YANKEES WIN THE WORLD SERIES

MINISTER TO GET LIBERTY EARLY TODAY

Citizens of Charlotte Plan to Provide \$1,000 Bond for Rev. W. T. Jordan.

Charlotte, N. C., Oct. 8.—(AP)—Temporary freedom appeared imminent for the Rev. Willis T. Jordan, Columbus, Ga., pastor convicted here of bigamy, with subscriptions promised from the Charlotte citizenry to meet a bond of \$1,000.

The clergyman remained in jail to await the outcome of his attorney's efforts to effect the release upon the bond set by Judge James L. Webb in Superior Court, who yesterday sentenced Jordan to from two to three years in the State penitentiary after the jury had deliberated eighteen minutes. The judge denied motion for a new trial, but set bond upon notice of defense, counsel for an appeal to the Supreme Court.

Tom P. Jimison, Jordan's attorney, announced he believed contributions of \$25 to \$100 promised by local citizens may enable him to post the bond Monday.

The speedy verdict terminated a trial of three days in which the marital affairs of the elderly minister with two wives were detailed. Mrs. Emma Langridge Jordan, of Washington, D. C., who brought suit, related her marriage to him at Charlotte on August 19 and their brief journeyings in South Carolina and Georgia before going to Columbus, from which city he disappeared soon afterward. His arrest followed at Grand Rapids, Mich., last week and he was returned here to stand trial.

The "other woman" in the case was Mrs. Veasy V. Snyder-Jordan, of Wilmington, W. Va., whom Jordan steadfastly maintained was his only "true wife." She corroborated her marriage to Jordan and asserted her love for him, but she did not appear at the trial.

The question of Jordan's mental condition arose throughout the trial, but the jury disregarded expert testimony and defense argument to show that Jordan was not responsible for his action at times and that he suffered especially from amnesia.

ILLINOIS BANK CLOSED TODAY FOR INQUIRIES

President John Esser Held in Jail on Charge of Embezzling Bank Funds.

Aurora, Ill., Oct. 8.—(AP)—The Aurora Trust & Savings Bank, whose president, John Esser, 39, is in a cell at the Kane County jail in Geneva, on a charge of embezzling funds of the institution, was closed today. On the door was a notice signed by state auditor Oscar Nelson reading "This bank is closed for examination and adjustment."

Aurora, Ill., Oct. 8.—(AP)—A messenger boy 25 years ago, who rose to the presidency of one of Aurora's largest banks, was in jail today charged with embezzlement of \$150,000 of the bank's funds.

John L. Esser, 39, one of the youngest bank executives in the country, who starting as a bank messenger became president of the Aurora Trust and Savings Bank with resources of several million dollars, told officers he had taken the money in an attempt to "clean up on the stock market, but the market cleared him instead," he said.

An unexpected audit of the bank's accounts led to discovery of discrepancies in the balance, and Esser was aroused from sleep early yesterday and hurried from his wife and three children to the Geneva jail, 12 miles from here.

In Death Probe

Virgil Kerr, of Newport, Kentucky, held for questioning in murder of father, claims he killed him in self defense.

TODAY

This is San Francisco. Everything grows. An 11,000 Barrel Well. Beyond Imagination.

(By Arthur Brisbane) Copyright 1927, by Star Co.

San Francisco, Oct. 8.—This is written in San Francisco, the western gate to the United States. If you are fortunate John McLaren, superintendent of parks for forty years, now 80 years old, will show you San Francisco's park system, finest in the world, 41 parks in all.

San Francisco has a happy combination. The president of its park commission is Herbert Fleishacker, a banker who knows how to get money on parks, and McLaren a Scotchman, who knows how to spend it efficiently.

Golden Gate park, one of the 41 could not be reproduced anywhere else on earth. On a beautiful hill on the southern side of the Golden Gate, it overlooks magnificent San Francisco bay on one side, and on the other the Pacific, stretching toward Asia. This state and city offer opportunity to the whole world, and information on how to make human beings comfortable and prosperous.

Here, everything grows, fish in the sea, crops on the land, values in real estate, height of skyscraping buildings, deposits in banks, value of bank stocks, and newspaper circulation.

S. S. White writes from Chicago: "You might like to see the enclosed copy of the 'Idaho Statesman' printed 40 years ago."

The "Statesman's" editorial page says, "W. R. Hearst, the California Senator, is making a decided success of his newspaper venture. When he took hold of the Examiner six months ago, it was a slow going, four page paper with about 20,000 circulation. He has doubled that already, works 14 hours a day and is said to have resolved to put in that amount of time daily until the paper reaches a circulation of 50,000."

J. A. Callahan, the Examiner's general manager, tells you that last Sunday's net paid circulation was 379,914. George Hearst, W. R.'s son and grandson of "the California Senator," is president of the paper now, and he has twins. What do you San Francisco be, when they run "The Examiner"?

The people here are cheerful, for good reasons. Mr. Kingsbury, president of Standard Oil of California, leaves a luncheon party early, going to look over new oil lands in Texas. They brought in a well there yesterday, producing 11,000 barrels a day, a mile from another well, brought in a few days ago, yielding 9,000 barrels. Oil is cheap worth only 60 cents a barrel at the well. But those two wells cost \$12,000 a day, \$4,380,000 a year (They work on Sundays). Four millions a year is something.

Standard Oil wisely looks ahead. Instead of using the 20,000 barrels a day, under the present oil market conditions, the wells will be

BATTERIES:— Hill, Smith, Miljus, Gooch. Moore, Collins.

MARKET SELLS 5,287,714 LBS. LEAF TOBACCO

Average Price of \$22.90 Paid For Offerings Here During The Present Week.

The Greenville tobacco market sold a total of 5,287,714 pounds of tobacco for a total sum of \$1,210,908.03 at an average price of \$22.90 per hundred pounds for the week which ended yesterday, according to official figures made public this morning by K. W. Cobb, secretary of the Tobacco Board of Trade.

For the entire season the market has sold 23,626,200 for a lump sum of \$4,633,530.43 at an average price of \$19.61, the report of the secretary also showed.

Sales were conducted in an orderly manner throughout the entire week and this is expected to continue during the remainder of the season.

Raleigh, Oct. 8.—(AP)—Better grade of tobacco and higher prices featured the close of the week's sales in North Carolina, the nation's cigarette center, after the week had begun with a low priced opening of the last of four bales to open the old belt of Western North Carolina and Virginia.

Tobacco with more color and of better texture was promised generally for the monotonous chant of the auctioneers for next week.

The new belt in the Piedmont section of North Carolina saw Durham's market reach a price mark when 158,624 pounds were sold Tuesday at an average of \$22.36 per hundred pounds.

The old belt had its 1927-28 tobacco sales opening with Winston-Salem, by far and wide, the largest market, selling 3,002,266 pounds for \$408,747.57 or \$13.61 a hundred pounds average price.

Meanwhile Wilson, N. C., the largest market in the nation and center of the Eastern Carolina belt, topped all records for sales this week and broke its own record for five days sales when the market sold 6,842,206 pounds of tobacco for \$1,497,054.52, an average of \$21.87.

The Wilson market has sold this season 28,537,234 pounds for \$5,323,808.78 or \$18.65 average.

The market increased its average this week over last week.

Sharp advances in prices of tobacco in the Eastern Carolina belt Wednesday and Thursday sent averages soaring.

Rocky Mountain market total sales for the season were 12,485,082 pounds bringing growers \$2,313,212.41. The week's sales totaled 2,925,954 pounds selling for \$582,589.46 or \$19.92 average whereas at the same time last year 8,548,202 pounds had been sold for \$2,143,438.

Washington, N. C., averaged \$21.83 Monday, \$22.63 Tuesday, \$25.47 Wednesday and \$25.02 Thursday.

Roxboro so far this season has sold 194,000 pounds, averaging \$19.40.

On Tuesday when the old belt opened, the lowest opening averages in recent years were noted. Winston-Salem opened with 1,033,340 pounds sold at \$14.34 average, followed the next day by \$11.86 average in sale of 895,392 pounds, and Thursday averaging \$13.63.

The market however, held offering of first primings and little better than sand hogs.

