CONFERENCE OF BAPTISTS WILL BE HELD TONIGHT

To Take Action Against Members in Any Questionable Amusement

A special conference of the membership of the local Free Will Baptist church has been called for tonight for the purpose of considering a resolution recently passed by the official board of the church against the church in questionable amusements and against the desecration of the Sabbath. Letters have been mailed to all members by the board, requesting their attendance.

The unusual resolution has attracted quite a bit of interest. The pastor and his board have received a number of letters and wires from church leaders in other places commending the stand taken. When asked today if it was the object of the resolution to "turn members out of the church," the pastor, Rev. L. E. Ballard, speaking for the board, replied:

"Most certainly not. The resolution is designed to set before the membership in simple terms the standard of Christian conduct established by the teachings of the Bible. If the resolution passes, the members of the church who WANT to be loyal to the church and to Christ will adapt themselves to the requirements of the resolution, which we contend are nothing more than the requirements of the Bible.

"Those who do not want to be loyal or who do not want to govern their conduct by these principles, will simply get out themselves. Where the Bible is followed there is no such thing as 'turning people out' of a church; they turn themselves out; the church simply 'recognizes' that they are 'out' by an act of suspension. It is really only a suspension of their name; the person has already 'departed'."

The pastor further declares that the present move is "no new thing." "The members of my church know that these are the things that I have preached to them for three years. My third sermon, after coming to Greenville, was on 'Separation from the World' and my fourth sermon was on 'Temporal and Eternal Things Contrasted,' in which I advocated the very same attitude toward questionable amusements written into this resolution. I deny the charge that I have been influenced in this matter by any recent associations."

It is expected that the meeting tonight will be well attended by members of the church.

James Tyson Dies At Home Near Stokes

Joseph Tyson, 83, prominent farmer, died at his home in the Stokes community this morning of apoplexy. He had been in ill health only as short time.

Funeral services will be held at the home tomorrow afternoon at three o'clock, by Rev. R. F. Pittman, of Ayden. Interment will be made in the family burying ground.

The deceased was born and reared in Pitt county. He served in the Civil War. He was a member of Sweet Gum Grove Free Baptist church. He is survived by his wife, eight children, J. A. Tyson, of Stokes; F. J. Stokes, of Georgetown, S. C.; Mrs. D. N. Noble, and Mrs. B. M. Whitehurst, of Bethel; Mrs. J. H. Williamson, of Raleigh; Mrs. L. P. Dudley, and Mrs. E. G. Andrews, of Greenville; Mrs. A. O. Mix, of Stokes.

King of Bulgaria is looking for a wife. He will have a hard time. There is no future in the king business.—Lakeland Ledger.

TODAY

(Copyright 1926) Calles and Kemal at Hiphone. \$5,000,000,000. Cheap. \$1,000.44 for Dinner. By ARTHUR BRISBANE

Nine have been arrested in a plot to murder Calles, Mexican President. He says the Catholic Church seeks to get rid of him. The same charge against the Mohammedan Church was made by Kemal Pasha, dictator of Turkey recently, he announced that religious bigotry and superstition were seeking to murder him and caused him to hang 40 at dawn. Since then Kemal has hanged 14 others, he promised to hang many more.

Calles will probably proceed more moderately. Primo de Rivera, Spanish dictator, cold in his methods compared with Mussolini and Kemal, has his troubles. An enemy, throw a dagger at him. It missed and Primo calmly put the dagger in his pocket.

Catholic Bishops in Mexico suggest to President Calles a truce, enforcement of anti-religious laws to be withheld and religious functions restored until the whole matter can be submitted to popular vote. It is probable that Calles will reject the suggestion. The vote would be overwhelmingly in favor of the Catholic church.

Paris announces that the 'waistline of fashionable ladies now definitely starts just above the hipbone, from that point up the back is to be entirely uncovered in the evening. Also brilliant colors will be worn.

A woman thus dressed will look as silly as a bird of paradise with all the feathers plucked off the back, but she won't know it.

Engineers suggest filling in nine square miles of upper New York Bay, half to belong to New Jersey, half to New York. The work would cost \$490,000,000. And the land would be worth five thousand million dollars.

The idea would be to plan a new modern city, sidewalks on sides of the buildings, play grounds and roads above buildings, landing places for airplanes, etc. There are thousands of chances to spend public money for improvements that would pay for themselves ten times over, but it is hard for us to appropriate large sums unless other nations start cutting each other throats. Then we become generous, easy marks, pour out our billions and buy foreign hatred with them.

Theatrical people cash pay \$1,000.44 for a dinner, forty four cents for the food and one thousand dollars for the actor's fund. Forty four cents for one dinner seems cheap to a prosperous actor. It seems a good deal to the mother of five children whose husband earns \$4 a day.

At forty four cents a meal, that family would need each day \$9.24 for food alone, leaving a deficit of \$5.24 a day, to say nothing of rent, and clothing. Those that call \$5 a day high wages should try living and keeping a family on that sum.

Gland grafting may not help foolish old men to become as young and silly as they used to be, but such grafting may be useful to farmers. Dr. Voronoff, scientist, experimenting on a flock of 3,000 sheep in Algeria, proved to French scientists that grafting an additional gland on each young ram, increased the average weight of the animal by 19 pounds and added half a pound to the weight of the fleece.

French Brench are diminishing and French population is increasing, which is the right idea. Instead of having many new babies, half to two thirds of them dying the French, who understand health, keep alive those that are born.

PARIS COURTS DECIDE AIR TRAGEDY VICTIMS CAN GET NO DAMAGES

Paris, Aug. 4.—(INS)—An important decision on the rights of air travelers has just been rendered by the Paris Court of Appeals. The heirs of two victims in a recent air tragedy brought suit against the company, but their claim was denied by the Civil Tribunal on the grounds that it was specifically stated on the tickets that the air company was not responsible for accidents.

