WOMAN FLIER PREPARES FOR OCEAN FLIGHT

Ruth Elder Eager to Be First of Her Sex To Span Atlantic Ocean by Air

New York, Sept. 15.—(AP)—A pretty 23-year-old girl flier who talked laughingly of the adventure in which ten persons have disappeared today was at the starting point of her projected flight to Paris, eager to be the first of her sex to cross the Atlantic by air.

Miss Ruth Elder of Lakeland, Fla., swooped down from the sky at Roosevelt field last evening with her co-pilot Captain George Haldeman, after covering 420 miles from Wheeling, W. Va., and immediately began final preparations for taking off on her 3,610 mile flight across the sea Sunday morning.

"We have everything ready to leave Sunday except the weather," she said. "Gas bought, runway ready, plane dandy, pilots O. K. give us a weather break and we'll take off then."

"I've been dreaming and planning this ever since I first learned to fly two years ago. Then Lindbergh did it and I was more determined. I want to be the first girl to turn the trick. I'll do it—I and Captain Haldeman.

Her auburn-bobbed hair was swept by the wind at the flying field and her large gray eyes sparkled in vivacious confidence as she rested off details on her monoplane, the Stinson-Detroit American girl.

"She weighs 5,600 pounds loaded, 2,900 empty and will carry about 500 gallons of gas. She'll cruise about 4,800 miles. I figure about 100 miles an hour or a bit better as a cruising speed."

The American Girl is driven by a 200-horsepower Wright, whirlwind engine and is a duplicate of the Stinson-Detroit American which crashed in mid-ocean, the round the world plane "Pride of Detroit" and the Royal Windsor, whose trans-Atlantic flight has been abandoned.

Attired in light tan knickerbockers a man's white shirt, tan sport shoes and a flying helmet, which was pulled back over her head, Miss Elder was as dapper and immaculate as Colonel Lindbergh on the day he arrived here with his "Jenny" after his flight from St. Louis on his way to Paris.

I address marked by a soft Southern drawl, she answered questions. "Never smoke 'em," she said, as she refused a cigarette.

"Do you want only to fly to Paris because you are a girl?" she was asked.

"Well, they've got pretty evening gowns there. I hear" she replied with a mocking smile. "I've never been to Europe—might as well go this way—get some clothes—doll up a little—come back by boat—taking it easy—no flying back for me."

"What will you wear on the flight?"

"What I've got on, I suppose. I don't know."

"Are you engaged to Captain Haldeman?"

"Say, listen, I'm married," the co-pilot interrupted.

Miss Elder was asked about a report that she had been married in Arizona.

"Never been in the silly state," she said laughingly. "Nope, never married—not even engaged."

And she shook her head vehemently when it was suggested she might be in love. And she offered no explanation for her application for a passport under the name of "Mrs. Ruth Elder."

Miss Elder was asked if it was true she had been offered a bonus to abandon her flight because of the disasters befalling recent trans-oceanic expeditions.

"No, but it wouldn't have done any good if I had," she said. "I'm here to fly—quickly."

Miss Elder's home is with her parents at Lakeland, she has five brothers and three sisters.

Aniston, Ala., Sept. 15.—(AP)—Miss Ruth Elder of Lakeland, Fla., who with George Haldeman, will attempt a trans-Atlantic flight in the plane "American Girl," was married in Birmingham, in September, 1925, to Lyle Womack, of Lakeland, Fla., Miss Elder's sister, Mrs. James Glas, said here today.

TODAY

Typhoon and Christian. Whiskey and Men. Bootleg. "Cop-Dodger." New Drug. They Really Drowned Him. (By Arthur Brisbane) Copyright 1927, by Star Co.)

Bad news from Asia. In Japan 1,000 are reported killed by a fearful typhoon and tidal wave sweeping away villages on Kiushiu island. The typhoon is said to have been the most severe in many years.

China reports 80,000 massacred by Marshal Feng Yu-Hsiang, called the "Christian General." That Chinese Christian, roused to fury because some of his men were killed by the "Heavenly Gate" Society, ordered in revenge a slaughter that included old men, women and children. A Christian General can be more deadly than a typhoon.

Mr. Hull, in charge of United States immigration, says millions of foreigners are in this country illegally. We accept immigration, as we do our alcoholic drinks, only of the bootleg variety.

Whether it is wise to specialize in bootleg whiskey and bootleg immigration remains to be seen.

A new drug appears in American illicit selling, called by addicts and criminals the "Cop-dodger." Chief Magistrate McAdoo, of New York says it comes easily through the custom house. Then a simple treatment turns the preparation into morphine.

The increase in drug use and the number of addicts in America show how hard it is for prohibition or law to reach small packages, easily concealed drugs and whiskey.

New York City no longer relishes ordinary murders, now so plentiful, but is mildly interested in this one. Benjamin Goldstein took out insurance, at the cost of friends, for \$70,000. Joseph Lefkowitz, Harry Goldberg and Irving Rabinowitz, Goldstein they would take him in a boat, pretend he was drowned, hide him and collect the insurance. (Continued on Page Six)

PITT PIONEER BURIED TODAY

Remains of Capt. J. J. Laughinghouse Laid To Rest at Cherry Hill Cemetery.

Funeral services for Capt. J. J. Laughinghouse, prominent Pitt county man who died Tuesday night at 8:30 o'clock were conducted from St. Paul's Episcopal church this morning at 11 o'clock by Rev. J. E. W. Cook, assisted by Rev. Stephen Gardner, of St. Peter's Episcopal church, Washington, N. C. H. F. Jones, of Memorial Baptist church and Rev. L. B. Jones, pastor of Jarvis Memorial Methodist church of this city.

The remains of the former soldier, statesman and politician were interred in Cherry Hill cemetery by the side of his wife, who died several years ago.

Out of respect for the pioneer citizen, Judge Harris recessed the civil term of Superior court this morning at 10:45 in order that court officials and attendants might have an opportunity of attending the funeral services.

Hundreds of sorrowing friends from many sections of the county attended the final rites conducted under the body of the former Confederate veteran. The floral tribute was one of the most extensive of any funeral ever conducted here and attested the high esteem in which the deceased was held.

Captain Laughinghouse had been confined to the home of his grandson, Dall Laughinghouse, on ninth street, since a stroke of paralysis several months ago. He suffered a second stroke three weeks ago, and another Tuesday night which resulted in his death. He was conscious and in full possession of his mental faculties until the end.

Death came within one month of the anniversary of his 80th birthday, and brought to an end one of the most colorful careers in the history of the country. He had the unusual distinction of being the youngest captain in service of the Confederacy. He was also the only surviving captain when the bloody conflict between the states came to an end.

Members of the George B. Singletary chapter, United Daughters of the Confederacy, attended the funeral, as did members of the State Board of Health and others prominent in the political and social life of the State.

SIGNAL HONOR

Miss Elaine Ryan, 23, of San Francisco, has been selected as a member of the exclusive Yale Playwriting School for her winning manuscript "High Hat."

McLEAN LAUDS N. C. VIRTUES

Governor is Chief Speaker at Unveiling Of Marker at Bentonville Today.

Bentonville, N. C., Sept. 15.—(AP)—North Carolina could never have become great materially if its people had not been dominated by those finer qualifications which place emphasis upon spiritual values. Governor McLean said today at the unveiling and dedication of the battle of Bentonville marker.

"Patience has been one of our chief virtues. North Carolina's spirit has never been broken."

The Governor paid tribute to general Joseph E. Johnston, to the presence of "mere youths" in battle and spoke heartily for the placing of markers as memorials, outward expressions of inward sentiments.

