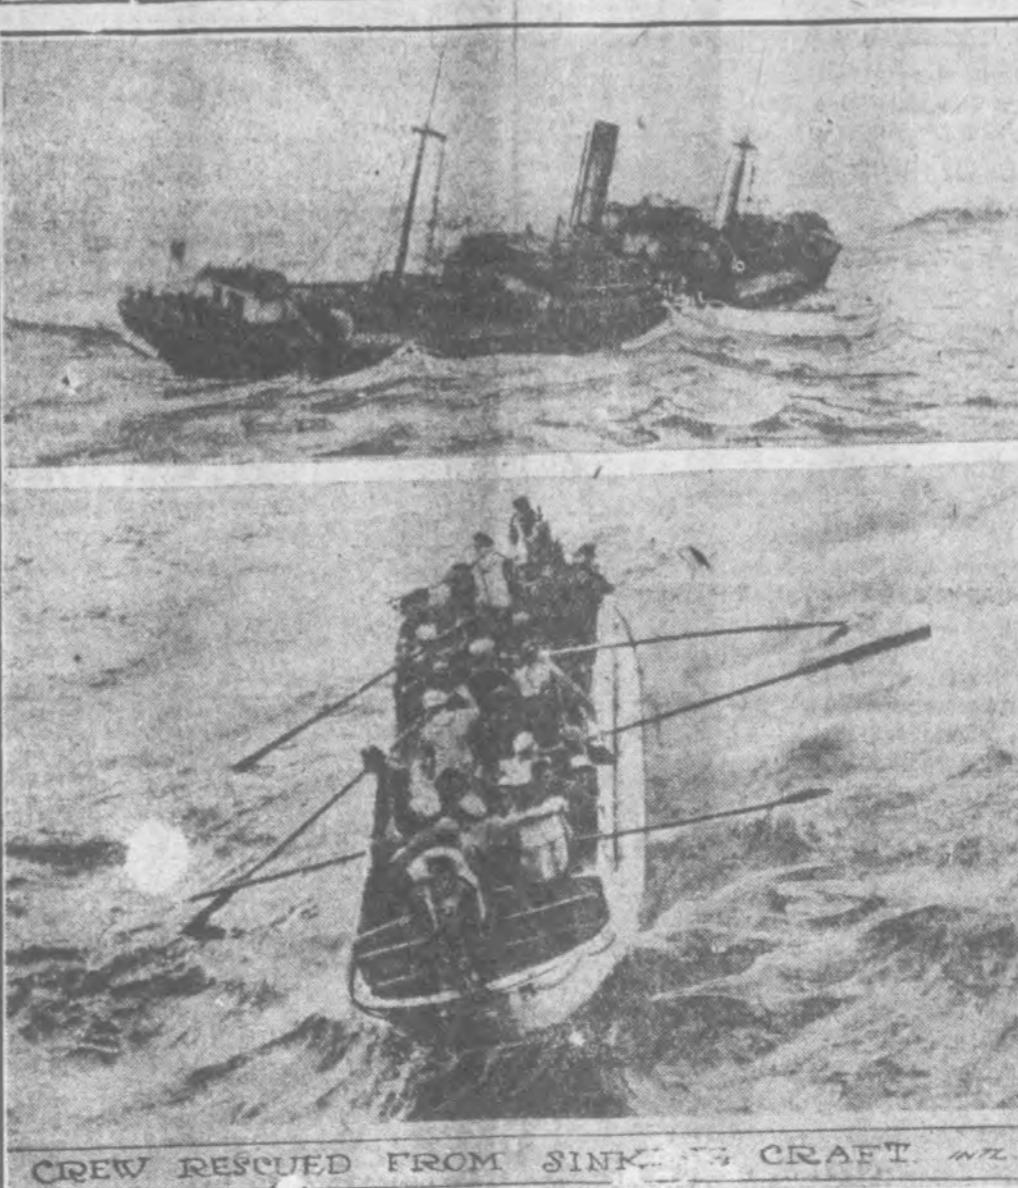

Calls Special Cabinet Council to Discuss Situation in Syria

Paris, Oct. 30.—(AP)—The special cabinet council to discuss the situation in Syria has been called for this afternoon.

The semi-official Havas Agency says that Paul Bencour, leader of the Socialists party and former Minister of Lable, has been asked to become French high commissioner in Syria, replacing General Sarrail.

The dispatch says it is probable that General Sarrail will be recalled to Paris shortly to explain events in Syria. American officers reports presented to the French Foreign office by the American Ambassador acting on instructions from Washington, have given the French Government more information of the actions in Syria of General Sarrail, than Paris has received from General Sarrail himself. It was learned today.

