BRITISH ISSUE DOCUMENTS OF SOVIET HOUSE

Government Shows "Hostile Attitude" Through Papers Taken in Raid.

London, May 26.—(AP)—The British government today made good its promise to publish some of the documents alleged to have been uncovered in the recent sensational raid on Soviet House in London.

It issued a white paper containing these documents to illustrate, as the captions said, "the hostile activities of the Soviet government and the Third International against Great Britain."

The most interesting part of the contents from an international if not from a British standpoint, was a list of addresses allegedly found in the possession of Anton Miller, a Soviet cipher clerk, who Premier Baldwin told the House of Commons in his Tuesday speech, was found hurriedly burning papers in his office when the raiders appeared.

While the white paper gave this out simply as "a list of addresses found in the possession of Anton Miller," it is assumed to be the same list which Premier Baldwin described as a "list of secret cover addresses or 'illegal' addresses for communication with the Communist parties in the United States, Mexico, South America, Canada, Australia, New Zealand and South America."

The edge was rather taken off most of the other documents from the fact that the Premier read them or quoted extensively from them in his speech of Tuesday in which he announced the decision of the government to break diplomatic relations with Soviet Russia and to renege the trade agreement of 1921.

London, May 26.—(AP)—Sixteen documents, including a list of addresses of many persons in the United States, Canada and Central and South American countries, found in the raid on Soviet House, were issued by the British government today as a white paper to illustrate the "hostile" activities of the Soviet government and the Third International against Great Britain.

Paper number four is captioned: "List of addresses found in possession of Anton Miller." The addresses begin as follows:

"List A, Canada: (No. 1) Communist party of Canada, Room 301 95 King Street, E., Toronto, Canada.

"Private address (No. 2) Miss Skene, 54 Victor Avenue, Toronto, Canada. (Inside envelope: T. MacDonald).

"For Workers' party (Ruthenberg): For half legal cables (No. 3) Lydia Gibson, 521 Brompton, Chicago, Ill.

"For letters: (No. 4) One William Jessup, 5252 Broadway, Room 304 Chicago. (No. 5) Anna Care O. Merritt Hat Company, 59 E. Lake Street, Chicago, Ill. (No. 6) Hilda Reed, 2336 Potomac Avenue, Chicago, Ill.

"Numbers 4, 5 and 6 are grouped in brackets, marked 'Inside envelope: for Rogers'."

"For cipher teleg.: (No. 7) Franklin Jones, 1424 Chicago Temple Blvd., Chicago, Ill.

"For money per bank (No. 8) Joseph R. Brodsky, 799 Broadway, New York.

"Canada (No. 9) Maurice Specter 231 Palmerston Avenue, Toronto, Moness address: (No. 10) Moness Chemical Company, Incorporated, 426 Broome Street, New York."

The list of United States addresses found in the possession of Anton Miller, captioned in the white paper: "U. S. A." included:

"Addresses Feur Schiffrer Telegramme: One, Cornwalls, Chicago, Ill.; Two, Franklin Jones, 1424 Chicago Temple Blvd., Chicago, Ill.

"Addresses Feur Geldsendungen: One, Joseph Brodsky, Room 703, 41 Union Square, New York. (Feur die parties and andere organization) J. Moness, 787 Croton Park North Bronx, New York (Feur trade unions. Nach neuer besonderen anweisungen der profittieren).

"Address feur briefe: 1 Lydia Bethel, 1654 West Marquette Road, Chicago, Ill.; 2 Ben Mandel, 5252 Broadway, Chicago, Ill.; U. S. A.: Jack Deer, care Dina Wilson, 1416 Kilin Avenue, Chicago, Ill.

Address feur literature: 1 Elizabeth Braun, 3101 N. Florida Avenue, Chicago, Ill. Address feur literature: 1 Room 301, 1113 W. Washington Blvd., Chicago, Ill. One C. E. Ruthenberg, 1113 W. Washington Blvd.; 2 Max Bedacht, 301 N. Nordica Ave., P. A. Station Dunning, Chicago, Ill.

ITALIAN FLYER WILL REACH AZORES TONIGHT

Horta, Azores, May 26.—(AP)—Radio message received by the Italian steamer Fust from the Italian steamer Superba says that the latter encountered Captain Francesco De Pinedo in latitude 40 degrees 7 minutes and longitude 30 degrees 3 minutes. De Pinedo is expected to arrive here on the Italian steamer some time tonight.

Rome, May 26.—(AP)—A dispatch from Horta to the Stefani News Agency says that Commander De Pinedo was taken aboard the Italian steamer Superba at 40.07 north latitude and 30.03 west longitude.

RECOMMENDS THAT TAYLOR BE DETAINED

Corner's Jury Complete Investigation Into Death of Negro Man.

County Coroner E. S. Williams yesterday afternoon completed investigation into the death of John Little, colored man of Greenville, who was shot and killed in a gun fight at Red Banks last Sunday afternoon.

The coroner's jury recommended the holding of Frank Taylor, white man, for examination at the next term of Criminal Court. Taylor at the present time is confined in a local hospital suffering from injuries sustained in the fight at Red Banks, in which he is alleged to have shot and killed Little and seriously injured another negro by the name of Babe Brown.

The condition of Taylor was said to be favorable by hospital attaches today. While his injuries are painful, it was stated that they are not considered fatal.

The investigation by the coroner started Monday afternoon, but was postponed until yesterday pending a change in the condition of Taylor who was not at first expected to recover.

The fight at Red Banks is said to have started over an argument which Taylor had with the negroes over the purchase of some barbecue.

ENTERS PLEA IN BEHALF OF SOVIET RUSSIA

Laborite Leader Says Country Must Not be Condemned Without Trial.

London, May 26.—(AP)—Speaking for the Laborites, J. R. Clynes told the House of Commons today that Soviet Russia "must not be condemned without trial."

London, May 26.—(AP)—Sir Austin Chamberlain, British foreign minister, told the House of Commons today that the government was not prepared to accept a motion by J. R. Clynes, Laborite, that an inquiry should be held into the government's charges of Soviet propaganda in Great Britain which have resulted in a decision to sever diplomatic relations.

Sir Austin declared that the Laborite motion was a vote of censure and that the government invited a clear expression of confidence and approval. If it did not obtain it, the government would know what steps it would be its duty to take.

