TOWER MEN SEE SIGNALS OF DISTRESS

Rumor That Missing French Airmen Had Been Found Discredited Today

Chicoutimi, Que., June 16.—(AP)—Reports received here today from tower men employed in the Lake St. John district, stated that they again had sighted last night what they believed were distress signals coming from the direction of St. Germain township.

It is in this district that flares previously have been reported leading to the hopes that the signals might come from the missing French aviators, Nungesser and Goll.

The tower men were of the opinion that the flares were made by furs.

Quebec, Can., June 16.—(AP)—A rumor that Nungesser and Goll missing French aviators, had been found on the ship Shaw River, was generally discredited today.

The rumor originated in a telephone conversation an employe of a large corporation in the district north of the Saguenay River had with his mother in Quebec City. He is said to have told her the missing fliers were there alive and safe. Government officials and lumber companies, however, declared they find no confirmation of the report.

They said the rumor probably was based on flares seen in the country northeast of Saguenay River which it was thought might have been sent up by the missing aviators.

Military Units To Entrain For Camp July 15th

Under the provisions of Special Orders No. 17 Adjutant General's Department of North Carolina, Raleigh, N. C. the local military unit Battery E 113th Field Artillery North Carolina National Guard will with the remainder of the regiment under command of Col. William T. Joyce, proceed to Fort Bragg, N. C., July 15th, 1927, for fifteen days training.

Battery E and Battery F, both of the 3rd battalion commanded by Major Joseph B. Thorpe, of Greensboro, was rated at their last general inspection by Lt. Col. Briggs War Department inspector, as being very satisfactory, the best rating to be obtained by a National Guard unit. Battery E is the local unit commanded by Lester Jones chief of police, and Battery F is of Monroe, N. C., commanded by E. Armsfield, register of deeds of Union County. Captain James B. Turner, formerly of Greenville, is chaplain of the field artillery, and will have charge of religious affairs while in camp.

Bobby Jones Behind In Open Golf Tournament

Oakmont, Pa., June 16.—(AP)—Bobby Jones saw his hopes of successfully defending the American open golf championship fade today on the third round when his game went to pieces temporarily, costing him a 79 and a 54 hole total of 232 or eight strokes back of the leader "the Horse" Harry Cooper of Los Angeles.

NOTICE TO CITY SUBSCRIBERS

The attention of our city subscribers is called to the fact that our circulation is handled on a strictly cash-in-advance basis and all subscriptions must be paid for before the paper is sent out. For the convenience of our subscribers we send out notices several days prior to the expiration of their subscription and this is followed by presentation of a bill for renewal, when the subscribers fail to respond to the notices.

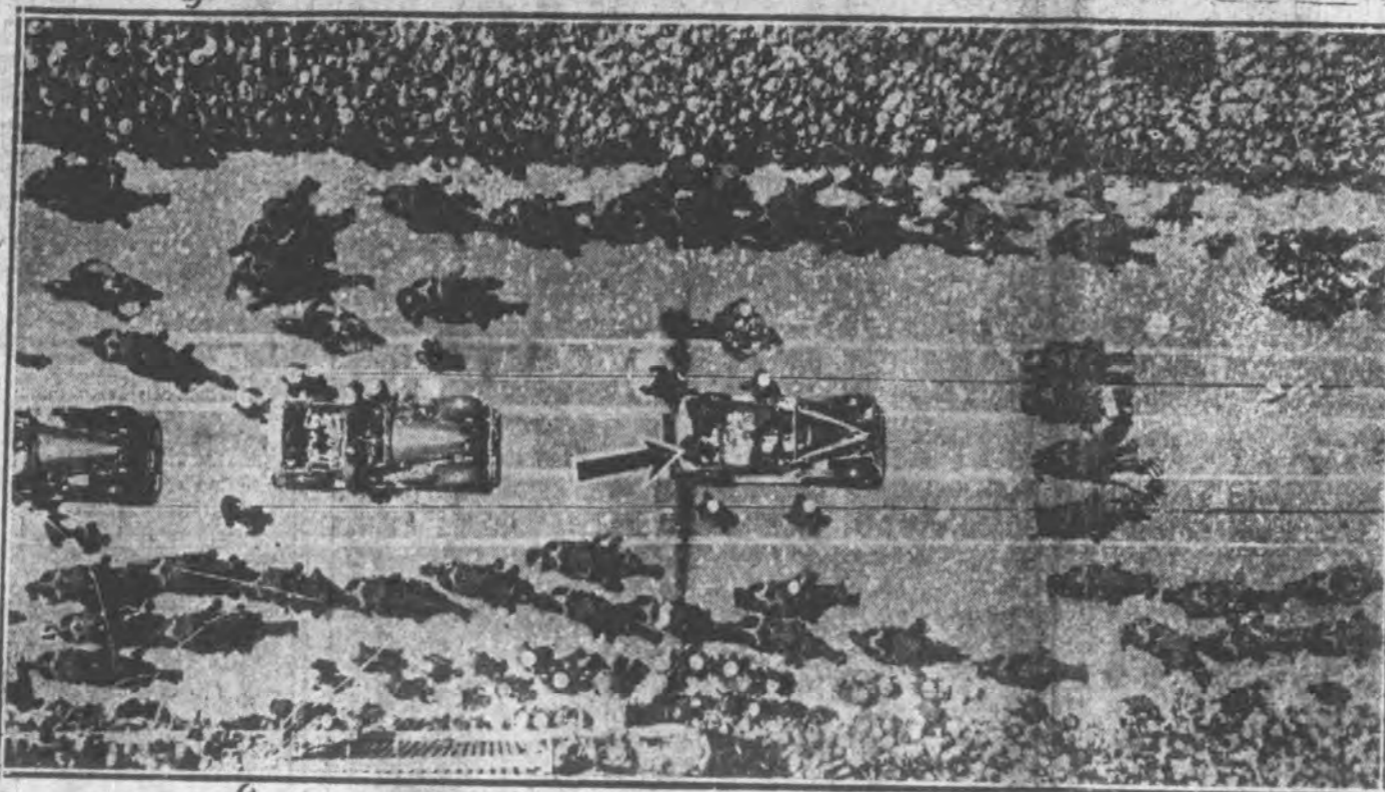

For several weeks many of our subscribers have failed to pay any attention to the expiration notices and have put the boys off when they presented bills for renewal.

