MORE THAN SCORE PERSONS PERISH IN TWO TORNADOES

Series Cyclones in Arkansas and Missouri Leave Many Killed, Injured and Homeless

St. Louis, March 19.—(AP)—Approximately thirty persons were killed and 75 injured by the tornado which struck Green Forest, Ark., and vicinity last night, says a telegram received here today by the American Red Cross from P. T. Stewart, chairman of the Carroll County chapter, at Eureka Springs, Ark.

Eureka Springs, Ark., March 19.—(AP)—A hospital train from Green Forest bearing a score of the more seriously injured victims of last night's tornado arrived here at five o'clock this morning bringing a list of 12 dead accounted for and unconfirmed reports of a dozen other fatalities.

Green Forest, approximately 25 miles southeast of here, stood near the beginning of a path of devastation which is known to have stretched at least 12 miles farther northeast to wipe out the little settlement of Denver and claim a toll estimated unofficially at from five to nine lives.

Chil, another small community just to the northwest of Green Forest, suffered practical demolition and a reported loss of one life. Similar stories trickled in from various parts of the area districts to the south and west but no authentic check of dead was possible because of lack of communication with the afflicted area.

The storm left more than 50 injured altogether and property damage in excess of \$200,000. Destruction of 150 residences and a dozen business establishments.

The seriously injured include W. R. Phillips, a former State Senator who served in the Legislature of 1911 and 1913; and the Rev. John Jones, a Methodist preacher.

Little Rock, Ark., March 19.—(AP)—The toll of two tornadoes in Arkansas in as many days was 26, according to reports received today and there were indications it would increase.

The latest twister appearing last night at Green Forest, a town of about 1,000 population near the western Missouri border, was known to have killed 15, with probably fifty to seventy five injured.

The first twister struck in a half dozen small communities in Saline county, just southwest of here, Thursday night, and resulted in 11 deaths.

Joplin, Mo., March 19.—(AP)—More than a score of persons were killed and at least 50 injured, many severely, by tornadoes and high winds which swept the southwestern section of Missouri and northwestern Arkansas last night.

Sixteen were known dead, 10 were reported missing and 30 injured at Green Forest, Ark., by a tornado which wrecked the business district and destroyed nearby farms. Fore broke out following the tornado, destroying a cannery factory and several houses.

Nine were reported killed at Denver, Ark., a village about 12 miles northeast of Green Forest, which is 100 miles south of here. Two persons were injured and buildings were damaged by a tornado near Marshfield, in Webster county, Missouri. Hail and high winds also damaged buildings and crops in Howell and Oregon counties.

Reports indicated losses would run heavy throughout the Green Forest territory. Special trains were enroute to the area today, carrying doctors, nurses and supplies.

The storm apparently centered at Green Forest where upwards of 200 houses and stores were destroyed or badly damaged. Two churches were converted into dressing stations and one later was designed as a morgue. Sixteen bodies have been recovered early today.

Persons arriving at Eureka Springs, Ark., 25 miles northwest of Green Forest, said that portions of the population, that portion which escaped the storm's fury, was milling about the streets during the early morning hours waiting for daylight to reveal the true picture of the disaster.

SPECIAL MESSAGE TO YOUNG PEOPLE BY MRS. STIEDLEY

Large Crowd Attended Young Peoples Service at Methodist Church Last Night

A fine audience of both young people and older folks, filled the main auditorium and part of Sunday School annex last night at Jarvis Memorial Church to hear Mrs. Stiedley's message to the Young People. Mrs. Stiedley, in her usual most interesting way, brought a wonderful message to the younger minds of the city—using for her theme "God—and God's Presence. Mrs. Stiedley stressed the need of God in the lives of the young people and where they needed Him, send God in our thought life, said the speaker, to help us think right thoughts—we need to take Him into our friendships—we should let God help us choose our friendships. We should take God into our recreations—our amusements and lastly, another place we need God is in death.

This morning Mr. Stanford spoke to the Young People. His theme was taken from the text—"Remember Now Thy Creator in the days of thy youth while the evil days come not nor the years draw night when thou shalt say I have no pleasure in them." found in the 12th chapter and 1st verse of Ecclesiastes.

There have been millions of lives shipwrecked, declared Mr. Stanford, because they failed to remember the divine injunction—"Remember now."

There will be no service in the church tonight, Mrs. Stiedley will speak in the Woodmen's Hall at 7:30.

