

WINDY CITY CLUB MOVING TOWARD TOP

Dripping skies over the Eastern section of the baseball wars not only have lightened the pennant races in both National and American Leagues but have set the New York Yankees and Giants wondering just what the weather man has against them.

In the past two days the rambling Chicago White Sox, taking advantage of the Yankees' inactivity to win three ball games, have crept within a game and a half of the American League champions. And the Giants today found themselves in third place a half game behind another Chicago crew that is pounding hard on the trail of the league leading Pittsburgh Pirates.

Neither the Yankees nor the Giants had games scheduled yesterday, but it rained just as it has most of the week. The Yankees tried to play the West Point Cats and the skies held off until Babe Ruth had struck out against the slants of "Tim" Timberlake. Then the deluge fell as the Yankees led two to nothing in the second inning.

The White Sox "improving each rhining hour," kept after Detroit for 12 innings before bunting two singles with Gehrig's error to push over the run needed for a 4-3 victory. Old "Red" Faber held the Tigers runless after allowing a run in each of the first three innings.

Although Pittsburgh kept on its winning surge with a 2 to 1 victory over the world champion St. Louis Cardinals to build the Pirate trial with a routing 11 to 2 conquest of Fops Rivey and the Cincinnati Reds. We Aldridge was supreme on the Pittsburgh mound doling out 3 hits in a duel with Haines and Keen.

Two twin bills in the American League found the teams just where they started when the shooting was all over. Cleveland split a bargain affair with the St. Louis Browns, winning the second tilt 9 to 7 with a three-run rally in the ninth after O'Rourke had won the first for St. Louis 2 to 1 with a home run in the tenth.

Lefty Grove was pitching the Athletics to a shut-out victory over Boston in the first game of a double header when something slipped in the ninth and the Sox scored once. Philadelphia won that one 4 to 1 but lost the nightcap under the influence of Tony Weber's clever shots 4 to 3.

Piedmont Enters Week End Series

Raleigh, May 27.—(AP)—The Piedmont League race entered the week-end series today with High Point, leaders, battling Raleigh, three games from the top; and Salisbury, after a fight from the cellar to replace Durham in fifth position, meeting Rocky Mount in the Rowan capital.

Winston-Salem was in Durham to meet the Bulls. Boss Watt shifted his Cap lineup yesterday to hand the Twins a 11-5 defeat while Salisbury climbed into fourth place by splitting a bargain bill with Durham.

TENNIS COURTS LURE AGED SWEDISH KING

Stockholm, Sweden.—Despite his 63 years the warm spring weather has brought King Gustav out of his winter seclusion on to the royal tennis courts.

King Gustav has been a familiar figure on the principal Swedish courts for 50 years, winning or losing with the good humor of the real sportsman. The king carries his years lightly and would rank high in a list of players of his country. He has a powerful service, his back hand play is sound, and his placing good.

GILLIE'S ODD TEE DESCRIBED BY KEELER

By O. B. Keeler

Who was it started the greatly exaggerated rumor that the English were lacking in humor? Take the whimsical Mr. H. D. Gillies in a well-known English amateur golfer, good enough to have been considered seriously as a member of the last British Walker Cup International outfit which played the Americans to a standstill—almost at St. Andrews, Scotland, last summer. He was a member of the brilliant coterie of British amateurs who played against the Americans in various practice matches, before the British amateur championship, notably at Rye, the quaint little old town that was the first stop of William the Conqueror after the Battle of Hastings in 1066. Rye has been there a long long time; it is the home of many a pretty tradition; and it also is the home of one of the finest seaside links in Britain.

Our boys played there in May 126 and were quartered at the famous old Dornay House, which is popularly supposed to be haunted by the ghost of a young woman who was compelled to watch her sweetheart, a singing monk named Cantator, walled up alive in a stone tower. I occupied the room from the window of which she was supposed to have viewed the affair, but my rest was undisturbed.

At the Rye match Mr. Gillies charmed the visitors and the gallery by teeing his ball on top of a pop-bottle and driving it far and accurately with a curious club designed by himself, very flat in the angle of head and shaft, with a face two inches deep and four inches long. He informed me that he had evolved this plan to enable him to hit a lower ball with more run after alighting, which was less affected by the wind which is always present at the seaside courses of Great Britain.

Of course he didn't use a pop-bottle for a tee except on special occasions. He used a peg ten inches in height, one end pointed the other end topped with rubber, on which the ball was set. But the photograph I made of him was using the bottle, carried by his caddy.

"I use the tall tee in serious competition," Mr. Gillies told me "and did well with it, until the Royal and Ancient (the governing body of golf) intimated to me that while it could not be ruled out, it was a departure from the recognized game that was not just in line with its policies. In a word, it wasn't done. So I didn't do it any more. But I like to play it in informal competition."

It assuredly made a hit with the Americans, as did also Mr. Gillies' brilliant little address of welcome at the dinner given the golfers at the Dornay House. He appeared for the dinner scrupulously groomed but wearing a large envelope pasted on the top of his nearly bald head. He had met with a slight accident, he explained. At the conclusion of his speech, standing

Colleges To Form Athletic Association

Greensboro, May 27.—(AP)—Steps were taken here today at a meeting of representatives from six colleges in North Carolina to form an athletic association which would govern the activities of the schools in all future relations among themselves. While no definite program was adopted a committee was appointed to consider the feasibility of such a conference and a prominent organization probably will be established when the colleges meet next October.

Questions of eligibility and schedules are the main topics to be considered. The committee appointed to look into these matters is composed of Dean Lindley, of High Point; President Binford, of Guilford; and Coaches Gurley and Laird. Those present at the meeting were President Hilley, of Atlantic Christian College; Professor Hooker, of Elon; President Andrews, of High Point; President Hoke, of Catawba; President Shaeffer, of Lenoir-Rhyne; and President Binford of Guilford.

President Hilley presided over the meeting and will call the next session in October.