Seamen Saved as Ship Sinks

WITHDRAW SUPPORT FROM STONE MOUNT. MEMORIAL ASS'N.

U. D. C., Georgia Division in Annual Conference Takes Action After Bitter Fight.

Sanderville, Ga., Oct. 30.—(AP)—Georgia today was awaiting a probable reply by the Stone Mountain Memorial Association following withdrawal from the organization of all support yesterday by the United Daughters of the Confederacy Georgia division in annual conference here.

The action taken by the convention was in the defeat of a resolution which sought to have the daughters endorse the sale of Stone Mountain Memorial half dollars. Rejection came after a bitter fight which drew in the name of Clifford Walker, of Georgia, on the side of the Memorial Association.

Following rejection of the resolution the convention adopted another resolution sustaining the report of Mrs. Walter D. Grace, of Macon, retiring President of the Georgia Division. The report said to have criticized the memorial association charging extravagance and stating that the gigantic memorial would never be completed under the present management of the Association. The management headed by Hollins N. Randolph, President, is the same which canceled the contract of Gutzon Borglum sculptor, several months ago, and employed Augustus Luke-man in his place.

Plans are practically complete for the Armistice Day Celebration on Wednesday, Nov. 11th. The program will be featured by an address by Col. J. M. Johnson, of Marion, S. C. a parade and other interesting features.

Post Commander S. L. Bridgers has appointed the following committee to have charge of the day's activities:

J. C. Lanier, W. H. Rogers, Jr., Dr. K. B. Pace, dinner committee, L. J. Smith, F. J. Diener, Coon Williams, L. W. Cherry and Picture committee, A. B. Corey.

The tobacco market will be closed for the day.

The committees are making every effort possible to make this the most successful celebration service the signing of the Armistice.

Estimates 1000 Persons Killed During French Bombardment Damascus

Washington, Oct. 30.—(AP)—Estimates placing the property damage during the French bombardment of Damascus at \$10,000,000 and the loss of life at 1,000 persons have reached Washington, but there have been no official reports of American or other foreigners among the killed or missing.

Detailed information is still awaited as to the damage done American property and it is expected formal claims will be presented in Paris when complete data is at hand.

Sofia, Bulgaria, Oct. 30.—The Sofia newspapers print columns of "eye witness" stories today charging that the withdrawal of the Greek troops from Bulgarian soil was marked by scenes of pillage and destruction.

LEAGUE COUNCIL COMPLETES TASK ADJOURNS TODAY

Summoned on Last Monday to Prevent Threatened Hostilities Between Greeks and Bulgarians

Paris, Oct. 30.—(AP)—The council of the League of Nations, hurriedly summoned on Monday last to prevent the threatened hostilities between Greek and Bulgaria, adjourned today with its task accomplished.

Official notification from allied military experts on the scene was presented at the final meeting to the effect that the Greek had completed their evacuation of Bulgarian soil eight hours before the time limit set by the council.

A commission of inquiry now will proceed to the spot investigating the incidents leading up to the Greek occupation of Bulgarian territory and report its findings to the December meeting of the council.

The closing of this week's session was marked by a moving address by Aristide Briand, the President, who declared the League's existence had been fully justified by this settlement alone. In reverent tone which thrilled its hearers M. Briand dedicated the session just closed to the memory of Woodrow Wilson, "who proposed and realized the League of Nations," and Leon Bourgeois, the French statesman who presided over the peace conference commission which adopted the League covenant.

MRS. CARL ABEE WINS FIRST PRIZE; CAMPAIGN WAS GREAT SUCCESS

Over \$3,000 in Prizes Awarded Last Night to Ten Workers; Reflector's Subscription Drive Proved Successful From Start to Finish

First Prize—Mrs. R. C. Abee, Hudson-Reflector thanks the public in general for their hearty co-operation in this campaign without which it would never have been the unqualified success that it has. Second Prize—Miss Lillian Hooker, \$250 Suit of Furniture. Third Prize—Mrs. F. J. Diener, \$115 Radio Set. Fourth Prize—Miss Mary G. Harrington, \$187 Suit of Furniture. Fifth Prize—Mr. H. C. Davis, \$115 Radio Set. Sixth Prize—Miss Helen Joyner, \$75.00 in Cash. Seventh Prize—Mrs. Lucy Moye, \$50 in Cash.

Ten per cent cash commission on all subscription money turned in was awarded to Mrs. Margaret Cook, Mrs. W. G. Rush and Mrs. Irene King. The great campaign of the Daily Reflector is over. Promptly at eight o'clock last night the doors of the campaign office were closed for the last time on one of the greatest and most successful subscription campaigns ever conducted by any daily newspaper in Eastern Carolina.

