DEATH TOLL FROM BLAST TWENTY SIX

Rescuers Continue to Find Bodies as they Toil Amid Wreckage Caused By Explosion

Pittsburgh, Nov. 16.—(AP)—Working amid twisted steel and piles of brick, workmen busy at the task of clearing away the wreckage caused by the explosion of the Equitable gas tank of the Equitable Gas Company had uncovered four bodies since taking up the slow digging in the nearby shattered plant of the Pittsburgh Clay Pot Company.

The known death toll reached twenty-six with the finding of the four bodies yesterday and last night and the death of one man in a hospital, Edwin Smith, 75, died of a fractured skull he received in the blast that devastated an area of several north side blocks, when the tank blew up Monday. Two bodies recovered last night were not identified.

Officials of the company said 32 employees had not been accounted for. They said, however, several probably had escaped but had not reported.

The work of probing the debris was made more difficult by a flood of water in a cellar in the rear of the pottery plant. From this cellar were taken two bodies after a search had pumped out a quantity of the water. The lives of the workmen were risked when a floor of the plant collapsed.

Buildings in the area that were declared unsafe were being razed. Owners unable to bear the expense of removal and storage of their possessions will have a \$100,000 appropriation from the city to aid them.

Repairing or reconstruction of the three shattered tanks will not be permitted until an investigation made by the city engineer into the hazard of storage of gas within the city limits has been completed. It was one of these huge storage tanks that exploded and caused widespread death, injury to 500 persons and damage expected to total millions of dollars.

The question of rebuilding the Equitable Gas Works in the devastated district was definitely disposed of when President Robertson said the wrecked tanks would not be reconstructed on the old site.

R. E. Bondy, eastern disaster relief director, American National Red Cross, surveyed the blast-swept region this morning. He was informed by A. K. Oliver, chairman of the Pittsburgh Chapter, that a preliminary inspection showed four hundred families homeless, fifty of whose houses were destroyed.

Police on duty in the stricken district raided a saloon, confiscated some moonshine and wine, and arrested the owner.

Stoney Re-Elected Mayor Charleston

Charleston, S. C., Nov. 16.—(AP)—Mayor Thomas P. Stoney will serve for another four-year term as chief executive of the city of Charleston as a result of the Democratic primary yesterday when he was nominated in a sweeping victory in which all aldermanic candidates on his ticket participated, receiving 8,210 votes to 3,803 for his opponent, Maj. Daniel L. Sinker.

Mayor Stoney carried every ward in the city, the traditional factional lines having been to a large extent swept aside in the majority of 4,407. The victory ran about 200 votes ahead of his ticket.

The election passed off quietly with practically no disorder reported.

The returns will be officially canvassed and the results declared by the executive committee at a meeting Friday.

Mayor Stoney expressed himself as deeply appreciative of the support accorded him.

BURNS DECLARES PINCHOT INFORMANT IS NOT RELIABLE

New York, Nov. 16.—(AP)—Sherman Burns, active head of the William J. Burns Detective Agency, asserted in a formal statement given the press today that affidavits have been secured discrediting the reliability of William J. McMullin.

WORKMAN KILLED IN FALL FROM MOUNTAIN

Atlanta, Ga., Nov. 16.—What is said to be the first fatal accident which has occurred at the Mount Confederate Memorial occurred today when Tom Kennedy, 27, a workman, was hurled 250 feet down the huge granite wall. A large boulder which Kennedy was extracting struck the swinging platform on which he was working, knocking him off.

TODAY

Shooting Stars.
Rising Stocks.
And Gigantic Corps,
Well May We Give Thanks.
(By Arthur Brisbane)

Copyright 1927, by Star Co

Tonight and tomorrow night, look for shooting stars. This earth, rolling slowly on its axis, a thousand miles an hour, and around the sun nearly two million miles a day, is now crossing the "Lenoid meteor stream," particles of solid matter, of various sizes, some smaller than your fist, some bigger than a house.

Luckily, when they strike our atmosphere, at terrific speed, friction with the air melts them, and you see a "shooting star," red, hot material, largely iron, on its way to earth falling in the ocean. Millions of these meteors fall to earth, in the form of dust, gradually piling up at the ocean's bottom.

It is said 240,000 shooting stars were seen in nine hours, going thru the Lenoid stream in 1883.

We may be grateful for our atmosphere in supplying us with oxygen, protecting us from bombardment that would destroy every building on earth, and kill nearly all human beings on it.

Stocks were cheerful yesterday. "Big Steel" went up \$4. General Motors went up, publication of an alleged picture of Henry Ford's new car seemed not to worry Wall Street. Dry goods store and chain store stocks went up.

Mr. Isaac Gimbel, of Gimbel Brothers, doing a yearly business of \$125,000,000 in four American cities, said on Sunday: "Some Americans do not realize what it means to do business in forty-eight great states with the same money, laws, credit and language everywhere."

"When I was in Cairo I saw his wagons of the Paris Bon Marche going through the streets. I looked up the head of their Egyptian branch and found that they had come three thousand miles from Paris to do a business of \$1,000,000 a year. A successful American business man wouldn't go 100 miles for that much business."

"I traveled back to London with an Englishman managing six Brit-

TEACHERS TO GATHER HERE NEXT FRIDAY

Two Thousand Visitors Will Attend two Days Educational Conference.

Everything is in readiness for the opening of the fall conference of the Northeastern District of the North Carolina Educational Association, which begins here next Friday morning and continues through Saturday. The sessions of the conference will be held at East Carolina Teachers College and many noted educators are listed among those who will appear on the program. According to information about two thousand teachers of the district, which includes twenty counties of this section, will be in attendance.

Aside from the general sessions and group meetings of the conference several entertainment features are being arranged by the local Merchants Association in order to make the visitors stay here an enjoyable one. At six o'clock Friday evening the association will give a barbecue at the campus building of the college for all the visitors while Saturday at one o'clock the president and one representative from every Parent-Teachers Association in the county will be entertained at a luncheon at the Rotary Club Building. These two affairs are being looked forward to with pleasure by the hosts as well as the many visitors who will be in attendance.

Owing to limited facilities in the city to take care of the large number of visitors the Merchants Association requested that residents of the city open their homes to them and the response to the appeal has been very liberal. Mr. C. B. Rowlett, secretary of the Merchants Association, stated today that there were, however, several more rooms needed and he urged that all residents who have spare rooms to offer in touch with him or his committee at once in order that the reservations list may be completed before the visitors arrive in the city and thereby avoid last minute confusion.

FLIER IS HELD TO EARTH BY BAD WEATHER

Captain Giles Awaiting Further Reports Before Hop-off for New Zealand.

San Francisco, Nov. 16.—(AP)—Captain Frederick A. Giles British aviator, today awaited orders from his financial backer in Detroit before deciding whether to take off on the first lap of his Golden Gate-New Zealand flight in the face of storm warnings from the United States weather bureau.

Having laid the situation before the flight financier, W. H. Rosenwarne, of Detroit, the flier was confident that he would receive orders to wait for good weather.

The situation came to a crisis late yesterday when Giles said he had received the following message from Rosenwarne:

"Take off tomorrow without fail"

The flier had already decided to wait for better weather. On receipt of the telegram he sent a message explaining that clouds, showers, and strong south winds had been predicted for the ocean area between here and Honolulu, the first stop, but adding that he would start the flight if Rosenwarne ordered him to do so.

Detroit, Nov. 16.—(AP)—William H. Rosewarne, backer of Captain Frederick A. Giles, British aviator, in his proposed flight to New Zealand by way of Hawaii, in a telegram today to Giles at San Francisco ordered the flier to "wait until present atmospheric disturbance subsides, then proceed immediately" afterward.

