Price Five Cents

CITY AWARDS CONTRACT FOR STREET WORK

Number of Important Matters Considered By Aldermen Last Night.

The Board of Aldermen in regular monthly session in this city last night let contracts for street improvements which had been authorized at previous sessions.

The contract for all improvements was awarded to C. D. Rigbee, of Durham, for \$10,860. Four other bidders participated, but the Durham contractor's price was considerably lower than all of them.

The city lowered all previous price standards for street improvements in the awarding of the contract for this program. They registered a saving of twelve cents per foot on curbing and gutter.

Except for one spot, flood danger seems to be past. Mr. Hoover, and President Coolidge, who selected him to take charge of the great calamity, are to be congratulated upon the efficiency with which it has been handled.

Those who have contributed to flood sufferers through the Red Cross will be glad to know that (Continued on Page Six.)

Five bids were opened for auditing of the city books, but due to the fact that the lowest bidder failed to furnish references, the matter was referred to the finance committee with power to act.

Representatives of the Electric Service Supply Co., and the Merritt Equipment Company appeared before the board and registered protest against the Water & Light Department handling electrical supplies, such as ranges, Kelvinators, fans, etc.

TODAY

Lindy Saw the Horses, Flood Subsiding, Much Wisdom Set Free, Nice Fees For Good Lawyers.

(By Arthur Brisbane) Copyright 1927, by Star Co.

Lindbergh, who rode his flying machine across the Atlantic Ocean 3,600 miles, in 33 hours, faster than 100 miles to the hour, helped the King of England watch the Derby. He saw "Call Boy" win that fiddle mile and a half race, in 2 minutes 34 2-5 seconds, breaking the record.

The race horse is as much out of date as the Queen of Sheba's camel, but gambling is in the blood, stimulates dull minds that have no imagination, delights weak wills that have no definite purpose.

And among the hundreds of thousands of whom many had to be rescued almost by force, refusing to believe that the water was coming, the known deaths will not exceed two or three.

Already cotton and other crops are being planted behind the receding waters. Arrangements are made for any outbreaks of illness that may follow the flood.

The general health will be better, a death rate lower than before, every one of the hundreds of thousands admitted into camps was vaccinated against smallpox and typhoid before admittance.

Those who have contributed to flood sufferers through the Red Cross will be glad to know that (Continued on Page Six.)

Wrecking tug Warbler from Key West picked up the disabled liner Ono off the Isle of Pines this morning, and is proceeding with the liner in tow for Mobile, according to advices received here. The Warbler, answering distress calls, sailed from Key West yesterday.

NATION READY WITH WELCOME FOR ITS HERO

Lindbergh's Welcome To Washington To Eclipse Any Ever Given Private Citizen.

Washington, June 3.—(AP)—Hero Aviator of the World, Charles A. Lindbergh, will return from the plaudits of the great capitals of Europe to find the loudest acclaim in his own nation's capital when he sets foot in Washington June 11.

A reception and welcome such as never before given to a private citizen are to be extended to the 25-year-old American pilot when he reaches his homeland on the scout cruiser Memphis with his monoplane, the Spirit of St. Louis, in which he made his epic-making single-handed flight from New York to Paris.

Among the host of American people who will greet the flier, will be President Coolidge and probably the most desired of all, Mrs. Evangeline Lindbergh, his mother and greatest inspiration for the flight. Mrs. Lindbergh will leave her school teaching post at Detroit to meet her son when he arrives here.

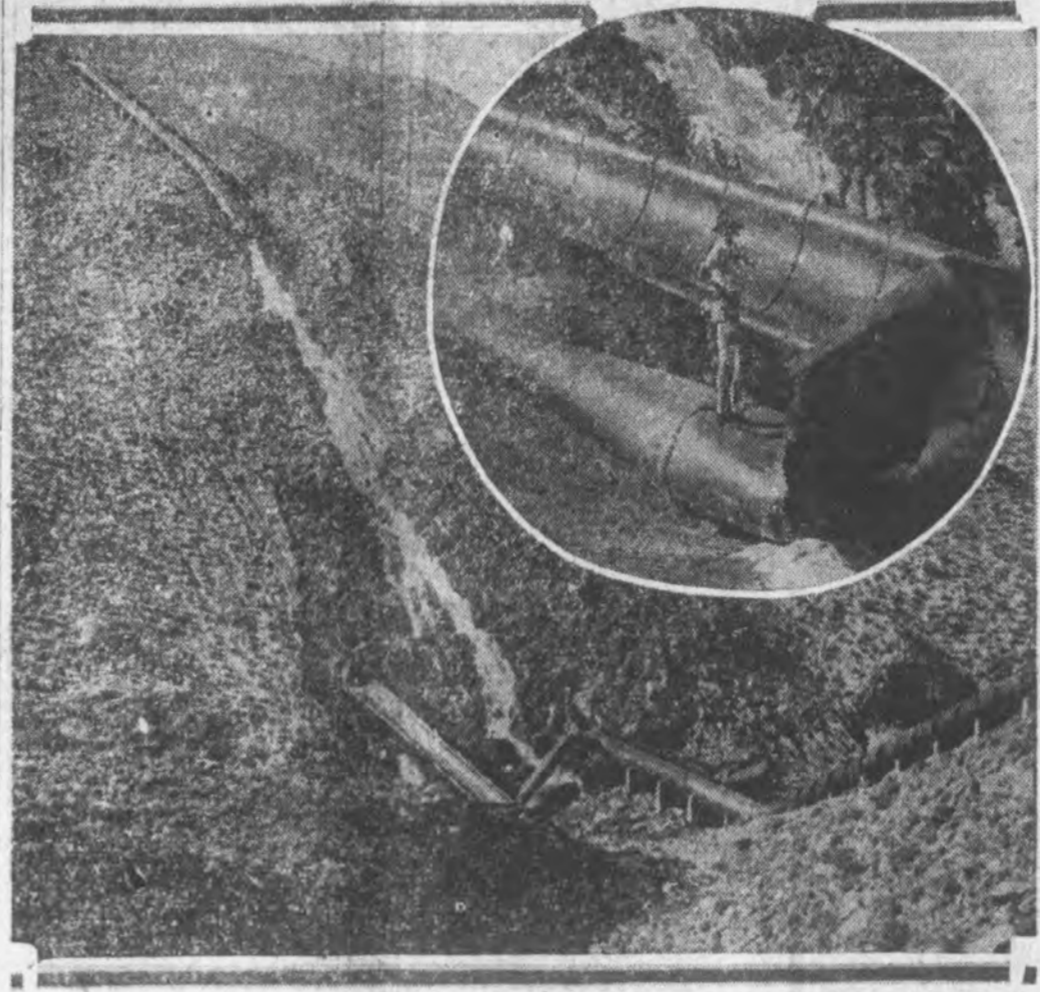

The American national will grant its official token of reward in one of the most notable ceremonies in its history when in the shadow of the monument, dedicated to George Washington and before a vast throng of 100,000 people, the flier hero will receive the distinguished flying cross from the hands of the President.

Lindbergh's welcome to his homeland first will be a tribute by his fellow aviators of the army and navy who will darken the skies flying over the Memphis from far out at sea until she docks at the Washington Navy Yard at noon.

When the Memphis enters the Virginia Capes, Lindbergh will be welcomed by Governor Byrd of Virginia and a party of Virginians will cruise in a yacht alongside the Memphis as she nears the Capes.

After the ceremony President Coolidge will take Captain Lindbergh to the temporary White House at Dupon Circle, where the aviator and his mother will remain until Monday, when he plans to fly to New York to receive another great reception, the start of a series of receptions which the cities of the nation are to give him.

