TO MOVE FOR MISTRIAL IN SAPIRO SUIT

Misconduct of a Juror Will Be Grounds for Motion Says Ford Counsel

Detroit, April 19.—(AP)—Alleged misconduct of a juror will be made the grounds for a motion for mistrial when Aaron Sapiro, who himself a few days ago moved for a mistrial, bitterly assailed the Ford counsel and Ford detectives in an address to the court and Judge Raymond himself felt the lash of Gallagher's tongue.

Gallagher referred to "fear of the collapse of the Ford case," asserted that Ford detectives had lined the corridors of the federal building since the inception of the trial and frequently had been seen in conference with jurors and stated also that twice Judge Raymond had received members of Ford counsel in his private chambers while Sapiro's counsel was excluded.

Judge Raymond said to Gallagher that he twice had been asked into chamber conferences. After court had adjourned and as Judge Raymond was passing through the little door back of his bench into his private retreat, Gallagher halted him with a shouted inquiry as to when was the first time he had been asked into a chamber conference.

"I do not want to enter into any controversy with you, returned the judge. "You are invited now."

Commission Has Nothing to Do With Employees

Raleigh, April 19.—(AP)—Recent ruling of the State Salary and Wage Commission that state officials may not employ members of families of state officials or employees in the state departments and bureaus overrode an opinion by Dennis G. Brummitt, Attorney General, written Feb. 18, last year, it was learned today.

"I wish to make it clear that the Commission has nothing to do with the selection of an employee," the Attorney General wrote. "The selection of all employees still remains with the head of the department. But an increase in pay or the compensation to be allowed to a new position must be approved by the commission."

The Mayor was the only member of the administration ticket to yield the lead. Commissioner of Public Works C. C. Page, and City Court Judge Wiley G. Barnes, and Ed G. Birdson, Commissioner of Public Safety, had leads.

GOOD CROWD AT REVIVAL

Evangelist Harris Delivers Strong Sermon at Christ Church Services

Evangelistic services began at the Eighth Street Christian Church Sunday morning. Evangelist W. L. Harris, of Kansas City, Mo., preached a strong sermon on "Wonderful, Wonderful, Wonderful." The day's program began with an early morning prayer service at 6:45, conducted by the pastor, Rev. R. J. Bamber. There was a large attendance and a very interesting and helpful service.

In the afternoon at 3:30, the annual Easter service of the Knights Templar and Masons was held. Rev. Mr. Bamber preached the sermon on "Knights Templar and the Resurrection." The devotional services were conducted by Rev. J. E. W. Cook and Eminent Commander Hill Home. A large number of Knights were in full regalia.

At the evening service Evangelist Harris preached another strong sermon on "Our Duty as Watchmen." There was special music at all services. At the morning service Mrs. J. Knott Proctor sang very impressively, "Resurrection," by Shelley. At the afternoon service Mrs. J. K. Proctor, Mrs. H. H. Settle, D. S. Spain and C. B. Rowlett sang, "The Old Rugged Cross," very feelingly, while at the night service a mixed quartet, Mrs. C. M. Tolar, Mrs. H. H. Settle, D. S. Spain and C. B. Rowlette, rendered "Though Your Sins Be As Scarlet."

Last night Rev. Harris preached a very helpful sermon on "Sleepy Heads, Wake Up!" The attendance was fine and there were several confessions both last night and Sunday.

SIX NEGROES HURT IN EXPLOSION

Augusta, Ga., April 19.—(AP)—Six unidentified negroes, trapped behind locked doors of their automobile, were severely burned when fire following an explosion destroyed the car in a filling station here last night.

Intense heat prevented persons from approaching the machine. Firemen beat open the doors with axes and removed the negroes, none of whom is thought to have a chance for life. Three were small children. The explosion could not be accounted for.

Under Fire in Shanghai: Natives Fleeing for Lives!

Ariel Vargas, intrepid International Newsreel cameraman, risked his life to take this picture. As he snapped it, this street in Shanghai was being raked by rifle fire of contending Cantonese and Northern Chinese soldiers. The natives shown at the left are running for their lives.

AUTOMOBILE SHOW OPENS IN THIS CITY

Large Crowd Attends First Night of Legion Circus at Gorman's Warehouse

The American Legion circus, automobile show and exposition opened last night at Gorman's new brick warehouse. Between two and three thousand visitors from many sections of the country thronged the building until a late hour. The attraction will continue the remainder of the week. A complete change of program followed by a dance with feature each night's show.