Giles last night wired for instructions, stating that although weather conditions were unfavorable he was ready to proceed at once if Rosenwarne ordered.

Rosenwarne said he believed Giles would be successful, and stated that there was "no need to hurry" departure.

"The plane is completely equipped for the flight to Hawaii," Rosenwarne stated, "and it has passed all the federal tests required of ocean flying ships."

Richmond Woman Shot to Death

Richmond, Va., Nov. 16.—(AP)—Mrs. Elsie Holt Snipes, 28, was shot to death in a mysterious shooting affair in the Snipes apartment here shortly after midnight and John W. Falson, 31, secretary and manager of the Hermitage Country Club of Richmond, is being held by police in connection with the killing. Mrs. Snipes died at 4:20 o'clock at a local hospital from a bullet wound in her neck.

The woman was brought to a hospital at about 1:30 o'clock by Falson, who is alleged to have told hospital attendants that she shot herself. Physicians hurriedly administered treatment, but she succumbed within a few hours.

Detective Sergeant E. H. Organ into custody, said that he repeated statements made at the hospital that the woman shot herself. Police officers visiting the apartment said that they found the telephone on the floor with the receiver off the hook while a pool of blood was under a chair used as the telephone. Beside the chair was a revolver while on the bed in the same room was a bullet for the pistol. On the floor a small automatic, the magazine fully loaded. Police said Falson admitted ownership of both weapons.

Man 92 Loses Life When Lost in Wood

Wilmington, Nov. 16.—(AP)—The story of a 92 year old man who on his way to a visit to a neighbor became lost and died helpless in a thick growth and underbrush near White Oak, Bladen county, was being recounted here today.

The body of Wash Enuggs, 92, was found in a wooded area not far from a highway Sunday, seven days after he had set out from the home of his son, Duncan Snuggs, to visit a neighbor, Charles Cain, a few miles away according to information received here from Clarkton where the son lives. The aged man made similar trips frequently, and no anxiety was felt until developed Sunday morning that he had not arrived at the home of Mr. Cain. Near the body were holes in the earth where Mr. Snuggs used his pocket knife in an effort to dig to water before he died.

GAS PLANT EXPLOSION TAKES HEAVY TOLL

General view of wreckage of Equitable Gas Company plant in Pittsburgh, where many were killed and hundreds injured when huge storage tank exploded.

PRES. GIVING ATTENTION TO FARM RELIEF

Coolidge Studying Farm Problem But Not Committed to Any Certain Plan.

Washington, Nov. 16.—(AP)—With the convening of Congress only three weeks away, the administration is bending efforts to meet the four-year-old farm relief problem but as yet there are no indications that President Coolidge is committed to any particular plan.

Two facts have emerged from a conflict of generalities, namely, that the President is unalterably opposed to an equalization fee of the type embodied in the vetoed McNary-Haugen bill and that the administration is prepared to resist any attempt to revise the tariff structure by those who contend that this would bring relief to the farmer.

From the views expressed at the White House it has been learned that Mr. Coolidge has not completed the study of the farm question which he undertook early this fall. The President is keeping in touch with leaders of Congress who are trying to work out a bill and his attention recently has been attracted to the report of a business-men's commission headed by Chas. Nagel, former assistant secretary of the commerce department. While this report suggests the advisability of downward revision of the tariff as a factor in helping the farmer, a policy which Mr. Coolidge opposes—the President does believe that the facts which the commission developed are worthy of study in that they may throw new light on the problem.

Leaving no doubt of the President's opposition to changing tariff schedules, it has been disclosed at the White House that Mr. Coolidge regards the free trade barrier one of the farmer's principal bulwarks. While the President is attempting to reach a conclusion as to the best course to be pursued on behalf of agriculture, Senator McNary of Oregon, and other leaders of Congress are trying to bring to an agreement between those still insisting upon the McNary-Haugen bill and those opposed to its equalization fee plan.

ARGUMENTS IN MURDER TRIAL IN PROGRESS TO AY

Bayboro, N. C., Nov. 16.—(AP)—Nine attorneys today began arguments to the jury in the Lewis murder case in Superior Court, indicating the case would be closed at noon tomorrow.

Luther Lee and Virgil Semous, brothers of the Forj Barnwell section, stood charged with fatally shooting Federal Prohibition Agent W. L. Lewis of Moore county during an alleged liquor transaction between the parties near here last summer.

FIFTY MURDERED BY TRIBESMEN

Basra, Iraq, Nov. 16.—(AP)—Twenty frontier police and thirty laborers have been murdered by Wahabi tribesmen, who raided a frontier police post in the Nasiriyah district, according to the latest report received here.

THURSDAY IS ROLL CALL DAY FOR RED CROSS

Mrs. Hortense F. Moye is Director of Annual Membership Campaign Here.

The President of the United States who is also president of the Red Cross has issued an appeal for increased membership this year in the Red Cross. It is only by means of its annual roll call that funds are raised to carry on the normal program and maintain the organization ready for an emergency he points out. Last year the Red Cross was called upon to render aid in 77 disasters within the United States and 20 abroad. It is not feasible to appeal to the public every time a disaster occurs and funds must be available in order to respond immediately. For example, at the time of the Mississippi flood the organization was busily engaged in caring for sufferers in eleven other disasters throughout the country. There were, last year, 28 tornadoes, twenty-one floods, eleven fires besides hurricanes, hail storms and similar unwelcome visits from Dame's Nature.

It cannot be too clearly understood that the Red Cross considers itself under a compelling obligation to expend, and does expend, every dollar of disaster contributions wholly and exclusively for the disaster sufferers. A member may indeed feel a deep sense of satisfaction when reading of a catastrophe to know that his membership is helping to make immediate relief possible.

Over 50,000 veterans of the World War in 79 government hospitals are still receiving the necessary aid from the Red Cross to help them on their way to recovery. Service to the enlisted men of the army, navy and marine corps is being carried on as during the stirring war days for it is as essential now as in 1917.

BRITISH ACES WINGING WAY TOWARD INDIA

Fliers Hopped Off Yesterday in Effort To Establish Long Distance Record.

London, Nov. 16.—(AP)—A cloudy and snowy night behind them, two British airmen who are attempting to achieve the first non-stop flight to India, today were believed to be started on the leg of their flight which carries them across the wilder country, Southern Russia, the Caspian Sea and Afghanistan.

The plane, Princess Exina bearing Captain R. N. McLaughlin and Bert Hinkler, test pilot, had not been sighted since it passed over Mansford, Kent, England, more than 120 miles from Upavon, their starting point. This caused no surprise, however, because the plane does carry a radio and clouds over the continent decreased visibility.

Starting from Upavon in an attempt to break the distance record of Clarence D. Chamberlain and Charles A. Levine of 3,905 miles in the trans-Atlantic plane Columbia, the Princess Exina had good weather. Over the continent, however, conditions were rather unfavorable. The course the fliers intended to follow to Karachi, India, more than 4,000 miles away, was across Germany, Poland, Southern Russia, the Caspian Sea, and Afghanistan. The route would take the airmen over very wild country, but with fuel for about 50 hours the fliers felt confident of reaching their goal. They expected to land in India early tomorrow morning.

Candidates In Louisiana Resort To Fist Fighting

New Orleans, La., Nov. 16.—(AP)—A torn shirt sleeve and a cuff button have become symbolic of the political differences which led to a fist fight yesterday between a Louisiana gubernatorial candidate, Huey P. Long and a former governor of the State J. Y. Sanders.

From the lobby of the Roosevelt Hotel, across which witnesses say the hand-to-hand encounter raged, the scene shifted last night to a political rally where Long was speaking in interest of his race for nomination in the Democratic primary in January.