While Winston-Salem's first

Kiwanians Talk Opening Tar River To Navigation

Congressman Lindsay S. Warren, of Washington and Major W. A. Snow, of Wilmington, principal speakers at the regular monthly meeting of the Kiwanis Club last night, pledged their support to the proposal to deepen Tar River so as to make it navigable for boats, operating between Washington and Norfolk. Other speakers, including L. G. Hogshire, president of the Baltimore, Norfolk and Carolina Boat Line, pledged their support to the movement, and said they could see no reason why the locality should not benefit greatly from water transportation.

The meeting to discuss the possibilities of making Tar River navigable was called by the club several days ago, and numbers of the most important and progressive business men of this section were invited to attend and give public expression of their opinion of the project.

Optimism prevailed throughout the session, and when Congressman Warren, final speaker of the evening, concluded by pledging his support to the project, a deafening din of applause greeted the statement.

President W. H. Woolard presided over the session. After hearing report of the last meeting he turned the program over to E. G. Flanagan, who, in a few brief remarks, explained the nature of the section and told of the needs of water transportation in the growth and development of this community.

He told of the money being spent by the United States government in improvement of the waterways of the nation, and said there was no reason in the world for Greenville to sit idle and not enjoy the advantages which nature had provided in Tar River. It is the only effective way we have to combat high freight rates, and the sooner we act the sooner the shackles will be broken.

L. G. Hogshire, first speaker of the evening, told of the operation of boats between Baltimore, Philadelphia, Norfolk, which connected with many inland points.

"We have the equipment and finances necessary to put a boat line on Tar River the minute the stream is deepened," he declared, "and we stand ready to offer any financial or other assistance that may be incurred in making the boat line an actuality."

R. R. McKenzie, of Norfolk, traffic manager for the Ford Motor Company of the Norfolk district, said Mr. Ford would send over \$4,000,000 worth of his products to this community annually if Greenville had ample port facilities. He said his company would make the city a distributing center and that it would be as important as any other distributing point in the country.

Mayor Conrad Lanier said members of the Board of Aldermen would leave nothing unturned in assisting in establishing a boat line. The city owns a stretch of land along Tar River which could easily be converted into a dock, and he said he felt sure they would be glad to use it in this connection.

Major Snow, district engineer of the government, told of waterway development throughout the country. He said that all waterways were under federal control, and that the government had to be shown where a community would be benefitted in a financial way before they would give consideration to a project of waterway development. He said all water rates had been estimated at twenty per cent lower than freight rates, and any community should be greatly benefitted by such transportation. He told of the various channels

through which waterway recommendations had to pass, and said considerable time was necessary to receive a final decision on any project.

He assured the Kiwanians he would be glad to work with them, to assist them in any way possible in plans to open Tar River to navigation. He said he believed the proposal contained unlimited possibilities for the people of this section, and pledged his support to help in any way he could.

Congressman Warren declared he believed Pitt County was one of the greatest counties in the country and deserved the best to be had. He explained some of the difficulties to be incurred in getting a waterway development issue through Congress and said at the least, it would require something like two years before any definite action could be obtained.

"I stand ready to use my influence in behalf of this proposition, and am ready to act at any time Pitt County people think my services are necessary."

Other speakers of the evening were M. O. Blount, of Bethel; J. I. Morgan, Farmville; W. J. Boyd, Ayden; H. A. White, Greenville; Carl Goersch, Washington; Mr. Stokes.

Kiwanian Ralph Deal, member of the faculty of the East Carolina Teachers College, told the Kiwanians they were invited to be guests of the college on the evening of November 8th. Other organizations of the city will be invited, he stated, and each member would be asked to bring his wife.

President Woolard announced delegates for the Kiwanis meeting at Durham. They were: Frank Harrington, C. B. Rowlett and M. K. Blount.

In concluding the program Mr. Flanagan said he hoped some action would be taken at an early date to make the boat line an actuality. The movement has been started he declared, and the ball should be kept rolling until something of a definite nature has been accomplished.

In \$11,000 Stick-up

Joseph Butler, alleged to be one of gang of four holdup men, who was captured after gun battle in New York following attempt to get away with \$11,000 payroll.

JOHN ROBINSON CIRCUS SHOWS IN GREENVILLE

First Performance Given This Afternoon at Higgs Field; Second Show Tonight

John Robinson's circus is here! The mammoth attraction, popularly known as the "South's Own," arrived via the Norfolk & Southern railroad from Wilson this morning about five o'clock.

Hundreds of people, many of whom had remained up all night to be able to greet the circus train, were present upon its arrival, and watched in breathless wonderment the unloading of car after car of paraphernalia.

This is the first appearance of John Robinson's show in this city in three or four years. Its last appearance was greeted by capacity crowds, and indications this morning were that interest in the attraction had not been diminished by the passing of the years.

The circus will give two performances under its mammoth tent on Higgs field, near the fair grounds the first occurring this afternoon at two o'clock and the second at eight o'clock tonight. The menagerie, conceded to be one of the most complete on the road today, will be opened an hour prior to the beginning of the main show so that the large crowds interested in zoology may have an opportunity of viewing one of the greatest collections of trained wild animals in captivity.

John Robinson comes to Greenville this year greatly enlarged since its last appearance here. The circus is now generally conceded to be the largest trained wild animal show in the world, presenting in the steel arena groups of leopards, pumas, jaguars, lions, Bengal tigers, polar bears and many other jungle beasts which are handled by Miss Ione Carl, Captain Theo Schroder and Miss Margaret Thomson.

While trained wild animals are one of the big features they do not predominate the program by any means. Many outstanding circus acts of both Europe and America will be presented. Among the features are the Eugene troupe, marvels of all marvelous aerialists accomplishing with all grace and ease the most intricate and hazardous feats yet ever attempted on the high bars; the Barron Sisters, the world's most intrepid lady trapeze artists, who head a bevy of aerial performers; the Corret troupe and the Rudyoff family of bareback, Austria's and America's greatest exponents of the ring in diversified riding, in which grace of equestrianism is contrasted with the world's funniest men of the sawdust ring; the Edgds, Tetu Robinson and Elisabeth Romig, whirling on the wire, performing intricate feats on a thread of steel. Then of course, there are clowns.

South Atlantic States: Showers first part of week, followed by mostly fair; cool first half; moderate temperatures the latter half.

Production in Lower California, Old Mexico, is estimated at 62,000 bales.

Wiley Moore Cinches Championship by Hurling His Mates to 4 to 3 Victory Today

Yankee Stadium, New York, Oct. 8.—(AP)—The New York Yankees won the world's championship baseball series today by defeating the Pittsburgh Pirates for the fourth straight time, the score being 4 to 3 and Combs scored the winning run in the ninth inning when Miljus made a wild pitch with the bases full.

The end of the game was an anticlimax. Miljus, who relieved Hill on the mound for Pittsburgh, had seen the bases full with none out and after fanning Gehrig and Meusel, cut one loose to Lazzari that Gooch only managed to get the tip of his glove on. Combs trotting home with the winning run.</

GREENVILLE WINS FROM FARMVILLE

Greenville won the second game of the local gridiron season from Farmville at the fair grounds yesterday afternoon by the score of 60 to 0. While the score was large and suggests lax playing on the part of the visitors, the game at different stages contained many thrills for the fairly large crowd of spectators who had gathered to witness the first contest played here this season.

Greenville made their first touchdown on the first three plays of the game. Roberson went off guard for five yards. Respass made an off tackle for the first down, and Bostick carried around end for a gain of about 45 yards and a touchdown. He then kicked for the extra point.

From that time on Greenville could not be denied. Every time they gained possession of the ball a touchdown followed. They were not forced to punt a single time during the game.

After every touchdown Farmville elected to receive and kept the ball for only four downs when the ball went over to the Greenville team. Greenville made 24 first downs to Farmville three, the visitors' downs coming on the second team which was injected into the game at the second quarter.

The work of Bostick, Respass and Robson in the backfield was the outstanding feature of the game. They had nine touchdowns to their credit. In the line Wheeler and Bailey were the outstanding players. King featured for Farmville. Greenville excelled in all departments of the game, especially in passing and runs. The team came out of the game in good condition, and Coach Porter today expressed himself as highly pleased with their showing.