WESTMORELAND TO CAPTAIN TAR HEELS

Chapel Hill, N. C., May 27.—(AP)—Joe Westmoreland, of non-bit-earring fame, will captain the 1927 University of North Carolina baseball team, succeeding "Son" Hatley, Rufus R. Little, Greensboro, is the new manager.

within the quadrangle of tables, he said: "We welcome you, our distinguished guest," and removing the envelope he went bowing around the quadrangle, revealing the words, "Rye Welcomes You," engraved in black on his shining pate. What a roar of delight went up!

"WHO IS WHO" IN FOOTBALL

New York, May 27.—(AP)—The first "Who's Who" in Eastern College football appeared today for the exacting scrutiny of gridiron fandom.

The list, split up into ten groups by the Central Board of football officials, ranked over 150 teams in the Eastern sector according to the football records for the past 3 or 4 years as well as their general position or reputation in athletics.

The rankings were decided upon yesterday by the officials, meeting with Walter K. Okeson, official representative of 12 big eastern colleges and sixty coaches and athletic managers of 150 Institutions as a means for selecting the men who will handle whistles in 250 College games next fall. Referee and umpires were nominated to handle all the contests but at the request of Okeson the names will not be made public until acceptances are received.

In group A were placed all the eleven represented by Mr. Okeson with the exception of Brown and Columbia and the addition of Pittsburgh and Notre Dame, Mich., Ohio State and Nebraska. Ranked for inter-sectional meetings with the East. The remainder of the group included Harvard, Yale, Princeton, Penn State, Syracuse, Cornell, Dartmouth, Pennsylvania, Army and Navy.

This group was conceded a prior right to the service of prominent officials and Okeson named the men who will take charge of all games in this group as well as those with Colleges outside group A rating. A maximum fee of \$100 was set for the services of these officials. Agreement also was reached to draw lots for the services of men nominated by different colleges with the same classification.

Group B was made up of Brown, aspirant for Eastern title honors last fall, Washington and Jefferson, Lafayette, West Virginia, Colgate, Columbia, Carnegie Tech, Victor over Notre Dame and Georgetown, Georgia Tech came in this group for inter-sectional classification. Group C, Rutgers, Lehigh, Holy Cross, Bucknell, Boston College, New York University, Maryland, West Virginia, Wesleyan, Marquette, Detroit, Drake, Quantico Marines and Washington and Lee.

Locals Defeat Washington Club

The baseball team of Battery E local military unit, journeyed down to Washington yesterday afternoon and annexed a perfectly good baseball game by the score of 9-6. One of the outstanding features of the contest was the batting of West and Harrington for Greenville and batting of Johnson and fielding of Frasier for Washington.

West hurled a wonderfully effective game for the locals, letting Washington down with five hits. Washington will play the locals at the fair grounds here Saturday afternoon at four o'clock. Ahsokie will come over Tuesday, and it is likely Ahsokie will appear Wednesday.

The lineup for the game tomorrow will be:
Harrington cf; Carson or Curry c; West 3b; Respass ss; Massey 1b; Duncan or Bowers lf; Bradham or Critcher 2b; Piner or Tripp rf; Evans or Forbes p.

QUALIFY FOR RACING EVENT

Indianapolis, Ind., May 27.—(AP)—A score of drivers today scanned machine parts closely and kicked vigorously at dubious looking tires to determine the fitness of their mounts for the second day of elimination trials at the 500 mile Memorial Day race at the Indianapolis motor speedway.

Twenty-one qualified yesterday. The rest of the forty nominees were expected to make their time trial between 3 and 5 o'clock this afternoon. The fastest thirty-three will start Monday's race, provided more than that number attain the minimum requisite speed of 90 miles an hour.

In the first day's trials, Frank Lockhart won the pole position for the race and set new lap and ten mile qualification test records. His new marks are 120.918 miles an hour for one lap of the two and one half mile track and an average of 120.100 miles an hour for the four laps. Two years ago Duray set the previous mark for the latter test at 113.196 miles an hour.

The 21 qualifiers who will make up the first seven rows on the starting field are:
Frank Lockhart, Peter De Paolo, Leon Duray, Harry Harts, Ralph Heppburn, Cliff Woodbury, Bob McDonogh, Davis Lewis, Bennett Hill, Norman Batten, Jack Pettiford, Peter Kreis, Frank Elliott, Cliff Bergerer, Earl Devore, William Spafford, Charles Bauman, Eddie Hearne, Wilbur Shaw, Al Melcher and L. L. Corum.

Gilles Loses In Golf Play

High Lake, England, May 27.—(AP)—Roger Wethered, former titleholder, reached the semi-final of the British Amateur Golf Championship Tournament today by defeating H. D. Gillies, 4 and 3. It was Gillies who yesterday eliminated Edwin W. Haley, the principal American hope.

Dr. W. Twedel of Stourbridge, also entered the semi-final, defeating Len Nettelford, of Hobart, Tasmania.

The other semi-finalists are Captain R. H. Johnson and the Royal and Club, who defeated R. H. DeMontgomery of Stoke Poges two and one and D. E. Landale of the Royal Liverpool Golf, who beat Andrew A. McNair, Jr., of East Renfrewshire by one hole.

Have you ever made good on one job.. for 39 years?

THE extra mileage you get from Dunlop tires starts with the fact that Dunlop has had thirty-nine years of tire-building experience—more than any other tire-maker.

Each part of each Dunlop is built right. Dunlop owns its own cotton mills to spin selected long-fibre cotton into the special Dunlop cable-twist cords.

These cords mean extra strength—an added factor of safety against constant load and pounding of roads—longer life and greater mileage.

They mean extra "stretch"—so the tire carcass will give under blows, and come back to its original shape without the slightest injury.

Every Dunlop you buy has extra miles built into it because Dunlop knows each part of its job. That is why we recommend you put Dunlops on your car.

LOCALS

Mrs. W. W. Phelps and Mrs. P. T. Anthony went to Wilson today. Mrs. Jessie R. Moye, Miss Jessie Moye, Mrs. Edward Williams and Mrs. George F. Hadley spent yesterday in Raleigh.

