GEORGE REMUS ONE TIME HAD DISEASED MIND

Evidence Produced Today Showed Wife Slayer Was not Normal time of Shooting

Cincinnati, Ohio, Nov. 28.—(AP)—Sufficient evidence has been introduced to show that the defendant once had a diseased mind Judge Chester R. Shook ruled in George Remus' murder trial today.

He permitted the defense to begin citing the alleged causes, thereby opening a very wide field.

The ruling was the second important one of the session. Judge Shook previously ruled that the defense first would have to show independently that there had been signs of a diseased mentality before the causes of it could be proven.

After three witnesses in a row had testified that in their opinion Remus had been insane prior to the time he shot and killed his estranged second wife, Imogene, in Eden Park here last October sixth, the court ruled that the other matter could be gone into.

Cincinnati, Nov. 28.—(AP)—Independent evidence that George Remus' mind was diseased when he shot and killed his wife in Eden Park October 6th, last, would be necessary before the defense could present opinions of lay witnesses or testimony concerning causes, Judge Chester R. Shook ruled in the former "King of Bootleggers" murder trial today.

The ruling came after an hour of heated arguments.

They started when Franklin Edward Shaw, a timer of race horses at various tracks, was called by the defense. Preliminary questioning indicated that he was to tell of the actions of the slain woman at various places.

"The court feels that there has been a decidedly inconsistent position taken by the defense," asserted Judge Shook.

"The court from the outset of this trial has striven to force from the defense a statement of its position as to Remus' present mental condition.

"This condition just after October 6 is just as material as immediately before," he asserted at one point in the argument.

His final ruling was:

"There must be independent evidence of a diseased mind introduced in this case in view of the development of the case and opening statements of counsel and the interrogation of the prospective jurors. I can not anticipate the testimony, gentlemen."

"We don't set up any particular kind of insanity," asserted Charles H. Elston, co-counsel with Remus. "I say it began as long as two years ago and continued—whether it still exists, I don't know."

Elston denied that he was seeking to develop a defense of the "unwritten law" by dealing in subterfuge.

He asserted he had not mentioned that possible phase of the case when he questioned veniremen in selection of the jury.

TODAY PAINLESS BIRTH WE'RE NOT RICH—YET SHE MARRIED SIX. SAID SOLON TO CROESUS. (By Arthur Brisbane)

Copyright 1927, by Star Co.

Two doctors of New York's lying-in hospital are said to have developed a method of bringing children into the world without pain and without the danger that attends use of ether or the so-called "twilight sleep."

The new method is called the "Analgesia" method, eliminates pain without eliminating consciousness. If doctors Asa Davis and William Gwathney accomplished this result, their names should live forever.

Professor Fisher, of Yale says that 80 per cent of Americans earn barely a living. It depends on what you call a living. The average income of those in "gainful professions" is \$2,000 a year. Once you could have bought two strong slaves for that money, and worked them all their lives without wages.

Two thousand dollars a year for the "gainful employed," however, only means \$500 a year average, for the total population. The country's total income is ninety thousand million dollars, not enough by far, but as the comedian said: "Better than being hit on the head with a sharp stone."

A Chicago lady married six husbands, is in jail. That would have seemed harsh when polyandry was the fashion in many parts of the world. Read Westermarck's big history of marriage for full details and learn how nicely the numerous husbands got along, one or more stayed at home.

The husband "group" were often brothers, the oldest married the lady first, the younger brothers marrying her as they grew up. The oldest kept the superior rights. Perhaps he didn't have to go hunting.

The trouble, with our domestic felicity, however, is not polyandry, and man's "double standard." (Continued on page eight.)

QUEEN MARIE PAYS TRIBUTE TO BRATIANU

Rumanian Queen Weeps While Standing Before the Vault of Dead Leader.

Florida, Rumania, Nov. 28.—(AP)—The body of Ionel Bratianu today rested beside that of his father, who ruled Rumania before him, in a little Byzantine church the late premier of Rumania built here himself.

As she stood before the open vault of the man who had dominated Rumania for a quarter of a century, Queen Marie paid him spontaneous tribute. "I am not ashamed of the tears I shed," she said.

"I feel it right to weep for him, as even in the hours of gravest danger I never wavered from my belief of what he meant for Rumania. The Almighty has called him away at an hour when we all needed him most. We can but bow our heads."

To the dead statesman as he was lowered in the vault she said with tear-dimmed eyes:

"Great and good friend of my youth and riper years! As long as there is still breath in me, for all I am worth, I shall try with God's help to carry on and uphold King Ferdinand's and your great work. Amen."

Fifty priests in medieval robes led the six white oxen which drew the body of the late premier (three miles to its last resting place, among the peasants whose funeral rites he wished to share.

SAY POLAND IS PUSHING BIG REVOLT

Tension Increased in Capitals of Europe by Charges of Luthuanian Government.

New York, Nov. 28.—(AP)—Dispatches today indicated that tension in various capitals of Europe had been increased by the publication of charges by the head of the Lithuanian government that Poland was fomenting a revolt in Lithuania. At the same time it was emphasized that Vilna, seized by Poland in 1920, was the chief obstacle to the resumption of normal relations between the two countries.

On the behalf of Poland, it was denied that Poland entertained any aggressive intentions against Lithuania.

There is overwhelming evidence, Premier Waldemaras of Lithuania declared in a signed telegram to the Reuters correspondent in Berlin, that certain persons who fled from Lithuania after the attempted revolution at Tauragen last September were being used by the Polish government as organizers of a movement against his government.

As to the diplomatic relations which have been broken off since the seizure of Vilna, the telegram: "I must emphasize that no Lithuanian party is ready to renounce Vilna, and least of all my own party. I am ready to resume normal relations when a satisfactory agreement has been reached with Poland regarding Vilna and when Poland manifests readiness to respect Lithuania's independence."

