GREENVILLE, N. C. TUESDAY AFTERNOON, MARCH 15, 1927

Price 5 Cents

WILL START OIL WELL NEAR CITY AT EARLY DATE

Local Business Men Busy Today Securing Oil Leases on Five Thousand Acres Close to This City

Greenville's latest oil venture got under way today when a number of local business men were busily engaged in securing oil and gas lease on five thousand acres, just south of this city...

The property under consideration is just south of this city and includes a stretch of land probably from the Country Club property along the Winterville highway to the Cox Mill highway...

Last night's meeting was the result of negotiations that have been going on for several weeks with a syndicate headed by E. R. Hoy, of Crystal Lake, Ill. Geologists of the concern have visited the surrounding territory and are very enthusiastic over the prospects here...

Under the agreement all leases secured are to be deposited in the Greenville Banking and Trust Company and not turned over to the drilling company until a depth of 1,000 feet has been reached...

That oil in commercial quantities will be found in Eastern Carolina is still only a supposition but local business men are determined to learn the truth and the drilling company is enthusiastic enough over the proposition to be willing to finance their own drilling operations...

Rum Ship Taken By Coast Guard

Charleston, S. C., March 15.—(AP)—Her bulkhead pierced by a shot from a coast guard cutter following her refusal to stop when approached at sea, the British schooner Vines, laden with a liquor cargo, was brought into port here today.

The cutter Mascoutin, which made the capture, found the Vines off Cape North Edisto Island, apparently heading for the shore. On observing the coast guard craft the schooner turned about and raced to sea, the Mascoutin pursuing. Repeated orders to heave to were defied and the coast guardsmen fired into her bulkheads.

The liquor cargo was valued at approximately \$100,000. The Vines was shown secured from Nova Scotia on February 15 for Nassau with 1,750 cases of assorted liquors and 100 kegs of malt.

Her captain, Michael Gillan, and six members of the crew will be arrested under warrants charging conspiracy to violate the prohibition laws, United States District Attorney J. D. E. Meyer said.

In addition to this procedure, the vessel probably will be libeled, he said.

Washington, March 15.—(AP)—The schooner Vines with 2,000 cases of liquor aboard, was seized off the east coast near Norfolk yesterday.

Advices today at coast guard headquarters said the tug Mascoutin had made the seizure and brought the vessel into Charleston, S. C. Registry of the schooner has not been determined.

TAMPA PAPER SOLD

Tampa, Fla., March 15.—(AP)—Purchase of the Tampa Morning Tribune by S. E. Thompson, long with the Chicago Tribune and John Stewart Bryan, publisher of the Richmond (Va.) News-Leader was announced here today. They bought it from a Tampa syndicate which purchased it 18 months ago from W. F. Stornell.

BOWIE AND SINK NAMED BY McLEAN FOR JUDGESHIPS

Pardon Commissioner and Former Speaker of House Appointed Emergency Judges Western District

Raleigh, N. C., March 15.—(AP)—Official announcement of two special Superior Court judges from Western North Carolina today completed Governor McLean's appointments of full time jurists who begin their duties May 1.

They are former Speaker of the House Thomas (Tom) C. Bowie, of West Jefferson and Pardon Commissioner H. Hoyle Sink from Lexington. Representative N. A. Fowens of Dunn and Senator Clayton Moore of Williamston were announced last week.

The best "pickers" among capital city correspondents batted one another for a prize in predicting the selections but not until midnight last night did Governor McLean give out the official word.

Asked by The Associated Press if he would confirm reliable reports that Mr. Bowie had accepted a judgeship, the executive first said "I have nothing to say." He talked later over long distance from Winston-Salem, however, where he was spending a few days of rest, and said he had officially said Mr. Bowie and Mr. Sink were his choices.

The four new judges will not be assigned to districts but will hold special terms and relieve regular judges at times. This is expected to keep them busy on a full-time basis.

Mr. Bowie has been prominent in political life of North Carolina for several years. He is credited with engineering the highway legislation through the General Assembly. He was attorney for the State Bible League in advocacy of the anti-evolution bill. He is a graduate of North Carolina University.

Mr. Sink as pardon commissioner since that office was created in 1925 was called the McLean's "alter ego" by the Governor. He was also given additional duties of secretary to the salary and wage commission.

OPEN SWITCH BLAMED FOR WRECK THAT COST LIFE OF ENGINEER

Chula, Ga., March 15.—(AP)—An open switch was blamed by Southern Railway officials today for the wreck of the Suwanee River special at Chula, Ga., last night, resulting in the death of F. E. Long, engineer.

The train plowed through a string of empty freight cars on a siding. The engine and tender were derailed and overturned. The first two coaches left the track but other cars remained on the rails and no passengers were injured.

Georgia Churches Seeking Punishment For Floggers

Atlanta, Ga., March 15.—(AP)—Georgia floggers have aroused church people of 83 congregations of that State to such an extent that an appeal has been made to the Governor to bring those guilty to justice.

A resolution adopted yesterday by the Christian Council, representing these congregations made their petition to the chief executive, declaring that Georgia is being disgraced in the eyes of the world.

A survey by the Atlanta Constitution, brought in three recent acts of mob violence in three counties under public notice. In Tombs County, it was said, masked bands have held "weekly whipping parties" for more than a year. The total persons whipped, it is estimated, was more than 100. In this county and Treutlen County, where H. M. Planders, editor of the Spartan News was whipped, the Constitution correspondent declared his investigation showed that two groups have taken the law into their own hands and cowed those who are in favor of law and order.

Ruled from Bed

Thomas L. Raymond, of Newark, N. J., is something of an autocrat, but his city has kept him for its Mayor for twelve years. Now, after five months of illness, refusing to have a doctor, he will appoint a deputy.

CROWDS ATTEND REVIVAL SERVICES METHODIST CHURCH

Rev. A. L. Stanford, of Charlotte, Will Conduct Services Beginning This Evening

Using as her subject "The Work of the Holy Spirit," Mrs. Stiedley last night brought another strong message to those who attended the revival services at Jarvis Memorial Methodist Church here. This morning she brought another wonderful message on "Prayer."

The revival services began Sunday and each morning and evening services since that time have been well attended. The services have been conducted by Mrs. Stiedley pending the arrival in this city today of Rev. A. L. Stanford of Charlotte. Beginning with this evening's services Mr. Stanford will do the preaching and Mrs. Stiedley will have charge of the song services.

Those who attend the series of services have been promised a real religious treat and a cordial invitation has been extended to the public to hear both Rev. Mr. Stanford and Mrs. Stiedley.

To Wage Fight on Lawlessness

Chicago, March 15.—(AP)—Chicago's average citizens are getting tired of strangers asking them if they keep a machine gun handy around the house. So there will be a citizens' mass meeting here March 30, with a two-fold object.

First, to attempt to co-ordinate efforts of private, public and semi-private organizations and civic bodies, to help constitute authoritative control crime.

Second, to get the idea abroad some way that Chicago is as safe a place for Mr. and Mrs. Average Citizen to live as any other metropolis.

FORD LIBEL SUIT GETS UNDER WAY IN DETROIT TODAY

Selection of Jury in Sapiro's Suit Against Ford for \$1,000,000 Was Begun This Morning

Detroit, March 15.—(AP)—Selection of a jury in the \$1,000,000 libel suit of Aaron Sapiro against Henry Ford was started in United States District Court today after the maze of technicalities and legal arguments on amended complaints had been ended by a ruling of Judge Fred M. Raymond.