The next game will be played at Wilson Friday. Considerable interest is being manifested in this contest, and it is expected numbers of supporters will accompany the team to the neighboring town. The game yesterday was the second of the season for the local club, the first being played at Kinston with the high school of that place, which resulted in a tie score.

Coach Porter said today that the outlook for the season was as bright as could be hoped for, and that he expected the boys to make one of the best records in years.

JOHN ROBINSON CIRCUS SHOWS IN GREENVILLE

(Continued from Page One.)

including "Silers" Johnson and his forty-three funmakers.

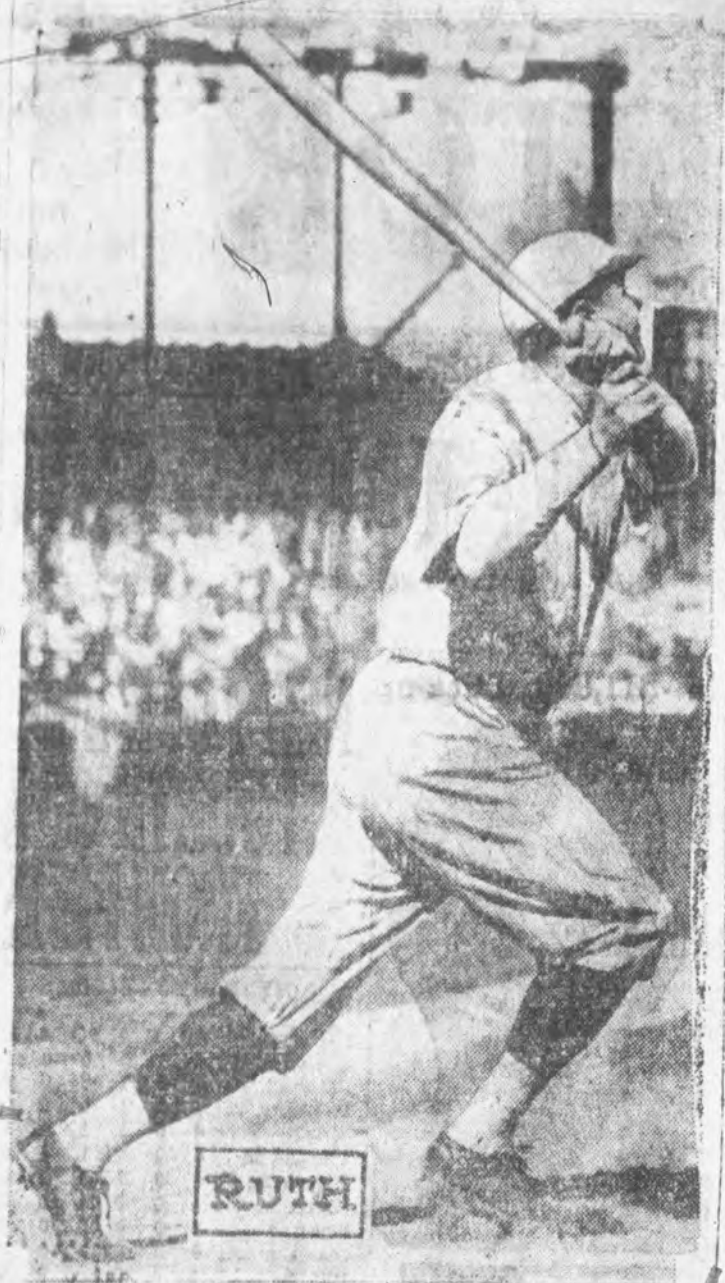

The old time parade has been omitted. This outdoor pageant has been supplanted with a gigantic spectacle entitled "Peter Pan in Fairyland." Over 500 persons take part, hundreds of horses and muffs, rare wild animals. Three prima donnas, ballet dancers, special musical score, are just a few of the many things that make this event one of splendor and beauty.

John Robinson has always featured horse flesh, and this year will be no exception. The program offers many new numbers with Kentucky thoroughbred and Arabian high school horses, horses that high jump, horses that dance everything from the minuet to the "Black Bottom."

TWO HURT IN WRECK OF SCHOOL TRUCK

Wilmington, N. C., Oct. 8.—(AP)—The condition of George Duff and Horace Perry, Jr., injured late yesterday when a school bus in which they were riding near Wallace collided with a touring car was said to be improving. Duff's arm was so badly cut it was amputated. Perry has a broken arm.

PREDICT NO ACTION ON MUSCLE SHOALS AT NEXT CONGRESS

Washington, Oct. 8.—(AP)—A prediction that there would be no action on the Muscle Shoals question in the next session of Congress was made by Representative Barton, Republican, Ohio today after a call on President Coolidge.

He said he believed there was too wide a diversion of opinion on Muscle Shoals to insure any action during a session which is already faced with many important problems.

LONDON TYPIST SWIMS CHANNEL

London, Oct. 8.—(AP)—The never-say-die spirit of Mercedes Gleitz, London typist, and swimming devotee, has at last brought her victory over the treacherous waters of the English channel.

Entering the sea at Cape Gris-Nez, on the French coast, in darkness of yesterday morning, her eighth attempt in the last five years, she fought tide, bitter cold and fog for fifteen hours and fifteen minutes to emerge on a lonely beach north of Folkestone. Then, her resources spent, she collapsed and was taken to Folkestone and put to bed.

WOMAN EXONERATED OF MISUSING MAILED

Madison, Wis., Oct. 8.—(AP)—Miriam Noe Wright was freed of a charge of misuse of the mails here today when her divorced husband, Frank Lloyd Wright, noted architect, refused to appear as the chief witness against her.

NOT A FLAPPER

Alma Dittus, Newport, Ohio beauty had Mrs. Josie Cox, a neighbor, arrested because "she called her a flapper." Mrs. Cox was discharged.

TOURISTS OFFER NAMES FOR MOUNT KATAHDIN

Augusta, Maine.—(INS)—Mount Katahdin, lure of the mountain lover and bow of the tourist, furnishes a lively discussion over the proper naming of the various ridges and spurs and trails.

This is shown by correspondence received at the State House by Governor Ralph O. Brewster, who has personally taken much interest in the Mount Katahdin region and its development.

Letters from many tourists offer suggestions for name.

YANKEES WIN FOURTH GAME AND CHAMPIONSHIP

(Continued from Page One)

ball back on the grass and throwing him out. Ruth up; ball one, high; strike one, called; ball two, inside; ball three outside; Ruth grounded out to Harris unassisted. Combs up; ball one, outside; ball two, low; strike one, called; Grantham took Gehrig's hot liner and tossed him out.

No runs, no hits, no errors.

Fourth Inning

Pirates—Grantham up; ball one, low; Gehrig took Grantham's hopper and touched first. Harris up; ball one, low; strike one, swung; Harris singled into right; it was Harris' second hit today. Smith up; strike one, called; Smith fouled Harris, Koenig to Lazzeri. Hill up; ball one, low; strike one, swung; Lazzeri swung; Hill was thrown out at first base, Collins to Gehrig. No runs, one hit, no errors. One left on base.

Yankees—Meusel up; strike one, swung; Meusel was thrown out at first, Traynor to Harris; Lazzeri up; ball one, inside; strike one, called; strike two, swung; Traynor threw out Lazzeri at first; Dugan up; foul strike one; Dugan singles over Traynor. Collins up; strike one, called; strike two, swung; Collins singles into left, and Dugan went to third; L. Wauer juggled the ball. Moore up; L. Wauer was given an error; strike one, called; strike two swung; ball one, outside; Moore strikes out.

No runs, two hits, one error; two left on bases.

Fifth Inning

Pirates—L. Wauer up; ball one, inside; strike one, called; L. Wauer singled to center field. Barnhart up; Barnhart hit into a double play, Dugan to Lazzeri to Gehrig. P. Wauer up; Koenig threw P. Wauer out at first.

No runs, one hit, no errors, none left on base.

