LEGION ELECTS DELEGATES FOR BIG CONVENTION

County Post Also Hears Major Wilson at Monthly Meeting Last Night

The regular monthly meeting of the Pitt County Post of the American Legion was held at the Rotary building last night. The hosts at a delightful supper were J. Hicks Corey, Sam Worthington and Cleveland Hardee.

The most important matter discussed during the evening was the election of delegates to the State convention to be held in Hickory, August 23 and 24. They were: W. H. Rogers, Dr. K. B. Pace, S. N. Graham, Dr. A. M. Schultz, Lester Jones.

Major D. S. Wilson, a former Greenville boy, who has risen rapidly in the military world, was a guest of the Post. He made a most interesting talk dealing with activities of the American Legion. He urged the people to stand behind the National Guard unit recently organized here, declaring it to be one of the greatest assets of the community. It is the making of young men today, he declared, and parents should never discourage their boys in becoming members of such a unit.

Sam Whitehurst, recently elected sheriff of Pitt county, made a short talk in which he asked the Legionnaires and the people of Pitt county to help in the enforcement of the laws. He said it was impossible for him or any other man to properly enforce the various laws without public support. His talk was a direct appeal to the thinking, law-abiding citizenship.

Chief of Police Lester Jones, told of the obstacles he was meeting with in organizing the National Guard unit here. He said everyone should encourage the young men of the community to take part in the military training afforded by the organization. He said some men did not even want to let members of the organization off long enough to take part in the unit's activities.

K. T. Putrell, county welfare officer, who was last week elected president of the state welfare body, talked about conditions prevailing among delinquent children in this part of the state. In comparing general conditions in Eastern and Western North Carolina, he said people in this section wasted more than Western Carolina people used. He said that the only thing in this section comparable with the skyscrapers of the "Land of the Sky" was our Eastern hospitality.

The program was completed by the singing of several songs. F. R. Elmore was the instrumental accompanist.

The next meeting will be in the nature of a watermelon feast. It will be held at the Rotary club at 6:30, August 12th. All members are urged to come and to bring their wives, daughters and sweethearts.

DR. CHAPPELL IS FOUND NOT GUILTY OF IMMORALITY

Asheville Minister Returns Home to Resume Duties of Fashionable Church

DR. CHAPPELL IS Statesville, July 21.—(AP)—Acquitted late last night of all charges of immorality, untruthfulness and attempted bribery, the Reverend Ashley Chappell returned today to Asheville to assume his duties as pastor of the fashionable Central Methodist church.

Accompanying him were 70 members of his congregation, who had come here yesterday for the trial before a church court of the Western North Carolina Conference, of the Southern Methodist Church.

They came to Statesville to demonstrate their loyalty to Dr. Chappell while the court decided whether he was guilty and should be dismissed from the pastorate, or innocent and returned as their minister.

When Dr. F. J. Prettyman, of Gastonia, who presided at the trial, announced that the accused minister had been found not guilty, the members of his church burst into cheers and gathered around their pastor and congratulated him on his acquittal.

TODAY SEIZE \$50,000 WORTH JEWELS IN NEW YORK

Custom Officials Take Over Jewels of Elsie Janis Upon Arrival at New York

New York, July 21.—(AP)—Jewels belonging to Elsie Janis, and valued at \$50,000, today were in the hands of customs officials who seized them when the actress returned from Europe and declared she had dutiable articles just purchased aboard with \$100.

The one-time darling of the American soldier, in France, says she cannot understand the seizure. Nor can her mother, Mrs. Josephine Janis, who arrived with Miss Janis yesterday on the liner Paris, on her return from vaudeville engagements in Paris and London.

Elsie insisted that she had possessed the seized articles for years. The fact is, she confided that she had been relieved of a two-string pearl necklace, diamond ear rings and bracelets. "I have no jewels. It is a joke to describe the few things I have for jewels. I am not the type for jewels and do not possess them. There was a time in my life some years back, when I might be said to have jewels, but not today."

She said her little trinkets were insured for \$30,000 but were worth more. Customs officials suggested \$50,000 as a proper valuation.

SEIZE \$50,000 WORTH JEWELS IN NEW YORK

Remember that farmers in Kansas will get about \$150,000,000 for their wheat crop this year. A good deal will go to pay mortgages, but many farmers will remember that wheat now selling at \$1.45 a bushel represents a considerable improvement on the price just before Coolidge was elected President.

Many things may happen before 1928 but the renomination and election of President Coolidge is one of the things that probably will happen in 1928.

President Coolidge has been asked to take the stump in political campaigns this fall. His friends hope he will say no. He owes it to his followers not to tie his ship to anybody else's ship. A considerable number of Republican ships are destined soon to be sunk, particularly the foolish ships that sailed in the direction of the world court.

Scientists say large families indicate lack of culture, generally speaking and that as culture increases families grow smaller, the number of births per mother diminishing.

That may be so, but you are glad that Caruso's mother kept on until she had number 13. He was Caruso. The number of births per month MUST gradually diminish, since otherwise the earth would be overcrowded and man compelled to eat each other. You may be sure that Nature will attend to that, wisely, as she keeps the trees from growing into the heavens.

But the number of children need not necessarily diminish. In the mysterious future some women, like the queen bee, may specialize in motherhood, having many children, other women preferring to have none.

You see signs of that already.

The Young Men's Christian Association starts 12,000 boys on a two year training period for a relay race between New York and Chicago, a distance of 1927 miles. The boys will run in relay, night and day, swimming rivers when necessary, bearing a symbolic bronze torch from city to city.

