## YOUTH IN CUSTODY FIGHT AGAINST IS BELIEVED TO BE VARE AND SMITH ERDMAN OLSON STARTED TODAY

## Arrested in Georgia Resolution Introduced As Suspect in Wisconsin Mystery Murder Case. Seeking Disqualification Smith and Vase.

Prarie Du Chien, Wis., Dec. 9. (INS)—Authorities today believed the suspect held in Alma, Ga., was "just another" false alarm when descriptions revealed the man had sandy hair, parted on one side. Olson's hair is brown parted in the middle.

Alma, Ga., Dec. 9. (INS)—The youth arrested here on suspicion that he may be Erdman Olson, wanted in Prarie Du Chien for the murder of Clara Olson, will be held until some definite word is received from Wisconsin authorities. Sheriff Walter Johnson said today.

Johnson has sent photographs of the youth who gives the name of John Pittman to Prarie Du Chien, and he is awaiting further instructions. Pending these the youth will be held on a blanket charge.

The Olson suspect declares he is a native of Baltimore, and worked for a time in a Miami, Fla., restaurant. He was arrested near here. Pittman denies ever having been in Wisconsin.

Pittman admitted having served a prison term in Worcester County, New York.

The general description of Olson fits the suspect, except the latter has sandy hair parted on the side, while Olson is said to have dark hair usually parted in the middle. The suspect has a scar over the left eye, the same as Olson.

Washington, Dec. 9. (INS)—The much discussed Democratic fight to prevent William S. Vare, of Penn., and Frank L. Smith, of Ill., from ever taking their seats in the Senate was launched this afternoon when Senator Dill, Democrat of Washington, introduced resolutions which would disqualify them as senators because of their primary campaign expenditures.

Dill's move came without warning and surprised Republican leaders who had anticipated no such action until after the eventful Congress has convened.

The resolutions were separately introduced but similar purpose Dill demanded that the Senate close its doors in the face of Mr. Vare, and urged adoption of his resolution, which would deny the Pennsylvania even the right to present his credentials. Dill laid on the table a similar procedure under a majority vote called up at any time in the Senate.

## CORONERS JURY IN FORSYTHE KILLING IN SESSION TODAY

## Secretary Surrounded Today's Session, But Waring Says Making Progress.

## MURDER CASE TO REACH THE JURY THIS AFTERNOON

## State Asks Second Degree Against Durham County Man For Slaying Father.

Raleigh, Dec. 9. (INS)—A coroner's jury convened here today for the fifth time in two weeks with the avowed intention of writing "facts" to the three weeks old investigation of the murder of L. G. (Mighty) Forsythe, picturesque rum ring head.

Ten witnesses, whose names were not divulged by Coroner Waring, have been subpoenaed to testify today. It was expected that Robert Sparks, held on a charge of murder in connection with Forsythe's death, would testify before the jury.

The investigation of the now sensational Forsythe case was expected to reach a climax during the session, and what new evidence, if any, that has been unearthed in the past week, was expected to be brought out. Coroner L. M. Waring threw a veil of secrecy around the proceedings a week ago.

The jury adjourned for lunch until 1 p. m. The jurymen were sworn to secrecy, and newspaper men were barred from the hearing.

After the recess Coroner Waring said that "some progress has been made" but that "nothing will be given out until the inquest is adjourned."

He said the hearing probably would be concluded late this afternoon.

The jury convened this morning without the presence of Robert Stephenson, fourth man wanted in connection with the case. A two weeks search for Stephenson has proven fruitless.

## Eleventh Hour Clemency is All That Can Save Stanly County Slayer.

Raleigh, Dec. 9. (INS)—The fate of John Gray, aged Stanley county slayer, hung in the balance this afternoon.

Unless eleventh-hour clemency is granted the slayer of "Dad" Watkins, Gray will die in the electric chair here tomorrow morning.

Governor McLean and Pardon Commissioner H. Hoyle Sink will confer within the next few hours and review the case.

Relatives and friends of the condemned man have appeared before Governor McLean and made a final effort to save the Stanley slayer.

A bulky petition expressing the desire of "hundreds of Stanly county citizens" that Gray be spared, was presented the Governor.

Gray was convicted of the murder of "Dad" Watkins in October 1925. The crime was one of the most atrocious on North Carolina criminal annals. The victim, after being robbed, was dismembered and cremated.

Gray lost an appeal to the Supreme court last month.

## Convention In Raleigh Discusses School Problems

Raleigh, Dec. 9. (INS)—The annual conference of Southern school superintendents, meeting here in a three day session, today developed into a general session of education problems.

A. T. Allen, North Carolina superintendent of education, and Dr. E. C. Brooks, president of State College, were among the speakers at this morning's session.

Yesterday the state superintendents visited schools in surrounding counties. The conference will end tomorrow with a business session and the selection of the next meeting place.

## SHOOTS MAN WHEN HE GETS FRESH

Huntsville, Ala., Dec. 9. (INS)—Because he is alleged to have attempted to get fresh with Mrs. Geo. Williams, wife of a farmer, Edward Lanford, tenant farmer, is in a hospital in a serious condition with two bullet wounds in the head and another in the breast.

Mrs. Williams, who was released under \$1,000 bond, declared that she shot Lanford when he came to her home during Williams' absence and to get fresh. Williams said he would swear out a warrant charging Lanford with attempted criminal assault.

This settles the question that an cruel tariff is keeping Europe from getting on its feet.

Anyhow President Coolidge, born in Vermont, raised in Mississippi, and moved to Washington, realizes that he is paid to worry about this country, letting

## CONVENTION AT CHRISTIAN CHURCH BE HELD FRIDAY

The sessions of the 46th annual convention to be held at the Eighth Street Church of Christ tomorrow (Friday) will begin at 10 a. m. Dr. W. R. Holder will be the Team Leader. Other speakers are Dr. E. I. Osgood, returned missionary of China, Rev. E. B. Owick, at Atlanta, Ga., Regional Education, Specialist; Mrs. C. N. Downey, head representative of the Woman's Missionary Society; President H. L. Hilvey, of Atlantic Christian College, and other ministers of this section of the state.

The general theme of the convention will be "Stewardship."

The night service, beginning at 7:30, Dr. Osgood will show pictures with stereopticon and deliver a lecture.

All members of the church are urged to come and others are invited.

A banquet will be served at 6 p. m. The men of the church are especially urged to attend any and all sessions.

## MISSING BANK CASHIER RETURNS

Memphis, Tenn., Dec. 9. (INS)—Rush H. Parke, cashier of the American Savings Bank and Trust Company, who disappeared with a shortage of \$105,000, has surrendered to police and is in jail today, awaiting hearing.

Parke made a complete confession. His disappearance had been reported to the police by the assistant cashier of the bank whose shortage of \$370,000 was said to cover that of Parke's.

"I did not get any of the money for my own use," Parke declared, "informed that Honnebeck was mainly responsible for the disappearance of the money, I gave its doors. A result of the school children may have been their Christmas savings this year."

Parke declared he had been hiding in New Orleans since his disappearance.

Abe Pough, president of the Plough Chemical Company, and son-in-law of Harry Cohn, president of the American Savings Bank and Trust Company which closed Tuesday, will advance \$25,000 to Christmas savings depositors who will not otherwise get their money before Christmas.

