DR. C. M. JONES DIES OF INJURIES AUTO ACCIDENT

Prominent Grimesland Physician Struck by Auto That City Last Night.

Dr. C. M. Jones, a prominent physician of Grimesland, died last night in the Washington Hospital as a result of injuries received when he was struck by an automobile on the streets of Grimesland at 8:15 o'clock. The car was driven by Mr. Earl Galloway, young man of Grimesland.

According to information, the accident was unavoidable. Dr. Jones was on his way to church when the tragedy occurred. Mr. Galloway, blinded by the street lights, said he did not see him until it was too late to avoid striking him. Upon arrival at the hospital it was ascertained that Dr. Jones had suffered severe lacerations on the head, arms hips and other parts of the body. He was dragged about 20 feet by the automobile.

Dr. Jones was one of the county's most prominent and best known citizens. He was about 65 years of age, and had been living at Grimesland for nearly 40 years. As a physician he was greatly beloved, and as a citizen he was held in high esteem.

Dr. Jones was one of the most loyal and devoted members of the Christian church and was prominent in church, civic and professional life. He married Miss Eliza Ward, a daughter of the late Mr. and Mrs. Ferd Ward of this county. He has three daughters, Misses Mary, Annie Ruth and Virginia, and one son, Fred W. Jones, of Houston, Texas, survive.

Dr. Jones will be greatly missed by people in all walks of life. He was a friend to those in need and was always lending a helping hand to those less fortunate than he.

The funeral will take place on Wednesday or Thursday, awaiting the arrival of Mr. Fred Jones. No definite arrangements have been made but interment will take place in this city with services being in charge of the Masons and the Ku Klux Klan.

Would Give Voters Right Expression Prohibition Question

Chicago, May 24.—(AP)—George E. Brennan, Democratic National Committeeman is sponsoring a move to give voters of Illinois an opportunity to express themselves on the prohibition question in the November election at the same time that he runs for Senate on a "wringing wet" platform.

Petitions to place a prohibition proposal similar to the one to be voted on in the New York State Public Police Act will be circulated immediately. Mr. Brennan announced. The text of the proposition is the one drawn by Ellhu Root, former Secretary of State "born of its legal nobility."

Mr. Brennan said, "The Root proposition means that it is for each state to decide for itself each measure of prohibition. It means for instance, that dry South Carolina can not impose its will on wet Illinois, and wet Illinois can not impose on dry South Carolina."

Mr. Brennan believes the proposed measure was so worded that there appears no danger that it will be attacked on the ground that it nullifies the 18th amendment. The petitions must be signed by 10 per cent of the registered voters of the state and filed with the Secretary of State 60 days before the election.

Illinois has voted before on a similar question. In 1922 on the question of legalizing wine and beer the vote was yes, 1,065,242—no, 512,111.

WOMANS MASS MEETING WAS LARGELY ATTENDED

(Reported) From three to five hundred of the leading women of Greenville and surrounding territory met in the High School Auditorium on Friday afternoon for the purpose of discussing the coming election. Never before have the women of Pitt County felt so keenly the need to bestir themselves about this matter of voting and letting their voices be heard by cooperating with men and putting into effect the best candidates to their public affairs. Everything that touches the life of the community touches the homes of these women and because they want in office God-fearing respectable morally straight men to handle the public affairs, to protect their children from the many evils prevalent today, they vote.

The totals gave 37 persons killed and 278 persons injured last week.

Bride Jailed On Murder Charge

Charlotte, May 24.—(AP)—Alternating between grief and satisfaction, Mrs. Nellie Freeman "80-pound child bride," today was in jail and coroner Hovis was prepared to ask for a preliminary hearing for the woman charged with the slaying of her husband, Alton Freeman, Saturday night.

Mrs. Freeman told officers that she slashed her husband's throat with a razor when he told her he was going to leave her. "There is wood enough in this country for everyone," says Henry Ford, "when we learn to use it." The trouble is, too many wooden heads.—Fayetteville Observer.

ANDREWS DEFENDS EXECUTIVE ORDER DRY ENFORCEMENT

Expresses "Surprise" At Reception Given Order by Both Wets and Drys.

Washington, May 24.—(AP)—BombarDED by criticism from both wets and drys. Assistant Secretary Andrews today assured the country that he has no intention of authorizing states and local officers generally throughout the country to act as prohibition agents.