LOS ANGELES AQUEDUCT BLASTED IN WATER WAR

Civil war threatens between Los Angeles and residents of Owens Valley, Los Angeles, who declare that the Los Angeles aqueduct is robbing their farms of water. Picture shows where a band of men dynamited the aqueduct at No Name Canyon. Man in inset illustrates the size of the pipe blasted.

(International News)

HIGH SCHOOL FINALS BEGIN SUNDAY NIGHT

The commencement season of the Greenville High School will be ushered in Sunday evening with the annual sermon to the members of the graduating class, preached by Dr. N. M. Watson of Morristown, Tenn.

There will be no exercises on Monday, but on Tuesday morning at ten o'clock in the new auditorium of the East Carolina Teachers College there will be a class-day program by the members of the Senior Class of the High School, followed by the presentation of their gift to the high school.

The case resulted from an old title to the land in controversy which the plaintiff maintained to be the rightful claim. The defendant, on the other hand, contended that he should be permitted to remain the property because of possession and more recent title.

Rutherford, June 3.—(AP)—Bloodhounds were called into use here last night in an effort to track an unidentified white man, who late in the day attacked a young white girl and fled after choking her into unconsciousness, to his hiding place.

A posse, headed by Sheriff W. C. Hardin, of Rutherford County, and Chief of Police R. L. House, of Rutherfordton, searched diligently last night for the assailant.

JURY MAKES MISTRIAL IN LAND ISSUE

The civil term of Pitt County Superior court which has been in progress in this city the last two weeks, this morning ordered mistrial in the land controversy of G. T. Stocks vs. L. H. Harris and others.

The case had been in progress ever since last Tuesday afternoon. Judge Crammer instructed the jury yesterday morning about eleven o'clock, and this morning at nine-thirty no decision had been reached. It was stated that members of the jury were hopelessly deadlocked throughout their deliberations, and were nearer a decision this morning than they were the first day the case was placed in their hands.

The case resulted from an old title to the land in controversy which the plaintiff maintained to be the rightful claim. The defendant, on the other hand, contended that he should be permitted to remain the property because of possession and more recent title.

Rutherford, June 3.—(AP)—Bloodhounds were called into use here last night in an effort to track an unidentified white man, who late in the day attacked a young white girl and fled after choking her into unconsciousness, to his hiding place.

A posse, headed by Sheriff W. C. Hardin, of Rutherford County, and Chief of Police R. L. House, of Rutherfordton, searched diligently last night for the assailant.

FLOOD BEGINS TO REcede IN MANY REGIONS

New Orleans, June 3.—(AP)—As the flood waters of the Mississippi and Atchafalaya left the affected regions of the State with increasing rapidity, relief agencies turned to the larger problem of rehabilitating the thousands who have been driven from their homes.

The Red Cross announced that a special relief train would be run through all parishes affected as soon as possible. This train officials said, will make stops at the principal towns and parish seats and conference will be held between Henry M. Baker, flood relief director for the Red Cross, Colonel W. H. Sullivan, chairman of the State Reconstruction Committee, and committees in each of the towns visited.

The gauge at New Orleans showed a further drop to 18.4 and Weather Bureau officials said that they believed the rapid fall of the river would offset the new rise now coming down.

Mrs. Westbrook Announces Early Opening of Swimming Pool on Her Estate.

The children of Greenville will soon have a place to swim, according to an announcement made today by Mrs. J. L. Westbrook, who has completed a beautiful swimming pool on her estate in the southern section of the city.

BODY PLANS FOR CONTROL MISSISSIPPI

Conference Elated Over Prospects For Preventing Any Future Floods.

Chicago, June 3.—(AP)—The flood control conference here today received resolutions and proposals for the solution of the problem of a rampaging Mississippi River.

Nearly 1,000 persons representative of almost every political, social and economic activity of the nation began the second of their three days of conference elated at the accomplishments of their first meetings and high in hope for the sessions to follow.

Dwight Davis, secretary of war and personal representative of President Coolidge sounded the pitch for the conference today when he said: "The Mississippi River can and must be controlled. The nation whose engineers built the Panama Canal despite seemingly insuperable obstacles can solve the complex and difficult problem of flood control."

"It is a national problem. The river drains 31 States or about 40 per cent of the country's area. The magnitude of the undertaking challenges the brains, the money and the effort of our national, State and local governments. Let us not rush headlong into unsound action, but having determined upon a sound plan, let us carry it through to completion."

"If this conference, made up of influential, public spirited and distinguished citizens, adopts the same business like procedure in this public matter that the members would adopt in their private affairs it will perform a patriotic service of the greatest benefit to the whole nation."

Mr. Davis spoke in high terms of the response of the entire country to the call for assistance, and of the work of the Red Cross, the army and other governmental agencies in relief work.

There remains, however, the problem of future floods. Necessity for adequate flood protection is so essential, the magnitude of the problem is so huge, that hasty action would be extremely ill advised. It will take weeks to collect all the data on this last flood and then analyze it and fit it into the mass of information previously available.

MONOPLANE MAY LEAVE DURING DAY

Columbia Filled With Gas in Preparation For Trip to European Point.

Washington, June 3.—(AP)—The understanding at the Aeronautical Association was that Carl F. Schory had been called by telephone from New York today and hurriedly left for that city to seal the Earagrap on the plane. Time of the take off was not known here.

"We have been keeping in fairly close touch with the fliers right along," James Kimball of the Weather Bureau said, "as to general weather conditions but we have received no requests specifically about atmospheric conditions as they are at the moment."

"If the Columbia people do call up for a report we shall tell them that the wind is favorable off New Foundland but that there is considerable fog and storm conditions off the coast. We have not yet received reports of conditions over the ocean but there is general clearing on the European side."

Denison, Iowa, June 3.—(AP)—The Bellanca plane "Columbia" piloted by Clarence D. Chamberlin probably will try to reach Berlin, the aviator's father said here today. The statement was based upon the last word Chamberlin's parents received from him, indicating his take off was imminent.

New York, June 3.—(AP)—The New York Sun says that preparations are under way for the Bellanca "Columbia" to hop off tonight for Berlin, Germany.

Weather conditions, The Sun says, are being investigated and if favorable it is considered likely that Clarence D. Chamberlin, who was to pilot the plane on the New York-to-Paris non-stop flight, will take off.

Neither Levine nor Chamberlain would say whether it was planned to take the great circle course via New Foundland and Ireland or the Columbia which lay due east from New York slightly more than a thousand miles and then in a gentle curve to Chrbour. The latter course was abandoned in favor of the great circle before Lindbergh's flight and dissension among the Columbia crew and supporters indefinitely postpone the attempt in the Bellanca plane.

WIFE OF PRES. CALLES DEAD

Mexico City, June 3.—(AP)—President Calles, ill himself with a severe cold, was making arrangements today for his wife's body to be brought to Mexico City from Los Angeles, where she died yesterday.

The government will observe thirty days mourning. The President was grief stricken when the news reached him that Senora Calles had succumbed. He remained in seclusion at Chapultepec Palace.

He cancelled all engagements, among them a farewell visit of James R. Sheffield, the American Ambassador, before his departure for a vacation in the U. S.

Senora Calles was brought up in the Catholic faith, and friends of the President said today she undoubtedly would be buried with Catholic rites. They pointed out there was nothing inconsistent in this as the President in connection with the religious laws has insisted he was not making a fight against Catholicism or any other religion that obeyed the Mexican constitution.

Senora Calles, who before her marriage was Natalia Chacon, a member of a prominent Sonora family, had been in ill health for many years.

She was about 46 years of age and the mother of eleven children. Four boys and five girls are living, three of the daughters being married. One of the daughters, Ernestina, was married only two weeks ago to Thomas A. Robinson, of New York.