That quite useless experiment undoubtedly will injure the health of some of the boys and cost money. Y. M. C. A. authorities might better buy half a dozen good Ford machines from Ford or Ford and teach 500 youngsters the art of driving. That would be doing something worth while.

An ocean engineer plans an ocean highway for aviators, to be marked by buoys with floating landing places anchored 400 miles apart rising sufficiently high above the surface to let big waves roll under them.

The idea, interesting now, will seem amusing to our descendants. A few years ago Northcliffe offered \$5,000 to any man that would fly across the English Channel. In a few years flying across the ocean will be as simple as flying across the channel or the North River. The ocean will be made comfortably between breakfast and dinner and millions that read this will live to see it.

Two French Glier and Dordilly have just flown from Paris to Omsk in Siberia, 2920 miles in 29 hours, without a stop. This flight, that would have carried them across the Atlantic, sets a new record.

The distinguished and Right Reverend Dr. Manning, Episcopal Bishop of New York, sailed last week for Europe, leaving this sensible message:

No one that reads history can think that the world is growing worse. He adds that the jazz (Continued on Page 6)

Mother Is 15, Dad Is 52

Mrs. Alice Amelia Loggren, fifteen, posed for the first time with her son, August Jr. The girl-wife married her guardian, August Loggren, fifty-two, wealthy Plainfield, N. J., "a young king," less than a year ago.

Nellie Freeman "Not Guilty" Of Slaying Husband

Jury in Mecklenburg Superior Court Returns Verdict After 41 Hours of Deliberation; No Demonstration Follows the Report of Jury

Charlotte, July 21.—(AP)—Mrs. Nellie Freeman, admitted slayer of her youthful taxi driver husband, was found not guilty by a jury in Mecklenburg Superior court today.

The verdict was heard at ten-twenty-one A. M. today. Forty-one hours and six minutes after the case was given the jury.

There was no demonstration by the small crowd in the courtroom when the announcement of the jury finding was made.

The trial of Mrs. Freeman followed the death of her husband, Alton, who died on the night of May 22. Mrs. Freeman told police at the time that she cut her husband's throat with a razor when he threatened to desert her. Freeman died shortly after she had slayed his throat.

The defense introduced testimony to the effect that the girl was mentally abnormal.

Charlotte, July 21.—(AP)—With a fixed gaz and no sign of emotion, Nellie Freeman today walked from the Mecklenburg county court room, acquitted of a charge of murder in connection with the slaying of her husband. The crowd that heard the verdict, "not guilty," in the hushed courtroom, were given no demonstration, as she walked down the aisle with a set face that appeared weary. The seven days of trial many of the spectators put forth their hands in sympathy.

Thirty minutes after she had been freed, the 26-year-old admitted razor husband slayer was in her mother's embrace.

"I am through with men, forever," she said.

Talking to reporters she added that she had no plans for the future, but that she "would care for mother," as long as she lives.

Mrs. Freeman, who admitted that she killed her husband on the night of May 22, maintained that her action came when he threatened to desert her. A witness testified that the girl was "mentally unsound."

Crowds jammed the street as the girl came from the court room with her attorneys, she went to the office of Jake F. Newell, her chief counsel. Scores forced their way to them as they slowly made their way to the lawyer's office. Many shaking hands.

When they came to Mr. Newell's office the crowd surged in. A number of men took crumpled currency from their pockets and put it into the girl's hands. For two hours the telephone in the lawyer's office jangled news of congratulation from every section of the city.

Before she left the court room, however, Mrs. Freeman went over to the bench and clasped Judge Mitchell Schenck's hands. She then hastily turned and left the room. She was clad in a simple white dress which matched her pale skin. The deliberation of the jury was characterized by privacy, said a spokesman for that body. He added that the agreement came when one of the jurors arose in the morning and quoted: "It is more blessed to give than to receive." The three jurors who had held out for manslaughter then gave in, the juror said.

PUBLISHERS IN ANNUAL SESSION IN HICKORY, N. C.

Meeting of Associated Press Club Precedes Opening Session of Publishers

Hickory, July 21.—(AP)—Publishers of the state were gathering here today for the 54th annual convention of the North Carolina Press Association. The convention will open tonight with a speech of welcome by W. A. Self, local attorney.

Preceding the opening session, the North Carolina Associated Press Club will meet in a dinner session followed by a business discussion. J. L. Horne, Jr., president of the club, will preside over the meeting. Mr. Horne is publisher of the Rocky Mount Telegram. This meeting will take place at six o'clock while the opening session of the convention will be at eight o'clock this evening.

Dr. Forest J. Prettyman, former chaplain of the U. S. Senate, will be the principal speaker of tonight's session with an address on "The newspaper and its relation to world peace." The product of this address, the address of welcome, the report of the executive committee and the appointment of committees. Dr. H. Brent Schaffer, president of the Lenoir-Rhyne College will deliver the invocation.

The annual address of the president J. W. Atkins, publisher of the Gastonia Gazette, will be delivered tomorrow morning while special committees will make their report to the convention. A number of topics have been put on the program of the meeting for discussion as time permits and certain publishers will lead these round table discussions of newspaper problems. Thursday afternoon, the paper of the historian, B. Arp Lawrence will be read and more committee reports will be heard. Entertainment will be the order after this meeting as the guests of the citizens of Hickory.

The annual banquet tomorrow night, a trip to Blowing Rock the next day and election of officers will end the convention.

