WARD MAKES LAST SPEECH IN WILL CASE

Final Argument For Caveators in Brown Case Completed Today

Washington, N. C., May 28.—(AP)—Summing up all of his fast winning strength in one last dramatic effort to convince the jury in the Brown will case that what purports to be the last will and testament of the late Jurist should not stand, H. S. Ward of the counsel for the caveators closed the argument in the case at noon today.

"God knows there is something about it, God knows there is something wrong about it and God knows it ought not to stand Mr. Ward said in closing sentence of his speech before the jury. He spoke for four and a half hours.

Judge Daniels' charge to the jury was delivered this afternoon and an early verdict was expected to be returned.

Mr. Ward in his speech to the jury attacked the widow's stand in the case and especially her belligerent attitude toward those who are trying to set the will aside.

He admitted that Judge Brown was an able lawyer and great Judge but said that even his brilliant career was eclipsed by that of Charles F. Warren, Kinsman of Congressmen Lindsey Warren, Judge Shepard and others, who he said were just as deserving of memorials of statues as was the late Judge Brown. Mr. Ward also subtly attacked the testimony of Dr. David T. Taylor.

FLOODS FIND RADIO AMATEURS SERVING

Chicago.—(AP)—Like phantom sentinels on a wilderness, amateur radio operators of the Mississippi valley have guided hundreds from isolated regions to help and safety during the floods.

Reports from member to the American Radio Relay League tell the story of how many a youth in his teens sat at his transmitter, when the waters rose, communicating with the outside world after telephone and telegraph wires had been swept away and all other contacts lost.

Sending messages to health workers, obtaining medical advice for the sick, ordering food and supplies and giving out flood warnings, the amateurs proved themselves invaluable through the valley's travail.

E. C. Crossett, Chicago lumberman, kept in touch with his business interests in Crossett, Ark., through an amateur station of his own there and another operated by L. Arnold. When the flood came these stations got word to Crossett that outboard motors were needed for rescue boats and that feed for cattle was in urgent demand. He rushed the motors and feed at once.

Julian C. Class, St. Louis amateur, had been maintaining a daily schedule of communication with H. L. Tref, Cleveland, Miss., youth. Floods came to the Mississippi town and Tref established contact with the outside world through Class, sat for hours at his transmitter, sending and receiving orders for aid and messages to and from anxious relatives of flood-bound families. Not until a levee at Scott, Miss., collapsed and sent a new sheet of water across Cleveland did Tref quit his post to save his own life.

MRS. DODGE GRANTED DIVORCE AT DETROIT

Detroit, May 28.—(AP)—Mrs. Knowlton Dodge yesterday was granted a divorce from Horace Dodge, Jr., son of the late multimillionaire auto manufacturer in circuit court here. The decree however will not become final until next week when presiding Judge Vincent M. Brennan will enter it in the court records.

Mrs. Dodge charged cruelty.

Americans Told To Concentrate Around Tientsin

London, May 28.—(AP)—Americans in the Tientsin consular district, embracing Peking and Chihli, Shansi and Honan Provinces, the Shanghai correspondent of the Daily Express says, have been notified to be ready to concentrate at Tientsin at a moment's notice. They number 2,000, including women and children.

Anxiety over the situation is reported by the correspondent to be growing.

AMERICAN ACE ENDS WEEK OF GAY PARIS LIFE

Unparalleled Honors Heaped Upon Lindbergh by The French Populace.

Paris, May 28.—(AP)—Paris today said au revoir to Captain Lindbergh.

There was a great roar of voices, shrill tooting of whistles and honking of horns as the birdman, swooping down in a great circle from Le Bourget flying field, passing over the Arc De Triomphe and the Place De La Concorde, circled the Eiffel Tower, and then headed straight north for Brussels, Belgium, and new triumphs.

After a week of adulation such as no foreigner had ever been given before in France, the young American temporarily quitted French soil when the wheels of his monoplane left the runway at Le Bourget field at 12:49 p. m.

The precautions taken against accident at the field kept the crowd to a minimum there but in Paris every open space was jammed with people eager for a sight of Lindbergh in flight. They gave him a vocal farewell that seemed to come from every heart.

Lindbergh had his own way of saying au revoir. He circled over the Arc De Triomphe in homage to the unknown pilot and then, flying at an altitude of only 200 yards or so, went twice around the Eiffel Tower.

The Chamber of Deputies next drew him. Then he headed straight for the Place De La Concorde, filled with an excited throng that shouted, cheered and wept as he passed over.

Just as his plane topped the huge needle in the center of the space he dropped his last message.

"Goodbye Paris," it said. "You have been good to me. Goodbye."

There was a wild scramble for the precious bit of paper, and the first to reach it was an American. Then there was another scramble, to take it from him and the gentlemen had to interfere. While they were straightening out the tangle, somebody snatched the paper and disappeared in a taxicab, while the disappointed ones shouted maledictions after him.

Paris, May 28.—(AP)—Captain Charles A. Lindbergh today closed the most momentous week of his life.

A week ago he was winging his way over the Atlantic in his little monoplane, alone with his thoughts. He was confident he would reach the goal—Paris—but he did not know what was in store for him in the way of adulation.

Unparalleled honors have been heaped upon him this week. In

Two Youths Held On Grave Charge

Laurinburg, N. C., May 28.—(AP)—Clyde Norman and Merritt Everett, local youths, today were held in the county jail without bail on the charge of having attacked Mrs. Ollie Davis, 19 year old bride of six months, and Miss Alvah Hodges, 16 last Saturday. They were held on a capital charge after a hearing during which both young women told revolting details of an alleged crime that involved attacks by a crowd of eight men while the elder girl's husband was held prisoner.

The girls identified the prisoners as two of the crowd. The names of one of two of the others alleged to have been in the crowd have been given to officers but the girls could not identify all of their assailants.

The younger girl told on the witness stand how she eluded her assailants, obtained a pencil and paper from a negro cabin and jotted down the license number of the automobile in which her captors had come to the scene.

LINDBERGH OFFERED \$10,000 A DAY FOR 365 DAYS PERIOD

Los Angeles, May 28.—(AP)—Alexander Pantanges, president of a vaudeville circuit, today announced he had cabled Charles Lindbergh, trans-Atlantic flier, an offer of \$10,000 a day for 365 days.

He did not say whether the offer applied to both stage and film appearances or merely a vaudeville tour.

SUPPER CLUB TO MEET AT STOKES SOON

Interesting Program Arranged For Gathering of Prominent County Farmers.

An interesting program has been arranged for the County-wide Farmers' Supper Club meeting to be held at Stokes schoolhouse, Friday June 3, at eight o'clock. Supper for the affair will be served by the Woman's Club of Stokes.

