SLIM LINDBERGH ACCEPTS PRESIDENT'S INVITATION TO RETURN TO WASHINGTON

American Flying Ace Expected to Reach Home Aboard Cruiser June 11th.

New York, June 1.—(AP)—Captain Charles A. Lindbergh will fly from Washington to Miller Field Staten Island, on June 14 and will remain in the city until June 17, when he will fly to St. Louis, Grover A. Whalen, chairman of the mayor's reception committee, announced today.

Washington, June 1.—(AP)—Secretary Davis, chairman of President Coolidge's cabinet committee to welcome Charles A. Lindbergh, said today it was expected that the reception in the capital would take only one day and that immediately afterwards Lindbergh would leave for New York, probably by airplane.

Washington, June 1.—(AP)—Captain Charles A. Lindbergh today accepted the invitation of President Coolidge to return immediately to Washington aboard the cruiser Memphis.

Lindbergh's acceptance was wired today to the White House and it was announced there that the New York to Paris flier was expected to be home again by Saturday, June 11. It is planned to have the Memphis come direct to Washington, where the flier will be received officially in behalf of the nation.

The message from Lindbergh was sent through Frederick Sterling of the American embassy staff in London. It is said that the invitation of President Coolidge had been handed to Lindbergh and that he accepted "with pleasure."

A special committee of four cabinet members appointed by President Coolidge cabled Lindbergh an invitation to return directly to Washington on the cruiser Memphis in the hope that this speedy ship might bring him to the capital before President Coolidge leaves June 13 for his summer vacation.

The desire to have the flier come direct to Washington was prompted by the thought of making his arrival a national celebration held in the capital of the nation thus typifying a welcome by all the people and by the hope of having the celebration include the citation of the plucky youth by President Coolidge with the distinguished flying cross.

If Lindbergh arrived after June 13, the citation would be made at the summer White House in the Black Hills, but President Coolidge prefers to honor the flier in Washington and have him as his guest at the Presidential residence on Dupont Circle.

The Navy Department had already placed at Lindbergh's disposal the destroyer Breck and there was talk of the flier sailing for New York aboard the George Washington, a passenger ship. The Memphis however is one of the fastest naval vessels afloat. It will be able to land Lindbergh in Washington late Saturday, June 11, or early Sunday. If the Memphis arrives too late Saturday to permit President Coolidge to receive him Lindbergh will be decorated on June 13 a few hours before the President leaves Washington for the West.

The President's special committee, composed of the cabinet members concerned with aviation—Secretary Davis of the War Department, Wilbur Hoover and Postmaster General New—also discussed Mr. Coolidge's hope that honors for the flier might include a promotion in the army air corps reserve from a captain to a major. However, inasmuch as the higher rank would take Lindbergh from his duties in the Missouri National Guard of which he is a flight captain, the committee postponed a decision in this respect until it could be ascertained whether the flier would object to the removal.

Paris, June 1.—(AP)—Captain Lindbergh, according to information received here, will sail for home on the American cruiser Memphis. The Memphis is due at Cherbourg Friday and will probably leave with the flier aboard Saturday, taking him direct to Washington to be received by President Coolidge.

New York, June 1.—(AP)—The invitation of a cabinet committee to Captain Charles A. Lindbergh to proceed direct to Washington from Europe left New York's elaborate reception plans in a somewhat unsettled stage today.

Mayor Walker termed the committee's action "in contradiction to every tradition," but said New York's eight million people never-

FLOOD VICTIMS TO START BACK TO OLD HOMES

Relief Workers Turn Attention to Giving Refugees New Start in Life.

New Orleans, June 1.—(AP)—With the flood menace concentrated in a comparatively small area in the south central part of the state, relief workers today turned their attention to the problem of getting the refugees back to their lands and giving them a new start in life. Plans were made at the Baton Rouge camp yesterday to start a first party of 75 men back into the Bayou Des Glaives area, which is slowly emerging from the murky covering of water which has hidden it for a month. The women and children were to remain at the camp until the men had provided a place for them.

At Morgan City, residents who have remained in the face of the predicted flood raised their furniture a little higher on the scaffolds as a result of the warning from the weather bureau here yesterday that the waters would rise from 2.8 to 3.8 feet above their present levels before the crest of the flood passed the city. In the upper tenas basin the water was falling slowly and planters were preparing to start late crops as soon as the slimy mud covering the land has dried sufficiently.

The Red Cross headquarters here announced a thirty day nursing plan which will be carried out on the flood leaves the land. This program will be carried out to prevent disease.

Earthquake Felt Asbury Park, N. J.

Asbury Park, N. J., June 1.—(AP) Disturbances described by coast guard and municipal authorities as either explosions or earthquake were felt along the north of the coast this morning from Toms River to Sandy Hook, a distance of more than 50 miles.

There were two distinct shocks, the first coming at 7:20 o'clock, E. S. T.

No damage was reported although considerable excitement prevailed in Asbury Park, where the shocks were most severe.

Virtually every office building in the city was shaken, and in the basement of the Asbury Park Press the first shock dislodged the heavy rolls of newsprint.

The shocks were also felt at Farmingdale, eight miles inland.

One Man Killed in Auto Wreck

Hendersonville, June 1.—(AP)—One man was instantly killed and another injured at midnight last night when struck by a Spartanburg to Asheville Southern Railway freight train at the Skyland Hoisery mill, just outside of Flat Rock.

The dead man is Ed Justus, 29, a carpenter, son of William Justus of Flat Rock with whom he lived. The injured man, his brother is in a local hospital here with a broken leg and severe body injuries. He is expected to recover.

Both men are said to have been sitting on the Southern tracks, apparently asleep, about a half mile from their home when the tragedy occurred. They were dragged more than 50 feet by the train.

Ed Justus' legs were cut off and his skull fractured. Engineer B. B. Brendle in his report to the officer of the Southern in Asheville along with Conductor J. A. Caldwell, stated that when he first sighted the men the train was close upon them and that they evidently were asleep, squarely upon the tracks.

WHERE FOUR DIED IN WRECK OF BIG PLANE

Four army aviators are dead as a result of the crash pictured above. One engine of a Martin bomber, flying from San Antonio to Langley Field, Va., failed. The plane struck telephone wires, fell, and burst into flames.

EVACUATION OF PEKING IS NOT ADVISED

American Opinion Opposed to Moving Legation From Present Position.

Peking, June 1.—(AP)—Chang Tso-Lin's great strategic retreat before the advancing Nationalists has brought two questions to fever heat; will Chang be able to hold the Yellow River line and what will the foreign powers do to protect their nationals remaining in Northern China?

America's answer to the second question has not been divulged. It is understood that Minister MacMurray has not yet asked for additional troops, although he is ready to make such a request if he considers it necessary. It is known that he and Brigadier General Smedley D. Butler, commander of the U. S. Marines in China, thoroughly discussed the question last week while the latter was visiting Peking.