The church expressed publicly its gratitude and appreciation to the Greenville Floral Company for the beautiful decorations they are contributing to the church during these services.

Seven Bandits Get \$12,000 In Hold-up

Chicago, March 19.—(AP)—Seven men armed with shotguns today raided the offices of the Continental Can Company and after terrorizing 35 employees, escaped with a payroll of \$12,402.

The robbers entered the offices shortly after the employees had arrived for work. The leader walked to the cage of Henry Schweitzer, paymaster for years, where pay envelopes were being prepared, and thrusting his gun between the bars, fired. Then he shot off the lock of the cashier's door.

Women employees screamed but were subdued by the six guns leveled by the robbers.

Two of the raiders rushed into the safe and seized a heavy steel money box, which they carried to an automobile. Two others tore loose the telephone, as the leader carefully covered his face.

Detectives asked officials of the company if they believed the robbery was an inside job.

W. R. Hodson, manager, began tracing employment records.

Governor Has Had No Demand For Investigation

Raleigh, March 19.—(AP)—Governor McLean had received no demand for an investigation from Ralph G. Simmerson, 19 year old Senate page in the last legislature today, in connection with sudden reversal of the legislature in defeat of the unmasking bill.

Simmons was here with a statement he offered to the press saying he had demanded an investigation to clear his name of anything connected with the bill's defeat.

Governor McLean said the matter had been investigated before the Assembly adjourned and nothing to merit a state inquiry revealed.

FINE RECORD MADE BY LOCAL BATTERY NATIONAL GUARD

Federal Officers on Annual Inspection Say Unit One of Best in State

The local unit of the National Guard made the best showing of any battery in the State inspected so far according to Lieut. Col. Cameron W. Briggs who with other officers made the annual federal inspection of the unit last night. In a short address following his inspection Col. Briggs stated that he had only four more batteries in this state to inspect, included in the four, the Moore battery which for several years has been the model battery of the Union. He stated that for the entire State he believed that the local battery would be second only to the Monroe. Citizens who were present at the inspection expressed gratification at the remarks of Col. Briggs especially in view of the fact that the local organization is among the youngest in the State.

The inspection was made by Col. Briggs, who is at present of 17th field artillery, of Fort Bragg, assisted by Major Graham K. Hobbs, 120th infantry, who is State inspector; Major Beasley, federal instructor of the 113th field artillery; Lieut. Col. Godfrey Chesire, 113th field artillery, and Major Thorp, commander third battalion of which the local unit is a part.

The officers arrived in this city yesterday and in the afternoon inspected the equipment of the organization, the individual equipment and put the men through a series of tests to ascertain their knowledge of their duties as soldiers. Throughout the inspection the gradings of the unit were "Satisfactory" and "Very Satisfactory" the latter being the highest possible mark and to the credit of the battery and its officers the latter was in the majority on the report.

The inspectors praised the work that has been done by Captain Lester Jones, commander of the battery, and his officers and men and prophesied that a continuance of such progress would soon lead the local battery to the position of the best National Guard organization in the State.

The officers who took part in the inspection are men of the highest caliber and who have had varied experiences in army service.

Colonel Briggs has lived in practically every part of the world. He was in Japan as a military attaché for several years, and has traveled extensively in China, Siberia and other places. Once he was detailed as an observer of German military maneuvers while at another time he accompanied a Japanese officer on a whaling expedition in the North Pacific. He served on the border in 1916 and when America entered the World War he went overseas on the staff of General John J. Pershing. Since the World War Colonel Briggs has visited the Governor of every State in the Union and it was upon information gained by him that the National Defense Act was drafted.

Major Hobbs, another of the inspectors, was an officer in the old second infantry of the North Carolina National Guard and is known to soldiers and ex-soldiers far and wide. Like other members of the inspection party he has seen border and foreign service and can relate numbers of experiences.

COOK TO REMAIN IN PRISON PENDING TEST OF THE LAW

Claimant of Discovery of North Pole Will Not Get Freedom at the Present

Washington, March 19.—(AP)—Dr. Frederick A. Cook will be kept in the federal penitentiary at Leavenworth until a test has been made of the right of a federal judge to release a prisoner on probation after a sentence has begun, the Department of Justice said today.

The former explorer and oil operator, sentenced to 14 years for using the mails to defraud, had been ordered released, but that the department announced today that it had received assurance from Federal Judge Wilson, at Fort Worth, who issued order several days ago for Cook's release, that he would co-operate to test his interpretation of the probation law through an appeal to the Circuit Court of Appeals.