Holding aloft a shirt sleeve from which dangled a cuff button Long announced to the gathering that he was keeping the trophy he said he had torn from the arm of his opponent "for Sanders or his friend, to come and get."

Frustrate Plot To Free Woman From Death Row

Chicago, Nov. 16.—(AP)—A plot to deliver Mrs. Catherine Cassier, now under sentence of death for murder and another prisoner, Mrs. Martha Schuster, from the country jail has been frustrated by the chief matron, it was learned today. The matron said she maintained "secret watch over" the suspects and heard the details of the scheme. Warden Fogarty ordered a special guard at Mrs. Cassier's cell and transferred Mrs. Schuster to Kane County jail.

LOCAL MARKET WILL SET NEW SALES RECORD

This Week's Sales will Bring Season's Total To Largest in History.

Total sales on the Greenville Tobacco Market for this season to date stand but little more than a million pounds short of the total for the entire season last year and indications are that sales will go well over the fifty million mark before the end of the week. Including yesterday's sales the market has sold to date 48,062,128 pounds. Last season, the largest in the history of the market, total sales were slightly over 50,000,000 pounds.

Prices are continuing to hold up well this week and both Monday and Tuesday the average price was well over 28 cents a pound. Yesterday's sales according to official figures furnished by K. W. Cobb, Board of Trade secretary, were 1,062,128 pounds for \$299,655.75 an average price of 28.21 per hundred pounds.

Somewhat lighter sales today indicated that all houses would sell out early in the afternoon. Beginning tomorrow and continuing until Thanksgiving sales will begin at 8:30 instead of 9:00 o'clock each morning.

BLIZZARD IS MOVING EAST

Blizzard That Buried Northwest in Snow Reported Heading East Today.

Chicago, Nov. 16.—(AP)—Gales that lashed Lake Superior and blizzards that buried parts of Northern Wisconsin and upper Michigan in deep snow moved eastward today, dissipating to rain toward the south but carrying much colder weather to a wide territory.

Radio beacons were kept in operation throughout the night, guiding ships fighting the stormy seas of Lake Superior. Nine craft were in shelter in Lily Pond, near the portage Lake shipping canal. The freighter Duluth was overdue at Houghton, Mich., but was believed to have gone into White Fish Point to wait for the storm to abate.

There has been virtually no movement of vessels on Lake Superior since Monday night when the storm broke. With forecasts and colder weather shipping men said they would keep boats in harbor probably throughout today.

Much snow fell over Northern Wisconsin upper Michigan, drifts of six feet being piled in places between Superior and Ashland, Wis., Ironwood, Mich., was virtually snow-bound. Few motorcars were on the Ashland city streets, and one travel had to be suspended in the Chequamegon Bay district.

Everywhere in the affected area there was a pronounced temperature drop. Missouri and Kansas thermometers showed sub-freezing readings, with similar temperatures predicted for Illinois and Indiana today.

IN HOSPITAL AS RESULT OF EFFORT TO STOP DUEL

Greenville, S. C., Nov. 16.—(AP)—Clearence Epps, 18 year old, is in a hospital here in a critical condition, the victim of a pistol and shotgun duel between his brother and another man. He attempted to stop the fight and received a pistol wound from one man and wounds from a shotgun from the other.

GOVT. TO TAKE PROPERTY OF H.M. BLACKMER

Missing Witness in Oil Case Held in Con- tempt and \$100,000 Property Will Be Seized.

Washington, Nov. 16.—(AP)—Determined to force the issue against unwilling witnesses in the oil case, the government today obtained a rule from the courts directing H. M. Blackmer to show cause why he should not be held in contempt and at the same time ordering his property to the extent of \$100,000 to be seized.

Blackmer, who is in France, has refused to respond to subpoenas and his counsel indicated when the Fall-Sinclair trial was in progress that he considered the Walsh law, under which seizures may be made was unconstitutional. The procedure now would be for the United States Marshal to locate the property while the case is fought out in the courts.

The ruling today by Justice Siders, ordered Blackmer to show cause why he should not be adjudged in contempt by January 6. It was mailed to Blackmer's counsel and will be served upon him and advertised in the newspapers.

The testimony of the western oil man was sought by the government especially in connection with the formation of the Continental Trading Company, Limited, of Canada, through which passed the \$250,500 in Liberty Bonds which the government claims found their way to Albert B. Fall after he had leased the Teapot Dome naval reserve to Harry F. Sinclair. Another missing witness is James E. O'Neil, also an oil man, who is said to be somewhere in Europe.

Today's court action was taken in full in the investigations of the jury tampering charges which caused a mistrial of the Fall-Sinclair case and coincident with the re-appearance at the courthouse of Owen J. Roberts of special oil counsel, who has remained in the background since the mistrial was ordered.

FIRE DAMAGES COAST LINE SHOPS AT ROCKY MOUNT

Rocky Mount Nov. 16.—(AP)—A fire of undetermined origin late last night leveled the planning plant of the Atlantic Coast Line shops here destroyed several box cars and ruined valuable machinery. The loss is estimated at \$35,000.

The fire was discovered shortly after it broke out but by the time firemen arrived the building was a mass of flames.

Work was begun early today to clear away the debris. Several hundred men were employed in the plant but none will lose a day's work railroad officials said.

DRAWS PRISON TERM FOR MAIL ROBBERIES

Asheville, N. C., Nov. 16.—(AP)—E. G. Garner and D. L. Ledford today were sentenced to serve three years each in the United States prison at Atlanta when they pleaded guilty in Federal court to having robbed several small post offices in Western North Carolina. The men were accused of robbing post offices at Woodfin, Horse Shoe, Lake Junaluska and other places.

It also is alleged that they robbed a number of stores and railway stations.

Accidentally Killed

Forest City, N. C., Nov. 16.—(AP)—An accidental shot on a hunting trip proved fatal to James Young, 19, of this place. The young man was instantly killed yesterday by a shotgun which discharged when the trigger caught on the edge of an automobile as Young was pulling the gun into the car after him.

Would Revive Jackson Day Dinner Now

Washington, Nov. 15.—(AP)—A revival of the Jackson day dinner as a national rallying place for Democratic leaders is under consideration by C. M. Shaver, chairman of the Democratic National Committee.

While no definite plans have been worked out Mr. Shaver said that he would sound out sentiment among leaders with a view to reviving the heads of his party about the dining table here in January. Jackson day dinners in past years have been prelude to the national convention of the Democrats. None was held for years ago when the fight between William O. MaCadee and Governor Smith of New York, was in-winn. The last dinner was held in 1920.

Greenville Highs To Meet Wilmington at Warsaw Friday

LOCAL ELEVEN IN FINE TRIM FOR NEXT GAME

Will Meet Wilmington At Warsaw Friday In Semi-Finals For State Championship

The football eleven of the local high school is experiencing some hard practice work these days preparatory to meeting Wilmington Friday at Warsaw in the Semi-finals of the Eastern Division in the State championship series. "Our boys are in finer trim than they have been at any time this season," remarked coach Porter this morning, who with each member of his team is confident of another win in their march towards the State's championship goal.

Each afternoon the team is being put through regular drills and they will enter Friday's game stronger in the defensive as well as offensive than they have appeared in any previous contest of the season. The offensive work of the Greenville high this season has proven one of the outstanding features in each game in which they have participated, and coach Porter stated today that their defensive work has shown marked improvement in their practice games this week. The locals are conceded to have one of the fastest back fields of any high school eleven of the State, and their line although lighter than a majority of these competing for the championship honors, has held other teams to but few first downs in line plunges.

From every indication it now appears that there will be several hundred supporters of the local eleven to accompany them to Warsaw for Friday's game who are also confident that Greenville will emerge from the fray victorious.

The game is scheduled to begin at three o'clock.