## Offers Summer White House In South Dakota

Washington, Dec. 9. (INS)—An 80,000 acre tract of land in the Black Hills of South Dakota, and a lodge containing eighty rooms, were offered today to President Coolidge as a site for next summer White House.

A delegation of South Dakota, headed by Senator McMASTER and W. C. East, of the State Chamber of Commerce, called at the White House and proffered the estate which is known as Custer Park, and lies about 30 miles from Rapid City.

The President is interested in it, but did not commit himself.

## Nearly Five Billion In Circulation For Christmas Shopping

Washington, Dec. 9. (INS)—The Christmas shopping period will amount to \$4,919,217,000 in circulation, in United States, the Treasury announced today.

Money circulated is somewhat less than last year when the total was \$4,735,000,000, on this December.

Total money stock of the country including that held by government and Federal Reserve banks was \$8,485,116,000 on December 1, a gain of \$110,000,000 from the same date last year.

The Treasury estimated the population December 1 at 132,114,000, an increase of 1,419,000 in the year.

Francisco, Ind., Dec. 9. (INS)—Thirty-four of the 69 men entombed in a dust explosion at the Francisco Coal Manufacturing Company's mine were rescued up to early this afternoon, and rushed to hospitals and their homes.

The task of bringing out the remaining 35 was progressing slowly because rescue workers were unable to move more than one at a time.

The number of dead has not been determined.

Rescue workers reported seeing motionless bodies near the bottom of the shaft.

The explosion occurred at 6:20 o'clock this morning.

Officials of the Francisco mine notified the Bureau of Mines at Vincennes and Evansville shortly after the explosion and rescue crews were sent to the wrecked mine immediately.

Thirty-four miners, all badly burned, four or five of whom were believed to have been fatally injured, already have been taken out of the wrecked mine, officials said.

The entombed men, officials said, are 236 feet below the surface.

Rescue crews were working frantically in an effort to locate the men and bring them out of the mine.

## HOUSE VOTES TO INCREASE PAY OF CHIEF JUSTICE

Washington, Dec. 9. (INS)—The House today by a vote of 155 to 29, approved an increase in the salary of Chief Justice Taft from \$15,000 to \$20,500 a year. The House also passed, 295 to 29, the bill to increase salaries of federal judges. The measure has been referred to the Senate.

Senators are expected to accept by Chief Justice Taft of an annuity of \$10,000 a year from the estate of Andrew Carnegie, Rep. Rainey, Democrat of Illinois, proposed to split from the \$10,000 salary of the provision to increase in his salary.

Rainey told the House that much of the income of the Carnegie annuity derived from bonds of the United States Steel Corporation. He said a "season of ethics" prepared by Taft in which the Chief Justice declared federal judges should not accept obligations against being placed under obligations to great corporations.

## Gold Production In North Carolina Shows Big Increase

Raleigh, Dec. 9. (INS)—Gold production in North Carolina during 1925 jumped more than 400 per cent over that of the preceding year, the department of conservation and development announced today.

The State's output in 1925 was valued at \$18,500, compared with \$4,500 in 1924. The figures were gathered from a report made today by State Geologist H. Bryson to Wade H. Paine, director of the Department of Conservation and Development.

The report showed that North Carolina produced nearly half of the gold output in the Eastern States in 1925 and almost twice as much as any other State in the section. Georgia was second with \$9,652; Tennessee, \$7,421; Pennsylvania \$4,900; and Virginia \$68.

Only a few mines were active in North Carolina in 1925, but the large increase was due to the opening of the rich gold mine at Eldorado in Montgomery County, the report said.

## Manteo Recovers From Shock of Double Killing

Manteo, Roanoke Island, N. C., Dec. 9. (INS)—This somewhat utopian island, isolated and thinly populated, was returning to normalcy today after the burial of two of its best known citizens, Jordan J. Patterson, 41, and his wife, 36.

Without an ostensible motive Patterson early this week shot and killed his wife with a shotgun, and then turning the other barrel on himself, ended his own life. Six children were made orphans.

The effort was the first violent death in the Banks community for more than a quarter of a century.

## Reveal Plot To Assassinate King of England

Washington, Dec. 9. (INS)—Charges of plots to assassinate King George of England and to inspire revolution against British rule in India were aired today before the Senate immigration committee at a hearing on the Bond resolution proposal to confer American citizenship on 69 Hindus.

The alleged plots were revealed through reading of confidential documents from the files of the War and Justice departments.

income of 1926 which are going to have to pay taxes beginning March 15, 1927. He does not explain how reducing these taxes in 1927 will return any of the money paid for food, shelter and clothing in 1926 to the people who paid for them. The Government under this proposal is to give a rebate to the income tax payers, but there is no suggestion and of course there could be none, that the taxpayers, who on his theory have already collected their tax from the customer, should give a rebate to the consumer. The President's own theory of taxation leads to the inescapable conclusion that the President's plan of tax reduction is inequitable.

## Says New York Can Lose Half Its Population to Smaller Cities.

FREDERICK DARLINGTON

"Owing to the building up of the less congested districts of the United States by superpower, the automobile and other new factors," states Frederick Darlington, assistant vice-president of the Westinghouse Electric and Manufacturing Company, "it would be possible for nearly one-half the population of New York City to be moved out of it; and each year new conditions are still further reducing the necessity for metropolitan concentration."

**AUCTION SALE!**  
**HORSES and MULES**  
 Greenville, N. C., Saturday, Dec. 11  
 One Car Load Sale Begins at 12:30 P. M. One Car Load  
**At Tucker & Clark Stables**  
 I will sell one car load of nice horses and mules for the high dollar. This stock was raised in the Blue Grass region and consists of fine head and as good lot of Horses and Mules as ever offered for sale in your town. They run in ages from 4 to 6 years old, weight 900 to 1400 pounds. All sound and right to work. They have all been through a crop of tobacco last year. Among these Horses and Mules you will find those suitable for farm use or any other kind of service. Also a few Saddle Horses and Shetland Ponies for the children. One extra good pair of big match Mares, would make extra good log team. If you are in need of a Horse or Mule, it would pay to attend this sale, as this stock has been carefully bought; all young, plenty of size, lots of bone and good foot, and properly cared for, will do your work and make you money. Now think this over and be on hand Saturday, December 11th and buy them at your own price, as I sell each and every one regardless of what they bring. Don't forget the place and date. Come and bring your friends and the fairest sale ever held in your town. Remember, this stock is absolutely fresh Kentucky stuff, bought direct from farmers and will not have the stockyard sickness unless put with diseased stock. Remember, everything is guaranteed as represented or no sale. This stock will be in a few days before date of Sale. Come in and look them over and be convinced they are a real good load of useful stock. Don't wait and put off buying your stocks as there is an actual shortage of both Horses and Mules in the United States and they are sure to get extremely high as you know Supply and Demand rules all markets and the farmers could not exist without them.

### A POT OF GOLD

The Congress which listened to the President's message yesterday is not the Congress which was elected last month. It was elected in 1924. It will pass out of existence on March 4 next. In view of the Christmas holidays it has about two months of actual working time. In those two months its principal task is to appropriate money. It will have to vote money to carry on government from July 1, 1927, to June 30, 1928. It will have also to vote money to cover deficiencies in the appropriations for the fiscal year which will end this coming June.

