NEW OFFICERS ARE INSTALLED BY ROTARIANS

Luncheon, Brief Addresses and Community Chest Discussion Featured Meet

Last night's meeting of the Rotary club consisted of the regular luncheon, installation of officers, brief addresses by a number of members, and discussion of a Community Chest for Greenville.

Following the supper, Dave Turnage, retiring president, delivered a speech formally turning over the gavel to Haywood Dail, new president. In his address, Mr. Turnage reviewed the history of the Greenville Rotary club, pointed out its accomplishments and especially thanked every officer and member for his individual efforts which had been contributed to the success of the club during the year just closed.

He likewise urged a continuation of this hearty support and co-operation to the incoming officers, and urged that the year just beginning eclipse all former years from the standpoint of good for the community. He also urged that each member be a real Rotarian in spirit and action as well as in name.

In accepting the gavel, Mr. Dail thanked the club for the honor bestowed upon him. He urged that the fine work of previous years be continued, and that the club might retain its enviable position in the field of personal service.

Brief addresses by other members were full of inspiration. They indicated that the future of our city is bright and that the matter of a Community Chest for Greenville was discussed briefly. A committee was appointed to take the matter up with other civic organizations of the city to work out a plan whereby the local campaign might become a success.

STANCILL BOYS WILL BE BURIED NEXT THURSDAY

Services Will Be Held At Home On Falkland Road at Three-Thirty O'clock

The funeral services for Leonard and Wilfred Stancill, brothers, who were killed last Thursday evening, will be conducted at Mt. Pleasant church, Thursday afternoon at 4 o'clock, by Rev. Warren Davis, pastor of the church, assisted by the local pastors L. B. Jones, W. S. Harder, F. Jones, and L. R. O'Brian. The procession will leave the home of their parents, on the Falkland road, at 3:30 o'clock and proceed to the church, four miles north of Greenville, where the services will be conducted, after which interment will take place in the church cemetery.

The following will act as pallbearers:

Active, for Leland: Spruill, J. L. Evans, Gus Forbes, John Joynes, Jr., B. S. Warren, and J. Harvey Briley.
Active, for Wilfred: Louis W. Taylor, J. H. Rose, Sidney Fleming, Curtis Perkins, Tucker Allen, and J. H. Randolph.
Honorary: D. S. Spain, Dr. E. Nobles, Dr. C. O. H. Laughlin, Dr. E. T. Dickinson, E. Gates, J. N. Hart, Dr. A. J. Schultz, W. H. Randolph, W. L. Ricks, Frank Wilson, J. J. Perkins, B. E. Suge, Bruce Holaday, J. A. Teel, Edward Purvis, T. Tarboro, F. E. Randolph, Dave Turnage, Jack Smith of Farmville, Car Langley, S. A. Spain, Jesse Brown, Garland Hudson, W. Hooker, Leon Fleming, W. H. Colvard, J. R. Moyer, W. C. Craft, H. Edwards, W. I. Skinner, W. E. Baker, Joe Pollard, J. L. Jones and O. L. Joyner.

Newest Wet Trick Uncovered

Torpedoes, carrying Scotch malt and weighted so that only the top remained above water, were found on the schooner Rosie M. B., captured off Montauk Point, N. Y. They could have been towed to port unseen.

NEGRO PREACHER HELD ON CHARGE OF IMMORALITY

Rev. R. D. Brown Alleged to Have Had Immoral Relations With Young Girl

Rev. R. D. Brown, colored, pastor of a Holiness church on the outskirts of Greenville, is being held in the county jail here today in default of bond on a charge of immorality. He will be given final hearing before Magistrate B. F. Tyson Monday morning at 10 o'clock.

Brown is alleged to have had improper relations with a 17-year-old member of his congregation. He vigorously denied the charge when arrested by county officials a few days ago.

He was given preliminary hearing before Magistrate Tyson yesterday afternoon, being remanded to jail in default of \$250 bond.

HICKORY MAN PASSES AWAY

Hickory, N. C., June 29.—(AP)—News reached here this morning of the death in Battle Creek, Michigan, late yesterday of G. N. Hutton, multi-millionaire manufacturer of this city. He was under treatment at the Michigan health resort.

Mr. Hutton was one of the most prominent and wealthy men in this immediate section. He was born in Windsor, Canada, 57 years ago and during his youth moved to Lake Huron shores, Michigan, where he was actively engaged in the lumber business. In the fall of 1896 he came to Hickory and bought out the old Catawba River Lumber Company which was run in a partnership by Hutton and Bourbonnais until 1907, when the concern was incorporated under the same name.

Since the death of A. Bourbonnais several years ago, Mr. Hutton has been president and had control of the company which he helped to organize.

AGREEMENT REACHED ON HARBOR BILL

Washington, June 29.—(AP)—A tentative agreement to take up the Rivers and Harbors Bill on next December the 10th and to limit debate after December 15, was reached today by leaders on both sides in the Senate.

If this agreement is approved by the Senate—and objection by one Senator would upset it—the leaders believe Congress can adjourn next Saturday.

WHISKEY CASES GET ATTENTION COUNTY COURT

Winterville Man Gets Eight Months for Violating Suspended Sentence

C. C. Haddock, of Winterville, charged with being drunk in violation of a suspended sentence, was this morning sentenced to 8 months on the county roads by Judge W. A. Darden in the regular weekly session of county court.

He was required to give \$250 bond for his appearance in court the first Tuesday in September and surrender himself to the sheriff. He was also required to remain out of the corporate limits of Winterville at the completion of the sentence.

John Anderson, held on a charge of possessing whiskey for sale, was sentenced to four months on the roads. The sentence is to become effective anytime within two years, at suggestion of the court, if the defendant should violate any of the criminal laws of the state, and especially any feature of the prohibition law. He was released upon payment of \$50 and costs.

Clarence Carson was fined \$50 and costs and required not to drive an automobile in Pitt county within a period of one year, on a charge of operating an automobile while drunk.

George Simmons, colored, drew four months on the county roads for driving a car while intoxicated.

The case against J. A. Wingate, charged with conversion of personal property, was transferred to Superior court.

The action against Travis Waters, assault with a deadly weapon, was transferred to Superior court.

Losey Woodard was found not guilty of larceny.

WOMEN WILL DISCUSS NEXT PEACE STEPS

Dublin, June 29.—(INS)—The next step towards peace will be the chief subject of the biennial congress of the Women's International League for Peace and Freedom opening here on July 8.

Mrs. Jane Adams, of Chicago, the president of the league, will give the address, and among those who have promised to attend are Grandhi, the Indian leader, and Romain Rolland, the French poet and litterateur.

Practical delegates from kindred societies in China, Guatemala, Liberia, the Philippines, and many other countries will take part.

STEAMER ELMA CARRIES LARGE CARGO WHISKEY

Over 4,700 Cases of Assorted Liquors to Be Unloaded by the Customs Officials

Wilmington, N. C., June 29.—(AP)—The 4,700 cases of assorted whiskey found on the steamer Elma, which was towed into port here Saturday by the United States Coast Guard Manning, was loaded on the craft by a schooner, a few miles off the coast of Morehead City Monday afternoon, June 21, according to the statements made by a seaman giving his name as Herbert Hartman, who says he was the cook on the Elma, to a representative of the News Dispatch this morning.