TEXANS ADOPT WINTER SPORT

Dallas, Tex.—(AP)—Ice skating and games have taken a strong hold in a part of the country where a temperature low enough to cause frost is considered cold, and where natural ice is seldom seen.

Started a year ago under a systematic plan in Dallas, Houston and San Antonio, artificial ice rinks have reopened this fall and the ice hockey season got under way early in November when the Kansas City team led by William F. Grant, secretary of the American Hockey association, visited Texas.

Fourteen games were on the Dallas schedule. By the time they were to end, the rink owners hoped to have their plans completed for a circuit which would include Kansas City, the three Texas cities and possibly Port Worth, Oklahoma City and Tulsa, Okla. D. C. Bell, owner of the Dallas skating rink expects hockey to be successful in the Southwest this year.

In San Antonio, the season opened with a school and city league ready for the ice and plans well along for inter-city series.

Elwin Carroll, manager of the rink at Houston, announced plans for bringing northern college teams to Houston for the holiday season series, and also indicated favorable consideration of the league composed of Kansas City, Oklahoma and Texas teams.

Although most of those who visited the rink last year in Texas had never seen a hockey game and never before attempted to skate on ice, they took to the sport enthusiastically.

Games here this year will be played on a new \$250,000 rink said to be one of the four largest in the country.

COLLECT HATS OF FAMOUS FOLKS

Paris—(AP)—Collecting hats is the hobby of Madame Felia Litvine, Paris opera singer. She has collected hats of famous women and hats worn on notable occasions for many years. There are hundreds of bonnets in her collection.

Modern hats, says Mme Litvine, are of little interest to anyone even their owners cannot remember them six months after they have been discarded. Hats have deteriorated from "creations" to "coverings" she laments.

ELIZABETH CITY GIRL LICENSED TO PRACTICE LAW

Raleigh, Nov. 16.—(AP)—Just one day past 21, Miss Ella Margaret Gordon, of Elizabeth City, today received her certificate to practice law from Supreme Court Clerk Edward Seawell.

She passed the August examinations but her parchment was held up until she became of age. Officials here expressed the opinion that Miss Gordon is the youngest licensed person in the United States for many a season.

TERMS NEARLY EVEN FOR CARDINAL-BEAR WEST COAST CLASIC

When California and Stanford meet in the "big game" of the west, the former will match a two-deep aggregation against the latter's greatest array of individual performers. The backfield talent of Stanford includes a new plunger, Frank Wilton (left). California has a triple-threat find in Benny Lom (right).

Stanford University, California—(AP)—California and Stanford meet this year in the traditional "Big Game" of the Pacific Coast on terms most nearly even since 1923 considering man power alone.

Stanford's slight edge in reserve strength with three teams against California's two-deep aggregation is balanced by the latter's greater number of individual stars.

"Biff" Hoffman, Stanford's plunging full back, has a worthy peer this season in Frank Wilton, a new center and captain, is the third shining light of Stanford.

California has Benny Lom, a 193 triple-threat find, topping a backfield list which includes Ralph Dorey, "Speed" Newman and Lee Eisan, all newly developed.

In the line the Golden Bears have a tower of strength in James Dorey, veteran end, and brother of Ralph, and Irving Phillips who guards the other flank position. Fritz Coltrin, captain and tackle, round out the galaxy of California stars.

The November 19 clash between the two old rivals is theatrical and the two old time rivals is the

TOUCHSTONE—DERBAL TO FIGHT FRIDAY

New York, Nov. 16.—Benny Touchstone, Miami heavyweight, will oppose Jack Derbal of New York, in a feature ten round bout at Madison Square Garden Friday. It was originally billed as a semifinal to the Sharkey-Heeny bout the same evening but advanced to me go when Jack Sharkey fractured a finger in training and cancelled his engagement.

Marries Heiress

Eddie Egan (lower), Yale man and Tunney's sparring partner, and Margaret Colgate (upper), daughter of the soap manufacturer, are reported to have eloped.

FIGHTS LAST NIGHT

(By The Associated Press)

Chicago—Sammy Mandell, Rockford, Ill., lightweight champion, defeated Jimmy (Spug) Myers, Portello, Idaho, (10). Al Foreman, Washington, outpointed Frankie "Mink" Dallas, (10).

Cleveland—Eddie Shea, Chicago, won on a foul from Johnny Hill, Philadelphia (8).

St. Paul, Minn.—Jock Malone, St. Paul, defeated Maxie Rosenbloom, New York (10). Billy Light, St. Paul, outpointed Rustie Leroy, Fargo, N. D. (6).

Des Moines, Iowa—Johnny Martin, Sioux Falls, S. D., defeated Royal Coffman, Omaha, Neb. (10). Kenneth Hunt, Des Moines, outpointed Bill Hart, St. Paul, (10).

Milwaukee—Joey Sangor, Milwaukee, defeated Mickey Cohen, Denver (10). Phil Sewick, Cleveland, knocked out Billy Bonillas, Taft, Calif (3).

Indianapolis—Frankie Osner, Miami, Florida, and Augie Pisano, Brooklyn, N. Y., draw (10).

Reading, Pa.—Moore Newman, Philadelphia, defeated Frankie Nelson, Wilmington, Del. (8).

Kansas City—Sergeant Sammy Baker, New York, defeated Billy Hall, Chicago (10). "Tiny" Roebuck knocked out Jack Darnell, Chicago, (4).

Kayoed in Fifth

Fresno, Calif., Nov. 16.—(AP)—Johnny McCoy, recognized by the California Boxing Commission as "heavy" champion of the world, was given a fifth round knockout over Freddy Imperial, here last night in face of what ringiders said was an apparent foul which sent the Filipino down.

After the referee had left the ring a physician examined Imperial and declared he had been fouled.

Held For Robbery

Goldboro, Nov. 16.—(AP)—Alleged to have embezzled between \$1,700 and \$1,800, of express money orders, Rooney Holland, also Joe Duck, was held today for Northampton County officers. His arrest followed issuance of a warrant at Rich Square, where he was employed last year by a railway office.

AERIAL GAME HAS NO WORRY FOR GEORGIA

Atlanta, Ga., Nov. 16.—(AP)—Football opponents of the University of Georgia hoave found the "airial highway" closed to them when they tried volplaning through ozone for success after infantry-like rushes had failed.

From the remarkable pass defense of the Southern Bull Dogs, the name of Jimmy Crowley, famous as a backfield star at Notre Dame a short while ago, has arisen in a new role. His part in the gridiron drama of the nation now is that of backfield coach at Georgia and to him many of the laurels of the Athenians records must go.

Out of 77 passes attempted this year against Georgia only one, that from a wing from Cadwell to Scott, of Yale, has netted a touchdown. But Yale could gain only 33 yards by air to 56 for the Southern, although they used two more losses than did Georgia.

While Virginia, Yale, Furman, Auburn, Tulane and Clemson were hurling those 77 passes, they completed only 21 for a 278 yards against 32 out of 65 attempted by Georgia for a gain of 606 yards.

Virginia tried five passes and completed one. Georgia in that game completed four out of eight.

Against Yale the Southerners made four good in Seven attempts while Elis succeeded only four times in nine tries.

Furman completed none in eight tries while the Bull Dogs were throwing five out of nine.

Auburn let one go for completion in six attempts against seven out of 17 tries for Georgia.

Tulane got away with five out of 22 tries to five out of 19 for Georgia.

Florida netted six out of 15 to Georgia's five out of ten.

Clemson made four good in 12 attempts to two out of four for the Athenians.

Interest In Duke-Carolina Game Saturday

Raleigh, Nov. 16.—(AP)—Duke and Carolina football camps today held the spotlight as the respective squads drilled earnestly for their battle in Durham Saturday to decide the runner up in the Big Five conference race.

