BOND EXPERT DISCOVERS ALLEGED IRREGULARITIES IN ACTS OF LEGISLATURE

Conference to Consider Situation Held Behind Closed Doors - Bond Issues Involving \$5,000,000

Raleigh, N. C., April 5.—(AP)—Possibility of a special session of the General Assembly loomed here today as W. N. Everett, Secretary of State, Frank Nash, assistant attorney general, and Chester B. Masslich, New York bond expert, went into conference over alleged irregularities in important fiscal acts of the 1927 Legislature.

GREENVILLE BAND NOT BARRED FROM MAMMOTH PARADE

Failure to Appear in Parade Resulted From Miscarriage of Plans, Says Bartlett

In reply to a telegram asking for an explanation of the failure of the Greenville High School Band to appear in the parade at the opening of the Eastern Carolina Exposition yesterday, the Reflector this afternoon received a telephone communication from N. G. Bartlett, secretary of the Eastern Carolina Chamber of Commerce, in which he expressed the most profound regret at what he termed an "unavoidable situation."

He said it was the intention of exposition officials to have the musical organization appear in the parade as per agreement made with high school officials some time ago, but that instructions of the chief marshal were not carried out as anticipated. He admitted that the local boys had been instructed to stand on the sidewalk until they were wanted. But it was not meant for them to stand there until the parade was nearly over.

The chief marshal, Mr. Bartlett said, instructed a policeman to designate the band to a position immediately following the floats. Before these orders could be carried out another policeman assumed charge of that beat.

The relieved policeman forgot to mention the marshal's orders to the parade passed on with the parade and Mr. Bartlett, being aware of the miscarriage of their plans.

Mr. Bartlett also stated that the Mayor of Rocky Mount and officials of the exposition were sending expressions of regret over the occurrence to the Mayor of Greenville, and also to members of the band. He said he would see to it that the Greenville band appeared in the final parade on Friday.

Greenville people were considerably wrought up over the failure of the local boys to appear in the parade. It looked like the exposition officials had neglected to live up to their contract.

The boys made several inquiries about their position in the pageant before and while it was in progress. However, when they saw they were not to be used they divested themselves of uniforms and returned to Greenville. They didn't ask why they were not used. They felt that they had been "slapped in the face" by failure of the exposition heads not to use them as per contract.

Mr. Bartlett also stated that the Mayor of Rocky Mount and officials of the exposition were sending expressions of regret over the occurrence to the Mayor of Greenville, and also to members of the band. He said he would see to it that the Greenville band appeared in the final parade on Friday.

WILL PETITION STATE TO TAKE COX MILL ROAD

Highway Commission to Ask State to Take Over 24 Mile Stretch of Road

The State Highway Commission will be petitioned to take over the road from Greenville to Vanceboro. This decision was reached at the regular monthly meeting of the Highway Commission held in the highway offices here yesterday morning.

Members of the commission accompanied by a delegation of citizens will go to Raleigh Thursday to appear before the commission with a petition requesting early action in the matter.

Seventeen miles of the road under consideration is located in Pitt County, and seven miles in Craven County. It is the road leading from Greenville through Cox's Mill one of the most productive farm centers in Eastern Carolina.

Only that part of the road between Greenville and Cox's Mill is paved, the remainder being sandy.

The County Highway Commission is composed of W. H. Dall, chairman; J. R. Turnage and J. A. Station.

Members of the commission accompanied by a delegation of citizens will go to Raleigh Thursday to appear before the commission with a petition requesting early action in the matter.

Judge Winston Scores Critics of Legislature In Address to Rotarians

"North Carolina must do away with so much talking and boasting of her achievements and get down to the solution of present day problems," Judge Francis D. Winston, distinguished statesman, jurist, orator and humorist of Windsor, Bertie County, told members of the Greenville Rotary Avenue here last night.

"There has been too much boasting of our past the last few years," Judge Winston said. "There has been too much conflict between some of our leading educators and politicians regarding the status of North Carolina. We must get away from that, and take care of the problems presented by the great and glorious future which the State has before it."

Judge Winston's address came at the conclusion of an interesting program, in which Dr. Clifford Whiteford of Woodrill, was one of the principal speakers.