Henry Ford was not in court when selection of the jury began and whether he had actually been served with a subpoena apparently still was in dispute.

A motion of the plaintiffs to strike out the 571 paragraphs of the plea of defendants was denied by the judge who warned the defendants, however, that they would have to point out the specific paragraphs to which they were referring in admitting evidence.

The plaintiffs asked the plea be stricken out on the grounds that it did not justify the accusations of libel but was evasive.

Threats of contempt proceedings against Mr. Ford were held in abeyance pending selection of the jury. It was reported that although his counsel disputed the contention of plaintiffs' attorneys that a subpoena had been served upon the manufacturer, he was ready to appear when asked.

"It would be an impossibility," said Judge Raymond in criticizing the plea of the defendants, "to point out the paragraphs that are insufficient, and the paragraphs that are sufficient in some respects and insufficient in others. The court is of the opinion that it is not necessary to pass on their various questions."

"In many instances the defendants refer to some 413 paragraphs of the plea in justification of some certain libel, it would be obviously impossible for the court to peruse the entire plea."

Sapiro charges that Ford injured his reputation in accusing him of being a member of a Jewish conspiracy to control agriculture and in utilizing farmers co-operative organizations for personal gain. On the other hand Ford counsel claims that neither co-operative marketing nor the Jewish race is on trial.

"We claim," said Senator James Reed of Missouri, "that Sapiro was selfish in motives, domineering in his tactics, harmful in his activities and dangerous to the agricultural movement because of his attempts to control it."

Sapiro, Chicago lawyer and for 15 years organizer of co-operative marketing organizations, who is suing Ford in connection with a series of articles appearing in the Dearborn Independent, a Ford publication, in 1924 and 1925, was admitted to the bar on motion of William Henry Gallagher, his attorney. This would permit Sapiro at any time during the trial to take an active part.

MARRIES TWO HOURS AFTER HIS DIVORCE

Raleigh, N. C., March 15.—(AP)—Leaving Wake County Superior courtroom, a divorced man, George M. Jones, 68, Southern Railway engineer, married again within two hours.

Both George and his wife, Lula F. Jones, sought divorce from each other but she secured it on grounds of abandonment. He married Mrs. Arratta Bryant, 55, at a local hotel, the Rev. C. F. Hudson, pastor of Southside Baptist Church, officiating.

Mr. Jones wedded his first wife on February 3, 1882, and six children were born to them.

THREE INJURED BY EXPLODING BOMB

San Antonio, Tex., March 15.—(AP)—The home of Mrs. Paula Judas was wrecked and her two sons were injured severely when a bomb exploded under the room in which they were asleep early this morning.

Ignacio Judas, 24, was believed to have been fatally injured while his brother Adolfo, 21, received internal injuries. Mrs. Judas was burned slightly. A girl, 12 years old, escaped injury.

BANK CASHIER SHORT \$8,000

Fredericksburg, Va., March 15.—(AP)—John M. Ashby, cashier of the Peoples Bank of Stafford, was in jail today on a charge of being short \$8,000 in his accounts. Directors of the bank asked that State bank examiners assume charge temporarily.

Court Refuses Direct Verdict In Oil Magnate Contempt Case

Defense Counsel in Sinclair Trial Had Moved for Instructed Verdict of "Not Guilty"

Washington, March 15.—(AP)—A motion of the defense for an instructed verdict of not guilty in the contempt case of Harry F. Sinclair was overruled today by Justice Hitz in the District of Columbia Supreme Court.

Counsel for the oil man who refused to answer certain questions before the Senate committee which investigated his lease of the Teapot Dome Naval Oil Reserve, contended that the investigation was carried on for months while the committee was without legal authority to examine witnesses. This and other arguments were advanced in favor of an instructed verdict.

While losing in this matter, the defense won in its effort to get before the jury the statement Sinclair made to the Senate oil committee when he refused to answer the questions.

The two decisions mean that the case will be presented to the jury within a few days after the evidence for the defense is stated. Instructions have been agreed upon and final arguments have been made.

Justice Hitz declined to let the jury hear the testimony of Martin W. Littleton, of counsel for the multi-millionaire oil operator, as to what was in his mind in advising Sinclair not to answer any questions before the committee relating to the Teapot Dome lease the validity of which then had been assailed in the court.

Moreover the trial justice announced that he had decided that the questions which Sinclair refused to answer were pertinent to the oil inquiry.

After an argument between counsel District Attorney Gordon agreed to strike from the indictment the count charging a refusal to produce the books of the Hyvac Corporation, a Sinclair unit. This was due to a claim of the defense that a willful refusal would have to be shown on that count.

Four counts remained, one of which had been stricken out before because of a typographical error. Besides Sinclair's statement to the Senate committee it was agreed to place before the jury a colloquy among committee members which preceded the voting down of an action now to ask the oil operator anything pertaining to the Teapot Dome lease since the government had entered quit for recovery of the reserve.

The jury which had been excused was recalled and took their places in the box for the first time since last Wednesday. They immediately began hearing Sinclair's statement to the Senate committee on March 22 as it was read by Littleton.

Horse and Mule Association Has Been Chartered

Among the charters of incorporation issued yesterday by the Secretary of State's office was one to the North Carolina Horse and Mule Dealers' Association, of this city. The purpose of the organization is to promote better selling of mules, horses and other livestock. It is a non-stock corporation. The incorporators are J. E. Winstow, R. L. Smith and W. H. Smith, all of this city.

Another charter granted yesterday to a Pitt County concern was to the Griffin's Insurance Agency, Inc., Griffin. The new firm has an authorized capital of \$10,000 with \$2,000 subscribed by P. L. Stone, R. B. Kittrell and G. T. Gardner, all of Griffin.

STATE WILL NOT INVESTIGATE DEATHS NEAR ABERDEEN

Raleigh, March 15.—(AP)—If the State of North Carolina is to officially investigate further the deaths of James E. Bushway and Helen Heigens, New Englanders found frozen near Aberdeen last week, it will be through others than the Attorney General. (Officialdom said that the proper course would be for Solicitor Don F. Phillips, of Rockingham, to conduct a search for more evidence.)

A letter from parents of Bushway at Haverhill, Mass., to Attorney General Brummitt, will be turned over to Solicitor Phillips. This was announced by assistant attorney General Nash at the office of Mr. Brummitt, who is ill.

TODAY

Democracy Has Defects. And It Has Heroes. More Pay, or More Heads. Raw Wheat for Vitamin B. (By Arthur Brisbane)

Democracy is necessary, monarchy and autocracy being worse. But democracy has defects. The Colorado should be harnessed, but senatorial representatives talk the project to death, unable to agree about the harnessing.

New York State has water power going to waste. Governor Smith plans to harness it. Republicans stop him—he must not have the credit, with 1928 coming along. It is as though a farmer had two hired men, and horses that never ploughed, because his hired men wanted to hitch them in different ways.

Two years ago Congress decided that they needed more money, and found a way of helping themselves—an easier job than helping the farmers. They raised their pay from \$7,500 to \$10,000 a year.

You learn now that Senator Borah has never taken the additional \$2,500. He simply refused to take the extra money, saying nothing about it.

But such things will out, and Idaho knows it has a Senator unwilling to raise his own pay to \$10,000 after being "hired" for \$7,500. Congressman Tucker, Democratic Representative from Virginia, announced that he would not take the raise, as soon as it was voted. But he is not in the Presidential limelight.