Vance Bunting of Bethel, was here yesterday.

Mrs. E. A. Griffin and little son Bert, Mrs. Leslie Yelverton, and Miss Louise Powell, of Goldsboro, were here yesterday.

Mrs. J. J. Davis left yesterday for Atlanta, Ga., in response to a telegram announcing the death of her father.

Mrs. L. G. Skinner, Mrs. Charles Skinner, Mrs. A. M. Moseley and Mrs. Hyman Phillips have returned from a visit in Oxford.

Mr. and Mrs. Tom Gorman left this morning for Norfolk to spend the week-end.

LOCAL PEOPLE MAKE HAUL AT VANDEMERE

Mr. and Mrs. C. B. Rowlett, Mr. and Mrs. J. P. Rowlett and George Cherry, Sr., went on a fishing trip to Vandemere yesterday, and today reported a catch of 256. It was stated that numbers of other Pitt county people spent the day there.

Be sure to see the District School at Blueberry Corners, tonight at Evans street school. Under the auspices of the Kings Daughters.

GREENVILLE PEOPLE VISIT VANDEMERE

Judge and Mrs. W. A. Darden, Mr. and Mrs. C. M. Tolar and John Manning have returned from Vandemere where they are reported to have made one of the best hauls of the season.

WEAR A POPPY MEMORIAL DAY

The campaigns will take the form of a weekly section devoted to the churches, the feature of which will be an editorial on church work. A church directory, giving hours of service and subject of sermons, with general church news and reports will serve as a constant reminder to attend church regularly. A section will also be devoted to the names and addresses of the business men supporting and endorsing the campaign.

BISHOP DARST COMING TO GREENVILLE

The Rt. Rev. Thomas C. Darst, D. D., Bishop of the Diocese of East Carolina, will arrive in Greenville on Saturday afternoon. While here, the Bishop will be the guest of Dr. and Mrs. R. L. Carr. Bishop Darst will preach at St. Paul's Episcopal Church on Sunday morning at 11 o'clock, and will confirm the candidates for Confirmation. In the evening he will speak on the future of the Bishops' Crusade—of which great national evangelistic movement he was the leader.

The Kings Daughters will present The District School at Blueberry Corners, at Evans street school this evening.

PIANO RECITAL

The pupils studying the Kinsella class method will give a recital at 7:45 o'clock Saturday evening in the auditorium of the Evans street school.

TRAVELING MEN TO MEET TONIGHT

The local post of Traveling Men's Protective Association will meet in the Pythian club rooms tonight at 7:30. Matters of importance will be discussed and all members are urged to be in attendance.

WEAR A POPPY MEMORIAL DAY

SEVEN DAIRIES PASS GRADE "A"

The Pitt County Department of Health this morning reported that the following dairies had passed the Grade "A" inspection:

Harvey's Dairy, Copeland Dairy, Horne's Dairy, Flanagan Dairy, Ross Dairy, Blount Dairy and Riverside Dairy.

PROFESSIONAL CHIMNEY SWEEP IN GREENVILLE

James Bryant, colored, professional chimney sweep, has begun a campaign of chimney sweeping in Greenville. He stated yesterday afternoon that he found local chimneys badly in need of cleaning, and urged attention to this matter to eliminate danger of loss by fire.

TWO PLATE GLASS WINDOWS DEMOLISHED YESTERDAY

A plate glass window at the store of McKay's was demolished yesterday afternoon when an automobile bumped into a piece of scantling protecting new pavement in front of an adjoining building. The damage is estimated at \$110.

RENEW YOUR HEALTH BY PURIFICATION

Any physician will tell you that "Perfect Purification of the System is Nature's Foundation of Perfect Health." Why not rid yourself of chronic ailments that are undermining your vitality? Purify your entire system by taking a thorough course of Calotabs, —once or twice a week for several weeks—and see how Nature rewards you with health.

POPPY SALES TO BEGIN IN THIS CITY TOMORROW

Poppies made by disabled ex-service men will be sold by members of the Woman's Auxiliary of the American Legion in this city tomorrow and national Memorial Day, Monday.

Money derived from these sales go to disabled ex-service men. Two thousand poppies have been received by the auxiliary and it is hoped that every one will be disposed of during the two days the sales are in progress.

Reflector To Put On Go To Church Campaign

Recognizing the great need for a well planned and concerted effort to increase church attendance and build up interest in church work, the Reflector plans to inaugurate a city-wide Church Campaign, to be supported by the influence of well-known Greenville business men.

Go to church campaigns are now under way in many North Carolina towns, and the movement is becoming State-wide.

The campaigns will take the form of a weekly section devoted to the churches, the feature of which will be an editorial on church work. A church directory, giving hours of service and subject of sermons, with general church news and reports will serve as a constant reminder to attend church regularly. A section will also be devoted to the names and addresses of the business men supporting and endorsing the campaign.

It is realized that a great spiritual need is filled by the churches, and that in consequence a church-attending community is most liable to be a contented community.

All Greenville churches will be included in the movement, which will extend over a period of time. The key-slogan of the campaign will be "Let's Go To Church" and that of course, means regularly.

The first section will appear shortly! Watch for it.

CHARLOTTE BUSINESS MAN PASSED AWAY YESTERDAY

Charlotte, May 27.—(AP)—Funeral services for W. B. Hamilton, 57, widely known business man, who died here yesterday, was held at his home here today. He had been in declining health for about two years.

FRANK PAGE ATTENDS HIGHWAY CONFERENCE

Raleigh, May 27.—(AP)—Frank Page, chairman of the State Highway Commission, has left for Chicago to attend a meeting of the American Association of Highway Officials. Mr. Page, a past president of the organization, is now a director.

LAWYER DEAD

Chicago, May 27.—(AP)—Charles E. Erbstein, widely known attorney in criminal cases, died today at his home here. He had been ill since April 15 and pneumonia developed. He was about 50 years old.

