## DAY FAILS IN EFFORT TO GET BOND REDUCED

### Associate of Harry Sinclair Still Held Under Bail of \$25,000 at Capital.

Washington, Nov. 17.—(AP)—Henry Mason Day, associate of Harry P. Sinclair and under conspiracy charges in connection with the oil jury tampering case, failed today in an effort to have his \$25,000 bond reduced to \$10,000.

The complaint against Day, who is vice president of the Sinclair Refining Company and against the others, charged with violation of statutes forbidding attempts to improperly influence jurors.

He was placed under bond after he had refused to answer questions before the Grand Jury inquiring into the jury tampering charge on the ground of possible self incrimination.

Day and Clark are accused by the government with being the men who advised the William J. Burns Agency reported after shadowing jurors in the Fall-Sinclair case which finally ended up in a mistrial and the resulting investigations which are now in progress.

The reduction, sought by Day's counsel before Chief Justice McCoy of the District of Columbia Supreme Court, was opposed by Neil Bingham, assistant district attorney conducting the jury tampering investigation. Justice McCoy set Monday for argument on the motion.

Bond of \$10,000 was fixed for Sheldon Clark, another Sinclair oil official when he was placed under similar charges after complaints had been made against Day and Sinclair.

## Sultan of Morocco Died Early Today

Rabat, Morocco, Nov. 17.—(AP)—Moulay Youssef, Sultan of Morocco, is dead.

The Sultan died at Fez which is then an "capital" of the four in which there are royal palaces.

The Sultan has frequently been reported in ill health lately but it was recently said that he had shown marked improvement and was in no immediate danger.

The Sultan took over the power in Morocco in 1923 shortly after the French protectorate was established by the convention signed in that year between Great Britain, France and Spain.

## Five Youths Held On Murder Charge

Winston-Salem, N. C., Nov. 17.—(AP)—Charged with the murder of Lois Chambers, a negro, on the night of November 5, Ralph Stewart, 18, of Union Cross is held under \$10,000 bond today for the Grand Jury investigation. Ray Smith, 20, Garrett Whitaker, 16, and Rudolph Jones, 16, are held in bonds of \$1,000 each charged with being accomplices. Wasne Hedgecock, 13, is held under \$500 bail on the same charge.

The boys were held at a hearing before Magistrate W. F. Byrd today.

The evidence presented at the preliminary hearing was virtually the same as the story told by negroes in the party with Lois Chambers at the time of the killing and enlarged upon by Stewart at the time of his arrest. The boys asserted they were "trying to have some fun" and fired a pistol to scare them. It was alleged that the boys stopped the negroes' car twice, that they fired several shots the first time and again stopped the machine and fired other shots, one of the bullets fatally wounding the Chambers woman.

Stewart, Smith and Whitaker also are charged with an attempt to rob a filling station operated by B. P. Keatts on the Lexington road November 8.

## Several Hurt When Storm Hits Washington City

Washington, Nov. 17.—(AP)—A number of persons were injured and many houses and buildings blown down or unroofed in the southwest and northeast sections of Washington during a storm which struck suddenly this afternoon.

Early reports showed that at least seven men, women and children had been taken to hospitals. A school building at 18 street and Fleming road, northwest, was reported destroyed and houses all along the eastern section of the city were damaged.

Great damage was also reported in the outlying sections east of the city.

## TODAY

Buy Furs Now  
Thanksgiving Wisdom  
20,000 Pearls, or Wives  
Women Must Weep  
(By Arthur Brisbane)  
Copyright 1927, by Star Co

Abnormally hot weather interferes with sale of furs, overcoats and other "cold weather goods." It is bad for business, but the wise citizen finds it good for his pocketbook. IT WON'T BE HOT ALL WINTER. Buy overcoats and furs NOW, and save money. All merchants are reducing prices.

In his Thanksgiving proclamation Governor Smith, of New York advises the people "to pray for wisdom in USING the gifts of Providence," and that is the best Thanksgiving advice in a long time. It is easy in this prosperous country to acquire wealth, not so easy to use it wisely, for the good of others, and the good of your soul.

An expert from Sweden says jewels formerly owned by Turkish Sultan are earth's most magnificent. They include "a throne of pure gold, covered with 20,000 Oriental pearls. That sounds grand, but really isn't. The man sitting on the 20,000 pearls was nothing but a dull Turk, always afraid some one would poison him or steal his wives.

Twenty thousand more Circassian wives would have done him as much good as the 20,000 Oriental pearls, and, that isn't saying much. It isn't what you have, but what you do with it that counts.

Birth control and publishing information about it are approved by Britain's "National Council of Public Morals."

Theoretically, women should have the right to decide how many children they will have.

But it is well that understanding of birth control has been possible. It might prevent the arrival of Napoleon and Carlyle, and surely would have prevented the arrival of Caruso, a nineteen child.

The rule "men must work, and women must weep," seems fair enough. But women have had more than their share of weeping.

Reports of Trotsky's assassination were not convincingly contradicted yesterday.

His killing would be base ingratitude for his energy that kept the Allies at bay when they defeated the Central Powers.

(Continued on Page Eight.)

## GREAT BRITAIN TALKS ABOUT NAVY BUILDING

### Navy Question Brought to Fore by Cecil's Attack in House of Lords.

London, Nov. 17.—(AP)—Great Britain was in the throes of heated discussion today of naval limitation and the failure of the conference between Japan, Great Britain and the United States at Geneva last summer.

Viscount Cecil's attack in the House of Lords on the British government's attitude toward disarmament and the announcement in the House of Commons by W. C. Bridgeman, First Lord of the Admiralty that only one British cruiser would be laid down this year, brought the naval question to the fore.

Refusal of the British government to admit the principle of mathematical parity in naval strength with the United States "bangs, bolts and bars the door" against any hope of agreement with America on naval armaments, Viscount Cecil said. This was seized upon avidly by the opposition papers, as a damning arraignment of the government. They made the point that the cabinet allowed itself to be ruled by technical advisers and that it was high time these were put in their proper place.

Mr. Bridgeman announced that in view of the situation disclosed at Geneva it was not though necessary to proceed with the three cruisers originally provided for in current naval estimates and therefore only one would be laid down.

Viscount Cecil said that the unwilling attitude of the American delegates at Geneva on some questions, such as the right to put eight inch guns on any cruiser, was entirely wrong but that it also seemed madness to him to allow the negotiations to break upon such a point.

## REMUS TRIAL FEATURED BY MUCH DRAMA

### Completion of Jury Seemed Thirty Minutes or a Week Away This Afternoon.

Cincinnati, O., Nov. 17.—(AP)—Completion of the jury in George Remus' murder trial was thirty minutes or a week away today, depending upon the use by prosecution and defense of challenges, but trial continued as a great dramatic attraction.

Despite the uninteresting stage into which the routine selection of tentative jurors dropped late yesterday, there was the ever-present possibility that Remus, the lawyer, might arise in behalf of Remus, the defendant, and inject a spectacular display of pyrotechnics into his fight to escape punishment for shooting his estranged wife, Imogene, here last October 6.

Three times that occurred yesterday. Once Remus demanded that the field of temporary insanity be broadened. He lost that tilt to Charles P. Taft II, Hamilton County prosecutor. Again Remus demanded federal department of labor records be subpoenaed. Taft again won the decision. For the third time Remus, the lawyer, arose and in an impassioned plea demanded that Judge Chester R. Shook make Taft tell the whereabouts of Franklin L. Dodge, Jr., held by Remus to be his nemesis and arch-enemy and again the youthful prosecutor won the decision in a ruling from the bench.

A fourth rally of counsel Remus was in behalf of newspaper reporters. Prosecutor Taft closely related to a Cincinnati publisher, customarily refers to newspaper reports "not necessarily accurate," while questioning gentlemen.

Remus demanded that Judge Shook force Mr. Taft to point out any news story that had contained inaccuracies.

In seeking exemption from jury service, Ben Boner, negro venireman, told Judge Shook: "I don't believe I could do justice here. You see I am in the same sort of a fix."

"Do you mean you are a defendant in a murder case?" asked the Judge.

"Oh, no, sir," replied Boner anxiously, and proceeded to explain the death of Albert A. Curran and his wife Helen, is believed also to have taken the life last night of their friend, Martin Stevens.

Mrs. Curran died on Monday night, Curran the next night, and Stevens last night. Autopsies on the bodies of Mr. and Mrs. Curran revealed prominent traces of powerful poison and permits for their burial were denied.

Stevens appeared at Franklin Square Hospital on the night Curran died and police have a theory that he knew he had been poisoned. He said at that time that he had been drinking with Curran in the latter's drug store, and asked for an examination. He declined to remain at the hospital and gave a fictitious name.