District Attorney Zweifel, at Fort Worth, has been instructed to apply to Judge Wilson for an order suspending execution of the probation decree.

Ballots Used In Pennsylvania Election Ordered Seized

Washington, March 19.—(AP)—Formal direction to the Senate sergeant-at-arms to proceed to Pennsylvania and take possession of ballots used in the senatorial election last November in four counties was given today by the Senate campaign funds committee.

This action was taken after a session lasting nearly two hours in which the authority of the committee to operate during the recess of Congress was discussed. The sergeant-at-arms, David S. Barry, was given until 5 p. m., to say whether he would carry out the direction of the committee.

At a meeting on March 5, after the resolution to continue the life of the committee had been filibustered to death, the campaign investigators directed Barry to take possession of the ballots but he replied that he would need \$1,000 as a preliminary fund.

Skips His Bond During Trial

Smithfield, N. C., March 19.—(AP)—Monk Haynes on trial in Johnston County Superior Court on charge of shooting Harry Baucum on the night of February 18, today failed to show up in court when the arguments in the case were due to be heard. A capias was issued for his arrest, and the jury withdrawn.

Haynes had been free on bond. Evidence was completed last night after Haynes had admitted he shot Baucum after Baucum had felled him with a pair of brass knucks, and after knocking him down, had beaten him about the head.

Haynes testified the battle took place in a dark room, that when he fired he was only firing into space as he crouched on the floor. Four cartridges of his pistol were fired, emptying his weapon. The shots hit Baucum.

Baucum had been in jail in Raleigh and Smithfield for non-support of his wife and four children in Harnett County. Haynes confessed he had been arrested for gambling and had deserted a car in which officers found a load of whiskey.

TODAY Live to 125. Die Happy. Smith—Mussolini—Lenin. Render Unto China. Mellon vs. Hibben. (By Arthur Brisbane)

DR. VORONOFF, Austrian surgeon, is a real scientist, whatever your opinion may be of gland transplantation, making old men into imitation young men and old sheep into young sheep. He says men will live 125 years, have an "old age" lasting only three months, then die.

Men die little by little as the glands lose their vitality. So it is with animals. You are as old as your glands. Ordinary sheep live fourteen years. Dr. Voronoff performs a gland operation and they live for twenty years, then they are sick for a week and die, the glands collapsing all at once.

The trouble with gland operations on human beings is lack of glands. Only the higher ages will do, they alone having blood like that of human beings to make transplanting glands successful.

Dr. Voronoff, on a farm in the South of France, raises monkeys for their glands. The monkeys do not complain. They live happily and die painlessly.

Let us hope we shall not see a "higher civilization" in which each man will have his own little monkey house to supply him with glands later on.

New York Republicans have given Governor Smith a presidential boom, in their own way. He has his way against their will, and they say he is a "combination of Mussolini and Lenin. A man with such a combination of qualities might be useful in this government. He would get things done, such as harnessing the Colorado river, building a fighting air fleet, etc.

Many Christian missionaries in China and managers of Christian universities decide to render unto China what is China's, allowing the Chinese to manage China for Chinese. All the seven-teen Christian universities in China, although they do not like it, agree that China has a right to rule on Chinese soil, and consent that religious teaching in the universities shall be optional.

To be a working coolie in Shanghai is not bliss. Cantonese troublemakers want workers to strike and trouble foreigners. If they work, Cantonese murderers kill a few of them each day.

On the other hand, executioners, with heavy swords, walk openly through the streets with orders to chop off the heads of strikers.

Clarence Darrow, who has made murder safe for distinguished criminals, discussed with a clergyman the question asked long ago, "What is man?" as two hoppers. (Continue on Page Six)

CLEVELAND ASKS FOR G. O. P. CONVENTION

Washington, March 19.—(AP)—Cleveland's bid for the next Republican national convention was handed to President Coolidge today by Carmi Thompson, Ohio Republican leader.

ITALIAN AVIATOR AND PARTY MISSING FOR FORTY HOURS

Elio Janerio, March 19.—(AP)—Commander Francesco De Pinedo has been missing more than 40 hours since he left San Luis De Caceres Thursday afternoon continuing his four continent flight across the Brazilian jungles in the direction of the Amazon river.