State's Wolfpack champs, after a day of rest, resumed practice for South Carolina. Over at Wake Forest Coach Baldwin went calmly about his duties of whipping a crippled Deacon eleven into shape for the High Point game.

Davidson taking a week's rest before the Turkey Day go with Duke worked easily. Mutt Nesbit, fullback injured in the Carolina contest, was reported recovering.

The Blue Devils scrimmaged without the services of Sam Baile, regular quarterback who was tussling with an examination, but the squad treated the freshman team toughly. Hollingsworth was in Earl's position.

Coach Collins continued to shift his lineup, running second and third string players in varsity positions in an effort to secure a formidable combination of ball carriers.

ONE OF HIGH-LIGHTS OF ARMY'S WIN OVER INDIANANS

Interesting bit of action snapped by the camera during Army's thorough defeat of Notre Dame at New York shows Riley (No. 20), of the Rockne aggregation throwing one of the forward passes that have made the "Fighting Irish" famous.

SAY NOTHING TO RUMORS ABOUT CHANGING COACHES

Durham, Nov. 16.—(AP)—Eyes of North Carolina football fans were

focused here today where Wake Forest College trustees were scheduled to hold their annual session, but there was little indication that the college fathers would take any action on Coach James Baldwin's

contract. Reports flew thick and fast in various sections, that Wake Forest alumni would request that Baldwin be removed as coach or, three months ago, for sports at the Baptist institution

Rockne Declares That Four Flush Beat His Team

New York, Nov. 16.—(AP)—It now appears that Knute Rockne's Notre Dame team was beaten last Saturday by a four flush.

"After we beat the army in 1926," Knute related, "Biff Jones, Army coach, asked me why we always knew when Harry Wilson, the Cadet star was going to carry the ball. I told him that Harry's face always flushed when his signal was called.

"Jones thought that over carefully, called a meeting of the coaches and players and they doped out some biological business as to the facts of all the back would flush when the numbers were called.

"As a result, this year we didn't know which one to go after—and that's the first time a team of mine ever was beaten by a four flush."

Hunter Killed

Lumberon, Nov. 16.—(AP)—Hunting season accidents today had added the death of Oscar Gibbs, 15, Red Springs, to the fatality list.

"Accidentally shot by a stray bullet while hunting with several youths."

"Harry Pollard says Luckies have a delicious flavor and I agree"

Said Lew Cody to Bert Roach while they were resting between the taking of scenes while "on location."

You, too, will find that LUCKY STRIKES give the greatest pleasure—Mild and Mellow, the finest cigarettes you ever smoked. Made of the choicest tobaccos, properly aged and blended with great skill, and there is an extra process—"IT'S TOASTED"—no harshness, not a bit of bite.

Harry Pollard,
Director of Feature Photoplays,
writes:

"The completion of my latest feature 'Uncle Tom's Cabin' for Universal Pictures Corporation, has once more proven to me that Lucky Strikes are the ideal cigarettes for those of us whose voices are under continuous and intense strain. In making this picture, I was, for many hours at a time, shouting directions to a host of players. At the same time I smoked many Lucky Strikes. I never felt the slightest throat irritation, and the delicious flavor of these cigarettes was a welcome relaxation in my work."

Harry Pollard

"It's toasted"

No Throat Irritation—No Cough.

LOCALS

R. J. Cobb, of Norfolk, was here yesterday.

Mrs. Lee Morgan, of Blackstone, Va., left this morning for Concord after a visit to her brothers, Messrs. J. P. and C. B. Rowlett.

Mrs. S. E. Jeannette and little son, of Henderson, who have been visiting Mrs. Jeannette's parents, Mr. and Mrs. R. A. Tyson, have returned home.

Mrs. J. L. Hines, of Black Mountain, Mrs. James Newfield, of Winston-Salem, are visiting Mr. and Mrs. J. M. Henderson.

Luther Herrick left yesterday for Pinehurst and Charlotte.

Mrs. J. M. Henderson and Miss Margaret Fleming returned yesterday from Winston-Salem and Durham.

The End of the Century Club entertained by Mrs. Wooten

The End of the Century club had a most delightful meeting on Tuesday afternoon, Nov. 15, at the home of Mrs. J. L. Wooten, corner of Fifth and Green streets.

The routine of club business was hurriedly despatched in order to allow more time for the program which was on China.

It was particularly interesting and instructive that on this occasion the club should have Mr. Hamlin Winstead, of Rocky Mount and China, to give his impressions of that country, gained during a fifteen years' residence here.

He is, naturally, peculiarly well qualified to speak on many phases of the very complicated Chinese situation and he had an intensely interested audience who heartily enjoyed his hour's talk.

At the close of the lecture Mrs. J. H. Waldrop, accompanied by Mrs. W. I. Wooten, delighted the company with two songs—"At Dawn" and "An Irish Love Song."

Following this a most tempting salad course was served by the hostess.

Mrs. Wooten had as her guests for the afternoon, outside of the club members—Mr. and Mrs. Hamlin Winstead, of Rocky Mount; Messrs. E. G. Flanagan, Heber Howard, J. H. Waldrop, Mrs. Henderson, and Mr. Colton of Cottdale.

THE VANITIE BOXE Dickinson Avenue

Beloved Minister Died This Morning At Falkland Home

Rev. L. Cook Campbell, 44, died at his home in Falkland this morning at 6 o'clock following an illness of three weeks from which pneumonia developed a few days ago.

Mr. Campbell, who had served the Presbyterian churches of Falkland and Fountain for the past four years, having accepted those charges after serving the church at Pheggs for several years, was one of the most beloved ministers of the county. He was a conscientious hard worker and considerable progress has been made by these religious bodies under his leadership.

Besides his widow the deceased is survived by a little daughter four years of age.

PRAYER MEETING AT METHODIST CHURCH THIS EVENING

There will be prayer services in Jarvis Memorial Methodist church this evening at 7:30. K. T. Putrell will be leader.

Ill With Diphtheria

Friends of little Miss Josephine Flanagan, daughter of Mr. and Mrs. John Flanagan, will regret to learn that she is ill with diphtheria.

Mrs. Atkinson Recovers

Friends of Mrs. R. S. Atkinson will be glad to learn that she has recovered.

LIBRARY NEWS

Let the Library Serve Pitt County Library Hours 2 to 9 P. M.

"The Parent's Part in Children's Book Week"

On Monday through the columns of this Newspaper we had pointed out to us the meaning and importance of Children's Book Week which we are now observing. A list of standard new books for our boys and girls of all ages, were published and parents and friends were asked to make this Christmas, "A book Christmas."

While we as parents are making trips to our libraries and book stores to find the best and most suitable book for our boys and girls, we might at the same time use this opportunity to acquaint ourselves with books on "Parental Education."

In most all our homes today we find a Children's Book Shelf where are kept the books our children love and use and treasure. "Roads to Childhood" by Annie Carroll, found in our own Public Library, will help us to select more books for this shelf. This collecting of children's books is a fine thing to do and must go forward, but why not have in our homes a "Parents Book Shelf" too a group of books, which

OIL WELL BURNS
Earlsboro, Okla. Nov 16—(AP)—After running wild for a week, a twin state oil company well near here burst into flames shortly after midnight, cremating one man and causing damage estimated at more than \$150,000.

Beautiful line of Gifts, Vases, Tea Tables, Table Lamps received today—all reasonably priced. The Vanitie Boxe.

Card of Thanks
We feel deeply grateful to our many friends for their kind expressions of sympathy shown us at the death of our dear father and grandfather. The beautiful floral tributes and words of consolation helped cheer our aching hearts.
Mr. and Mrs. D. M. Barton and Family.

Gifts that are distinctive may be found at The Vanitie Boxe.