Although the council of ambassadors in 1923 approved Poland's claim to Vilna, Lithuania has refused to accept this ruling. Recently friendly representatives were made at Kovno, seat of the Lithuanian government, by Great Britain, France and Italy, but the "state of war" between Poland and Lithuania continues.

Advices from Warsaw that are official, do not share the uneasiness existing in governmental circles in Moscow, Berlin and Kovno. The note of the soviet government to Poland expressing concern is interpreted in Warsaw as meaning that Russia merely desired to create an atmosphere that would enable her to participate in whatever preliminary discussions are held thereby making it sure that Russia will be included when the matter comes before the League of Nations. The specific matter before the league is Lithuania's charge that Lithuanian clergy in the Vilna district are being mistreated.

Berlin, Nov. 28.—(AP)—All the higher officers of the Lithuanian army assembled today at the war office in the presence of President Smetona, and declared that they have unshakable faith in the government and are willing to sacrifice their lives for the independence of Lithuania, says a Wolff dispatch from Kovno.

HOPE TO SAVE RUTH SNYDER

Attorney to Make Final Effort Today to Save Doomed Woman From Execution.

New York, Nov. 28.—(AP)—Upon Dr. Clarence J. Neymann, Chicago psychiatrist who testified for Leopold and Loeb, today depended the defense's hope of saving Mrs. Ruth Snyder, convicted with Henry Judd Gray of the murder of her husband, from death.

Suppressed pages of the confessions of Gray and Mrs. Snyder were eaged by counsel as providing vital material for Dr. Neymann, summoned here from Chicago in a last minute attempt by Attorney Edgar F. Hazleton to set up a parallel between the Snyder slaying and the murder of 13-year-old Bobby Franks, for which Leopold and Loeb escaped the death penalty.

On the basis of Dr. Neymann's conclusions from the confessions and a psycho-analysis of Mrs. Snyder, Hazleton hoped to be enabled to argue before Governor Smith that Mrs. Snyder was impelled to the crime by influences that overpowered her conception of right and wrong.

FIND PLANE OF MISSING ARMY FLIERS

Wreckage of Plane Believed to be that of Missing Airman Sighted in Penn.

Uniontown, Pa., Nov. 28.—(AP)—The wreckage of an airplane in a thickly wooded section of the Fayette mountain region, discovered today by observers from the air was believed to be the army plane missing with two aviators since Friday.

Lieut. Eugene C. Bayley, commander of the Burgess field here, reported he sighted the wreckage on the summit of one of the Allegheny mountains about eight miles from here. The plane was badly smashed, he said, and he feared the airman, Pilot E. R. Emery and mechanic William D. Vollman, were dead.

Army officers, with stretchers and doctors, left Uniontown immediately by automobile for the scene.

The aviators, both privates, left Bolling field, Washington, for Columbus, Ohio, on Friday. They were last reported at Somersfield, Pa., 26 miles east of Uniontown. Airmen have been searching for them since Saturday.

Uniontown, Pa., Nov. 28.—(AP)—The whereabouts of two army aviators who left Bolling field, Wash., Friday and were to have flown the mountainous regions of Maryland, West Virginia and southwestern Pennsylvania remained an uncertainty today as fellow airmen sought them. The missing fliers are Pilot E. R. Emory and Mechanic William D. Vollman, both privates.

The word of a farmer, Newton Deal, at Somersfield, Pa., that a plane of the description of the missing ship had landed on his farm Friday afternoon was all the information available in tracing the passage of the plane after it left Bolling field. Somersfield is 26 miles east of here.

Emory and Vollman left Bolling field for Norton field, Columbus, Ohio. The plane, a P-2 Douglas, bore the marking "26-398," designating the air corps. Their route, touching at Cumberland, Md., and Uniontown, Pa., would have taken them over mountainous and wooded territory. Their failure to reach Uniontown fostered a belief the fliers had come down somewhere in this rough section of the country.

Bronze Memorial For Heroic Woman

Bristol, Conn., Nov. 28.—(AP)—Claiming forty Armenian students as "her sons," writing her name after theirs, the late Mrs. Anna Harlow Birge of this city, at the time of the Smyrna massacre in 1922, gained their escape with her to a destroyer lying in the harbor. The Turkish military official in charge saw the humor and heroic paths of the act and granted Mrs. Birge and "her children" permission to board the vessel.

Today, in recognition of her act, a bronze memorial tablet rests on the wall of the Episcopal church here, the gift of Mrs. Birge's forty Armenian sons. The presentation was made by Haroutoun M. Casparian, a law student at the University of Virginia, and one of the youths saved.

Bratianu's Brother Heads the Liberals

Bucharest, Nov. 28.—(AP)—Vintila Bratianu, brother of the late Premier Bratianu, today was elected president of the Liberal party, succeeding the late premier.

Speaking before the executive committee of the party, Vintila who is now acting premier, declared that the government's policy of national construction remained unchanged.

SAYS FORDS WILL BE READY FRIDAY

New York, Nov. 28.—(AP)—Edsel B. Ford expects that all models of the new Ford car will be ready for the initial public showing on Friday, he said at the opening of the automobile salon yesterday. A few months later, he added, it is planned to add a roadster to the models. Only the two-door sedan was displayed to dealers at a private showing at Long Island City last week.

MANY PERISH IN FLOODS IN SOUTH AFRICA

Hundreds Believed to have Died in Raging Waters in Province Of Algeria.

Algiers, Nov. 28.—(AP)—Floods which swept the coastal region of the French territory of Algeria, in North Africa after a 40-hour rain today were believed to have claimed hundreds of lives. Houses were swept away and a large area, 50 miles wide from Orleansville to Perrague and northward to the Mediterranean is affected by the flood.