The Brazilian jungles today still held the secret of the whereabouts of Commander De Pinedo. Italy's premier long distance flier and his companions in the giant hydro-plane Santa Maria, not since the report that he hopped off near San Luis De Caceres, in the state of Mato Grosso, Brazil, supposedly for Manaus, 1,300 miles away, has anything been heard from him.

Aviation experts here said they had no misgivings as to the safety of the craft and its crew.

The possibility of not hearing from the fliers for some time had started the flight. When he penetrated the jungles the route to his destination was over the "River of Doubt," discovered by Theodore Roosevelt, and across the great swamps covered with dense vegetation and reeking with mud deep enough to swallow the plane if it fell.

Gets 30 Years on Murder Charge

Winston-Salem, N. C., March 19.—(AP)—In Kilkes Superior Court today Judge Walter E. Moore sentenced Glenn Gray to 30 years in the State prison for the murder of Moore's (Cary at Call postoffice last November.

Joe Shew was given a term of 20 years in the penitentiary for the same crime. After the evidence had been submitted for the State Gray was sentenced to a charge of second degree murder and Shew to manslaughter. Judge Moore gave both defendants the full limit of the law. It is alleged that Gray and Shew were drinking at the time of the crime.

Shew, it appears, picked a quarrel with the unfortunate youth and Gray shot him several times, killing him. Gray is said to have become angry over testimony given in a court case.

Tax Collections Half a Million Above Last Year

With the peak of the rush well behind, state income tax receipts are running more than half a million dollars ahead of receipts for the same period last year, according to figures obtained today from the State Department of Revenue.

Collections from July 1, 1926, to March 19, 1927, inclusive, total \$5,452,554.98 against collections from July 1, 1925 to March 19, 1926, inclusive, of \$4,908,153.12.

The state is now a scant half million dollars from its total collection of income tax for the preceding fiscal year and prospects are considered bright for the collections this year to set a record. State income tax collections of \$116,000 were counted today.

SPECIAL MEETING BOARD ALDERMEN HELD LAST NIGHT

Election for Mayor and New Board Ordered to be Held First Monday in May

The order for an election to select a mayor and board of aldermen and the granting of a permit to E. R. Ficklen Tobacco Company to build a railroad sidetrack to the firm's new storage house on Fourteenth street, composed the chief accomplishments of last night's meeting of the board of aldermen. The meeting was a special called one for the purpose of ordering the election and only a few matters were taken up.

The election of a mayor and one alderman from each of the city wards was called for Monday, May 2. Books for the registration of newcomers to the city or persons who have moved from one precinct in the city to another were ordered to be opened on April 8. Mr. Harvey Ward was appointed by the board to act as registrar and also as city tax lister for the year.

The permit to the Ficklen Tobacco Company to build a railroad track across Calhoun street between Fourteenth street and the Norfolk Southern Railroad.

The only other matter taken up by the board last night was a resolution regarding the removal of dirt from the walks and drives of Greenville Cemetery. The resolution prohibits undertakers or others from piling and leaving dirt on sidewalks and drives.

Bank Officials Frustrate Attempted Robbery Today

Baltimore, March 19.—(AP)—A "mad" itching trigger finger frustrated his own attempt to rob the Provident Savings Bank branch in East Monument street today. Entering the bank shortly after it closed leaving a pal at the wheel of the auto outside and another pushing the sidewalk the gunman shot down a teller without warning but was forced to flee empty handed under fire of the bank manager whom he had wounded in the side but had not felled. A splash of blood on a divan near the door indicated to police that one of the "savage" bullets had taken effect.

The men sped away in their car through a gathering crowd and escaped a jewelry store owner who emerged with draws gun, but who did not connect the moving car with the shots he had heard.

Robert J. McNally, 20-year-old teller, fell with his jawbone shattered and cheek and throat torn by bullets. The gunman, having approached unsuspectingly, jumped two shots through the plateglass without a word of warning.

Damon L. Gaskins, 23, the bank manager, was galvanized into action by the crash of the shots and a bullet which ripped through a thin steel grating to slash his coat. He gripped his revolver and opened fire as another hand shot missed him. The gunman retreated but turned half way to the door to fire again. The shot struck the manager in the side but Gaskins kept his feet and continued to use his gun. The bandit bolted, shouldering aside a woman patron entering the doorway.

The wounded bank employee were taken to a hospital while police squads spread about the neighborhood. Physicians were unable to say at once how seriously McNally and Gaskins were hurt.