Gifts that are distinctive may be found at The Vanitie Boxe.

"Motherhood"—New Theatre—Thursday and Friday

will show us our proper relations to our children?

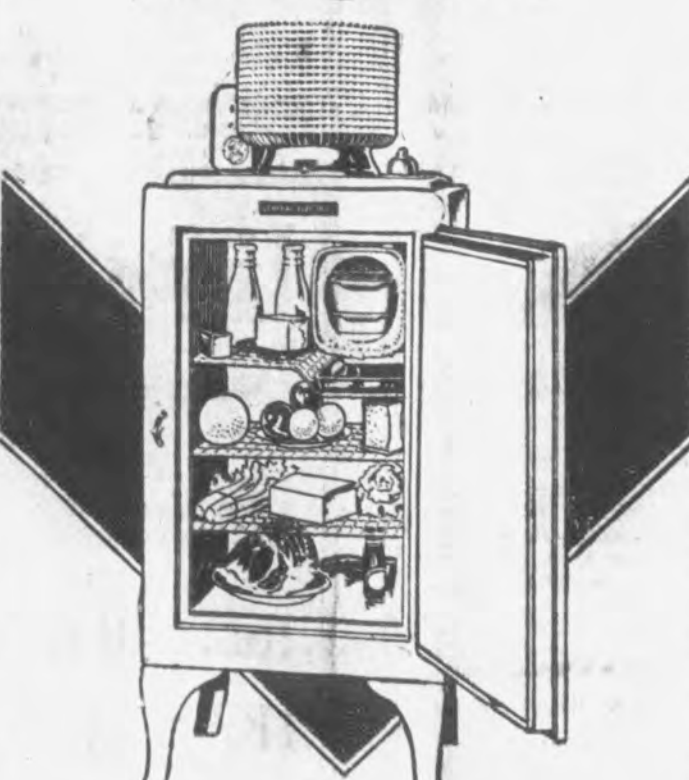

Quoting from an article by Grace E. Crum in "Child Welfare Magazine" we have the following: "One of the first books to be placed on the Parents Shelf should be "Childhood" by Mrs. Theodore W. Birney one of the founders of the National Congress of parents and teachers.

"In Childhood" Mrs. Birney says: "That parenthood is a vocation no thoughtful person will deny; but the saddest part of it all is, that men and women are called to fill this vocation without any real training for it, and often with a very vague sense of the responsibilities it involves. There is no vocation that calls for a higher order of character development than parenthood, and to be a wise as well as a good mother or father requires consecration and concentration.

Another splendid addition to our book shelf would be "Living with our Children" by Clara D. Pierson parents read this book with relaxation and enjoyment. It is made up of engaging essays which cover the questions and perplexities which arise in our association with children. Many subjects are covered, some of which are: Laughter, The Gentle Art of Managing, Sunday Afternoon The Reformatory Influence of Frolic, The Presence of God, Interpreting Life.

Those who are interested in the study of Parenthood and the newer psychology will find "Understanding our Child" by Frederick Pierce excellent supplementary reading. "Rebuilding the Child" by the same author of Parenthood and newer psychology has recently been published. It is a study in Malnutrition and will be most helpful to

GENERAL ELECTRIC Refrigerator

Guaranteed by General Electric

The name of General Electric is on these refrigerators. Fifteen years of research in the General Electric laboratories have developed their simplified mechanism. Tests and counter-tests assure the efficiency of each machine before it leaves the factory.

One hermetically sealed casing holds all the mechanism. It also holds a permanent supply of special oil. There is no machinery under the cabinet... none in the basement. Study the refrigerator you buy from every angle. Is it roomy? Has it moving parts to get out of order? Is it quiet? Consider all these things. Study the General Electric Refrigerator and ask questions about it. And, if you want a descriptive booklet, just mail the coupon below.

Babe DuPree's Minstrel Revue

At White's Theatre, Thursday, Friday and Saturday, Babe DuPree's Minstrel Revue, featuring comedians, singers, dancers and musicians. Mr. Tom Post, well known southern boy, late of Al G. Fields' and Cobern's minstrel, is premier end man and troupe leader. Working opposite Mr. Post is Eddie Andrews, singing, dancing end, now in the south, being favored in New York productions and comes to us with lots of good prestige. Another high recommended feature is Mr. Dell Delmar, high class ballad singer, who is singing his way to fame from reports received from other managers where the act has been playing.

Miss DuPree plays trombone and assists her comedians in putting over the comedy. There is a team of dancers who is bound to please. Also a solo dancer, Mr. McGuire, who knows how it should be done, and he does it. A bass duet by Phelps and Rizer is a big hit with the young and elder people.

There are seven people in this Revue, each one an artist in his or her work. A singing trio, and a bass quartette is reported bright spots in the show. This revue carries special scenery worth seeing and the entertainment promises to surprise their audience inasmuch as they had a seven months' run in New York city and have been a decided success every time they have appeared so far in the south.

COMMUNITY LIFE GREAT FACTOR

Nowhere have we witnessed a better community spirit than that being shown in the Pierce School House section, just west of Ayden, and it is just such a spirit that makes better and happier citizens and better Christian people. At the entertainment of the Ayden and Greenville Rotary Clubs last Monday night the good people of the Pierce section showed clearly that they believed in doing things in the best way and that community love and co-operation was the secret of the success of any section.

Fellowship is not a new idea among the people of the Pierce section for the history of the community is that always there has prevailed a spirit of helpfulness and comradeship among all the citizens. For a number of years the community life has centered around the church and the public school and some time ago when the school was consolidated with the Ayden school the citizens purchased the abandoned schoolhouse and are now converting it into a real community building. Men, women, boys and girls in the Pierce section apparently have caught the spirit of good fellowship and community endeavor and the section is fast moving forward.

After a visit to this section and these fine people, one does not wonder that one of its citizens was recently chosen the master farmer of Eastern North Carolina.

What is being done in the Pierce School section of the

"We Have Been Faithfully Serving the Public For 34 Years"

On The Importance
 of Being

Never Satisfied!

Fifteen or twenty years ago there were just two kinds of men's clothes—Tailor-made and Ready-made—and the gulf between them was vast. Then one day a man who was blessed with a large bump of curiosity, asked, "Why Should This Be So?" "Why can't ready-to-wear suits at least approach the perfection of Custom Tailoring?"

Receiving no answer he went in and watched custom tailors at work. He even did more, he ripped up several custom-made suits and ready-to-wear suits and studied them for days.

Then he and the Tailors sat down and drew up specifications, which should bring ready-to-wear suits as near the Custom standard as possible. For instance, the new specifications called for hand-work in several operations formerly done by machine.

The severity of the new standards was at that time unheard of, so manufacturers scoffed, but at time went on they saw how much better fitting and wearing were the suits made in the new way, how much improvement could be effected by spending a little more money. The result was that these specifications were adopted.

That is why you can come to Coplon's today and find a suit to fit a man who wears a regular size No. 34 or a man who wears a size No. 50 long stout. Men of every build can be fitted because here they can find regular models, shorts, slims, stouts and long stouts.

This little story of men's suits will vividly call to your mind the great difference between ready-to-wear suits of those days and suits of today, still with all these vast improvements we are not satisfied. This organization is ever on the alert to secure for its patrons the very best in style, in fabric, in workmanship.

Every one of the fourteen departments in the "Big Store" is filled with articles that have an equally interesting history of constant improvement.

"Never are we satisfied." We are always scouring the markets for quality merchandise that we can offer to our appreciative patrons at less than they would pay elsewhere for the same quality, coupled with service that will never be surpassed.

"This is a restless store," a visitor said recently. "You never seem to be satisfied with things as they are, you seem always to want to improve everything."

