THOUSANDS PAY TRIBUTE TO LATE CARDINAL MERCIER

Remains Are Brought From Malines to Brussels; Belgium Says Farewell to Beloved Prelate

Brussels, Belg., Jan. 28.—(AP)—Belgium said farewell to Cardinal Mercier today. The King as chief mourner, followed the casket on foot as it was borne through the streets amid the tolling of bells, booming of minute guns, and strains of funeral marches from army bands.

Hundreds of thousands lined the route of the cortege to pay tribute to the prelate, whose stam against the German invaders caused him to be hailed as the incarnation of the nation's soul in war time. With the King marched the heir apparent, Prince Leopold, and Marshall Foch, General Ismael, of the Allied armies, who delivered the victory to which the Cardinal made such a tribute.

Delegations of wounded veterans from all the allied armies followed in a long procession with representatives of many nations, members of the Belgium Government and the municipal authorities of many of the important cities of the kingdom.

There was a brief pause at the Place Du Congrès while the mourners paid tribute to the unknown soldiers lying there. The procession then moved to St. Gudul, Cathedral.

The lamp posts on the street along the line of march were draped in black and most of the houses displayed the Belgium flag at half mast. It was a silent morning city through which the Cardinal's body, brought here from Malines to receive the nation's tribute, was borne. Street cars and vehic traffic had been stopped since early morning and schools and business establishments were closed.

Berlin, Jan. 28.—(AP)—The Socialist Democrat party at the Caucus today decided to abstain from voting in the Reichstag when the motion of confidence to the new Luther Government comes up for action. This does not constitute the clean cut endorsement which Chancellor Luther has been demanding.

It is considered that the Socialist Democrat action will give the Government a small margin of vote over its opponent, but even this result will stamp it as a minority Government. The Chancellor declared yesterday the Government could not go on without a positive vote of confidence.

Milwaukee, supplies on account of miraculous exorcism, believed by many, deeply religious, to have been the actual driving out of a devil, from the body of an unfortunate insane woman.

The account of the miracle, runs as follows: A woman whose mind had become unbalanced, was carried to the chapel of St. Joseph's hospital, where the "exorcism ritual" was performed, in Latin, not understood by the patient.

The question "who are you?" was answered, apparently from the throat of the woman in a deep masculine voice, "BEEZEBUB." Asked why he had taken possession of the woman, Beezebub replied, "BECAUSE OF MAL-EDICATION."

The fiend promised to leave the woman at two o'clock that afternoon, but did not actually leave until half past five, which is about what you would expect of a demon. The woman then relaxed and is getting better.

This miracle, not as yet vouchered for by church authorities, was an every-day occurrence in the middle ages, when demons were more active, numerous and efficient than at present.

It is romantic, refreshing and interesting to have one of them resume business at the old stand in these days of radios, automobiles, and newspapers. It is said, however, that the voice of Milwaukee's Beezebub indicated irritation and a feeling that times are not what they were, in the good old days.

Roaring Popocatepetl.

The new directory puts greater Detroit's population at 1,561,437, an increase of 162,587 in one year. The city of automobiles, and flying machines, grows rapidly, and so does this entire fortunate nation.

Our population increases more than two per cent, or about 2,000,000 a year. Business and prosperity increase twice as rapidly as population. We should be grateful.

Mexico's biggest volcano, popocatepetl in violent eruption terrifies the people, and many believe as in ancient days, that some demon or god is annoyed.

Luckily for the very common people, those that rule, understand the volcano. In old days, before Columbus, native priests would have sought to pacify the god. Human victims would have had their breasts cut open, with knife or sharp stone, and their hearts held up, bleeding toward the angry god to pacify him.

We don't yet understand all about volcanoes, but at least we know that no god or devil uses them to show his anger.

A joint legislative committee planning to modify the Volstead Act at this session will probably not succeed. Prohibition will stay in the constitution, until those now in the cradle are old. A determined prohibition minority would not allow a change in the Volstead law, even assuming that a majority really wants to change it.

D. L. Sharp offers, apart from virtue and morality, the best argument in favor of Volstead. He says men were not ready for prohibition but the times and modern machinery were ready, and made prohibition necessary.