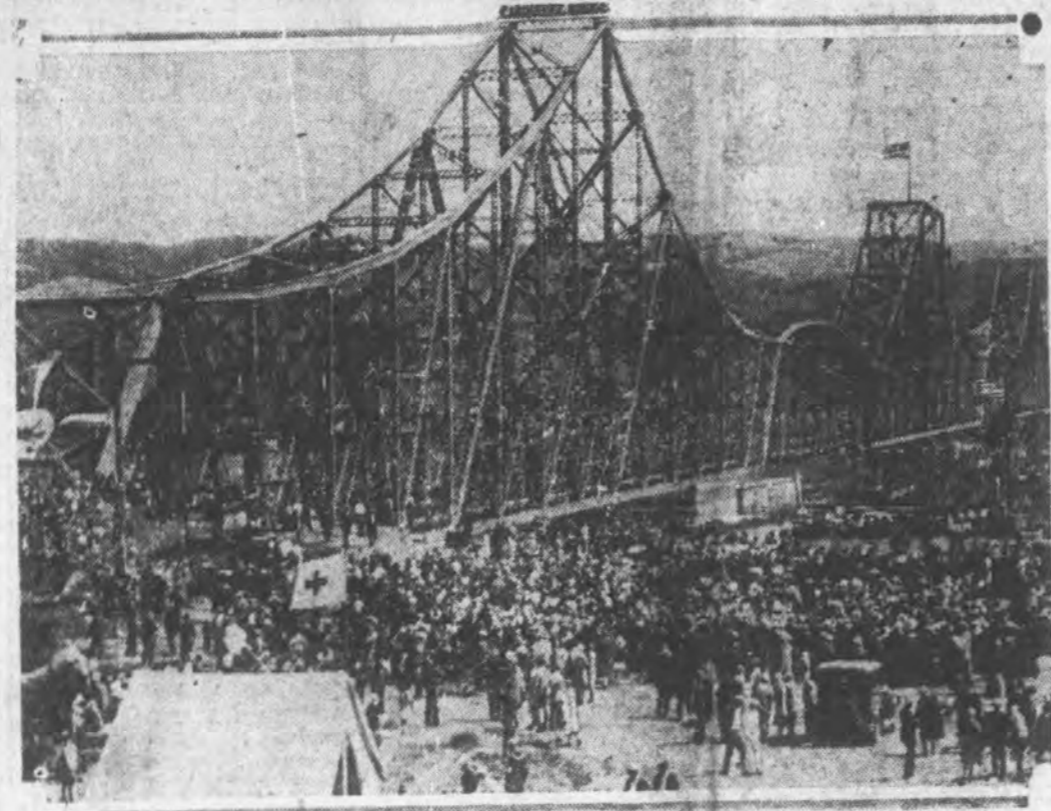

He declared that there was not a word of truth in the suggestion that he had endeavored to form an anti-Soviet Union. The British government, he said, had no idea of embarking on any such anti-Soviet campaign.

FOUNDER CHRISTIAN ENDEAVOR DEAD

Newton, Mass., May 26.—(AP)—Dr. Francis E. Clark, founder and president of the World Christian Endeavor Society, died at his home here today.

Dr. Clark, who was 75, had been ill for three weeks. Yesterday he sank into a com from which he did not recover. His family was with him for the last few days of his illness. Death came at 10:55 this morning.

PRESIDENT OPENS AMERICA'S LARGEST BRIDGE

The largest bridge in America, that over the Carquinez Straits, California, is open. President Coolidge pressed a gold button in Washington, and an electric impulse opened the 4,428 foot roadway. Picture shows crowd assembled for ceremonies.

EIGHT CHARGED WITH CRIMINAL ASSAULT CASE

Two Women Held up And Criminally Assaulted by Eight Men Near Fayetteville.

Fayetteville, May 26.—(AP)—The Fayetteville Observer will say this afternoon that two Scotland County men are under arrest in Laurinburg and six others are being sought as a result of one of the most revolting crimes in the criminal annals of North Carolina.

It is charged that the eight men attacked and held prisoners for the whole of Saturday night Mrs. Ollie Davis, 18, a bride five months, and Alva Hodges, a sixteen year old girl. The women were accompanied by Rufus Davis, 18, husband of the first named victim. Their car was overtaken by the alleged rapists between Laurinburg and Maxton, forced to one side of the road, and, according to the story told by Davis, he was beaten up and held while some of the members of the party committed a series of rapes upon his wife and the younger girl.

Davis, who is an employee of the Cumberland Mills, in this county, returned from Cumberland to Laurinburg Monday and had warrants sworn out for as many of the men as could be identified. The names of the men whose arrest was effected, as given to a representative of the Observer late last night, are Clyde Norman and Pickett Jeans, Marion Everett, for whom a warrant was sworn out, is alleged to have disappeared.

The Hodges girl, after spending the greater part of the night in the woods with one of her captors, crept away when he fell asleep and made her way to a negro house nearby, borrowed a pencil and paper, returned to the automobile and re-typed the State license number. So she told her employers at the mill.

Davis and his wife are said to have escaped when the former, toward morning, procured a tire pump and knocked insensible the only one of the men who remained awake. They reached Laurinburg and were joined there by the Hodges girl.

Davis and his wife and Miss Hodges have been employed at the Cumberland Mill for some time, and are well spoken of by their employers and have a good reputation in the mill village. The Hodges girl is not related to Davis or Mrs. Davis.

TWO PAROLED

Raleigh, May 26.—(AP)—Paroled: Lester Curatzer, Davie county, serving 15 to 25 years for burglary since March 1922; Kathleen Wilkes, Gastonia negro serving 12 months for violating the prohibition laws.

KNOWS HIS FRENCH Paris, May 26.—(AP)—Somebody asked Captain Lindbergh whether he was learning any French. "Yes, my French is improving," he said. "I know two words, but I've forgotten which they are."

BLOOD STAINED GARMENTS FOUND IN TRUNK OF MRS. ANNA K. MONTAGUE

Asheville, May 26.—(AP)—A blood stained undergarment, positively identified as the property of Mrs. Mary R. Cooper, mysteriously murdered here on May 3, found by investigators locked in a trunk in the West Asheville residence of Mrs. Anna K. Montague, who is in jail awaiting trial on the murder charge, joined the ranks today of an amazing collection of gruesome evidence which the county authorities declare is so conclusive that they are convinced they will be able to convict Mrs. Montague of one of the most brutal crimes in Asheville's history.

ARGUMENT IN BROWN CASE IN PROGRESS

Counsel For Caveators Begins Argument at Opening of Court This Morning.

Washington, N. C., May 26.—(AP)—What has been termed one of the most outstanding trials in Beaufort County or of North Carolina moved forward today with counsel for caveators who are trying to set aside the will of late Judge George H. Brown and those acting for propounders, addressing jury.

Today's session was opened with the speech of Attorney J. D. Grimes for counsel for caveators, who briefly reviewed evidence in the case, laying particular stress upon two letters purporting to be from Judge Brown to a near kinsman, one of these letters was in Mrs. Brown's handwriting, while the other was in that of the late jurist. He also asked the jury to bear in mind that insanity was work of the Lord and could be afflicted upon one of the most brilliant judges as well as a man of lesser merit. He declared that he thought it an insult to jurisprudence of North Carolina to say as witnesses for propounders had testified that Superior Court Judge representing law should, while in his right mind, set upon his bench and address the Grand Jury upon subject of prohibition, when he was under influence of whiskey.

P. M. MacMullen, representing propounders followed Mr. Grimes and lauded work of Judge Brown and lamented injustice of attack upon Judge Brown's mind. He asked the jury if Beaufort County of North Carolina was going to tell the outside world that they had held to world as Superior and Supreme Court judge a man who was insane.

HIGH POINT MAN DIES SUDDENLY

High Point, May 26.—(AP)—Robert L. Pickett, for the past six years city manager here, died suddenly of a heart attack in his office at the City Hall this morning shortly after 10 o'clock.

ACTING SECRETARY COMMERCE RESIGNS

Washington, May 26.—(AP)—Stephen B. Davis, acting secretary of commerce in the absence of Secretary Hoover, has resigned effective June 1 and President Coolidge has accepted the resignation.

RESIDENTS OF POINTE PARISH CLING TO HOME

Many Begin Leaving Home However as Waters Encroach on Their Lands.

New Orleans, May 26.—(AP)—The complacency with which residents of Pointe Coupee parish received warnings that their homes would be flooded was vanishing today as waters speeding through a 2,000 foot crevasse in the Atchafalaya levee line at McCrea covered their fertile fields and crept forward over previous high marks.

The McCrea break is approximately 130 miles northwest of New Orleans on the west side of the Mississippi River.

Citizens who yesterday had refused to move today announced they were ready to seek safety on higher ground as the "River of Death" moved upon them. Several trains were being loaded with cattle for removal.

An estimated 200 square miles already had been covered and the flood waters had reached points it first had been thought would not be inundated for several days.