Hartman further asserted that the other fifteen members of the crew were giving fictitious names and that among their number were to be found the officers of the ship, although each man refused to make a declaration at the preliminary meeting held in the court room here yesterday before United States Commissioner Goodman.

When asked how he came connected with the crew of the Elma, he declared that he had tossed coin with another ship's cook at Boston for the job and that he won. He said the ship dropped anchor off the Carolina coast after taking on coal at Boston for the southern trip. He declared that the vessel lay in wait for the schooner but as supplies were running low, it was decided to put into Morehead City.

On the morning of June 21, he continued, the Elma put out to sea again and the same afternoon sighted the schooner and took on her cargo of liquor. On the next day as the craft headed north, she was overhauled by the coast guard cutter Manning, and taken captive by the government vessel. There was just enough coal on board the Elma to take her to New York when she was captured, sailors of the Manning, declared here. The cutter first carried the Elma to Norfolk, but failing to make out a case against her there brought her to Wilmington last Saturday.

LIST OF DEAD IN LEON FLOOD STILL GROWING

Estimated That 1,000 Fatalities Occurred in Area Visited by High Water

Mexico City, June 29.—(AP)—Estimate that the total fatalities in the flood at Leon will exceed 1,000 is given by a correspondent of a Mexico City newspaper, who has just returned from the devastated regions. He says that the exact number of victims never will be known because the flood waters carried away bodies from Leon in the densely populated farming regions.

Bodies daily are found in the mud left by the receding waters and there are fears in Leon that an epidemic may result. 13,000 houses were destroyed and an equal number have been damaged beyond repair. 4,000 families are launched in public buildings while 6,000 more are living in the open on the hillside refusing to return to the city in fear of a recurrence of the flood. The number of bodies thus far aggregated 100, but 1,000 or more are missing.

Paris modistes have decreed that skirts are to be shorter and sleeves longer. Then the girls may keep something more up their sleeve.—Greensboro Record.

Most conventions seem to be held to set the date for the next convention.—Danville Bee.

PEPPER BEFORE CAMPAIGN FUNDS COMMITTEE

Senator Says He Had Nothing to Do With Transfer of Agent

Washington, June 29.—(AP)—Senator Pepper, of Pennsylvania, told the Senate campaign funds committee today that he had nothing to do with the transfer of Federal Prohibition Administrator F. C. Baird, from Pittsburgh to Philadelphia, just before the Republican state primary in which the Senator was defeated for re-nomination.

"The removal was not done at my instance or with my knowledge," Senator Pepper said. "Any statement to that effect if made here was made in ignorance of the fact or as a deliberate misstatement."

From previous witnesses the committee had heard testimony that Pittsburgh was thrown wide open upon Baird's withdrawal and that the displayed posters advertising the Mellon supported Pepper-Fisher ticket.

The committee then returned to its inquiry into the use made of the \$150,000 special fund collected by the Woman's Christian Temperance Union in Pennsylvania for prohibition enforcement. Questioning W. B. Wright, employed as a special prosecutor and paid out of the fund, Chairman Reed developed that J. A. Tatro, who was hired as an agent under Wright previously, had been dismissed from the Federal Prohibition Service "for the good of the service."

Wright explained that Tatro had a controversy with the District Attorney at Chicago and was dismissed as a result.

The witness was cautioned once or twice to make direct responses but he insisted on answering in his own way and the discussion finally got around to the loaning of F. C. Baird to the Government by the Bessemer and Lake Erie Railroad to act as prohibition administrator at Pittsburgh. Baird continued to draw a \$12,000 salary from the railroad.

"That is about as illegal a proposition as ever came to my attention," Reed said. "It is destructive of public government."

CHARLES PONZI IS ARRESTED IN NEW ORLEANS

New Orleans, June 29.—(AP)—Luciano Andrea, reached New Orleans last night as a captain's mess man on an Italian ship and Charles Ponzi, sought as a fugitive by Massachusetts and Florida authorities, will reach Houston Texas, this morning. The "financial wizard" who is credited with taking millions of dollars, was arrested here yesterday by Geo. Lack, a Houston deputy sheriff, and accompanied the Texas officer to Houston last night.

Ponzi's appearance here was the first positive identification of the fugitive since he left Miami on June 4. He vigorously denied his identity but finally admitted that he was not Andrea, but Ponzi.

"It is just as well, anyway," he was quoted as saying. "I was not at all sure that I was doing the proper thing in fleeing the country, but I saw that I couldn't save my bodysmen any money by staying, and I had fairly reliable information that I was due to go right up if I went back to Boston, so I just decided to run. It was the only chance—but here I am."

Some papers discuss fake liquor labels. In Taladega the sign is the fruit jar.—Tallageda Home.

Respectable, sincere men and women, say they will have nothing.—(Continued on Page 6)

TODAY

Newspapers Made Useful. Do You Know These 12? The Rule of Law. America Winning. By ARTHUR BRISBANE

Publicity means prosperity. Reputation is reputation. Newspapers can build up cities and states by publicity and reputation. That is recognized by the Georgia Press Association's resolution paying tribute to the Atlanta Georgian and Sunday American for "their great campaign of coordinated publicity for advancing the material interests of Atlanta and Georgia."

The resolution, passed on motion of Mr. Fleetwood, of the Cartersville News, interests all communities. There is no limit to the good that newspapers can do by earnest, well organized persistent publicity.

High School children are asked to test their education by answering twenty-five questions, such as: Can I Speak the English Language? Do I Love to Read a Good Book? Do I Prefer Good Music to Jazz? Am I Interested in Literature and Science? If Free to Choose, Would I Quit School Today or Continue Studying? etc.

Such an educational test is good for children. Different questions should be asked of themselves by men of forty, for instance: What Do I Know About Co-operation? Tycho, Brahe, Kepler, Galileo, Descartes, Newton? and What Do I Know About Socrates, Plato, Aristotle, Kant, Spinoza, Bacon?

Whoever does not know what these twelve names mean may possess an excellent education for a squirrel, but not an education for a man.

The last day of the Eucharistic Congress was marred by bad weather. Heavy downfall of rain and hail caused some panic, thousands fainting in the rush and excitement, several hundred injured. Despite rain and hail the program was carried out to the letter. The cardinals in procession marched undisturbed through the deep mud, and calming the agitated multitude of nearly a million.

The weather was unfortunate but it proves, which is useful, that the universe works strictly according to law, at least in these days free of miracles.

If miracles were still performed they might reasonably be expected in connection with a great demonstration of the oldest Christian church.

But, the rain falleth upon the just and upon the unjust, and nature's laws are not set aside for any occasion or for any individual.

On Thursday two California girls beat the great Suzanne Lenglen and her partner at tennis. On Friday Bobby Jones, young American, won the open golf championship of Great Britain, beating all professional and amateurs. We like to be as modest as possible, but Uncle Sam seems to produce young people for capacity. London punch cynically remarks that the British still hold "the Tiddly-wink champion ship." That also may go.

In New York a rich young man murdered himself, killed his wife, murdered his wife, killed himself. The police, puzzled, said, "a quarrel about money probably." Now in the dead man's wallet are found fragments of a torn letter addressed to the wife, signed "Rad." The letter said, "I reach again for your hands across the miles between us." That letter told a story of the murder and suicide.

