GREENVILLE BOYS TO TAKE PART IN RALEIGH TOURNEY

Scheduled To Meet Strong Guilford High Team Friday Afternoon; Seventy High Schools To Take Part In Tournament.

GREENVILLE BOYS The Greenville High basketball team leaves this afternoon for Raleigh where they will compete with seventy other high school teams for the Spalding trophies. This is an international tournament sponsored by State College Athletic associations for the purpose of high school athletics, together in order that they may be comparatively judged as to ability, and also to acquaint them with the facilities of the athletic department of their state institutions.

Greenville is scheduled to meet the strong Guilford high team Friday at 2 p. m.

The following men will make the trip: Capt. West, Brown, Forbes, Curry, Jones, Denton and Burnette, accompanied by Coach Crater.

The coach and boys are hopeful of making a creditable showing in this first tournament as they have been victorious even times out of thirteen games so far this season.

Countess Will Not Be Returned To Ellis Island

New York, March 4. (AP.)—The Countess of Cathart will be surrendered by her counsel to the immigration authorities one half hour before the hearing of the habeas corpus proceedings brought in her behalf is called tomorrow.

The decision was announced today following an agreement reached between department of labor officials and attorneys for the countess. The 10 day liberty under bond granted to her after she had been ordered excluded from the country on grounds of moral turpitude, expired last night. She has not reported back to Ellis Island and said she would remain at her hotel until sent for by immigration authorities.

The countess will be turned over to the immigration authorities in the federal building rather than on Ellis Island, it was announced, to avoid difficulty in producing her at court. Federal Judge Bundy will then hear arguments on the habeas corpus writ.

Margie R. Edwards Died Last Night

Margie Ray Edwards, aged 21 months, the twin daughter of Mr. and Mrs. Henry Edwards, this county, died last night at 6 o'clock from complications, following whooping cough. The funeral services were conducted from the home this afternoon at 3 o'clock, with interment taking place in the Allen burying ground.

Margie Ray was an attractive little girl and was beloved by every one who knew her. The twin sister is critically ill with whooping cough.

The many friends of Mr. and Mrs. Edwards sympathize with them in their bereavement and wish for the recovery of the little girl.

Reactionary Movement Stock Prices Checked

New York, March 4. (AP.)—The reactionary movement in stock prices, which has continued unrelentingly for more than a week, has reduced the quotation of securities by more than billions of dollars, was held at least temporarily to when strong banking support was provided for a long list of high grade railroad and industrial shares.

In Gem Theft

Alleging that he was posing as a millionaire at an expensive New York hotel upon the proceeds of a \$25,000 jewel robbery and other thefts in which New York and Philadelphia society people were the victims, police arrested Walter Carney, a butler.

URGES AN EARLY OPENING MARKET

Declares That If Tobacco Markets Open a Month Earlier Farmers Will Benefit Greatly.

Wilson, Mar. 4.—A movement is under way to have the tobacco markets of the eastern part of the State open August 1—about a month earlier than they generally do. The Wilson Times, with the prestige of the largest leaf tobacco market in the world behind it, vigorously advocates the change. It says editorially today:

"We note in a recent issue of Tobacco that Mr. M. Z. Moore, a tobaccoist of this city is urging the warehouse men and buyers to open the markets of Eastern Carolina August 1. This should by all means be done. It is not fair to the farmers, the business men and the people of the tobacco belt to open it later than that date.

"The farmers find it difficult to finance themselves through the month of August. By that time most of the money has been drained out of the community and business is practically at a standstill.

"We note in a recent issue of Tobacco buyers do not want to open the markets earlier, and the reason is a desire to cut their overhead as much as possible, but they owe something to the farmers who are raising tobacco for them and to the communities who are dependent on the tobacco money for a livelihood.

"Five months is too short in which to market a crop of tobacco and the interests of the farmers are injured when an attempt is made to handle it so rapidly with congested floors.

"Notwithstanding the facilities enjoyed by this market there were many block sales and any number of farmers had to return home and come back again another day the next season. This was putting them to unnecessary inconveniences and expense. With the month of August employed in which to sell, all the reasonable demands of the community and the farmers would be met. Every effort should be made to have the big companies see the injustice that is being done the people of Eastern North Carolina in endeavoring to sell its tobacco crop in so short a space and time."

Five Houses In Elizabeth City Destroyed By Fire

Elizabeth City, March 4.—(AP.)—Fire, swept by a strong northwest wind, destroyed five houses occupied by negro families, and damaged two others here early today before the blaze was brought under control.

GENERAL PERSHING IS NOW ENJOYING NORMAL HEALTH

Physicians Warn General That Return to South America Will Be Dangerous; Will Remain In Hospital a While Longer.

Washington, Mar. 4.—(AP.)—Having surrendered all his teeth and himself unreservedly to the care of physicians, General John J. Pershing is back to normal health and is feeling better now than he has for years.

Although he is anxious to be up and out again, he will remain at Walter Reed Hospital for some time while his doctors make certain that he has completely recovered from the illness which sent him home from his post as neutral head of the Tacno-Arica Plebiscitary Commission.

The general gave up his teeth in the light against toxic poisoning and his blood pressure, which hanged around 185 points when he returned to Washington, has dropped to between 140 and 145 during his two weeks of treatment. The quiet of his hospital quarters in contrast to the continuous turmoil attached to his duties in South America also has done much to improve his condition.

The officer, who commanded the American forces in the world war, gave himself over completely to the physicians at Walter Reed Hospital and he made no complaint as they put him through one examination and test after another. They are satisfied with his condition now but they have warned the general that a return to South America would be dangerous to his health.

Officers Elected D. A. R. Meet

Charlotte, March 4.—(AP.)—Mrs. W. O. Spencer, of Winston-Salem, today was elected as a vice president general of the Daughters of the American Revolution by the North Carolina society in convention here.