The program opened with the serving of the usual supper. Following a song by members of the Rotary quartette, the secretary read a letter from the Rocky Mount club inviting the local Rotarians to attend Rotary Night at the Eastern Carolina Exposition.

W. C. Sandiford made a short talk on "Who and What I Am," which was the continuation of a series of talks dealing with the lives of club members.

President Haywood Dall turned the meeting over to E. B. Higgs, chairman of the educational committee, who introduced Dr. Whiteford, Judge Winston was introduced by S. J. Everett, Henry Brown, of Greenville, Tenn., made a short talk.

It was announced by the entertainment committee that W. O. Saunders, editor of the Elizabeth City Independent, would be one of the highlights on the program of the next session.

Visitors present during the evening were: Judge Francis Winston, Windsor; H. R. Brown, Greenville; Tom; Dr. Clifford Whiteford, Woodrill; J. W. Higgs, J. B. James and H. R. Uley of Greenville.

Judge Winston spoke at length of the achievements of the last North Carolina Legislature. He deplored any man to disparage the record of the assembly. He deplored the onslaught made upon the body following its adjournment. He said it was a blessing that most of the bills introduced in the Legislature were left there.

He paid tribute to the splendid service rendered by Pitt County representatives. They did their part, as did every other member of the assembly, to improve the conditions of the 3,000,000 people of North Carolina, and not for the improvement of any particular locality, as many seem to think.

FORD TO CONFINE FOOD DISTRIBUTION TO OWN BUSINESS

To Close Business to Public Because It Is Growing Too Large to Handle

Detroit, April 5.—(AP)—The Ford Motor Company in the future will confine its grocery and merchandising business to employees of the Ford organization.

This announcement is made by G. N. Staples, general manager of the Ford commissaries, at a meeting called by the Michigan Grocers' Association. Whether the decision resulted from pressure being brought to bear against the Ford Company by retail dealers, was not revealed.

Mr. Staples in his statement declared the action resulted from the company's inability to handle the side line business.

"We are going to close the business to the public because the business has grown too big for us to handle," Mr. Staples declared. "We hope to work out a scheme in a few days whereby we will confine sales to Ford employees only hereafter."

Mr. Staples' announcement coming in the midst of a tumultuous meeting of more than 1,000 members of the association was greeted with wild cheering and the committee in charge immediately went into conference with the Ford officials.

It is supposed that a committee of the Ford officials will wait on the Ford officials Wednesday when final plans of an agreement will be drawn up.

Prior to Mr. Staples' announcement the Ford organization had been condemned as attempting to drive the retail grocers of the country out of business. There was no mention on the floor, however, of the boycott against wholesale dealing with Ford or using Ford Motor Company products and after the meeting, M. A. Padberg, a committeeman, said the Michigan association was not the force behind the boycott.

He declared he would take the record of the last Legislature and face any critic who would attempt to disparage the splendid record of achievement. "Considerable wit and humor were injected into the address. Part of the time the large gathering of business and professional men were engaged in unrestrained laughter. The next moment they found themselves attempting to absorb a considerable amount of information which the distinguished son of Bertie had tucked back in his head for ready reference.

He said he drafted the present election law, that he was able to draft another. But any election law that was good enough to send him to the Legislature over a number of years, was good enough for him.

WASHINGTON TAKING STEPS TO EVACUATE AMERICANS IN CHINA

Increased Anti-Foreign Feeling in China Makes Fate of Foreigners Uncertain

Washington, April 5.—(AP)—The sweep of the victorious Cantonese Nationalist armies which are moving northward to the accompaniment of increased anti-foreign agitation has brought the Washington government face to face with the possibility of evacuating its citizens in northern China which includes the capital city of Peking.

Tientsin, a coast port accessible to naval craft has been chosen as the most likely point for a general concentration of refugees should the need arise. An American force of 800 soldiers now guarding the Peking-Tientsin rail road could be concentrated there and Admiral Williams would be able to give the protection of his fleet to the besieged.

The apprehension that the situation is causing in official circles is reflected in the close attention President Coolidge is giving to reports from Minister Murray at Peking and Admiral Williams, and also in his frequent conferences with Secretary Kellogg.

Within the last 24 hours these officials reports have confirmed news dispatches portraying an increasing menace to foreign lives in the area north of Shanghai, and indicate that Peking and Tientsin are the objective both of the Cantonese military forces and of the agitators that have been sent forward as a vanguard to arouse anti-foreign sentiment.