Some citizens will think Mr. Borah should be President, because he refused extra pay. Others will think the wiser course would be to take the money and earn it—by preventing senatorial tactics that will cost the nation billions, in wasted power.

Monsieur Auguste Diebler's job is working the guillotine. Fastening down the criminal's neck, below the blade is delicate work; you must be careful or the murderer may bite your hand. Some have done that, savagely, and one killed the attendant priest with a metal crucifix handed to him at the last moment.

Diebler who gets a small salary, with extra fees for each head, issues this ultimatum, "More regular pay or more heads to chop." Too many death sentences are commuted. Every business has its troubles. Cotton men complain that women in a cotton growing nation wear only silk. Silk men complain that so little silk is used in each dress.

Paris, advised by Andrew Laphin, eats raw wheat, and feels better. Monsieur Laphin says a tablespoonful of germinating wheat, eaten before luncheon supplies vitamins lacking in other foods, especially the vitamin B that stimulates nervous energy.

Roman soldiers, as they marched toward Paris, under Caesar. (Continue on Page Six)

All In High Up

Five miles above the ground Captain H. C. Gray, U. S. A. balloonist, became unconscious over Scott Field, Ill., but recovered and landed safely, failing in his effort to break his altitude record, 35,433 feet. He went above 27,000 feet.

FERGUSON AGAIN FACES LOSS OF HIS POLITICAL RIGHTS

New Texas Governor May Sign Repeal of Amnesty Granted Former Governor

Austin, Texas, March 15.—(AP)—James E. Ferguson today faced loss of his political rights for the second time as Governor Dan Moody who opposed him in a bitter fight for leadership of the State Democratic party, considering signing of a measure which would repeal the amnesty granted him following his impeachment as governor in 1917.

The lower house of the State Legislature yesterday passed the bill by a vote of 78 to 25 after it had been approved by the Senate by a large majority.

Senator Tom Love, author of the repeal measure, maintained the amnesty bill was unconstitutional. Governor Moody held the amnesty bill was unconstitutional when he was attorney general and prior to his announcement that he would become a candidate for governor in an effort to defeat Mrs. Ferguson.

CUT GASOLINE PRICE New York, March 15.—(AP)—The Standard Oil Co. of New Jersey, has reduced its standard price of gasoline one cent a gallon throughout its territory to 20 cents.

Nevada Gold Strike Attracts Attention of Entire Nation

Tonopah, Nev., March 15.—(AP)—Born as the result of an adventure, the tiny gold city at Weenah which has lived on nothing but excitement since its inception 12 days ago fostered another stampede today as news spread that an Indian had made a rich strike five miles away.

Crowds besieged printing offices here last night to buy location blanks and then hastened for the newest find.

The Indian, Pine Nut Johnny, a Piute, led the party of prospectors to the find late yesterday at Barrel Springs. Twenty claims were staked out on the spot after the finders had picked up samples of ore containing \$76 worth of gold.

As far as eye can reach from any direction at Weenah the land has been staked out in claims. The newest find therefore comes in the form of a "consolation rush" for the late arrivals at Weenah. Thus far 185 locations at Weenah have been registered by the Esmeralda county recorder, who has been overwhelmed with excitement as a result of the boom, although locators have 90 days to record their claims, the papers are coming into the county office by the basketful.

The recorders so far have 4,000 acres, reaching ten miles in every direction, with the Horseshoe-Treyner discovery location as their center. A high wind yesterday blew down everything movable at Weenah with the exception of two or

Says Leopold Is Master Mind Behind Series Of Jail Breaks

Paroled Prisoner Declares Wealthy Murderer Planned Wholesale Release Joliet Prison Inmates

Chicago, March 15.—(AP)—A plot to empty Joliet penitentiary of its 1,200 inmates by the wholesale slaughter by poisoning of the guards has been revealed to prison authorities and Chicago police by a paroled convict.

The plot set for execution next Saturday is the third of a series behind all of which now looms the youthful sinister figure of Nathan Leopold, Jr., plottor and co-executor of the murder in Chicago of little Bobby Franks.

It was Leopold, the officers have been told, who conceived the original prison break in which seven men escaped after killing a deputy warden, only to have six of the seven recaptured and sentenced to hang for murder.

It was Leopold, too, said the detailed stories over which the officers are now working, who financed last Saturday's break from the Joliet jail—a break in which three of the six recaptured in the first escape reached freedom and shot to death a policeman.

Two later were recaptured. Leopold is not linked directly with the latest escape plot as told to officers by Leo Delgado, paroled convict, but it was Leopold's original plotting, Delgado related, that inspired the scheme to evacuate the penitentiary next Saturday by killing the guards with arsenic.

"Leopold planned the original penitentiary escape," Delgado said in a story printed today in the Herald and Examiner. "From his friends outside he obtained \$8,000 which was to finance the flight of himself and his picked associates first to Detroit, thence to Canada and finally to Mexico.

Palos Verdes, Mexico, was the place picked as the refuge for those escaped, said Delgado, who obtained his information from letters in Spanish to the plotters which he was called upon to translate. The plans provided that the men who escaped were to live in luxury in the Mexican town with funds furnished by Leopold's Chicago friends.

Delgado said the original plot provided for the escape besides Leopold of Bernardo Roa, Gregorio Rizzo and Robert Torres, the three Mexicans who broke from the Joliet jail last Saturday. Of this trio Roa is still at large. Charles Shader, Charles Duschow and Walter Staleski—three men who were under sentence with the Mexicans to hang for slaying the deputy warden in the original penitentiary break—also were to have been included.

Leopold, according to Delgado's story, lost his courage and turned sick at the sight of the blood of deputy warden killed by his fellow convicts, and that was why he did not attempt flight.

After telling of the poison plot, plans for which he said had been completed, Delgado said: "I am what the police call a hard boiled egg, but I draw the line at wholesale poisoning."

Chief of Detectives William Shoemaker, said that early checking of its details indicated the story to be virtually correct.

Delgado's story was that arsenic was to be infused into the coffee served the guards, with the flight of all inmates to follow immediately.

Search for Bernardo Roa who is still at large continues. Two Mexicans are held at Warsaw, Indiana. Chicago police were told today by a Mexican pool room proprietor that Roa was lying in a secret stronghold armed with two shot guns and two revolvers awaiting an opportunity to make good his boast: "I'll kill 15 policemen and shoot myself with the last bullet."

The Mexican gave as his authority for Roa's threat to "shoot it out" another Mexican who is sought. Meanwhile the pool room proprietor, Jesus Hernandez, was held incommunicado. Shortly after he had been questioned a police sergeant boarded a train for Detroit where Roa was reported to have friends who were to arrange for his escape into Canada.

BELGIAN KING REPORTED ILL

Brussels, March 15.—(AP)—King Albert of the Belgians is suffering from a mild attack of influenza.

First Hole in One Comes as Bobby Turns Quarter Century

(By O. B. Keeler)
Atlanta, March 15.—(AP)—St. Patrick and Bobby Jones have the same birthday and this time March 17 marks the turning of the quarter-century mark for the young man who is rather generally regarded as the world's greatest golfer.

At any rate, in the year before becoming 25, he achieved the distinction of being the first and only golfer voted officially as the champion of the world, by winning in the same season the once and for all of Great Britain and the United States while at the top of American amateurs. The latter title he had a short time later to George Von Elm.

Then, too, Bobby's first hole in one came just a few weeks ago, as if to bring his 24th year to a fitting close. It was Number 11 on the East Lake course of Atlanta, and was a half-shot with his Number four iron to the green 176 yards away. The ball hit five yards from the cup, bounced twice and rolled in.