The Court of Appeals reversed the decision ruling that the clause of non-responsibility was null and void and the claimants were awarded 250,000 and 100,000 francs respectively.

FIND BODY OF UNIDENTIFIED MAN IN WELL

Third Murder Mystery in Twenty-Four Hours Occurs at Chicago Today

Chicago, Aug. 4.—(AP)—Finding of the body of an unidentified man trussed and weighed with stones in a suburban well, gave police today their third murder mystery in 24 hours.

The body found last night apparently had been in the water for two weeks. There were three bullet wounds in the head, leading the police to believe that the man had been "taken for a ride" and slain, as the result of some illicit alcohol traffic feud.

Alcohol gang warfare was blamed for the death of Joseph Salbo, in Chicago Heights, a suburban community in which a half-dozen recent slayings, have been recorded.

The third killing was that of Morris Markowitz, wealthy team contractor, which was laid at the door of labor troubles.

FIFTH DISTRICT REPORTS FEWER FAILURES TODAY

Business Failures Are Lower Than Any Month Since Month of November

Raleigh, Aug. 4.—(AP)—The number of business failures in the fifth federal reserve district for June last, was lower, than for any month since November, 1925 according to the Fifth Federal Reserve Bank. The figures appear in the current issue of the bank's Monthly Review.

The numbers of failures in the district which comprise Maryland, Virginia, West Virginia, North Carolina, South Carolina and the District of Columbia was 96, as compared with 166 in June of last year.

"Liabilities," says the publication, "in June totalling \$1,719,126, were below those of any other month this year, and also were lower than in June 1926 when they were \$2,196,548. The first half of 1926 witnessed 77 insolvencies in the Fifth District with liabilities of \$14,967,247 compared with 792 failures with \$20,388,241 of liabilities in the first half of 1925."

Repuditates Story About Stock Advance

New York, Aug. 4.—(AP)—Thomas Cochran, partner of J. P. Morgan and Company, bound for Europe on the Olympic, today repudiated the Morgan Fund's repudiation of the alleged intervention in which he was quoted as predicting an advance of 100 points in General Motors stock.

JUDGE SAYS HUSBANDS MUST ORGANIZE; TOO MANY WIVES GO FREE

Cincinnati, O., Aug. 4.—(INS)—Too many wives are freed on self defense pleas after shooting their husbands. It's time we husbands banded together for self-protection, declared Municipal Judge W. Dill Alexander here when he bound Mrs. Belle Maley, 36, in a recent air tragedy without bond on a first degree murder charge. Don't expect me to waste sympathy on a woman who shoots her husband in the back, he added as she was led away to jail where she now awaits jury action. She is alleged to have shot and killed her husband early in July while he sat with his back turned at their home here.

First Mexican Refugees

These nuns were the first refugees from the religious strife in Mexico to arrive in New York.

MILLION POUNDS TOBACCO AVERAGES 20 PCT IN EXCESS OF PRICES OF LAST YEAR

Growers Well Pleased With Results of the Opening in Twenty-two Towns Throughout the State of Georgia. Various Markets Averaged from 20 to 25 cents.

Atlanta, Aug. 4.—(AP)—One million pounds of tobacco was sold at auction in south Georgia yesterday at prices averaging 20 per cent in excess of prices realized last year. The quality of the weed was considered superior to crops of former years.

Growers were pleased with the results of the opening day sales at the 22 towns where auction took place. Estimates of the total value of the crop this year run from ten to twelve million dollars.

AUTHORITY OF SENATE BODY CHALLENGED

Chicago, Aug. 4.—(AP)—For a second time within a week the Senate Campaign Funds Committee today had its authority challenged. This time it was Samuel Insull, multimillionaire public utility executive of Chicago, who declined an advice of counsel, to tell of any contribution in the recent Illinois primary, except those he had made for the Senatorial candidates.

In a statement prepared by his attorney, Insull declared the committee was without authority from the Senate to inquire into anything except Senatorial campaigns. Insull, who testified to contributions of \$172,925.19 in the Senatorial campaign in Illinois, advised the Senate Campaign Funds Committee, that he took this position on advice of his counsel and would not disclose any expenditures other than those in the Senatorial campaign.

"Now I shall ask you some questions," Senator Reid said after seeing Insull's statement. "Did you not give or cause to be given on your behalf to Charles V. Barrett, money for use in the primary?"

"If you want to put it that way," Insull answered. Chairman Reid then made the record complete by asking Insull if he gave money for campaign use to Robert E. Crowe, and Homer K. Galpin. The utilities magnate, however, declined an answer.

Apartment house dwellers in New York united to fight an enemy who wouldn't obey an order to use the back stairs. This is a long war of a different kind.—Mobile Register.

G. O. P. MEMBERS LEAD PRIMARIES IN FOUR STATES

Three Republican Senators and All Representatives Return to Seats

Kansas City, Aug. 4.—(AP)—Three Republican United States Senators and virtually every representative to the National Congress seeking renomination in yesterday's primaries were leading opponents on the face of unofficial returns today from four western and two southern states. Several Congressmen of both major parties were unopposed.

Apparently heavy balloting was indicated in Missouri and Oklahoma while interest appeared limited to states, district, and county offices in Montana, Kansas, West Virginia and Virginia. The prohibition issue stimulated voting in Missouri with the Ku Klux Klan alignments featuring an otherwise listless Kansas campaign.

Senator George H. Williams was leading his two opponents by a wide margin in both the long and short term Missouri Republican nomination. Senator Charles Curtis, Republican floor leader, was piling up a huge lead in Kansas and Senator J. W. Harrell had a commanding lead in the six-cornered Oklahoma Republican Senatorial contest.