Steamship Malolo Towed to New York

New York, May 28.—(AP)—The new Matsun liner Malolo, crippled in a collision with a freighter off Nantucket lightship on the first day of her trial cruise today was being slowly towed to New York by tugs.

The \$7,000,000 pride of the Merchant Marine, with approximately 150 persons aboard, labored on its journey to port while coast guard destroyers steamed about the neighborhood ready to transfer passengers and crew should need arise.

A hole was torn in one side of the liner and its boiler rooms were flooded in a collision with the Norwegian freighter Jacob Christensen in a heavy fog late Wednesday fifteen miles off Nantucket lightship. The size of the Malolo, a 32,000 ton vessel, made towing difficult. The liner is not expected to reach New York until tomorrow or Sunday.

Renew Your Health By Purification

Any physician will tell you that "Perfect Purification of the System is Nature's Foundation of Perfect Health." Why not rid yourself of chronic ailments that are undermining your vitality? Purify your entire system by taking a thorough course of Calotabs, —once or twice a week for several weeks—and see how Nature rewards you with health.

Calotabs are the greatest of all system purifiers. Get a family package with full directions. Only 35 cts. at drugstores. (Adv.)

LINDY MAKES FLIGHT OVER CITY OF PARIS

American Aviator Pays Homage To France's Unknown in Flight Over Tomb.

Paris, May 27.—(AP)—Captain Lindbergh flew over Paris in a French plane for more than an hour this morning. During the flight he paid homage to France's Unknown Soldier, flying over the tomb in the Arc De Triomphe in graceful curves and descending at one time to within about 150 feet of the hallowed spot.

When he returned to the airport at Le Bourget after his flight over Paris, Captain Lindbergh went through a series of aerial acrobatics that delighted military aviators gathered to watch him. One of the stunts was a sham aerial battle with a plane piloted by Sergeant De Troyat, who had followed him on his flight.

The flight was carried out without the knowledge of the general public and few who saw the plane over Paris guessed that the hero was once more in his favorite element. The plane he flew was one of the newest models XA-350, a powerful military scout plane. It was the first time Lindbergh had flown in this type of plane, yet he made a perfect ascent and landing, winning the admiration of every one who watched him at the controls.

After landing he went to his own "bus" to make a careful inspection and give some suggestions to the mechanics getting it in shape for tomorrow's air trip to Brussels.

LINDBERGH ARRIVES IN ROCKY MOUNT ON THE STORK SPECIAL

Rocky Mount, May 26.—(AP)—Students at the Edgemont high school here have a new reason and added interest today in asking "How's Lindbergh?" That reason is the latest addition to the family of Thomas Stiff colored janitor at the high school, who arrived in the household of the day that the young American aviator landed in Paris.

Thomas consulted Supt. R. M. Wilson, of the city school system about naming his latest offspring

Dry Weather Is Causing Wilted Potato Leaves

Raleigh, May 27.—(AP)—Dry weather is causing the pronounced yellowing and wilting of potato leaves rather than disease, as growers had thought, G. W. Fant, of the plant disease division of State College, Raleigh, says.

Mr. Fant today completed a careful inspection of the affected territory south of Goldsboro.

The plant specialist was called to Goldsboro by County Agent A. K. Robertson upon request of a number of prominent truck growers of the Mt. Olive section. They requested the visit after a pronounced yellowing and dying of leaves over wide fields of early potatoes.

Advice from Mr. Olive today were to the effect that the dry spell in that section has assumed serious proportions and that unless there is a rain shortly, potato and bean crops will be a complete failure. The following summation of the conditions about Mt. Olive was issued:

"The potato crop in Wayne and other Eastern counties is suffering from a rather severe drought as noted from the general appearance of plants and fields in several localities.

"The pronounced yellowing and dying of leaves, upon making its first appearance, was thought by growers in several instances to result from disease, because of the uncommon occurrence of this condition at this time. Within the past few days, however, the condition has become general. Careful examination of many plants showing pronounced yellowing failed to indicate that the condition was the direct result of disease.

"It is very probable that the yellowing and wilting of plants has resulted from a moisture supply insufficient to properly maintain and nourish the leaves and stems formed earlier in the season."

and after this consultation "Charles Lindbergh Stiff" was the name filled in on the blank which was turned in at the office of the local registrar of vital statistics.

"Mr. Wilson named him," said Thomas today, all grins, "and so he had the honor of writing his name, Charles Lindbergh Stiff, on the blank which went to the Bureau of Vital Statistics."

IRISH PLAYERS BRINGING UNIQUE FOOTBALL TO U. S.

New York (AP)—The Kerry footballers who will tour the United States during the next few weeks have a unique style of playing football.

It has much of the snap of American baseball and allows of handling the ball as under the Rugby code. Dick Fitzgerald of Kerry, captain of the team on its American tour which hopes to see the seed which will bring forth an international competition in which America, Ireland and Australia will participate.

The game is fast and necessitates quick thinking as well as speed.

CONFERENCE OF MINERS MAY END

Philadelphia, May 27.—(AP)—Failure to reach a basis for an agreement at this time is expected to result this afternoon in an adjournment of the joint wage conference of the central Pennsylvania bituminous coal miners and operators which has been in session here this week.

LONDON TO OLYMPIA BY AIRPLANE JITNEY

Amsterdam.—An airplane jitney service for quick trips between London and Amsterdam during the Olympic games next year has been arranged by the British Olympic and the Amateur Athletic Associations. The quick transport to Holland will be used in emergencies by officials and participants.

British athletes will be accommodated at a first class hotel in preference to the original idea of housing them on a steamship. Owing to the shortage of hotel rooms, however, the Germans plan to live in ships, as do some of the representatives of other nations.

WILKINS HOPES TO HOP OFF TODAY

Fairbanks, Alaska, May 27.—(AP)—Captain George H. Wilkins' Point Barrow was postponed when the plane refused to rise off the ground with an 1,800 pound load. He hoped to hop off today. From Point Barrow the explorer plans to fly across the Arctic to Grant's Land on Greenland.