Official American opinion is known to be opposed to moving the legation from Peking, despite indications from Washington that such a step is possible. The legation advocates a standpat policy and concerning the evacuation of Americans told inquirers today that it was not advising evacuation.

The Ankuichun (called Northern Army) notified the legations of the independent withdrawal of Chang's armies 24 hours before public announcement was made. The diplomats immediately convened to discuss the situation, but the results of their conference were not divulged.

It is clear, however, that the general attitude of the powers favors remaining in the Peking and Tientsin area, regardless of the approach of the Nationalists, affording the foreign residents the protection of troops if necessary.

HIKER LOCATED IN MOORESVILLE

Salisbury, N. C., June 1.—(AP)—Mrs. J. H. Reid, who started a hike to Charlotte Monday morning, was located in Mooresville today by the Post. Mrs. Reid said she gave up the hike because of bad weather and would try it again Thursday. The Post received a tip this morning from Chief of Police Chapman of Kannapolis who read yesterday's story of the disappearance of the hiker, stating that Mrs. Reid and an unknown man headed toward Mooresville in a car. Mrs. Reid was checked out officially at Salisbury and hiked to Kannapolis where she quit on account of the weather.

HAMBLY TO NEW ORLEANS

New York, June 1.—(AP)—The New York Nationals today announced the sale of J. Sanford Hamby, catcher, to the New Orleans team of the Southern Association. He came to the Giants from the Norfolk team of the Virginia League.

The giggling girl at the football game settles down later. It is all a triumph of mind over chatter.

FLAKE CASE IS SETTLED

Jury Says \$3,800 of Mrs. Flake's Gift From Husband is Part of Estate.

After considerable deliberation a jury in civil court yesterday afternoon returned a decision in the case of Herbert Lewis and others vs. Mrs. Clemmie Flake, wife of the late Sam Flake, who died some time ago without leaving a will disposing of his estate.

The decision provided that the sum of \$3,800 be deducted from approximately \$20,000, which Mrs. Flake claimed her husband made to her as a personal gift to be placed with an estate valued at approximately \$15,000.

The suit resulted from the failure of Mrs. Flake to turn over to the estate securities which she contended Mr. Flake had given her prior to his death. The plaintiffs insisted that this should be included as part of the estate, and that they should share in it.

Six Concerns in Action Against Revenue Department

Charlotte, June 1.—(AP)—Six concerns in an effort to restrain the city of Charlotte and R. A. Doughton, commissioner of revenue of North Carolina, of claiming double taxation of loan offices, are instituting action against them in Mecklenburg Superior Court.

The firms are the Peoples Investment Company, White Investment Co., White Trading Company, Southern Security Company, Tidewater Investment Company and City Loan Company.

Plaintiffs claim they pay the city of Charlotte a legal tax and that the State Revenue Commissioner is attempting to extort from them a similar tax which is not provided for in the Revenue Acts.

DIES EN ROUTE TO VISIT FAITH HEALER

Lincolnton, N. C., June 1.—(AP)—Faith, though weak, brought Robert Phillips, aged Yancey County mountaineer, sufferer for many years with asthma, to the tent of Mrs. Gray Bynum, a faith healer, operating under an old apple tree by the roadside near here.

But faith alone failed to sustain him and a few moments before he would have reached the healer's "tabernacle," a piece of canvas stretched over a limb of the tree, he swooned and died before medical aid could be summoned. He had been urged by relatives to visit the healer.

Despite the intervention of the grim reaper, which occurred last Thursday but which did not become generally known until yesterday there has been no diminution of the crowds afflicted and curious. The woman denies that she is a "healer." She asserts that "God" has to do it and all that people can do is trust and believe God can and will heal.

TRAIN KILLS COLORED BOY NEAR AYDEN

Father of Boy Also Injured When A. C. L. Train Crashes Into Car At Crossing.

Milton, eight-year-old son of Ray Mose, colored man who resides in the Ayden community, was killed instantly about 4:30 yesterday afternoon when the car in which he was riding with his father and brother was hit by an Atlantic Coast Line passenger train at a crossing on the outskirts of Ayden. The father received a broken leg, but his other son escaped without injury, other than shock.

The accident occurred at a crossing near the plant of the National Veneer Company, about a half mile east of Ayden. Ray Mose is said to have been warned of the approaching train when his car became balky a short distance from the tracks. He continued moving along, however, until within a few feet of the trucks, when the car jolted, jumped and stopped directly in front of the approaching train.

Bystanders are said to have screamed warning at the father, who was driving the car, but none of the occupants were able to jump in time to save themselves.

Milton Mose received a broken neck which resulted in instant death. The father's injuries, while serious, are not considered fatal.

CUMBERLAND SCHOOL HEAD BURIED TODAY

Fayetteville, June 1.—(AP)—Funeral services for Superintendent of Cumberland County Schools Benjamin T. McBrydean who died yesterday following a short illness after 24 years of public service were held today from Sardis Church, Lisle.

Mr. McBryde was a son of the late Rev. D. D. McBryde and a graduate of Davidson College. Surviving are his widow, Mrs. Harriet Bennett McBryde, formerly of Wadesboro, and eight brothers and sisters: Dr. Malcolm McBryde, Reidsville; Archibald McBryde, Greensboro; Mrs. James Worth New York; D. L. McBryde and Mrs. Margaret Baxter, Linden; Mrs. A. E. Williams, Fort Hayes, O.; Ernest McBryde, Florida, and Dural McBryde, California.

TRUCK SHIPMENTS

Raleigh, June 1.—(AP)—(Radio D. A.)—Potatoes: Washington, 17 cars on track. Supplies moderate, demand moderate, market about steady. South and North Carolina slat barrels: Cobblers U. S. No. 1, 8.00 to 8.25, mostly 8.00.

String beans: Washington, supplies light, demand moderate, market firm. Carolina bushel hampers 2.50 to 3.00. North Carolina 5 peck hampers green stringless 5.00.

Baltimore—supplies moderate, demand moderate, market unsettled. North Carolina bushel hampers wax flat type 1.50 to 2.00. Valentines \$3 to \$3.50.

Thinking you know is never as important as know you think. You can't tell whether the paint job is to make the car look new or to hold it together.

ONE IS KILLED IN EXPLOSION AT ROAD CAMP

A. R. Stepp, White Killed Instantly When Dynamite Explodes in His Hands.

Presumably attempting to celebrate the expiration of his sentence on the county roads and at the same time frighten a companion, A. R. Stepp, 40, white convict, was instantly killed by the premature explosion of dynamite yesterday afternoon in the Stokes town section, fourteen miles south of this city. Mack Hunnings, another convict was with Stepp at the time the explosion occurred, received injuries, which though painful are not considered serious.

Stepp's body was blown twenty feet high, and was picked up only three feet from where he was standing when the dynamite exploded in his hands. His body was horribly mangled, and was brought to Greenville shortly afterwards, and prepared for burial. Hunnings is believed to have suffered mainly from shock. He was knocked to the ground by the force of the blast, but workmen fifty feet away declared that he arose immediately and was able to stagger around.