The warehouse building has been gaily decorated for the occasion. Thousands of flags, Japanese lanterns and variegated colors of bunting have transformed the warehouse into a scene of beauty and splendor.

The automobile show is probably one of the best ever held in this section of the State. Many of the latest model cars are on exhibition. They are presented by firms from virtually every town of any size and importance in the county. Each booth was attractively decorated, and exhibitors did everything possible to make the opening night pass off pleasantly and profitably for the hundreds of people who thronged the mammoth building.

The circus opened yesterday evening at seven o'clock with a band concert at Five Points by the High School Band. This was followed by a short concert at the building while the crowd was assembling. Music was furnished by Shan Austin and his Morisian orchestra during the several vaudeville acts and dance.

Eleven high class vaudeville acts were presented during the evening. These acts consisted of comedy, by Harrow Barrow, ladder work, by Lillian Recklaw, acrobatic stunts by Little Frankie, skating, by Fannie Leight, knife throwing by Mansfield, trambeline by Williams & Burnice, rings by William, shooting by Mansfield. Upside down by Harry Barrow, leaping act by Carlo and dog, cycle by Recklaw and Troupe.

The trambeline act by Williams and Burnice, was one of the high lights of the night's performances. To feature anyone would be to feature all, as each performer showed considerable skill in presentation of his number.

Members of the American Legion today expressed themselves as being well pleased with the first night's exhibition. They were unanimous in their praise of Director Marr and assistant director E. L. Eger, who have the exposition in charge.

Hundred Mile Strip of Land Is Doomed To Inundation In Mississippi River Territory

Memphis, Tenn., April 19.—(AP)—While the major defenses of the Mississippi river today were withstanding the wrath of the greatest flood in the history of the continent, a wide stripe of territory approximately 100 miles long between New Madrid, Mo., and Helena, Ark., was doomed to inundation.

The St. John's bayou levee eight miles north of New Madrid broke under pressure of floods early today, and through the mile wide breach in the levee the waters of the Mississippi flowed rampant over thousands of acres, inundating towns and backing up waters of its tributaries, already miles out of banks.

Sweeping through the entire St. Francis river basin on the west, and the little river valley on the east, the waters are expected to overtax the two streams and create a giant floodway reaching from Big Lake, Ark., to St. Francis Lake about 75 miles south.

Lake City, Truman, Herman, Tulot, Marked Tree, Tyrone, Lepan to, Deckerville, Gilmore, Frenchman's Bayou, Joiner, Wilson, Osceola, Marion, Harvard, Parkin, Earl, Bricey's, Nettleton, Forrest City, Marianna, Caraway, Black Oak, Blytheville and numerous other villages of Arkansas were in the path of the flood.

Reports gathered by the Associated Press here from numerous other towns in the district said greater floods were expected. And while the Mississippi itself spread over a great territory, its tempestuous tributaries brought high water to towns in Arkansas and Missouri. The Arkansas, White, Petite Jean and other rivers were taking a heavy toll of property damage.

Hope of saving the levees which protect Clarendon, in Monroe county, Arkansas, was virtually abandoned. A break is expected momentarily.

Kansas City, April 19.—(AP)—Floods caused more damage today following a series of tornadoes, electrical storms and cloudbursts last night.

Heavy rains in Kansas, Missouri, and Oklahoma sent streams to record marks again as farmers and residents of valley towns were returning to their homes damaged by floods and storms in a two weeks siege of unusual weather.

PRESS AGENT IS FOREMAN SNYDER JURY

Only One Juror Chosen from Sixty-five Talesman in Murder Case

New York, April 19.—(AP)—A press agent is to be foreman of the jury in the Snyder murder case. Beyond that one fact, all was conjecture at the close of the morning session today, the second day of the trial.

At that time 65 talesmen had been examined, 50 yesterday and the rest today, and William E. Young, an Elmhurst Hotel publicist, was the only one to prove acceptable both to the State and the two-part defense.

He will act as foreman. Today only fifteen talesmen, including Young, were examined during the morning session.

Young, who lives in Elmhurst, and is married but has no children, was the 50th talesman to be examined. None of his predecessors had proven acceptable.

Before being accepted, Young said that he had no scruples against capital punishment, that he believed men and women should be treated alike in criminal matters, that he would not take into consideration failure of a defendant to take the stand, and that he would follow all instructions of the court.

He was first announced as acceptable by the State, then by counsel for Henry Judd Gray, and last, after long conference, by Mrs. Ruth Snyder's lawyers.