"Patriotism, so closely related to religion, has always been one of those enduring qualities which has been cherished by North Carolinians," he said. "I look forward to the time when more adequate expressions of that patriotism will be made in marble, bronze and granite."

"I hope to see erected here, for example a suitable group memorial made possible by the people of the whole state, through legislative appropriation, to the men who fought against such overwhelming odds and who died in a frantic effort to save their land from further devastation."

Gov. McLean concluded with tribute to the United Daughters of the confederacy of North Carolina.

"No organization in North Carolina has been the source of greater inspiration to our people than the United Daughters of the confederacy."

He accepted the markers from the Daughters of the state.

Legionnaires Still Arriving In Gay Paris

Paris, Sept. 15.—(AP)—American Legionnaires are fast becoming familiar objects on Paris' streets. Every day more arrive in preparation for the Legion convention which opens next week.

Parisians give them friendly glances as they stroll along the familiar boulevards under the waving flags which help to relieve the monotony of the gray, chilly skies.

Not only in Paris are they to be seen. Some are on pilgrimages to Belleau Wood and other battle scenes within easy reach of the capital.

Legion headquarters and the Knights of Columbus hat are beginning to fill up and the attendants are having all they can do to supply the wants of the visitors.

The convention will not be troubled by the Communists. They have been invited to demonstrate Monday at the inauguration of the square in the name of which has been changed to Sacco-Vanzetti Place by the Communist city council.

This demonstration will be held, a Communist circular says, "at the time when the Fascists of the American Legion are parading through the rich deserted quarters under the protection of uniformed police and amidst the plaudits of police in plain clothes."

Negro Bankers Meet

Durham, Sept. 15.—(AP)—The National Association of negro bankers met in annual session today, to close Friday with a banquet.

Co-operation between banks and insurance companies was urged by speakers.

HEAT CAUSES MANY DEATHS IN MIDWEST

Weather Bureau Promises Relief at Beginning of Fourth Day of Heat Wave.

Chicago, Sept. 15.—(AP)—Buoyed by promise of relief before another sun shall rise, the heat-stricken Middle West today prepared to endure the fourth day of the protracted wave which has broken all September heat records and caused scores of deaths.

Weather officials promised another blistering day before the cool area at present traveling down from the Canadian ranges could make itself felt upon the suffering Central Plains and the valleys of the Missouri, Mississippi and Ohio.

While almost every city in the Central States is daily reporting temperatures above 90 degrees, farmers and agricultural bureaus are rejoicing at the sustained heat wave, fearing only that it will prove too much of a good thing and scorch the corn which it has already helped so much.

Illinois State department of agriculture officials have estimated that each day adds 3,000,000 bushels to the crop. The reports say that corn has advanced 90 per cent this week, but that the improvements has served mainly to insure safety against frost, about half the crop being protected now.

There were thirteen deaths attributed to heat in Chicago yesterday, raising the total to 23 for the last three days. The mercury rose to 85 degrees for the second consecutive day, equalling the September record and approaching within one degree of the summer's highest mark.

All Chicago's schools were closed today because of the heat. The announcement was made last night after the school board learned that another day of excessive temperature was a certainty.

Many Illinois cities already have muffled their school bells until the wave is broken.

Southern States continued to bake yesterday. Nashville ran a temperature of 98 degrees. St. Louis reported four deaths and a mark of 97 degrees, while Cairo, Ill., Evansville, Ind., Fort Worth, Tex., Montgomery, Ala., Atlanta, Ga., and Des Moines, Ia., all had high marks of 96 degrees.

Weather officials refused to commit themselves further than to predict that Friday would be "not so warm." East of the Mississippi River, relief is more certain to the Central Plains where unsettled and cloudy weather is forecast.

S. S. FLEMING PASSES AWAY

Prominent Planter Died This Morning Following Operation For Appendicitis.

Sydney S. Fleming, 33, died this morning at five o'clock following an operation for appendicitis, with which he was taken Friday.

Funeral services will be conducted tomorrow afternoon at 4 o'clock at Mount Pleasant church, of which he was a member, by Rev. Warren A. Davis, of Washington. Burial will follow in the churchyard.

Besides a wife and two children, he is survived by three brothers, W. J. Jr. and Guy, of Greenville; and C. C. Fleming, of Jamesville; three sisters, Mrs. J. C. West, Mrs. Carl Abee and Mrs. Walter L. Patrick.

Mr. Fleming was a prominent planter, and resided five miles north of Greenville, near House station.

Surgeon To Be Buried Friday

Raleigh, N. C., Sept. 15.—(AP)—Funeral services for Dr. Thaddeus Earl Wilkerson, 52, Raleigh-surgeon, who died yesterday of meningitis, will be conducted at 4 o'clock Friday afternoon at the First Presbyterian church.

Dr. Wilkerson, a graduate of the University of North Carolina and the University of Pennsylvania where he received his medical degree was a veteran of the World War, serving in the medical corps first as a first lieutenant and later as a captain.

He is survived by a wife and two children.

NEW LEADER

Admiral Louis R. Steiguer (above) relieves Admiral R. H. Jackson as commander-in-chief of the United States battle fleet at Los Angeles.

Tobacco Market Averaged \$18.19 Here Yesterday

The Greenville tobacco market yesterday sold a total of \$71,890 pounds of bright leaf for a total sum of \$176,141.27, according to an official report given out this morning by K. W. Cobb, secretary of the Greenville Tobacco Board of Trade. The average was \$18.79 per hundred pounds.

The reports of sales made from day to day by secretary Cobb are duplicates of sworn statements made to the Government Crop Reporting Service.

LONGWORTH VISITS PRES.

Speaker Tells Coolidge He Sees No Advantage In Special Session of Congress.

Washington, Sept. 15.—(AP)—Speaker Longworth voiced his opposition to a special session of Congress in a conference today with President Coolidge.

Agreeing with Senator Curtis, of Kansas, and Rep. Tilton, of Connecticut, Republican leaders of the Senate and House, that there was no necessity for such a session, Mr. Longworth told the President he thought nothing constructive could be accomplished by convening at an early date.

The three big committees of the House, Appropriations, Ways and Means, and Interstate Commerce, have been organized and are ready to function, the speaker explained, and he expects bills to be ready from these committees by the time Congress convenes in regular session in December. This will permit the House to go to work immediately on tax revision and appropriations, in his opinion.

The House is virtually organized now, Mr. Longworth said, and ready to go ahead as soon as it is possible for its committees to report, unless there is an assurance that a full, final and complete report, can be made by the experts on the Mississippi River situation. He thought there was no possibility of getting to work on the flood control problem before the end of the year.

Mr. Longworth, who has been mentioned prominently as a Republican Presidential candidate, declined to discuss his reported candidacy or the statement made by the President last August saying he did not choose to run next year. He said no politics were discussed at the White House. He was invited back for lunch by Mr. Coolidge.

Negro Stabs White Man

Asheville, N. C., Sept. 15.—(AP)—With a severe stab wound in his back P. J. Hudson, 21 years old, was in a local hospital today as a result of an altercation with an unidentified negro following an automobile accident on the Hendersonville highway last night.

When the collision occurred Hudson and his companion, Miss Bertie McFall, told the police, the young man remonstrated with the negro driver for having been on the wrong side of the road.

The negro, they said, immediately stabbed Hudson and fled with two companions. The police have the automobile the negroes abandoned. It is believed to have been stolen.

FRENCH LEAVE DOOR OPEN ON TARIFF ISSUE

Present Compromise Proposal to United States Requiring More Negotiation.

Paris, Sept. 15.—(AP)—The French foreign office replied to the representations made by the United States on the French tariff question today, the reply being in the nature of a compromise proposal requiring further negotiations in the reply, which was handed over to Sheldon Whitehouse, American negotiator for a commercial treaty between France and the United States on a reciprocal basis, setting forth its ideas of the principals upon which such negotiations should proceed.