"High among the white-pilled clouds above the house and the tree tops roars an airplane from Boston for New York. That pilot isn't drunk. No matter what the bibulous habits of his father might have been, this child of the sky, driving like Icarus, but unscorched by the sun, needs no tingling drop of alcohol to fire his courage or to steady his nerve."

That's brilliant writing, in spite of the fact, proved in the world war, that fliers, between flights were often hard drinkers.

"Machinery must be dry, so must be the people who run it, those who repair it and those who built it," is Mr. Sharp's conclusion.

Brevard, N. C., Jan. 28.—(AP)—Sheriff B. J. Sutton, of Transylvania County, took the stand today as the first witness in the trial of Mrs. Naomi Norris and Lawrence Tritt, on a charge of murdering the woman's husband. The jury was completed and sworn shortly before noon.

When he was called to the Norris home following the slaying on December 27 the sheriff testified that Tritt stated he and Norris had fought and that he "had" to kill the man in whose home he had been living because he did not want to be run over.

The state has called 25 witnesses and the defense nine.

The Greek Government raises money so simply as to justify the Russian saying, "An Armenian is as smart as two Jews, a Greek as smart as four Armenians."

Greece cuts twenty-five per cent from the redemption value of all bank notes in circulation. It is as though you read tomorrow morning that hereafter your twenty dollar bill would be worth only fifteen dollars, and redeemed at that price by the government.

Thus, swiftly and surely, Greece makes a forced loan of one billion and a quarter of drachmas with no possibility of dodging that tax.

DARNELL GIVEN PRISON SENTENCE

Convicted of Manslaughter and Sentenced From Five to Eight Years

Charlotte, Jan. 28.—(AP)—A sentence of from five to eight years in state prison was imposed on Zeb Darnell, 43 years old Pineville farmer by Superior Court here today following his conviction yesterday of manslaughter. Darnell was tried for the slaying of Joe Hinson, postmaster of Pineville, who was killed Thanksgiving night following a party attended by both men. The plea of the defendant was self defense. On the stand he told the jury that he and Hinson had both been drinking, and that after he shot the postmaster he brought him to Charlotte for medical aid, not knowing he had killed him. The jury deliberated two hours.

Trial of Couple Murder Charge Gets Underway

Brevard, N. C., Jan. 28.—(AP)—Sheriff B. J. Sutton, of Transylvania County, took the stand today as the first witness in the trial of Mrs. Naomi Norris and Lawrence Tritt, on a charge of murdering the woman's husband. The jury was completed and sworn shortly before noon.

Urges Ducking Stool for Gossips

San Francisco, Jan. 28.—(I. N. S.)—Revival of the old-time ducking stool to discourage divorce is advocated by Judge Thomas F. Graham, who for twenty-five years has been hearing divorce cases and has brought about so many reconciliations that in San Francisco he is known as the "great reconciler."

"Back of most divorce complaints is gossip," the judge said. "Three out of every five disgruntled husbands or wives are made that way by idle or malicious gossip. I believe the old-time ducking stool for gossips should be revived. That would lessen gossiping and in turn would decrease the number of divorces."

The treatment would apply to both men and women. Judge Graham declared.

Two Fish Tugs Caught In A Terrific Gale

Muskegon, Mich., Jan. 28.—(AP)—The fishing tug Helen M. and Indian with eight men aboard which were caught in a Lake Michigan blizzard during the night, were sighted at 11:00 o'clock today by United States Coast Guardsmen four miles south of Muskegon Harbor and one mile off shore. The tugs are drifting with the ice fields and as far as could be ascertained are not seriously damaged. No attempts could be made to rescue them but coast guardsmen are seeking an opportunity to throw them a line.

Plans X-Ray Tests to Curb Accidents

Boston, Jan. 27.—(I. N. S.)—Accidents by the thousands may be avoided in the future by the use of X-Ray tests.

According to Professor G. L. Clark, of Massachusetts Institute of Technology, the penetrating power of X-Ray will reveal cracks, blow holes and other defects in industrial plants and on railroads—defects that otherwise would remain concealed.

"There is no other way," said Professor Clark, "to detect hidden defects in machinery. The major accidents in industry are all caused by defects in machinery. A broken fly wheel may kill several. A broken bit of shafting on a ship at sea may determine the fate of an entire passenger list if a storm breaks before the necessary repairs are made. Cracked car rails have been known to derail trains. Every important bit of steel on which the safety of the public depends ought to be tested out by the X-Ray before it is put to use."