As stated above the paper is sold only on a cash basis and all bills are due when presented. If you desire to continue receiving the paper please pay the carrier boy upon presentation of bills.

It is our desire to have you among our list of subscribers but this is not possible unless you pay promptly.

All unpaid city subscriptions at the end of this week will be dropped from our list.

BIRD'S-EYE VIEW OF NEW YORK LINDBY PARADE

Looking down from one of Broadway's skyscrapers at the New York parade which marked Lindbergh's triumphal entry into the city. Lindbergh's car is in the center.

BIG WELCOME AWAITS LINDBY AT ST. LOUIS

Celebration to be the Most Elaborate Ever Accorded a St. Louis Man

St. Louis, June 16.—(AP)—St. Louis today was ready to bellow forth a tumultuous welcome to its celebrated flier, Colonel Charles A. Lindbergh.

The details necessary to make the homecoming the most elaborate ever accorded a St. Louisian, have been completed, and the city awaits impatiently the arrival of the noted trans-Atlantic birdman in the Spirit of St. Louis, scheduled for to wing his way across the Mississippi river, his way across the Mississippi river, his way across the Mississippi river, his way across the Mississippi river.

The ceremony at the flying field will be brief. Governor Sam A. Baker and Mayor Victor Miller will extend official greetings after which Colonel Lindbergh will be conducted in an automobile to the home of Harry P. Knight, one of the backers of the flier's New York to Paris flight. No reception has been adopted for him that night.

Saturday morning the aviator will head a gigantic parade, and in the afternoon he will participate in the championship flag rising ceremonies by the St. Louis Cardinals at Sportsman Park that night, he will be the guest of honor at a dinner at the Chase Hotel. Addresses will be made at the dinner by Secretary of War Davis, Governor Baker, Mayor Miller, Knight and Harold M. Bixby, also one of the backers of Lindbergh's trans-Atlantic flight.

Error in Story of Hickory Case

Charlotte, June 16.—(AP)—Statements contained in news stories on yesterday regarding the trial of Dr. W. E. Wishart and J. Marion Smith on charges preferred by Margaret Jane Carpenter of Newton, attributed to T. G. Heavner of Hickory today were found to be erroneous.

An examination of the stenographic record of the case shows that Mr. Heavner testified that he had sent \$125 to another person on the request of his son. When asked what the money was for he said that he did not know but that he supposed his son needed the money.

Mr. Heavner did not at any time state that he had sent the money to his son for treatment of the Carpenter girl.

RUSSIAN COMMANDER SENTENCED TO DEATH

Moscow, June 16.—(AP)—The military and naval tribunal at Kronstadt has sentenced to death Commander Kiepkoff who formerly commanded a ship in the Baltic fleet, on charge of espionage for Great Britain.

RIISING WATERS THREATEN LEVEE AT GREENVILLE

Vicksburg, Miss., June 16.—(AP)—Water today was lapping in the top of the protection levee around Greenville and residents feared that should further rains occur or the Mississippi River continue to rise, the levee would go out.

This information was received here in a telephone message this morning at the United States engineer's office. The river at Greenville rose a tenth of a foot Wednesday and the backwater at Greenville went up .08 in the past 24 hours.

Robert Turner Laid to Rest Here Yesterday

Funeral services for William Robert Turner, 21 son of Mr. and Mrs. W. H. Turner, were conducted from the home on Fourteenth street yesterday afternoon at four o'clock by Rev. L. B. Jones, pastor of the Jarvis Memorial Methodist church.

The young man died in Pittsburg, Pa., June 13th, as a result of peritonitis. The body reached Greenville yesterday morning, being accompanied by brother-in-law Mr. Millard Morgan, who was at the bedside when the end came.

Young Turner held a responsible position with the Westinghouse Electric Co., at Pittsburg, and was considered one of the most promising young men of his profession. He was a member of the Jarvis Memorial Methodist church of this city, having joined in his early youth.

He is survived by a father and mother and six brothers and sisters. Mark Turner, of California; Mrs. Millard Morgan, Bally, Harry Turner of this city.

Mistrial Seen in Mitchell Case

Asheville, June 16.—(AP)—Mistrial in the case of Mrs. Mildred Mitchell, former licensed nurse charged with the murder on May 14 of Mrs. Sue E. Clay, while on an automobile ride with R. N. Muir of Greensboro and Bryant English of Asheville, loomed today as the most likely solution to the deadlock of the jury. At noon today, 26 hours after the case was given them, the jurors were reported to stand six for conviction and six for acquittal.

The special term under which the case was tried by Judge N. A. Sinclair will be adjourned at 5:30 this afternoon. If the jurors are still without a verdict at that hour they will be called from their room and a mistrial ordered, court officials said.

MIAMI, FLORIDA WINS SHRINERS

Atlantic City, N. J., June 16.—(AP)—Miami today won the Shriners' convention for next year. It outbid Cleveland and Minneapolis.

LEWIS WARE JOINS ASHEVILLE CLUB

Lexington, Ky., June 16.—(AP)—Lewis Ware, of Shelbyville, versatile athlete of Transylvania College four years, left Lexington last night for Asheville, N. C., where he will join the Charlotte baseball club of the South Atlantic League. He said he would sign a contract on his arrival.

Local Kiwanians Visit Boys And Girls Clubs Training at Camp Leach

Braving a long day of chilly weather that sent most people shivering to some fireside, eighteen members of the Greenville Kiwanis Club journeyed to Camp Leach yesterday afternoon and spent an enjoyable evening with members of the home demonstration and agricultural clubs of Pitt and Beaufort counties, who are in annual encampment there.