From the conception of the campaign until the last subscription was turned in and the votes deposited in the locked and sealed ballot box there was nothing to mar the drive. Rules laid down at the beginning of the campaign were followed to the letter by all the participants. The campaign was fair and square from the start to finish as all who took part will agree.

Those who worked the hardest and secured the most votes were the winners. The final total vote cast by each of the workers appears in this issue of the Reflector, along with the winners and the judges' report as signed by the judges after having completed the final count and rechecked.

The Reflector wishes to take this occasion to thank all who took part in the campaign, to congratulate the prize winners as well as those who have earned a commission check.

Table with 2 columns: Name and Prize Amount. Mrs. R. C. Abee: 4,049,225; Miss Lillian Hooker: 3,964,825; Mrs. F. J. Diener: 3,227,525; Miss Mary G. Harrington: 2,546,425; Mrs. H. C. Davis: 2,283,150; Miss Helen Joyner: 1,249,175; Mrs. Lucy J. Moye: 1,199,400; Mrs. W. G. Rush: 1,115,400; Miss Margaret Cook: 1,114,250; Miss Irene King: 692,750.

26 Conferences Cast 2,633 Votes for Unification

Nashville, Tenn., Oct. 30.—(AP)—Twenty-six conferences of the Methodist Episcopal Church South cast votes of 2,633 for and 1,901 against unification with the Methodist Episcopal Church. The total votes cast represent approximately one half of the voting strength of the Southern church. With this vote the plan of unification lacks 771 votes of the constitutional majority or 3 fourths of the total votes cast. Nine conferences are still to vote, including the China and South Brazil conferences, which have voted, but whose results have not been received in head quarters. The result of the balloting will be reported to the quadrennial General Conference, which meets in 1926 after the annual conference have been completed.

Escaped Convict From Lenoir Co. Arrested This County Today

Dave Koonce, white man and an escaped convict from Lenoir county was shot in the thigh today by Deputy Sheriff Seymour when he resisted arrest and attempted to attack the officer. The arrest took place at Gardner's Cross Roads, Lenoire who suffered only a flesh wound is in the local jail waiting for Lenoir county authorities.

Officer Seymour at a request of the Lenoir authorities went to arrest Koonce. Upon arrival Mr. Seymour found it necessary to deal with two men as Koonce and his brother were together. However after some trouble he succeeded in making the arrest but not before he had struck the brother on the head with his hand cuffs and shot Koonce.

Terral Rushing to Arkansas to Prevent "No Pardon Policy"

Little Rock, Ark., Oct. 30.—(AP)—State Senator Sam B. McCall acting governor retained the office today while Governor Tom J. Terral rushed in the direction of Arkansas from Birmingham in order to prevent a further violation of his "no pardon policy." Governor Terral went to Birmingham to attend a conference of Governors.

Mr. McCall has issued a total of nine pardons in two days and approved the bond of Frank Horsall as disbursing agent of the Fourth District Agricultural College. Horsall is an avowed enemy of the Governor.

Will Appoint New French Ambassador to United States

Paris, Oct. 30.—(AP)—It is learned on high authority that Senator Victory Henry Berenger will be appointed shortly to succeed Emile Daelechner, as French Ambassador to the United States. The decision of the Governor to change Ambassadors in Washington is closely related to the American debt funding campaign. Foreign Minister Briand has impressed upon Premier Painleve and others of his colleagues in the cabinet that another effort should be made to settle the debt. Senator Berenger is regarded as the best man available to bring this about.

TRIBUTE OUT OF DATE

The right to own and operate a coal mine, and the right to work or not to work at a stated wage, may both be God-given. But the fact remains that this country is too big and too versatile to be wrecked by either side in a coal strike; there are other fuels, other workers, other capital, that will work just as well or better. The day of strike or lockout to force the public to overpay as tribute or ransom, is getting well past. Manufactured gas is rapidly taking the place of coal in home and factory, while the electrification of railroads will help eliminate the coal shortage fears of transportation companies and shippers.

UNDEMOCRATIC, UNREPUBLICAN, UN-AMERICAN

Congress Lozier, Democratic member from Missouri, in a recent statement on tax exemption, said:

"The policy of exempting securities from their proportion of the tax burden is undemocratic, un-republican, un-American and a vicious form of governmental favoritism. It tends to create a privileged class, which is antagonistic to the basic principles on which our government is founded. It strikes viciously at our progressive income tax system, in that it permits a comparatively few individuals with

large incomes to escape their quota of taxes, and correspondingly increases the burdens of those who have moderate incomes."