This money comes mainly from taxes on incomes, on corporations, on inheritances and from the tariff tax on goods imported from abroad. These taxes will produce more money than the Government needs. It is now certain that the money collected by June 30 of next year will be several hundred million dollars more than the Government will spend. Nobody knows exactly how much it will be because nobody knows how large the income tax payments to be collected next March 15 and next June 15 will be, not exactly how much the tariff will yield. Every few weeks the Treasury experts make a new guess. Their latest guess is that the surplus will be \$383,000,000.

The main business before Congress is to decide what to do with this surplus. If nothing at all is done about it, it will automatically be applied next July to reducing our national debt. This would mean that \$383,000,000 worth of Liberty bonds would be paid off to the individuals who own them and the proceeds made available for reinvestment in other securities. It would also mean a saving to the Government forever after of the interest on these Liberty bonds. That saving would amount to a permanent saving of about \$15,000,000 a year.

Neither the President nor the Democratic leaders are in favor of using the surplus in this way. The President has changed his mind within the last month, but at the moment he proposes to allow low income tax payers next year to reduce their taxes 15 per cent. It is believed by the Treasury that this would just about use up the surplus if the surplus proves to be what they now guess it will be. The President argues that this will benefit everyone because "everyone who is paying for the bare necessities of food and shelter and clothing, without considering the better things of life, is indirectly paying a national tax."

His theory is that every body who made a purchase in 1926 contributed to the

Even if it were just, it would, in our judgment, be economically unsound. Calculation will show that to 90 per cent of all income tax payers the reduction would be somewhere between \$2 and perhaps \$10. To return such trifling sums to so many people would do them as individuals no particular good but would break up a handsome surplus which the Government could without real burden to anybody devote to reducing the enormous, the expensive national debt. A few dollars returned to the taxpayer would almost certainly be spent. The surplus kept intact and devoted to debt reduction would be national capital saved. The economic argument for keeping the surplus intact seems to us unanswerable.

It is almost certain that if the President and Secretary Mellon were following their best judgment this is what they would advise. Their proposal to use up the surplus in rebates on next year's taxes is fundamentally political in its motive. The President has always found tax reduction good political tactics. That is one animating motive today after the defeats of the November elections. Then too, fearing that Congress is not wise enough to let this money go to debt reduction, the President has seized upon the rebate or credit plan as a counter move to the Democrats and insurgent Republicans.

They too have political plans. One of them is to use the surplus for "permanent tax revision" in the hope that they will get some of the glory. Mr. Coolidge has had so much of. The Democrats want permanent tax reduction now so that the President will not be able to advocate it next year, just before the Presidential elections. They would not so much mind if tax revision this year produced a deficit next year. They would enjoy the spectacle of Mr. Coolidge forced to increase taxes just before 1928. The President, on the other hand, would like to get this year's surplus out of the way, the more quickly the better, before the Democrats seize upon it to manœuvre him into an awkward position for 1928.

These political motives are complicated further by the farm bloc who see in the surplus a splendid fund with which to finance a McNary-Haugen bill and an excellent talking point on which to outwit the President in the conflict over farm relief. For those reasons the surplus will be the focus of all the different factions during this session of Congress. — New York World.

### ANNOUNCE ENGAGEMENT

Mr. and Mrs. William Joshua Turnage announce the engagement of their daughter, Mary Louise, to Mr. James Franklin Ward, of Mt. Airy, N. C.

### DANCE AT THE COUNTRY CLUB

There will be a dance at the Country Club Friday night, Dec. 10th, from 9 to 12 o'clock. Music will be furnished by the Vagabonds. All club members and their guests are cordially invited. Judge and Mrs. Abion Dunn and Mrs. Swanson Graves will be club hosts.

### BANKRUPT SALE TO BEGIN FRIDAY MORNING

Fifteen thousand dollars worth of bankrupt stock will be on sale tomorrow morning in the Bargain Store, between Hill Home and Store and Forbes and Baker. One of the largest assortments of stock ever shown in the city will be thrown on the mercy of the public at amazing prices. The sale begins tomorrow morning. See the Bargain Store's ad in this issue of the Reflector.

### THE KING'S DAUGHTERS TO PLACE CONTAINERS IN PUBLIC PLACES FOR CHRISTMAS CONTRIBUTIONS

The King's Daughters have placed containers in the drug stores and other public places to receive contributions to be used for charity in the community during the Christmas season. All contributions will be gladly received and appreciated by the King's Daughters. They will use the money as usual to help Christmas cheer among the unfortunate of our city and community.

### SENIOR PLAY "SHE STOOPS TO CONQUER"

To Be Given Friday Evening at Coliseum. That fine old drama, "She Stoops to Conquer," by Dr. Oliver Goldsmith, will be given by the senior class in the auditorium of East Carolina Teachers College, Friday evening, December 10, at eight o'clock, admission 50c and 75c. The drama itself is exceedingly interesting, being full of satire, comical mistakes and unexpected turns, and if the seniors are as fine as their former reputation as dramatists, the play will surely be doubly interesting. The cast of characters is as follows: Hardcastle—Gundy Parsons; Heidegger—Louis Robin; Tony Lumpkin—Mrs. Haidegger; Eliza Wheeler Tucker, Kip Hardcastle, Mr. Hardcastle's daughter—Gertrude Mercer; Constance Neville, Mrs. Hardcastle's niece—Mary Holt; Charles Marlow, son of Sir Charles Marlow—Gady; Sir Charles Marlow—Laura Sloan; George Hastings—Laura Sloan; Sir Charles Marlow—Hortense Moring; Servants—Gregory, Lucy Wells, Dick

### AUXILIARY OF PITT COUNTY POST OF AMERICAN LEGION MET IN BETHEL

Mrs. Cecil Garranton was hostess to the Auxiliary to the Pitt County Post of the American Legion, on Wednesday afternoon at her home in Bethel. Fifteen members were present and a new member was added. The president, Mrs. L. H. Bowling, presided. Several matters were brought up, but were postponed for a discussion of the Christmas box for the ward at Otten.

### AUXILIARY ASKS HELP FOR CHRISTMAS BOX

The Auxiliary of the Pitt County Post of the American Legion has adopted a ward at Otten, which has twenty-one sick soldiers on it. They are preparing to send them a box for Christmas. Anyone desiring to help in this worthy cause, will please notify Mrs. L. H. Bowling, president of the Auxiliary. Cash donations will be greatly appreciated.

### BASKET PARTY

There will be a basket party at Frog Level school house Friday night, Dec. 10th. Everybody is extended a cordial invitation to attend and the girls are requested to bring baskets. A good time awaits all.

### THE ROUND TABLE CLUB

On Tuesday, Dec. 7th, the Round Table Club was delightfully entertained at the home of Mrs. R. G. Fitzgerald on Fourth street. Sixteen members and one guest, Mrs. D. D. Overton, were present. The program was preceded by a short discussion and dinner of various business matters, including the annual Christmas party for the Otten soldiers to be held and sent next week. The program consisted of the following: Facts Mrs. White gave us. The program was concluded with "Bright Events," always an interesting feature filled with variety and information for discussion. After a delicious salad course the club adjourned to meet again on December 14th with Mrs. R. L. Smith. Club Reporter

### LITERARY CLUB MEETS

(Reported) The fifth meeting of the club met with Mrs. D. L. Mangum at her lovely new home on Pitt street Tuesday afternoon, December 7th. The meeting was opened with roll call and current events, after which the minutes were read and approved. Next Christmas and Christmas giving was discussed and what the club as a whole should do. No further business, the meeting was turned over to Mrs. W. S. Galloway and Miss Scarborough who were on the program. Mrs. Galloway gave us a sketch of the life and work of Lanier. Miss Scarborough told us in her charming manner, some of the interesting things she did and saw while on a tour in European countries this past summer. After the program a social hour was enjoyed, during which an elegant salad course was served by the hostess and her daughter, Miss Mangum and Miss Frances Norman. The house was prettily decorated to suggest the Christmas season.