Late yesterday he became ill and died ten minutes after having been returned to the hospital. In a last statement he said that on Tuesday night, Curran standing behind the counter of his drug store, raised a small wine glass to his lips, drank a colored solution and dropped unconscious to the floor.

Stevens said Curran had given him a small quantity of liquor for a cold and that he believed it was the same kind as that taken by the druggist.

## BAD LIQUOR KILLS THREE

### Death of Three Baltimoreans Believed Caused by Poisoned Liquor.

Baltimore, Nov. 17.—(AP)—A strange poison which caused the death of Albert A. Curran and his wife Helen, is believed also to have taken the life last night of their friend, Martin Stevens.

Mrs. Curran died on Monday night, Curran the next night, and Stevens last night. Autopsies on the bodies of Mr. and Mrs. Curran revealed prominent traces of powerful poison and permits for their burial were denied.

Stevens appeared at Franklin Square Hospital on the night Curran died and police have a theory that he knew he had been poisoned. He said at that time that he had been drinking with Curran in the latter's drug store, and asked for an examination. He declined to remain at the hospital and gave a fictitious name.

Late yesterday he became ill and died ten minutes after having been returned to the hospital. In a last statement he said that on Tuesday night, Curran standing behind the counter of his drug store, raised a small wine glass to his lips, drank a colored solution and dropped unconscious to the floor.

Stevens said Curran had given him a small quantity of liquor for a cold and that he believed it was the same kind as that taken by the druggist.

## Supreme Court Gives Opinion In Bond Case

Raleigh, Nov. 17.—(AP)—While State bonds are exempt from taxation in the hands of the holder the exemption does not extend to one inheriting the bonds, the supreme court of North Carolina holds in its latest batch of twelve opinions.

In an affirmation of Wake superior court judgment, D. C. Waddell, Jr., lost his contention that the State commissioner of revenue, R. R. Doughton, should return to him \$5,681.42 inheritance tax levied upon \$117,607.66 bonds which were willed to him.

The higher court found no error in a Forsyth judgment when it divided evenly, one member not sitting, in the case of A. T. Julian against the city of Winston-Salem, involving damage to property by street improvements, and the case does not become a precedent.

J. I. Woody, Rocky Mount, whose \$6,000 check was refused payment by the First National Bank of Rocky Mount where he had more than \$50 on deposit, wins the right to sue for \$10,000 damage to his reputation.

## NATION WATCHES AS REMUS TRIAL GETS UNDER WAY

Principals in trial of "King of Bootleggers," now in progress at Cincinnati, O., which has attracted interest all over United States: Upper left, George Remus, alleged head of liquor ring, accused of slaying his wife, Mrs. Imogene Holmes Remus (upper center). At right, top: Charles Taft, son of ex-President William Howard Taft, who is conducting the prosecution; center, Mrs. Maria Remus, mother of "King of Bootleggers"; lower, Judge Chester R. Shook, who is presiding over trial. Left lower: Romola Remus, daughter, and (lower center) Ruth Holmes Remus, stepdaughter of man standing trial for his life.

## SOUTH IN GRIP OF COLD WAVE; SNOW IN TENN.

Atlanta, Nov. 17.—(AP)—The first general cold wave of the winter was taking its grip on the south today with snow reported in Tennessee, falling thermometers as far south as New Orleans and high winds predicted for the Atlantic seaboard by night.

The snow was reported light at Nashville and only a few flakes at Memphis, although a river steamer radioed that it encountered a snow and rain storm forty miles south of Memphis.

The mercury had descended to 44 degrees at New Orleans, 25 degrees under yesterday's high.

The weather bureau at Washington issued a storm warning to vessels as far south as Ft. Texas with the added prediction that winds of gale intensity would be encountered as far down the coast as Jacksonville by night.

## TEACHERS TO OPEN MEETING HERE FRIDAY

### Vanguard of North Eastern Educational Association Begins Arriving Today.

The vanguard of members of the Northeastern District of the North Carolina Educational Association began arriving in Greenville this afternoon for the fall conference, which opens tomorrow morning at the East Carolina Teachers College. The conference will continue through Saturday, and will be attended by some of the best known educators in this part of the country.

Two thousand visitors are expected to be present during the two days the conference is in progress, and to provide accommodations for this number, the local Merchants Association called on residents of the city to open their homes to care for the visitors. It was stated this afternoon that the response to this request had been more than liberal, and that everybody would be provided for by tomorrow.

Aside from the group meeting and general sessions of the conference at the college, a series of entertainments have been arranged by the Merchants Association. This calls for a barbecue at the campus building of the college, Friday at 6 p. m. Saturday at one o'clock the visitors and the president and his associates, from every Parent Teachers Association in the county will be entertained at a luncheon at the Rotary club.

## SEEK SLAYERS UNKNOWN MAN

### Body of Unidentified White Man Found in Creek Near Roanoke Va.

Roanoke, Va., Nov. 17.—(AP)—Police of Bedford and Roanoke counties today sought an automobile seen near Goose Creek in Bedford County, shortly after the body of a young, unidentified white man was dragged from the stream yesterday with two bullet holes in his head and five wounds across his scalp.

Efforts so far have failed at identification but an inquiry made today from Polaski, may lead to the clearing up of the mystery, police said.

Discovery of a trail of blood, leading from the road to the creek, a distance of one hundred and fifty feet brought about the finding of the body in the water. Automobile tracks were found showing the machine which several persons said they had seen in the vicinity had turned around and headed for Roanoke.

No tires were on the front wheels of the motor car. Two men occupied the automobile. Police believe that the young man was killed and then hauled to the creek where the body was weighted down with a big rock. The body had been in the water only a short time, investigators said.

## WOMAN DIES OF FRIGHT IN CHICAGO

Chicago, Nov. 17.—(AP)—Mrs. Mabel Smith, 29, screamed last night as she saw a young boy run into the street in the path of the car in which she was a passenger. She heard his body strike the pavement.

The driver stopped, while beneath the car the boy sought to extricate himself. The driver, believing the car had not hit him, started forward. Mrs. Smith in the rear seat looked out to see a wheel pass over the boy's leg.

The woman collapsed and died almost instantly. The boy, a block behind, got to his feet, uninjured except for bruises, and shook an angry fist at the car.

## HEAVY FOG DELAYS ACROSS-OCEAN HOP

San Francisco, Nov. 17.—(AP)—Captain Frederick A. Giles, British airman today postponed his projected flight to New Zealand by way of Honolulu until tomorrow morning at nine o'clock. Heavy fog which manted the flying field prevented a take-off this morning.

## GREENVILLE ESTABLISHES NEW RECORD WITH SALES OF TOBACCO HERE TODAY

### Last Season's Record of Over 49,000,000 Pounds Shattered With Sales Today.

The Greenville tobacco market at the noon hour today had established a new sales record by surpassing the 49,500,000 pounds sold last season, according to information made public by E. W. Cobb, secretary of the Tobacco Board of Trade. The market yesterday sold 1,061,764 pounds of bright leaf for a total sum of \$284,558.30 at an average of \$27.53.

This brought the season's total up to 49,168,476 pounds. It was estimated that an additional half million pounds had been disposed of up to the noon hour today, which brings the season's record near the 50,000,000 pound mark.

In all of the thirty-five years of history, this is the greatest season the local market has ever had, members of the Tobacco Board of Trade stated today. With twelve more weeks to go it is estimated that the season's sales will range between 55 and 60 million pounds.

The market this year has drawn from a greater territory than ever before. Growers who had never before brought their offerings here, appeared on the floors from time to time and expressed satisfaction at the splendid accommodations afforded by the seven mammoth warehouses and their sales forces.

## HEAR PLANS FOR GROWTH OF CHAMBER

### Activities of Eastern Carolina Chamber of Commerce Discussed Last Night.

At the invitation of officers of the Eastern Carolina Chamber of Commerce, about fifty representatives of various towns of this section of the state met at the Rotary building here last night and heard plans discussed relative to continued expansion of the organization.

The session was presided over by J. R. Turnage, of Ayden, president, and was featured by numbers of discussions dealing with work now being done by the chamber body. This was the first of a series of group meetings to be held in this section, served by the Chamber of Commerce. Felix Harvey, of Kingston, 1st vice president told of the progress of the Chamber of Commerce since its organization several years ago. He stressed some of the things they hoped to do with the co-operation of 46 counties in which the organization operates.

Secretary N. G. Bartlett talked briefly of objectives and said the future program of activities affected every county in which the Chamber operates.

Other speakers of the evening were: A. D. McLean and Charles Flynn, Washington; H. H. Taylor, Tarboro; Paul Frizelle, Snow Hill; J. E. Winslow, Greenville; Drs. Grady Dixon and M. T. Frizelle, Ayden; Dr. W. W. Dawson, Grifton and others.

During the discussions, it was mentioned that J. E. Winslow, of Greenville, was the first contributor to the Eastern Carolina Chamber of Commerce several years ago, his contribution being in the form of a check for \$100.

