FOUR SCORE PERSONS KILLED AND 671 INJURED BY TORNADO SWEEPING THROUGH ST. LOUIS

Five Thousand Homes and Business Houses Destroyed With Damage of Several Million Dollars

St. Louis, Sept. 30.—(AP)—The mounting death list in yesterday's devastating tornado here reached eighty-four today when additional bodies were found and injured dead. The body of a third girl was found in the ruins of the Central High School and it was feared two others were buried there.

All but four of the dead were identified. With eighteen persons reported missing, many injured in a critical condition and portions of the devastated area unsearched for bodies, the Post-Dispatch estimated the total dead might reach 140, the number killed in the city's historic tornado of 1892.

Estimates of the property damage remained between \$10,000,000 and \$100,000,000 the range mentioned by E. E. Christopher, building commissioner.

St. Louis, Sept. 30.—(AP)—St. Louis awoke early today to full realization of the appalling toll of the four-minute passage of yesterday's tornado—71 known dead, 671 treated for injuries, 5,000 homes and business structures destroyed or damaged over a devastated area of six square miles and official estimate of the damage running from ten to one hundred million dollars.

The tabulation of deaths, injuries and damage mounted steadily throughout the night, and it was feared that further exploration today might increase the first two figures.

Downtown St. Louis escaped virtually unscathed, but some of the city's finest homes along Lindell Boulevard from Newstead Avenue to Grand Boulevard were laid to waste.

The area of greatest destruction lay roughly southwest to northeast bounded by Forest Park Boulevard, Sarah street, Pendleton Avenue and Herbert street.

The black, swirling funnel seemed to have appeared without warning in the vicinity of Forest Park to have pursued a zig-zag course for six miles to leap the Mississippi river and dissipate its fury with a last twist at the Illinois tri-city. Venice, Granite City and Madison. In which six persons were killed, and twenty injured.

Every St. Louis policeman and fireman was called out on special duty but their numbers were inadequate to patrol the stricken area and a regiment of state militiamen was ordered on duty. Orders to shoot looters were issued. Only two reports of looting were made last night, but neither was verified.

A citizens' relief committee of 38, with Mayor Victor Miller as chairman, hurriedly was organized to direct relief work. The Red Cross placed a relief station in the center of the stricken area and 100 automobiles were impressed for use as ambulances. Mayor Miller issued an appeal for funds.

The damage estimate of from ten to a hundred million dollars came from E. Christopher, building commissioner. Insurance men made a flat estimate of \$75,000,000 damage. The tornado was the second in St. Louis history. The first struck 31 years ago and claimed 140 lives in St. Louis and 160 in the vicinity. The two tornadoes followed generally the same course. The estimated area of the twister of 1892 was eight miles in length and one-quarter mile to a mile and a quarter wide.

Throughout the wilderness of crumpled houses (all trees, wrecked factories and business buildings and twisted wires men dug frantically in the darkness all night. Shortly before 4 o'clock this morning explorers seeking the bodies of missing children in the recently remodelled central high school found the body of one child.

GERMAN PLANE BOUND FOR U.S. WRECKS TODAY

Konnecke and Companions Uninjured When Plane Crashes in Take-off at Bagdad.

Bagdad, Iraq, Sept. 30.—(AP)—Lieutenant Otto Koenncke's bi-plane Germania in which he was attempting a flight from Cologne to America by the Eastern route, crashed here today as he was taking off in continuance of his journey. The plane was damaged but Lieut. Konnecke and his companions were not injured.

Lieut. Konnecke left Cologne Sept. 20, accompanied in the Germania by Count George Cedric Solms-Laubach, his financial backer, and Johannes Hermann, radio expert of the Junkers firm. Their first hop to Angora, the Turkish capital, was most successful, the plane covering 1,875 miles an average speed of 100 miles an hour.

They flew from Angora to Aleppo, Syria, and stayed there two days for needed adjustments to the plane before proceeding. A forced landing because of motor trouble in the neighborhood of Moslemiyeh, far from Aleppo, interrupted their trip to Bagdad and they did not arrive there until Wednesday.

Rescue workers rushing into the zone found pathetic sights of men, women and children standing about dazed and helpless, while others dug into the heaps of brick and wood for loved ones.

The tornado played no favorites. Homes of classic design, the lumber structures, stores, schools, apartment buildings, police stations, all were hacked and torn equally.

For an hour before the twister struck, the air was heavy and portentous with storm. The continuous low rumbling of thunder was punctuated by lightning. The oppressiveness was dispelled by a rising wind and suddenly the tell-tale black clouds appeared in the sky.

