STATE UNDER A BLANKET SNOW AND ICE TODAY

First White Fall of the Winter Experienced Throughout State; Asheville Deepest in Slush With Snow Piled Up

Charlotte, Jan. 8.—(AP)—All North Carolina was blanketed under snow and ice, marking the first white fall of the winter.

The down fall began generally over the state early last night and was still descending fitfully this morning. The mountain city had been visited by flurries earlier in the winter, but that of last night and today was the heaviest.

At Raleigh, the capital city, was covered with snow and today a heavy sleet was falling and the ground was steadily freezing. Winston-Salem also reported that the snow was being covered with sleet. Charlotte had a two inch snow fall, as did Greensboro, and other towns throughout the state, with the exception of Wilmington and points along the south eastern end of the state, reported snow and sleet.

Immanuel Baptist to Make Special Offering Sunday

Beginning Sunday and running through the week, Jan. 10-17, has been set by the Baptist State Convention as the time for North Carolina Baptists to make their Love Offering toward the removal of the great debt on our Foreign Mission Board.

The women of the Immanuel Baptist Church are this week observing their week of prayer, but are delaying the making of their offering until Sunday, when the entire membership of the church is asked to make a real sacrifice of offering to this great and greatly suffering cause, at this time.

Envelopes will be provided for everybody. Come prepared to make a liberal offering. Numbers of our Southern Baptist Churches have already taken this Love Offering and their contributions have gone into the thousands. Even the children of the Virginia Baptist (Chapinago, Salem, Va., numbering possibly two hundred, gave out of their Christmas money \$90.30. What a glorious example to those of us who are yet blessed with fathers, mothers and homes.

May the Lord lead us in this worthy undertaking on Sunday Jan. 10. The women will come prepared. May the men of our church join heartily with the women in making this one of our best Sacrificial Love Gifts in our history.

Paris Firemen Called Instead of Ambulance

Paris, Jan. 8.—(I. N. S.)—The firemen who found Madame Solomon Leclair dying from asphyxiation in her flat on the rue de Sevres, instead of calling for an ambulance, turned in the fire alarm.

That is because the Paris Fire Department is equipped with improved oxygen inhalers which have proved far more effective than the old fashioned oxygen pumps used in the hospitals.

Reports Blaze to Be a Ship Afire at Sea

San Pedro, Cal., Jan. 8.—(AP)—The Coast Guard Cutter Bear left here early today for Point Arguelo to investigate a blaze sighted in that section by the United States Compass Station at Point Firmin, near here. The Bear is the Compass Station cutter and appeared to be a ship afire at sea.

"Prince" Held

Michael Romanoff, self-styled "Prince Romanoff of Russia," is locked up in the Tombs, New York, charged with taking a \$1250 tapestry from a dealer and failing to pay for it.

FAVORS PARDON FOR T. E. COOPER

Grady Recommends Conditional Pardon With Two Provisions

Raleigh, Jan. 8.—(AP)—Governor McLean last night made public the substance of a letter from Judge H. A. Grady, in which he recommended a conditional pardon for Thomas E. Cooper. Cooper has an eight year sentence in this state facing him when he completes, in the near future, the Federal sentence he is serving in the Federal prison at Atlanta. Cooper was given the eight year state sentence in connection with the failure of the Liberty Savings Bank of Wilmington. The Federal sentence was imposed on charges made in connection with the failure of the Commercial National Bank of Wilmington. Cooper was an official in each institution.

The pardon is recommended by Judge Grady conditional upon Cooper paying \$30,000 to the Clerk of the Superior Court of New Hanover County to be disbursed pro-rata to the depositors of the Liberty Savings Bank, and upon the condition that Cooper forever be prohibited from engaging in the banking business in this state.

Withdraws the Warrant for Gov. McLean

Raleigh, Jan. 8.—(AP)—After communication between the Governor and Mayor Theodore N. Ross of Nashville, the Nashville officer announced last night that the warrant against Governor McLean charging him with exceeding the speed limit within the city limits of Nashville would be withdrawn and another issued against the Governor's chauffeur.

This was in line with the Governor's request, said Mr. Ross. The Governor denied that he had requested the issuance of a warrant for his chauffeur.

Greenville Plant Swift Company Is Independent

The Swift and Company plant, located here and which has been a sub-branch of the Rocky Mount office, has become an independent branch of the Swift and Company organization, and will in the future maintain offices here, having opened a bank account with the local banks.

Mr. W. V. Wahmann of Rocky Mount, who has been with the company for several months, will remain as manager, with Mr. E. C. Pinckney, of Wilmington, as bookkeeper.

ARTHUR BRISBANE

The French were amused by our famous trial in Tennessee, which officiously decided that men are not related to monkeys.