While the gravity of the situation apparently is subordinating official contemplation of steps by the Washington government looking to a demand for reparation for the Nanjing outrages, there is some indication that action on this may be expected in the near future.

Shanghai, April 5.—(AP)—The northward drive of the Nationalist (Cantonese) along the railway eluding to Tientsin and Peking is meeting with strong resistance.

Northern forces captured Kwantung, 60 miles northwest of Nanjing, Sunday, after heavy fighting, and 200 Nationalist wounded have arrived at the latter city. The Nationalists are rushing reinforcements to that sector.

A wireless dispatch from Nanjing today reported strong anti-foreign feeling in that city, where collisions between rival factions of the Kuomintang were expected. Nationalist soldiers in uniform were seen Monday removing property from residences of foreigners there.

The latest estimate of the casualties in the recent melee between Japanese and Chinese in Hankow said a radio, were ten Chinese killed and many wounded, and two Japanese killed and two wounded. In addition seven Japanese were held as hostages.

Poland and the Y. M. C. A. To Get Success, Deserve It. Mussolini Dislikes Boards. \$25 a Month for 4 Persons. (By Arthur Brisbane)

Americans desiring to be of use in the world might begin at home, and end there. Men and women, rich, well meaning, no doubt spent large sums, building up the Y. M. C. A. in Poland, a more than 95 per cent Catholic country.

Now Cardinal Kakowski, Archbishop of Warsaw, speaking, as he tells Polish Catholics, with the Pope's authority, warns all Catholics against the Y. M. C. A., as a "Protestant controlled heretical organization."

Polish Catholic parents are asked to discontinue all support from that organization and not allow their children to join it, or share its activities.

The Cardinal's warning reads in part: "I warn the Christian population under my leadership against the evil influence of the Y. M. C. A. on Catholic youths. I base my warning on the Pope's decree dated Nov. 5th, 1920. The Y. M. C. A. is neither Polish nor Catholic. It is supposed by Protestants and heretics, and anyone who gives a cent to this institution is harming the church and Polish youth."

It is said the Y. M. C. A. in Poland must disappear, before the Cardinal's attack. It would be wise, for good American Protestants to realize that our attempts to force religious views on others are as unpopular as Balshchivki effort to spread Communist doctrine here.

MAY RULE AGAINST CARD CONTAINERS

Attorney General Brummitt Asked for Ruling on Auto License Law "Joker"

Raleigh, April 5.—(AP)—Possibility that the much condemned fifty cent automobile license card container law passed by the last legislature would never be put into effect looms.

Attorney General Dennis G. Brummitt was turning the matter over in his mind, but saying nothing today.

Revenue Commissioner R. A. Doughton said he would ask the Attorney General for a ruling.

The matter to be decided is whether the containers will be required beginning with the license of next January. Due to the short time before the July 1 registration period begins, revenue officials ruled that the new law would not be made effective then.

Confederate Reunion Opens Today In Tampa

Tampa, Fla., April 5.—(AP)—Epitome of the spirit that carried a few gray clad thousands, ragged and hungry, through four years of war against odds, an unrivaled but generally circulated story of practical comradeship today came from the far panhandle of Texas as the United Confederate Veterans gathered for one more meeting around the bivouac fire, perhaps the last reunion for many of the dwindling few silver-haired thousands.

The reunion officially opened today, though business sessions will not begin until tomorrow. The sons of Confederate veterans and the Confederate Memorial Association had business sessions today, mostly for greetings and organization.

The story from the pan-handle country is built around three veterans, whose names nobody seems to know, who are reported to have spent nearly all of their slender gains from leases on lands not quite in the pan-handle oil trade, to bring less fortunate comrades over the long route to the meeting place.

The story went the rounds of various bivouac fires dotting the fair grounds where the veterans are camped, while the old soldiers swapped yarns until the eastern sky grew fairly luminous before the dawn.

CHICAGO EXPERIMENTS WITH ONE POSITION

Chicago, April 5.—(AP)—The final week of baseball training before the big show opens in the managers of both the Chicago pinstriped and the Cubs still experimenting with one position on the team. Manager Ray Schalk has two outfielders to fill the vacancy created by Johnny Mostil's self-inflicted wounds. One of them can hit and the other can field so Schalk may have to tug a coin to decide. After Sunday's rout with the veteran old Faber on the mound the Sox victory yesterday behind Alphonse Thomas' pitching was a great relief to the new manager.