"Love is strong as death; jealousy is cruel as the grave."

High caste orthodox Hindus, believing themselves better than other men, and their only true religion; and wrong twice, are at the North Cape, under the col. midnight sun, reading texts from the Vedas.

That must amuse the angels that look down upon millions of suns and planets. They probably feel about those high caste Hindus as we would feel if we saw a high class microbe traveling to the north end of a grain of sand, to go through solemn religious exercises.

The benefit of having an unwritten constitution, like England's is that you can stretch it any distance without breaking it.—Fayetteville Observer.

Under Probe

A resolution was introduced in the Senate asking Secretary of Agriculture Jardine to explain his reported connection with a Chicago school alleged to be teaching methods of beating rules of grain exchanges which Jardine himself made.

SENATE ASKED TO HURRY VOTE ON FARM BILL

Body Called Upon to Meet An Hour Earlier to Expedite Decision in Matter

Washington, June 29.—(AP)—The Senate was called upon to meet an hour earlier than usual today to expedite a vote on farm relief.

Maneuvers which have been in progress since President Coolidge issued his declaration in favor of the Fess-Tincher farm credit measure, and the Co-operative Market Bill had obscured rather than clarified the situation at the end of yesterday's session.

Leaders of the various groups were unwilling to hazard a guess on the outcome, but all were agreed that a vote might be reached. Nevertheless it was apparent that supporters of the administration program had made inroads on the strength of the camp of equalization fees advocates, the chief element of which have expressed dissatisfaction with the co-operative marketing credit plan.

Senator Fess, Republican of Ohio, sponsor of the credit measure, which is pending as a rider to the co-operative marketing bill felt that the fate of the program lay in the hands of the Democrats and as the Republicans who voted for the McNairy equalization rider when it was defeated last week.

Mrs. Stoma was death another reverse in her efforts to stay with her husband, Joseph T. Stoma, and her 19 months old son, George Washington Stoma, when Federal Judge Louis H. Burns ruled that she must be turned over to New Orleans immigration officials for deportation, under the provisions of the immigration law.

The judge denied a writ of habeas corpus sought by her attorneys on the ground that she was being illegally detained by the immigration authorities.

The case of Mrs. Stoma, which has been fought in the Federal courts since 1921, when she first entered the United States, has attracted wide attention, and scores of club women, citizens and state officials have offered her their aid.

And now, the one chance that remains for Mrs. Stoma to win her fight is that of an appeal to the United States Court of Appeals, it is said.

BRIAND'S NEW CABINET GOES PARLIAMENT

Paris, June 29.—(AP)—Premier Briand's tenth cabinet went before Parliament today, presented its program and won a vote of confidence from the Chamber of Deputies.

The vote came on a demand from the Premier that interpellations on the financial situation be postponed. He made the question a vote of confidence.

DISABLED VETERANS HAVE RIGHT TO DO BUSINESS IN GEORGIA

Atlanta, June 29.—(INS)—Disabled veterans of the World War who reside in Georgia have the right to peddle or carry on a business in anything they choose that is within the bounds of the law, without securing a license. This was the ruling of the Supreme Court of Georgia in a decision handed down by Justice K. Hines.

Paris, June 29.—(AP)—Parliament will soon be called upon to take the responsibility either of ratifying or rejecting the Washington debt funding agreement, says the Declaration of Policy of the new Briand Cabinet, which was read before both houses this afternoon. The government declares that settlement of the inter-Ally debts is one of the factors upon which the proposed stabilization of the franc depends.

WOMAN PREACHER DISPLEASED WITH TREND OF STORIES

Evangelist McPherson Says Stories Have Settled on Her Instead of Criminals

Los Angeles, June 29.—(AP)—Aimee Semple McPherson has expressed her displeasure with the trend which the investigation of her story that she was kidnapped and taken to Mexico has developed.

As the District Attorney and police continued their inquiry today the evangelist denounced those who doubt her explanation of her five weeks' absence which started when she vanished at Ocean Park on May 18th, and ended when she was found near Mexico near the International Boundary line last Wednesday. "Instead of being centered on the criminals it (the investigation) has centered on me," she said.

The pastor scoffed at the possibility that she might have disappeared because of a love affair.

"The man I marry has not appeared on the scene yet," she declared, and then proceeded to draw a word picture of her ideal.

"He must be good looking. He must be six feet tall or more. He must have certain rigid standards. He must play the trombone and be a good singer, and he must be a good holy man."

The description, she added, tallied with no one she knows now.

WOMAN FIGHTS LOSING BATTLE TO STAY IN U. S.

Helen Stoma, Syrian, Has Just One More Chance Before Her Deportation

New Orleans, June 29.—(INS)—Facing deportation back to her native land, Syria, because immigration officials claim she is in this country illegally, Mrs. Helen Stoma, has just one more chance in her long fight to remain in the United States.

Mrs. Stoma was death another reverse in her efforts to stay with her husband, Joseph T. Stoma, and her 19 months old son, George Washington Stoma, when Federal Judge Louis H. Burns ruled that she must be turned over to New Orleans immigration officials for deportation, under the provisions of the immigration law.

The judge denied a writ of habeas corpus sought by her attorneys on the ground that she was being illegally detained by the immigration authorities.

The case of Mrs. Stoma, which has been fought in the Federal courts since 1921, when she first entered the United States, has attracted wide attention, and scores of club women, citizens and state officials have offered her their aid.

And now, the one chance that remains for Mrs. Stoma to win her fight is that of an appeal to the United States Court of Appeals, it is said.

PARLIAMENT MUST FACE RATIFICATION

Paris, June 29.—(AP)—Parliament will soon be called upon to take the responsibility either of ratifying or rejecting the Washington debt funding agreement, says the Declaration of Policy of the new Briand Cabinet, which was read before both houses this afternoon. The government declares that settlement of the inter-Ally debts is one of the factors upon which the proposed stabilization of the franc depends.

MAGNETIZING VEGETABLES IS NEW POWER

Paris, June 29.—(INS)—The sensation of the Psychic Congress now in session has been the reading of a paper by Professor Martini who claims to have discovered the art of hypnotizing not only dogs, cats, snakes, birds, but verities, grasshoppers and dragon flies, but the magnetizing of vegetables.

Prof. Martini has been for many years the director of a psychological laboratory at Marseilles. Before he read the startling contents of his report to the Congress President Henri Durville, the distinguished scientist, who is acting as chairman, gave a slight resume of the scientist's attainments of Martini.

"In view of the noteworthy achievements of Professor Martini in the past, any statement of his in entitled to our respectful attention," said the President.

Despite this admonition, Martini's claims are being disputed not only in psychic circles but in scientific circles as well. Under the manipulations of Prof. Martini animals and birds while in a subconscious state perform at his will.

Marriage and mirage have their points of similarity just as martial and martial.—Durham Sun. In a small town, a man may escape being run down by automobiles, but not by gossips.—Arkansas Democrat.

Evangelist After Kidnaping

This is the first photograph taken of Aimee Semple McPherson, noted evangelist, after she was found near Douglas, Ariz. She disappeared more than a month ago. International Newsreel.

