SMOKING IN WOMEN COLLEGES RECEIVES SCANT SYMPATHY

Precedent Set By Bryn Mawr Placing Stamp of Approval on Students Smoking Fails to Receive Sympathy Southern Colleges

Atlanta, Nov. 27.—(AP)—The precedent set by Bryn Mawr in placing the stamp of official approval on smoking by its women students, finds scant sympathy among southern colleges attended by women, a survey completed today by the Associated Press revealed. Reports were received from 37 institutions including five in the District of Columbia whose student bodies are made up largely of southern girls.

"I disapprove very heartily of girls smoking and our girls are not allowed to smoke," said Miss May McClellan, acting president of Peace Institute, a Presbyterian College in Raleigh. "However, I think it is a question of manners and not morals. I believe it is detrimental to the health but I do not feel it is a sin for a girl to smoke any more so than for a boy. It is a matter of convention and I do not believe it has become conventional for girls to smoke habitually in this country as it has perhaps in some others."

Dr. Warren W. Way, president of St. Mary's, Episcopal, Raleigh, said "I am opposed to smoking among boys and more so among girls. The action of Bryn Mawr sets a bad precedent."

Dr. William H. Frazer, president of Queen's College, Charlotte, Presbyterian, "has a rigid rule against smoking but no violations since several years ago when several girls were shipped for violation."

Three Societies to Hold Joint Sessions On Friday, Dec. 11

Raleigh, Nov. 27.—(AP)—Final arrangements have been completed for the joint sessions here on December 11 of the Stage Literary and Historical Society, the North Carolina Folk Lore Society, and the North Carolina Fine Arts Society, it has been announced here by R. B. House, secretary.

The final completion of the program was announced when Homer St. Gaudens, director of Fine Arts at the Carnegie Institute of Pittsburgh, accepted an invitation to make an address, the invitation having been extended by the Fine Arts Society.

All of the three organizations will hold their session in Raleigh during the week December 9 to 11. And during the same week, the Carolina Playmakers will appear here on December 9, presenting the same bill of plays with which their new theatre at Chapel Hill was rededicated. Although the Playmakers are co-operating with the Literary and Historical Society in the matter of date, their appearance is an entirely independent affair financially, said Mr. House.

Thursday evening, in the auditorium at Meredith College, Professor Frederick H. Koch, president of the Literary and Historical Society, and director of the Playmakers, will deliver an address, illustrated by slides. He will be followed by Hatcher Hughes, professor of English at Columbia University, winner of the Pulitzer prize, and author of "Hell Bent for Heaven" and "Raint." Mr. Hughes, who is well known as a writer and speaker, is a native of this state.

Following Mr. Hughes' address, a reception for the members of the associations and guests of the association will be given.

A session devoted particularly to the fine arts is on the program from Friday morning at 11 o'clock, to be held in the hall of the house of representatives. Paul Green, author of one of the plays which will be presented by the Playmakers and professor at the University, and W. T. Polk, known his journalistic work and interest in the fine arts, are on the program.

The North Carolina Folk Lore Society will meet Friday afternoon at 3 o'clock in the Woman's Club. Mrs. W. N. Reynolds, of Winston-Salem, will make an address, and the Misses Franklin, of Crossnore School, will render a program of North Carolina ballads and other songs. Mr. and Mrs. Paul Green will read a paper on folk customs in central North Carolina, and Mrs. D. H. Sutton, of Forest City, will relate her experience in searching for folk songs and other folk lore. Mr. St. Gaudens' lecture will come

KILLS FATHER IN LAW WHEN HE INTERFERES QUARREL WITH WIFE

Willie Wooten Shot and Killed As Result of An Altercation Last Night With Garland Page

Wilson, Nov. 27.—(AP)—Willie Wooten, about 45 years old, is dead and Garland Page, 21, is in jail charged with the killing as a result of an altercation last night. The shooting occurred at the Wooten home five miles from this city.

Page, who is Wooten's son in law, is said to have had an argument with his wife early yesterday and as a result she had left him and returned to her father's home. Late yesterday it was stated today by two eye witnesses to the shooting, Page went to the Wooten home and told his wife he wanted their child or her life. Wooten intervened and was shot and instantly killed. Page appeared to be intoxicated at the time. The young man made his escape but surrendered to the police here early today.

Suicide Pact Results in Death of Husband, Wife

Miami, Fla., Nov. 27.—(AP)—C. Alfred Parquette, 22, formerly of Lynn, Mass., shot and killed his wife in their room in a local hotel early today and then committed suicide. Both died instantly.

A note found by police indicated a suicide pact, they said.