In the meantime, if Washington desires to enter such negotiations, various tariff concessions will be made, but these will be rather in the nature of intermediate rates and not complete parity with countries having commercial treaty arrangements with France.

The nature of the note indicated that the French government's purpose appeared to be to leave the door open for further discussion of the subject, but does not give entire relief such as was asked for by the American government even pending further conversations.

The text of the reply was not made public and was immediately put upon the cables to Washington by the American embassy which will await further instructions.

Paris, Sept. 15.—(AP)—France asks the United States for reciprocity in the complete sense of the word as the only acceptable basis for a tariff treaty between the two countries.

In a note replying to American representations concerning the new French tariff schedule, the French office today set forth the French conception of reciprocity as the condition for entering upon fruitful negotiation of a tariff treaty.

Nothing less than the present high rates in force are offered until the American reply to this note shall be received. When a reply from the United States is received that the American government is ready to begin such discussions then the French government will substitute for the present scale a modified schedule giving American goods considerably lower rates, but not up to the limit of those granted to countries with which France has commercial treaties, not ably Germany. So far as known, Germany was not specifically mentioned, but that was the effect of this paragraph of the French reply.

The impression in both French and American circles was that the note was simply the first step in opening what are likely to be prolonged treaty negotiations. In the ministry of commerce the feeling apparently was general that such an agreement could not be concluded in less than three or four months.

The note, which was not made public but was immediately cabled to Washington, was handed to Sheldon Whitehouse, American charge d'affaires, who called at the foreign office by appointment.

Mayor Duvall Goes on Trial At Indianapolis

Indianapolis, Sept. 15.—(AP)—A jury sworn and opening statements made, the State today was ready to begin building its case against John L. Duvall, Indianapolis mayor, on trial for violation of the corrupt practices act.

William H. Armitage, whose testimony is expected to provide the keystone of one of the prosecution's cases, was to be one of the first witnesses called.

The State has charged that Duvall, while a Republican candidate for mayor during the 1925 campaign, promised Armitage the privilege of naming three men for high city offices in return for Armitage's support.

Prosecutor William H. Remy and his special assistant prosecutors, John W. Holtzman and Emory W. Johnson, said it would not take long to present their evidence. Defense counsel has not indicated how many witnesses they intend to call.

RIVER TRAGEDY

Running away from orphan home in Springfield, Mass., Floyd Lane (above) tried to swim Hudson River with his brother, Paul, as they lacked 10-cent ferry fare. Brother was drowned.

400 BODIES RECOVERED

Troops Assisting in Search For Missing Thousands in Japanese Province.

Tokyo, Sept. 15.—(AP)—About 400 bodies thus far have been recovered from the western part of the Island of Kiushiu which was struck by a typhoon and huge tidal wave on Tuesday.

Dispatches from the island state that 2,000 troops are assisting local organizations in the search for the thousands of persons reported missing and in clearing up the debris from the towns and villages in Kumamoto prefecture, the center of the storm swept area.

A total of 500 fishing boats were reported to have been wrecked off Nagasaki with the loss of at least 25 fishermen.

At Kawachi Hot Springs twelve or thirteen hotels were swept away. Previous accidents received by the government placed the injured at 2,300 and the number of houses destroyed at 700.

The damage at Yokohama which was struck by the tail of the typhoon is estimated at 50,711 yen (about \$250,000).

The storm, about sixty yards wide, left wrecked buildings, tangled wires and broken glass in its wake. Two large structures and several small houses and stores in the vicinity of the railway station were destroyed and thirty persons were injured.

Garages containing taxicabs were wrecked and most of the vehicles damaged. Four freight cars on a railway siding were overturned and smashed. Telegraph poles were torn up, windows smashed and iron girders bent like match sticks.

DEATH TOLL INCREASES

Loss of Life in Hurricane Believed to Be Less Than First Reported.

Nogales, Ariz., Sept. 15.—(AP)—First official reports received from the storm-stricken west coast of Mexico brought hope today that the death toll might be considerably less than was feared when the hurricane tore out telegraph and railway lines of communication.

William P. Blagzer, American Consul at Mazatlan, last night messaged that no deaths had been officially reported there. He said considerable damage was done to the residential district along the waterfront.

Two freighters, reported missing out of Mazatlan have been accounted for. A third steamer, the Bolivar, remained to be heard from. A fishing fleet off Mazatlan also was still missing, although it might have found safety in the harbor of La Paz, Lower California.

The death toll at Salina Cruz and Manzanillo, where the hurricane was reported to have struck with its greatest force, also is believed to have been less than first believed, due to the precautions of the military at those ports. Residents were forcibly moved to higher ground in both cities when the barometer dropped suddenly last week, undoubtedly lessened the loss of dead.

GLOBE FLIERS END FLIGHT AT TOKYO JAPAN

Schlee and Brock Listen to Public Opinion And Prepare to Turn Back Home.

Tokyo, Sept. 15.—(AP)—Public opinion and the pleading of loved ones at home brought to an end the round-the-world flight of the monoplane "Pride of Detroit," here today.

Edward F. Schlee and Walter S. Brock, co-pilots of the craft that set out from Harbor Grace, N. F., on Aug. 27, last, to beat the record in circling the earth, feared no danger or obstacle that fate or the elements could offer them, they braved storms, heat and erratic tropical winds. They were delayed by government formalities in Turkey and flew over war-torn China and the jungles of Burma and Siam. They went through a typhoon and tidal wave in Japan unscathed and showed up at Kasumigaura in a rainstorm smiling. At Tokyo they were told by aviation authorities and their own agent, J. V. Walker, that it would be suicidal to attempt to fly across the Pacific ocean. Still they persisted.

Then the fliers began to read the scores of cablegrams that had come for them in care of the American embassy. These contained threats, warnings, advice and "applications" against making the Pacific hop. Among them was one from Schlee's children, of Detroit, asking their father to consider them before he tried to fly over the Pacific. He weakened. Brock emerged from a lengthy conference on the subject and announced the flight was off.

Brock and Schlee will sail from Tokyo next Saturday for San Francisco. The "Pride of Detroit" will be placed in the hold of the ship. The disappointed aviators will be sent back to their homes from San Francisco. They have advised their relatives by cable of their decision.

Meanwhile, the airman awaited new clothes. They called in tailors shortly after their arrival in Tokyo where they arrived yesterday and ordered "burry-up" suits. They now are wearing borrowed clothes, even to neckties.

"This is one of the greatest disappointments of my life," said Schlee, "but we could not fight public opinion, which is unanimously against us. Everything with us up to date and it was my life's ambition to make this round-the-world flight. But apparently everybody in America is against us. We have received so many cablegrams we are unable to read them all. Naturally, we can't fight the entire public, but some day, if I live, I intend to complete my round-the-world air trip."

Brock said: "If there is any gloomier man in the world than I am, I don't know where he is. We quit because apparently the entire world is fighting us. I am absolutely sure we would have completed the flight via Midway and Honolulu."

(Continued on Page Six)

Complete Probe Of Beach Fire

Wilmington, N. C., Sept. 15.—(AP)—After a survey yesterday of the ruins of the Carolina Beach Hotel, destroyed by fire early Tuesday with a loss of approximately \$100,000 partly covered by insurance, W. A. Scott, State Insurance Inspector, and C. L. Topping, inspector for the National Board of Fire Underwriters, who are here to investigate the fire, today conferred with Sheriff George C. Jackson and State Solicitor Woodus Kiplum.