THEFT ACCUSATION LEADS TO DEATH OF TWO PERSONS

St. Louis, March 19.—(AP)—Waldo Thelking, 24, manager of a Piggly Wiggly grocery store, was shot and killed today by George Schutte, 69, a customer, who then sent a bullet through his own brain. Thelking it was said yesterday accused Schutte of attempting to steal a 21 cent can of sardines. Schutte protested he intended to pay for them.

KANSAS TOWN IS SCENE OF CLASH BETWEEN RACES

Troops Called Out to Quell Riot That Followed Attempt to Storm the Jail

Coffeyville, Kans., March 19.—(AP)—National Guard sentries, scores of broken windows—and a damaged city hall were the only remaining evidence today of the riot here last night in which three persons were injured when a mob of more than 1,500 persons attempted to remove a negro from the jail.

Coffeyville, Kansas, March 19.—(AP)—A race riot in which two persons were injured when a mob of more than a thousand men and women stormed the city jail in an effort to remove three negroes held for attacking two white girls, was broken control today with national guardsmen patrolling the streets.

Informed by reports of the attack yesterday men followed the rioters about the city in search for the rioters. A large crowd gathered about the building which officers announced was taken. The mob tried to disperse the mob but failed after reinforcements arrived the officers escorted three negroes from the house and succeeded in getting them to the city jail without incident.

Women and children joined the crowd at the jail. Youth encouraged by older persons start a stampede. Police attempted to disperse the crowds.

When the mob was informed that the negroes were not in the jail, groups left the through to invade the negro quarter. Several fist fights occurred and sporadic firing began.

William Wandle, 17, a printer's apprentice, was struck in the legs by a charge of buckshot and received a pistol bullet through an arm. The shots were fired by negroes who came to the rescue of one of their race who had been severely beaten. It was Wandle, 45, a foundry foreman, was injured in the rush to safety. Men rushed to hardware stores to obtain guns and ammunition.

Troop B, local national guard cavalry, appeared and the forty-old soldiers scattered through the streets wearing steel helmets and full war equipment. The sight of the soldiers had a quieting effect on many of the mob, but others were level. Many windows were shattered by stray bullets.

Soldiers then mounted guard over hardware stores and the whites escorted the negro quartet to return to the jail. A fire hose strung through the city hall to aid in repelling attack on the jail was cut up and carried away.

Officers told the mob that the negroes had been exonerated and released, while the third, Curtis Smith, 23, had been removed from the jail.

Men then rushed for filling stations to obtain gasoline to set fire to the jail. The stations had been closed and they returned empty handed. An American flag was then displayed from a hall window. The mob jeered. Messages from State officials imploring the people to avoid bloodshed, met with similar response.

The mob continued demanding Vanges and Garvin Hardy, brothers, the two negroes who were released, as well as Smith. Nearly 1,500 persons had assembled at dusk. It was said many to leave the jail.

Word was then received that company A of Iowa and company G, Yates center, units of the 117th cavalry, Kansas National Guard, arrive this morning. The mob began to break up shortly before midnight and only a few remained at one o'clock.

The soldiers apparently had the situation well under control. They searched those who remained on the streets and arrested several youths.

Authorities indicated no more troops would be asked unless further rioting occurred.

Robert Liggins, a negro watchman, was arrested by the guardsmen and held on the belief that he fired the first shot.

CINCINNATI'S HOPES RISE AS ARTIE NEHF RETURNS TO REDS

(By Brian Bell) Orlando, Fla., March 19.—AP—Indicated return of a clever southpaw pitcher from baseball limbo has converted the Cincinnati Reds into a smiling group of Pollyannas...

Artie Nehf is the pitcher responsible for the inauguration of all-smile week in the camp of the Reds. Consigned to the graveyard of departed pitchers last season he has demanded a recount and will get it.

This spring the neuritis has disappeared and he has been pitching well in exhibition games and practice. If Nehf is a winning pitcher, the stock of the Reds is immediately boosted.

Other established left handers are Eppa Rixey and Jake May, with Roy Meeker threatening to join the select class.

Lique, Cuba's major league pitcher, is not in camp and there are hints that he may not be. Lique had a sensational year in 1924 but has not been able to break even since.

With the exception of possible additions of two young pitchers and the rejuvenated Nehf the team will offer almost the same team used last year.

The other places seem to be filled, although Critz has not yet reported to play second base.

Walter Christensen, who had a sensational season last year, his first with the Reds, will take the place of Roush in center and will be flanked by Rube Bressler and Curtis Walker.