The brief message of an engineer over a hurriedly repaired telephone line saved hundreds of lives when a dam a third of a mile long broke at Perrague. The region is isolated and a relief work is difficult.

"The dam is breaking. Ring the Tocsin. Warn the population," the engineer shouted over the telephone phone to the authorities at Perrague.

The warning that millions of tons of water were threatening the city spread rapidly. Ten thousand inhabitants fled to the hills. Three hours after the first warning was given, the waters, which the dam had impounded swept the city. Fifty houses fell in ruins, but it is believed that everyone escaped.

Two trains were held up by the flood between Algiers and Oran. Airplanes dropped food in sacks to the passengers. Three hundred passengers on another train were rescued in boats and taken to Saint Denis Du Sig.

The worst damage was at Mostaganem. There the city had collapsed. Homes, barns and livestock were destroyed. Eight bridges were swept away. Twenty-eight victims of the flood were buried there.

Throughout the flood swept area, 37 bodies were known to have been recovered. All these were natives. It was feared that there might be some loss of life in the foreign quarters of the cities, as these were badly hit.

Washington, Nov. 28.—(AP)—A proffer of assistance was cable to the French Red Cross today by the American Red Cross to help in the relief work of the Algerian flood area.

Price Situation Stronger Today On Local Market

After observing the Thanksgiving holidays, the Greenville tobacco market reopened this morning with light sales. It was estimated that there was about 400,000 pounds of tobacco on the various warehouse floors. Sales were completed about two o'clock.

Prices showed considerably greater strength over last week, and bidding was probably more spirited than in weeks. General satisfaction prevailed as a result of the improvement in the price situation.

PLAN TO DRY UP FLORIDA NEXT MONTH

New Prohibition Enforcement Campaign to be Launched from Land and Air.

Washington, Nov. 28.—(AP)—A new campaign of prohibition enforcement will be launched in Florida within the next month under the direction of federal prohibition headquarters.

Already forces are being moved toward the state with secret orders to start a driving attack against the rum runner and the moonshiner from the land, sea and air in co-operation with state officials.

A fleet of destroyers are now off South Carolina moving towards Florida waters where they will join a patrol of more than 30 government vessels with orders to blockade the Florida coast against rum runners.

The land force will be gobbled to provide more than 50 agents in the state who will specialize on wedding out the moonshiners from the Everglades and intercepting liquor motor caravans.

Four airplanes have been allocated to the coast guard on the Florida coast to be used in spotting rum runners bases and distilleries in impenetrable fastnesses.

The campaign is being chartered under the personal direction of Commissioner Doran, who regards Florida as one of the main sources of smuggled and moonshine liquor.

During the winter season he plans to keep up the campaign steadily, when Florida is inhabited by thousands of tourists, whose presence attracts bootleggers by the hundreds.

CONGRESS TO OPEN DEC. 5

House Ways and Means Committee Expected to Have Revenue Bill Ready.

Washington, Nov. 28.—(AP)—With the seventieth Congress convening at noon next Monday, leaders on Capitol Hill today looked forward to a last week of preparation before the national legislative machinery is set in motion.

It was explained that the House Ways and Means committee would have the new revenue bill ready for submission with the left over for consideration of alien property legislation. The program also called for a continuation of hearings before the House Flood Control committee.

U. S. AVIATORS FIRED UPON BY REBELS

Managua, Nicaragua, Nov. 28.—(AP)—Aviators with the joint command of United States marines and national guardsmen operating near El Chinote were fired at by 500 rebels. The aviators flew low, dropped bombs, raked the rebels with machine gunfire and killed four of them, wounded several. The planes then returned safely to their base at Cootal.

FOUR KILLED AND SEVERAL INJURED WHEN TRAINS CRASH

Belleville, Ont., Nov. 28.—(AP)—Four dead, four seriously injured and thirty slightly hurt today stood as the toll of a head-on collision at Dockrill 56 miles west of here, between a Canadian Pacific Passenger train and a freight. The crash was attributed to the failure of the freight to take the siding as it neared Dockrill station yesterday afternoon.

TO RECOMMEND REDUCTION OF INCOME TAXES

Ways and Means Committee Would Make Cut on Corporations Effective in March.

Washington, Nov. 28.—(AP)—By a strictly party vote the House Ways and Means committee agreed today to recommend that the proposed reduction in the tax on corporations incomes be made effective on tax payments due next March.

The committee acted over the protest of the solid Democratic membership who contended that the rate cut from 13 1-2 to 11 1-2 per cent should not be made effective until March 1929. The vote was 13 republicans against 10 Democrats.

The democrats argued that corporations already had passed the 1928 tax on to the consumer and by making the reduction effective on income earned in 1927, the corporations alone would benefit. Republicans members contended that corporations should receive the benefit of the proposed reduction as soon as possible.

The committee also voted to reduce the tax on the income of insurance companies from 12 1-2 to 11 1-2 per cent. It was said however, that this would result in a loss in revenue of only \$1,600,000.

Representative Garner of Texas, ranking Democrat on the committee, said after the meeting that he expected to carry to the house floor his fight against giving corporations the benefit of tax reduction during 1928.

ABANDON PLAN TO FLY TO U. S.

Junkers Plane Makes Final Attempt to get Away From Azores and Fails.

Horta, Island of Fayal, Azores, Nov. 28.—(AP)—The Junkers plane D-1230, enroute from Germany to the United States, bent its last propeller in an attempt to take off from Harbor Grace, New Foundland, at four o'clock this morning.

"Now it's all over," Lilli Dillenz, Viennese actress, who is a passenger aboard the plane, said, as she stepped ashore, smiling, she added: "Our last propeller has been bent."

The plane did not succeed in rising from the water despite good sea and wind conditions.

Berlin, Nov. 28.—(AP)—The crew of the Junkers plane D-1230, now at Horta, Island of Fayal, Azores, has decided to give up their attempt to fly to America this year. The Junkers company announced today.