Now a strange story I scabbied by Frank Munsey's news bureau in Paris. It tells of an elderly Roman Catholic priest, rescued by the police from a crowd of fanatics seeking, they declared, "to beat the devil out of him."

They had blinded the unfortunate priest with pepper, in his church, bound him down, unclotted, and thrashed him into unconsciousness with knotted ropes, such as were used by the slaveholders in olden days. The "exorcisers" are in jail, the unfortunate priest in the hospital.

All the fanatics, including tea women, members of well-to-do families, declare that they belong to the "Myrtle Order of Our Lady of Tigers," founded twenty years ago. Superstition is not dead in this world.

The little band of dictators is growing. Now Greece has hers in the person of Premier Panagiotis. He simply had to become a military dictator, and now issues a proclamation.

A war that was to make the world "safe for democracy" has thus far established dictatorships in Spain, Italy, Turkey and Greece. You can never be sure what a war will do once it starts.

Likely President Wilson did not quite make this nation responsible for democracy outside of the United States.

Four white men are accused of forming a murder ring that already has to its credit the deaths of twenty Osage Indians. Oil had made them rich, and in 1925, as in the old Puritan days, it seemed Christian white men wrong for killing to have property. They killed them THEN and they kill them NOW, but now it is illegal, and the grand jury will see about them.

Wiser white men don't murder Indians. They wait until the Indians get the money, then go to them with bootleg whiskey, leave the whiskey behind and come back with the money.

Count Selma, married to an heiress of the Rogers Standard Oil fortune, demands that his son, and her son be turned over to him pending the outcome of his suit to gain permanent possession of the child.

A few years ago that would have been a matter of course. Every court would have said, "of course the child belongs to the father."

Public opinion influences even the laws. It now may be decided that the mother has rights in the child she has created, and in this case, incidentally, in the child that she supports.

The wages of sin is death, or at least, much trouble. Stanford White was killed long ago, his problem quickly solved by a young man from Pittsburgh.

Now, that's wife, for whom White was killed, drinks eight ounces of a poisonous mixture to kill herself. Clergymen will find in this a good text for a sermon that will not put the congregation to sleep.

Some "radical" clergymen might even engage Evelyn Thaw to appear in his church as a living text or sad example if she survives.

Henry Ward Beecher, in his Brooklyn pulpit, sold a mulatto girl at auction in old slavery days to emphasize a sermon against slavery.

Make a good mousetrap and, as you know, the world will wear out a path to your door. Run a railroad well and your path across the continent will also be well used. The twentieth century, New York Central train, between New York and Chicago, ran in seven sections on one way and six the other recently. Its managers proudly announce that they took in on that one train 10,000,000 last year.

It costs more to go from New York to Chicago now comfortably than it did to go from New York to Liverpool on the tin old steam.

BAPTISTS WILL STAGE SPECIAL DRIVE NEXT WEEK

Will Undertake to Raise \$100,000 On Debt Which is Ham- pering Work Mission Board

Raleigh, Jan. 8.—"Shall the Baptist Foreign Mission Board issue the following orders to its 544 missionaries on its eighteen prosperous mission fields: 'Cease firing! RETREAT! Our ammunition is exhausted! Come, Fome!' That is the question with which Secretary J. F. Love, Richmond, Va., has challenged Southern Baptists to do their best in raising a million dollar— with which to liquidate a staggering debt that has been hampering the work of the Foreign Mission Board for some time.

The Baptists of North Carolina are undertaking to raise \$100,000 on this debt during the next week. It is expected that every Baptist public in the state will respond with an earnest appeal for foreign missions Sunday, Jan. 10 (Jan. 17). The week intervening will be devoted to gathering together the biggest single offering North Carolina Baptists have ever made to any object at one time. The various organizations in the churches are lined up on this task to raise North Carolina's share of the bill.

The effort is Southwide. Most of the other states made their special campaign during the Christmas holidays, capitalizing the Christmas spirit of giving. Dr. Love reports most favorable responses throughout the whole South. Secretary Charles E. Madry feels confident that North Carolina will do her part. From many churches in the state, though it was agreed at the recent session of the State Convention that the special effort be put on Jan. 10-17, reports of liberal offerings to the debt are coming in to headquarters here.

SEINE CONTINUES TO RISE CAUSING GREAT ANXIETY

Situation in Suburbs Growing Graver While All Points Along Quays Being Barricaded

Paris, Jan. 8.—(AP)—The River Seine continues to rise. Provided there is no rain during the interval, and there is every probability that there will be, the river is expected to cease its upward trend by Sunday.