Stepp was serving a six months term on the road on a charge of selling whiskey. He had just completed his last day's work and awaited return to camp and dismissal by the superintendent, when it is believed he decided to celebrate his release, and also frighten Hunnings who was sitting on a log, leaning against a box containing dynamite which had been used in blowing stumps.

Hunnings apparently was sleeping soundly when Stepp walked over and took a match out of his cap. Hunnings opened his eyes sleepily, and head Stepp say he thought he would scare him. Stepp struck a match against the box containing the explosive, lighted a "fuse of dynamite in his hands, and attempted to throw it into the woods.

A terrific explosion occurred. A Stepp's body was seen to go hurtling through the air at a height of twenty feet or more. The explosive in the box against which Hunnings was leaning was exploded almost simultaneously, the concussion shaking the earth for a considerable distance.

Stepp is a resident of Greenville township. He is said to have been handling explosives in road work at the convict camp for a length of time. He was considered unusually careful and trustworthy. Members of the convict force working in close proximity to where the explosion occurred were unable to ascribe any reason for Stepp's act, other than that he was elated over his pending dismissal from the road force and he thought he would celebrate with dynamite.

Dies of Injuries Received in Fight

Clinton, June 1.—(AP)—Valentine H. Rackley, 71, wealthy Sampson County farmer died in a Fayetteville hospital last night of injuries received from a negro tenant Forest Revel last Saturday following an argument between the two concerning a team of horses.

It is alleged the negro used an automobile driving shaft and beat the farm owner over the head, fracturing the skull and causing hemorrhage of the brain. Revel, spirited away soon after his capture following the fatal assault today was charged with murder and will be kept in the Fayetteville jail, Sheriff McD. Morrison said.

GETS LIFE SENTENCE FOR SLAYING MOTHER

Memphis, Tenn., June 1.—(AP)—Henry Williams, 42, automobile mechanic, was found guilty in Shelby criminal court today on a charge of murdering his mother, and was sentenced to life imprisonment.

CLAIMS VICTORY OVER NORTHERN CHINA

Hankow, China, June 1.—(AP)—A communique issued today bearing the date May 26, sets forth a claim by Marshal Feng Yu Hsiang that in his campaign against the northern forces he captured Honanfu. He says he took 20,000 prisoners and six trainloads of ammunition.

COMMITTS SUICIDE

Long Branch, N. J., June 1.—(AP)—Abraham Fabian, son of Jack Fabian, president of the Stanley-Fabian Theatrical Corporation, and vice-president of the First National Pictures, committed suicide at the home of his father here early today.

TODAY

Next Stop July Fourth How Does the Mind Know? Not Quite 100 Per Cent. An Oil Cloud.

(By Arthur Brisbane)

Copyright 1927, by Star Co.

(Copyright, 1927, by the Star Co.) Statistics show that nearly 2,000,000,000 human beings, of various kinds and colors, live on this earth—a little more than 1,900,000,000. Many have troubles, some are fighting, some worry about debts, but on the whole they are better off than ever before in history, and there are more of them now.

With Decoration Day past, the next stop comes on July 4. Between now and then opportunities will be found all along the road for those with eyes open.

This nation, above all, offers opportunity and cheerfulness. If only the big men could realize that it pays to keep the great crowd prosperous and happy, there would not be a cloud as big as a man's little finger nail on our glowing horizon.

Engines in airplanes will soon all carry "supercharges," or "oxygen boosters," that feed to engines at high altitudes, air as rich as sea level atmosphere. It is done by condensing the rarified upper air.

Business and general prosperity in America seem to have found some similar "prosperity booster."

Professor Irving Fisher's report shows stock prices are at their highest, everything booming. Even the down-trodden farmer sees bright spots. Cotton is sixty to seventy per cent above the recent low mark, wheat and corn are both booming, up 25 cents and 30 cents respectively. It is good news for the general public, not so good for (Continued on Page Six.)

ALL BALLOONS HAVE NOW BEEN HEARD FROM

All of the 15 Starters Of National Elimination Contest Reported Down.

Akron, Ohio, June 1.—(AP)—With the report today of the landing of the Detroit Flying Club's entry No. 3 in the national elimination balloon at Skowhegan, Maine, the personnel of the American team in the 1927 international race seemingly was established.

Unless contests upset the unofficial landing reports the three pilots in the international event to start from Denver in September will be Ward T. Van Orman, pilot of the Goodyear entry in the elimination race; E. J. Hill, pilot of the Detroit Number 3, and Captain W. E. Kepner, of Scott Field.

Akron, Ohio, June 1.—(AP)—The Detroit No. 3, last of the fifteen balloons to be heard from in the national elimination race landed at 11 p. m. yesterday, at Skowhegan, Maine, approximately 650 miles from Akron, race headquarters was notified today.

Akron, Ohio, June 1.—(AP)—The Scripps-Howard balloon, in the national elimination race, has landed at Eastman, Que., Canada, an estimated distance of about 565 miles from Akron, according to word reaching the race association today.

Richard Dunstan Arrested With 24 Qts.

Winston-Salem, June 1.—(AP)—Richard L. Dunstan, prominent Winston-Salem business man, was arrested when federal prohibition enforcement officers seized his automobile and 24 quarts of Scotch whisky here today.

The raid was conducted under the personal supervision of J. L. Osleen recently appointed deputy prohibition administrator of the middle district. The officers said they trailed Dunstan from a local express office, where he is alleged to have signed for the liquor, to his home. They say he was in the act of removing the whisky from his automobile when arrested.

Dunstan was taken to the office of U. S. Commissioner Beckerditte but the commissioner was out of the city and no hearing could be held. Dunstan was allowed to go without bond until Beckerditte returns.

STATE TROOPS STILL ON DUTY AT TAMPA JAIL

Repeated Clashes With Mobs Features Three Nights of Terror and Rioting.

Tampa, Fla., June 1.—(AP)—Vigorous action was taken today to prevent a recurrence of the mob violence which for two nights made one section of this city a battlefield in which three men were killed and thirty injured.

A district four blocks square, with the county jail in the center, was placed under joint military and civil rule Monday night when a mob of several hundred broke through the jail wall in an effort to take B. F. Levins, confessed assassin from the building.

Levins was held for the death of Herman Merrill, his wife and three children late last week as a result of an attack with a hammer, delivered while they slept. A coroner's jury held Levins responsible.

Additional troops began arriving here early today. The first was a company from Bartow. Adjutant General Foster ordered six companies here—two from Orlando and one each from Bradenton, Palmetto, Fort Myers and Bartow.

They brought full equipment, tin hats and all. Six companies had been called for duty yesterday.

Colonel Sumner L. Lowry, commandant of the 116th field artillery and his staff met city and county authorities for a conference on additional defense today. State Attorney C. B. Parkhill and County Solicitor R. E. L. Chaney were asked by Colonel Lowry to prosecute identified members of the mob.

The identified victims of last night's shooting totaled three dead and nineteen wounded. Twelve were wounded on Monday night. One of them, B. M. Davidson, a plasterer, is not expected to live.

