MRS. SHEPARD IN TWO ADDRESSES HERE THIS WEEK

Will Address Women In Methodist Church Wednesday Afternoon And Mass Meeting In Court House Thursday Evening.

The stirring address by Mrs. Lulu Loveland Shepard on the subject of "Mormon Temple Secrets," which has been attracting large audiences of women throughout the country, will by special arrangement be delivered again on Wednesday, March 17, 1926, in the Methodist church, Greenville, at 3:00 p. m.

Mrs. Shepard is without doubt the premier woman orator of the American platform and she is devoting her splendid talents and vigorous platform style to warning American citizenship of the dangers that lie in the idea of Mormonism, particularly in its relation to the American home.

An unusual advertising campaign has been conducted by having the arrangements in hand, and it is expected that a large audience will greet Mrs. Shepard on this occasion.

Thursday evening at 7:30 o'clock in the court house Mrs. Shepard will address both men and women on "Mormonism Non-American." Hon. F. C. Harding will preside over the mass meeting to which the public is cordially invited. Mrs. Shepard will tell of the oath of disloyalty which the Mormon takes against the American government, and will reveal the commercial grip of Mormonism on the country, its political powers, its ecclesiastical tyranny, its fraud, its disloyalty and its polygamous teachings and practices.

As a prominent leader in State affairs in Utah and the intimate associate of many Mormons, she has first hand knowledge of Mormon intrigue, purposes and customs, of the degradation it brings to women and of the secrets of its temple rites. She feels it her patriotic duty to tell the nation of the history, treachery and iniquity of the Mormons.

Miss Annie Lee To Address The Legion Auxiliary

The Auxiliary of the Pitt County Post of the American Legion will meet Wednesday evening at 8:30 o'clock at the home of Mrs. J. B. Kittrell, with Mrs. Kittrell and Mrs. H. E. Austin, joint hostesses. The feature of the program will be an address by Miss Annie Lee, state president, who will bring a message which will be of great interest to the entire membership.

Every member of the Auxiliary is urged to be present. An enjoyable evening is in store for those who attend.

This is the regular monthly meeting and the Auxiliary is delighted to have Miss Lee for a guest.

Making Plans Adjourn League Nations Assembly

Geneva, March 16.—(AP)—The allies and Germany are making plans to adjourn the League of Nations assembly without action on Germany's application for league membership should Brazil's decision to veto Germany's entrance to the council be unchanged or other complications arise.

In this event a communique probably will be issued stating that the League atmosphere of conciliation and accord remains unshaken and that France, Great Britain and Germany are in complete harmony on all the questions arising at Geneva.

It is reported that the Spaniards are furthering the movement for adjournment in order to obtain time in which to press the Spanish claim for a permanent council seat.

STOKES SCHOOL WINS LITERARY ATHLETIC EVENT

Athletic Event Under Auspices Of Greenville Rotary Club; Pupils Win Easy Victories Over Smaller Schools.

The Stokes schools was the center of attraction on yesterday for the little schools of Carolina township. The children of this larger school seemed to win easy victories over the children from the small schools. The pupils winning in the literary contests were Hazel Roberson, Mary G. Nelson, Robert Crandall, and a group of children in a dramatization, all of the Stokes school. Emma Keel Barnhill, of Piney Green school, told the best short original story. Those winners will compete with eight other children at the county meet on March 29th.

Mr. L. C. Arthur, member of the county board of education, and Mr. W. J. Smith, member of the county board of commissioners expressed to the children and parents present their desire to see the children of this township furnished with a school which would produce a high citizenship for them and for Pitt county. Mr. L. C. Brogden, of the state department, and Mr. R. G. Fitzgerald, county superintendent, made short addresses visualizing further a type of school which would be fine for the four hundred and fifty children of the Carolina township.

At the close of the literary meet in the morning a picnic lunch was served. The athletic events of the afternoon were under the auspices of the Rotary club of Greenville. Messrs. Curtis Perkins and Francis Bowen served as judges in the afternoon. Messdames S. B. Underwood and Carl Adams were the judges in the literary meet of the morning program.

Mrs. F. F. Stephens Re-elected Head Missionary Council

Raleigh, March 16.—(AP)—Mrs. F. F. Stephens, of Columbia, Mo., and Mrs. J. W. Perry, of Nashville, Tenn., were re-elected respectively president and vice president of the Woman's Missionary Council of the Methodist Episcopal Church, South, here today. The business session was suspended at noon for the Bible lecture by Professor J. B. Matthews, of Scarritt college. Balloting for the remaining officers was to come before the council this afternoon.

During the morning the assignments for the coming year of more than 100 field workers were read by the president. These included mission workers in most of the southern states.

Mrs. Sheppard Suffers Injuries Motor Accident

The many friends of Mrs. Hugh Sheppard will regret to know that she is in the Morehead City hospital suffering from nervous shock and severe bruises which she received when a bus en route from Morehead City to Kinston skidded on the wet pavement and overturned in a ditch last Thursday.

Mr. and Mrs. Sheppard who live in Wilson, had been on a visit to Morehead City, and Mrs. Sheppard was en route to her home when the accident occurred.

The latest reports state that she is resting as well as can be expected but will have to remain in the hospital several days longer.

Bill Approved Create Bureau Of Prohibition

Washington, March 16.—(AP)—The administration bill to create a bureau of prohibition in the treasury department was approved today by the house ways and means committee.

TODAY

(Copyright 1926)
Coolidge Hands Off.
Silly Souls, Not Damned.
Men Will Fight.
By ARTHUR BRISBANE

President Coolidge was elected, and is paid to act as executive, approving or vetoing laws, enforcing them, if necessary. He knows that he was NOT elected to MAKE laws or change them, and he acts accordingly.

He tells earnest prohibition gentlemen urging him to discourage agitation for modification of the Volstead Act that the public can be trusted to work out that problem for itself. In other words, he will KEEP out of the liquor dispute.