Workers are busily engaged in making cement and sand bag barricades at all vulnerable points along the Quays. These, however, can not prevent flooding of places in the city at lower level than the water. The outlook consequently is regarded with anxiety by the populace of such quarters within a certain distance of the river. The situation in the suburbs both up and down streams is growing graver. While the water mark is well below previous record levels, the damage undoubtedly will be far greater than that of previous floods, for thousands of houses have been built on the banks of the river since 1910, most of them after the war when the housing problem became acute.

Feast of Lights Be Celebrated Episcopal Church

At St. Paul's Episcopal Church next Sunday night the annual Epiphany service of the Feast of Lights will be celebrated. The Three Wise Men will distribute candles to everyone in the congregation, and after they are lit, the choir and people will bear their lighted candles out into the night. It is an impressive service, and visitors are cordially invited to be present.

Gov. Al Smith Declines Invitation to Speak Exposition

Mr. Carl Goerch, of Washington, received a telegram from Governor Al Smith, of New York, today, stating that it was impossible for him to accept the invitation to speak at the Eastern Carolina Exposition, to be held here in April. The telegram stated that the Governor was writing to the directors of the Exposition accordingly.

WEBB APPOINTED MEMBER SALARY AND WAGE COM.

Prominent Business Man of Kinston Succeeds Holderness, Resigned

Raleigh, Jan. 8.—(AP)—Governor McLean today announced the appointment of Ernest V. Webb, of Kinston, as a member of the Salary and Wage Commission to succeed George A. Holderness, of Tarboro, resigned. Mr. Holderness, who will take up business connections in Richmond, submitted his resignation to the Governor a day or two ago, but no announcement was made until today when his successor was appointed. Mr. Webb is one of the most prominent and successful business men of Eastern Carolina. He is president of Edward Webb and Company of Kinston, with branches in New Bern and Washington.

Foreign Jazz Gets Youth of Ireland

Dundalk, Ireland, Jan. 8.—(I. N. S.)—"I watched a jazz dance for five minutes and came to the conclusion that the people who were taking part in it had all taken a dose of some sort," said Councilor Hanratty, when a resolution was carried reducing the rent for Incehall Town Hall, where Irish dances are held.

"The youth of Ireland," declared Mr. Hanratty, "have been carried away by foreign jazzing in which the only music they heard was the banging of drums and a few whistles, and the woman had practically undress in order to be dressed. The apparel of a hundred of them would fit into the confines of an old plaid shawl."

Set New Record Each Time He Entered Game

Chicago, Jan. 8.—(AP)—Every time Ty Cobb participated in a ball game during the 1925 season he established a new record. He began by besting his own record of the greatest number of games played in by a major league and, as he went along added others for times at bat, runs scored, and highest lifetime batting average.

When the season started, Cobb held the record for highest lifetime batting average in the American League, with his percentage of .361 for nineteen years. At the end of his twentieth year he had gained a trifle by hitting .378.

Cobb did not maintain the average he had set for himself in runs scored, bases stolen, etc., per season. But if not adding to percentages, he was always adding to totals. He has tied Cap Anson's record for batting 300 or better for twenty seasons, but he has this on Anson—Anson hit his three hundreds for twenty years all to'd, missing two seasons, while Ty Cobb's twenty seasons have been consecutive.

Cobb began his 300 hitting in 1906. Anson began in 1876 and for fourteen years hit 300 or better, dropped out of the 300 class in '91 and '92, reentered in 1893 and ended his string in 1897. Cobb's records held by Cobb when the last season opened included total runs scored and total hits made. He held the record for 200 hits per season for nine straight years. He did not add that, nor to his record of 100 runs a season for nine consecutive years.

Quits Dictator Mate

Mrs. Irene Ogle, St. Louis, objected to her husband's "bill of rights" demanding that she get a job and give him the money and that she should never object to the way he spent it, so she divorced him.

Funeral Services for Judge Bynum To Be Held Sat.

Greensboro, Jan. 8.—(AP)—Funeral services for Judge W. T. Bynum, nationally prominent jurist who died at his home here last Thursday afternoon following a lingering illness will be held Saturday afternoon at three o'clock from St. Andrew's Episcopal church here. The services will be conducted by Bishop Joseph B. Beshire, of the Episcopal Diocese of North Carolina, and the Rev. C. V. Vinton, of St. Andrew's Church. Interment will be in Greene Hill cemetery.

Judge Bynum was 64 years of age and was known throughout the country for his talent as a lawyer. He was counsel in some of the largest cases tried in the country in recent years, and made many contributions to the legal profession. He was a member of the American Bar Association and at one time a member of the executive committee. In recent years he was president of the North Carolina Bar Association.