Nine Killed And Seven Seriously Injured in Wreck

Paris, June 3.—(AP)—Nine persons were killed and seven seriously injured when the Paris-Nimes express which left Paris last night ran into the overturned cars of a wrecked freight train near Moulins, 160 miles southeast of this city.

It is believed no Americans were included in the casualties. Two third class coaches and the express car were badly smashed.

ROMANIAN CABINET HAS RESIGNED

Bucharest, Roumania, June 3.—(AP)—The Roumanian cabinet headed by General Pofiza Cabretue has resigned.

It is reported in political circles that a "National" ministry as desired by King Ferdinand, will be formed through collaboration of the Liberal, National, National Peasant and Peasant parties.

Record Earthquake Shock in Tibet

Charlottesville, Va., June 3.—(AP)—An earthquake was recorded on the seismograph of the University of Virginia here early today, beginning at 2:34 a. m. and continuing intermittently until 4:48 a. m. Officials expressed an opinion that the quakes were minor ones in or near Tibet.

WRECKING TUG FINDS DISABLED VESSEL

Miami, Fla., June 3.—(AP)—The wrecking tug Warbler from Key West picked up the disabled liner Ono off the Isle of Pines this morning, and is proceeding with the liner in tow for Mobile, according to advices received here.

The Warbler, answering distress calls, sailed from Key West yesterday.

Three Men Killed in Mine Explosion

Roanoke, Va., June 3.—(AP)—Three bodies have been recovered from a main entry of the Warrior Pocahontas Coal Company near Bluefield which was wrecked early today by a terrific explosion.

The number of men in the mine at the time is not known. Telephone lines do not touch within 20 miles of the scene of the explosion which is in an isolated section of McDowell county. The explosion occurred at four o'clock this morning, shortly before the night shift quit work.

Bodies of 3 of the miners were brought to the surface within four hours after the blast. It is not known how many men were working in the mine but it is said the crew was not a heavy one. The scene of the tragedy is on the Dry Fork branch of the Norfolk and Western which serves coal mining operations from Cedar Bluff, Va. to Tager, W. Va.

SOVIETS OFF FOR MOSCOW

London, June 3.—(AP)—The main body of Soviet representatives in England whose functions were terminated by the recent suspension of diplomatic relations between Great Britain and Soviet Russia, left London by train this morning en route to Moscow, to the accompaniment of a Communist demonstration by a moderate sized crowd on the station platform.

Communist songs were sung and red flags waved as the leading members of the Soviet headquarters staff and the trade delegation headed by Charge D'Affaires A. P. Rosengolz, took their departure. There were some boos for the Russians by others on the platform.

It was understood the party will make a brief stop in Berlin for a conference with Foreign Minister M. Tschitcherin.

Communist Demonstration Features Departure of Delegation From London.

London, June 3.—(AP)—The main body of Soviet representatives in England whose functions were terminated by the recent suspension of diplomatic relations between Great Britain and Soviet Russia, left London by train this morning en route to Moscow, to the accompaniment of a Communist demonstration by a moderate sized crowd on the station platform.

Communist songs were sung and red flags waved as the leading members of the Soviet headquarters staff and the trade delegation headed by Charge D'Affaires A. P. Rosengolz, took their departure. There were some boos for the Russians by others on the platform.

It was understood the party will make a brief stop in Berlin for a conference with Foreign Minister M. Tschitcherin.

TO OPEN POOL FOR CHILDREN

Mrs. Westbrook Announces Early Opening of Swimming Pool on Her Estate.

The children of Greenville will soon have a place to swim, according to an announcement made today by Mrs. J. L. Westbrook, who has completed a beautiful swimming pool on her estate in the southern section of the city.

Mrs. Westbrook said arrangements are also being made to convert a part of the estate on which the pool is situated into an amusement park. This will include a dance pavilion at which dances will be held at regular intervals. At a later date it is planned to include several other forms of amusements.

A life guard and swimming instructor will be stationed at the park for protection and convenience of the patrons. These will necessitate a nominal charge to the numbers of attractions to be provided from time to time.

SOVIETS OFF FOR MOSCOW

London, June 3.—(AP)—The main body of Soviet representatives in England whose functions were terminated by the recent suspension of diplomatic relations between Great Britain and Soviet Russia, left London by train this morning en route to Moscow, to the accompaniment of a Communist demonstration by a moderate sized crowd on the station platform.

Communist songs were sung and red flags waved as the leading members of the Soviet headquarters staff and the trade delegation headed by Charge D'Affaires A. P. Rosengolz, took their departure. There were some boos for the Russians by others on the platform.

It was understood the party will make a brief stop in Berlin for a conference with Foreign Minister M. Tschitcherin.

WOULD PREVENT SUNDAY SPORTS IN FLORIDA

Palmdale, Fla., June 3.—(AP)—Bill to prevent Sunday golf and baseball has passed the lower house of the State legislature, 50 votes to 35 and was sent to the Senate.

Sunday baseball is played by Florida State League teams.

EAST WINS FROM WEST YESTERDAY

(By The Associated Press)

Three defeats marked the first charge of the American League West against the Eastern baseball front yesterday.

Dutch Reuther turned back a badly disorganized Detroit club with only two hits, one of the best pitching performances of the season and the New York Yankees won 2-0. It was their fifth victory in the last six starts. It also was the first time in 22 years that Detroit had invaded the Yankees stronghold without the inspiration of Ty Cobb.

Tyrus Raymond himself was figuring in a 8-4 victory that the Philadelphia Athletics scored over Cleveland. Joe Pate, essaying a relief pitching role, checked a threatening Indian rally in the fourth.

Every player in the Washington line-up got at least one hit and one run in the Senators' 11-2 rout of the St. Louis Browns. Manager Bucky Harris altered his line-up and batting order with surprising effect and Ty Speaker, playing first base, figured in the five double-plays.

The White Sox alone of the Western invaders came through with a victory, Ted Lyons registering his ninth triumph of the year for Chicago over the hapless Boston team.

The New York Giants starting their first Western invasion in the National League, found a tartar in the trailing Cincinnati Reds who carried them through twelve innings before McGraw's men pulled out a 5-4 victory. Eddi Roush started a final batting rally that produced two runs. Cincinnati shot three singles out in the half of the twelfth but left the tying run stranded on third base. Burleigh Grimes relieved McQuillan in the second inning and pitched nine consecutive scoreless innings. The pace setting Pittsburgh Pirates regained the momentum and flattened out Philadelphia, 7-3 after Cy Williams had tied the score in the sixth inning with homerun that scored two men ahead of him. Carmen Hill allowed the Quakers only five hits.

Tilden To Go to Finals In Tennis Meet

St. Cloud, France, June 3.—(AP)—Big Ben Tilden today wiped out the stain of his defeat by Henri Cochet in last year's American National Lawn Tennis championship by downing the youthful Frenchman in their semi-final match in straight sets 9-7, 6-3, 6-2.

By his victory, the American star also disposed of the last of France's "Three Musketeers," having defeated Rene Lacoste and Jean Borotr in the preceding international team matches. Each of the three score over him in their 1926 invasion of the U. S.

Tilden will play Lacoste for the international hard court single championship Sunday.

COBB "TOO CAPABLE"

Detroit.—(AP)—After watching the Tigers under a new manager Detroit fandom has concluded that Ty Cobb was too good a ball player to succeed as a manager.

The same team, except at second base, which Cobb sought vainly to pull to the top, has shown improved play under George Moriarty. Cobb always was an intense player, shrewd and lightning fast in judgment, he found it difficult as manager to realize that other players lacked some of these qualities. Able to hit in pinches and steal base himself, he could not understand why other players could not do it. This attitude led to discontent.