The mob last night apparently forgot Levins. He was removed from the jail Monday night. The rioters seemed intent on picking a quarrel with the soldiers.

Tampa, Fla., June 1.—(AP)—State troops controlled a "war zone" in the Hillsboro county jail vicinity early today after repeated clashes with mobs that since Sunday have terrorized the downtown section. Streets surrounding the jail were deserted at 4 o'clock but a searchlight atop the four story building revealed wrecked automobiles, battered lamm posts and clothing-remnants of three nights of rioting in which two men were killed and more than 20 injured.

The fury of 2,000 men, who last night attacked guardsmen in the face of machine gun fire, was such that four additional companies were ordered to reinforce 500 men who held the premises under command of Colonel Sumner L. Lowry. They were expected early today and plans went forward to prevent another outbreak.

The mob sustained all the casualties, the dead and 12 wounded falling in a single machine outburst that answered a crowd firing into a group of soldiers. Sergeant B. F. Davis was struck in the head by a brick but his steel helmet protected him from serious injury. Ten men and a woman were wounded Monday night in an attack on deputies before the troops arrived.

Hal Pifer, 33, of Ocala and H. G. McCray, otherwise unidentified, were killed.

Machine guns, snipers' nest, tear bombs and sandbags barricades were set up by guardsmen in their defense of an area surrounding the jail. A machine gun emplacement on the roof, another in an adjacent cemetery and still another in the steeple of a negro church across the street were connected by telephone with headquarters in the jail. Searchlights were brought into play and held in readiness to forestall another attempt to congregate in the vicinity.

Several persons treated in hospitals complained that they were wounded by stray bullets from the danger zone. Plate glass windows on Franklin street, the city main thoroughfare three blocks from the military outpost, were shattered by pistol and machine gun fire.

Jeers and taunts directed at guardsmen participating rioting last night. Ordered out by Governor John W. Martin when mobs first attacked the jail to capture B. F. Levin, confessed slayer of five, the troops took over the premises yesterday.

Disorder growing out of a relief detail sent to the roped area brought the first burst of firing last night. Sergeant Davis leaving a detail of 16 soldiers, was felled by a brick hurled by a hoodlum. The sergeant ordered his men to fire their sidearms and seven of the mob fell.

LEAGUE BALL IS PROPOSED FOR SECTION

Sam Carson Confers With Surrounding Towns Regarding Organization of League

Greenville has been gripped by baseball fever, and as result plans are now under way for the organization of an Eastern North Carolina League composed of amateur players from towns in this territory.

Sam Carson, captain of the Greenville Club and a former player of the old Eastern Carolina League, is one of the leaders in the movement in this city. Carson was today conferring with baseball enthusiasts in Washington, Tarboro, Scotland Neck, Goldsboro, New Bern, Pinebluffs and Enfield.

So far Tarboro is the only city that has been heard from. It was stated that the people of that town are ready to participate in organization of a league at any time—the sooner the better.

It is the object of Carson to employ only amateur players, or men residing in the towns that enter the league. He says Greenville has considerable material of this class. In fact, three or four members of the old Eastern Carolina League live here, and are taking part in practice with the team of the local military unit.

Other towns which Carson is conferring with are believed to have material as good as Greenville, and it is the consensus of opinion that they should be able to furnish an exceptionally fine brand of ball.

Supporters of the movement here are of the opinion that a club made up of purely local material would receive greater support than one composed entirely of professionals. They believe this section has been without baseball long enough, and that the populace in all of the towns conferred with would give the best of support.

Sam Carson said this morning that Greenville is going to have baseball this summer, and that he hopes to be able to make a definite announcement of the organization of the league in the course of a few days.

And during the interim Greenville and other towns of the section will be waiting the outcome of negotiations with breathless suspense, hoping that the fever will grip every town as it has gripped Sammie Carson and his followers here.

CALL BOY WINS ENGLISH DERBY

Epsom Downs, England, June 1.—(AP)—Frank Curzon's Call Boy the favorite, raced to victory in the 144th running of the historic derby today with King George and Captain Lindbergh among the thousands looking on.

Call Boy, the winner, ridden by Jockey Elliott, is by Hurry On, out of Comedienne. His owner, Frank Curzon, is a theatrical manager as well as an enthusiastic turfman.

Epsom Downs were fairly alive with spectators, the crowd being swelled by the addition of those anxious to see the American hero of the air.

Once the horses were off, however, all eyes were turned to the course and the choice field raced down the final stretch of the 1 1/2-mile course through a veritable lane of cheering thousands.

Sir V. Sassoon's Hot Night was second, and J. S. Courauld's Shian Mor third. Twenty-three horses ran.

Call Boy, who won by 2 lengths started at odds of 4 to 1. Hot Night took second place 8 lengths from Shian Mor. R. D. Cohen's Buckfast was fourth. The betting odds on Hot Night were 9 to 2 and Shian Mor 22 to 1.

Other towns which Carson is conferring with are believed to have material as good as Greenville, and it is the consensus of opinion that they should be able to furnish an exceptionally fine brand of ball.

Supporters of the movement here are of the opinion that a club made up of purely local material would receive greater support than one composed entirely of professionals.

They believe this section has been without baseball long enough, and that the populace in all of the towns conferred with would give the best of support.

Sam Carson said this morning that Greenville is going to have baseball this summer, and that he hopes to be able to make a definite announcement of the organization of the league in the course of a few days.

And during the interim Greenville and other towns of the section will be waiting the outcome of negotiations with breathless suspense, hoping that the fever will grip every town as it has gripped Sammie Carson and his followers here.

BILL EVANS TO DENKER CLUB
Burlington, N. C., June 1.—(AP)—Bill Evans, local baseball native was on his way today to report to the Denver, Colo. club after being sold by the Birmingham Southerners.

The challenger, however, kept warm by carrying the fight to the champion.

MANY THRILLS IN BIG LEAGUE YESTERDAY

Remarkable performances at bat and afield went down in the big-league record book today as the result of the liveliest games the season had produced thus far.

A single day saw 10 homers, two of them by Babe Ruth; a 100 per cent batting average and an unassisted triple play, the second in two days.

Seven of the ten homers were made in Philadelphia where Ruth poked out his contributions in games against the Athletics. The first helped the Yankees to a 10 to 3 triumph over the A's in the opener of a double bill and the second aided in a 8 to 5 walloping administered to the same team.

Ruth's brace of round trippers gave him 16 for the season and carried him ahead of his mark at the same stage in 1921, his record year, while tying his number made at this time last year.

In the same games, Gehrig, Lazzeri, Pat Collins and Koenig made circuit blows while Fox tallied one for the home team. Terry made one for the Giants, Douthitt one for the Cardinals and Tolson one for the Cubs.

The man with the 100 per cent hitting record was Joe Harris of the National League leading Pirates, in a game with the Cubs. He hit a triple that won the game ten to 9.

Like the Yankees the Pirates took a tighter hold on the roofing of their league as a result of the day's play. The defeat cost the Cubs second place in the league.