New Orleans, May 26.—(AP)—In the face of continued warnings from relief chiefs and engineers, residents of Pointe Coupee Parish still cling to their homes today. Many were leaving as the waters began to encroach on their lands, but relief authorities feared many had been cut off from escape. An aerial survey of the territory affected by the crevasses in the east bank of the Atchafalaya at McCrea, 130 miles northwest of New Orleans on the opposite side of the Mississippi, was halted late yesterday by a rainstorm which swept the area.

Relief authorities expected to send the naval plane out early today. The waters, from the crevasse at McCrea, which was estimated as being 2,000 feet wide late last night, were believed to have spread over 200 square miles early today.

A report that many cases of smallpox had broken out in the refugee camp at Harrisonburg was denied by Major Frank Green, Red Cross officer in charge. Major Green said the only cases of smallpox in the camp were isolated some time ago and that health conditions were good.

In the South Central section of the State residents along Bayou Vermilion became alarmed over the rapid rise of the stream. It runs almost straight south along the western edge of the Evangeline country through LaFayette and Vermilion parishes, and through Vermilion Bay, West Cote Bay, Est. Cote Blanche Bay and Atchafalaya Bay into the Gulf.

Residents along the Vermilion from LaFayette at Abbeville, 23 miles south of there and about 100 miles slightly north of west from New Orleans were warned yesterday by Captain French of army engineers, to keep a close watch on the flood situation and prepare for any emergency the flood water from the Teche have begun to flow through the smaller bays and (Continued on Page Six.)

SIX KILLED IN STORM AT NORFOLK, VA.

Grandstand at Ball Park and Warehouse Collapse During Landis Celebration.

Norfolk, May 26.—(AP)—Six men are dead today and more than 30 are injured as a result of the windstorm which yesterday struck the Norfolk-Portsmouth section. Two of the dead and most of the injured were among the 2,000 fans who had crowded into the Portsmouth, Virginia league baseball park for a game at which Kenesaw Mountain Landis, high commissioner of baseball, was guest of honor.

William Barker, of Craddock, died today as a result of injuries sustained at the ball park bringing the death list there to 2. Richard P. Williams, of Portsmouth, having died in a hospital soon after the tragedy. Three negroes were killed, one died later and four others were injured when the roof of a warehouse in Norfolk was ripped off.

It appeared today that all of the injured remaining in hospitals would recover.

Norfolk, Va. May 26.—(AP)—Four men were killed and twenty-five more seriously injured late yesterday when a seventy mile gale swept over the Virginia League Baseball Park at Portsmouth where a game was in progress, and other portions of the city.

Richard Preston McWilliams, 42, was killed when the press box and part of the roof crashed into the grand stand at the park where 3,000 had gathered. Three negro employees of the Jones and Company warehouse were killed when the building was struck by the high wind.

Baseball commissioner Landis was at the game but, seated in a portion of the stand not in the direct path of the wind, escaped injury as did President W. G. Bramham of the Virginia League, President Frank Lawrence of the Portsmouth ball club, Mayor Vernon Brooks of Portsmouth and City Manager Henrhan of Portsmouth, who accompanied Landis.

The warehouse employees killed were Daniel Taylor, Robert Miller, and Joe Scott. Other were injured. Frightened by the sudden storm, fans rushed out the runway from the stand just as a large sign was blown over, striking several persons. Many others of those injured were so situated as to be unable to see the collapse of the stand and had no chance to run or jump toward the field.

Great confusion followed the crash. The crowd was in the park in honor of "Landis Day". Many spectators were women, and while these screamed and fainted, a big part of the crowd in the undamaged sections rushed to the tangled mass of humans, timber and roofing, and in a blinding rain sought to rescue those pinned beneath.

Among the very seriously injured was H. C. Evehart, president of the Suffolk Amusement Company. Approximately 40 persons were treated at hospitals. A score of others were sent to their homes with superficial hurts.

At the Norfolk Navy Yard a large crane was blown against the destroyer Whipple, breaking off her mast at the top. No one was injured.

Negro Not To Die In Chair

Raleigh, May 26.—(AP)—Death row out at State prison today was minus another inmate, Charlie Johnson, Charlotte negro, having his doomed-to-die sentence changed by Governor McLean last night to life imprisonment. Johnson was slated for the electric chair tomorrow.

Acting as his own commissioner of pardons, the chief executive considered arguments in favor and against Johnson's fate. Trial Judge James L. Webb of Shelby and Trial Solicitor John O. Carpenter, Gastonia, recommended commutation of the sentence. Commissioner Edwin Bridges did not advise Governor McLean as his law firm appeared in the trial in the Mecklenburg Court.

Explaining his action, the chief executive declared the case was tried by Judge Webb, "one of the oldest, most experienced and most conscientious judges who has not only had a long and distinguished career on the bench but he was for many years one of the ablest solitors of the State." The judge recommended the change as well as Solicitor Carpenter.

"At the request of the prisoner," the Governor said, "I interviewed him and a most careful effort to elicit from him any fact or circumstance tending to establish his guilt proved unavailing."

TODAY

Another Bad Break. Flying News. Merciless Civil War. "Come Here"—Mussolini. (By Arthur Brisbane) Copyright 1927, by Star Co.)

Grandstand at Ball Park and Warehouse Collapse During Landis Celebration.

Another bad break in the levee at Atchafalaya makes 100,000 homeless and causes floods in the remaining part of the "sugar bowl." The total number driven from their homes and requiring food at public expense now is 600,000. This Mississippi flood is too big an affair for private enterprise or private charity. It is the government's business to take care of it, and the government's business to see that it does not happen AGAIN.

Governor Pinchot declares, the Mississippi can be controlled and made to pay for the cost of the control. Reservoirs built on tributaries to the Mississippi could regulate the flow of water, and produce electric power sufficient to pay the entire cost.

Governor Pinchot, an earnest, useful and well informed citizen, remarks that you cannot deal successfully with floods on the Mississippi merely by trying to control them when they happen. What is needed is "to prevent their happening."

A report from the Azores last night said that De Pinedo's plane was down, and in tow of a sailboat, 240 miles west of Fayal. A gunboat has been sent to meet it. De Pinedo, in his recent flight, has included Asia, Africa, Europe, North and South America, and has had one plane burned. His flying record stands by itself, and he can afford one slight setback. The world will rejoice in his safety.

Our young Lindbergh is enjoying himself in Europe, not in any hurry to accept American offers that would make him rich. He will attend to those things when he comes home. On Saturday he will fly to Brussels and later fly over to see London and King George. He will even sure he will not continue flying in the air mail service. He says "I'm only on leave now."

Mr. Stimson, back from official investigation on affairs in Nicaragua, gives a gloomy picture on the fighting down there. Civil war is always the worst war, and Nicaragua's kind is especially bad. Mr. Stimson says, "I found that not prisoners were being taken on either side. The wounded and captured were killed and noncombatants were being massacred." (Continued on Page Six.)

FORD TO PUT OUT NEW CAR

New Machine to Replace Present Model Announced From Headquarters.

Detroit, May 26.—(AP)—The Ford Motor Company will shortly place in the light car field a new machine to replace its present Model T automobile. It was officially announced last night.

The announcement verifying long rumored plans of the company, was made in a statement signed by Henry Ford and issued through a National Advertising Agency handling the Ford advertising account. Details of the new machine were not disclosed in the statement which said a complete description along with the price will be made public within a few weeks. The date for the start of production also was withheld.

Parts of the model T car will continue to be produced in view of the fact that there are now about 10,000,000 of these machines still in use which will require replacement and service, the statement said.

In regard to specifications for the new machine, Mr. Ford was quoted as saying: "At present I can only say that the new model has speed, style, flexibility and control in traffic. There is nothing quite like it in quality and price. The new car will cost more to manufacture but it will be more economical to operate."