In a twinkling the crashing of glass and the singing of the wind in the trees announced the coming of the tornado. Chimneys crashed, houses heaved and fell, while the air was dark with dust and flying missiles. Witnesses telling their stories later spoke of sheets of flame their origin a mystery, that swept past and dissipated themselves by striking a building or a tree.

Automobiles moved crazily about, overturning and wrecking themselves like playthings of children. Everywhere the thud of falling walls, and chimneys and the tearing sound of piazzas being wrecked from their foundations, filled the air.

Swift in its coming, the tornado was quick in leaving. From the ruined homes and stores the frightened, wet occupants appeared in a stream. They found a wilderness of fallen trees to block their way. Hysterical women supported by men picked their way out of the debris.

Governor Baker did not declare martial law but gave local military authorities a free reign in marshaling the Missouri National Guard and soon the streets assumed something of a martial aspect as guardsmen of St. Louis reported for duty.

Washington, Sept. 30.—(AP)—Major Gen. William Lassiter, commanding the Sixth Corps area, Chicago, was placed in direct charge of Army relief work in connection with the St. Louis tornado by War Department orders issued today in response to a request for federal assistance from the Governor of Missouri.

General Lassiter will proceed in person to St. Louis. He already had made preparations to move a thousand men from Jefferson barracks to that city for patrol or other duty.

TODAY

FALL SESSION UNDER WAY AT THE COLLEGE

Registration is practically complete at East Carolina Teachers College for the fall term. Classes began yesterday. When all are registered for whom reservations are held the enrollment will be 700. Five hundred of these will be dormitory students and two hundred will be day students who live and board off the campus.

The board of trustees of the college met yesterday for the purpose of letting contracts for the new buildings made possible through the appropriations of the last session of the General Assembly. Bids were opened for a new dining room and kitchen, a new practice house and laundry, a new practice school and the remodeling of the two old dormitories. The Board of Trustees are hoping through these additions to be able to accommodate a thousand students next year.

The bidding on these contracts was very lively and the board was well pleased with the aggregate bids on the work. In every case the contract was let to the lowest bidder.

The appropriation made by the General Assembly was \$400,000. The contracts let by the board yesterday amounted to \$321,849. It is their plan to be able to buy all the equipment required and take care of such unexpected expenditures as may arise out of the remainder of the appropriation.

Phantom Stabber Gets 24th Victim at Bridgeport, Conn.

Bridgeport, Conn., Sept. 30.—(AP)—"The Phantom Stabber," for two and a half years the terror of girls and young women walking through the streets of Bridgeport in the afternoon or at night, has brought the total number of his victims to 24, and continued today to elude the police.

His latest attack came early last night when Ruth Stillings, 14 year old high school tennis star, on her way home with a friend from the Beardsley Park courts, was stabbed in the chest. Fifteen minutes after the stabbing, police began a search of the district but the assailant had escaped, as he had after the 23 other stabbings.

To Bury Five Persons Killed at Reidsville

Reidsville, Sept. 30.—(AP)—Preparations were being made here today for the burial of five persons killed late yesterday at Turner's Crossing when Southern Railway train No. 135, southbound, struck a light automobile.

The dead, all of them badly mangled, are Charles Lucas, 60, a farmer, his wife, aged 48; their two children, Alice, 15 and Roger 13; and L. G. Johnston, 35.

Nobody living, except members of the train crew, saw the accident. They said that Johnston, who was driving, had crossed the northbound track of the railway and was about half way across the southbound track when struck. The train, a very heavy one, running late, struck the automobile squarely and carried the debris nearly a quarter of a mile before it stopped. The bodies of the victims were strewn along the track.

FLOOD STATES TO FIGHT FOR RELIEF ISSUE

Oppose Any Measure to Attach Additional Projects to Control Legislation

Washington, Sept. 30.—(AP)—Senators and representatives from the flood States will strenuously resist any efforts to attach to Mississippi flood control legislation and other national projects such as Boulder Canyon dam and Muscle Shoals.

Assured that a comprehensive plan of the Mississippi flood control will be ready in December, they will seek the right of way for it in the next Congress with a view to the earliest possible action by the House and Senate, and they want this legislation to stand on its own merits without being delayed by consideration of "riders."

While details of the plan being worked out by army engineers in consultation with leading engineers of the country are withheld, the representatives from the South Central States look for a program which will call for both an improved levee system and a series of spillways which will relieve the main stream during the flood seasons and prevent such a holocaust as that of the past spring.

Present plans now call first for enactment of an emergency appropriation to finish the repairs to broken levees; then a permanent control measure carrying simply an authorization of expenditures with the funds for the first year's work to be included in the rivers and harbors or some other bill to be taken up later in the session.