The Winston-Salem candidate won by a majority of a single ballot, the count standing 69 to 68. Mrs. Ralph V. Landenham, of Charlotte, was the defeated candidate.

The nominating committee of the society submitted also its nomination of state officers, which was regarded by many as equivalent to election. The committee named Mrs. W. B. Murphy, of Snow Hill, as recording secretary; Mrs. Hugh Murrill, of Charlotte, as librarian, and Mrs. J. Talbot Johnson, of Aberdeen, as registrar. The other state offices do not expire this year.

Sharpe Holds Conference With Sec. Andrews

Charlotte, March 4.—(AP.)—Ben C. Sharpe, prohibition administrator for the Eighth federal district, was back at his desk here today following a conference yesterday in Washington with Assistant Secretary Andrews, but declined to intimate what the discussion had touched upon. He also declined to confirm a report here that additional federal agents would be employed to replace those recently dismissed by orders from Washington.

Earthquake With Heavy Losses Is Reported Bulgaria

Sofia, Bulgaria, March 3.—(AP.)—An earthquake in the Teoponnesus with heavy loss of life is reported by a courier arriving here. A cliff shaken from the mountain side rolled down into a valley, crushing a train, he reports. Three of the passenger cars were caught in the avalanche and many of the passengers were killed.

A wife in the home was with two at a card party. Fayetteville Observer.

GREENVILLE HIGHS WIN LAST GAME ON LOCAL COURT

Defeat Washington Team By Score Of 41-25 In Last Home Game Of Season.

The Greenville High basketball team led by Captain West ran true to form last night and defeated the Washington High team by the score of 41-25.

The green and white opened the game with lightning speed and deadly accuracy and before the Washingtonians could collect themselves Greenville had forged to an eight point lead accounted for by beautiful field goals by West, Brown and Forbes.

Washington called for time out and came back with three counters, the quarter ending 8-3.

The second half opened with both teams showing more aggressiveness and the Washington crew almost evened the count before the green and white rallied to the occasion and drew away from the visitors with one field goal after field goal until the final score ended 41-25.

The individual honors of the game go to Captain West, of Greenville, who led the field with 23 points to his credit. Besides being high point man he was easily the most aggressive and consistent floor worker of the game, being a threat to the opposing team at all times.

The second scoring honors go to Brown with 11 points, while Forbes and Curry played their usual good game. For the visitors, Potts and Kuyler shared equal honors in handling the ball. The game as a whole being fast and adept in a whole being above par for high school basketball.

The line-up: Greenville (41) Washington (25) West (23) RF Boyd (3) Forbes (5) LF Kuyler (9) Brown (11) C Ross (2) Curry (2) RG Potts (10) Jones LG Brown (1)

Substitutes: Greenville, Denton for Curry; Washington, Lyle for Potts, Walters for Boyd, Referee, Massey (Carolina).

Will Do Nothing To Jeopardize Locarno Pact

London, March 4.—(AP.)—speaking warily and admitting the "delicacy of the occasion," Sir Austin Chamberlain, the foreign secretary, told the house of commons this afternoon that England would not oppose a unanimous agreement of the other members of the League of Nations council to award a permanent seat on the council to some other nation beside Germany.

In his promised outline of British policy regarding enlargement of the council, Sir Austin declared however that British representatives at the coming Geneva meetings would be guided by the principle of doing nothing to jeopardize the results of Locarno. They must be parties, he declared, to nothing which would make it impossible for Germany in the last moment to enter the League when she presents herself at its door.

Eure Announces Candidacy For County Solicitor

Attorney J. B. Eure, of Arden, has announced his candidacy for County Solicitor, to succeed Mr. J. Con Lanier, who has announced his candidacy for Judge of Pitt County Court. Mr. Eure is well known throughout the county and has a host of friends who predict for him a successful race.

TODAY

(Copyright, 1925) Groans, Liquidations. Mellon Goes Shopping. Strange Lady Cynthia. Mushing For Gold. ARTHUR BRISBANE

Sighs, groans and liquidating in Wall Street. You have seen a good farm housewife shake out the tablecloth and its crumbs to the chickens in the back yard.

Similarly, Wall Street housewives of high finance are shaking out the little crumb speculators, but they go by the thousands. Later those Wall Street housewives will have gathered in the stocks and the game will start up again.

Don't be frightened out of your stocks, if you bought the right kind and are able to hold them and own them.

A nation voluntarily buying back nearly a billion of its own debt as a minor incident, hasn't finished with its boom.

Secretary Mellon will buy and retire one hundred million dollars worth of the third Liberty Loan bearing 4 1/4 per cent, as part of his spring financing.

Also six hundred and sixteen millions of treasury notes will be paid cutting down the nation debt seven hundred and sixteen million dollars.

Our European friends reading that will be more than ever bitter that "Uncle Sam swollen with gold," and be more than ever determined through the world court, to relieve him of that gold.

Lady Cynthia Mosley, genuine British title went to Chicago where her grandfather, Levi Letter, earned dry goods money that enriched her father, Lord Curzon.

This unusual lady declined invitations to dine, from perfectly good Chicago millionaires, possessing correct "Chicago social positions," and went to Hull House, where poor people would welcome. Then she went on to Milwaukee, to call in Victor Berger, Socialist leader and only Socialist member of Congress. Lady Cynthia is a "Socialist, Laborer."

Surely Washington will not take this "lying down." Some 100 per cent red blooded American official will arrange to have Lady Cynthia Mosley sent to Ellis Island and deported.

There must be something "dangerous to our institutions" about a woman who prefers Victor Berger, the Socialist, to a dinner with gold plates in the house that Walter Palmer built, on Chicago's "gold coast."

The world has been much explored, since and before the days of Marco Polo, and the exploring goes on. Ten expeditions are about to start for the polar regions, some to find the pole again, others to seek new lands and perhaps oil, gold, etc., others go in the interest of science.