The government prohibition chief reiterated that President Coolidge's executive orders making possible the performance of such a function by the states and county officials was intended for the present at least, for California. He defended the Presidential order, however, as entirely constitutional but conceded that it involved some aspects which might be "very dangerous."

Given authority to men over who you haven't 100 per cent control is very dangerous, he said, "and I will be very loath to do it. The Executive order was asked for merely to meet the situation in California where some deputy sheriffs have volunteered to police rural precincts in co-operation with the Federal forces. I have no intention and had none of extending this plan throughout the country. However, I think the order is perfectly legal and constitutionally sound."

JONES COUNTY YOUTH KILLED AUTO ACCIDENT

Dan Pollock Fatally Injured in Auto Collision on Tarboro Highway.

Dan Pollock, 20, son of Mr. L. O. Pollock, a prominent citizen of Trenton, was fatally injured and F. Brock Jr., son of former Senator F. Brock, also of Jones county, received injuries when their automobile collided with another car on the Tarboro highway early today. Young Pollock was rushed to Tarboro, but died a few minutes before reaching the hospital. Brock is confined to his home, suffering from injuries the extent of which could not be learned today.

The remains of Mr. Pollock were carried to Trenton this afternoon.

According to information, the young men were returning from Columbia and upon reaching Bethel, instead of taking the Greenville road, they went towards Tarboro.

Officers who went to the scene of the accident, said there were no signs of drinking and the accident was unavoidable. When the cars collided, the one in which Pollock and Brock were occupants, overturned. The occupants of the other car escaped without injury.

Mr. Ben May Seriously Injured In Auto Accident

The extent of Mr. May's injuries could not be ascertained at time of going to press.

John D. Rockefeller, Jr., sets a good example to other Christians by contributing \$100,000 to the United Jewish Campaign for \$6,000,000 to relieve Jewish women and children in Poland and Russia. The fund, of which William Fox is the New York chairman, is practically complete.

Managers of Jewish charities see to it that money collected goes to the poor. Some Christian philanthropists, reporting an over head deduction from contributions of from twenty-five to sixty per cent, might learn something from Jewish methods.

Mrs. Josephine Rook-Smith and her husband, Joseph Smith, have a little boy, Eddie Rook, four years old, son of the first husband. He was found crying, fastened by a rope four feet long, to a staple in the floor of the Smith apartment.

The mother and step-father explain that each works twelve hours, can't hire a nurse, and tie the baby to the floor with a plate of food near by and two kittens for play mates. They will be prosecuted for cruelty to children. That's just. Nobody will be prosecuted for cruelty to those adults that work twelve hours a day. That's not just.

Chicago bricklayers decided to work another year at \$1.50 per hour. If the bricklayers chose to work ten hours a day, which will not happen, they could make \$15 a day.

Not long ago only one mechanic in the United States was able to earn as much as one dollar per day all the year round. There is real progress, for the prosperous, especially. All the rich man can get is part of what the little man earns. The more the little man earns, the more the big man can accumulate.

Reading that British prosperity and trade "are coming back slowly," don't hastily conclude that American business men are superior to the British. What would happen in this country if a piece of land half the size of California, without a quarter of California's fertility, had to support forty-two millions of people?

That is the situation in Great Britain. And they have to pay interest on billions of national debt, keep up the world's greatest navy, and pay income tax that would make this country gasp. They are a noble people, and their pound sterling is at par—which comes of paying your debts.

Richard Reese Whitmore, young bandit, called the "candy kid" gangster, convicted of murder in the first degree, wants the world to know that he is a hero. When his sentence was read, he sneered at the judge and spat in the face of the prosecuting attorney, whose good work had convicted him.

When hanged, as he will be—unless the judge decides on life imprisonment—this dangerous young criminal will again pose as a hero. Does anybody imagine that such advertising for "heroic criminals" discourage murder?

Credit Mussolini with power to get things done. When he took charge of Italy the old African city of Tripoli, across the Mediterranean from Sicily, was a tumble down reminder of ancient days. Now Italy, under Mussolini, has rebuilt the city into prosperity and enterprise.

And on North African soil, East, West and South of Tripoli, the Italians possess five times as much good land as they have in Europe.