THREE WOMEN TO APPEAR IN BIGAMY CASE

Charlotte, N. C., Sept. 30.—(AP)—Three women all claiming to be the wife of the Rev. Willis T. Jordan, Methodist minister of Columbus, Ga., were prepared to testify at the trial of the divine here on bigamy charges.

Jordan was due to arrive here late today from Rapid Falls, Mich., to stand trial. Officials here declared that upon his arrival bond will be fixed at \$10,000.

Jordan is wanted here specifically to answer charges that he married Mrs. Emma Landridge, of Washington, D. C., on August 19 in this city when he was said to have obtained no divorce from another living wife.

William T. Gloor, head of a detective agency in Columbus, Ga., from which city Jordan disappeared early this month, was authority for the statement that the three women may appear against the pastor.

Mrs. Landridge, of Columbus, who claims she is the present Mrs. Jordan, was ready to go to Charlotte to appear against the minister. Gloor said in Columbus yesterday that he had received a letter from Mrs. Veasy Snyder Jordan, in West Virginia, stating that she will appear against Jordan also.

Gloor declared a telegram has been received from Police Chief C. A. Brune, of Zion, Ill., stating Jordan was married to Mrs. Laura E. Jordan, September 6, 1926, at Oswego, Kansas.

Dies of Injuries Inflicted by Wife

Columbia, S. C., Sept. 30.—(AP)—The murder frenzy of Mrs. Mamie Gregory, who cut the throats of her two baby boys and took her own life Sunday, claimed its fourth victim today when her husband, T. Glenn Gregory, died at a hospital here from head wounds she inflicted on him with an axe.

DECLINE TO FAVOR WETS

Methodist Bishop Says Resolution for Crusade Has Not Enough Teeth

Knoxville, Tenn., Sept. 30.—(AP)—Bishop H. M. DuBose, told the Holston conference of the Methodist Episcopal Church South that a resolution adopted here yesterday calling for a renewed crusade against liquor "did not have sufficient teeth in it."

The Bishop said, when the resolution came from the Rev. J. I. Cash, of Spring City, Tenn., and Rev. J. T. Houts, of Lenoir City, Tenn., that he could not "and will not support A. L. Smith, Jim Reed, Governor Ritchie or any other wet candidate who proposes to nullify the Constitution and laws of our country."

His remarks followed a statement of G. K. Patty of Knoxville, that the resolution probably "would draw the church into partisan politics."

"The church is not and never has been in partisan politics," the Bishop replied, "and this resolution cannot be so construed. The conference is simply putting itself on record on a moral question."

Rev. J. Tyler Prazier of Chilhowee, Va., oldest member of the conference in point of service, declared he had voted a Democratic for 50 years and called for adoption of the resolution. "I cannot and will not vote for wets for President," he asserted.

YOUTH HELD AS WITNESS

Corroborates Story of Killing of Dr. Lillien-dahl as Told by Mrs. Lilliendahl.

Hammonton, N. J., Sept. 30.—(AP)—A youth who says he witnessed the slaying of Dr. A. William Lillien-dahl and who has corroborated the story of the killing as related by Mrs. Lilliendahl was in custody today.

Arrested yesterday in Hoboken and taken to Atlantic City, where he was committed to jail without bail, Albert Langben, an 18-year-old mill hand of Egg Harbor, was reported by the police to have said that he had seen two negroes hold up the Lilliendahl automobile on the lonely Atsion road, shoot the doctor and rob his wife.

His story is the same as that told by Mrs. Lilliendahl when she was found by two truckmen, her clothing torn and her hair disheveled, as she crawled from the underbrush near the scene of the shooting. To this story she adhered during four days of intermittent questioning at the State police barracks here.

The authorities said Langben had told them he was walking through the woods with a girl when he saw two negroes rush from the underbrush as the Lilliendahl car appeared, leap on the running board and force Mrs. Lilliendahl, who was driving to pull into the thicket. A few minutes later he heard three shots.

HARVEST SALE DAYS HERE ON OCT. 6 AND 7

Thursday and Friday, October 6th and 7th have been designated as "Harvest Sale" Days by Greenville, merchants, according to announcement made this morning at the office of C. B. Rowlett, secretary of the Merchants Association, under whose direction the event is being sponsored.

The occasion is the first of its kind ever before held in Greenville, and it was stated that merchants were preparing to make it one of the greatest trade events in years.

Stors in "Harvest Days" sales will display advertising matter in the windows so that the trading public will know exactly what firms are participating. Only quality merchandise of the highest standard will be offered during the two days the sale is in progress. Unusually low prices will predominate.

Two Men Killed When Automobile Leaves Highway

Blowing Rock, Sept. 30.—(AP)—W. E. Talley and Leland Hunt, both of Johnson City, Tenn., were almost instantly killed early today when their automobile ran off the Yonahlossee road at Coffey's Gap, five miles from here. A woman wife, whom who did not give her name, escaped with minor injuries.