Yankees—Combs up; strike one, called; ball one, outside; strike one, swung; foul, strike two; Koenig tried to bunt one; Koenig strikes out; Ruth up; ball one, outside; foul, strike one; Ruth hit a home run in the right field stand, scoring Combs ahead of him. The crowd was frantic. Gehrig up; ball one, Gehrig went out at first, Wright to Harris. Meusel up; strike one, called; Meusel went out. Wright to Harris.

Two runs, two hits, no errors, no one on base.

NOT A FLAPPER

cd; Meusel went out. Wright to Harris.

Two runs, two hits, no errors, no one on base.

Sixth Inning

Pirates—Wright up; strike one; ball one, inside; ball two, inside; strike two, foul; foul ball; Moore threw out Wright at first. Traynor up; ball one, inside; foul strike one, foul, strike two; Traynor was a strike-out victim. Grantham up; ball one, inside; strike one, swung; Gehrig knocked down Grantham's hit but could not catch him; Harris up; ball one, inside; ball two, outside; Harris tried out to Combs.

No runs, one hit, no errors, one left on base.

Seventh Inning

Pittsburgh—The crowd stood up. Smith up; ball one, low; foul strike, one; Gehrig took Smith's grounder and tossed to Moore who dropped it. Hill, Brickell batted for Hill. Brickell up; ball one, inside; Lazzeri fumbled Brickell's grounder and Brickell was safe at first, Yde running for Smith, going to second. L. Wauer up; strike one, swung; ball one, outside; L. Wauer sacrificed. Gehrig to Lazzeri, Yde going to third and Brickell to second. Barnhart up; ball one, low; Yde scores on Barnhart's single over second Brickell going to third. P. Wauer up; Brickell scored on P. Wauer's sacrifice fly to Combs. Barnhart held first. Wright up; foul strike; one; Moore threw out Wright at first.

Two runs, one hit, two errors, one left on base.

New York—Miljus now pitching for Pittsburgh and Gooch catching. Miljus warmed up a bit using a wide curve. Koenig up; ball one, inside; strike one, called; Koenig singles over Grantham. Ruth up; Ruth hits into a double play, Traynor to Wright to Harris. Gehrig up; ball one, inside; strike one, called; ball two, inside; foul ball, strike two; Gehrig sent out a high fly to Barnhart.

No runs, one hit, no errors, none left on bases.

Eighth Inning

Pirates—L. Wauer up; Dugan threw out Traynor at first. Grantham up; strike one, called; ball one, low; ball two, low; Moore's single ball was working quite low; strike two, swung; Grantham singles over Lazzeri. Harris up; ball one, outside; Lazzeri threw out Harris. Grantham going to second; Gooch up; ball one, outside; ball two, outside; ball three, outside; Gooch was purposely walked. Miljus up; foul, strike one; strike two swung; ball one, low; foul ball; ball two, low; Miljus fans.

No runs, one hit, no errors, one left on base.

Yankees—Meusel up; strike one, swung; Traynor threw out Meusel at first. Lazzeri up; ball one, outside; ball two outside; strike one, swung; ball three, inside; Lazzeri was given a base on balls. Dugan up; ball one, outside; Dugan flied out to Harris; Collins up; strike one, called; Collins singles into center. Dugan going to second. Moore up; strike one, swung; ball one, outside; foul strike two; Moore fans.

No runs, one hit, no errors, one left on base.

Ninth Inning

Pirates—L. Wauer up; strike one called; ball one, inside; strike two, foul; foul; Lazzeri throws out L. Wauer at first; Barnhart up; strike one called; strike two, foul; ball one, low; foul; foul; ball two, inside; Moore was taking his third foul; ball three, inside; Barnhart flied out to Meusel. P. Wauer up; strike one, foul; strike two, called; Moore threw out P. Wauer at first.

No runs, no hits, no errors, none left on base.

TODAY

(Continued from Page One)

held down to half their capacity, or less, and the other considered in the ground.

The Republican party in December will select a convention city for 1928. It ought to select San Francisco, bring the intellectual delegates out here and give them a chance to see their own country, coming and going by different routes.

Delegates from New York would be especially interested, for they would see in San Francisco and Oakland a greater New York of the future. San Francisco and Oakland will reproduce on a bigger scale, some day, than Manhattan and Brooklyn.

Already, within a 30 mile radius San Francisco with Oakland and smaller population centres adjoining, has a population of 1,600,000, the greatest population centre on the Pacific ocean.

Californians have a high opinion each of his own city or town, and all of their glorious state. But not one of them realize, even faintly, what this state is to be. They are too near the picture.

San Francisco and Oakland, on either side of the bay, but united by bridges and tunnels, will have a population far greater and richer than that of New York today.

Already through the Giannini brothers, California has built up a bank with close to a billion dollars.

A few years ago the father of the Giannini boys started his little bank in the Italian quarter, calling it "The Bank of Italy," for convenience of Italian fruit growers. That bank shows how things grow out here.

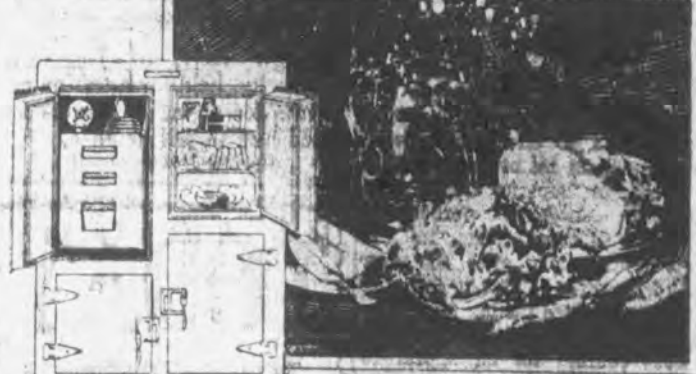

MARKET SELLS 5,287,714 POUNDS LEAF TOBACCO

(Continued from Page One.)

Prices were low, the opening was the biggest in its history with more than a million pounds on the warehouse floors. Reidsville reported 265,000 pounds on the floors while Danville had something like 600,000 pounds at the opening. Mebane probably had the highest opening day average of \$24 where about 125,000 pounds of leaf were sold.

Burlington's average was \$20, Stoneville's \$10.40, and while the old belt markets were getting started this week, clearing the inferior grades, the markets of the Eastern belt were having the greatest sales on record. The highest prices of the season were paid on the Greenville market the first of the week when total sales of 1,109,504 pounds brought \$27,937.66 or \$24.15 average.

Look us over today.

Kelvinator's dry, frosty cold actually improves foods

When you use Kelvinator Electric Refrigeration, you use a metal freezing unit instead of ice. This freezing unit stays so cold it becomes thickly coated with frost, and the air in the refrigerator becomes dry and frosty.

This is true refrigeration. It actually improves foods. The good things you keep in your refrigerator are better than ever when you take them out.

Kelvinator requires no attention—you simply forget it. It regulates itself and your refrigerator stays cold day after day whether you are at home or visiting. It can be installed in your own refrigerator. Phone or call and learn how.

DR. COOK DELEGATE SCOTTISH RITE MASONS

The Rev. James E. W. Cook has just been notified of his selection as a delegate to the Supreme Council of Scottish Rite Masons which will meet in the Temple, Washington, D. C., from October 16 to 22, inclusive. The Supreme Council meets every two years and is composed of prominent Masons from all over the world. It is the mother council and supreme legislative body of Scottish Rite Masons everywhere. To be chosen as a delegate is considered a high honor among Masons.

Mrs. Hassell Entertains

End of the Century Club

The End of the Century club, on Tuesday afternoon, Oct. 4, held its first meeting of the year, 1927-28 at the home of Mrs. J. L. Hassell on Pitt street.

The meeting was presided over by Mrs. J. L. Little, the new executive for the year 1927-28. The club was pleased to welcome back several members who have been absent for the last year—Mesdames Williams, Arthur and our much-loved honorary president, Mrs. R. R. Cotton.

At the conclusion of the routine business Mrs. J. B. Spilman furnished a most interesting program as follows: "A Century of Dress"; (a) Dress of our Grandmothers; (b) Dress of our Mothers; (c) Our Own Dress.