Bobby is generally regarded as being older than he really is, because of his prominence in national and international golfing affairs for the last eleven years. It was at the age of fourteen years and six months that he entered his first national competition in the United States amateur championship at the Merion Cricket Club, Philadelphia, in 1916.

He qualified handsily and defeated Eben Byers, a former national champion, and Frank Dyer before losing a grueling match to Robert A. Gardner, then champion, in the third round. Since then Bobby has been a national figure in golf.

Bobby started playing the game before he was six years old, at the East Lake course of the Atlanta Athletic Club, still his home club. His remarkable style was modeled on that of Stewart Maiden, still the professional instructor of that club.

Briefly, his career has to date included competition in 21 national championships, ten open and

eleven amateur, sixteen in the United States, one in Canada and four in Great Britain.

He has won every major golfing title except the British amateur championship. He has won the United States amateur championship twice, in 1923 and 1925; the United States amateur title twice in 1924 and 1925; and the British open once in 1925.

In the United States open event his record is unbroken. For the last five years, beginning with 1922, he has been either first or second in every tournament.

Bobby also has won innumerable local competitions, has been Southern amateur champion three times, up to 1922, when he won the title at East Lake with an aggregate score of ten under par, but all the rounds he played and since has not completed it, that event.

During the war years of 1917 and 1918, he competed in matches for the Red Cross all over the country, playing in four ball matches with Perry Adair, his famous partner in golf, Miss Alexa Stirling of Atlanta, and Miss Elaine Rosenthal of Chicago. The four young people helped to raise something like \$150,000 for the Red Cross fund.

Bobby was married in June 1924, to Miss Mary Malone, of Atlanta, and is now the father of two children, Clara Malone Jones, not quite two years, and Robert Tyre Jones III, aged not quite four months.

The open champion, after being graduated as a mechanical engineer at the Georgia School of Technology in 1922, went to Harvard for a B. S. degree and after a year in business went back to school to study law at Emory University, preparatory to entering his father's law firm in Atlanta. He is now in his first two terms at Emory and is rated the best student in the law department.

Bobby intends to play in two major tournaments this year: the national open championship in June at Cakmont, near Pittsburgh and the national amateur cham-

ampionship at Minneapolis. He has stated he would not make the trip to Britain in those championships. "I've got to get ready for the game of life," says Bobby, and pursues his law course at Emory.

NOTICE OF RESALE

Under and by virtue of the authority conferred by an order of resale made by Hon. J. F. Harrington, Clerk Superior Court of Pitt County, on the 10th day of March, 1927, in that special proceeding No. 2740 entitled "Jas. L. Knox, William Knox and others vs. Ex Parte," now pending in Pitt Superior Court, said resale having been ordered because of the fact that the Daily Reflector published the notice of the former sale only three weeks instead of four weeks as required by law, and as the former order directed, the undersigned will on Saturday, March 26th, at 12 o'clock noon, in the front of the Bethel Banking & Trust Company building in the town of Bethel, Pitt County, North Carolina, expose to public sale to the highest bidder for one-half cash and the balance in two equal annual payments, said deferred payments to be secured by mortgage on said land lying and being in Bethel Township, Pitt County, North Carolina, described as follows:

Adjoining the lands of Newson Worley, H. L. Bruce, heirs at law of J. R. Ranking and others, containing 20 acres more or less, and being a part of lot No. 1 in the division of the lands of the late Bronck Stokes, deceased, as described in the deed recorded in Book Y-4 at page 154 in the office of the Register of Deeds of Pitt County, and being that portion of said tract of land which lies on the south side of that certain canal running through the above described tract of land, saving and excepting, however, from within the above boundaries one quarter of an acre for a family graveyard where the graveyard is now located.

This March 10th, 1927

TRY OUR WANT ADS

18 Years Pass, but Peck Is Still a Star

Another "grand old man" of baseball is in the making. Roger T. Peckinpaugh starts his nineteenth year in baseball—a game in which a man is old at thirty-six—this Spring.

A long ago as 1909, when Peck was manager of the Yankees, decided that Roger T. Peckinpaugh was through as a ball player.

An opportunity offered and Peckinpaugh accepted the Washington Senators, happy that his salary would no longer be charged to the New York club.

But Peckinpaugh reckoned not with Peck's vitality—a vitality that has kept him in baseball since 1909. In 1925 he was named the most valuable player in the American League. And this year appears in a new role—that of shortstop for the Chicago White Sox, a job that requires speed of feet and mind that might be expected to be found only in a younger man.

Peckinpaugh was born in Wooster, Ohio, on February 5, 1891. He grew up in Cleveland, and was graduated from the captaincy of his high school team in 1909 into the Cleveland League club. In 1910 he was farmed out to the New Haven club and in 1911 to the Portland club. By that time his playing had matured and he was returned to Cleveland in 1912, and he went to the Yankees in 1912.

He played shortstop until 1921. Just about the time that experts were deciding that he was getting near the end of his career that on 10 years he was made captain of the team. He led his fellows to the

championship in 1921.

Despite this, Peckinpaugh agreed with critics who said that Peck's baseball days were over. He was traded to Boston at the end of the season and was immediately traded again to Washington.

His batting, it is true, suffered with the years. His average in Washington fluctuated between .260 and .300. But in spite of that he soon has covered ribbon of honor in 1926. His fielding overcame any deficiency at the bat.

Then for the second time Peck was traded off immediately after having reached a high mark in his career. He went to Chicago.

He is thirty-six years old, it is true. But Chicago has faith in him. Successful ball players with eighteen years' experience behind them are few. Not many can stand the pace.

"But Peck can," say his friends. "All it requires is for some expert to decide that his baseball days are over to make Peck make every manager wish that he had him on short. Peck's good for half a dozen more years as a star."

But waste no tears for Roger T. Peckinpaugh when he finds his muscles knicked and sore. Since his first days in baseball he has been salting away a good percentage of his earnings, and he has built up a real estate business in Cleveland that will keep him in crackers and milk even after his teeth are gone.

SALES 2½ TIMES THOSE OF ANY OTHER BRAND

Next Thursday, Friday, Saturday

ORIGINAL REXALL

March 17th, 18th and 19th

ONE CENT SALE

What a REXALL One Cent Sale Is

It is a sale where you buy an item at the regular price, then another item of the same kind for one cent. As an illustration: The standard price of Kleenex Dental Creme is 50c, you can buy a tube at this price and by paying one cent more, or 51 cents, you get two tubes. Every article in this sale is a high class standard piece of merchandise, just the same as is sold every day at the regular price.

This sale was developed by the United Drug Co., as an advertising plan. Rather than spend large sums of money in other ways to convince you of the merit of these goods, they are spending it on this sale in permitting us to sell you a full size package of high standard merchandise for 1 cent. It costs money to get new customers, but the sacrifice in profit is justified, knowing the goods will please you.

Floor Varnish that wears

THERE are only two reasons for varnishing a floor—to protect the surface of the wood—to add beauty to the floor. Therefore a floor varnish must have those qualities which will withstand the most severe abuse without marring and still retain its elasticity and toughness to act as a protector. Pee Gee Floor Varnish has proved its worth in thousands of homes—there is no better varnish made.

FORBES and BAKER

LOCALS

Mrs. A. W. Clement, of Greensboro, is visiting her parents, Mr. and Mrs. L. A. Lee, of this city.