That restless spirit of dissatisfaction with the past has carried this store through thirty-four years, and is its chief dependence for the future.

Market Report

Cotton--Stocks--Grain

COTTON

New York, Nov. 16.—(AP)—The cotton market was very quiet today. Prices moved within a correspondingly narrow range. An early advance of five points was followed by reactions of 10 or 12 points under further December liquidation and reselling of later deliveries by recent buyers. The mid-afternoon market was about 2 to 4 points net lower.

Futures closed barely steady, 11 to 14 lower. Spot quiet, middling 20.10.

Open	High	Low	Close	P. Close
Jan. 19.85	19.90	19.73	19.74	19.85
Mar. 20.08	20.10	19.44	19.96	20.05

July 20.14	20.15	19.98	19.98	20.10
Dec. 19.78	19.85	19.57	19.59	19.81

GRAIN

Chicago, Nov. 16.—(AP)—Lower prices for wheat resulted today from Argentine official reports that gave an advantage to sellers. Besides, export demand for wheat from North America was flat. Wintry weather in Canada failed to induce speculative buying, the bulk of Canadian threshing being at an end.

Wheat closed unsettled at 1-8 to 7-8 net decline; corn unchanged to 1-4 higher; oats 1-8 to 1-4 up and provisions unchanged to 10 to 12 down.

COTTON SEED OIL

New York, Nov. 16.—(AP)—Cotton seed oil closed easy. Prime summer yellow 10.60 to 10.85; summer crude 8.87 1-2 to 9.80; Jan. 10.80; Feb. 10.80; March 10.96; April 11.00; May 11.20; Nov. 10.90; Dec. 10.73; sales 18,800.

NEW YORK DAIRY

New York, Nov. 16.—(AP)—Butter firm; receipts 8,823. Eggs firm; receipts 13,124. Cheese quiet; receipts 187,368.

SUGAR

New York, Nov. 16.—(AP)—Raw sugar was quiet early today and further offerings at last paid prices of 4.71 for Cuban duty paid, attracted little interest from refining. No sales were reported. Raw futures opened 1 to 3 points lower under liquidation and some selling by houses with Cuban connections, apparently promoted by the easier London market. No changes occurred in refined prices ranging from 5.70 to 5.80 for fine granulated with a fair inquiry reported.

STOCK MARKET

New York, Nov. 16.—(AP)—Confused price movements continued in today's stock market with the day's advantage again resting on the side of those working for high prices. A sharp drop in freight car loadings and an unexpected large increase in crude oil production tended to cast a damp on speculative sentiment, but pools faced with the prospect of a large reinvestment demand and easy money rates for some time, continued their operations with confidence. Banks called about \$10,000,000 in loans during the day, but call money continued in plentiful supply at 3-1/2 per cent. Recent withdrawal

drawals of gold for shipment to Brazil and the Argentine have passed without influence on the money market. Selling pressure was directed chiefly against some of the pivotal industrials such as U. S. Steel common. General Motors an American Can and a few recently strong high priced specialties such as American Tobacco, Commercial Solvents and Warren Bros. Dupont broke below 320 and then rallied around 327 and Houston Oil shot up from 154 1-2 to 160 in the early afternoon. The closing was firm. Total sales approximated 2,200,000 shares.

Actor Killed

Hollywood, Calif., Nov. 16.—(AP)—Reports received at Fox film studios here today said Gene Cameron, comedy player, had been killed in an automobile accident near Phoenix, Ariz. He has played numerous leading parts for Fox films.

OUSTING OF 'KING BEN' PURNELL ENDS 24-YEAR HOUSE OF DAVID RULE

"King Ben" Purnell (left) has been exiled at 66 by court order, from the House of David colony he founded in 1903 at Benton Harbor, Mich. Before he started the cult he was an itinerant preacher in Kentucky and Ohio, and the upper picture shows him beside his wagon in those days. At the right is his wife Mary, and below in silhouette, his administration building at Benton Harbor.

Benton Harbor, Mich.—(AP)—Three centuries ago Joanna Southcote taught in England that one day a messenger would come from Israel to lead 144,000 chosen souls to everlasting life. Six self-styled messengers rose and fell, mortal as the members they rallied to their little cults. And now the seventh, Benjamin Franklin Purnell, who taught that he was the last and the most divinely favored of the Israelite envoys, has been exiled by a court of law from the colony of bearded men and quiet women which he founded on the shore of Lake Michigan in 1903.

The 500 persons who live by the teachings of Joanna Southcote, as interpreted and codified for them by "King Ben," must pursue the rites of their strange faith under the jurisdiction of a receiver appointed by the court. Purnell monarch of the House of David since its inception, may not set foot again inside its domain, nor may he have any asso-

ciation with the colonists whose affairs, religious and material, he directed so long. Not only is Purnell deposed at 66, gray-bearded and wan, from the throne he lately graced in the vigor of his prime. Two criminal charges still confront him, to be tried, if the state elects, in the wake of the court order directing receivership for the colony. They arise from the same charges, made by girl members of his cult, which influenced the court to oust the ageing monarch. Purnell is not expected to return, in the shadow of old age, to the itinerant ministries by which he made his way before he founded the House of David. A native of Kentucky and a humble artisan in youth, he entered upon a nomadic life as an evangelist, abandoned a girl wife he had married at 16, and was wed at 19 to "Mary" of his Benton Harbor cult. Together they made their way into Ohio. Purnell preaching as they journeyed, and finally

reached Detroit, where they were admitted to the cult of "Prince" Michael E. Mills. Glashing over direction of this group, Purnell and his wife seceded and went to Benton Harbor, where Purnell proclaimed himself the "seventh messenger" and set out in poverty with a few followers to build up what became a prosperous community dedicated to the beliefs he proclaimed. He forbade the trimming of hair or beard, prohibited the eating of meat and drew a rigid list of commandments. Members of the community who died he taught, had violated some regulation of the cult. The court declined to break up the cult, and its followers may continue to practice their religion, but who will succeed Purnell as leader has yet to be decided. Among colonists prominent in the cult's affairs during the defense of King Ben is H. T. De Whirst, once a supreme court justice in a western state.

NOTICE OF SALE OF REAL PROPERTY

By virtue of the power of sale contained in that certain mortgage deed executed by W. C. Gaskins and wife, Maude Gaskins, to Jno. S. Gaskins, dated December 6, 1915 and recorded in Book K-11, page 334, and by virtue of the power of sale contained in that certain deed of trust executed by W. C. Gaskins and wife, Maude Gaskins, to Jno. Harding, Trustee, dated December 4, 1926, and recorded in Book O-16 at page 241 in the office of the Register of Deeds of Pitt County, default having been made in the payment of the indebtedness thereby secured the undersigned will, on Saturday, the 26th day of November, 1927, at 12 o'clock noon at the courthouse door in Greenville, Pitt County, expose to public sale to the highest bidder for cash, the following described real property:

That certain tract or parcel of land lying and being situated in Chocod Township, Pitt County, North Carolina, and being the same tract of land described in a certain Deed of Trust executed during the year 1926 by W. C. Gaskins and wife to The First National Bank of Durham, Trustee for the North Carolina Joint Stock Land Bank of Durham, of record in the office of the Register of Deeds of Pitt County, to which reference is hereby made for a more detailed description, containing about 15 acres and known as John S. Gaskins land.

One other place or parcel of land in Chocod Township, beginning at the head of Loshley Branch, thence up the South side of said Swamp 250 yards, thence North to P. W.