Meanwhile, Congressional committees are discussing and studying various "modification bills." Old brewery properties, recently as plentiful and cheap as any kind of leaves in Vallambrosa, are in demand, and on the political horizon a wet cloud, bigger than a man's hand, seems to say, "light wines and beer."

Whether the light combination would check the ravages of heavy bootleg whiskey or discourage bootlegging and its crime wave, time may tell.

In New York City there are 11,246 practicing lawyers almost three times as many in Chicago. There are more lawyers than there once were saloonkeepers in the big city.

And the 11,246 will agree that the only client worth while is the big corporation, that "kisses" for its faithful defenders when, in trouble.

In the long calendar of saints, only one was a lawyer. He lived in Brittany, and on his Saint's Day, this song is sung: "Advocatus, et non latro, res miranda populo."

The accuracy of that quotation is not warranted, nor its spirit approves. The marvel is that so great a majority of lawyers should be honest men, after associating with clients eager to best each other.

Irresponsibility boys, itching for notoriety, lacking reverence, formed an association of "Damned Souls," at the University of Rochester. They profess atheism and feel important, as silly souls often do, when half baked.

The undergraduates now formally disapprove them, which was hardly necessary. A frog, seeing a locomotive and says, "I know nothing about the engineer," may be forgiven. But only a fool frog would say, "there is NO engineer, my high intellect tells me that."

Professor E. C. Jessup talks sensibly about man's fighting instincts and the suppression of war. Man is as much of a fighting animal as ever, says the professor, and the way to end war is to direct men's love of fighting into better work than killing each other.

The fighting instinct expresses energy. That can be used up in fighting nature usefully, going up to new attitudes in flying machines. Exploring ocean depths, climbing mountains in friendly competition among nations and in other ways.

Men unwilling to fight for a reason, would be mere white rabbits. The problem is to make them fight usefully. They will be fighters always.

This is the day's IMPORTANT news, destined possibly to revolutionize industry, including automobile making. Gunther Potelich, a young engineer of Vienna, produces a current of electricity "direct from chemicals."

He believes that his invention will do away with dynamo, and says one pound of his chemical combination will do the work of a twelve-pound storage battery. It sounds like releasing the power in the atom.

If he has found locked up in chemicals the light storage battery that Edison looked for, he has something worth while.

To release power from chemicals, or take it direct from the sun would enrich this earth beyond men's dreams, and cut the day's work to one hour.

Just now, that might spoil the human race, not yet fit to be released. (Continued on page 6)

SENATOR BLEASE

SENATOR ROBINSON

SENATOR MCKELLAR

MAGNUS JOHNSON

Senator Blease took part in the wet bill which declaring liquor was being sold in the shadow of the Capitol at Washington. Senator Robinson supported the movement for a nation-wide referendum on the question in which he was joined by Senator McKellar. Former Senator Magnus Johnson appealed to the Senate elections committee for his seat which went to Senator Schall, pending a vote contest.

TRAINING COURSE SCOUTS IS BEING HELD IN THIS CITY

To Develop Leaders For Boys' Activities In The Churches Of The City.

"Gee! It's great to be a Scout!" This opinion of scouting so often expressed by boys was re-echoed last night by men who are attending the training course in scout leadership at the local high school. The training course, which is being conducted by the Pamlico Scout Council is being held for the purpose of developing leaders for boy activities in the churches of the city, and is being attended by representatives of the various denominational bodies.

At last night's session a temporary troop of three patrols was formed and work was begun on the Tenderfoot tests. Jack Edwards was chosen Patrol Leader of the Jack Patrol, Rev. Albert Miller of the Kangaroo and H. L. Mackle of the Owls. The troop is being led by Scout Executive John H. Wilcox. In a contest Jack Edwards proved to be the champion in knot tying, while Dr. R. E. Williams captured the cellar championship.

The training course will meet for four indoor and one outdoor session and will cover Tenderfoot and Second Class requirements in Scouting as well as covering the theoretical side of the scouting program. The next session will be held Thursday night of this week with the patrol leaders in charge.

Graduate of the course will receive certificates from the National Council of the Boy Scouts of America and will be eligible for commission as scoutmasters of troops.

Disastrous Flood Reported Kovna Today

Copenhagen, Denmark, March 16.—(AP)—A disastrous flood is reported at Kovna in Lithuania. Dispatches received today say 18 lives have been lost thus far. The Central railway station is under water and a large number of the inhabitants are hurriedly leaving the town.

LEAGUE COUNCIL AWAITS BRAZIL ANSWER TO PLEA

Asks That Brazil Not Veto Germany's Admission To The League Of Nations; Much Speculation As To Answer.

Geneva, March 16.—(AP)—There was much speculation today as to what would be the nature of Brazil's answer to the council of the League of Nations' plea that Brazil should not veto Germany's admission to the League of Nations.

The plea forwarded by cable yesterday urgently requested that the Rio de Janeiro government modify its instruction to its delegate to cast his ballot against Germany's election to the league and also against Germany being given a permanent seat at the council unless Brazil was given a permanent seat also.

Both Sweden and Czechoslovakia agreed to resign their non-permanent seats in the council, that Poland may be given one of the vacant seats. Both Germany and France accepted the compromise and then came the announcement that Brazil will hold out its permanent membership even to the extent of vetoing Germany's aspiration.

Delegates to 11 other Latin American countries, at a meeting yesterday formally disapproved the exercise of the veto by Brazil.

Sub Committee Reports Steek Should Be Seated

Washington, March 16.—The senate election committee today faced the question of accepting or rejecting the report of its sub-committee recommending the unseating of Senator Brookhart, republican, of Iowa, in favor of his democratic opponent, Daniel F. Steek.