It was the finest day in the world for ducks of the frigid zone variety, but the Kiwanians and girls and boys belonging to the various clubs of the two counties though it a time especially set aside for them.

The drizzling rain, beginning early in the afternoon and continuing until late at night, failed to detract from the arduous perambulation of the atmosphere around the camp. Those who couldn't stand the chilly weather found comfort and ease of mind in the chimney corner of the main club building where an old fashioned fire built of logs like grandmas used to talk about, proved the most popular of all other attractions.

The trip to Camp Leach was made at the invitation of Miss Bertha Lee Ferguson, director of the home demonstration department of Pitt County. It was she who greeted the visitors upon arrival, and it was she who directed the preparation of one of the most appetizing suppers Kiwanians, Greek gods of mythological fame, or anyone else ever tasted. Frank Harrington, clerk of Pitt County Superior Court, forgot all about court room dignity and jurisprudence, and vied with Jimmy Galloway, baby Kiwanian of Grimesland, in an attempt to devour all the chicken and cake and not have any "leavings."

But these two distinguished members of the club were not by themselves in performing certain gastronomic feats. Jack Kilgo, who is always accusing the newspapers of spelling his name with an "e" so folks will not know who they are talking about, positively refused to be content with his apportionment of the tempting viands. His audacity in removing a slice of cake from the plate of the Rev. James E. W. Cook, shattered all precedents and caused George Woodward to laugh like he was attending a minstrel show.

Prior to the serving of supper some of the club girls, who had accustomed themselves to the chill waters of the Pamlico, invited the visitors to forget the perpetual drizzle of rain and go swimming. President "Billy" Woodard and Frank Harrington acquiesced instantly but they got no further than banks of the river, when Frank Harrington paused, splinted at the dancing waters, and then to all appearances prepared to be getting ready to perform some kind of a rescue stunt.

Instead of jumping overboard however, he pointed at an object and shouted, "Look at that crab—I had rather have him than anything in the world." The crab evidently realizing that doom lay ahead of him, clamed dizzily for a moment and dropped out of view. The girls assured "Frankie" that more crabs were out there the water was deeper, but he refused to be coaxed any further. "Three inches of water in a bathtub is as much as I can stand at one time, and I want that fever heat."

Approximately one hundred boys and girls from Beaufort and Pitt counties are attending the encampment. The majority are girls. In fact the two agricultural clubs of Pitt furnished fourteen members and Beaufort sent only three. Pitt sent sixty or more girls from her fifteen clubs and Beaufort sent fourteen. Organization work among the girls in this county has made more progress than any other country in this district, and County Agent Arnold told the Kiwanians that it was his intention to organize the boys to the same extent that the girls have been organized.

B. T. Ferguson, district home demonstration agent, arrived at camp yesterday afternoon, and is assisting Miss Ferguson in instruction of the youngsters. Miss Pauline Smith of Washington, district agent, assisted in providing entertainment for Beaufort girls. O. F. McCrary, district farm demonstration agent, was scheduled to be present today and assist the farm agents in their activities. Miss Violet Alexander, home demonstration agent, and Mrs. Welcher, farm demonstration agent, both of Washington, had charge of activities of the Beaufort county contingent. Miss Harriett Brown, of Washington, recreational leader, showed the Kiwanians what wonderful work she is doing for the children. She is an accomplished leader of children, and her instruction in singing alone should prove of great benefit to the boys who are learning to get the "frog-holler" out of their throats, and to girls who always leave their "music at home."

Miss Lillie Pentress, nurse, representing the Pitt County Health Department. Her instructors are composed entirely of club girls. They are: Mattie Little, Annie Mayo, Ruth Pittman, of Falkland, and Ruby Cannon, of Ayden.

BAD WEATHER DELAYS BYRD IN HIS FLIGHT

Atmospheric Conditions Over Atlantic Said to be Most Unfavorable

New York, June 16.—(AP)—Tomorrow noon was set as the earliest possible time for a take-off for France by Commander Richard E. Byrd this afternoon.

He said he was anxious to get off just as soon as possible but weather conditions prevented leaving today.

New York, June 16.—(AP)—With his tri-motored Fokker monoplane America fuelled and provisioned for its projected flight to Paris, Commander Richard E. Byrd, today faced a probable delay of several days in his take-off due to unfavorable weather conditions.

Atmospheric conditions over the Atlantic could hardly be worse than at present, the weather bureau announced. "There is no chance for a trans-Atlantic flight by Friday," said Forecaster James S. Carr who declared the outlook after tomorrow is not very good.

Commander Byrd had previously announced he would not attempt the flight until the weather bureau had given its approval.

New York, June 16.—(AP)—Commander R. E. Byrd and Mrs. Byrd arrived from Virginia at the Pennsylvania terminal today and hurriedly boarded a train for Long Island.

The commander, who will hop off for Paris as soon as the weather is favorable, did not pause to talk with anyone.

According to the train conductor the couple studied charts during the trip.

Arguments To Feature Trial At Fayetteville

Fayetteville, June 16.—(AP)—Prospects that they would spend all of today listening to arguments of attorneys faced the jury in the trial of Kenneth O. Boone and Mrs. May Belle Phillips, charged with the murder of Frank McLaurin.

Taking of evidence was completed yesterday and most of the day was occupied with listening to arguments of attorneys. At total of fifteen such arguments are on the program and it is expected this will take all of today and possibly some of tomorrow.

Seven attorneys will speak for Boone, four for Mrs. Phillips and four for the prosecution.

Another night session was held last night.

Mrs. Phillips and Boone are accused of having slain McLaurin, who disappeared last January and whose body was found in a grove not far from the city weeks later. It is alleged that Boone injured McLaurin seriously in a fight, hid him and that several days later he, Mrs. Phillips and a negro took the injured man to the woods where the woman shot him.