Jury in Mecklenburg Superior Court Returns Verdict After 41 Hours of Deliberation; No Demonstration Follows the Report of Jury

Charlotte, July 21.—(AP)—With a fixed gaz and no sign of emotion, Nellie Freeman today walked from the Mecklenburg county court room, acquitted of a charge of murder in connection with the slaying of her husband. The crowd that heard the verdict, "not guilty," in the hushed courtroom, were given no demonstration, as she walked down the aisle with a set face that appeared weary. The seven days of trial many of the spectators put forth their hands in sympathy.

Thirty minutes after she had been freed, the 26-year-old admitted razor husband slayer was in her mother's embrace.

"I am through with men, forever," she said.

Talking to reporters she added that she had no plans for the future, but that she "would care for mother," as long as she lives.

Mrs. Freeman, who admitted that she killed her husband on the night of May 22, maintained that her action came when he threatened to desert her. A witness testified that the girl was "mentally unsound."

Crowds jammed the street as the girl came from the court room with her attorneys, she went to the office of Jake F. Newell, her chief counsel. Scores forced their way to them as they slowly made their way to the lawyer's office. Many shaking hands.

When they came to Mr. Newell's office the crowd surged in. A number of men took crumpled currency from their pockets and put it into the girl's hands. For two hours the telephone in the lawyer's office jangled news of congratulation from every section of the city.

GEORGE DIDN'T KNOW ABOUT THIS TREE

Jonesville, Va., July 21.—(INS)—Here's a cherry tree that George Washington, hatchet wielder and father of our country, didn't find, or history might have read differently.

There is a black-heart cherry tree, located on the outskirts of town, three feet in diameter. It has a branch spread of 75 feet, height 75 feet. In one day last week, 28 women picked 300 gallons of cherries off this tree.

Many persons from towns nearby have visited this spot, just to see this unusually large tree.

COLLIER COBB PROBES QUAKE NEAR TOECANE

Raleigh, July 21.—(AP)—Dr. Collier Cobb, head of the Department of Geology at State College in Toecane, Mitchell county, investigating reports of an earthquake there last week. Earthquake shocks are seldom felt in North Carolina, said Dr. J. L. Stuckey, state geologist in the department of conservation and development, who was first notified of the shock.

The area of intensity as reported to Dr. Stuckey, is about one-half mile long by 300 yards wide and the greatest distance the shock was felt was said to be six miles. Reports were that several houses were moved on their foundations and damaged, while glassware was thrown to floors and broken. A water line serving some of the damaged houses was broken at two places.

Dr. Stuckey declared that, according to reports, this is perhaps the most interesting earthquake shock taking place in North Carolina in a number of years. He at once notified the United States Coast and Geodetic Survey and discussed the reports with Dr. Cobb. The head of the department of Geology was so interested in the quake that he has gone to the scene of the occurrence.

Dr. Cobb is a member of the Geological Society of America, the Seismological Society and has studied earthquake phenomena in various parts of the world.

If the shock is as severe, as reports indicated, Dr. Stuckey said, Dr. Cobb's findings will be of great value.

SENATOR RISKS LIFE TO SAVE MRS. SWANSON

Washington, July 21.—(AP)—Senator Robert N. Stanfield, of Oregon, risked his life in a successful effort to save a drowning woman in a heavy undertow late yesterday off Ocean City, Md.

Heaving Mrs. J. E. Swanson, wife of a Miami, Fla., real estate operator cry for help when she felt the undertow dragging her down, the Senator swam to her and supported her for fifteen minutes unable to make progress toward the beach because of the undertow and until life guards arrived.

Mrs. Swanson had fainted and Senator Stanfield was at the point of exhaustion. She was revived after she was taken to the beach. Senator Stanfield described the experience as the most harrowing of his life.

LIQUOR DEALER TO BEGIN TERM ON THE ROADS

K. John Returned to Pitt County After Treatment at State Hospital

K. John, alleged "doper" and liquor dealer, is in the county jail today waiting to begin a two year sentence on the county roads.

John was sentenced in Pitt county court something like six months ago. He was in such feeble state of health at the time that officials sent him to the State Hospital for treatment. He is believed to be in good condition now, and will begin service on the roads as soon as he can be transferred to the convict camp.

NORTH CAROLINA IS FAR BEHIND IN PUBLIC LIBRARIES

Raleigh, July 21.—(AP)—While North Carolina, with more than two per cent of the nation's population, pays the fifth greatest Federal taxes among the states, she has only a fraction over one per cent of the public libraries of the country, figures compiled by the American Library Association and printed in the current issue of the North Carolina Library Bulletin show.

Also, while there are 9,706 persons per library in the service areas of all libraries of the nation as a whole, there are 10,615 persons per library in North Carolina.

North Carolina has only 69 libraries, operated by both public and private associations, while the nation has 6,516. Of the North Carolina libraries, 32 are tax supported and 37 are supported by associations. In the service areas of the libraries of the country there are 63,244,970 persons. In the same areas in North Carolina there are 732,442.

Out of the total of 3,065 counties in the country, last year 232 counties spent public funds for library service. In North Carolina 12 out of 100 counties spent public funds.

North Carolina's poor showing, however, may be attributed to the fact that 70 per cent of the total population is without local library service while the percentage for the United States and Canada without such service is 48.

This state's rural population, however, is as well cared for as the rural population of the United States, the Library Commission points out. Forty-seven of North Carolina's counties are entirely without libraries, and the same is true of counties in other states.

Now that the barbers have organized they will have to do their talking at a meeting and give the customers a chance to take a nap while getting shaved, maybe.

The next afternoon Crick paid a \$50 fine in city court for speeding.