Negro Wounded in Shooting Affray Is Stolen From Hospital

Orlando, Fla., Nov. 27.—(AP)—Arthur Henry, negro arrested and placed under guard at the hospital with a bullet wound in his left side after the shooting last night of Detective George F. Jump and D. W. Dority, was seized by three men early today and carried off. The men gained entrance to the hospital, disarmed a guard and hurried off with the negro.

On Friday evening at 8 o'clock, in the auditorium at Meredith College. The sessions of the three associations will be open to the public. Mr. House has announced.

FIRST PROSECUTION WITNESS APPEARS IN MITCHELL TRIAL

Brig.-Gen. Leroy Eltrige, Commander of Fort McPherson, Ga., Takes Stand in Rebuttal Testimony

Washington, Nov. 27.—(AP)—The first of a long series of prosecution witnesses called to answer Colonel Mitchell's accusations of improper administration of government aviation appeared today before the general court martial trying Colonel Mitchell on disciplinary charges growing out of his public utterances.

Many high army and navy officials are on the prosecution's list and their examinations are expected to run over a period of several weeks.

The first witness today was Brig.-Gen. Leroy Eltrige, army aviator for the Hawaiian defending forces in the recent Pacific war zone and now commander of the infantry brigade at Fort McPherson, Ga. When Representative Frank Reid, counsel for Colonel Mitchell, asked for what purpose Eltrige's testimony would be presented, the reply was that it would be offered for the purpose of refuting whatever evidence the defendant might have offered for exoneration.

HEAD OF CONVICT CAMP TO ANSWER TO TWO CHARGES

Supt. Stanley County Convict Camp Charged With Murder of Two Negroes and Assault on Another

Albermarle, Nov. 27.—(AP)—A true bill charging N. C. Cranford county convict superintendent, with assault upon Henry Wooten, negro prisoner who died shortly after the alleged "cruel treatment" was returned today by the Stanley county grand jury. No decision by the jury had been reached, was announced, in the case charging the superintendent with the murder of James Terry and James Howell, negroes.

Cranford this morning submitted his resignation as head of the Stanley county convict system.

Albermarle, Nov. 27.—(AP)—Two separate cases, one charging murder, were made by the solicitor in Superior court here today against N. C. Cranford, superintendent of the Stanley County convict camp. The first case presented to the grand jury charged Cranford with the murder of James Terry and James Howell, both negroes, who witnesses testified died as a result of "beatings" administered by Cranford. The second case charges Cranford with assault upon Henry Wooten, negro, who started serving a sentence on the county chain gang as a healthy man and was brought out 28 days later a corpse.

Both cases will be given a grand jury immediately. Judge McElroy sitting as magistrate in the preliminary trial, in giving the evidence to the grand jury today said "If the crimes alleged are proven the law could not give severe enough penalty."

Young Man Caught In Attempt to Forge Check Star Warehouse

William Knox, white man, of Carolina Township is being held in the city jail on a charge of attempting to forge a check on the Star warehouse. The check for the amount of \$1,680 was presented at a local bank and the cashier knowing Mr. Sugg's signature detected the forged signature before the check was cashed. Knox was immediately arrested.

According to information Knox stayed around the warehouse all the morning Wednesday and at the noon hour, while the bookkeepers were away he succeeded in getting into the office and tearing a blank check. The check was poorly written being made payable to some unknown party and signed B. B. Sugg. Evidently Knox knew that Mr. Sugg signed the checks at the warehouse.

Duke University Stands Richest All U. S. Universities

Charlotte, Nov. 27.—(AP)—Duke University stands the richest of all American universities, according to statistics compiled by Time, a New York publication.

By the will of the tobacco magnate, it is pointed out, the \$10,000,000 endowment for which Trinity College became a part of Duke University, was doubled. Ending the transfer of Duke University's final \$10,000,000, leading endowments, as given by the New York periodical, are:

Table with 2 columns: University Name and Amount. Duke: \$70,000,000; Harvard: 44,413,891; Columbia: 56,407,427; Yale: 39,697,257; Chicago: 31,992,620; Cornell: 27,270,571; Johns Hopkins: 19,711,717; M. I. T.: 17,122,000; Rochester: 14,924,000; Princeton: 14,000,000; Pennsylvania: 10,208,000.

The figures of all the universities cited, with the exception of Duke, are those of last year, it is pointed out, with these accredited with some advance.

NO DOCTORS AND CEMETERIES IN THIS HOME-COOKING TOWN

Oakland, Cal.—Newark, a town with a population of 1,000 people, situated near here, has never had a doctor, dentist, undertaker, ambulance, drug store, or a cemetery. Mayor Louis Rutschin, authority for the statement, attributes the health of the community to home cooking. Newark also is without a restaurant.