Higher Freight Rates Contained In Proposals

Raleigh, June 16.—(AP)—The State Corporation Commission in its answer to the petition of the railroads for change of the existing balance between freight rates from Northern and Western points to Virginia Cities and back, says under the railroads' proposal the freight rates to Virginia cities would be left the same but the rates to North Carolina cities would be increased.

This, the answer recites, would have the effect of permitting the Virginia wholesaler to undersell the North Carolina wholesaler practically at the North Carolina wholesaler's front door.

"A discrimination so positive and unjustifiable that it loses none of its ugly form in the five years of persistence and determination of these carriers to 'put it over,' the commission answer says.

ITALIAN AVIATOR FINISHES FLIGHT OF FOUR CONTINENTS

Rome, June 16.—(AP)—Commander Francesco De Pinedo, Italian aviator, arrived at Ostia on the coast, near Rome, at five o'clock this afternoon, completing his sensational four-continent flight. He was greeted by immense cheering crowds and officially welcomed by Premier Mussolini and other dignitaries.

TODAY

Now Byrd Is Ready. Coolidge and Ford Agree. Working Misfortune. Around and Around.

(By Arthur Brisbane)

Copyright 1927, by Star Co.

A circular distributed through the mails suggesting subscriptions for an enterprise called "The 23 Palms Persian Village," mentions this writer as one of the originators and managers of the enterprise.

This writer knows nothing of such an enterprise, and recommends no particular real estate anywhere in the United States.

Commander Byrd, first to fly over the North Pole, plans by Friday a return trip across the Atlantic. Weather and Providence permitting, he will fly from New York to Paris, rest there a few hours, and fly back to New York.

Fortunately, "while this country officially lags behind others, even small countries, in flying private enterprise and courage show the world how flying should be done."

It is a pity that Commander Byrd, magnificent flier and navigator, should risk his life. Many would urge him to remain here and work to develop the perfect fool-proof trans-Atlantic machine. But friends of the young Virginian are not surprised at his determination to push achievement to the limit.

President Coolidge, predicting more "intensive farming," tells 200 scientists gathered in a "soil congress" that bigger crops per acre rather than more acreage, will solve the agricultural problem.

Already the President's prediction has come true. Fewer stay on (Continued on Page Six.)

PRESIDENT IS IN THE HILLS OF S. DAKOTA

Coolidge Turned to New Life Today in Black Hills of Western State

Rapid City, S. D., June 16.—(AP)—Far from the centers of population, President Coolidge turned to a new life today in the Black Hills of South Dakota, where pine covered mountains and wild game almost begged him from the outside world.

In the center of 36 square miles of forests he has set up the summer White House in the state game lodge where for the next two months or so he will live in a region skirting the great farming regions of the northwest.

It was the farthest west Mr. Coolidge has come since he became President and no chief executive before him had travelled this far from Washington to live for such an extended period. In the quiet retreat which will be his home he had an ideal setting for rest and relaxation.

While Mr. Coolidge acclaimed himself to his new surroundings and rested from the fatiguing two-day journey from Washington which necessitated many public appearances, his secretary, Everett Sanders, and the White House staff moved rapidly to perfect arrangements for carrying on the executive end of the nation's business.

Space in the Rapid City high school had been set aside for their use and Mrs. Sanders and Edward T. Clark, the President's private secretary, will be stationed there. It was expected the President would motor the 32 miles from the game lodge three or four times a week to meet visitors and transact business in the executive offices.

Instant communication has been provided by the lodge and the offices in Rapid City over private wires and another wire connects the office with Washington. Although the trip to the game lodge is a good hour's ride, it is over a fine gravelled road and is easy motoring.

The President and Mrs. Coolidge reached Rapid City at 5:30 yesterday afternoon and received a warm welcome.

LINDY MAKES QUICK TRIP TO GET HIS PLANE

Famous Flyer Left New York in Wee Small Hours and Returned at 6 A. M.

Mitchel Field, N. Y., June 16.—(AP)—Col. Lindy who flew to Washington for his Spirit of St. Louis in the wee small hours of the morning, returned with the other half of his famous "we" at 7:57 this morning (daylight time).

The round trip was made in less than five hours. He hopped off from here in a borrowed army surplus plane and a borrowed outfit at 3:03 o'clock and arriving at Billing Field, Washington, at 4:44 a. m. (daylight time) leaped from the plane to his beloved Spirit of St. Louis and took off again for New York at 5:09.

Washington, June 16.—Charles Lindbergh swooped down upon Washington during the early morning hours today, jumped into the cockpit of his famous trans-Atlantic airplane, "The Spirit of St. Louis," threw open her throttles wide and darted away toward New York.

The unannounced and unceremonious visit required only 25 minutes.

Only a few newspapermen, a scattering group of sleepy-eyed spectators and the personnel of the naval and army air fields witnessed the quiet arrival and hop off.

Lindbergh was preceded a few minutes by Lieutenant Sinclair Street, of the army air corps, and on the return trip to New York, Lieut. Commander Wick and Miles of the Navy, joined the escort. They flew ahead of the trans-Atlantic pilot.

Lindbergh flew down from New York in one hour and 52 minutes. As an small pilot, it was no feat, however, for him to penetrate the darkness. He landed amidst the artificial illumination of the beacon light and score of blue ground lights.

When he landed at 3:44 a. m. Lindbergh conversed briefly with newspapermen and had two photographs taken. But he kept his motor running and virtually nothing he said could be heard. He then went to "The Spirit of St. Louis."

Finally jumping into the trans-Atlantic plane at 4:05 o'clock got away at 4:09 a. m.

He circled the field once and then headed the plane toward New York disappearing quickly.

New York, June 16.—(AP)—Col. Lindy again today demonstrated his amazing youthful vitality. The boy who had only two hours sleep in sixty by the time he completed his flight of 33-1/2 hours to Paris hopped to Washington in the wee small hours, jumped into his Spirit of St. Louis and hopped off again for New York.