"There is almost no end to which the X-Ray may be applied along this line to make travel on sea and land safer and to protect life and limb in shop and factory."

OFFICIALS OF EXPOSITION TO MEET IN AYDEN

Second Meeting of Steering Committee to Be Held Friday Evening 6:30 O'clock

The members of the steering committee of the Eastern Carolina Exposition, which will be held in Greenville the week of April 5th, are in receipt of notices to go to Ayden Friday night of this week at 6:30 for the second meeting to be called this month. It is expected that the forty-six counties interested in this annual event will have representatives in attendance as Secretary Bartlett advises the committeemen that there are several important matters to come up for discussion.

The program that is being arranged, a majority of which has already been decided upon, sounds more like a grand opera than it does an exposition. The talent employed is the same that appears in occasions of much larger proportions than one of this kind. Even in cities when such excursions are held, the talent secured is for the most part mediocre. But not so with the Eastern Carolina Exposition. Nothing shoddy or cheap is ever found on one of its programs, and the program this year is high class entertainment even excels either of the other three formerly held.

There are many details to be worked out even at this early date and this is why the business are being held more frequently than in former years.

"Everybody is talking Will Rogers for the opening day, and they are all going to get and hear this, the greatest living humorist," is the way J. T. Stokes, of Windsor, expressed it, and he is a strong booster of the program.

SENATE OPENED CONSIDERATION TAX BILL TODAY

Chairman of Finance Committee Asks for Final Action by February 10; Opponents to Fight Hasty Action

Washington, Jan. 28.—(AP)—The Senate opened consideration of the tax bill today with opponents of the measure declaring they would fight hasty action even if the tax reduction were delayed beyond March 15, when first income tax payments are due.

When Chairman Smoot, of the Finance committee, asked for final action by February 10, Senator Norris, Republican of Nebraska, expressed doubt that a vote could be taken by that time. If added he did not see how it would be possible to get the bill through in time for reductions on the March 15th payments and suggested that these payments be postponed until April 1 or provision be made for refund.

Both of these proposals were declared impracticable by Senator Smoot. He said 2,000,000 persons would be relieved of all income taxes by the bill and that the government needed revenue on March 15th to meet \$600,000,000 in short term obligations.

Several members from both parties took the floor to promise support for a program of early action.

Asked whether Democrats and Republicans of the finance committee had agreed on repeal of the inheritance tax and on publicity for income taxes, Senator Reid, Democrat of Missouri remarked that the committee must be in a hurry.

Senator Smoot replied that a large majority of the committee had voted in favor of repeal of both propositions. Senator King of Utah, one of the Democratic member of the committee, however submitted a minority report opposing repeal of the two provisions.

Senator Harrison, of Mississippi, another Democrat on the committee, introduced amendments for repeal of the levies on automobile bodies and chassis admissions, and dues, and the repeal of the stamp taxes on capital stock transfers, sales on produce exchanges, playing cards, insurance policies, capital stock issues, and bonds of indebtedness.

**THE TERMS UPON
WHICH WE ENTER**
Now that the Senate has
voted entry of America into
the World Court it is well
that the nation stop to con-
sider just upon what terms
we are to enter the court
and what it means. In sum-
ming up America's position
as to the conditions of ad-
herence, the New York
World says:

"Is the public clear as to
the precise conditions on
which we are giving our ad-
herence? These conditions
have been laid down in five

reservations and two resolu-
tions attached to declaration
of consent. The reserva-
tions are aimed to secure the
five objects which have been
held in view by court ad-
herents since the beginning
of the present debate. Of
the two resolutions, one is
unimportant and innocuous.
The other lays down a far-
reaching principle of domestic
policy, and involves a
highly debatable issue.

"The first four reserva-
tions are intended to meet
the American demands
which Secretary Hughes
outlined three years ago,
and present few difficulties.
They assert (1) the exclu-
sion of any legal relation
between America and the
League; (2) that America
shall participate equally in
the elections of judges; (3)
that we shall pay a fair
share of the World Court
expenses, and (4) that the
court statute shall never be
amended without American
consent. Senator Swanson
has expressed these stipula-
tions in plain language.