Falls From Ice Covered Pole and Dies From Injuries

Fayetteville, Jan. 8.—(AP)—William J. Davis, City employee, died in a local hospital here today as a result of injuries sustained when he fell from an ice covered telephone pole on which he was working. The man's skull was fractured.

Investigation of Rubber, Coffee Ind., Rejected

Washington, Jan. 8.—(AP)—A proposal to investigate the rubber and coffee industry in the United States was rejected today by the House Committee, which is inquiring into foreign monopolies in rubber, coffee and other raw materials.

PROPOSE CANADA TO MEXICO HIGHWAY

Chicago, Jan. 8.—(AP)—A highway extending from Northwest Canada to Mexico City will be considered at an international traffic conference held in conjunction with the convention of the American Road Builders' Association here January 11 to 15. The proposed highway would be created by connecting roads already in existence into a unified link between the two extremes of the continent.

Charles M. Schwab, steel magnate, will make the opening address at the conference.

HOLMES AND WIFE GUILTY SECOND DEGREE MURDER

Given Sentences From 15 to 20 Years in State Prison; Both Appeal

Raleigh, Jan. 8.—(AP)—Verdicts of second degree murder were returned today in the trial of Mrs. Sarah Solomon Holmes and John A. Holmes, her husband, in connection with the death of Mrs. Holmes' first husband, J. D. Solomon.

They were given sentences of from fifteen to twenty years each in the state prison. The jury was out 19 1/2 hours before reaching a verdict.

The Solomon case was the second of wide spread interest in North Carolina to be tried during the past several months. The first was the trial and acquittal of W. B. Cole charged with the murder of W. W. Ormond.

Mr. and Mrs. Holmes denied the charges of the poisoning of Solomon throughout the trial. The verdict was returned at 9:30 A. M. and sentence was immediately pronounced by Judge Michael Schanck. Attorneys for the defense moved to set the verdict pronounced, by Judge the request.

An appeal was then noticed with bond for each at \$10,000. Both were remanded to jail when unable to make the bail.

Family Re-union Honor of Mr. and Mrs. Barnhill

Mr. and Mrs. J. R. Barnhill were given a complete surprise on Monday, when their children—grand-children and great-grand-children gathered at their home to celebrate their birthday; Mr. Barnhill being seventy-seven on December fifth, and Mrs. Barnhill seventy-seven on January 4. And also in remembrance of their fifty-seventh marriage anniversary which will be January 7th.

After many handshakes and greetings they all gathered in the spacious living room where Rev. R. F. Pittman, in his usual pleasing manner, presented to Mr. Barnhill a handsome Morris chair, and to Mrs. Barnhill a beautiful upholstered wicker rocker; gifts from their children as tokens of their love and respect for their parents.

This was a heart-touching surprise to them, but Mr. Barnhill in a few appropriate words accepted the chairs. These prayers were offered by Rev. W. B. Everett and Rev. R. F. Pittman, followed by congratulations and best wishes for many more happy birthdays.

The children having prepared and carried baskets, a sumptuous dinner, consisting of barbecue, old ham, turkey, chicken, salads, pickles, sandwiches, cake, etc., was spread in the dining room. Two large birthday cakes, representing seventy-seven birthdays each, helped to decorate the table.

It was a happy scene when the father, mother and eight children gathered once more around the big dining room table after having been separated for many years.

The children are: Messrs. W. T. Barnhill, Whaleyville, Va.; J. K. and N. C. Barnhill, Stokes; J. E. and A. R. Barnhill, Greenville; Mrs. Chas. McLawhorn, Winterville, Va.; and Miss Bessie Barnhill, Raleigh. They also have thirty-seven grand-children, most of whom were present and three great grand-children.

Cheatham to Succeed Hart

Washington, Jan. 8.—(AP)—Colonel R. F. Cheatham was selected by Secretary Davis today to succeed the late Major General William Hart as quartermaster general of the army. Colonel Cheatham is now executive officer for the Assistant Secretary of War, Hanford McNider. He is a native of Tennessee and commanded a regiment during the world war.

NEGRO DIES IN CHAIR TODAY

John Dawkins Con- fesses to Crime Be- fore Being Executed

Raleigh, Jan. 8.—(AP)—John Dawkins, negro, paid the supreme penalty of state prison this morning for the murder of Joseph H. Vaughn, merchant of Winston-Salem. Two shocks were administered before the negro was pronounced dead. Dawkins entered the death chamber shortly after 10:30 o'clock and the first shock was given at 10:45. Before being executed Dawkins confessed to the crime which he paid for with his life.

The negro was taken to the fatal chamber from which he was to emerge a few minutes later—a corpse. Just before he left his cell he confessed orally to Prison Chaplain S. S. Kleckley and Oscar Sam Fullock, pastor of the negro First Baptist Church here. Then yielding to the emotional protestations of faith in God and assurance that he would be saved.