Mexico's National National Palace Be Center Beauty Pro.

Mexico City, June 29.—(INS)—Believing that the Mexican people should possess a civic and governmental center in the capital that would challenge the admiration of the world, the administration is having plans made for the beautification of the national palace, the metropolitan cathedral and other buildings around the historic Zocalo which will call for expenditure of several millions of pesos.

Razing of numerous two-story colonial structures that hem in the cathedral has been ordered. For the purpose of laying out expansive lawns and beds for shrubbery and flowers. One of the adjoining buildings, occupied by the office of Archbishop Jose Mora Del Rio was built in the eighteenth century. Some of the others are being used for hotels. Owners will be reimbursed by the government for the destruction of their buildings.

Added on the east to the Zocalo the center of all street railway traffic in this capital, the new Cathedral gardens will take form as attractive as those of Chapultepec the residence of Mexico's rulers.

The facade of the ancient national palace will be completely worked over by stonecutters directed by architect Augusto Petricci who has planned numerous decorative features among them sculptured escutcheons, bas-reliefs of conquerors and Aztecs and other pieces typical of the history of the Mexican nation.

Preliminary work on the foundation of the old palace has brought to light an archeological treasure in the form of a granite block weighing two tons upon which is carved the head of an Aztec deity, or tiger. This stone once was a part of the temple of Tezcatlipoca god of the chase. Four centuries ago that temple was demolished by the Spanish conquerors. The stone was taken to the national museum.

Mexico's liberty bell, which Hidalgo rang at 11 o'clock the night of September 15, 1810, will occupy a stately niche in the palace front backed by an amora of liberty, a radiant sun, and supported by a shaft held aloft by two heroic figures of bronze representing men of Atlanta.

After the renovation of the palace front the ancient clock there will have disappeared, but the golden timepiece on the facade of the cathedral will be preserved.

Celebration of the Government's improvements will be held on a special holiday to be declared by President P. Elias Calles, probably early next year.

PRESS ASSOCIATIONS IN HIGH SCHOOLS GROWING

Louisville, June 29.—(AP)—Kentucky is the latest state to have a state high school press association. Michigan, Texas, Ohio, Kansas, Illinois, Indiana, Minnesota, Oregon and Missouri also have state boys for the youngsters.

Then there are five sectional ones, the Northern Interscholastic Association, including North and South Dakota; the Rocky Mountain, Colorado and parts of adjoining states; the North-Central Ohio and parts of states bordering on the east; the New England Columbia, New York, New Jersey, Pennsylvania, and other Atlantic states.

The Central Interscholastic Press association, headquarters at the University of Wisconsin, has national zone, and membership in publication, in excess of 1,500.

MEXICAN CHILDREN OPEN DRIVE ON BULL FIGHTING

Mexico City, June 29.—(AP)—A campaign against bull fighting has been started by Mexican children.

FLY TOX

Kills Moths

KILLS FLIES, MOSQUITOES, NOCKS, FLEAS, BEETLES, ANTS

Developed at World's Foremost Scientific Industrial Research Institute. Will not stain, Pleasant odor. Harmless to humans and animals.

"AT YOUR RETAILER"

ing has been started by school children of Mexico. The movement began in a rural primary school near Mexico City, where several hundred boys and girls, averaging six years of age, drafted, signed and sent to the Ministry of Education an appeal that "Mexico, having acquired a high degree of culture, should abolish the barbarity of bull fighting, which is an affront to civilization."

The petition requests the Secretary of Education to enlist other officials to do away with bull fighting, or at least to prevent the going to death of horses and the spectacle. Other school children are circulating similar petitions.

But about the streets still other youngsters are "playing bull fight." The sight is as common as that of back-lot baseball in the United States. Periodicals, devoted exclusively to bull fight news, pictures and features sell like hot cakes and wax prosperous.

NOTED DOCTOR TO STUDY INFANT MORTALITY

Atlanta, June 29.—(INS)—Interest of the medical world will be focused on the red hills of Georgia for the next three months, as Dr. Alexander Michailoff, director of the Bulgarian Institute of Bacteriology, makes a study of Georgia's methods of combating the ravages of tuberculosis and infant mortality.

The Bulgarian bacteriologist, in hope of finding a successful method of fighting the disease in his native land, came to Georgia after a short study in Johns Hopkins, and is the guest of the Rockefeller Foundation. Besides Dr. Michailoff, four other Bulgarian doctors are in the United States at present, making a study of other phases of medical science. Two are in the city of Boston and two in New York.

At its present level, what the franc needs is not re-annation, but excavation.—Durham Sun.

DEFUNCT RAILROAD TO BE HELD PENDING DECISION OF BOARD

Atlanta, June 29.—(INS)—The Atlanta, Birmingham & Atlantic Railroad, which was sold for \$4,500,000 under foreclosure proceedings to a committee of bondholders, will be held by the committee pending decision of the Interstate Commerce Commission on a bid by the Atlantic Coast Line Railway.

If the bid is accepted, the bondholders will sell the railroad to the Coast Line, it was said. The sale was consummated by Albert G. Foster, of Madison, Ga., special master.

UNITED STATES TIRES ARE GOOD TIRES

What is a Real Tire Test?

Among the searching tests made on United States Tires is the "Tread Wear Test" which duplicates in a few days the effect of many months of service.

United States Tires are under continual test in our laboratories and on our road test vehicles. Motorcoach tires, for example, are tested under actual service conditions on this United States Rubber Company Test Coach.

Questions and Answers that may be News to You—by a Tire Engineer of the United States Rubber Company

Question—With 20,000,000 cars running in America, does not the experience of users largely take the place of factory tests?

Answer—On the contrary. The very fact that motor transportation is so important in the life of every one imposes an additional obligation for searching tests on the tire manufacturer. The makers of United States Tires do not expect their customers to test their tires for them.

Question—What does the United States Rubber Company Factory Test include?

Answer—Everything from the Tires to the finished Tire. Raw materials are tested before they go into the tires, and the finished tires are tested in the Company's laboratories and on the Company's road test cars, trucks and buses. They are also watched in actual commercial service.

Question—What do these tests prove?

Answer—The material tests insure the quality of material used. The laboratory and road tests of complete tires "prove up" the correctness of manufacturing processes.

Question—What raw materials are tested?

Answer—Cotton cord, which furnishes the strength and flexibility of the tire; rubber, which binds the various parts of the tire together and forms the tread or wearing surface; compounding ingredients, which we mix with the rubber to give it the necessary qualities; and, steel wire, which is used in making the beads of the tire.

Question—What tests are made on the cord?

Answer—Cord going into the manufacture of Web Cord for United States Tires is tested for strength, stretch, size, twist, ply, length of staple, and freedom from imperfections.

Question—What tests are made on Rubber?

Answer—Even though the quality and uniformity of Sprayed Rubber is controlled by the processes used on our plantations in the Far East, every shipment received at our factories is again tested for uniformity and also, after mixing with sulphur, it is tested for its rate of vulcanization, its tensile strength and stretch.

Question—What tests are made of compounding ingredients?

Answer—Compounding ingredients are tested to determine their purity and uniformity. They are practically all in powder form and even the degree of fineness to which they have been ground is tested.