At an executive session late yesterday the sub-committee reported that it had concluded that Steek received a majority of the votes and should be seated. The sub-committee was unanimous in its conclusions, but Senator George, democrat, of Georgia, dissented from some of the grounds on which the findings were based.

GERALD CHAPMAN SCHEDULED TO DIE ON APRIL 6

Denied Review, Remarks, "As a Man, I Had Hopes For Different Verdict"; Counsel Declares Fight Not Over.

Hartford, Conn., March 16.—(AP)—Three weeks from today Gerald Chapman is scheduled to pay the penalty for the murder of a New Britain, Conn., policeman. Yesterday the supreme court denied a petition asking a review of his case, which was carried from the Connecticut supreme court.

The third reprieve granted the hand by Governor John Trumbull expires April 6th and that morning Chapman is slated to die. Chapman and his attorneys say they are not disheartened. Fred A. Groehl, senior counsel, said, "I think we have some other remedy" and Joseph M. Tredman, assistant counsel, said, "The fight is not over," while Chapman, who received the news emotionally, remarked, "As Chapman I did not expect anything else, but as a man I had hoped for a different verdict."

As each new effort failed, the field of probable moves to stay execution has narrowed. Of two methods, considered Attorney Groehl has eliminated as useless an appeal to the board of pardons for clemency. The other possibility is a plea for a new trial on the ground of newly discovered evidence.

ULTIMATUM IS DELIVERED TO CHINESE TODAY

United States And Other Powers Demand That Blockade Be Ended By Thursday Noon.

Peking, China, March 16.—(AP)—The United States and other powers today delivered an ultimatum to Chinese factions demanding that blockade of the port of Tien Tsin be ended and all impediments to the harbor and river traffic be removed by Thursday noon. The ultimatum was signed by signatories of the protocol of 1901, was handed to the commanders of the forts at Taku and Chinese vessels outside of Tientsin. The United States, Great Britain, Japan and Italy have a dozen or more naval craft in these waters.

The protocol of 1901 made stipulations concerning disarmament of forts in the mouth of the Pe river, in which Tientsin is located, and also guarantees an opening to the sea. The blockade has been preventing access to Peking from the sea and recently resulted in Chinese groups firing on two Japanese destroyers.

Former Cashier Defunct Bank Pleads Guilty

Elizabeth City, March 16.—W. H. Holland, former cashier of the defunct Albemarle bank here, a negro institution, today pleaded guilty in supreme court to charges of having made false entries and therefore having misrepresented assets and liabilities. He also pleaded guilty to the charge of embezzlement of funds. Judge Henry A. Grady, presiding, announced that in view of the wide interest in the case details of the auditor's investigation would be made public.

Following Holland's statement on the stand that N. E. Hart, teller of the bank, was equally as he was Hart was arrested and held for the grand jury.

BOOSTER TRIP TO TAKE PLACE ON THURSDAY, MAR 25

Trip For Purpose Of Advertising The Eastern Carolina Exposition Which Will Be Held In April.

If you want to help boost the Eastern Carolina Exposition, Greenville and Pitt county, make your plans to go on the booster trip Thursday, March 25. We want 100 automobiles from Greenville, Ayden, Farmville, Betnel, Winterville, Grifton and the other towns in Pitt county to go on this trip, and five or more people in each car. If you are interested in the growth of your town and county you should take a day off for this trip. Trips have been planned to take in all the towns within a radius of 100 miles of Greenville and Pitt county. Plenty of advertising matter will be furnished to leave in every town, telling the people about the Exposition. The more people we reach the more will visit Greenville during this week. The biggest program yet planned has been worked out for the Exposition this year and we should tell the people about it so they can come and enjoy it. The Booster Trip will last only one day. Cars will leave at 8:30 in the morning and carry a trip that will bring them back home by 6 p. m. It will be a fine outing for anyone who will go, and the trip will not be a success unless people who have cars will use them.

All those who will furnish cars for this Booster Trip will please notify me by phone 308 or 151, or by mail box 463, just as soon as possible. You can plan your own party or advise a party will be made up for you. Of course, this means the ladies, too, who have cars, and that the ladies will be expected to go. Be sure to advise me as soon as possible how many cars you will furnish.

J. B. KITTRELL, Chairman Booster Trip Com.

Forbes, Thompson To Serve Sentence In Leavenworth

Washington, March 16.—(AP)—Commitment papers to Charles R. Forbes, former director of the Veterans' Bureau, and John W. Thompson, St. Louis contractor, convicted of the conspiracy to defraud the government in the erection of hospitals, will be taken to the Leavenworth penitentiary to serve sentences of two years each, probably will be in the hands of the United States marshal at Chicago next week.

The supreme court on Thursday will issue an order to the Seventh circuit court of appeals announcing its refusal to review the case and upon its receipt that court will advise the federal district court at Chicago, which will then be in a position to issue its mandate giving effect to the sentences it imposed in the trial of the case.

It is understood here that Forbes will not await the carrying out of these formalities, but will present himself at the penitentiary in advance, thus escaping being taken into custody by the marshal. Thompson is reported ill and his commitment will depend upon his actual physical condition.

Golf Ass'n. To Operate As Four Club Circuit

Rocky Mount, March 16.—(AP)—Decision to operate as a four club circuit and to postpone opening of play until April 1, has been reached by the Eastern Carolina Golf association. The application of Henderson was rejected because of the decision to remain as a four club organization. The association is now made up of Tarboro, Greenville, Wilson and Rocky Mount, the Kinston and New Bern clubs recently having withdrawn.

HEADS PUBLIC WELFARE TO MEET AT GREENSBORO

Sessions Will Be Held On March 24, And Will Be Largely Attended; K. T. Futrell On Resolutions Committee.

Winston-Salem, March 16.—Present indications are that the midwinter meeting of the North Carolina Association of Superintendents of Public Welfare at Greensboro, March 24, will be largely attended. There are fifty-one whole time superintendents in the state, and nearly all of these have assistants in the nature of probation officers, truant officers and office secretaries. In the other 49 counties the county school superintendents serve as superintendents of public welfare. It is expected that most of the counties in the state will be represented at this meeting, making the attendance one hundred or more.