With fifteen persons in the chamber as witnesses the negro took his seat in the chair. Before the helmet was adjusted, in a clear voice he repeated the Twenty-Third Psalm, quietly said good-bye to those who had been with him during the past few months, the last details were arranged, the switch was thrown, and his soul sent hurrying into eternity.

China Will Profit Tariff Autonomy

By ROBERT S. THORNBURGH
I. N. S. Staff Correspondent
Washington, Jan. 8.—Agreement of the commercial powers of the world to grant China tariff autonomy effective January 1, 1929, provided China abolishes its "hikie" tax on interior movement of commodities, will have a far-reaching economic effect, according to F. R. Eldridge, a Far Eastern expert of the Department of Commerce.

"China's whole position as a capital importing country may eventually be vitally affected by the industrial development that tariff autonomy may bring," Eldridge declared.

"In granting China the right to control its own tariff policy, the powers who are dominant in the country's export trade, probably have realized that their best interest lies in the economic development of China."

ARE THEY "SELF-
HYPNOTIZED?"

A writer in the automo-
bile journal says that a good
many motor accidents can
be attributed only to the
"self-hypnotism" of the
drivers, and he relates sev-
eral accidents in point. Ac-
cording to his theory there
is a mysterious something
in the motion of the rapidly
proceeding car that dead-
ens the senses at a time
when they ought to be un-
usually alert. He has seen
an expert chauffeur allow
his car to crash head-on in
opposite direction and yet
the man had his eyes wide
open and his attention ap-
parently was not distracted
from the job of driving.

Whatever there may be to
this theory, certainly an in-
creasing number of motor-
ists are utterly oblivious to
the rules both of the law
and common courtesy and
safety in the operation of
their cars. A writer men-
tions the following classes
of dangerous and inconsid-
erate drivers: The man who
leaves his empty car stand
in a busy street all day
long; the man who turns a
corner at 15 miles an hour
after a single toot of the
horn, giving the pedestrian
no chance; the man who
fails to stop back of the
building line when halted
by a crossing cop; the man
who passes to the left of a
trolley car whether the
street is empty or crowded;

the man who drives at 10
miles an hour on a country
road when traffic is heavy,
holding up 20 or 30 cars;
the man who, intending to
turn a corner, rushes up
alongside the car on the
right, thrusts out his hand,
swings across in front of the
other and compels the lat-
ter driver to make his car
stand on its nose to prevent
a collision; and the worst
nuisance of all, the man
whose passengers stick their
heads out in all directions,
leaving you to guess wheth-
er he intends going to the
right or left or up in the
air.

Every careful motorist is
interested in the observance
of the ordinary rules of the
road. The majority are care-
ful. For the sake of the
general safety there ought
to be some way to make all
the mark.

A BELOVED QUEEN

Of queens the poet Shel-
ley wrote they "have the
worship of the world, but no
repose." Such a queen was
the Dowager Queen Mar-
gherita, of Italy, pneumonia

victim at the age of 74.
A woman of culture,
scholarly and more than a
dilettante in the writing of
prose and poetry, her lot
was still not a happy one.
During much of her married
life with King Humbert she
was made unhappy by her
love for him and his reputed
love for another woman.
Throughout the ordeal she
remained, however, faith-
ful to her consort, concealed
her troubled heart from the
public gaze and eventually
emerged victorious.

In one attempt to assassi-
nate her husband a white
dress she was wearing was
spattered with the blood of
the prime minister who was
injured in warding off the
knife thrust intended for
the king. This harrowing
experience so affected the
queen she sought semi-seclu-
sion for a longer period and
when, on July 29, 1901, her
husband finally fell a vic-
tim to an assassin she sought
solace in her religion, made
frequent religious pilgrim-
ages and closely associated
herself with her church.

Though she lived three-
quarters of a century and
saw the prestige of royalty
waning the world over, Mar-
gherita never lost the love
and respect of her people,
even unto death.

Judging from the divorce-
es, it's a wonder that Hymen
doesn't fire Cupid.

American juries have
demonstrated that the un-
pardonable sin is a myth.

A verbal agreement with
some persons is not worth
the words required to make
it.

The reason why a pessim-
ist doesn't commit suicide
is because he knows it
would end his misery.