Morality, on the other hand, playing worries, has employed diplomacy in handling the team, seeking to avoid ruffling the sometime temperamental players.

Greenville Wins From Tarboro In Snappy Contest

The baseball team of Battery E local military unit, yesterday afternoon defeated a strong team from Tarboro by the score of 4-1. The game was called off at the expiration of the sixth inning on account of rain.

The visitors had the big end of the score until the fourth inning when Duncan singled to left field with two men on base, giving his teammates a lead which they were able to retain until the end.

Evans pitched an exceptionally brilliant brand of ball for Greenville, holding the visitors hitless when hits would have resulted in runs. Brown hurled for the visitors, also did splendid work, but was unable to prevent the disastrous rally in the fourth that resulted in his defeat.

The only extra base hit was made by Hicks, who cracked one out for two bases.

Battery E goes to Ahsokie this afternoon and Monday, and will play the same team here Wednesday afternoon. Ahsokie has one of the most formidable amateur aggregations in this part of the state, and members of the local club are expecting to have one of the season's greatest battles away from home.

CHAMPIONSHIP BOUT TONIGHT

New York, June 3.—(AP)—With expert opinion sharply divided as to the outcome, Pete Latzo, world's welterweight champion, and Dundee, the Baltimore challenger, will settle their differences over a 15-round bout tonight, at the Polo Grounds.

Although the odds were slightly in Latzo's favor, some critics favored his Italian-American rival because of the expressed doubt on the champion's ability to make the 147-pound limit at 2 o'clock without weakening himself. Al Thomas, Latzo's trainer, said the former Scranton, Pa. mine boy sealed under the limit a few days ago and would enter the ring at his full strength.

Dundee is a natural welterweight and has no trouble in making the weight limit. He has done his training in Baltimore and his handlers declare he is in perfect physical condition. This is the first time Latzo has actually defended his title for the championship.

Preliminaries will start at 8:15 o'clock Eastern daylight time and the main bout is scheduled at 10 p. m.

GOFORTH TO VISIT HOME OF LENOIR

Lenoir, June 3.—(AP)—Herndon Goforth, American consul at Sao Paulo, Brazil, who was seriously wounded recently while at his post of duty, expects to pay a visit to his former home here sometime next month, the consul has advised relatives.

David Ward, the consul's assailant, has been tried, convicted and sentenced, the messages said. Mr. Goforth, who received dangerous wounds at the hands of his attacker at first was reported killed in press dispatches.

PORTSMOUTH IN TOP PLACE

Raleigh, N. C., June 3.—(AP)—With rain aiding the cause, Portsmouth held on to the Virginia League lead today by virtue of yesterday's victory over Richmond, 10-13, while Wilson idled into second place.

Richmond was third and Kinston nosed out Petersburg, 7-5, to get a 500 mark for fourth place.

Petersburg and Wilson brought up the rear. The Wilson-Norfolk tie gave way to rain yesterday. Today found Norfolk in Wilson for a twin bill to make up for lost time. Petersburg was at Kinston and Richmond went to Portsmouth.

ROEBUCK NOW WRESTLER

Kansas City, June 2.—(AP)—Tiny Roebuck the 250 pound all-American tackle, who played with the Haskell Institute football team last year, is to tackle the wrestling game.

Roebuck has teamed with Joe (Toots) Mondt, the cowboy wrestler. Several matches have been booked. The football star, Mondt says, is faster than Wayne Munn, the Nebraska University athlete, who became a wrestler.

As a tackle Roebuck was sometimes called upon to handle two and sometimes three men at once. He says one man, penned in by ropes, will be easier work.

U.S. SUPREMACY ON GOLF LINKS IS CHALLENGED

New York, June 2.—(AP)—America's supremacy on the links, which it retched its crest last year in sweeping British victories by Bobby Jones and Jess Sweetser, will be subjected to its most threatening challenge since 1920 in the American open championship at Oakmont, Pa., June 14, 15 and 16.

Ten places in the starting field already have been set aside for a band of British professionals whose invasion has the double objective of successfully defending the Ryder team trophy against an American team and lifting the most coveted of American links titles. One invader, the powerful hitting veteran, Ted Ray, is a former American open champion.

Of the many scattering attempts which foreign stars have made to penetrate the home defense, only two have been successful. Ray's triumph seven years ago was the last, terminating a twenty year stretch during which no European player was able to break through. The other victory in 1900 was posted by the great English stylist, Harry Vardon.

The success of British forces in these two campaigns, however, was pronounced, for both occasions competitors finished in the run-up positions. J. H. Taylor of England was second to Vardon in 1900, two strokes behind the winner's score of 313, while Vardon tied three American players for second place in 1920.

There was one other notable British invasion in 1913 by Vardon and Ray when the two famous overseas players finished in a tie with Francis Ouimet, then a young Boston amateur, for first place. To the surprise of critics and a large gallery, Ouimet then proceeded to win the subsequent play-off, shooting 72 to 77 for Vardon and 78 for Ray.

Contrasting with the record of British professionals on this side of the Atlantic has been the amazing success of American players abroad in recent years. Like stars from this country having won five of the last six British open tournaments.

Jack Hutchinson, first to break through in 1921, set the pace for Walter Hagen, who scored in 1922 and 1924. Jim Barnes followed suit in 1925, while Bobby Jones annexed the crown last year.

THREE CLUBS TIED FOR TOP IN PIEDMONT

Raleigh, N. C., June 2.—(AP)—Today saw the first three clubs in the Piedmont League standings at even in the matter of won and lost contests with a hair's width giving Raleigh a claim of .002 margin for top honors over High Point and Winston-Salem.

Raleigh had 537 after six weeks of play by virtue of Winston-Salem's victory over High Point yesterday, the only contest not postponed by rain. Rocky Mount, idle had 524 while Salisbury was standing 432 over Durham's 429 cella figure.

Scheduled contests today and tomorrow brings the leaders against the lower division clubs. Raleigh battles Durham. Winston-Salem meets Rocky Mount; and Salisbury will be in High Point.

BEAM WINS OAKS DERBY

Epsom, England, June 3.—(AP)—Lord Durham's Beam, by Gallop Light out of Mistrella, won the historic Oaks over the debby course of 1 1/2 miles here today.

Lord Astor's Book-Law was second and Sir George Bullough's Grande Vitese was third. Sixteen three-year-old fillies ran. It was the 145th renewal of the race, the value of which is about \$45,000.

Beam won by a head, while six lengths separated the second and third. The betting odds were Beam 4 to 1, Brooklaw 5 to 2 and Grand Vitese 23 to 1.

NEW COACH IN BIG TEN HAS COLORFUL CAREER
Arthur C. (Dutch) Lonborg was recently appointed coach at Northwestern University, Evanston, Ill.

Lonborg goes to the Big Ten conference from Washburn College, Topeka, in the Kansas conference. He has had one of the most colorful athletic careers of the younger school of coaches. After finishing at the University of Kansas, where he won nine letters—three each in football, basketball and baseball—he went to McPherson College in the Kansas Conference. Four years ago he went to Washburn. He will report at the Illinois School September 1.

FIRST CLASH FOR RYDER CUP BEGUN TODAY

Worcester, Mass., June 3.—(AP)—For nearly two weeks the best golf professionals of Great Britain will be busy in an attempt to wrest honors from Americans and get revenge for sundry trips the British open cup has made to this side of the Atlantic in recent years.

A two day competition, starting today on the links of the Worcester Country Club for the Ryder cup, emblematic of international professional team supremacy, will be followed by a visit of the Britishers to Oakmont, Pa., near Pittsburgh, where they will practice daily in preparation for individual attempts to win the American open in the tournament starting June 14.