The official program of this conference was distributed this week from the office of Miss Mary Robinson, of Wadesboro, secretary of the organization. It is announced that the conference will open with the registration in the hall room of the O. Henry hotel at 1:30 o'clock in the afternoon of the 24th. The conference will be called to order at 2 o'clock in the afternoon by M. M. Grey, president, who will preside over the sessions.

Speakers at the 2 o'clock session will be Mrs. Kate Burr Johnson, commissioner of public welfare; Mr. E. F. Carter, executive officer of the state child welfare commission, and Mr. H. L. Staunton, supervisor of vocational rehabilitation.

At 3 o'clock in the afternoon there will be a conference with representatives of the bureaus of the state department of public welfare and of the various state institutions. At 4 o'clock there will be a business meeting of the organization at which time reports of committees will be received and a round table discussion of various topics held. Several matters of importance to the welfare program of the state will be discussed at this meeting. The proposition to affiliate with the North Carolina Educational association which was launched in a district meeting at Winston-Salem last December, will likely come up at the business session.

Much interest centers around the dinner to be given at the Leavenworth Standard Cafe at 7 o'clock in the evening. The speaker for this occasion will be Gen. B. S. Royster, of Oxford; Mr. A. W. McAllister, of Greensboro, and Dr. Howard W. Odum, of the School of Public Welfare, University of North Carolina. Persons expected to attend this dinner have received cards from the secretary and they are being returned in large numbers. Those who receive cards are urged to return them at once.

The conference of superintendents of public welfare will officially come to a close with the night session, but all in attendance are expected to remain over in Greensboro for the annual meeting of the N. C. Conference for Social Service, which will be held March 24 and 25.

The officers of the North Carolina Association of Superintendents of Public Welfare are as follows:

President, M. M. Grey, Charlotte; vice president, J. E. Jackson, Oxford; secretary-treasurer, Miss Mary Robinson, Wadesboro.

Executive committee—J. H. Brown, chairman; J. E. Jackson, Oxford; secretary—treasurer, Miss Mary Robinson, Wadesboro. Legislative committee—W. W. Holland, Statesville, chairman; J. A. Martin Jr., Raleigh, secretary, and Mrs. Bancher Carr, Sterns, Greensboro.

Resolutions committee—K. T. Futrell, Greenville, chairman; Mrs. T. W. Bickett, Raleigh, secretary, and Miss Mary Greene, Marion.

Publicity committee—A. W. Cline, Winston-Salem, chairman; Mrs. Anna Lewis, Raleigh, secretary, and Dr. P. H. Fleming, Graham.

British Golf Fears Break With America

London, March 16.—(INS)—British golfers are agreed that the United States Golfing Association break with the Royal Ancient, hitherto the ruler of the game, it will be the biggest blow the sport has ever received.

H. Taylor, five times open champion, is of the opinion that the break is not wanting that such calamity may eventually take place.

The agitation for a standard, he says, the attempt to abolish the stymie, the question of the legality of steel shafts, and many other smaller matters, go to show that relations have been so amicable as one might wish.

It must be admitted that there is much to be said for the American viewpoint. They possess the largest number of golfers in any one country, and in the matter of links, they hold a corresponding advantage. It is not realized even now by those not acquainted with their country that a wonderful phase of their national life is filled by golf. Golfers in other parts of the world are being swamped by the sight of numbers, and the degree is increasing.

Dollars Arrive By Millions In Raleigh Today

Raleigh, March 16.—(AP)—Raleigh today is the convention city of North Carolina dollars. They are still arriving in this city by the million as income tax payments. The North Carolina Department of Revenue is still somewhat in the position of a magnet, and is too wealthy to know just how much he is worth. The Department does not know exactly how much money has come into the office as huge piles of letters continue to arrive and are still unopened. An increase of 25 per cent over last year however is predicted by Revenue Commissioner Doughton, and this in part at least is a reflection of the increase in state income tax rates.

With \$1,410,000 collected yesterday, approximately \$1,020,000 received up to one o'clock today, and more than half a million collected during the first 15 days of this month the collections are equal to or ahead of the income tax collections of March 1925, which slightly

BAPTIST YOUNG PEOPLES' CONVENTION ELIZABETH CITY

The Baptist young people of the eastern region are preparing to move on to Elizabeth City five hundred strong for the greatest convention that has ever been held in the eastern section of our state. North and east of a line from Jacksonville, Goldsboro, Nashville and Roanoke Rapids, the young people are beginning to feel the sap of the convention rise and they are, like the trees, taking on a new life.

On Friday, March 19, the roads will be filled with Fords and automobiles full of these young people all headed towards Elizabeth City for the big convention. This convention will be held in the Blackwell Memorial Baptist church. The opening hour will be 7:30, and from that time until noon Sunday the time will be filled with reports, addresses and discussions of the work in the eastern region.

French Marriage Is More Enjoyed Says Nordau

New York, March 17.—(AP)—American women do not have half the satisfaction in marriage that is enjoyed by the French, it seems to Mlle. Maza Nordau, daughter of Dr. Max Nordau, noted French political and philosophic writer.

The American woman does not have nearly so much of her husband's society, says this French girl, or does she share his interests or have with him a real companionship, as do the French women.

"Oh, yes, the French woman has always been most happy in married life—" she says, "and she sits high in the interviewer's face. 'Our French wit, our French wit, our freedom of speech and manners, our theatre, have given a different impression. But it is not the true one, in most cases our marriages are extremely happy. Husbands and wives share high ideals. There is a deep moral intimacy between them."