Ten-Acre Tobacco Crop Brings \$6,000
(Clipping from the Raleigh News & Observer)
"Kinston, N. C., Nov. 12th—A ten-acre crop of tobacco on the farm
of J. E. Mumford, of Pitt County, has paid him more than \$6,000 this fall. He
has received more than \$600 per acre for the production in spite of the
early season slump. Most of the \$6,000 represented profit to Mumford, ac-
cording to warehouse acquaintances here, since he is a "live at home" grow-
er, producing his own perk, grain and other necessities."
Chas. W. Priddy & Co., Inc.
Norfolk, Va.
Gentlemen:
I made ten (10) acres
of tobacco this year, on
which I used your VELVET
TOBACCO GROWER, ap-
plied at the rate of 1005
pounds per acre.
I harvested from this 10
acres of land 12,500 lbs. of
tobacco, which is an aver-
age of \$1250 pounds per
acre.
I have just finished sell-
ing this tobacco, and it
brought me in a net return
of \$6,004.00; this is an av-
erage of a little over \$600.00 per acre.
I attribute the satisfactory prices received from
my tobacco crop to its fine quality, and I attribute
this fine quality in great measure, to the Fertilizer
used, namely VELVET TOBACCO GROWER,
which, in view of my experience, I consider the
best Tobacco Fertilizer sold in this community.
This Fertilizer was bought from MESSRS.

Having used fertilizers
manufactured by your com-
pany, and being well pleas-
ed, I take pleasure in rec-
ommending same to all wish-
ing High Grade Tobacco
Goods.
I planted 30 acres in
tobacco, using PRIDDY'S
3-8-3 TOBACCO GROWER;
the highest price received
from sale was \$75.00
per 100 lbs., for 285 pounds
this load 1400 pounds av-
eraging \$45.50 per 100 lbs.
For other lot I averaged
\$35.50 to \$39.50 per 100
pounds.

Daily News Letter

Gossip of World Correspondents at Staff Centers of Population.

By ALICE LANGELIER, U. S. Staff Correspondent in Paris, Jan. 8.—"Gaston" ought to have a wife—this is the purport of hundreds of letters received nearly every day by the president of the French republic. The French White House lacks the woman's touch, thinks many of the citizens of the country for M. Donmergue, as everybody knows is a confirmed old bachelor.

One received recently from a young girl in Bordeaux affirms that she is both beautiful and rich, possessing a dot of six millions, but very lonely. She writes that she would be very happy to offer her hand, adding: "A wife is necessary at the Elysée, an *unshatato etain*. No see, and thus we will unite our two lonely lives."

Their latest plan is a cruise to Paris' first snowstorm of the season was a pretty one, but it cost the city a pretty penny. City officials estimate that the little white flurry which made the gar-

dens a very lovely sight took about 50,000 francs out of the city treasury, which is none too full at the present moment. Even when it snows a very little bit it is necessary to hire extra street sweepers and cleaners, for there are still too many horses who have a hard time on the slippery pavements.

Eleanor Mitchell, an English typist working in the Paris suburb of St. Denis, has just broken her own world record. In November she became European champion typist. And just recently, in making a demonstration before the professional association of French typists, Miss Mitchell struck out 878985 letters in one minute. When the errors were discounted they were considered to equal 142 French words, the highest number ever made.

By yacht from Paris to Egypt will be the winter pastime of two lively American girls.

Marion Curstairs and Ruth Baldwin call New York "home," but they have not been back since war days and do not show any signs of packing their bags. They have found so many interesting things to do on this side of the water that they are likely to stay on here forever.

Their latest plan is a cruise to Egypt by way of a seventy-five-foot yacht furnished by Miss Baldwin's family and manned by three sailors and the two girl captains. The twenty-five-ton skiff is called

"Sylph" and really started on her journey November 15 from South Hampton. It reached Le Harre three days later and stayed in port long enough to give the two girls a pleasant shore leave in Paris. By traversing many canals the yacht will arrive at Marseilles this month. A little stay will be made at Cannes for "Joe" Curstairs which is Marion's familiar name is going to race a little motor-boat at the annual regatta of the Riviera. After the races the "crew" will return to Marseilles and make provisions for the Mediterranean trip. They will stop at points all along the Italian coast and spend some time about the beautiful bays of Sicily. Then they will start out for Alexandria and later take the yacht up the Nile to Cairo. Coming back the girls say they will just dawdle along, visiting places they missed going out or the ones they wish to see over again—finally ending up in England in the early spring time.

Gag Man Has Carved Niche for Himself

Hollywood, Cal., Jan. 8.—(AP) The movie gag man is coming into his own. From a position of humble usefulness in the slapstick comedy factory he has risen to a position of dignity and power in the field of the serious film drama.

The gag man used to be the fellow who, during the filming of a funny two-reeler, jumped to his feet with the sudden inspiration and exclaimed:

"I have it!" While the sheriff is making love to the girl, Charlit hits him in the face with a custard pie. That ought to get a good laugh."