Eight outstanding British stars were paired against the same number of American homebreds for two ball foursomes today. There will be eight singles matches tomorrow. Each match won counts one point. Pairings for today were: George Duncan and Archie Compston, British, vs. Johnny Farrell and Joe Turness, American.

Aubrey Boomer and Charles A. Whitcombe, British, vs. Leo Diegel and Bill Mehlhorn, American.

Captain Ted Ray and Red Roberson, British, vs. Captain Walter Hagen and John Golden, American.
Arthur Havers and Bert Jolly, British, vs. Gene Sarazen and Al Espinosa, American.

On top of the world

- there's no other taste within miles of this!

NO, SIR! No added sweetening. And here's the big point—nothing left out, either. All the tobacco goodness kept; every last bit of spicy aroma and mellow fragrance that fine tobaccos give. There's nothing anyone can add that would improve the taste or smoking quality of Chesterfield.

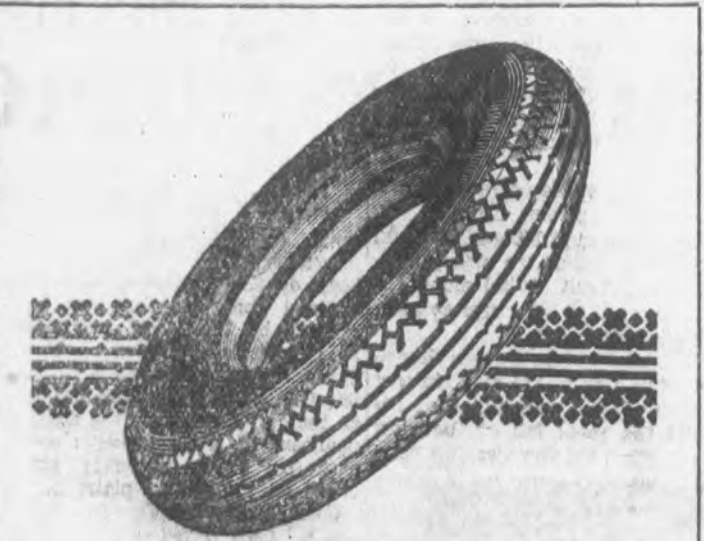

For natural tobacco taste—for smoothness, mildness, and real character, there's nothing within miles of it!

- pure natural tobacco taste - that's it!

One marriage license has been issued by the register of deeds since the report of yesterday afternoon, that being to Jasper Evans and Irene Ward, colored, of Greenville.

MRS. C. M. TOLAR ENTERTAINS AT BRIDGE

The delightful neighborhood bridge party, given by Mrs. C. M. Tolar, Thursday afternoon, served the tri-fold purpose of entertaining Mrs. C. W. Porter, who is leaving for Asheville, Friday; Mrs. A. D. Frank, who has recently returned from New York; and Miss Iva May Pierce, who is at present visiting Mrs. Frank.

The decorations were beautifully and simply designed to produce an artistic and colorful effect. The score cards painted by the skillful and charming hostess, served to complete in a delightful manner the general effect.

Mrs. Frank received a set of bridge cards for high score; Mrs. Porter was given a beautiful linen towel as consolation prize; and Miss Pierce was presented with a delightful volume of poems by Edgar A. Guest.

Delicious refreshments completed the most pleasant afternoon.

MISS SHELBURN ENTERTAINS FOR MRS. BARRUS

Miss Iva Shelburn entertained at a pretty bridge party last evening in honor of Mrs. C. B. Barrus, of Clinton. Three tables were placed for the game. Larkspur and other

summer flowers were used as decorations. Mrs. W. T. Lipscomb, making high score, and Mrs. Barrus low score, were given attractive aprons. Mrs. Barrus was also remembered with lingerie.

A tempting frozen salad course was served.

FREIGHT TRAIN DEMOLISHES AUTO

Henry Knox, colored man of this city, had a narrow escape from death or serious injury when a Ford sedan in which he was riding was hit by a Norfolk & Southern freight train on Thirteenth street, late yesterday afternoon. The car was almost completely demolished. Knox escaped without injury.

College Finals Begin Tonight

Commencement exercises of the East Carolina Teachers College will begin tonight with the annual music recital. The program for Saturday consists of a meeting of the Alumnae Association at 10:30; alumnae luncheon 1:00; Class Day exercises 6:00 p. m.; concert by Edwin Swain complimentary to alumnae, 8:30 p. m.

Finals Begin At University

Chapel Hill, June 3.—(AP)—The senior class marching in the traditional procession in front of Memorial Hall, this morning marked the 132nd commencement exercises of the University of North Carolina. A prayer service, led by Dr. Horace Williams was held and the class day exercises were conducted.

President and Mrs. Chase were hosts at the annual reception to "renior this afternoon in accordance with the yearly custom.

Commencement day will be next Monday.

American Killed In Quarrel

Mexico City, June 3.—(AP)—Despatches from Guadalajara today said that Arthur Brewer, an American coal merchant of that place, died from pistol shots fired Wednesday by Javier Diaz in a quarrel over business matters.

Diaz escaped and search was started by the police.

Boston, June 3.—(AP)—Arthur Brewer, an American coal merchant reported to have been shot to death in Guadalajara, Mexico, is believed here to have been Arthur Harris Brewer formerly of this city who was captain of the Harvard football team in 1895.

Joe Jones Buried At Stantonsburg

Joe Jones, 24, died suddenly Wednesday night about nine o'clock at his home eight miles west of Greenville.

Funeral services were conducted from his late home yesterday afternoon at two o'clock by Rev. R. J. Bamber, pastor of the Eighth Street Christian Church of this city. Interment was made in the family buying ground at Stantonsburg.

He is survived by a wife and one child.

LINDBERGH IS SPENDING LAST DAY IN EUROPE

Flight Hero Bade Farewell to England And Returned To Paris Today.

Paris, June 3.—Laden with new honors and bearing with him memories of a heart warming reception from King George and the English people, Captain Lindbergh returned to France today for his promised farewell visit before leaving for home.

Tomorrow at Cherbourg, the first point in France over which he flew on his great New York-to-Paris hop, he will board the light cruiser Memphis, placed at his disposal by the American government. The Memphis, which sailed for Cherbourg from Rotterdam last night will carry the aviator across the Atlantic and up the Potomac in triumph to be received in the name of the American people by President Coolidge.

Lindbergh flew from England today in a British plane, his own famous Spirit of St. Louis having been created by British Royal Air Force mechanics at Gosport at sent to Southampton to be picked up by the Memphis.

After being forced to delay his return yesterday because of fog Captain Lindbergh left Kenly Air Field, south of London, at 6:23 o'clock this morning flying a single seater Gloster Gaucok, conditions were still so bad however, that he descended at Lympe, after covering only about 50 miles.

A wait of a little over an hour saw the heavy mist begin to thin and the warming rays of the sun and the fier again took to the air at 8:13. Although some fog persisted over the channel, conditions were better toward the end of the flight, and he landed gracefully on Le Bourget field scene of his greatest triumph at 10:02. Thousands of Parisians who had the idea that the aviator would fly over Paris before landing at Le Bourget craned their necks out of windows and watched the sky with field glasses. They were disappointed, however, as Lindbergh flew directly to the field and maintained a high altitude until his descent.

There was only a small crowd to witness the birdman's second landing in France, compared with the huge one that watched him come down on the same field at the end of his record-breaking trans-Atlantic flight nearly a fortnight ago. But the crowd was just as enthusiastic. The twenty French planes took the air when he landed and flew around in loops and spirals in his honor.

Captain Richard D. White, naval attache, represented the American embassy at the arrival. He had a big embassy car with him to take Lindbergh to Paris, just as soon as the borrowed plane in which the flight from England was made, was taken care of to the satisfaction of the flier.