A most interesting reading by Mrs. Spilman on the most extreme and ridiculous modes of dress in the past century was greatly enjoyed. A lively dance by little Misses Spilman and Blount followed. Then the club was charmed by the singing of Miss Ernestine Forbes of the "Old Grey Bonnet" and "Old Plaid Shawl." This was followed by a delightful rendition of parts of "The Bohemian Girl" by Miss Windsor, of the college.

The discussion which followed as to how far we shall follow the dictates of fashion and how shall we dress our daughters, was amusing in the extreme and wound up in general hilarity.

After the program tempting refreshments were served and the club adjourned to meet at Commodale on Tuesday, October 11th.

Mrs. Hassell had as her house guest, Mrs. Yelverton, of Stantonsburg.

—Reported.

We like Greenville.

Miscellaneous Shown In Honor of Miss Helen Brown

Yesterday afternoon, at her home on Fourth street, Miss Hennie Long charmingly entertained at bridge in honor of Miss Helen Brown, who will be married this month. Only members of the bridal party and intimate friends of Miss Brown were present. The home was lovely with decorations of fall flowers.

Mrs. George Powell, making high score, was given a novelty bracelet. The consolation, a boutonniere, went to Miss Mary Beriolet. Miss Brown was presented with a bride's bouquet showered with miscellaneous gifts which was quite a surprise.

A delectable salad course was served at the conclusion of the game.

Reception at Methodist Church

The Woman's Missionary Society of Jarvis Memorial Methodist church cordially invites the students, teachers and officers of the East Carolina Teachers College, the teachers of the city schools,

nurses of Pitt Community hospital and the young men and women of the Methodist church to a reception to be held in the Sunday school rooms of the church on Monday evening, October 10th, from 8 to 10 o'clock.

Mrs. D. L. Jackson, Pres. of Society, Mrs. L. S. Jones, Chm. of Local Work, Mrs. H. E. Austin, Chm. of Invitations.

Gives Testimony In Crowder Case

Henderson, Oct. 8.—(AP)—Reading into the record testimony offered in his previous trial occupied attorney today in the case against R. B. Crowder, charged with embezzlement and abstraction in connection with the failure of the Farmers and Merchants Bank of Henderson in April, 1924, of which he was cashier.

The Supreme Court had reversed a previous Vance Superior Court judgment against Crowder because the solicitor was in the Grand Jury room when the indictments against him were considered.

Practically the same testimony as in the previous trial was being offered. A shorter route, however, was in sight, as Solicitor Hunt Parker kept reading from the old record questions and answers previously given.

Good material and good workmanship in a tire must be paid for. You can't have quality and a "long discount" too. Years ago, Goodyear decided for quality. Why don't you? Come in and see our specials. Exide Battery Service Co. Phone 459, 419 and 421 Cotanch St.

Held Without Bond

Jacksonville, Fla., Oct. 8.—(AP)—R. L. Mercer, 24, of this city, accused of having kidnapped, robbed and attacked a young woman yesterday, was held without bond for Grand Jury action, following a hearing before Magistrate E. A. Burney today.

These are great days for the buying of Good years tires. For less money now, he buys far more mileage and greater freedom from trouble than in any previous time in his life. Come in and get our prices. Exide Battery Service Co. Phone 459, 419 and 421 Cotanch St.

LARGER DEATH LIST EXPECTED AT KIMBERLY

Five of 29 Caught in Collapse of Paper Factory Building Still Unaccounted For.

Appleton, Wis., Oct. 8.—(AP)—The unexplained collapse of the Kimberly Clark paper mill at Kimberly, near here, yesterday, which cost at least six lives, may have a larger death list when work of clearing the wreckage of twisted steel and fallen brick is finished.

Five of the 29 who were caught in the collapse were still unaccounted for after an all night search by 900 fellow workmen, laboring under the glare of flood lights. Company officials held little hope that they would be found alive.

Three men were taken from the ruins alive last night. The men said they feared they might not be reached before death came from exhaustion, but they "felt fine" and were uninjured.

They were George Pohan, 18, Chester Mauthe, 20, and Albert Jensen, 21, all of Kimberly.

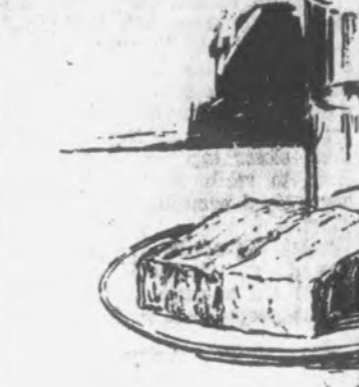

The dead men are: Otto Kruger, Kimberly, married, four children; Peter Van Langvelde, 16, Little Chute, married; Robert Goffard, Kimberly, John Piers, 38, Kimberly, Kerman Sprengers, Barbooy, Arthur Brockman, 40, Kimberly, married, four children.

Brockman died yesterday from his injuries. Only two of the 12 injured men lying in St. Elizabeth's Hospital here are in danger of death, doctors said.

DESIRE SPEEDY TRIAL OF WIFE MURDERER

Mays Landing, N. J., Oct. 8.—(AP)—A speedy trial for Mrs. Margaret T. Lillendahl and William Beach, Hammonton poultryman held without bail on indictments charging the murder of Dr. William Lillendahl, was desired by authorities today. Louis R. Petto, prosecutor of Atlantic County, said an effort would be made to have the case completed in time for trial before October 18. If the case could not be called before the 18th, Mr. Petto said, it might be three months before it could be brought up.

REDUCE FIRE WASTE

Every year, fire, in this country, burns property worth over half a million dollars. In addition to this direct loss, is the much greater loss caused indirectly by unemployment resulting from destruction of plants, loss of profits and good will which comes from interruption of business.

Think what this sum of money would mean if used for schools, roads, or what may be closer to the heart, if it were used for governmental purposes and taxes lowered accordingly.

Something must be done! There has been laudable co-operation among editors in this country who have written voluminously on the subject, doing their bit to stamp it out. But that is not sufficient, valuable as it is.

CHARITY

There are many kinds of charity as well as many different ways to give. Gifts can be harmful as well as helpful; actuated by selfishness as well as by generosity.

Then too, it is not necessary, as it is sometimes considered, to have financial means in order to be charitable. The best of gifts are

often just a little brotherly and personal interest—a word of advice and encouragement, a smile or a slap on the back. In many cases where a man has gotten into the rough of life's course and considers himself to be out of the game, the knowledge that someone has confidence in his ability, is taking a personal interest and backing him for a winner, renews his confidence in himself and he starts down the fairway with renewed ambition, whereas an impersonal donation of money, while it might help, stands a chance to further deprive him of his feeling of independence and confidence.

In the modern-day rush for wealth and material gain the meaning of the word brother is fast being forgotten. The tendency is to become a group of mechanical beings, devoid of all but selfish thoughts, striving for wealth and display. One might well pause a moment and remember that after all life is short; it is better to have one's memory perpetuated by friends and kind deeds than by hoarded treasures.

WASHINGTON.—(AP)—"Two many women's says the Bureau of Home Economics, "are satisfied if their beds have a smooth exterior, not realizing perhaps that sheets that pull up at the foot or blankets that slip sideways, are not conducive to unbroken rest."

Quick Relief

All the suffering in the world won't cure disease. Pain makes most diseases worse and sometimes brings on further disorders.

DR. MILES' Anti-Pain Pills

stop the pain and give nature a chance to work a cure.

About Town

"It is to be hoped Greenville people will not fail to observe Fire Prevention Week, beginning Monday morning and continuing all through next week," said Mayor J. C. Lanier this morning.

While Greenville's property loss of \$79,525.00 for last year sounds large, it is small in comparison to other cities. This, however, is nothing to boast about.

George Clark, chief of the Greenville fire department this morning warned local people of the danger of following the fire truck when it is called out in response to an alarm.

"Numbers of people" said the chief "drive as near the truck as possible. They not only jeopardize their lives in doing so, but also jeopardize the lives of others."

"Fireman are handicapped when automobiles and people gather close to the scene of a conflagration. People desiring the local company to render most efficient service should make it a point to remain at a distance and not get in the way."

"Fire fighting is conducted along scientific lines in virtually all cities of the nation. There is no haphazard methods as of old, but all the training of the firemen counts for little when handicapped by the mob."