That is part of Mussolini's plan to provide room for overflow Italian population, now that America closes its gates, other nations in Europe and Asia that hate us, especially, because we will not receive them here, might borrow Mussolini's idea. There is plenty of good (Continued on page 6)

SAYS LIMITATION OF ARMAMENTS WILL OF AMERICA

Although America Cannot Participate In Discussion, it Will Not Stand in Way Declares Gibson.

Geneva, May 24.—(AP)—Asserting that the United States wished to do everything to promote the movement for the limitation of armaments, Hugh Gibson, American delegate, today told the preparatory commission on disarmament that his delegation did not wish to present any obstacle to a discussion of disarmament problems which might have League of Nations aspect.

Mr. Gibson said that the Americans, of course, would not be able to participate in such discussions, but would not stand in their way.

His statement was made in the course of a debate over the desirability of exercising some sort of control over the armaments of nations participating in the conference once reductions have been agreed upon. France was in favor of a regular form of control to which Italy however, interposed objection.

Viscount Cecil, the English delegate, expressed the opinion that any dispute as to whether the disarmament accords were being loyally carried out normally would come under the eleventh article of the covenant of the League of Nations. This article provides that any dispute between members of the League is a matter which concerns all and may be brought to the attention of the League Council.

This brought an objection from one delegate who remarked that discussions of the covenant might embarrass the non-League members. It was then Mr. Gibson presented the American attitude over the placing of obstacles in the way.

The question of the advisability of the committee assuming complete control of the disarmament will go to a sub-committee of military experts for their opinion.

FOUR BIG CITIES COUNTRY SHOW NO CHANGE IN RANK

Charlotte Largest City in North Carolina With Population of 54,600, With Durham Taking Second Place.

Washington, May 24.—(AP)—Estimates of the population of 229 cities having 30,000 or more inhabitants were announced today by the Department of Commerce. The estimates prepared by a census bureau and carrying the figures as to July 1 this year, are based in most cases upon the assumption that the annual increase since 1920 has been the same as the average between 1910 and 1920. For cities and states which took a state census in 1925 the estimates are based on the 1920 to 1925 average and annual increase. The big four, the country's only cities having a million or more population, show no change in rank.

New York leads with 5,924,000 against 5,620,048 in 1920. Chicago passed the 3,000,000 mark for the first time with 3,048,000. Philadelphia crossed the 2,000,000 mark with 2,008,000. Detroit continued forward with 1,290,000.

The estimates for North Carolina cities of over 30,000 were as follows: Charlotte, 54,600, against 46,338; Durham, 43,900, against 42,258; Greensboro, 48,700 against 43,525; Wilmington, 37,700, against 33,372; and Winston-Salem, 21,800 against 19,392.

He is also secretary-treasurer of the Pitt County Bankers Association. In addition to his various banking duties, he was most active in the fraternal circles, being Chancellor Commander of Pythians and president of the Pythian club.

The deceased is survived by her husband and one child.

Hon. R. O. Everett Speaks at College

Hon. R. O. Everett, of Durham, spoke at East Carolina Teachers College last Friday night on the subject of World "Anglo-Saxonism." He presented the subject in a masterful way and showed himself to be a profound student of world problems.

EIGHT WAREHOUSES LOCAL TOBACCO MARKET ASSURED

Messrs. H. G. Juett, J. R. Smith and P. R. Taylor to Operate Warehouse Here.

The Greenville receiving station for the Tobacco Growers Co-operative Association will not be maintained this year, according to a statement made today by H. G. Juett, of this city, and he further stated that J. R. Smith and P. R. Taylor, of Ayden, and himself have leased the warehouse which has been used by the association for the past several years, and they will operate it the coming season as an independent auction warehouse.

The two men to be associated with Mr. Juett here the coming season, are prominent and capable business men, and come from a section that has sold much tobacco on the Greenville market, and it is expected that through their personal acquaintances and business connections in their respective communities that they will bring much more tobacco here to be sold.

Mr. Juett who has had a wide experience in the tobacco business is very optimistic over the prospects for the coming year and stated that he believed that the local market could sell a much larger quantity of tobacco here. The basis for his belief is the excellent road facilities leading to the local market at present and the movements now under way for construction of other roads, and that Greenville has the best buyers and handling facilities of any market in the state.

