TEACHERS COLLEGE MAY GET INCREASE IN APPROPRIATION

Reports That Commit- tee Will Recommend \$380,000; Blount Bill Killed in Senate

State Capitol, Raleigh, Feb. 9.—(AP)—Introduction of "anti-pistol" bills sponsored by Governor McLean and lengthy debate on court procedure bills in the House and slaughter in the Senate of the Blount bill to require teaching of the Constitution in public schools and voluminous debate on the joint committee bill to redistrict the state into 27 judicial districts featured sessions of the General Assembly today.

Important committee meetings occupied the lawmakers immediately after adjournment with no let up in sight until after the national park hearing before the appropriation body in the hall of the House tonight.

Governor McLean's recommendations went before the Assembly in triple offering of Rep. L. A. Martin of Davidson county, for more stringent measures against the sale and carrying of concealed weapons.

The present right of judges to suspend sentences in such cases, exercised in a number of instances, would be removed both in respect to carrying weapons and selling or receiving them.

The permit which at present must be secured from the clerk of the Superior Court before a deadly weapon may be purchased would, under the bills, have to be signed by the solicitor of the district also.

The bill forbidding carrying concealed weapons expressly makes it a crime to carry a pistol in an automobile or other vehicle as well as on the person and provides that in any case possession shall be prima facie evidence of an attempt to conceal, while under the present law the minimum

UNITED STATES STILL OUTSIDE OF WORLD COURT

Long Fight Over American Member- ship in Tribunal Brought to End To- day

Washington, Feb. 9.—(AP)—The long fight over American membership in the World Court apparently has come to an end, with the United States standing definitely outside the tribunal.

Three foreign governments who agreed at Geneva to ask for modification of the Senate reservations to the court protocol have revised the State Department of officially their decision. President Coolidge has announced that if the reservations were not accepted without change, he would not reopen the subject.

One of the formal notifications came from Great Britain, but what other nations have replied to the American overture remains undisclosed. State Department officials would not even indicate today what lines were followed in the communications, nor confirm that they constituted rejections.

Receipt of the notes became known today at a time when the Senate was refusing 59 to 19, on the ground that it was unnecessary to take up a resolution proposing that the Senate's ratification of the court protocol be rescinded.

By a vote of 59 to 19, on motion of the Democratic floor leader, Senator Robinson of Arkansas, the Senate tabled a proposal to bring up the resolution of Senator Trammell, Democrat, Florida, cancelling ratification of the court protocol.

FAMOUS SCIENTIST DIES IN WASHINGTON

Washington, Feb. 9.—(AP)—Dr. Charles D. Walcott, secretary of the Smithsonian Institution and world known scientist, died here today.

SITUATION IN PORTUGAL SAID TO BE CRITICAL

American Legation Fired Upon During Yesterday's Revolu- tionary Outbreak

London, Feb. 9.—(AP)—A Lisbon dispatch to the Star, filed in the Portuguese capital today says: "Fighting has been proceeding in Lisbon for the last forty hours and continues. All cable and wireless stations are in the hands of the government."

Washington, Feb. 9.—(AP)—Further official dispatches were eagerly awaited at the State Department today telling of the situation confronting Fred N. M. DeJring, American minister to Portugal, who, because of the danger from rifle and gun fire in the revolutionary outbreak, had been forced to abandon the legation building at Lisbon.

A message received from the minister yesterday said the building, situated in the downtown section of the city near the British legation, had been struck many times by rifle and machine gun bullets. It gave no details as to the revolutionary situation, but described the Lisbon outlook as "very serious."

Officials here believe it highly improbable that protective measures in Portugal such as the British have taken in sending warships there will be warranted by the United States. Since there are comparatively few American interests in that country, if some diplomatic action is taken it probably would be simply a protest demand that measure be taken to insure the protection of the legation officers and other American citizens in the Portuguese capital. No such step, however, has been indicated by the Department.