Mrs. D. R. Manum, of Farmville, spent the week-end here with relatives.

BIRTH ANNOUNCEMENT

Mr. and Mrs. Joseph E. Johnson, Chestnut street, announce the birth of a daughter, on Monday March 14, 1927.

DEATHS FROM DIPHTHERIA

During the five year period from 1921 to 1925 inclusive, there were 1839 deaths in North Carolina from diphtheria. Of these deaths 1582, or 85 per cent, occurred in children under 7 years of age.

Diphtheria is a preventable disease and as a cause of death can be eliminated, but from the above figures it is plainly seen that this can never be done through the schools. Diphtheria is primarily a disease of the pre-school child.

Within the past few months hundreds of school children in Pitt county have been made immune to diphtheria with toxin-antitoxin. We are proud of this, yet we are many times more interested in the babies and young children at home who have not had this protection.

The Health Department would urge every parent to make his or her child's life safe against this dreadful disease by having him treated with toxin-antitoxin. Don't wait another day, but take all your children from 6 months old up to school age to your family physician or bring them to the Health Office and have them inoculated. It takes from 3 to 6 months for toxin-antitoxin to do much good, so by giving it to your child now it may be expected that by next fall and winter when diphtheria is most prevalent, immunity will be fully established.

SURPRISE BIRTHDAY DINNER

Mr. and Mrs. Larry Botic and children spent Sunday in Beaufort where they attended a surprise birthday dinner given to Mr. Botic's mother, Mrs. Mary Botic, in honor of her seventy-second birthday.

Mrs. Botic, with her son and his family resides at the old home place. It has been the scene of many happy gatherings, but the birthday was one of the most enjoyable since the children left home to make homes for themselves. The dinner which consisted of barbecue, turkey, ham, cake, and in fact everything to make a menu complete, was a happy surprise to Mrs. Botic having been planned by her loved ones with whom she makes her home. Covers were laid for fifty guests, including children, grandchildren, several brothers and many life long friends of the beloved honoree.

Upon arrival each guest was welcomed by Mrs. Botic, in her sweet and charming manner, and her greeting showed her happiness in celebrating another birthday. The gifts, with which she was showered, were both beautiful and useful, each carrying with it love and best wishes.

After dinner the guests were entertained about the old home place, recalling the many happy days spent here. At the close of the most delightful day they told Mrs. Bos-

DENTON DRUG COMPANY

Announces That They Will Have Their SPRING SODA FOUNTAIN OPENING Wednesday Night, March 16th 8 to 10 o'clock at Which Time VELVET ICE CREAM From the Original De Luxe Package WILL BE SERVED FREE Ladies are especially invited to attend and bring the kiddies or their "Sweetie" Mr. William (Bill) Badhom will be in charge of the soda dispensing at the fountain.

FOR SERVICE SEE "BILL"

The Charlotte owner is a pretty good bargainer so when he got the price down to \$2,500 he paid it. The suit was withdrawn and the compromise judgment entered today.

A player on the Columbia team hit the ball that hit Birdsong's shin.

TAKE SALTS IF RHEUMATISM IS BOTHERING YOU

Tells Rheumatism Sufferers to Take Salts to Get Rid of Toxic Acid

Rheumatism is no respecter of age, sex, color or rank. It is the most dangerous of human afflictions. It is one of the most painful. These sufferer to rheumatism should eat as sweets, for awhile, dress as warmly as possible, avoid any undue exposure and above all, drink lots of pure water.

Rheumatism is caused by uric acid or body waste matter, and is often generated in the bowels and absorbed in the blood. It is the function of the kidneys to filter this poison from the blood and cast it out in the urine; the pores of the skin are also a means of freeing the blood of this impurity. In damp and chilly, cold weather the skin pores are closed thus forcing the kidneys to do double work; they become weak and sluggish and fail to eliminate this toxic acid, which keeps accumulating and circulating through the system, eventually settling in the joints and muscles, causing stiffness, soreness and pain, called rheumatism.

At the first twinge of rheumatism get from any pharmacy about four ounces of Jad Salts; put a tablespoonful in a glass of water and drink before breakfast each morning for a week. This is helpful to neutralize acid, remove waste and stimulate the kidneys, thus helping to rid the blood of those rheumatic poisons.

Jad Salts is inexpensive and is made from the acid of grapes and lemon juice, combined with lithia and is a healthful, excellent results by thousands of folks who are subjected to rheumatism.

IT WILL PAY YOU

Now comes the announcement from the Westinghouse Electric Company that in the future that concern after trying various and sundry advertising schemes, will confine itself exclusively to newspaper advertising as the best medium by which to reach the buying public.

The Westinghouse Company, in its statement, says: "Newspapers seem to offer the only medium by which we can both nationalize and localize our various sales campaigns thus permitting us to conduct a nation-wide campaign on products and at the same time vary our program to fit the needs of special districts.

Our decision to concentrate on newspaper space came after a careful study of all factors entering into the market, selling and advertising situation. One important item was flexibility, whereby we could vary our plans to conform to various conditions and peculiarities in the economic situation with respect to any particular district of the country."

The findings upon which the Westinghouse Company bases its decision are equally true in the case of the local merchant. Your local newspaper daily goes into the homes of the community regardless of weather or other conditions, and conveys your message in an attractive manner to the members of the family group gathered around the fireside. No other medium has the entry to the very heart of the American family as does the local newspaper.

EXPRESS YOUR WISHES

No doubt you have an opinion in the matter of where the new river bridge should be placed. If so, now is the time for you to let your wishes in the matter be known. After definite plans for the bridge and arrangements for the construction have been completed, it will be too late to change it if the plan is not to your liking. If you think the new bridge should be placed at the foot of Evans street, get behind a movement to have the Highway Commission place it there or if you think it should not be placed at the foot of Evans street, say so in order that the commission may know that their present plan to place it at the foot of Greene street meets with your approval. At least let your wishes in the matter be known now instead of waiting until afterward and then knocking the commission for placing the bridge at a location that does not suit you.

DON'T OVERDO IT

Now comes the report that British spinners have made millions out of the present low cost of cotton as

Farmer-Count

Count Wilhelm Resseguier, a member of Australian nobility, came to Winnipeg, Can., to take up farming. He announced he would work as a farm hand before buying a farm of his own.

an outgrowth of overproduction. What is true in the present cotton situation will be the same in the tobacco industry during the coming season, if farmers of the tobacco belt try to overcome their present losses on cotton by increasing their tobacco acreage. Already those familiar with the tobacco industry throughout the world have issued a warning to growers not to overdo it this season. The wise farmer will heed the warning. A smaller, better crop this year at a higher price per pound will mean much more to the farmer of the section than will a bumper crop at starvation prices. Don't overdo it this year. See to it that your tobacco crop is not increased over that of last year.

In this age of bootleggers, hi-jackers, professional gunmen and the like, the new Nevada gold rush, coupled with the law legalizing open gambling, now on the verge of passing in the Nevada Assembly, might furnish scenes for the "Blood and Thunder" type of movie that far surpasses the present efforts to reproduce on the screen the days of "49."

TOO MANY CLUES

In No. 11 of the "Master-Man Hunters," true detective stories appearing in the Magazine Section of next SUNDAY'S WORLD, we are taken to Berlin. So many clues to so many burglaries, and all pointing to Hannus Wehncke, that the clues in themselves constituted an alibi. It was a super-crook's game and a great one while it lasted. This story, complete in next SUNDAY'S WORLD will grip and hold you. Entertaining fiction and articles of interest every SUNDAY in THE WORLD.—Advt.