Greenville should see a large per cent of the tobacco from Hertford, Blount, Beaufort, Martin, Edgecombe, Greene, Craven and all surrounding counties, he declared, emphasizing that the new warehouses here believe in the future of the local tobacco market and will do all in its power to increase its acre and broaden the territory which it serves.

The warehouse, which the new organization has secured is located on 12th street at the Atlantic Coast Line Railroad and is one of the best houses in the city, being constructed only a few years ago, with all modern conveniences and ample storage room, sleeping quarters and plenty of parking space.

New Speed Boat Records Expected At Ohio Races

Louisville, Ky., May 24.—(AP)—Speed boat records are expected to tumble in the nineteenth annual regatta of the Mississippi Valley Power Boat Association, to be held on the Ohio river fifteen miles above here on July 3 to 5.

The five-mile course should be exceptionally fast as the river at that point is about 1,900 feet wide and with not enough current to materially reduce up-stream speed.

The program is for six races each day, ranging from five to ten miles, and an unlimited free-for-all the final day.

Purses aggregating \$5,000 have been guaranteed. In addition, boats of the 151 class will compete for the Elgin Cup, which is offered for the best time.

At least fifty entries are expected from the association's sixty-four organized clubs.

Raleigh Boy Scouts Assist Fighting Fire

Raleigh, May 24.—(AP)—Scores of Raleigh boy scouts equipped with forest fire fighting tools, were rushed into the woods west of here this afternoon in an effort to check a forest fire which has been raging since Sunday, and which is increasing in intensity as a result of a rising wind. The fire early today had burned over approximately 50 acres to the east of Durham road and behind the state prison farm land. It was discovered Saturday and reported by the local boy scout's executive and State forester. Hundreds of men handed fought it yesterday and successfully.

RED OAK NEWS

Dr. Joe Smith conducted prayer meeting at the church last Thursday night. His talk was very timely and everyone present seemed to enjoy it.

Red Oak Sunday School members and visitors, registering nearly one hundred, were given a delightful treat Sunday morning in the form of a big freezer of ice cream, donated by an enthusiastic member of the Sunday School.

Mr. and Mrs. R. S. Allen spent the week-end recently with Mr. Ben Causey in Tarboro. Miss Charlotte Tyson, Miss Irma Nichols, and Mr. Gladson Nichols spent Sunday afternoon in Wilson.

Mr. Same Jones and daughter, Naomi, of Liberty, N. C., have arrived to visit friends in this community. Miss James will spend about a month with Miss Louise Stokes.

Friends of Mrs. Julia Crawford will be sorry to learn that she is still confined to her bed.

This community is still old-fashioned in some respects. It still has its peanut poppings, barn nothings, honey-takings, wood-sawings, etc.

Mr. W. G. Stokes had an enjoyable peanut popping one night this week. Home-made candies were served as refreshments with "peanuts" on the side.

Mr. Albert Allen is having a barn-burning today. Mrs. Martha Tyson had a honey-taking last week. Honey and bee stings were served as refreshments. We have a delightful time out here in our little neighborhood. It is indeed a pleasure to live here.

There is only one draw-back and that is our school. We have only a one-teacher school and due to this fact, about 33 1-3 per cent of our children are sent to the Greenville schools. This is a deplorable fact. We should either do away with the school entirely or else get together and have a much better school.

The modern girls are either too boyish or too soft to represent the sturdy peasant maid of Domremy. Mr. Andrews contends. Joan of Arc was not a flapper; though not large, she was strong enough to drive a plow. She was about five feet, three inches tall, weighed 130 pounds, her legs were straight and sturdy her arms muscular and her body powerful without any superfluous fat.

The modern girls haven't Joan's strength. Mr. Andrews says.

### "FOR HEAVEN'S SAKE"

LATEST LLOYD COMEDY

Harold Lloyd may some day answer the requests of thousands of admirers throughout the country, to produce a college sequel to "The Freshman" but his latest comedy, "For Heaven's Sake!" takes him out of the light atmosphere that distinguished his football classic into the more sombre air of a big city's underworld. The picture comes to White's Theatre, today and tomorrow.

However, the transition has in no wise affected his ability to provoke laughter inasmuch as all advance reports indicate that the picture is a fast-moving comedy with an abundance of rapid-fire action, a wholesome thread of romance and an assortment of funny gags that would even make a wooden Indian laugh.