None of his reservations is
likely to meet opposition
abroad. To the fourth is at-
tached an additional proviso
that the United States may
withdraw from the court at
any time. This is probably
unnecessary, but there is no
harm in including it.

"The fifth main object of
the reservations is the set-
ting of the limits to the
World Court's delivery of
advisory opinions to the
League. As adopted, the
Swanson reservation stipu-
lates that advisory opinions
must be rendered publicly,
and no such opinion can be
given in a dispute affecting
the United States unless the
United States consents.

"As for the two resolu-
tions: the unimportant one
is the Chadband assertion
that the United States is not
departing from its tradi-
tional policy of non-interfer-
ence in the affairs of other
nations. Very different is
the other resolution, em-
bodying all the Senate's
jealousy for its constitu-
tional prerogatives. It de-
clares that the United States
shall submit any issue to the
World Court only by agree-
ment thereto through gen-
eral or special treaties con-
cluded between the parties
in dispute. In other words
the Senate, and not the State
Department, shall decide
when and how we actually
go into the court. One-third
of the Senators can block
action. This is the price
President Coolidge is made
to pay for getting the World
Court through the Senate,
and it is a stiff one."

Daily News Letter

By F. A. WRAY.
N. S. Staff Correspondent.

London, Jan. 28.—(AP)—Seven million British women spend \$105,000 yearly getting their hair done. The computation of fashionable hairdressers.

In addition to shingling fees, hairdressers are making money because the new fashion has created a demand for permanent waving.

The amount is increasing yearly, as every day more women have their hair cut off.

He explains why the ordinary woman finds it almost impossible to have her hair cut, also why a skillful hairdresser can obtain any pay she likes to ask.

Following the production of a "artistic" film in London in which a mass of shapely, mirror-reflected, arabesques fitted across a screen, the Chelsea art quartet and many of the fashionable intellectuals are devoting much at-

ention to the "artistic possibilities" of the film.

The comparatively great cost of a film production is at present proving the difficulty, and no help can be obtained from the British film industry, which is in a poor financial condition. A co-operative scheme is being devised, with an eccentric philanthropist as "angel," so that impecunious artists are to be able to find a new means of self-expression by the use of films.

All attempts to interest American film producers in the scheme have failed, but it is expected that the first production, now being arranged, will be a success owing to its very eccentricity, which would insure it being booked, according to the producers, as a novelty, if not as a "work of art."

Winston Churchill, the British Chancellor of the Exchequer, will visit Belfast on March 2 as the guest of the Chamber of Commerce, it has been announced.

Churchill has been invited to deliver an address in Ulster Hall, from which Ulstermen barred him on a visit to Belfast fifteen years ago.

Legion's "Old Gray Mare" Found Dead In Texas Rasture

Fort Worth, Jan. 28.—(I. N. S.)—The Old Gray Mare, the Brownwood, Texas, Gray Mare Band, famous over the United States for appearances in American Legion conventions, is dead.

The old horse, who appeared at two national conventions of the Legionaries—once at San Francisco and again at St. Paul, where May Peterson, opera singer, rode her through the streets and into the convention hall, was found dead in a pasture near Brownwood recently.

A broken heart was ascribed as the cause by the Gray Mare's keeper. Oklahoma is at the present time contesting Texas' right to the Old Gray Mare tune, and the controversy is to be decided by a membership contest, the winner obtaining the right to the tune and the Old Gray Mare.

"Yes, sir," says Texas Legionaires, "the old horse just couldn't stand the idea of having to go to Oklahoma, so she just up and died."

But while the mascot of the Brownwood band is dead, the Texas spirit back of the fight for the right to the tune is going along. A new Old Gray Mare will be found, members of the band say, and business will be carried on "as usual."

The Old Gray Mare, its ribs and bones sticking out through its gray dirty sides, and looking just like

SCIATIC NEURITIS

The sciatic nerve, situated at the back of the hip joint is frequently the subject of Neuritis, giving rise to the painful disease Sciatica. The symptoms are intense pain which shoots down the thigh to the foot, often aggravated by walking, and with painful points along the course of the nerve, very tender to the touch.

The disease is a very obstinate one and does not readily respond to ordinary treatment. It takes more than the usual pain sedative even to alleviate the pain.