## Christmas Pies and Puddings

THE Christmas feast is bound up with hosts of food traditions, gathered up through the centuries, all with association and stories which make them dear to us. None is more universal than that of the Christmas plum pudding, a fowl or roast, baked foods, boiled or stewed, must always have a place in the Christmas menu.

Other pies and tarts, cranberry, pumpkin, and fruit puddings of many kinds are famous in song and story. They may have their place still, and without the cost in time and effort which were needed in other times when every step in the making of the pudding, mince meat and pie had to be done in the kitchen. The modern housewife buys her plum pudding and pudding in cans, entirely prepared, needing only re-heating and a holly garnish to make it festive for the table. Her pie and tart fillings, fruit or puddings of all kinds, she buys canned, mince meat and mince without meat, pumpkin, cranberry, and all the other good fruits, cherries, peaches, pineapple, ready for her use in any dish she chooses. Even pie crust comes ready prepared, so even if you're busy or tired you can have your Christmas pie.

A can of mince meat and a package of prepared pie crust will make a mince pie with both lower and top crust. For one pie with both crusts, open a can of mince meat, add one and a quarter cups of water and boil for half an hour. The juice of canned fruit or cider may be used in place of water, or a part of the water. Be careful that the filling does not burn. Meantime, make two pie shells by adding three or four tablespoons of water to the contents of a package of prepared pie crust and roll out to a quarter inch thickness on a floured board. Bake the shells on the greased OUTSIDE of two pie tins, then take them off, put one crust on the right side of the pie plate, fill it with the mince meat. Fit on the upper crust and pinch together with white of egg. Heat together for five or ten minutes. Serve hot or cold, with or without American cheese.

Other good Christmas pies that you may wish to try are suggested here. CRANBERRY AND RAISIN PIE — For one pie, use half the package of prepared pie crust, bake one pie shell as for mince pie. Meantime, open a small can of cranberries. Add it to a cupful of raisins, one and a quarter cupfuls of sugar, two tablespoons of flour. When the crust is ready, turn it right side up, fill it with the mixture and bake five to ten minutes. A meringue may be used.

### NEW PROBES INTO SLUSH FUNDS MAY BE STARTED SOON

#### Sen. Committee Will Also Bring Contempt Proceedings Against Many Witnesses.

Washington, Dec. 9, (INS.)—The Senate Fund Committee today discussed the question of initiating new investigations into the recent elections in Pennsylvania, Massachusetts, Ohio and Maine, but no decision was reached.

The committee will meet again tomorrow to determine a future program. There were indications that, with the possible exception of Pennsylvania, no further inquiries will be ordered.

The committee also must decide whether to press contempt proceedings against a number of recalcitrant witnesses, who refused to testify at the hearings. Those facing contempt citations include Samuel Insull, the multimillionaire utility magnate of Chicago, State Attorney Robert E. Crowe, of Chicago, magistrate Frank N. O'Connor, of Philadelphia and Thomas W. Cunningham, Clerk of the Philadelphia quarter sessions court. If the committee approves the move, the Senate will be asked to vote them in contempt for which they will be prosecuted in the Federal courts here.

Senator Reed (D) of Missouri, chairman of the committee, declared today he would seek this punishment for the recalcitrant witness. It is his opinion that they will be cited to the senate for contempt, said Reed. We might just as well find out now as later whether the Senate has any legal right to investigate Senatorial primaries.

While the requests for new inquiries in Pennsylvania and Maine are the most important before the committee, a decision probably will also be reached of the earlier appeals from political groups in Ohio and Massachusetts for an investigation of the Senatorial campaigns in those States. The committee cannot take cognizance of the charges against Senator Tyson, Democrat, of Tennessee, because he was elected in the 1924 campaign.

The special investigation by the Senate elections committee into the bribery charges raised against Senator Arthur Gould, Republican, of Maine, meanwhile was marking time until the sub-committee convenes Monday.

There were indications today that the committee would not go deeply into the charges but rather base its report on a decision that the Senate has no right to inquire into a candidate's early private life, when the facts have been known to his electorate. Such a decision would dismiss all proceedings against Gould.

#### Hughes Addresses Insurance Men's Convention Today

New York, Dec. 9, (INS.)—Charles Evans Hughes, former Secretary of State, addresses the 20th annual convention of the Association of Life Insurance Presidents which opened at the Hotel Astor today with delegates from every state in attendance.

"The sale of insurance the expansion of railroads, erection of public utilities and general industrial progress," Hughes said.

"There is no safer or better managed business in the country than yours," he declared. William Price, president of the Jefferson Standard Life Insurance Company, of Greensboro, N. C., will deliver the closing address to the convention tomorrow on "The Century's New Life Insurance Companies, Their Achievements and Future."

Commenting informally on this topic today, A. L. Brooks, general counsel for the Jefferson Standard Company, declared that the growing importance which the smaller companies are assuming in the affairs of the association, is "truly gratifying." Most of the 700 delegates present are from the smaller companies, he said.

Among those who took an active part in the affairs of the convention today were Charles W. Golde and J. E. Lee, Jr., of Greensboro, N. C.; George A. Grimsley and C. C. Taylor, of Winston-Salem, N. C.; and Alvin Duncan of Columbia, S. C.

#### TO EXTEND ELECTRIC LINES IN STATE

Croftville, S. C., Dec. 9, (INS.)—The Piedmont and Northern Railway's electric lines will be extended between Spartanburg, S. C., and Gaston, N. C., and from Charlotte northward as far as Lexington.

Stockholders Meeting here, granted the board of directors authority to construct at once a 55-mile link from Spartanburg to Gastonia.

The stockholders approved a resolution to construct the line northward from Charlotte, to extend ultimately to Durham. Authority also was given to issue additional stock needed to finance the construction. It was specified, however, that no stock would carry the company's total stock beyond 200,000 shares.

### Swears Out Warrant Now Faces Charge Contempt to Court

Birmingham, Ala., Dec. 9, (INS.)—Contempt of court proceedings will be instituted against C. T. Lumpkin, for his action in swearing out a warrant for the liquor raid on the home of Frederick I. Thompson, publisher. It was declared here today by Assistant Solicitor F. M. Dixon.

Lumpkin, a shoe cobbler, testified he swore to the warrant after overhearing a bootlegger boast in a pool room that he had delivered a quantity of rye whiskey to the Thompson home. Lumpkin was unable to identify the man, declaring he had never seen him before or since over-hearing the remark, but that he knew the man to be a bootlegger.

No liquor was found by the raiding party.

The local Thompson paper in-

timated the raid was staged as a reprisal against the Thompson press, for its having printed information regarding the recent arrest of Gov. W. W. Brandon of Alabama, in a liquor raid at Bay Minnette fishing camp.

It is a good idea to hold the army-navy football game in Chicago. It gives the midshipmen and cadets experience under conditions as they exist in actual warfare. —Nashville Banner.