The machine, according to the statement, was designed personally by Mr. Ford.

DIE FROM EXPLOSION

Winston-Salem, May 26.—(AP)—William Dickson Shaw, four-year-old son of Mr. and Mrs. Harry A. Shaw, Coral Gables, Fla., died at a local hospital last night from burns received Sunday while riding with his uncle V. D. Dickson, 41, Miami, Fla., who was fatally burned. Burns caused the death of the boy and uncle when a container of gasoline fastened to the side of the car exploded, the accident occurring near Madison.

FRENCH CHEER YOUNG AIRMAN FROM AMERICA

Lindbergh Paraded Before Eyes of Admiring Populace of Paris Today.

Paris, May 26.—(AP)—Captain Charles Lindbergh was paraded before the eyes of the populace of Paris today to such cheers as no man has heard in this city since Woodrow Wilson made his triumphal entry into the French capital in 1919.

It was the first opportunity that the citizens of Paris generally have had to see the heroic American aviator since his arrival on the Le Bourget flying field Saturday night, for all his intervening hours have been devoted to receiving honors from persons in high places.

Tens of thousands of Frenchmen had their first sight of the young American this afternoon as he was escorted from his country's embassy to the Hotel De Ville. Under the trees that border the Champs Elysees—one of the world's most magnificent boulevards—the common people of France stood in great masses, waving flags and shouting "bravo" as the slender and unspoiled youth from America was driven past them in a state procession.

Paris, May 26.—(AP)—Wealth means nothing to Captain Charles A. Lindbergh. Aviation is his life career and he intends to continue as just a plain aviator when he returns to the United States. "My mind is absolutely made up about it," he said.

"I haven't any idea of accepting any offers at all at this time." He has given further proof that he cares little for money by giving 150,000 francs for the benefit of the families of French aviators who have laid down their lives for the progress of aviation. The money was presented to him at the Aero Club of France. The donor was Mme. Deutsch de la Meurthe.

Captain Lindbergh's letter to the president of the Aero Club, revealing his gift, has further endeared him to the hearts of all Frenchmen, particularly the manner in which he explained that he "could not take these francs to America because he understood the sorrow of the French for their intrepid aviators, Captains Nungesser and Coll and because he shared their grief.

Troops and police reserves were ordered out today to restrain holiday crowds eager to see Lindbergh pass through the streets to the City Hall, there to be formally presented to the people of Paris by the city council.

After Paris, will come Brussels and London. The welcome in those capitals, from all indications, will be in no way less enthusiastic than Paris, with the prospect of more celebrities to meet, more speeches to make and more presents to acknowledge.

What Lindbergh really would like is to be able to go out and stroll around alone and unobserved, to admire at leisure the wonders of the great capital. But he is signing for the impossible. This boy, who looked forward to spending a little holiday in Europe after accomplishing his object—which he still persists in regarding as nothing extraordinary—not only has no holiday but is called upon to go through an unintermitted round of ceremonies and official and social functions.

He would be unable to get a yard without a mob surrounding him; there are always some hopefully curious on guard outside the embassy. He could not lose himself in a crowd, for his tall, "form towers over most Frenchmen and his features are familiar to all, as every edition of every newspaper has one or more photographs of him.

Even his strong constitution is beginning to show signs of the strain which is proving too much for Ambassador Herrick in spite of his long experience at public functions. The ambassador looks a trifle tired. Since he became the guardian angel of the "American Ambassador to Europe," his moments of leisure have been few and far between.

Giving his impressions of the youth, Ambassador Herrick said that a "better type than Lindbergh" represent the spirit and high "winnowing of our people" could not have been found if all America had been searched.

The ambassador remarked that the aviator's bond had not been turned in the least; that it never would be, no matter what his successes; he was of the Lincoln type. "In his simple straight forward way," the ambassador added, "this boy, when asked to accept contracts for quick money, replied: 'I'm only on leave now.'" (Continued on Page Six.)

GILLIES PUTS HALEY OUT OF CHAMPIONSHIP

Hoy Lake, England, May 26—(AP)—H. D. Gillies of Working, well known English Golfer, this afternoon eliminated Edward Haley of New York, former Williams College Star from the British Amateur Golf Championship at the 18th hole.

Hoy Lake, England, May 26—(AP)—Edwin W. Haley of New York, the former Williams College star, continued his march forward in the British Amateur Golf Tournament today by taking into camp Major E. K. Thorburn of Sunningdale 3 and 1. Thorburn surrendered at the seventeenth hole and America's youthful contender for the British Amateur Golfing Crown passed to the fifth round. Haley's defeat of Cyril Tolley yesterday has made him the cynosure of golfing experts today.

The match with Thorburn was keenly contested. After losing the fifteenth hole by missing a putt of a yard, Haley came back on the sixteenth and 17 with fine play, including two striking second shots, that brought victory. At the sixteenth he used a spoon for his second and boldly sent the ball straight over the out-of-bounds territory to the green edge. Major Thorburn tried to follow but was lost in the wilderness. Taking a par four for this 394 yard hole the American became dormite two.

At the seventeenth hole Haley's drive was short but he pulled an iron out of his bag and sent the ball whizzing 225 yards to the tracherous green surrounding by bunkers and an iron fence at the rear. The ball stopped dead four yards from the pin.

Again the gallant Major attempted to follow. He had outdriven Haley by 40 yards but his mashie dropped like a dud shell into the bunker.

All But One Game Rained Out Virginia League

Raleigh, May 26—(AP)—Rain prevented all but one battle in the Virginia loop yesterday and that one played, Norfolk at Kinston, resulted in a seven-inning 2-2 tie, with the Tars leaving to catch a train.

Today's schedule called for Norfolk at Petersburg; Kinston at Richmond and Wilson at Portsmouth.

Veteran Boatbuilder Promises Craft To Outdo Miss America

Algonac, Mich., (AP)—The maker of ten Gold Challenge Cup winners and a two cup-winner of the Harmsworth trophy avers that the world's fastest speed boat has not yet been built.

Chris Smith vows, moreover, that he will build it in the Algonac shop, where he fashioned the Miss America and where has been making boats for all but ten of his 65 years.

Powered with two Liberty 12 motors, his Miss America set the world competitive record of 70 miles an hour in 1921. He followed it with the Miss America II to win the power boat title in 1922 for the second successive year.

Then a change in the Gold Cup rules halted his plunge for speed by confining entrants to boats of the runabout type with an average pace of some 45 miles an hour.

Now the rules are revised again to permit entry of hydroplane craft like those Smith built so successfully. He expects a chance to better the seven-year-old mark of the Miss America in this summer's competition.

When he was five Chris Smith began whittling models of boats and to this day he carves the patterns for his craft, resorting rarely to blue prints.

He began winning Gold Cup races in 1915, and even the change in the rules which stopped his development of hydroplane speed boats did not halt his conquering course, for he built winners in the restricted class in 1922 and 1923.

When Smith wants a hull for a new vessel he goes over to Walpole Island and picks out a tree for it, which is sawed and carefully seasoned.

Three sons, Jay, Bernard and Owen, have grown into their father's boat building profession, and any of them may generally be found in a mechanic's seat at a Harnsworth or a Gold Cup race.

Pointers Still Holding Lead In Piedmont

Raleigh, May 26—(AP)—Piedmont league teams today wound up the mid-week series with Raleigh in Winston-Salem; Rocky Mount in High Point, and Salisbury at Durham.

High Point continued to hold top place, a one-game lead over Winston-Salem which club gained a contest on Raleigh. Rain prevented the Salisbury at Durham tilt yesterday.

Durham and Salisbury were slated for a double header today. Should the splits win it would place them on the threshold of the first division.