The quickest, safest and surest way to get rid of the persistent nerve racking pains of Neuritis is to get a bottle of Allenru Special Formula No. 2, which comes in capsule form. Take them as directed and notice how in about 24 hours they have considerably reduced, if not entirely banished, all pain and soreness. Continue until the Neuritis has entirely disappeared and you are able to work and rest in comfort once again. Pitt Drug Co. keeps Allenru Special Formula No. 2 in stock at all times and sells lots of it.

RELIABLE QUALITY GOODS ALWAYS AT LOWER PRICES

315-317 Evans Street Greenville, N. C.

IT IS POSSIBLE To Combine Quality And Extreme Low Prices!

Low Prices First, Last, All the Time

Talking about the Golden Rule in business. Here's two examples: Our women's full-fashioned silk hose are \$1.49 the pair to everybody, all the time. Our "Pay-Day" Overalls are \$1.99 to everybody, all the time.

If it were not for our large buying power we could not sell either of these articles for anything like the same price. Our buying power saves you money.

These two examples are typical of hundreds of others in this store.

In order to sell at low prices it is not required that a store sell poor, shoddy, inferior goods. The large buying power of our hundreds of Stores enables us to buy Quality Goods so as to sell at low prices.

"Do unto others as you would be done by"—the Golden Rule in our ethical life—must needs be carried into merchandising to make it successful.

The merchant, for his own use, wouldn't consider a poorly made garment. He wouldn't continue to purchase a store unless he had confidence in its integrity—bonafide values—rather than the above reproach.

"Doing as you would be done by" is the most solid foundation of good will.

ATE TOO FAST

South Carolinian Took Black-Draught For Indigestion, and Says He Could Soon Eat Anything.

Ballentine, S. C.—Mr. W. B. Bouknight, of this place, gave the following account of his use of Theford's Black-Draught.

"Just after I married I had indigestion. Working out, I got in the habit of eating fast, for which I soon paid by having a tight, bloated feeling after meals. This made me very uncomfortable. I would feel stupid and drowsy, didn't feel like working. I was told it was indigestion. Some one recommended Black-Draught and I took it after meals. I soon could eat anything any time.

"I use it for colds and biliousness and it will knock out a cold and carry away the bile better and quicker than any liver medicine I have ever found."

Eating too fast, too much, or faulty chewing of your food, often causes discomfort after meals. A pinch of Black-Draught, washed down with a swallow of water, will help to bring prompt relief. Bloating, sensations, eructations, bad breath and other common symptoms of indigestion have disappeared after Black-Draught has been taken for several days. NC-164

Paying Cash Makes You More Independent

Paying Cash As You Go means living within your means!

Paying Cash As You Go makes possible cash purchases at lower prices than "Charge Account" prices!

Paying Cash As You Go permits you to trade where you please!

Paying Cash As You Go keeps your credit good!

Paying Cash As You Go makes you more shrewd in buying because in paying cash you are under no obligation to take that which is undesirable, or to purchase that which is too high in price!

Paying Cash As You Go enables you to open a checking account in your favorite bank!

Paying Cash As You Go is the emergency brake, safeguarding you from buying what you do not need!

Paying Cash As You Go frees your mind from the "Bill Collector" worry!

There is only one reason in favor of Charge Accounts and that reason benefits the Seller, not the Buyer! It's easy to buy more than we need when we have the privilege of a "charge account."

ROUND TABLE CLUB MEETING

On Tuesday afternoon, Mrs. C. T. Munford was hostess to the members of the Round Table Club at the home of Mrs. Wiley Brown.

In spite of the snow and the rather chilly outlook, most of the members responded to the roll call.

Our President, Mrs. Herring, presided over the meeting. After a short business session, the club resumed its travel course—Germany was the subject of study for the afternoon.

Mrs. J. W. Higgs took us back to the close of the great World War and the military occupation on the Rhine by the American Expeditionary Forces. The real meaning of military occupation was more forcibly brought home to us than this generation had ever dreamed of.

Mrs. J. E. Nobles then took us on a delightful trip down the Rhine, describing in detail the scenery and giving the history of many of the notable places that are located on the Rhine.

Interesting items on Switzerland were given by everyone present.

At the conclusion of the program, the hostess, assisted by several young girls from the college, served delicious refreshments.