TWO PERSONS KILLED AND TWO INJURED IN AUTO ACCIDENT

Miss Gertrude Berry and An Infant Daughter of Mrs. Rowe Die Shortly After Accident; Others Not Expected to Live

Hickory, Nov. 27.—(AP)—Two persons are dead and two others are not expected to live as a result of an automobile accident at West Hickory, two miles west of this city, yesterday afternoon when a big touring car driven by Guy Rowe, engineer on the Southern Railroad, skidded and crashed into a box car.

The dead are Miss Gertrude Berry, 21, daughter of Postmaster Charles S. Berry, of Drexel, and an infant daughter of Mr. Rowe. The child was hurled out of the auto against the box car and died almost instantly. Miss Berry died about 8 o'clock last night.

Mr. Rowe, whose home is in Newton, is probably fatally injured. He is in a local hospital and his condition while somewhat improved early today, is regarded as serious. The other seriously injured is a Shuford boy, son of George Shuford, Catawba county farmer, who was standing beside the box car when the automobile crashed into it. He has a fractured skull and not expected to live. Mrs. Rowe, wife of the driver of the car, was cut and bruised but is not regarded as seriously hurt.

Figures on Cotton Ginnings Continue Show Increase

Raleigh, Nov. 27.—(AP)—Figures of the United States Department of Agriculture on cotton ginnings in the various counties in North Carolina continue to show big increases over the figures for this time last year.

The preliminary report of cotton ginned by counties in this state, for the crops, 1924 and 1925, prior to November 14, for both years, has just been received here, and the counties, with figures for 1924 and 1925, are given below. Quantities, says the report, are in running bales, counting round as half bales, linters not included.

FUNERAL SERVICES CONDUCTED TODAY FOR QUEEN MOTHER

Sobs of Grief Heard on All Sides As Body of Beloved Queen Alexandria Passed to Its Last Resting Place

London, Nov. 27.—(AP)—Winter reached out its icy hand and laid tribute on the hier of the gentle Alexandria, England's Queen Mother, today covering the casket with a fleecy blanket of snow as it was carried on a gun carriage from Chapel Royal in St. James Palace to Westminster Abbey where funeral services were held. Thus the Sea King's daughter departed from the capital of her adopted empire as she had entered it for the snow was also falling on the day 62 years ago when she came from Denmark to be the bride of Edward VII.

Close behind the casket walking along with bowed head came her son George, King of England, muffled in a great coat and wearing a plumed hat of a Field Marshal. Ahead led this solitary figure came the monarchs of Belgium, Norway and Denmark and back of them the Prince of Wales with his brothers and the Crown Princess of Romania, Sweden, Denmark and Belgium with Lord Cassel and other nobles who have married into the royal family.

At the boom of the gun that marked 11 o'clock the casket was brought from Chapel Royal and placed upon the gun carriage used at the funerals of Queen Victoria and Edward VII and then the march began through the Mall and streets with Her Majesty's troops marching in ranks which was followed by the monarchs. The soft snow music to which the procession moved was stopped at the entrance of the Abbey after it had passed between the ranks of thousands of citizens who had waited for hours to view the funeral procession. Sobs of grief were heard on all sides as the body of the beloved Queen Mother passed to its last resting place.

The darkened building by night glimmered and placed upon the entrance before the high altar. In the Abbey awaiting the arrival of the procession and ready for the final rites, were Queen Mary, the queens of Spain, Norway and Belgium, Princess Mary, Duchess of York, and several scores of relatives.

Thinks Briand Will Offer Finance Port Folio to Caillaux

Paris, Nov. 27.—(AP)—M. Briand, the Premier-Designate, has asked former Finance Minister Joseph Caillaux to call at the Quay D'Orsay this afternoon. It is regarded as certain that he will offer him the Finance port folio in the new cabinet.

M. Caillaux agreed today to assume the post of Minister of War. In the Cabinet headed by M. Briand.

CHICAGO FREIGHT YARDS MOVE MORE THAN 9,000 CARS DAILY

Chicago.—If all the freight cars loaded at Chicago, hub of many railroads, in one day of this record-breaking season were made up in a single train, hordes of lumbering motorists would have to wait maddeningly at grade crossings until some 9,000 freight cars had rumbled past. The actual condition is hardly less spectacular and vastly more complex.

These 9,000 cars, sorted and shunted about the switching district and coupled with hundreds from other destinations, are then sent to all points of the compass on a network of tracks. Some of them are loaded in the yards of the shipper; others at widely distributed freight stations, and these must be separated, according to destination, in the railroad yards.