MORTON FOUND NOT GUILTY OF ABANDONMENT

S. V. Morton, young white man of Greenville, charged with abandoning his wife and two children, was found not guilty in yesterday's session of county court.

The case was begun yesterday morning at ten o'clock. Hearing was not completed until late in the afternoon. Only two other cases were disposed of.

Following the verdict of the court an agreement was reached between attorneys for Morton and his wife, Mrs. Nell Morton, that he should pay over the sum of \$50.00 on the 20th of each month for support of the children.

A. A. Wingat, charged with giving a worthless check, was found guilty and ordered to pay the check amounting to \$20, and costs of the action. Notice of appeal to Superior court was filed immediately.

John Grimes, appearing on a charge of assault, was adjudged not guilty.

BRANHAM NAMED AS RECEIVER OF WAREHOUSE ASSO.

Raleigh, July 21.—(AP)—Federal Judge I. M. Meekins, today threw the Eastern North Carolina Warehouse Incorporation into a receivership. W. G. Branham, of Durham, was appointed receiver and bond fixed at \$50,000.

Receivership for the warehouse corporation follows appointment of receivers of the Tri-State Tobacco Growers' Cooperative Marketing Association a few weeks ago. The Eastern North Carolina Warehousing Corporation, which was incorporated at \$1,300,000 was one of the five subsidiary corporations of the tobacco association.

The receivership motion was unopposed.

Who remembers when conservative Democrats and Republicans were fearful that Populism was about to sweep the country—Mobi's News-Item.

JUDGE MEEKINS THROWS CAROLINA WAREHOUSE CORPORATION INTO RECEIVERSHIP

Raleigh, July 21.—(AP)—Federal Judge I. M. Meekins, today threw the Eastern North Carolina Warehouse Incorporation into a receivership. W. G. Branham, of Durham, was appointed receiver and bond fixed at \$50,000.

Receivership for the warehouse corporation follows appointment of receivers of the Tri-State Tobacco Growers' Cooperative Marketing Association a few weeks ago. The Eastern North Carolina Warehousing Corporation, which was incorporated at \$1,300,000 was one of the five subsidiary corporations of the tobacco association.

The receivership motion was unopposed.

Who remembers when conservative Democrats and Republicans were fearful that Populism was about to sweep the country—Mobi's News-Item.

NEW TESTIMONY IN CRANFORD CASE

Albany, July 21.—(AP)—Testimony was offered today in the trial of Nevin C. Cranford, former Stanley county convict, boss to show that Carl Meadows, a negro was ill for some time before he died and was not required to perform strenuous labor.

This refutes the testimony of the state in which Mr. and Mrs. Dave Texter told the jury that Meadows came to their home broken in body and spirit and died a few hours after they had taken him into their home.

J. L. Stoker, of Thomasville, automobile mechanic, and former guard under Cranford, was the witness to testify that Meadows extended ill today.

2,000 MEN AT WORK TO JOIN S. PAC. RAILS

Guadalupe, Mexico, July 21.—(INS)—Three thousand men are working on the grand canyon section that will bring the rails of the Southern Pacific railroad together over a mammoth steel bridge spanning the Matlapuedes barranca late this year, according to reports from railroad officials.

TAXI DRIVER PAYS FINE AFTER SPEAKING

Memphis, Tenn., July 21.—(INS)—A. D. Crick, taxi driver, made a speech on safe driving at a traffic meeting the other night and accepted a bonus of \$66.55.

The next afternoon Crick paid a \$50 fine in city court for speeding.

FLORIDA FIGHTS MOSQUITOES WITH WASTE AUTO OILS

Tallahassee, Fla., July 21.—(INS)—Waste oil taken from crankcases of automobiles is to be used by the Florida State Board of Health in combating mosquitoes. Garages in all cities of the state are being asked to save the oil removed from crankcases. It will be used to saturate sacks of mixed sawdust and sand, which will be planted in bodies of water where mosquitoes propagate. Oil on the water is a preservative against mosquito breeding places.

FORMER CONGRESSMAN EDITOR PRISON PAPER

Atlanta, July 21.—(INS)—J. W. Langley, former Kentucky congressman, who is serving a sentence for conspiracy to violate the prohibition law, has been made editor of "Good Words," the official monthly publication of the Federal penitentiary at Atlanta, according to announcement by Warden John Snook.

Langley inherited the editorial post, after it had been held by a number of prominent prisoners. His immediate successor was Austin Howard Montgomery, sent to the prison from New York. Montgomery succeeded former Governor McCray of Indiana, and relinquished the post when he was promoted to the job of warden's secretary. McCray was forced to give up his editorial duties by ill health.

The population of the Atlanta prison is again near the high record mark, with more than 3,250 prisoners confined in the grey stone walls. The record was 3,260 prisoners, reached during the summer of 1925. Warden Snook said.

ILL. DOPESTERS HAVE HARD TIME SELECTING GOV.

Figuring Winner Difficult As List of Candidates is On the Increase; Senatorial Race is Also Serious Problem With Wet and Dry Issue Up

Springfield, Ill., July 21.—(INS)—Political dopesters in Illinois are having a merry time with prospects that figurin' winners will become more difficult as times goes on.

Although it is early yet, a number of candidates are considered as positive entries in the gubernatorial race. Personal friends of

Governor Len Small are confident that he will be in the primary contest in 1938.

Secretary of State Louis L. Emerson also is considered as practically a candidate.

John Oglesby, former lieutenant governor and a former candidate for the Republican nomination for governor, has definitely tossed his crash hat into the ring.