### SANS SOUCI BOOK CLUB MEETS

In last Tuesday afternoon at the home of Mrs. F. M. Wooten, on Third street, one of the most enjoyable meetings of the club year was held. The president, Mrs. M. K. Blount, presided, and fourteen members responded to roll-call.

After the usual report of committees and routine business was dispensed with, a letter from Miss Fuller, the Librarian, was read by the acting secretary. The letter gave a report of the progress of the Public Library and received much applause and favorable comment from the club members.

A great deal of interest was manifested by the club members in the coming election and a motion was made to appoint a committee to work out plans by which a mass meeting of all Greenville women and all women in the county, that could be reached, might be held at some recent date in order to urge the women to register and to vote in the primary June 5th.

### SCHOOL NEWS

The close of another school year is at hand. Only a few weep while the greater number smile and rejoice to know that another milestone in their lives is past, and now they are eligible to become known to greater things.

Classmen of every grade are thinking of what they are to do in their next year, but more thought falls on the Senior Class than any other, for they are to seek the secrets of the great world.

Before leaving Greenville High School, this class should be given all compliments possible, for they have accomplished more than any other class before them, and have held their business affairs in a business like way that has been unknown to any class before them.

The next heaviest thought falls to the Senior Class of '27. Theirs is the task to complete a Memory Book, give the annual Senior play and organize the clubs that are associated with all senior classes.

Meanwhile, during the time that the class of '27 is working on its affairs, the class of '28 will be arranging the highest social event of the school year, the Junior-Senior Banquet. Probably their reason for giving this is they expect one from the class of '29.

Now we come to these four,

HAROLD LLOYD AND JOBYNA RALSTON IN "FOR HEAVEN'S SAKE" PRODUCED BY THE HAROLD LLOYD CORPORATION A PARAMOUNT RELEASE

### WHITE'S—Today and Tomorrow

inexperienced frail and weak little creatures who have hardly been recognized heretofore. They realize that next year their position will be elevated, and some other creatures will fall victims to the annual high school initiation, and be called "Freshman".

The future of the Band is being noticed with great interest. In a recent concert they displayed their abilities as musicians, and are now among the greatest assets of Greenville High School. A tour is being discussed for next fall and another for next spring. If these tours are made, Greenville and her schools will have even a greater name than before.

Managers for athletic teams are now being chosen, and both boy and girl teams are expected to come through their contests with high honors.

What the faculty will do is not known, however we have to admit that we think that they would make good housekeepers for

themselves. If they do not enter this, we hope they will return.

On June the fourth the students will part for vacations some never to return to G. H. S. while the others are to return in the middle part a September for another year's work.

Harry G. Johnson, '27

### Rev. Brandenburg Begins Revival At Cannon Swamp

Quite a large crowd greeted Rev. F. B. Brandenburg last evening at Cannon Swamp school house, when he preached the first of a series of revival services to be held there.

Rev. Brandenburg's subject for the evening was "Prayer." He told of God's great love for us and how we may, as Christians, connect to the great Power-House of God, through prayer, making possible all things for the glory of His kingdom.

Good music and good singing was also a feature of the services. Preaching begins promptly at eight o'clock each evening. The public, and especially members of the Men's Federation, are cordially invited to attend.

### CHICKEN HAS BECOME TOO DEAR FOR FRENCH

Paris, May 24.—(AP)—The Paris press has discovered another grievance against owners of foreign exchange in that they prevent the French from eating chicken.

The price of chicken has reached heights that prohibit any but the wealthiest French families from putting it on the table, even on Sundays. A forty franc chicken is a poor little thing and even sixty francs does not purchase anything more than a fairly decent bird.

### "Zebra Mules" Found Hardy Stock For Harness Work

New Orleans, May 24.—(AP)—The zebra is claiming a place in the sun in both Louisiana and Mississippi.

At Jefferson race track here a pair of "zebra mules" will assist in keeping the track in shape. They are a cross-bred stock having stripes on the bodies and legs and are very strong. One weighs 1,610 pounds and the other thirty

pounded less. The Jackson, Miss., zoo offers an eighteen months' old zebra prodigy. It has been taught to count to ten, pick out colors and numbers, and dance.