Harry Hawes, former Congressman, a net, was well ahead of the field in the Missouri Democratic Senatorial balloting. Governor Ben S. Paulen, Republican, was virtually unopposed for renomination in Kansas.

BARON RECEIVES FIRST FOOD SINCE DEATH OF WIFE

Russian Nobleman is Given Egg - Nog at Hospital Despite Protestations

Miami, Aug. 4.—(AP)—Baron Michael Royce-Garrett, former Russian nobleman, who is held here on a charge of manslaughter in connection with the suicide of his wife last Friday, last night received the first food since his arrest Saturday. He was given an egg-nog. While protesting he was not on a hunger strike, the Baron had consistently refused to accept food.

In view of the Florida law that the suicide pact constitutes a conspiracy to commit manslaughter, Royce-Garrett yesterday was officially charged with the latter offense.

A \$5,000 fine and imprisonment of two years is the maximum penalty for the offense in case of conviction.

Two Men Killed In Bootleg War At Los Angeles

Los Angeles, Aug. 4.—(AP)—Two men were shot and killed here today in what police believed was the outbreak of a bootleggers' war.

A man identified as D. Munson, was shot and killed almost instantly while sitting in the lobby of a fashionable residential hotel, Harry Moran, who was talking to Munson, also was shot and died two hours later.

About 20 guests were in the lobby when three men entered and began shooting. After killing Munson, his assailant removed his body in an automobile and deserted it several blocks away.

Planes to be in Richmond, Va. Thief grabbed it and just flew.—Danville Register.

CATHOLICS IN MEXICO HOPE BOYCOTT WILL CHANGE SITUATION

BUSINESS MEN TO HOLD MASS MEET AT COURT HOUSE

Matters of Vital Importance to City to Be Considered at Session

A mass meeting of business interests of Greenville will be held at the court house Thursday night at 8 o'clock.

Matters of vital concern to the various business interests of the city will be discussed at length. Everybody is urged to attend and help make the meeting one of the most memorable in the city's history.

Men prominent in business circles said this morning that it was the duty of every citizen to attend this meeting if possible. It is of interest to everyone, they declared, and no one should fail to be present.

PITT COUNTY FAIR TO BE HELD FROM OCT. 12 TO 16TH

Exhibits This Year to Surpass Anything in History of the Attraction

Pitt county fair will be held during the week of October 12 to 16th.

The fair this year will be the best in history. Plans are already under way to make the various exhibits surpass anything in recent years.

County exhibits will come from Ayden, Fountain, Bethel, Stokes and Winterville. Agricultural exhibits are under the direction of J. L. Wooten and R. B. Reeves, county farm demonstration agent. They are already engaged in interesting the farmers in bringing their products for display at Pitt county's annual presentation of its resources and possibilities.

Home demonstration exhibits will be under the direction of Miss Ferguson, of the county demonstration department. The arts department is headed by Mrs. Travis Hooker. Each of these departments are also striving to set a new record.

A revision has been made of the premium list. A complete copy will be off the press within the next twenty days. It contains hundreds of premiums covering every branch of agriculture, many of which have not previously been featured. Premiums on many of these exhibits range from \$40 to \$75.

Many prominent farmers of the county are being urged to provide exhibits. Numbers have already consented to do so. King Pumpkin will come into his own this year. A premium of \$3.00 is being offered for the best product.

Heads of the various departments stated today that there was no reason in this world why the Pitt county fair should not be the best county fair in the state. The attraction is situated in one of the most prolific farm centers of the world. The farmers produce the best kinds of crops, and they should not fail to display them at their county fair instead of entering them at another place.

Prussia offers ex-kaiser a farm. Friendship type of punishment.—Danville Register.

Both Sides Have "Dug in" in Religious Controversy Which Has Gripped Country the Last Few Days; Business Interests Opposed to Economic Boycott As Proposed by the Church

Mexico City, Aug. 4.—(AP)—Both sides in Mexico's religious controversy, the government and the Catholics, are "dug in" figuratively speaking, prepared for an endurance contest of unknown duration.

Overtures for a truce, having thus far been ineffective, many Catholics are concentrating their hope on the economic boycott or general cessation of unnecessary expenditures, which is intended to influence the government to modify its attitude.

The confederation of chambers of commerce in Mexico City, the central body representing chambers all over the country, has informed the regional confederation of labor in answer to a query that it will oppose the economic boycott and do its utmost to promote the commerce and remain aloof from the religious controversy. The confederation of chambers of industry, a similar organization, says it will co-operate in any movement seeking to protect the industry.

The department of the interior denies that Secretary Tejada and Bishop Diaz, Secretary of the Episcopate, conferred for a settlement of the religious question, or in regard to a conciliation conference as reported. The statement says the government was forced to issue the religious regulation because the Catholic clergy refused to obey the constitution.

The day upon which the regulations became effective, it adds will become a glorious anniversary as Mexican Independence Day, because it will mark the people's liberty from those "who in the name of divinity conspire and transgress the law constantly in order to reach more power and richness."

"The clerical opposition can do nothing against the elevated and wide cultural program of the executive. The Mexican people are receiving with applause and satisfaction the government enforcement of the law."

With exception of a few minor outbreaks at Ciudad Guzman, and the Torreon and Ira Puato, which were easily quelled by the police the statement said, the churches all over the nation had been transferred quietly to the municipal citizens and committees.

The statement characterized President Calles' program as "the appearance of a magnificent new developing throughout the world which will destroy to the last doubt of the conservative classes against justice and progress."

TWO INJURED IN WRECK OF FAST TRAIN

Auburn, Maine, Aug. 4.—(AP)—One passenger and a mail clerk were injured early today when the Bar Harbor express from Washington and New York was derailed a short distance east of the local station on the main Central railroad.