WOULD LEGALIZE GAMBLING IN NEVADA

Carson City, Nev., March 15.—(AP)—The bill to legalize wide open gambling in Nevada, passed last week by the lower house of the State Legislature, was sent to the Senate today with probability of its proponents that it would become a law.

The bill was given final action in the assembly yesterday when the lower house refused to reconsider its passage. Foes of the measure were pinning their hopes on the possibility that it would be buried in committee.

The measure would recognize gambling by levying a tax of \$1,000 annually on each gambling table in the State, and would permit all forms of chance games.

his office at Greenville, in said county, and in Greenville township, on the 20th day of April, 1927, at 10 o'clock, a. m. The defendants will also take notice that a warrant of attachment was issued by said justice on the 10th day of March, 1927, against the property of said defendants, which warrant is returnable before the said justice, at the time and place above named for the return of the summons, when and where the defendants are required to appear and answer or demur to the complaint, or the relief demanded will be granted.

And the defendants will further take notice that a warrant of attachment has been issued and levied by the Sheriff of Pitt County on that tract of land in Carolina Township, containing eighty acres, more or less, known as the Rosbuck or Chauncey lands, adjoining the land of George Rosbuck, the House lands and others and belonging to the defendants in this cause. This said attachment having been made by the Sheriff for the purpose of holding the said parties for the payment of the said judgment and establishing a lien against it for the said purpose.

This the 10th day of March, 1927. John Ivey Smith, Justice of the Peace Under order of attachment of

John Ivey Smith, J. P., I have this day attached the land described in the foregoing order in this cause This March 10th, 1927. S. A. Whitehurst, Sheriff of Pitt County S. J. Everett, Atty. 15-11w-4wk.

Keep Fit!

Good Health Requires Good Elimination.

To be well, you must keep the blood stream free from impurities. If the kidneys lag, allowing body poisons to accumulate, a toxic condition is created. One is apt to feel dull, languid, tired and aching. A nagging headache is sometimes a symptom, with drowsy headaches and dizzy spells. That the kidneys are not functioning properly is often shown by burning or scanty passage of secretions. If you have reason to suspect improper kidney functioning, try Doan's Pills—a tested stimulant diuretic. Users praise them throughout the United States. Ask your neighbor!

S. A. Whitehurst Sheriff Pitt County

DISTRICT MEETING OF ROTARY CLUBS NOW IN PROGRESS

Two Days Conference in Wilmington Got Under Way This Morning

Wilmington, N. C., March 15.—(AP)—With the booming voice of John A. Park, publisher of the Raleigh Times leading off, as song leader, the 1927 conference of the Rotary Clubs of the 35th district of Rotary International started off today in song.

Two days of good fellowship gatherings lay ahead, for men prominent in business and professions.

Allen Street, Oklahoma, vice president and representative of Rotary International, St. Wade Marx of Raleigh, governor of the district, M. Eugene Newsum of Durham, former district governor and at present director of Rotary International, were among those here.

Registration booths had opened at the American Legion last night, followed by informal reception and dinner, while today registration continued. A concert by the New Hanover High School Band followed and then Mr. Park led off the singing.

On the program was address of welcome by Mayor Walter R. Blair, Fred G. Rose, president of the Wilmington Club, and response by Robert C. Kirtland, of Henderson.

Governor Marx then made his annual report.

In all the 38 countries in which Rotary Clubs function, there are but 20 clubs that hold bi-weekly meetings, Mr. Marx reported. The others hold meetings every week.

In the period of his governorship three North Carolina clubs, under his jurisdiction, became once-a-week clubs, New Bern, Kinston and Washington organizations, and Greenville promises to make it a fourth weekly club member, he said.

He cited the work of the Wilmington Club in originating eight schools for 75 under-privileged boys. Raleigh's club is the oldest in the two Carolinas.

Mr. Marx's successor, to take office in July, will be selected at the two-day meeting.

Past district governors were presented: Howard J. Matthews, of Winston-Salem, Joe Turner, of Hills, Va., Roger Moore, of Wilmington, "Buck" Perrin, of Stauntonburg, S. C., Frank Lenz, Newport News, Va., Gene Newsum, Durham, and Charles J. Smith of Salem, Va.

Club presidents then were presented, including E. J. Buzz, Durham, J. A. Powell, Edenton, S. B. Parker, Elizabeth City, W. P. McKay, Fayetteville, A. A. Joseph, Goldsboro, E. M. Gettinger, of Greensboro, W. H. Dail, Greenville, R. G. Kirtland, Henderson, T. W. Andrews, High Point, J. B. Dawson, New Bern, Frank Page, Ra-

Outside the Money at West Palm Beach

This photograph of scared depositors waiting at the closed doors of the Farmers' Bank & Trust Company at West Palm Beach, Fla., hoping to draw their deposits, when three neighboring banks had closed, was seized by the police and retained for some time in an effort to keep secret the bad news in Florida.

leigh, L. W. Rose, Rocky Mount, Fred G. Rose, Wilmington, G. W. Stanton, Wilson, and James G. Hines, Winston-Salem.

Mr. Street, in his address, addressed to point out that "this is the only State I have ever been in where you can drive from the mountains to the sea in a day."

"The roads in North Carolina, from a scenic point of view, can't be surpassed. The engineering is remarkable."

Mr. Post, general conference chairman, recited the six objects of Rotary: service, high ethical standards in business and professions, application of ideals to personal business and community life, development of acquaintance as opportunity for service, advancement of understanding, good-will and international peace through a world fellowship of business and professional men united in the Rotary ideal of service.

John B. Orr, chairman of the extension committee, Rotary International, Miami, Fla., was down for talk on service extension.

Tonight presentation of the district governor's trophies to Snow Hill and Madison clubs for attendance records was the order while Frank Holbrook of Greensboro was on the books for an address.

A president's breakfast with Paul Schenck of Greensboro, presiding, and secretaries' breakfast with Frank Evans of Norfolk, Va., presiding, were to open tomorrow morning.

On the entertainment side the ladies were given a concert and informal reception on board the U. S. revenue cutter "Macon." Anyster feast was the order for the afternoon at Shute Acres.

Daily News Letter

Summary of Staff Correspondents at World Centers of Population.

Chicago, March 15.—(INS)—When John McWhorter tells that story about sinking a 30-foot mill and you have a sneaking suspicion it really was a three-footer, put the "Lie Detector" on him.

A special model of the detector, to be used by golfers, will feature the exhibits at the International Golf Show to be held March 21 to 26 in Chicago.

It consists of a small rubber air hose to be attached to a person's wrist at the end of which is a device for recording pulse beats.

When John ceases in from the fields with his long winded account of a 20 score when you know he never broke 100 in his life, all you have to do is put the detector to work according to the enterprising manufacturer, who forces a heavy demand because of the large number of weary listeners.

The device is said to work as well on fishing and hunting cases. A large list of golf equipment manufacturers will have exhibits at the show which will have as one of its main attractions Joe Kirk-

wood and his bag of tricks.

A Frenchman Dutilleul rather than Benjamin Franklin, was the first person to make the famous experiment by which the fact that lightning and electricity were identical, was proven, according to Prof. Marcus W. Jernegan of the University of Chicago.

This does not detract from Franklin's glory, according to Prof. Jernegan, who declared Dutilleul's experiments were based upon papers written by Franklin detailing plans for the test.