**For WINTER Driving**

How to keep that car of yours running sweetly in freezing weather

1. Keep your engine warm and use a good anti-freeze solution in the radiator.
2. Use the new and better TEXACO Gasoline that starts easily and responds readily
3. Use the oil that flows at zero

**GOLDEN TEXACO MOTOR OIL**

Always a good lubricant to use in your car — but now more than ever — insist on Golden TEXACO.

If you don't, you may get an oil that does not flow freely until it is warmed up by the very engine action it is intended to protect.

Call for it by name — watch for the golden color of genuine free-flowing TEXACO — it's important!

### Peas In New Dishes

**B**ECAUSE of the great popularity of peas, their delicious flavor and nutritive qualities, the housewife always welcomes new recipes and hints for their preparation. Peas are at her command the year round, since she can buy them canned at any time and since she finds in canned peas a quickly prepared, economical and tasty dish to serve her family. Here are suggestions for cooking peas in combination with other foods.

**PEAS AND POTATOES SCALLOPED**—Mash six boiled white potatoes and drain the water from a No. 2 1/2 can of peas. Mix, adding three tablespoons of melted butter and sufficient milk to make the mixture creamy. Put in a baking dish

with grated American cheese on top. Bake ten minutes and serve.

**CREAMED PEAS AND CELERY**—Use a No. 2 can of peas and celery. Make a white sauce well flavored with salt and pepper and a dash of paprika. Add peas and celery from which water has been drained and simmer for ten minutes.

**PEAS AND MUSHROOMS SAUTED**—Drain a No. 2 can each of peas and mushrooms and dry the mushrooms on a towel. In a frying pan heat bacon fat or shortening with a chopped onion or green pepper. Add peas and mushrooms, saute for ten minutes and drain off fat. Add salt and pepper.

**PEAS AND EGG EN COCOTTE**—For luncheon, heat a can of peas seasoned until most of the liquid is cooked off. Turn into rapekins. In the center of each, drop a whole egg.

### MAN IN THE CASE AIMEE McPHERSON IS NOW IN CUSTODY

### Kenneth Ormiston, Missing Angelus Temple Radio Operator, Arrested in Harrisburg, Pa.

Harrisburg, Pa., Dec. 9. (INS.)—Kenneth Ormiston, arrested here by Chicago detectives in connection with the Aimee McPherson case in Los Angeles, left here today for Los Angeles, having waited extradition.

Ormiston submitted to arrest willingly and expressed a desire to return to Los Angeles to answer charges of subordination of perjury and conspiracy to defeat justice in the McPherson case. He formerly was Mrs. McPherson's chief radio operator at Angelus Temple.

Three detectives, Charlie Donnelly and Harry Ellwood, of Chicago, and Oscar Carson, of Harrisburg, arrested the missing radio operator in his apartment here early this morning. Police said he had occupied the apartment for the last two or three weeks.

Almost secretly shrouded Ormiston's departure from Harrisburg in custody of the detectives. He was shipped out of the Pennsylvania capital so quietly that no one other than those closely connected with the case knew when he left.

It was understood a police headquarters that the Ormiston party would go to Chicago first, and from there to Los Angeles. Local police refused to reveal on what train the party left, but it is believed that Ormiston and his captors boarded Pennsylvania train No. 15 for Pittsburgh.

This train left Harrisburg at 8:30 a. m., and was due in Pittsburgh at 1:30 this afternoon. If the party is aboard this train, they must change trains at Pittsburgh for Chicago, as No. 13 is bound for St. Louis.

Although Asa Keyes, District Attorney of Los Angeles, was expected to arrive here today to take charge of Ormiston, the Chicago detectives were not inclined to await his arrival, apparently desiring to get enroute to Chicago before Ormiston had a chance to change his mind regarding extradition.

Tannely and Ellwood arrived here from Chicago last night to make the arrest, Ellwood having been on the trail of Ormiston for some time. It was said.

When arrested in the apartment which he has occupied in Harrisburg, Ormiston, who was using the name of Fred Linger, immediately admitted his identity, he told police that he has been making his living by writing and selling subscriptions for radio magazines.

Chicago, Dec. 9. (INS.)—Ken-

eth Ormiston will make a last ditch fight in Chicago against extradition to Los Angeles, Edward J. S. Martin, his attorney, announced today.

Disagreeing with reports that Ormiston planned to return voluntarily to Los Angeles from Harrisburg, Pa. Martin said he was confiding of his own volition to Chicago where the legal battle would begin.

### TO PACIFIC COAST LEAGUE

Asheville, Dec. 9.—(NS)—Henry Fanning, one-armed umpire who officiated in the Texas League last season, was signed today by President Harry Williams, of the Pacific Coast League.

Wilbur Good, former Southern League star, was signed to manage the Macon, Ga., club in the South Atlantic Association. "Doc" Johnson, veteran first baseman, is expected to manage the Augusta, Ga., club in the South Atlantic, as soon as he is reinstated.

Oklahoma City, of the Western League, sold first baseman Swannboro to Amarillo in the same association.

### INDIANAPOLIS CLUB TO TRAIN AT SANFORD

Asheville, Dec. 9.—(INS)—Indianapolis, of the American Association, has selected Sanford, Fla. for its 1927 training camp. It was announced here today.

### POSTPONE SALM SEPARATION SUIT

New York, Dec. 9.—(INS)—The separation suit brought by Count Ludwig Sam against his wife, the former Millicent Rogers, today was postponed until Jan. 17 after the Count's attorney had requested time in which to obtain witnesses who he said would testify to Salm's ability to support a family.

### PAY TRIBUTE TO DEAD DEAN EMERITUS MERCER LAW SCHOOL

Macon, Ga., Dec. 9.—(INS)—Court, throughout the state and classes at Mercer University were held today for Judge William Hansell Fish, dean emeritus of Mercer Law School, who died yesterday from pneumonia.

Judge Fish, who was 77 years old, was former Chief Justice of the Supreme Court of Georgia, having served in that capacity for 18 years.

### BROADWAY DANCER COMMITTS SUICIDE

New York, Dec. 9.—(INS)—Dorothy Smoller, formerly of Long Beach, Cal., popular Broadway dancer, ended her life with poison today after writing a note to Benjamin Strong, governor of the Federal Reserve Bank and returning a picture of him which she had in her apartment.

In other letters addressed to her mother and to friends, the girl stated that an illness, from which she did not expect to recover was responsible for her act.

### MARKET LETTER

New York, Dec. 9.—(INS)—After considerable hesitation, the railroad stocks joined the upward moving brigade in the stock market today.

In an unusually heavy turnover, Nash set the pace for the motor stocks and advanced to 63 for a 4 point gain.

Studebaker and other popular

those that draw salaries in Europe worry about that part of the world.

Outside of some things that need doing, the President thinks this country is doing pretty well, and it is.

Everybody will be glad to hear that President Coolidge endorses the program for improving rivers, canals and other waterways in the United States.

The so-called Hoover program is evidently a Coolidge-Hoover program.

A six year old boy in England otherwise normal, writes backwards and cannot write any other way. This interests and amazes everybody. What ought to amaze us is that there are on earth, sixteen hundred millions of human beings, all of whom can be taught to write forward, walk up and down stairs, run an automobile, etc.