FRENCH NOVEL LOSING HOLD ON PEOPLE AS TIMES CHANGE

Paris.—Changed times in Europe are lessening the popularity of the French novel.

People in France are studying more closely economic and social questions. Works on history, costing three times, the price of the novel, have found a remarkable sale, and there is a renewed revival of editions of Greek and Roman classics in the original text and in translations.

Greenville High School

Study of Journalism.

The Senior English Classes have been studying journalism for the past few weeks.

The reporter's work, trying to get notes from the various teachers and students has proved most interesting. We began this study by bringing different copies of newspapers to class and studying the different divisions of the paper, the styles of headlines, and the arrangement of the news.

After this work we took a copy of a daily paper and gave the front page a thorough study. Soon we were able just to glance at a paper and tell whether it was sensational, scholarly and what the news of the day was.

We are still studying journalism and hoping that we shall soon be able to publish a paper of our own. The following articles are some of our class productions.

DOROTHY WARD '26. High School Library.

In the past years the High School Library has been a considerable factor in the work of the student. Now, under the supervision of Mrs. Herring, it seems to be even better organized than it has been in the preceding years.

The needed books will be added to the library soon. The reading course work seems to be running smoothly.

The library days are Mondays, Wednesdays and Fridays. Mrs. Herring has devoted much of her time and care to the library, and she deserves the highest appreciation and gratitude of the student body.

Seventh period.

Chorus Organized. For the last two weeks the Greenville High School has been meeting in the Intermediate School auditorium on Friday afternoon to practice new songs.

OLIVE CLARKE '26. Commercial Department.

The three commercial subjects in this school are bookkeeping, shorthand, and typewriting. Bookkeeping heads the list with fifty-four students.

There are no Preliminaries taken in these subjects, and only eight Sophomores. The Juniors and Seniors are about evenly divided.

The number of students in the commercial department has increased each year. This year's number has about doubled last year's total. Five more typewriters have been added, making the total number thirteen. More bookkeeping desks also have been purchased.

Some of the former students who took the Commercial course and are now using it to good advantage are:

Mike Mayo and Guilford Smith, at the Farmers Bank; Margaret Moore and Wilard Whitchard, with Dr. Pace; Walter Dail, with National Discount Company; George Hadley, at The National Bank; Lawrence Smith, with Civil Engineer, in Florida.

JAKE SKINNER '26.

The officers for the four classes in High School are as follows: Seniors—Sarah Ogilvie, President; Joe Dresbach, Vice-President; Davis Lee Moore, Secretary; Jake Skinner, Treasurer. Juniors—Elizabeth Phelps, President; Edna Reed Sumrell, Vice-President; Ruby West, Secretary; Bennett Moseley, Treasurer. Freshman—Paul Chauncey, President; Edwin Tucker, Vice-President; Clifford Bostic, Secretary; Hulda Noble, Treasurer.

The Sophomores have not organized. Their officers' names will appear in a later edition.

BROWN MAYO '26. Boys Athletics.

Football is the only game that has been played by the High School boys. Although the boys have had "tough luck" some, this year, they have shown fine spirit and have fought hard throughout the entire year.

The boys have lost most of the games this year, but in many defeats have really outplayed the opposing eleven.

Greenville High has an unusually light team this year, but it has held the largest teams exceedingly well.

West, the fullback, has done beautiful work in his passing and punting; while the rest of the backfield have circled the end well and held the line tight.

The following list gives a summary of the games that have been played:

Tarboro 6, locals 0; Wilson 14, G. H. S. 9; Elizabeth City 18, G. H. S. 0; New Bern 7, G. H. S. 0; Washington 14, G. H. S. 8; Tarboro 0,

G. H. S. 12; Warsaw 6, G. H. S. 6; Scotland Neck 9, G. H. S. 13.

The line-up of the team is as follows:

Denton, End; Brown, Tackle; Dresbach, Guard; Suggs, Center; Laughinghouse, Guard; Turnage, Tackle; Skinner, End; West Quarter; F. Forbes, Half; Critcher, Half; Reespar, Full.

J. WESTON HODGES '26. Girls Athletics.

Last year all girls of G. H. S. that were interested in athletics organized an Athletic Association. This association includes all sports such as ball, track, hiking, tennis, and swimming. Each activity counts a certain number of points. When a member has four hundred points, she receives a state letter. No member has yet reached this number, but Sarah Ogilvie, president of the Association, and Elba McGowan, hiking leader, are both nearing the goal.

The girls are interested in basketball now. An average of about twenty are going out each afternoon and practicing under the supervision of Miss Scarborough, the coach.