High Point had a new right handed pitcher, Scott Pery in uniform today.

SPEED DEMONS TESTING OUT FOR BIG RACE

Indianapolis, May 26—(AP)—Qualifying and elimination trials will be held for next Monday's 900 mile automobile race at the Indianapolis motor speedway today.

A minimum speed of 90 miles an hour will qualify a car, but it does not mean that it will be permitted to start. The thirty-three machines making the best speed of the forty-one entered only will be permitted to accept the starter's flag.

Drivers who will be in the seats at the beginning of the race must qualify their own cars, under the rules.

Frank Lockhart, winner of last year's race here and who several weeks ago drove his mount faster or a mile than any American machine ever has been driven, is ready to take his turn. He has been clocked unofficially for one turn of the 2.1-2 mile track at a speed of 121 miles an hour.

Leon Duray, another pilot with a heavy foot; Harry Hartz, last year's driving champion; Cliff Durant, Jules Ellingboe, Pete De Paolo, and a host of other stars had their mounts ready for the trials before noon.

TAXI MOUNTAIN CLIMBING

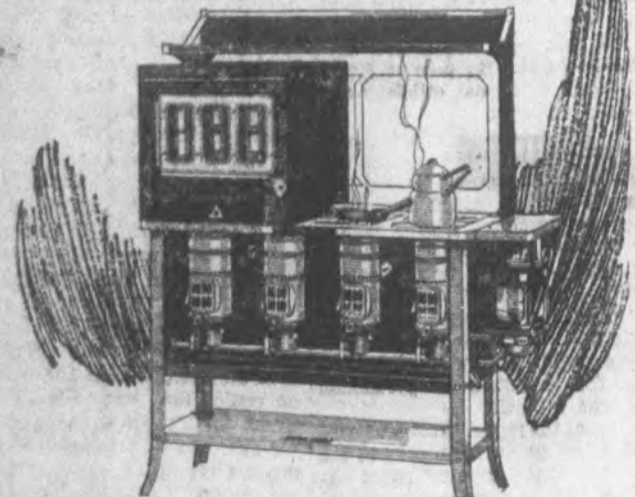

St. Moritz, Switzerland—Mountain climbing fans are aghast at the prospect of an airplane taxi service from St. Moritz 10,000 feet up to the top of the Alps to save tourists from the arduous of mountain climbing.

SOX HOLDING SPOTLIGHT OF BIG LEAGUES

(By The Associated Press)
Led by their fine young staff of 'pitching fools' the Chicago Amreicans today were two long strides closer to the league leading Yankees.

Plenty of daylight still separates them from Ruth, Gehrig and Company, but the second place Sox held the spotlight of both major leagues as they kept up their winning streak in defiance of all the pre-season dope with twin victories in a dual bill.

In the double killing the St. Louis Browns on their home field were the victims and Lyons, Blankenship and Connally were the White Sox pitching heroes.

Starting the first game Ted Blankenship got into difficulties in the lucky seventh when both teams scored 3 runs, whereupon Connally went to the rescue and pulled the game out of the fire, aided by a five run rally in the ninth which made the final count 14 to 8.

Ted Lyons' pitching in the second game, when allowed but five hits, was matched by Ballou and Zachary of the Browns, who between them held the Sox to three safeties but the Browns made errors enough to lose out one to nothing.

Adding these two victories to the number already in the bread box the White Sox tied the Yankees in games won with 22 apiece, a figure which leads both leagues. A great number of defeats, however, kept the Sox some 72 points astern of the leaders.

Another of the big league crop of youthful hurling aces proved his worth again as Hudlin pitched the Cleveland Indians to a 9 to 6 victory over Detroit for his fifth win of the year. The game sent the Tigers sank to seventh and the Indians to sixth place while the Browns dropped from third to fifth through their double defeat by the White Sox. The other teams were idle.

Like their American league counterparts, the St. Louis and Chicago Nationals played a double header, but unlike them they split it evenly, the Cardinals taking the first 8 to 5, on Grover Alexander's slants, the Cubs the second by 8 to 4, when they slammed wee Willie Sherdel off the hill in the eighth.

By sharing the bill both teams cut a few precious points off their percentages, while the league leading Pirates were helping their own arithmetical rating by taking their third straight game from the Reds by 2 to 0, although they could make but five hits off the old sidewheeler Cary Mays.

"Nothing but blue skies from now on"

LIKE the fellow in the song, I "never saw the sun shining so bright—never saw things going so right." For I've found Prince Albert and complete pipe-enjoyment. I thought I knew all about pipes and pipe-smoking. I had no idea what a change for the better P.A. would be.

What a treat it was to open the tidy red tin and free that wonderful Prince Albert fragrance! To a pipe-hungry man, no other aroma ever came within a mile of that. I could hardly wait to tumble a load into the bowl of my jimmy-pipe and light up. And then... that marvelous taste!

Cool as a summons to court. Sweet as winning your case. Mild as the congratulations of the second-best man. Mild, but with a full, rich tobacco body that satisfies your smoke-hankering to the absolute limit. I'm talking about a grand old pipe-smoke, Men... Prince Albert.

No matter how satisfied you appear to be with your present set-up, give Prince Albert a whirl. You'll never know till then what a friend your pipe can be. P.A. never bites the tongue or parches the throat. It never wears out its welcome. Try this long-burning tobacco. You'll check with all I've said.

P. A. is sold everywhere in tidy red tins, pound and half-pound tin humidors, and pound crystal-glass humidors with sponge-moisture top. And always with every bit of bite and punch removed by the Prince Albert process.

PRINCE ALBERT

—the national joy smoke!

Jones Addresses Graduating Class Of Local School

Graduating exercises of Mrs. J. B. Spillman's business school were held in connection with mid-week prayer services at the Memorial Baptist Church last night.

Rev. H. F. Jones, pastor of the church, addressed the graduates, giving them some wholesome advice dealing with the development of personality. He said an attractive personality is one of the best assets to be had by the young men and women of today. It is one of the finest single attributes of the human heart, and requires constant attention and development if it yields the magnetic influence it should wield.

Personality, he said, reflects the inner man or woman. Sound standards of morality and right ideals are reflected by some people, even as sin and corruption are reflected by others. He urged his hearers to give more attention to personality through right thinking and right living.

One of the outstanding features of the services was a solo by Miss Emma Mallison.

The graduating class was composed of Misses Rose Hadley, Nina Vincent, Etta Bass, Emma Mallison, Almata Mallison, Nina Joyner, Rose Adams, Mrs. C. L. Roebuck and Edward Austin.

EASTERN CAROLINA TO HAVE EXHIBIT AT RICHMOND

Eastern North Carolina will show to the American Pulp Paper Manufacturers at their annual convention in Richmond, Va., at the Jefferson Hotel, Wednesday, Thursday and Friday, at an announcement made today by Secretary Newell G. Bartlett of Kinston. In the opinion of experts, Eastern North Carolina has a great future for paper and pulp manufacturers. At the present time there are two paper mills in operation at Roanoke Rapids, both of

MISS MYRTLE BROGDEN ENTERTAINS AT BRIDGE

Wednesday morning, at Hill Home Drug Co., Miss Myrtle Brogden entertained at a very attractive bridge party, having as her guest Miss Bernice Jenkins, of Newport News, Va., who is the guest of Miss Margaret Fleming. There were three tables of bridge. On arrival the guests were served Coca Cola and salted nuts.

High score was made by Miss Virginia Arthur, who was given a hand-made pocketkerchief, a piece of log cabin pottery went to Mrs. James Peterson for low score. Miss Jenkins, the honoree, was given lingerie. Fresh cherry sundaes was served following the game.