In Canada frozen roads are packed with gold seekers, defying the temperature fifty degrees below zero in a new gold rush. Gold seekers, mushing in dog sleds racing to the new strike where "gold is showing over a stretch of country five miles in length, with good ground still untraced." It won't remain untraced long. Say "gold" and people move as when you cry "fire."

Spokesmen for the Methodist Episcopal Church call Governor Al Smith of New York, supposed to be a candidate for the presidency on a "wet" platform responsible for the nation-wide attack on prohibition. The Methodist gentlemen exaggerate Governor Smith's influence. In New Mexico, where the average man never heard of Governor Smith, an Albuquerque newspaper is taking a poll on prohibition and shows that the people of that state, three to one in favor of a change in the law.

In Wisconsin a poll shows ten to one for modification.

Three Cardinals, Hayes of New York, O'Connell of Boston and Mundelein, of Chicago highest American officials in the Catholic church, have publicly expressed a dissatisfaction with the workings of the Volstead Act. Dissatisfaction has been expressed long ago by an influential committee of the Protestant Episcopal church.

There should be no effort to make the prohibition question a religious issue. It is a question of experience and common sense. The attitude of Catholic Cardinals and the protestant Episcopal committee, lends respectability to

TITLED BRITISH IN COURT FOR LEITER ESTATE

Chicago To Be The Scene Of Big Hearing In Fight Among Heirs.

Chicago, March 4.—(INS.)—English aristocracy will battle for American dollars before the superior court of Cook county here on March 16, when heirs of the \$50,000,000 estate of the late Levi Z. Leiter appear as principals with the Countess of Suffolk leading one side and her brother, Joseph Leiter, the other.

The countess, backed by a galaxy of English aristocracy and wealth which never before has appeared in a local court, charges that Leiter, as trustee of the estate, has been getting more than his share of the millions. She seeks to have him removed.

When Leiter died his will provided that \$350,000 a year should be given to his four children: Lady Marguerite Hyde, Mrs. Nancy Leiter Colin-Campbell, Lady Mary Victoria Curzon and Joseph Leiter, Lady Marguerite, the countess, says she has reason to believe that Leiter has mismanaged the estate or her share would have been more. In this stand she is backed up by the heirs of Lady Curzon who died during the war. Mrs. Colin-Campbell, widow of an English colonel, probably will be on the other side.

Already the clans are gathering. Lady Cynthia Mosley, daughter of the late Lord and Lady Curzon, already in the United States, with her husband, Oswald Mosley, former socialist member of parliament, Lady Marguerite soon will be en route bringing with her three sons, Charles, present Earl of Suffolk and Berks; Cecil and Greville.

Probably on the same boat will be the other children of Lord and Lady Curzon, Lady Mary Irene and Lady Alexandra Nalders. Children of Joseph Leiter and Mrs. Colin-Campbell will be among interested spectators. They, with Lady Marguerite's sons and three daughters of the Curzon will, on the death of their respective parents, share in the division of the vast Leiter estate.

In the long run most of the millions which Leiter amassed in Chicago will travel across the Atlantic to England. Lord Curzon, who before his death served as British minister of foreign affairs, was one of Leiter's most bitter assailants in the preliminary to the present court battle. He had made preparations to come to Chicago to testify when attacked by illness, which proved fatal.

Demands Seat In Council For Poland

Warsaw, Poland, March 4.—An open threat was made in the senate yesterday by the opposition that should Count Zkrzynky, the Polish premier, and foreign minister, returns from Geneva without having obtained a seat in the League of Nations council for Poland, he will be turned out of office. The diet yesterday voted a resolution demanding a permanent seat in the council for Poland.

Break In Market Not Regarded Alarm By Mellon

Washington, March 4.—(AP.)—The break in the stock market is not regarded with alarm by Secretary Mellon, who believes it the natural reaction under excessive speculation.

The "light wine and beer" movement. But that was not necessary. Thomas Jefferson advocated government aid for light wines and beer, as the best way of fighting whiskey, which he hated and would have prohibited. He wrote the Declaration of Independence and was a good enough American.

Aids Strikers

Miss Justine Wise, daughter of Rabbi Stephen S. Wise, addressed a crowd of Passaic, N. J., textile strikers, urging them not to give up the fight.

CHIEF EXECUTIVE REVIEWS EVENTS OF PAST YEAR

President Coolidge Rounds Out First Year As Occupant Of White House In His Own Right.

President Coolidge today rounded out his first year as occupant of the White House in his own right. In all he has served more than 1 1/2 years as chief executive, his elevation to that office upon the death of Warren G. Harding, preceded by 19 months his inauguration last March as a President elected by the people.

Reviewing the past year President Coolidge had the satisfaction of realizing that two of his major recommendations to Congress—adherence to the world court and tax reductions—had been acted upon and he was hopeful that a number of other legislative proposals he has sponsored will be enacted into law before the close of the present session.

A loser in his fight last spring to have Charles B. Warren of Michigan, confirmed as Attorney General, Mr. Coolidge today faces possible rejection by the Senate of three other nominations, those of Wallace McCannum, of Oregon, who nominated him for the Presidency in the 1920 Republican convention, to be a Federal Circuit Court Judge; Thomas F. Woodlock of New York, to be a member of the Interstate Commerce Commission and Charles W. Hunt, of Iowa, to be a member of the Federal Commission.

The White House grind, which has worn down more than one President, apparently has had no ill effects upon Mr. Coolidge. He is enjoying excellent health and weighs as much if not more, than he did on entering the White House. Although he takes no outdoor exercise, it is customary of him in the evening to stroll through the business section of the capital and he daily goes through the ordeal of shaking hands with dozens of hundreds of visitors and apparently enjoys it. Mr. Coolidge leaves the White House for few social functions and invariably gets to bed a few hours before midnight to further his strength. He usually takes a nap after luncheon.

NORTHWEST'S LIBERATION TO BE CELEBRATED Indianapolis, March 4.—(AP.)—A sesqui-centennial celebration of the victory, which made the northwest territory a part of the United States is planned for 1929 by the Indiana historical society.