The Cubs' manager, Joe McCarthy, is trying to reform an outfielder who can slug the ball into a third baseman. Riggs Stephenson is the boy and his promotion came after a long study by the manager which produced statistics that the third baseman only had an average of two chances a game. McCarthy's hunch seems to be working out for the Cubs have been slugging their way through the minor leagues ever since.

INJURED FOOT KEEPS HAGEN OUT OF GOLF

White Sulphur Springs, W. Va., April 5.—(AP)—Because of an injured foot Walter Hagen is out of golf temporarily. Because of the uncertain footing he suffered an injury to the ball of his left foot during play in the Texas open at San Antonio last January, he believes, and as a result has cancelled all exhibitions up to April 15. He plans to rest longer, if necessary, to condition himself for the major tournaments of the summer and especially the Ryder cup matches with Great Britain, professionals at Worcester, Mass., June 10 and 11. He will captain the American squad.

He has been troubled for two months with a growth on the sole of his left foot. The injury, probably a stone bruise at the start, troubled him in several tournaments.

For almost a month the left foot even between rounds on the courses, has been taped tightly to ease the pain and his required, featuring

"HOME BRED" GOLF TEAM TO REPRESENT AMERICA AGAINST GREAT BRITAIN

Chicago, April 5.—(AP)—A "home bred" golf team will represent this country against British professionals in the revival of the Ryder cup matches at Worcester, Mass., June 10 and 11.

The committee that selected the American star, who will be captained by Walter Hagen, was of the opinion that the team should be composed entirely of professional born and reared in the United States.

This qualification, while eliminating a number of prominent golfers, permitted the inclusion of names as Leo Diegel, Johnny Farrell, Johnny Golden, Bill Melhora, Gene Sarazen, Joe Turnesa, and Al Watrous. Links experts extended by their foreign birth include Jack Hutchinson, Bob McDonald, Harry Cooper, MacDonald Smith, Joe Kirkwood, Jim Barnes, Tommy Aronson, Cyril Walker and the Little Wizard, Bobby Cruikshank.

The players were chosen by a unique method, based entirely on their performances during the last three years. This information was gleaned from statistics submitted by Melvin A. Traylor, president of a Chicago bank, and a member of the executive committee of the United States Golf Association.

The committee which selected the American team, whose make up was announced by Alec Pirie, president of the professional golfers' association, was composed of George Sargent, of Columbus, formerly president of the professionals; Joe Mitchell of the Montclair, N. J., golf club, and Stewart Gardner of Evanston, Chicago.

The British team will be captained by Abe Mitchell and will include George Duncan, Ted Ray, Fred Robson, C. A. Whitcombe, Aubrey Broome, Archie Compton, George Gadd and Arthur C. Havers.

COLLEGE SPORTS TO GET IN FULL SWING IN STATE TODAY

Raleigh, N. C., April 5.—(AP)—College sports were in full swing at the beginning of the 1927 outdoor season today, with April 5 being the only possible restraining element.

Wake Forest and North Carolina State were locked on the diamond at Greensboro Memorial Stadium, Wednesday the Wake Forest Deacons are due to meet Elon at Elon, Thursday Guilford at Guilford, and the Asheville Tourists of the Sally League Friday and Saturday at the Biltmore capital. It is the first seasonal trip from home for the Deacon.

At Chapel Hill the University of North Carolina free-bowling clubmen were scheduled to clash today with the Wake Yearlings in the opening track meeting of the "Big Five" freshmen schedule. The Duke youngsters won the free-bowling title last year from the Tar Babies of Chapel Hill by a fraction of one point.

At Davidson the Davidson College tennis team was scheduled to exchange serves, drives, and chops, mainly chops, due to the damp weather—with Furman University of Greenville, S. C., today.

The University of North Carolina Tar Heels dropped their first tennis engagement of the season yesterday to Duke, 5 to 4, the two teams splitting six single matches, but the Methodist double outfits took two

of three decisions from Captain Elgin's men.