This is the first of a series of suppers held by the County Board of Agriculture in various communities of the county for the purpose of bringing growers in closer contact with one another. The plan was decided upon at the last meeting of the organization held in this city, and is receiving the hearty co-operation of numbers of prominent growers.

An open discussion dealing with the county fair will be led by J. L. Woolen. Mr. Woolen is an authority on problems of this kind as they relate to Pitt county, and it is expected considerable information will be brought to bear upon the subject.

J. C. Galloway, of Grimesland, will lead a discussion pertaining to the Farmers Mutual Extension, an organization which tillers of the soil are greatly interested. R. L. Dudley will conduct an open discussion of the hog feeding campaign. John T. Thorne, of Farmville, will conduct a discussion of the kind of soybeans to grow in this territory.

The growing of broilers for the market will be discussed by G. H. Roebuck.

Ayden Man Fails To Recover Here In Damage Suit

M. E. Hart, of Ayden, executor of the estate of the late J. T. Hart, yesterday afternoon failed to recover in the \$25,000 damage suit against the Atlantic Coast Line Railroad Company which had occupied attention of Civil Court here for a period of nearly two days.

The case had been hanging fire here for nearly five years. In the first trial the jury failed to find any grounds for damages. An appeal was made to Supreme Court, and a new trial granted.

The case resulted from the death of J. T. Hart, of Ayden. A Coast Line train is alleged to have hit a cow and the body of the cow came in contact with Mr. Hart, and is said to have resulted in his death. The plaintiff was represented by Dunn, Everett and Prescott, while the defense was represented by Gaylord and Cooper.

Washington, May 28.—(AP)—The award of the Distinguished Flying Cross to Captain Charles A. Lindbergh, New York to Paris flier, was approved today by President Coolidge.

HOOVER TO GIVE ACCOUNT OF HIS FLOOD ACTIVITIES

New Orleans, May 28.—(AP)—Secretary of Commerce Hoover tonight will give an account of his stewardship of the Mississippi valley flood in a radio address to the nation.

Speaking over a forty station hook up from New Orleans, Mr. Hoover, who has directed the gigantic relief and rescue machine in the disaster will speak on "Flood Reconstruction" at 8:30 P. M. central standard time. He will leave New Orleans immediately after the address for Washington, but will return next week.

114 PERSONS PERISHED IN GREAT FLOOD

Statement of Number Of Dead Contained In Report of Director Of Relief.

New Orleans, May 28.—(AP)—One hundred and fourteen persons have lost their lives thus far in the Mississippi flood the American Red Cross reported today.

The report, made by Henry M. Baker, director of disaster relief, to James L. Fieser, vice chairman of the organization in charge of operations and to secretary Hoover, included no report or rumors of deaths, but only those verified by the organization.

The largest number of flood deaths occurred in Arkansas, where 59 died. Louisiana 9, Illinois two and Tennessee two. None was reported in Kentucky and Missouri. The report said some of the dead had not been identified.

RUSSIAN HEADQUARTERS CLOSED AT LONDON

London, May 28.—(AP)—A card announcing the "consulate general of the U. S. R. R. is closed" was posted today on the gates of Chatham House, Soviet Russia's diplomatic headquarters in London. None but privileged visitors were admitted to Chatham House today while its officials prepared to leave the country.

PREPARE FOR LAST BATTLE WITH FLOODS

Waters of Atchafalaya and Tensas Basins Begin Flooding Two Cities.

New Orleans, May 28.—(AP)—The levee fight was carried far inland today as citizens of the Grosse Tete section in the heart of the "sugar bowl" prepared for a battle to prevent invasion of their homes by flood waters which have broken through protecting ramparts repeatedly in their charge down the valley.

The region is along the border of West Baton Rouge and Iberville parishes, mid-way between the Mississippi and the Atchafalaya Rivers and about 20 miles from either stream. It is approximately 23 miles northwest of New Orleans on the opposite side of the Mississippi River.

Flood waters moving upon them from a breach in the westside embankment of the Atchafalaya River, more than 15 miles above them, caused citizens of the Grosse Tete sector to begin strengthening levees of the Bayou Grosse Tete in the hope that they may save their fields from the flood.

Seven thousand people live in the Grosse Tete section and the majority of them are staking their hopes on the effectiveness of the old levee along Bayou Grosse Tete. They still have from 4 to 5 days in which to strengthen the levee line before the water will be upon them.

Army officers, however, believe the fight would be futile, since the water is moving toward them from two directions, with the torrents sweeping through the McCrea crevasse along the Atchafalaya stream, already have covered Iberville Parish lawlands.

New Orleans, May 28.—(AP)—Man and river today prepared for what was believed to be the last great battle of the flood area as the waters of the Atchafalaya and Tensas basins moved down on New Iberia and Morgan City. Already these cities of 6,000 and 5,000 persons have been partially flooded and with the water rising an inch an hour it was thought that both would be totally under water in a matter of hours.

Morgan City, about 100 miles west of New Orleans, is at the mouth of the Atchafalaya. The crest of the flood in the Atchafalaya basin was thought to be in the Breaux Bridge section many miles up the river from Morgan city and still above Lafayette where the largest refugee camp of the section is located. But the first brush with the irresistible waters has already been fought out at its mouth and the waters have been

Youth Kills Another In Wrestling Match

Washington, N. C., May 28.—(AP)—Archie Leggett, Bear Grass section youth, was today under \$1,000 bond for his appearance in Superior Court to answer charges of murder in connection with the death of Coy Woolard, with whom it is alleged Leggett engaged in a fatal wrestling match.

J. Griffin, 16, State's chief witness, testified in recorder's court that he was the first to arrive on the death scene and that he pulled Leggett's hand from Woolard's throat.

Defense witnesses testified that Griffin was not present.

ONE KILLED IN WRECK OF BOMBING PLANE

Columbus, Ohio, May 28.—(AP)—One man was killed and another seriously injured when the Army bombing plane SLG-5 returning to its home station at Langley field from San Antonio, Texas, crashed near Reynoldsburg, Ten miles east of here, today. Private Yeager was killed. Lieut. D. M. Bridget, Pilot, was seriously injured.

The plane was destroyed. Three other occupants of the plane were not seriously injured. The plane lost a propeller, which caused it to crash. All the men except Private Yeager, whose first name none of his companions knew, were able to leave the disabled plane by a parachute. Yeager was unable to get away with them and crashed to earth with the plane.

The three other occupants of the plane were Major L. H. Brereton and Sergeants Clyde H. Taylor and Fred D. Miller.

National boundaries don't exist for flying machines that go over them and high finance that pays no attention to them.

All around this earth telephone wires are ringing while Britain and United States struggle for world wide telephone ownership for the proud privilege of giving the right number and collecting pay for it.

The London Daily Mail says this country "dreams of creating a United States world telephone monopoly."

