MR. COOLIDGE WILL TALK TO CALLES TODAY

President to Open Long Distance Telephone Service With Mexico City.

Washington, Sept. 29.—(AP)—Two American republics witnessed another evidence of the forward march of international communication today when President Coolidge and President Calles formally open the long distance telephone between Washington and Mexico City with a personal conversation.

Traversing farms, ranches, rivers and deserts, the voice of Mr. Coolidge was to be heard by the Mexican President at the National palace late this afternoon and in return, M. Calles, speaking in Spanish, was to extend the felicitations to the American people through President Coolidge who speaks from the hall of the Americas in the Pan-American Union building.

Neither was destined to understand the other because Mr. Coolidge speaks no Spanish and the Mexican executive scarcely any English but the conversation, interpreted at both terminals, nevertheless, retains its primary significance of further demonstrating the remarkable progress which recent times have given to international communication. Both at Mexico City and Washington, a distinguished company was to hear the two Presidents converse.

Promptly at 5:30 o'clock this afternoon, after Walter S. Clifford, president of the American Telephone and Telegraph Company, has given a brief account of the evolution of long distance telephony, Mr. Coolidge was to pick up the receiver to hear the Spanish equivalent of "hello" from the Mexican President, followed by a formal discourse on diplomatic terms. Mr. Coolidge speaking first with an immediate reply from President Calles.

When the Mexican executive completes his conversation with Mr. Coolidge, Acting Secretary Wilbur J. Carr, of the American State Department, converses with Genaro Estrada, Mexican acting minister of foreign affairs, to be followed by Ambassador Tellez at Washington and Arthur Schoenfeld, American charge d'affaires at Mexico City.

An additional aspect was to be lent to the occasion by the playing of the Mexican National Anthem here by the United States Army Band and the return compliment of the Mexican National Band in playing the Star Spangled Banner.

On the platform with President Coolidge were placed officials of the American Telephone and Telegraph Company which, in conjunction with the International Telephone and Telegraph Corporation, has built the circuit to Mexico City.

1200 Students Strike at Gary High School

Gary, Ind., Sept. 29.—(AP)—A set of conditions under which the 1200 striking students of Emerson high school are ready to return to classes which they deserted Monday was in the hands of the Board of Education today.

Should the school board decide to comply with the demands which were defeated last night by the students' committee, the strikers agree to return to classes tomorrow morning.

The first condition is that all negro students in the school be segregated at one corner of the classroom and be served at a separate section of the school cafeteria. It was the enrollment of a score of negro students at Emerson that precipitated the strike.

Another condition is that all strikers be excused from making up school work lost because of the strike.

The school board is asked in another condition to make no further transfer of negro students to Emerson. Negroes now at Emerson should be eliminated from enrollment from the school.

ATLANTA WANTS TO GET IN EASTERN TIME ZONE

Washington, Sept. 29.—(AP)—Organizations of business men in Atlanta, Ga., today petitioned the Interstate Commerce Commission for an order placing that city in the Eastern Standard Time zone. The purpose of the step would be to advance time in Atlanta permanently one hour.

At present, the petition explained, Atlanta is located in the Central Time zone, but lies close to the border of that hour belt. It was declared that sentiment of the Atlanta population almost unanimously favored the time change.

LTS. HENGENBERGER AND MAITLAND GIVEN THE FLYING CROSS

Washington, Sept. 29.—(AP)—The distinguished flying cross was conferred today upon Lieutenants Maitland and Hengenberger, San Francisco to Hawaii flyers, by President Coolidge.

The decorations were conferred on the south lawn of the White House in the presence of a company which included Secretary Davis of the War Department and Major General Patrick, army air chief.

The certificate of citation praised the flyers for "extraordinary achievement while participating in an aerial flight, for the 'masterly skill, courage, endurance and tenacity of purpose, in negotiating the flight to Hawaii, the first to be negotiated from the American mainland."

BODY OF MAN SEEN AFLOAT

Harbor Grace Citizens Speculate as to Whether it is one of Missing Airmen.

St. John's, N. F., Sept. 29.—(AP)—The report that the body of an aviator had been floating in Conception Bay was discredited by government officials here today. A local newspaper published the report in the form of a rumor that the body had been seen "some weeks ago" but did not give the names of persons reported to have seen it.

The inspector general of the Newfoundland constabulary said that he believed the story an invention and would make no investigation into the matter.

Harbor Grace, N. F., Sept. 29.—(AP)—A report that the body of a man with a helmet on the head similar to those worn by aviators had been seen floating between Bell Island in Conception Bay and the town on the mainland, was current here today. There was no early confirmation.

The story as told here was that two men had reported that while going from mainland to Bell Island in a motor boat they had seen the body and had tried to recover it with their boat hook, but that the heavy swell on the ocean surface prevented this.

The rumor immediately started speculation among the residents of Harbor Grace as to whether the body might have been that of one of the airmen lost on the severe flights between Newfoundland and Europe this year, which ended in the loss of disappearance of the planes.

Bessarabian Towns Shelled Bucharest, Rumania, Sept. 29.—(AP)—A dispatch from Kishinev reports that the Bessarabian towns on the Dniester river have been shelled accidentally by Soviet artillery during maneuvers.

TWO CASES HEARD HERE YESTERDAY

Mrs. Annie Foscoe Awarded \$450 Against Metropolitan Insurance Co.

Mrs. Annie Foscoe, administratrix of the estate of the late John Foscoe, was awarded the sum of \$450.00 against the Metropolitan Life Insurance Company by a jury sitting in yesterday's session of the civil term of Pitt county superior court, which opened in the city last Monday morning, with Judge W. C. Harris presiding.