The dense fog in the mountains this morning confused the driver it was said. He ran off the road at a sharp curve and the automobile rolled more than 100 feet before it came to a stop against a tree.

The bodies of the men are being held pending directions from relatives.

WOMAN DIES OF INJURIES RECEIVED IN WRECK

Fayetteville, Sept. 30.—(AP)—Mrs. Alex Thames, wife of a Cumberland county farmer, died in a hospital here today of injuries received last night when a wagon in which she was riding was struck by an automobile driven by Harvey Oliver, of this city. Mr. Oliver was bruised but not seriously hurt.

BELIEVE ANIMALS CAPABLE OF THOUGHT

Paris, Sept. 30.—(AP)—The belief that animals can think was expressed today by some delegates to the International Congress for Psychical Research, although others were inclined to believe that clairvoyance was responsible for manifestations indicating thought on the part of animals.

START TESTS OF BRIDGE ON PEE DEE RIVER

Highway Department Deliberately Destroys Span for Scientific Purpose

Raleigh, Sept. 30.—(AP)—Engineers of the North Carolina State Highway Department and the United States Bureau of Public Roads today began, for the first known time in the long history of bridge building, the deliberate destruction of a great and valuable span in order to gather scientific data which in the years to come may prove useful in the building better and safer structures for their loads of humanity.

Eyes of the engineering world are turned on the tests, conducted on the 1068 foot steel arch concrete triple-arch span over the Pee Dee river linking Montgomery and Stanly counties which has been the pride of the highway department. Bridge builders from every part of the United States and several from foreign countries are observing the collapsing process.

Never before have engineers been able to attach their scientific measuring devices to a full sized, practical bridge, depending instead on theoretical figures for the knowledge they have gained thus far. Nobody has undertaken to erect a great structure in order that it might be torn down in the interest of science.

The span was constructed by the State highway department in 1921-22 at a cost of approximately \$299,000 and was classed, upon its completion, as the finest bridge in the State. It has three arch spans 142 feet in length each, and seven approach spans of 40 feet each.

The experiments got under way today when pumps began forcing water into two huge wooden tanks placed over the arches on each side of the center arch. They will be partially filled, and then moved about over the structure while the engineers, hanging precariously underneath on a swinging platform, watch their instruments and make notes of the strain caused by the load.

Then the tanks will be moved over the center span, and filled to capacity, while the engineers attach their devices to various points in the arch and note the movement of the steel and concrete structure under the \$50,000 pounds of pressure. Variations to the hundred thousandth of an inch will be measured as the strain is increased.

The engineers do not believe the bridge will go down under the load they plan to place on it. If it does, they will be satisfied and if it doesn't they will be just as content to watch army field artillery pieces perched on a hill some distance away, pound the span to destruction. A good chance for the artillery to practice, and they also may gain some useful information.

Availability of the bridge for scientific test purposes came when the Carolina Power and Light Company, buying land about the section to be in their way and offered to construct a new span, a short distance down stream.

To Restrain Mine Workers at Pittsburgh

Pittsburgh, Sept. 30.—(AP)—A preliminary injunction restraining the United Mine Workers of America from interfering with the operation of non-union mines of the Pittsburgh Terminal Coal Corporation was granted in an opinion filed in federal court here today by Judge F. P. Schoonmaker.

The company sought the injunction and damages of \$1,500,000, claiming that the union, its officers and members had conspired to violate provisions of the Clayton and Sherman acts by interfering with the interstate shipment of coal.

WOMAN SHOOTS JUDGE IN COURTROOM TODAY AT SALT LAKE CITY

Salt Lake City, Sept. 30.—(AP)—United States District Judge Tutman Johnson was shot in the courtroom at 10:15 a. m. today by a woman, who was immediately placed under arrest.

# RUTH TIES 1921 RECORD FOR HOMERS

(By the Associated Press)  
Baseball interest was divided today between Babe Ruth's effort to establish a new home run record and the closing maneuvers in the National League race, where the Pittsburgh Pirates need only one more victory to clinch the flag, although St. Louis and New York are not altogether out of the running.  
Ruth yesterday tied his 1921 record of 59 home runs when he belted the ball out of the Washington stadium in the fifth inning of the game, which New York won 13-4. The bases were loaded at the moment and Paul Hopkins, a recruit, was pitching. Ruth's 58th circuit smash came in the first inning with the bases empty and Horace Lisenberry on the mound.  
If either New York or St. Louis is to get into the running the Pirates must drop all three games at Cincinnati. Should that highly improbable upset occur and the Giants win their three games and the Cards win the two they have left to play all three teams would be in a final tie. National League rules require that in such an event a series of nine games must be played to determine the winner. That would hold up the world's series for ten days or longer.  
Two other games were played yesterday in the majors. In the American Philadelphia ran up against a tartar in Brady, eastern league recruit, who pitched the Boston Red Sox to a 6-1 victory.  
The Philadelphia Nationals romped over the Boston Braves 7-1. Kent Greenfield was ineffective, the Quakers pounding him for 13 hits and seven runs in the first seven innings. Ray Miller, young pitcher from Syracuse, kept his hits scattered.