The sixteen hundred millions can also be taught to live on the equator with a temperature of 120 above and at the North Pole with 60 degrees below zero. This is an adaptable race.

Joseph S. Donovan knew exactly what he wanted, when he went to work in a carpet factory for \$150 a week while he was working in the shop, he said he would make a million by the time he was forty-five and retire.

Last September, not yet forty-four, he had his million and retired as he promised. Now he is dead.

The best thing, when you have made the first million, is to go on and make the second. It isn't the money, but the fact that you are working, which enables other to find employment and independence. The right kind of American

motor shares sold up about a point Wall Street heard today that some of the well known motor manufacturers would spring some startling surprises at the annual motor show to be held in this city next month.

For the first time in its history Lehigh Valley stock issued to above \$100 a share today, the former high record of 97 1-2 having been made this week. Reading sold up 2 1-2 at 93 1-2 and gaining of a point or more were scores by the leading "dividend kings," including New York Central, Delaware and Hudson, Atchison, Baltimore and Ohio, and Frisco. The rise in the rails were taken as "confirmation" of the latest rise in industrials and was hailed with enthusiasm in bullish stock circles.

Continental Baking was used as a battering ram against the shorts, when the price was quickly advanced to 66 1-2, completing an 8 1-2 point recovery from Wednesday's low.

Buying to 5151 for a gain of nearly 2 points, General Motors was also a strong spot for the bulls as also were the high-priced industrials and specialties.

## Sweetmeats at their Best

THE holiday season with its festivities and merriment brings the best of toothsome goodies to the fore. Shelled and salted nuts, glaze fruits and nuts constitute the more distinctive type of sweetmeat. When purchased in attractively decorated tin boxes, they make excellent individual gifts. When serving sweets, these glaze fruits and nuts make this service a pleasure.

Glaze fruits are so easily damaged in appearance by the ordinary pasteboard box that the tin container is a real necessity. It is strong and tight, keeping the fruits in all the delicious juiciness that is their best quality. No danger of shrunken, wrinkled skins and gummy sugar coatings. These fruits are crisply coated outside and lusciously fresh within. Glaze nuts, too, are best when kept in these snug tin boxes, which also insure their freshness.

The growing demand for shelled nuts, so popular for table service and as culinary ingredients, is responsible for the packing of California walnuts in vacuum tin boxes. The wise housewife or hostess knows that this is the best way to buy nuts, since they are packed shortly after they are picked and kept intact their valuable nut oil, their fine flavor, until the tin is opened. The quality of the nut meat is assured, since only the very finest of the nut crop is packed in this style.

Keep a can of nuts for salads, cakes, puddings, poultry stuffing, and other cooking uses. They are handy, too, to serve at an impromptu card game or party. As a bon voyage gift, a tin box of nuts is always welcome.

begins his rest when the undertaker gets him. That is a long and early enough rest for anybody.

There is no room on the earth for a parasite and any man that stops working before he is ninety, is that.

### John D. Shows Signs of Age as Leaves For South

New York, Dec. 9.—(INS)—John D. Rockefeller Sr., is on his way to Orlando, Fla., today on a private car for his annual winter vacation. The aged multi-millionaire founder of Standard Oil is in a weakened condition, and spending the time resting in his stateroom.

Friends who saw his off were shocked at his appearance. He could scarcely walk without assistance. He drove to the station from his Pocantico, Hills estate, and took the elevator to the track level, saving every step possible. He retired at the moment he entered his car.

During the minute wait for the train to pull in, Rockefeller stood hunched in a heavy coat, his face half hidden, by a cap with long ear flaps, and showing every indication of a great weariness.

"Don't you see he's too weak to talk," said one of the party to a reporter, who could do nothing but agree.

The car was stocked with thermos bottles, and several fireless cookers which it was said carried enough prepared food to last the trip which ends late this afternoon.

Later he studied and perfected his voice, which has been compared in tone and quality to that of the great Chappalin. Finally came the contract to sing at the Metropolitan, the ambition of every singer, only to be lost temporarily through a bad cold contracted last Sunday following a walk through slush filled streets after a visit to his wife who is in a hospital with a broken hip.

Thirty-eight friends had come all the way from Nashville to hear him sing. Among them were Getano De Luca, head of the ward Belmont Conservatory where MacPherson studied; Mrs. DeLuca, Mr. and Mrs. Graham Hall, Maxwell Benson, Miss May Dorothy Cain and Eugene Bugz.

### To Hold Another Meeting in January Municipal Ass'n.

Raleigh, Dec. 6.—(INS)—The North Carolina Municipal Association will meet here again on January 17 to discuss a tentative municipal legislation program.

This was announced here today following the adjournment of the associations annual meeting here yesterday.

Legislative proposals that are expected to come before the body at its January meeting are:

1. Re-drafting of the law of widening streets and the resulting assessments.

2. To give city authorities the power to install white ways on streets, when petitioned by property owners, and to charge the cost against abutting property.

3. To assess the cost of water mains in a similar manner to the existing law for sewer mains.

Officers elected are: W. L. Dowell, Raleigh, president; P. C. Painter, Greensboro, first vice-president; D. M. Abernethy, Charlotte; second vice-president, Mayor E. E. Culbreth, Raleigh; third vice-president and E. J. Woodhouse, Chapel Hill, secretary and treasurer.

### LATZO WINS BOUT OVER SIMONICH

New York, Dec. 9.—(INS)—Plainly showing the effects of his five months lay-off, Pete Latzo, world's welterweight champion, nevertheless gained a clear decision on points over Joe Simonich,

Butte, Montana, last night in a twelve round bout in Newark. No decision was rendered, and Latzo's title was not at stake, both men weighing well over the welterweight line.

### Bad Cold Bars "Base Ball Basso" From Concert

New York, Dec. 9.—(INS)—Joseph T. MacPherson, the baseball basso of Nashville, Tenn., today is suffering from a cold and a great disappointment, and one is the result of the other.

Young MacPherson was to have his debut in grand opera yesterday afternoon as the King in Verdi's Aida, but New York snow and slush defeated his ambition for the time being. However, the metropolitan will give him another chance to appear before the most difficult audience in New York as soon as he has recovered his voice.

MacPherson, whose soft southern accents show through his carefully mastered Italian, gained his name of the Baseball Basso thru the fact that his beautiful voice was first discovered when as a youth he sang at a minstrel show given to provide an outfit for a local sandlot team in his home town.

Later he studied and perfected his voice, which has been compared in tone and quality to that of the great Chappalin. Finally came the contract to sing at the Metropolitan, the ambition of every singer, only to be lost temporarily through a bad cold contracted last Sunday following a walk through slush filled streets after a visit to his wife who is in a hospital with a broken hip.

### Invites Nations Help Establish International Court

Washington, Dec. 9.—(INS)—All the nations of the earth would be asked to co-operate with the United States in drafting a new code of international law and in creating a new international court, modeled after the American Supreme Court, under terms of a resolution sponsored in the Senate this afternoon, by Senator W. E. Borah, Farmer-Laborer, of Idaho, the Senate irreconcilable leader.

The Borah resolution would also "outlaw of war." The proposed courts decreed would be enforced by "the respect of all enlightened nations for judgments resting upon open and fair investigations and impartial decisions."

## Mrs. McPherson Unconcerned Over Omiston Arrest

Los Angeles, Dec. 9.—(INS)—Aimee Semple McPherson attaches "no significance whatsoever" to the fact that Kenneth G. Ormiston has been found in Harrisburg, Pa.