The Mail is much annoyed because our cable telephone gentlemen have been buying companies in South America and elsewhere.

Once we shivered with terror at the idea of a business as big as a big country soon we shall have business as big as several big countries.

Some that like money for itself will feel they really have less money when they have smaller bills. Similarly many felt their lives had been shortened when Pope Gregory improved an erroneous calendar corrected it by taking out ten days in one year.

Protestant Germany was angry about that, and one clergyman pointed out that God had cursed "violent storms over all Germany during the very ten day that the Pope had taken out."

However Pope Gregory did good scientific work and shortened nobody's life. Secretary Mellon will save money and shorten nobody's dollar.

Deep Sea Diver Battles Octopus For Human Body

Port Townsend, Wash., May 28.—(AP)—A huge octopus, bearing in its tentacles the body of one of the men who went down on the tug Warren early Tuesday, gave up its human prize after an hour's battle fifty feet under water with A. E. Hook, a diver. Hook related his story here upon arriving with the body.

The diver was under water repairing a fish net, he said, when he sighted the devilish making his way along the bottom of the sound with the body in his tentacles.

Seizing a pike pole, Hook attacked the sea monster.

Minutes were on as the diver thrust and lunged at the octopus, which gave savage battle but grimly held to the body. Centering his thrusts on the middle section of the spider-like demon Hook literally cut his tentacle adversary to ribbons before the death struggle was ended.

The octopus sank back, apparently mortally wounded, and lay on the muddy bottom of the sound while Hook pried loose the tentacles from around the body.

The body was tentatively identified as that of H. Healey, cook on the sunken tug.

LINDBERGH FLIES OVER TO BELGIUM

Lands at Airdrome in Brussels This Afternoon Shortly After Three O'clock.

Brussels, Belgium, May 28.—(AP)—Captain Charles Lindbergh, America's trans-Atlantic aviator, landed at the Evere airdrome, Brussels, from Paris at 3:15 o'clock this afternoon.

His shining monoplane, the "Spirit of St. Louis" was sighted by the great throngs on the field at 3:12 o'clock. It began swooping downward a moment later to land amid a great storm of cheers.

He was escorted from the Franco-Belgian border by two Belgian army planes. Trailing him were several other planes which had acted as an escort from Paris.

Lindbergh gave an airman's greeting to the Belgian capital before landing. He circled about the city, while the ten other planes that came with him kept their formation above the flying field, waiting. Soon his silver ship shot through the center of the wide circle of escorting planes and came to rest on the field as gently as a bird.

The barriers were broken by the cheering and excited crowd, but the police checked the rush just as it seemed about to overwhelm the plane.

King Albert of the Belgians received Captain Lindbergh at the Royal Palace this afternoon, two hours after the trans-Atlantic aviator had arrived here from Paris.

It was a meeting of the Flying King with the King of Fliers, the Belgian Sovereign having spent many hours in the air.

Lindbergh was also introduced to Queen Elizabeth, herself an aviation enthusiast; the Duke and Duchess of Brabant (the latter formerly Princess Astrid of Sweden) and all the other members of the Royal household.

From the palace Captain Lindbergh went to the Aero Club of Belgium, where every flier who could be present was waiting to welcome him.

The gendarmes and police were overwhelmed by the crowd in the Place De Congress when Lindbergh, escorted by the American Charge D'Affaires arrived there to place a wreath on the tomb of the Unknown Soldier, at the foot of the gigantic war memorial column.

The patient watchers who had stood by while the airman was being received at the officers' mess at the airdrome and later at the American embassy, went wild when he appeared and braved horse hoofs, the carbine butts of the gendarmes, the batons of the police and the fists of the plainclothesmen to get near his car.

Lindbergh was finally extricated and was able to lay a handsome wreath on the monument, but by the time he returned to his automobile the police had their work to do all over again. There was a good five minute struggle with the seething crowd before he was able to proceed to the palace.

LARGE MONOPLANE PASSES OVER RALEIGH

Raleigh, May 28.—(AP)—A large Monoplane, believed to have been an Army machine, circled low over Raleigh Saturday morning, evidently lost in the murky weather and seeking a landmark or a landing place. After some minutes of these tactics it disappeared in the low hanging clouds.

It is believed locally to have been an Army plane from Fort Bragg on its way to the celebration marking the opening of the Airmail landing field at Friendship between Greensboro, High Point and Winston-Salem.

The 300 foot flame that raged for more than 40 hours to threaten this oil boom town was snuffed out last night with high explosives and a barrage of steam.

PIRATES TAKE NINTH GAME IN A STRETCH

(By The Associated Press.)
Treating the world champion Cardinals as disrespectfully as they did the New York Giants a few days ago, the Pittsburgh Pirates today had rolled up a winning streak of nine games and a good size lead in the National league.

The 1925 winners of the world crown threatened to make a clean sweep of their series with the Cardinals as they did with the Giants by knocking off the champions by 4 to 1 in a ten-inning set yesterday.

When world champions get together good ball games result and this latest meeting between the teams that won the crown in 1925 and 1926 was unusually close and well played.

In hitting the Pirates had the edge 15 to 13 and each team had to send three pitchers to the mound before it was over. The winning hit, a single, was made by Joe Bush, the last of the three Pirate hurlers, who won his own ball game 8 to 7 by scoring Harris in the tenth.

Meanwhile the Giants were taking a one-two on the chin from Brooklyn in the shape of a double defeat, 5 to 3 and 5 to 1. Dizzy Vance pitched the first and Jess Petty the second. The Chicago Cubs who share the first division with the Pirates, Giants and Cardinals, slung to the heels of the Buccaneers with a 3 to 2 victory over Cincinnati in the eleventh. Again a relief pitcher won his own ball game. Charley Root driving out the double that tallied the winning run.

Like the Robins, the Boston Braves took two from a team considerably higher above them in the league. The Phillies received the double blessing on their home ground 8 to 1 and 13 to 5. In the American league the Chicago White Sox won their fifth successive victory by beating the Tigers 3 to 1. Only 54 points now separate them from the league leading Yankees and the gap has grown smaller day by day. The Yankees bettered their standing not only by breaking even with the Senators. Herb Pennock met his first defeat of the season when the Yankees dropped the first game 7 to 2. Luebke of the Senators had the better of the duel holding the Yankees to 4 hits. Hoyas 3 hit game in the second half of the double bill gave the Yankees a 5 to 0 win and the Senators their first shutout of the year. Gehrig brought his home run total to 11, equalling Babe Ruth, his home run twin.

Cleveland went a step ahead in the standings at the expense of the St. Louis Browns by scoring a 7 to 3 victory on faulty pitching and infield errors.

F. M. Parks and Will James Win First Golf Prize

F. M. Parks and Will James won first prize in the local golf tournament played at the Country Club here yesterday afternoon. They made a total of seventeen points.