"I can not see how we can miss having good pitchers," said manager Hendricks, "and if our pitchers come through, look out for us."

GIANTS MEET SENATORS THIS AFTERNOON Washington, March 19.—(AP)—McGraw's Giants meet the Senators today in the final clash this spring at the Tampa, Fla., training camp.

BASEBALL SEASON IN NORTH CAROLINA OPENS NEXT WEEK Raleigh, March 19.—(AP)—North Carolina's collegiate baseball season opens next week.

HERE PENNOCK MUST SIGN UP OR GET OUT New York, March 19.—(AP)—Colonel Jacob Rupprecht, Yankee owner at St. Petersburg, today gave Herb Pennock, unattached southpaw hurler, an ultimatum.

Pennock has refused all salary offers to date. He said if Pennock has not signed by early next week he intends to send him formal

notice to either sign or return his contract. Rube Marouard, 40 year old southpaw, ruled from the Giants' hurling peak against Washington at Tampa yesterday.

The only good thing that happened to the Brooklyn Robins was the peerless pitching of big Jim Elliott, southpaw, for five innings. After Elliott had allowed Baltimore two hits, the Orioles fell on Conthrell to win 4 to 1.

English, the former American Association flash, sparkled in the Cubs' attack, while Brillhart, from the Southern Association, pitched smart ball for the Chicagoans.

RIGNEY HURT AGAIN Boston, March 19.—(AP)—Topper Rigney of the Red Sox put out of commission a few days ago when he struck a ball in the side, came back yesterday long enough to get on the hospital list again with an injured left foot.

The Braves have beaten the Athletics three straight. Hearn, southpaw twirler, held them to three hits in five innings in yesterday's 3 to 1 victory.

TERRIS DEFEATS WALLACE New York, March 19.—(AP)—Sid Terris, a superb boxer but hitherto considered a light puncher, beat Billy Wallace, Cleveland smasher, at his own game in 10 rounds in Madison Square Garden last night.

Terris was dropped three times by Wallace's steaming wallop before he slipped from his defensive shell and out-whaled Wallace. So close was the battle that one judge gave the fight to Wallace, the second to Terris. The referee broke the deadlock in Terris' favor.

In the Heart of the Newest Gold Rush

These pictures give glimpses of the hectic days that followed the gold rush at Weepah, Nev. The top view shows tents and shacks that have risen where only desert was a few days ago. Note the automobiles, the modern burro. At the left is Frank E. Horton, Sr., his son, Frank, Jr., and his friend, Leonard Traynor. It was these youths that discovered the gold mine that started the rush. At the right is the entrance to their diggings. The thirteen sacks of ore were valued at \$13,000.

Here are scenes at the center of America's newest gold rush, that to Weepah, Nev. At the top is shown the home of the Horton family, the discoverers of the gold. In the center the artist has traced the probable line of the golden vein. At the right end of the line and below is shown the top of the Electric Mine, at Paymaster Canyon, around which is growing a boom town. Inset is Frank E. Horton, the old-time prospector, who has struck it rich again.

WEAPAH, the golden baby of the Nevada desert, is not two weeks old, but it is cutting its gold teeth already. It is a prodigy so extraordinary that even old prospectors and mining experts have stopped comparing it to any other gold camp that ever grew overnight to a city of mineral wealth. None will say what is going to happen at Weepah. There is believed to be so much gold ore so rich and so fully revealed that it seems to have slightly scared the camp. The shower of wealth may be a forerunner of a cloudburst of gold-dust, and nuggets. Many there believe it. Many seem half stunned, unable to adapt their notions and their plans to conditions without parallel. George Allen is Weepah's mayor. He has not yet found words in which to tell about Weepah. When a new horde of wealth seekers arrives and calls on him, he just goes out and picks up a handful of gold bearing earth, washes out the gold in a fry-

RED OAK NEWS

One of the most delightful social gatherings our community has ever enjoyed was the "tackety party" at the school house last Friday night. About one hundred people enjoyed themselves to the fullest extent.

Thirty-five people came dressed in their "tackiest" attire. Some are old fashioned women with their parasols, cowboys, dandies, Hawaiian girls, girls bedecked with jewelry, ribbons, flowers and feathers and old fashioned skirts five or six yards around the bottom—there were patches and ruffles galore. Everybody was feeling gay and "Rock the cymbals" was enjoyed very much.