TEACH FIRE PREVENTION IN SCHOOLS

The Insurance Age Journal of Marblehead, Massachusetts, says: "Certain national tendencies which seem to be inherent within the hearts of young and irresponsible people in this country make them too fond of fires to seek their prevention seriously. They love to see the engines and other apparatus dashing madly through the streets; to thrill at the sound of the sirens and gongs; and to fall in with the ever-increasing group hurrying in the direction asking, 'Where's the fire?'"

"Once at the conflagration, with the possible exception of dwelling houses, hope against hope is expressed that the fire will not be extinguished too soon, that it shall continue to amuse. Everyone wants to see a big fire. If it's a business or commercial building, they think, 'The owner's carrying insurance, so where's the loss?'"

Physical culture is a part of school and college work in order to benefit individual physically and prolong life. When one considers that last year some 15,000 persons were killed in fires, not to mention those injured, and that over \$500,000,000 worth of property went up in smoke, it would seem that one of the greatest services that our public schools and colleges could render to the coming generation would be regular and systematic instruction in fire prevention work.

Every single person in the land is of necessity forced to use fire in some form or other. Then why should they go uninstructed as to the proper methods in safeguarding its use?

The bore we have with us always.

Most men tell their wives everything even if they don't know it.

So live that you think all people better than you know they are.

How time does fly. Baseball teams are claiming next year's pennant.

AS FELLOW MEMBER OF LEAGUE DUCHESS WAS DEMOCRATIC

Geneva.—As many American legislators rhetorically stumbled about in the presence of the first woman lawmakers, so did members in the humanitarian committee of the League of Nations assembly feel their way with some uncertainty and misgiving in the presence of an authentic British kinswoman as a fellow worker.

How to address Her Grace, the Duchess of Athol, member of Parliament and delegate of Great Britain probably caused, at least at the start, as much browpuckering as any of the knotty problems brought before the league body.

Not that Her Grace wasn't graciousness itself. Simple in dress, genuine unaffected in manner, pleasing in profile, modulated in voice, courteous

and smiling in debate, democratic to her aristocratic finger-tips, the Duchess one aim seemed to be to put all her fellow-committeemen and women absolutely at their ease.

But while bespectacled and booted and bustling lady reformers are no novelty to the humanitarian committee, and while it is fairly blasé as to the presence of Indian potentates, a real British duchess was something else again. Her appearance for the first time in the committee room might be likened to the advent of a post-Jutland type dreadnaught flying the Union Jack amidst a flotilla of gunboats designed for service in the Chinese rivers.

"Madame la Duchesse" was used often enough by the French-speaking committee members, but the non-British colleagues of Her Grace were often at a loss. The chairman, the sturdy democrat Mr. Mowinkel, foreign minister of Norway, tried his hardest to get used to the situation, only to fall from grace one day with: "Duchess! Do you mind if I interrupt you to let Dr. Nansen put in a word?"

The Duchess, smilingly, said she didn't mind a bit.

THE DAWES PLAN TO FAIL, IS FEAR OF DR. SCHACHT

Berlin.—Scepticism as to the possibilities of fulfilling the Dawes Plan has been expressed by Reichsbank President Dr. Schacht in a speech at Karlsruhe reviewing the present financial and economic situation of Germany.

"In her efforts to reach a pre-war status Germany is severely handicapped by the foreign countries erecting tariff barriers. It is impossible for Germany to meet the obligations of the Dawes Plan unless the markets of the world are opened. Europe should be a unit, economically speaking. That's why it is wrong, in his belief just as well to erect tariff barriers around Germany which will do nothing but bar Germany from the foreign markets at a time when her industries badly need expansion.

As a result of the Versailles treaty he holds, Europe was "Balkanized." This Balkanization resulted in unnatural tariff measures, various small nations, formerly purchasers of German goods, having become serious competitors imbued with the ambition to establish economic autonomy. But even if in the course of future developments Europe became an economic unit, the fulfillment of the Dawes plan would be seriously menaced as long as Germany will not be enabled to draw raw materials and food from settlements and colonies of her own in his belief.

The attempt of reconstructing the German industries by means of foreign capital is a dangerous experiment unless it is done by long-term credits, he declared. Short-term credits are too heavy a burden for our already weakened industries. In the interest of a speedy recovery however, foreign credit should be restricted to a minimum, he asserted. "Municipalities should not raise foreign loans unless they are adequately covered."

Dr. Schacht severely criticized the hitherto adopted methods of public institutions, like the administration of the German Posts, denouncing them as unproductive and detrimental to economy.

COMMUNISM IN RUSSIA REACHES HIGHEST POINT

Moscow.—Communism in Russia has reached its highest point—literally.