PRASE SMITH FOR REPLY TO C. C. MARSHALL

Leading Democrats Consider New York Governor Has Settled Argument

New York, April 19.—(AP)—With messages of congratulations continuing to pour in from all parts of the nation for his argument that the Catholic religion and loyalty to country to not conflict, Governor Smith today considered closed his correspondence with Charles C. Marshall.

The governor at Abcon, N. J., through his secretary said no reply would be made to a second letter issued by Mr. Marshall yesterday.

The nation heralded Governor Smith's letter as a final answer to the claim that a man's faith may conflict with his duties as a public servant. No comment was forthcoming from William Gibbs McAdoo, who is visiting New York.

Among those who praised the governor's letter in message or statement were John W. Davis, and James M. Cox, former presidential nominees, Senator Thomas J. Walsh of Montana; Albert S. Bursleson, former postmaster general; Thomas W. Gregory, attorney general and Josephus secretary of the navy, respectively, under President Wilson; Boyd Vincent, protestant Episcopal bishop of Southern Ohio; A. T. Hannett, former Democratic Governor of New Mexico; Governor Ritchie of Maryland.

TODAY

Don't Forget Intelligence. He Had Ambition. Baboons' Blood, Etc. Buying Autographs.

"There is no life save in proteins," wise chemists gathered at Richmond, Virginia, say it, and add "Environment and chemical agency are the dominant factors of life."

That may be true, and still you need not accept "the chemical concept of the origin and development of life."

If inhabitants of another world where machinery is unknown, should study an automobile supplied with gas and electricity and running, they would say, "No life in this machine without gas, iron, gas and electricity are all of that automobile."

They would overlook just one little thing, namely, the intelligence that put the gas, electricity and steel together, mounted them on pneumatic tires and set them going.

So it is with life. Explain it as you please, but don't forget the INTELLIGENCE back of it.

We are proud of our national prosperity and high wages. Bootleggers are even prouder of their prosperity and high wages. This is shown by Norman Klein, an investigator. One rum-running syndicate could afford to invest \$10,000,000 and to pay men on their rum-running crews \$50 a night for a good deal less than eight hours' work.

One man tells how he used to get \$30 to \$37 a week. "But I was ambitious," says he, "so they put me on a runner, and I got \$36 a night."

He worked on the "converted sub-chassis SC-2172." Uncle Sam thus supplying the rum-running boat at bargain prices. There is nothing like ambition.

A dozen lawyers, a judge and experts are fighting for possession of the will of Joseph Stanley, they don't care about Stanley, but Burton Gwinnett, who signed the will as witness, Gwinnett also signed the Declaration of Independence. His signatures are rare. Mr. Rosenbach bought that Stanley will for \$22,500.

Collecting autographs is an interesting survival of fetishism, a strange instinct going back thousands of centuries to odds and ends that the medicine man carries in his witch bag, to the strange ingredients that Shakespeare makes the witches put into their hell broth, the finger of a babe born in a ditch—the toe of a frog, baboons' blood, etc. In the same spirit, although they don't know it, men collect autographs, feeling that something magical clings to them. A man might pay \$100,000 for the original manuscript of Milton's "Paradise Lost," that would refuse to read the poem through if you offered him \$100,000 for the reading.

Mr. Gibson, who represents us in the League of Nations, where we have no business, tells European powers that this country would never allow the League to control our armaments. Satisfactory as far as it goes. Why can't we let the League attend to its affairs while we attend to ours?

When the total population of the United States was less than half the population of today's New York City, we managed our own affairs without Europe's help. Why should it be impossible for 115,000,000 Americans to do the same?

BROOKS BOYS FOUND GUILTY IN RUM CASE

Conviction Features First Day of Session of Criminal Court Here

H. F. and T. L. Brooks, prominent young farmers, residing a short distance from Greenville, were today found guilty of a charge of manufacturing whiskey by a jury in the regular April term of Superior Court, which convened in this city yesterday morning.

The case consumed virtually all of yesterday's session, and was not completed until nine o'clock last night. The jury, it is understood, was ready to return a verdict by 11 o'clock, but was forced to wait until this morning owing to the absence of one of the defendants. Judgment was not pronounced during the morning.

The charge against the Brooks brothers grew out of the finding of a still on their farm last January by chief of police Lester Jones and George Clark, who were rabbit hunting during a snowstorm. T. L. Brooks is said to have been at the still and ordered the hunters to leave. H. F. Brooks made his appearance a short time later and also ordered the hunters off the premises. A shotgun is said to have been used in an effort to enforce the orders.