"Stay off the streets with your car when the alarm is sounded, and

Kentuckian Finds Black-Draught a Great Aid in Relieving Constipation, and Soon Feels O. K.

Catlettsburg, Ky.—Mr. Miles Hopkins, of 1218 Center Street, this city, says:

"There was a time when my health was not so good. I suffered a great deal from gas pains. My system was saturated with poison which was not properly eliminated. From time to time I had severe headaches, and I felt sluggish and dull."

"I gained in weight and my general health was good. That experience made me realize the merits of Black-Draught. I kept it in my home and when I begin to feel lifeless and dull, I take a dose, after which I feel O. K. again."

"People generally do not realize the risk they take in allowing constipation to run on. I try to keep my system cleaned, and I find Black-Draught a great aid in doing this."

in this way enable your firemen to render more efficient service."

Mrs. John Carroll, of Winterville is a firm believer in the possibilities of the community fair. She was one of the guiding spirits in the fair recently staged in the Winterville community.

"The people responded most nobly to the call for exhibits this year," Mrs. Carroll told the author of this column while the fair was in progress. They are convinced now that the fair means much to them.

"The Winterville fair last year was not what it should have been, but it left a germ of enthusiasm in the people that resulted in the

splendid attraction just closed. "We hope to be able to greatly increase our exhibits by next year, and feel sure we shall be able to do so."

"Harvest Days" sale, sponsored by the Merchants Association, was brought to a close yesterday. Merchants who participated today reported that the sale was everything anticipated.

"People from many parts of the great trade territory of this section were present", stated C. B. Rowlett, secretary of the Association today and numbers bought liberally of the unusual values which the merchants had placed on their counters. This is the first time Harvest Days have been celebrated in this city.

The deeping of Tar River so as to make it navigable is a matter

vitaly concerning every business man in this locality, Congressman Lindsay C. Warren, of Washington believes.

Mr. Warren was one of the principal speakers at the Kiwanis club here last night when the Tar River project was discussed. He expressed belief that water transportation would result in lowered freight rates, and at the same time bring more business to this community.

"If you care anything about the safety of your home, then observe some of the precautionary measures set forth in "National Fire Prevention Week Program" just made public," admonished members of the state fire insurance department today. "Too much property is destroyed by the fire demon

in North Carolina. This loss can be reduced by the cooperation of the public in preventing conflagrations.

"Remember your duty to yourself and your community, and help make fire prevention week a success."

We deliver no germs.

POLICE CALLS SCARE

Louisville.—(AP)—The desk sergeant of the Louisville police department must answer almost all telephone calls despite the fact that 20 expert telephone calls have been summoned to duty.

Most of the applications withdrew after the first hour of instruction. Only two returned. "They are scared away by the routine calls," the sergeant explained. "I'd hate to think what they'd do in a rush on election night or the Fourth of July."

Administrator's Notice

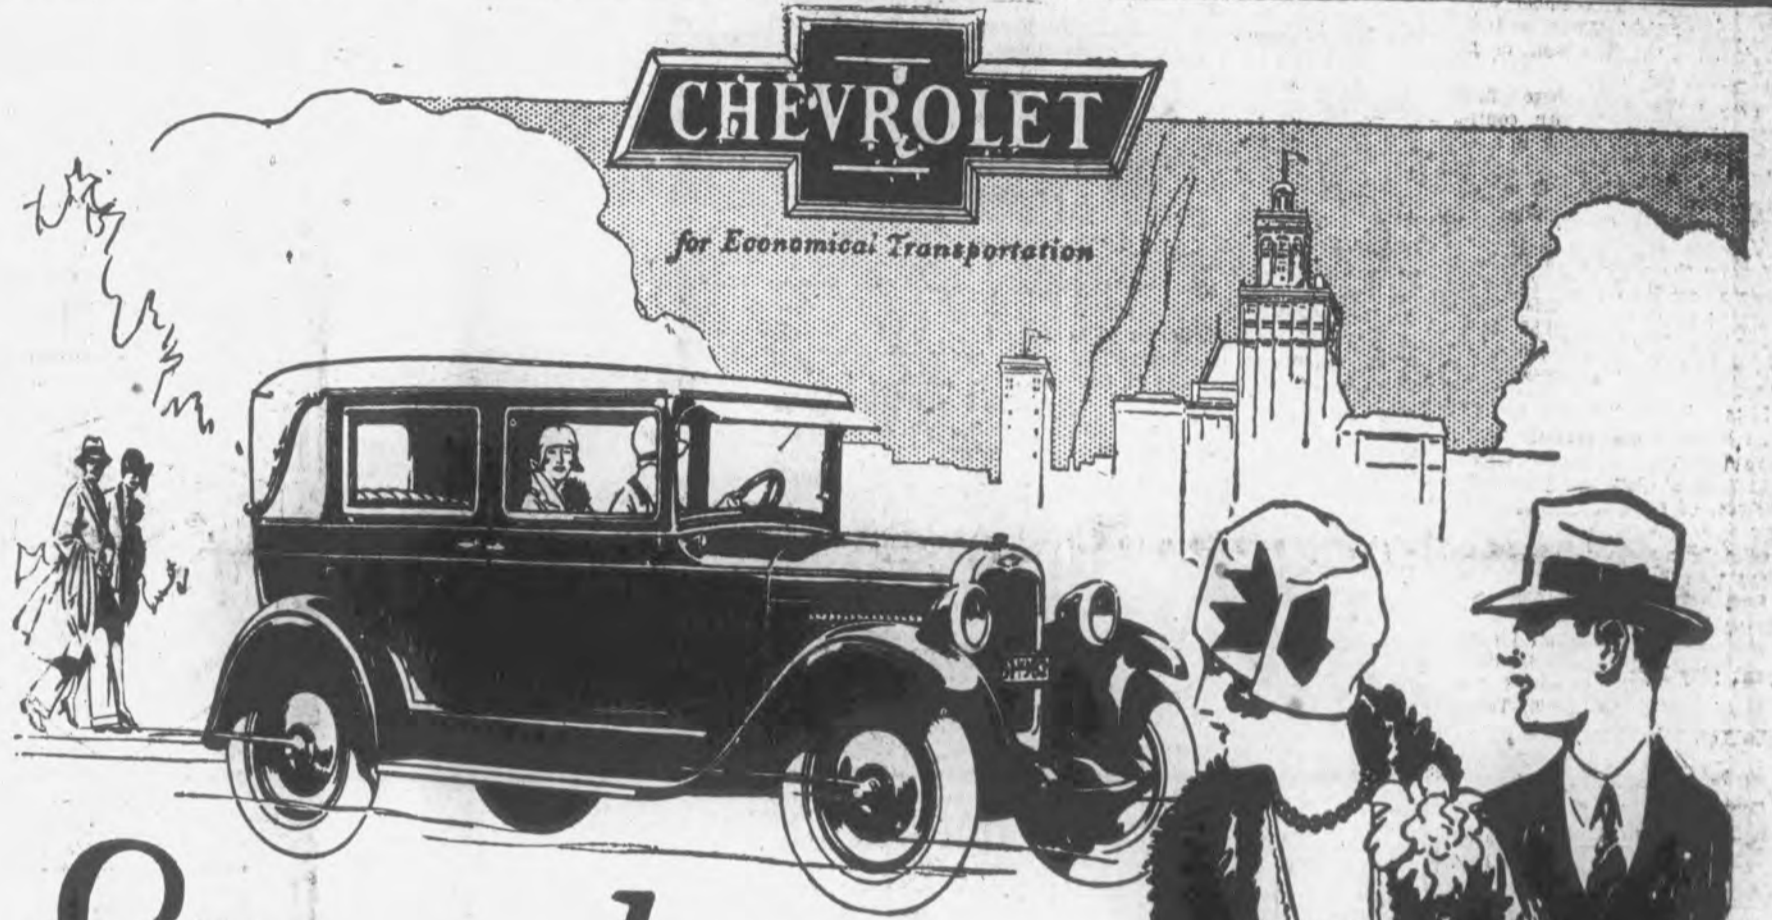

Having this day qualified as administrator on the estate of Callie Norville, late of Fountain Township, Pitt County, North Carolina this is to notify all persons having claims against said estate to present them to the undersigned within twelve months from this date or this notice will be pleaded in bar of their recovery.