Question—What tests are made on Steel Wire?

Answer—Steel wire is given a chemical analysis to determine whether it meets our specifications, and it is also tested for tensile strength and elongation.

Question—Are United States Tires tested alongside of other makes?

Answer—Yes. These tests are conducted daily in our laboratories and on our road test vehicles.

Question—What is the object of these competitive tests?

Answer—To maintain the superiority of our design and construction.

Question—Does the fact that a large number of tires of a certain design and construction have given satisfactory service obviate the necessity for further tests on tires of the same kind?

Answer—No. Vehicle design and use, and road conditions are constantly changing. Tires that gave excellent satisfaction ten years ago are obsolete today in design and construction.

Question—How does the United States Rubber Company keep abreast of these constantly changing conditions?

Answer—It has a corps of factory trained technical experts in different sections of the country, continually checking the service our tires are rendering under actual operating conditions.

Question—Do all companies test their tires in this way?

Answer—Most all companies make tests of some sort. Very few, if any, carry them to the extent that they are carried by the United States Rubber Company.

A COOL KITCHEN

all summer long!

Take a tip from the six famous cooks who tested Perfection. Be cool!

Hot days are coming! Escape sizzling kitchens and wood or coal drudgery. Six famous cooks recommend the Perfection for cool cooking. Here's what they say.

"THE food gets all the heat—the kitchen none," says Miss Rosa Michaelis, New Orleans cooking expert. "In the Perfection burner," she explains, "the heat is confined directly to the bottom of the cooking pot. That means cool cooking!"

Mrs. Belle DeGraf, the San Francisco authority, suggests Perfection "top stove" cooking for hot summer days.

Least Time, Least Heat
"When I fried chicken, glazed sweet potatoes and boiled pineapple pudding," she relates, "I used only the top of the Perfection. The food cooked quickly and efficiently—and of course, the shorter the cooking time, the cooler the kitchen." That means cool cooking.

"Yes, and remember," adds Mrs. Kate B. Vaughn, famous Los Angeles Home Economist, "the least fire in your stove through the day, the cooler the kitchen. With Perfections no time is lost in heat generation because cooking begins with the touch of a match to the wick."

No Hot Extra Work
"Then, too, the Perfection saves a world of extra work," says Mrs. Sarah Tyson Rorer, pioneer cooking specialist of Philadelphia, "no wood or coal to carry in nor ashes to carry out."

At Battle Creek College of Home Economics, the nutrition expert, Margaret Allen Hall, speaks of still another "no extra work" point.

"The Perfection," says Miss Hall, "is easily moved from one room to another. Move it to the summer kitchen, out on the back porch—wherever it's coolest. You don't need to bake yourself while cooking meals."

Cool to Work With
The "single row" arrangement of Perfection burners gives you another advantage. Miss Lucy G. Allen of the Boston School of Cookery notices this.

"With the Perfection," she makes clear, "there is no reaching across hot flames as with a gas or coal range. You stay away from the direct heat, yourself."

You can escape all those things that make summer cooking the most unpleasant of hot tasks. Your dealer will show you the Perfection today—from the one-burner model at \$6.75 to the five-burner range at \$120. Six famous cooks tested this stove thoroughly and now pronounce it ideal for hot weather. "Buy a Perfection," they say, "be cool!"

Clean, Even Cooking Heat

The long chimneys of the Perfection burn every drop of the oil before it reaches the kettle. Thus you get clean, even cooking heat free from soot and smoke.

You can be doubly sure of this sort of heat when you use a pure water-white Kerosene that burns cleanly, evenly and without odor—"Standard" Kerosene. It is specially refined.

All impurities that might cause smoke or leave deposits of soot are removed. This assures the maximum amount of heat. By sticking to "Standard" Kerosene you are sure of best results from your Perfection. Insist on it. You can buy it anywhere.

SPEEDING BOOTLEGGERS USE SMOKE SCREEN TO COVER THEIR TRACKS

Columbia, S. C., June 29.—(INS)—King Bootlegger works in diverse ways his escapades to perform.

REPORT OF FIFTEENTH DISTRICT OF N. C. F. W. C. READ IN ASHEVILLE AT FEDERATION

Mrs. V. A. Ward of Robersonville, was elected president of the District Federated Clubs last Spring and much of the work reported was due to her efforts. She resigned her office last Fall because of household duties, but has been a source of much help to the present president.

All the clubs in the District have done splendid work during the year and all have promptly and pleasantly paid the district dues. The following is a list of the outstanding piece of work done by each club, as reported by the Secretary.

Aulander Woman's Club erected playground equipment and supervised play of the children all last summer, serving light refreshments two afternoon of each week.

Crescite of Washington sent a fifty pound box of nice candy to one of the wards at Oteen at Eastertide.

Windsor Scholastic Club is putting public school music in the local school.

Robersonville Booklover's club organized a fine Woman's club in its town.

Williamston W. C. helped secure a County Home Demonstrator, besides many other notable activities.

Plymouth Thursday afternoon club has done and is doing fine work in establishing a library, part of which is devoted to reference books for the school children.

Merry Matrons of Farmville, paid the tuition of a girl at Alhermarle school during one month.

Farmville Literary club contributes one hundred dollars to the Sallie Southall Cotten Loan fund—the largest sum ever given by any club to this cause.

Farmville P. T. A. assisted materially in raising the library from a "B" to an "A" grade.

Greenville W. C. secured a County Demonstration Agent for Pitt.

End of Century Club of Greenville, assisted generously in the support of the library of the town, and sold a Federation History to each member of the club.

Clonion club of Aurora, assisted in county tuberculosis eradication.

Woman's Betterment Association of Pantego put its entire effort on buying playground equipment.

Windsor W. C. spent several hundred dollars on cement walks and supplementary readers for the school.

Washington W. C. secured a promise from the Board of Aldermen, that there would be no more permits granted for subscription dances.

Greenville Round Table studied and enjoyed a program of travel and contributed to all causes.

Belhaven W. C. gave \$120 toward school library and is buying playground equipment.

Two clubs withdrew during the year—the members being practically all members of the local Woman's Club.

Clubs contributing to the S. S. Cotton Loan fund were: Clonion Woman's and End of Century club of Greenville; Book-

lover's and Woman's clubs of Robersonville; Merry Matrons, P. T. A. and Literary clubs of Farmville; Aulander W. C.; Windsor W. C.; Plymouth Thursday Afternoon; Crescite, Williamston W. C. Those selling Stories and Poems: Merry Matrons, Literary and P. T. A., of Farmville; Aulander W. C.; Windsor W. C.; Washington, W. C.; Woman's Betterment Assn., of Pantego; Round Table, End of Century and W. C., of Greenville.

Two Farmville clubs with a combined membership of thirty-six, sold forty-one Histories of the Federation. Others selling were Greenville, all clubs, thirty-two, the End of Century selling one to each member; Williamston W. C., six; Robersonville W. C., five; Windsor W. C., five; Windsor Choral club, five; Winterville W. C., two; Fountain W. C., two;

We had a fine district meeting at Robersonville, with Mother Cotten, Mrs. McKee, Mrs. Williamson, Miss Perkins and other celebrities present. 210 club women were present.