Five states, Indiana, Illinois, Ohio, Michigan and Minnesota—all carved from the old northwest territory, would participate in the celebration, commemorating the capture by George Rogers Clark an this band of soldiers of Fort Sackville, now Vincennes, from the British on February 24-25, 1779.

The victory was the deciding factor in the dwindling of British dominion over the territory to which it was the gateway, and the region was made a part of the United States by treaty that ended the Revolution.

FACISTS PRESCRIBE MUSICAL ACCENT FOR PARTY'S ANTHEM Rome, March 4.—(AP.)—With free speech somewhat censored, now it is the turn of freedom of song to meet a similar fate at the hands of Fascist rulers.

Fascists who desire to exult musically in their allegiance to the Blackshirt creed, henceforth do so only in musical accents approved by the national directorate.

Official versions of "Giovinezza" (youth), the Party's anthem, and of "Ballata," song of the Fascist boys' and youths' organizations, have been spread throughout the kingdom.

SAYS COOLIDGE MAY HAVE GIVEN TIP ON MERGER

Authorities Regard "Leak" As Impossible; Theory Advanced That President Inadvertently Gave Tip.

New York, Mar. 4.—(AP.)—A theory that President Coolidge may inadvertently have given a tip on the interstate commerce commission decision in the nickel plate merger is advanced in a Washington dispatch to the New York World.

Because the current decline in stocks began about an hour before the decision was announced Tuesday, there have been suggestions that the news leaked, but authorities regard a leak as impossible.

The World correspondent says in a recent exposition of the President's attitude on railway consolidation mention was made of a recent visit of Professor W. Z. Ripley, the Harvard economist.

Professor Ripley originally sounded the alarm against the issuance of non-voting stock to keep the control in the hands of minority stockholders with voting stock. As this was one of the vital points in the Van-Sweringen enterprise and one to which the Commission found objection, the World correspondent suggests that quick witted operators on the stock market sensed the unfavorable action. Although it was not specifically stated that the President shared the views of Professor Ripley, the fact that he had been summoned to Washington on the matter suggested this possibility, the World correspondent said.

U. S. C. WRESTLERS CLAIM STATE TITLE ON BASIS OF SEASON RECORD

Chapel Hill, Mar. 4.—By virtue of its record of victories over all North Carolina teams met, the Tar Heel varsity and freshmen wrestling squad lay claim to the 1925 state championship.

The Carolina varsity had six dual meets during the season, and won all five one, losing that to W. M. I. by a score of 17 to 6. The freshmen had two meets and won both.

Davidson is the only North Carolina wrestling team the Tar Heels did not meet. The Carolina manager offered the Davidson grapplers several dates, but meet could not be arranged. Any question as to the comparative strength of the Carolina and Davidson teams, however, would seem to be settled on the basis of comparative scores. Carolina lost V. P. I. 14 to 11, while Davidson lost to the Gobblers 14 to 6. Davidson beat N. C. State 29 to 3, while the Tar Heels defeated the Techmen 28 to 3.

W. R. Pipkin, of Reidsville was manager of the varsity, while K. R. Jones, of New Bern, managed the freshmen.

LAST YEAR MOST PROSPEROUS FOR THE PHILIPPINE GOVERNMENT

Manila, P. I., March 4.—(AP.)—The year 1925 was the most prosperous the Philippine government has experienced since the slump that followed the ending of the World war. It is semi-officially stated that when the books are balanced the revenues will show a surplus over expenditures of approximately \$3,500,000.

Beginning this year, the insular government will adhere to a policy of diverting its surplus funds at the end of each fiscal year to Manila port works and to the irrigation fund until the entire sum authorized by law has been used in this direction.

**BOOSTER TOUR**

The steering committee of the Eastern Carolina Exposition believes in advertising. They believe in it so strong that a booster tour for the purpose of advertising the exposition and fashion show will be conducted on March 25. Great interest is being manifested in the tour, and people throughout the county will participate. The exposition this year promises to be the best ever held. Let's give our support and encouragement to the men who are exerting their every effort to this end and show Eastern Carolina that Greenville is not only on the map but that it can make any undertaking a great success. Here's to the success of the "booster tour". Truly it is "Our Greenville; Yours if You Come."

**FOUR SETS OF BUYERS**

It is gratifying to know that the local tobacco market has made such progress that a fourth set of buyers is needed if the present rate of progress is to continue. What Greenville tobaccoists need, they usually get and no doubt if they seek four sets of buyers, they will secure same. If anyone deserves the best, it is the farmers of Pitt county. They give their best to the county and in return should receive the best. The market during the past year broke all records and has proven beyond a shadow of doubt that four sets of buyers is absolutely essential. Great plans are being made for the increased handling and redrying facilities for next year, and with the fourth set of buyers, the market will no doubt occupy an enviable position at the close of the season.

The federal treasury wants back all \$10,000 bills. Are there such things in circulation?

Senator Overman's bill creating an additional federal district for this state has passed the senate. North Carolina is always recognized.

Hair has long been woman's crowning glory, now they say that by getting rid of the "glory," a great number of accidents among women workers has been reduced. Bobbing hair is declared to be the greatest style innovation introduced in the last half century. It evidently is if it has been instrumental in saving wom-

en from terrible accidents. "An ounce of preventative is worth a pound of cure."

**THE COAST AND COST OF FOLLY DRAMATIZED**

Twenty Years or so ago every American city had its red light district, its coast of folly, with weary souls struggling in a sea of sin.

Or all these places of iniquity perhaps none in America was as turbulent as San Francisco's Barbary Coast, several blocks of houses "where there ain't no ten commandments and the best are like the worst."

Among the famous habitues of this district was Camille, a noted beauty, whose blandishments won for her a place in the hearts of dive keepers, for few men failed to buy drinks when Camille smiled upon them.