Much of Prof. Jernegan's material was gleaned from the Frank B. Library and collection of William S. Mason of Evanston, Ill.

A new world record for milk production has been established by the Hill Country Seggs, a pure-bred Holstein-Friesian cow owned by John R. Logan of Seward, Ill., according to the National Dairy Council.

Seggs still produced 33,405 pounds of milk in 283 days which was two and one-fifth times her

own weight. This would make 1503 pounds of butter.
Side by side achievement was shared by only one other cow, Seggs' Pietreje Prospect, who set a world record of 37,000 pounds of milk in one year, and two such records of more than 35,000 pounds of milk. In three years Seggs produced more than 50 times her own weight.

NOTICE OF ADMINISTRATION

Having this day qualified as the Administrator with will annexed of the estate of J. J. Grey, deceased, this is to notify all persons holding claims against said estate to immediately prove and file same with the undersigned Administrator on or before twelve months from this date or otherwise this notice will be plead in bar thereof.

All persons indebted to the said estate will please make prompt payment.

This the 28th day of February, 1927.

J. I. Grey, Administrator of J. J. Grey, Deceased Stokes, N. C.

10-16-6wkw.

MORTGAGE LAND SALE

Under authority of the power of sale contained in that certain mortgage deed executed and delivered by P. E. Brooks and wife, bearing date January 9th, 1923, and recorded in Book N-14, page 472, Pitt County Registry the undersigned will on Monday March 20th, 1927, at 12 o'clock M. before the courthouse door in Greenville, said county, sell to the highest bidder for cash, subject to that certain deed of trust securing to the N. C. Joint Stock Land Bank of Durham payment of the debt there in secured and described, which deed of trust is recorded in Book T-14, page 286, said registry, the following described tract of land.

Lying and being in the County of Pitt and State of North Carolina, and described as follows, to wit: That tract of land known as the Rickey Moore tract, containing 61 acres more or less, which was devised to the said P. E. Brooks by the will of John W. Brooks, Sr., recorded in Will Book No. 5, page 185 et al in the office of the Clerk of the Superior Court of Pitt County. It being lot No. 7, in the division of the lands of John Moore (deceased), made in 1810, and recorded in Book P-P, page 697, of the public registry of Pitt County.

Default having been made in the payment of the debt thereby secured, sale will be made to satisfy same. A cash deposit of 10 per cent of the successful bid must be made at the time of sale to make good bid.

This February 4th, 1927.

DEWEY W. BROOKS, Mortgagee.

U. S. DESTROYER FIRED UPON BY CHINESE TROOPS

American Officials Today Attempting to Fix Responsibility for Attack

The war in China again came closer to Americans today with reports of news that the U. S. destroyer Preble had been fired on near Wuhu, a Yangtze port, by Chinese troops. The destroyer was hit but no one injured. A protest was ordered by the American legation.

Military operations in Kiangsu province, halted by rains, have been resumed. The Cantonese are pressing close to Nanking, recently on the railway leading to Shanghai from the north. They also claim the capture of Hsing, southeast of Nanking on the west bank of Taihu lake.

Arrangements are complete for moving the foreign women and children from Nanking if the 15th of the city seems imminent, as the Cantonese occupation of other places such as Hankow, Kinkow, and Wuhu has been followed by violent foreign riots.

Marshal Chang Tso-Lin, driving southward through the interior province of Honan to oppose the Cantonese along the Yangtze, claims further successes against the semi-independent commander Chin Yun-Ao. Chin, who is attempting to block Chang's southward movement, is reported to have been driven back to the city of Chengchow with severe losses.

Peking, Chin, March 15.—(AP)—The American destroyer Preble was fired on by Chinese troops Sunday near Wuhu on the Yangtze river while escorting a Standard Oil launch with which the Chinese had previously interfered, it was learned today.

The bridge of the Preble was struck twice but there were no

casualties on board. The Americans replied to the Chinese fire with machine guns.

The American Minister, John Van A. MacMurray, has instructed Frank P. Lockhart, the Consul-General at Hankow, to investigate and if it is proven that the Nationalist (Cantonese) were responsible, lodge a protest with the Cantonese authorities.

Under and by virtue of the power of sale contained in that deed of trust executed and delivered by Cary May to James L. Evans, trustee, dated May 8th, 1926, and duly registered in Book N-16 at page 21 in the office of the Register of Deeds of Pitt County, the undersigned will on Saturday, March 18th, 1927, at 12 o'clock, noon expose to public sale before the courthouse door in Greenville, Pitt County, N. C., to the highest bidder for cash, a one-half undivided interest in and to that certain tract or parcel of land lying and being in Pitt County, N. C., described as follows:

Lying on the south side of Farmville, beginning at the southwest corner of the Macedonia Church lot, and running eastward with the line of said church lot 70 yards; thence southward with Malvanin Moore's back line 53 1-2 feet to the beginning, containing 1-4 acre, and being the same and identical lot conveyed by R. L. Davis to Robert

May, father of Cary May on the 17th day of September, 1902 by deed duly registered in Book C-15 at page 448 of Pitt County Registry. This February 14th, 1927. James L. Evans, Trustee. 2 10 27 tkw tok.

Market Report

COTTON OPENING

New York, March 15.—(AP)—Cotton futures opened barely steady, March 13.52; May 13.72; July 13.82; October 14.00; December 14.20.

The cotton market opened barely steady at a decline of 6 to 13 points active months showing net losses of 10 to 14 points under a renewal of liquidation combined with foreign, southern and local selling inspired by relatively easy Liverpool cables and reports of good weather in the South.

May sold off to 13.66 and October to 13.97 but there was a good deal of trading buying or covering at the lower prices and the market was a shade steadier at the end of the first hour. Trading was active at the start but tapered off somewhat after initial offerings had been absorbed.

STOCK OPENING

New York, March 15.—(AP)—Prices were both up and down at the opening of today's stock market with advances, however, predominating. DuPont and General Motors touched new high records on the initial sales and Baldwin, General Railway Signal and Pere Marquette moved up a point or so.

Atchafalpa suffered an initial loss of two points. Foreign exchanges opened steady with demand sterling quoted around \$4.85 and French franc just above 3.90 cents.

LIVERPOOL COTTON

Liverpool, March 15.—(AP)—Cotton spot moderate business; prices easier. American strict good middling 8.46; good middling 8.11; strict middling 7.76; middling 7.51; strict low middling 7.01; low middling 6.51; strict good ordinary 6.21; good ordinary 5.76; sales 7,000 bales including 3,600 American; receipts 24,000 American 19,300; futures closed steady; March 7.15; May 7.27; July 7.39; October 7.45; December 7.48; January 7.51.

SUGAR

New York, March 15.—(AP)—Raw sugar 4.83. Raw futures at midday were net unchanged. Refined unchanged to 10 points lower at 5.90 to 6.20 for fine granulated.

PROVISIONS

New York, March 15.—(AP)—Butter unsettled; receipts 11,511. Creamery extras 92 score, 48 to 48 1-4; creamery first 88 to 91 score 47 1-4 to 47 3-4. Eggs firm, receipts 40,376. Fresh gathered extra firsts 27 to 27 1-2. Cheese firm; receipts 188,326.

YESTERDAY'S CLOSING

COTTON			
New York, March 14.—(AP)—	High	Low	Close
March	13.82	13.06	13.06

December	14.43	14.25	14.26
Opening March 13.82; May 13.94; July 14.10; October 14.25; December 14.43.			