The first game was played Friday p. m. against Ayden. The score was forty-one to four, in favor of Greenville. The girls will play Wilson Dec. 4.

JANIE GOLD HARDEE '26. Last Year's Senior Class.

Knowing that everybody is still interested in last year's Senior class we publish the following list which explains where these seniors are this session:

Annie Shields Vandyke, E. C. T. C.; Frances Norman, E. C. T. C.; William Taft, N. C. State; Elizabeth Edwards, E. C. T. C.; Nannie Evans, E. C. T. C.; Rubelle Evans, E. C. T. C.; Alice Foley, E. C. T. C.; William Fountain, Chapel Hill; Anastasia Forbes, E. C. T. C.; Olivia Forbes, E. C. T. C.; Polly Fullford, N. C. C. VERNA DARE COREY '26. THE BAND.

Two years ago the Greenville High School band was organized, under the direction of Mr. E. T. Robeson. The first few months the music from this band sounded like so many dogs barking at the moon; but Rome was not founded in a day, neither could a High School band be founded in a day. Day by day the band improved, and it continues to improve. Mr. Robeson has accomplished a great piece of work. He has worked the band up to such a point that he says he is very proud of it. He hopes that in the near future all the members of the band will have suits. These, of course, would add greatly to the appearance of the band and cause the public and the school to support it more.

The band has proved to be one of the most useful organizations in High School. It is called upon to play on almost every occasion. Already it has played for the Armistice day parade and the unveiling of Washington's Tablet.

JACK TRIPP '26. The Glee Club.

The Glee Club is making much progress this year under the director, Miss Eugenie Thomas. The Club hopes to present to the public another operetta which will be enjoyed as much as "Yank San" was last year.

The Glee Club began with only a few selected members, but the roll has now increased to twenty-two. On Monday and Tuesday, from 10:25 o'clock till 11:10, the Club meets in the intermediate school auditorium and practices different selections.

The Club has not sung on any special occasions, but several engagements have been made. Miss Tripp also, to take the Club to the State to compete in the annual music contest.

The following are members of the Glee Club: Lucy King, Sallie Cobb, Elizabeth Madrin, Emile Whitchard, Mary Lou White, Edna Reid Rowell, Olive Clarke, Blanche Clarke, Hattie Sue Seville, Johnnie Gray, Martha Phelps, Jessie Baker, Louise Lewis, Sallie M. Atkinson, Mittie Smith, Elizabeth Norman, Louise Jones, Julia Woodard, Ethel Lanier, and Lucille Woodard.

BLANCHE CLARK '26. The French Club.

The French Club is perhaps the newest organization in High School. It was formed last year, under the direction of Miss Boyd, in order that

students who study French might have an opportunity to give a practical day, some of the things which were taught in the classroom. Every year it is organized anew by the students. In the second year French class who make an average of three or more during the first two months of work. After the Christmas holidays, "bids" are sent out, secretly, to the students in the first and second year French classes who have attained the required standing for admission. The membership in this organization is based entirely on scholarship.

The meetings are held twice a month, on Saturday nights, in the High School building. A small monthly membership fee is charged, and those students who do not attend each meeting pay a small fine.

The meetings are conducted wholly in French. There is generally a group of boys who are chosen to enter-French program consisting of songs and

ELBA M'GOWAN '26. Senior Boys' Club.

Year before last the boys of the Senior class banded together and formed a club known as Senior Boys' Club. One or two boys from the Junior class were asked to join.

On one night of every week the members would contribute a little money and have a feast. Different groups of boys were chosen to enter-French program consisting of songs and

poems, and compositions, some of which are written by the students themselves. After the program the rest of the evening is devoted to games, debates, progressive conversation, and other refreshments are always served.

Good Housekeeping Institute is interested in your Dry Cleaner also. Read in the November issue of Good Housekeeping, "Can It Be Dry Cleaned?" Below is a quotation from it.

A good dry cleaning service means a substantial saving in dollars, in lengthening the life of fabrics. Recent investigations also point to the fact that, when soiled articles are properly cleaned, many bacteria that may be clinging to them are destroyed. Good dry cleaning can therefore rank as an important health service in any community. For these reasons the Institute has been making a study of the dry cleaning industry, to find out what can be considered a good dry cleaning plant and what sort of cooperation from patrons such a plant needs. For there are good plants and poor plants, and the latter we all wish to avoid."—Good House Keeping Magazine.

When the orchestra stops its surge of music—and the applauding couples begin to leave the floor—when you join the good fellows for jolly talk and friendship—have a Camel!

WHEN the orchestra gives you encore after encore, but finally stops. And the couples glowing with happiness reluctantly leave the floor. When you join the men for jovial talk until the next dance begins—have a Camel!