Strict silence was maintained by the investigators, but it was learned that the inspectors came here at the solicitation of Sheriff Jackson and the local board of fire insurance agents. The local insurance agents reported that policies totaling \$97,500 had been issued covering the building and its contents.

The building was owned by H. E. Ireland and J. L. Bird, of Greensboro. They had recently taken over the hotel and were only occupants at the time of the fire. They escaped in their night clothing.

Ireland and Bird had not this morning returned from Greensboro where they went. They advised to go over the insurance policies which they said were in the Greensboro offices.

Wake Forest Opens

Wake Forest, Sept. 15.—(AP)—The ninety-third session of Wake Forest College opened today with more than 600 students registered.

Dr. J. A. Campbell, president of Campbell College and a member of the board of trustees of Wake Forest, spoke.

COTTON PRICES DROP

\$7.50 A BALE IN N. Y.

New York, Sept. 15.—(AP)—A sharp drop of \$7.50 a bale on the New York Cotton Exchange today followed circulation of an alleged report by the cotton division department of agriculture on the future trend of cotton prices, which brought a heavy volume of liquidation. This made a decline of about \$16.50 a bale since the last government crop estimate.

PIRATES MORE SECURE AT TOP OF NATIONAL

(By The Associate Press) The black flag of the Pittsburgh Pirates was more secure at the National league mast head today. Coming down the home stretch the Pirates have a lead of four full games on their closest rivals, the New York Giants and St. Louis Cardinals, who are still dead-locked in second place.

At or near the top all season the Pirates nevertheless had been faltering in the crisis, and at one time were, in second place, five games behind the Chicago Cubs. Yesterday Donie Bush's Bucaniers reentered their seventh straight victory. They won a double-header from the Boston Braves for the second time in successive days. Kremer held Boncroft's men to six hits and took the opener 6-2. Jimmy Miljus, coast league prodigy, pitched the leaders to 3-0 triumph in the second game.

The Giants and Cardinals battled through two games to an even break again in St. Louis. The Cards took the opener 6-3. In then innings on Hafey's pinch hitter Terry and Bottomley also hit for the circuit. New York won the second game handily, Cantwell, a recruit, earning a 9-3 victory over the world's champions. A sixth inning rally was good for seven runs. Schult clouted a homer.

Max Carey's home run with the bases filled in the third inning helped Brooklyn beat the Chicago Cubs again, 10-6. Percy Jones, the Bruins' Star Southpaw, was the victim of a six run attack in the third, but Brillheart, who succeeded him, pitched good ball.

The New York Yankees with the ninth with the bases loaded and two away gave Cincinnati a 7-6 victory over Philadelphia.

The New ork ankees, with the American league pennant already in their possession, won their 99th game of the season in scalping the Cleveland Indians, 6-1. Boston's Red Sox won their third straight from the St. Louis Browns 9-6.

Philadelphia rallied in the 9th to tie the score and then won in the 11th over the Chicago White Sox, 5-4. Cobb and Metzler both got three hits.

Rices spectacular running catch of Forthergill's liner with two on base saved Washington and the Senators nosed out Detroit 3-2.

BACKBONE OF PIRATES

Lloyd and Paul Waner, known as the Katzenjammer Kids of baseball, are main factors in Pirates' desperate bid for that National pennant.

Salisbury One Game in Lead For Championship

Salisbury, Sept. 15.—(AP)—The Salisbury Colonials today were only one up on the Raleigh Capitals in the Piedmont League pennant play-off series.

Yesterday with Windle, first baseman out of the game on account of appendicitis, the Colonials cracked at critical moments and the Raleigh team took its first victory of the series by a score of 9 to 2.

Huffman, on the mound for Salisbury, was wild at critical times and allowed five runs in the second and three in the eighth, the Capital City team having scored one run in the first. Elliott pitched well for Raleigh and kept the Colonials' seven hits scattered. Spencer got a homer for Raleigh.

Cowboy Jones, an outfielder, played first base for Salisbury, and Turner, a pitcher, played in the outfield.

Today's game, the fourth of the series, will be played here, starting at 4 p. m., the battery selections have not been announced.

DAVIDSON WEAK ON AERIAL ATTACK

Davidson, Sept. 15.—(AP)—The Davidson Wildcat passing game which last season played a major part in victories for the State champions will not be seen on the gridiron this coming season of gridiron battles, if one is to believe "Gloomy" Monk Younger, Davidson coach.

"Monk put himself on record today as a coach whose team will not have a good aerial attack. "We have no expert passer and the receivers are poor," he added.

Announcement that Rudie Carson, reserve tackle, expected to make the varsity this season would have to withdraw from work out due to a knee injury, cast gloom over the Wildcat campus. Physicians said Carson would have to give up football because "water on the knee" had developed.

JINX FOLLOWS DEMON DEACONS

Wake Forest, Sept. 15.—(AP)—The jinx put in its appearance at Wake Forest football training quarters today as two dependable veterans, Capt. Ober and Johnnie Cox, kept out of workouts due to hurts.

Bill Gibson who is expected to take Rivley's place at end, was also missing, as was Jack Smith, both on the injured list but expected back in practice soon.

BRITAIN'S CHAMP

E. W. Pascoe's long distance swimming champion of Britain. He defeated large field on grid down the Thames River recently.

Dempsey Now Ready To Meet Tunney

Lincoln Fields, Cret., Ill., Sept. 15.—(AP)—Jack Dempsey is somewhat sorry now that he voted against fighting Gene Tunney September 15, insisting on September 22 as the earliest date he would be ready.

For Dempsey today, by his own and Manager Leo P. Flynn's statement is at top form. Dempsey's last full workout, against five sparring partners Tuesday night, satisfied his handlers that he is in same scowling, merciless mauler of old.

He is so near the peak today that his training has been proceeding only at half speed.

He did nothing at all yesterday, but attend the Washington Park races, to watch the running of the Jack Dempsey handicap, returning soon afterward to his camp. Two more ring workouts are planned by Manager Flynn, but they probably will be in secret.

Tunney Declares He Is Ready For Dempsey

Lake Villa, Ill., Sept. 15.—(AP)—Heat and humidity, the two "toughest" opponents Gene Tunney has had to face in the Midwest, were ready for a real assault on the heavyweight champion today.

For three straight days Gene has evaded the heat wave by training with society friends at Lake Forest on Lake Michigan. But the short sessions of shadow boxing and road work that Tunney was able to sandwich in between social engagements gave way today to a program which called for six rounds of boxing with three sparring partners and several rounds of bag punching, and the heat continued.

Gene had dodged the heavy training grind for the past few days in the belief that the loss in weight under the boiling sun and the drain in nervous energy due to the humidity did not offset what-eyes good might come of short boxing drills.

The champion says he is ready for the fight of his life—what is more, that he was ready when he left Speculator, N. Y., in the Midwest after five months of careful work in the Adirondack mountains. Weighing about 19 pounds Gene Tunney begrudges that three or four pounds that are bound to melt away in the heat.

INVALID RIDES BY AIR Harlow, England.—(AP)—Mrs. Hannah Smith 90 years old had herself carried to an airplane in her invalid chair so she could take her first airplane ride. Upon landing she said: "I was most struck with the beautiful view of the gardens below me. I enjoyed every moment of the flight."

THE SUN NEVER SETS ON CHESTERFIELD'S POPULARITY

[Popular in all 4 corners of the Earth...]

...in Washington

—capital of tobacco's homeland

"FRIED chicken, southern style" . . . "Boiled New England dinner" . . . "Caviar and cafe noir" . . . forty-eight states and a score of foreign lands bring their varied preferences to Washington.

Their taste in cigarettes, however, is far more uniform. Chesterfield's natural tobacco taste has won the good will of the world—and nowhere more impressively than here, in the very capital of tobacco's homeland.