In order to carry out a larger program for the coming year, it was decided to ask for sustaining memberships which ranged from \$50 to \$500 each. Among those who present, the following sustaining memberships were secured: L. Harvey and Sons, Kingston, \$100; Turnage Bros., Ayden, \$100; Harris Hardware Co., Washington, \$100; J. E. Winslow, Greenville, \$100; Greenville Banking and Trust Co., Greenville, \$100; G. V. Smith, Greenville, \$50; E. R. Mixon, Washington, \$50; Small, McLean and Rodman, Washington, \$50; Waters Lumber Co., Washington, \$50; Dr. W. W. Dawson, Grifton, \$50; First National Bank, Ayden, \$50; J. R. Harvey and Co., Grifton, \$50; Quinn Miller, Kingston, \$50; J. Exum Co., Snow Hill, \$50.

## HELD IN JAIL

### Default Bond

Richmond, Va., Nov. 17.—(AP)—John W. Falson, secretary and manager of the Hermitage Country Club, remained in jail today in default of \$10,000 bond while coroner James Whitfield and police officials made an exhaustive investigation into the circumstances surrounding the death of Mrs. Elsie Holt Snipes, shot to death in her apartment here.

Falson, arrested after he brought the woman to a hospital in a dying condition, maintained that she shot herself while he was in her apartment shortly after midnight. No effort to make bail had been made today.

The body of Mrs. Snipes was to be taken late today to the home of her parents in Princeton, N. C., for burial.

## Request Special Session Assembly

Raleigh, Nov. 17.—(AP)—Request that a one-day special session of the General Assembly be called at once to amend the State Fair act to enable the state to select another site for the new state fair was made by Governor McLean today by Fred W. Mahler, chairman of the State Fair committee of the Raleigh Merchants Association.

Mr. Mahler mailed his letter to Governor McLean today. The Governor made no comment when informed that Mr. Mahler was making a request for a special session.

In the opinion of Mr. Mahler, who helped design the plans for the world's fair in Chicago in 1893-1894, the site as selected by the council of state is unfitness for fair ground purposes and that the \$500,000 to be expended in putting the grounds in shape will be a mere drop in the bucket.

## Dr. Mercer Again Heads Baptists

Durham, Nov. 17.—(AP)—Dr. I. M. Mercer of Winston-Salem was re-elected president, and Drs. J. R. Hunter, Raleigh, J. W. Butrie, Shelby, and H. J. Britt, Lumberton, were named vice presidents, at the closing sessions of the 97th annual conference of Baptists of North Carolina.

The convention closed in Asheville next year for annual meeting.

Dr. Herman T. Stevens of High Point was chosen to deliver the introductory sermon next year, with F. J. Bower of Albemarle as alternate.

# Greenville May Have Organized Base Ball Next Year

## LEAGUE IS TO BE DISCUSSED AT GOLDSBORO

It was announced here this morning that a meeting would be held in Goldsboro Monday night at seven o'clock for the purpose of discussing plans for the organization of a baseball league in this section of the state. Six or eight towns that have shown interest in the formation of the league will be represented at the meeting. It is understood that it seemed generally agreed that something definite would be decided upon.

W. G. Bramham, president of the Piedmont-Virginia league, will attend the Goldsboro session, but just what he will have to offer in the way of organized baseball could not be learned today. It is generally conceded, however, that his presence will have much to do with the creation of the proposed league.

Greenville will be well represented in Goldsboro, baseball enthusiasts stated today, and opinion prevailed that action taken would receive the hearty support of representatives from this city.

## Only Two Members In Virginia League

Richmond, Va., Nov. 17.—(AP)—Norfolk and Richmond are the only clubs in the Virginia League which have posted forfeits within the time limit for the season of 1928. President W. G. Bramham, informed the Richmond News-Leader by telephone from his home in Durham, N. C., today.

The president said that Petersburg had informed him that the city would not be represented in 1928, and that he knew that Kingston would likewise be out of the circuit. He also stated that he considered it possible that Wilson would be missing next season.

## VETERAN ATHLETE SAYS WOMEN EQUAL MEN ONLY IN SWIMMING CONTESTS

Dr. Edward Beaton Turner, veteran athlete trainer and famous consulting physician thinks it useless for women to attempt to compete with men in athletics, except perhaps in swimming.

"The two sports which women should never attempt" he says, "are Rugby football and the tug-of-war. On the other hand mixed games such as hockey spoil the day of the men, or else the girls tear themselves to pieces in their effort to keep up with the greater speed and endurance of the men players."

"Woman is not built for speed and stamina. Man is one-third broader at the shoulders than at the pelvis. In women these proportions are reversed. Her frame has less space than a man's for the heart and lungs. She is inclined too, to knock-knees."

"The crack woman at any game is about 25 per cent less efficient than a man. In physical aptitude for games the crack woman is about equal to the boy athlete of 16."

## CHALLENGING FOR CHAMPIONSHIP OF THE SOUTH

Centenary eleven of Shreveport, La., stands with Georgia University as the only undefeated and untied scholastic teams in the south, both east and west of the Mississippi River. Centenary will challenge Georgia for the mythical championship of region. Here are four backfield stars of Louisiana outfit (left to right): Jake Hanna, Harry Smith, Ted Jefferies and Bear Alday.

## SPORTS SLANTS

By ALAN J. GOULD (Associated Press Sports Editor)

New York, Nov. 17.—(AP)—Much has been written about the gridiron prowess of Georgia's Bulldogs this season but it mostly concerns the team as a whole and its record of being the only major outfit neither beaten nor tied so far.

There is distinction enough in that but the individual reasons for Georgia's success, including victory over one of Yale's greatest post-war teams, are equally as noteworthy.

The southerners boast a powerful line, flanked by two crack ends in Captain Shiver and Nash, rated by critics among the best in the country. Only Yale has been able to break through the Georgia line for a touchdown so far this season. Not a southern fan has been able to cross the Georgia goal and only one southern team, Alabama Poly, has tallied as much as a field goal.

An attack powerful enough to run up at least two touchdowns on every opponent evidently has the well known punch, a substantial share of it provided by McCrary, one of the outstanding fullbacks of the year, along with at least two other stars in Johnson and McTigue.

It has been frequently asserted that Yale outplayed Georgia although losing to the southerners. Many critics labeled it a lucky victory but it seems that the southerners, although outrushed, won by getting the jump and knowing how to hold onto the ball.

Here for instance is a paragraph from the Associated Press story of the game:

"Yale's attack, led by brilliant running of Bruce Caldwell, was better than that of the winners during most of the game. The Blue making seventeen first downs to six for Georgia, seven costly fumbles on Yale's part, however, offset its attack while Georgia went through the game without a fumble. Caldwell gained the most ground but he was unable to make a needed yard for a touchdown to win the game in the final period. McCrary was the best of the Georgia backs, while Scott for Yale, and Captain Shiver for Georgia, played well at the ends."

It is another instance to show that they don't pay off on first downs. Yale was outrushed last Saturday by Princeton but the Eds are not offering any apologies for that.

## STOMP DANCE IS BANNED IN INDIANA UNIVERSITY

University of Indiana authorities have banned the "stomp" as danced by students here.

The "stomp" enthusiasts have so endeavored by vibrations the Student Building in which university officials have been forced to stop several dances recently.

The same situation was accused here when the Charleston was in vogue.

## HARVARD SHOULD WATCH PHONY HOBEN

New York, N. Y., Nov. 17.—(AP)—If Johnny Hoben, Yale's plucky quarterback goes into action in the Harvard stadium Saturday, Harvard should give him no little attention. He comes from Torrington, Conn., the same town that produced Ducky Pond, the only Yale back to cross the goal line in the Harvard stadium in 19 years.

But Harvard, with the aid of copy of the prospect, counting every yard he gained, the prospect and the following week overwhelmed Yale at New Haven 38 to 0. Reuben Brown, one of the late Percy Haughton's right hand assistants, who coached Yale that season, was mostly responsible. The Harvard line was especially coached to out-charge the Yale line. The Harvard forwards got the jump on their opponents and the lightning fast Yale backs never got started.

## SAME OLD STATE LINEUP TO TACKLE CAROLINA

Duke University, Nov. 17.—(AP)—The same Blue Devil lineup which faced State will likely take the field against Carolina. Duke coaches indicated today. One possible exception, the position of center, was seen as Brummitt and Hunter battled for the job. The other positions were filled by regulars.

## Radiator Bundles Low Rate

Having qualified as executor of the estate of J. J. Hardee, deceased late of Pitt County, N. C., this is to notify all persons having claims against the estate of the deceased to exhibit them to the undersigned executor or S. O. Worthington, attorney, at his office in Greenville, on or before the 15th day of October 1928, or this notice will be pleaded in bar of recovery. All persons indebted to said estate will please make immediate settlement. This the 15th day of October, 1927.