A Tonic For Pale, Delicate Women and Children

Grove's Tasteless Chill Tonic

60c.

which have been very successful in the past. A trip to these mills from December to March will find scores of wagons and trucks hauling pine wood to the mills to be sold for making paper. At one time last season there were 4,000 cords of pine wood on the yard. It is for the purpose of acquainting the manufacturers with Eastern Carolina's advantages along this line that the Eastern Carolina Chamber of Commerce has arranged for the showing of scenes and statistical data at the National Convention in Richmond this week.

M. F. L. Bell will have charge of the booth. Literature will be distributed relative to Eastern North Carolina. This is just the beginning of a real big advertising campaign to be waged during the coming six months.

Judge Cramer Is Speaker At Prayer Service

Judge E. H. Cramer, of Southport who is conducting civil court in this city, was the principal speaker at mid-week prayer services at Jarvis Memorial Methodist Church last night. He discussed in a highly informative way the necessity of family worship. He said the lives of great men were moulded by home environment, and that they could not have risen to such unobstructed heights of fame had it not been for those first impressions and influences around the family altar.

Judge Cramer is a particularly forceful and entertaining speaker and his talk filled as it was with sound commonsense was listened to with great interest by those in attendance.

PUTTING BUSINESS INTO FARMING

Almost any locality can make its own place in national or international life. Petaluma, California, did it with White Leghorn hens. Tillamook, Oregon, did it with cheese. Jericho, Utah, does it with the great Jericho wool pool, that sells only top wool in one prize sale. Idaho Falls, Idaho, does it with potatoes. Wenatchee, Washington, apples are internationally famous, and so on through a long specialized list.

In every case the profits result from high grade uniformity. The producers do not trust to luck, or to individual idiosyncracies; they agree on a standard, and enforce it. The "independence" of the farmer becomes a myth in every one of these high priced specialty products; independence, that is, to produce freak stuff by freak methods. But they become independently rich; which is better than mere license to do foolish things in a foolish way.

A grain company that was urged to buy in one of the most fertile sections of the Mountain West, refused to buy grain there. "We want standard grains," it said, "and no two of you raise the same kind of stuff. Your wheat is mongrel; your oats are all the way from white or red, to black; your barley is piebald and will not grade in any market. We'll go out of business before we'll buy in such a district."

What is true regarding the grain situation of the West, is equally true regarding the cotton situation in this section. Experts have recently warned growers against producing a crop of cotton that does not come up to standard, because there is no market for the short grades, and buyers will look to other sections for their supplies.

The adoption of a high standard product, and the cumulative aid of every affiliated grower to keep up the standard and make the supply adequate to fill the market every year, is one sure way out of the agricultural doldrums.

RESTRICTIONS UPON THE AIR

The phrase "as free as the air" no longer suggests the extreme of freedom. Now that the air is a medium of communication its use is subject to certain restrictions.

Congress forbids anyone uttering obscene, indecent or profane language by means of radio communication, and a federal radio control board is dictating to broadcasting stations as to certain phases of their operation.

Are there no other restraining obligations upon the individual who enjoys

the freedom of the air? There are. None has the right to bore, insult or outrage the listening public. And by a turn of the dial, the radio listener can enforce his right to what he wants via the air. But there is a peril from the insidious propagandist, the alluring demagogue, the covert advertiser, the fatuous entertainer and the debaser of the arts.

Obviously this new medium of communication must be as open to free expression of opinion as in the press, but there must be on the part of those who are responsible for what passes through these channels of the air as conscientious an effort to present the truth, and to offer what is ennobling in art, as is expected of those at the head of universities or of newspapers.

If radio broadcasting is to be a wholesome influence, it must be through such high-minded direction as is exhibited by those who not only need no official censor to keep their programs from vitiating air but who have an aspiring purpose to make the "amplifier ether" a "divine ether."

Whenever the question of radio censorship arises—and it will again and again—it must not be lost sight of that the listening public must be the final arbiter and that minority tastes must be given some consideration.

This Discovery Will Benefit Millions

Mr. W. J. Dorion, New York, writes: "Sick headache, indigestion and constipation have troubled me for years. I tried everything but truthfully your **CARTER'S LITTLE LIVER PILLS** is the best laxative I have ever used. I find that they are small, easy to take and their action does not pain me. They keep me regular and I want to tell you how I appreciate this purely vegetable medicine, knowing, due to my experience in laboratory work that laxatives containing Mercury, Calomel and other poisonous drugs are injurious." **CARTER'S LITTLE LIVER PILLS** can be taken by everyone in the family in perfect confidence as they are a doctor's own formula. Ask your druggist for the genuine red pkg. 25c. and 75c.

NOSE CLOGGED FROM A COLD OR CATARRH

Apply Cream in Nostrils To Open Up Air Passages.

Ab! What relief! Your clogged nostrils open right up, the air passages of your head are clear and you can breathe freely. No more hawking, sniffling, mucous discharge, headache, dryness—no struggling for breath at night, your cold or catarrh is gone.

Don't stay stuffed up! Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic cream in your nostrils, let it penetrate through every air passage of the head; soothe and heal the swollen, inflamed mucous membrane, giving you instant relief. Ely's Cream Balm is just what every cold and catarrh sufferer has been seeking. It's just splendid.

A Nation-Wide "Demonstration Week" starting TOMORROW

Know the thrill of the Super-Six

Millions may now experience what thousands already know

Motordom's Highest Achievement—the speed, power and safety of Super-Six Performance in a Nationwide "Demonstration Week"

Hudson dealers were never so busy—our sales were never so large—customers were never so pleased—the value never so great.

Thousands of cars have been sold without opportunity to demonstrate them. Demand has kept the market stripped so that few but imminent buyers have had an opportunity to ride.

Now with Hudson dealers giving principle attention for one week to demonstrating the new Hudson Super-Six, all motordom may have first hand experience of what is possible with the Super-Six principle released in full capacity. Until you ride in the Hudson Super-Six there is a motoring thrill you can never know.

You see Hudsons everywhere. You admire their striking beauty. You note their flashing performance. And you see in them the greatest values motordom has ever offered.

In appearance, beauty of detail and finish, and in performance, you compare Hudson with cars costing twice as much. Make it stand out in your mind that Hudson's price is hundreds of dollars below any car with which it is compared.

Take advantage of this special demonstration opportunity. Ride in the New Hudson Super-Six even if you have no immediate intention of getting a new car.

 For Greenville Township.

Market Report Cotton--Stocks--Grain

COTTON
New York, May 26.—(AP)—An early decline under pre-holiday realizing or liquidation, prompted by favorable weather reports, followed by partial recovery, covering in the cotton market today. Business was active at the start, but became quiet later, the mid-afternoon market holding steady around 16.52 for October, or about 5 to 9 points net lower.

Futures closed steady, one point lower to one higher; spot quiet; middling 16.50.

High	Low	Close	P. Close
January	16.90	16.77	16.90
March	17.10	16.95	17.10

GRAIN
Chicago, May 26.—(AP)—Wheat advanced sharply today on a rush of commission house buying but gains failed to hold well. Heavy profit taking sales led to reactions despite unfavorable weather conditions in the Canadian northwest and also in Kansas and elsewhere southward. Export demand for fourth American wheat was again low. Wheat closed irregular, 3-8 cent lower to 1-2 higher; corn and oats both unchanged to 1-4 cent, and provisions varying from 20 decline to five cents advance.

Tarboro Expert Scores High In Gun Club Shoot

Jim Eason, expert marksman of Tarboro, topped the high score list in target practice of the Greenville Gun Club yesterday afternoon, making a total score of 48 out of 59 shots.

Mr. McGrath, representative of the Peters Cartridge Company, won second position with a score of 47 out of 50. Fred Broadwell took third and Lee Hannah fourth position.