Chief Jones held the two men in custody until officials from the sheriff's office made their appearance and took possession of the still. Court convened yesterday morning with Judge E. H. Grammer, of Truthport, presiding, and D. M. Clark prosecuting. Considerable part of the morning session was consumed in the selection of jurors and Judge Grammer's charge to the grand jury.

Judge Grammer's charge was brief. He impressed upon his hearers the fact that no citizen should attempt to neglect the duties and responsibilities which life places upon him. He stressed the importance of law enforcement, and made it quite clear that it is a part of everyone's duty to obey the laws of his community.

The grand jury is composed of K. W. Cobb, foreman; W. D. Dillard, C. E. Spier, E. H. Knott, John R. Tucker, W. R. James, J. E. Cannon, L. P. Yelverton, J. M. Hubbard, W. A. Joyner, W. B. Phillips, Manley Toier, J. W. Gardner, H. L. Barrett, M. W. Woodard, C. W. Humbles, J. F. Warren, G. M. Taylor.

The calendar for the remainder of the week is composed of the following cases: Tuesday, April 19. State vs. Major Adams; State vs. A. B. Baker; State vs. Levy Manning; State vs. Dick McLamborn; State vs. Dick McLamborn; State vs. Levy Manning.

Wednesday, April 20. State vs. Henry Smith; State vs. Allgood Warren; State vs. Preston Gardner and D. R. Mercer, Jr. Thursday, April 21. State vs. P. O. Baker; State vs. Joe Forbes.

Friday, April 22. State vs. Willie Hudson; State vs. Bill Mober, Robert Coggins, Sr., and Robert Coggins, Jr.; State vs. Clifton Briley.

FARM NOTES

C. L. Sams, State beekeeping specialist, and a widely recognized authority on beekeeping is assisting the county agent this week in demonstrating the proper method of transferring bees and locating to the bee keepers on bee management.

A demonstration was given yesterday at the farm of M. E. Carmon's near Asden with 15 in the presence of men present. Today demonstrations were given at the farms of C. E. Case near Fountain, and Eason James near Bethel.

Farmers who are interested in the kind of material to use in dressing crops will find it worth their while to drive out to the County farm and look over the demonstrations Mr. R. E. Corlett has under way there. Mr. Cor-

lett is testing sulphate of ammonia against nitrate of soda, using 100 pounds of sulphate of ammonia against 100 pounds of nitrate of soda, and in addition has left a strip thru the field with neither material applied. The results are already very marked and farmers interested will find it worth their while to drive out and look this demonstration over. It was placed there for the benefit of the farmers of Pitt county. Men, let's use it.

All indications point to a bumper crop of tobacco and a low price. Why not insure our comfort and credit by increasing our side line crops such as poultry, pigs and cows, along with a little larger potato crop and other vegetables we can store. Have enough so that the surplus put on the market will buy books and clothes for the children. Don't take too long a chance. It pays to be safe and independent.

I notice all wagons going to town are empty, and all wagons coming from town are loaded at this season of the year. What does it mean? What is the remedy?

More side line crops. Eggs, butterfat, pigs, sweet potatoes, early vegetables and old hens to take to the cars will furnish cash to load the wagons with spring crop supplies.

How much hay can you buy with the profit on one bale of cotton? A ton of good soybeans has twice the feed value of the average hay purchased. An acre of land will produce two tons of good soybean hay that is really worth \$30.00 per ton. Figure the cost both ways before buying hay to produce cotton and tobacco. Now is the time to make your decision and leave land for the hay and purchase the seed to sow the crop.

Conservatory to Feature Minstrel

Durham, April 19.—Several club members were made to the Lions club minstrel cast during the past week which they are expected to make the production a still more enjoyable and finished one. Members of the Southern Conservatory of Music have been secured, through the interest and co-operation of G. W. Bryant, director of the school, for parts on the program. In addition to Pat Brown, of minstrel fame, who starred in the American Legion minstrel of last year.

The Conservatory students will play a prominent part. A quartet composed of Misses Dee, Harris, Florence Overton, Julia Aldred and Pearl Spence will present several negro spirituals, while "a dance of

THEN and NOW

A lot of water ran over the wheel, and a lot of pennants were won between the times the pictures above were taken. Miller Huggins, who broke into the national game with the old St. Louis team—in the days when they called it St. Louis—has played in many uniforms since then. Now he's manager of the New York Yankees.