The Conover Supply Company was also awarded the sum of \$210 against F. A. Balance, due on an account which the defendant is said to have owed them.

There were the only two cases given consideration in yesterday's session, and court got down to business this morning with a clean slate.

The case against the Metropolitan Insurance company was probably one of the most unusual heard in this city in some time. It seems the deceased John Foscoe had married twice during his life. His first wife was divorced. When he was killed by contact with an electric wire in New Bern some time ago, the insurance company paid over to the divorced wife \$450 in settlement of a policy which he carried with them.

The last wife collected a sum of \$1,000 out of the city of New Bern, but when she filed claim for the amount of the insurance policy, she was informed that it had already been paid. Notice of a suit was filed, and the jury yesterday held that she was entitled to the amount of the policy.

Give Up Search For Murderer Of Essie Buracker

Lurray, Va., Sept. 29.—(AP)—The posse of mountaineers which combated the hills near here yesterday for Tom Short, declared by official action of the coroner to have shot and killed 19-year-old Essie Buracker Tuesday night as she was sitting in her home, was withdrawn today. Sheriff E. L. Lucas believed the fugitive would give himself up if he has not already taken his own life.

Sheriff Lucas, who was busy today at the opening term of Pitt County Court, was inclined to share the belief of those living in this community that Short a widower with seven children, took his own life shortly after firing through the window of the Buracker farm house. The Short home is near Stanley, Va., several miles from here, and the Buracker farm is in an isolated section four miles south of this town.

Dr. Martin Hammer, Pitt County coroner, conducted an investigation of the shooting yesterday in accordance with the Virginia law and issued a formal verdict that Essie Buracker came to her death from a gunshot wound fired by a gun in the hands of Tom Short.

MCCRUDER DID NOT MEAN TO CRITICISE NAVY

Admiral Tells Secretary Wilbur That He Only Meant to Disseminate Information.

Washington, Sept. 29.—(AP)—Regarding Rear Admiral T. P. McGruder's article in the Saturday Evening Post criticizing the navy's administration as a closed incident, Secretary Wilbur now is directing an inquiry into a subsequent newspaper interview by the naval officer in which he was represented as supporting his views in the magazine with vigorous language.

The interview, which was printed in the New York Times, formed the principal subject of a conference between the Secretary and the Admiral yesterday.

Admiral McGruder told the Secretary that he regretted the affair if it caused any embarrassment to Mr. Wilbur and that he had no criticism of officials of the Department, his purpose in writing the article being only to disseminate useful information about the navy. Mr. Wilbur announced that the Admiral had filed with the Department a statement which he said correctly outlined the views that were covered in the newspaper story. Although the Secretary did not make public the statement he said he understood McGruder's views had been inaccurately depicted in the interview.

The interview "did not properly represent my position," the Admiral said after the conference, explaining that "it was ridiculous when it said that I scowled and used gestures" because he was talking over the telephone late at night.

MANY REBELS ARE KILLED

Mexican Federal Troops Reported in Action in Several Part of County

Mexico City, Sept. 29.—(AP)—Dispatches today told of actions involving Mexican federal troops in widely separated regions of the republic and for as widely varied reasons.

In the State of Jalisco, on the west coast, Trok described as "Catholic." This term has repeatedly appeared in military communiques since the outbreak of the struggle over the government's religious regulations. Catholic leaders, however have, consistently stated that their struggle was a peaceful one and that their followers were not authorized to use force.

Thirty-four rebels were killed in the two combats, the first one at Los Mezquites and the second at Portezuelo. In the Los Mezquites fight the rebels, headed by a Catholic priest, Father Sedano, resisted the troops from entrenchments for four hours before being captured and executed.

In the second engagement, 250 rebels under Alberto Pazarias, Francisco Losa Florenda Zarzosa and Jesus Nunez, attacked federal troops under Colonel Ortiz Sevilla. R. pulsed, they fled to the mountains, leaving eighteen dead and many wounded.

In the neighboring State of Nayarit, troops have been ordered to protect American lives and property at the Amajac gold and silver mines in the Ictlan Del Rio. The miners were issued after representations by the American embassy, which was informed that rebels and agitators were endangering the Americans in that region.

BULLET RIDDLED BODY OF DEAD MAN FOUND IN AUTOMOBILE IN N. Y.

New York, Sept. 28.—(AP)—The bullet riddled body of a man, still warm, though the last spark of life had been shot away, was found today slumped over the steering wheel of a parked automobile in West 117th Street.

The body was found by a patrolman who casually inspected the car after completing his school crossing duty a few hundred feet away. The fact that the body was still warm led to the belief that the man had been shot where he was found or driven there dead and left while scores of children were passing nearby on their way to school.

Mr. and Mrs. Joseph Mack, arrested for kissing in a car, recovered \$3,675 damages, when they proved they were married. Demonstrations of affection, in public, are forbidden, because they are vulgar, or supposed to be, and set a bad example. Would Mr. and Mrs. Mack have gone to jail had they kissed ten days before their marriage?

A very rich young man, one of many more or less ruined by inherited money, disappears, and the lady who saw him last describes him as a "Sadpodd," and wonders, you do not know that word. "Sadpodd" is a mixture of the honest American word "sawp," and of daffodils, that come before the swallow darts, and take the winds of March with beauty.

A sadpodd combines the sweet gentleness of the daffodil with the easy "spending of the "sap" and is most highly valued among the Flora and Fauna of the white light district.

Tornado Sweeps Arkansas Town

Rudy, Ark., Sept. 29.—(AP)—Ten persons were injured, one probably fatally, in a tornado which struck here today, cutting a path through the village. Only ten buildings remained intact when the storm passed.