Arnold's line, thence with his line to the beginning containing 25 acres more or less and known as John S. Gaskins land. Reference made in Book Y-8, page 31. The first tract above described will be sold subject to the lien of the deed of trust on said first tract held by North Carolina Joint Stock Land Bank of Durham. This the 25th day of Oct. 1927. P. C. Harding, Trustee. Jno. S. Gaskins, Mortgagee. J. E. Winslow, Owner of Debt. Raleigh R. Lee, Atty. Oct. 25-10-44k

Notice of Land Sale Under and by virtue of the power of sale contained in that Deed of Trust executed and delivered by Stewart Gray and wife, Rosa Gray to James L. Evans, Trustee, dated July 10th, 1926 and duly registered in Book N-16 at page 442 in the office of the Register of Deeds of Pitt County, the undersigned will, on Monday, November 28th, 1927, at 12 o'clock noon expose to public sale before the court house door in Greenville, Pitt County, N. C., to the highest bidder for cash, a certain tract or parcel of land lying and being in Pitt County, N. C., described as follows:

In Greenville Township, about 2 miles south of Greenville, on the south side of Tar River on the Tar Road, beginning at a stake, William Waldrop's northeast corner, and runs thence in an easterly direction about 39 poles to a stake on the west side of Tar Road, thence in a southerly direction with the western boundary of Tar Road about 15 poles to a stake at corner; thence in a westerly direction about 30 poles to a stake in

William Waldrop's line; thence in a northerly direction with William Waldrop's line about 15 poles to the corner, the beginning, containing about 3 acres, more or less, and being the same land conveyed to Stewart Gray by L. C. Arthur and wife by that deed dated Dec. 16, 1912 and duly registered in Book 7-10, at page 238 of Pitt County Registry. This October 27th, 1927. James L. Evans, Trustee. Oct. 27-10-44k

LAND SALE By virtue of a decree of the Superior Court made in that certain special proceeding entitled Lam Whitehurst et al ex parte, on Saturday 10th day of December, 1927, at 12 o'clock noon expose to public sale before the courthouse door in Greenville, N. C., to the highest bidder for cash the following described real property to wit: Situate in the town of Greenville on the East side of Clark Street, and bounded by Clark Street on the West, the Susan Adams lot on the East, T. E. Hooker on the north, and Amos Elks on the South, it being the house and lot formerly owned by Frances Reeves. This sale will be made for the purpose of dividing the proceeds of said sale among tenants in common. This the 10th day of November, 1927. F. C. HARDING, Commissioner. 11w 4wks

MANY LIQUOR CASES HEARD COUNTY COURT

Judge Darden Had Full Docket of Prohibition Law Violators Yesterday.

Whiskey cases composed the biggest part of the docket in county court here yesterday and the necessity or demand for jury trials caused the transfer of many to superior court. Road sentences were metered out by Judge Darden in several other cases heard.

The cases heard yesterday were: Willie Speight, transporting liquor, sentenced to six months on roads, sentence suspended two years pending good behavior.

Eli Nobles, carrying concealed weapon, not guilty.

Willie Shivers, carrying concealed weapon, not guilty.

Walter Briddes, possessing liquor for sale, four months on roads.

Frank Knight, driving while drunk not guilty. He was found guilty of possessing liquor and fined \$20, and cost.

Stephen Everett, whiskey for sale, transferred to Superior Court, under bond of \$200.

Ruben Edwards, worthless check failed to appear and capias issued.

John Phillips, assault with deadly weapon, found guilty and given eight months on road.

Tom Haywood, liquor for sale, was transferred to Edgecomb County court when it was learned he was a resident of that county.

Lennie Owens, liquor for sale, transferred to Superior court.

Herman Everett and Stephen Everett, liquor for sale, transferred to Superior court.

W. E. Gardner, liquor for sale, transferred to Superior court.

Earnest Webb, liquor for sale, transferred to Superior court.

COLORADO ELECTS MOIST CANDIDATE

Denver, Nov. 16.—(AP)—With keen interest developed by a wet and dry issue in a long campaign, Denver yesterday cast a record ballot for an off year election here in naming S. Harrison White, Democratic advocate of modification of the Volstead act, to succeed the late Representative William N. Valle, Republican.

White led Francis J. Knauus, Republican dry candidate by 4,750 votes, complete unofficial returns showed White had 32,185 votes and Knauus 27,435. George Kindel, Independent, and H. M. Marrs, farmer-labor candidate, received the remainder of the ballots totaling 62,562.

LABOR CHANGES SCENE OF ACTION IN COAL STRIKE

Pittsburgh, Nov. 16.—(AP)—The scene of the effort by the American Federation of Labor to "back up" the demand of 85,000 striking miners in Western and Central Pennsylvania for maintenance of the Jacksonville wage scale was shifted to Harrisburg today where a special committee of the labor chiefs went to protest to Governor John S. Fisher against activities of coal and iron police and deputy sheriffs on duty at non-union mining camps.

Coplon Company Staging Letter Writing Contest

\$100.00 in cash prizes is being offered by The Coplon Store of New Bern, N. C., for the five (5) best letters containing reasons why Coplon's is Eastern Carolina's greatest store.

Since inaugurating this contest the Big Store has been the recipient of many letters, and no doubt before the closing time, Nov. 30th, the number will run up into thousands.

Almost every town, village and hamlet in Eastern Carolina is represented in the mail that is being received daily, which offers a positive proof of how popular the store has grown in its 34 years of existence.

The Coplon store is to be commended for the attitude of not wishing to trespass on the trading territory of stores within the confines of other cities near New Bern, using as its slogan: "If you cannot find it at home try Coplon's in New Bern." And it has always been the policy of the New Bern Store to aid its competitors as well as its patrons.

Preaching and practicing splendid values, a friendly helpful service, large assortments, lasting satisfaction and quality at reasonable prices. The Coplon organization extends to the people of Eastern Carolina a cordial invitation to buy where everything can be purchased under one roof.

lin, Levine, Byrd, Hollenar, all were there except Acosta. Lindbergh as a matter of course, flew from New York to the luncheon, which shows President Coolidge's interest in flying. Congress ought to share that interest more enthusiastically.

Edward P. Warner, assistant Secretary of the Navy, in charge of flying, says the Panama Canal is in danger. "It is a desperate hopelessly inadequate."

That might cost the government.

Chicago's arts' ball committee planned to exhibit a Godiva, mounted on a white horse, as the ball's "piece de resistance." You remember the lady who rode through the town with her long hair for clothing, when her husband dared her.

Chicago liked the Godiva idea so well that seven Godivas instead of one were moved and seconded like the three topkys in a "Tom" show.

Prices 25-50c Picture Runs Twice

But the difficulty is to find even New York's week-end crime was the type that poses, smiling, for photographs just after being sentenced to death, is the type that commits murder. The type of lady that sends the roses is the mystery.

Mrs. Peabody, head of the women's committee for law enforcement says "Ten million women are not only talking and praying, but working to retain prohibition, and see that it is enforced."

They need not work or pray to keep prohibition in the Constitution; nothing can get it out.

As for enforcement, there is room for much working and praying in that direction.

is necessary, with William Thompson as Mayor.

The committee reports, sadly, "You can find plenty of good looking men with bobbed hair and a few not very good looking with long hair. But good looking and long hair combined are scarce."

Mr. H. L. Lee, convicted of a murder and sentenced by the judge comes out smiling to pose for photographers, holding in his hand three red roses, "sent by a lady," one Godiva not bobbe. Long hair

seven killed, three injured, guns and knives used. Each corner of this country contributes its little or big crime wave.

Two charming adventurous young ladies, named Talbot and Sanford, will hunt big game in Africa. Elephants, lions, perhaps gorillas, will bite the dust. There is one com-

fort in such killing. It tends to eliminate disease. Wild animals carry and perpetuate disease germs, each a breeding ground for germ colonies. Eventually the only living thing on earth will be man. He will have the planet to himself for many millions of years, to show what he can do with it.