Since that distant era of film humor the gag man has had to think up several new ones. He was ignored by the producers of feature films, however, until comedy stars like Harold Lloyd and Charlie Chaplin began making feature-length comedies. Then some one called in a gag man to try his hand on a dull drama which everything else had failed to save from despondency. He injected several comic scenes and the result was miraculous. The sinking story was re-floated and made part as a hilarious comedy-drama.

Now that he has been accepted in the best of film company, the gag man is something more than a doctor called in to save pictures expiring from an overdose of gloom. He is assigned to the picture while it is yet a scenario and watches its growth carefully. Wherever possible he encourages the development of subtly humorous situations, striving for touches of human interest as well as for the frankly comic turn.

The women of St. Paul's Auxiliary and sister organization are collecting old gold and silver trinkets which are unsalable, and will devote them to St. Margaret's School in Japan. Contributions should be forwarded to Mrs. Richard Williams on or before Wednesday next.

ONLY ONE CASE ON DOCKET FOR WEDNESDAY'S SESSION MAYOR'S COURT

Wednesday's session of Mayor's Court was featured by only one case, and that was dismissed. If this is indicative of the courts to follow during the new year then 1926 promises to be a quiet year, so far as violation of the law is concerned. Heretofore the docket has been somewhat congested, requiring quite a while to dispose of the cases.

FUNERAL SERVICES CONDUCTED THURSDAY FOR AMOS EVANS

Funeral services were conducted for Amos J. Evans, negro, at the Sycamore Hill Baptist church, Thursday afternoon at 2:30 o'clock, by the pastor, Rev. J. T. Williams, assisted by Rev. J. J. Lang and Rev. Jessie King.

Amos was an industrious negro, having followed the painter's trade here for several years. He was respected by the white people of the city.

His family wishes to thank the public for the many floral designs, kind courtesies and expressions of sympathy.

PRESBYTERIAN CHURCH PROPERTY TO BE SOLD AT AUCTION TOMORROW

The Presbyterian Church property, located on Dickinson Avenue, will be subdivided and sold at auction on Saturday morning, January 9th, at 10:30 o'clock.

This property will be sold and the proceeds used for the erection of a new church building, the congregation having outgrown the old building.

This property is some of the most valuable in the city, being on one of the principal thoroughfares and in the heart of the business district. It is a corner lot, being on both Dickinson Avenue and Greene street.

Don't forget the date, Saturday, January 9th, at 10:30 o'clock. Sale to be conducted on the premises.

COTTON CROP IN 1926 DEPENDS ON SEED TEST

Government Issues Warning Of Possible Failure In Large Areas For Coming Year: Low Vitality Of This Year's Seeds May Bring Heavy Losses To Southern Growers.

Washington, Jan. 8.—(I.N.S.)—The cotton crop of 1926 may prove a failure over large areas of Oklahoma, Texas and Arkansas, if growers do not use good tested seed in planting.

This warning was issued today by the Department of Agriculture and is based upon the fact that during the growing and harvesting of the past season's crop are believed to have resulted in serious injury to seed stocks intended for planting purposes this year.

"While many farmers know the amount of the seed counted on for planting is probably of low vitality, there may not be a full realization of the possible danger to the coming crop," the Department's experts said.

By means of a simple test, sub-

stantially the same as the so-called "rag doll" seed test, widely recommended by the Department of Agriculture for seed corn, a farmer can ascertain in five days the condition of his planting seed and thus avoid the serious losses that would result from planting seed of low vitality.

To test cotton seed by the "rag doll" method an ordinary towel or piece of muslin about sixteen inches wide and two or three feet long is used. The cloth should be spread out and marked off lengthwise into three sections so that the two sides can be folded over and made to meet at the center, then two lots of 100 seeds each should be counted out and spread out in two different parts of the middle section or portion of the towel. The sides of the towel are then folded over so that the edges meet in the center, covering the completely.

The cloth should be pressed down firmly and then rolled up, a corn cob or piece of broom handle being used for a core. The "doll" made in this fashion is tied in the middle with a string and then given a soaking in lukewarm water for several minutes until it is wet through. After draining off the surplus moisture so that it will not drip or become saturated at the bottom the "doll" is placed where it can be kept warm and moist. It should be left for five days in a temperature of about 80 degrees during the day and 60 degrees at night. It

should not be placed near a window where it is likely to get too cool nor near the fire where it may be too warm. Moisture should be added by sprinkling each day and not by soaking. At the end of five days unroll the "doll" and count the number of sprouted seeds in each of the two lots. Healthy seeds will send out white root beginnings less than half an inch long. The number of the well-sprouted seeds in each lot represents the percentage of good seed. Good planting seed should germinate at least 75 per cent. If the seeds sent out sprouts which are not healthy, it would be well to send a sample of the seed to the State experiment station for a more accurate test of its value.