The one man triple killing was by Johnny Neun, Detroit first baseman. Coming in the ninth it took the Indians' breath away and enabled the Tigers to win one to nothing. The play was the second of its kind in two days. Jimmy Cooney of the Cubs turned in the other Monday against the Pirates. Up to that time only six men in baseball's history had achieved the rare feat.

In pitching Bob McGraw pulled the Cardinals into second place to the Pirates by holding the Reds to five hits and beating them 10 to 0. Collins of the Tigers went him one better in holding the Indians to four hits, while Petty of Brooklyn granted but six in beating Boston 3 to 2. The Chicago White Sox clung close to the Yankees by their 7 to 2 decision over the Browns. The Giants took one from the Phillies 13 to 4, while the American League cellar dwellers, the Red Sox, unexpectedly slammed Senators four to one.

Other towns which Carson is conferring with are believed to have material as good as Greenville, and it is the consensus of opinion that they should be able to furnish an exceptionally fine brand of ball.

Supporters of the movement here are of the opinion that a club made up of purely local material would receive greater support than one composed entirely of professionals.

They believe this section has been without baseball long enough, and that the populace in all of the towns conferred with would give the best of support.

Sam Carson said this morning that Greenville is going to have baseball this summer, and that he hopes to be able to make a definite announcement of the organization of the league in the course of a few days.

And during the interim Greenville and other towns of the section will be waiting the outcome of negotiations with breathless suspense, hoping that the fever will grip every town as it has gripped Sammie Carson and his followers here.

BOBBY JONES SEEKING NEW GOLF LAURELS

New York, May 31.—(AP)—Bobby Jones launches his eighth drive for the National open golf championship on June 14, 15 and 16 at Calmont from a background of record stroking which has no parallel in links history.

The twenty-five-year old Georgia marvel, who last year accomplished the remarkable feat of winning both the British and American open titles, already has opened his 1927 campaign with a smashing card of 281 to win the Southern open crown.

There are still more records ahead of him to tempt the magic of his club, and in this early season performance he has broadcast a warning of new flights to great golf which may realize his chief hope of the current season—acquisition of the open and amateur crowns in the same year.

Only one golfer in history has been able to bring off this feat. Chick Evans, the veteran Chicago amateur, accomplished it in 1915, nosing out Jock Hutchison for the open title at Minneapolis and defeating Bob Gardner in the final round of the amateur at Merion.

Bobby missed an even greater performance last September at Baltusrol when he was toppled from his amateur throne by George Von Elm of Los Angeles after winning the American and British opens. But his 1926 score cards stand out as a brilliant achievement in sheer

SPORTS SLANTS

By ALAN J. GOULD

New York, June 1.—(AP)—Gene Tunney, the studiously inclined heavy weight champion of the world, has added a former Rhodes scholar to his staff, but not for educational purpose.

Eddie Eagan of Yale and Oxford former Olympic light heavyweight boxing champion, is now with Tunney at the champions camp in Spectator N. Y., because he can punch and because he has been a friend of Gene since the war. Any of the numerous amateurs hear and abroad who have sampled Eagan's sock will testify without the slightest hesitation that the former Eli star packs dynamite in either fist.

Eddie cut wide swath throughout national amateur and intercollegiate boxing ranks a few years ago. After captaining the Yale boxing team in 1921 he went to Oxford as a Rhodes scholar. Lack of opportunity to keep in fighting trim kept him from defending his Olympic title in 1924.

There, said noted rowing authority as a powerful young sculler sweep his tiny shell down the Schuylkill river to record breaking victory in the American Henley Regatta. "I, the next Olympic champion." He was referring to Joe Wright, Jr., son of the famous Canadian rowing coach.

A rangy, muscular youth of around 20, Wright has all the qualifications for success, plus an aptitude with the sweeps that seems to have been born in him. He has developed rapidly under the guidance of his father. "Young Joe" has entered the historic diamond skulls at the English Henley in July and probably will try conclusions with the present Olympic champion, Jack Beresford Jr., in that event.

HURLERS SHOW BETTER FORM IN PIEDMONT

Raleigh, June 1.—(AP)—June finds Piedmont pitchers exhibiting better form than noticed when the season opened in April but the results of contests continue to shift the standings of clubs from one position to another after each series.

Kit May again pitched Rocky Mount to victory yesterday, the Caps of Raleigh unable to gain but six widely scattered singles in the 1-0 contest. Vance Page, for the Durham Bulls, held High Point's leaders to three bingles, to turn in a 10-1 win. Salisbury and Winston-Salem divided the day's bargain as Taylor opened with shut-out ball, 3-0 for the Twins and Barnes hurled the Cois to victory in the nightcap, 4-0.

LOCALS

Mr. and Mrs. Charlie Hackney have returned to their home in Lexington, after a visit to Mr. and Mrs. Bill Minshew.

Jesse Davis, of New Bern, was a Greenville visitor today.

J. F. Barwick, of Ayden, was here today.

Miss Helen Gray Jones has returned from a visit to Lawrenceville and Clarksville, Va. She was accompanied home by her mother's sister, Miss Lucille Wynne.

Lloyd Turnage, of Ayden, was here today.

DANCE AT COUNTRY CLUB
The Country Club will entertain at a dance this evening, complimentary to the members and their guests. Dancing will begin at 9:30 and music will be furnished by Shan Austin. Refreshments will be served at intermission and several novelty features are planned.

Mendelssohn—Hunting Song—Mary Gray Moore.

Forman—The Dance of the Pine Tree Fairies—Glee Club.

THE LAUGH IS ON US

In yesterday's paper, under the head of "Gentlemen!!!" there appeared a write-up about diamonds by Best, the Jeweler. One sentence was "Don't buy quantity, buy quality." It was printed: "Don't buy quantity." It is a settled fact that everybody in Greenville and Pitt county knew that this was a misprint, because the firm of W. L. Best, Jeweler, handles only the very highest quality in all of their lines. We gladly make this correction.

LEAVE FOR NEW YORK

Messrs. C. M. Tolar and Chas. J. Barr left this morning for Philadelphia and New York, to purchase stocks for Tolar's Jewelry Store, which will open in this city on June 10th.

Noted Baritone to Sing Here

Edwin Swain will sing at the East Carolina Teachers College Saturday night, June 4th. This will be one of the outstanding features of the commencement exercises.

MRS. COBB PASSES AWAY AT HOME IN ORIENTAL

News was received here this morning of the death of Mrs. Maud P. Cobb, 61, who died at her home in Oriental yesterday morning at an early hour. Funeral services were conducted this afternoon, interment taking place at Oriental.

Mrs. Cobb is the mother of Mrs. Ned Laughinghouse, and spent some time here, while Mr. and Mrs. Laughinghouse made Greenville their home. News of her death will be received with profound regret.

BIDS FOR STATE PRINTING REJECTED

Raleigh, June 1.—(AP)—All bids submitted on the state printing for the coming bi-ennium were rejected today by the State Printing Commission. The commission said some of the bids were too high, and others did not assume responsibility for a proportional part of the state's printing. New bids were asked for.