All nine cars left the rail but remained upright, except for a combination mail and baggage car which tipped over a 25-foot embankment. Mail clerk H. W. Foote, of Canton, sustained a broken nose, and Mrs. Paul Mitchell, of Harrington, Maine, received minor injuries to one leg. The other passengers continued their journey in a special train. The accident is thought to have been caused by a broken brake rigging.

THE GREATEST INDUSTRY OF THIS SECTION

Pitt county growers are busy putting away their crops. Next month the tobacco market will open.

And with the opening there will be a change in the general appearance of the entire city. Everybody will get busy, and they will not let up in their activities until after the holidays.

The tobacco industry means much to Greenville and Pitt county. It means much to virtually every county in the eastern part of the state, but more particularly to the counties adjoining Pitt, Lenoir and Edgecombe.

It is in this section that the finest bright leaf is produced. It is in this section that the greatest volume of bright leaf is produced. And as a consequence, it is in this section that the largest amount of money is cut loose during the fall and winter months.

The opening of the tobacco markets means the beginning of a continued flow of gold. This will find its way into the pockets of everybody. Not only the farmer realizes the effect of his labor, but every man, woman and child depending upon various activities of the community for a livelihood, will get a share of the harvest.

The crop this year apparently is all that could be expected. Production may be short to some extent, but it will not be noticeable in this immediate section. Greenville warehousemen are preparing for one of the greatest seasons in years. The entire market is doing everything to give the grower better accommodations and quicker service.

Greenville has always been one of the best markets in the country. Today it bears the reputation of being the second largest bright leaf market in the world. This is an honor everyone shares in. They share in it for the simple reason that they are interested in the development of Pitt county and Pitt county people.

To make the season everything expected, everyone must get together and pull together. This pulling together is one of the most essential factors to the business expansion of any community. The greatest manufacturing centers of the world were created through a desire of the people to make them so. If we would

have Greenville the greatest tobacco market in the world we should see that the future witnesses concerted action on the part of everyone.

IS CRIME INCREASING IN UNITED STATES?

The wave of crime sweeping over the county is deplored by members of the pulpit and press.

Some attribute the change to the fact that the world is growing worse. Others believe public morals are more corrupt than ever before. And others say it is the after effect of the war.

Either conclusion may be partly correct in one sense of the word. But it is believed by those best informed that the apparent increase in crime comes about more directly through publicity given by the newspapers.

The nation is more completely covered by newspaper writers than ever before. Every incident of any importance finds its way on the wires. And when it gets on the wires it finds its way to all parts of the country. Great news gathering agencies have representatives in every town and city in all parts of the country. No section is isolated any longer. We are connected by an endless chain of wires continuously humming with intelligence of what the other part of the country is doing.

This paper, like thousands of others in the United States, receives its telegraph service all through the day. We get news from parts of the country today it would have been impossible to reach a few years ago. We get news of minor happenings that would have received only passing notice a few years ago.

The fact is, the people of the United States are getting better newspaper service than any other nation of the world. Every newspaper man is "on his toes" for a good break. And there is nothing in the world affording a better "break" than acts of physical violence. This kind of news has the strongest appeal to the majority of readers. They simply must have it as a morsel for breakfast, dinner and supper. And thousands of trained writers in all parts of the world are straining every nerve to give it to them while it is hot.

We may not be quite as good morally as we used to be, but the fact that we are hearing of more crime is no reason that we are more criminally inclined. When we remember that the population of this country has increased from sixty millions to one hundred and ten millions of souls since the Civil War, it is remarkable that we have been able to preserve our equilibrium as we have done.

ENGLISH LANGUAGE PLAYS TO BE GIVEN IN PARIS. Paris, Aug. 4. - (INS) - A permanent English language theatre has been founded by two enterprising English actors Edward Stirling and Frank Reynolds. They inaugurated in 1922 a season of drama and comedy in English which they have repeated several times since then.

It is proposed to produce at this theatre the plays of several French authors for "try outs" which if successful will be later put on the boards in New York or London. In addition to the troupe which will play in Paris, there will be two others, one which will tour the important cities of England and Scotland and the other, the resort centers of the Riviera, the Channel, Switzerland, Holland and Egypt.

FOREIGN PATENT NO PROTECTION IN FREE STATE

Irish Court Rules No Validity Attaches to Any Outside Grant; Decision Called Important As Affecting Interests of Many Countries

Dublin, Aug. 4. - (INS) - A judicial decision of great importance to the entire world has just been given by Judge Meredith in the high courts.

He has decided that no outside patent rights have any validity in the Irish Free State. The judgment arose in the case of the British Thompson-Houston Company against Litton and Company in which the plaintiffs sought an injunction against Litton's making and selling articles in infringement of their patents.

The judge ruled that patents under the seal of the British Patent Office could not now confer the privileges in question in respect of territory of the Irish Free State. A power to grant such privileges, he maintained, would be inconsistent with the status of the Irish Free State. Commenting on this decision, Capt. G. Drury Coleman, secretary of the Institute of Patentees, said that the decision meant that no patents in the world had any protection under the Irish Free State. A bill providing for the legalization of British patents, was introduced into the Dail Eirann as a Governmental measure last year, but owing to the number of amendments offered the bill was dropped and there was no present likelihood of a fresh bill being substituted.

There is no protection either for British or foreign patentees under the International agreement, added Captain Coleman, and their position is hazardous. But the matter will not be allowed to stand where it is. Were it to remain unquestioned, it would represent an appalling loss both to British and foreign patentees.

The trouble does not affect the North of Ireland, which comes under the British Patent Office, and the holders of patents in that territory enjoy the same protection as before.

DECEASED IS A 'GRADED' BODY IN THIS CEMETERY

Folkstone, Eng., Aug. 4. - (AP) - Folkstone's new cemetery is to have first, second and third class graves.

