AMERICAN AVIATORS SET NEW ENDURANCE RECORD BY FLYING FOR 51 HOURS

Record Breaking Performance Eclipsed by Six Hours Previous World's Record of 45 Hours Set by Frenchman

Mineola, N. Y., April 14.—(AP)—Bert Acosta and Clarence D. Chamberlain, civilian aviators, landed at 12:42 o'clock after setting a new record for endurance flying by remaining in the air for 51 hours and 12 minutes.

For half an hour before the landing the plane hung above the field at an altitude of about 3,000 feet. At 12:35 it dropped toward the earth and the spectators cheered as they thought a landing was about to be made. The plane banked off, however, and climbed again, repeating this performance a second time before the actual landing was made.

The landing was described by aviators on the field as being an excellent example of good flying. The plane landed without apparent shock on the runway and glided to a graceful stop. The plane struck the runway at 12:42. The record breaking performance eclipsed by 6 hours the previous world's record of 45 hours, 11 minutes and 59 seconds.

By the time of the landing the crowd had swelled to thousands and was held in check by ropes stretched along the runway and by police reserves called out when the throng became unmanageable. At noon, the crowd suddenly fell silent as it was realized that a landing must be made very shortly because of the supply of gasoline, which was known to be running low.

At 10:30 only ten gallons were left in the plane's tank and up to that time close to seven gallons an hour had been used in the flight. The last ten gallons lasted for two hours and 12 minutes and observers on the field felt sure that the fliers had remained in the air until the tank was absolutely dry.

As soon as the plane landed the cheering crowd broke through police lines and swarmed about the record breaking plane and the two aviators who had been in the air for well over two days.

SLIGHT INTEREST NOW MANIFESTED IN CITY PRIMARY

Registrations in Aldermanic Field Cause Wiseacres to Read Signs Closely

Interest in the municipal primary to be held in this city May 2 began to pick up today with the registration of four candidates in the aldermanic field. Political wiseacres, however, are not satisfied with these developments. They want to see things begin to liven in the mayoralty field. There have been no registrations for this office, but it is expected there will be a general tossing of hats into the ring within the next few days.

In the aldermanic race J. K. Brown is out for the fourth ward, opposing J. H. Boyd, incumbent. P. L. Goodson has registered for the third ward in opposition to R. E. Sellers, incumbent.

City Clerk J. O. Duvall stated this morning that registrations books for the office of alderman could be closed April 25. Books for the office of mayor will be closed April 21. All registrations must be in ten days prior to date of election.

FILE MOTION FOR POSTPONEMENT OF SINCLAIR TRIAL

Washington, April 14.—(AP)—A formal motion for postponement of the conspiracy trial of Harry F. Sinclair, oil operator, and Albert B. Fall, former Secretary of the Interior, was filed by the government today in the District of Columbia Supreme Court.

BUSINESS BLOCK WIPED OUT BY FIRE

Marganton, W. Va., April 14.—(AP)—An entire business block here was wiped out by fire early today, causing damage variously estimated at between \$1,500,000 and \$2,000,000.

BOARD DECLARES BURNED SCHOOL COMPLETE LOSS

Will Not Attempt to Use Any Part of Burned Structure in Rebuilding

Several Other Matters Discussed at Meeting of Board of Governors Last Night

The Board of Governors of the Greenville Country Club, in a regular meeting held last night, transacted business of importance and interest to the entire membership. Plans for rebuilding the dam of the fishing lake, as submitted by committee composed of Messrs. W. H. Dail, Jr., and S. T. White, were approved and work will be started immediately, which will insure completion in ample time to be re-stocked with fish. Considerable cleaning out of the lake and a permanent dam with concrete spillway are included in the plans of the committee.

Mr. M. K. Blount, was elected chairman of a committee to erect living quarters for the golf pro and stewardess of the club, adjacent to the present club house. This arrangement will prove very popular as it will insure a properly chartered club house at all times. Mrs. Wells, the new stewardess of the club, will soon be prepared to serve luncheons, etc., and otherwise cater to the wishes of the ladies who have long desired this feature.

The executive committee has made ample provision for the above improvements, as well as for others to be made from time to time on the golf course, tennis courts, etc., that will not only prove popular to the membership, but will be a source of pride to the citizens of the entire county. With new members being admitted to membership, together with the renewed interest of a great many of the old members, the future appears very bright for Greenville to have the most popular club in Eastern Carolina.

The Board of Governors, with a hundred per cent attendance last night, had the pleasure of meeting Mr. J. E. Wells, the new golf pro, who has already made a splendid impression that he is just the man to have charge of the club.

Rocky Mountain States in Grip Heavy Snowstorm

Denver, Colo., April 14.—(AP)—Rocky Mountain States today faced a white Easter unless warm weather forecasts materialize immediately to melt a heavy blanket of snow.

Approval of stock men of heavy precipitation from the Canadian border to Central New Mexico, changed to anxiety last night after the storm continued three days to another range at Sheridan, Wyo., under 16 inches of snow. Several points in Central Wyoming reported 12 inches of snow while others received from two to six inches.

While the storm generally was regarded as an aid to crops and ranges, it interrupted traffic including air mail planes which were held up from 14 to 36 hours.