In October I attended the 'coun' meeting in Durham. Since then I have visited ten clubs, driving my own car 270 miles, have written 105 letters (using my own typewriter) assist in the organization and federation of ten new clubs, the largest number ever reported from a district in a year's time (and for which the gavel was presented following this report). These new clubs represent a combined membership of 420 and a 50 per cent increase in the number of clubs in the district. They are Aulander Choral Club, Farmville Choral Club, Williamston W. C. Woman's Betterment Assn. of Creswell, Washington County Council, Robersonville W. C.; Fountain W. C.; Ayden W. C.; Winterville W. C.; and a club which we found later belonged to another district.

Beings lots No. 5 (five) and 6 (six) in Block "A" of the Riverdale Subdivision as shown on the map by David C. James, Surveyor, on April 20, 1914, the said map being duly registered in Map book 2, at page 36 in the office of the Register of Deeds of Pitt County, to which reference is hereby directed for full and more detailed description. The said lot being a portion of the land conveyed to J. W. Ferrell, W. Z. Morton and R. C. Flanagan, by deed from R. A. Tyson and wife, Clyde P. Tyson, dated April 2, 1914 and duly registered in Book B-11, page 89, in Pitt County Registry and which was further conveyed on November 27, 1915, by said Ferrell, Morton and Flanagan to W. H. Long and by W. H. Long and wife to R. C. Flanagan, and the said lot conveyed by R. C. Flanagan and wife to Jerry Langley January 30, 1922, by deed of record in Book E-14, page 135, in said public registry.

This the 9th day of June 1916 C. L. Everett, Trustee

Under and by virtue of the power of sale, contained in that certain Deed of Trust, dated October 27, 1925, executed by Jerry Langley and wife, Netta Langley, to C. L. Everett, Trustee, of record in Book D-16, page 261, of the Pitt County Public Registry, and default having been made in the payment of the note secured thereby, the undersigned Trustee, will offer for sale to the highest bidder for cash, before the court house doors, Greenville, N. C., Saturday, July 10th, 1926, 12:00 o'clock noon, the following described parcel of real estate:

ASSETS AND LIABILITIES

What do you mean to
your town?

Are you an asset or a li-
ability?

This is a question every
honest man and woman
should ask themselves from
time to time. For it is in this
way alone that we ar-
rive at an accurate estimate
of ourselves.

Every community has its
parasites. It always will
have. We have had them
since time immemorial and
it is hardly likely we will
ever get rid of them. They
are liabilities.

But conditions along this
line are better in America
than they have ever been
before. Of course, we see
numbers and numbers of
idle people. But they com-
prise that class of irrespon-
sibles who are not expected
to mean anything to them-
selves, and certainly noth-
ing more to this great coun-
try of ours. They are con-
tent with their own self-
sufficiency, indolence and
idleness, and believe the
service for them to render
to mankind is to saff.

Then, on the other hand,
we have the altruistic beings
who are forever sacrificing
self in behalf of others.
They are the ones that count
in the final summing up of
our resources. Altruism
may possibly be carried too
far in some cases. But ap-
plied in its true sense, it is
one of the finest things
known to humanity. It com-
prehends all the finest and
noblest in life. It shows
mankind that the only way
to happiness is along the
hard road of service above
self. It is a standard by
which men and women are
measured. For in this way
alone do they differentiate
themselves from those who
later pass away without long
being remembered.

Every person has his con-
ception of duty. Some seem
to recognize it better than
others. But there is a con-
sciousness that tell us when
when we have done the
right. It tells us that we
must continue to strive for
better things if we are to
realize the highest ideals
of life.

If you class yourself as a
liability, there is yet time
to change. There is always
work for anyone desiring to
do it. There is always a
way to render personal serv-
ice in every walk of life.
There is no limitation. There
never will be any limitation.
Life can be made to count
for whatever it will. It is
entirely with the individual.
He is the master of his fate
—the captain of his soul.

CHAUTAQUA

Chautauqua comes but
once a year. It always has
something entertaining and
uplifting. The program be-
ginning today will be no
exception. The lectures
alone are worth the whole
price of admission. They
are (lucative and inspira-
tional. They are delivered
by men prominent in the
world of public speaking,
and who are capable of giv-
ing an audience everything
expected.

Greenville people believe
Chautauqua is good for the
town. They have always
supported it in a most com-
mendable manner. Yet, we
are led to believe this sup-
port is not as whole-hearted
as it should be. There are
always a certain number of
men who guarantee a spec-
ific sum of money to make
the attraction possible. The
last two seasons they failed
to raise sufficient funds to
pay off indebtedness. Natu-
rally they were personal-
ly responsible,

No such condition should
be permitted to exist in a
town this size. It would
never have existed had our
people realized the responsi-
bility resting upon the
shoulders of these few men.
Greenville people as a rule,
rally to any worthy cause.
And Chautauqua is certain-
ly one of the most worthy
causes of the time. It is a
cause armed in behalf of
righteousness; a cause
launched in behalf of a more
intelligent class of citizen-
ship, and one in which ev-
ery conscientious man and
woman should be intensely
interested.

Chautauqua has sent to
Greenville as its superintend-
ent a man who ranks high
as an educator and a leader
of public thought. He was
one of the founders of the
Chautauqua movement. He
saw it launched upon a suc-
cessful career and retired
to again take up his work
as president of one of our
leading colleges. He is a
man of vision. He is deep-
ly interested in life as it
pertains to the individual,
and is doing his work well.

It is hoped that our peo-
ple will bear in mind what
their guarantors are doing.
They have done their part.
It is now up to the public to
show their appreciation.
And there is only one way
to do it. That is, attend
Chautauqua as much as pos-
sible, and help relieve the
guarantors of their burden.

NOTICE OF SALE UNDER MORTGAGE

Under and by virtue of the
power of sale contained in a cer-
tain mortgage, executed on July
22nd, 1919, by Levi Holliday to
H. S. Ward, Trustee, which was

and beginning at the corner of
Roosevelt and Washington Ave-
nues and running a Southerly
course 40 feet to a stake; then
an easterly course 110 feet to

SCHOOL DAYS By DWIG

Says He Felt Drunk

Most of the Time
Brooklyn. Mr. Fred G. Marquart
writes:—"I felt drunk most of the
time. My head was dizzy. I
couldn't think clearly. One day I
dropped a coin and when I stooped
to get it I got so dizzy I almost
fell. I later found out that the
cause of this condition was consti-
pation. This was overcome by a
short course of Carter's Little Liver
Pills. My appetite has doubled, and
my dizziness has entirely left me."
Carter's Little Liver Pills move
the bowels and relieve the system
of its poisonous matter.

CHILDREN'S ILLS

Arkansas Lady Says She Has
Never Found a Better Laxa-
tive Than Theford's
Black-Draught.