The round trip, a matter of 593 miles and four hours' flying, was essayed after a strenuous program of entertainment during afternoon, evening, night and early morning. He flew in his dress suit covered by flying togs. The entertainment was in progress until a short time before he jumped from Mitchel Field.

After viewing boxing at the Polo Grounds and a Ziegfeld show Lindbergh saw a chance for a reunion of the famous flying firm of "we" and opportunity to bring his Spirit of St. Louis from Washington in order to fly it to its home port of St. Louis tomorrow, so he borrowed an army plane all of a sudden to the surprise of friends and flew to Washington for his ship.

His mother left by train for St. Louis last evening.

Lindbergh has before him another extended schedule that will keep him rushing about the city until late tonight. With a brief rest he plans to leave for St. Louis at midnight, or if that is not feasible, early tomorrow so that he may be in his home city at 4 o'clock tomorrow afternoon.

Lindbergh left a huge benefit performance at the Roxy Theater at 2 a. m. with members of the mayor's reception committee, ostensibly to return to the Park Avenue apartment where he is residing during his stay in the city.

Suddenly ordered the machine turned towards Long Island, Lindbergh turned with Grover A. Whalen, chairman of the committee, and Captain Richard R. Blythe, the colonel's representative, drove to Mitchel Field.

The colonel had been invited to attend a private dinner at a Park Avenue home after the theatre, but when he failed to appear apologies were offered by a member of the mayor's welcoming committee.

# GIANTS STILL SLIDING DOWN THE LADDER

(By The Associated Press.)  
Despite John McGraw's desperate effort to check the descent by trades, the New York Giants today were farther than ever behind the Western teams which have obtained a monopoly on the top shelves of the National League.

While the Giants, the only Eastern club in the first division, were losing their sixth straight yesterday the Pirates, Cubs and Cardinals—who lead the league in that order—were fattening their averages.

Citizens of St. Louis gave Rogers Hornsby the town when he returned to St. Louis with his new team the Giants. But one thing they did not give him—victory. Neither he nor his Giant mates were able to hit the pitching of Jess Haine who gave but two singles for a 5-0 shut-out and one of the finest hurling performances turned in this season. Jackson and Roush scratched the only safeties he allowed.

New York was one of three Western National League teams which fell in the general rout.

The Chicago Cubs eleven's straight win was scored at the expense of the Phillies. 12 to 5. While Cub bats pounded 18 hits off two Philly hurlers, Charley Root held the foe in hand for his eleventh personal victory of the year.

Luckily for the Pirates who are only about a game ahead of the Cubs, they too beat down an invading foe. A tight pitching grip by Carmen Hill held the Boston Braves harmless in the pinches for a 7 to 4 decision. Eddie Farrell, late of the Giants, made two hits for the Braves in five chances; which is hitting just 400.

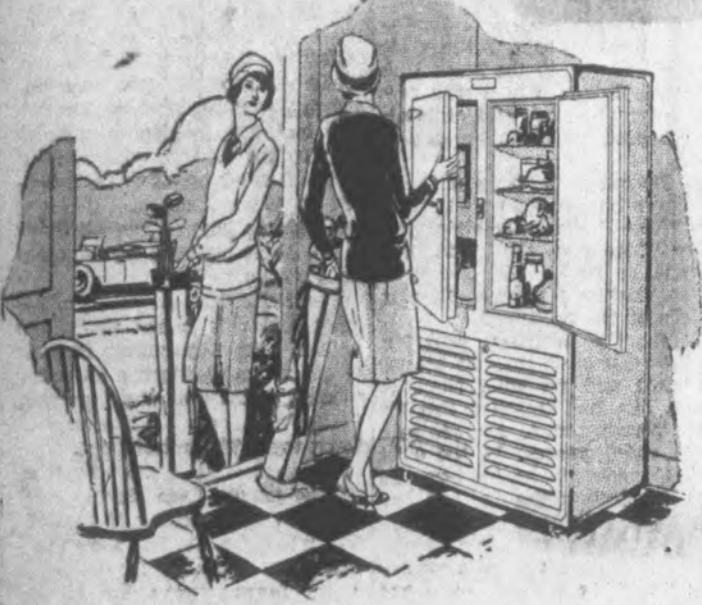

On the steam of the dazzler, Vance, the Brooklyn Robins downed the Cincinnati Reds by 2 to 1. In Rixey of the Reds Vance met a worthy foe who allowed but four hits in eight innings and Nehf granted none for the remainder; frame but the rejuvenated Robins backed their pitcher perfectly in the field.

The White Sox 6 to 4 victory over the Athletics yesterday was the first game in the American League in two days, because of rain.

**PAY-OFFENDED WOMAN**  
Erzerum, Turkey—(AP)—A Turkish woman hailed a policeman when three men on the street insulted her.

They received a sentence of three months' imprisonment and had to pay 1,000 liras to the insolvent lady. This approximates \$500.

## Frigidaire gives care-free refrigeration

—and more time to play

**D**AYS in the country—week-end trips—vacations. You'll enjoy them doubly if there's a Frigidaire at home.

While you're away, direct frost-coil cooling maintains a constant cold-storage temperature in the food compartment. Yet its operation is entirely automatic. It requires none of your thought or attention.

In the self-sealing freezing trays you can make frozen desserts quickly and easily. And these same trays freeze an abundance of crystal ice cubes from your own pure drinking water. Thus you are entirely independent of outside ice supply.

Come in today and see the new Frigidaire models. Or write for free booklet.

### Many Changes On Caps Team

Raleigh, June 16.—(AP)—Orville "Slim" Elliott, Raleigh's second leading pitcher, after reconsideration of his announced intention to quit baseball, was back in harness today to pitch against Durham and stay with the locals the balance of the season. Difficulties between Elliott and the owners were apparently straightened out.

Boss Allie Watt has released Jerry Augustine, Washington, D. C. youthful hurler, and intends to keep "Rooster" Beal, State College product, on his club, along with another newcomer, expected today.