All persons indebted to said estate will please make immediate payment.

This October 8th, 1927. F. G. James & Son, Attys. J. I. Norville, Admr. Oct. 8-11w-4wk.

Everywhere - people turn to admire its beauty!

Embodying all the masterly design and craftsmanship of bodies by Fisher.

—offering such marks of distinction as full-crown, one-piece fenders and bullet-type lamps—

—and finished in lustrous colors of genuine, lasting Duco—today's Chevrolet is everywhere acclaimed as one of the world's most beautiful automobiles . . . so refreshingly different, so outstandingly smart and stylish that people everywhere turn to admire it!

Never before has a low-priced car provided so many fine car features—so many characteristics of custom elegance. From gleaming radiator to spare tire carrier, every detail stamps it as a car of the finest quality—built to standards of excellence hitherto associated with cars costing hundreds of dollars more.

And this remarkable smartness is matched by a type of performance that is no less outstanding—perfect comfort at every speed, flashing acceleration, and delightful handling ease.

Come in and see today's Chevrolet. One glance at its custom-built beauty, one ride at the wheel of your favorite model—and you will know why Chevrolet is everywhere classed as the world's finest low-priced car.

Market Report Cotton--Stocks--Grain

COTTON
New York, Oct. 8.—(AP)—The cotton market opened steady today at unchanged prices to an advance of 18 points on buying promoted by relatively steady Liverpool cables and reports of more rain in the southwest.

Early fluctuations were nervous and irregular, with business attributed largely to further evening up of accounts in preparation for the government crop report. There was covering and probably fresh buying on expectation of comparatively small crop figures, and early trading or hedge selling appeared to be readily absorbed. December settling up to 21.15 and March to 21.40 by the end of the first hour, or 23 to 27 points net higher.

Private cables said there had been calling covering with cottons and Bombay buying in Liverpool.

Future closed steady 42 to 58 higher. Spot steady, middling at 21.75.

Sales 1,600 bales, including 3,700 American. Receipts none. Futures closed steady. Oct. 11.78, Dec. 11.30, Jan. 11.33, March 11.35, May 11.37, July 11.33.

GRAIN
Chicago, Oct. 8.—(AP)—Fresh unfavorable weather reports from Canada together with Liverpool quotations better than expected to make the wheat market here average better early today. Corn prices were weak despite numerous advices of frost. Opening unchanged to 3-4 cents up wheat scored some advance all around. Corn started unchanged to 7-8 off, rallied a little and then underwent a general sale. Others were steady. Provisional higher.

WEEKLY DRY GOODS
New York, Oct. 8.—(AP)—Trading has been light in cotton goods markets as buyers have been holding off because of a declining cotton market and the near approach of the government report on cotton crop conditions and probable production.

Prices have moved a little in the gray goods markets on some of the print cloths and sheetings and have held firm on finished lines.

The movement of goods into wholesale channels has been steady and unfilled orders for many lines will keep mills occupied without accumulations for some time.

Prices current in primary markets are as follows: Print cloths, 28-inch, 64x6, 7c; 30-inch, 64x6, 7c; 32-inch, 64x6, 7c; 34-inch, 64x6, 7c; 36-inch, 64x6, 7c; 38-inch, 64x6, 7c; 40-inch, 64x6, 7c; 42-inch, 64x6, 7c; 44-inch, 64x6, 7c; 46-inch, 64x6, 7c; 48-inch, 64x6, 7c; 50-inch, 64x6, 7c; 52-inch, 64x6, 7c; 54-inch, 64x6, 7c; 56-inch, 64x6, 7c; 58-inch, 64x6, 7c; 60-inch, 64x6, 7c; 62-inch, 64x6, 7c; 64-inch, 64x6, 7c; 66-inch, 64x6, 7c; 68-inch, 64x6, 7c; 70-inch, 64x6, 7c; 72-inch, 64x6, 7c; 74-inch, 64x6, 7c; 76-inch, 64x6, 7c; 78-inch, 64x6, 7c; 80-inch, 64x6, 7c; 82-inch, 64x6, 7c; 84-inch, 64x6, 7c; 86-inch, 64x6, 7c; 88-inch, 64x6, 7c; 90-inch, 64x6, 7c; 92-inch, 64x6, 7c; 94-inch, 64x6, 7c; 96-inch, 64x6, 7c; 98-inch, 64x6, 7c; 100-inch, 64x6, 7c.

FIND MITIVE FOR SUICIDE IN N. JERSEY

Bloch Takes His Life After Failure to Get Insurance and Elope With Girl.

Yewwood, N. J., Oct. 8.—(AP)—The failure of a scheme to kill his double, use the body to obtain \$250,000 insurance for his wife and then elope with a 19-year-old girl, was advanced by police today as the motive behind the suicide of Raymond Bloch, 35, Maplewood automobile dealer in a New York hotel Wednesday.

Bloch slashed his wrists, sawed his neck and submerged himself in a bathtub.

Chief of Police James R. Helf said he obtained the solution of the suicide from the girl with whom Bloch planned to elope.

Dismissing Bloch's final note referring to trouble with bootleggers, Chief Helf obtained from the girl, Anna H. Theim, of Kearny, the story of her two-month love affair with Bloch. The girl said she knew nothing of Bloch's plan to kill Michael Phoropole, a waiter, and leave the body in Bloch's car to enable his wife to collect a \$250,000 insurance policy.

The girl said she and Bloch were infatuated. Bloch's business was failing, she said, and he bought a new car, and wanted to take her West with him, abandoning his wife, soon to become a mother.

Find Wife Guilty Of Slaying Husband

May Landing, N. J., Oct. 7.—(AP)—An indictment charging "murder in the first degree for the killing of Dr. William Lillendahl near Hampton, September 15, was returned today against Mrs. Margaret Lillendahl, the main physician's widow, and Willis Beach, her reputed admirer.

Mrs. Lillendahl and Beach were served with warrants late last night to appear in court today.

Both spent the night in the Atlantic county jail, adjoining the court house, where they were brought yesterday.

Lillendahl was found dead in his automobile in a wooded section near Hampton. He and his wife had been driving and Mrs. Lillendahl told the police they had been attacked by two negroes.

with last year. A further increase in crude oil production, reports of another "gasoline price rutting war" in various sections of the country and rumors of dividend cuts or commissions brought heavy selling on the oil shares.

Prices were mixed. General Motors issues were again heavily traded in and appeared to meet heavy large offerings after touching new high prices. Packard was one of the strong features. Ceppers displayed a firm undertone.

Railroad share started forward at a brisk pace early in the week, but slowed up when the final compilation of August earnings were issued.

WEEKLY GAIN

Chicago, Oct. 8.—(AP)—Scouts on watch for an expected avalanche of Canadian wheat are beginning to question whether the avalanche will not prove to be a myth.

Largely as a result of Canadian crop movement delays, wheat this morning compared with a week ago was 3-8 to 7-8 a bushel higher, whereas corn was 1-2 to 1-4 off, and provisions varying from 1-2 decline to a rise of 5-8.

VIUESNEY PAROLED

Atlanta, Oct. 7.—(AP)—Warden John W. Snook of the Atlanta Federal Penitentiary said today that J. A. Viuesney, serving five years from West Virginia for using the mails to defraud had received notice of his parole. Mr. Snook said release of the prisoner was dependent on the receipt of official papers which were expected in a "day or so".

Five Men Escape From Prison
Baton Rouge, La., Oct. 7.—(AP)—Five men escaped from the State prison at Angola late yesterday after overpowering a guard, it was learned here today. One of the five was recaptured but the others are still at liberty.

Needle Swallowed Years Ago, Makes Way Through Body

Durham, Oct. 7.—(AP)—The mystery of stabbing itching darts of pain which were felt at intervals on various parts of the body of 13 year old Margie Wood, has been solved.

For a dozen years, slowly working its way through tissue, possibly perhaps even bone, a needle, hooked, today reached the end of its journey through a human anatomy. Scraping the girl's leg with a knife the black point of the object was brought to view and extracted—still in one piece and intact.