## Notice of Sale of Real Property

By virtue of the power of sale contained in that certain Mortgage Deed executed by E. L. Sutton to Pattie B. Williams, dated March 9 1926 and recorded in Book H-16, at page 431, default having been made in the payment of the indebtedness thereby secured, the undersigned will, on Saturday, the 17th day of December, 1927, at 12 o'clock Noon before the courthouse door at Greenville, expose to public sale to the highest bidder for cash the following described real property, to-wit:

First Parcel: Lying in Falkland Township beginning on the Tarboro road where it forks going to the Old Landing and runs thence with the Tarboro road S. 7-30 E. 30 poles to a stake, thence S. 68 E. 62 poles to a stake, thence S. 83 E. 150 poles to a stake in the dividing line of Lot No. 6 and No. 1 in the Merch Division; thence North 35 poles to a stake on the bank of Tar River, thence up Tar River N. 75 W. 35 poles to an iron stake, Webb and Mowley's corner; thence N. 81 W. 135 poles to a birch tree; thence N. 37-30 W. 18 poles; thence N. 73 W. 18 1-3 poles; thence N. 82-30 W. 35 poles to the Tarboro road at the beginning containing 45 acres, more or less, ascending therefrom the 170 acre tract conveyed by John W. Moore to Luinda Mowley by deed recorded in Book G-10 at page 324.

Second Parcel: Beginning on the Tarboro road at a stake the southwest corner of lot No. 1 and runs thence with said Tarboro road S. 7-30 E. 30 poles to a stake corner of Lot No. 3; thence S. 72 E. 67 poles to a stake; thence S. 80-30 E. 104 poles to a stake; thence North 43 poles; thence N. 84 W. 109 poles to a stake; thence N. 68 W. 89 poles to the footwater, containing 45 acres more or less.

This the 15th day of November, 1927.

W. C. Harding, Atty. Nov. 17-19-27.

## LOCAL HIGHS ALL SET FOR WARSAW GAME

Greenville is expected to be well represented at Warsaw tomorrow when members of the local high school meet Wilmington in semifinals of the eastern division of the State championship elimination series. A bus will leave the Proctor hotel station at twelve o'clock bound for Warsaw. This is for the convenience of those who have no other way of attending the game. It was indicated today that numbers of supporters of the hefty grid warriors would go by automobile and arrive in Warsaw in time to furnish a demonstration for the city on the Tar.

Reports from Wilmington today were to the effect that the New Hanover Wildcats are anticipating the hardest fought game of the season. Sports authorities of that city have conceded Greenville to be the most formidable aggregation of the east, and have called on club supporters to rally at the side lines and boost their club on to victory.

Coach Porter stated this morning that his club was in prime condition for the fray. Virtually the same lineup that emerged victorious in the first championship game at Scotland Neck and the second at Washington will be put in the field against the Wildcats.

"I am confident the boys will come out victorious in this game as they did in the two former games," Coach Porter said this afternoon. "They have the grit, speed, power

## MANY STARS POPPING OUT IN THE SOUTH

Atlanta, Ga., Nov. 17.—(AP)—Most Southern Conference football teams, apparently starting the season with mediocre and at the best only "fair" line prospects are reaping a bumper crop of forward stars as the season draws to an end.

That's the opinion on every side as the teams go through their final and biggest tests of the campaign. At every position, several names are outstanding. From end to end, a resume shows many luminaries.

## FILES SUIT FOR HALF MILLION

Charlotte, N. C., Nov. 16.—(AP)—Supt for \$500,000, believed to be the largest sum ever asked in a personal injury suit in North Carolina, was filed in Mecklenburg Superior Court today by Frank Crowell against the Highland Park Manufacturing Company. Crowell, former employe alleges in his petition that he was "literally torn to pieces" when he was caught in a whirling shaft and spun through the air.

Crowell was in a hospital five months.

## LOOK!—LOOK!—LOOK!

Why let your fly-wheel stay stripped, when you can take it around to 411 Washington street and have a band put on for \$4.00 to \$5.50? We carry bands for all makes of cars.

Tackles all furnish plenty of food for thought. Tinsley, of Louisiana State, has given a fine account of himself for the season. So has his mates, Nesson Kimbrough of Sewanee; Brunson of Mississippi A. & M.; Pickard of Alabama; Cardwell, of Virginia; Hood, of Georgia Tech; Morehead of North Carolina and Lautzenheiser of Georgia, among others who have been in the surdure.

Guards stand out in bold relief than in many years past. There's Gene Smith of Georgia, another Smith of Ole Miss, Bowdoin, of

## Acquitted

Wilmington, N. C., Nov. 16.—(AP)—Richard Rising, charged with the murder of J. W. Bell, free today following his acquittal in the New Hanover County Superior Court yesterday. He maintained during the trial that the bullet which killed Bell was fired by a negro.

# DEATH ENDS CAREER OF NEGRO BOXER

New York, Nov. 17.—(AP)—With aayer on his lips, Theodore Flowers, the "Praying Dea" of the prize ring, died in a hospital last night after a r operation.

id in the "Tiger" bathrobe, ng the huge yellow head of a e cat across the shoulders—a ar sight in rings all over the ry—the taciturn Georgia o who once held the world's l-weight championship, went the operating room in the arium of Dr. W. G. Fralick, to go an operation for a growth his right eye.

the anesthetic was being ad-rted the "Tiger," a deacon in church at Atlanta, Ga., mur- d.

I should die before I wake, I the Lord my soul to take."

le more than a year ago y Greb, who lost his title te rs in a decision bout at Mad- Square Garden February 25 died under similar circum- es after an operation for re- of home from his nose. .ow- et his crown to Mickey Walk- a ten round decision in Chi- December 3.

e colorful "Tiger" whose fistc er extended over nine years been a unique figure in ring ry. A clever, speedy southpaw, an attack that never on-ve ned despite setbacks. He ht 120 fights before winning 160 pound title. He was 32 old and fought all the leading ewights of his time many heavyweights and a few wights.

his last year he fought nine- ths without loss in a cam- to force Mickey Walk- back the ring for another title y.

in preparation for this y at the title that the Tiger ur- ysterday's operation, Walk- r, his manager said.

ois of campaigning had left ose of hardened cartilage over s eyes, he said, as well as a tly "cauliflowered" right ear ere reduced by Dr. Fralick.

went with Flowers into the aining room," Miller said, "and ed just as though he were n into the ring for an easy fight, was in splendid shape, but out- ew. He took about the little Bible that he has carried in rrip wherever he has gone. He had headaches lately and the ead over his eyes hurt when as hit. But we expected no- e.

ave you anything to tell over y? I asked him before he took e anesthetic.

is he?" he replied.

That was the third remark this t day, who talked but rarely made to me in the whole day, e before he said 'yes sir' and in 'who' is in emphasizing some- I had said. Earlier in the Flowers made his will, leav- erty valued at about \$100,000 to wife and six year old daughter a Lee, in Atlanta."

# THREE REACH FOOTBALL FAME BY VERSATILITY IN BACKFIELD

Swift feet that can also kick accurately and hands that take or catch the ball have combined to bring football glory to John Niemiec (left), Notre Dame, Bill Amos (upper right), Washington and Louis Gilbert (lower right), Michigan

New York —(AP)—Three versa- tile football aces are running, pass- ing and kicking their way to fame this season.

Fitting perfectly into the Notre Dame machine that calls for such a back to lead the second eleven of "shock troops" into a scoring situation fit for the presence of Christy Flanagan, Knute Rockne's premier ace, John Niemiec rarely functions at the side of the more illustrious teammate. But he does everything about as well.

In the East, the gridiron matches of Washington and Jefferson's power- ful eleven this season, as last have been punctuated by the brilliant work of Bill Amos, fullback and all-round ace.

Meanwhile, at Michigan, Louis Gilbert on the receiving end of Bennie Oosterbaan's bullet passes has come to be regarded as one of the greatest stars developed by the foxy Fielding H. Host.

Niemiec has been repeating his success of last season, when he scored the points that won two of Notre Dame's outstanding triumphs. In the intercollegiate classic with Southern California, the Bel- laire, Ohio, youth ran a forward pass across the Trojan goal in the final two minutes of play and kicked the extra point for a 13 to 12 victory. On a similar play he scored the six points that beat Northwestern.

He has another year of varsity play at Notre Dame and is looked upon as likely candidate for captaincy of the eleven in 1928.

Amos, a piledriving ball-carrier who can also kick and pass, is rated among the East's leading candidates for All-American honors. He was prominently mentioned in the all-star category last season. This year is his last with the Pres- dents.