The crew, which failed again this morning to take off for New Foundland, found the sea swell too strong it was explained.

The Junkers tri-motored hydro-airplane D-1230 since it tried to continue its flight from the Azores to the United States, the plane has been at Horta since October 14 awaiting favorable weather to continue its flight begun at Norderey, Germany, October 4. When favorable weather arrived the plane was unable to rise from the waters of the harbor. Propellers were bent in two of these attempts, one on November 23, another this morning.

While at Horta the D-1230 was joined by the Heinkel hydro-airplane D-1220 on November 4. Both planes were backed by the Hamburg Steamship Line in an effort to demonstrate the practicability for trans-oceanic flying.

TAKE FINAL ACTION FOR OIL HEARING

Sinclair and Associates Ordered to Appear on Contempt Charge Monday.

Washington, Nov. 28.—(AP)—Indication that Harry F. Sinclair, William J. Burns and their four associates cited for contempt of court in the Fall-Sinclair jury shadowing scandal would endeavor to block the proceedings by pleading double jeopardy was given today when Burns, his son, W. Sherman Burns and C. L. Veitch were served with the contempt order.

The detectives were served in the office of their attorney, Charles A. Douglas. It was indicated that they would bring up the point that in addition to the contempt proceedings the grand jury investigating them might return indictments thus placing them in double jeopardy.

This point Mr. Douglas pointed out was important and he believed that the contempt proceedings should not be held until the grand jury reported.

It also was indicated that the respondents would ask Justice Frederick L. Siddons in whose court the contempt is alleged to have been committed to ask the full bench of the supreme court of the District of Columbia to hear the case.

Washington, Nov. 28.—(AP)—The government sought today to serve Harry F. Sinclair, William J. Burns and four others with contempt citations issued against them last week as a result of jury irregularities charges that caused the celebrated mistrial in the teapot dome oil conspiracy case.

Under an announced agreement, Burns, founder of the detective agency that bears his name, his son, W. Sherman Burns, his active head, and C. L. Veitch, manager of the agency's Baltimore bureau, avoided service at the office of their counsel here. Citations against Sinclair, Clark and Henry Mason Day, were sent to United States marshals of their home districts for service there. The remaining respondent was Edward J. Kidwell, juror No. 11 at the oil trial.

Each was ordered to appear before Associate Justice Frederick L. Siddons of the District of Columbia Supreme Court, next Monday, to show cause why he should not be held in contempt.

All except Kidwell were charged with complicity in the shadowing of the trial jurors by operatives of the Burns detective agency, who, it was alleged, were sent here for the purpose of influencing the jury's verdict. Kidwell, it was asserted in affidavits laid before Justice Siddons who presided at the oil trial, discussed the case freely while it was still in court and expressed an expectation of material gain when a verdict should have been reached.

District Attorney Gordon has announced that nearly all of the witnesses who testified in the grand jury investigation of circumstances surrounding the mistrial will be summoned to appear on behalf of the government when the six face Justice Siddons one week from today.

Drunken Drivers Increase in N. C.

Raleigh, Nov. 28.—(AP)—Twice as many automobile drivers were arrested for driving while drunk in November in North Carolina—78—than those arrested last month, the state highway department tab sheet today showed.

To date from July 1, 1927, when the new state law went into effect calling for the keeping of these records by the department, 329 drivers have been drunk while driving and when arrested.

Other auto-driver convictions for this period: Speeding, 179, reckless driving 107, miscellaneous 61, violation of the automobile light law 29, assault with deadly weapons six and manslaughter six.

FILL DEMURRER TO INJUNCTION PETITION IN OKLAHOMA TODAY

Oklahoma City, Nov. 28.—(AP)—A demurrer to the petition for an injunction to restrain the lower house of the Oklahoma legislature from convening in special session December 6 to investigate the administration of Governor Henry B. Johnston was filed in district court here today.

GEORGIA GETS FOUR ON ALL STAR OUTFIT

Atlanta, Ga., Nov. 26.—(AP)—Georgia has placed four men, Tennessee, three and Georgia Tech, Alabama, Vanderbilt and Louisiana State, one each, on a mythical all-Southern football team, compiled by the Associated Press from the votes of southern coaches and sports writers.

On the second team, Vanderbilt received three places, while one each went to Georgia Tech, Georgia, Alabama, Ole Miss, Tennessee, N. C. State, Mercer and Tulane. The first team ends were Shiver and Nash of Georgia; tackles, Pickard, Alabama, and McArthur, Tennessee; guards, Barnhill, Tennessee and Smith, Georgia; center, Butler, Tennessee; quarter back, Spears, Vanderbilt; left half, Thomson, Georgia Tech; right half, Dodson, Tennessee; and full back, McCrary of Georgia.

On the second team, Crowley of Georgia Tech and Creson, of Vanderbilt, were chosen as ends; Lautzenheiser, Georgia, and McArthur, Tennessee, tackles; Bowdin, Alabama, and V. Smith, Ole Miss, guards; Sharp, Vanderbilt, center; McDowell, North Carolina State, quarter back; Smith, Mercer, left half; Banker, Tulane, right half; and Armistead, Vanderbilt, fullback. Ninety-eight players received votes, Spears of Vanderbilt polling the largest number of any individual player with 61. McCrary received 59 votes, all except seven of that number designating him for full back while the others placed him at half back.

Leading votes for positions ran: Ends: Shiver, Georgia 43; Nash, Georgia 37; Crowley, Georgia Tech 17; Creson, Vanderbilt 7; Tackles: Pickard, Alabama 42; Tinsley, Ia. State 17; McArthur, Tennessee 6; Lautzenheiser, Georgia 56; Hodo, Georgia Tech; Lucky, Vanderbilt; Neom, La. State; Cardwell, Virginia; Luke, Virginia; Brunson, Miss. A. & M.; and Kimbrough, Swannee, all polled several votes, while a number of others had one and two votes.