The nymphs' scene taken from the Mystery of the Muses, a play that was recently presented by the Conservatory students before the music department of the teachers' assembly in Raleigh, will be staged by Misses Ellen Winn, Sarah Braxton, Dee Harris, Elizabeth Coward, Florence Overton, Dorothy Barnes, Martha Baker and Betty Smith. Miss Mary Todd, a member of the department of piano, will be the accompanist.

Mr. Brown is considered to be one of the best black face comedians in this section of the state, and his part on the program will be a large one.

**Here's Lowdown On Instalments**

Here is the "lowdown" on the much-debated question of instalment buying—out of the mouth of an expert.

1. Don't buy anything on credit to suit a quick whim.
2. Don't buy anything on credit unless you know its true value.
3. Don't buy anything on credit that will wear out and lose its value before you have finished paying for it.
4. Don't buy anything on credit that you do not desire greatly enough to be willing to undergo sacrifice in some direction.

The rules are propounded by John J. Raskob, chairman of the finance committee of General Motors, in an interview in a recent issue of Colliers. He's an expert because he has 600,000 credit accounts.

Today seventy-five per cent of the motor cars are sold on credit, he declares. But four-fifths of all cars in use are fully paid for, he adds.

—and the Worst is Yet to Come

Rome maintained by the church. There was the same sort of unfortunate flurry as that which occurred when Mr. Roosevelt resented the suggestion that he should not be a guest of the American Methodists while in Rome. That was a piece of effrontery on the part of the papal secretary which naturally Mr. Roosevelt resented. That and the Fairbanks incident were resented by the American people. They would have resented it if a Methodist bishop in Rome had requested Mr. Roosevelt or Mr. Fairbanks not to call at the Vatican. It was an attempted invasion upon the movements of great Americans by the Vatican which is responsible for much of the feeling that is directed at American Catholics. It should not affect American Catholics, but the fact that it could occur left a decidedly bad impression upon the American people.—News & Observer.

STOCKS CLOSING Chicago, April 19--(AP)--Big export buying, 1,000,000 bushels of more helped give an upward swing to wheat today. Wheat closed firm 3-8 to 1-2 to 7-8 not higher; corn 1-8 to 1-1 1-2 to 1-5-8 up; oats at 1-4 to 3-8 to 5-8 cent advance; and provisions unchanged to 17 cents down.

STOCK MARKET New York, April 19--(AP)--Easier credit conditions provided the ground work for another advance in prices in today's stock market after a period of irregularity. Lowering of the renewal rate on call funds to four per cent in the face of an increase of over \$22,000,000 in brokers' loans last week to a new high level for the year was followed by a shading of the rate in the "outside market" to 3 3-4 per cent.

DISMISS CHIANG AS ARMY LEADER Shanghai, April 19--(AP)--A mandate dismissing General Chiang Kai-Shek as commander-in-chief of the Cantonese armies and ordering his arrest and punishment has been issued by the Cantonese government at Hankow.

Gossip of Staff Correspondents at World Centers of Population

New Haven, Conn., April 19.—(INS)—Bar associations all over the country have been deploring the low quality of the men being admitted to practice law...

"Nobody has recently complained that lawyers are too few or too well prepared for their responsibilities," says Mr. Hutchins...

Yale's resources and accommodations are limited. We have been compelled to choose between giving inadequate preparation to larger numbers...

Mr. Hutchins sees as the sole danger of the new Yale plan—"law schools might tend to become trade schools cramming men for bar examinations..."

As a fair aid to the new movement in education for the law, Yale has \$3,500,000 to erect a new plant...

Central New Haven has been in a hurry since early February when a block of marble dropped from the ornamental Federal building here...

And now the question of whether only Yale seniors shall have the right to walk in public without wearing a hat is stirring the undergraduate body here...

Great Trans-Atlantic Sweepstakes Is On; Eight May Attempt Flight Between New York and Paris

As many as eight planes may attempt the flight between New York and Paris this year. Commander Richard E. Byrd, Clarence Chamberlain, who, with Berta Acosta recently set a new non-stop record...

NEW YORK (G-N Special).—Planes are being tuned for one of the greatest air spectacles in history—the flight between New York and Paris.

Just before the first full moon rises in May the first of five airplanes will rise from the vicinity of New York, point its nose eastward and put on full running speed.

The America, in command of Commander Richard E. Byrd. His crew includes Floyd Bennett, who flew with him over the North Pole...