Head Coach Andy Kerr, for many years associated with "Pop" War- ner in the coaching field regards Amos as the greatest back he has ever handled, a great line-plunger than the famous Ernie Nevers, Stanford All-American.

Gilbert was so versatile as a football player that paradoxically

it held him back as a star. He is a punter, a running back and a receiver of forward passes, all of which he does with superlat- ive skill. He was one of the two sophomores to break into the Michi- gan 1925 team. The other was Oosterbaan. On that team, Gilbert kicked as only Harry Kipke could and they let him do that because no one else on the team could do it as well. But he itched to range along as a running back.

Again last year, Gilbert was the only punter in the Michigan camp and he and his precious toe were guarded tenderly while he fumed to be passing and running, and smashing.

Michigan has other punters this year and Gilbert was permitted to cut loose.

### LONG WORKOUT ON "HILL"

Chapel Hill, Nov. 17.—(AP)—An- other mid-afternoon to dusk work- out faced the Tal Heels today as coach Collins sent charges into scrimmage against freshmen who ex- ecuted Duke plays.

First, second and third string play- ers got the call to action. But two practice remained for the squad to complete extensive drills for the game at Durham Saturday.

# BE SLENDER and Fashionable

Fat and fad are mortal enemies. You can't be stylish and fleshy. The two don't go together. But there is no need to be stout. You can have the slender figure which fashion demands, and what's more you can have it

**WITHOUT CHANGE OF DIET OR UNNECESSARY EXERCISE**  
I am a licensed New York Physician. For years I have specialized in obesity and have treated thousands of men and women overburdened with excessive flesh. I prescribe for my patients so that their general health will be improved as well as their weight reduced. Will you take advantage of my great offer?

**FREE TRIAL TREATMENT AND VALUABLE BOOKLET**  
Know from actual experience that my treatment will help you as it has helped thousands of others. Read what a few patients say:

Miss O. WHITLOW writes: "I have lost 75 pounds as a result of taking your treatment and have never felt so well in my life as I do now."  
Mrs. E. BATEMAN writes: "Have taken your treatment and it is wonderful how it reduces. It does just as you say. I have reduced a pound a day and feel fine."  
Mrs. ANNA SCHMIDT writes: "I weighed 175 pounds before I started your treatment and I now weigh 135 pounds. You may print this if you like."

Always remember that fat is dangerous. Your very life is threatened by excess flesh. Get rid of that fat now. You'll feel better, look better and live longer. Write now, this minute, for booklet and Free trial treatment.

Philadelphia.—Battling Levisky, Philadelphia, won from Matt Adgie also of Philadelphia (10). Harry Billman, Philadelphia, defeated San Sanchez, Mexico, (10).

### TELL DEACONS TO PLAY MAN'S GAME

Wake Forest, Nov. 17.—(AP)—Urg- ing his players not to allow "per- sonal grudges and dislikes" to hinder serving Wake Forest, coach Bald- win today called upon the Deacons to play a man's game of football against High Point here Saturday and against Mercer at Asheville on Thanksgiving day.

The coach told his pupils he was a friend of each and every one of them and was counting on them to play their best.

Capt. Ober, injured since the P. C. game, was back in practice and it was reported he would be able to play Saturday.

# A THREE DAYS' COUGH IS YOUR DANGER SIGNAL

Persistent coughs and colds lead to serious trouble. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a new medical discovery with two-fold action; it soothes and heals the inflamed membranes and inhibits germ growth.

Of all known drugs, creosote is recognized by high medical authorities as one of the greatest healing agencies for persistent coughs and colds and other forms of throat troubles. Creomulsion contains, in addition to creosote, other healing elements which soothe and heal the infected membranes and stop the irritation and inflammation, while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and checks the growth of the germs.

Creomulsion is guaranteed satisfac- tory in the treatment of persistent coughs and colds, bronchial asthma, pharyngitis and other forms of respira- tory diseases, and is excellent for build- ing up the system after colds or flu. Money refunded if any cough or cold is not relieved after taking according to directions. Ask your druggist. (adv.)

Monday, December 5, 1927, before the court house door in Greenville, N. C. sell to the highest bidder for cash the following described lands:

Being a 1-6 undivided interest in the tract or parcel of land lying and being in Fountain township, Pitt County, and known as the Daniel King lands, adjoining the lands of C. W. Jefferson, F. L. Eagles, and J. L. Gardner and being the same lands deeded to W. C. Gardner by Jno. C. Vaughn which deed is recorded in the reg-

ister of deeds office of Pitt Coun- ty and reference thereto made, and the said one-sixth interest being the same one-sixth interest sold to the said J. L. Gardner by W. E. Gardner and wife by deed dated March 22, 1923 of record of Pitt County, all of which said one-sixth interest in said lands is subject to the life estate of W. C. Gardner.

# STUDEBAKER THE GREAT INDEPENDENT

You are interested in The Dictator's records of mile-a-minute speed for 24 hours, because:

When the Studebaker Dictator, running under the supervision of the American Automobile Association, established 11 new records for stock cars listing under \$1400, it proved that:

- ...you get the highest quality of steel and other materials in a Dictator
  - ...you get marvelous precision manufacture in a Dictator
  - ...you get the most painstaking and expert workmanship in a Dictator
  - ...you get brilliant but sound design in a Dictator
  - ...you get vast excess power in a Dictator
- And the above records prove that these features have been so combined that The Dictator will give you:
- ...thrilling performance
  - ...long life
  - ...economical operation

So well built is the Studebaker Dictator that every car may be driven 40 miles per hour from the day you buy it new! After the first thousand miles the motor oil need be changed only at 2,500-mile intervals. The chassis need be lubricated only at 2,500-mile intervals. Get behind the wheel of a Dictator today—drive it an hour and you'll know you have found the world's greatest motor car value. And back of every car is 75 years of honest manufacturing and selling.

**\$100 worth of extra equipment**

The Dictator's low price includes more than \$100 worth of extra equipment without extra cost. Front and rear bumper shock absorbers; rubber floor covers; and hydrostatic gasoline gauge as the dealer's standard. Locking tight and steering; 4-wheel brakes; full-size ball-bearings; windshield wiper; automatic windshield cleaner; rear window wiper; new traffic signal light; case lights; silters; ventless two-speed doors; headlights; controlled from steering wheel.

### UNITED EFFORT NEEDED

It was the consensus of opinion of those who attended the sectional meeting of the Eastern Carolina Chamber of Commerce here last night, that opportunity is now knocking at the door of Eastern North Carolina and that the time is ripe for the section to grasp its opportunity if it hopes to become great from an industrial and improved agricultural standpoint.

The review of the past achievements of the commerce body as set forth by its officers was such as to inspire confidence in the organization and its possibilities for the future. Realizing that a movement for a greater Eastern North Carolina is something in which every citizen of the section should be interested, those present not only offered their financial support to the Chamber of Commerce but volunteered to carry the message to other citizens of the various communities of this section and to earnestly solicit their support also.

As was pointed out last night, the time is now ripe for us to go forward and the best way to do it is through united effort. The enlarged program of the Eastern Carolina Chamber of Commerce for the coming year should and no doubt will receive the hearty moral and financial support of every business, corporation and individual citizen of Eastern North Carolina.

### WELCOME, TEACHERS

Already teachers from the various northeastern counties are arriving here for the district conference which begins tomorrow and indications are that something like two thousand visitors will throng this city before the sessions of the conference are brought to an end.

To the attention of these visitors we would call our city's slogan, "Our Greenville, Yours If You Come," and it is our earnest desire that you find the slogan a reality and not an idle boast. To you who have visited our city before, we wish to say we are glad you came back. To you, who until now have not favored us with a visit, we wish to say we are glad you have come and we hope that your short sojourn here will be such that it will be your desire to come again.

# ABOUT TOWN

"On the Warsaw!" was the cry of members of the Greenville High School football team this morning as they made final preparations for the semi-finals of the eastern division of the State championship elimination contests which will be played in Warsaw tomorrow afternoon at 3 o'clock between the local club and Wilmington Wildcats.

"This will be decidedly the hardest fought game, which the locals have participated in this season," Coach Porter said this afternoon, "and it is hoped local people will attend in large numbers and lend their moral support to the Greenville boys."

"We feel confident of coming out victorious, but this depends largely by the loyal support which our lads receive from the side lines. Be there, and do your part by the boys in their victorious march towards championship finals at Chapel Hill."

Greenville is all set for welcoming the two thousand or more public school teachers who will gather here in annual conference tomorrow, said members of the Greenville Merchants Association today.

"This is the second time Greenville has entertained these visitors within the last two years. We are delighted to have them back and hope they will decide to visit us again next year."

"Today is Red Cross Roll Call in Greenville," Mrs. Hortense Moyer, president of the King's Daughters, stated this morning, "and it is hoped the people of Greenville will respond liberally to call for members of this great organization."