London, Feb. 9.—(AP)—As London has made up its mind that a serious revolutionary situation prevails in Portugal, because of the almost complete lack of import arrived this morning from the Reuter correspondent at Madrid that President Carmona had occupied the town of Oporto, where the movement started last week. He is said to have entered the town at the head of a contingent of loyal forces at 3 o'clock yesterday afternoon.

Before the rigid censorship was put into effect, enough news had leaked out of Portugal to indicate that the disaffection had spread from Oporto to other places, notably Lisbon, where revolutionaries calling for the overthrow of the dictatorship of President Carmona, are said to be in almost complete control.

The Marina arsenal was reported to be heavily guarded, while the authorities had ordered all Lisbon shops to close and the suspension of street traffic after 4 p. m. Several newspapers had been suspended and their editors placed in jail. The strike on the state railways was still in progress, although the government had managed to run a British train.

The news that a British cruiser was to proceed to Lisbon from Gibraltar and two destroyers had orders to go to Oporto to protect British interests was looked upon here as confirming that the situation in Portugal was grave.

Liquor, Ford and Man Taken by Officers

Clifton Briley, young white man of the Mount Pleasant section of this county, is in Pitt county jail as a result of an effort this morning to enter this city with six gallons of liquor in his possession. Clifton was arrested at the river bridge by sheriff's officers. The Ford roadster which he was driving at the time of his arrest, was confiscated.

The arrest occurred about 10 o'clock this morning following receipt of information at the sheriff's office that Briley was headed toward this city with a cargo of liquor. When arrested, Briley had in his possession two cases of 24 pints each of a brand of moonshine by the name of "Big Boy."

FALLS TEN STORIES TO HIS DEATH

Miami, Fla., Feb. 9.—(AP)—Samuel Risman, 52, of Buffalo N. Y., long term lessee of the Henrietta Towers, fashionable Dallas Park apartment hotel, fell ten floors from the top of the building to his death early today.

The body was found in a parking lot adjoining the structure by a guest who notified police.

DEBT COMMISSION DISSOLVED TODAY AFTER FIVE YEARS

Washington, Feb. 9.—(AP)—The world foreign debt commission expired today, dimming more than ever any hopes France may entertain for modification of the Mellon-Berenger agreement. While France has indicated unofficially it might seek modification of the \$4,025,000,000 settlement, Secretary Mellon, chairman of the debt commission, holds that the deal is closed and any further negotiations would have to be taken up with Congress. The House has already approved the agreement but the Senate is awaiting ratification by the French Parliament.

In its five years of existence the bi-partisan commission concluded settlements with 13 other nations. Of the \$10,120,000,000 principal of the debt, the settlements represent \$9,811,094,094 of the principal or more than 97 per cent. The total value of the settlements with 13 other nations is \$565,672,542 already has been paid in accordance with the agreements.

All of the agreements have been ratified by Congress except those with France and Yugoslavia. Senator Smoot of Utah, member of the commission, made an unsuccessful attempt yesterday to obtain ratification of the latter settlement, a vote blocked by the Senate.

Four countries have not concluded settlements—Russia, Austria, Greece and Liberia. Austria has been granted a moratorium until 1943. Congress is considering proposals of Greece. Russia is not recognized and no negotiations can be conducted. The Liberian debt of \$30,000 as on the books, the Armenian government, which also owed this country, is out of existence.

Members of the commission, besides chairman Mellon, included secretaries Kellogg and Hoover, Senator Smoot, Sen. Crisp, Rep. Burton, Richard Olney, former member of the House and Edward N. Hurley, Garrard B. Winston, former under-secretary of the treasury, was secretary to the commission.

SEVERE COLD WAVE IS SWEEPING OVER THE WEST TODAY

Freezing Temperatures as Far South as Points in Texas

Kansas City, Feb. 9.—(AP)—Snow and sleet swept out of Rocky Mountain region today on a five state front bringing freezing temperatures to the middle west and southwest after more than a week of unusually mild winter weather.