The question whether the graves should be graded has been agitating residents here for months, and the controversy was finally settled by the town council which adopted a resolution in favor of the grading system.

K. A. Pittman, of Ayden, was in Greenville this morning.

T. E. Parker, of Bell's Cross Roads, spent the day in Greenville.

Mrs. S. J. Everett has returned from Raleigh where she attended the annual meeting of the board of trustees of Meredith College.

Z. V. Bunting, of Bethel, was in the city a short while this morning.

H. S. Ragsdale left yesterday for Hahai, Ga., where he will be on the tobacco market.

Miss Elizabeth Warren, of Washington was here today.

Mrs. Evans, of Rowland, who has been visiting her daughters, Mrs. Lindsay Savage, has returned to her home.

Mrs. W. W. Pittman, of Jacksonville, Fla., who has been visiting friends here, left this morning for Timmonsville, S. C.

Mrs. Nannie E. Tucker, of Winterville, was here today.

Wayland Hart has returned from a week-end visit to Calvin Gorman at Buckroe Beach, Va.

Mrs. J. R. Hodges and sons left this morning for Crystal Hill, Va.

Little Miss Marion Wilson left Monday for a visit in Washington, D. C.

Mr. and Mrs. R. R. Fleming, of Pictious, were here yesterday.

Mrs. Henry Wooten, two children and nurse, of Greensboro, have been visiting Mrs. Lon Nob-

les, and left this morning for Greensboro.

Mrs. P. G. Luper and children, and Mrs. F. R. Elmore spent yesterday and today in Mount Olive.

**TWO DEEDS OF TRANSFER FILED SINCE YESTERDAY**

The following deeds of transfer have been filed in the office of the register of deeds for registration since the report of yesterday afternoon:

W. H. Dail and wife to R. L. Harris, one lot in Greenville Heights, consideration, \$200.

J. M. and W. L. Harrington to J. C. Youngblood, one lot in College View, consideration, \$2,500.

**BREWER ACTING AS CHIEF OF POLICE**

W. L. Brewer, assistant chief of police of Greenville, will act in the capacity of chief of the department during the absence of Chief Lester Jones, who is on a fifteen day encampment with the local unit of North Carolina National Guards.

**MARGARET O'BRIAN ON THE SICK LIST**

The many friends of Margaret O'Brian, little daughter of Rev. and Mrs. L. R. O'Brian, will regret to learn that she is suffering from a slight indisposition.

**CHICOD MAN HURT WHILE SAWING WOOD**

Elliott Porter, white man of Chicod township, suffered internal injuries yesterday afternoon, when a piece of slab which was sawing with a Fordson tractor outfit, flew back and hit him in the chest.

The extent of his injuries could not be determined at the time but the physician in attendance a short time later, expressed the opinion that they were of a serious nature.

**TEST FARM PICNIC ON SEPTEMBER 2ND**

The annual picnic of the Edgecombe Test Farm, Tarboro, will be held September 2nd, according to announcement today. The date was postponed in order to give tobacco growers a chance of attending.

**PRAYER MEETING AT CHRISTIAN CHURCH**

Prayer meeting in the Christian church tonight at 8 o'clock. The public is cordially invited to attend.

**NEGRO BOY DROWNED NEAR GRIMESLAND**

The body of Erastus Hall, 17 year old negro, who was drowned in the river near Grimesland on Sunday afternoon, was recovered today. Coroner S. G. Wilkerson went to Grimesland today to hold an inquest but found it unnecessary. Hall resided on the J. L. Williams farm.

**T. E. L. CLASS MEMORIAL BAPTIST TO ENTERTAIN AT COUNTRY CLUB THURSDAY**

The T. E. L. Class of the Memorial Baptist church will entertain the members of Mrs. Spillman's class Thursday afternoon at four o'clock at the country club. Members of both classes who have no way to go will meet at the church at 4:45 o'clock, where cars will be provided.

**BRIDGE LUNCHEON AND LINEN SHOWER IN HONOR OF MISS BURNETTE**

Miss Dovie Burnette was guest of honor at a bridge luncheon and linen shower, when Miss Elizabeth Harrington entertained yesterday morning at her home on Fourth street. The home was profusely decorated with cut flowers and potted plants. Five tables were arranged on the porch for the game.

After a number of interesting progressions, the hostess presented Miss Burnette with a lovely basket decorated with pink roses which contained a linen shower.

High score was made by Miss Rhubelle Evans, who was given an antique bracelet. Low score prize, perfume, went to Miss Annie Rowe House.

The out-of-town guests, Miss Annie Rowe House, and Miss Elizabeth Johnson, guests of Miss Mary Lee Pittman, Miss Violette Wright, guest of Miss Mary Wright, and Mrs. McCauley, guest of Miss Dovie Burnette, were remembered with attractive powder puffs.

Miss Burnette, the honoree, was given an embroidered towel

**WHIPPET RACES POPULAR**

St. Louis, Aug. 4.—(AP)—Probably no form of sport in this section of the country at the present time is meeting with a more enthusiastic reception than that of Whippet racing—speed tests of the thoroughbred greyhounds.

Run over a tank track at a large open air stadium here, the races are attracting upwards 10,000 fans nightly. The certificate system of betting is used, and large sums of money change hands on each event.

The best dog flesh of the world is represented in the competing kennels.

**BOASTING EARS FREE TO SPANISH WAR VETS**

Des Moines, Aug. 4.—(AP)—Giant roasting ears, fresh from Iowa's famous corn fields will be served free at downtown booths to delegates to the 28th national encampment of Spanish-American War Veterans, Aug. 15 to 19.