Chesterfield

—such popularity must be deserved!

LIGGETT & MYERS TOBACCO CO.

LOCALS

Rev. J. R. Tingle, of Ayden, was in the city today on business.

Robert Coward, of Ayden, spent several hours in Greenville today. Walter Sheppard, of Farmville, was here today.

Fred Forbush, Jr., left yesterday for Raleigh, where he will attend school.

Miss Alice Johnson has gone to Portsmouth, Va., to enter training at Parrish Memorial Hospital. Her friends will miss her, but wish her every success.

Miss Martha Stewart, of Derita, N. C., stopped over last night to see friends in Greenville. Miss Stewart was on her way to Mantoloking, where she will teach.

N. G. Bartlett, of Kinston, was a Greenville visitor today.

Mr. and Mrs. I. S. Fleming, of Pactiville, were here today.

Walter G. Ward, of Farmville was here today.

Miss Mary Proctor left today for Durham.

Jack Stauffer returned this morning from Winston-Salem.

Miss Clark and Douglas W. left today for Charlotte to attend the races.

Reception at the Vines House

The teachers of the Greenville City Schools cordially invite the patrons and friends of the school to attend a reception, given in honor of the new members of the faculty, at the Vines House, Friday evening, September 16th, from 7 to 10:30.

Pythians Meet Tonight

There will be a regular meeting of Tar River Lodge No. 93 tonight. All members are urged to be present. Visiting Pythians are cordially invited.

Mrs. Cobb Leaves Hospital

Friends of Mrs. Mamie Cobb will be glad to learn that she has left the hospital, and is at the home of her brother, Roy Batchelor, on east Tenth street.

Young Woman's Federation

The Young Woman's Federation prayer meeting will be held tomorrow afternoon at four o'clock at the home of Mrs. E. McGowan 109 Cotanch street. Mrs. John McKeithan will be leader. A good attendance is urged.

Mrs. Brinkley Entertains Auxiliary

The Auxiliary of the Pitt County Post of the American Legion met yesterday afternoon at the home of Mrs. Frank Brinkley, Jr., on west Fourth street. A large number were present. This was the first meeting of the new year. Mrs. E. S. Williams was made treasurer for the coming year.

Following the business session the hosts, assisted by Mrs. Ber Greene, served an ice course. The Auxiliary will meet in October with Mrs. W. C. Harris and Mrs. Alice Viola.

Presbyterian Conference

The Presbyterian young people will hold an all-day conference on Saturday, in Goldsboro. Delegates will represent the churches in the entire presbytery. A very interesting and helpful program has been planned. All Greenville delegates will meet in front of the old church at 8 o'clock Saturday morning. There will be room for all of the young people who wish to go in cars, provided by the men of the church.

An ordinance providing for the issuance of \$125,000.00 street improvement bonds, and providing for the payment of principal and interest thereof.

BE IT ORDAINED by the Board of Aldermen of the Town of Greenville, North Carolina, as follows:

SECTION 1—That the Town of Greenville, pursuant to the Municipal Finance Act, as amended, issue its bonds for the purpose of enlarging and extending the Street Improvements of said Town.

SECTION 2—That the maximum aggregate amount of said bonds shall be \$125,000.00.

SECTION 3—That a tax sufficient to pay the principal and interest of the bonds be annually levied and collected.

SECTION 4—That a statement of the debt of the Municipality has been filed with the Clerk, pursuant to said Act, and is open to public inspection.

SECTION 5—That the assessed valuation of property subject to taxation by the Municipality for the fiscal year 1926, as shown by said statement is \$9,364,555.00.

SECTION 6—That the amount of the net debt of the Municipality outstanding, authorized or to be authorized, as shown by said statement, including this issue, is \$418,763.18.

SECTION 7—That this ordinance shall take effect thirty (30) days after its first publication, unless in the meantime a petition for its submission to the voters is filed under the Municipal Finance Act, and in such event it shall take effect when approved by the voters of the Town of Greenville at an election as provided under said act.

"The foregoing ordinance was passed on the 13th day of July 1927, at 9:15 o'clock P. M. and was first published on the 15th day of September 1927. Any action or proceeding questioning the validity of said ordinance must be commenced within (30) days after its first publication."

J. O. DUVAL
Clerk, Town of Greenville, N. C.

Revival at Parmele

The people of Parmele are enjoying their annual revival meeting. The Rev. M. L. Chappell, of Tyler, N. C., is assisting the pastor, Rev. J. H. Warren.

Rev. W. D. Donaldson and Dr. M. O. Fletcher, of Washington, will also assist.

Will have a basket dinner on the ground Sunday, Sept. 18th. The public is invited to come and bring dinner.

Rev. J. H. Warren, Pastor

ATTEND FUNERAL OF CAPT. J. J. LAUGHINGHOUSE

Mrs. Frank Quick, of New York, daughter of Captain Laughinghouse; Mr. and Mrs. J. W. Ferrell, Petersburg, Va.; Hon. Lindsay C. Warren, Herbert Bonner, Dr. David Tayloe and Dr. John Tayloe, Washington; Hon. Ben R. Lacy, State Treasurer, Ronald B. Wilson, assistant secretary, Dr. G. M. Cooper, Director Health Education; Dr. F. M. Register, Director Vital Statistics; Dr. J. C. Johnson, Director Oral Hygiene of the State Board of Health, Raleigh, were among those who attended the funeral of Captain J. J. Laughinghouse which took place this morning at eleven o'clock.

Entertain Class

Mesdames R. G. Fitzgerald, M. Wright and J. B. Kittrell entertained the members of the Wesleyan class of Jarvis Memorial Sunday school, Tuesday evening at the home of Mrs. M. L. Wright in college view.

The home was decorated with flowers. After the business meeting a delightful social hour was enjoyed.

After a mimic fashion show, several clever stunts were thoroughly enjoyed. A delicious ice course was served by the hostesses. There were forty members present.

Ladies Annual Cup Tournament To Begin Oct. 5

The ladies' annual cup tournament of the country club will commence Wednesday, October 5. Two days will be allowed in which to play each match. Failure to play on day set forfeits. 18 holes for each match, except by agreement 9 holes may be played.

Ladies are requested to play for handicap and turn in score to Mr. Wells. If no score is turned in, handicap will be determined by committee.

The handicaps will give everyone an equal chance for the beautiful silver cup.

The matches are as follows:
Mrs. S. P. Heath—Mrs. Luther Bowling.
Mrs. J. M. Henderson—Mrs. M. L. Wright.
Mrs. W. A. Darden—Mrs. J. W. Waldrop.
Mrs. C. A. Bowen—Mrs. Luther Herring.
Mrs. J. S. Ficklen—Mrs. N. O. Warren.

Mrs. A. M. Moseley—Miss Bessie Brown.
Mrs. C. J. Ellen—Mrs. F. M. Park.
Mrs. M. K. Blount—Mrs. J. Knott.
Mrs. L. G. Cooper—Mrs. Albion Dunn.
Mrs. J. B. James—Mrs. W. Z. Morton.
Mrs. Edw. Batchelor—Miss Jessie Moye.

FIVE COUNCILMEN DRAW PRISON SENTENCE

Pittsburgh, Sept. 15.—(AP)—Five councilmen of Homestead, a Pittsburgh suburb, were each sentenced to serve a year and a day in Atlantic penitentiary on the charges of conspiring to violate the prohibition law by Federal Judge R. M. Gibson today. Two other men, alleged bootleggers, were given fifteen months each in the federal prison.