COTTON SEED OIL

New York, March 14.—(AP)—Cotton seed oil closed steady; prime summer yellow 9.70; prime crude 8.00; March 9.74; April 9.50; May 9.61; June 9.68; July 9.74; August 9.85; September 9.86; October 9.64; sales 17,200.

GRAIN

Chicago, March 11.—(AP)—With world shipments for the week nearly 5,000,000 bushels above the previous week, wheat today tended to sag. Besides moisture in wheat sections of Kansas, Oklahoma, and Texas, was reported as the best in years and chain stores in New England announced they had cut bread prices one cent a loaf.

Wheat			
May	1.28 7-8	1.28 1-8	1.28 3-8

Hops			
May			14.72
July			14.45
Peas			
May	16.95	16.87	16.95
July			16.60

Wheat closed steady at 1-8 to 1-2 cents net decline. Corn 5-8 to 3-4 net to 1-8 up. Oats 1-4 to 1-2 down net provisions varying from 2 cents netback to a rise of 77 cents.

STOCK MARKET

New York, March 14.—(AP)—Heavy buying of General Motors, which crossed 174 to the highest price recorded under its present capitalization, revived bullish enthusiasm in today's stock market after an early period of nervousness. Call of about \$10,000,000 loans was regarded as a natural development incidental to the heavy shifting of funds in connection with government financing and income tax payments tomorrow.

The closing was strong. Total sales approximated 1,800,000 shares.

LIVERPOOL COTON

Liverpool, March 14.—(AP)—Cotton spot fair demand; prices steady; American middling fair, 9.11; strict good middling 8.41; good middling 8.26; strict middling 7.91; middling 7.66; strict low middling 7.16; low middling 6.66; strict good ordinary 6.36; good ordinary 5.91. Sales 8,000 bales, including 7,100 American. Receipts 21,200 bales, all American. Futures closed quiet; March 7.29; May 7.43; July 7.55; October 7.61; December 7.65; January 7.67.

GOVERNMENT BONDS

New York, March 14.—(AP)—U. S. government bonds closed: Liberty 3 1/2-101 7/8; first 4 1/4-103 1/2; second 4 1/4-100 1/2; third 4 1/4-101 1/2; fourth 4 1/4-104 1/2; consolidated 4 1/4-100 1/2; Treasury 4 1/4-103 1/2.

CHICAGO POTATOES

Chicago, March 14.—(AP)—Potatoes 4 1/2 cars; on track 323; total U. S. shipments 505; supply liberal, demand 4 1/2 trading slow; market slightly weaker; Wisconsin sacked round whites 1.30 to 2.05; mostly 1.20 to 2.20; Idaho sacked russets 1.40 to 2.00; mostly 2.80 to 2.90; fancy shade higher.

NAVA STORES

Savannah, March 14.—(AP)—Turpentine firm; 70; sales 53; shipments 6,543; receipts 456; receipts 187; shipments 2,235; stock 37,341. Quote: B 8.00 to 8.20; D 8.50; E 9.25; F 9.50; G 9.80; H 10.50; I 10.00; K 10.85; M 11.10; N 11.55; WG 12.00; WWX 15.00.

WEAK, RESTLESS Tennessee Lady Had So Little Strength She 'Couldn't Get Around.' Took Cardui With Benefit.

Gassaway, Tenn.—"I wasn't able to do any of my work, and it seemed like I had so little strength I just couldn't get around," says Mrs. Frank Murphy, who lives near here. "My mother knew of the good Cardui could do, so she told me to take it. I sent and got a bottle, and seemed like all the time I grew stronger. "I had been suffering with pains in my sides all the time, and Cardui helped this wonderfully. I needed a tonic for female trouble, and Cardui just fitted the need. I was awfully restless and could not sleep at night, but after taking two bottles of Cardui I could sleep like a top. I got along all right, and I know it was due to Cardui. I can certainly recommend it to women suffering from women's troubles. "My present health is just fine." Thousands of women have written to tell how Cardui relieved them of pain and suffering, and helped them to improve in health and strength. Cardui is perfectly harmless, being an extract of mild-acting herbs, and contains no dangerous drugs or harmful ingredients. Sold everywhere. NC-174

Says No Decision Has Been Reached In Browning Case

White Plains, N. Y., March 15.—(AP)—Supreme Court Justice A. H. F. Seeger, who presided in the recent Browning separation suit, today characterized as a "lie" a re-published report in the New York American today that he had rendered a decision in the case.

The Justice made known his attitude to Richard Paskett, clerk of the court, who took into his chambers a note from The Associated Press, asking if the published accounts were true. The Justice, previously informed of the newspaper story, had declined to see newspaper men.

In his message to The Associated Press, Justice Seeger said there was no truth in the story. He had been working night and day for weeks, he said, in an attempt to arrive at a decision in the case and he was positive that a decision would not be handed down today.

Furthermore, he added, he did not know when it would be handed down but intended to take his time about it.

FATTY ARBUCKLE BACK TO SCREEN

Los Angeles, March 15.—(AP)—The Examiner says Roscoe C. (Fatty) Arbuckle, whose career as a film comedian was cut short in 1921 when he was accused of responsibility for the death of Virginia Rappe, picture actress, but later acquitted, will again cavort before the camera. The rotund maker yesterday signed a contract to produce a series of comedies for Abe Carlos independent producer, over a period of five years, which, it was said he expected will net him \$2,500,000. All pictures will be made abroad, the first production to start in Berlin, October 1. Arbuckle's wife, the former Doris Deane, will appear in the pictures. The pictures will first be distributed in foreign countries. Carl plans later to bring them to the U. S.

The former comedian also signed a contract for a vaudeville appearance over the Pantages circuit starting in San Francisco April 9. Arbuckle was banished from the screen in 1922, following his acquittal of a manslaughter charge. The ban later was lifted by Will Hays but producers maintained an unofficial ban on his productions.

TODAY

(Continued from Page one)

ate raw wheat stung in a bag at the belt, not bothering to soften it by germinating in water. Their skulls, dug up now, show marvelously strong teeth, ground down, but not one missing or decayed.

Good bread, if you chew it well it better for you, however.

Inventions announced this week include a parachute that, some just before it reaches the ground, to prevent a crash, and an extract of the suprarenal gland of cows that counteracts heart failure in pneumonia, and generally prolongs life.

At present, it takes two thousand cows and a long time to produce a small amount of the extract.

Gradually men are coming to understand the "fearfully and wonderfully made" machine that

carries them around, and eventually they will repair it and prolong its useful life as they do with a watch or motor engine. It is to be hoped, however, that rejuvenating old age will not go far. Made over senility, or a lifted face is a ghastly product.

This nation is drifting toward a costly, hate-breeding coal strike for April, in the central fields. The Yankee farmer "going to town to get drunk, and Lord how I dread it" was no more foolish than a country that foresees industrial civil war, surely coming and does nothing to prevent it.

The people own the coal fields—and everything else in the nation—under the right of eminent domain, they can do as they choose. They suffer the loss and inconvenience of all strikes, pay the bills in the end, and still they "go to town to get drunk."

However, it may not matter, for

the Rev. Walter Wynn, British, having studied the great pyramid of Giza, says things are going to smash about July 11th. Russia will cut loose, with frenzy, and you cannot tell just what will happen. China's row is the overture of "mass preparations for war" in which Britain and America will bear the brunt. What the pyramid knows about it is not clear to the uninitiated, but Rev. Wynn reads the symbols.