She so declared herself here today when informed the former radio operator of her Angelus Temple had been located.

"I am not in the least concerned about or interested in Mr. Ormiston's whereabouts," the famous evangelist said.

Mrs. McPherson added she was too busy with the Christmas program of her temple to be bothered about "matters that did not concern her in the least."

Throughout her case the evangelist has steadfastly denied that she was Ormiston's companion in his Carmel cottage, as was claimed by the District Attorney Asa Hayes.

## How to Gain 5 Pounds in 30 Days

Ask Denton Drug Co., or any druggist for a box of McCoy's Cod Liver Oil Compound Tablets. They cost but little, are sugar coated and as pleasant to take as candy.

Skinnier men and women take them to put on plenty of good, healthy, flesh and for this purpose they are so extremely good that thin men and women often take on 5 pounds or more in 30 days. As a matter of fact all druggists are authorized to return your money if you don't take on 5 pounds in 30 days.

One thin woman gained 15 pounds in six weeks.

Insist on McCoy's, the original and genuine—60 Tablets—60 cents. Denton Drug Co.

## BEWARE THE COUGH OR COLD THAT HANGS ON

Persistent coughs and colds lead to serious trouble. You can stop them now with Creomulsion, an emulsified crocote that is pleasant to take. Creomulsion is a new medical discovery with two-fold action; it soothes and heals the inflamed membranes and inhibits germ growth.

Of all known drugs, crocote is recognized by high medical authorities as one of the greatest healing agencies for persistent coughs and colds and other forms of throat troubles. Creomulsion contains, in addition to crocote, other healing elements which soothe and heal the inflamed membranes and stop the irritation and inflammation, while the crocote goes on to the stomach, is absorbed into the blood, attacks the germ of the trouble and checks the growth of germs.

Creomulsion is guaranteed satisfactory in the treatment of persistent coughs and colds, bronchial asthma, bronchitis and other forms of respiratory diseases, and is excellent for building up the system after colds or flu. Money refunded if any cough or cold is not relieved after taking according to directions. Ask your druggist. (Adv.)

# CLAIMS SEN. TYSON SPENT BIG SUM TO GAIN OFFICE

## Request For Investigation of Tennessee Primary of 1924 Filed Today.

Washington, Dec. 9.—(INS)—The sensational charge that Senator Lawrence D. Tyson, Democrat of Tennessee, spent \$1,800,000 to win his Senatorial nomination two years ago, featured a request filed today with the Senate elections committee for a complete investigation of the 1924 Tennessee primary.

Coming as a surprise to Democrats, there were indications that Republican leader, would support the request in order to open fire on Senatorial elections in the South. The charges against Tyson were filed by John Randolph Neal a defeated gubernatorial candidate.

Neal demanded hearings on a petition, filed with the committee two years ago by Benjamin Hooper, member of the railway labor board, which alleged "gross frauds" in the nomination and election of Tyson. The Hooper petition, signed by 200 Tennessee citizens, Neal said, had lain dormant before the committee since 1924. He asked immediate action on it.

"If the Senate elections committee will permit us to lift the lid in Tennessee, we will promise them discoveries which will startle the nation," said Neal, in a letter to the committee. "We can demonstrate that the slush fund used in the Senatorial primary of Tennessee was comparatively much greater than that expended in Pennsylvania and Illinois. In the Tennessee primary, the total vote was less than 200,000 yet the successful candidate Lawrence D. Tyson, expended \$1,800,000."

Neal also attacked the primaries in other Southern states, declaring they controlled solely the political factions in power.

"There are no limitations on the

amount of campaign funds, or provisions for their publicity," Neal added. "While these primaries are mandatory they have none of the safeguards thrown around them that exist in other parts of the country."

## Dr. Cook Urges Youth To "Go South" In Search of Fortune

Leavenworth, Kan., Dec. 9. (INS) Modern youth needs to get away from America and Europe.

Using his geographical knowledge as a basis for his counselings, a widely known explorer has risen in a Horace Greely role to point toward the little republics of Central America and say, Go South, young man, go South. The explorer is Dr. Frederick A. Cook, now serving a sentence at the federal penitentiary here, who explains his views in an article given to International News Service and also appearing in the Leavenworth New Era, a publication for prisoners.

Youth, driving onward in a relentless search for thrills as an outlet for its energy, is finding itself growing up in a weary world—a world which harasses it and curbs it on every side with restrictions, Dr. Cook observes. And so it wants out.

There has been no time in the history of the world when so many people were dissatisfied with their political economic and social conditions, the explorer states. That vague something called nationality, with its reverence for government and loyal adherence to established social orders, is slipping. Half the men and women want to get married; the other half want divorces.

The social world is on the run—where do we go from here?

But where do we go from here? Canada, Mexico, Australia, the South Seas and South America—none of these offer the opportunity or the freedom which the new manhood of coming generations desires. It therefore behooves us to suggest a new colony, a new Plymouth Rock, for the millions whose minds are now migrating East and West, North and South in quest of a place that will satisfy the demands of a new order of things.

As we follow the Rockies southward into Mexico and Central America and then follow the Andes to Cape Horn, we find a wonderful

# SCHOOL DAYS By DWIG

land of boundless opportunity, 5,000 miles long. When properly understood and developed, this immense region will give new wealth and new life to hundreds of millions of people. But such a huge area must be opened slowly.

The high regions north of Panama offer the first advantage for colonization. The most remarkable international crossroad, it is an idea area in which to develop a new community. The tropical lowlands such as the Isthmus are not suitable permanent abode for white people but in Colombia and Costa Rica there are great areas of an altitude of from 2,000 to 8,000 feet, where the climate is temperate all through the year.

Of these two regions, Costa Rica would be my choice for immediate colonization. It is a country well governed, the gem of the central American republics. With a coast line on both the Atlantic and the Pacific, it has good harbors and advantages for a splendid transportation system. It has an interior succession of high table lands well suited for settlement by northern people.

With an interchange of sea air, now from the Atlantic now from the Pacific, giving cool, well-watered breezes and with ample rainfall, we have here a land with a cool summer, a warm winter, and one where two or more crops can be raised yearly. Furthermore, in a days journey you can go from the climate of the tropics in the lowlands to the temperate zone of intermediate altitudes and to the arctic climate of the peaks of high mountains.

The region is easy of access. The great sea going vessels that move the commerce of the world pass through the canal. It is not much farther from New York than Denver and it is accessible by cheap water rates to the peoples of Europe, Asia and America.

Migrating men in some respects are like migrating animals; they need leaders to direct the activities of the masses. The pioneering spirit, in its early inception, is not creative. It is a follow-up system that enters new lands of promise, previously heralded by adventurers of large vision. We now have need of a Moses or a William

Penn to lead men out of the wilderness of an overcrowded and over-exploited civilization back to the simple life and the joys of nature in a new world.

### 715 Guardsmen Convicted Upon Liquor Charges

Washington, Dec. 9.—(INS)—Conspiracies with rum runners and other serious offenses led to the conviction by general courts of 715 members of the U. S. Coast Guard in the year ending June 30, according to the annual report of that service made public today.

Out of the 727 coast guardsmen placed before general courts, only 12 were acquitted. Prison sen-

tences were inflicted upon 112 men and 240 were dishonorably discharged.