666 is a Prescription for Malaria, Chills and Fever, Dengue or Bilious Fever. It kills the germs.

—and the Worst is Yet to Come

TIME TO BEGIN
 July 1 is the date on which the vehicle light law passed by the last session of the Legislature will go into effect, and it is time persons who operate animal drawn vehicles at night were giving the matter their attention to be in readiness when the law takes effect. The law is a good one and has long been needed throughout the State, and officers have been instructed to see to it that it is enforced after July 1.

The wise persons who want to play safe will go ahead now and provide for lights on his vehicles.

That the youth of this county is not devoting all its spare time to "running wild" is evidenced by the announcement that many are devoting a portion of their time to wholesome reading. 1,050 reading circle certificates have been presented to pupils of the various schools of the county.

Seven local dairies received Grade A rating in the last inspection, according to announcement by the Health Department. Since the dairies have been brought under the supervision of the health department great progress along the line of more sanitary methods and purer milk has been made in this county.

WILL WE HAVE A SWIMMING POOL?

Since our recent editorial expressing the need of a suitable swimming place for the children of this city, comments we have received from various prominent persons indicate that many of our citizens too realize that some steps should be taken immediately to provide a place for the children to enjoy the wholesome sport of swimming.

On hot summer days it is natural that every boy wants to swim, and if there is no place for him to do so, he is going to find a place somewhere. This practice on the part of the small boy each year costs several lives, and it is time that steps were taken to prevent such losses. The city governments in other places have provided public swimming pools and there are many of our citizens who feel that like action should be taken here. Indications now point to concerted action on the part of some of the citizens to get behind a movement for a swimming pool here, and it is to be hoped that their efforts will meet with success. Greenville has long needed a place where its children can enjoy themselves without being surrounded by all kinds of hazards.

BUY A POPPY

Tomorrow and Monday members of the Auxiliary of the American Legion will sell poppies here. The proceeds from the sale of these poppies goes to the disabled veterans while the wearing of the poppies is in memory and honor of those who gave their lives in the great war. Be sure that you buy a poppy and wear it.

Flashes of Life

New York—Lindbergh and Tilden are regarded as sobriety sermons by Arthur J. Davis, superintendent of the state anti-saloon league. He writes that the perfect machine of Lindbergh's brain "had never been slowed down or marred by the poison of alcohol" and Tilden has popularized the Tilden cocktail, consisting of a large bottle of mineral water.

Hoy Lake—The Haley Comet of golf—Edwin H. Haley of New York who beat Cyril Tolley, regards himself as lucky. "I had to sink a four footer to beat Tolley" he explains, "and there were at least five holes dancing before me. I was lucky enough to pick the right one."

Atlantic City—Riches restrict Women's mating instinct, in the opinion of Dr. Golwin W. Howlan of Toronto. He described to the American Neurological association results of a questionnaire to men and women asking what they would do if they were worth \$200,000. Not one woman mentioned marriage. Dr. Howlan concluded they did not react pleasantly to the prospect of men living on their wealth.

New York—Mrs Ernestine Schumann-Heink, who has earned a fortune with her voice, wishes to keep

on singing until she has at least one great grandchild. She said so on leaving to attend the marriage of a granddaughter in Leipzig.

New York—A messenger boy's smoke cost \$13,000. An eighteen year old youth, carrying a bag of securities for Newbor and Company, brokers, took it with him to lunch at a self service restaurant. He met a messenger friend and they went out to Battery Park to puff and watch the ships go by. Then they noted the bag was missing. A surety company has paid up.

Hollywood, Calif.—Al Jolson, who testified in recent litigation in New York that he regarded movies of himself as rotten, seems to have changed his mind. He has signed up to star in a screen story of his own life.

Boll Weevils Are Emerging From Hibernation Now

Raleigh, May 26.—(AP)—Boll weevils in North Carolina survived the past winter in much better shape than the previous winter and are emerging from their hibernation in greater quantities, according to reports made to the U. S. Dept. of Agriculture by Dr. R. W. Leiby, of the State Department of Agriculture. Dr. Leiby reported 2.10 per cent of the weevils placed in a cage at Aberdeen as up and about prior to May 1, 1927, as against a percentage of only .45 prior to May 1, 1926. At Rocky Mount .35 per cent as

against .02 per cent had emerged. This is considered as indicative of much greater weevil damage to the Tar Heel cotton crop than last year.

Teapot Tempest Brewing in Raleigh

Raleigh, May 26.—(AP)—Another teapot tempest between the Budget Bureau and the Buildings and Grounds Committee was brewing in State Departmental circles today as W. N. Everett, Secretary of State, and members of the Buildings and Grounds Committee, questioned the employment of R. L. Maxey, senior accounting clerk by the Budget Bureau.

Mr. Maxey is being paid \$150 per month, half of which is charged to the Budget Bureau and half to the Buildings and Grounds Committee but Mr. Everett declares if the Buildings and Grounds Committee authorized the employment of the accountant that he never heard of it. He signed the accountant's pay voucher "under protest."

According to attaches of the salary and wage commission Maxey is being paid \$75 per month from funds of the Buildings and Grounds Committee because he does the bookkeeping work of that agency.

Baxter Durham, State Auditor said that he had this bookkeeping work done in his department for quite awhile and that it should amount to no more than 30 minutes work a day on an average. Both he and Mr. Everett are of the opinion that the amount charged against the Buildings and Grounds Committee is very excessive.

Mr. Everett said he would refer to the minutes of the Buildings and Grounds Committee to see if the employment of Maxey had been authorized. These records were not available for inspection today, Charles England, Secretary of Governor McLean and keeper of the minutes, said.

State Solidly Behind Forest Project Today

Raleigh, May 26.—(AP)—North Carolina is solidly behind the reforestation movement, promoted by the American Tree Association, Governor McLean told Charles L. Pack, Lakewood, N. J., today.