When Margeret was but an infant her parents, Mr. and Mrs. Sam L. Wood, of this city, received a package of needles, odd in the fact that instead of being eyed, they were hooked at the end. The theory is that the then tiny tot swallowed one of the discarded needles. It is undoubtedly one of the same kind. Although sunny steel when, as it is supposed, the needle was swallowed, it was perfectly black when extracted.

We call for and deliver.

Court Settles K. R. Case
Topeka, Kans., Oct. 8.—(AP)—Committee representing holders of notes of the Kansas City, Mexico and Orient Railroad today received in Federal Court 20,345 of the 35,000 shares of the company's stock offered to not holders. The committee representing British note holders was allotted 14,455 shares. The remaining 200 shares went to three individuals and on brokerage firm.

GORMAN'S MARKET REPORT

The sales have been large this week but, prices have held up well. Gorman's sold 829,266, average 22.76 for entire week and we have had considerable more than our share of common tips, which cut our average very much. Our good, medium and fine tobacco has sold well and many of our customers have averaged over forty cents per pound for their entire loads (which means the whole barn, no cut outs) quite a number of the wrapper grades going above sixty.

We have been bothered on account of the lack of basket, this we believe will not be the case from now on, as we have arranged for seven thousand additional baskets these will reach Greenville during this coming week. We believe prices are now about what we can expect, except possibly the finest tobacco will show more strength.

Send your good and fine tobacco as well as your common tobacco to Gorman's and you will get the top of the market.

First Sale Tuesday October 11th

First Sale Thursday October 13th.

1st. Second Sale Friday October 14th.

J. N. GORMAN AND SONS

REBEL CHIEFS ELUDE TROOPS NEAR PEROTE

Gomez and Almada Slip Away From Position While Federals Attack.

Mexico City, Oct. 8.—(AP)—Arzobispo Gomez and Hector Almada, rebel generals, have eluded the federal columns seeking to surround them.

Announcement was made by the presidential bureau late last night that the rebels had slipped away from their position at El Triunfo ranch, near Perote, in the State of Vera Cruz, retreating southeasterly into a region of ragged hills and ravines.

The presidential bureau also announced that General Alfonso De La Huerta, brother of the former provisional president, and General Pedro Medina met death in a battle with federal troops in the State of Sonora. Several other rebels, whose names were not given, also were killed.

The bureau was informed, it said, that De La Huerta, with a small group, crossed into Mexico near Nogales for the purpose of joining the Gomez-Serrano rebellion but that the band was defeated and its leaders killed in a fight near Coccon De Canada.

Press dispatches to the Mexican newspapers yesterday were that De La Huerta and Serrano were captured and executed instead of being killed in battle.

Aside from the Sonora fighting and the pursuit of the Gomez-Almada forces in Vera Cruz, the presidential bureau stated, tranquility reigned throughout the republic.

Railway traffic, interrupted for the expedition of troop movements, will soon be restored to normal, the authorities said. Preparations have been completed for seizing the property of persons found guilty of participation in the rebellion.

Measures are also being taken to prevent profiteering, officials in charge of the price charged in all stores, where foodstuffs have risen about 30 per cent since the beginning of the revolt. There is no food shortage, reports from the living districts bringing in their usual quotas.

The Universal has published an appeal for executive clemency for Victor F. Palavicini, who founded and long directed that newspaper. The Mexican consul-general in New York is informed that Senor Palavicini will be tried for complicity in the revolt.

The former editor, who was arrested at the home of a friend, allegedly in hiding and disguised, is suspected of being an intellectual leader of the rebellion.

To Be Mrs. Tunney?

Caroline Bishop, pretty Los Angeles girl and niece of Fred Thompson, cowboy star, declines to admit or deny her rumored engagement to Gen. Tunney.

DENY EVASION OF CHINESE TROOPS

Peking, Oct. 7.—(AP)—A spokesman for the Ankuochun or Northern Alliance, which controls the Peking regime, today denied reports that the Northerners had evacuated Paoingfu, south of Peking on the railway to Hankow, but the correspondent has reason to believe that they have fallen back, concentrating at Kapeitien, north of Paoingfu.

SEES JAPANESE IMPERIALISM IN CHINA

Shanghai, Oct. 7.—(AP)—Wu Chao Chu, foreign minister of the Nanking Government, today sent a dispatch to Kenkichi Yoshizawa, Japanese minister to China at Peking, declaring the "disquieting reports" indicated that the Japanese government is contemplating a new policy of economic and political imperialism toward China, especially in Manchuria and Mongolia.

Service at Stokes On Sunday afternoon, at 3 o'clock the Rev. James E. W. Cook will preach at the M. E. church. A hearty invitation to attend is extended to all.

Call us today—12.

LETS GO TO CHURCH

THERE ARE MANY ADVERSARIES

(By REV. L. B. JONES)

There is a story, which is none the less good because it is old. A colored minister, whose early educational opportunities had been greatly abbreviated, who found his text in the utterance of St. Paul: **THERE ARE MANY ADVERSARIES.** The word "adversaries" contained more syllables than he could easily pronounce at first sight, and he read it, "There are many adversar-issers." He was right. There are and there ought to be more. The King's business ought to be declared from the house top.

"Let your light so shine before men that they may see your good works and glorify your Father who is in heaven." There are a few instances in the gospels where Jesus Himself forbade publicity, but these were special cases and not the rule. Where the temptation was to exalt the physical at the expense of the spiritual Jesus requested His disciples to practice the policy of silence. But the ideal society which our Lord pictures is

one in which all things should be revealed; a society in which should be fulfilled the words of the Psalmist, "The Lord gave the Word and great was the company of those who published it."

The age of reformation is not over. The church today needs another awakening. Creeds are recited but not practiced. Faith is professed but not lived. Religion is talked but not acted. There are many modern methods of publicity, but after all is said and done, a witnessing church-member is better by far than all the other publicity methods ever invented. The one duty that Jesus Christ imposed upon His disciples was that they were to be witnesses for Him and the one great way in which His church is to be fortified today in this community is by this same sort of witness bearing.

Let us use them, in a proper and sane way every modern sort of church publicity that is suitable, but let us not forget that the most winning advertisement is A WITNESSING CHURCH MEMBER.

CHURCH DIRECTORY

Eighth Street Church of Christ
R. J. Bamber, Pastor

Market 200 Carloads Poultry

Raleigh Oct. 7.—(AP)—The state department of agriculture has assisted in the marketing of three million pounds of live poultry in 200 carload lots this season, the department reported today, making a total of six million pounds for the past three seasons, including the present.

In 1926 a total of two million pounds was marketed. This season's cooperative shipments were participated in by poultry raisers in 80 of the state's 100 counties.

WINS ECONOMICS POST

Conway, Ark.—(AP)—Theodore F. Mahny, since 1923 director of the department of rural life at Hendrix College, will become an economist of the Division of Farm Population and Rural Life of the United States Department of Agriculture Oct. 21.

NOTICE OF SALE

North Carolina—Pitt County.
Under and by virtue of the power conferred upon me by an order of the Clerk of the Superior Court of Pitt County in a special proceeding pending therein, entitled: "C. L. King et al vs. John Isler et al," the undersigned commissioner will on the 8th day of November, 1927, at 12 o'clock noon, at the courthouse door in Greenville, Pitt County, North Carolina, offer for sale to the highest bidder for cash the following real estate:

Lying and being in the county and State aforesaid, adjoining the lands of C. F. Gaskin et als, and bounded as follows:

That certain lot of land in Swift Creek Township, adjoining the lands of C. F. Gaskin and others, bounded as follows: Beginning at a stake on the north side of Conventina Creek, and runs northeast 105 yards to a stake; thence east 70 feet to a stake; thence southwesterly to the creek; thence with the creek to the beginning, containing one-half acre, more or less, and being the same place where John S. Freeman and wife formerly owned, and being the same lot described in a deed from L. A. Cobb and wife to E. T. Isler and wife by deed dated January 5th, 1927, recorded in Book H-6, page 20.

This October 6, 1927.
S. T. THORNE,
Commissioner.