Starting in Canada Sunday, the storm moved southward through Montana, Wyoming and Colorado leaving a heavy blanket of snow and forcing thermometers to sub-zero marks. Preceded by sharp drops in temperatures, the cloud banks rolled slowly over the Dakotas, Nebraska, Kansas and Oklahoma yesterday to cover the southern part of this section with two or more inches of snow or to bring a corresponding amount of rain or sleet.

Snow continued in Kansas and parts of Missouri and Oklahoma today with the mercury varying from 15 to 30 degrees above zero. Rain or mist was general in northern Texas with Abilene reporting a temperature of 34 above at midnight as compared to 64 at noon yesterday.

Although freezing temperatures were forecast for the middle west today, a return to higher marks was promised for tomorrow due to the easing of the sub-zero zone in the mountain states. At midnight several Montana and Colorado points reported the mercury stood at 15 above with predictions of a rise today.

Motorists stranded in the eastern Utah desert since Friday last, today were being hauled to highways by teams. The automobiles were mired following a thaw. Several women and children were reported to be suffering from exposure.

"The blood is the life." Wise Moses knew it. Every man's history proves it. Our eating, breathing and exercising make the blood, and it makes us. "Good wine makes blood; good blood makes good thoughts; good thoughts make good deeds."

Young gentlemen concentrated on the prize ring wondered when Dempsey seemed unable to fight Tunney. There was no "punch" coming from the brain to the fist. Now you read that "Dempsey, suffering from blood poisoning, has undergone six operations in eighteen hours. A reflection, doubtless, of the condition that made Dempsey useless in the prize ring last time.

Key Position Between Corinto and Mangua Reported Again in Control Diaz Forces

Managua, Nicaragua, Feb. 9.—(AP)—Chinandega, a key position between Corinto and Managua, and the scene of much hand-to-hand fighting between the Liberals and Conservative forces, is again reported to have been regained by the Conservatives who were forced by the Conservative authorities who hear that the railroad station is in the possession of their troops.

The Conservatives, who are fighting for the cause of President Diaz, have had 150 men killed in the Chinandega region. The number of killed in the Liberal ranks supporting President Scaesa, is not known. Forty-seven wounded of the Conservative army reached Managua last night. They bear wounds from machetes, bullets and clubs.

Earlier reports from Chinandega were that the Liberals had entrenched in the center of the town. The Liberals had placed four machine guns in the towers of Calvarie church. Conservative head-quarters here, however, announced that General Diego Varas was attacking from the southeastern part of the town with several hundred men and that a further 350 men had been detached from Ocuilamaque.

Managua is under military rule, hotels and cafes being closed at nine o'clock last night at which time cabs and vehicles disappeared from the street.

Several Cases Heard Yesterday in County Court

While the docket in county court was not unusually heavy yesterday morning, there were a number of witnesses in some of the cases and an afternoon session was required to clear the docket. Fines and road sentenced were meted out to drunken drivers, while in a case charging assault, the defendant was found not guilty and the prosecuting witnesses were taxed with the cost on the grounds that the prosecution was frivolous and malicious. The cases disposed of were as follows:

Ollie Hodges plead guilty to driving car while drunk, and was fined \$100 and cost and forbidden to drive a car in the state for a period of 60 days.

Amos Brown, for driving a car while drunk, was sentenced to four months on the road. Defendant appealed to Superior court under bond of \$250.00.

Eugene Jones was found not guilty of assault, and prosecuting witnesses were taxed with cost on grounds that prosecution was frivolous and malicious.

Eugene Jones, charged with using profane language, not guilty. Council Phillips, plead guilty to carrying concealed weapon and was fined \$50 and cost.

Will Car, giving worthless check—judgment suspended upon payment of costs.

Seth Wilson, sentenced to 90 days on roads for assault. Appeals to Superior court under \$200.00 bond.

Fred Boomer, assault, fined \$20.00 and cost.