In their first match of the spring season, the Wake Forest College team scored a victory over the Lenoir-Rhyne team at Wake Forest yesterday.

PHILLIES AND ATHLETICS IMMUNE TO BAD WEATHER

Philadelphia, April 5.—(AP)—The Phillies and Athletics who are engaged in a pre-season series for the city baseball championship, appear immune to weather.

Rain and icy blasts have been encountered since the series started Saturday. Captain Edin, Collins of the Athletics has developed a slight cold, which fogged him out of yesterday's game, but with that exception the weather has had no effect on the players or their performances, despite the big change from their training camps in the sunny South.

The Athletics have an opportunity to clinch the five game series today. They have won both games so far played by close margins, yesterday's score having been 2 to 1 in 11 innings.

By Gold's hitting and base running were big factors in the victory. Connie Mack's second team also scored an 11 inning victory yesterday, turning back the Asheville, N. C., team 5 to 3.

MUSICAL EVENT FOR HOLY WEEK

The sacred orations "The Crucifixion," by Sir John Strainer, the great English composer, will be sung in Greenville during Holy Week; and we are sure that a large number will wish to hear this religious masterpiece.

The oratorio will be rendered at St. Paul's Church, the Rev. James E. W. Cook, rector, by the combined choirs of St. Peter's Church, Washington, and of Calvary Church, Tarboro, on Tuesday evening, April 12th at 8 o'clock. There will be some forty voices in the choirs, and the solo parts will be rendered by some of the best singers in Eastern Carolina.

There will be no charge for admission, but an offering will be taken up for the church building fund. "The Crucifixion" is admittedly one of the world's highest expressions in melody of the world's greatest event. The various scenes of the Passion of our Lord are treated with sympathetic reverence and artistic beauty. The composer, Sir John Strainer, was organist of St. Paul's Cathedral, London, and he was one of the finest of his talents and powers into this remarkable work.

A invitation is cordially extended to all lovers of high-class church music to come and hear the rendition of this work by these combined choirs.

Stone Mountain Memorial

In addition to the carving of a Confederate Memorial on the side of Stone Mountain, in Georgia, a portion of which is pictured above, the United Daughters of Confederacy in conjunction with the Stone Mountain Memorial Association, is endeavoring to compile a Book of Memories, to be placed in the memorial hall, which will bear the names of each living Confederate Veteran. Beside the name of each of these veterans will appear a gold star and in addition each veteran will be presented with a medal especially designed by Augustus Lukeman sculptor, who designed the Stone Mountain Memorial. The cost of enrolling each of these living veterans is \$5.00. The money

from such enrollments is to be used in the completion of the memorial. In Pitt county there are at present nineteen survivors of the Bryan Grimes Camp. The best scholar U. D. C. is endeavoring to have the names of these veterans enrolled in the Book of Memories. Will you help?

The list of veterans as furnished by the Daughters of the Confederacy is as follows: J. J. Laughinghouse, W. A. Hymant, Jesse W. Braxton, Ivey Corbett, R. R. Cotter, J. J. Jackson, Frank W. Jackson, F. G. Killibrey, J. A. Lang, James L. Moore, W. B. Paramore, J. A. Smith, James Tornage, J. J. Hathaway, J. W. Ward, B. A. Williams, E. F. Robinson, J. R. Nelson, and W. H. Renfrew.

and the Worst is Yet to Come

WHY THE INSULT?
 The Eastern Carolina Exposition opened with a bang yesterday, according to newspaper reports this morning, but so far as the members of the Greenville High School Band and their supporters are concerned, the "dirty deal" which the boys declare was handed them will make it hard for Greenville citizens, in the future to take very much, if any, interest in the exposition or the efforts of Secretary Bartlett to put over the Eastern Carolina Chamber of Commerce. Just who was responsible for yesterday's "slap in the face" had not been ascertained this morning, but efforts were being made to get in touch with exposition officials for an explanation.

Here is just what happened in Rocky Mount, which was enough to hurt the feelings of the boys and make the citizens of Greenville indignant:
 Sometime ago Secretary Bartlett employed the Greenville High School Band to lead the exposition parades yesterday and Friday, and since that time the various newspaper carrying the exposition program have so stated. Yesterday the boys went to Rocky Mount, put on their uniforms and reported for duty. They were advised by those in charge of the parade to stand aside and wait until they were called. The boys obeyed but after waiting for what they believed to be too long a time, they again asked where they were to be used in the parade, and again they were told to wait on the sidewalk until they were called.