A group of party workers has just clambered up to the Plateau Pamir in Russian Turkestan, where, at an altitude of 11,000 to 25,000 feet above sea level, they have established a local "cell" and begun to spread the doctrines of Marx and Lenin. The natives whom they intend to educate in the theory of class struggle call their home "The Roof of the World." It vies with a few regions in Tibet for the distinction of being the highest inhabited portion of the globe, and the new cell's headquarters will be at a level with the tip of Pike's Peak, 14,000 feet above the sea.

ISOLATED CHINESE PROVINCE GETTING FIRST MOTOR ROAD

Kingchow, Province of Kansu.—This central China province is getting its first motor car road.

For communications in the past, Kansu probably has been the worst off of any of the 18 provinces. It has no railways, and practically no navigable rivers. But in spite of these disadvantages, travel has been lively because the main route to Tibet and Turkestan lead through the province.

Lu Yung-tao, military and civil governor of the province last year

ordered his principal general to start the road work with the soldiers under his command. The general commanded each regiment to build seven miles of road. The soldiers promptly impressed resident farmers into service. A road capable of handling motor traffic of more than 100 miles has been completed.

TO SPARE ROD SPOILS THE CHILD VETERAN SCHOOL HEAD THINKS

Lynchburg, Va.—For forty-seven years E. C. Glass has held continuously the post as superintendent of schools in this city. Fifty-four years of teaching and administrative service has been given exclusive-

ly in Lynchburg schools. Superintendent Glass who also was educated as a boy in the schools which he came to direct, believes in the principle that "to spare the rod spoils the child." He points as evidence to 100 cases of corporal punishment in his schools during the last season.

That use of the rod is declining, however, was concluded from the fact that although there are now four times as many students in his schools as were enrolled in 1879, when Mr. Glass first took the office, there were in his initial year 2,100 cases of corporal punishment. The majority of "whippings" were administered to negro children by negro teachers.

EARL COOPER WILL AGAIN PARTICIPATE IN CHARLOTTE RACES ON NOVEMBER 11

Charlotte, Oct. 30.—Piloting a racing car around the track and hearing the applause of the crowd is a much more desirable occupation than that of selling automobiles.

At least this is the view of the situation taken by Earl Cooper, who will participate in the big race to be held here on Armistice Day, November 11. Cooper at one time was in the automobile business in San Jose, but gave it up to take up racing.

Earl is heralded as one of the most gallant knights of "the roaring road" of the road events and dirt track grinds. Cooper is one of the most popular drivers who ever donned a pair of goggles. Anytime Earl Cooper is entered in a race the other contestants have the almost respectful feeling that they are competing with a racer. Cooper can do more than get speed out of a piece of machinery. He is a heavy driver and a shrewd, always looking for an opportunity. "A Boy of Elmdale," "Long Live the King" and "Little Robinson Crusoe." But "The Rag Man" is the immediate hit because of the abundance of comedy episodes. OPEN HOURS OF COTTON MARKET CHANGED

The cotton buyers of Greenville have decided that beginning November 1, the local cotton market will not open until eleven o'clock each morning and will close again at noon. The market will be opened again in the afternoon after three o'clock. Farmers are urged to take note of these new hours in order that they may not be inconvenienced by bringing their cotton to the market during the hours that it is closed.

HORSEMAN INJURED IN TARBORO RACES

Tarboro, Oct. 30.—Tremendous crowd, estimated at 15,000, attended the Coastal Plains Fair here yesterday. In afternoon Ben Mayo, wealthy farmer and owner of fine horses, while driving one in a racing race was thrown from his sulky and had his left ankle broken. An automobile was driven on the track while the race was in progress and Mayo's horse chieled, throwing him out.

Mr. Mayo was forthwith rushed to the hospital where his injury was treated by surgeons. He was reported as suffering considerable pain. After the accident the horse raced around the track five times, defeating the others in the race.

FARMERS APPEAL

By O. L. J. OYNER

MARKET REPORT.

During this week more tobacco has been sold in Greenville probably than has been sold in a single week in many years, if not in the history of this market, and at an average price for the entire week higher than years, and that it would average since 1919. I have not the official figures at hand but the average for 1919. Since that time I have seen everything sold will range around or thirty-five cents a pound, and it is not to much to say if the tobacco sold this week had been marketed in two weeks instead of one the price would have been at least forty cents per pound. This statement is made on the basis of general conditions existing in the tobacco trade and the supply and demand for tobacco.

While there has been a block on the market, the entire week, prices on all grades have been steady and there has been no very appreciable drop in the market. Speaking personally I was on sale nearly two entire days this week in selling off our block, and resuming the regular sale with different sets of buyers each day, who had been on sale continuously from nine in the morning until five in the evening, the entire week, and in all my experience I have never seen more uniform prices, or less fluctuations in the market. It is really remarkable how well prices have been sustained. It appears that everything will be sold off Friday and the factories cleaned up, and ready for business, Monday.