Witness Says Part of Money From Merton Liberty Bonds Went to H. M. Daugherty

New York, Feb. 9.—(AP)—Testimony in the Daugherty-Miller trial today revolved about Mal S. Daugherty's little bank in Washington Courthouse where the government alleges part of a \$441,000 bribe was deposited.

Verla V. Veil, assistant cashier of the Midland National Bank took the stand as the first witness of the day after a delay of half an hour. Attorneys consume the half hour in a side bar conference.

Miss Veil testified that Mal S. Daugherty, brother of the former Attorney General, often signed Harry Daugherty's name.

Myrtle Norton, woman investigator of the Department of Justice, replaced Miss Veil as a witness. She testified that on April 20, 1922, \$2,125 in coupons on \$100,000 in Liberty Bonds were cashed at the Guaranty Trust Company in New York and deposited to the account of John T. King.

Miss Veil then returned to the stand and United States Attorney Ruckner brought out through her that \$2,125 was deposited the next day in the Midland National Bank at Washington Courthouse, to the account of Harry M. Daugherty. The deposit slip was marked "New York \$2,125" and in Mal Daugherty's handwriting.

HEAVY FIGHTING CONTINUES TODAY IN NICARAGUA

Judges Announced Today and Ballot Box for Outstanding Votes to be Ready on Friday

THE JUDGES

The following gentlemen will count the votes in The Reflector subscription contest and award the prizes:

J. C. LANIER
Mayor
J. C. GASKINS
Register of Deeds
C. B. ROWLETTE
Secretary Merchants Assn.

Everything is all set for the close of The Daily Reflector's subscription and prize contest on Saturday night at eight o'clock. The judges have been selected and announced above and are totally disinterested parties. Their duties will consist of counting the votes found in the ballot box on the last day and add to each worker's last published list. The sum of the two will be a candidate's grand total of votes cast and upon which the award of prizes will be determined.

The last change in the list will be made on Friday. The list will appear again Saturday but there will be no change in the standing unless a correction is made for Friday. All votes based on subscriptions and being held by contestants must be voted in the list between now and Friday's list or the votes will have to be deposited in the locked and sealed ballot box which will be set up in the office of the campaign manager on Saturday.

Votes before being deposited in the ballot box will be examined by the manager, clipped neatly together and handed back to the contestant for deposit in the box.

It is not absolutely necessary to wait until the last minute Saturday before making a final report. Contestants may and are requested to make a report early in the day and save the closing hours of the drive for last minute promises. Those who intend to send their final work and votes through the mail must see that they are put in the postoffice in time to reach the campaign department before eight o'clock Saturday night.

Nothing in the way of votes will count unless the judges find them in the box when they take charge at the close. Prizes will be awarded on the number of votes secured and not on the amount of money turned in for subscriptions.

TY COBB SIGNS WITH ATHLETICS FOR THIS SEASON

Rumored That "Georgia Peach" Will Receive Salary of \$75,000 for His Services.

Philadelphia, Feb. 9.—(AP)—Tyrus Raymond Cobb will wear the uniform of the Philadelphia Athletics this year.

The veteran of 22 American League pennant campaigns has accepted the terms of manager Connie Mack, and probably will close his baseball career as a member of Mack's team. The contract is for the season of 1927 and Cobb has announced that he will retire from the game at the close of the season.

The "Georgia Peach" announced at the Philadelphia sport writers' dinner where he was a guest last night, that he had accepted Mack's offer. The terms, he said, would have to be disclosed by Mack. Mack declined to discuss the financial details.

Persons close to both Cobb and Mack said the contract called for \$60,000—\$25,000 for signing, \$25,000 and a \$10,000 bonus. Others placed the amount at \$75,000. Either figure would be the highest salary ever paid a baseball player.

There had been keen rivalry between the Athletics and St. Louis Browns for Cobb's services since he was cleared of baseball scandal charges by Commissioner Landis. Other American League teams also were said to have made him offers, but Manager Mack and Howley made special trips to

Cobb's home in Augusta, Ga., in their efforts to get him. Howley was reported to have offered the Detroit manager \$60,000 to join the Browns.