### Leading Players Enter Missouri Valley Tennis

Kansas City, May 24.—(AP)—Ranking tennis stars of four nations will meet across the nets in the annual Missouri Valley Tennis tournament, June 12 to 19, here on the courts of the Rockhill tennis club.

They are William T. Tilden, F. Harada, Japanese champion, Manuel Alonzo, the Spanish player, and Brian L. C. Norton, present valley singles champion and former South African star before coming to this country to live.

Other American stars who have entered include A. H. Chapin, Jr., Wray Brown, George Lott, Lucien Williams and Alex Spair. Among the women who will compete are Mrs. Behr, of St. Louis, the present valley champion; Mrs. Lottie Fuller, of Leavenworth, Kansas, state champion and Mrs. A. H. Chapin.

WEAR A POPPY

Again we approach the day when our nation pauses to bow its head in reverent memory of those who have made the supreme sacrifice that the Stars and Stripes might live forever and with Memorial Day again will come the annual sale of Poppies by the ladies of the American Legion Auxiliary. It is the desire of the American Legion that every citizen wear a poppy on Memorial Day in memory of the departed heroes and the Auxiliary has taken upon itself the task of distribution of the poppies. These little red flowers, so symbolic of the bloody struggle from which many brave lads never returned, are the handiwork of disabled veterans who now occupy the government hospitals and the proceeds from the sale of the poppies are used to lighten the cares and burdens of these boys who gave their best during the struggle and whose sufferings must continue until they, too, shall be called to join their comrades in Eternal Peace.

WINTER DANGER

The approach of the camping and vacation season, it is timely that officials are issuing warnings regarding the water for drinking purposes, in springs or other sources.

Feet Are as Varied as Faces

No. 1 This is one of a series of twenty illustrated advertisements explaining the difference between the many types of feet, and suggesting the proper footwear for each.

THE BROAD THIN FOOT

If you have a broad foot, with shallow uppers and thin waist, in-step and heel probably you have had trouble getting shoes which gave real comfort.

Combination lasts are the real solution of the problem. Shoes must be fitted long enough. Snug lacing of shoes will help prevent feet from pushing forward, relieving back pressure on the toes, but this constriction may interfere with superficial circulation if carried to extremes. The combination last with the narrow heel and broad sole is best. Pitt Shoe Co. salespeople have studied feet; they know how to fit shoes so that you may enjoy complete foot comfort and resulting better general health.

Let us fit you in a pair of Arch Preserver Shoes. The shoe that we can recommend to cure most foot troubles. Pretty styles for men and women carried in stock all the time.

Golfers Will Play This Course In U. S. and Canada

Portia, N. D., May 24.—(AP)—Golfers here soon will tee off in the United States and take the second stroke in Canada.

Citizens of Portia and North Portia, Sask., are constructing a golf course with the first tee and the last green in the United States and eight holes in Canada.

It is believed to be the only international golf course. An average shot off the first tee will send the ball across the international line, and on the ninth hole this line again must be crossed to land on the home green.

URGES JAPAN TO JOIN MOVEMENT TO PREVENT SPREAD OF BOLSHIEVISM

Tokio, May 24, (INS)—All the non-Bolshievistic nations of the world should co-operate with Germany in preventing the spread of Bolshievism in Europe, in the opinion of Dr. Carl Duisenberg, one of the leading industrialists of Germany who is a visitor in Japan.

Germany today stands as a wall against the spread of Bolshievism from the East to the nations of the West. Dr. Duisenberg said "Once Communism gains a foothold in Germany it is only a question of time until it penetrates through Europe and even to America."

JAPANESE BOYS HAVE DESIRE TO BE SOLDIERS GIRLS NOT TO BE WIVES

Tokio, May 24 (INS)—Most Japanese school boys want to be soldiers while a majority of the school girls are eager to improve the status of women in Japan and better the morals of the nation.

These juvenile ambitions were revealed through a canvass among the sixth grade pupils of the twenty-five so-called Lower Schools in the city of Tokio.

The canvass revealed that 27.63 per cent of the boys yearned for military glory. Another 20.50 per cent merely wanted to be great men, without specifying any particular field of endeavor; 19.50 per cent wanted to be successful merchants; 7.70 per cent wanted to be

famous scholars and 4.24 per cent aspired to be noted political leaders.