Now comes "Camille of the Barbary Coast," a drama with Camille, the woman who falls in love with a rich man's son, a prodigal who finds himself alone and friendless in the great city of San Francisco after the completion of a prison sentence.

The love affair between them reaches the ears of the boy's father, a wealthy banker who has practically disowned his boy, yet who has him watched by a detective in the hope that he will some day redeem himself and again find his niche in society.

The come-back of the girl and the youth and the father's meeting with the two on the fringe of the underworld makes one of the most exciting and true to life dramas brought to the screen in many months. Camille of the flashing eyes and enticing ways is played by Mae Busch, a star who is noted for such roles, while opposite her is Owen Moore, a favorite of an army of picture fans. White's Theatre, Friday.

**Elephant's Pal Goes As Part Of Father's Gift**

Santa Barbara, Cal., March 4. (AP.) — "Hold your horses, gentlemen, here comes the elephants!"

Boys of two generations have thrilled to that cry. But youths of Montecito, wealthy Santa Barbara suburb, have put this ancient circus credo of the antiquity of horses for elephants in the same class as the legend of Santa Claus.

For Damon and Pythias were bitter enemies compared to the friendship between Culver, a female elephant, and Bunny, a pony, both of which now reside on the Featherhill ranch in Montecito. Culver was purchased from a circus following the promise of an elephant to the small son of the owner of the ranch as a present. The pony had to be included in the sale and gift because of the attachment of the elephant for it.

Culver is only a child as elephants go, being sixteen years old and weighing only a few tons. While the friendship of the two is mutual, the elephant is by far

**BILIOUS ATTACKS**  
From Which Kentucky Man Suffered Two or Three Times a Month, Relieved by Black-Draught.

Lawrenceburg, Ky.—Mr. J. P. Nevin, a local coal dealer and farmer, about two years ago learned of the value of Thedford's Black-Draught liver medicine, and now he says:

"Until then I suffered with severe bilious attacks that came on two or three times each month. I would get nauseated. I would have dizziness and couldn't work. I would take pills until I was worn-out with them. I didn't seem to get relief. After taking the pills my bowels would act a couple of three times, then I would be very constipated."

"A neighbor told me of Black-Draught and I began its use. I never have found so much relief as it gave me. I would not be without it for anything. It seemed to cleanse my whole system and make me feel like new. I would take a few doses—get rid of the bile and have my usual clear head, feel full of pep, and could do twice the work."

One cent a dose. NC-161  
**Thedford's BLACK-DRAUGHT LIVER MEDICINE**

the more demonstrative. When the pony is out of sight, Culver trumpets and yags.

The zoo maintained on the ranch is a hobby. The aviary is especially complete. It cages hold birds of all sizes, and from every part of the world, while trees are filled with gaily colored parrots and macaws, that greet visitors with raucous cries.

**CANDIDATES CARDS**

**FOR RE-ELECTION FOR SHERIFF**  
I use this method to advise the voters of Pitt County that I am a candidate for re-election as Sheriff subject to the action of the Democratic Primary to be held June 5th. I will continue to do my utmost to fulfill the requirements expected of me as to the enforcement of all laws and other duties that belong to the sheriff's office. I will appreciate your vote and support in the coming primary, and stand ready to serve all people alike.  
AMOS C. JACKSON.

**CANDIDATE FOR JUDGE**  
I am a candidate for Judge of the Superior Court of the Fifth Judicial District of North Carolina, subject to the action of the Democratic Primary, and I hereby solicit the support of the people at the Primary.  
JULIUS BROWN.

State of North Carolina,  
County of Pitt,  
**TO THE TAX PAYERS OF PITT COUNTY**

You have made for yourselves a record as having paid taxes more promptly than the tax payers of any other county in the state... Dr. Brooks stated in the papers of the state last summer that Pitt County was the best governed county in the state, and that in his opinion the other counties would profit by instituting the same system. We are all real anxious to keep up the record we have made for ourselves. As sheriff I am unable to do so without your cooperation. Kindly see that your 1925 taxes are paid at once and save me the embarrassment of having to levy on your personal property. Thanking you for the courtesy of your attention, I am,  
Very truly yours,

**A. C. Jackson**  
SHERIFF OF PITT CO.

**FIGHT DANGER—**  
At the Danger Time—  
Planting Time!

The saving of a few dollars in your fertilizer investment usually costs many times itself at harvest time. A dollar's worth of fertilizer should show a profit—but cheap fertilizer (in which the quality is indicated by its low price) will return a loss because good fertilizer would have shown a profit!

**FOR INCREASED YIELDS USE JOSEY'S OPEN-FORMULA FERTILIZERS**

They have demonstrated their unexcelled quality through many years and are constantly winning new users on the strength of quality and "product-ability." It will pay YOU to join the happy throng of Josey's users. Do it now.

THESE SALESMEN IN EVERY BAR OF JOSEY'S FERTILIZER

**ANNOUNCEMENT**

I hereby announce myself a candidate for SOLICITOR of the COUNTY COURT of PITT COUNTY, subject to the action of the Democratic Primary, on June 5th, 1926.

Respectfully,  
**J. BRUCE EURE**  
Ayden, N. C.

# LOCALS

Mrs. Julius Fleming, of Pactolus, was here today.

Mrs. J. Marshall Cox, of Winterville, was here today.

Mrs. L. S. Edwards, of Chicod, was in the city today.

R. L. White, of Chicod, was here today.

W. L. Roberson, of Winterville, was in the city today.

Miss Mabel Perkins, of Wilson, is visiting her sister, Mrs. David Turner.

J. B. Eure, of Ayden, was a Greenville visitor Wednesday.

Mrs. Moss, Miss Margaret Watson and Dixie Raeford, of Wilson, were here today.

Mr. and Mrs. I. S. Fleming, of Pactolus, were Greenville visitors today.