The councilmen, along with several other men, were convicted at a sensational trial which involved charges of a "rum-running" operation in the nearby steel town. A

ROCKY MOUNT MAN UNDER \$1,000 BOND

Rocky Mount, N. C., Sept. 15.—(AP)—L. W. Grady of Rocky Mount today was under \$1,000 bond as a result of the inquest held yesterday into the death of Mrs. A. T. Taylor of Wilson in an automobile accident near Halifax.

Grady was held to the Superior Court late yesterday by a coroner's jury.

No action was taken by the coroner against Conway Felton of Rocky Mount and L. R. Sapp of High Point who had been members of a party with which Taylor had been riding prior to the accident. The body of Mrs. Wilson was found beside the wrecked automobile and Grady was sleeping on the porch of a nearby farmhouse.

SEVERAL DEEDS FILED HERE SINCE MONDAY

The following deeds of transfer have been filed in the office of the register of deeds for registration since the report of the first of the week:

John R. Barnhill and wife to Ebbie Barnhill, 364 acres, \$1.00.
Ebbie Barnhill et al to J. R. Barnhill, 364 acres, \$1.00.

J. T. Worthington to H. A. Worthington, 3 acres, \$50.00.

A. B. Hudson to Mary Hudson et al, 61.7 acres, \$1.00.
Greenville Development Co. to J. C. Whiteford, 1 lot, \$1,250.00.

There's no excuse for a smoking pan

—because here at last is a cooking fat that does not smoke or "break down" anywhere near the proper frying temperatures.

Put FLUFFO into the cold or slightly warmed pan and bring it gradually to the right temperature.

Then fry your food. It will brown quickly, keeping all the flavor in and the fat out. And you will not be troubled with a smoking pan or greasy odors.

But to be sure of this new satisfaction in frying, be sure your grocer gives you FLUFFO. He will refund your money if you are not entirely satisfied.

Table for deep-fat frying
Breaded Chops . . . 350°-375° F. . . 5-8 min.
Doughnuts . . . 350°-390° F. . . 1-1½ min.
Fish Balls . . . 350°-390° F. . . 1-2 min.
Fritters . . . 350°-400° F. . . 1-2 min.
Potatoes (raw) . . . 350°-400° F. . . 5-8 min.
Small fish . . . 375° F. . . 3-5 min.
Timbales . . . 415° F. . . 3-5 min.

Smartest Fall FOOTWEAR

Smart women, accustomed to the standards of quality—comfort and fit of our high-grade shoes, have been eagerly awaiting the arrival of these new shoes for fall wear. And here they are—the season's newest and most fashionable models. The shoes for daytime wear are quite the last word in the shoe-makers craft. Such clever combining of leathers in both the plain grain and reptilian effects—such novel cut-outs and designs. The toes are slightly pointed and graceful spike heels adorn the more extreme models. Others have medium and Cuban heels. In the street shoes there are colors to match the new Fall costumes, as well as smart black shoes in all the new leathers. We are always glad to show you.

The famous Irving Drew "Arch Rest" and Halters shoes. Priced—
\$9.00, \$9.50 and \$10.00

Other new Fall styles. Priced—
\$3.00 to \$7.50

GLORIOUS NEW SILK HOSIERY

Splendid wearing, gauzy hosiery, perfectly woven and amply reinforced in heel and toe, with stop-run garter-tops—all silk from top to toe. The Fall colors are lovely and those with the new contrasting heel effects are most attractive—giving a graceful, slendering line to the ankle. Every new costume shade, gummatal and black, in all sizes.

Exclusive with us are Ody's Pointex and Gotham Gold Stripe, priced the following—
\$1.65, \$1.95 and \$2.50

About Town

Secretary Hoover, to whose Department belongs regulation of commercial flying in this country, is opposed to government control of overseas flights. Although admitting that more common sense and more safeguards are needed, he says he "does not believe we should attempt to stifle the spirit of youth or the pioneer work which must precede all developments." He pointedly says—as quoted: "The spirit of adventure, the fine courage of youth, has given the world tis pioneers in every human activity, and it will be so as long as we maintain the virility of the race. Without the Lindberghs and the Byrds overseas aviation would yet be a closed book."

Naturally the world fliers are disappointed at giving up the continuation of their flight, but we can breathe somewhat easier, now that they have decided to come home by boat. Abandonment by Miss Elder, of her proposed flight to Paris would also be a wise decision. Right now is not the proper time nor season for further attempts for ocean flying.

SHOULD BE ENFORCED

Again we find it necessary to call attention to the fact that the present laws require that every vehicle, regardless of type, display a light while traveling the highways at night. Recent observations show that there are numbers of travelers who are absolutely disregarding the light law and by so doing are endangering their ownlives and those of others. From the standpoint of safety, common sense should prompt every one to obey this necessary law, and those who persist in disregarding it should be prosecuted. If the measure had not been necessary, it never would have been enacted, and now that it is a law, it should be rigidly enforced.

OUCH! LUMBAGO! RUB BACKACHE AWAY

Kidneys cause backache! No! Your backache is caused by lumbago, rheumatism or a strain and the quickest relief is soothing, penetrating St. Jacobs Oil. Rub it right on your painful back, and instantly the soreness, stiffness and lameness disappears. Don't stay crippled! Get a 35 cent bottle of St. Jacobs Oil from your druggist. A moment after it is applied you'll wonder what became of the backache or lumbago pain.

In use for 65 years for lumbago, backache, sciatica, neuralgia, rheumatism or sprains. Absolutely harmless. Doesn't burn the skin.

WANT ADS PAY

It is hard enough to cultivate a modern mustache, but it is harder still to go into a barber shop, fall asleep in a chair, and have the barber whack the precious whiskers off.

We do not like to tell secrets out of school, as the old saying goes, but this actually happened to a Greenville young man following his return from the Georgia tobacco market.

The mustache mind you, underwent successful cultivation in the State of Georgia. The possessor brought it back to Greenville without accident. He was extremely proud of the facial adornment, and strutted up and down the streets like he owned the world and had an option on Mars.

Well, one day, he walked into a barber shop and told the barber he wanted a shave. After issuing brief instructions, he closed his eyes, and drifted away in the arms of Morpheus.

The barber, not being aware of the great value placed upon the mustache, proceeded to remove it with all skill at his command.

When the operation had been completed, he roused the snoozing customer, who took a squint at himself in one of the mirrors, uttered a sepulchral noise, grabbed his hat and beat it for home.

He didn't want anybody to know how the mustache disappeared, but in some unaccountable way, the story leaked out, and is today the property of this scribe, who takes unusual pleasure in passing it down the line.

"The fall fashion display conducted Tuesday night was one of the best ever held in Greenville," remarked Frank Wilson, "King Clothier," conversing with the writer today.

"We ought to make every effort to create more interest in these fashion displays. They have a tendency of getting people interested in what the merchants are doing, and at the same time keep them informed as to the most authentic style creations of the day."

"Mr. Wilson, like numbers of others, is of the opinion that the display of all stores should be combined in one mammoth attraction, something similar to the festivals conducted in other cities. Social features add much to such occasions and would prove a great draw-

ing card for Greenville.

"I don't need to obligate myself to the Pitt county fair this year because I did that years ago," F. H. Wright, president of the East Carolina Teachers College, told district fair representatives at the annual barbecue of the Pitt County Fair Association here Tuesday afternoon.

Mr. Wright believes the fair is a good thing for the community. It is for this reason he is willing to use his influence in helping the association make this year's attraction greater than ever before.

Paul Davenport, of Pactolus township, probably one of the best known planters in the county, was in Greenville yesterday afternoon, and expressed considerable surprise at the amount of tobacco on the floors of the various warehouses.