Raleigh and High Point had their tilts yesterday to keep up the tight leadership race, with the Caps ahead. Rocky Mount also won another to keep in the showing, leaving Winston-Salem, Salisbury and Durham as probable runners-up in the last lap of the first half of the season.

### To Stage Golf Meet in Charlotte

Charlotte, June 16.—(AP)—Leading professionals from North Carolina, Georgia and Virginia have been invited to enter a pro-amateur tournament to be staged on Monday of next week at

### Pitching Duels Feature Virginia Loop Yesterday

Raleigh, June 16.—(AP)—Two pitching duels in the Virginia loop yesterday resulted in victories for Portsmouth over Wilson, 4-1; and Norfolk over Petersburg, 3-1. Rain prevented the Kinston-Richmond encounter in the Carolina city.

June Green's masterful work on the mound for Portsmouth bested that of Roberts for Wilson, the former yielding but six safeties. Johnson won out over Ash at Norfolk when Klinger's double in the sixth with the bases loaded, gave the Tars three tallies.

# Perfections make big meals easier

You can trust the newest Perfections to carry out any cooking plans!

Touch a match to the Perfection wick. Vigorous, quivering heat pours up Perfection's long chimneys—direct to the cooking. In every burner there's heat to get things "done"—and in a hurry, too.

Stew lots of chicken, bake dozens of rolls and a huge pudding, boil vegetables, make gallons of corn chowder. Cook anything—in any quantity! The flames stay where you set them. These safe stoves need no watching.

No reaching across hot flames with Perfection. The burners come in a row. And back of them there's ample room to keep food hot while you boil water for tea. A handy warming shelf adds working space.

In these 8 ways, and many others, the latest Perfection that "gets" your family meals, speeds "big meal" cooking. See the newest models at any dealer's. 1 to 5 burner sizes. Priced from \$7.25 to \$130.

- 8 Ways
- 1 Instant lighting
- 2 Gaslike heat
- 3 Heat direct to the cooking
- 4 Perfect heat control in each burner
- 5 Flame never "creeps"
- 6 Burners in a row
- 7 Roomy cooking surface
- 8 Handy warming cabinet

# These cars stand up!

EVERY General Motors car is built to represent General Motors quality and value throughout its life. Whether its potential mileage is to be used up by one owner or several owners makes no difference.

That is the reason for the high resale value of the current series of the General Motors cars. It is also the reason why USED General Motors cars offer real opportunities.

General Motors dealers are dependable merchants and will give you, if you wish to buy out of income, the advantage of the low rates of the GMAC Plan of time payment.

The price ranges of the new General Motors cars are given below. Pick out the car which interests you most. Then clip and mail the coupon. We want to tell you all about that car and also why General Motors cars, used or new, offer real value to their purchasers.

8 models—\$525 to \$780. The quality car of the low-priced field. 3-speed transmission. Dry-disc clutch. Smooth, powerful engine. Fisher Bodies. Duco finish. Fully equipped. CHEVROLET TRUCK CHASSIS: 1/4-ton, \$395; 1-ton, \$495.

6 models—\$775 to \$975. Has largest 6-cylinder engine in its price class. Fisher Bodies. Duco finish. Beautiful, stylish lines. Value proved by unprecedented sales. PONTIAC 1/4-TON CHASSIS, \$585; with screen body, \$760; with panel body, \$770.

11 models—\$875 to \$1,190. Gratifies your finer taste. Satisfies every need. Fisher Bodies. Duco finish. 6-cylinder motor. Harmonic balancer, 4-wheel brakes and other new features.

7 models—\$1,095 to \$1,295. The "six" that is winning and holding goodwill everywhere. Fisher Bodies. Duco finish. Rubber silenced chassis and other tested improvements. 4-wheel brakes.

18 models—\$1,195 to \$1,995. Every body knows Buick's worth. Now finer than ever. New models vibrationless beyond belief. 6-cylinder valve-in-head engine. Fisher bodies. Duco finish.

6 models—\$2,495 to \$2,685. The new and beautiful car designed and built as a companion car to Cadillac. Has V-type 8-cylinder engine. Bodies by Fisher. Duco finish. Now on display.

50 body styles and types—\$1,995 to \$9,000. The pioneer in the 8-cylinder field. Standard of the world. Duco finish. Bodies by Fisher and Fleetwood. 500 different color and upholstery combinations.

## Dan Cupid Ruins Holiday For Pitt Register of Deeds

County officials closed the court house yesterday at noon and began their first observance of the summer closing hours. But it meant nothing in the young life of J. C. Gaskins, register of deeds who has never been able to accomplish much of anything in the way of pleasure on account of the pranks and incessant activity of Dan Cupid, mythical god of love.

No sooner had the register of deeds closed his office and reached home than victims of the diminutive winged god of love made their appearance. He made one trip to the court house, made one couple supremely happy and returned home. A few minutes later, another couple appeared, and another trip to the court house resulted in the linking together of two lives in the bonds of matrimony.

Those applying for licenses were: James W. Simmons and Miss Georgia Smith, both of Craven County; J. E. Russell and Miss Bertha Max Cox, both of Ayden.

Mr. Gaskins had rather issue

## ATTEND FLAG DAY RALLY AT MOREHEAD

The rain and chilly weather put quite a damper on yesterday's first half holiday of the summer season. Here's hoping the picnickers will find more favorable conditions next Wednesday.

Lindbergh today sprung another surprise on his New York admirers by making a before-dawn flight to Washington in his borrowed army plane and returning in the "Spirit of St. Louis." Never before in history has New York given such an ovation as Lindbergh has received there and no doubt his desire to repay the populace to some extent by giving them an opportunity to view the other half of the "We" of trans-Atlantic fame, prompted the daring young flier to make his early morning trip.