W. W. Lee and Sheppard Andrews were winners of the second prizes with eleven points.

The third prizes were won by J. J. Waldrop and R. C. Deal for turning in the best ball card of "unity." J. H. Waldrop was winner of a fourth prize with a low metal score of the afternoon.

The prizes were as follows: First prize, golf bag and pair of golf shoes. Second prize, two Dunlop balls each. Third prize, two silk golf hats and the fourth prize was two golf balls.

EDDIE FARRELL LEADS BATTING IN NATIONAL

Chicago, May 28 (AP)—Eddie Farrell, boy shortstop with the New York Giants, has climbed to the front as the leading batter of the National league.

The sensational young collegian, by consistent hitting since the start of the season, today finds himself looking down on some well established sluggers, including the renowned Rogers Hornsby. Farrell has a mark of 412 attained in 32 games, in which he made 49 hits for a total of 67 bases, having three homers and nine doubles.

Within a week, Farrell raised his average from .393, as the result of getting seven hits in six games. The figures are based on games including Wednesday and are of players who participated in 25 or more games.

On the heels of the New Yorker is "Pie" Traynor of Pittsburgh, who boosted his average 51 points from .340 to .391 and is ranking next to Farrell. Hornsby, who dropped down a week ago, boosted his mark a point during the week and has .377 for fourth place. George Harp of the Giants is third, with .370. The veteran Cy Williams, of the Phillies, by clouting three homers came to the front as the leading home run hitter with total of nine.

Hazen Cuyler, fleet foot fly chaser of the Pirates, is setting a merry pace among the base stealers with 14, a gain of four since a week ago. Frankie Frisch, of the Cardinals, is his closest rival with ten thefts.

The Pirates replaced the Giants in team batting with an average of .306. The Giants have dropped to second place with .300 while the Phillies continue to hold down third place with .289.

Other leading batters: F. Wanner, Pittsburgh, .360; High Boston 348; Wright Pittsburgh 341; Frisch St. Louis 339; Hafey St. Louis 339; Burrus Boston 339; Lindstrom New York 338; Southworth St. Louis 338.

"Bing" Miller of St. Louis really is the leader of the league with an average of .417, although Wallie Schang, a teammate, is two points above him. Schang did not appear in any games during the week.

Miller has performed in 32 games been at bat 96 times and made forty hits to compile his hefty average. Lou Gehrig, star first baseman of the Yankees, dropped down to third place with .408. "Goose" Goslin, of the Senators, returning to the game after a spell of illness, nosed ahead of Gehrig with .411. Ty Cobb is blazing the trail for the Athletics with .402, giving him fourth place among the leading swatters of the league.

"Babe" Ruth, by connecting with a pair, has a total of 11 home runs with Gehrig tied with 10.

Luzerne "Little Boy" Blue, Goslin and Al Simmons of the Athletics are tied for stolen bases with seven apiece.

Ruth scored 36 runs.

New York tops the list in team batting with .305. Philadelphia is next with .302 and St. Louis third with .290.

Other leading batters: Simmons, Philadelphia .395; Mussi, New York .394; Forthright, Detroit .372; L. Sewell, Cleveland .360; Clancy, Chicago .355; Sisler, St. Louis .350; Ruth, New York .331; Speaker, Washington .328; Collins, Philadelphia .309.

MRS. JAMES ENTERTAINS SUNDAY SCHOOL CLASS

On Friday evening, Mrs. J. B. James entertained her Sunday School class at a weiner roast at the Country Club. The girls met at the church and went from there to the club. Under the trees near the clubhouse the hostess presided over a table heavily laden with weiners, ready for roasting, rolls, sandwiches, pickles, deviled eggs, iced tea and other things that make for an ideal picnic supper. Each one roasted weiners over an open fire and ate heartily.

After everyone had, as they expressed it, "done all the damage they could," they went into the clubhouse for another hour of fun. Everyone was requested to tell the biggest "fib" possible. Willie Mae Holton was declared least like George Washington, and was awarded the prize. This stunt started the fun and everyone was in the best of spirits. The four members of the class who are graduating from high school this year, were given very pretty bar-pins by Mrs. James.

This is the fourth annual roast given by Mrs. James to the class, which she has taught for five years. A large number of the members were present and the other guests were Mr. J. B. James, Mr. J. H. Rose, Judge Crammer, Mr. and Mrs. E. C. Hollor and Rev. and Mrs. L. B. Jones.

MISS ELIZABETH HARDEE ENTERTAINS

Miss Elizabeth Hardee entertained last evening at a very pretty party in honor of her sixteenth birthday. A pink and yellow color scheme was carried out in the decorations. The guests were welcomed by the hostess and Misses Corinne Tucker and Ruth McGowan. Punch was served in the hall by Mrs. Roy Hardee and Miss Ella Tucker. A number of interesting contests and music were enjoyed. The dining room was especially attractive. The center piece was a birthday cake with sixteen pink candles.

Mrs. D. W. Hardee, Leland Hardee and Roy Hardee served a tempting salad course.

The out-of-town guests were: Misses Elizabeth Hollingsworth, Helen Kearse, Messrs. Hicks, Griffin and Overton, of Rocky Mount.

MISS MARGARET FLEMING ENTERTAINS IN HONOR OF MISS WOODARD

Miss Margaret Fleming delightfully entertained yesterday at a bridge luncheon, in honor of Miss Hadley Woodard, of Wilson, who will be married in June.

The home was profusely decorated with sweet peas, madonna lilies, larkspur and other flowers.

High score was made by Miss Mary Hadley Connor, who was given a vanity powder set. Miss Bernice Jenkins was winner of a bridge score pad for low score. Miss Hadley was remembered with lingerie. Following the game a three-course luncheon was served.

TEN YEARS AGO TODAY FIRST FORCES WENT ABROAD

Washington, May 28.—(AP)—Ten years ago today some 200 men, dressed as civilians but distinguished by ineffable military bearing, began a memorable movement out of New York City.

They constituted the general staff of the American expeditionary force with its retinue of assistants and clerks. They formed the spearhead of an American army of nearly 3,000 men, the tide of battle in France and at their head was General John J. Pershing.

Supposedly secure secrecy guarded the departure of the group, by tug boat and ferry and by various routes they converged upon Governors Island. A dark morning and wind cloaked the movement but members of the party recalled today how two important clips set it taught the whole machinery of secrecy.

Baggage of some of the officers was piled at a pier and awaiting a tug. It resembled any other casual luggage until suddenly there arrived several pieces boldly stenciled with the name of a high ranking officer and the information: "In care of General Pershing's headquarters, American expeditionary forces, Paris."

The secrecy was definitely out a few moments later when a young officer arrived in uniform in violation of the injunction to wear civilian garb.