About 100 children were in a frame school house on the north side of town. One of the buildings was wrecked, but all escaped with only minor bruises. One half of the school collapsed and the other section turned on its foundation.

The infant daughter of Mrs. Marvin Graham, is believed fatally hurt.

The others injured are: Mrs. Marvin Graham, Miss Bess Webb, May and George Pittman, children of Mr. and Mrs. Charles Pittman. Miss Margaret Carney, severe body bruises.

Ralph Wayne Kuykendall, son of Mrs. Eula West, severe bruises.

Mrs. George Stanfield is said to have suffered two broken hips when her home, one and a half miles east of here, was demolished. The Frisco depot, a half dozen brick and frame business houses and four or five dwellings were all that escaped damage.

Muskogee, Okla., Sept. 29.—(AP)—Eight persons were injured today in a small tornado which blew down two farmers' houses, three miles northwest of Checotah, near here. The homes of William Conklin and Walter Berry were wrecked. Conklin and one son suffered broken legs. The other injured were taken to a Checotah hospital.

Fogt Smith, Ark., Sept. 29.—(AP)—Rudy, a Crawford County village, about 12 miles north of here, has been swept by a tornado, according to S. T. Cantrell, division superintendent of the Frisco Railroad. Every building was leveled except the depot, according to Cantrell. He said the train on which he was traveling narrowly escaped the storm, which struck at 9:30 o'clock. Mr. Cantrell did not know whether there had been any loss of life.

Rudy is a large fruit shipping point with a population of about 200. It is about fifteen business buildings.

Later reports say that a number of buildings were unroofed but that there had been no loss of life.

SEES REGULAR AIR SERVICE ACROSS OCEAN

Captain Rene Fonck believes Mail and Passenger Service to Europe Possible.

New York, Sept. 29.—(AP)—Regular passenger and mail service by air between America and Europe, a vision born of the recent trans-Atlantic aerial triumphs, will be reality next spring if the plans of Captain Rene Fonck materialize.

The French war ace said he has unlimited financial backing both in this country and France for his project, which would put six planes into commercial cross-ocean service, and obtain added revenue from mail contracts for which he is now negotiating with the American government.

Fonck himself would pilot one of the planes, several of which, if not all, would be Sikorsky like the one which he had planned to use in the trans-Atlantic and coast to coast non-stop flights he has been forced to abandon.

The trans-Atlantic commercial planes would fly between New York and probably Paris, following a southern route with a stop at the Azores, and a northern route, with stop at Newfoundland and Ireland. Courses would depend on weather conditions. At first flights would be made without passengers to demonstrate the safety and the service of the project. Then, Fonck said, passengers would be taken at comparatively cheap rates subject to increase as demand for passage increased.

The French aviator said he would sail for Paris Saturday and hope to return here within six weeks and place orders immediately for the building of two more Sikorsky planes.

Chamberlain May Attend Centenary Of Peace Society

Southampton, Eng., Sept. 29.—(AP)—Sir Austin Chamberlain, British foreign minister, probably will attend the centenary of the American Peace Society at Cleveland next May unless important international negotiations prevent him, Premier Baldwin has assured Representative Theodore E. Burton, of Ohio.

Dr. Burton who sailed today for New York aboard the steamship George Washington, also said: "I am hopeful that Foreign Minister Briand of France, Sir Austen and Foreign Minister Stresemann of Germany will all be at the centenary," Mr. Burton declared.

ASKS AMNESTY FOR EIGHT HUNDRED PRISONERS

Berlin, Sept. 29.—(AP)—Amnesty for 800 prisoners on President Hindenburg's 80th birthday, next Monday, has been requested by the German League for Human Rights. The list, submitted to the Minister of Justice, represents a careful selection by a committee of prominent jurists from among many thousands of petitions for pardon.

BLACK KILLER CAUSES SCARE

Thieves Attempt to Enter Homes of White People; Killer After the Negroes.

Several attempts of thieves to enter homes of the city, were reported by members of the police department today.

This has been continuing for a period of several days, but not until the last day or so have stories of the operation of the thieves gained circulation.

Officers today warned citizens to be on the lookout and to use precaution in preventing successful entrance to homes.

Several colored people were today telling stories of the operations of "killers" in the negro districts. This individual is said to carry a long knife and to make a specialty of pursuing negro women with intent to kill.

The origin of the report could not be determined today. But almost every negro woman has become greatly alarmed, many of them positively refusing to go out of their homes after dark.

Police have heard of the presence of the "killer" but so far have been unable to confirm reports of his operations.

Tobacco Averaged \$19.68 Yesterday On Local Market

Official figures made public today by K. W. Cobb, secretary of the Greenville Tobacco Board of Trade, show that the Greenville tobacco market yesterday sold 923,978 pounds of tobacco for \$18,124.43 at an average price of \$19.68 per hundred pounds.

The report also stated that sales were moving along smoothly today and would be completed during the afternoon. This will enable the market to start out tomorrow morning with a clean slate.

DOTY MUST SERVE HIS FULL TERM

Young American Must Complete Enlistment Of Five Years in Foreign Legion.

Paris, Sept. 29.—(AP)—Bennett J. Doty, young American soldier of the French foreign legion, must complete his enlistment of five years in the legion, even though the French government has pardoned him after serving part of an eight year prison sentence for desertion.

Discipline demands the completion of the enlistment contract, the French War Department feels, and Doty must go back to the ranks for four years and one month—the period of enlistment still uncompleted.

The Rev. Dr. Bailey, who did not appear at the hearing in a statement, said he asked Miss Atkinson to leave his home after his wife died, and that she did. The pastor described the nurse as a friend of the family who came here with them from Texas.