Center—Barnhill, Tenn 37; E. Smith, Georgia 25; Bowdin, Alabama 14; V. Smith, Ole Miss, 7; Miles, V. P. I. 4; and Shuler, N. C. State 3. Quarter—Butcher, Tennessee 23; Shiver, Vanderbilt 17; Schwartz, North Carolina 9; Pund, Georgia Tech, four; Patterson, Auburn 2. Quarter—Spears, Vanderbilt 61; McDowell, North Carolina State 3. Half Backs—Thomson, Georgia Tech 26; Dodson, Tennessee 16; Smith, Mercer 14; McDowell, N. C. State 14; Banker, Tulane 13. Full Back—McCrary, Georgia 52; Dodson, Tennessee 6; Armistead, Vanderbilt 2.

SUN PICKS ALL AMERICAN 11

New York, Nov. 26.—(AP)—The New York Sun, today announced its all American football selections for 1927, featured by the choice of Bruce Caldwell of Yale, as half back in spite of his ineffectuality in the last two games. The selection are based on a canvas of 129 college teams throughout the country by the Sun's representatives. In accordance with its annual custom, the newspaper awards gold watches to the members of the first eleven. In estimating the material the Sun reaches these conclusions:

"Bennie Oosterbaan, of Michigan was the year's outstanding end; Jess Hibbs, of South California, the dominant tackle; Larry Bettencourt of St. Mary's the class of the centers; Moreley Drury, of Southern California, the leading quarterback; Bill Webster, of Yale, the strongest guard and Bruce Caldwell, of Yale, the most valuable backfield man."

Here are the Sun's first and second teams:

SPORTS SLANTS

By ALAN J. GOULD

New York, Nov. 28.—(AP)—The climax of college football's spectacular season now awaiting only the final returns from a few sectors of the south and far west leaves the national championship situation still undecided but with the race narrowed down, in the opinion of most unbiased observers, to a contest between the Bull Dogs of Georgia and the Panthers of Pittsburgh.

These two have their rivals and challengers for sectional as well as national honors but few critics question that for the present at least they have a substantial claim as any outfit to the main laurel wreath. The title hopes of each now are centered about forthcoming engagements that will determine their final ratings. Georgia, with nine successive victories to its credit, and Yale among its victims, slays Georgia Tech in the classic of the south at Atlanta this Saturday. Pittsburgh, triumphant in eight games and tied only by Washington and Jefferson, journeys to the far west for the tournament of games and January 2 with Lehigh. Stanford one of the contenders for the Pacific coast conference crown. The outcome of these two battles may not end the dispute but they at least will help to clear the title atmosphere.

There are at least a half dozen other teams whose records cannot be overlooked when the final ratings are posted, even though their achievements may not quite match those of Georgia and Pittsburgh. Yale again despite Pittsburgh's claims to the eastern peak but Yale's defeat by Georgia eliminates it from the national picture. Washington and Jefferson would have remained at Pitt's side but for another tie, with West Virginia, on the same day that the Panthers were crushing Penn State.

Minor champions of the Western conference, experienced only a tie with Iowa State. Likewise the powerful Texas Aggies, titleholders in the southwestern conference, came through the season with a state marked only by a scoreless deadlock with Texas Christian University. Tennessee was tied once by Vanderbilt after keeping pace most of the season with Georgia. Minnesota however also was unbeaten but twice tied, by Indiana and Notre Dame.

Smaller elevens, such as Centenary in the south and Tufts in New England, boast records clean of defeat or tie but they do not figure in the major college fold, however note worthy their claims to the distinction may be. Centenary's victims, however, include strong teams as Southern Methodist and Texas Christian. Notre Dame's warriors set out along the national championship

highway in sprightly fashion but after bumping into Minnesota. Rockne's ramblers were blown out of the picture by the Army's big guns. Not even such able triumphs as those over Navy, Georgia Tech and Southern California could put Notre Dame back into position to dispute the national title.

Besides its rivalry for title honors the 1927 season left a trail of upsets marked by the overthrow of champions in nearly every conference and section, as well as new high marks in attendance and receipts.

Figures gathered from all parts of the country indicate that the aggregate attendance was between 25,000,000 and 30,000,000 with the rate somewhere in the neighborhood of \$50,000,000. Considering the comparative shortness of the gridiron season this is a mark that no other sport, amateur or professional can match.

The high single game mark was reached at Chicago where approximately 113,000 paid to see Notre Dame nose out Southern California on the same field that housed the precious record breaking crowd, 110,000 at the Army-Navy game last year. The Stanford-California classic on the Pacific coast drew 90,000 spectators while Michigan's new Stadium at Ann Arbor twice housed jams of around 85,000 for the Navy and Ohio State games, in the East approximately 76,000 fans were at five of the outstanding conflicts. Army-Yale, and Princeton-Yale in the bowl at New Haven the Army-Notre Dame battle at the Yankee Stadium, Penn Cornell at Franklin field and Army-Navy tussle at the Polo Grounds.