The fact of the staff's departure never was published by American newspapers but their department, tearing a reputation of the sinking of Lord Kitchener's ship in the Irish Sea, explained the situation to Pershing by wireless, suggesting a change of ships at Halifax but leaving the matter to his own judgement.

Pershing's judgment was to continue on, stopping at Halifax only long enough to pick up a British naval escort.

The voyage was without incident but it was made generally known today for perhaps the first time that for the space of a split second the life of General Pershing hung by a thread before he ever boarded his ship off Governors Island.

His own quick thinking and agility at that moment saved him. Pershing's tug had arrived off the island to await a larger boat to take his party to the steamer. When the second tug arrived it could come no closer than 3 or 4 feet because of the rough water. To change boats the party had to climb to the rail of the first tug and turn into the other through an opening in its hull, about the size of a small doorway directly opposite.

Leading the way, Pershing balanced himself on the rail and made the leap. As he did so his tug rose on a wave crest and the other dropped into the trough. The General in mid-air, drew up his legs and ducked his head. He landed asprawl squarely in the doorway, but its descending top missed his head by only a fraction of an inch.

The ship that carried the Pershing staff to France was the S. S. Baltic, which has given its name to the Baltic Society founded by members of the party. Its membership roll disregards rank, being arranged alphabetically, with Pershing far down the list. At its top is Captain George E. Adamson, secretary to Pershing then and now.

SALVATION ARMY DOING GOOD WORK

Report of Activities of Local Organization Shows Splendid Accomplishments.

Operations of the local Salvation Army since its organization here in February were made public this morning by those who have been keeping in close personal touch with Captain Summers and his three co-workers.

The report shows that eighty-seven homes have been visited. The majority of these needed assistance in a material and spiritual way. The army made provisions for them and saw that human suffering was alleviated in every way possible.

Regular meetings have been conducted at the convict camp every Sunday afternoon. Not only the convicts, but numbers of people from the surrounding community, attend the meetings.

Religious meetings are held every other Thursday night at Martins school house, and every other Monday night at Flemings Cross roads. Services are conducted at the Woodman's hall in this city Tuesday, Friday and Sunday nights of each week. Valuable assistance is rendered the Men's Federation in its meetings.

The consensus opinion is that Captain Summers and his three co-workers are doing a splendid work. The public is asked to assist them in every way possible.

Ballon Race To Commemorate The War Dead

Akron, Ohio, May 26.—(AP)—Fifteen huge gas bags will take the air here on Memorial Day for a distance flight dedicated to the World War dead of the United States.

The pilot of each bag will seek favorable air currents which will carry his craft far from the starting point and win for him the Litchfield trophy, symbol of victory in the event, a share in the prize money, and the right to represent the United States in the international balloon race to be held this fall in Denver.

The Memorial Day event is the 1927 national elimination balloon race. In keeping with its patriotic dedication seven United States army and navy craft have been entered and a hundred airplanes will participate in an army, navy and marine corps flying program preceding the balloon take-off.

Another symbolic touch has been added with the selection of Mrs. Martha Ables of Akron, four of whose sons died in the world war, as sponsor for the balloon entered by The Akron Beacon-Journal.

She has been designated by Governor Vic Donahey of Ohio as the State's war mother. Balloonists finishing first, second and third in the distance down will win the right to compete for the international championship in bags of 80,000 cubic feet capacity. The minimum bag capacity permitted in the Akron race is 35,000 cubic feet.

The Litchfield trophy, put up by P. W. Litchfield, will become the permanent property of any chapter of the National Aeronautic Association whose representatives win the race three successive times. Akron balloonists have won it for the past two years, and a victory by any of the three Akron teams this year would bring the cup here for all time.

Prize money is divided into awards of \$1,000, \$800, \$500, \$300 and \$200, and each pilot entered receives \$100. Entrants in the contest include: Akron Beacon-Journal, Carl K. Wollam, Akron, pilot; Goodyear Tire and Rubber Co., W. E. Van-Orman, Akron, pilot; Scripps-Howard Newspapers, Jack A. Boettner, Akron, pilot; Capt. Harry E. Honeywell, St. Louis, piloting his own bag; Robert P. Lehr, Los Angeles, piloting his own bag.

U. S. Army No. 1, Lieut. Paul Evert, pilot; No. 2, Lieut. James F. Powell, pilot; No. 3, Capt. William E. Kepner, pilot; No. 4, Lieut. Frank M. McKee, pilot. U. S. Navy, No. 1, Lieut. T. G. W. Settle, pilot; No. 2, Lieut. G. V. Whittle, pilot; No. 3, Lieut. Charles E. Bauch, pilot.

Three other bags entered have not been announced.

GASTONIA TEACHER TO GO HOME ON AIRPLANE

Gastonia, May 28.—(AP)—Miss Marion Wolfenden, violin teacher at Gastonia High School, has adopted a novel method of returning home after the present session of school here. Following the last exercises of high school, she will leave Wednesday morning in a four-passenger aeroplane for her home in Jackson, Mich.

Luther Pahl, a young law student at Detroit Law School, will hop off from Detroit early Tuesday morning with an expert pilot at the controls for the trip to Gastonia which they expect to cover in six hours. They expect to spend the night here and the party will leave the next morning for Jackson. Mr. Pahl is a lifelong friend of Miss Wolfenden. The trip will be the young lady's first through the air.

FARM NOTES

FERTILIZER DEMONSTRATION WITH TOBACCO PLANNED

Farmville, May 24.—County Agent E. F. Arnold announces that Mr. John T. Thorne will conduct a large scale fertilizer demonstration with tobacco.

"In addition to this being a fertilizer demonstration, records will be kept to determine the cost of producing an acre of tobacco. Unless high yields of a good quality tobacco can be produced, growing tobacco is a losing game, especially when we are faced with an increased acreage, as is evident this season," stated Mr. Arnold.

"One thousand pounds of an 8-4-6 fertilizer will be used per acre in the demonstration. The demonstration will show the advantage of using one-half of the nitrogen from Nitrate of Soda and two-thirds of the potash from Sulphate of Potash. Nitrate of Soda quickly responds to the demands of the tobacco plant, insuring a large yield. While Sulphate of Potash has a tendency to reduce the yield, it also greatly increases the quality of the tobacco, according to some recent

smoking tests. The demonstration will be based on experimental results from the Oxford Branch Tobacco Experiment Station, and everyone should be keenly interested in the results.

"The tobacco plant grows so rapidly that it demands a quickly available fertilizer and this should be applied in liberal amounts for maximum yields. In addition to the above material, one thousand pounds of magnesiam lime will be applied per acre to prevent 'magnesia hunger' or what is commonly known as 'sand down'."

"The tobacco growers of this section should be keenly interested in this demonstration if they are concerned about larger yields and better quality," Mr. Arnold said.