Issues Proclamation For Fire Prevention Campaign

Whereas, during the week beginning April 18th, 1927, the various civic organizations throughout the nation are sponsoring a national fire-prevention and clean-up campaign, in the interest of public safety and public health; and whereas, the Insurance Department of our State has called upon us to cooperate in a State-wide movement, to reduce fires by cleaning up debris and trash, and whereas, the Woman's Club of this city, has assumed the active direction of the fire-prevention and clean-up week in our community;

Now, therefore, I, J. C. Lanier, Mayor of the city of Greenville, N. C., hereby call upon and earnest request all citizens of our town to

co-operate with the Woman's Club to the end that our community be made more safe from fire and disease; and for the purpose of more completely accomplishing the purpose of the fire prevention and clean-up week orders have been given to the street cleaning department of the city to haul away any and all kinds of trash placed upon the streets during the week beginning April 18th, whether it be placed in garbage cans or not. We believe and trust that our citizens will take advantage of this opportunity to get rid of all trash and debris that may have accumulated upon their premises.

(Signed) J. C. LANIER, Mayor.

The Greenville schools will close this afternoon for the Easter holidays and will re-open Tuesday morning at 8:30. Good Friday and Easter Monday are both being given as holidays this year. This is possible because the schools are operating 37 weeks this year instead of 36. This Easter holiday will also give the schools ample opportunity to get the new arrangements made.

REIDSVILLE LAD INJURED PLAYING WITH DYNAMITE CAP

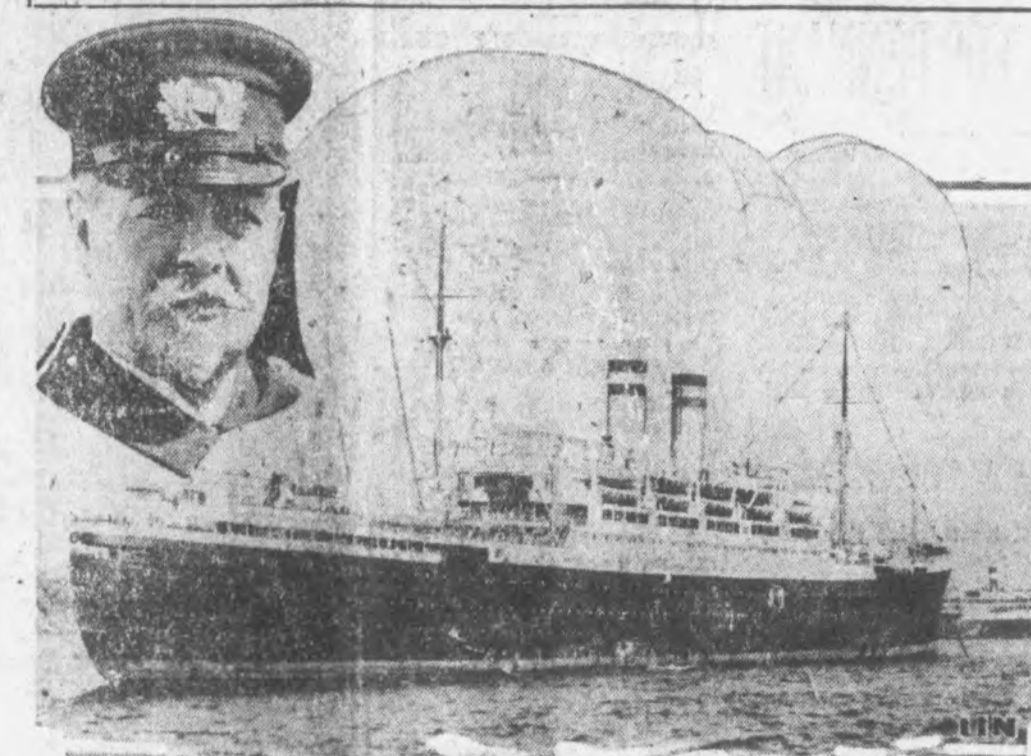

Reidsville, N. C., April 14.—(AP)—Godfrey Lillard 8, today had a lacerated left hand with the thumb and first finger missing, as a result of his playing with a dynamite cap he brought to school and tried to open with a pocket knife.

His right hand was also slightly injured, and loss of sight of one eye is probable, it was indicated by physicians.

Circus Decorators Busy at Warehouse

Final arrangements are now being completed for the American Legion circus, automobile show and exposition which will open in Gorman's new brick warehouse Monday, April 18.

New Liner, New York, Symbol of Germany's Recovery

Magnificent transatlantic liner, New York, now on its first round trip, is a symbol of Germany's remarkable recovery from her war losses. Deprived of 1,300,000 tons of shipping by the Allies, she has rebuilt her tonnage to 900,000, with the New York as queen of the passenger fleet. Photos show the liner in New York harbor, and its commander, Captain Karl Graalfs.

STYRON DELIVERS POWERFUL SERMON

Large Crowds Continue to Attend Free Will Baptist Revival Services

Rev. S. H. Styron delivered one of his strongest sermons last night using as his subject "The Power of the Gospel." His text was taken from Romans 1:16: "For I am not ashamed of the gospel of Jesus Christ; for it is the power of God unto salvation, to every one that believeth; to the Jew first and also to the Greek."