Among the first to rush to greet Captain Lindbergh was Benjamin Mahoney, president of the Ryar firm, which built the Spirit of St. Louis, the trans-Atlantic plane. He had been at the airfield since dawn despite fog and a cold wind and many times had turned his eyes aloft for a sight of the plane. In the interim he was taken about the field by the commander and shown the types of French commercial planes in daily use on the routes.

The greeting between Lindbergh and Mahoney was a joyful one. They clasped hands and congratulated each other on the success of the trans-Atlantic exploit. It was only a short conversation, however, for, after seeing the plane in the hanger Lindbergh jumped into the Embassy car and was off to Paris.

At the time of the landing a taxi cab arrived on the field completely filled with flowers, tributes from Lindbergh's French friends and admirers.

NORFOLK ATTORNEY DIES SUDDENLY

Atlanta, June 3.—(AP)—Edward Marion Baum, 70, an attorney of Norfolk, Va., died suddenly here today following an heart attack. He came to Atlanta Thursday afternoon to see his son, Henry Baum graduate from Emory University next Thursday.

Semi-Finals In Golf Tournament Being Played Today

Greensboro, June 3.—(AP)—The sixth annual renewal of the Women's Carolina Golf Association's tournament has developed into the old story of the survival of the fittest.

Today, with the semi-final rounds looming, finds four women, two from Charlotte, and two from Greensboro, primed for the last tests of skill which each hopes will be sufficient to overcome the menace of opponents and enable them to wrest the championship crown away from the remaining lead.

Among the women who are Mrs. Bernard Cone, of Greensboro, who meets Miss Dean Van Landingham, Charlotte, and Miss Jessie Myers, Greensboro, who will be pitted against Mrs. W. L. Pierce of Charlotte.

The two semi-final matches offer delectable morsels, with skill, ability and keener rivalry, injected as added thrills for the large gallery which is expected to watch today's play.

Mrs. Cone emerged victor over Mrs. W. H. Willard, Charlotte, in a thrilling exhibition of golfing skill and prowess, two and one. Miss Van Landingham earned the right to enter the semi-final by eliminating Miss Edna Hirsinger, fellow club member, two up. Miss Van Landingham, 1924 titleholder, had considerable difficulty in vanquishing the champion of 1925.

Miss Myers defeated Mrs. Oscar Dore, Greensboro, 2 up, and Mrs. Pierce eliminated Mrs. Frances Ford, Charleston, S. C., 5 up and 4 to play.

OUCH! LUMBAGO! RUB BACKACHE AWAY

Kidneys cause backache! Not your backache is caused by lumbago, rheumatism or a strain and the quickest relief is soothing, penetrating St. Jacobs Oil. Rub it right on your painful back, and instantly the soreness, stiffness and lameness disappears. Don't stay crippled! Get a 35 cent bottle of St. Jacobs Oil from your druggist. A moment after it is applied you'll wonder what became of the backache or lumbago pain.

In use for 65 years for lumbago, backache, sciatica, neuralgia, rheumatism or sprains. Absolutely harmless. Doesn't burn the skin.

acquired habit of appealing to the Federal feed-trough upon the slightest excuse? If so, he has been ill-advised. It is hardly a proper time either to teach lessons or to practice economy in the presence of our greatest national calamity, when an enormous section of the country, through no fault of its own, is the scene of tragedy, ruin and death.

SLOPPING OVER

In his efforts to do justice to what the occasion seems to call for by way of public oratory, Mr. Coolidge's public addresses sometimes lead him on to statements which are by no means the safe conclusions of a cautious man. In his Memorial Day address at Arlington, he advanced these three ideas:

(a) "When this Nation has been compelled to resort to war it has always been for a justifiable cause * * * No greed for territory * * * has ever caused us to violate the covenants of international peace."

(b) "We know that we have come into possession of great wealth. * * * There is scarcely a civilized na-

tion which is not our debtor." (c) "We are sufficiently acquainted with human nature to realize that we are oftentimes the object of envy. * * * It is to protect ourselves from such danger that we maintain our national defense."

If these three theories, taken together, do not picture the United States as a cosmogamic and self-righteous prig among the nations, it would be difficult to know how to do it. We have never fought any one except in self-defense; but we are rich, so others may attack us; that's why we need an army. This sort of thing is the conventional pattern of Fourth of July oratory for orators who do not have to think what they are saying, but it is pretty second-rate stuff for a President of the United States. And it is pretty poor stuff with which to salute Europe at a moment when Lindbergh's flight has introduced an interm of real and cordial friendliness.

One can only hope that Memorial Day exercises are

an affair so local to the United States that the full text of Mr. Coolidge's address was not cabled to Europe. Or, if it was cabled, that Europe was too busy entertaining Lindbergh to have time to read it.—N. Y. World.

This Discovery Will Benefit Millions

Mr. W. J. Dorion, New York, writes: "Sick headache, indigestion and constipation have troubled me for years. I tried everything but truthfully your CARTER'S LITTLE LIVER PILLS is the best laxative I have ever used. I find that they are small, easy to take and their action does not pain me. They keep me regular and I want to tell you how I appreciate this purely vegetable medicine, knowing, due to my experience in laboratory work that laxatives containing Mercury, Calomel and other poisonous drugs are injurious." CARTER'S LITTLE LIVER PILLS can be taken by everyone in the family in perfect confidence as they are a doctor's own formula. Ask your druggist for the genuine red pkg., 25c. and 75c. on each package.

STOP RHEUMATISM WITH RED PEPPER

When you are suffering with rheumatism so you can hardly get around just try Red Pepper Rub and you will have the quickest relief known. Nothing has such concentrated, penetrating heat as red peppers. Instant relief. Just as soon as you apply Red Pepper Rub you feel the tingling heat. In three minutes it warms the sore spot through and through. Frees the blood circulation, breaks up the congestion—and the old rheumatism torture is gone. Rowles Red Pepper Rub, made from red peppers, costs little at any drug store. Get a jar at once. Use it for lumbago, neuritis, backache, stiff neck, sore muscles, colds in chest. Almost instant relief awaits you. Be sure to get the genuine, with the name Rowles on each package.

Market Report

Cotton--Stocks--Grain

COTTON
New York, June 3.—(AP)—A more reactionary sentiment was evident in the cotton market here today. Except for realising selling was restricted by continued nervousness over the crop progress in West Texas but bullish features failed to bring in much buying.

After selling early at 17.20, October reacted to 17.03, the mid-afternoon market showing net declines of about 9 to 11 points.

Futures closed steady 12 to 20 points lower. Spot quiet; middling 16.85.

	High	Low	Close
January	17.48	17.16	17.25
March	17.67	17.32	17.44
July	16.82	16.50	16.59
October	17.20	16.85	16.97
December	17.46	17.10	17.21

Prev. Close: 17.44
Opening: January 17.44; March 17.64; July 17.10; October 17.15; December 17.39.

Canada sacked white varieties 3.50 to 4.25, according to condition.

STOCK MARKET
New York, June 3.—(AP)—The stock market experienced another sinking spell today as bear traders renewed their efforts to control the price movement. Early gains of 1 to 5 points were substantially reduced or cancelled in the wave of selling orders which swept over the market at midday, but speculators for the advance quickly supplied supporting orders and the market was headed upward again by early afternoon. Trading was again in enormous volume, the ticker delay in recording quotations running as much as 20 minutes behind the market. The closing was weak. Total sales approximated 2,500,000 shares.

GRAIN AND PROVISIONS
Chicago, June 3.—Grain prices were under active selling pressure today and with adequate support lacking from new buyers sharp declines were witnessed, much of the selling was attributed to renewal of legislative efforts to place the Chicago Board of Trade under control of Illinois State officials.