Mrs. Moyer was recently named director of the Roll Call in this city, and was today being ably assisted by members of the Woman's Clubs, numbers of whom were on the

Her Color Went Black. She Was Frightened To Death

Mrs. Waite New Brighton, writes: "If I could only write as I can talk I would have many sufferers relieved of that deadly indigestion and gastritis. I must have had a severe attack as my color went black. Friends thought I was going to die and recommended CARTER'S LITTLE LIVER PILLS. All I can say is, your pills are a wonderful laxative and I take one after meals and at bedtime, and in this way I keep free from constipation and its torturing results. Indigestion or gastritis never bothers me now."

They are small, easy to swallow and can be taken by children as well as adults. Remember! This is a Doctor's formula, free from Mercury, Calomel, poisonous drugs, and a safe vegetable laxative. CARTER'S LITTLE LIVER PILLS. All druggists—25c and 75c. red pkgs.

streets at an early hour soliciting memberships.

"Over 30,000 veterans of the World War in 19 government hospitals are still receiving the necessary aid from the Red Cross to help them on their way to recovery," M. H. Moyer stated, in speaking of the wonderful work done by the organization. "Service to the enlisted men of the army, navy and marine corps is being carried on as during the stirring war days for it is as essential now as in 1917."

"Peace time activities include public health nursing, home hygiene, care of the sick, classes, first aid and life saving corps, now numbering 135,000, and co-operation of memberships in League of Red Cross societies which includes some 53 countries."

"If you are not a member of the Red Cross, join now."

"It is gratifying indeed to note that the Greenville tobacco market passed last season's record with sales today," remarked a pioneer tobacconist this morning.

"Last year we sold slightly over forty-nine million pounds. Today we passed that mark, and with many more sales days ahead, it begins to look like we are going to surpass fondest expectations."

"Success of the market this year may be attributed largely to the spirit of co-operation existing among members of the Tobacco Board of Trade and other business interests of Greenville. With everybody mulling together in the future like they have in the past, it is a dead cinch that Greenville will be able to establish many more enviable records."

### WEAK, NERVOUS

Georgia Lady Could Not Sleep  
Nights, But After Taking  
Cardui She Was "Like a  
Different Person."

Comer, Ga.—Mrs. C. H. Smith, of this place, related the following interesting experience:

"I was weak and nervous and run-down. I couldn't sleep at night. I felt tired and not in condition to do my work. I had Cardui recommended to me, but always thought I could out-do most sickness, but this was one time I needed help. I was so weak I could hardly lift my hand."

"I can't express how had I felt. I know I improved after taking Cardui. I was like a different person. I was built up and was stronger and better than in a long time. I have a young daughter who had the 'flu,' and after she got up she would crane in a while have such severe cramping spells, just suffer terribly. I knew there was a weakness and, hoping Cardui would reach this trouble, I had her take it, and the first bottle helped her so much she was able to leave it off and does not have this trouble now."

Cardui has been in use for more than 50 years.

**Episcopal Bazaar**  
The ladies of the Guild of St. Paul's Episcopal church will hold their annual bazaar the second week in December.

Home made cakes, candies, Turkey dinner, chicken salad lunch—Ladies Presbyterian church in store formerly occupied by cafeteria.

**THE P. T. A. OF EVANS STREET SCHOOL GIVES A BOOK SHOWER**

The P. T. A. of Evans street school observed Book Week by giving the school a surprise book shower Wednesday afternoon.

The members were met by the president, Mrs. Harris, and the school principal Mrs. Savage, and shown a clothes basket where they deposited their packages, then they were ushered into the auditorium where they enjoyed a splendid program rendered by the children's "G. T." club of this city, under the direction of Miss Belle Tillet, assisted by Miss Millian Purvis. The program consisted of two piano solos by Gus Forbes, Jr., a reading by Sarah Butterton, a poem by Ben Herring and a "Book" play by several children, each one appearing in gorgeous costume representing many books which the children read daily. So perfect was the costuming that one would almost believe themselves seeing the real characters. Probably "Peter Pan" would have won the prize, but it would have been a close race between "Robin Hood," "Rip Van Winkle" and the others. At the close of the program little Dorothy Tillet and Gus Forbes Jr., entered bearing a huge clothes basket which they presented to Mrs. Savage. Upon investigation she found it to be filled with library books for the grades. In a few appropriate words she received them for the school and the hearty applause of the teachers showed their appreciation of them. The president invited the members downstairs in the halls where they were served sandwiches and tea by Mesdames Hill Horne, E. T. Forbes and O. G. Gully. Forty members and several visitors were served and each one departed declaring they had thoroughly enjoyed the occasion.

**Prisoner Escapes**  
Dunn, Nov. 17.—(AP)—The jail today was short a prisoner when a check up revealed that Carl Tripp, 18, had saved his way out of a window. Efforts of other prisoners to escape the same way were prevented by guards.

## Bell Authur News

**Arthur School News**  
Bell Arthur, N. C.—Nov. 17.—Misses Frances Harvey and Catherine Norman, of Greenville, spent part of last week-end at the teacher's camp as the guest of Miss Johnson. Miss Maude Bowers and Mr. Bruce Strickland spent the week-end in Wake Forest. J. O. Powers spent the week-end in Durham and Wake Forest. The boys of Arthur are very interested in club work since Mr. Arnold's visit last week. There is also talk of scout work. On Wednesday, the teachers attended a meeting in Fountain and the school had a chance to chew gum at leisure. The community is looking forward to planting day, Tuesday after Thanksgiving. Thursday is work day for the men. Dr. Carr is coming out to direct the work. The H. H. Club is all a thrill over its new kitchen outfit. Even Mr. Fitzgerald is interested. He sent out a stove for the girls to use. The boys are very interesting in the kitchen. We wonder why. The six and seventh grades have taken to raising frogs. You should see their tadpoles. The first grade is waiting in eagerness for new tables and chairs to be delivered. Mrs. Martin now has forty-one "chicks." If they keep coming the room will have to grow in size to hold them. The C. E. Society announced a "lucky party" for Friday night. Visitors from Greenville are expected.

**Arthur Parent-Teachers Meeting**  
Bell Arthur, N. C.—Nov. 17.—On Tuesday of last week the parents and teachers of Arthur met in the school building for their second meeting. In the absence of the President, Mrs. Elbert Tyson, the vice-president, Miss Georgie Johnson, presided. After the devotional, reports from committees were heard and discussed. The matter of lights for the school building and teacherage were discussed. A committee was appointed to see the Greenville Power Company about extending a line to Arthur. Miss Brogdon was then present. She made a very enjoyable and inspiring talk on "What the Association Can Do to Help the School." After this she presented Dr. Carr as the best part of the program. Dr. Carr was unusually good. He talked on "Beautifying Our Surroundings." His talk led to a general discussion. Miss Johnson set Thursday, November 17 as work day. Dr. Carr agreed to come and direct the work. Tuesday after Thanksgiving was agreed on as planting day. The members and guests were

then served hot chocolate and cake by the club girls. Miss Smithwick's room won the two dollars for attendance.

**Oppose Operation Of Gas Stations and Stores on Sabbath**  
Believing that the operation of filling stations, cool drink stands and other pieces of business on Sunday, constitutes a desecration of the Sabbath day and a source of great evil, members of the Central conference of the Free Will Baptist church, in session at St. Delight's church, Greene county, November 9, 10 and 11, passed a resolution calling on public officials to enforce the law. The resolutions follow: "Realizing and firmly believing that the opening of filling stations, cool drink stands and other places of business on Sunday, is not only a Sabbath desecration, but a source of great evil. Therefore, "Be It Resolved: First, that this conference go on record as standing firmly for law enforcement in this matter. "Second, that we urge our officials to perform their official duty in seeing to it that the laws are enforced. "Third: Any of our preachers who constantly patronize these places on Sunday shall be dealt with by this conference. "Fourth, that we as a church, refuse to patronize at any time these places as far as possible."

**NEGRO HIGH SCHOOL BOY DISTINCTLY HONORED**  
Milton Daniel, student of Greenville colored high school, was elected state secretary of the Older Boys' Conference at a recent meeting of that organization held at Hillside high school, Durham, according to announcement made today by C. M. Epps, principal of local colored schools. The Older Boys' Conference is a new organization among the Negro high schools and social service-workers of the Negroes. Principal Epps said he was highly gratified at the recognition shown his school thru the honor conferred upon one of his pupils. The ladies of the Presbyterian church will serve a turkey dinner and a chicken salad lunch Friday and Saturday, at the cafeteria old stand. Try us today.