"I am not ashamed of the power of Jesus Christ. I believe that we owe that much to our fellowman to preach the gospel. In this day and time many people are not satisfied with the gospel as it is preached today, but they want some great orator or evangelist to come along and tell them how to be Christians. When we put on a campaign it is the last effort to get poor sinners to come to Jesus Christ. "The brag about being converted of these campaigns, but to my mind, men ought not to brag about being converted in this way. "We owe it to you to preach the gospel of Jesus Christ to every living creature. "Some time we have to meet many disadvantages to bring the gospel message to the lost world. My friends, I am not ashamed of the gospel of Jesus Christ, for if I were, I wouldn't come before you to preach the gospel to you. "I sometimes wonder what God wants me to do, but something tells me, Styron, you are engaged in the greatest work in the world. "When I was in school I was taught that the war cloud was settled for good and always, but when the dragon of war rose up in France, some of our best and stalwart men were called to go. "The President of the United States called a disarmament conference to establish a league of nations. This league of nations was to help to constitute peace, but the only thing that will help our nation to be at peace with the world is the power of God. "My friend, I thank God that the power of God carries with it the greatest blessing that the nation has ever known. "So, Christians, let us go forth in the service for Jesus Christ. The gospel is divided into three parts: 1, to show you who you are; 2, what you are, and 3, where you are. "So many people read the Bible but they don't understand it. You can find a picture painted in the Bible of yourself, be you man, woman, or child, no matter how bad you are, or how good you are. Jesus wants you to know where you are and what you are."

Teachers College Begins Plans To Accommodate 300 Additional Students

The called meeting of the board of trustees of East Carolina Teachers College held Monday was attended by practically the whole board. The members present were A. T. Allen, Raleigh, Wayne A. Mitchell, Kingston, F. C. Harding, Greenville, L. W. Tucker, Greenville, Henry C. Bridges, Tarboro, D. S. Boykin, Wilson, J. S. Hargett, Trenton, James L. Griffin, Pittsburg, E. G. Flanagan, Greenville, Mrs. W. B. Murphy, Snow Hill, H. D. Williams, Kenansville, O. P. Makepeace, Sanford. The death of office was administered to the new members, O. P. Makepeace, Mrs. W. B. Murphy and H. D. Williams. The board took the necessary steps to proceed with the building program of the college by appointing the following as a building committee: Wayne A. Mitchell, D. S. Boykin, E. G. Flanagan, O. P. Makepeace and Robert H. Wright. The committee met immediately after the board meeting and organized with E. G. Flanagan as chairman and Robert H. Wright as secretary. The board of trustees referred the selection of an architect to this building committee, and authorized this committee to select out of various objects named in the appropriation act those objects that would be considered most necessary for the college to take care of 300 additional students. The board also asked the building committee to take under consideration the advisability of putting certain parts of the new campus building into a classrooms. The appropriation act gets aside \$400,000 and specifies the items for which it may be used as follows: To provide for 300 additional students. Remodeling and fireproofing west dormitory. Remodeling and fireproofing east dormitory. New dining room, kitchen and equipment. Complete basement for teachers dormitory and library. Playground, drive and walks. Books and library. Laundry. Model school building. Power house. Infirmary. The selection of an architect and the selection of the most urgent of the above needs in order to equip the college as quickly as possible for 300 additional students means that there is much important work to be done by the building committee between this time and the next board meeting. The board of trustees appointed a committee on salaries and policies. Personnel of this committee is A. T. Allen, James L. Griffin and Mrs. W. B. Murphy. This committee also held its organization meeting immediately after the adjournment of the board meeting. The committee requested President Wright to proceed immediately with the collection and arranging of data in regard to the maintenance of the institution, this data to be submitted to the committee at its May meeting. The biggest task, at present, before the board of trustees is the selection of an architect and the selection of objects for immediate consideration in the building program.

SEVERAL KILLED IN EARTHQUAKE SANTIAGO, CHILE

Santiago, Chile, April 14.—(AP)—Police reports say there are seven known dead here in the earthquake which shook the Chilean capital this morning. Fifty-five were injured here. Most of the casualties were in the residential sections, where several houses collapsed. In the business district the streets were littered with bricks and debris.

DISTRICT KIWANIS CLUBS TO GATHER AT ROCKY MOUNT

The annual inter-city meeting of Kiwanis Clubs in this district will be held in Rocky Mount April 19, according to an announcement made public today. Sessions will be held at the country club at two o'clock in the afternoon and will be followed by a banquet at 6:30. Governor Lynch, of the Carolina district, and former governor Felix Harvey, will be numbered among the notables in attendance.

Most of Casualties Occur in Residential Sections When Houses Collapse

Buenos Aires, April 14.—(AP)—Ten persons are reported to have been killed in this morning's earthquake at Mendoza, Argentina, in the foot hills of the Andes and more than 100 miles northeast of Santiago, Chile. About 50 were injured and considerable damage occurred. The quake was felt here faintly, starting about 2:30 a. m. local time and continuing three minutes. No damage is reported here.