On the girls' side 65 per cent aspired to be great leaders in the cause of feminine advancement and moral uplift; 15.75 per cent preferred to be great teachers, and 2.32 per cent wanted to be dress-makers. An indication of the attitude of the girls toward matrimony is found in the fact that only 2.32 per cent aspired to become wives.

MAKE GOLF OPEN AT LOS ANGELES A YEARLY EVENT

Los Angeles, May 22.—(INS)—The \$10,000 Los Angeles open, the tournament with the fattest purse in golf, will be made an annual event, the athletic committee of the Los Angeles Chamber of Commerce has decided.

The tournament held in January under the auspices of the committee, was originally planned only as a special with no particular thought of making it permanent.

The Los Angeles open, however, was an instant and obvious stimulus for Southern California golfing and greater and growing interest in the game has since been apparent. Moreover, a recent auditing of the book's showed that no financial loss was incurred despite the \$10,000 purse, and the decision to make it permanent resulted.

FIVE AUTO RACERS WEARING NUMBER 13 KILLED IN FEW YEARS

Paris, May 22.—(INS)—With five automobile racers, wearing

the number 13, successively killed since the year 1922, European sportsmen are beginning to fear the unlucky figure.

The Frenchman is not a superstitious creature in general. He actually prefers black cats, thinking they bring him good luck. A dinner with thirteen at the table is sure to be the very best, he believes, and walking under a ladder risks nothing, except perhaps a few spots. January thirteenth was once known as the marrying day in France.

STUDENTS TO STUDY CONDITIONS IN RUSSIA

London, May 22.—(INS)—Disappointed by the attitude of British adults who investigated industrial and living conditions in Russia under the Soviet regime, the Russian League of Young Communists has issued a formal invitation for a dozen English youths to go to Moscow and Leningrad to inquire into the labor and social conditions of the "young workers of the Soviet Union."

Gossip of Staff Correspondents at World Centers of Population.

Paris, May 24 (INS)—Is it possible and desirable to live much longer than the average lifetime? This is the question being discussed in Paris since the appearance of the new play, "Le Docteur Miracle" by Francis de Croisset and Robert de Flers.

Docteur Miracle has solved the problem of a long life by the injection of a certain serum. Like Flourens and Metchnikoff before him, he believes that man should still be young at the age of 100 and even goes so far as to prove that at the age of 500 or 600 a man should enjoy all of his faculties.

At first, everyone is delighted with the news. The mother-in-law of the doctor is rejuvenated at the very thought of living several hundred years longer, and her husband a great golf-lover, is quite over-joyed. But little by little, one realizes the inconveniences of this revolution. The doctors, druggists not aries and insurance-agents are all ruined. Even the charming wife of the discoverer of serum finds that she will not be as happy, thinking that life is going to go on for so long a time.

"After all," says Professor Charles Richet of Paris, "it isn't the prolongation of life that is so much desired, as the prolongation of youth itself. For as one grows older, life loses much of its charm."

One of the most interesting exhibits in the Spring Salon at the Grand Palais is the work of the American sculptress, Mrs. Edna Spencer. It is the bronze bust of "Captain George Fried, commander of the United States liner, "President Roosevelt" which was modeled at sea following the gallant rescue of the crew of the British freighter, "Antiope."

Mrs. Spencer was Gertrude Barbour of Boston and had her training in the School of the Boston Museum of Fine Arts, where she went through the four-year course in three years. At the end she received the Kimball prize for the best work done and then later studied at the Art League in New York and later still opened her studio.

She has been a sculptress for ten years, doing many portrait heads, bas-reliefs and full-length figures.

Suzanne is a lucky name for French champions. After Mademoiselle Lengien, World tennis champion and Suzanne Wartz, champion swimmer, comes Suzanne Catherineau, world's Champion rifle shot at fifty meters.

The story of this French woman's success is very different from that of many champions who began early in life and worked years to attain fame. She was born at Fronsac in the Gironde department and was only a little girl when her mother died. Her father was a dealer in wine and used to take her with him when he traveled. Seven years ago she married a business man of Libourne and settled there. Her husband belonged to a local rifle club and every Sunday found him there after a week indoors.