"The woman is the center of the home, and yet her interests are not confined to it. Her husband comes to her with many of the problems of his profession or political life, there is a saying in France, 'Cherchez la femme'—and it is true that for every man in a position of influence there is a most always a woman. More often than people think it is his wife."

Mlle. Nordau, who is here with an exhibit of her modern paintings, also will lecture on the feminine movement in Europe.

"Our happy married state is one of the difficulties in our movement," she adds. "Because of this position of women, there has been among the masses in France a great inertia in the matter of struggling for the vote. 'We are happy so, they think, why change?'"

"Nevertheless, there are some very bad laws for women. What French women would like to gain is a few improvements in their laws, without losing any-

Navy Pigeon Returns After Being Lost

Washington, March 16.—(AP)—Navy pigeons may go A. W. O. L.; but they do not desert.

An aerial messenger, lost at sea more than a year and a half ago, turned up recently in the loft at Coco Sola, Canal Zone, and reported for duty. Examination showed that the bird's wings had been closely clipped, probably when it was forced down by a rain storm and captured by a fancier who attempted to lure it from its navy allegiance. As soon as the clipped feathers had molted and a new crop grew out, the pigeon took wing for its home loft.

NO MORE SALT PORK IN BRITISH SAILOR'S MESS

London, March 16.—(INS)—Salt pork, the traditional ration in the British navy, is no longer to form part of the sailor's menu. The naval authorities announce that it has been removed from the scale of rations for ships on all stations.

Canned beef and tinned vegetables are to be used as an alternative.

Another change in British naval custom that has been authorized is the substitution of cups and saucers for the old regulation basins.

SEE FLAPPER EXTINCTION IN NEXT GENERATION

San Francisco, March 16.—Extinction of the flapper before another generation passes on was predicted here recently by L. Cushing Kimball, of Boston founder of the intentional "mothercraft movement," who was visiting San Francisco.

"Start with our children in their early childhood," Mrs. Kimball declared, "and teach them right habits of thought and conduct and they are bound to develop into sturdy, right thinking men and women."

"Too little thought is given to teaching our young people to be home builders. That is what 'mothercraft' is seeking to remedy. With the spread of this movement our young girls will get a different outlook on life; they will get a correct sense of values."

"I predict that the next generation will see a great back to the home movement, as a result. We will have healthier and finer young women, fully equipped to take on the duties and responsibilities of wifehood and motherhood."

ALL-RUSSIAN BANKS GET NEW CREDIT IN AMERICA

Moscow, March 16.—(INS)—The All Russian Commercial Bank announces that its representatives, I. Bara and I. Vitze, have successfully negotiated a credit of 5,000,000 roubles in the United States.

The bank withheld, the source of the credit, which will be used for import and export operations for soviet co-operatives, and especially for operations with Germany, France and the Baltic states.

Creole' in New Orleans Not One of Red Blood

New Orleans, March 16.—(AP)—The ire of many a "Creole" has been provoked because he innocent tourist thinks the word means "of colored blood."

"Creole," the native Creoleian tell you, means "of French and Spanish." The Creole is one who is born away from his country—whatever that country may be.

The New Orleans Creole is considered the city's finest "product." The women are lovely. The men are brave. They are charming manners. They are exclusive. They are clannish. They have their own language, their own society, and their own customs.

The New Orleans Creole speaks a pure French. The reason "Creole" has been misunderstood is because their slaves spoke a Creole dialect, bearing about the same relation to pure French as the southern negro talk does to English purely spoken. Then, there was the Acadian French, or "Cajon" French, spoken in the outlying districts of Louisiana. And "Gumbo" French, that means simply French incorrectly spoken.

BRITISH WOMEN SEEK VOTE ON BIRTH CONTROL

London, March 16.—(INS)—A national referendum on birth control has been proposed by leaders of certain women's organizations who are urging the government to make birth control information available to women at public welfare centers.

under official supervision. The movement has received the support of the National Union of Societies for Equal Citizenship, which will bring the question before parliament and probably will make a formal request to the government that a referendum be authorized.

"The point," says Lady Balfour, "is whether or not birth control is desirable. The practice already exists and we must decide whether to make the best of the worst lot. Working women now can get any amount of harmful or dangerous information on the subject. It would be much better for them to get it from authorized government officials."

SWARAJISTS LOSE OUT IN INDIAN ELECTIONS

Lucknow, India, March 16.—(INS)—Though they have been the dominating political party in

India, the Swarajists are suffering a spectacular set back, and seem likely to be relegated to a very minor position in Indian affairs.

The failure of the Swarajist party is not due to any slackening of political agitation, but more to the keen sense of wrong felt by the Hindus owing to the policy of divide and rule that has been followed by the government since the inauguration

of the reformed constitution. The latest examples of the way in which the Swarajists are losing ground comes from the United Provinces district. Here in Lucknow, which is the second important city in the province, the Swarajists were defeated by the Hindus Sabha nominees in the municipal elections.

CALIFORNIA HAS RECORD FOR EATING ICE CREAM

Sacramento, Cal., March 16.—(INS)—With 80,000,000 pints of ice cream accounted for in the state during 1925, California today were credited with being the world's champion ice cream eaters, according to W. M. Russell, senior dairy inspector of the state department of agriculture.

The state's per capita average for the year, was 18 pints, or two and one-quarter gallons.

U. S. HAS SPENT ELEVEN BILLIONS PAYING INTEREST

Charges On Public Debt Reach Enormous Sum In Life Of Country.

Washington, March 16.—(INS.)—The United States government has spent more than \$11,000,000,000 for the use of other people's money since 1771, according to figures obtained at the treasury today.

Interest charges on the public debt, which reached a maximum of \$1,055,088,000 in 1923, will be approximately \$730,000,000 this year. They will decline progressively as the public debt is retired.

Secretary of the Treasury Mellon holds that among the most important objectives in the government's economy campaign is the orderly retirement of the debt to save enormous interest costs.