For no friend so enhances the joys of life as Camel. Camel makes every happy occasion happier, adds its own charm to every festive day, every blithesome evening. Camels contain the very choicest tobaccos grown in all the world. They never tire your taste, no matter how freely you smoke them. They're so skillfully blended they never leave a cigarette after-taste. Rolled into Camels is every good feature you have ever wished for in a cigarette.

So, when you're waiting happily and confidently for your time to rejoin the dance—taste the smoke that's known and loved by the world's experienced smokers. No doubt about it, you'll never know how good a cigarette can be until you—

Have a Camel!

Camels contain the very choicest tobaccos grown in all the world. Camels are blended by the world's most expert blenders. Nothing is too good for Camels. In the making of this one brand we concentrate the tobacco knowledge and skill of the largest organization of tobacco experts in the world. No other cigarette made is like Camels. They are the overwhelming choice of experienced smokers.

Our highest wish, if you do not yet know Camel quality, is that you try them. We invite you to compare Camels with any cigarette made at any price. R. J. Reynolds Tobacco Co.

SHOP EARLY

The campaign to induce early Christmas shopping and mailing should appeal to all. It is directed to the interest of all. Every prospective Christmas shopper, if he or she stops to think, will realize the advantage in purchasing early.

Early shopping is also urged in the interest of merchants and their employes and of the postal workers, on whom the burden of delivery falls.

It is no hardship to purchase early. It would simplify the problem of Christmas shopping and insure fitting gifts. General cooperation with these pressing the campaign is urged by consideration of economy, unselfishness and self-interest.

TRUE THANKSGIVING

President Coolidge, in his Thanksgiving proclamation, has reminded us of the grave moral responsibility that comes with material prosperity:

"As we have grown and prospered in material things, so also should we progress in moral and spiritual things. We are a God-fearing people, who should set ourselves against evil and strive for righteousness in living, and observing the Golden Rule we should from our abundance help and serve those less fortunately placed."

Golden Rule Sunday, appointed by the Near East Relief, with President Coolidge's endorsement, is designed as a day for inventory of our material prosperity in relation to moral obligations. With only five per cent of the world's area and six per cent of its population, we have acquired half of the world's gold. We produce one-third of the world's steel; one-half of the coal; 60 per cent of the iron, copper, zinc and petroleum; 40 per cent of the cereals. We have 35 per cent of the world's railway mileage; 56 per cent of the telephone and telegraph wires; 75 per cent of the automobile trucks and 84 per cent of the world's passenger automobiles.

We have more comforts, conveniences and luxuries than any other nation in the world and have them more equitably distributed among our population. Last year, after satisfying our every need and spending billions on luxuries, we have net savings or increase of wealth amounting to more than \$13,000,000,000.

Our national wealth is three times that of Great Bri-

tain, five times that of France, nine times that of Germany, twelve times that of Italy. It exceeds the combined totals of Great Britain, France, Germany, Italy, Spain, Argentina, Brazil, China, India and Mexico.

Moreover we have the most stable government in the world, under which life and property are safe. We have a government so well administered that recently, while all other nations were staggering under great burdens of taxation, we actually had debated and handed back to us a portion of the taxes that had already been paid—probably the first time in all history that his has happened.

On Thanksgiving Day, over a sumptuous repast, we express our gratitude for material prosperity. On Golden Rule Sunday, over a simple orphanage menu, we are asked to turn our thoughts to the less fortunate and recognize our moral obligations toward the widow and the orphan. Life is said to consist of something more than the accumulation of riches. Unless we share with others, we cannot enter into full enjoyment of the truest riches of life. America is expressing her altruism not only through President Coolidge and thanksgiving proclamations, but through the churches, schools, women's clubs and other organizations which are cooperating actively in realizing a hope which President Coolidge expressed in a letter to the Near East Relief, "that the voluntary observance of Golden Rule day may become increasingly prevalent in the homes of America and throughout the world."

Every community needs this observance of the Golden Rule. So do the overseas orphans to whose support it is dedicated. Golden Rule Sunday is devoted to fellowship with their wants. For this one day in the year we are asked to spread our tables with the meagre fare which is the abundance of the orphans. We are asked to count our blessings, to look on our own children and consider what their need would be if we were not here to provide for them, and finally, from our prosperity to divide a Golden Rule share with the fatherless and motherless of the Near East.

GIRL LIBRARIAN ENCOURAGES JAIL INMATES TO READ

Ottumwa, Iowa.—Accompanied by a sturdy bailiff who carries an armload of books, Miss Harriet Meyers, assistant librarian here, each week visits the city jail to encourage cultivation of the reading habit.