Assorted Chinese Fights. Up Rose Babe Ruth. Union Labor Milestone. Can't Worry Mussolini. (By Arthur Brisbane)

Fierce fighting, Chinese killing Chinese, in Shanghai, Hangchow, Nanking, Amoy and other places. China is having her Bolshevist scare. Yesterday's news tells of many Chinese killed on suspicion of being "Red." They act quickly there. Suspects searched for "Red" literature, are immediately executed if literature is found.

No reply yet from China about the demand for punishment, amonies and reparations sent by five big powers, including Uncle Sam. No trouble about apologies probably, they cost nothing. Punishment and reparations will be more difficult. The great powers did not demand territorial concessions, or an additional grip on Chinese finances, an improvement on old methods.

Baseball started, officially yesterday in the East, the great Babe Ruth appearing in right field, and at the bat. At that news millions of hearts beat as one. Baseball, and the greatness of Ruth, are valuable because they make little boys physically ambitious. They would be more valuable if they made big boys play the game instead of watching others.

Bert Acosta and Clarence D. Chamberlain went up in the Bellanca monoplane yesterday, carrying a 2,800 pound load to stay up fifty hours. This is in preparation for a flight from New York to Paris which would establish a world record.

A short time back, Lord Northcliffe said \$50,000 to the first man that ever flew the English Channel. 27 years to come airships, storms and clouds, about eight miles up, will circle the earth, dropping passengers at principal stops in smaller planes. Those great round the world airships will take on fuel and supplies from smaller planes, and come down for repairs, perhaps not once in a year. Eventually they will take the wireless power from the earth. Then men will really fly.

Under prosperity and high wages, labor unions are gradually losing power just as they gradually gained power in the last century. An important milestone in labor's downhill journey is last Monday's decision by the United States Supreme Court, sustaining an injunction of stone-cutters and declaring unions subject to the anti-trust law in restraint of trade.

Justices Brandeis and Holmes dissented, nevertheless union interfering with "trade" can now be enjoined. It is safe to predict that in their case the Sherman act will prove efficient.

Italian radicals streak their minds in court, even in the shadow of death. Zaniboni, member of the Italian Chamber, corresponding to a Congressman in the country, accused of plotting to kill Mussolini, says, "I admit I planned to restore the government to the state by killing Mussolini, the impostor. I should have done it had I been arrested four hours later."

Mussolini, not worried, says: "I refuse to be assassinated," and goes about his business, exercising absolute power in accordance with his best judgment. And Italian money values rise steadily.

Ladies and gentlemen getting divorcees in Paris would have been interested to hear a New York Supreme Court judge say two days ago, "Some day those ladies and gentlemen will find that they are not divorced at all. Some estate coming into court will raise and settle the question. A Gould divorce in Paris, apparently upheld in the United States courts, means nothing, because in that case Paris had been for years the last-established domicile of that husband and wife."

A conference of college students has decided against trial marriage, quite solemnly, by a vote of 16 to 7. Wise Providence has decided against it by a vote of about 100 to 0. When the seven young gentlemen who think they believe in trial marriage fall in love, they will know positively the marriage plan is to last forever, would delect the theory of a trial and insult anybody suggesting it. Or, if not, they would not be worth marrying.

GREENVILLE MEN ATTEND MEETING HELD IN WILSON

Light Commission Representatives Hear Expert Tell of Public Ownership

Forty representatives of water and light commissions of various cities and towns in Eastern Carolina attended a banquet at the Cherry Hotel in Wilson last night at which Carl D. Thompson, of Chicago, secretary and treasurer of the public ownership League of America, was the principal speaker.

Those attending from this city were D. S. Spain, L. W. Tucker, J. L. Wooten, M. Schaffz and W. H. Norris. Mr. Thompson was introduced by P. G. Goodfrey, superintendent of the New Bern Water & Light Department. Mayor Lucas, of Wilson, was also one of the speakers.

Mr. Thompson discussed "Advantage of Municipal or Public Ownership over Private Ownership." He told in an interesting way of the development and progress being made throughout the county under public ownership programs. He made it plain that a city continues to be its own boss so long as it controls its own utility.

Mayor Lucas told of what the Wilson plant had done the last several years. He said the people of all towns realized that the water and light commission meant to them, and desired to see it a public institution. The towns represented at the meeting were: Rocky Mount, Greenville, Tarboro, Washington, Ayden and Wilson.

MINERS TRAPPED BY FLOOD WATER

Escaped Death, However, When They Sought Refuge Above Water Level

Henryetta, Okla., April 14.—(AP)—Twenty-seven miners trapped in the old Wise, or Cato, coal mine near here today by flood waters of McDonald Creek, escaped death when they sought refuge on a level above the water. Six of the men had been rescued before noon and it was believed their companions were not in danger.

Communication had been established with the 21 men still underground. They were 70 feet beneath the surface at a point three-quarters of a mile northwest of the mine's opening. The shaft was flooded when the bed of the McDonald creek gave way under the load of flood water. Water in the shaft was reported to have reached a depth of 45 feet.