INSTALLMENT PLAN APPLIED TO FINES

Stockholm.—(AP)—A law prescribing fines to be assessed in proportion to the offender's ability to pay and permitting him to settle on an installment basis has just been prepared at the Department of Justice in conformity with instructions given by John Thrynen, Minister of Justice in the present Swedish Government.

It is pointed out that even a heavy fine does not contribute any

considerable penalty for a rich man but an amount of little importance to him can be a very heavy penalty for a poor man.

The new law gives the court a right to graduate the size of fines according to incomes and to grant a respite of up to six months for the payments. Only if he declines to pay or is totally without means, the fines may be converted into a workhouse sentence.

The law will go into effect on January 1, 1928.

WOULD DIVORCE WIFE BECAUSE OF FATNESS

Geneva, Switzerland (AP)—The canton tribunal of St. Gall tried a queer case when a Swiss tradesman sought a divorce from his wife because of her "abnormal obesity." The petitioner declared that his wife ate as much as four ordinary adults, and his savings had been squandered in buying food for her. She had taken a dozen different medicines in attempts to reduce red weight, but all had failed. The jury dismissed the case.

The World's Lowest Priced Cars with Supremely Beautiful FISHER BODIES!

Chevrolet is the only car in its price class offering bodies by Fisher—built as only Fisher can build, and styled as low-priced cars were never styled before!

Bodies by Fisher are everywhere acknowledged to represent the highest order of beauty, luxury, and safety—and never was the superiority of Fisher craftsmanship more evident than in the Most Beautiful Chevrolet.

Despite the lowness of Chevrolet prices, there is not the slightest compromise in design, construction or finish. All embody exactly the principles employed on the highest priced cars—a composite

construction of selected hardwood and steel. All are finished in beautiful colors of lustrous, lasting Duco. All are completely appointed—from coincidental steering and ignition lock to gasoline gauge.

Enhancing the inherent beauty of the bodies themselves are numerous features of distinction previously considered exclusive to the costliest cars—features typified by heavy full-crown, one-piece fenders and bullet-type headlamps.

Only the economies of Chevrolet's great volume production make possible such quality at Chevrolet prices—value so outstanding that comparisons cease to exist. Come in for a demonstration!

Market Report

Cotton--Stocks--Grain

COTTON

New Orleans, May 28.—(AP)—Prices in today's cotton market soared to new highs for the season on dry weather and hot winds in Texas and the official forecast for continued dry weather there. The market was quiet on the upgrade all during the session despite lower Liverpool cables and the holiday in New York. July, traded to 16.74, October to 17.07 and December to 17.32 or 29 to 34 points above the previous close. The close was steady showing net advances for the day of 26 to 32 points.

The first sale of cotton for the season was reported from San Juan, Texas, yesterday. The first sale last year was reported June 19.

WEEKLY FINANCIAL REPORT

New York, May 28.—(AP)—Operators for the advance encountered stiffer resistance in this week's stock market but both rail and industrial averages were lifted to new high ground. Pools aided by a plentiful supply of funds were aggressively at work in a number of specialties in which favorable developments are believed to be pending, but generally the market paid little attention to trade news. Relatively firm money rates were regarded as incidental to the heavy month-end demand for funds, a return of the four per cent rate on call loans being generally expected by the middle of next week.

Rail shares came into increased prominence despite the recent rejection of the southwestern railroad merger and the publication of a number of pool April earnings statements. The first 43 roads to report showed a drop of more than 17 per cent in net operating income, compared with the same time last year, due largely to the losses sustained by roads in the flooded region of the Mississippi valley.

The heavy buying of some of the small eastern carriers bore all the earmarks of accumulation by some of the larger systems.

Motors sold off on the announcement of a new Ford model, and the curtailment of operations by Hudson and some of the other large manufacturers. Railroad equipment again presented several points of strength with Baldwin selling at 113 for the first time. Public Utilities were heavily bought in reflection of steadily expanding earnings.

COTTON GOODS
New York, May 28.—(AP)—Cotton goods markets have become stronger following substantial sales of print cloths and sheetings and advances on flannels, denims, and some other lines. The finished goods trade has been light due to unfavorable weather affecting the movement of wash fabrics and other dress cottons at retail. Production continues full although when orders expire there is less desire to accumulate stocks and some machinery is being allowed to stand.

During the summer months the pressure to maintain night work in Southern mills is expected to lessen. Jobbers are doing a fair amount of advance business and have been purchasing filling in lots of domestics. The rise in cotton and the outlook for sustained higher prices than those current last fall has led to a general call from manufacturers to refrain from making commitments on low levels for late month deliveries.

This has resulted in general advances of a moderate character. In the gray goods division the advances have ranged from 1-8 cent to 1-4 cent, while in finished lines it has run from 1-2 to 1 cent a yard. Denims are closely sold through August. "Ticking" are firm in the recent advanced basis. Brown goods are higher. Percales and ginghams have been holding steady and unchanged with wide sheetings ruling quiet. Wide goods for converting, especially 36 inch widths are scarce for quick shipment. Fine combined goods are much firmer due to the rapid rise in staple cotton following delayed planting in flooded regions.

Prices current in primary markets are as follows:
Print cloths 28 inch 64x64s 5 5-8 cents; 38 1-2 inch 64x64s 5 5-8 cents; brown sheetings, Southern standards 11 cents; denims 15 cents; tickings 18 1-2 cents and 20 cents; prints 8 cents; staple ginghams 9 cents; dress ginghams 14 5-8 cents and 16 1-2 cents.

WEEKLY GRAIN
Chicago, May 28.—(AP)—Sensational reported curtailment of crop prospects in Canada and also in this country is setting speculative grain markets aflame. Wheat in particular has shown a skyward trend, apparently influenced also in some degree by talk of possible warlike developments between Great Britain and Russia.

Compared with a week ago, wheat this morning was 11-14 cent, 30 11-7 cent a bushel higher, with corn 5 cents to 5 3/4 cents up, oats at 17-3 to 33-4 cents advance and provisions varying from 50 cents decline to a rise of 22 cents.

NAVAL STORES
Savannah, May 28.—(AP)—Turpentine firm 55 1-2; sales 89; receipts 850; stock 18,711. Rosin firm; sales 1,752; receipts 2,433; stock 59,896. Quote B. 8.50; E. 8.80; F. 8.85; G. H. I. K. M. N. 8.90; W. G. 10.10; W. W. X. 11.25.

NOTICE TO CONTRACTORS
Sealed proposals for constructing street improvements in the Town of Greenville, N. C., will be received by the Mayor and Commissioners until seven p. m., on the second day of June, 1927.

The work will consist of approximately 2000 square yards of reinforced concrete pavement and 5,000 linear feet of concrete curb and gutter, together with the necessary grading.