The Greenville Tobacco Market occupies the best and strongest position relatively of any market in the Eastern Belt. There is more uniformity of purpose on the part of the warehousemen, buyers, and all others interested to make the Greenville market the best and biggest market in the East than ever before, and with good roads and a general development of this section, it does not require the vision of a prophet to foresee what Greenville and the Greenville Tobacco Market will be within the next few years.

THE 1925 EASTERN N. C. TOBACCO CROP.

The general opinion that has prevailed since the tobacco crop, in this section was planted, has been that it was the largest crop every produced. This opinion was based on several things, but principally on the Boll Weevil menace to the cotton crop, thus causing farmer to plant tobacco instead of cotton. The crop will not turn out as large in pounds, as has been generally believed, and while the tobacco average as large, or even larger than any previous crop, the yield per acre is going to be disappointing. A great many farmers have already sold out, and many more have sold a large percent of their crops. From the information at hand the yield will be low seven hundred pounds to the acre. Just four weeks ago, I wrote on this page that the tobacco crop in Eastern N. C. was the best crop of this market, and it is change of opinion; on the contrary I am firmly convinced the crop will be even lighter in yield per acre, and it is proving to be a better crop quality than it seemed at that time. The Old Belt Tobacco Crop is far below an average, and it is not a bright crop either; besides the early frost killed a good part of it. Again I say that this crop should bring the farmers more money than any crop since 1919.

TOBACCO MARKET CONDITIONS

Notwithstanding the tremendous quantity of tobacco that has been thrown on the markets this week, prices have been steady on all grades, where the tobacco was put on the market in good order and condition. As referred to on this page, last week, farmers could profit in hundreds of thousands of dollars annually by marketing their tobacco in a more uniform and systematic manner, instead of throwing the tobacco, so to speak, on overcrowded markets, and sometimes in bad order too.

I have seen tobacco crowded in the warehouses, this week in such order, that if allowed to remain in bulk forty-eight hours would take heat and soon ruin. Yet buyers are expected to buy the tobacco in this condition at standard market prices. The wonder is, that at such times prices do not go to pieces, altogether, but my observation of many years has been, that tobacco buyers, as a general rule, try to support the market instead of taking advantage of the opportunity to depress prices. Of course there are bears in the tobacco business the same as in all other lines of business, who do use such opportunities to their advantage and as stated above, the wonder is that the practice is not more general. The simple truth is, tobacco buyers as a rule, are much more liberal in their attitude toward the growers, than are buyers of any other products of the farm, with which I am familiar, such for instance, as cotton, peanuts, and live stock. The system of selling tobacco, while not perfect, is far and away ahead of the system of selling other farm products; and as evidence of this, one has only to observe market conditions and note the comparative slight fluctuations that occur during such times of over-crowded tobacco markets as has been general all over

eastern North Carolina, during the past ten days, and compare it with market conditions prevailing when a bearish report is published concerning the cotton or peanut market, or when these crops are rushed to market during a period of congestion, such as the tobacco markets have experienced the past ten days.

OPTIMISTIC FINANCIAL OUTLOOK TAKEN BY THE BELGIAN MINISTER

Brussels.—An optimistic view of the Belgian financial situation is taken by M. Janssens, Minister of Finance. In an interview he declared that, far from being in danger of devaluation, the franc is bound slowly but surely to improve its position.

No loans would be issued during 1926, he said, to cover new expenses, and although a foreign loan would have to be floated, it would be used to "consolidate" the franc, to make reimbursement to the Bank National and to build up a strong cash balance that might be the means of steadying effectively the financial market.

HOD ELLER NOW EXERCISES HIS PITCHING ARM MOVING TRAFFIC

Indianapolis.—Whi's Dutch Reuther's good left arm was helping the Washington Americans win their second pennant this summer, Hod Eller was giving his right arm a daily work-out directing traffic at an Indianapolis street intersection.

Reuther and Eller pitched Cincinnati to a world's series title over the Chicago White Sox in 1919.

The ups and downs of baseball took Reuther from Cincinnati eventually to an important place in Washington's pennant dash. Eller remained in the majors one year after his sensational pitching of 1919, drifted to the Indianapolis American Association team and then to Little Rock in the Southern Association. He quit organized baseball this year and became an Indianapolis policeman.

Near JACKSON, N. C.