"There is no reason in the world why Greenville should not be the leading tobacco center of the country," Mr. Davenport told the scribe as they continued to thread their way through busy, bustling tobacco

ACHED ALL OVER

Was Suffering Dreadfully, Just "Wasting Away." Took Cardui, and Says It Helped Her.

Arlington, Texas.—A resident of this town for many years, Mrs. J. H. Jackson, says:

"I had suffered dreadfully with an aching all over my body. At times my head would give me so much trouble I could hardly stand it. I had been in bed for weeks and it looked like I was just wasting away. I took 9 bottles of Cardui and my strength began to slowly return.

"Since that time I have used this medicine a good many times and it has always helped me.

"At one time I took Cardui for several months regularly. I would be afflicted with sudden spells of dizziness when I could not stand on my feet. Everything would turn black before my eyes and I would feel as if I were going to faint. At times I would be quite nauseated. I turned at once to Cardui and took it till I was safely through."

Cardui is a mild, medicinal tonic, made from purely vegetable ingredients. It has been in use for over 50 years, and in that time thousands of women have written that Cardui helped them back to good health.

Sold by all druggists. NC-182

town.

"With another set of buyers, this market should be able to outsell any market in the country. It is located in the greatest tobacco growing district in the world, and it is natural to suppose sales would increase with increased market facilities."

Mr. Davenport is one of those progressive Pitt countians who is always thinking about development of the wonderful community in

which he resides. The rapid stride made by Pactolus, is due largely to the influence which he is using in this direction.

He is a Pitt county booster. His optimism is contagious, and any body talking to him for any length of time is bound to catch the infection.

Greenville extends a most cordial welcome to Pitt county teachers in conference here today and

tomorrow, a citizen remarked this morning.

"Education is playing a dominant part in the building of present day civilization," the speaker declared, "and it is up to the public to lend their support to the educators."

25 Years of Thrift-Service

1927 Is Our Silver Anniversary Year

When that small general store was opened at Kemmerer, Wyoming, 25 years ago by Mr. Penney—the idea behind it was SERVICE—Real Service that Packed the Customer's Dollar Full of Value and Satisfaction.

885 Stores in 1927

"Saving Is the Difference Between Success and Failure."

President Coolidge has said that "Every one knows that it is not what is earned but what is saved which measures the difference between success and failure."

The saving of money is inborn with some people. They make every dollar perform its fullest duty.

Buying inferior goods because they are cheap is not thrift! It is wasteful because the service is correspondingly short.

The way to decide "where savings are greatest" is first to look into the ability of the store to buy right; then the reputation of the store for selling right.

The buying power of this Store is tremendously increased because of the co-operative buying for all the Stores of this Nation-wide Organization.

MINOR CASES DISPOSED OF

Seven Cases Disposed Of in Civil Court Here Tuesday and Wednesday.

O. E. Whichard was awarded judgment of \$400 against P. J. Gathorne, farm tenant, in yesterday's session of the civil term of Pitt county superior court which convened in this city Monday morning with Judge W. C. Harris, of Raleigh, presiding.

The defendant gave bond of \$1,000 and was permitted to remain in possession of the crop seized by the plaintiff.

Seven other cases were disposed of by the court during Tuesday and Wednesday, each being of only minor importance and of interest only to those involved.

The local furniture concern of Taft and Vandye, was awarded judgment for \$432.00 against G. A. Justice, the suit growing out of a bill of furniture which the defendant purchased from the plaintiffs.

Curlee Clothing Co. was awarded the sum of \$1,830 against R. C. Cannon & Sons, of Ayden, after the plaintiffs had abandoned appeal to Supreme court, filed after judgment for the above amount had been rendered at a previous session of superior court.

The case of J. M. Cox against E. M. Jones and the National Bank of Goldsboro, involving a dispute over a note, was dismissed.

Judgment for \$400 was returned against G. A. Clark in favor of Kerns Furniture Co. with interest dating from March 20, 1925.

Execution was stayed in the case of Hand Made Shoe Co. against M. L. Jackson, by the payment of \$100 on stay bond. Similar action was also taken in the case of Gilbert Brothers Co., Inc. vs. M. L. Jackson.

Isadora Duncan Killed in Nice

Nice, France, Sept. 15.—(AP)—Isadora Duncan's adventurous life has ended in tragedy.

A slither scarf of red—the color of which she was fond, and which seems to have symbolized her radicalism—fluttered about the neck of the dancer as she sped along the promenade Des Anglais last night in her new car. With her were a French chauffeur, who was going to teach her to drive, and Mrs. Mary Desto Perks, British newspaperwoman who was helping her prepare her memoirs for publication.

The end of the long scarf whipped over the side of the car, became tangled in the front wheel and jerked the dancer from her seat. The chauffeur jammed on the brakes and he and Mrs. Perks disengaged the scarf from the limp body. They drove frantically to the St. Roch hospital, but in vain. The doctors said death must have been instantaneous. Her neck was broken.

The body was taken back to the dancer's studio. Funeral arrangements are in charge of Mrs. Perks and Miss Duncan's old friend, Paris Singer, of the sewing machine family.

At one time a stage idol, Miss Duncan had long devoted herself to the training of young dancers. Her affairs did not appear to prosper, and her Neully studio had to be sold to pay her debts.

Of late, she had given much of her time to writing memoirs of her career, from which she hoped great things. She seems to have had a premonition of her death, as

TRUSTEE'S SALE OF FARM LAND
By virtue of power of sale contained in that certain deed of trust, bearing date February 23, 1926, executed by R. S. Atkinson and wife, delivered to D. L. Tunage, Trustee, being registered in book H-16, page 259, public registry of Pitt County, the undesignated will expose to public sale, for cash, on Saturday, October 15th, 1927, at 12:00 o'clock noon before the courthouse door in Greenville, said county and State, the following described tract of land:

Situate in Pactolus Township, Pitt County, North Carolina. Being a part of the Don Little farm, and contains 261.46 acres and being tracts Nos. 2, 3, 5, 7, 8, 10, 11, 13, 14, 15, and 16, on plat of the Don Little farm, recorded in map book No. 1, page 206, of the Public registry of said county.

Default having been made in the payment of the debt thereby secured, sale will be made in accordance with terms of deed of trust. The successful bidder will be required to deposit ten per cent of his bid at time of sale.

This September 14th, 1927.
D. L. TURNAOE,
Trustee.

Entrants Begin Qualifying For Charlotte Race

Charlotte, N. C., Sept. 15.—(AP)—Attainment today of a speed of 140 miles an hour was predicted as entrants in the 25, 50, and 100-mile sprints continued to qualify for the grueling combat on the mile and a quarter bowl of the Carolina Motor Speedway here Monday. Dave Evans and Earl Devore, who yesterday gave to speedway officials satisfactory evidence of their racing prowess, spun their car around the track at the rate of 133.1 and 131.1 miles an hour respectively. Thirteen drivers are officially entered for the high speed events.

Several of the stock cars entered for the 75-mile event have appeared on the track. Qualifying in this class is under way today. The speed minimum is 70 miles an hour.

Both the stock car model race and the ten-mile event for amateurs are coming in for a large share of interest, officials said. Eleven machines have been entered for the former and six for the latter event.

A large number of Charlotte stores and other business houses will be closed all or part of Monday for the speed classic, it was learned from James P. Stowe, president of the Merchants Association.

Select Jury in Devin Case

Salisbury, N. C., Sept. 15.—(AP)—Selecting a jury from a special venire took up most of the morning in Rowan Superior Court today in the case against Dave Devin, charged with killing Deputy Sheriff L. T. Yarborough, of Rowan County.