New York, Feb. 9.—(AP)—Gossip among baseball men here today for meetings said that both Tris Speaker and Ty Cobb would be paid \$75,000 for their work the coming season.

One story was that Clark Griffith, owner of the Senators, met Speaker and asked him his terms sometime ago.

"Seventy-five thousand."

"I'll give it to you."

The highest salaried man in baseball has been John McGraw, manager of the New York Giants, who draws \$65,000 yearly. Babe Ruth has been the highest salaried player, his contract calling for \$52,000 yearly. Rogers Hornsby has been ranked next with the terms of his two year agreement with the Giants believed to call for \$40,000 per annum.

Ruth, who is expected to negotiate with the Yankee management for the renewal of his expired contract this month, has been reported as seeming sumy ranging between \$75,000 and \$100,000 for his yearly home run clouting in the future.

Ruth, who is 33 years old, has sent a check to the Bank of Manhattan Company in New York as the first installment of a \$100,000 trust fund to provide against the time when four base clouts no longer hide in his war clubs.

Chicago, Feb. 9.—(AP)—The three players most frequently ranked as the greatest in modern baseball history have been lost to the west in the winter turnover of team personnel.

Ty Cobb, Tris Speaker and Eddie Collins often have been rated as the best talent in baseball, whenever sustained versatility, brilliance and diamond color are considered.

Cobb, by signing with the Athletics will play on an eastern team for the first time. Since the day he was sold by Augusta, Ga., of the South Atlantic League, for

PERFECT FEATURE IN SHORT LENGTH

"The Vision," in Natural Colors, is "Something New Under the Sun."

The old saying "There is nothing new under the sun" is all wrong when it comes to motion pictures. I.W. White's Theatre has been fortunate in securing for its patrons for Thursday a new color film, "The Vision," which is considered far in advance of any picture of its type that has yet been shown at the local theatre. The subject, a Romance Production, may truthfully be termed a perfect film—in story, cast, direction and photography it is without a peer.

Based on the Millais painting "Speak! Speak!" the story has a powerful dramatic message that will grip the soul of the most perverse picture "fan."

Julanne Johnston and John Roche, surrounded by an exceptionally fine group of players, make up the cast of this short feature.

The direction is by Arthur Maule, of whom the Los Angeles Times recently said: "Invariably the pictures written and directed by Arthur Maule are clean, free from suggestiveness and the sickly sex situations that sometimes destroy otherwise beautiful pictures."

SULPHUR CLEARS SKIN RIGHT UP

POS-LAM IS A CONCENTRATED SKIN HEALER

Apply Sulphur as Told When Skin Breaks Out

Any breaking out of the skin, even fiery, itching eczema, can be quickly overcome by applying a little Mentho-Sulphur, declares a noted skin specialist. Because of its germ destroying properties, this sulphur preparation begins at once to soothe irritated skin and heal eruptions such as rash, pimples and ring worm.

It seldom fails to remove the torment and disfigurement, and yet do not have to wait for relief from embarrassment. Improvement quickly shows. Sufferers from skin trouble should obtain a small jar of Rowles Mentho-Sulphur from any good druggist.

Tax and Paving Notice

1926 Town Taxes are now past due and to avoid the distress method of collections I am asking the people to settle at once.

The land sales of previous years must be closed at once or deeds will be taken.

The final payments on paving contract No. 1 must be paid immediately.

a lady—would require beauty parlor experts to be of good health and moral character and picked by a State board. In Little Rock's municipal body Alderman Connor proposes that a pup shall be considered a dog when it becomes six months old. Because pelicans eat fish, a Texas legislator would appropriate \$25,000 to exterminate them.

To offset the famous Kansas cigaret legislation, now an admitted failure, a member of that state would prohibit mince pies which are bad for children. Some son of Anak in the New Hampshire House wants hotel beds made seven feet long. A Pennsylvania solon would have members wear high hats, frock coats and spats to distinguish them from lobbyists. Senator Beaver of Oklahoma would forbid the manufacture of biscuits less than three inches across.