The World War was responsible for more than half of the interest paid out in the history of the government. About half of the total interest fell due between 1920 and 1926.

In but two years, 1836 and 1837, was the government out of the hole, no interest having been charged up during that period. Interest average about \$5,000,000 annually from 1771 to 1800 when it jumped to \$133,000,000 as a result of Civil War costs. The last annual interest payment before the World War amounted to \$22,000,000.

In the campaign to reduce government costs the treasury hopes to cut the public debt about \$5,000,000,000 prior to 1930. That reduction would represent a saving in interest of about \$200,000,000 a year.

Approximately \$6,182,000,000 of the outstanding public debt matures before November 1, 1930. It must be retired or refunded during that period. New issues at lower interest rates are expected to replace that part of the debt which cannot be retired.

The government must meet maturities of about \$1,408,725,000 in 1926. The principal portion is redeemable March 15 when the treasury will announce a new bond issue to take care of a portion of the maturities. Other blocks of bonds are due in June, September and December.

Careless American investors are losing nearly \$1,000,000 annually as a result of failure to cash government securities valued at \$11,680,000 up which interest has ceased.

During the year ending March 1, the public debt was reduced \$714,561,672, and \$6,320,448,000 since the peak of indebtedness of over \$26,000,000,000, August 31, 1919.

140,594 EMIGRANTS LEFT KING GEORGE LAST YEAR

London, March 15.—(INS.)—No less than 140,594 emigrants left the United Kingdom for places abroad in 1925.

Of that number 38,662 went to British North Africa, 35,006 to Australia, 11,730 to New Zealand and 7,004 to South Africa.

WOMAN ENROLLMENT AT DUKE HAS DOUBLED EIGHT TIMES

Durham, March 15.—(AP)—Duke University, recently endowed for \$80,000,000 by the late James B. Duke, has doubled its enrollment of women eight times.

The earliest record of women at Duke, then Trinity college, was in 1878, when the Misses Persis, Mary and Theresa Giles were enrolled. This year there are 333 women students, this number being twenty-five per cent of the total enrollment.

For more than a decade, after the graduation of the Giles sisters, there were no women in the classes of Trinity.

VATICAN TO ESTABLISH NEW RUSSIAN COLLEGE

Rome, March 16.—(INS.)—The Vatican, which recently purchased a former asylum building with its adjoining park, has again added to its possessions by buying the ancient hospital of St. Anthony, situated in the heart of Rome.

This building will be transformed into seminaries and colleges, one of which will be set apart for Russians. It is stated that the Vatican contemplates other purchases of buildings in Rome, the Vatican buildings having become much too small to accommodate the Holy See's ever growing activities.

Bobbed Hair Adds Work To Census

Chicago, March 16.—(INS.)—Bobbed hair has swept the beauty industry into an era of prosperity that has increased the number of beauty shops in the United States from 5,000 to 21,000 in the last five years, according to Mrs. Ruth J. Maurer, beauty expert and head of the national Schools of Cosmeticians in an address here.

"Twenty-five million American women now visit beauty shops regularly to have their hair trimmed, shingled, waved and treated," said Mrs. Maurer. "When the bob first came into vogue women thought it would fade away quickly dispelled, require little attention. But that the bob haired woman needs the services of a trained beauty operator."

The bob has democratized the art of beautification. Formerly only women of wealth could afford to patronize a beauty shop. Now beauty shops derive their chief support from stenographers, housewives, office workers and shop girls. Popularity of the bob has led to the almost universal adoption by American women of other aids to personal adornment including massages, facial treatments, wrinkle removing, tissue building and manicuring. It has helped to build up a business involving millions of dollars annually in beauty preparations.

Georgia Women Allowed Testify Against Husbands

Atlanta, Ga., March 16.—(AP)—Women of Georgia may go into court and give testimony against their husbands, although the latter have not the same right with regard to their wives.

This situation came about through hurried legislation to meet new conditions created by the Nineteenth Amendment and has not been corrected.

Another state law exists which sets it a bit apart from other states. In charging a jury in a criminal trial, the presiding judge is required to inform the jury that it may elect to believe the unsupported testimony of the defendant in preference to any and all other evidence given at the trial.

Atlanta recently created a diversification of the Jim Crow law when it passed an ordinance forbidding white women and children from patronizing negro barber shops.

Chinese Are Importers Of Newspapers

San Francisco, March 16.—(AP)—Circulation figures of publishers may not disclose it but the Chinese are wholesale buyers of American newspapers. The Orientals import from this country old newspapers by the ton; a single shipment recently was comprised of 1,790 bales. Eventually most of the papers return to the United States wrapped around goods which the American firms have purchased.

WHITE'S AGAIN TODAY

"Shore Leave," the new Richard Barthelmess production which opened at White's theatre yesterday, is a delightful comedy novelty.

The picture is based upon the Broadway stage hit by Hubert Osborne, and portrays the romance of a harem - sarum young sailor, "Bilge" Smith, and a little dressmaker, Connie Martin, of a small New England seacoast town.

Connie loses her heart, at the chance meeting, but "Bilge," being a gob on one of Uncle Sam's battleships, moves on with the battle fleet. Connie is unable to forget the young sailor and she starts out to find him. Connie's quest provides the story of "Shore Leave."

Many of the scenes of "Shore Leave" were filmed on board the United States Battleship Arkansas. The navy department gave Barthelmess its full cooperation in the making of "Shore Leave," is his said.

WHY SUFFER SO?

Get Back Your Health As Other Greenville Folks Have Done

Too many people suffer lame, aching backs, distressing kidney disorders and rheumatic aches and pains. Often this is due to faulty kidney action and there's danger of hardened arteries, dropsy, gravel or Bright's disease. Don't let weak kidneys wear you out. Use Doan's Pills before it is too late! Doan's are a stimulant diuretic to the kidneys. Doan's have helped thousands. Here is one of many Greenville cases:

Mrs. J. C. Savage, 1018 Evans St., says, "I had a dull ache in my back and couldn't rest well. Mornings I was sore and stiff and when I stooped and then straightened, dizziness blinded me. My kidneys acted irregularly, too. Doan's Pills relieved all the symptoms."