News, though unconfirmed, that there is a possibility that Nungesser and Coli are still alive and may soon be brought to safety, has brought high hopes to the

**To Pay \$6,000 To Pitt Co-ops**

Checks amounting to \$6,000 will be ready for distribution to Pitt County members of the North Carolina Cotton Growers Co-operative Association at Greenville, Friday, June 17, 10:30 a. m., covering final settlement for all cotton of the 1926 crop in the short time pools. Checks will be delivered to the members in person and an official of the association will be present to make a report of the activities of the association for the past year. Members are well pleased with the premiums obtained by the association for the better grades and staples and many are expressing their intentions to plant better cotton next season. Approximately three-fourths of all association cotton of the 1926 crop graded middling and above and nearly half of all cotton delivered to the association was of staple above seven-eighths inch. Premiums on staple obtained by the association ranged from 88 points for 15-16" cotton to 315 points for 11-16" cotton above the price for 7-8" cotton of the same grade.

**ELIZABETH CITY SHIPS 83 CARLOADS POTATOES**

Elizabeth City, June 16.—(AP)—Eighty-three carloads of potatoes rolled over the Norfolk Southern this morning, bringing total railroad shipments from Elizabeth City to date to 92 carloads or 158,400 barrels. At \$5.00 a barrel, which is believed to be a fair estimate of the average price farmers have obtained for their potatoes to date, this should turn a golden tide of \$700,000 into Elizabeth City banks. The price on the New York market jumped one dollar per barrel this morning. If 60 per cent of the crop is dug and if prevailing prices continue to hold firm, the total value of the potatoes shipped from Elizabeth City over the Norfolk Southern railroad this year should reach \$1,167,000.

**DIRIGIBLE TO TAKE PICTURES AT FORT**

Fayetteville, June 16.—(AP)—The semi-rigid dirigible PC-5 will leave Langley field tomorrow noon arriving at Fort Bragg here at 5:15 p. m., remain until 10 p. m., and leave for Ft. Benning, Ga., to take some army pictures. The plane will return here Monday and leave Tuesday for Langley field, Va. It was learned here today that Hanford Mac Nider, assistant secretary of war arrived at the aviation field near here at 2 p. m., yesterday and left at 4 p. m., for Savannah, Ga. Gen. A. J. Bolling in charge of the camp arrives tonight from West Point where he attended his class reunion exercises.

# Market Report

## Cotton--Stocks--Grain

**COTTON**  
New York, June 16.—(AP)—Relies from an opening decline met a little more selling in the cotton market today and after advancing from 16.93 to 17.20 or 15 points net higher, October eased off to 17.11. Trading was comparatively quiet during the afternoon, active months ruling about 4 to 5 points above yesterday's closing quotations.

High	Low	Close	P. Close
Jan.	17.50	17.23	17.31
March	17.65	17.38	17.42
July	16.85	16.58	16.66
Oct.	17.21	16.93	17.02

**CASH GRAIN**  
Chicago, June 16.—(AP)—Wheat No. 2 hard 1.47 to 1.48 1-2; corn No. 2 mixed 97 1-2; No. 2 yellow 1.01 3/4 to 1.02; oats No. 2 white 50 1-2 to 52 1-2; No. 3 white 48 to 50 3/4; rye No. 1, 1.18; barley 85 to 98; timothy seed 4.75 to 5.25; clover seed 20.00 to 30.00; ribs 12.25; bellies 14.12.

**STOCK MARKET**  
New York, June 16.—(AP)—The stock market today made further recovery from the sharp recession of Tuesday with heaviest buying in the railroad group and certain established industrial leaders. Strength of these issues contrasted however, with unmistakable signs of forced liquidation in a handful of specialties.

The close was irregular. Total sales approximated 2,200,000 shares.

# Friend Making Values

Everything We Sell Must Build Confidence!

### A Square Deal For Every Customer

Yesterday the Lady Across The Hall told us that she had just purchased a new Spring coat, "and I haven't dared go near the store since" she smiled, "for fear I'll see the same coat in their windows marked down".

The J. C. Penney Company prefer to fix a price on their merchandise that will give a reasonable profit, and then continue it. One does not like to spend money, only to find the same article in the window next day marked "Reduced! Special Sale!" We do not believe in this uncertain policy, and always give all of our customers the same square deal.

That we are succeeding in popularizing this policy is evidenced by the fact that our stores did a business of over a hundred million last year.

*J.C. Penney Co.*

ALLOW ON YOUR

# \$10.00

old wood, coal, oil or electric stove to apply on the purchase price of a modern GAS RANGE.

## RANGE GIVEN FREE

To the church having the highest registration (in percentage) of its feminine members from 16 years old and up, during the cooking school and lecture period.

**DIRECT ACTION Gas Range**

*An Invitation for You!*

COME and see for yourself the simplicity and satisfaction of cooking and baking with a Direct Action Gas Range with Lorain Red Wheel.

Ask especially to see the Direct Action separate broiler, the wonderful "Elastic" oven, the bottomless oven that saves gas and time. Notice the handy utensil drawer, the three oven racks, the smooth finish, the powerful top burners.

Let us show you the 165-page, cloth-bound cook book that accompanies each Direct Action Gas Range with Lorain.

Unless the Gas Range has a RED WHEEL, it's NOT A LORAIN

# LORAIN

TODAY

(Continued from page one) the farms but farms produce more. One wheat harvesting machine has reduced by 25,000 the number of extra harvest hands needed in Kansas.

Henry Ford, who proves his theory in a dozen places along the river Rouge, says, improved machinery will let the farmer do his farming in eight weeks and give him a chance to rest and do other lucrative work during the forty-four remaining weeks of the year.

While Lindbergh drove past and gloomy Tombs Prison in New York, unhappy prisoners looking through the bars, might have been inspired with a determination to do better. But young men in the crowd outside, jeered and mocked the imprisoned men, casting the piece into an uproar of hate and excitement, frightening the neighborhood.

Those mockers were not such men as Lindbergh would care to have welcome him. Who mocks at misfortune is usually a coward.