After another wait of some time, the boys sent to Secretary Bartlett to know if they were to take part in the parade, and were advised that others, and not he, were in charge of same. Following this reply another wait ensued, and the parade passed on, leaving the boys standing on the sidewalk. Much disappointed and embarrassed they returned to their rooms, took off their uniforms and redressed, and the majority of the outfit returned home. It is needless to say that the boys were much hurt at this apparent insult on the part of exposition officials, and what they and Greenville citizens today are trying to find out is "WHY?" The incident could be but one of two things, intentional insult, or gross mishandling on the part of those in charge, and either is inexcusable, and the boys are certainly entitled to a public apology from those responsible.

MORE ACTION NEEDED
 Judge Francis D. Winston sounded a keynote in his address before the local

said applies not only to the state at large, but to each individual locality. We, in Greenville, take delight in bragging about what we have done in the past and what we are, but when an opportunity to further progress knocks at our door we are too busy bragging about the past to hear the knock. As Judge Winston said, let's have less talk and more action and we will see our own locality and our county and state come out of its glorious past into a more glorious present and future.

SLAYERS ON TRIAL
 Sanford, N. C., April 4.—(AP)—Bud Davis, Parker Robbins, Macon Harrison and Tom McAvine alias Tom Davis were arraigned in superior court on charges of slaying of James L. Turner, sheriff of Lee County.
 The four men were brought here for the arraignment and officers planned to return them to the Wake and Durham County jails immediately after their trial.
 Preliminary motions in the trial were set for hearing late today.

CHILDREN'S ILLS
 Arkansas Lady Says She Has Never Found a Better Laxative Than Theford's Black-Draught.

Mineral Springs, Ark.—"We use Black-Draught in our family of six children," says Mrs. C. E. Nutt, of this place, "and we find it a good bowel regulator. I give it to my children for colds and constipation, or any other stomach disorders, and it certainly is very helpful. I have never known it to fail them. Where there are so many children, it is a good idea to keep a laxative on hand, and Black-Draught is what we use."
 "I have taken it myself for indigestion. I would feel dizzy, have gas and sour stomach. I would also feel a tightness in my chest. I took a good dose of Theford's Black-Draught when I felt that way and it would relieve me. I would feel better for days."
 "My husband takes Black-Draught for biliousness. He says he has never found its equal. When he has the tired, heavy feeling, he takes Black-Draught at night and morning for a few days and he doesn't complain any more. I sure do recommend Black-Draught."
 Sold everywhere. Get a package of Black-Draught, today. Costs only one cent a dose.

Market Report Cotton--Stocks--Grain

COTTON OPENING

The cotton market opened steady today at an advance of 1 to 3 points. There was a little selling on lower cables than due, but reports of rains in the eastern belt brought in some buying orders and the market held 3 to 4 points above yesterday's closing figures.

Private cables said hedging had caused the decline in Liverpool, but reported a slightly improved demand for cotton cloth in Lancashire.

Prices worked up to 14.27 for July and 14.70 for December or about 7 to 9 points net higher on reports of rain and Wall Street buying. At these figures demand as supplied by realizing or a little southern selling, but the market was within 2 or 3 points of the best at midday.

STOCK OPENING

New York, April 5.—(AP)—Operations for the rise were resumed at the opening of today's stock market, with the rails again in the forefront of the advance. Erie common touched its highest price in over 25 years. Union Pacific advanced to the highest price level since 1914 and Western Maryland opened a point higher. U. S. Steel common opened higher at a new record for all time. Remington Typewriter showed an initial gain of 2 points and General Motors 1.

Foreign exchanges were irregular, with a 15 point jump in Spanish peseta to 17.87 cents as the early feature. Demand sterling ruled around \$4.85 3-8 and French francs just below 3.91 cents.

STOCK MARKET

New York, April 5.—(AP)—Operators for the advance centered their attention on railway issues in today's stock market, under the encouragement of favorable earnings reports and heavy traffic movements. Temporary irregularities among the industrials appeared to have been run out by the strength of rails. Trading was in moderate volume.

The closing was strong. Total sales approximated 1,800,000 shares.