DOOMED MAN CHARGED WITH ASSAULT ON GIRL

Nashville, Tenn., Sept. 29.—(AP)—A scant 24 hours before the scheduled electrocution of Serman Coggins, his counsel applied to county judge Litton Hickman for appointment of a lunacy commission to determine his responsibility for an assault on an eleven year old girl.

Attorney John W. Hildrop for the defense, planned to appeal to Governor Peay for additional time in which to allow his commission to act.

Governor Peay had already promised to interview Coggins, himself today, but Hildrop felt that other steps should be taken quickly.

HERT ACOSTA FRANKS TO REACH RICHMOND SOME TIME TODAY

Dartmouth, Va., Sept. 29.—(AP)—Herbert Acosta, noted aviator, and six other New York champions, announced today that they would take off for Richmond from a hay field in which a forced landing was made last night in a huge Fokker monoplane. They expected to reach Richmond in less than an hour's flying.

No high test airplane was available at South Boston, the nearest town to the field.

TO CONTINUE HEARING OF NURSE'S CASE

Mary Atkinson, Of Enid Okla., Charged With Slaying Minister's Daughter.

Enid, Okla., Sept. 29.—(AP)—Faced with a revised pathological report showing there was not enough poison in the viscera of Mary Jane Bailey to have proved fatal, the state today announced it would continue the preliminary hearing of Mary Atkinson, charged with slaying the 18 year old minister's daughter.

Dan Mitchell, county attorney who filed a charge of murder against Miss Atkinson when chemists first reported the viscera showed poison enough to have caused death, indicated the revised report was entirely unexpected. He revealed that he had the new report before the start of the preliminary hearing yesterday when letters were introduced showing the devotion of Miss Atkinson for the Rev. Charles Bailey, gray-haired father of the dead girl.

Mitchell said that Dr. W. H. Bailey, Oklahoma City chemist, who made the poison tests, called him late Tuesday night and told him of the negative findings. "I've had news for you," Mitchell said Bailey told him. "I have not found sufficient poison in the viscera to cause death."

The county attorney said he immediately went into conference with his assistants and decided to proceed with the clinical testimony along with that of doctors who attended Mary Jane and her mother, who died three weeks before her daughter, under similar mysterious circumstances.

Stuart Bailey, 16 year old son of the minister, and one of four Bailey children who became seriously ill when Mary Jane was stricken, was the first to testify. He declared Miss Atkinson "kissed Dad more than once" the day following Mrs. Bailey's funeral.

The youth then testified that Miss Atkinson threw her arms around his father and consoled the pastor while they discussed plans to the future. Several letters from Miss Atkinson to the pastor were then introduced. One of the letters said: "I am not ashamed that I love you. I am proud I do and to love I always shall. You will never know how glad I am that you told me I had been in a measure some comfort to you and if I continue to live my prayer will be (if I pray) that some time I can be again."

"You know I can't say goodbye to anyone—I kissed you in the study to say goodbye." Another letter, one of three written within 24 hours, said: "I'm sorry that things have come about as they have. But as I look at all over squarely I feel you were as much to blame as I. Perhaps you don't feel so but I do, but nevertheless—however it is—no matter what you do or take now you can never take from me the love I have for you and whether you want it or not, you have to have it."

The Rev. Dr. Bailey, who did not appear at the hearing in a statement, said he asked Miss Atkinson to leave his home after his wife died, and that she did. The pastor described the nurse as a friend of the family who came here with them from Texas.

Paris, Sept. 29.—(AP)—President Doumergue today signed a pardon for Bennett J. Doty, American, who had served part of an eight year prison term for desertion from the French foreign legion while on active service in Syria last year.

Doty, whose home was in Memphis, Tenn., will be under war ministry orders to rejoin the first regiment of the foreign legion at Sidi-Del-Abbes, Algeria. He has forty-nine months yet to serve of his original five year enlistment under the name of "Gilbert Clare."

It is understood that he left the prison this morning en route to Marseilles whence he will leave on the first available transport for Algeria to begin serving the remainder of his enlistment.

The war ministry, it is reported, felt that while a pardon could be allowed under the circumstances, any release from his enlistment oath would tend to have a bad effect on discipline and that he must fulfill his contract.

Biloxi, Miss., Sept. 29.—(AP)—News that Bennett Doty will be required to complete his five-year enlistment in the foreign legion came as a distinct surprise to his relatives. Before leaving Biloxi yesterday for Houston and El Paso, Texas, L. H. Doty, father of Bennett, said that his son would be released and permitted to return home immediately. Rumors that he might now remain in the legion were erroneous, he said.

Scores of congratulatory telegrams have been pouring into the Doty home at Biloxi since the ordering of the young legionnaire.

PIRATES NEED BUT ONE GAME TO TIE RACE

The New York Giants were in a slightly better attacking position today, the result of a 5-4 victory in ten innings over Philadelphia while the Pittsburgh Pirates and the St. Louis Cardinals were idle yesterday.

Still two full games in the lead, Pittsburgh needs only one more victory out of three games scheduled with Cincinnati to insure at least a tie.

The Pirates ought to win at least two out of three from Cincinnati baseball men argue. Pittsburgh, idle today, will enter the final series with plenty of rest.

New York trailed Philadelphia until the 8th yesterday when a two-run rally tied the score. The Giants stepped out in front in the ninth by putting over a run but Philadelphia knocked the count down in the home half.

In the tenth Hornsby bunted safely, was sacrificed to second and scored on a single by Devermer.

Washington closed its season series with the Boston Red Sox by taking both ends of a double-header. Hadley pitched the bargain attraction. Boston drove Fred MacBerry from the box in the second game but Garland Braxton stepped in and held them scoreless from the fifth on, Washington winning 6-4.

Other American League teams were idle.