John Adams, white, trespass; \$10.00 and cost.  
Emma Peyton, colored, disorderly conduct; \$10.00 and cost.  
Henry Cox, colored, driving auto without brakes; paid cost.

### Jack Must Fight His Way Back to Title Bout

New York, Sept. 30.—(AP)—If Jack Dempsey wants another match with Gene Tunney he must eliminate every serious heavyweight in the boxing game.  
That is Tex Rickard's comment on a third meeting between the heavyweight champion and the Manassa Mauler.  
"There are about six contenders who want to get a shot at Tunney," Rickard said today. "I am willing

to give Dempsey his chance but I am going to ask him to go up against all these fellows. He can have as many fights as he wants. If Dempsey can't beat Jack Sharkey again his challenge won't stand. If Sharkey cannot clear up his foul claim he ought to step aside."

### TO DETERMINE OFFICIAL DIRT TRACK CHAMPIONSHIP

Washington, Sept. 30.—(AP)—To determine the official National dirt track speed championship, the contest board of the American Automobile Association has arranged a 150 mile race at Detroit on October 18. Three heats of 50 miles each will be run.  
Racing aces who have won laurels on many tracks, including the board speedways, notably Ralph De Palma and Frank Lockhart, already have entered the contest, the association announced.

New York—Some of the money Gene Tunney won at Chicago is to paint the rectory of the Church where he went to parochial school and where he now attends mass. He has sent a check for \$1,000 to St. Veronica's.

Is your time of any value?

SELL YOUR TOBACCO IN GREENVILLE AT

# JOYNER'S WAREHOUSE

All grades of tobacco except the lug grades and black tips have been stronger this week, and when the tobacco trade finds out the true condition of this crop and that it will not be as large as estimated the price will go much higher. Market your tobacco in good condition and don't be in too big hurry in dumping it on the market at any price and in our opinion, farmers will yet receive cost and probably a profit on their crop.

We have 2nd Sale Monday October 3; 1st Sale Tuesday October 4; 2nd Sale Wednesday October 5; 1st Sale Thursday October 6; 2nd Sale Friday October 7

## O. L. Joyner and Sons

Sell your tobacco with us and we will do all we possibly can to make you a satisfactory sale.

SELL TOBACCO WITH

# Moye and Gentry

The market will sell out clean today, and we will be in good shape for Monday. Good bodied tobacco is higher than any time this season. We look for better prices next week. If you want the highest market price for your tobacco bring us your next load.

Sales next week: First Sale Monday Oct 3rd; First Sale Wednesday Oct. 5th; 1st Second Sale Thursday Oct. 6th; First Sale Friday Oct. 7th

**MOYE & GENTRY Greenville, N. C.**

# FOOTBALL

Chapel Hill, Sept. 30.—(AP)—The Tar Heels, employing the Notre Dame system of warfare, completed their week's workout today and were declared ready for the invading Tennessee Vols, who will stake their hopes of emerging victorious by using the "old army" game strategy.

To one guess seemed about as good as another among campus scribes as whom Coach Collins would pick for the Carolina lineup against the Vols here tomorrow. Shuler, veteran guard, remained "out" with a leg injury, while Sapp, end, was also on the inactive list. The chief issue centered around whether Furches or Ward would get the call at quarterback.

Davidson, Sept. 30.—(AP)—With the wildcats enroute today to Gainesville, Fla., where they will battle a strong University of Florida eleven tomorrow, students here awaited the outcome of the game. The Gators held the upper edge with dopsters.

Wake Forest, Sept. 30.—(AP)—Indications here today were that several of the Deacon varsity players, including Clayton, Weir, Perason and Jack Smith, who have been nursing minor gridiron wounds would play only part of the contest against Elon tomorrow.

Coach Baldwin planned to save his best men for the Presbyterian College struggle in Asheville Saturday week, inasmuch as the Flor game was considered not important.

Duke University, Sept. 30.—(AP)—The Blue Devils were on their way to Boston today for the encounter tomorrow with Boston Col-

lege with high hopes of showing the Hub city that football at Duke is better than in former years. Coach De Hart carried his regulars and a sprinkling of substitutes along, indicating that he would probably use the majority of them in the game.