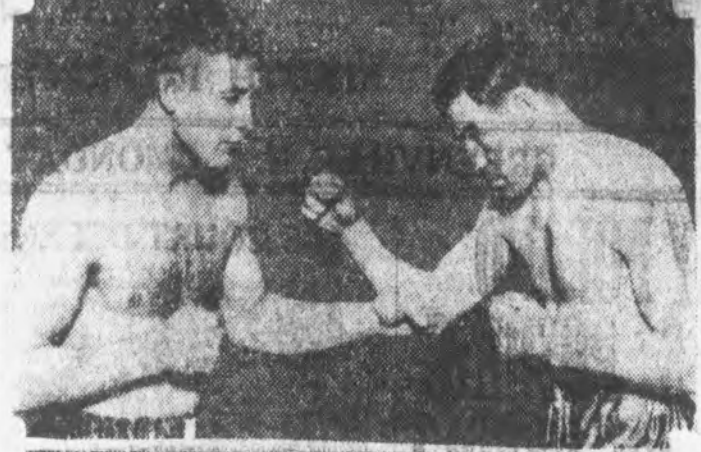

Sport Jots

Atlanta, Ga., Nov. 28.—(AP)—Gene Smith University of Georgia, and "Barney" Barnhill, University of Tennessee, have been named mythical all-southern guards in a composite line-up selected from the votes of some seventy southern sports writers and coaches. Both scale around 180 pounds.

Which leads anew to the question "What become of the old fashioned linemen who weighed around 250 pounds—a hundred around the waist—and who were fast and aggressive?"

It was, only six years ago that "Red" Roberts, center, and all-American player, scaled in the vicinity of 250 but could take Bo McMillin's passes in dazzling fashion; could go down under punts with the best of them and could get away spirals when called to the backfield as fast as most other star punters. Then along about the era—shortly before Roberts' day—Clyde (Fat) Warren, the Coal City, Ala., "Flash," was in his heyday at Auburn along with Emmet Sizemore, of about the same hefty propor-

RISKO CHASES PAULINO BACK HOME

Johnny Risko, of Cleveland (left), administered such a dizzy glancing to Paulino Uzcudun (right) in New York the other night that the Basque woodchopper decided he'd pack up and go back to Spain, where opponents don't hit quite so hard and often.

Both played a guard on the Auburn line and the Orange forward wall was the most aggressive in the south. The season both were at their peak, Auburn bowled Vanderbilt over 56 to 6; beat Washington and Lee 77 to 0, and Georgia Tech 14 to 7. Warren beat the Golden Tornado himself, running forty yards for a touchdown after picking up a fumble. He was also a leader in the nation that year for kicking goals after touchdown.

Modern football, calling for speed

New Figure Enters Heavyweight Field

New York, Nov. 26.—(AP)—The ranks of the foremost heavyweight contenders boasted a new and totally unexpected figure today in Johnny Risko, the durable baker boy from Cleveland.

Meeting Paulino Uzcudun, rugged basque champion of Spain, at his own game, the "Indian rubber man" of the prize ring outslugged and battered the invader last night in as savage and fierce a ten-round heavyweight contest as Madison Square Garden has ever seen.

With the odds all against him, Risko ripped into the Spaniard at the opening gong with showers of left and right hooks to the head, stood toe to toe with the squat woodchopper in fierce, thrilling exchanges that marked every round and punched out a victory that carried the right to meet the winner of the Tom Heeney-Jack Sharkey match here next month. Only Jack Dempsey stands between the survivor of that fray and a shot at Gene Tunney's heavyweight crown in the plans Tex Rickard has formulated.

In whipping the Spaniard, Risko brought to an end Paulino's victory spring that included wins over Knute Hansen, Harry Wills and Tom Heeney. It was the first time anyone in this country had attempted to meet the basque at his own mauling game.

Paulino weighed 198 pounds, six more than Risko.

Fountain-Overton

Mr. and Mrs. Dolph D. Overton announce the marriage of their daughter

Mary Bagley

to

Mr. and Mrs. Alice Fountain, Jr. on Saturday evening, November 26, at the home of Mrs. J. A. Moore, one hundred twenty-seven Greenville, North Carolina.

At Home

After December the twenty-first Fountain, North Carolina.

The home of Mr. and Mrs. D. D. Fountain, West Fourth Street, was the scene of a lovely wedding reception on Saturday afternoon at eight o'clock.

The bride, Mary Bagley, daughter of Mr. and Mrs. Robert Allen Fountain, Jr., of Fountain, N. C. The marriage was witnessed by relatives and intimate friends.

The home was artistically decorated with chrysanthemums, palm trees and lighted tapers. An aisle of marble and pedestals of white chrysanthemums and ferns led to the altar.

Myriads of lighted tapers shed a soft glow over the effective scene. Only the light from the candles was used as the couple exchanged their vows.

Following the ceremony a reception of nuptial music was given by Miss Kathleen Spain, Miss Louise McGallum, of Maxton, in her usual, lovely contralto voice, sang "I Bring You Heartsease" and "Because." They wore pink taffeta dresses, their flowers were shoulder corsages of roses.

Johnnie's Wedding March was played by the professional and Mendelsohn's as the recessional. During the ceremony, Miss Spain softly played "Venetian Love Song."

Just as the clock chimed the announced hour, the bridal party entered. First came the ushers, Theodos Fountain, of Raleigh, and Jonathan Overton. The lovely bridesmaids descended the stairway and were met by the groomsmen. These were Miss Allie Louise Pugh, of Durham, and Miss Laura Foley, cousin of the bride, with George Fountain, of Rocky

Mount. These were followed by the junior bridesmaids and groomsmen. Miss Elizabeth Overton, younger sister of the bride, with John Hodges, Jr.; Miss Nathlyn Urquhart, of Portsmouth, Va., cousin of the bride, with Edward Ferguson, Jr. The bridesmaids were dressed in pink taffeta made bouffant trimmed with silver lace and pearls. They carried arm bouquets of silver Columbia roses showered with sweet peas.

Next came the maid of honor, Miss Florence Overton, sister of the bride. She wore a colonial gown of taffeta shaded from a delicate pink to a deep orchid. Her flowers were an arm bouquet of silver Columbia roses showered with sweet peas.

Proceeding the bride came the "fifty flower" girl, little Miss Sarah Moore, wearing a quaint ruffled dress of pink georgette, carrying a basket of pink rose petals which she scattered in the pathway of the bride.