The Governor, in a letter to Mr. Pack, reviewed the State's interest movements for acquisition of national forests on the headquarters of streams for protective purposes

and recited that the manufacture of timber products was the State's third largest industry.

"Not only is some four million acres of our Appalachian section drained into the Mississippi River but in our mountain and Piedmont regions lie the headwaters of many of the largest and most important Rivers of the South," he said.

Mr. Pack had written the Governor enlisting aid in the reforestation movement through legislative action. Pack said the Mississippi flood was due to lack of forests at the headquarters.

SPECIAL NOTICE FOR Listing Taxes

Notice is hereby given to all persons in this township required to list Property or Poll for Taxation, must list their Taxes during the month of May. I can be found at the time and place mentioned below for the purpose of receiving their list:

Court House in the Grand Jury Room from 8 A. M. to 5 P. M., Beginning May 3rd and ending May 31st.

And after the above dates the Tax List for this Township will be closed. Attention is also called to the fact, that

Failing to List Will Result in You Being DOUBLE TAXED.

You are required by law to meet the List Taker at the above named places and dates, and list all real and personal property. All Farmers must come prepared to list the number of acres of each kind of crops, including Fruit Trees and Truck, as required by an act of the last General Assembly. This is for statistical purposes and not for taxation. Please do not fail to see me before expiration of above dates. Positive no extension of time will be given.

Respectfully,
H. S. RAGSDALE, List-Taker

SPRAYED RUBBER WEB CORD FLAT BAND METHOD
 BUY WHERE YOU SEE THIS SIGN
United States Tires
 Sales & Service Depot

Q. How does the Flat Band Method build longer wear into United States Tires?
 A. The Flat Band Method, invented and patented by the United States Rubber Company, puts longer wear into a tire because it is the most precise method of tire building ever developed. It is comparable to the exact engineering practice of bridge design and construction. Just as the position, length and load of each cable in a bridge are calculated and fixed in advance, so with the cords in a United States Tire. By the Flat Band Method the plies are laid without tension. The length of each cord is precisely right. The relation of the cords, one to another, is exact. The result is a tire in which uniform tension and strength of every cord are assured. The load is equalized all around. Longer wear follows.

CASH GRAIN
Chicago, May 27.—(AP)—Wheat No. 1 Red 1.52 1-4; No. 2 hard 1.50 to 1.54. Corn No. 3 mixed 92.3-4; No. 2 yellow 96 Oats No. 2 white 52 to 53; No. 3 white 49 to 51.1-2. Rye not quoted. Barley 92 to 96 Timothy 4.00 to 5.25. Clover seed 25.00 to 34.00.

SUGAR
New York, May 27.—(AP)—Sugar unchanged.

STOCK MARKET
New York, May 27.—(AP)—Pre-holiday readjustment of speculative accounts imparted some irregularity to today's stock market, but the main trend continued upward. Impressive demonstrations of growth strength were given by the rails, public utilities and chemicals. Nearly two score specials were marked up to record high levels, mostly under sponsorship of pools which appeared to be plentifully supplied with funds.

PITT HAS NO RANK AT ALL IN EDUCATION

Present Plan of Consolidation Gives Hope of Improvement

Having a total taxable wealth of \$50,222,423 and ranking first among fifty other counties of the United States in agricultural wealth, Pitt County has no rank at all in educational way, according to information made public this morning by the Pitt County Department of Education. It is hoped, however, that an improvement in the situation will occur in a short while through a plan of consolidation now in progress in the various districts of the county.

The department is of the opinion that Pitt will not long remain in the background of the educational field when consolidation of all schools has been completed. Taxable wealth of the district is far superior to that of other parts of the county with a recognized system of schools, and those interested in educational development here feel confident that a favorable change is pending.

There are at present fifty-one schools in the county but the Board of Education believes that a more efficient system will exist when these schools have been consolidated into fourteen. Each township of the county will have a large consolidated school with modern equipment under this plan.

The board regards the small school as not only inefficient in instruction but wasteful in money. It is uneconomical in that one child out of every five in the small school repeats its grade. "A standard elementary and a standard high school for each township in the county," is the slogan of the board at this time.

Consolidation work has been carried forward rapidly in some sections of the county, but in some districts there is considerable work yet to be done. Consolidation has been completed in Fountain, Farmville, Falkland, Belvoir and Bethel townships. Work has almost been completed in Winterville and Arthur.

Improved school work and consolidation has been going forward in a commendable way in Ayden, Crifton, Pactolus and Stokes communities. School officials are being aided in every way possible by the citizenship of these sections and next year is expected to see greater strides forward than ever before.

Reorganization and improved school work is needed badly in Chitwood and Greenville townships. It was stated, Greenville township has a taxable wealth of \$14,873,516 has a total of eight schools under supervision of the Department of Education. Five of these schools have only one teacher. Chitwood with a taxable wealth of \$4,065,895 has twelve schools, four of them being one teacher institutions.

There is only one school building in each of the five districts where consolidation has been completed but these are large enough to care for continued growth for some time to come. The children from a distance are conveyed to the schools in comfortable automobile trucks. The trucks are operated on regular schedule and seldom cause demoralization of classroom work.

The Pitt County Board of Education is highly gratified at the splendid progress which has been made during the past two or three years. They realize the necessity of improved school movement and are doing everything possible to assist officers of the department in making the present program effective.

The board is composed of W. H. Woolard, chairman, Greenville; L. C. Arthur, Greenville; M. C. Blount, Bethel; J. T. Thorne, Farmville; T. T. Gardner, Crifton.

The office force of the department consist of R. C. Fitzgerald, superintendent; Miss Myrtle Broadus, rural supervisor; Mrs. A. W. Harris, bookkeeper; Mrs. James Patterson, secretary.

Seek Return Of Federal Prisoner For Use as Witness

Fayetteville, May 26.—(AP)—A writ seeking to bring C. H. Savage, now serving a term in the Atlanta Federal prison here as a witness in the trial of K. O. Boone and Mrs. May Belle Phillips, charged with the murder of Frank McLaughlin, has been issued by the Cumberland Circuit Court. The case will come up at the trial of the pair here during the week of June 6.