NORTHAMPTON COUNTY

H. F. Edgerton, of Kenly, N. C. Owner. This farm is known as the Odom place, and located at Boone's Cross Roads on Roanoke River, near the State farm, and 3 miles from Jackson, 14 miles from Weldon in Jackson High School District. This farm will be subdivided to provide a residence on each tract if possible as there is about 30 buildings on the place. Nearly 600 bales of cotton this year. No boll weevil, fine peanut land, fine cotton land, fine tobacco land and all kinds of grain. Farm is rolling enough to drain well. Good rural labor conditions and at moderate prices. This farm produces from one to two bales of cotton per acre when there is a good season. Modern up-to-date cotton ginney. Excellent location for country store and filling station. This subdivision is the finest farm ever offered at auction in this section. On account of his health and business requiring so much attention, Mr. Edgerton has consigned this farm to our company to be sold for the high dollar, so your price our price. Now is the time to buy land as there is a big land boom started in N. C., so get in on the "ground floor" while prices are low.

We are in a position to negotiate a long time loan for the purchasers of this farm after you make your cash payment.

ANTIQUE CLOCK IS MOVED AT LAST

Philadelphia.—The "Rittenhouse Clock," one of the most famous clocks in the country, and the prized possession of the Drexel Institute here, was moved recently as carpenters were making changes on the main floor of the museum.

The clock was the last and great effort of David Rittenhouse, famous astronomer and mathematician. He was the first director of the United States Mint at Philadelphia.

On account of the high cost to have this famous timepiece repaired it is not working now. It has been estimated that to put the clock in working order the expenditure would be greater than its original cost, which was about \$700.

The clock was made before the Revolutionary War by Rittenhouse for Joseph Potts, a wealthy man, who it is said sold it to Thomas Prior, shortly before the evacuation of Philadelphia in 1778 by the British. It was sold to General Sir William Howe for 120 guineas. When he died in 1801, the clock became the property of Professor Barton of the Drexel Institute, the biographer of Rittenhouse. George W. Childs purchased it from James Swain in Oct. 1878. Childs presented the clock to the Drexel Institute in 1898.

There is attached to it the mechanism of a musical clock—sixteen sets of chimes—besides an accurate penantarium, placed on its face above the dial plate.

The clock stands nine feet high and two feet fifteen inches deep. The clock records the time by second, minute, hour and day, shows the position of the moon and the stars and has other smaller contrivances for recording time.

VINEZ LOST U. S. TOUR WHEN VLIET REFUSED TO BOW IN 10

Paris.—Lucien Vinez, European lightweight champion, will remain in Europe another year because he failed to dispose of Piet Van Vliet of Holland, by a knockout inside of ten rounds. Vinez won the decision after 15 rounds and saved his title, but he lost an attractive American tour.

An elaborate American itinerary had been prepared by a Cleveland sportsman, provided Vinez won in ten rounds. The man made the effort but threw science and experience to the winds. The wily Dutchman aware of Vinez' intention merely kept away from harm, kept poking his left hand into the champion's face and weathered the 15 rounds.

OCTOGENARIAN MAKES LIVING AS INSTRUCTOR IN SWIMMING

Tacoma, Wash.—J. T. Richards, 80, has a reputation of being able to teach swimming to any one old enough to get in the water. "Dad", as he is known, has been swimming whenever he desired for 70 years. He is now instructor at the municipal saltwater natatorium. He makes a specialty of teaching children. He says girls make the best swimmers.

Suffers Rare Disease; He Sues.
Winchester, Va.—Claiming his health has been permanently injured by manganese poisoning, considered one the rarest of toxic afflictions, Garrett H. Haun of Shenandoah county, has entered suit against his former employers, a manganese mining company, for \$25,000 damages. In his petition he said international specialists had treated him. He accuses the mining company of not complying with state health laws.

LONDON FINDS OTHER THAN BEAUTY IN U. S. FILM STAR

London.—Audiences were surprised to see in Betty Blythe, a motion picture actress, one who was not only beautiful, but who could sing well. Blythe's personal appearance here was a triumph.

Edith Day, Dorothy Dickson, Lucille Laverne and Tallulah Bankhead are other American actresses whose names are in the electric signs over London theatres which are having successful runs.

Lacquered Furniture Popular.

London.—Lacquered furniture has become very popular amongst society people. A suite of this kind of furniture for the bed-room has just been completed for the Queen of Spain, in a subtle shade of blue. Princess Mary Lascelles is having the ex-soldiers at Lord Roberts Workshops turn out a bedroom suite for her new home, Egerton Lodge, at Newmarket. The ground tone is of old ivory with colorings in reds, blues and greens intermixed.

STAGED JOLLY PARADE AS CAB HORSE LEFT HAMBURG'S STREETS

Hamburg.—When the horse cab left Hamburg, most of the former drivers of which have procured licenses as taxi chauffeurs, staged an impressive farewell parade, in which every type of cab in existence was represented.