As a march was played on the organ by Miss Mary Allen the "tackies" marched around the room three times before the judges finally decided that the prize, an accordion for the "tackiest" lady went to Mrs. Roy Allen, and the prize for the "tackiest" gentleman went to Mr. Mosie McLawhorn.

After awarding the prizes everyone gathered around the organ and sang songs. Everyone departed declaring they had spent a most enjoyable evening.

A most delightful community "ding" was held at the home of Mr. and Mrs. Leon Tron last Wednesday night. About fifty guests enjoyed the evening.

OUR SATURDAY NIGHT MEDITATION

THE SPRINGS OF ENDURANCE

seemed good in Thy sight." Faith is the victory that overcomes the world. Faith finds the soul of goodness in things evil. Faith is one great secret of endurance.

2. THEN THERE IS LOVE, for "love endureth all things," (I Cor. 13:7) — Wherever there is love within the heart THERE is present the power to endure. Think of the mother's beautiful and divine patience with her little sick child. Her endurance is never sullen, but often has a song in it because it is the token and blossoming of love.

"God is patient because He is eternal," said St. Augustine. But a deeper reason is because He loves. His love "endureth all things." 3. LASTLY, THERE IS VISION. Of Moses we read that "he endured as seeing Him who is invisible," (Heb. 11:27).

To see the invisible when the skies are dark, is always to have the power to win through.

It was his vision of the invisible that inspired Columbus to carry on, and history is full of similar examples.

Never was there endurance like the Master's. It was radiant with joy, and peace, and love. It did not falter even in Gethsemane, nor at Calvary. Why? Because back of the trial and the agony was the unclouded vision of the Father's face.

We can have the same vision and can cultivate the same Divine Companionship that will enable us to endure to the end, and "be saved."

Market Report Cotton--Stocks--Grain

COTTON GOODS
New York, March 19.—(AP)—Cotton goods markets have been quieter this week but goods are due in large volume and mills are fully occupied on orders placed in the past eight weeks or more. Production is very active and bids fair to hold high for the next six weeks or at least, with chances favoring a continuation of the activity well into June. Goods are being distributed actively in wholesale and retail channels, and in most cases the sales are running well up to the distribution of a year ago.

The business on printed wash fabrics and rayon mixtures is of record-breaking proportions and printers and finishers are more active than they have been at this period in two or three years. Many of the large printing plants are being operated overtime. Domestic cottons, brown and bleached, are moving steadily but have been bought ahead and current ordering is wholly of a filling in character.

Colored cotton goods business is better than it has been for years past. Prices are being advanced on chevrons, plaids, khakis, and other uses, and cottonades have become more active than for a long time. Low end ginghams and the finer grades of tissues are selling but the medium priced ginghams are moving in moderate volume only.

Buys placed on hannels has been large for fall delivery. Fine combed goods are selling well. Rayon and cotton, and cotton and silk mixtures are in steady demand and recent advances in rayon yarns have led to some advances in the fabrics.

Prices current in primary markets are as follows:
Print cloths 28 inch 64x64s, 51-4 cents; 64x66s, 5 cents; 38 1/2 inch 64x64s, 7 1/2 cents; brown sheetings, Southern Standards 11 cents; denims 14 1/2 cents; brown sheetings, Southern Standards 11 cents; denims 14 1/2 cents; ticking 18 to 19 1/2 cents; prints 8 cents; staple ginghams 9 cents; dress ginghams 12 1/2 cents and 16 1/2 cents.

WEEKLY STOCK REVIEW
New York, March 19.—(AP)—Establishment of record high prices by about a score of the high priced rails and industrials, popularly referred to as the "Blue Chip Issues," attracted most attention in this week's stock market. Various re-

asons were assigned to the advance in these issues with expectations of special dividend developments as the most popular. However, erratic price movements in the rest of the market encouraged the belief that strength of U. S. Steel common, General Motors, Dupont and several others which reached new highs was being used as a cloak to hide distribution elsewhere.

Operators for the rise were favored by a series of bullish developments. These included the publication of the Federal Reserve statement, showing gold holdings to be the largest since 1924.

The further expansion of steel mill operations, the proposed recapitalization of the National Lead Company, and the temporary reduction in the call money rate to 3 1/2 per cent, the lowest figure since last June were also factors. There were also a few fashionable dividend announcements.

On the adverse side of the ledger were further increase in the broker's loans, halving of the Continental Baking a dividend and another series of crude oil and gasoline price cuts.