Prosecuting officials did not announce what was wanted with Savage in connection with the case. Boone and Mrs. Phillips are accused of having taken McLaughlin to a grove near here and killed him after Boone had seriously injured the man in a fight. The killing is alleged to have occurred after McLaughlin had lain on an unconscious for a day or two.

NOTED ACTOR TAKEN SERIOUSLY SICK

Portland, Ore., May 27.—(AP)—John Drew, actor, was ordered by his physicians to abandon a theatrical engagement here last night as the result of an attack of illness. He is being rushed to San Francisco under the care of a physician for treatment. His illness was diagnosed as arthritis.

FRANK TAYLOR REMOVED TO PITT COUNTY JAIL

Frank Taylor, white man, injured in a shooting affair at Red Banks last Sunday afternoon, was removed from the local hospital to quarters in the Pitt county jail this afternoon.

The coroner's jury investigating the death of John Little, colored man, who died a few hours after injuries alleged to have been inflicted by Taylor with a gun, yesterday recommended that Taylor be held for safe keeping for his appearance at the next term of criminal court.

DRAWS THIRTY YEARS FOR KILLING WIFE

Statesville, N. C., May 26.—(AP)—John R. Recte, 62, today was under sentence of 30 years in the state prison at hard-labor for killing his wife, Dela, 29, here on February 7. Sentence was passed yesterday after a second degree murder plea was accepted by the State when Dr. John Campbell, of the State hospital for the insane, and other physicians told court officials that Recte was mentally and physically unfit to face the first degree murder charge.

Physicians said that Recte could not live five year due to organic troubles. Jane Gibson, negro woman, was acquitted of a first degree murder charge for killing Elard Brown on April 11. She pleaded self defense and the court directed a verdict of acquittal. She pleaded guilty to carrying a concealed weapon and was fined \$50.

MIXED HISTORY

Raleigh, May 27.—(AP)—Durham is the nation's capital and Congressman Charlie Abernethy is President.

an alien applying for citizenship papers here tells Judge M. H. in Federal Court.

SEARCH FOR FAUCETTE BECOMES STATEWIDE

Durham, N. C., May 27.—(AP)—Search for Tom Edgar, a supposed son of Mr. and Mrs. Hugh Faucette, of Orange County, today became State-wide after a fruitless effort to track him up for a possible suicide had failed.

The youth has been missing from home since Tuesday of last week, leaving after a quarrel and threats to end his life, the parents said. Reports reaching the parents later said the boy had been riding up an automobile ride near Durham county line and later that he was seen riding with a companion as far as Morrisville.

U. S. AIRMAN IS FETTERED AT PARIS TODAY

(Continued From Page One) turn to Europe at some future time when he can go about as an ordinary citizen.

"Do you still hope to come back to Europe and see it calmly, just as you had intended when you left America?" he was asked.

"I not only hope to, but I am going to," he said. Captain Lindbergh captured a few hundred thousand more hearts during his triumphant procession yesterday through the streets of the capital, which was brought to a climax with one of the greatest receptions a private citizen has ever had in France.

Although only a few thousands have heard his words, he possesses a personal magnetism given to individuals, and this, like his compass, enables him to steer a true course to the affections of all who come, however remotely, within the range of his pleasing presence. It is no exaggeration to say that he is still the principal topic among all classes. Frenchmen never seem to tire of discussing his feat, his attractive appearance, his tact, resourcefulness, his modesty.

Weary from the strain of what was his hardest day since reaching Paris, Captain Lindbergh withdrew as early as he could last night from the hospitable table of Sheldon Whitehouse, counsellor of the American Embassy. He went straight to bed to dream perhaps of the great system of trans-continental and trans-ocean air lines of which it is his ambition to be the creator.

Lindbergh, arriving for the Pan-Am luncheon, wore another new Paris-made suit of dark hue with a faintly perceptible stripe of blue.

Among the distinguished guests when the War Minister had assembled to honor the aviator were General Gouraud, Marshal Foch and most of the French General staff, all in full uniform. Brigadier Gen. William W. Harts, military attaché to the American Embassy, and Major Barton K. Yount, Assistant military attaché, also in full dress uniform; Gen. John J. Pershing in a cut-away coat and "foreign" of "flee" trousers, with the Legion of Honor ribbon in his buttonhole; Gaston Menier, head of the avia-

tion group in the Senate, and Gen. Gouraud, president of the similar group in the Chamber.

Captain Georges Pelletier Dolsy, the famous French flier, also was present with cabinet ministers Barthou, Tardieu and Kokarowski, and M. Laurent-Eynac, former under-secretary of state for aviation.

Outside was the only member of the "I-knew-him-when" club known to be in Paris. He is Simon Warolin, a photographer, of Little Falls, Minn., who has known Lindbergh since the age of 3 when his family bought land from the flier's father.

TODAY

(Continued from page one) eyed Irish woman." Co his father's side Lindbergh is of Swedish origin.

Enthusiastic Mr. Bannon should not forget that Swedes also are fighters. The world never saw a greater fighter than Charles the Twelfth of Sweden, who with 12,000 men marched through the armies of Peter the Great with ease, causing Peter to remark, "My brother Charles is teaching me the art of war." Gustavus Adolphus is another Swede with fighting qualities worthy of Mr. Bannon's attention.

Professor Nash, teacher of physical education in New York University, justly criticizes violent exercise for young girls.

To permit competitions for girls to hurdle races, high jumping, broad jumping, etc., is a crime against the girls now, and against the future generation.

In Crete, young girls with tight metal belts around their 16-inch waists, were sent into the arena to tame wild bulls by the horns and jump over their backs, or die if

they failed. But that was many centuries ago. Men should know better by this time.

Girls were not made to JUMP. They were made for motherhood, and should be taught to respect and protect their complicated machinery.