The total score of the participants follows:
McGrath 47 out of 50; Eason, 48 out of 50; Leonard, 35 out of 50; Bost, 42 out of 50; Lee Hannah, 43 out of 50; Broadwell, 46 out of 50; Evans, 20 out of 50; Critcher, 15 out of 25; Red Corbett 28 out of 50; Hogan Gaskins 21 out of 25.

The next exhibition of the club will be staged on the VanFleming farm next Wednesday afternoon at four o'clock.

PITT SCHOOL CHILDREN DO MUCH READING

1,050 Reading Circle Certificates Presented To Pupils of Various Schools.

That Pitt county school children are getting plenty of character building reading along with their regularly prescribed course of study was set forth in an interesting way today by facts made public by Miss Myrtle Broden, supervisor of rural education of this county.

Miss Broden stated that 1050 reading circle certificates have been issued to pupils of the various county schools for reading ten volumes of standard character-building works. All school children, it was stated, are required to read at least six volumes, but it is necessary for those trying for certificates to read not less than ten volumes.—This means that 10,500 books, containing only the most salutory thought, have been read during the year.

The greatest number of certificates were awarded to Winterville children 175 having completed the prescribed reading course. Simpson from the standpoint of attendance, took first place in number of certificates awarded.

Miss Broden stated that all of the larger schools were working on up-to-date reading assignments because of the fact that no school will be accredited by the State unless it has at least five hundred volumes in its history.

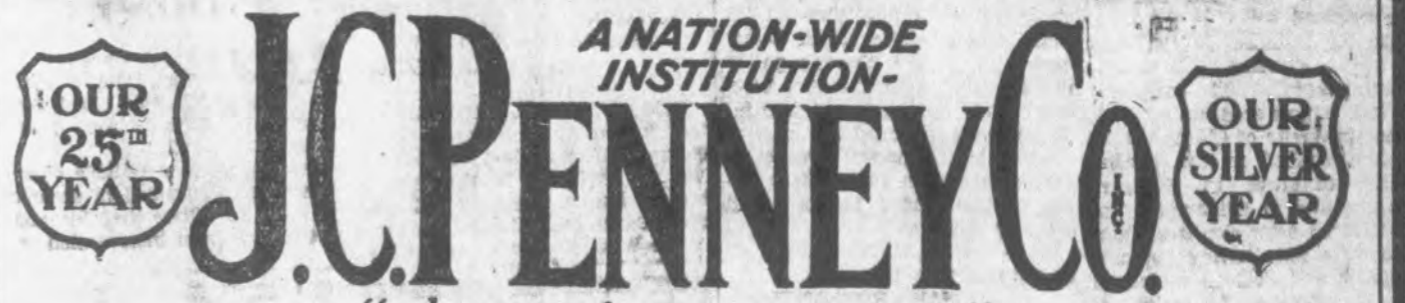

Bethel has the best library of any school coming under supervision of the County department of education. Fountain has second, and Winterville the third best. All of the larger schools have an improvement program under way and next session is expected to see considerable change for the better.

The Bethel library is simply and scientifically arranged, Miss Broden said. The various works have been so classified that it is an easy matter to find any single volume in much less time than would be required under unimproved library methods.

The parent-teachers associations in all towns are using their influence in behalf of reading circle activities. They realize character building is as necessary as building in a mental, physical or spiritual way, and are using their influence in every way possible. The success of the present year is attributed largely to the activity of members of this organization.

HACKETT TO RUN FOR STATE AUDITOR

North Wilksboro, N. C., May 26.—(AP)—Frank D. Hackett, North Wilksboro, ex-bank examiner and former mayor here, today told friend that he will be a candidate for the nomination for state auditor in the 1928 democratic primary.

Additional Outstanding Values To Be Had At This Store

A Pinch of Good Will In Every Package

"Just 'happy dust' Dad," our flapper daughter said this morning as she scrambled under the table for a tiny compact of rouge.

"Happy Dust!" Somehow the words symbolize so well that extra bit of satisfaction we try to give every customer who enters our store. Just the exchange of money and merchandise isn't enough—there must be a bit of confidence and a sincere desire to serve to make the sale really complete.

The J. C. Penney Company like to feel that everyone of the thousands of parcels that pass across our counters in a day contain just a pinch of "happy dust", that intangible spirit of helpfulness and service that is necessary to a sale; the spirit of the Golden Rule that we elders, in our sober fashion, term Store Good Will.

Daily News Letter

Gossip of Staff Correspondents at World Centers of Population

Hollywood—As entertainers the limitations of the screen are restricting many motion picture artists from their full capabilities. A diversified array of talent along many lines can be found among the stars and directors on studio lots. Music hath its charms for a number of them and though they have succumbed to the lure of the screen their musical education has not been neglected.

Take for instance Milton Sills and Ernest Torrence both accomplished pianists and composers. Sills took a post graduate of music in the University of Chicago, while Torrence studied in the London Academy of Music at Stuttgart, Germany, and in Edinburgh. The scumber faced actor also is a singer of no little note having appeared in Gilbert and Sullivan operas for a number of years. In addition to this Torrence also plays the violin.

Among other screen stars who have received musical educations and are capable players of the piano are Aileen Pringle, Renee Adoree, Eleanor Boardman, Norma Shearer and Claire Windsor. Director Robert Z. Leonard once belonged to the Metropolitan Opera Company and still possesses an excellent baritone voice. Director Edmund Goulding and Roy D'Arcy,

the heavy and character actor, both are tenors and have played in musical comedies. Edward Sedgwick, director is a singer, pianist and has several musical compositions to his credit. Ramon Novarro is an excellent pianist and a master of the steel guitar. The handsome screen star is still studying and intends to make a concert tour when production work slows down.

Both Colleen Moore and Harry Langdon are modelers in clay and give amusing demonstrations of comic modeling at parties. Incidentally the sad-eyed Mr. Langdon is a trick bicycle rider of note.

You'd never guess that Charlie Murray, Hollywood's popular master of ceremonies, began on the road to fame as a screen comedian in a clown in a circus, and he still does quite a bit of clowning to that matter.

Billie Dove has enjoyed success as an author having sold several short stories to magazines. Little Mary Astor's claim to off screen fame is that she is the only girl in pictures who can really play baseball. So if the motion picture industry suddenly faded out most of the screen luminaries have other talents to rely on except Mary Astor because Judge Landis would probably ban her.

FRENCH CHER YOUNG AIRMAN FROM AMERICA

(Continued From Page One) pedition was not for profit. From the moment the Spirit of St. Louis touched the ground at LeBourget there seems to have been a return to that spirit of affection and admiration between the French and American peoples such as has not obtained in recent years. His charming personality has won the

hearts of the French people." Tangible tokens of popular appreciation continue to rain in the embassy every hour. They vary from an automobile and a case of spaghetti sent from Italy, to little souvenirs from working girls.

RESIDENTS OF POINTE PARISH CLING TO HOMES

(Continued from Page One) police are anxiously awaiting the results.

The Vermillion has washed away several houses in the Greenville section and a crew of Southern Pacific workmen spent most of yesterday removing houses which had been washed against the railroad bridge over the LaPayette-Broussard highway.

At the LaPayette camp 17,469 refugees had been registered late yesterday.

J. L. FOUNTAIN LEFT ESTATE VALUED AT QUARTER MILLION

Raleigh, May 26.—(AP)—An estate valued at a minimum of a quarter million dollars was left by the late Jefferson L. Fountain, it became known when the will was probated in the office of the clerk of the Wake County Superior Court

COURT OF APPEALS AFFIRMS DECISION BEACH BRIBE CASE

St. Louis, May 26.—(AP)—The U. S. Circuit Court of Appeals today affirmed the conviction of Major Alfred Beach, a former official in the U. S. Veterans Bureau, who was found guilty at Minneapolis November 20, 1924, on a charge of accepting a bribe of \$300 to speed the claim of Percy J. Cuff, a disabled veteran.