SEVEN YEARS LATER, Mrs. Savage said: "I think Doan's are splendid, although I haven't needed them for a year."

"WE KEEP YOUR FEET HAPPY"

Daily News Letter

Gossip of Staff Correspondents at World Centers of Population.

By H. R. Knickerbocker
INS Staff Correspondent

Moscow, March 16.—Soviet Russia is suffering from what the psycho-analysis would call a divided personality.

One personality is that of the world revolutionist. It is embodied architecturally in Moscow by the barracks-like building of the Communist International, at the foot of Vozdvizhenka street, just outside the Kremlin wall.

The other personality is that of the patriot and nationalist. It finds its architectural expression in Moscow in the former insurance offices at the corner of Kuznetzki Most and Bolshaya Lubvanka, which now house the "Narkomindel," or Soviet Foreign Office.

In the Comintern works Zinoviev, dreaming of a world gone Red, in the Foreign Office works Chicherin, hoping that the day will come when America and all the other powers will say "let bygones be bygones" and conclude the ceremony of recognition by offering the Soviet Union a loan.

The contradiction between these two sides of the Soviet personality is nowhere more evident than in the treatment accorded America in the press. Usually the larger newspapers manage to maintain a certain consistency of comment, but several of the secondary press editors have in making up their minds which personality to adopt for the day—the patriotic or the revolutionary.

On the morning when the editor of "Nasha Gazeta" the organ of the Soviet employees wrote an unbridled diatribe describing America as a spider sucking out the life-juices of Europe, no sign of the patriot could be discerned. Only the world revolution, he concluded, could crush the monstrous insect.

But few blocks away, in the offices of "Gudok," the organ of the railway employees, a different spirit reigned. From the first column of "Gudok" which means whistle, came an amicable blast, persuasively declaring that America must recognize Soviet Russia, who would in turn buy American goods and help save the capitalists of the United States from bankruptcy.

The psycho-analyst would range in parallel columns the following quotations: From "Nash Gazeta": "The fingers of American capitalism are digging deeper into the torn body of Europe. America has ceased to mask her activities, and openly carries through her policy of robbing the whole world, her policy of capturing world dominance exclusively for her own benefit: for the enslavement of all humanity."

"The greatest expectations of American imperialism have come true. It seems to them that all the great events in the life of mankind are occurring just in order to sing tighter with gold the safes of the American millionaires. Unendingly and systematically, like a spider."

"But humanity will be saved. The Communist International is strengthening itself. The only outcome is world revolution."

Then from "Gudok": "1925 was an unparalleled year of blooming for American industry and trade. One after another the records of the stock exchange were beaten. Banks and industrial companies declared tremendous dividends and put away great sums in reserve. But while in 1925 each month of foreign trade gave an average of \$100,000,000 in favor of America, the first month of 1926 showed

\$15,000,000 less exports than imports."

Not a word about the world revolution which will crush America is to be found in this issue of "Gudok." For the moment the patriotic personality triumphed.

TODAY

(Continued from page 1) lessened from the necessity's sharp lash.

This is certain. We are just beginning the age of electricity, as our ancestors were beginning the age of steam after the battle of Waterloo. And what STEAM did, increasing human efficiency and wealth, will seem as nothing compared with the work that ELECTRICITY will do.

If European nations would stop hating and fighting each other and concentrate on development of electric power, they could pay for their bloody and brutal war quickly—and probably be read for another.

A black prize fighter, Mr. Tiger Flowers, of Georgia, recently took the championship in his class away from Greb, a white fighter, and has gone back to the Georgia pulpit in which he occasionally preaches. Most interesting is the black fighter's statement that while he fought the white man he repeated to himself the first verse of his favorite Psalm.

"Blessed be the Lord my strength which teacheth my hand to war, and my fingers to fight."

Mr. Greb might almost claim a "foul" on that. The rules say that a fighter must have no outside assistance except between rounds.

The Abbe Daclé, Parish Priest in a small French village, has invented a machine to plant cabbages. A mechanical hand plants the seedlings more perfectly than the human hand, rapidly with perfect regularity.

Farmers will be interested in that, also in the fact that you can keep cows off railroad tracks, prevent their going through fence openings, simply by laying a few old lengths of iron pipe raised an inch or two inches above the ground across the space that you do not want the cows to pass over. Mrs. cow puts her foot on the round pipe, does not like it and turns back. This 5/8 "rebeck" is used generally in California.

Vice-President Dawes has a sense of honor back of his pipe. When he wanted hurry the business of the Senate, he was told, "you must follow the Senate rules."

Now he makes the Senators follow their own rules, including a rule that compels them to face the speaker and pay attention to him when questioning or addressing each other. That they don't like quite so well.

Africa Done With Game Trapping

New York, March 16.—(INS) "Don't send us traps for man-eating tigers. Send silk stockings and dainty lingerie. Or tractors, something like that."

This is the advice of the Union of South Africa to the exporters of the United States, through Eric H. Louw, Union Government Trade Commissioner in America.

The opening of the South Africa office in this country is expected to increase trade between the two continents and to correct erroneous ideas, including the preposterous one "that lions and tigers are shot there, as frequently and as easily as cashiers and jewellers in New York."

"Big game hunting is past," Mr. Louw states, writing of South Africa in the March issue of the World Trade. "The women are garbed in the newest Paris fashions, and surprisingly enough due to the reverse seasons, they wear the coming styles

before London or New York. There are four universities turning out doctors, lawyers, engineers and theologians."

The government owns 13,000 miles of railroad. The dining cars serve three table d'hôte meals a day for \$1.75. Bedding is 75 cents for one unbroken journey, regardless of the number of nights on the train.