GRAIN

Chicago, April 4.—(AP)—Generally favorable domestic crop advices had a deterrent effect on wheat buyers today and with bearish cables led to lower prices. Wheat closed unsettled 5-8 to 3-4 to 1-8 net lower; corn unchanged to 1-4 off; oats unchanged to 1-8 up; and provisions 25 to 20 cents down.

COTTON

New York, April 4.—(AP)—The cotton market was very quiet today, prices showing a tendency to ease off under comparatively small offerings. Failure of the report on boll weevil prospects to inspire any aggressive demand seemed to disappoint recent buyers and probably led to liquidation while there was also a little southern selling. July contracts sold off from 14.28 to 14.20 with the mid-afternoon market ruling about 4 to 6 points net lower.

ANNOUNCEMENT!

A New System in Tire Sales for Greenville. Insured Tires for Cash or Credit, replaces the old Guarantee that was no good to the user.

Certificate of Insurance of Tire Mileage

THIS CERTIFIES THAT—JOHN DOE Address—Greenville, N. C.

has this date, April 5th, purchased a tire, Serial No. 44625; Size 29x4.40, which hereby insured by THE CREDIT TIRE STORES, the seller, for a period of six months from date, against stone bruises, blowouts, rim cuts, tread separation or any other defects or accidents that would put this tire out of use.

In case this tire becomes unfit for service through any of the foregoing causes, it may be presented to any CREDIT TIRE STORE or to any CREDIT TIRE STORES authorized dealer and adjusted with a new tire for a charge for the actual service rendered, this charge to be based on the number of months of service at a rate per month that the purchase price bore to SIX MONTHS.

For Example, a \$12.00 tire would be adjusted at the rate of \$2.00 per month for the period of service. In the event that this time is used for commercial purposes, this insurance policy is limited to a period of three months instead of six months.

FRANCE DECLINES TO TAKE PART IN NAVAL LIMITATION

Refusal, However, Will Not Prevent Britain, Japan and U. S. Meeting

Washington, April 5.—(AP)—President Coolidge is disappointed that France has decided not to participate in the naval limitation conference between the United States, Great Britain and Japan, but he does not expect the refusal will in any way impede the holding of the conference.

Refusal by the French Government to be represented even in an unofficial way at the forthcoming Geneva arms party will have no effect upon the agreement of Great Britain, Japan and the United States to sit in at the conference in an effort to thrash out practical possibilities of extending limitation agreements to cruisers, destroyers, submarines and other classes of warcraft not affected by the Washington arms treaty.

While it still is hoped by officials here that Italy will accept the invitation of President Coolidge to be presented in some manner, it is believed that after the Rome and Paris governments declined to participate equally with the other three powers, that the London, Tokyo and Washington governments satisfied themselves that it would be possible to work out an agreement that would permit any adjustment to Mediterranean naval programs.

Since the Italian Government declined the first invitation for full representation at the conference nothing has been learned of its attitude. It is believed, however, that officials in Rome were awaiting a statement from Paris regarding the second invitation and that the announcement of the French refusal will be followed before many days by a setting forth of the Italian attitude.

The French refusal in the form of a memorandum has been transmitted to the American embassy in Paris. It asserts that France can not weaken the authority of the League of Nations, which already has taken up the problem of general disarmament, nor can France compromise the principle of equality of all nations, large or small.

Despite the assurances which the American Government has given concerning the pre-occupations which inspired the initiative and the principles which guided it, the government of the republic is unable to modify its views on the proposition of which it already has taken hold," the French note said.

Defense in Action in Sapiro Suit

Detroit, April 5.—(AP)—The defense in Aaron Sapiro's \$1,000,000 libel suit against Henry Ford devoted the forenoon session of court today to an admitted effort to show that Sapiro gained fees from opposing farmers' associations, and that where he failed to gain control of one, he set about to wreck it and establish another in opposition.

Sapiro was under cross examination for the seventh day.

At home, in the subway, at the office or factory, on the street, everywhere you are judged by your appearance. Can you stand inspection?