### Bowman Held In Connection With Search For Olson

Charleston, S. C., Dec. 9.—INS—James H. Bowman, who was questioned by police on suspicion that he may know something of the whereabouts of Erdman Olson, alleged slayer of Clara Olson in Prairie Du Chien, Wisconsin, was confined to his room today under guard.

Bowman collapsed last night after almost 18 hours of continuous questioning. Police announced they are convinced he has nothing to do with the Olson case.

# Daily News Letter

Los Angeles, Dec. 9. (INS)—A few hundred of these planes which carry only one man and from 300 to 400 pounds of TNT, could blow an invading fleet out of the water, Count Branoff declared.

Count Branoff is also interested in exploiting the vast steppes of Siberia. Siberia offers wonderful opportunities. Resources are the richest in the world; all that is needed is a stable government.

When Gathage, W. Dale, pleaded guilty to forgery, Judge Carlos S. French sentenced him to go to the penitentiary on Sunday for the next five years in order to meet the needs of the people.

Shorty Gathage, of Newport Beach, near here, is embarking a 2500 pound shark to prove his unusual fish story.

Three years ago, Shorty and several companions were fishing from a boat when he looked what he thought was a jaw fish. After spearing the monster several times, Shorty lost it when it broke loose.

Now he is having the fish enclosed to prove it.

With the announcement that Del Monte and Sacramento will offer \$5,000 and \$2,500 in prizes, golf purses for the California winter season now total \$20,000—the biggest purse in the history of the state. The thirty-day season will open with the Del Monte tournament on Dec. 10, and wind up on January 5-9, the first for the \$10,000 Los Angeles open.

Count Vladimir A. Branoff, white Russian envoy to the United States, conferred with Los Angeles capitalists, recently over his plans to establish here a manufacturing

plant for a small defensive airplane, called The Wasp.

Estelle Taylor, wife of Jack Dempsey, may be Emil Jannings, best leading lady. Rumor has it that famous Players-only officials are so pleased with her performance as Desiree in New York, that they will make efforts to borrow her from United Artists, to whom she is under contract.

Conrad Veldt, widely known foreign motion picture star, who was recently signed by Carl Laemmle under a five-year Universal contract has returned to Europe to complete a former contract. He will be gone about two and a half months.

In order to get the proper atmosphere and surrounding in his work of adapting the Edna Ferber novel, Show Boat, to the screen, Charles Kenyon, Universal scenarist, will leave for the middle west.

He plans to visit various spots on the Mississippi and see for him self the actual locations described by Miss Ferber.

### GOLF TOURNAMENT CONTINUES TODAY

Finchurst, Dec. 8. (INS)—Miss Dorothy Doyle, of Philadelphia, today was matched with Mrs. Herman Ellis of New York after defeating Mrs. Francis T. Keating, of Boston, 5 and 4 yesterday in the Carolina women's tournament here.

Miss Doyle's mother, Mrs. Francis J. Doyle, was eliminated yesterday by Mrs. Donald Parson of Youngstown, 6 and 5.

Mrs. Parson today was matched with Mrs. John D. Chapman, of Greenwich, the present title holder.

### WICE IN WARFARE CHINA APPEARS POSSIBLE

Shanghai Dec. 9. (INS)—A truce in China's internal warfare and possibly peace, is imminent, according to message received here today. It is reported that the leaders of the northern faction are on all fronts.

A press dispatch says there will be plenty of good liquor for the holiday trade. It will be the first time in many years, if so, the rule having been to the contrary with great emphasis.

## REPORT CONDITION KING FERDINAND CRITICAL TODAY

### Report Says Physicians Would Not Be Surprised at Death of Roumanian King.

Bucharest, Dec. 9. (INS)—King Ferdinand's condition has taken a more serious turn.

Physicians stated today that it may be necessary to perform a third operation on the King. Dr. Harzmann, who had planned to leave for Paris after the second operation yesterday, has deferred his departure.

The King does not realize how serious his condition is, but members of his family have been advising that he may take a critical turn at any moment.

The official communities continue optimistic but it is learned that the death of the King would not surprise his physicians, who give him five months as the outside limit of his life.

The second operation which was performed yesterday will make the King's permanent invalid, it is stated, and has seriously injured his heart.

A diseased liver and other complications are giving the physician considerable worry. It will take at least three days for the

### Would Abolish Drafting Players By Big Leagues

Asheville, Dec. 9. (INS)—Gradual abolition of the system of major league teams drafting players, from the minor leagues is expected to result within the next few years as result of the movement under way today at the annual convention of professional baseball leagues.

Officials of the association were instructed to draw up another agreement, which would allow various minors to refuse or accept the draft by April, 1927. The Texas League already has announced its intention of doing away with the draft.

Sessions today will wind up the 1926 convention.

### Government to Make Formal Demand For Return of Rum Ships

New Orleans, Dec. 9. (INS)—Formal demand for the return of the Arsenic J. rum runner which "kidnapped" two prohibition officials will be made upon the Mexican government by the State Department shortly, O. D. Jackson, dry chief of the Gulf zone said today.

J. B. Matthews who with Coast

Guardsmen Handley, was carried to Puerto Mexico, when the Arsenic J. broke arrest, has been instructed to begin proceedings in Mexican courts to detain the schooner and crew until negotiations between the two governments are completed.

Geneva, Dec. 9. (INS)—Foreign Minister Briand of France and Foreign Minister Stresemann of Germany, after a conference today accepted the League of Nations experts' report providing for the recall of the inter-allied military control commission from Germany on January 15.

This commission will be replaced by the League's investigation plan, which has been accepted by Germany.

The agreement reached today will permit Herr Stresemann to return to Germany, claiming a victory and may avert a serious political crisis, inasmuch as the Nationalists had threatened the government if it did not secure the withdrawal of the inter-allied military control commission.

crisis to pass and at least another week to determine the permanent results of the operation.

The government is prepared for any eventuality.

Queen Marie has made up her differences with the government and is expected to play an important part in any government that may follow on the death of the King.

It is reported she will either become Queen Regent or will replace Prince Nicholas in the Regency Council.

The government is so soundly entrenched that there is but slight chance of any disturbances, if the King dies, and the chances of Prince Carol returning are nil.

### Out O'Sight

A movie fit, across a screen. You thrill or smile or shed a tear. A picture—so simple, so beautiful, so easy to look at. But think of the hundred and one things you don't see that have gone into the making of the picture you do see. The things you don't see—things out of sight—are the things that make your pleasure possible.

and so it is with plumbing and heating. Not what you see but what you don't see gives you convenience and comfort, health and happiness.

You see your bathroom, your kitchen sink, your radiators. They are the picture, so to speak. But out of sight—between walls, between floors—are the things that give you water hot and cold, that carry away waste, that keep all your rooms warm.

Unless these out of sight things are right—installed in a scientific way—you can't get the greatest good out of the things you see.

## DAIRY and POULTRY FARM.

I wish to announce that I have leased the J. M. Hines Dairy and Poultry Farm for a number of years and have moved my stock from Bethel to my new location. I am now in position to give the people of Greenville and vicinity the very best grade of milk and the best of service. I have only Jersey and Guernsey cows.

On January 1st, I will begin the operation of a mammoth incubator and can take care of your hatching needs.

Eggs hatched \$4.00 per hundred. Baby Chicks \$15 per hundred and up. Give me your orders.