At this point one begins to suspect an element of sarcasm. Somebody was surely having his little joke when Mr. Chappelle of Ohio proposed to forbid the thermometer from going below 46 degrees in winter or above 78 in summer. And yet—possibly you cannot always tell. The Tennessee legislator wasn't joking when it passed the Anti-Evolution Law.—N. Y. World.

SALE OF VALUABLE FARM PROPERTY

Under and by virtue of the authority conferred upon us in a deed of trust executed by P. R. Hines and wife, Pauline Hines on the 25th day of June, 1926, and recorded in book of mortgages K-15, page 660, we will on Saturday, the 26th day of February, 1927, at 12 o'clock noon at the court house door in Greenville, Pitt County sell at public auction for cash, to the highest bidder, the following land, to-wit:

First Tract: Adjoining the lands of Adelaide Dudley on the N., the lands of Ellen Harris, Emma Alligood and Lena Hines on the S., the Atlantic Coast Line Railroad on the W., and the lands of Robert Worthington on the E., and specifically described as follows:

Beginning at Adelaide Dudley's S.W. corner at Atlantic Coast Line Railroad right of way and runs with her line S. 83-45 E. 2046 feet to a bridge on the edge of Swift Creek; thence continuing the same course 83.45 East 1138 feet to a stake and two gums in the old Robert Worthington line on Swift Creek, thence with that line S. 45-45 E. 558 feet to a gum, Lena Hines corner, thence with her line N. 83-45 W. 1630 feet to a walnut tree on the edge of Swift Creek, then N. 83-45 W. 860 feet to an iron stake on the edge of the Greenville and Ayden road, then with the same course N. 83-45 W. 43 feet to a stake on the other side of said road then along said road S. 4 W. 87 feet to an iron stake, Emma Alligood's corner, then North 69 W. 377 feet to an iron stake in Emma Alligood's back line, then N. 83-45 W. 850 feet to an iron stake in the right of way of the Atlantic Coast Line Railway, Ellen Harris N. W. corner, then with said right of way N. 7-30 E. 446 feet to the beginning, containing 30 acres by actual survey. This tract is the same tract of land as that conveyed by Elsie Hines to P. R. Hines by deed dated Dec. 10th, 1917, and registered in Book S-12 page 315, Register of Deeds Office of Pitt County.

Second Tract: Situated in Ayden Township, Pitt county, North Carolina, adjoining the lands of Emma Alligood on the N., D. F. Hines on the S., the Ayden Public Road on the E., and on the W. by the lands of J.S.Hart, specifically described as follows:

Beginning at Emma Alligood's corner on the Ayden Public road and runs with said road S. 13 E. 32 poles to a lightwood stake with water oak pointers, thence N. 83-4 W. 52 1-2 poles to a stake in J. S. Hart's line, thence with J. S. Hart's line N. 8 W. 32 poles to Emma Alligood's corner in J. S. Hart's line, then S. 83-4 E. 52 poles to the beginning, containing ten acres. This tract of land is the same as that conveyed by James S. Hines and wife, Elsie Hines to P. R. Hines by deed dated September 10, 1915, and registered in Book C-11, page 421, Register of Deeds office of Pitt county.

This sale is made by reason of the failure of P. R. Hines and wife Pauline Hines, to pay off and discharge the indebtedness secured by said deed of trust to the North Carolina Joint Stock Land Bank of Durham.

While Congress continues its efforts at farm legislation to relieve the depression in the agricultural sections of the country it is well for the farmers of this section to take into consideration that they too have a task to perform if agriculture is to be placed on a sound and paying basis.

The 1926 bumper cotton crop has clearly shown the bad effects of overproduction and already those in close touch with the tobacco industry throughout the world have issued a warning to the farmers not to increase tobacco acreage this year.