Ladies See As Many Powder-Puff Girls

London, Jan. 8.—(AP)—Assertion that love of open air and sports has sounded the death knell to the flirtatious powder puff girl are refuted by Lady Forbes Robertson, Lady Martin-Harvey, and others who maintain that the young women of today are as feminine as ever.

The physical training instructor of the Blackburn Education Committee contends that when a girl's leisure is devoted to healthy outdoor recreation "she has neither the time nor the mind to powder her nose, or wonder if she is sufficiently attractive to men."

Concerning this view, Mrs. Joan Rosita Forbes, the explorer and author, says flirting is out of date because good comradeship between men and women has taken its place.

Lady Martin-Harvey believes that all the sports girls have indulged in have not taken away their charm nor made "man girls" of them in the least.

As Gertrude Lady Decies sees the question, any suggestion that the modern English girl, because she indulges in sports and athletics, neglects her dress and person appearance, is far from being a fact. "Watch girls playing games," she avers. "They are invariably neat and tidily turned out."

Lady Forbes-Robertson says: "Sports for girls is necessary, but so, also, is the powdering of one's nose. I don't believe sport deprives a girl of the time for flirting, for most girls love flirting at any old time."

better weather. But the Riffs showed signs of life, not yet convinced that undying courage on the ground has little chance against poison gas and TNT in the air. So the French sent a few aviators "flying low." They dropped bombs and report that things are peaceful again.

If the Riffs want to fight somebody they ought to fight the United States. Against us they would have an even chance, since we have few flying machines, and those that we have don't fly much,

Mrs. Carrie Chapman Catt, introduced by Mrs. John D. Rockefeller, Jr. to a gathering of ladies, says the first thing we need is "an arbitration agreement with Japan," to prevent war. Such an agreement couldn't do any harm. But you remember that certain agreements existed in 1914 and became "scraps of paper."

The best arbitration agreement for the United States would be the world's biggest fleet of fighting airplanes, backed up by the best fleet of submarines.

First Witnesses Testify In Inquiry Aluminum Trust

Washington, Jan. 8.—(AP)—With Attorney General Sargent as the first witness, the Senate Judiciary Committee began today inquiring into the failure of the Department of Justice to bring proceedings against the Aluminum Company of America, in which Secretary Mellon is a large stockholder.

Resides Mr. Cargent, the Assistant Attorney General and officials of the Federal Trade Commission were called as witnesses into the inquiry, which is expected to cover wide range effecting both the Justice Department and the Trade Commission.

At the offset Senator Walsh, of Montana, read from a letter written by the then Attorney General Harland F. Stone to the Trade Commission in which it was held that the Aluminum Company had violated provisions of the Consent decree of 1912. Among other things the decree forbade the shipment of defective material to keep out competitors. Letters from agents of the company and from competitors charging shipments of defective material, then were read into the record.

SOUTH'S PREMIER SHOWING AT WHITE'S MON., TUES.

Some interesting facts about "The Wanderer," the Titanic film effort of 1925:

The largest motion picture set ever constructed and the greatest number of persons ever used for one scene in an American - made motion picture are two of the outstanding features of "The Wanderer."

The scene, which is that of an unnamed Biblical city, was built in the foothills of Santa Monica, Cal., and covers many hundred acres of ground. More than 200 carpenters and scores of technical assistants worked more than three weeks constructing the hundred massive buildings and reefs for the set.

For the scene depicting the destruction of the city by earthquake and fire, thousands of actors were employed, as well as hundreds of lions, tigers, elephants and camels.

More than two years were spent preparing for the production and four months were required for the actual filming. Many thousands of costumes were prepared, occupying the time of 100 seamstresses for almost a month. Two crews of men, laboring day and night, worked for weeks constructing a huge interior sets within the studio.

A score of jewelry craftsmen were engaged to make three thousand rings, bracelets and arm bands as were used in the days before Christ.

FRED AND SILVER IN RODEO CLASSIC

"All Around Frying Pan."

Fred and Silver were actually entered in the premier rodeo events of the illustrious cowboy classic, and the whole background of the new picture is imbued with the real spirit of the open west thereby. The production is an adaptation of Frank Richardson Pierce's story and Director Kirkland has shown rare judgment in handling its many ingredients. Naturally comedy plays a big part, as it does in all Thompson pictures. And there are plenty of thrills. The desert settings are gorgeous; really new locations that are marvels of beauty to the lovers of vast distances. All Thompson fans will be delighted at this production, which has its first showing here today at White's theatre.