The ears will be cooked, kept hot and served by Iowa girls at the service stands. Butter, also a famous Iowa product, will be added to the free list. Service booths will be decorated with a profusion of green stalks and golden ears.

**DANCE AT GREEN WREATH PARK**

Remember the Tacky Dance at Green Wreath Park, Thursday night. Something different. Three prizes given. This is the biggest dance of the season. A good time awaits you. 3-2t

**TRY OUR WANT ADS**

**BILL LANGLEY RAISES MELONS AS AN AVOCATION**

Bill Langley, young farmer of Greenville, who raises tobacco as a vocation and produces cantaloupes and watermelons as an avocation, brought a "sample" to the news editor of the Reflector this morning. It was fine. The scribe expressed hope that Bill would call again before next season. The business of testing samples is a pleasurable one.

**JARVIS MEMORIAL CHURCH PICNICKING AT PUBLIC LANDING TODAY**

Members of the Jarvis Memorial Methodist Sunday school are enjoying their annual picnic at Public Landing, near Washington, today. Cars loaded with the picnickers left the church this morning. Many of them will remain until late in the afternoon.

**Larceny Case In the City Court This Morning**

Clifton Jacobs, young Greenville negro, charged with larceny, was remanded to jail in default of \$300 bond by Mayor Pro-tem John Ivey Smith in this morning's session of city court.

Jacobs was charged with entering the home of George James and taking a sum of money estimated at about \$17.00. This was his second appearance on a charge of theft. He will be given final hearing at the next term of county court.

James Knight, colored, charged with obtaining board from one George Shelton Grimes, without making proper settlement, was released pending decision of the court.

One other case was dismissed by the court.

**WOMAN SURPRISES HER FRIENDS**

"After a spell of Typhoid Fever 7 years ago I began to suffer from indigestion and gas in my stomach and colic attacks. This gradually became so bad that my doctor advised an operation for gall stones. A friend advised me to try Mayr's which I did with splendid results. My friends were astonished at my rapid improvement. I have no more bloating and can eat anything I wish. It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract, and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. Sold by all leading druggists.

**RESTRICTIONS IN OPERATIONS DID NOT SPREAD IN DISTRICT**

Raleigh, Aug. 4.—(AP)—"Restrictions in operating time at textile mills in the Fifth District did not spread further during June, if cotton consumption during that month is indicative of the rate of operations," says the Fifth Federal Reserve Bank, in the current issue of its Monthly Review.

"Cotton consumed in the three textile manufacturing states of the district during June this year totalled 212,398 bales, of which North Carolina mills used 117,256 bales, South Carolina mills 85,476 bales and Virginia mills, 9,666 bales. In the larger month of May the Fifth District mills consumed 209,204 bales and in June, 1925, used 197,998 bales.

# Daily News Letter

Gossip of Staff Correspondents at World Centers of Population.

Hollywood, Cal., Aug. 4.—(INS)—Mothers, don't send your aspiring daughters to Hollywood to 'break into' the movies unless they are physically and financially equipped to weather 'hard going' for several months.

That was the message William Beaudine, past president of the Motion Picture Directors' Association, delivered to a California women's club recently.

Although the extra ranks are now greater than the demand at the various studios, it is apparent that Hollywood is about to be deluged with superfluous talent and near-talent. If your daughter wants to go to Hollywood, try first to talk her out of it. If you aren't successful in this effort see that she has enough money to carry through several months before you let her leave home.

If Gunboat Smith, well-known pugilist of several years ago, attempts to beautify himself he will automatically be out of a job in the movies.

Smith, who has a flattened nose, cauliflower ears and a jaw somewhat out of alignment, recently signed up with Famous Players-Lasky corporation. Under the terms of his contract he must preserve for the films his unique and individual features and appearance.

Gunboat, who received his unique features in bouts with Jess Willard, Battling Levinsky, Frank Moran, Jack Burns, etc., merely grunted as he read over the contract.

They won't ever make me any doll baby he said as he signed the contract with a flourish.

Giovanni Martinelli, Marion Talley and Anna Case, stars of the Metropolitan Opera Co., have been signed by Warners Brothers Film Corporation.

The opera stars, however, will not act in the films, but will sing for the Vitaphone, a device controlled by the Warners. The Vitaphone synchronizes a complete musical score with the feature picture.

A new system of judging baseball umpires has been advanced by Marty Krug, manager of the Los Angeles club of the Pacific coast League.

Krug suggests that the president of the league should get opinions from the eight managers in the league regarding the ability of the various umpires, and, in addition, twelve players in the circuit, of calm judgment, should also be asked their verdict.

You can't judge an umpire from the grandstand, Krug declared.

The receivership management of the Elk Hill naval reserve oil land, linked with Teapot Dome in the famous Doheny-Fall-Sinclair triangle, is progressing satisfactorily, it was indicated by the last monthly report. The report, made

## MY DEAR, USE POSLAM FOR THOSE PIMPLES

It will often clear them away in 24 hours, because it is the most concentrated of skin remedies. Yet its medication is so gentle that it cannot irritate the tenderest skin. If you want a clear, unblemished complexion get Poslam. (50c at your druggist) TODAY.

To Retain Your Youthful Beauty We recommend the daily use of

Old Folk's Best Friend

That's what many call it, for it puts vim and vigor into old stomachs; rich, red blood into old veins; sound flesh on old bones. Drink a glass of this delicious digestant with each meal.

## Shivar Ale

Pure Digestive Aromatics With Shivar Mineral Water & Ginger

Buy shares in our 43d Series. Opens Saturday, August 7th. Home B. & L. Association. 2-51

to Judge McCormick showed that a grand total of receipts from the sale of crude oil, gasoline and natural gas for the month amounted to \$430,194.50.