MRS. R. R. BRUNSON ENTERTAINS BRIDGE CLUB

Mrs. R. R. Brunson entertained the members of her bridge club on Wednesday evening, having as honor guests the husbands of the members.

Mrs. Larry James making the top score, was presented a boudoir pillow, while Mr. Penn Watson, making the top score for the men, was presented a carton of cigarettes. Mrs. Hauerberg, of Louisville, Ky., house guest of Mrs. David Turner, was remembered with a guest towel.

After a number of progressive, a salad course was served.

FIFTEEN BEAUTIES WITH DIX IN "WOMANHANDLED"

Fifteen girls, selected from all Texas as the most beautiful in the South, play a troop of chorus girls in Richard Dix's new starring vehicle, "Womanhandled."

The girls, selected by Director Gregory LaCava from list of more than five-hundred candidates, were chosen chiefly because of their beauty rather than because of their past stage or screen experience. Among them were the belles of Southland's society. Names familiar to every society editor in the Lone Star State.

According to La Cava, who made the picture for Paramount, the group proved itself real actors and troupers. Dressed in heavy clothing the girls worked for three entire days under the scorching Texas sun with the thermometer hovering around one-hundred and twelve in the shade.

An added comedy and Miss Earle with special music completes the program presented at popular prices at White's today.

YOUNG WOMAN'S FEDERATION TO MEET FRIDAY P. M.

The Young Woman's Federation will meet Friday afternoon at 3:30 o'clock with Miss Lill Wilson, Mrs. W. E. McTiwan will be leader, and Rev. I. B. Jones, pastor of the Jarvis Memorial Methodist Church, will make a short talk. The meeting will be featured by the election of officers for the ensuing year. A large attendance is desired.

MISS VALENTINE IS AN UNUSUAL GIRL

Unusual interest is displayed in musical circles and among the devotees of clean wholesome entertainment concerning the announcement that the Valentine Opera Co. in "Bohemian Girl" is scheduled to appear at White's Theatre on Friday, February 5.

With regard to Miss Valentine and her very excellent organization, it is only betting the occasion to mention the fact that she is the only woman in American to produce and conduct opera successfully. Year after year has found this young artist advancing step by step until today she is recognized and adulated by many of our greatest artists.

At the age of nineteen Miss Valentine conducted the "Robin Hood" score at the Park Theatre, New York, as guest conductor of the late Reginald De Koven, being the first woman ever to wield a symphony baton. The press throughout the country took cognizance of this unusual girl. Later, she became conductor under Victor Herbert. Mr. Herbert once said, "She will be a great artist, for she is a student and has an intrepid determination." So, as the years rolled on, this slip of a girl began to make her mark.

The "Bohemian Girl" will be presented by Miss Valentine and her company of artists on Friday, Feb. 5, at White's Theatre. Send mail orders now.

"You Can't Afford a Fire"

I once knew a guy,
'N his name wuz Jim
'N he had funny whiskers
All over his chin,
'N his face wuz hard,
'N his nose was long,
'N his mouth and eyes
Wuz put on wrong,
'N he wore a silly
Little flat top hat,
With brass button coat,
Fancy vest, 'n all that,
But this guy Jim
Wuz a careful cuss,
He made lots o' money
Without much fuss,
'N he saved his money
In a buried tin can,
To spend almost nothin'
Wuz this guy's plan,
But he bought a house,
'N a farm or two,
'N renteg 'em out,
Like them guys do,
But Jim wuz tight,
As tight can be,
'Insurance' s too high,
Too high," sez he,
So he rocked along
Fer twenty years,
'N his luck wuz good,
So he had no fears,
'N he figgered up
How much he'd saved
By not insurin'
'N then he raved:
'Jos look here,
Why! I'm ahead
'Bout a thousand bucks,
Some cash!" he said,
But late one night,
Fire took up slack,
'N burned his barn
To ashes black,
'N it burned his corn,
'N harness and teams:
It burned dern near
Everything, it seems.
Then Jim took a pencil
And set down to write,
'N he figgered it out
Where he'd been too tight,
His loss wuz high,
Three thousand or more,
'N then old Jim
Wuz doggone sore,
So here's the lesson,
Minus the tears:
You can't afford a fire
Every twenty years,
'N right now quick,
You'd better make sure,
Call H. A. White & Sons now,
Phone 49,
Hurry up!—INSURE!