Also mentioned as possible starters are Lieutenant Governor Fred E. Sterling, Rockford, Attorney General Oscar Carlstrom, Allen F. Moore, of Monticello.

And all of these are Republicans whom the Democrats will groom for the contest is too much a matter of conjecture for comment.

The Senatorial race is also to be staged between lanes of interrogation points.

There are three candidates, George W. Brennan, Chicago, dripping wet, a Democrat, and Col. Frank L. Smith, a Republican dry, and James H. Kirby, who has entered the dash for the federal toga as an Independent Democrat, bone-dry.

Kirby's entry is expected to affect most seriously the chances of Colonel Smith as the colonel is expected to lose to Kirby dry Democratic votes which otherwise would be his.

The senatorial campaign will seriously start at the Illinois State Fair in August, at which political field days will draw candidates and present office holders from all over the state.

Before this transpires, however, the federal investigation will be held at Chicago by the senatorial committee into charges that Col. Frank Smith spent over \$1,000,000 in his campaign.

Have You Seen the New Wash Prints at BOWEN'S?

They're just the thing for cool little morning frocks so much needed at this time of the year. Absolutely fast colors. They look fresher every time you launder them. Very reasonably priced, 50c yd.

Piece Goods Dept.

COMB SAGE TEA INTO GRAY HAIR

Common garden sage brewed into a heavy tea, with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get the ready-to-use preparation improved by the addition of other ingredients. It is known as Wyeth's Sage & Sulphur Compound and can be obtained at all drug stores for only 75 cents a bottle.

While gray faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared. After another application or two your hair becomes beautifully dark, glossy, soft and luxuriant and you appear years younger.

Washington, July 21.—(INS)—The greatest potential power plant in the world will remain virtually idle for many months more and a huge loss in depreciation will be sustained by the government thru failure of Congress to settle the problem of Muscle Shoals.

This war orphan is becoming an onerous burden to army engineers who are struggling to keep the many parts of the great project intact until a final disposition is made.

In spite of the returns from leases and sale of electric power the daily loss is declared enormous.

There is depreciation to the nitrate and power plants, machinery and a hotel and houses built for employes when a good-sized city was raised during the war to meet the expended demand for nitrates.

The project still is far from a finished state, although more than \$100,000,000 has been spent on it. In addition to a navigation dam and the big Wilson dam and hydro-electric plant, the ultimate plan of development calls for a third hydro-electric plant.

The nitrate plants are idle and hundreds of other buildings are suffering from the care which goes with steady occupancy.

Eight units of the Wilson dam hydro-electric plant now are completed and the potential generating power of electricity is 220,000 horsepower, according to army engineers. The ultimate development called for an output of 840,000 horsepower in electrical energy.

A strong recommendation that

NO RUSSIAN TROOPS IN CHINA SAY SOVIET

Peking, July 21.—(INS)—Emphatic denial of the oft repeated reports of the presence of Soviet troops on Chinese soil was made by Ambassador Karakhan in reply to a query of ex-premier Hsiang Shiling.

The Peoples army, formerly the command of Marshal Feng Yuhai, has always been accused of pro-Russian leanings and since it has been bottled up around Kalgan, with Russia its only outlet, fresh charges have been made of Soviet ammunition and even Red troops going to its assistance.

I most emphatically deny the reported despatch of 8,000 troops of the Soviet Union to Kalgan to assist the Peoples army, said Mr. Karakhan. It is false and slanderous. There are not Soviet

troops on the territory of China, not 8,000, not 1,000, not even five.

The newspaper report to which you refer is an ure invention, circulated, firstly for the purpose of arousing hostility against Russia and secondly to provide the imperialists with an pretext to increase their forces in China, he added.

It would be hopeless, he continued, to attempt to refute all the ridiculous inventions that are circulated through the foreign press that we have despatched troops to Kalgan, that we have concluded an alliance with Feng Liskhang, that he have provided the latter with millions in money that we have bribed the students and so on.

Claude Tunstall

HUNT'S CLUB MEETS

Hunt's Tuesday night club met for the first time Tuesday night, July 20, on the second floor of Hunt's new 5c to \$1.00 store. The club was opened by the Lord's prayer. Then the members of the club greatly enjoyed a talk from Rev. H. Frederick Jones, pastor of the Memorial Baptist church.

The following subjects were

A Comfortable Walking Shoe

Is just what you need to make that vacation wardrobe complete.

We've just received several beautiful styles in all sizes and widths.

BOWEN'S SHOE DEPT.

talked on by the following members of the club: Miss Mae Johnson, "Co-operation;" Miss Orabel, Chambers, "Organization;" Miss Leauriah Lee, "Sale, Appeal;" Miss Cleo Powell, "Better Store-keeping;" Mrs. Mary Skittethorpe, "Counter Display."

After the splendid talks, given by the girls, refreshments were served. The club meeting was greatly enjoyed by all present.

CARD OF THANKS

We wish to take this opportunity to thank our friends for the kindness shown us during the illness of our son.

Mr. and Mrs. B. R. Fields

A LETTER FROM MRS. MARTIN

Claude D. Tunstall, Greenville, N. C.

Dear Sir:—Have received check from the Provident to cover disability from sprained ankle. Please accept thanks for promptness.

Yours truly,
Mrs. Susie Martin

MASTER CLAIR BROWN ENTERTAINS

Master Clair Brown, little son of Mr. and Mrs. Claude Brown, entertained a number of his friends Monday afternoon, in honor of his seventh birthday.