The bride descended the stairway with her father, who gave her in marriage. She was never prettier than she was in her bridal gown of white Duchesse satin, and real lace embroidered with pearls, with court train. Her veil was showered with orange blossoms and was worn in a coronet of pearls. She carried a bridal bouquet of bride-roses and orchids, showered with valley lilies. She was met at the stairway by the groom and his brother John Fountain, of Beidsville, who was best man. Reverend J. A. Moore, pastor of Bechtel Methodist church, performed the ceremony.

Mr. and Mrs. D. D. Fountain are the daughter of Mr. and Mrs. D. D. Fountain. She is a professional and a talented pianist. She has studied at Flora McDonald College, and Southern Conservatory of Music, and a popular member of the younger social set. Since the announcement of her engagement she has been honored at quite a number of social affairs. Mr. Fountain is the son of Mr. and Mrs. R. A. Fountain, of Fountain, N. C. He was educated at Oak Ridge, and the University of North Carolina. He is a member of the Sigma Delta Phi fraternity, and is a member of the firm of R. A. Fountain and Co., of Fountain, N. C.

Following the ceremony on the formal reception was held Mr. and Mrs. Overton and the bridal party were received by Mrs. Milkey White, Mr. J. A. Moore of Fountain, Mrs. P. G. Fitzgerald, Mrs. J. Harry White of Winston-Salem, Mrs. L. Martin Overton of Georgetown, S. C., Mrs. E. H. Foley, Jr. of Warsaw, and Mr. N. R. Urquhart of Portsmouth, Va.

The dining room was decorated with white and pink chrysanthemums. A pink and white ice course, cold nuts and mints were served by the Misses Elba McGowan, Margaret Tillet, Rebecca Seville, Katherine Tyson, May Washington, Laura Overton, Alice Foley and Frances Harvey.

Mr. and Mrs. Fountain left by automobile for New York. They will be at 110 Riverside Drive until December 22nd. Then they will make their home in Fountain, N. C.

For traveling, Mrs. Fountain wore a brown crepe dress with coat and accessories to match.

Among the out-of-town guests here for the wedding were: Mr.

and Mrs. R. A. Fountain, B. E. Fountain, Dr. and Mrs. E. B. Beasley, Mr. and Mrs. W. L. Goodwin, R. E. Boyd, B. A. Fountain, Bracy T. Fountain, Fountain, N. C.; Mr. and Mrs. Arthur Fountain, Mr. and Mrs. H. S. Newton, Mrs. Bruce Fountain, Haggitts; Miss Lillian Haselden, Andrews, S. C.; Mrs. N. R. Urquhart, Tom Urquhart, Mrs. Elihu White, Mrs. Kate Hudgins, Portsmouth, Va.; Professor J. W. White, State College, Pa.; Mrs. D. E. Bullock, Mr. and Mrs. J. B. Overton, Mr. and Mrs. R. T. Fountain, Rocky Mount; Mr. and Mrs. I. Marvin Overton, Georgetown, S. C.; Mr. and Mrs. J. Harry White, Winston-Salem; Mr. and Mrs. E. H. Foley, Jr. of Warsaw; Dr. and Mrs. Charles O'H. Laughinghouse, Raleigh; Mrs. J. T. Lawrence; Miss Martha Brown Fountain, Tarboro; Rush A. Stancil and P. T. Stancil, Conetoe.

has been the recipient of a large number of social courtesies. The groom is engaged in tobacco business in social and business affairs.

Miss Julia Brown Entertains

Miss Julia Brown was hostess at a very enjoyable bridge party Saturday afternoon, in honor of her house guest, Miss Elizabeth Denny of Wilson. The home on Second street was attractively decorated with autumn flowers and potted plants.

During the game nuts and punch were served. High score was made by Miss Catherine Utley, to whom the hostess presented a beautiful hand-painted handkerchief. Miss Allie Lee Fleming was given an attractive novelty for low score. The honoree, Miss Denny, was given a hand-painted handkerchief.

The hostess, assisted by Miss Nina Fleming, Miss Mary S. Keel and Miss Margaret Patrick, served a tempting salad course.

Entertain for Miss Overton

The annual Christmas social affairs extended Miss Mary Overton's party. The party was given by Mrs. E. B. Ferguson.

Entertains Bridal Party

Miss Kathleen Spain entertained the Fountain-Overton bridal party at an informal reception immediately after the rehearsal Friday evening.

They were greeted at the door by the hostess and Mrs. Harper Holliday, of Wilmington, and shown to the punch bowl. Miss Spain presided over by Mrs. Charles Jones and Mrs. D. S. Spain, Jr.

From here they went into the dining room where the bride's cake was cut and cream was served by Misses Mary James Linscomb, Frances Harvey, Mary Elizabeth Ferguson and Catherine Tyson.

The Sans Souci Book Club will meet with Mrs. J. B. Furrill on Tuesday afternoon at 2:30 o'clock.

A Benefactor

A physician who reaches out to benefit humanity leaves a record behind him that is worth while. Such a man was Dr. R. V. Pierce.

His study along medical lines, and his knowledge of the remedial qualities of herbs and plants led to the discovery of his wonderful herbal remedy, Doctor Pierce's Favorite Prescription. It is just the tonic required if a woman is borne down by pain and sufferings at regular or irregular intervals, by nervousness or dizzy spells, headache or backache. Favorite Prescription can be had in tablet form as well as liquid at your neighborhood store.

The groom was attended by Raymond Mitchell, of Danville, as best man, R. M. Curran, Jr., of New York; Matt Curran, Oxford; Dr. R. W. Upchurch, Durham; Flourney Bowles, Richard Rogers, Thurston F. Bendall, all of Danville, served as groomsmen. Little Sarah Thomas, beautifully attired in pink ruffled taffeta, was flower girl. C. V. Long of Burlington, and R. I. Gough of Oxford, as ushers, complimented the personnel of the bridal party.