## CLUB WOMEN REVIVE AMERICAN HOME MUSIC TO STOP JAZZ SPIRIT

MRS. JOHN P. BUCHANAN

AMERICAN FOLK SONGS ARE IN DANGER OF BEING ENGULFED IN "TIDAL WAVE OF JAZZ THAT HAS SWEEPED THE COUNTRY"

Roanoke, Va.—(AP)—Jazz is an enemy of national music, believes Mrs. John P. Buchanan, president of the Virginia Federation of Music Clubs and chairman of the home music department of the National Federation. In fact she asserts that American folk songs, including Indian music and negro spirituals are in danger of being engulfed in the "tidal wave of jazz that has swept over the country." America really is a country without national music, she says, contrasting with Germany, Hungary, France and other nations which have built up characteristic national music from their home and folk ballads. So her department is conducting a country-wide movement to establish a national music for America and to make the more serious of American composers just as well known as Irving Berlin.

"Realizing the need of establishing, or restoring, the really good music in our homes, Mrs. F. A. Selberling of Akron, O., conceived the idea of a home music department that should revive with music the fast disappearing family circle," she relates. "But young people should be more familiar with the music of the masters, the hymns of the church, the music of our own American composers and our own simple home songs and folk music." Family groups, consisting of piano, voice, violin, cello and other ensembles, are being organized in

many states. These groups are appearing on Federation programs. One home orchestra of Winston-Salem, N. C., featured was at the annual meeting of the North Carolina Federation. Home music will have the most prominent place on the National Federation biennial convention in Boston in 1929. "Instead of devoting our musical instruments, our phonographs, our player-pianos, our radios, to the Charleston and the Black Bottom," Mrs. Buchanan asserts, "we want them to be recognized as the greatest cultural and musical assets for building up a great native music. Our music schools and private teachers can not make up to our children the lack of musical influence in the home."

**FLOWER BOX CRUSHES LITTLE GIRL TO DEATH**  
Durham, N. C., Nov. 17.—(AP)—A combination of circumstances resulting from the overturning of a flower box caused the death here yesterday of little Annie Lou McGranaha, age 4. While playing on the box yesterday afternoon, the child fell and dragged the heavy receptacle filled with dirt with her. The box fell on the child's stomach, crushing her so severely that she died before medical aid could reach

## Virginia Woman Heads Daughters Of Confederacy

Charleston, S. C., Nov. 17.—(AP)—Mrs. W. C. N. Morcha, of Chatham, Va., was elected President General of the United Daughters of the Confederacy on the first ballot at the annual convention here. Mrs. Oscar MacKenzie of Montezuma, Va., was elected first vice-President General; Mrs. P. H. P. Lane, of Philadelphia, was re-elected second vice-President General; Mrs. Madge Burney, Waynesboro, Miss., was chosen third vice-President General and Mrs. L. M. Bashinski, of Troy, Ala., was re-

lected Recording Secretary General. Mrs. Mary Lou Gordon White of Nashville, Tenn., was chosen Corresponding Secretary General; Mrs. B. A. Blenner, Richmond, Va., Treasurer General; Mrs. John L. Woodbury, Louisville, Ky., Historian General and Mrs. Fred C. Kolmar, New Orleans, Registrar General. Mrs. Merchant won over two other candidates, receiving 1,444 votes to 443 for Mrs. W. E. R. Byrne, of Charleston, West Va., and 399 for Miss Kate Daffin, of Ennis, Texas. Mrs. MacKenzie received 1,376 votes to 942 for Mrs. Dorothy Lamar of Macon, Ga. Most of the candidates for the other offices were unopposed.

Mrs. Merchant served as chairman of the committee on history for the organization during the last year. A charter member of her chapter, the Rawley Martin, she has held every chapter office and has served as registrar, treasurer, recording secretary and president of the Virginia division. In the national organization she has been recording secretary and second vice-President General. She represents her county on the Virginia State Democratic committee and is treasurer of her town community fund.

# U. S. GUNBOAT SENT TO PROBE CHINA TROUBLE

## Severe Fighting Reported Along Tientsin-Pukow Railway North of Mingkwng.

Shanghai, Nov. 17.—(AP)—As a result of reported disorders at Tsungkong, the United States gunboat Asheville, has been sent from Hongkong to Yuenkong by the commander of the South China patrol. The gunboat is to investigate the disturbance.

Regular dispatches from Canton included a dispatch from three Americans at Yuenkong who said the disturbance occurred Tuesday. Parading working men and students broke into the American Catholic mission premises. The Chinese military forces "saved the situation." They arrested several leaders, this resulted in excitement among the unions who demanded release of the leaders. It was stated that further trouble is threatened unless the Canton military command orders Yuenkong military leaders to take further action. The latter is declared to be averting fearing opposition from Canton labor leaders.

Nine Americans, including two women, are said to be in the district.

Shanghai, Nov. 17.—(AP)—Severe fighting along the Tientsin-Pukow railway north of Mingkwng, is in progress in the arrival at Nanking 1100 serious casualty cases.

It appears that 60,000 Nationalists under General Ho Ying-Ching attacked the forces of the northern commander, General Sung Chuansung, on a wide front only to suffer the most severe losses, especially from machine gun fire.

One Nationalist division was eliminated. Another regiment was decimated to forty or fifty men.

Hong Kong, Nov. 17.—(AP)—The war party under Chang Fat-Ful attempted to seize Canton, reports from there to Chinese sources here say.

Trouble broke out when the attempt was made at 8 o'clock last night. Gunfire between the con-

## She's After Kip Again

Mrs. Alice Jones Rhineland, negro wife of disinherited heir to New Rochelle, N. Y., family's millions, declares that \$300 monthly alimony from Kip Rhineland is insufficient, and will ask court to increase allowance.

(International Newsreel)

tending parties kept up all night and at four o'clock this morning became very heavy. Desultory firing continued until 8 a. m.

According to reports it has been definitely established that the labor elements in making a bold bid for Canton have seized and occupied the telegraph office. Members of the union distributed leaflets throughout the city bearing the slogan: "Down with Li Chai Sum." (The Canton Generalissimo).

General Li Chai-Sum was chief officer at Canton under the former Nationalist commander, General Chiang Kai-Shek.

Following the disintegration of the Canton Nationalist movement last April, Li Chai-Su continued as commander of the garrison at Canton and devoted himself to suppressing the extremist element in the city.

Hong Kong, Nov. 17.—(AP)—Several unpleasant incidents have occurred recently in anti-foreign demonstrations at Yuenkong. 150 miles southwest of Canton, a delayed wireless message from Yuenkong dated November 15, states.

The demonstrations were directed mainly at American working men and truculent students threatened

an American mission and its inmates. (An American mission founded by the Presbyterian Board of Foreign Missions in 1893 is at Yuenkong, which is also known as Rangkiang-Sien).

Hankow, Nov. 17.—(AP)—Victorious Nanking Nationalists have overrun the Wuhan district—embracing Hankow, Wuchang and Hanyang. Great uneasiness exists because the invading soldiers have a bad reputation.

## TO HONOR LAFAYETTE AT PLACE WHERE HE LANDED IN AMERICA

This historic old South Carolina seaport soon will commemorate the Marquis De LaFayette, the French patriot who aided America in the Revolutionary days, by unveiling of a monument.

It was here that LaFayette landed when he came to America to aid the American patriots. President Coolidge has been invited to visit Georgetown for the celebration and pending the president's decision the date of the unveiling will be held open.

## YALE MAY APPEAR IN TOURNAMENT OF ROSES

New York, Nov. 17.—(AP)—In an article in the New York American today, Danon Runyon says that authorities at the Tournament of Roses, held annually in Pasadena, Calif., are making an effort to secure Yale as the opponent for the University of Southern California in the New Year's game at the Rose Bowl.

## Held Under Bond

Goldsboro, Nov. 17.—(AP)—At liberty under \$500 bond, Roland and Archie Murvin, Wayne county, brothers, today awaited a hearing on charges of threatening the life of a nearby farmer, Jim Mazingo, who said his barn had been blown up and that he had received "orders" from the "Cluck gang" to leave the community.

## SACHA GUITRY WRITES PLAY NAMED "LINDBERGH"

"Lindbergh" will be the title of the play written by the well-known playwright and actor, Sacha Guitry, which will appear at the Cha-

telet theatre in Paris this winter. In substance, it will be a kind of answer to the famous "Around the World in Eighty Days" but Lindbergh will do it in much less time than old Phileas Fogg.

## SELF-LIGHTING CIGARETTE BOON TO MATCHLESS

London.—(AP)—An English man has invented a self lighting cigarette for persons who never buy matches.

A tiny disc of touchpaper is fired to one end of the cigarette. Centered on the disc is a fragment of the ignition material about the size of a pin head. A gentle touch of this end of the cigarette against the prepared side of the cigarette packet, and the trick is done. The touchpaper glows for an instant and the cigarette is lit.

The tobacco is not affected by the process, the lighting material and touchpaper being completely odorless. The inventor is taking out world patents on the device.