Dr. Eccener, director of Germany's Zeppelin company, says the LZ-137, now building, will cross between Germany and the United States several times, then, in 1928 go around the world.

That will begin real air travel. Those living will see gigantic airships going round and round the globe, many times, without descending, dropping passengers by small machines at London, Peking, New York, etc., as trans-Atlantic ships used to drop passengers on tugs, off Liverpool, years ago.

Great circumnavigating vessels will fly above clouds, fog, storm, going with a gentle breeze that blows eastward forever with the earth's motion. That is as certain as that the average man will call it impossible.

The New York Central, including twenty-eight companies comprising it, is valued by Interstate Commerce experts at \$1,038,265,910. If that valuation stands, New York Central earnings above 6 per cent on that sum must be divided with Uncle Sam.

It is impossible to establish the real value of a railroad. That value is not in rails, ties, bridges, stations or rolling stock, but in the brains of dead men that built the road, and of living men that develop it. To "value" Thomas A. Edison, for instance, you wouldn't confine your calculations to the clothes on his back. You would allow something for the contents of his head.

During the past seven days of Lindbergh excitement Alvin Kelly has sat on top of a flagpole on the St. Francis Hotel, in Newark, N. J. without sleep, taking no food but coffee. He wants to prove that people eat too much and hopes to stay up another week. Kelly is a useful warning to advertisers. Don't do anything that won't be noticed. Lindbergh week was the wrong week for climbing flagpoles.

EQUALIZATION BOARD DECIDES UPON INCREASE

Raleigh, June 16.—(AP)—The State Board of Equalization today decided upon a six and one-half per cent increase in the tentative valuation of \$1,740,135,836 for the 90 participating counties.

Wants

Rates: 1c per word (minimum 25c) per insertion this size type. Larger type double price. Persons not having regular account with this office must send or bring cash with copy. No want ads taken over telephone.

Write for catalogue and full particulars. Southern School of Printing, 1514-16 South Street, Nashville, Tenn.

BAD PAINS IN SIDE

Spells of Nervousness Also Troubled This Lady Who Gives Cardui Credit for Helping Her Get Well.

Depew, Okla.—"For six years," says Mrs. Edd Burton, of this place, "I suffered as bad as a woman can suffer and still keep going."

"I was good for nothing, was lifeless and pale, unable to eat anything. Nothing agreed with me. At times I had such bad pains in my sides and back I would have to go to bed. I had cramping spells and would faint if I stood on my feet any length of time. My nerves would become upset at the least little thing and I would have spells of crying that were so exhausting they left me prostrate."

"Several of my friends suggested that I take Cardui. They told me of their experiences with it, how much they have been helped. At last I decided to try it."

"In a few weeks, I could see that I was improving, so I kept on. I did not expect the troubles of years to disappear in a few days, nor did they, but in time I was much better. I kept up the Cardui treatment for several months and thanks to it I am a well woman now."

At all drug stores. NC-180

MEXICAN DOCTOR STUDIES METHODS IN THIS STATE

Raleigh, June 16.—(AP)—Dr. Garaldo Veral, Mexico City, Mex., medical expert, arrived in Raleigh today to begin a study of North Carolina's processes of making tetanus anti-toxin. He came at the suggestion of the International Health Board.

ROXBORO VISITED BY DESTRUCTIVE FIRE

Durham, June 16.—(AP)—Flames sweeping through a business block in Roxboro, near here last night did damage estimated at \$50,000 before being brought under control by the Roxboro fire department. A detachment from the Durham fire department, rushed to Roxboro on an emergency call, failed to arrive in time to check the disastrous sweep of the blaze. An entire block was threatened for a time before the flames were controlled.

Corner Lot

Smith Electric Company

The ZONE of KELVINATION

Kelvinator chills a refrigerator by means of a "freezing unit", which goes right into the ice chamber. It can be quickly and easily placed in any good refrigerator. This unit keeps the air in the refrigerator constantly cold, always below 50 degrees—the danger mark of bacterial growth. This zone of crisp, dry cold is called the Zone of Kelvination.

The Cabinet Kelvinator

The Cabinet Kelvinator is a compact refrigerating unit for small houses and apartments. It is Kelvinator and refrigerator all in one. Requires only an electrical connection. Made in two sizes, right beautiful models. Ask to see them.

KELVINATED foods just beg to be eaten

NO food is quite so delicious as a bedtime lunch at the refrigerator door. A bit of luscious fruit, a savory slice of the dinner roast, a wedge of crumbly-crustied pie, a glass of cold, sweet milk—

Delicious always—yet you'll never know how good such foods can be until you taste them fresh from the frosty, dry interior of a Kelvinator-chilled refrigerator.

Kelvinator not only preserves flavor—it adds flavor. Winter or summer it adds crispness to

salads, freshness to vegetables, firmness and delicacy to just-ripe fruits, and mellowness and tenderness to meats. Kelvination improves most foods just as much as cooking does—and Kelvinator is just as much an all-year necessity to the well-ordered kitchen as a modern range.

Kelvinator, easily placed in your own refrigerator, will keep it chilled and frosty every hour of the twenty-four. It requires no replenishing. Phone or call for complete information.

Fast Getaway-

—that vivid mark of matchless Hudson power

A thrill, never to be forgotten, and a zest that familiarity cannot dull, are in store for you when you take your first ride in the Hudson Super-Six.

The swift ease with which it is under way is but one expression of the virile, stirring power that marks its full performance range. And this smoothness and freedom from exertion is the exclusive characteristic of the Super-Six principle.

With performance beyond any heretofore known, Hudson gives the real economy of reliability, long life and freedom from repair, as well as moderate operation cost.

Table with 2 columns: Model, Price. Includes Hudson Super-Six Standard Models (Coach, Sedan) and Custom Built Models (Roadster, Phaeton, Brougham, 4-Passenger Sedan, 7-Passenger Sedan).

HUDSON Super-Six Harrington-Lang Co., Inc.