C. L. Owens, of Fountain, spent today in the city.

Mrs. O. H. Jackson and Mrs. E. M. McLawhorn, of Winterville, spent today here.

James, Ellison, of Washington, was here today.

Dr. Cecil Hassell, of Miami, Florida, is visiting his father, Dr. S. Hassell.

Mrs. J. W. Godwin, Mrs. W. T. Lipscomb, Jr., Miss Ada James and Charles Skinner spent yesterday in Scotland Neck.

R. L. Moore, of Danville, Va., is in the city.

### ROUND TABLE CLUB

Mrs. W. C. Vincent was hostess to the Round Table Club Tuesday afternoon at the home of Mrs. E. L. Baker.

Misses Flourney and Fuller were guests for the afternoon.

After the business was dispensed with, Mrs. J. D. Humber, referee, gave a few words which are frequently misconstrued.

Mrs. Winslow announced that we could resume our arm chair travels.

Mrs. E. W. Griffin, after commenting on the shape of Italy and reviewing the climate and surface took us first to Rome.

There viewing the architectural beauty of the buildings, we passed through the picture galleries and beautiful parks.

In reflection we saw the home of the Caesars.

Next we visited Venice, the city of silence.

The gondolas, yachts, and steamers plied the streets.

We looked with wonder upon St. Marks cathedral.

The city of Florence was the next city where we stopped to look upon the Statues of the Apostles and visit the art galleries.

Mrs. Winslow was next on the program.

She advised that we take a few light wraps to prepare for our trip to Greece.

Take a boat and land at Athens.

There is so much beauty and splendor within its walls that we stop and look in wonder.

Here was the home of Demosthenes.

We thought of the visits of the apostle Paul.

Here, too, were played the Grecian games.

Miss Fuller was called on for a few words in regards to the library.

We all enjoyed this talk very much.

Her work at the library cannot be too highly recommended.

Miss Flourney then spoke of the growth of the library.

Mrs. E. L. Baker, I. F. Jones, and Alton Baker assisted the hostess in serving delicious refreshments.

The favors were sweet pens.

### U. D. C. MEETING

The George B. Singletary Chapter of the U. D. C. held its regular monthly meeting last Thursday at the home of Mrs. J. N. Gorman.

Mrs. Person, in the absence of the president, presided.

A report was had from the President stating that all taxes and dues had been paid by the Chapter.

Mrs. W. P. Moore, in charge of

### WHAT IS CHRISTIAN ENDEAVOR?

NOTICE

Prairie Rose, a comedy drama in four acts, will be given at Ronston school Friday, March 5, at 5:45 p. m.

Proceeds for the benefit of the school.

### TAX NOTICE

I am asking the GOOD PEOPLE in Greenville to please settle their Town Taxes at once, and not wait till the last minute...

The Town needs the money.

Beginning next week, I will be out of the office collecting every afternoon.

All personal property tax and poll taxes must be settled at once, or I will be compelled to garnishee and levy.

J. O. DUVAL

Office Telephone 447 Town Tax Collector

man, daughter of Mr. D. T. Boman, entertained thirteen friends in honor of her sixth birthday.

Upon arrival the little guests were welcomed by the hostess and invited into the drawing room and reception hall where a number of interesting games were enjoyed.

The birthday cake with its six candles was arranged on a beautifully decorated table in the dining room, and the little guests were served ice cream and cake.

Mabel proved a charming hostess and as her guests departed they wished for her many happy returns of the day.

She received many beautiful and useful presents.

### HI-Y CLUB MEMBERS

There will be a meeting of the Hi-Y club at the Greenville High School building at 7:30 o'clock tonight.

All members are urged to be in attendance.

### APPRECIATES PROMPT SETTLEMENT OF FIRE LOSS

March 4, 1926.

Messrs. Moseley Brothers, City.

Dear Sirs: I wish to acknowledge receipt of check in payment of my recent fire loss.

Your promptness in the disposition of my fire losses should assure your good agency continued prosperity.

Again thanking you, I am,

MRS. BESSIE E. CLARKE.

### LITTLE MABEL BEAMAN ENTERTAINS IN HONOR OF SIXTH BIRTHDAY

On Monday at her home on Pitt street, little Miss Mabel Beaman entertained her friends.

Do you like home made cakes and chicken salad? If so, don't fail to go to the Electric Maki Bake Shop Friday.

### Quick Way to End Dangerous Cough

Why let a dangerous cough hang on when you can, through a simple treatment, get speedy relief and often break it up completely in 24 hours?

This treatment is based on the famous Dr. King's New Discovery for Coughs.

You take just one teaspoonful and hold it in your throat for 15 or 20 seconds before swallowing it.

It has a double action. It not only soothes and heals irritation, but also removes the phlegm and congestion which are the real cause of the coughing.

So the worst cough quickly disappears.

Dr. King's New Discovery is for coughs, chest colds, bronchitis, spasmodic croup, etc.

Very economical, as the dose is only one teaspoonful.

### TROOP THREE ATTENTION

All tenderfoot scouts who wish to pass the pacing test, are requested to meet at the Fair Grounds Friday at 3:30 o'clock.

Tests will also be offered in first aid, signalling, compass and thrift.

We have set our goal to have four second class at the next meeting of the court of honor, so come out and do your part toward reaching the goal.

### What Are You Doing For Your Puny Child?

One boy gained 11 pounds in 7 weeks and is now strong and healthy.

For weak, frail, under-developed children—and especially those that have rickets, and need a sure build, or that prostrates the growth of teeth and bones, cod liver oil is the one medicine supreme—nothing helps like it.

But it is nasty and repulsive and evil smelling and nearly always upsets children's stomachs—so now up-to-date chemists advise McCoy's Cod Liver Oil Compound Tablets.

Children love them as they do candy, because they are sugar coated and easy to take.

One boy gained 11 1/2 pounds in seven weeks, and is now healthy and happy—thousands of other children have grown strong and robust.