A herald on horseback at the head of the parade was dressed in an old-fashioned jerkin trimmed with fur and carried the banner of the coach drivers' guild. Each of the vehicles was decorated and the drivers were bedecked with white, brown, gray or black top hats. On a large wagon throne a miniature "pub" to symbolize the cab-drivers' proverbial thirst.

Costa Rica Appoints Consul.

New Orleans.—Costa Rica appointed its first consul-general to New Orleans in Dr. Ramon Bedoya, author and lawyer. Dr. Bedoya is a graduate of Columbia University, and practiced law in Costa Rica. The Costa Rican business here was transacted by an honorary consul, but an increase in trade caused the appointment of the consul-general.

10 Quarts of Ice Cream Each. Harrisburg, Pa.—Enough ice cream will be produced in the United States this year to provide every man, woman and child with ten quarts or more.

Fred Kasmussen, executive secretary of associated ice cream manufacturers, said a survey showed that the year's output will total more than 1,200,000,000 quarts. There are approximately 4,000 ice cream plants.

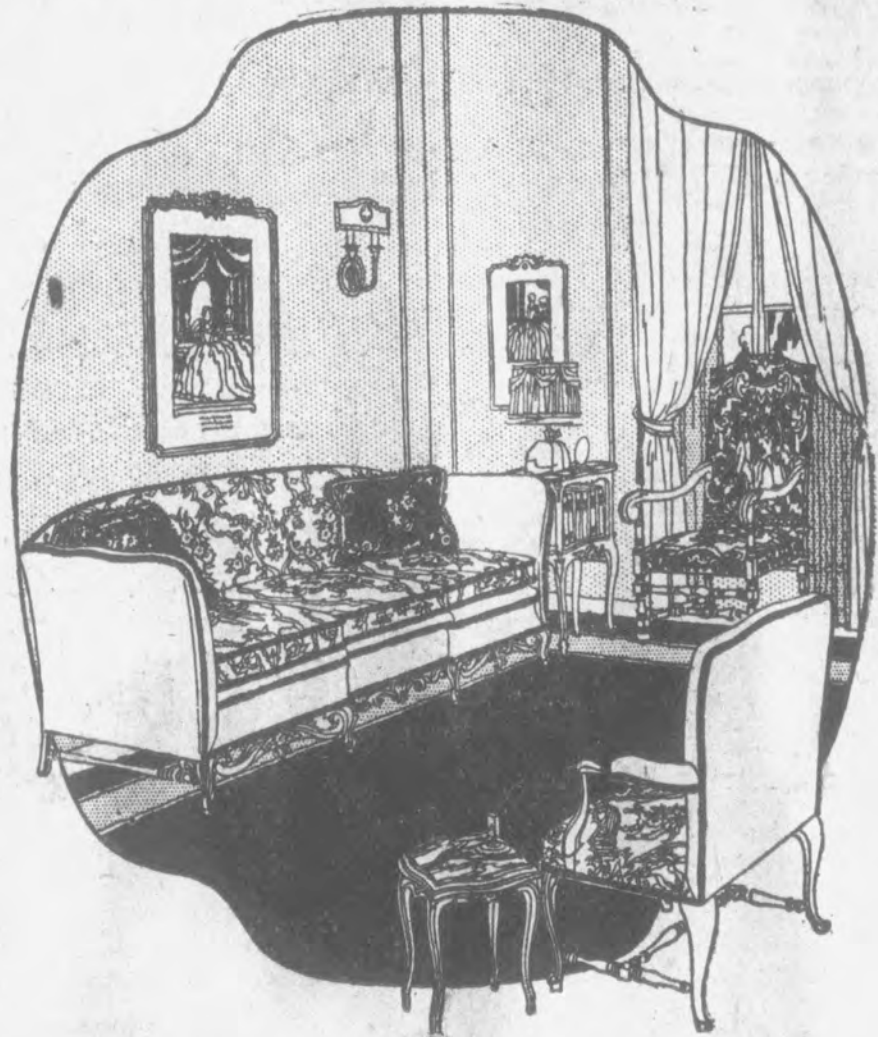

Ten Cent Verdict.

Providence.—He sought \$10,000 damages and he got 10 cents. Harold W. Gaynor was the plaintiff. Anton Ledyeriss was the defendant. The suit resulted from an automobile collision. The jury found for Gaynor, but awarded him only ten cents.

Wife Gents Ruth's Farm.

Sudbury, Mass.—"Babe" Ruth has conveyed his farm here to his wife. Because he purchased the place for a home, he thought it should be in his wife's name. The farm, which comprises about 125 acres, is about two miles from the Wayside Inn.