One prisoner read four books on prohibition, and declared that if he had studied them earlier he never would have been arrested. Another studied along special lines so that when released he passed a civil service examination.

Zane Grey, Harold Bell Wright, Peter B. Kyne and Jane, Oliver Curwood are the popular authors, but there are many calls for books on music, etiquette and birds.

A THREE DAYS' COUGH IS YOUR DANGER SIGNAL

Persistent coughs and colds lead to serious trouble. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a new medical discovery with two-fold action; it soothes and heals the inflamed membranes and inhibits germ growth.

Of all known drugs, creosote is recognized by high medical authorities as one of the greatest healing agencies for persistent coughs and colds and other forms of throat trouble. Creomulsion contains, in addition to creosote, other healing elements which soothe and heal the inflamed membranes, and stop the irritation and inflammation, while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and checks the growth of the germs.

Creomulsion is guaranteed satisfactory in the treatment of persistent coughs and colds, bronchial asthma, bronchitis and other forms of respiratory diseases, and is excellent for building up the system after colds or flu. Money wasted if any cough or cold is not relieved after taking according to directions. Ask your druggist. Creomulsion Company, Atlanta, Ga. (adv.)

LAW BARS THANKSGIVING CELEBRATION IN ENGLAND

Oxford.—If Oxford Americans are to be virtuous and strictly observant of the laws and ordinances which the wisdom and high morality of the University Fathers set down for their guidance, they must abstain from the usual American church service on Thanksgiving Day.

It is not that the turkey, the cranberry and the Pilgrim conscience are under the ban. The prohibition which applies to Thanksgiving services was enacted in the year 1250, and applied without thought of New England. It provides that not least on holiday of any foreign nation shall ever be celebrated solemnly in any church of Oxford under penalty of the greater excommunication.

How Doctors Treat Colds and the Flu

To break up a cold overnight or to cut short an attack of grippe, influenza, sore throat or tonsillitis, physicians and druggists are now recommending Calotaba, the purified and refined calomel compound tablet. It gives you the effects of calomel and salts combined, without the unpleasant effects of either.

One or two Calotaba at bed-time with a swallow of water—that's all! No salts, no nausea nor the slightest interference with your eating, work or pleasure. Next morning your cold is vanished, your system is thoroughly purified and you are feeling fine with a hearty appetite for breakfast. Eat what you please—no danger.

## SO YOU-- MAY KNOW!

**Our Sterling Assurance**—Our stores will not tolerate a single word of misrepresentation in any style or form by our sales people, by advertising department, or by any member of our organization. When we quote the original price of any article you may depend upon it absolutely, even though in many cases the reduced price is so low as to seem almost impossible. For years our policy has been—our customers have not received full service until the goods have proven entirely satisfactory in every way.

And remember, we will take back, or exchange your merchandise, or refund your money on any article, that we sell during this sale.

Necessity compels us to stage this unparalleled selling drive for two very good reasons,—first, because we have about \$200,000 worth of stock and only need \$90,000 worth, and second, because we need right smart of money to finance our stores right now.

"Every cloud has a silver lining." We expect to add at least two thousand new customers to those who already favor us with their patronage, and raise the necessary money, to discount our bills that we may continue to hold the position we have, in Eastern North Carolina—that of being able to sell "the best for the home at the most reasonable prices."

You are cordially invited to visit this exhibition of price-cutting, which we assure you will be incomparable in its scope, and you will freely admit this—sale will eclipse anything in the selling of dependable Rugs, Stoves, House-Furnishing yet attempted in North Carolina.

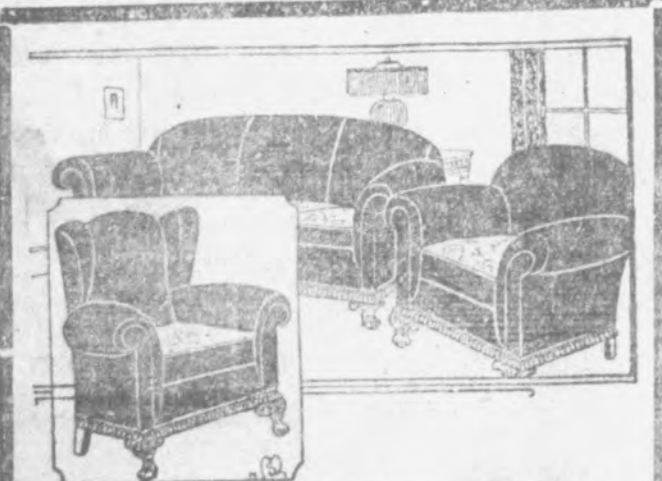

We have never acquired the sale habit, but when it is forced upon us in this manner, we are determined to have a sale that the prices made, will attract new customers to our stores. You will receive the same treatment as if there were no sale. Satisfaction or your money back.