Sixty tablets for 60 cents—at Denton Drug Co., and all druggists—but be sure to ask for McCoy's—the original and genuine.

Given them to the sickly, frail child for 30 days, and if they don't help—wonderfully, your druggist is authorized to hand you back the money you paid for them.

### A GOOD MEDICINE

Ask Someone Who Has Used It

"B. S."

It will relieve Indigestion, Heartburn, Sour Stomach, Dizziness, Gas, and Constipation. It is a fine Tonic and Appetizer. If you feel bad, no energy, no appetite, get a bottle; it will make you feel fine and fit.

Sold Only at Warren's Drug Store

### China, Lamps and Gifts

You are invited to see the new open stock patterns from the Haviland, Rosenthal and other well known factories.

Also the English semi-porcelain table ware so much in vogue.

Prices for tea, breakfast and dinner sets, range from 15.00 to \$500.00, according to quality and set composition.

Stylish Lamps with silk and parchment shades. Vases, bowls, etc., in beautiful art pottery.

Artificial flowers.

Original paintings—selected prints.

Bridge and party things.

Books and other gifts for children.

Art material and white china for decoration.

### Spiers China & Gift Shoppe

# Daily News Letter

Gossip of Staff Correspondents at World Centers of Population.

### NEWS LETTER

Chicago, March 4.—(AP.)—After a two-year canvass of the nation's leading sculptors, Frederick C. Hibbard, well known Chicago sculptor, has been selected by Governor Arthur M. Hyde, of Missouri, to execute a statue to the late Champ Clark, one of Missouri's greatest statesmen.

Hibbard is the creator of two remarkable statues of Mark Twain, famous boy characters—"Tom Sawyer" and "Huckleberry Finn"—recently erected in Hannibal, Mo., and these two pieces of work were largely responsible for Governor Hyde's choice. The proposed statue of Champ Clark is to be of bronze, nine feet high, mounted upon a base of Missouri granite, and is to be erected in a conspicuous place in Bowling Green, Mo., the home town of the great statesman. A smaller replica of the same work will be erected over the grave in the cemetery, where Clark is buried.

The shell of an ammonite, the largest that lived in South America a million years ago has been placed on display in the Field Museum here.

The fossilized shell of this monster, a glyptodon, was discovered in the Tarija Valley, near Tupiza, Bolivia, by Prof. Elmer Riggs, who led an expedition into that country and Patagonia for the museum. The glyptodon was found in the clay bank of a small stream at what appears, from vast fossil beds there, to have been the scene of a meeting between opposing migrations of North and South American animal life when the earth was young.

The animal, according to Prof. Riggs, belong to a family of arm-plated animals which reached their greatest size during the Pleistocene period. A shell like coat protected its body like a coat of heavy mail; its head, which could be withdrawn, turned inside the shell, was encased in a bone helmet and its tail was protected by a series of overlapping bone rings.

Two men, father and son, have just dedicated their lives to humanity by undertaking, in Kent laboratory of the University of Chicago, to find a cure for nephritis and, incidentally, seek to solve the mystery of cancer.

The two are Prof. William Raper Harkins and his 20-year-old son, Harry. Dr. Harkins is adviser to the department of chemistry at the university, his son a graduate student. The father will have charge of the laboratory work while his father directs the technical and theoretical procedure.

"It is not the first work of this kind," Dr. Harkins explained, "but it will be the first to deal with nephritis so exhaustively that mankind may benefit. It

probably will require years to reach our goal, although along the way we expect to find much data of value."

The growing criminal tendencies of youth are due entirely to their parents, Roy James Battis, state superintendent of child welfare, declared in an address before the Lake View women's club here.

"Parents of today are too indulgent of their children," he asserted. "Coddling them and letting them have their own way in everything is laying the foundation stones for more jails and larger penal institutions."

So-called crime in youth is merely misdirected energy, he asserted. "All night Charleston and petting parties will be unnecessary if the parents are properly directing their children's careers."

## Orphans' Home To Star Is Life Of Monte Blue

New York, March 4.—(AP.)—From an orphans' home to stardom in the movies is the hill of life Monte Blue has climbed.

Before reaching the top, he slung type in a printshop, fired a railroad engine, worked in a steel mill, coal mine and timber camp, drowned in a circus, sailed the ocean in sturdy windjammer, and learned on a western ranch how to ride bucking ponies.

Blue's experiences led him to ditch digging, carpentry and mortar mixing in a Los Angeles movie lot, where fate and D. W. Griffith plucked him from an upturned box for a place before the camera.

"One day at the old Griffith Reliance and Majestic studio, a man came out of the office and all the actors rushed forward," Blue related. "I don't want any actors," he shouted. "I want a man who can handle a pick and shovel. All the others jumped aside and I got the job working in the lots at \$1.50 a day."

"About two months later, the gang was back of a set arguing about socialism. I was on an upturned box having my say, when I noticed the boys looking back of me and smiling."

"I turned and there stood Griffith. I thought I was on the verge of being fired, but Griffith only laughed, said something about me having a good tongue in my head and left. Two weeks later, the foreman told me the director wanted to see me. This time, I thought I was sure to be fired. Instead, he told me he wanted me to be a mob leader."

"My work secured me a job in the stock company at ten dollars a week and I spent about six months leading mobs. Then came the event which almost proved fatal to my movie career."

"We were making a picture in which the hero on a horse had to grab up a captive girl without stopping. All the stunt men, doubling for the hero, failed to give satisfaction, so I offered to do it. The result caused me to be classed as a stunt man and for four years I doubled for the stars at a salary of \$35 a week."

"I thought I never would get away from it, but finally I got t playing heavies, a role as unimportant in those days as it is important now. I had such parts in pictures with Douglas Fairbanks, Theodore Roberts, Mary Pickford and others."

"I did these parts for some time and then tried to land a different role in one of Mary's patriotic pictures, 'Johanna Enlists.' It was the part of a soldier known as Pie Face Vibbard. Doug suggested me, but Mary threw up her hands and exclaimed, 'He's a heavy.'"