Mineral Springs, Ark.—"We use
Black-Draught in our family of six
children," says Mrs. C. E. Nutt, of
this place, "and we find it a good
bowel regulator. I give it to my
children for colds and constipation,
or any other stomach disorders,
and it certainly is very helpful. I
have never known it to fail them.
Where there are so many children,
it is a good idea to keep a laxative
on hand, and Black-Draught is what
we use.
"I have taken it myself for indi-
gestion. I would feel dizzy, have gas
and sour stomach. I would also feel
a tightness in my chest. I took a
good dose of Theford's Black-
Draught when I felt that way and
it would relieve me. I would feel
better for days.
" My husband takes Black-Draught
for biliousness. He says he has
never found its equal. When he has
the tired, heavy feeling, he takes
Black-Draught night and morning
for a few days and he doesn't com-
plain any more. I sure do recom-
mend Black-Draught."
Sold everywhere. Get a package
of Black-Draught, today. Costs only
one cent a dose!

NO-NOX

MOTOR FUEL

STOPS KNOCKS

Turns Mountains into Mole hills

FOR many years mechanical engineers struggled to build automobile engines of higher compression. As compression is increased the power line goes up and the fuel consumption line goes down—ordinary gasolines would not withstand this higher compression without knocks, clicks, or detonations—accumulated carbon deposits increased this compression by decreasing the size of the combustion chamber—and the audible sounds of the engine distress grew louder.

It has been our good fortune to produce a gasoline that positively eliminates clicks, pings, and knocks.

Gulf No-Nox and Carbon are Power Twins

Gulf No-Nox Motor Fuel withstands compression to a high degree; carbon, increasing the compression of the engine, ceases to be a nightmare as long as it does not interfere with valve action. In other words, it puts carbon to work. More power and greater efficiency is thereby accomplished, resulting in greater mileage.

With *Gulf No-Nox Motor Fuel* in your tank—step on it—you will get the story better than we can tell it.

This Guarantee goes with it

Gulf No-Nox Motor Fuel is Non-Noxious, Non-Poisonous and no more harmful to man or motor than ordinary gasoline—that it contains no dope of any kind—that the color is for identification only—that it positively will not heat the motor summer or winter.

Gulf No-Nox Motor Fuel is priced three cents per gallon higher than ordinary gasoline—and is worth it.

BUILD 17 MILE SIDEWALK TO SAVE LIVES

Albany, N. Y., June 29—(INS)—A seventeen mile sidewalk may be built between Albany and Schenectady in the near future.

So many persons have been hurt by automobiles on the Albany-Schenectady road that a sidewalk running from city line to city line has been suggested by Captain Arthur W. Brandt, State Highway Commissioner.

Each year sees more houses built along the road and each day brings its toll of men, women and children who have been struck by cars while walking on the highway.

Commissioner Brandt suggested that Albany and Schenectady counties co-operate in the construction of a five foot sidewalk along the 17 mile highway.

The Albany-Schenectady road is the main highway out of Albany to the west, and thousands of cars pass over it daily.

MINISTER DROPS FISHING TACKLE TO MARRY THEM

Fort Dallas, Iowa, June 29—(INS)—With the minister attired in hip boots and a creel slung over his shoulder, and the Des Moines River furnishing the background, Weldon S. Miller, of Des Moines and Miss Mildred Coty, of Elkhart, were married here.

It was not planned to have an open air meeting, but when the young couple, armed with the license, called at the home of the Rev. W. P. Clark here, they were informed he was on a fishing trip. The couple then drove along the river bank until they came up to the minister and a fellow fisherman, Miller called the Rev. Clark from the middle of the stream, where he was casting, displayed the license, and requested that the ceremony be performed at once.

After the wedding the Rev. Clark resumed his fishing and the couple drove away.

LOS ANGELES WANTS TO BE BIG CENTER

Los Angeles, June 29—(INS)—Having passed some years ago from its tourist stage to an era of industrial development and having partially emerged from the latter, this city now is in the throes of a movement to establish itself as a merchandising center.

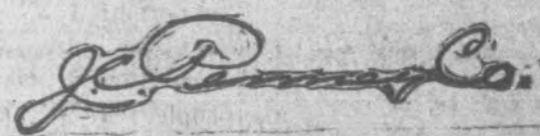

Information to that effect was made known today by leaders of several civic organizations, coincidental with announcement that the coming Chamber of Commerce Industrial and Trade exposition is expected to attract 10,000 merchandising buyers here in August.

Our Store Will Be Closed Next Monday

The day we burn our fingers while celebrating the signing of the Declaration of Independence, this year falls on Sunday next. Accordingly we will keep our fireworks and our oratory until the day following—Monday, July 5th—when, "weather permitting," we can all give full relief to our pent-up enthusiasm and patriotism.

However, rain or shine, this Store will remain closed all day—so do your shopping before the closing hour Saturday evening.

If you will spend the two-day vacation enjoyably our Store will help you profitably with your preparations.