## Cancer's Speech Engagements

Washington, Nov. 17.—(AP)—Rear Admiral Thomas P. Magruder who is on "waiting orders" as the result of his criticism of the Navy Department has cancelled all of his engagements for public speeches for reasons he does not care to discuss.

## Mrs. Grayson Off For Paris

Berlin, Nov. 17.—(AP)—Enthusiastic over the interest in aviation displayed by all classes of German Society, Mrs. Frances Wilson Grayson, who tried to fly from the United States to Denmark, left for Paris this morning.

"In America the usual stunt is to go up in the air for five minutes, just to have the experience of flying," she said. "Here people of all walks of life regard flying as a necessity. They take a plane not simply for experience but because they desire to reach another city quickly."

"As to the Tempelhof airdrome, I consider Berlin lucky to have such a wonderful place. It's the real thing."

Mrs. Grayson is still studying air routes for a flight to Copenhagen in her plane, the Dawn.

She has decided not to visit Copenhagen where her financial back-

er, Mrs. Mabel Ancker lives. "There is only one way for me to arrive in the Danish capital—in the Dawn," she said.

## French Hostages Returned

Rabat, Morocco, Nov. 17.—(AP)—The six French hostages kidnaped by Moorish brigands in October and held for a ransom of 2,000,000 francs, in gold, or approximately \$80,000 have arrived at French outposts.

## Gets Ten Years in Jail

Antlers, Okla., Nov. 17.—(AP)—Major Victor M. Locke, former superintendent of the five civilized tribes, was found guilty of first degree manslaughter in connection with the killing of Abner Battiest, Choctaw Indian, and sentenced to ten years to prison today by a jury in Pushmataha county district court.

Launches Clean-up Campaign in Films

Culver City, Cal., Nov. 17.—(AP) Samuel Goldwyn, veteran producer of motion pictures, today launched the latest clean-up campaign in the films, a drive against what he termed "newspaper parasites."

TODAY

(Continued from Page One.) cided to "squell" Bolshevism. Such killings are usual things in revolutions. Robespierre killed Danton, greatest French leader. The D. Robespierre went to the guillotine with a broken jaw, and Charlotte Corday murdered Marat in his bathtub. Then came Napoleon. You may see something like this in Russia.

An army of British unemployed, headed for London, marched through a crowd of men and women in pink coats hunting the fox, with bounds to help Men galloping over the fields in bright pink. For pleasure, contrasted sharply with marchers leaving hungry children at home.

Scientists seeking "cold light," hope to find it in "atomic vibration," produced by shifting of the electrons in their orbits inside the atom. Planets in our solar system are electrons of a big scale. If they changed their orbits and collided, there would be plenty of light for a moment, but not light without heat.

Of one thing you may be sure, the human brain doesn't produce any light worth while, in education, art or science, without much heat and genuine combustion. You must as Dante said, "work as nature works, in fire," or your work amounts to little.

Engineers from everywhere watches the shipping board's freighter, Mercer experimenting yesterday with pulverized coal for fuel. All business men that burn coal and especially all city officials, frown from pulverized coal cut cost and produce no smoke.

A great automobile combination is rumored, with the able Mr. Duesenberg at the head of it, involving the sum of \$200,000,000. Once that would have sounded impressive, but it is only a little more than the annual dividend of General Motors at the present rate. The bigger the unit, the better for business. It is hard for little fish to live in these waters without the help of mass advertising, which they can't well afford.

Europe believes that Germany, Austria and Hungary will be united in one country, to which Austria can now contribute only a big city, with a little front yard around it. The French do not object seriously. Europe's nations have learned that the best they can get from war is fearful calamity and are actually inclined to try friendly concessions and co-operation.

RAILROAD PRESIDENT DIED EARLY TODAY

Concord, N. H., Nov. 17.—(AP)—Charles S. Mellen, formerly president of the New York, New Haven and Hartford Railroad, and the Boston and Maine Railroad, died at 11 o'clock this morning at his home here. He had been retired from active railroad work for some time.

ELEPHANT CHARM HER LUCK PIECE

MISS LEONORA CORONA

New York — (AP) — That the use of an elephant as a good luck charm brought her success is the pretty fancy of Miss Leonora Corona, added this season to the roster of the Metropolitan Opera Company. And a spindly-legged table in the young soprano's hotel suite staggers under the weight of 53 varieties of elephants in mute affirmation of her statement. "An elephant is my good luck charm," the singer says. "I wore a little cheap ivory one around my neck when I had my audition last spring for the Metropolitan, and I am going to wear it when I make my debut."

Midwest in Grip of Cold Wave

Chicago, Nov. 17.—(AP)—The storm that swept the Northern Lakes has subsided, but the seasonal cold it brought stuck to the entire midwest today. Piles of snow remained in Northern Wisconsin and upper Michigan, and shippings, driven to shelter on Lake Superior, was moving cautiously over seas still far from placid.

Governor Fred Green, of Michigan, and a party of deer hunters were believed snowbound in a wilderness camp near Grand Marais on Lake Superior. There was a little fear for their safety but it was possible that it might be a week before ploughs could cut a path through huge drifts isolating the governor's party from the world. Communication lines are down.

Ashland, Wis., has had no word of the tug Butterfield which left Fort Arthur, Ont., Sunday with a barge in tow for Ashland. The Butterfield, however, may have found shelter along the Canadian shore.

MEDICAL SOCIETY TO MEET AT ASHEVILLE

Memphis, Tenn., Oct. 17.—(AP)—Asheville, N. C., has been selected for the 1928 convention of the Southern Medical Association. It was announced today at the closing session of that body's twenty-first annual convention.

Officers were elected last night, including Dr. William H. Bathurst of Little Rock, Ark., president, the scientific awards to three, having the best exhibits of that type at the convention were announced at the closing session: Dr. L. D. Michelson, of the Department of Bacteriology, University of Tennessee, was awarded first; Dr. Ray M. Bayliss, Oklahoma, second, and the Polytechnic, Memphis, third.

We launder Palm Beach.

Texan Offers Prize

Col. Wm. E. Easterwood, Dallas, Texas, realty man, offers prize of \$50,000 to the person or persons making successful trans-Pacific flight from Dallas to Hong Kong.

Held For Killing

Williamston, Nov. 17.—(AP)—Ben L. Stevenson of Robersonville today was held under \$500 bond pending investigation into the death of Ed Bunting, Jr., aged five, who was fatally injured when struck by Stevenson's automobile on a highway near here.

EXECUTOR'S NOTICE

Having this day qualified as executor upon the estate of J. N. Vincent, deceased, I herewith give notice that all parties holding claims against the said estate are hereby requested to present the same to me on or before one year from date of this notice will be pleaded in bar of any recovery. All parties indebted to said estate are herewith notified to pay the same to me. This 27th day of October, 1927. ROY T. COX, Executor Estate of J. N. Vincent 10 27 27 11w 4wks

Coolidge To Be Guest of League

Philadelphia, Nov. 17.—(AP)—President Coolidge will be the guest of the Union League tonight and will receive the League's gold medal for distinguished public service and a certificate of honorary membership in the club.

Mr. Coolidge will be the third President to receive the League's gold medal and the first to receive both the gold medal and certificate of honorary membership. Presidents Lincoln and Johnson were the other recipients of the medal while honorary membership thus far has been conferred on Presidents Harrison, McKinley, Roosevelt and Taft.

The President is due here at 6:15 p. m. He will go at once to the Union League, where he will deliver an address at the founder's day dinner at 8 o'clock. The speech will be broadcast by station WOO. The Union League was founded 65 years ago to promote support for the Lincoln policies during the Civil War. It is not strictly a party organization, symbolizing rather loyalty to the Union as opposed to secession, which was the leading question in the days when it came into being.

Oldest Man in World

Here's Nah-Nee-Num-Nah-Skuk full-blooded Pottawatomie Indian who's 118 years old and is believed to be the oldest living being on earth. He was born on the spot where Chicago now stands, and is a resident of Lawrence, Kansas. He has been married five times and it is rumored his descendants are numbered by the thousands.

Justice Holmes, at 87, Busy Member Court

Washington — (AP) — Justice Oliver Wendell Holmes is maintaining his notably high record in delivering opinions—deciding controversies which reach the supreme court.

Although in his eighty-seventh year, he delivered four of the six opinions handed down by the court in October, incidentally writing all which disposed of cases heard during the current term. The other two, prepared by Justices Butler and Brandeis, were cases argued at the last term and carried over through the summer recess.

Not only does the distinguished son of the author of "The Autocrat of the Breakfast Table" show no impairment of mental vigor with advancing age, but his physical condition seemingly is better than in recent years. He is thoroughly alive to all that goes on in the court, making minute notes of everything of importance that transpires, and displaying no difficulty in writing opinions which, for stating the law with brevity, conciseness and scholarship, stand out as models.