Due to unsettled weather conditions in Ireland and England, Marshall Neilan, well-known film director, has abandoned plans to shoot two pictures in the British Isles. Instead, he will stay in Los Angeles and direct Betty Bronson, the 'Peter Pan Girl' in an original story written by him.

The motion picture outdoor sets are getting more and more elaborate. Not content with establishing a real town in the midst of the trackless Nevada desert, the Samuel Goldwyn company producing 'The Winning of Barbara Worth,' publishes a weekly newspaper, Vilma Ranky and Ronald Colman are the nominal editors.

## CHARLESTON GETS O. K. OF RANCING MASTER WHO ADMITS IT'S RIDICULOUS

New York, Aug. 4.—(INS)—The Charleston is an expression of animal spirits. The young folk of this generation are high-spirited and want to hop. It is excellent exercise and city folk need it. It is innocent as a newborn babe.

Wholesome as the antics of a kitten. Childish as skipping the rope. Joyous as a dance around the Christmas tree.

Has less sex in it than a game of London Bridge. It is a bit ridiculous but makes the dancer look gay and happy, declared Adolph Newberger, 64-year-old dean of dancing teachers.

Thompsonville, Conn., Aug. 3. (AP)—A turtle ambling through the underbrush on the farm of William McCracken, was recognized as the same one which had been a free tenant for the last hundred years.

Mr. McCracken first saw the turtle fifty-two years ago and noted on its shell "NW" and "1815". Records showed that a Mr. Wardwell had lived on the farm in 1815. The turtle is thought to be about 150 years old.

Paintings, art objects and specimens of the work of Italian artists at the richest periods of history will grace the interior of the structure. The building proper, erected and financed by American architects and builders of Italian extraction, will be pure Italian in

form, with a Florentine loge. The cost has been estimated at \$300,000.

All corners of the world will be sent, for gifts have been promised from persons wherever there are Italians.

King Victor Emmanuel heads the list of contributors with two paintings.

The dedication exercises in the hall will take the form of commemorating Saint Francis, the Friar of Assisi, whose order, the Franciscans, was established in Italy and became responsible for much of the artistic progress of the country.

Initiation fees and annual dues of the first fifty-eight members were \$1 apiece. At present a membership is worth well up into the thousands of dollars. Stock and bond issues that run far into the millions, and which only a decade or so ago were entirely placed east of the Alleghenies, are now for the most part sold here.

Her husband assisted her to freedom. No other damage was reported from this torn in this section.

Queen Marie will visit United States this fall, accompanied by Princess.

Bucharest, Aug. 4.—(INS)—Queen Marie's often postponed visit to the United States will be made this autumn. The American secretary of the Queen has announced that she, accompanied by her only unmarried daughter, the Princess Iliana, will sail about September 8 for New York.

The royal visitor's plan after that are indefinite but it is announced that eventually she will travel as far as Seattle, to visit at the estate of an American friend, Mr. Hill. The trip will probably last only two months as it is necessary for her to return to Roumania before Christmas. Two ladies-in-waiting and a military adjutant will accompany the Queen.

Roumanian papers, so far as they may, have suggested a husband for the beautiful young Princess may be found in America, because of the scarcity of royal or near royal candidates near home. The real object of the visit is understood to be that it will counteract many stories as to the condition of Roumania and the royal family in particular, which have appeared.

Missouri druggists fight bootleggers.

Kansas City, Mo., Aug. 4.—(INS)—A new prohibition menace has cropped out in Kansas City and steps are being taken by the Druggists' Retail Association to combat it.

Bootlegging druggists, who also dispense drugs without having a licensed pharmacist to oversee the compounding of a very real menace to the health of the people, according to officials of the Association, who have sponsored a drive to clean up all the bootlegging dispensers of medical compounds.

Due to the fact that medicinal liquor is permitted in Missouri, and due to the fact that druggists are permitted alcohol to put in their various tonics, there are hundreds of charlatans who run drug stores as mere blind pigs and one of the druggists in announcing that a special drive

would be undertaken soon to weed out these blind.

An appeal has been made by the Druggists Association to Governor Baker, and the state board of pharmacy, for protection against the druggist bootleggers.

Experts to settle Gov. Small's debt.

Springfield, Ill., Aug. 4.—(INS)—What amount, if any, Governor Len Small of Illinois owes to the state treasury for unpaid interest on state bonds, will be determined before Master in Chancery Charles Brigle starting September 1.

## MARKET REPORT

(By C. A. White & Co.)

Wheat Close Sept. 139 1-4 to 3-8; Dec. 143 5-8 to 3-4; May 146 1-2.

Corn Close Sept. 84 7-8 to 85; Dec. 88 1-4 to 3-8; May 85 3-4.

Oat Close Sept. 42 1-8; Dec. 45 to 45 1-8; May 48 3-4.

Rye Close Sept. 103 3-8 to 1-2; Dec. 101 1-2 to 3-4.

Luxury car for hunting built for Maharajah is of polished aluminum.

Bombay, Aug. 4.—(INS)—The last word in luxury cars for hunting purposes has just been received in India.

It has been completed to the order of the Maharajah of Bharatpur and is a remarkable four-seater enclosed car styled a 'howdah saloon.'

Mounted on a 20 h. p. Rolls-Royce chassis, the body is of the four door type and the whole of the finish, including the bonnet, wings and valances is of polished aluminum.

So that it can be suitable for hunting tigers the fore part of the roof is made to slide. This permits the owner to stand on the seat and shoot at the game through the roof. The front seats are of the 'fly up' variety, so that quick exit or entry can be made.

Mounted on the boot is a detachable double dicker seat for carrying two attendants, who face the rear.

Very powerful lamps are used. A powerful searchlight is mounted on a standard just off the wind screen on the outside, and there are also two powerful lamps facing the rear, one on each side of the back mudguards.