Wheat closed 23-4 to 25-8 net lower; corn 45-8 to 51-4 net down; oats 33-4 to 41-4 off and provisions unchanged to 12 drop.

Louisburg Boy Breaks His Neck
Fayetteville, June 3.—(AP)—John Pearce, 20, son of Mr. and Mrs. Ricks Pearce, of Louisburg, died in Highsmith hospital at an early hour today from paralysis caused by a broken neck sustained when he dived into the waters of White Lake Sunday afternoon.

Young Pearce was rushed to this city immediately after the accident, but physicians stated that he could not recover. His entire body was paralyzed but he never lost consciousness until a moment before death.

Pearce, who was a student at the University of North Carolina, spent the week-end with a school mate Archie McNeill, of Red Springs and journeyed to White Lake Sunday afternoon for a swim.

Pearce dived into the shallow water and broke his neck in two places. His father, Mr. Ricks Pearce of Louisburg, his Aunt, Mrs. John A. Tucker, of Kinston, and his chum, Archie McNeill, never left his bedside until death came.

The body was carried to Louisburg this morning where funeral services will be conducted at 5 o'clock this afternoon.

Census Bureau's Final Report of 1926 Cotton Crop
Washington, June 3.—(AU)—Cotton of the 1926 crop picked and ginned amounted to 17,977,374 equivalent 500 pound bales, the Census Bureau announced today in its final report after a special canvass in May.

Alabama 1,497,821 equivalent 500 pound bales; Arizona 122,902 Arkansas 1,547,932; California 1,312,111; Florida 31,954; Georgia 1,496,105; Louisiana 829,407; Mississippi 1,877,787; Missouri 217,859; New Mexico 71,000; North Carolina 1,212,819; Oklahoma 1,772,784; South Carolina 1,008,068; Tennessee 451,533; Texas 5,630,831; Virginia 11,329 and all other States 16,032.

The March canvass of the Census Bureau giving preliminary figures on the 1926 crop placed it at 17,910,258 equivalent 500 pound bales of which ginner estimated 234,041 bales would be turned out after March canvass. The Department of Agriculture in its final estimate of the crop on May 17, placed production at 17,911,000 equivalent 500 pound bales.

Fire Destroys House Where Five Were Murdered
Tampa, Fla., June 3.—(AP)—The three-room cottage in which five members of a family were beaten to death with a hammer last Saturday precipitating three nights of rioting in which five persons were killed and more than a score wounded was destroyed early today by fire that police believed was of incendiary origin.

A railroad watchman reported that the flames seemed to burst from all parts of the house at once and that three men scurried away in the darkness, while another man said he heard shots just before the fire started. Police were of the opinion the cottage was fired either by friends of B. F. Levins, confessed slayer of the family or by rioters.

Attempts by mobs to storm the county jail on three successive nights in an effort to remove Levins culminated Tuesday night in National Guardsmen loosing a machine gun on a crowd following shots fired at the troopers. Five men were wounded fatally. Levins was spirited away from the city and will be held in a secret jail until all danger has passed.

Levins confessed to slaying Herman Merrell, his wife and three children as they slept, explaining that he had mistaken them for another family that formerly lived in the house and against whom he harbored a grudge. He is said to have told officers that a man known as "Slim" accompanied him to the Merrell home the night of the attack.

Of 40 persons arrested in connection with the mob disturbances all but six had been released today. The Grand Jury has been called to meet in special session Monday.

Two Women Victims of Attack
Jackson, Miss., June 3.—(AP)—Miss Martha Reese, 19, was fatally wounded after being attacked by an unidentified person and Mrs. O. S. Reese, sister-in-law was shot and seriously wounded at the Reese Dairy near here early today.

The assailant escaped.

Mr. Reese who was away at the time of the attack did not learn of it until he returned from his dairy route. His automobile and a small bank were missing.

Mrs. Reese who was shot as she slept in bed with two children, was rushed to a hospital where her condition was regarded as critical.

A negro nurse first discovered the tragedy.

Physicians said the shooting occurred probably between five and seven o'clock this morning.

Police were told that a negro man was seen driving Mr. Reese's automobile from the home early today.

When the negro maid went to the Reese home she was met at the front door by one of the children who exclaimed:

"Oh, somebody's shot my mother."

PACIFIC COAST OFFICER IS PROMOTED IN RANK
Washington, June 3.—(AP)—All Otedal, chief prohibition investigator or co-ordinator on the Pacific coast was appointed today as deputy prohibition commissioner in charge of enforcement.

PROMINENT PYTHIAN DIES IN WILMINGTON
Wilmington, June 3.—(AP)—Capt. Thomas D. Meeres, for 30 years city clerk and treasurer of Wilmington, and Master of the Supreme Exchequer of the Knights of Pythias, died suddenly at Wrightsville Beach today. He was a Confederate veteran and was more than 80 years old.

Recommendations Cut In Salaries of Highway Workers
Raleigh, June 3.—(AP)—Secretary Bridges of the State Salary and Wage Commission today suggested to Assistant State Highway Commissioner Witherspoon that the \$48,000 annual salary increase proposed for highway employees be cut in half.

He called Mr. Witherspoon to conference and intimated that with the cut the employees stand a good chance of getting the raise.

Meanwhile the salary scale set by the commission for all State departments in October, 1925, remained unchanged but it developed today that section 6 of chapter 125 acts of 1925, gives the salary and wage body authority to revise the scale, lower it.

This axe might be used in event any State official or head of a department went to the mat deliberately with sweeping raise recommendations or ignored the commission entirely, and put such raises into effect this section reads:

"That whenever it appears necessary the Governor may reassemble the commission or such commissioners as he may appoint in their place and stand to reconsider and readjust the said schedule and classification of salaries and wages. Such report when filed and approved by the Governor to come the new schedule and no other schedule shall apply and the same may be changed from time to time in like manner. The commission today pointed to this section as its mark of authority."

GEORGIA BARBER GOES TO THE CHAIR
Milledgeville, Ga., June 3.—(AP)—After cheating the electric chair four times since first he was sentenced to die on July 16, 1926, Mell Gore, youthful Buckhead barber, today paid the penalty demanded by law for his part in the murder

What do they think of your roof?

Your neighbors, friends, visitors—what do they say to themselves when they see your roof? "A little shabby"? Or "terribly unattractive"? Even if you are used to its shabbiness, think of others—and think how much in dollars and cents value a colorful, artistic roof would add to your home.

For instance, a roof of Barrett Asphalt Shingles. Genuine beauty. Absolute protection against rot, rust and the stormiest weather. Fire-safe.

Let us show you Barrett Shingles. Make use of our roofing experience.

We endorse Barrett ROOFINGS

Harris: "—so I let my wife have her way."
Neighbor: "Good idea—that new roof" has made your house one of the show-places of this neighborhood."
"A roof of Barrett Shingles adds colorful beauty to any house"

Eighty Prisoners Received at Pen During Last Month

Raleigh, June 3.—(AP)—Of the eighty prisoners received at State prison in the month of May, most of the inmates 44, are laborers, 14 farmers, four auto mechanics, four textile workers, three painters, and two clerical workers.

There was one cook, plumber, liv- uryman, newspaper editor, advertising work, fireman, highway contractor, blacksmith, carpenter, merchant, mechanic and school teacher received.

Native North Carolinians number 62, eight came from South Carolina, four from Georgia, the school teacher from North Carolina, two each from California and Virginia, and one from New York, Alabama and Kentucky.

Superintendent Fou of the pen made the report tonight.

Whites again predominate, 57 negro males 31, negro females two. No white women were received.

Ages of those committed ranged from 15 to 80, with seven received at age of 17, and six at age of 18 and 27, respectively, the others straggling out with most of those committed ranging from 17 to 27 years old.