Blank forms of proposals, plans and specifications may be obtained from the Engineer or at the office of the City Clerk. A certified check for five (\$5) per cent of the bid is to accompany the proposal.

The successful bidder will be required to give bond and comply with the acts of the General Assembly of North Carolina respecting contracts.

The right is reserved to reject any or all bids.

J. C. Lanier, Mayor.
J. O. Duval, Clerk.
Engineer: Henry I. Rivers,
Greenville, N. C.

EQUALIZATION BOARD MUST BOOST TAXES

Finds an Increase of Ten Million Dollars Necessary in School Issue.

Raleigh, May 28.—(AP)—It will take an increase of only about ten million dollars in the tax valuations of participating counties to make a 40 cent tax rate plus the amount from the state equalizing fund sufficient to run the schools six months, according to estimates made by members of the State Equalization Board which has just been in session here.

The board plans to file a tentative report on June 1 which will give the tax values fixed for the various participating counties. The formal report, however, will not be handed down before June 15, it was said at the board office today.

Individual members of the board have been working in their districts during the last month. They have been into practically every county in the districts which they represent for the purpose of getting an estimate on the soundness of the tax values on the book for 1926.

These values have been compared with the values of other counties in the district and the values in the various districts have been compared with one another. This information, together with facts and data about prices property brought when it was sold during the past few months, as well as other information secured from various sources, have been used in equalizing property values for the purpose of distributing the fund.

The problem before the board is to set up values, as nearly equitable as possible, on which a 40 cent tax rate would produce sufficient money to run the schools the constitutional term when to this amount is added the \$3,250,000 set aside by the Legislature.

Some of those who have been in close touch with the situation believe that with an aggregate increase of only ten million dollars in the total valuation of the property of the 45 participating counties, the three and a quarter million dollar fund will bring very substantial relief from local school taxation.

In a number of counties it should mean that the tax rate can be cut in half, according to unofficial estimates. Members of the board are giving out no information about the individual valuations in the different counties. The probabilities are that values have been increased in some counties and decreased in others. The board decided to defer action on the report of valuations under which the equalizing fund would be distributed until the next meeting on June 15.

The law calls for the report by June 1, but as each member is individually working on his district some little time will be needed before the coordinated report can be made, it was added. J. O. Clark of Clarkton, who succeeded J. O. Carr of Wilmington, as board member, made his first appearance here.

Details occupied the attention of the meeting.

PREPARE FOR LAST BATTLE WITH FLOOD

victorious. The flood will probably last several weeks longer before the crest passes into the sea.

A statement from Red Cross headquarters here last night said that over 2,500 refugees were expected to be taken care of out of New Iberia alone. Yesterday officials at Baton Rouge estimated that only about ten per cent of the populace driven from their homes found their way to the refugee camps. The others, they said, were cared for in the homes of relatives or in the homes of the more fortunate.

As the waters moved down to ward the gulf, rice fields which were irrigated yesterday, were covered several feet deep.

Forces were being massed for the evacuation of those left at Morgan City. Two light draft steamers with eight barges were chartered at New Orleans and started through the Harvey Canal for the mouth of the Atchafalaya.

The waters from the M-R-1 crevasse, 130 miles northwest of New Orleans on the opposite side of the river, were spreading more slowly. Several cross road towns were inundated and Baton Rouge reported that a few persons had been forced to spend the night on the levees waiting for boats.

In most of the refugee camps some unrest was noted as reports of various sections having emerged from the flood were brought in. Most of these reports proved unfounded but the relief authorities found some difficulty in persuading the people that it was unsafe for them to go back to the places they once called home.

Health conditions in all camps were reported good.

LINDBERGH'S EQUALS WILSON'S RECEPTION IN PARIS

Pasquotank Draws First Bood From Poultry Thieves

Elizabeth City, May 28.—(AP)—First blood in the warfare between poultry growers in Pasquotank county and thieves who have raided their flocks in systematic fashion in recent weeks was drawn early today on the Sykes Poultry Farm, on Body road, about a mile from this city.

Victor Jenkins, brother-in-law of J. D. Sykes, who operates the farm, is certain that he winged one of a party of perhaps half a dozen poultry raiders who were centering their attention upon that farm. Mr. Jenkins blazed away three times at one of the invaders, who had clipped up behind him and was trying to break away heavy wire protecting the end of a large chicken house, while he was watching another who was crossing the field from the road.

Mr. Jenkins was using a shotgun. He had ample opportunity to take good aim at his intended victim, who was only a few rods away and is positive he hit him. The intruder almost literally took wings at the first shot, and accelerated his speed each time as Mr. Jenkins fired his two remaining shells—all he had. The episode occurred at about 1:30 o'clock in the morning.

The visitor was a tall individual, and Mr. Jenkins took him to be a negro, although he could not see him clearly in the darkness. Before the intruder appeared, the guardian of the chicken yard had been watching the maneuvers of several persons in two buggies, who had stopped near the farm and then had passed on after one or more of the occupants had alighted.

The shooting episode did not halt the raids, however. Sometime be-

tween 3 and 4 o'clock in the morning raiders visited the poultry farm of George Kerr, on Ehringhaus street, extended, just outside the city, and carried off 180 broilers—all the chickens he had left except nine. This was the second raid on the Kerr flock, the other having occurred a few nights before. Mr. Kerr and his wife guarded the chicken yard, alternately, all night, until perhaps half an hour before the visitation.

As an added protective measure, it is reported that several of the large-scale poultry fanciers in this vicinity have wired their chicken yards, and connected up burglar alarms to warn them of the coming of the thieves.

Gossip of Staff Correspondents at World Centers of Population

Paris.—(INS)—The Fair Saint Germain done completely in Louis 15th style, opened at the Old Place Saint Sublime as usual.

This old fair dates back to the middle ages when the peasants displayed together to sell their wares to Parisians. Every May since that time, the fair has been held and a number of the former customs are still practiced.

This year, every pillar, post and cardboard house was transformed to represent Louis 15th's epoch.

Loges have been decorated with flowers, a miniature theatre has been built and the old costumes brought out, to lend the proper atmosphere.

Books, stamps, furniture and curiosities are sold. Nothing modern is allowed to be shown. Open-air restaurants with gaily dressed waiters sell cider to the mobs. Music and plays can be heard each evening. Merry-go-rounds and candy shops are here for the children. Hand-made laces and linens are eagerly bought by the housewives.

Everybody is joyous and happy in this interesting Old World setting.

The National Literature prize of three thousand francs was awarded to Madame Germaine Acremant for her novel "Gal-Marions-nous," or "Let's Get Married."

The young authoress made her debut four years ago with "Ces Dames aux chapeaux verts." (These Women in Green Hats) which has been translated into many languages. Madame Acremant is one of the modern writers whose success was in immediate.