MOTHERS and FATHERS

It's up to you to open an account for every one of your youngsters and see that they add to it each week or month—this will foster in them the habit of saving and a plan for the needs of early manhood or womanhood.

THEN the stiffening of the moral backbone and the development of the judgment are sure to come with the practice of thrift.

Hudson-Essex World's Largest Selling "Sixes" Quality Gave This Volume and Volume This Price Quality has made Hudson-Essex for years the world's largest selling 6-cylinder cars. Without such volume, these prices would be impossible. And without increasing quality such volume would never be reached. That is why owners think of Hudson not in terms of the low price paid, but in the costly car qualities, performance and reliability which it continues to give long after price is forgotten. LATEST IN GOWNS DISPLAYED IN NEW LEONARD PICTURE

Robert Z. Leonard is famous for his lavish, luxurious settings, and the brilliant social whirl into which he places his pictures. With Mae Murray whom he has directed in several pictures the expected thing to be done will be gowning in the latest fashion. But Miss Murray is wearing the "Merry Widow" gown designed by the "Merry Widow" designer, when Mr. Leonard wanted to make "Cheaper to Marry" his latest production for the Greenville Theatre.

TO THE PUBLIC. My daughter Lalunia Taft, left for town today. I have for the purpose of marrying Harvey Moore. I have certain knowledge Moore now has a wife from whom he is not divorced. I wish to give this information to the Register of Deeds through the law books so if they apply for a license they can have their arrest and returned to Greenville, N. C. Any one giving me information as to their whereabouts will be appreciated.

"ACHED & ACHIED" Lady Says Her Back "Hurt Night and Day"—Least Noise Upset Her. Better Air—Taking Cardui.

Winfield, Texas.—"My back hurt night and day," says Mrs. C. L. Baker, of R. F. D. 1, this place. "I ached and ached until I could hardly go. I felt weak and did not feel like doing anything. My work was a great burden to me. I just hated to do up the dishes, even. I was no-account and extremely nervous. My mother had taken Cardui and she thought it would do me good, so she told me to take it. My husband got me a bottle and I began on it. I began to improve at once. It was such a help that I continued it until after the baby's birth. I took eight bottles and I can certainly say that it helped me. It is a fine tonic. It built me up and seemed to strengthen me. I grew less nervous and began to sleep better. I can certainly recommend Cardui to expectant mothers, for to me it was a wonderful help. In every way I felt better after taking it and I think it is a splendid medicine. Cardui is purely vegetable and contains no harmful drugs. For sale everywhere. NC-162

SAYS RHEUMATISM

Left Him Forever

James H. Allen, of 26 Forbes St., Rochester, N. Y., suffered for years with rheumatism. Many times this terrible disease left him helpless and unable to work. He finally decided, after years of ceaseless study, that no one can be free from rheumatism until the accumulated impurities, commonly called uric acid deposits, were dissolved in the joints and muscles and expelled from the body. With this idea in mind he consulted physicians, made experiments and finally compounded a prescription that quickly and completely banished every sign and symptom of rheumatism from his system. He freely gave his discovery, which he called Allenru, to others who took it, with what might be called marvelous success. After years of urging he decided to let sufferers everywhere know about his discovery through the newspapers. "The blessed relief this marvelous prescription quickly gives has made for it thousands of friends," says Pitt Drug Co., who has been appointed agent in your city. If you live out of town ask Mr. Allen to send you full particulars.

FRANK BROMLEY GAINED 35 LBS. Mr. Bromley of Bromley Bros., Greenville, N. C., writes: "I was sick for four years with what is called Poison in the Blood, caused from my kidneys. I went to Los Angeles & also to Tucson, Arizona, & spent about \$700 trying to get well, but did not get any better, so I came back to Greenville, N. C. I then began to take Pep-Elixo, & in a short time this medicine took all of the acid out of my system & I gained 35 pounds in weight & feel that I am almost well again." and the upper Salmon river country is delivered by mule train along the trail. Roscoe and Archie Ferns-worth, Salmon river miners, were willing to wait the two years necessary for the completion of the mountain wagon road which the forest service is building. They wanted to use their car on a short strip of road between their home and Cecilville, but years ago by a mining company. So they drove, pushed and squeezed their machine along until the trail became too steep and narrow for further progress. Then they took the car apart and loaded it on pack mules for the last lap of the journey.