GLOBE FLIERS END FLIGHT AT TOKYO JAPAN

Honolulu if we had any co-operation. We ordered 1,000 gallons of gasoline and 100 gallons of oil shipped from Honolulu to Midway but the shipment was not made. What can you do? We are up against it. Consequently there is nothing to do but go home by boat.

The Navy had even considered aiding the Detroiters by sending destroyers to Midway as escorts in case the hop was made, but at the same time, the naval authorities believed the flight suicidal.

Even in stopping here the fliers were credited with an excellent record. They flew more than 12,000

SCHOOL BOND ELECTION GREENVILLE GRADED SCHOOL DISTRICT

A special election will be held in Greenville Graded School District, between sundown and sunset on Tuesday, October 11th, 1927, for the purpose of voting upon the following question: Shall \$100,000 bonds of Greenville Graded School District be issued for the purpose of erecting and equipping school buildings and if necessary purchase site, there within and for said district, and a sufficient tax be levied upon all taxable property within said district for the payment of the interest and principal of said bonds?

The boundary lines of said district are as follows: Beginning on Tar River at the mouth of Smith's Run; thence southwardly up the various courses of said run to the bridge across the same near the residence of L. C. Arthur, thence westwardly with the various courses of Town Branch under the railroad trestle, to the Kinston Road, thence northwardly along the Kinston Road to the old Plank Road, thence northwardly a straight course to the junction of the Stantonsburg and Fair Grounds Roads; thence northwardly along Stantonsburg Road to the River Road; thence northeastwardly along the River Road to the bridge across the ravine; thence down the ravine to Tar River, and thence down Tar River to the beginning.

A new registration of the qualified voters of the school district has been ordered. Registration heretofore made will not be sufficient, and no one will be permitted to vote who shall not hereafter register for said election. The registration book will be kept open for the registration of qualified voters in said district from Saturday morning, September 10th, 1927, to Saturday night, October 1st, 1927, except Sundays between nine a. m. and sunset. On the Saturdays during said period said registration book will remain open at the polling place which is the county courthouse. The Registrar, in whose charge said registration book will remain open, is Mr. Dink James. The Judges appointed for said election are Mrs. J. E. Winslow and Dr. R. L. Carr.

The ballots to be used in voting upon said question shall have printed or written thereon the words "For the Issuance of \$100,000 School Bonds and the Levying of Tax for the Payment thereof" and "Against the Issuance of \$100,000 School Bonds and the Levying of a tax for the payment thereof."

By order of the Board of Aldermen of the Town of Greenville.
J. O. DUVAL,
Town Clerk.

niles in 19 days. They had 9 1-2 days more in which to break the record of 28 1-2 days. Assuming their flight across the Pacific had met with success they could have beaten the record with comparative ease, as most of the distance would have been across the water with only two stops.

Detroit, Sept. 15.—(AP)—Two worried wives today were jubilant over the decision of Edward F. Schlee and his pilot, William S. Brock, to abandon their globe-circling tour at Tokyo.

"I am overjoyed" said Mrs. Schlee when she was told of the cancellation of the remainder of the flight. "It is what I have been hoping and praying for."

Mrs. Schlee's anxiety was shared by the pilots of the Pride of Detroit most of the time the world tour started, was equally impressive of relief.

The news from Japan ended a long vigil by the oil operator's wife who during the 19 days of the flight had followed the progress of the expedition constantly through the medium of the Associated Press.

The long nights when the Pride of Detroit was winging its way through the Orient were sleepless ones too for Mrs. Brock. She refused sleep until word of the safe arrival of the plane at its destination was communicated to her.

She dispatched a number of cablegrams to her husband at the various ports of call, including Tokyo, beseeching him to call off the venture.

Mrs. Schlee's anxiety was shared by a host of friends of the two men here and the fliers were literally deluged with cablegrams of a like nature. The board of Commerce was among the score of organizations urging cancellation of the remainder of the trip.

Winter is near and your cut offs and heating plants may need some repairs. If so call J. D. Aman for service and quality at the lowest price possible.

TODAY

Continued from Page One

They took him in a boat, but did not pretend. They dropped him overboard, rowed away, let him drown. The three are indicted for murder in the first degree. A Rabbi who happened to be on the shore saw the deliberate drowning and reported it. There will be re-terminations, when the plotters meet again presently.

Accepted ideas go overboard one after another. Science does away with "solid matter," only electrons revolving at a horrible rate of speed are left.

Now you learn that TERRA FIRMA is a delusion. Dr. Lambert of the earth moves, up-and-down with a rising and falling tide as goes the ocean.

Continents slip around on the hard inside core of the earth. South America was once joined to Africa. Scientists have perfected instruments that will measure within one billionth of an inch in width, and

Nursing Record in Two Continents Hard to Equal

Nurse Waite of New Brighton writes: "After fifty-five years of tireless labor nursing mankind, I am now retiring. While nursing in New York, in my early twenties, I was poisoned by food, my sister nurse recommended your wonderful CARTER'S LITTLE LIVER PILLS. The doctor told me that I would have died had I not taken the pills. I am never without them and have prescribed them for thousands of my patients who were suffering with indigestion, gas and sour stomach, biliousness, sick headache and constipation. These pills are indeed a wonderful laxative, being purely vegetable, small and easy to take, children, as well as older people can swallow them easily."

CARTER'S LITTLE LIVER PILLS

No more restless nights!

LEADING physicians everywhere say that a great part of our poor health and "nervousness" is the result of distorted, unwholesome sleep. They recommend as a remedy the Rome Quality "DeLuxe"—the Bedspring Luxurious that is built on scientific health principles.

It does not sag and cramp the muscles. It supports the body in gentle balance. It makes your sleep so relaxed and restful that your body can eliminate the poisons of fatigue. For economy as well as health, switch to a Rome "DeLuxe." All sizes carried by us for wood or metal beds.

ROME DeLuxe QUALITY

'DeLuxe'

THE BEDSPRING LUXURIOUS

The "DeLuxe" way to sleep The wrong way to sleep

Note: There is only one genuine Rome Quality "DeLuxe" and it is made only by The Rome Company. We sell the genuine and recommend it for healthful sleep.

one millionth of a degree of temperature. We are gradually learning about everything, almost too much for our feeble minds. In the last 127 years men have learned more than they learned in the 500,000 years preceding A. D. 1800.

The American Historical Preservation Society yesterday sold at auction the house in which President Monroe died in New York, ninety-six years ago. It didn't seem worthwhile to preserve the place, which sold for \$10,000. Many hope that the Monroe Doctrine will be preserved, however, that no League of Nations nonsense will be allowed to interfere with it, and that a nation strong enough to back up that doctrine nearly a hundred years ago is not too weak to maintain it now.

Roomier without the penalty of unwieldiness

Real Car Joy must include

6-Cylinder Smoothness and Dash—High-compression Power and Performance—Size and Roominess without Unwieldiness—Steady Riding without Useless Weight—50 Miles an hour all day long—and far greater speed when wanted—Riding Ease Like Gliding—Economy of Price, Operation and Maintenance

And Essex Alone Combines Them All

Its Super-Six motor is the most powerful stock car motor per cubic inch displacement in the world, developing more than 2 1/2 times the power its size ordinarily rates it. It converts waste heat to power and gives an economy in fuel and oil that is astounding.

But owners also increasingly appreciate its great qualities of everyday service—the added comfort, roominess, riding ease and easy driving—the reliability and simplicity of maintenance, which are possible only because of Essex unity construction. Every part is designed and built in true balance with every other part. Clutch, transmission, axles, and frame are specially engineered to make a perfect unit. This gives compactness. Yet it also adds 15% to the length of the body without extending beyond the rear axle—a great advantage in safety and riding comfort. This unity of construction assures added advantage in every particular of performance, reliability, comfort, safety and economy.