The guests were welcomed by the host, and a number of games were enjoyed. The table was very attractive with a birthday cake with seven candles. After many games, Mrs. Brown served cream and cake. The little host was remembered with a large number of gifts.

A LETTER FROM MR. SAVAGE

Claude Tunstall, Greenville, N. C.

Dear Sir:—Check for \$17.60 received from Provident to cover my recent trouble with my eye. Thanks for prompt settlement.

J. Ernest Savage

MAE BUSCH PREFERS MOTION PICTURES

Mae Busch, who plays the feminine lead in "The Unholy Three" which is coming to White's Theatre Thursday, is one of the few featured plays of the Green today who was educated for a career from her cradle. Born of artistic parentage, Miss Busch had the advantage of almost every type of stage training, which included vaudeville, concert singing, training for an operatic career and finally motion pictures.

And from them all, Miss Busch prefers to be a motion picture artist rather than a star of legitimate drama.

MISS MOORE RETURNS FROM RICHMOND

Friends of Miss Ward Moore will be glad to learn that she is very much improved and has returned from Richmond, Va., where she has been in St. Luke's Hospital.

W. O. W. MEETING

Regular meeting of Magnolia Camp 218, Woodmen of the World, Thursday, July 22, at 8 P. M. in the Woodmen's Hall. All members are requested to attend. Visiting brothers are cordially invited. Refreshments will be served.

S. A. Smith, Clerk

A LETTER TO THE PROVIDENT

Provident Life Ins. Co., Chattanooga, Tenn.

Gentlemen:—Wish to thank you for check for \$104.99 to cover partially paralyzed hand resulting from cranking Ford.

Yours truly,
Claude Tunstall

HEADS OF CHARLES STORES ARE IN GREENVILLE TODAY

Charles and Harry Copeland, of Baltimore, heads of the Charles Stores, who are to open a store in Greenville during the fall, were in the city today.

HODGKINSON-LAY

Beaufort, N. C., July 19.—A wedding of rare simplicity and loveliness, which will be of much interest to friends in the state, took place at six-thirty o'clock this evening, at St. Paul's church when Miss Ellen Booth Lay, the daughter of the Rev. and Mrs. George W. Lay, was married to Mr. Harold Hodgkinson, of Worcester, Mass.

Tall cathedral candles were used on the altar, which was banked with green. Masses of phlox, anemones, and petunias were used throughout the church to complete the decorations.

The bride entered on the arm of her brother, Mr. George B. Lay, who gave her in marriage. Her wedding gown, of ivory brocade satin, in bouffant style, was made with a basque waist, and a full, long hooped skirt. She wore her mother's wedding veil, which was caught with orange blossoms, and carried a bride's bouquet of white phlox and fern, tied with tulle.

The maid of honor, Miss Lucy Lay, wore a dress of orchid color, over pale yellow, with an orchid picture hat, trimmed with gold ribbon. Miss Katherine

Batts, and Miss Virginia Lay, the bridesmaids, wore frocks of pale pink organdie, with picture hats of pink taffeta and maline. The attendants carried arm bouquets of pastel flowers tied with pink tulle.

The groom was attended by his brother, Mr. Ralph Hodgkinson, as best man. The ceremony was performed by the bride's father, the Rev. George W. Lay. The ushers were Mr. Joseph House, Mr. Bayard Taylor and Mr. Henry Lay of Beaufort.

Mrs. Allen O'Bryan, of Beaufort, played the wedding music, using the wedding marches by Wagner and Mendelssohn.

Immediately after the ceremony Mr. and Mrs. Hodgkinson left for a trip of several weeks, after which they will be at home in Washington, D. C.

Mrs. Hodgkinson is the daughter of the Rev. and Mrs. George W. Lay, of Beaufort. She was graduated from St. Mary's School in Raleigh, in 1919, and from the University of North Carolina in 1922.

Mr. Hodgkinson is the son of Mr. and Mrs. Harry Hodgkinson, of Worcester, Mass. He was graduated from Clark University in Worcester in 1921 and later taught at St. Paul's School, Concord, New Hampshire.

The bridal party and a few intimate friends of the family, were entertained informally at the home of the bride on the evening before the wedding.

The out-of-town guests, including Miss Helen Battis and Miss Katherine Batts of Tarboro, and Miss Annie Alexander of Scotland Neck.

MAX ROSEN TO PLAY HERE

Max Rosen, the famous violinist, who appears on the evening of July 23, at East Carolina Teachers College, is a native of Roumania, but came to this country at an early age and received his first musical education in New York. His father, who was a flutist as well as a violinist, gave him his first lessons. The talents of the boy were obvious, and it was not long before they came to the attention of a group of men who believed that young Rosen ought to have every advantage in pursuing his musical studies. The young violinist went abroad to study, becoming a pupil of Leopold Auer.

On his return to America, Rosen made his debut in Carnegie Hall, New York. It was a year for great violinists, and Rosen proved to be one of the great ones. He was heard subsequently with orchestras and in recital in all parts of the country.

Three years ago, Mr. Rosen went to Europe for a concert tour and his re-engagements were so numerous that it was only recently that he was able to return to this country. His experiences in Europe have ripened an art

which already was, in perfect, and today Max Rosen may be counted with the half dozen really great violinists of the time.

Personally, Rosen is a good-looking, blond young man, with large blue eyes and an attractive smile. His demeanor is carefree but he is a serious student of his art. His charming and straightforward personality is reflected in his playing, which combines virility with poetic insight.