Arkansas River Is Still Rising

Fort Smith, Ark., April 14.—(AP)—The Arkansas river has reached a stage of 32.1 feet at 7 o'clock this morning, or 10.1 feet above flood stage. It is still rising and the river may go several feet higher, according to an official forecast of local weather bureau attaches. The rainfall in the last 24 hours was 2.54 inches. Rain continued today.

BUILDINGS DEMOLISHED BY HEAVY WINDSTORM

Texasarkana, Ark., April 14.—(AP)—A windstorm which struck the towns of Mt. Pleasant and Avery, Texas, 50 miles from here early today, demolished several buildings and injured five members of one family, according to reports to the Texasarkana Gazette. Damage in Avery was estimated at \$50,000, while in Mt. Pleasant it was lower.

STABBED TO DEATH

Winchester, Va., April 14.—(AP)—Judge Frank R. Whiting, 73, of the 17th State Judicial Circuit, died at his home at Berryville after two weeks illness.

Chicago May Get World Title Prize Fight

Says Gene Tunney Is Now Ready To Sign Up For Bout To Defend Championship

Chicago, April 14.—(AP)—With New York bridges burned behind him, Billy Gibson, manager of Gene Tunney, has laid the foundations for some new bridges here.

Gibson, conferring with promoter Jim Mullen, said that the heavyweight champion now is a free agent by action of the New York Boxing Commission in voiding all Tunney contracts with New York promoters, including Tex Rickard. As a result, Gibson said, Tunney is ready to sign to make his next ring appearance in Chicago.

All that is necessary, according to Gibson, is ability on the part of a Chicago promoter to produce the important money which a world-champion requires. This can be done, Mullen told him.

As an arena for the scrap, Mullen believes Soldier's Field can be obtained. It will accommodate 110,000 spectators. If this arena cannot be obtained, either of the major league ball parks would set enough fans to make the venture a paying one, Mullen said.

Gibson told the promoter to go ahead and dickeer for an opponent for Tunney. He said he would take up the proposal with the champion at once, with the possibility that the late summer or early fall may see a heavyweight title bout here.

BUGS, TRUCKERS WIN OPENERS IN VIRGINIA LEAGUE

Raleigh, N. C., April 14.—(AP)—The Virginia League in face of rainy weather, picked up its schedule, the second day out today.

Yesterday's initial scores of the season:
Wilson 8; Kingston 4.
Portsmouth 9; Norfolk 8.
Richmond 3; Petersburg 3 (called, darkness).

The Wilson Bugs held down the Kingston Eagles at home when Bunn Hearn, Bug manager, took the mound. He was right.

The Portsmouth-Norfolk fray was played in a drizzle that took some edge of the boy's gloves, but left a flock of 21 hits scattered all over the lot.

Richmond and Petersburg went into a 11-tying tie.

Today Kingston, generally termed the smaller class B town in America by sporting writers, played host to the Wilson team.

KICKER'S HANDICAP AT ROCKY MOUNT

Rocky Mount, N. C., April 14.—(AP)—A kicker's handicap tournament to redress handicaps of golfers for the ensuing season, was run off here today at Bonvenue Club.

Tomorrow an inter-city clash is scheduled, the Wilson team coming here for a regular Eastern Carolina Golf Association match.

YANKEES ARE OFF IN LEAD IN RACE FOR PENNANT

(By The Associated Press)

New York's Yankees are off in the lead of the big league pack. Turning on the steam at the season's start they apparently are out to clinch the pennant in the early games as they did last year.

Terrific hitting before the other clubs have their batting eyes well on the ball turned the trick for the Yankees in 1926 and Miller Huggins can't see why it shouldn't work again.

In the first two games of the season the Yankee bats swung so effectively against the veteran Athletics that the Huggins clan today goes down upon the outer seven, teams of the majors, the only club thus far to chalk up two in the winning column.

The best batting average shown in any game yesterday was made by Mark Koenig, Yankee shortstop, who made five hits in five times up.

That as the boys say is not so. —It's perfect. The Yankee hits off four Athletic pitchers totalled 16, two of them singles by Babe Ruth. Meanwhile, Ruether held in the pinches and the home team won 10-4.

Some world beating pitching was exhibited in the comeback of the champion Cardinals in Chicago, where Jess Haines, hero of last fall's world series, held the Cubs to two hits in nine innings. As though that were not enough, he added two safeties to the total of 18 his team was making and contributed a sacrifice for good measure. The Cubs were shut out 5 to 9, evening the count for the first two games.

One of those lightning finishes you read about but seldom see, enabled the Chicago White Sox to score six runs in the ninth and beat out the Indians at Cleveland, 7 to 2. The game was on ice for the home team, but they blew and paid the price. After pitching good ball all the way, Levenson let the bases fill. Miller relieved him and things grew worse, until young Huddling took charge and fanned three sox.

These errors at crucial moments spelled defeat for the Robins, 4 to 2 at the hands of the Braves, despite the pitching of Jess Barnes and the fact Robbie's men made nine hits to seven for Boston.

Eight other eager teams and a few thousand spectators in four cities were disappointed when rain forced cancellation of two games in each of the leagues.

Greenville High Defeat W. C. I.