The American Legion, in command of Lieutenant-Commander Noel T. Davis. Sponsored by the Non-Stop Flight Corporation.

Dr. Laughinghouse Elected Secretary State Health Body

Rocky Mount, N. C., April 19.—(AP)—More than 125 visiting Kiwanians, representing sixteen clubs in Northeastern Carolina...

The Kiwanians held a business session at the Benvenue Country Club with Lieutenant Governor C. R. Push of Elizabeth City...

Clubs represented at the meeting are: Ahoakie, Enfield, Goldsboro, Greenville, Jackson, Kingston, Nashville, New Bern, Scotland, Neck, Tarboro, Weldon, Williamston, Wilmington, Wilson and Rocky Mount.

A Bellanca monoplane, piloted by Clarence Chamberlain, who with Bert Acosta recently established a new non-stop record of fifty-one hours...

A Ryan monoplane, piloted by Charles Lindbergh, an air mail pilot. Sponsored by a civic group of St. Louis, Mo.

A Sikorsky plane, pilot possibly to be Rene Fonck, who was at the helm during the fatal takeoff of a Sikorsky in the attempt to reach Paris last year.

A special Breguet plane piloted by Captain Charles Nungesser, assisted by Francois Coll. This plane will be the smallest in the attempt, being only 450-horsepower and carrying only 800 pounds of gas.

In addition to these, there is a possibility that Commander Francesco de Pinedo, of Italy, may attempt the flight. He flew from Italy to South America, and up to North America for a swing around the continent.

American navy plane may alter his course. There is also a chance that Leigh Wade, of round-the-world fame, may attempt the flight.

The flights of Lindbergh and Nungesser will, on the other hand, be far more spectacular. Lindbergh's plans have been kept secret, but his plane is small and has only one engine.

Nungesser is the famous French war ace—the man credited with bringing down fifty-five German planes. Coll, the only one to accompany him, has only one eye.

Adventure and a desire to advance the progress of aviation probably are the real reasons. Aviators love the game, and there are few who would not risk their lives for its glory.

Shanghai, April 19.—(AP)—The Northern Chinese armies at Pukow, on the north bank of the Yangtze River, shelled the Cantoneses at Nanking, on the southern bank yesterday...

Knowing of Dr. Pierce's medicines and their reputation I decided to take Dr. Pierce's Favorite Prescription and before I had taken all of one bottle I was gaining in health and by the time I had taken three bottles I was in fine condition, my nerves became quiet, I could sleep, my appetite returned, I started to gain in weight and felt well and strong. MISSISSIPPI MAN SAYS HE HAS FOUND BLACK-DRAUGHT SO SATISFACTORY, HE HAS NO NEED TO CHANGE.

Wiggins, Miss.—Mr. A. L. Cone, a well known Wiggins resident, says: "I have used Theford's Black-Draught for constipation. I have never had to take a great deal of medicine, but for fully 30 years I have, by using it, known Black-Draught to be a great medicine, and when I found it so satisfactory, I haven't seen any need to change."

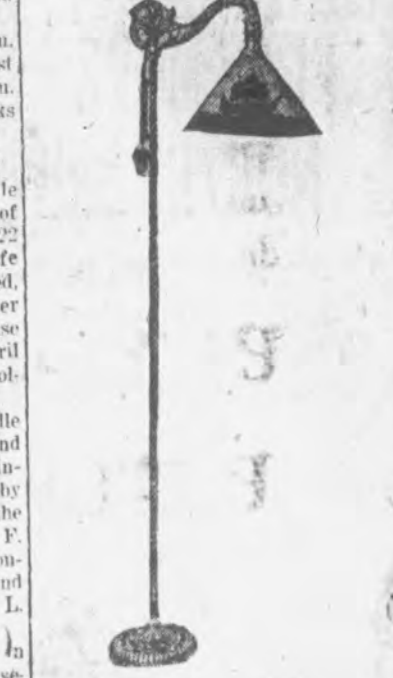

"When I get constipated, I feel all out of sorts and tired and sluggish and I take a few doses of Black-Draught. It regulates my bowels and I get all right. My wife takes more Black-Draught than I do. She is a great believer in it too, so we keep it in the house. It will cleanse the system and help you, if you use it as we have."

Constipation leads to a great deal of sickness among those who do not understand its dangers, and who neglect to treat it without delay. Black-Draught, with the natural, prompt action of its purely vegetable ingredients, quickly relieves constipation and helps to drive the poisons so as to leave organs in a state of healthy activity.