PITT COUNTY BOYS GET WEST POINT APPOINTMENTS

Washington, N. C., July 21.—Representative Lindsay Warren today announced the following appointments to West Point and Annapolis. Examinations will be held next March, and the successful candidates will enter on July 1, 1927.

The Annapolis appointments are: Frank Hollowell, principal, Elizabeth City, Allen C. Bell, first alternate, Elizabeth City, W. W. Ange, Jr., second alternate, Plymouth.

The West Point appointments are: Herbert M. Jenkins, principal, Washington, Frank V. Johnston, first alternate, Greenville, William Badham, second alternate, Greenville.

The War Department has recently notified Mr. Warren that Daniel R. Taylor of Bethel, recently appointed by him to West Point, entered the Academy on July 1st.

Doesn't matter, but wonder if shoe dealers ever walk to work. —Shreveport Times.

Trucks too feel the difference

New lubricating oil shows gas saving of 17.9%

HUNDREDS of road tests on many types of cars and trucks prove that the new "Standard" Motor Oil gives astounding results. A 2½ ton Mack truck, for instance, run 1,572 miles from September 24th to October 22d, 1925, showed 22.8% increase in oil mileage; 17.9% increase in gas mileage; smoother operation at all speeds; no carbon accumulation; better all 'round lubrication.

These results can be verified in your own car. Just get your crank-case filled at a "Standard" Service Station or dealer. Then expect results. You can actually feel the difference.

STANDARD OIL COMPANY (New Jersey)

"STANDARD" MOTOR OIL

7 Advantages of "Standard" Motor Oil

1. Constant lubrication.
2. Minimum friction.
3. Less "breaking-down" under load or at high speeds.
4. More miles per quart of oil.
5. Better hill climbing—smoother operation.
6. Negligible carbon.
7. Actual saving in gasoline.

**HELP THE LIBRARY—
IT HELPS YOU**

In explaining the needs
of the Greenville Library in
yesterday's edition of the
Daily Reflector, Dr. James
E. W. Cook, pastor of St.
Paul's Episcopal church, of
Greenville, declared the pub-
lic library to be the city's
greatest need.

And he uttered a great
truth.

The value of the public li-
brary is felt most keenly in
the progressive communities
of the world today. It is one
of the factors helping to set
aside the spirit of unrest,
the spirit of discontent which
has been brewing since the
end of the world war. It is
an asset around which the
future of this great nation
of ours is centered. If we
would make it a greater na-
tion still, we should increase
the usefulness of libraries,
and give the average man
and woman a chance to ac-
quaint themselves with lit-
erature they would not oth-
erwise come in contact with.

The city is to be congrat-
ulated upon the growth of
its library the past year or
so. Its growth is the pride
of every man, woman and
child who is interested in its
development. But we can-
not stop to rest with our
laurels. We cannot afford
to let the library stop grow-
ing just because it is begin-
ning to gain such wide re-
cognition among the reading
public.

We have just reached
that point when enlargement
of the library is not only im-
perative, but a necessity.
The town has grown consid-
erably the last year or so.
The library has not been
keeping pace with the in-
crease in population. There-
fore, it is evident that some-
thing must be done.

Many of our citizens
would give generously to
this cause if they were im-
pressed with the need of
the movement. Mr. Cook,
in his article yesterday, told
the library's story in an ap-
pealing way. The public no
longer is lacking in infor-
mation. It should be ac-
quainted with the situation
as it actually exists. And
those profoundly interested
in the development of our
citizenship should not with-
hold the necessary aid.

A gift to this cause would
bring rich rewards in the
long months and years to
come.

**THAT COX'S MILL ROAD
SHOULD BE HARD
SURFACED**

Cox's Mill is situated in
one of the most prolific ag-

ricultural sections of Pitt
county.

Yet, it is an almost iso-
lated community.

And why is it isolated?

Simply because it is not
linked up with the county
seat by hard surfaced roads
as are other progressive
parts of the county.

The people of Pitt coun-
ty owe as much to the thrift
and versatility of Cox's Mill
community as they do to any
other. It is a community
made up of representative
Pitt county people. They
are people who are as de-
serving of improvements as
any other part of the state.
And they should receive as
much attention and consid-
eration.

The road leading to and
beyond this productive farm
region should be hard sur-
faced. It would open up a
great territory whose trade
is diverted to other towns
because it is so difficult to
reach Greenville. It is a
pity this situation should
prevail. Greenville is the
ideal shopping center of
Eastern North Carolina.
People along this road would
be glad to come here more
frequently if conditions of
the roads permitted them
to come in both good and
bad weather.

The county commissioners
should look into the matter.
The road should be hard sur-
faced by all means. It would
pay for itself in course of a
short time by means of the
enormous amount of trade
coming in from the great
farming belt around Cox's
Mill.

At present Greenville is
linked up with the majority
of communities by a splen-
did system of roads. But
why should we be content
with what we have when
such unlimited possibilities
would be opened up in an-
other direction? It is a
question in which every bus-
iness man of Pitt county
should be profoundly inter-
ested. It is a question in
which the people in the Cox
Mill territory should be in-
terested.

We need the road. But
what is more we need the
enormous amount of busi-
ness which would result
from the improvement.

**ALABAMA YOUNGSTERS
PLAN CHURCH WORK**

Gadsden, Ala., July 21.—(INS)
—Young people of the Gadsden
churches were in conference to-
day, mapping out a program of
church work for the ensuing
Year.

The meeting started Monday
with a day of recreation and or-
ganization of young people of all
denominations and Tuesday busi-
ness sessions got under way.
The convention, which is con-
ducted in strict business order,
will last through the 24th when
plans for church work for an-
other year will be announced as
planned by the convention.