Washington, April 14.—Meekins, star twirler for W. C. I., lasted only two innings Tuesday under the bombardment of Greenville high bats. Potts who relieved him pitched a nice brand of ball, the remainder of the game but received miserable support.

Meekins' support for Greenville, furnished the feat of the game both at bat and in the field.

The entire Greenville club played a snappy game.

The Immortal Vance

THIRTY THREE years ago today marked the death of that great North Carolinian, Zebulon B. Vance . . . While leading his Rough and Ready Guards in the Civil War he was elected Governor of the State, which office he filled with great distinction. For fifteen years he served the State in the United States Senate, and is the only North Carolinian whose statue has yet been placed in Statuary Hall, Washington.

You can see a statue of the immortal Vance in Raleigh, and statues of other great North Carolinians, some from your own section. Many other things of historic interest in the Capital City will make a visit worth while. Why not plan a family trip for the children? Or make up a party of friends for at least a day in Raleigh. Know your Capital City. Give the children their opportunity. By rail, motor-bus or automobile, Raleigh is close to you. Come—come often—a welcome awaits you always!

To know RALEIGH is to know more about North Carolina. Every citizen should see and know the Capital City.

Part 3.—Dawn of the Kingdom. The following will take part: Sopranos, Mrs. W. Z. Morton, Miss Emma Mallison, Mrs. S. E. Gates, Altos—Mrs. E. V. Carter, Miss Ernestine Farber, Tenors—W. W. Lee, E. E. Rawl, Basses, W. T. Lipscomb. Organist, Mrs. J. L. Fleming.

WOMEN'S FEDERATION TO MEET ON FRIDAY

The Young Woman's Federation prayer meeting will be held at the home of Mrs. W. B. Butler, corner First and Summit streets, Friday afternoon at four o'clock. A good attendance is desired.

MRS. J. R. FISHER DIES AT VAUGHAN

On Monday night at 6 o'clock, at Vaughan, N. C., the soul of Mrs. J. R. Fisher drifted into Eternity. She was 58 years old. She is survived by her husband and six children. She was a sweet gentle Christian character, a devoted mother and an affectionate wife. She was always considerate of others, never tiring of doing something for their comfort and pleasure.

She was tenderly laid to rest Tuesday afternoon at 5 o'clock in the cemetery at Littleton, N. C. The grave was made beautiful by the many pretty floral offerings.

The deceased was the mother of Mrs. Jack Harper. Mrs. Harper has the deepest sympathy of her many friends.

SECOND GRADERS ENTERTAIN PARENTS

Pupils of the second grade of the Winterville graded school entertained their parents at a party Wednesday afternoon. The occasion was one of the most delightful of the session, being featured by demonstrations of class room work, several selections by the second grade orchestra, and the serving of refreshments.

Thirty parents attended, and expressed themselves as being highly gratified at the progress being made by the second graders. Miss Grace Hunter is teacher of the second grade.

END OF CENTURY CLUB PAYS TRIBUTE TO MRS. W. A. BOWEN

(Reported)

The End of the Century Club had a most delightful meeting with Mrs. J. L. Little Tuesday afternoon.

A letter was read from Mrs. J. M. Hobgood urging the members to attend the federation meeting in Durham May 2 to 5. Mrs. J. L. Wooten was chosen to represent this club at that meeting.

The program for next year was discussed. Many suggestions were brought before the club, but it was decided to leave the selection with the program committee.

Mrs. R. L. Carr, chairman of the special book committee, reported that the books ordered for the special book shelf in the library had come. These were shown to the club. This is a collection of distinctive books and will add greatly to the value of the library.

Mrs. J. L. Fleming gave an interesting sketch of the library from its beginning down to the present time. Mrs. Little gave the personal touch to the afternoon when she announced in a fitting tribute to Mrs. W. A. Bowen that this special book shelf had been given by the End of the Century Club to the library in appreciation of her labor of love for many years. Mrs. Bowen served as librarian for thirteen years without pay, and it is very fitting that these distinctive books be placed in the library as a tribute to her.

Miss Fuller was present and these books were turned over to her as custodian.

MR. J. B. BOYCE DEAD

Friends in the city of Mrs. J. M. Edwards will regret to learn of the death of her father, Mr. J. B. Boyce. Mr. Boyce died yesterday at his home in Littleton. Mrs. Edwards was called to Littleton several days ago.

AUXILIARY MEETS IN ROBERSONVILLE

Mrs. V. A. Ward and Mrs. Bet-Barnhill were hostesses to the members of the Auxiliary of the Pitt County Post of the American Legion yesterday. The meeting was held at the home of Mrs. Ward in Robersonville.

Following a very interesting meeting a social hour was spent. The hostesses and little Miss Francis Ward served sandwiches and tea. A large number of members and several guests were present.

ST. PAUL'S CHURCH

In accordance with two very ancient customs of the British church, there will be a celebra-

tion of the Lord's Supper in St. Paul's Church tonight at 8 o'clock. Also, on Saturday, Easter-even, the rite of Holy Baptism will be administered in the church. A hearty invitation to attend.