Tunney-Dempsey Moving Pictures Shown on Coast

San Francisco, Sept. 29.—(AP)—An outbreak of motion picture exhibitions showing the Tunney-Dempsey championship fight started up and down the Pacific coast today in an effort to find out how the films reached the West and to fix responsibility for their being shown.

Reports of the appearance of the pictures in Los Angeles and San Francisco yesterday took federal officials by surprise, and a flurry of arrests, investigations, warnings and preliminary skirmishing between exhibitors and government attorneys followed.

In San Francisco one theatre operator and his entire staff were arrested when Deputy United States marshal stopped the screen version of the fight in the second round. The house was crowded. Spectators were given refunds and allowed to leave.

W. P. Cullen, manager, and Sol Pirous, publicity agent, were held under bonds of \$500 each on charges of "conspiracy to transport, ship and receive in interstate commerce certain motion picture films of prize fights and pugilistic encounters," the others of the theater staff were released on their own recognizance. The maximum penalty for the offense is a \$10,000 fine and two years in prison.

"Martin Johnson is right — Luckies give the greatest enjoyment"

Said Elmer Wood to Frank Stone while on a hunting trip in the Canadian Rockies.

Martin Johnson, Famous African Explorer, writes:

"While trailing big game in Africa, I have never been without my Lucky Strike Cigarette. Once on the Abyssinian border my shipment of them from America missed us, and I was miserable until the natives followed our tracks across the Kaisout desert to Nairobi with my precious cargo of Luckies. After 4 years of smoking Luckies in wildest Africa, I find my voice in perfect condition for my lecture tour in America."

You, too, will find that Lucky Strikes are mild and mellow—the finest cigarettes you ever smoked, made of the finest Turkish and domestic tobaccos, properly aged and blended with great skill, and there is an extra process—"It's toasted"—no harshness, not a bit of bite.

NESTLE SENT TO BAHAMAS

American to Face Charge of Seizure of Rum Laden Ship in British Waters.

Nassau, Bahamas, Sept. 29.—(AP)—H. Nesle, American under arrest by British authorities for participation in a coast guard seizure of liquor in what colonial government officials say was British waters, arrived under heavy guard here this morning aboard a mail boat from Bimini.

Nesle's trial on charges of larceny in a ship and receiving stolen goods, has been set tentatively for October.

High School Will Open Grid Season in Kinston Friday

The local high school football team will open the grid season with Kinston high school at Kinston tomorrow afternoon, according to information given out this morning by D. W. Porter, athletic director. Considerable interest is centered in the opening contest, Mr. Porter stated. The locals have been going through a grueling practice schedule for the past two weeks, and are in as trim as any team could be put on the field by the local school.

Three Shades Preferred

St. Louis, Sept. 29.—(AP)—Black, brown and blond are the three shades preferred this year in women's coats made of imitation fur, manufacturers say. Broad and seal plush effects are most popular, the broadtail being made of both mohair and artificial white Hudson seal plush is from tussah silk.

MISSISSIPPI MAN SAYS HE HAS FOUND BLACK-DRAUGHT SO SATISFACTORY, HE HAS NO NEED TO CHANGE.

Wiggins, Miss.—Mr. A. I. Cone, a known Wiggins resident, says: "I have used Theodor's Black-Draught for constipation. I have had to take a great deal of medicine, but for fully 30 years I have been using it, known Black-Draught to be a great medicine, and I found it so satisfactory, I haven't seen any need to change. When I get constipated, I feel all sorts of aches and shuggish. I take a few doses of Black-Draught. It regulates my bowels and gets all right. My wife takes Black-Draught than I do. She is a great believer in it too, so we have it in the house. It will cleanse the system and help you, if you use it as directed."

Constipation leads to a great deal of sickness among those who do not understand its dangers, and who do not treat it without delay. Black-Draught, with its natural, gentle action of its purely vegetable ingredients, quickly relieves constipation and helps to drive poisons so as to leave the system in a state of healthy activity everywhere, 25c. FOOTBALL

State College Raleigh, Sept. 29.—(AP)—The N. C. State Wolfpack, 24 strong and every man declared to be in good physical shape, leaves tonight for Greenville, S. C., where on tomorrow it will meet the strong Purple Hurricane of Furman University which defeated Duke last Friday 13-7.

Only a light workout was used today by Coach Tebell to taper off a week of strenuous training, including scrimmages with the freshmen. The same lineup which piled up a big score against Elon will probably start against the South Carolinians.

Chapel Hill, Sept. 29.—(AP)—Campus observers surmised today that the Tar Heels would play a great deal of the time on the defensive against the Tennesse. Vols here Saturday, after watching the Collins' squad drill in such fashion against the Carolina freshmen.

The need of a competent passer for the Tar Heel backfield continued to occupy the minds of the coaches as they sent several backs into formations to test their ability to leave the pigskin.

Davidson, Sept. 29.—(AP)—The Davidson Wildcat varsity embarked today for Gainesville, Fla., where they are slated to battle the University of Florida Saturday in one of Davidson's hardest engagements of the season.

Coaches Younger and Tibben took 25 players with them, indicating that probably all of them would get into action against the Southern.

Wake Forest, Sept. 29.—(AP)—Wake Forest's eleven, having turned the University of North Carolina back 9-8, last Saturday, today put on finishing scrimmage touches for the game Saturday with Elon which lost to State College 39-0 last Friday.

Fight Managers Get Big Checks

New York, Sept. 29.—(AP)—The services of Leo P. Flynn, who managed Jack Dempsey in his fights with Jack Sharkey and Gene Tunney, were worth \$75,000 to the former champion over a ninety day period. Dempsey has given Flynn a check for that amount under a blanket contract in which the Massachusetts Mauler was allowed to stipulate the sum at the expiration of the agreement.