**Navy Department
Has Decided to
Train Reserves**

Washington, July 21.—(INS)—
The navy will also have its Re-
serve Officers Training Corps.

Despite recent opposition to the
R. O. T. C. units of the Army in
colleges and universities, the Navy
department has announced the es-
tablishment of naval training units
at Harvard, Yale, Georgia Insti-
tute of Technology, Northwestern
University, the University of Cali-
fornia and the University of Wash-
ington.

The record made by college men
who were trained in six months to
serve as ensigns during the World
War is basis for Navy officers to
declare that a valuable reserve
corps can be attained under the
new system.

Each of the six institutions se-
lected will be limited to a reserve
of 200 students, who must enroll
for a four-year course. The naval
subjects covered will be credited

toward a university degree. Dur-
ing the first two years the course
will embrace instruction in sea-
manship, navigation and ordinance,
while the advanced course for the
last two years will include the ad-
vanced science of a naval officer's
training.

Daily News Letter

Gossip of Staff Correspondents at World Centers of Population.

Moscow, July 21.—(INS)—Like the aristocrats of old Russia, the communists are new Russia are proudly conscious of their rank. The old aristocrats judged their titles by age in centuries, and the communists judge theirs by age in years, but the nine old Bolsheviks is no less loaded with honors in the Soviet State than was a prince of the blood of Rurik in the regime of the Czar.

Russian communist society is divided into three groups: those who joined the party before the revolution, those who joined during the revolution, and those who joined after it. They grade from the top downward in the order named.

The first group is the only one entitled to the name of 'old Bolsheviks'. They are few, but vastly important. Most of them entered the party during the abortive revolution in 1905. Among them is the mutual confidence born of a quarter's century struggle to get together against the Czar's police.

These true blue bloods of Communist society, or red bloods as they would prefer to be called, know each other intimately. Between them the formal 'comrade' is dropped and it is 'Joe' or 'Leo' or 'Nick' in conversation. Occupying the highest places in the party, and in the government they are jealous of the honor of their rank.

Few have proved unworthy of their responsibilities. Whatever criticism may be brought against individual communists for their mode of living, it is notorious that the offenders are almost always careerists who had entered the party since the revolution. The Embezzlements and various forms of speculation on the part of this class of communist are painfully frequent, but the old Bolsheviks have kept their reputation for the most part, immaculate.

Hence the dismay felt among the party chiefs when the rumor was confirmed that Comrade Pyotr Barin, a member of the party since 1905, had been caught with an unexplained deficit of \$12,000 on the ledgers of the factory of which he was the manager.

Barin had a notable record as a communist. During the revolution of 1905 he led a group of revolting workmen in Rostov on the Don. When the war broke out he entered the army, was rapidly promoted, and attained the rank of lieutenant colonel under the Czar. But all the time he maintained connection with the central committee of the Bolshevik party, and was of inestimable help to them by reason of his access to army plans.

He was one of the first to tear off his epaulets and fight Kerensky on the side of the Bolsheviks. After a notable career as a Red Army officer, he was made head of a large factory, and so efficiently managed it that it showed a profit of \$100,000 at the end of the first year.

Barin broke down and cried when faced by an investigating committee with the auditor's report in its hands. In true Russian manner he confessed everything and begged not for mercy, but for immediate punishment.

"Take me and shoot me," he cried. "I am a miserable wretch I gambled the money away."

For anyone else this plea would

have been quite unnecessary since the Soviet courts are now sentencing to death all highly placed officials who betray their trust. Barin, however, failed to achieve his desire. The court, declaring this revolutionary episode to be a crime, sentenced him to ten years' imprisonment.

TODAY

(Continued from page 1) period, with its smoking and drinking among women, is fading away.

Bishop Manning in France will study the great cathedrals, and see in one of them huge stones dragged along the ground, mile after mile, by crowds of men, women and children, work for the glory of God and no other reward in the Middle Ages.

He will see REAL cathedrals, built with a Christian enthusiasm that never sent a collector into Wall Street, and never included a sports feature among its stained glass windows. And he will wish

Those who keep skeletons in their closet have bitter taste than those who take them to swimming pools.—Danville Bee.

that his cathedral building activities had fallen in those ancient days of deeper faith.

Old Remedy Has Interesting History

Hanford's Balm of Myrrh, made Since 1846

In the early 1800's, an old English doctor secured good results with a liniment. He gave the prescription for this liniment to Mr. G. C. Hanford's grandfather in return for favors done him.

Mr. Hanford's father began the manufacture of this remarkable antiseptic liniment in 1846 at Groton, N. Y. It was first sold in a small way in Central New York and Pennsylvania. The demand for it increased as one customer recommended it to another, until its use is now tremendously widespread.

This wonderful cleansing, healing liniment has almost eighty years of continuous service to mankind behind it. Sold at your drugstore.

WHITE'S THEATRE

"ADS" IN THE REFLECTOR PAY

Good Through and Through

Details tell impressive story of quality standards strictly maintained

Unprecedented sales prove how well the public knows that Dodge Brothers Motor Car is sturdier and more dependable than ever before.

Delivers more miles at lower cost-per-mile. Stands up under harder going. Calls for fewer repairs. Provides greater safety. Excels in every quality that has earned its good name.

In fact, you have only to check any chassis part against its own past best—engine, axles, gears, bearings, frame, springs, shafts, electrical equipment—to prove how strictly and consistently Dodge Brothers have preserved and improved the basic goodness of their product.