THREE MARRIAGE LICENSES ISSUES SINCE YESTERDAY

Three marriage licenses have been issued by the register of deeds since the report of yesterday afternoon:

COUNTY-WIDE MEETING OF PARENT-TEACHERS IS HELD IN FOUNTAIN

A countywide meeting of the Parent-Teachers association was held at the new consolidated school building in Fountain today.

Numbers of matters pertaining to educational development in this county were considered. The meeting convened this morning and continued throughout the afternoon.

THREE HOURS SERVICE ON GOOD FRIDAY

The annual three-hour service will be held (tomorrow) Good Friday, at St. Paul's Episcopal Church, from 12 o'clock, noon, till 3 p. m.

This service is a solemn commemoration of the three hours' agony of our most Holy Redeemer upon the Cross. The addresses will be made by the clergy of the town upon the seven sayings of Jesus from the Cross, as follows:

12:15—Rev. Lloyd B. Jones, Jarvis Memorial M. E. Church. 12:30—Rev. James E. W. Cook, St. Paul's Episcopal Church. 1:00—Rev. H. Frederick Jones, Memorial Baptist Church. 1:25—Rev. W. S. Harden, Presbyterian Church. 1:50—Rev. L. R. O'Brien, Immanuel Baptist Church. 2:15—Rev. R. J. Bamber, Christian Church. 2:45—Rev. James E. W. Cook, St. Paul's Episcopal Church.

Friends unable to remain for the whole service, may enter or leave during the singing of any hymn. The offering will be devoted to the church in Palestine.

A cordial invitation is extended to all Christians to attend.

Elder Fairchild to Preach Here

Elder J. W. Fairchild, of Arkansas, will preach at the Primitive Baptist Church of this city, Friday night, April 15th, at eight o'clock.

Mr. Fairchild is one of the leading ministers of the denomination and the public is cordially invited to hear him.

Garden Club Corner

Dahlias should be planted from the middle of April to the middle of May. Late planted dahlias do best for the amateur. In planting, lay the tuber flat in the ground a depth of 6 inches. Cover 3 inches deep with dirt, pulling in the soil as the plant develops. Do not have the ground too rich, or they will all go to leaf.

A beautiful old custom is suggested by "Better Homes and Gardens" in the April number—that of planting a tree for the new baby in the family, and naming it for the baby.

Try to run a tiny compost heap in connection with your garden, if you have an inconspicuous corner. You will be surprised to see how much easily-rotting debris is a by-product of your garden and culinary operations; pea-pods, corn husks, lettuce leaves, etc., all go, and you will have in a little while, rich humus with which to renew your garden soil.

National Garden Week starts with Easter Sunday, when extensive plans will be made to beautify the whole country.

Arbor Day is Thursday, April 21st. Let Greenville gardeners be very busy during this week, that

Registration books for the coming town primary election are now open and persons who are not already registered, or who have moved from one ward to another since the last election must register before the books close if they desire to vote in the coming election. Taking part in the city's affairs by expressing a choice for the city officials is a duty of every citizen and in order to cast this ballot it is also a duty of every citizen to know that he or she is properly registered.

If you are not already on the registration books in your proper ward, see to it that you do not fail to register and if you are already registered, see to it that when the day of the election arrives you visit the polling place and cast your ballot.

Next week has been set aside as National Fire Prevention and Clean Up Week and Greenville, in cooperation with other cities and towns of the nation, will take part in the movement. The work of cleaning up our town and making it safe from fire disasters and disease will be under the direction of the Woman's Club. Mayor J. C. Lanier today has issued a proclamation in which he urges every citizen in our community to give their fullest cooperation.

Clean premises do not breed disease, nor do they create fire hazards while littered premises cause the spread of disease and endanger the lives and property of all our citizens. To Mayor Lanier's proclamation we add our earnest plea that during next week Greenville citizens make it a real Clean Up Week.

COTTON OPENING
New York, April 14.—(AP)—The cotton market opened steady today at an advance of 4 to 7 points in buying stimulated by reports of further rains in the south aggravating the flood situation in the Mississippi valley, and the census report showing domestic consumption of 694,193 bales for March, compared with 590,447 the previous month, and 635,896 in March last year.

These consumption figures were above expectations but there seemed to be a good deal of realizing by recent buyers and some southern selling which checked the advance at 14.47 for July and 14.90 for December.

AFRAID TO EAT
Bloating Spells, from Indigestion, Put an Oklahoma Man in a Miserable Fix, But He Found Relief.

Swink, Okla.—In describing how he suffered from indigestion, Mr. S. T. Strain, of this place, says: "I have been a user of Black-Draught for four or five years. I have been taking it for stomach trouble. I suffered after eating with bloating and a 'tight feeling.' 'I had spells when I could not eat much of anything. I had severe headaches. I would be nauseated and hurt a lot. I was in a pretty bad fix. "I began taking Black-Draught. It seemed to help me wonderfully. I hadn't found anything that benefited me as Black-Draught did. I certainly can recommend it. "There were times when I just did without anything to eat until I was too weak to go. I was just miserable, and when I ate, my system seemed clogged. "I had very severe headaches. So I didn't know just what to do. I knew I couldn't work if I didn't eat. Seemed like what I spit up was bitter as could be. I took Black-Draught pretty regularly and got where I could eat, and I don't have to take it so regularly now." NC-177

GRAIN
Chicago, April 13.—(AP)—All deliveries of corn and May delivery of wheat tumbled today to a new low price record for the season. Corn was depressed by talk of probable increased deliveries on May contracts, owing to Armour Grain Company difficulties.