Flynn said at the outset he was willing to accept what Dempsey considered he was worth. Next to Flynn the biggest check paid by Dempsey was that to Jerry Luvadis, known as "Jerry the Greek." While the exact amount was not revealed it is understood to be \$5,000.

The exact figure paid by Tunney for the services of his manager, Billy Gibson, was lacking, but it was estimated at \$100,000 to \$250,000. Lou Fink, the champion's trainer, was scheduled to receive a bonus of \$20,000. Bill McCab and Eddie Egan, two of Tunney's close friends, also were to share in the title holder's Chicago earnings of \$1,000,000.

UNDER CLOUD

Eddie Moore, Boston Braves infielder, fined \$200 for indifferent playing against Pittsburgh. He faces suspension.

About Town

The Reflector is giving away tickets to John Robinson's circus to the twenty-five school children submitting the best essays dealing with animals.

We are not at liberty at this time to publish the names of any of the contributors, but suffice to say, the majority have displayed a flow of English that would make the average language teacher look like a novice.

When the circus editor finished viewing the manuscripts, it is safe to say that even he will know more about the zoological features of John Robinson's show than Robinson knows himself.

The mental calibre of the average American child is greater today than ever before. No doubt it will become greater and more penetrating as the years go by.

It was a mean thief that entered the home of Mrs. H. S. Ragsdale and stole Sherwood's shirts, tie and a pair of shoes.

It probably wouldn't have been so bad had not the larceny covered a period of several days. Sherwood told his wife that somebody was getting his stuff.

However, shirts and ties continued to disappear. None appeared in their places. Sherwood again told his wife that somebody was stealing his clothes, that they were eventually break him up.

But the break came when the thief had the audacity to steal the next to the last pair of shoes Sherwood had in the world. This time Mrs. Ragsdale became serious.

Sherwood told us rather confidently today that if the thief got his last pair of shoes he would have to take him with them. He said it threateningly.

Says R. R. Heads Oppose Prohibition

New York, Sept. 29.—(AP)—The New York World today quotes J. M. Gibbons, general attorney for the New York, New Haven and Hartford Railroad, as saying that railroad executives have in many instances reversed their attitude on prohibition and now are opposed to it because of its actual effects on railroad employees.

Increase of railroad accidents by approximately 40 per cent since the advent of the eighteenth amendment contributed to this change, Mr. Gibbons is quoted as saying in an address before fifty lawyers at a luncheon in the Bankers Club.

Emphasizing that he spoke as an individual and not for the railroad, he declared the increase, while not attributable to a greater use of alcohol, nevertheless tended to prove that liquor had never played an important part in the cause of accidents.

John S. Wise, Jr., another speaker, told of drinking with federal judges who were sentencing liquor law violators, and said that the annual graft from prohibition was four times the cost of the national government. He estimated \$25,000,000 was paid in graft daily.

The lawyers voted that a committee be appointed to draw a resolution condemning prohibition for submission to the Bar Association.

Four Convicts Captured

Tallahassee, Fla., Sept. 29.—(AP)—Four of the five convicts who escaped from a State road camp near Shady Grove several days ago after assaulting a guard and arming themselves in the camp guardhouse have been recaptured and returned to the camp, the State prison bureau was advised today.

Elbert Griffin, sentenced in Palm Beach County, the fifth to escape, was still at large.

Commissioners To Borrow \$75,000

Members of the Board of County Commissioners met in special session yesterday and perfected final settlement with Sheriff Whitehurst. Arrangements were also made for caring for current expenses by borrowing \$75,000 on short term notes. Proposals for the purchase of, the notes will be received by the commissioners at 12 o'clock, October 3rd according to notice filed for publication yesterday.

The final settlement with Sheriff Whitehurst was to have been made the first of the month, but owing to the number of delinquencies contained on the tax books, he was given until yesterday to complete his report.

Tax books for the new year will be turned over to the sheriff October 1st.

The board sometime ago considered a proposal for providing a tax collector for the county but this matter failed to receive any attention yesterday.

Wouldn't you like to bake CAKES that REALLY STAY FRESH?

It is one of the surprising things about FLUFFO that cakes made with it stay fresh and moist a long time—two and three days longer than when most other shortenings are used.

This is good news to the woman who would like to bake a cake often, but doesn't—just because she hates to see part of it dry up and go to waste. With FLUFFO she can make her favorite cake, and enjoy it to the last bite.

Small pastry, like cup-cakes and cookies, she can make up in larger quantities. There's no need to bake a new lot every few days.

FLUFFO is a creamy aerated shortening. It mixes evenly with the dry ingredients, and it actually helps the cake to rise.

Get a can of FLUFFO from your grocer today. Bake a cake, and see how much better you like it—to the very end. If you are not absolutely satisfied, your money will be refunded.

A Friend's Tribute

In Winterville township, Sept. 14, 1927, the death messenger entered Mr. Hebron E. Tripp's home and called away Mrs. Margaret Brown Tripp, his faithful companion for seven years, and a native of Pitt county, her former home being in Greenville.

Mrs. Tripp was sick a year or more, her sickness being quite painful the last several months though she displayed wonderful patience and fortitude, and died in peace in her 37th year. Her spiritual condition was evidenced in this writer and others by her characteristic concern for prayer and by her intense interest in God's word, and by her earnest experience of calm resignation to the divine will.

All possible means were employed to prolong her useful life, and

Her connection with the Methodist Episcopal church, South, began in her childhood, and she lived all the way in the Christian faith, and was known as a good woman. How wise and beautiful it is to spend the whole of this earthly life in God's blessed service! How more valuable than a legacy of gold is the virtue of a righteous name! Such a woman as Mrs. Tripp may be long lost from human sight, but she will live on in blessing to others through the fleeting years, bidding them, too, to make sure of the heavenly rest.