While the fear of further price cuts hangs over the market for auto shares, General Motors was heavily bought on the announcement that February sales had exceeded 102,000 cars, as against about 81,000 in January and 65,000 in February 1926. Wall Street heard reports that Henry Ford is planning the announcement of a new car early in April. With the public already heavily loaded with auto stocks, these sales prove unusually susceptible to adverse developments.

Sugar shares softened in sympathy with lower commodity prices. With the dull season in the theater business, approaching amusement shares were in rather free supply.

Railroad shares displayed a relatively firm undertone, with Southern Pacific, Lackawanna, Delaware and Hudson, Norfolk and Western and a few others selling at their highest prices in years.

SUGAR
New York, March 19.—(AP)—Raw sugar 4.71. Raw sugar futures closed 1 point lower to 1 point net higher. The refined sugar market unchanged.

COTTON
New York, Mar 19.—(AP)—Relatively firm Liverpool cables and prospects for less favorable weather in the south caused some buying in the cotton market today, but it was supplied on comparatively slight advances. May sold up to 13.93 in early trading 9 points net higher and closed at 13.86, the general market closing steady; net 3 points higher to 1 point lower.

Futures closed steady 3 up to 1 lower. Spot quiet; middling 14.05.

The closing was heavy. Total sales approximated 900,000 shares.
WEEKLY GRAIN REPORT
Chicago, March 19.—(AP)—Wheat traders are fact to face with reports indicating that for this time of year the condition of the domestic winter crop is above

normal. Furthermore the government says intended seeding of spring wheat is 101.6 per cent as against 98.2 last year. Under such circumstances, wheat this morning compared with a week ago, was 1 1-4 to 3 cents a bushel lower with corn 1 1-8 to 1 3-8 to 4 1-2 cents down; oats 3-4 to 1 cent off; and provisions showing, 2 to 40 cents decline.

GRAIN
Chicago, March 19.—(AP)—General selling developed in all the grain pits today, influenced more or less by bearish predictions from a leading speculator. As a result, corn and oats as well as wheat dropped to the lowest level yet this year. Wheat closed nervous 1 1-2 to 1 7-8 lower; corn 3-4 to 7-8 to 1 1-4 off; oats 1-8 to 1-4 to 3-8 down; and provisions unchanged at 7 cents up.

Wise Farmers Will Demand High Grade Tobacco Fertilizers

Winterville, N. C., January 14, 1927

I used 17 tons of your Tobacco Special 8-3-3 last season at the rate of 900 to 1,000 pounds per acre. I got 1,000 to 1,200 pounds per acre of tobacco, which sold from \$400 to \$450 per acre. I also used some of this same fertilizer under my cotton; and made a fine crop.

roads might discuss the nature of the express train on its way across the continent.

Mr. Darrow calls the human body a machine and thinks "everything has a mechanistic origin."

Dr. Gray, clergyman and college president, touching slightly on behaviorism and emergent evolution, says man is a spirit.

So he is, but WHAT is a spirit? Man, being man, cannot judge man. That "know thyself" command tells us to do something we can't do. The wise thing is TO WORK and be grateful for knowledge as it comes gradually.

One president of Princeton, Woodrow Wilson, landed the foreign debt of ten billions on the American nation.

Another Princeton president, Dr. Hibben, with one hundred and sixty of his faculty, and many of his young gentlemen behind him, says these debts should be forgiven, or almost forgotten.

The opinion is not important, for Princeton presidents, fortunately, do not run the United States or the world at this moment.

Secretary Mellon has written a letter to president Hibben that should do the latter gentleman good. He has told him that when college presidents and faculties plan to take a ten billion dollar burden from the shoulders of Europe and put it on the shoulders of American taxpayers, they should get facts, which they could have done easily.

This interests those that sleep with windows closed. Dr. Kummer of Geneva, studies the lockjaw germ and announces that one thing it CAN'T stand is plenty of fresh air. It will resist powerful disinfectants, but collapses if you open the window and let in air.

Our three greatest remedies, Providence gives us free of charge—SUNLIGHT, FRESH AIR, FRESH WATER, and a majority of human beings neglect all three.

A Frenchman designs a villa mounted on a turntable, arranged to follow the sun, an electric motor turning the villa slowly around. That is ingenious, but not important. It is simpler to have plenty of windows, let the sun do all the turning, and keep some of the windows open.