Wheat closed irregular 1-2 lower to an equal advance; corn unchanged to 1-2 down; oats unchanged to 3-8 to 1-2 up; and provisions to 15 cents decline.

EMERSON'S WIN DEBATE
The series of debates between the literary societies came to a close last night when the Emersons won a decision over the Poes. This was the last of the triangle between Laniers, Poes and Emersons, the Poes having won over the Laniers three weeks ago.

The question, Resolved, That the United States Should Grant the Philippine Islands Immediate Independence was supported on the affirmative by Vera Wester, of Franklin and Gertrude Mercer of Fountain; while the negative was upheld by Carol Truitt of Oriental and Blanche Wood of Troy.

Virginia Blount, of Faison, N. C., and president of the Lanier Society presided over the meeting in a very charming way.

The judges were local men: R. E. Lee, Fred Forbes and George Hadley of Greenville.

The cheer leaders, Julia Clark, for the Emersons, and Mary Cummings for the Poes, had trained the society members to boost in good spirit with songs and yells, and added much enthusiasm to the occasion.

Gossip of Staff Correspondents at World Centers of Population

Honolulu, April 14.—Approximately \$12,000 has been collected since the first of the year by the local Japanese consulate from Hawaiian-born Japanese youths and men within the territory of Hawaii seeking exemption from Japanese army conscription. At the rate of \$1 per visit, this means there are at least 12,000 such citizens here who desire to keep their family records clear and unburdened. Failure to report their legal residence in Hawaii and to apply for exemption on or before April 15th of each year will cause hardships to relatives in the home country, who are liable to heavy fines for such omission. In Hawaii, the number of such applications filed each year is decreasing, while there is a corresponding increase in the number of Hawaiian-born youths seeking expatriation from Japanese citizenship.

Gorse, a thorny flowering bush, has covered hundreds of acres of land along the slopes of Haleakala mountain and is threatening the forest reserves and populous, cultivated areas of the island of Maui. So menacing has this become that the legislature is considering a plan to establish camps of prisoners in the vicinity of its growth and combat it on a systematic campaign of eradication.

The Hawaiian islands offer an ideal field for the development of commercial aviation, not only in the matter of inter-island flights but trans-oceanic as well. In the opinion of Edward P. Warner, assistant secretary of the navy for aeronautics, who has been making an inspection of the flying base at Pearl Harbor. During his stay here Secretary Warner participated in the dedication of the civilian flying field, known as John Rodgers Airport located near Moanalua gardens on the outskirts of Honolulu.

Fearing that an avalanche from the mountainside would overwhelm the automobile in which he and his two brothers were returning home from a country dance and in the steep-walled Waianani gulch were overtaken by a heavy rain. Suddenly an avalanche started in the mountains above them. James, terror-stricken at the rear, leaped to what he thought was safety. His body was found several hours later buried under a mass of rock and earth. His brothers escaped uninjured.

Reconstruction of the Hawaiian fishing villages of Hoopuloa, which was destroyed by the 1926 lava flow was urged by Delegate to Congress Victor S. K. Houston, in a recent visit to Kona, island of Hawaii. Since the disaster of last April, the village has been bereft of inhab-

itants. The delegate pointed out to the native folk who formerly dwelt there that there is little likelihood of a second flow visiting the site and urged for sentimental reasons that they rebuild the village.

Repeal of an old Hawaiian law, prohibiting the practice of foot binding among Chinese girls, is sought in a bill introduced into the territorial legislature by Representative Yee Char, who is himself an American citizen of Chinese ancestry.

man after left over from the war will fly in a gliding plane without any engine, from a mountain peak in Bavaria, 2,000 feet high. This means literally tobogganing from the top of a mountain to the valley below ON THIN AIR. It would astonish those long dead and buried that used to smile at the poem describing Darius Green and his flying machine.

HAVE YOU AN ELECTRIC IRON?
Of all the many things we have in the way of electric supplies we know of no more useful device than our electric irons. They are built to heat quickly, to retain the heat, to operate easily and to do smooth work. What is more to the point, they will last a long time. We don't see how you can get along without one of these irons.

The Super-Six Principle freed to the limit

Fast Get-away

and performance so smooth that only a stop watch shows how swift

The smoothness with which the Super-Six glides from standing start to high speed is totally different from the violent lunge with which high powered cars usually get under way.

And so in all it does there is such effortless ease that driver and passengers hardly realize how great is their performance supremacy.

The smooth, silent and elastic flow of power from the released Super-Six principle has set a new standard of unusual performance. At any speed and for any distance you demand you will never feel the slightest effort is exerted by motor or chassis.

You may never require such speed or power. But it is important that this ability results from absolute smoothness and freedom from vibration. The over-capacity means reserve ability for any task. It means minimum wear and repair need. It means easy riding without fatigue.

Until you ride in the Hudson Super-Six there is a motoring thrill you never can know.