Market Report

Cotton--Stocks--Grain

COTTON
New York, Sept. 29.—(AP)—A more favorable view of the weather outlook and relatively easy Liverpool cables led to considerable selling in the cotton market today. In addition to realizing by recent buyers, southern hedging was reported in the decline which carried prices about \$3.50 a bale below yesterday's closing quotations, and nearly a cent under the high price yesterday in the case of December contracts. There was covering at the decline, but mid-afternoon prices were within a few points of the low.

Futures closed steady 60 to 64 higher. Spot quiet; middling 21.55.

GRAIN
Chicago, Sept. 29.—(AP)—Indications of a big export business both domestic and Canadian wheat helped to steady the wheat market today at the last. Some observers were inclined to estimate European takings of domestic spring wheat today at the largest total on the crop so far this season.

Wheat closed nervous, 1-2 to 7-8 net lower, corn unchanged to 13-8 and oats varying from 1-2 decline to 1-8 advance and rye prices at 25 cents decline to a rise of two cents.

AWAIT WORD FROM AIRMAN
Greenville, N. C., Sept. 29.—(AP)—The pilot of the plane which was awaiting word from Lieut. T. E. Davenport who took off yesterday afternoon in a five balloon race, made an intermediate landing at 11 p. m. last night at Westport, Penna.

STOCK MARKET
New York, Sept. 29.—(AP)—Extremely nervous trading characterized today's stock market which witnessed frequent shifts in speculative sentiment. Efforts of "bear" traders to bring about a further reaction in the pivotal industrial disclosed good support, but on the other hand the resumption of bullish operations in some of the recent strong spots encountered large offerings.

Banks called about \$10,000,000 in loans, following the marking up of the call money renewal rate to 10 per cent. Bringing to the fore (again) the subject of brokers' loans the weekly figures on which will be published after the close of the market today. The expansion of a stock exchange member for violation of the rules apparently had no effect.

Special buying of the Van Sweringen ralls, particularly the Erie issues and Chesapeake and Ohio attracted widespread attention. Texas and Pacific and Pittsburgh and Western Virginia also recorded good gains.

The closing was irregular. Total sales approximated 2,200,000 shares.

LONDON DANCE TEACHERS ARE FOR SLOW DANCES
London, Sept. 28.—(AP)—London dance teachers in an attempt to kill the Charleston, are boosting slow dances for the winter season. The "Yale" a combination of the tango and blues, is catching on in London ballrooms. Miss Bell Harding, a teacher, says that it is one of the "danceable" she has taught and her pupils are charmed with its slow graceful movements deemed to melodious music.

"But the Black Bottom has come to stay," says Miss Harding. "It is fascinating when not danced in a vulgar way and is not really difficult."

London, Sept. 28.—(AP)—London dance teachers in an attempt to kill the Charleston, are boosting slow dances for the winter season. The "Yale" a combination of the tango and blues, is catching on in London ballrooms. Miss Bell Harding, a teacher, says that it is one of the "danceable" she has taught and her pupils are charmed with its slow graceful movements deemed to melodious music.

"But the Black Bottom has come to stay," says Miss Harding. "It is fascinating when not danced in a vulgar way and is not really difficult."

HOLE MERCHANT FOR DEATH OF WOMAN
Greenville, S. C., Sept. 29.—(AP)—A coroner's jury today recommended that L. F. Long, Spartanburg merchant, be held for the death here Tuesday night of Mrs. Kate Ward, 76, who was killed in an automobile wreck.

Testimony at the inquest was to the effect that both cars had bright lights and that neither driver saw the opposite car until a head-on collision was unavoidable.

Long was driving the car which struck the one in which Mrs. Ward was riding with her daughter-in-law.

Sandwich Bread
Bread for sandwiches should be 24 hours old. It should be cut in thin slices. If the filling is soft and likely to soak through, both slices should be buttered, otherwise the butter may be mixed with the filling and the spreading may be done in one operation. Cream the butter until soft enough to spread, but do not melt it as the flavor will be changed.

CHILD SWALLOWS TOY BATTLESHIP AND THEN DIES
Chicago, Sept. 29.—(AP)—Six-year-old Ruth Koehn is dead as a result of having swallowed a toy battleship, prize of a candy box, she swallowed while physicians at a hospital sought to remove it from her stomach. She had been under the care of specialists since last Friday.

"ADS" IN THE REFLECTOR PAY

Daily News Letter

Consist of Staff Correspondents at World Centers of Population

Chicago—(INS)—Proof of charges that the motion picture is a menace to the cultural advancement of America is claimed by enemies of screen plays, following Chicago's six days of cinema darkness because of a strike of motion picture operators.

That the city's art galleries, libraries and lecture halls were more largely patronized during the strike than ever before has been claimed. Deprived of screen entertainment Chicagoans turned largely to reading and libraries report a decided increase in the number of volumes loaned during the tieup, attacks of the cinema declare.

Radio dealers reaped a harvest during the strike. Thousands of machines were sold and investigators sent to all parts of the city by newspapers during the strike reported the movie fans in desperation dialed away the long hours in seeking entertainment.

Opponents of the screen have asserted that persons of intelligence rarely attend the movies and that had the strike endured for many weeks, movie fans, finding new joys in the library, art gallery, park and lecture hall would have ultimately been permanently weaned away from the silver sheet.

Theatre owners, however, following the suspension of the strike, reported record crowds. The followers of the stars appeared more anxious than ever to again glimpse their favorites.

Chicago's open air opera, given nightly under the trees at Ravinia, 23 miles from the center of the city, has just closed one of its most successful years.