FLOOD DELEGATION TO GREENVILLE, MISS

Memphis, Tenn., June 1.—(AP)—The Congressional delegation which is surveying the Mississippi flood area left here early today for a trip through Greenville, Miss., Arkansas City, Ark., and other points in the Mississippi Delta, must be derived by the government.

There are five senators and nine congressmen in the party.

HAPPY FEET in 3 minutes

THE minute you put your feet in a "Tiz" bath you feel pain being drawn out and comfort just soaking in. How good your tired, swollen, burning feet feel. "Tiz" draws out the poisons that cause tender, aching feet. "Tiz" takes all the soreness out of corns and calluses. Get a box of "Tiz" at any drug or department store for a few cents. End foot torture forever—wear smaller shoes, keep your feet fresh, sweet and comfortable.

D. A. R. MEETING
(Reported)

Mesdames R. H. Wright and Chas. O'H. Laughinghouse and Miss Pearl Wright delightfully entertained the D. A. R. Chapter at the Country Club, Saturday afternoon at three o'clock.

The club house was lovely with its decorations of spring flowers and evergreens. The large fireplace was banked with green and on either side were exquisite baskets of flowers. Throughout the room flowers were used in profusion. The guests were received at the door by Mrs. Wright and Mrs. Laughinghouse and invited to the punch bowl which was presided over by Miss Mary Wright and Mrs. Dal' Laughinghouse, and Mrs. G. M. Holden, of Farmville.

The meeting was called to order by the vice-regent, Mrs. Felix Harvey, of Kinston, and after the salute to the flag and the American's Creed, the chaplain service was led by Mrs. W. S. Harden, in the absence of Mrs. T. A. Person. Mrs. W. B. Murphy, of Snow Hill, the Regent of the Chapter, then took charge and after a few words of welcome to the Chapter and visitors, turned the program over to Mrs. R. H. Wright.

Miss Sallie Joyner Davis gave a most interesting sketch of the history of North Carolina, telling of the early settlers and what each had contributed to the advancement and growth of the state.

This was followed by several dances by some young ladies of the East Carolina Teachers College. These dances were in costume and were much enjoyed by the guests. Miss Bet Dixon then followed with a toe dance. The Misses Morton

delighted the Chapter with some lovely musical selections on the violin and piano.

Mrs. Murphy, the Regent, then called on Mrs. Della McGee, of Winston-Salem, who is state leader of the children of the American Revolution, to tell something of the work she is doing throughout the state. She told of the interest and enthusiasm of the younger generation in the work assigned to them.

Mrs. Carl Turnage, of Farmville, Regent of the Benjamin May Chapter, and Mrs. R. L. Smith, Regent of the Greenville Patriots, both responded in a charming manner in behalf of their chapters.

At the close of the meeting an ice course was served. About 75 guests were present to enjoy the hospitality of Mesdames Wright and Laughinghouse.

The meeting then adjourned to meet in June with Mrs. W. E. Murphy, of Snow Hill.

Two June Brides at Charlotte, N. C.

Charlotte, June 1.—(AP)—Two Charlotte girls this morning were laying claim to being the first June brides.

There was no stop watch, so if a real dispute should arise, it might be necessary to call in an arbitration board.

Promptly at the stroke of midnight last night as recorded by their own clocks, Miss Susie Seerst and Cornelius S. Romy, city electrician of Miami, Fla., and Miss Mentez Miller and Frank Welsh marched to the altar. The wedding occurred in different parts of the city and neither couple knew of the other.

Mr. and Mrs. Romy were married by Rev. D. G. Phillips of the

First Associate Reformed Presbyterian church, and Mr. and Mrs. Welsh were married by Dr. D. M. Litaker, Presiding Elder of the local district of the Methodist Episcopal Church South.

A good man need not fear snoo-pers. No hawklike eyes watch him except his wife's.

New Wonderful Face Powder

and the Worst is Yet to Come

C. H. Wellington

Though a convention of dealers in cosmetics finds that these supposed aids to beauty are being "increasingly used by men," let us hope that they will never equal war-path Indians, breech-clouted Africans and modern American flappers in the extent of their facial decorations.

After writing of Boston as an Irish city, New York as a Jewish city, Washington as an international city, and Chicago as a city which has not yet found itself, Cosmo Hamilton reaches the remarkable conclusion that Philadelphia is the "only American city." He might learn something more by extending his observations a little further.

Next year paper money will be much smaller, according to announcement by Secretary Mellon. It is to be hoped, however, that its buying power is not likewise decreased.

SAFETY FIRST
 Three deaths within the past few weeks at the convict camp from dynamite explosions, should bring to the attention of those in charge of the convicts the absolute necessity of the guarding a all times of the supply of explosives used in the road work. Reports of yesterday's fatal accident indicate that the members of the convict force have easy access to the explosives. Dynamite in the hands of inexperienced or mischievously inclined persons is indeed dangerous, and the authorities at the convict camps should see to it that the supply of explosives is guarded a all times. In failing to guard the supply of explosives, they are endangering their own lives, as well as those of the convicts.

UP TO AMERICA
 After the great Chicago fire, England, then very prosperous, contributed generously to the relief fund, but we now read that several leading English newspapers have declined to start relief funds for the Mississippi flood sufferers. There are just two reasons for such an attitude: Over-taxed England is hard pushed in these times and has the problem of a million unemployed on its hands. On the other hand, the United States, rich and prosperous, is well able to take care of its own sufferers. It is true that there is no appropriation by Congress, as there ought to be, but the English have good reason for believing that this country needs no outside help.

SPORTSMANSHIP
 The whole world has paid fitting tribute to Lindbergh,

bravest and most winsome of airmen. It remains only to say a word in tribute to the French people for their true sportsmanship and generous enthusiasm over a foreigner's triumph in the midst of their still acute sorrow over the tragic fate of their own sons of France. Sustained enthusiasm, jubilant throngs throughout Paris, cheered American flags everywhere—even over the Ministry of Foreign Affairs for the first time since President Wilson went as a world dictator to Paris—the cross of the Legion of Honor, repeated honors usually reserved for reigning sovereigns. Such was the story of the young American flyer's reception cabled from the French capital. A spectacle to thrill the most distant observer—a lasting refutation of the foolish and amazing talk about the possibility of "hostile demonstrations." True sportsmanship rises not only above international lines but even above great sorrow and tragic disappointment.

The most touching feature of the whole picture was that of the modest and sympathetic young American hero clasped to the bosom of Mme. Nungesser and bidding her still keep firm hold on hope. This first act of Captain Lindbergh—the call on the mother of the missing French ace—revealed both the instincts of a gentleman and befitting sympathy for misfortune in the midst of his own triumph. The incident also revealed in the bowed French mother heroic power to rise to a share in the joy of the American mother. There is room for universal congratulation in the fact that the whole story was all that could be wished, without a single incident to be regretted.