Six arrived convicted of store-breaking, arseny and receiving, and the same number for housebreaking and larceny. Six also were convicted of murder in the second degree, and the same number for forgery.

Larceny and receiving convicted five, while four committed assault with attempt to kill.

Johnson City Flooded as Result of Heavy Storm

Johnson City, Tenn., June 3.—(AP)—Practically all of Johnson City's business district was flooded last night when Brush Creek which runs through the city, overflowed its banks and emptied water into business houses.

Depth of water in stores was from 18 inches to three feet. The stream rose when a storm broke shortly after midnight and continued with violence until after four o'clock. Some of Johnson's stores, ten miles west of Johnson City, were under four feet of water because of swollen creeks which flooded the town. No casualties have been reported.

Condition of Deputy Sheriff Improved Today

Salisbury, June 3.—(AP)—Deputy Sheriff L. T. Yarborough, seriously wounded yesterday morning when shot in the neck by an unknown negro, is showing no improvement at the local hospital and his condition today is more serious. He is paralyzed from the shoulders down, the bullet having struck his spinal cord.

The negro responsible for the shooting has not been caught, Sheriff J. H. Kreider and his officers having made a diligent search for him since the shooting at Yadkin yesterday morning. One suspect, Joe Ferguson, is held, he having been taken near the Yadkin River, but officials are inclined to believe he is the wrong man. A negro, believed the one wanted, was seen late yesterday afternoon on the banks of the Yadkin River, but made his getaway after one shot had been fired at him when he appeared about to draw a gun. He dived into the woods and was not seen again. The hunt is being continued today.

PORTSMOUTH HOST TO NAVAL MEN

Norfolk, Va., June 3.—(AP)—Portsmouth is today host for officers and men of the various units of the United States fleet at anchor in Hampton Roads, the entertainment program beginning this afternoon with the arrival of the naval guests on special steamers and a parade.

After the parade the officers will be entertained at the County Club and the enlisted men will be taken on a sight seeing tour.

"Never Saw So Much Drinking"

"They'll never stop drinking at my club," chuckled a golf enthusiast the other day. "You see, the boys are so thoroughly disgusted at the bad liquor they've been getting that they've turned to non-alcoholic beverages instead, and they've discovered a wonderful appetite for Lime-Crush."

"Why, the other day, when I came in from golf, I saw at least twenty of them gathered 'round a block of Krinsky Bottles. Fact is, I never saw so much drinking in all my life!"

Do you like limes? Then in the name of the good old days—and for your health's sake too—say "Bottoms up" to an ice-cold bottle of Lime-Crush. Here's what makes it so delightfully refreshing:

To the juice of fresh ripe limes is added the tantalizing flavor of their peel, the zestful tang of the fruit acid found in oranges, lemons and limes, a pure food color such as is used in cakes and candies, healthful carbonated water, pure cane sugar.

Any way you take it, a man's drink from the first drop to the last. You'll like it! Today ask your dealer for a Lime-Crush fresh off the ice. And—be sure you get it in the Krinsky Bottle.

TODAY

(Continued from page one)

their money has been handled under Secretary Hoover's direction, which means that it has been well spent. You are urged to respond generously to the request for further assistance.

But for the modern scientific methods and instruments this greatest flood in the history of man since Bible days, would have been a calamity beyond conception, with tens of thousands dead and disease sweeping over great areas.

Modern scientific flying machines—radio, fast motor boats, all the resources of government and of engineering have worked with admirable results to minimize this calamity.

Eighteen thousand guests raw 5,007 graduate at one university, Columbia College, yesterday. Much wisdom is turned loose on the world, and unfortunately, much over-confidence that must have its bruises and disappointments before the world makes it really useful.

If there were only a university that could make men think, instead of making them believe that they really know.

Once the great Rufus Choate, charging \$2,500 for an opinion, apologetically explained that his opinion represented thirty years of study. Rufus Choate was a beginner. In the settlement of the Gould estate lawsuit, of which the late George Gould said: "It will go on, because it is a good thing for the lawyers," very satisfactory fees are announced. One lawyer gets \$50,315.98. Another is paid for helping Jay Gould's heirs fight each other, \$29,999.98. The odd cents tells how careful the lawyers are to make the charges exactly correct.

These are small fees. Ask Mr. Louis S. Levy, of Chadbourne, Stanchfield & Levy, who has offices in New York and Paris. His record fee is above \$2,000,000 and earned.

Pope Pius spent his seventeenth birthday, on Tuesday last, in a prayer, and in meditation on the meaning of his years of life.

Messages of congratulation were received from all over the world by the Pope who spent his whole day in strict solitude, and set a good birthday example to all. We devote too little time to serious thought in retrospection, and to asking ourselves what is the meaning of this life, its old age, and of the life that is beyond.

The Japanese announce that they will stand firm in the Chinese crisis. They understand Asiatic temperament, and when the Chinese dust settles Japan will be just at the place she is now, and as she is now, leader of Asia.

This moral, well meaning country wonders how to end war, and has a vague idea that the first step is to disarm. That should be the last step taken, perhaps ten or a hundred thousand years hence.

Civilized nations that want peace should keep themselves so powerful that more barbarous nations would not dare make a move toward war. Everything should be prepared to give to civilization domination of the earth, flying machines, bombs, deadly gases, submarines, EVERYTHING should be used to back up the command to less civilized peoples, "Thou shalt not make war" orders are obeyed when power is back of them.

PRESIDENT TO REVIEW FLEET

Entire Fleet in Full Array Will be Seen From Decks of The Mayflower

Washington, June 3.—(AP)—President Coolidge will view the United States fleet in full array tomorrow for the first time.

From his yacht, the Mayflower, anchored off the Virginia Capes, the President will watch for an hour and a half the naval craft pass in review. It will be the first time Mr. Coolidge has reviewed the fleet and also the first occasion he has seen any considerable number of naval vessels, and he is looking forward with considerable anticipation to the event.

The President was planning to depart down the Potomac river today after lunch and was hastening to clear his desk, disposing of considerable routine matters to permit his absence until Monday morning when he plans to return.

The cruiser Seattle, flagship of Admiral Charles F. Hughes, the United States fleet commander, will lead the review.

Following the Seattle will come the scout cruiser Trenton, then the submarines, followed by the scouting fleet battleships and destroyers. After the review the Pacific battle and scouting fleets will return to their home waters and the Atlantic fleet to its station.

Mr. Coolidge is expected tomorrow morning to stop near Norfolk to pick up newspapermen who will watch the review from the Mayflower.

N. and S. Station Wrecked by Storm

New Bern, June 3.—(AP)—The Norfolk Southern railroad station at Dover, in the upper part of Craven County, was completely wrecked by a severe wind and rain storm that struck that section this morning about 4:30 o'clock. No casualties were reported.

In addition to the station, other buildings were unroofed and warehouses demolished, smoke stacks of the Goldsboro Lumber Co., there were levelled and buildings of the company unroofed. Trees were also uprooted.

Captain J. B. Davis, conductor on the eastbound morning train from Goldsboro, reported on his arrival here that a wide path was swept through the town by the storm and much property damage done. The wires of the Carolina Telephone Company were blown down there and at 11 o'clock this morning the local exchange reported that it had but one wire working out of the city. It was reported that by noon temporary repairs would have been made.

Announce Merger Of Gas Companies Of East Carolina

Greenview people will be interested in the following certificate of incorporation filed in the office of the Secretary of State at Raleigh:

Renew Your Health By Purification

Any physician will tell you that "Perfect Purification of the System is Nature's Foundation of Perfect Health." Why not rid yourself of chronic ailments that are undermining your vitality?