Past history has demonstrated that agriculture cannot be a successful vocation so long as a farmer depends entirely upon his money crops. Diversification is the only hope for the farmer and those who see to it that enough foodstuffs for their family and their stock is produced on the farms and then give attention to their money crops will find the credit balance in their favor at the end of the season.

"THERE OUGHT TO BE A LAW"

Daily News Letter

Gossip of Staff Correspondents at World Centers of Population.

Los Angeles, Feb. 8.—(INS)—Hugo Reisenfeld, New York orchestral conductor, is in Culver City, Los Angeles suburb, these days writing the musical score for Cecil B. DeMille's production, 'The King of Kings,' a pictorial story of Christ by Jeanie Macpherson.

Signs of the approaching completion and exhibition of the production have increased with the installation in the private DeMille production room of a large and imposing grand piano to be used by Reisenfeld.

Having completed the actual filming of the picture, DeMille is spending hours every day with Reisenfeld trying and discarding selection after selection.

Reisenfeld has been preparing for this score for the last six months and has brought to Hollywood with him thousands of pieces of music emanating from composers in countries throughout the world.

DeMille is now well started on the editing of his picture and it is expected that it will be ready for public presentation early in the spring. Twenty six weeks, or six months, were required for the filming.

Last year milady declined to show her ears. This year she bares her forehead to the gaze of the world.

Among motion picture stars and plays bangs and tips of hair are passe. The smart screen star shows either all or part of her forehead.

In 'The Demi-Bride,' Norma Shearer, Metro-Goldwyn-Mayer star, wears her hair parted on the left side, and brushed loosely across the head, showing the forehead without making a severe hair line.

On the screen, says Miss Shearer, 'the forehead should show because it gives the face more expression. It is also a more becoming, a more chic and a more effective coiffure.'

Renee Adoree, Pauline Starke, Dorothy Phillips and Sally O'Neil are others who are now concealing their ears but exposing their foreheads. All of these stars have bobs and intend to keep them in spite of any propaganda against short locks.

Plucked eyebrows, it seems are taboo in Hollywood. Dainty film actresses no longer

sanction the narrow, pencil-line eyebrows that were worn by film celebrities during the last three years.

Eyebrows a natural is the latest edict. It means that hours are now being spent encouraging the growth of brows through application of warm vaseline and olive-oil, where heretofore the painful operation of plucking them hair by hair consumed many precious moments daily.

Colleen Moore, for one, has heavy, well arched eyebrows which she is allowing to grow naturally this season, at any rate.

The heavier the eyebrows the darker the skin looks, according to beauty specialists, and if this be true then the era of gentlemen preferring blondes is apparently on the wane.

Hollywood will be the scene of a hundred rush weddings in a few days but none of those participating will be really married when it is over.

The wholesale matrimonial business is to be part of a sequence in Wallace Berry's new Paramount comedy, 'Lodge the Fourteenth,' which James Cruze is directing.

The situation arises when the mayor of an Alpine town issues an edict that all women must marry within twenty-four hours, his object being to acquire a bride for himself and for his friend.

In Hollywood there are women scenario writers who earn almost as much as the President of the United States, if one can believe everything one hears in this neck of the woods.

The reason, according to Gertrude Orr, Fox scenarist, is that women understand human nature better than men and are rapidly taking the masculine place in the writing field.

There are fine women in America. A year ago Mrs. Myrtle Hudleston, of California, took up swimming "to reduce."

Too bad that such a woman should waste her marvelous vitality on a battle that pleases the morbid but does no good.

Bernard Shaw says mothers should be paid for having children and adds, "I would not have a baby for less than \$10,000."

If he were a woman, with only a man's courage, and had had a baby, he wouldn't have another one for a million dollars.

Market Report

GRAIN

Chicago, Feb. 9.—(AP)—Influenced by reports that President Coolidge would veto the McNary-Haugen bill, wheat traders sentiment was more bearish today than for some time.