"I wasn't interested in this kind of sport," says Madame Catherineau, "but rather than be alone all day, I followed my husband to the club. "A number of wives of the club members learned how to shoot and my husband one day persuaded me to try my luck. I had never shot at anything in my life, but I'm never afraid to try anything once. "My first shot touched the edge of the bull's-eye. I tried another and it was good. After a few weeks of practice I found that I liked rifle shooting and in a short time was outshooting my husband and many of the members of the Libourne club. Ever since this, the young French woman has continued to practice, approaching nearer and nearer to perfection. Shooting may appear easy to the uninitiated, but at fifty meters away the bull's-eye which is very small looks like a pinhead. To make a perfect score it is necessary to get forty consecutive bull's-eyes. There is no official record that anyone ever has. Madame Catherineau has made 397 points which means that she missed three times. The world recordman, Coquelin de Lisle, has 398 to his credit, and the American champion, Dunwiddi, 396.

against them. In Illinois there are more paroles for convicts than there are convictions. Only 18 per cent of Illinois criminals serve out their sentences. And the 18 stay in jail only because they haven't money to buy their way out. That helps to account for the "crime wave."

Reports from French Morocco indicate that the Rifis are giving up the struggle against Frenchmen fighting and bombing their villages from the clouds.

Abd-el-Krim, the courageous leader, is said to be in flight, or he'd prisoner by his followers, who hope to use him in making a good peace.

Rabbits cannot fight against eagles; men on the ground, no matter how grave or well armed, have no chance against fighters in the air.

This unprepared, wingless country may some day learn to its sorrow the truth of that statement.

## Ministers Decline To Stand Anti Evolution Campaign

Charlotte, May 24.—(AP)—The Ministerial Association, of Charlotte, in special session today, declined to take a definite stand regarding the anti-evolution campaign being conducted in North Carolina by outside organizations.

The meeting was called to consider the advisability of recommending any action by the city commission on the requests of Dr. T. T. Martin, field secretary of the anti-evolution league of America, for permission to use the city auditorium for holding a "Atheist-Fundamentalist" debate. The commission already has declined to allow use of the auditorium for the debate but Dr. Martin declared that the debate will be held somewhere in the city May 31.

The Ministerial Association views adopted after prolonged debate hold that the association probably should not assume the responsibility of Mayor Abernethy regarding the privileges of the auditorium. Confidence was expressed in the competency of the mayor in allowing use of the building.

The association was in closing session three hours, barring even

## NINETEEN COURT TERMS IN SESSION DURING THIS WEEK

## Twelve New Terms Open While Terms Previously Began in Seven Counties Will Continue.

Raleigh, May 24.—(AP)—Of the even dozen Superior courts opening today in as many North Carolina counties, seven of the terms are for the trial of civil cases, in four instances both civil and criminal cases will come up for trial, and one is exclusively criminal.

The civil terms are those in Pitt, New Hanover, Alamance, Davidson, Richmond, Davie, and Henderson. The terms opening today in Dare, Nash, Wayne and Madison are mixed. The criminal term is that in Cumberland.

These terms are all for one week, with the exception of those in Wayne, New Hanover, Alamance and Henderson, which will continue into a second week.

In addition to courts opening in these 12 counties, terms previously begun will continue this week in seven other counties—Warren, Wake, Forsyth, Mecklenburg, Iredell, Caldwell and Jackson.

Judges W. A. Devin, of Oxford and Romulus A. Nunn, of New Bern, are still in exchange. As a result Judge Devin goes to Alamance county and Judge Nunn to Pitt.

Another exchange is that of Judges T. B. Finley, of North Wilkesboro, and Thomas J. Shaw of Greensboro. This exchange placed Judge Finley in Davie and Judge Shaw in Davidson.

Judge P. A. McElroy, of Marshall, will preside in Madison, his home county, as he is still in exchange with Judge W. F. Harding, of Charlotte.

In Dare, Judge H. A. Grady, of Clinton, will preside; Judge Thomas H. Calvert, of Raleigh, goes to Nash; and Judge N. A. Sinclair, of Fayetteville, will hold the Wayne term.

The New Hanover term will be held by Judge G. E. Mydette, of Jackson, and that in Cumberland by Judge F. A. Daniels, of Goldsboro.

Judge Michael Schenck, of Hendersonville, goes to Richmond and Judge A. M. Stack, of Monroe, to Henderson county.