DECLINE IN HORSES AND MULES IN NORTH CAROLINA
 Raleigh, N. C., May 31.—(AP)—A decline in the number of horses and mule costs shrank from 279,000 day by Frank Parker, State-Federal crop statistician. Cattle and swine also decreased but sheep increased in numbers.
 Within one year's time the number of horses and colts in the State decreased from an estimated number of 130,000 in 1925 to 120,000 in 1926, while the number of mules and mule costs shrank from 279,000 in 1925 to 276,000 in 1926. The figures are based on estimates made at the close of the past year.

Daily News Letter
 Gossip of Staff Correspondents at World Centers of Population

Indianapolis, Ind.—(INS)—To save the lives of their loved ones, Governor Eli Jackson an Attorney General Arthur J. Gillion of Indiana have rendered themselves liable to imprisonment through violation of the Wright bone-dry law (the most severe in the country).
 That fact was brought out in a remarkable letter Gillion wrote to Governor Jackson urging him to the next legislature amendment of the State liquor law to permit the use of whiskey for medicinal purposes. One pint of whiskey was ordered by physicians for Mrs. Jackson, wife of the Governor, who was dying from pneumonia. The Governor went to Gillion, who informed him that there was no lawful way to obtain the liquor, according to the letter.
 But the Governor's desire to obey the law was less than his love for his wife. He got the liquor from Canada.
 A similar method of "illegally" obtaining whiskey was utilized by Gillion, who a year ago suffered the torture of a parent when his three sons were ill from pneumonia and typhoid fever.
 But Frank E. Wright, author of the law, still maintains there is no necessity to lessen its severity.
 "Doctors have told me there is no medicinal quality in whiskey," he maintains stubbornly.
 Gillion's friend who supplied the liquor for his sick children after the physicians had said it was necessary paid dearly for his act of generosity. A few days later he was arrested for having possession of liquor under the bone-dry statute.
 "You and I procured the needed whiskey from friends who were secretly preserving it for just such anticipated emergencies in their own households, risking all the while, discovery and imprisonment, because of such mere possession," Gillion wrote the Governor.
 "We had a natural right, massed a supreme duty, to save the lives of our dear ones by any means available, just as the lowliest and poorest citizen has a right equally precious to him and a duty no less compelling.
 "No government and no law can justly interfere with that right and that duty."
 Under the Indiana dry law, physicians are prohibited from prescribing whiskey even under the most desperate circumstances. Carrying liquor from place to place and giving it away and even possessing it are crimes. Even the mere asking for liquor may be used as evidence of conspiracy to violate the law.
 With the Indiana Anti-Saloon League adamant on changing a comma of the celebrated prohibition statute and as fast growing body favorable to liberalization, Gillion's letter was expected to be a

factor in the 1928 gubernatorial campaign.
 The soothsaying profession in Indianapolis has suffered a severe blow through a rather unfortunate guess by one of the women fortune tellers.
 Representative Frank E. Wright,

author of the bone dry law of Indiana, the most arid in the nation, was the subject of the guess when his son, Harold, 18, went to consult the seeress.
 "Ah, young man, I sympathize with your unhappy fate; your father is a hard drinker," was her sta bat the occult.

"Why, he never took a drink in his life," the mazade young man replied.
 Recovering a bit of her composure, the fortune teller said:
 "Perhaps yes; perhaps no; but someone is going to persuade him to take a drink."

LEAVE FOR WASHINGTON
 Mr. and Mrs. Swanson Graves and children left yesterday for Washington, where they will make their home.
PIANO RECITAL AT EVANS STREET SCHOOL
 Edna Smith will be presented in a

graduating recital, by the piano department of the Greenville high school, in the auditorium of the Evans street school, on Thursday evening, June 2, at 8:00 o'clock.
 The public is cordially invited to attend.

Market Report Cotton--Stocks--Grain

COTTON

New York, June 1.—(AP)—Still higher prices were reported in the cotton market today on belief that rains reported in west Texas had been insufficient and that the crop situation in some sections there was becoming more serious. Early declines were recorded, October selling up from 17.03 to 17.31 or about 10 to 14 points net higher.

The volume of business tapered off at this level. The mid-afternoon market was quiet but fairly steady at reactions of 6 to 7 points from the best.

Futures closed steady 9 1/2 to 11 points lower. Spot quiet; middling 16.55.

High	Low	Close

Opening: January 17.44; March 17.65; July 17.78; October 17.12; December 17.40.

STOCK MARKET

New York, June 1.—(AP)—Bullish enthusiasm ran rampant again in today's stock market, with more than 50 issues again moving to new high ground. Bear traders succeeded in uncovering a few weak spots, but offerings generally were well absorbed, the major pools apparently being plentifully supplied with funds to carry on their operations.

The close was strong. Total sales approximated 2,800,000 shares.

Flashes of Life

(By The Associated Press)

St. Cloud, France.—California, which lost two girls tennis stars by the marriage of Hazel Hotchkiss and Charlotte Hosmer to Massachusetts men, is to acquire one by a wedding if reports at the current tournament are true. They say that Howard Kinsey is to marry his pupil, Fraulein Cecille Aussen, 18 one of the sensations of the present competition.

Oyster Bay, N. Y.—In the versatile Roosevelt family the wife can pinch hit for the husband. Colonel Theodore was ill Memorial Day. In his place Mrs. Roosevelt made an address at the exercises of the American Legion.

New York.—The middle Eastside is getting good. For the first time in fourteen years not one prisoner was arraigned in Yorkersville court on Memorial Day. Magistrate Brovsky shut up shop in order to see the parade.

New York.—Bernice and Phyllis Zitenfeld, 13-year-old twins, are to try the Channel swim from England to France the reverse of last year's accomplishments by the swimming sex. Their mother is to act as pacemaker. Just by way of tuning up they swam six miles from Longbeach to Rockaway in the record time of one hour 40 minutes.

Cesaree, Turkey.—This town in Eastern Turkey has a railroad connection for the first time in history and has 100 less sheep and one less camel than before modernity arrived. The animals were sacrificed in ceremony when the railroad was opened.

Sofia—King Boris, who like the Prince of Wales is causing everybody to wonder when he will get married, is sponsoring a campaign for more and better Bulgarian babies.

New York.—There is no better place than Wall Street in which to come back, in the opinion of Leopold Zimmerman, who, at 74, after a four-year fight, has rehabilitated a banking business thrown into receivership by the collapse of the German mark.

St. Cloud.—Suzanne Lenglen is now a philatelist. She has been buying stamps with some of the Beacoup francs she made playing tennis in the United States. In four days she bought \$4,000 worth.

New York.—Adolph Zukor, film prince, back from Paris, regrets that he could not sign up Lindy for the movies, because not since Wally Reig has he seen such an engaging smile which would screen well.

Houston, Texas.—First bale of this year's cotton crop brought \$1.350 at auction on the Houston Exchange. It was raised by a Mexican.