Greenville, S. C., Sept. 30.—(AP)—A howling wolfpack from North Carolina State College, smarting under a severe defeat handed it last season by the Purple hurricane, hit Greenville today, bent upon revenge in the game with Furman here this afternoon.

The North Carolinians arrived early and coach Tefell arranged a short workout for them before noon.

### GRAND CIRCUIT RACERS AT GEORGIA FAIR

Atlanta, Ga., Sept. 30.—(AP)—Led by Kahla Dillion, Hazelton and Fire Jlow, sixty pacers and trotters of the grand circuit will participate in a five-day racing program here next week at the Southeastern Fair.

Approximately a hundred other horses will compete for prizes aggregating \$25,000.

**Notice**  
By a resolution this day adopted by the Board of County Commissioners for Pitt County, said Board was authorized to borrow \$75,000 and to issue therefor the following notes in the following amounts and maturities:

\$25,000.00, due January 1st, 1928  
\$50,000, due February 1st, 1928  
Said notes bearing date of October 3, 1927, with interest.  
And notice is hereby given that proposals will be received at 12 o'clock, Noon, October 3rd, 1927 or the purchase of said notes. Thought to accept or reject any bid proposal is reserved.

This notice is given in accordance with Article 3, Section 60 of the County Finance Act of 1927.  
J. C. Gaskins, Clerk to the Board of County Commissioners  
7-10-27

Lansing, Mich.—For having a pint of gin Fred Palm must go to State prison for life. Illegal possession of liquor in this State is a felony and four convictions for felonies make on a habitual criminal automatically subject to life imprisonment. Palm had a prison record.

### TWO MARRIAGE LICENSES ISSUED SINCE YESTERDAY

The following marriage licenses have been issued by the register of deeds since the report of yesterday: Nathan Briley to Miss Bettie Ray Hoops, both of Carolina township. G. R. Stokes to Miss Eva Carman, of Chicod township.

"District School at Blueberry Corner." To Be Presented at Stokes and Washington

"The District School at Blueberry Corners" will be presented in Stokes this evening. Next Friday evening it will be presented in Washington under the auspices of the American Legion Auxiliary. The cast is local talent. It was presented in Greenville some time ago, under the direction of Mrs. W. R. Jones, for the benefit of the Patient Circle of the King's Daughters. It is a cream from start to finish and about two hours of real enjoyment. All those who see it in Stokes and Washington will be assured of an evening of real fun.

## TRACTION....

...and for a multitude of miles

Here is a new and better tread design—a fit companion to Supertwist Cord in Goodyear's New All-Weather Balloon—the World's Greatest Tire!

It affords a broader road contact than old style balloons—and sharp-edged diamond-shaped blocks to grip the road from every angle. Even between its two sturdy service ribs you'll find these keen-edged diamonds to improve your traction.

Goodyear's NEW All-Weather Balloon grips and holds—actually gives honest TRACTION.

Come in! See this new Good year! Then you'll understand the why of its traction abilities.

Burns Wood or Coal

Latest Addition to the Great

### WASHINGTON LINE OF FURNACES

Best Wood Burning Furnace Made. Takes a 20-Inch Stick. Note the Foot Warmer Feature.

Hears to 7 rooms with circulating most heat, most rapidly known. Less sickness. Sets on the floor, handsome in its rebound lines and rich with its Walnut Enamel Finish, it is none the less a wonderfully efficient heater.

Its popularity has been enormous in the short time since its introduction. Burns wood or coal. All cast iron combustion chamber.

"Draw up a chair and warm your feet"

This new feature will appeal to all as a genuine innovation. A foot dropping down in front presents a most delightfully convenient place to rest your feet and warm them to your heart's content.

# SMITH & SUGG MARKET REPORT

We sold more Tobacco Thursday and Friday than any market in Eastern Carolina and the official reports show we are higher. All during the week farmers have brought tobacco to us which had been previously sold on other markets, and in many instances the prices doubled on our floor. Our sales are averaging over 20c.

## STAR WAREHOUSE---Smith & Sugg, Greenville, N. C.

"Wise Men Follow The Star."

# GORMAN'S MARKET REPORT

The sales have not been quite so large this week. However we got the buyers Monday at two o'clock and sold until Wednesday four P. M., selling 550,000 lbs.

The prices have been some better on all clean well graded tobacco with body. The Imperial, Liggett and Meyers, American, Export Tobacco Co. and R. J. Reynolds Co., all have come in stronger on the medium and good grades with character I expect a gradual improvement in prices for the next two weeks on all cigarette types. We are selling lots of very common tobacco and this is low. We give you a few sales made this week. When you sell come to Gorman's we will always do our best for you. Come see our sales when in town, you will see a difference.