New York, Feb. 9.—(AP)—Continued buying prospects of farm relief legislation and reports of a steady spot situation appeared responsible for the advances which carried prices into new high ground for the movement in cotton futures market today.

New York, Feb. 9.—(AP)—A wide open break in the railroad shares following an early period of strength in which about a dozen issues had been elevated to new high records, unsettled today's stock market.

STOCKS CLOSING table with columns for Name and Price and rows for American Can, Am. Locomotive, Am. Tel. and Tel., Am. Tobacco, etc.

Washington, Feb. 9.—(AP)—The Wheeling and Lake Erie asked the Interstate Commerce Commission today for authority to issue 22,276 shares of new common stock to relieve a stock shortage which has occasioned a disturbance on the New York Stock Exchange.

When issued the new stock will be exchanged at the option of stockholders for 118,826 shares of prior lien stock and 103,450 shares of preferred in the railroad. The result will be to increase the amount of common stock and enable those who have sold common stock "short" to make the required delivery.

The corporation's charter provides that holders of prior liens and preferred stock may exchange these into common stock at will, but the company has not sufficient common stock in its treasury to enable the conversion to be carried out.

Raleigh, Feb. 9.—(AP)—A variety of social service topics were spread before delegates at the opening of the two day 15th annual conference today.

Child welfare agencies, mothers' aid, industrial migration, recreation organization, juvenile court workers, family welfare bodies, were among subjects propounded, flanked by round table discussions.

The League for abolition of capital punishment, with Rev. H. L. Canfield, Greensboro, as chairman, met as a part of the conference to lay plans for legislative enactment making punishment of criminals "more constructive and less barbarous."

The Wake county council of social agencies planned an informal reception following the day's sessions while tonight Frank Graham of the University of North Carolina, was down for an address.

DESCRIBES FARM BILL AS ATTEMPT TO FIX PRICES

Pou Says Board Created by Haugen-McNary Bill Would Be Price Fixing Body

Washington, Feb. 9.—(AP)—move to give the McNary-Haugen farm relief bill the legislative right of way reached the floor of the House today when debate was begun on a resolution of the rules committee recommending such action.

Upon adoption of the resolution the bill would take first place among legislative proposals. Debate would be limited to one hour.

An opposite view was voiced by Representative Parnell, Republican, Indiana, attacked Eastern newspapers for continued opposition to the McNary-Haugen bill.

"Not a farmer in the South," he said "would submit their destiny to the 12 men on this board rather than submit their destiny to the market of the world."

"This bill will bring no relief to Southern farmers; it will make their condition worse. It will force them to pay a tax and to join co-operatives to receive its benefits. Certainly it is unconstitutional."

At the end of sixty minutes, another hour for House debate was agreed upon.

TEACHERS COLLEGE MAY GET INCREASE IN APPROPRIATION

(Continued from Page one) punishment for carrying a concealed weapon is a fine of \$50 or 30 days in jail under today's bills.

Other bills of general interest came from Rhodes of Alamance, seeking state reports for Elon College; Price, Mecklenburg, seeking to repeal certain contract specifications laws; and Connor, Wilson, to prevent malicious damage to property.

Sutton, of Lenoir, in an offering by request, would authorize the Wayne Drainage Commission to levy taxes. Moss, of Rutherford, had one relating to cemeteries.

Three bills were ratified in the house and more than a score reported back from committee and calendared.

The Senate passed the Smith redistricting bill, which would add seven new court districts, by a vote of 34 to 10, after defeating the Royal, Wayne, substitute which would have provided four emergency judges without solicitors by a vote of 34 to 11.

After today's session, the finance and revenue joint committees had important sessions, the finance committee to clarify the schedule, the game committee to give the state-wide game bill an airing in public hearing.

Tonight held as a climax public hearing before the joint committee on appropriations on the Great Smoky Mountains National Park bill. As many as 200 leaders from all parts of western Carolina were on hand to boost the park for which a state appropriation of two million dollars is sought.