Venezelos may return to politics in Greece.

Athens, Aug. 4.—(INS)—The possibility of M. Venezelos, the war premier of Greece, returning to his native country and again taking part in its political life has been suggested by several newspapers as the result of prolonged conversations between General Pangalos and the son of M. Venezelos who returned to Greece to call on the army leader.

There are several groups of politicians who would oppose including M. Venezelos in any government although there probably would be no opposition to allowing him to return. The influence of the wartime statesman in the chancelleries of Europe would be a strong support for the present government especially in helping them to float much needed loans.

Vienna forms company to make moving pictures.

Vienna, Aug. 4.—(INS)—The first Austrian moving picture is being made. A group of Viennese recently organized a company which has started work on a war picture, using some of the best theatrical talent in the country.

Several films have been made in Austria but all by German, French or Italian companies.

Ohio valley's world war history to be told by photos sent to museum.

Cincinnati, Aug. 4.—(INS)—To the posterity of ages to come the world war history of this section of the Ohio valley is to be given in photograph.

More than a thousand prints from negatives taken by Felix J. Kock, internationally known technical writer, will be sent to Herbert Hoover's war museum at Leeland Stanford University, Calif.

History in the future will not be for the student a mumbbling of musty dates and statistics of battle. It will rather be a visioning of the peoples behind the lines for whom the war was fought.

Photographs will tell the stories of the way the war looked back home and of the manner in which the home folks reacted, he said.

His statement indicates briefly the nature of this photographic history of the Ohio valley, which with similar material from all the world will go to make up the Hoover museum.

There are pictures of German literary societies staging benefit performances for their stricken relatives across the sea, during the early days of the war. Photos depict the flaming searchheads of newspaper broadcasting the declarations of war.

And later are shown these same people, storming the streets in Liberty loan drives; crying down with the Kaiser.

Build a product that the world needs, better than the world expects, and mounting sales will answer those who are constantly predicting a saturated market.

During the first six months of this year, for instance, Dodge Brothers sold 207,115 motor cars and trucks. This represents a gain of 49.3 per cent over the first six months of 1925, and continues Dodge Brothers in the enviable position of THIRD IN THE INDUSTRY.

For the three weeks ending July 17th, 23,800 motor cars and trucks were delivered to customers—an increase of 62.4 per cent over the same period last year, and impressive evidence that Dodge Brothers great sales gain is continuing through the quiet weeks of mid-summer.

There may be a saturation point for mediocrity, but honest value will always command a great and ever expanding market.

## TURTLE DATED 1815

Thompsonville, Conn., Aug. 3. (AP)—A turtle ambling through the underbrush on the farm of William McCracken, was recognized as the same one which had been a free tenant for the last hundred years.

Mr. McCracken first saw the turtle fifty-two years ago and noted on its shell "NW" and "1815". Records showed that a Mr. Wardwell had lived on the farm in 1815. The turtle is thought to be about 150 years old.

Paintings, art objects and specimens of the work of Italian artists at the richest periods of history will grace the interior of the structure. The building proper, erected and financed by American architects and builders of Italian extraction, will be pure Italian in

form, with a Florentine loge. The cost has been estimated at \$300,000.

All corners of the world will be sent, for gifts have been promised from persons wherever there are Italians.

King Victor Emmanuel heads the list of contributors with two paintings.

The dedication exercises in the hall will take the form of commemorating Saint Francis, the Friar of Assisi, whose order, the Franciscans, was established in Italy and became responsible for much of the artistic progress of the country.

Initiation fees and annual dues of the first fifty-eight members were \$1 apiece. At present a membership is worth well up into the thousands of dollars. Stock and bond issues that run far into the millions, and which only a decade or so ago were entirely placed east of the Alleghenies, are now for the most part sold here.

Her husband assisted her to freedom. No other damage was reported from this torn in this section.

Queen Marie will visit United States this fall, accompanied by Princess.

Bucharest, Aug. 4.—(INS)—Queen Marie's often postponed visit to the United States will be made this autumn. The American secretary of the Queen has announced that she, accompanied by her only unmarried daughter, the Princess Iliana, will sail about September 8 for New York.

The royal visitor's plan after that are indefinite but it is announced that eventually she will travel as far as Seattle, to visit at the estate of an American friend, Mr. Hill. The trip will probably last only two months as it is necessary for her to return to Roumania before Christmas. Two ladies-in-waiting and a military adjutant will accompany the Queen.

Roumanian papers, so far as they may, have suggested a husband for the beautiful young Princess may be found in America, because of the scarcity of royal or near royal candidates near home. The real object of the visit is understood to be that it will counteract many stories as to the condition of Roumania and the royal family in particular, which have appeared.

Missouri druggists fight bootleggers.

Kansas City, Mo., Aug. 4.—(INS)—A new prohibition menace has cropped out in Kansas City and steps are being taken by the Druggists' Retail Association to combat it.

Bootlegging druggists, who also dispense drugs without having a licensed pharmacist to oversee the compounding of a very real menace to the health of the people, according to officials of the Association, who have sponsored a drive to clean up all the bootlegging dispensers of medical compounds.

Due to the fact that medicinal liquor is permitted in Missouri, and due to the fact that druggists are permitted alcohol to put in their various tonics, there are hundreds of charlatans who run drug stores as mere blind pigs and one of the druggists in announcing that a special drive

would be undertaken soon to weed out these blind.

An appeal has been made by the Druggists Association to Governor Baker, and the state board of pharmacy, for protection against the druggist bootleggers.

Experts to settle Gov. Small's debt.

Springfield, Ill., Aug. 4.—(INS)—What amount, if any, Governor Len Small of Illinois owes to the state treasury for unpaid interest on state bonds, will be determined before Master in Chancery Charles Brigle starting September 1.