Bright eyes, clear skin, snappy step, are evidence of good health. Successful people can't afford to be constipated. Sick headache, wornout and sallow complexion, pimply skin, biliousness and other ailments resulting from constipation must not exist.

his face and made soldiers do it, that the enemy, fighting with the short sword, might not seize the beard as a handle, to help in cutting off the head. Mussolini objects to beards as nests for germs—another—and worse enemy. Mussolini says he refuses to be assassinated, will live to ninety, and then retire, leaving instructions for Italy's guidance. Italians believe him and no wonder. He believes in himself.

We call ours a democratic government, and Mussolini's an autocratic government. Mussolini drives young autocrats out of the diplomatic service, saying he wants young men that have proved their ability.

We are encouraging so called "career men" in our diplomacy which means young gentlemen whose fathers can afford to keep their boys well supplied with money at foreign courts, and send them abroad, knowing "how to enter ad rawing room." Lincoln would find it hard to qualify as a career man, for the diplomatic service.

Mrs. Ester Meidell, Norwegian housewife, shows how to feed a family of four, well, on \$25 a month. You will soon be able to buy her book, translated.

More important in America, however, is our system of increasing wages that makes it unnecessary to save the bread crumbs for puddings and limit to 12,000 calories daily family of four. "As many calories as I want, and some margin for extravagance" is the American demand. And not "how little can I live on," but "how much can I get."

A book really needed is one that would keep Americans from breaking all world records for time, work and happiness lost through illness. The United Hospital's report for New York City alone, shows an average of 150,000 ill in bed, all the time, and 600,000 more made unfit for work by some sickness. Seventy per cent of that is due

SEASON TICKETS TO INDOOR CIRCUS ARE MAILED OUT

Sixteen Thrilling Acts Comprise Main Part of Gala Week Here

The American Legion Indoor Circus Committee was busy Monday and Tuesday issuing and mailing season tickets for their annual Merchants' Exposition. Auto Show and Circus to be held the week of April 18 at Gorman's new warehouse.

Said ticket admits the holder each and every night of the entire week, besides giving the purchaser an opportunity of participating in the giving away of valuable prizes that will be the closing feature of each night's program.

Too much cannot be said of the program that the Legion has secured for their big gala week. Sixteen thrilling circus acts comprise the bulk of the bill. These acts were chosen after some deliberation because of their unsurpassed reputation as reputable performers and because their acts combine the requisites of all the big time bills, thrills, comedy and exceptional talent.

The price of the season tickets were placed so as to be within the means of everyone and every citizen of Greenville and vicinity should cooperate with the Legion to the extent of purchasing one and thereby help the Pitt County exercise boys consummate the highest civic event ever attempted in this section of the state.

While the law bent its efforts to closing in on the alleged narcotic smugglers, funeral preparations were being made for Howard Scott, yesterday a victim of an overdose of drugs.

Scott, a printer by trade since he was discharged from a government hospital minus a leg and with his body marked by machine bullets, was found dying in a shack here early yesterday. He died in a hospital without regaining consciousness.

Three men, Joe and Greece Hill, and "Red" Scott were arrested and are being held awaiting development.

Coroner J. M. Waring, of Wake county, said he found enough drug in the shack where Scott met his death, "to kill ten men."

Scott was a member of Company M, 120th Infantry, and was shot down in a night raid in the Ypres sector. Both his legs were cut out of commission and he lay help-less in the barbed-wire entanglements of "No-man's Land" for 14 hours before he was rescued.

There's Refreshment in Music

When you're "dog-tired" at the end of a day which has taken full toll of energy and vitality, try this plan—

Relax in an easy chair and have someone play the piano—lilting little tunes, soothing melodies, familiar songs—and in a twinkling your exhausted mood has vanished.

Don't cheat yourself of the beauty and power of music—let it become a daily part of your life.

There's beauty of tone in the Hobart M. Cable that will be a constant incentive to your children's musical talent. Encourage your children's natural musical ability—and you will find your home one of happiness, contentment and good cheer.

The Hobart M. Cable upright is built in two sizes—the Style K and the Baby Upright. Both are nationally known for their exquisite tone quality—clear, full treble and rich, full resonant bass.

And you have the choice of oak, red or Adam brown mahogany, or burl walnut.

Come in and see these new styles. We'll be glad to accept your old piano as part payment, so come in and talk it over. You will not be obligated in the least.

Fresh shipment of 10 new Pianos just received. Very Easy Terms, 2 1-2 years to pay, if you like.