"Let's Get Married" is a farce on provincial married life and up-to-date weddings. This book has proved to be a popular comedy on present day morals.

There are five thousand canvases displayed in the 1927 Salon, including the works of the Beaux-Arts Society and the "Artistes Francais."

The impressionists are here, as well as other schools of reactionary artists. The "Artistes Francais" cling to old traditions and their pictures lack the boldness and technique of the younger painters.

Many Americans are represented. Their works are easily recognized by their originality and individual color. Mrs. Leslie Cotton achieves her usual success with a charming portrait of a Japanese woman. Charles Rumpsey, another American, shows a gigantic Pizarro on horseback. Frederic Bridgman pictures his impressions of the Ouled Nail women. Mr. O. E. Berninghaus shows a colorful Indian festival at Taos, Mexico.

Many old landscapes of the Old World are exhibited. George Howland shows lovely scenes from the Pas-de-Calais. Miss Daisy Hughes' view of Bon Said is particularly beautiful and a street of Saint-Armand by Miss Eleanor Hay is most effective. A landscape, "Un Matin," by Gilbert White had high praise.

The two exhibits by Miss Anna Klumpke, "Pensive" and "Parni les Fleurs" received attention. The portrait of Miss Arnes Allan by Frank Linton, the still-life by Miss Gertrude Maple and one by Mrs. Constance Patterson are notable. Mr. A. Harrison, one of the more

Ill Health the Greatest Obstacle to Happiness

Columbia, S. C.—"For several years after I married I suffered from poor health and weakness. I wanted children but was not strong enough. My grandmother persuaded me to take Dr. Pierce's Favorite Prescription and it soon built me up in health and strengthened the organs. I am now the mother of three very healthy children and my health is fine. When I feel the need of a tonic I always take the 'Prescription.' I cannot say enough in praise of this wonderful medicine for ailing women."

AMERICAN ACE ENDS WEEK OF GAY PARIS LIFE

(Continued From Page One)

the lapel of his coat he wear the ribbon of the Legion of Honor, conferred by President Doumergue; his memory, modest though he is must have a distinct impression of cheering crowds gathered at his every appearance to do him honor. He has been received by statesmen, general and diplomats, feted by the elite of Paris and his daring exploit has been the sole talk of the average citizen ever since he came to a landing at Le Bourget.

Poems and ballads have been written about him, and last night at a theatrical performance for the benefit of the families of stricken aviators, an ode "The Glory of Charles Lindbergh," specially written for the occasion by Mlle Johane D'Orliac, was declaimed by Cecil Sorelin, the famous French actress. Lindbergh was there, and all eyes were focused on him. As he left the theatre, he was greeted by cheering throngs waiting in a downpour of rain.

While his courageous journey made him admired by all, his popularity among Frenchmen has been due in no small measure to his sympathetic references to Captains Nungesser and Coll, his modest talk about their trans-Atlantic attempt from Paris to New York being more difficult than his flight, and his visit to Nungesser's mother.

So the Captain of the Air and the King of Hearts departs on his triumphal progress to the other capitals of the Old World, leaving with impressionable Parisians the memory of a perfect hero, strong, self-reliant, skillful and natural, with a native sense of breeding. He proved himself equally at ease among factory hands and statesmen, thinking of himself only as a workman who forged a new link in the chain of progress.

He gave another example of the traits that endeared him to Parisians last night. Although weary from a long round of receptions, the ransom for his glory, he insisted on going after the theatre benefit to a boxing tourney of the Sporting Club of France in aid of the Paire de France—the Association of War Blinded, where the star performers were a blind British former officer, Captain Lowry, Eugene Cricqui and Fred Bretonnel. He photographed two programs which were auctioned for 8,000 francs and consented to the sale of a letter he had written to the Aero Club of France, which brought 25,000 francs.

Captain Lindbergh has consoled Parisians by promising to come back, telling them that France was the first place on which he landed and would be the last to see him when he departed.

FELT VERY POORLY

Weak and Run-Down Missouri Woman Got Strong and Well. Says Cardui Started Her On Road To Health.

Clarksburg, Mo.—Mrs. T. G. Harris, of this place, says:

"For two years I was in very poor health. Some of the time I was almost past going. I was very weak and run-down."

"I tried to make the most of what little strength I had by taking frequent rests, but I could find nothing which would start me on the road to health again, until one day I decided to try Cardui."

"I had heard about other women who had been benefited after taking it, so I made up my mind to see what it would do for me. I took Cardui for several months and was very much gratified with the results."

"I began to do my own work again, which I had not been able to do for a long time past. My color, which had been pale and sallow, became natural, and my complexion cleared up. I gained in weight and was pleased to have an improved appetite."

"When I finished my last bottle of Cardui I was feeling better than I had in years. Now I am strong and well."

success of her idea at home then offer them abroad.

Britain having cut off diplomatic relations with Russia, starts propaganda that promises to spread. Already Canada will have nothing to do with Russia. France and Italy are expected to follow suit.

Russia's statement are brilliant men but, they may learn it is unwise to make many enemies at one time.

When Count Witte was in this country representing Russia in the peace arrangements with Japan he told the writer the national monopoly of vodka, the Russian drink forty per cent alcohol and sixty per cent water, which he originated, gave a profit just big enough to pay the cost of the Russian Army.

It would interest Witte to know that the United States tax on cigarettes just about pays the cost of our Army. Uncle Sam collected \$227,000,000 (two hundred twenty seven million) in ten months this year from cigarette smokers.

A full fiscal year's cigarette tax will about pay all army costs. If government could collect the tax that the public pays to boot-

leggers it might pay for ALL government expenses.

Earnest representatives of the protestant Episcopal church declare for a change in prohibition laws, modification of the Volstead act.

The country divides up interestingly on prohibition. The south, generally, is in favor of it, as are agricultural regions. Big cities of the north, especially in the east, demand modification. The democratic party, in the north, is for revision of prohibition, and the south for no revision. The republican party stands pat on prosperity, and things the Catholic church and the Protestant Episcopal church express themselves in favor of revising the volstead act.

The Methodist and Baptist churches demand that it be left alone. The people may have a chance to vote on it next year.

Lindbergh has good ideas. An enthusiastic French lady intended to spend 150,000 (one hundred and fifty thousand) francs for a cup to celebrate his flight. He accepted gratefully and asked that the 150,000 francs be spent instead on children of France aviators who lost their lives promoting aviation. Lindbergh is a good representative of this country in Europe.

Lindbergh, you are told is Swedish, English and Irish, but you may be sure that he like all others has many other strains.

Races, Normans, Basques and many Scandinavians left their blood in England and it has become well mixed. The main thing as regards race is the fact that Lindbergh belongs to the tribe of eyes light in color, blue or gray.

Blue or gray eyed men are most numerous in the world's "1,000 greatest."