**ANNUAL FIRE PREVENTION WEEK**

Fire Prevention Week is to be held this year from October 9 to 15. Throughout the country various organizations will again attempt to train the public in offsetting the greatest menace in the United States today. Our people will do well to learn, and profit by example.

The tragedy of fire is that it is almost entirely preventable. There are, of course, natural causes for conflagrations that cannot be helped, but these are a very small percentage of the total. The greatest damage is caused by carelessness and ignorance. Billions of dollars are wasted and destroyed each year by a few people's carelessness. It would not be so reprehensible if the loss were borne by them alone. But it must be shared, directly or indirectly, by every citizen and taxpayer.

It is the duty of every citizen to cooperate in the observation of Fire Prevention Week. And it should be his pleasure. Fire loss can be stopped. And in a single week, if everyone will observe and learn, a great deal can be accomplished in the way of reducing it.

**About Town**

Greenville negroes are alarmed at the reported presence of the "Killer," a man who makes a specialty of chasing women with intent to kill. The women, believing the story to be true, are hanging close to home at night, and absolutely refuse to be caught on a dark street.

White women who have been deploring the absence of their husbands at night, no doubt wish the "killer" would rout some of the garage men gatherings and alarm the husbands to such an extent that they would be content to remain some at night.

But those who frequent the garage cans in front of the drug stores are not like the colored women. It would require more than the presence of a "killer" to rout them from their beloved positions, listening to a recital of the day's events in various branches of sport and industry.

"Business conditions down in our section of the country are as good as might be expected," J. S. Ross, well known Arden business man said while on a visit to the city today.

"We expect the fall and winter months to be about as prosperous as these seasons usually are. There are always a number of people who complain about times being hard, but we have learned to expect such prantings and look for nothing else from them.

"Pitt County is situated in one of the richest agricultural sections of the country. There is no need for hard times talk, and the man who indulges in it is out of something to do, that's all there is to it.

Mr. Ross is a type of man who looks on the bright side of every situation. He has been living in this section of the country for many a year, and has never seen the time when folks didn't fare as good as those in any part of the country. We have the resources and possibilities, he believes, and as long as this is the case, there is no use of complaining.

every man and woman interested in the future of their child should register and vote.

The majority of people realize that good schools are the best asset any community can have. Greenville is ranked among the best in the State, and we cannot afford to let this honor slip away from us at this time through neglect to support the improvement program.

The advertising campaign of the Pitt County fair got under way in earnest today. "This will continue without interruption until the attraction is thrown open to the public October 11th," said President Haywood Dail this morning.

"Every effort is being made to make the fair greater this year than ever before," Mr. Dail declared. "Our advertising campaign has been carried into all localities in this part of the State. We are hopeful of drawing hundreds of visitors from a radius of many miles.

"While agricultural attractions will predominate this year, this does not mean that proper attention has not been given to other departments. The reason we are trying to feature agriculture is because we are situated in one of the most prolific farm regions in the country. The people need to know more about what the other fellow is doing in this line, and there is no better way of bringing it to their attention than by exhibits at the fair.

"We hope this year will see the greatest display of exhibits in history, which combined with large daily attendance, should make the fair truly the most important in years."

When we finish examining the number of manuscripts contributed in the circus ticket contest now under way, it is likely we shall take some of the information on zoology and present it to Mr. Robinson. The youthful American seems to be fairly well informed concerning

the kind of animals to be found at the circus, and his description of them are intensely interesting.

Some of the lads may never become circus performers, but they have ideas which might prove constructive to the keeper of the menagerie of some big show—especially our friend John Robinson.

The School Improvement Election Registration Books are now open. You must register if you wish to vote.

We have a service for you.

**Round Table Club**  
The Round Table club held its first regular meeting for the year 1927-28 at the home of Mrs. J. E. Nobles. The club was quite happy to have Mrs. Paul Fitzgerald, a former member, with them at this time. Mrs. L. W. Tucker and Mrs. J. J. Summrell were also guests.

The topic for study, "Myths and Folklore," has been splendidly arranged by the program committee. Mrs. Luther Herring discussed the universality of myths. She told of that primitive man in all times

and places explained the phenomena of nature as the action of gods. There are striking similarities in the myths of all peoples. From this fact scholars have judged that the mind of earthly man reacted in the same way to certain stimuli regardless of time and location. With this foundation laid by Mrs. Herring the study for the year promises to be very interesting.

Mrs. Nobles, assisted by her daughter, Miss Hulda, and Mrs. Tucker, served a delicious ice course.

**JOYNER'S MAKES RECORD SALES**  
The highest sales we have seen this season were made on our floor today when many piles sold at prices between 50 and 75 cents a pound.  
Many growers who had never sold in Greenville before have been represented in our sales the past few days and all have been well pleased with the way Joyner's sells tobacco.  
Bring us your next load and we will do everything possible to make the highest sale for you, you have had this season.