"Doug didn't say anything, but we got the uniform and I made up for the part. Doug walked in, announcing 'I've got Pie Face for you.' Mary made me eat a piece of pie and I got to laughing and so did they. The job today, Blue is considered an all-round actor and is the head of his own production company with Warner Brothers.

## Takes 20 Minutes To Operate The Seal Of Georgia

Atlanta, Mar. 4.—(AP.)—Twenty minutes are required for an expert to attach the Great Seal of Georgia to a document. Only a couple of seconds are necessary for the process in other states.

The difference is between the Seal of 1799, which the state still uses, and the Seal of modern invention.

Sealing wax is rolled into thin wafers when Georgia's Seal is made ready for operation. Gilt paper, cut circular in form, the exact size of the die, with serrated edges, next is laid upon each side of the wax wafer. At the same time, ribbons are inserted between the wafer and the paper discs. The wafer then is placed between the plates of the die and stamped tightly, leaving the devices imprinted on either side of the soft wax and revealed, like an engraving, on the gilded paper. This is attached by narrow ribbons to the document of state, forming what is known as a wax pendant.

Although legislation was passed in 1868 to have the Seal re-engraved, it was never done and now the law is dead on the statute books.

Sealing wax is rolled into thin wafers when Georgia's Seal is made ready for operation. Gilt paper, cut circular in form, the exact size of the die, with serrated edges, next is laid upon each side of the wax wafer. At the same time, ribbons are inserted between the wafer and the paper discs. The wafer then is placed between the plates of the die and stamped tightly, leaving the devices imprinted on either side of the soft wax and revealed, like an engraving, on the gilded paper. This is attached by narrow ribbons to the document of state, forming what is known as a wax pendant.

## Ah! Backache Gone Rub Lumbago Away

Rub Pain from back with small trial bottle of old St. Jacob's Oil

Ah! Pain is gone! Quickly? Yes. Almost instant relief from soreness, stiffness, lameness and pain follows a gentle rubbing with "St. Jacob's Oil." Rub this soothing, penetrating oil right on your painful back, and like magic, relief comes. "St. Jacob's Oil" is a harmless backache, lumbago and sciatica remedy which never disappoints and doesn't burn the skin.

Straighten up! Quit complaining! Stop those torturous "stitches" in a moment your will forget that you ever had a weak back, because it won't hurt or be stiff or lame. Don't suffer! Get a small trial bottle of old honest "St. Jacob's Oil" from your druggist now and get this lasting relief.

## BEWARE THE COUGH OR COLD THAT HANGS ON

Persistent coughs and colds lead to serious trouble. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a new medical discovery with two-fold action; it soothes and heals the inflamed membranes and inhibits germ growth.

Of all known drugs, creosote is recognized by high medical authorities as one of the greatest healing agencies for persistent coughs and colds and other forms of throat troubles. Creomulsion contains, in addition to creosote, other healing elements which soothe and heal the inflamed membranes and stop the irritation and inflammation, while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and checks the growth of the germs.

Creomulsion is guaranteed satisfactory in the treatment of persistent coughs and colds, bronchial asthma, bronchitis and other forms of respiratory diseases, and is excellent for building up the system after colds or flu. Money refunded if any cough or cold is not relieved after taking according to directions. Ask your druggist. Creomulsion Company, Atlanta, Ga. 1923.

WHATEVER MEATS you are in need of you will find them at this shop. You will find that they are wholesome and well conditioned. They have been doubly inspected—first by legal authorities and then by our own expert butchers. Let us serve you.

## Greenville Market

### THE DANGER SIGNAL!

When a passenger train was speeding along in the night, unaware of a broken bridge ahead, a boy climbed out on the bridge, waved a lantern and saved the train from wreck. Over fifty years ago, Dr. R. V. Pierce, a distinguished physician, knew of the danger symptoms that threaten humanity—loss of appetite, languor, lack of strength, and, being a student of the medicinal value of herbs, compounded a wonderful remedy, Dr. Pierce's Golden Medical Discovery, a tonic and blood purifier. *Vigor, Vitality* follow its use. Try it! Don't forget the *Danger Signal*.

### White's Friday

## "YOU ARE ENTITLED TO KNOW THE FACTS"

DODGE BROTHERS, INC.

# Only STEEL could meet a test like this!

## A Dodge Brothers Motor Car . . . A speeding truck racing down hill and out of control . . . A collision . . .

Take one look at this photograph. It is not pretty, to be sure, but it will convince any sensible man that all steel construction is the only safe construction for a motor car body.

That is why Dodge Brothers introduced the all steel body more than eleven years ago, and this year greatly improved and perfected it.

In fact, Dodge Brothers are convinced that the day is not far off when wooden motor car bodies will be a curiosity. People will shudder at the thought of having ridden in them and will thank Dodge Brothers for the greater safety, durability—and beauty, too—of all steel construction.

A steel body will stand up under impacts that would crush the average body to bits. Steel cannot splinter. Steel cannot burn. Steel is an armor of protection on the crowded, hurrying highway.

Outwardly, nearly all types of bodies appear to be all steel. In reality, however, most of them are simply frames of wood covered by a metal shell.

Dodge Brothers Motor Car bodies are steel through and through—steel reinforced by steel—buttressed and braced by steel—even the frames and running boards are steel.

And slender, stronger steel corner posts replace the customary bulky posts of wood, affording full, unhampered driving vision on all sides—a safety feature of the first importance!

Travel in safety! Powerful, quick-action brakes, a chassis world-famous for its sturdiness, and a body of steel—these explain the enviable reputation for safety enjoyed by Dodge Brothers Motor Car—and the enviable feeling of safety enjoyed by those who drive it.

The car will continue to be a "fool". No reasonable buyer will be distracted from the issue of QUALITY by mere CYLINDER propaganda.