Mujik embroidery encircles this trim little Basque with tailored collar, flared skirt and long full sleeves.

All over flower design on softest Pussywillow. The Gilt Basque fits snugly over the Shirred Skirt.

The Newer Basque by Peggy Paige

Allies itself with the Full Shirred Skirt

The smartest version of the full skirt is achieved by that shirring at the hips now sponsored by the great Paris houses—and this type of skirt is particularly effective in combination with the youthful Basque.

Applique or embroidered designs on the Bodice stress the gradual return to the normal waistline, for in its upward movement, this decorative treatment gives the effect of the higher line Paris has been hinting at for some time.

OHIO'S FIGHT ON MODERN DANCES IS APPLE SAUCE

Battle Over Old and New Steps Rages, As Cleveland Cops Ban Charleston Test; President Harding's City Refuses to Join Crusade, Calling It Absurd

By WILLIAM J. HUSKE, I. N. S. Staff Correspondent, Cleveland, Jan. 28.—With the proposed action of the city council of Lorain abolishing all modern dances within the city, and substituting therefore the old-fashioned steps made famous once more by the patronage for reformers, sociologists and the rising generation, dancing masters and others have come to the defense of modern youth and its principal diversion.

Under direction of the city council, the law department of Lorain, a city the population of which is largely employed in steel plants and ship building, is now drafting an ordinance placing an official taboo upon all modern dances.

Lorain officialdom is especially bitter in its war upon the Charleston. Mayor William F. Grall declared publicly that the Charleston was responsible for more cases of juvenile delinquency than any other single thing in Lorain. City fathers dubbed the steps now in use "vile and indecent," and unanimously acted to stop their use within the city.

"I will use the entire police force if necessary," Mayor Grall declared, "to enforce the ordinance when it is passed."

The other side of the picture is presented in Marion, the home town of the late President Harding, also an important industrial city.

"It would be utterly absurd," City Solicitor Grant E. Mouser declared, "for Marion to draft an ordinance barring the so-called modern dances. Who is to determine the type of dance that shall dominate our dance halls?"

This theme was enlarged upon by J. K. Schwinger, Marion dancing master for more than 25 years, who declared the action of the Lorain council was a "lot of applesauce."

"Henry Ford," Schwinger said, "may be a howling success as a manufacturer of lizzies, but as a dancing master, he's an auto builder."

"Ford's attempt to replace modern dances with the old-time quadrille, 'rky' waltz, Newport and minuet is unquestionable a move toward better social dancing, but Ford is overlooking one of the most important steps in the revival of the old-fashioned dance."

"Old-fashioned dances require music vastly different from the jazz and toddle crazes of today. Who could execute the quadrille to the tune of 'Yes, We Have No Bananas, or glide gracefully into a waltz with the orchestra playing 'Red Hot Mama?' Schwinger inquired.

"On the other hand," Schwinger continued, "who of the modern dancers could do the Charleston, phynolle hop, Boston dip, chimney, kangaroo, and camel walk, with an

old-time fiddler sawing out on his fiddle such tunes as 'Turkey in the Stray,' 'After the Ball,' 'On the Sidewalks of New York,' and 'Rose O'Grady?'"

Meantime, as the battle rages over the dances old and new, a proposed exhibition of the Charleston in Cleveland was called off by police orders.

1928 Presidential Booms Incubating May Soon Hatch

(By George R. Holmes) I. N. S. Staff Col. Washington, Jan. 28.—These "incubator days" in Washington, 28 1915 1915 1915 Any number of Presidential eggs are being laid away in cotton wool against the day not far hence, when they may hatch into full-blown Presidential booms. The fact that most of them likely will prove to be "duds" does not deter their sponsors from casting tender glances at them.

The theory behind most of them is that "you never can tell," and "big trees from little acorns grow" as proven in the odd twist of political fortune that brought Warren G. Harding the Republican nominee in 1920, and the even more casual whim of fate that brought Calvin Coolidge into the White House.

Five Booms in Sight

The Republicans incubating these days is being conducted under considerable difficulty, the difficulties being the same Calvin Coolidge; but it is being conducted nevertheless. And with persistence.