Dr. Fosdick, clergyman of Park Avenue Baptist Church, says Zionists, in Palestine, must modify their Zionism or, says he: "I will stake my reputation the prediction that it will end in one of the sorriest tragedies of all Jewish history."

Dr. Fosdick says the Jews are too "extreme in their nationalism." The doctor is worried also because Palestine is "an unpromising looking place for modern agriculture," and "many Zionists are taking up agriculture for the first time in their lives."

Jews will remind Dr. Fosdick that they were interested in agriculture many centuries before the Anglo-Saxon race had got over the habit of living on uncooked meat.

Palestine is not the beautifully fertile land that it was 1900 years ago, and Jews seeking to reestablish the Jewish home land have difficult problems. They are not helped by discouraging criticism.

To talk, in these days, of heroes "to fame unknown" or "unsung," seems old-fashioned, on the "bro-mide" order. But an old fashioned poet like Gray, or Wadsworth, might find something to say about the dead miners of West Virginia, that wrote farewell messages on their dinner pails before the gas or the "damp" killed them.

One man wrote: "At peace with God," and asked his wife to "tell father I was saved." A father wrote: "Love to the kids." That also is a sort of heroism, though not equal to flying across the ocean

at one hop.

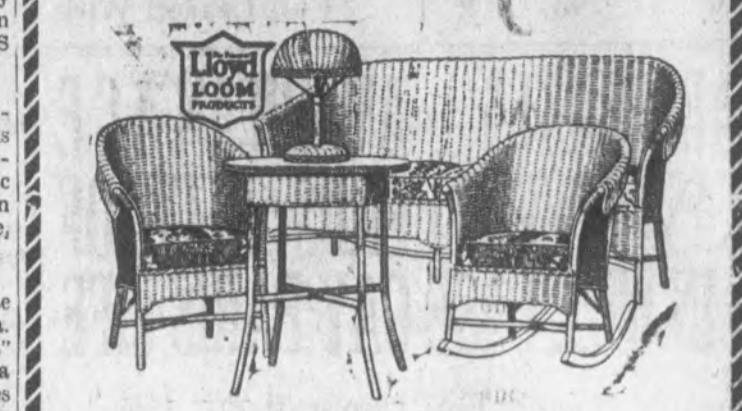

A reserve officer, teaching flying, and a young student of aviation were killed at Clover Field in California yesterday. The wings collapsed as the plane came out of a "loop," following a number of stunts.

It should be somebody's business in California, and every other state to forbid foolish and often deadly "stunt" flying. Men need to fly in the air not TURN SOMERSAULTS in the air.

The Bolshevik government, taking the bull by the horns, forbids all Russian trade with Great Britain. Thus, in cutting off diplomatic relations with Russia, the Baldwin government has also cut off trade, which was not intended.

The French may also terminate diplomatic relations with Russia. "Too much Bolshevik propaganda" is the complaint against Russia everywhere. Besides, Russia does not pay back money borrowed by the Czars, and by Kerensky in his brief hour of power.

RED PEPPER HEAT ENDS RHEUMATISM

Red Pepper Rub takes the "ouch" from sore, stiff, aching joints. It cannot hurt you, and it certainly stops that old rheumatism torture at once.

When you are suffering so you can hardly get around, just try Red Pepper Rub and you will have the quickest relief known. Nothing has such concentrated, penetrating heat as red peppers. Just as soon as you apply Red Pepper Rub you will feel the tingling heat. In three minutes it warms the sore spot through and through. Pain and soreness are gone. Ask any good druggist for a jar of Rowles Red Pepper Rub. Be sure to get the genuine, with the name Rowles on each package.

Salesman For Face Cream Learns a Good Lesson Mr. Vandivier, New York, writes: "I was a salesman of creams for healing pimples, blemishes, etc., but when my face broke out with blotches, pimples and blackheads, I tried one after another with no results. I found it as impossible to scrub my face as a bald-headed man finds selling hair tonic. Finally I decided I would have to get at the cause—constipation. I was amazed to find that within a few days after taking CARTER'S LITTLE LIVER PILLS my skin took on a new healthful look." Druggists, 25c and 75c red packages. Try to-night—To-morrow refreshed. CARTER'S LITTLE LIVER PILLS

The "Topsfield" Suite

BERKEY AND GAY BED ROOM FURNITURE

Our Pilgrim Fathers lived stark lives. It seems, indeed, that their love of beauty was limited to the forms of furniture they shaped. The lines of these have become classic; and this "Topsfield" Suite owes its inspiration to some of the most beautiful Colonial furniture which early American craftsmanship produced. And to this ancient heritage Berkey & Gay designers have added modern convenience and comfort.

The features of design which sharpen the suite's distinctiveness are essentially Colonial unmistakably American in conception. The maple turnings which frame the foot-boards of curly maple, the wood composing board drawer surfaces; head boards—aprons and smaller drawers of hand-matched walnut; and the graceful bird's eye maple adornments—all insist toward the embodiment of Eighteenth Century American Spirit. The cabinet pieces, tops and sides are shaped from straight grained walnut simple in its figurings. Dainty floral groups, painted by hand in delicate colors, carry the "Topsfields" decorative motif. Genuine American gumwood and birch, notable for their strength, hold the beauty and striking outline of legs and stretchers. All-board surfaces are of a laminated veneered structure which assures beautiful wood figurings and gives the best known construction to prevent warping or pulling out of shape.

Not only durability of fine workmanship, but also features of refinement are found in these pieces. All drawers are of mahogany with three-ply bottoms to prevent warping; they are dust-proof, carefully finished to obviate the soiling of linens, and hand-fitted to assure easy gliding.

Chiffonier, bureau and toilet table drawers are equipped with partitioned mahogany trays for pins and jewelry. The toilet table, in addition is fitted with a sliding plate glass tray for assistance in the toilette.

The "Topsfield" luxurious brown cast, of autumnal tone, achieved by a hand method, brings out strikingly the native beauty and grace of the wood figurings. Turnings and beadings strikingly individual in their character, have been accentuated in their grace by hand shading and high lighting.