Open All Day Wednesday

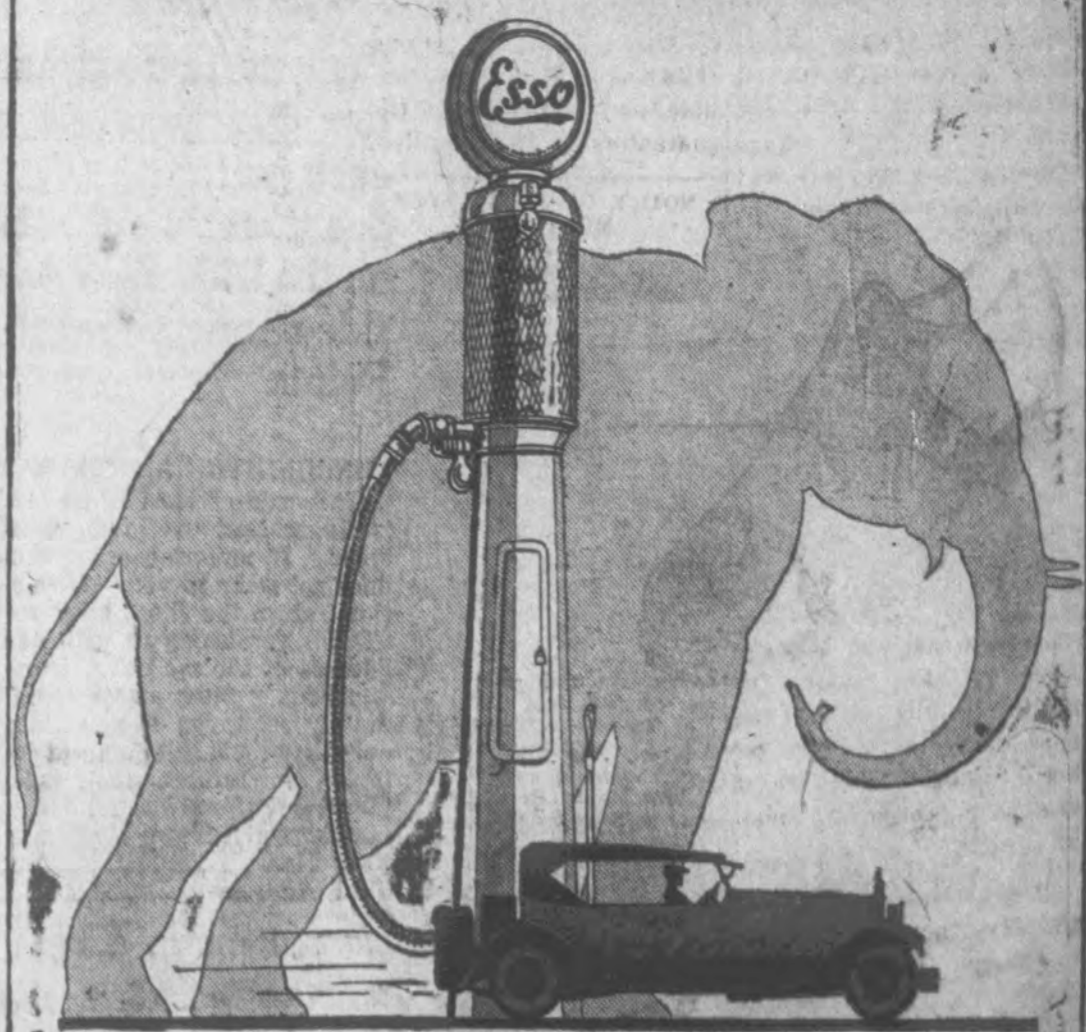

BONES OF CORTEZ NOT TO BE MOVED FROM OLD TOMB

Mexico City, June 29—(INS)—The bones of Fernando Cortez, conqueror of Mexico four centuries ago, which repose in a tomb in the ancient Hospital de Jesus here, will remain there, says Prince Antonio Pignatelli Aragon Cortez, descendant of the conqueror, who resides here and is connected with the Italian legation.

A rumor had gone around that the remains of Cortez would be moved to Spain, his native country.

The Hospital de Jesus is the most ancient, beneficent institution in the country. It was built under Cortez's personal direction. Its charity clinics, conducted by the recognized surgeons of Mexico, give relief to hundreds of suffering poor peasants. One local lawyer has donated 80,000 pesos to equipping a department with modern electrical apparatus.

Daily News Letter

Gossip of Staff Correspondents at World Centers of Population.

moment the telephone rang, an Nita, answering, begged her friend to call the militia. Nikolai, jerked the telephone from her, assured the friend that "I was only joking. I couldn't harm a hair of her head. I love her too much I'm leaving now."

Whereupon Nikolai put up the receiver, said "Now just one good bye kiss," and suddenly bit off her nose. Then he gouged out one eye, slashed her cheek with a pen-knife, and departed. In consideration of the fact that he acted under strong emotion, having been without a room; the court let him off with one year imprisonment.

Rewards of the academic life and devotion to pure science are given less in the Soviet Union than elsewhere. Professors of Soviet Universities and Institutes of higher learning are delighted at the following munificent salary scale just put in effect by the Central Bureau of the Section of Scientific Workers:

Directors of Universities \$85. Full Professors \$75. Associate Professors \$62. Assistant Professors \$50. Junior Assistants \$45 per month.

These salaries represent a considerable increase over those hitherto in force. And Moscow is a more expensive city to live in than New York. Even these slums however, appear extravagant in comparison with the amounts upon which Soviet students supported by the government are required to live. Their total income, 23 roubles a month. Many have no other means of support. Their inferior physical condition has aroused an agitation within the communist party to increase their allowances.

But this spring did its deadly work, and a short while ago Nita discovering that Nikolai loved another, divorced him and threw him out of her quarters. Unable to find other lodgings, Nikolai returned and begged forgiveness. His former wife was adamant.

Desperate after a week of sleeping on benches, Nikolai came in one evening and announced that "If you don't let me come back I'll bite off your nose and gouge out your eye." At this critical

to do with Philadelphia's Sesqui-Centennial unless it closes on Sundays.

Have they asked themselves why the Ruler of the universe, on Sunday does not close up the fine exposition at Niagara Falls, why the birds do not stop singing, or the sun stop shining on Sunday?

New Vacuum Cleaner

Requires No Electricity

Now every home can enjoy the advantages of a Vacuum Cleaner. No electricity is required with the Vital-Rand. It generates its own power as it is moved along—costs nothing to operate—is always ready for instant use.

The Vital-Rand develops a powerful suction. The revolving brush gently beats the surface of the rug, loosens the imbedded grit and picks up hair, lint and threads. It is extremely light weight and so easy to operate a child can run it.

Come In And Try It Yourself
Learn all the advantages of this modern, sanitary method of cleaning floor coverings. See it and operate it yourself. Costs but half of the better electric cleaners. Our time payment plan puts the Vital-Rand (not electric) Vacuum Cleaner within reach of every home.

"The Live Furniture Dealers"

Mr. W. S. R., treasurer of an important trust company, says: "You say that Ciesco delivered Phillipics against Mark Anthony. The Phillipics were delivered by Demosthenes against Phillip of Macedon."

Always consult your encyclopedia, or your dictionary. Demosthenes, in his savage attacks on Phillip of Macedon, caused the word "Phillipic" to be used in describing any speech of bitter invective.

Arthur Meighan Becomes Premier At Ottawa Today

Ottawa, Canada, June 29.—(AP)—Right Hon. Arthur Meighan, Conservative leader, was sworn in as Prime Minister of Canada in the Government House today to succeed former Premier McKenzie King, whose ministry resigned yesterday.

NEW KIND OF STEEL MADE BY HADFIELDS

London, June 29.—(INS)—Huge economies in power will, it is anticipated, be made possible by the use of a new non-oxidizing steel alloy developed by the famous Sheffield steel firm of Hadfields.

It is stated that gas-turbines and turbo-compressors made of this new steel have run at the enormous speed of up to 53,000 revolutions a minute at a working temperature of about 1,700 degrees F., and even when they are red hot.

"The effect of such temperatures on cast-iron or ordinary steel would be to cause them to oxidize and scale away," said Sir Robert Haddonfield, head of

the firm. "The new steel—Era-ATV as it is called—will, however, continue to work under this high temperature condition without showing oxidation while it retains high tenacity."

"The use of such steel opens up a wide prospect in which its use, I believe, will help to solve many problems of the application of high temperature gases, and may in time bring about the desired solution of the gas-turbine problem. Thus it is hoped that it may one day be possible, by the combustion of coal, to pass the gases produced directly thru turbo-compressors—thus utilizing the energy from the coal with utmost economy."

"Rotor gas-turbine wheels made of this new steel have already been used on a large scale and have given highly efficient results."

INVENTORS QUARREL ABOUT NEW PATENT

St. Paul, Minn., June 29.—(INS)—Whether one of the outstanding medical discoveries of the past ten years is to become "public property" or remain in the control of one man hinges on the outcome of a Federal court suit here, in which David Crowther, University of Minnesota me-

chanic, is attempting to disprove the claim of Dr. Winford P. Larson, university bacteriologist that the latter originated a process for the development of vaccines.

Crowther declared on the stand in Judge Sanborn's court here, that he, and not Dr. Larson discovered a device built of chrome steel which was successfully used for crushing bacteria. The device was perfected in 1918 and Dr. Larson was about to announce it as a gift to humanity when he learned that Crowther, who worked in the dental laboratory constructing apparatus for research work, had obtained a patent.

Dr. Larson immediately contested Crowther's claim and the present suit is an outgrowth of a decision of the Federal court in the District of Columbia, awarding the patent rights to Dr. Larson.

NOTICE OF SALE

Under and by virtue of the power of sale, contained in that certain deed of trust, dated June 25, 1925, executed by Robert Grimes and wife, Easter Grimes to W. R.