**Pretzeleers are pantry pirates**

Bong! Bong! And ten more bongs. The witching hour, by gum. Whishi!

Here we see an eating likeness of a couple of bold pretzeleers out for a little pantry piracy before they go to bed. This gives Father a chance to take a little more nourishment, and also to bite out his next morning's breakfast order:

**M N K**

Which, as any good pretzeleer knows, stands for ham and eggs.

Night biting isn't at all unusual in the homes of those who pretzel. O-So-Guds are so tasty and so easy to digest that they are a favorite midnight lunch.

No wonder. These pretzels, baked by Uneda Bakers, are brittle, and crispy, and crunchy, and salty. They're just as good between meals as they are with soup, or salad, or sardines, or cheese, or with iced drinks. Children love them, and rightly too. They are good for children.

**O-SO-GUD PRETZELS**

REG. U.S. PAT. OFF.

Buy them by the pound. There's a lot of goodness tied up in each and every one.

**Uneda**

**SLIM JIM PRETZEL STICKS**

REG. U.S. PAT. OFF.

Straight as a string, but much more interesting. Good and salty. In handy packages at your grocers.

**MARKETS**

**STOCK MARKET**

New York, Sept. 30.—(AP)—A tremendous buying wave rolled over the stock market in late dealings today which raised the level of numerous stocks from 3 to 8 points above the previous close. Relief over the nominal increase of brokers' loans, whereas a record gain had been predicted, was the primary cause for the outbreak of enthusiastic buying. Numerous popular shares touched new peaks for 1927 while Erie sold at 69 3/4, highest in its history.

**COTTON**  
New York, Sept. 30.—(AP)—The market was irregular today with an early decline of about 15 points, followed by rallies on news of a renewal of un-weather in the southwest.

Five months sold about 7 to 10 cents higher during mid-September, when the market was 3 or 4 points of the best.

Prices closed very steady, eight points higher. Spot steady; Oct 21.80.

**One Case Heard Here Yesterday**

Yesterday's session of the civil term of Pitt County Superior Court was consumed in the hearing of the case of J. J. Perkins against Guy Evans, involving suit for account in which the defendant was awarded the sum of \$292.62.

**IS YOUR TIME VALU-**able? Well, is your watch accurate? If not, why not? Ask our watchmaker, W. L. Best, Jeweler.

Perkins previously had been rendered judgment for \$285.00 against Evans, who set up a counter claim for the sum of \$292.63. Two previous trials resulted in non-suit. The case was probably one of the most stubbornly contested heard here during the present session, and was featured by the presentation of considerable evidence.

The one week term of court, that has been presided over by Judge W. C. Harris, of Raleigh, will more than likely be brought to an end this afternoon. Considerable progress had been made up to the noon hour today, and the calendar has been, cleared of a number of cases.

Thrift for boarding houses.

Favors Up-over-one-eye Treatments

Just recently in Paris these smart new styles were introduced. Now you will find it a real satisfaction to select from the same fashionable models. The hats are unusually attractive. The suppleness accentuated by many creases and folds makes these velvet and felt hats ultra-desirable. Especially with such modest prices.

A Smart Felt Hat Is Indispensable  
Close-fitting styles with flare and turn-down brims—here are various charming models. For sports or travel—a felt is the thing! Very reasonably priced.

New Velvet Hats  
Lovely and Rich  
Velvet is so lustrous, supple, and rich that it makes the loveliest of new fall and winter hats. You'll like the variety of becoming styles.

## "Harvest Sale" Days

Great Crop of Merchandise From Which Each Reaper Will Garner a Bountiful Harvest of Values

### CITY-WIDE FESTIVAL BARGAIN DAYS

This special buying and selling event being presented under the direction of the Greenville Merchants Association is one in which a half hundred merchants will participate. Therefore, wherever you find the "Harvest Sale" advertising displayed in the windows there you will find a harvest that is ripe with values. The crop of bargains will be large, sufficient that all who enter the various stores will find a bountiful variety from which to choose.

This is the first of these annual special selling events, and "the proof of the pudding is the eating thereof". Therefore, past experiences of the buying public in shopping with Greenville merchants we believe has been such that an occasion as this "Harvest Sale" justifies the confidence of all. Quality merchandise of the highest standards, which has always been characteristic of Greenville merchants is one of many inducements for the public to consider. And another feature and fact connected with these events which has always predominated, is the unusually low prices prevailing. In this and many other respects this occasion will be marked with many pleasing surprises.

Your Opportunity to Buy at a Great Saving Will Be  
October 6th and 7th. Don't Miss It.