Fish Kill, N. Y.—The vest pocket railroad, a de luxe line which has no income at all, is in operation for the summer. It runs a few hundred yards through the gardens of Cecil Gate's estate for transportation of his guests. It has locomotives, cars, signal towers, bridges 'n ever'thing, except tickets.

Brussels.—Kine Albert is to get a raise in pay. His annual pre-war allowance of 3,300,000 paper francs is to be grebled. It amounts to about \$130,000 now. Heretofore he has refused an increase but finds that he can't meet expenses.

Regardless of how the match ends, Henri Cochet, the "Ball boy of Lyons," may be expected to give big Bill Tilden a more spectacular tussle than either Lacoste or Borotra when they meet in the semifinals of the French hard court tennis tournament tomorrow.

What a pity you didn't know before that the CONCENTRATED medication in Poslam stops itching instantly! Get Poslam today and just watch it clear away the unsightly, tormenting eruption. Poslam costs only 50¢ at all druggists. Write for special test box, POSLAM CO., 243 West 47 St., New York City

The Shiner

William B. Leeds, son of the "tintplate king," arrived in London with one eye blackened, as shown above. He explained that he had bumped into a pipe. His voyage was further enlivened by reports that he had made the trip because it was too late to go ashore after he finished visiting friends on the liner. He denied it.

Announcing TOLAR'S

The New and Better Jewelers

We have moved our opening date up about sixty days and will open our New Store in the Munford Building about June 10th, with a complete line of Watches, Diamonds, Jewelry and Silverware. We had made some of our purchases for August shipment and this necessitates our going to New York this week to fill in our lines of the Newest Things and get immediate shipment on others.

We will have associated with us in our New Store

MR. CHARLES J. BARR

A man of exceptional ability and experience in expert Watch repairing, engraving, jewelry repairing and a diamond setter of note. With Mr. Barr we are bringing to Greenville and Eastern Carolina a service of untold value in his expert workmanship, especially in mounting your diamonds at home.

State Briefs

Haleigh, June 1.—(AP)—The organization of county systems, more efficient supervision, uses of tests and measures, and round table discussions engaged rural supervisors of schools of the State on beginning a three day annual conference today.

L. G. Brogden, State supervisor of rural elementary schools, called the meeting to order in the House of Representatives. Miss Macie Southall, assistant state supervisor, also had charge of the gathering.

While T. W. Andrews, High Point, president of the North Carolina Education Association, thinks restrictions on teachers' personal lives are "absurd," Charles J. Parker, Raleigh school pulpy man, endorses the rules of Charles L. Coon, Wilson County superintendent of schools as "perhaps the most influential and strongest leader of edu-

the man who hopes to crowd out Coolidge in 1928.
Nothing succeeds like prosperity

Last Sunday the Reverend Doctor Charles E. Jefferson asked a question that science cannot attempt to answer. He said: "Science says light vibrations produce variations in color. These vibrations register on the retina and are developed in the brain, where there is a color centre." Then Dr. Jefferson asks: "How does the mind get these vibrations? How does the mind know the difference between colors? Science takes us up to gates that are closed. It leaves us with as many mysteries as religion."
Science will reply, perhaps, "true," there are many things we do not know. But when we do not know, we say so. We do not give a fairy story explanation of the unknowable, and threaten to send you to hell, if you don't believe."

Science looks into the atom, sees the electrons revolving round the nucleus, which religion could not do. But religion makes the hundreds of millions happy, relieving them of worry about the future while freeing them from painful thinking.
Science and religion are both useful to fame Lindbergh has flown 6,567 miles, not counting any flight since Sunday morning.
The air mail pilot holding the record has flown 125,000 miles in the last thirteen months, equal to five trips around the world. And fun, and should be friends, each glibly believing what he chooses.
Nothing can be expected to work with 100 per cent perfection, but prohibition seems to have more than its share of trouble. Some of its best friends are worried by a report of Chicago's psychopathic hospital, which for the fiscal year

"Nine hundred and thirty-nine men and 118 women, 21 per cent of all patients admitted, were suffering from chronic alcoholism."

And alcoholism, it seems, was complicated by mental symptoms which shows what kind of whiskey is bootlegged to the American public. Of course, the hand of providence may be in it. Bootlegging which naturally acquires the men-

tally weak, for customers, may in the end raise the mental average, by killing off the semi-morons.

Light automobiles and trucks are being produced in greater volume than ever before. Such is the official report. There is only one cloud on the automobile horizon, and that's an oil cloud.

Reckless production and reckless price cutting in the oil industry means trouble ahead for motor owners. Oil is being wasted, poured out and squandered on sandy roads wherever public officials can be persuaded to buy it at public expense.

Oil production is wastefully managed, prices are low—but today's low prices will be paid for with high prices later.

The country needs a continuous oil and gasoline supply, at fair prices, which the Government should regulate.

The nation now is acting like a drunken youth, squandering a rich inheritance.

On Sunday morning four 'army aviators were killed in a bombing plane that "went dead," 500 feet up, crashed and exploded, coming down through a net of high tension wires. Why fliers should be permitted to rise from the ground, close to such a dangerous "net" is one question.

Almost as soon as it fell, a beautiful floral tribute was fastened to the propeller of the half burned plane. That does little good to those left behind by the dead men.

It is suggested that experiments might develop a sort of omnibus parachute that would do, for a falling plane, what the usual parachute does for the individual flier.

It is to be hoped that Secretary Davis, young, and open to new ideas, is actively interested in the proposition. Uncle Sam is rich enough to try anything.

Since he left California on his

this flying, about 100 miles an hour, will seem small like a few years hence.

Men will soon have conquered distance physically, which will mean doubling every life's possibilities.

TURN HAIR DARK WITH SAGE TEA

The old-time mixture of Sage Tea and Sulphur for darkening gray, streaked and faded hair is grandmothers recipe, and folks are again using it to keep their hair a good, even color, which is quite sensible, as we are living in an age when a youthful appearance is of the greatest advantage.
Nowadays, though, we don't have the troublesome task of gathering the sage and the muss mixing at home. All drug stores sell the ready-to-use product for only 75c. It is improved by the addition of other ingredients, and is called 'Wyth's Sage and Sulphur Compound' on face, neck, arms or body can discover it has been applied. Simply moisten your comb or a soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, but what delights the ladies with Wyth's Sage and Sulphur Compound, is that, besides beautifully darkening the hair after a few applications, it also produces that soft lustre and appearance of abundance which is so attractive.

Have Faith In What You Do

The attainment of success can hardly be expected if there is any lack of faith. Faith must exist in oneself and in what one undertakes to do, if any degree of success is to be attained.

From the first day we opened this store, our faith has been in quality merchandise and its proper distribution through efficient service, knowing that if this was done, price would take care of itself. And it has.

It has been our experience that quality merchandise attracts and holds the most desirable patronage, for those who understand true economy know that a good article at a fair price is cheaper in the end than an inferior article at a slightly lower price.

So we have gone on from year to year knowing that if we had faith in our merchandise, and in what we were doing that our patrons would have faith in us, and they have.