There are in Washington today no less than five well-defined movements afoot to name Calvin Coolidge's successor in 1928. Of course, no speeches are being made, no literature is being sent out, the drums are silent, and the horns are dusty, but by word-of-mouth by gossip, by letters and by the numerous other sub-surface channels that are part and parcel of the politicians' equipment, the surge toward 1928 is on. Occasionally there are sly references

to it on the Senate or House floor. None of these egg-lets will see the light of day until when—and if—the tactful man in the White House cares to take the country into his confidence about his own plans for 1928.

A veteran Republican, who has been known to harbor Presidential aspirations himself, summed it up this way the other day in speaking of Mr. Coolidge's chances for 1928:

The Coolidge Prospect

"If business continues good, if two years from now everyone has as much money or more as he now has and a good job; if no colossal blunders are made, nor scandals developed, it is quite probably Mr. Coolidge can and will succeed himself if he wants to."

Perhaps the most clearly-defined boom, if such they can be called, now center around three men—Frank C. Lowden of Illinois, Herbert Hoover, and "Nick" Longworth. It is not suggested that either of them or any of them is personally concerned in the

present advancement of their names. But their friends are busy. In a more nebulous state are the "booms" of Charles E. Hughes and Charles G. Dawes.

St. Louis Thinks She Can Win the Pennant Again

By DAVID J. WALSH, I. N. S. Staff Correspondent.

New York, Jan. 27.—It is St. Louis' turn to harbor a pennant-winning ball club for the first time since the competitive dark ages? The staid, old river town seems to have gone fairly off its civic nut in considering the matter by way of mid-winter diversion.

"What is needed to bring a major league pennant to St. Louis?" is the key-question of a symposium being conducted by one of the leading newspapers. The answers from fans have been many, varied and not without some constructive value. The inspiration for all the agi-

lation has been furnished by the fact that during the last ten years few clubs have achieved championships for the first time. The Philadelphia Athletics were one of the first to upset the present champions in 1919 came through after years of failure. Now, they are the present champions in Washington as a notable example. St. Louis hasn't had a pennant since 1888 when the old Browns, as finished their string of titles, and the citizens think something should be done about it. They have gone so far as to print the "hunch" that the enlargement of the ball park means something, it being the general idea that pennants usually follow in the wake of such improvements.

Most of the boys appear to string along with the Cardinals as a better bet than the Browns. Those of this persuasion profess to believe that a full season of Hornsby's leadership plus the beneficial results expected to follow Bill Killebrew's handling of the pitchers will bring success where everything else has failed.

How to Stop That Weakening Cough

Why let a heavy, stubborn cough weary you down when you can get speedy relief and often break it up completely in 24 hours through a remarkable new method based on the famous Dr. King's New Discovery for Coughs?

Here is the method: You simply take one teaspoonful and hold it in your throat for 15 or 20 seconds before swallowing it. It has a double action. It not only soothes and heals irritation, but also removes the phlegm and congestion which are the real cause of the coughing. So with the cause removed the worst cough soon disappears.

Dr. King's New Discovery is for coughs, chest colds, bronchitis, spasmodic croup, etc. Fine for children, too—no harmful drugs. Very economical, as the dose is only one teaspoonful. At all good druggists. Ask for

WHEN a fellow's happy as a spring robin, he's just got to show it. Face lighted up like a sample house. Look at those jimmy-pipers all around you. You can't tell whether they've just got a raise, or whether they've been mentioned in a rich uncle's will.

But here's the secret: They've discovered Prince Albert! Just you tuck a neat wad of P. A. into the muzzle of that little old jimmy-pipe and make fire with a match. Man, alive. Here's tobacco as IS tobacco. Mellow. Mild. A win in every draw.

No other tobacco is like Prince Albert. Cool and sweet and fragrant. Not a nip or a scorch in a barrel of it. The Prince Albert process cuts out bite and parch, and develops a tobacco flavor that has solace and satisfaction written all over it.

Quality tobacco and no mistake. You'll say so the instant P. A.'s wonderful smoke percolates into your system. Get together now—you and your jimmy-pipe and Prince Albert. Step around the corner and tell the man you want a tidy red tin of P. A. Then you're set for real smoke-sport.

P. A. is sold everywhere in tidy red tins, round and half pound tin humidors and pound crystal glass humidors with sponge-moistener top. And always with every bit of bite and parch removed by the Prince Albert process.