"FITTER FAMILIES" CONTEST BRINGS NEW BLOOD IN KANSAS

Lawrence, Kan., March 16.—(AP)—A new social classification, based not upon blue ancestral blood but upon the red blood of the living, is a possibility of note remote future.

That was the thought in the mind of Dr. Florence Sherbon, of the University of Kansas faculty, when she launched a new venture six years ago at the Kansas Free Fair at Topeka, a "Fitter Families" contest.

"The time may come," Doctor Sherbon said, "when the family not possessing a eugenic certificate will be looked upon askance by the 'certified' family."

This was born an idea that has since been adopted by six other states and by the National Eugenic Society. In the last six years 523 persons, comprising 126 families, have been examined as participants in the "Fitter Families Contest" in the Kansas Free Fair.

The purpose of the eugenic contests, Doctor Sherbon pointed out, is first to arouse family pride in being well born and to spread information concerning heredity and conduct.

PRODUCERS READY TO GIVE PUBLIC BETTER PICTURES

Hollywood, Cal., March 16.—(AP)—The motion picture industry is prepared to produce artistic pictures just as soon as the

public is in the proper mood to accept them. This is the consensus of producers and directors, and the hoped for movement.

Clarence Brown, director, supports Jesse Lasky in voicing the opinion that "the public will not get better pictures until they demand them."

"A so-called artistic photoplay would go right over the head of the average movie patron," he says, "and would mean at present almost certain financial failure for the sponsor. Educating the public to better pictures must be gradual. The movie people are eager to improve the quality of their product but are held back by lack of support for advanced ideas and thought."

Brown cited several pictures that he placed within the category of the artistic. Some patrons described them as the finest produced, but the box office result was a sad disappointment. Others brought forth newspaper praise but the pictures failed to draw the line at show time.

TRADE FIGURES DISCLOSE ALASKA GOOD INVESTMENT

Juneau, Alaska, March 16.—(AP)—Trade figures compiled by John C. McBride, collector of customs for the territory, show that Alaska, for which the United States in 1867 paid \$7,200,000, exported \$62,223,735 worth of products in 1925 alone. The territory closed the year with a favorable trade balance of \$29,024,224. There was an increase of \$1,828,133 in the total value of merchandise shipped from and into Alaska.

The territory's total commerce was \$95,423,246, of which \$33,199,511 was imported and the balance exported.

Gold, silver and copper production materially increased. The fish industry showed a

slight decrease, the total being \$38,163,845 in 1924, and \$37,609,451 in 1925. The shortage was attributed partly to a small salmon run in the Bristol Bay district and to restrictions made by the government for preservation of the industry.

FEW BOYS REALLY BAD SAYS FRIEND OF 25,000

London, March 16.—(INS)—After forty-four years spent in trying to reform bad boys, William E. Craig has retired from his position of superintendent at the London municipal detention home in the Islington district here.

"Nearly 25,000 boys have passed through my hands," Craig told International News Service. "They have included some of the most incorrigible lads that have come under the notice of the authorities."

"My experience is that few boys are really downright wastrels. Under the detention home system thousands of boys who slightly drifted the wrong way have come back and made good."

TO USE LATIN LETTERS FOR TURKISH LANGUAGE

Angora, Turkey, March 16.—It is possible that Latin characters will soon be adopted for use in the Turkish language.

There is a very strong current of opinion in the National assembly here for the suppression of the Arabic characters of the present Turkish language, and it is expected that a special commission will shortly prepare a bill for this purpose.

BRITAIN REMOVES MUTTON FROM SOLDIERS' RATIONS

London, March 16.—(INS)—Because the authorities consider it too expensive, mutton is to be cut out of the fare of the British soldier.

Mutton at present is supplied to the British soldier once every two weeks, and by eliminating it the authorities expect to effect a saving of \$250,000 yearly.

ARE YOU BEAUTIFUL? How can I be beautiful? That is the question every woman asks herself. The answer is health, radiant, glowing health. Bright eyes, clear complexion, rosy cheeks, animation, make for beauty every time. What women need who are weak and run-down, and lack these requisites for good looks, is Dr. Pierce's Favorite Prescription, a veritable boon to women suffering from any malady peculiar to their sex. It is made of herbs long known to the Indians and skillfully blended by chemists in Dr. Pierce's Laboratory.

DREADFUL PAINS

Georgia Lady, Who Had Lost Too Much Weight, Was Advised to Take Cardui and Is Now Well.

Columbus, Ga.—Mrs. George S. Hunter, of this city, writes: "After I married, thirteen months ago, I suffered with dreadful pains in my sides during... My side hurt so bad it nearly killed me. I had to go to bed and stay sometimes two weeks at a time. I could not work and I just dragged around the house."

"I got very thin—I went from 126 pounds down to less than 100. My mother had long been a user of Cardui and she knew what a good medicine it was for this trouble, so she told me to get some and take it. I sent to the store after it and before I had taken the first bottle I began to improve."

"My side hurt less and I began to improve in health... The Cardui acted as a fine tonic and I do not feel like the same person. I am so much better. I am well now. I have gained ten pounds and am still gaining. My sides do not trouble me at all."

"I wish every suffering woman knew about Cardui." NC-160

Conquers Bad Breath and is Popular Again

"The day I started taking Carter's Little Liver Pills," says Mr. John A. Perry of New York City, "my habitual bad breath and bad stomach stopped. I strongly recommend them to all those afflicted with these nasty troubles. I assure you that my own case was a bad one, causing me untold embarrassment, and Carter's helped me right from the start."

Bad breath comes from sour stomach and can usually be relieved quickly by Carter's Little Liver Pills. They are wonderful for constipation, sick-headache and in-

digestion and they physic the system in a mild and gentle manner, no bad after effects. Recommended and for sale by all drug stores.