During the season just ended more than sixty performances of thirty operas were enjoyed and in addition there were twenty-eight orchestral concerts.

Roméo and Juliet, La Bohème, Faust, André Chénier, Samson and Delilah, L'Amore del Tre Re, Aida, Fra Diavolo, A Masked Ball, Louise, and the ever-popular Lohengrin were produced three times each.

Carmen, Manon Lescaut, Martha, Manon, Mignon, Mme Butterfly, La Navarraise, Rigoletto, Fedora, La Vida Breve, Thaïs, Tosca, Il Trovatore, and Tales of Hoffman, were heard twice.

Single performances were given of The Barber of Seville, and Lucia di Lammermoor.

Martinelli, Lazzeri, Edward Johnson, Bori, Chamlee, Bastiola, Rehnberg, Pagi, Margery Maxwell, Yvonne Gall and Mary Lewis were among the artists heard at Ravinia this summer.

This winter in grand opera the Chicago Civic Opera Company will present many of the leading artists of the world.

When John Robinson's Circus comes here on Saturday, October 8, white top enthusiasts will have an opportunity to see plenty of pretty girls, and also witness

Hamlin, Norena, Florence Macbeth and Montel are among the favorite women singers the company will feature in the coming season. New voices to be heard include Enealor Elderkin, Elinor Mario, Olga Karfau, Lucille Meusel and Leon Kruse.

Among the men, Charles Hackett, beloved of Chicago especially for his singing in "Faust" last season, Rapoport, Bonelli, Rimini, Preston, Montsanto, Iamont, Tito Schipa, Defrere, Kipnis, Mojica, Anseau and Oliveroero, all known to Chicago, have been engaged. New voices include Eugenio Sandrini and Chase Barroero.

British inflic a great injustice on the world in protecting India. If it were not for Britain, we should sweep down, murder most of the Hindus, and make the rest of them slaves, thus making a better world."

Britain brags about the fastest ship afloat. The five-day Mauretania, and the White Star Company plans a 60,000-ton steamship to be called the Oceanic. Speed is the thing. Germans are constructing ships to cross in four and a half days. Sooner or later the seventy-five-mile-an-hour ship will appear, cutting the trip to two days. Enough passengers would be willing to pay the price and cheap oil would cut down fuel costs.

STUDY CASE BLIND GIRL

Case of Therese Neumann, Who Recovered Sight, Considered by Physic Research.

Paris, Sept. 29.—(AP)—The case of Therese Neumann, blind girl of Honnersreuth, Germany, who suddenly recovered her sight in 1921 after a period of intense religious devotion, has attracted the attention of the International Congress for physic research to such a degree that an international committee has been appointed to visit her at the close of the Congress.

Elnce her recovery of vision, the congress was told, she had shed tears of blood every Friday, red spots appearing at the same time on her side, the palms of her hands and her feet.

The committee to be sent to her home hopes to make accurately timed records of the physical changes, pulse, temperature and color which accompany the "stigmata," as such bleeding is pathologically termed, and attempt to confirm the opinion expressed at the congress that she is a medium.

Stiamata, delegates stated, was as much within the realm of psychic research as were ectoplasm or telepalm and important results were expected from the committee's investigation.

took that small job. In 1855, has given away, to science, charity and education, more than five hundred million dollars.

It pays, apparently, to take your job, big or little seriously.

Dr. Aycock, chief of Harvard's infantile paralysis commission, reports that the paralysis germ has been classified, and a suitable animal is sought to produce an anti-toxin. Dr. Aycock agrees with Doctors Flexner and Nougchi, of the Rockefeller Institute, that the germ is so small that it would pass through any filter that can be made.

JAPAN HONORS U.S. NAVY MAN

Japanese Government For Second Time Pays Honor to Admiral Edwin Anderson.

Wilmington, Sept. 29.—(AP)—A Boston dispatch to the Wilmington News-Dispatch today says that for the second time the Japanese government has honored Rear Admiral Edwin Anderson, U. S. Navy, retired, for his services to that country during the earthquake of 1923 in which tens of thousands of Japanese perished.

Admiral Osami Nagano, commander of a Japanese squadron now in American waters on a cruise for midshipmen, says the story, called on Admiral Anderson in a Boston hospital where he is a patient, and presented him with a vase, extending the hope of the

Imperial Japanese government that he soon would recover his health. Shortly after the earthquake Admiral Anderson received the thanks of the Imperial government and was presented with several beautiful tokens of esteem and gratitude from official heads of Japan.

The Japanese Admiral was accompanied to the hospital by the commanders of every ship in his squadron.

Admiral Anderson was in command of the Asiatic fleet at the time of the great Japanese earthquake. He immediately began relief work expending large sums without having received orders. He was later commended by the President and Secretary of the Navy, Denby.

The Admiral has been ill in the Boston naval hospital four weeks. He recently advised friends here that he is on the road to recovery and will return to his home near early in October.

Cotton Drops Four Dollars Bale

New Orleans, Sept. 29.—(AP)—A break of approximately \$4 a bale occurred in the cotton market today on selling influenced largely by a report from New York that the government had issued a report showing that a larger carry-over than had been heretofore believed. Hedge selling and selling for a re-

action also helped the easier tone. December sold off to 221.30 and March to 21.60; 75 to 80 points below the previous close.

WOMAN HELD FOR MURDER OF HUSBAND

New Castle, Pa., Sept. 29.—(AP)—Mrs. Ina Whitlach faced a charge of murder today following the

death last night of her husband, William R. Whitlach, a railroad fireman, from bullet wounds alleged to have been inflicted by the wife in a jealous rage.

Three children were made fatherless by the shooting.