TODAY

(Continued from page one) ants, men, women and children, were butchered in cold blood. Some such non-combatants were tortured and mutilated. Mr. Stimson is a reliable observer, a man well trained in accuracy, it is easy to believe that Nicaragua accepts American intervention very

gratefully. Mussolini says to the world: "Come here to Italy, spend your money, and you will get your money's worth." And he makes the statement good. Prices are cut from top to bottom, beginning with a cut of 18 per cent in workmen's wages, to be made gradually. Retail prices, rents and railroad fares are also reduced.

Magnificent Italian ships, as fine as any in the world, will take you direct from the United States, thru the Straits of Gibraltar, and on to Naples. Think it over for your vacation. Don't see Naples and die; but see Naples, then Rome, and north to Florence, Pisa, Genoa, on to Paris, via Monte Carlo—a fine trip, and prices reasonable.

The British Prime Minister, as predicted yesterday morning by Universal Service, demands a break in relations with Russia. Britain's representative will be recalled from Moscow, because of revelations made in a raid on Soviet commercial headquarters in London.

Britain accuses Russia of having broken her word not to push Bolshevik propaganda on British soil. But Britain will not break off

COMMERCIAL relations. When it comes to commerce the British want it. But they are tolerant and wise in all things affecting trade.

As Lord Beaverbrook put it, "We do business with cannibals if there is any business in their territory. A cannibal is worse than a Bolshevik."

These men sent threatening letters, concerning the Sacco-Vanzetti case, to Governor Fuller, did not the suggestion of a commission to review the case, saying the responsibility is his. The Governor cannot delegate his authority. The law provides that the decision must be

made by him. Governor Fuller will do his own investigating and his own deciding.

A New York man, who confesses he ran a bucket shop, making money out of fools that gambled in stocks, tells how he in turn lost \$331,000 betting with Arnold Rothstein. People in this country contribute more than a thousand million dollars a year to race track gambling.

State Constitutions forbid gambling in many cases. But the gamblers are willing to divide and holes are easily found in the State Constitutions.

A QUESTIONNAIRE ANSWERED BY THOMAS A. EDISON

"I Don't Use Delicate Overtones To Move Machinery"

Overtones in music are as elusive as a ray of sunlight, yet their capture and preservation on a phonograph record is utterly essential to full, perfect. Re-creation of an artist's performance. It is obvious that they cannot be preserved if their microscopic strength is dissipated in any way—moving machinery, for example. But let Thomas A. Edison give you his views on the subject:

Ques. "Sometimes music is rich, mellow and beautiful. Sometimes it is harshly sharp and unpleasant. Why is this?"

Ans. The presence or absence of overtones controls the beauty and quality of a musical sound. The more overtones there are, the richer and more beautiful the quality becomes. The difference between the metallic tinkle of a child's piano and the mellow resonance of a concert grand is due to overtones.

Ques. "What are overtones?"

Ans. When we set anything such as a tightly stretched string connected to a sounding board vibrating, it sends out a powerful or fundamental wave. It also sends out many other related waves. These secondary waves are called overtones.

A simple illustration of this: Drop a large pebble into a pool of quiet water; wave rings are formed that go out in all directions in smooth and regular procession over the surface of the water. Now try dropping the large pebble again but at the same time drop several very small ones along with it. The wave rings caused by the large pebble will be there as before but, in addition, there will be many little waves or ripples criss-crossing each other and the appearance of the principal waves will be quite different from what they were in the first experiment. The big waves may be compared to the fundamental sound wave, and the little ripples that are superimposed on them to the overtones.

Ques. "Can overtones be recorded on phonograph records?"

Ans. Years ago I recognized the fact that only through capturing the delicate and elusive overtones as well as the fundamental wave, and faithfully recording them on a record, could phonograph music earn its right to a permanent place in the history of mankind. I have worked always with this goal in view. Nature has been reluctant, but one by one she has given up her secrets. The present Edison Phonograph is very close to my ideal.

Ques. How have you captured these delicate overtones?"

Ans. In many ways. For example, I made a thicker record of greater solidity which would not shake and vibrate as a whole when played. I developed an extremely hard and smooth surface for the record so that the sound waves—the minute ones which are overtones—would not be flattened out when the diamond point passed over them. By adopting a permanent diamond point I got away from making the sound grooves "grind in" steel needles. By mechanically feeding the so-called tone arm across the record I eliminated having the delicate sound grooves drag the arm across. In other words, I don't use delicate overtones to move machinery. Countless experiments in recording have taught us many vastly important tricks and processes. No one thing has captured the overtones for us. I have mentioned a few but there are many others. A combination of many details working together has achieved present results.

Ques. "A phonograph can be no better than the artist's performance"

Five thousand times critical audiences have heard living artists sing or play in direct comparison with their Edison records in the leading concert halls of the world. Eminent musical critics have put themselves on record to the effect that there is no difference between the artist's performance and the New Edison Re-creation of it. (Send for free booklet "What the Critics Say.")

Only the New Edison dars this test of direct comparison.

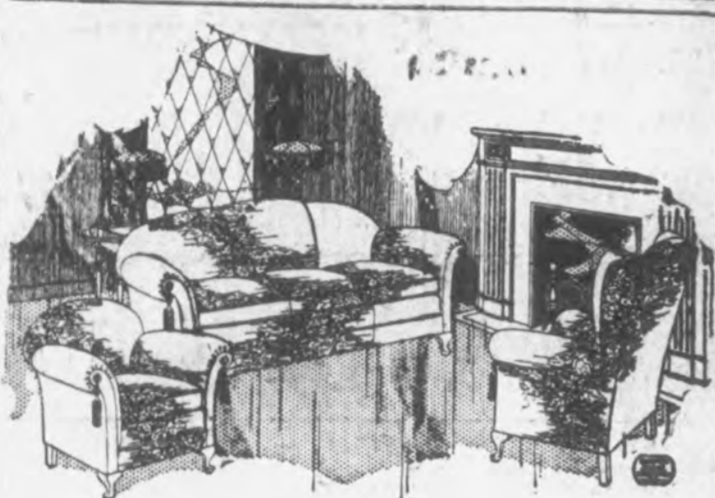

THOMAS A. EDISON, Inc.
ORANGE, N. J.

Edison dealers

The dealers listed below have been selected as carefully as they themselves, have chosen the New Edison as the one phonograph that would meet the most exacting demands of the most discriminating music lovers.

Every dealer who has obtained the Edison representation has first heard the New Edison in side-by-side comparison with other phonographs and thus has been brought to the realization that through the Edison franchise he can best serve the people of his community.

GOT RID OF POISON

Kentuckian Finds Black-Draught a Great Aid in Relieving Constipation, and Soon Feels O. K.

Catlettsburg, Ky.—Mr. Miles Hopkins, of 1218 Center Street, this city, says:

"There was a time when my health was not so good. I suffered a great deal from gas pains. My system was saturated with poison which was not properly eliminated. From time to time I had severe headaches, and I felt sluggish and dull. I knew of Black-Draught as a medicine for constipation, so I thought I would try it. For a while I took a small dose every night until my system was rid of the accumulated poison."

"I gained in weight and my general health was good. That experience made me realize the merits of Black-Draught. I kept it in my home and when I begin to feel lifeless and dull, I take a dose, after which I feel O. K. again."

"People generally do not realize the risk they take in allowing constipation to run on. I try to keep my system cleansed, and I find Black-Draught a great aid in doing this."