Mr. and Mrs. Bendall left immediately by auto for the South on their bridal trip, after which they will be at home in Greenville.

The marriage which united representatives of two prominent families of Virginia and North Carolina, is of much social interest.

The bride is a graduate of Oxford College and for several years a popular member of the Oxford high school faculty. Since the announcement of her engagement she

has been the recipient of a large number of social courtesies. The groom is engaged in tobacco business in social and business affairs.

JAIL IS PLACE FOR DRUNKEN DRIVERS

There is still need for more drastic enforcement of the law against drunken drivers on our public highways, and a report made public today by the State Highway Commission shows that the number of arrests for this cause have doubled in the present month over the previous month. If the public at large is to be given any consideration, there is but one safe place for the drunken driver, and that is behind prison bars, and it is to be hoped that such will be the punishment meted out by the courts until the state is freed of the evil of the drunken driver.

Declaring that courts that turn loose drunken drivers with little or no punishment are sacrificing the lives of the men, women and children of our state, the News and Observer under an editorial caption, "Blood Cries From Ground," says:

"According to the officers the Negro driver of an automobile in collision in Durham county was 'in a drunken condition,' and yet the sentence was a fine of \$5 and the costs in the Recorder's Court. If the Negro was innocent of the charge, he ought to have been acquitted. If guilty, he ought to have been given a road sentence, not because he is a Negro, but because he was 'in a drunken condition.'

"Men and women are being killed every day. And yet a driver of an automobile, charged by officers with being 'in a drunken condition,' was fined \$5 and the costs. There is solemn responsibility resting upon the courts of this State to make real punishment certain for every reckless driver of an automobile, and particularly if he is 'in a drunken condition.'

"The blood of dead men and women cry from the ground for observance of the law."

A THREE DAYS' COUGH IS YOUR DANGER SIGNAL

Persistent coughs and colds lead to serious trouble. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a new medical discovery with two-fold action; it soothes and heals the inflamed membranes and inhibits germ growth.

Of all known drugs, creosote is recognized by high medical authorities as one of the greatest healing agencies for persistent coughs and colds and other forms of throat troubles. Creomulsion contains, in addition to creosote, other healing elements which soothe and heal the inflamed membranes and stop the irritation and inflammation, while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and checks the growth of the germs.

Creomulsion is guaranteed satisfactory in the treatment of persistent coughs and colds, bronchial asthma, laryngitis and other forms of respiratory diseases, and is excellent for building up the system after colds or flu. Money refunded if any cough or cold is not relieved after taking according to directions. Ask your druggist. (adv.)

ABOUT TOWN

The Greenville Merchants association today mailed out a copy of the North Carolina bad check law and called on all of its members to report bad checks to their secretary. The bad check law was recently sustained by the Supreme court and anyone guilty of violation is subject to prosecution.

Section One of the law says: "It shall be unlawful for any person or corporation to draw, make, issue, or deliver to any bank or depository for the payment of money, or its equivalent, knowing at the time of the making, drawing, issuing, and delivering of such check or draft as aforesaid that the maker or drawer thereof had not sufficient funds on deposit in or credit with such bank or depository with which to pay the same upon presentation. Any person, firm, or corporation in violation of any provision of this act shall be guilty of a misdemeanor."

Judge W. C. Harris, of Raleigh, will be one of the principal speakers at the conference of the North Eastern District Welfare Association, which will be held in the court house at New Bern, December 8th, stated K. T. Putrell, Pitt county Welfare Officer, who is secretary of the district association.

Judge Harris will speak on the subject of Juvenile Court and Probation. This is a subject in which all welfare officers are intensely interested and the problem will be one of the most important of the conference.

Another speaker of prominence is on the program during the morning hours. He is Dr. H. W. Crane, of the University of North Carolina. His subject will be The Problem of Mental Defectives. Problems of poor relief will be discussed by Mrs. W. B. Waddill, well known welfare worker.

"We have made an effort to provide one of the most interesting programs possible this year, believing each and every community represented at the conference will derive great benefit from it."

"With organization of the Northeastern Athletic conference in this

part of the state, high school coaches expect to be able to arrange for athletic contests more easily than formerly." C. W. Porter, director of athletics of the Greenville high school said this morning.

"Considerable dissatisfaction was caused by the schedule of games as arranged by the state association. This has become so general that it looks as if all parts of the state will organize and handle their own games."

"Greenville" will put out better teams of all kinds this year. Football season was the most successful in years, and the outlook for another season is even more promising than this year.

"Do your Christmas shopping early!"

With the Yule-Tide season less than a month off, business men in all sections of the country are beginning to urge the public to shop before the holiday rush begins.

"No, many people listen to shop early plea because they do not realize what they miss by waiting until the last minute," a local business man declared this morning.

"The stores are already filled with Christmas goods. In a few days they will be placed on display, and early shoppers will be given an opportunity of purchasing the cream of the stock. Last minute shoppers will be compelled to take what they can get. Right here, is found the wisdom of 'Doing your Christmas shopping early.'"

HECKELPHONE MUSIC? HEAR ILLINOIS BAND

Urbana, Ill. — (AP)—Old musical instruments, seldom played and rarely heard about are successfully used in the University of Illinois band, declared the largest organization of its kind in the world.

One of the most peculiar is the A-flat clarinet, which is exactly six inches in length. The heckelphone, antonophone, routhophone and octavon are other more or less unfamiliar instruments used.

"The instruments have been called

breaks" says Assistant director Drorak, "but we use them because they give a tonal effects impossible to attain without them."

TODAY

(Continued from Page One.)

According to Westermarck, see chapter 49, of his "origin and development of moral ideas," page 388, volume 2, the negroes of Angola are quite frank about it. "They asserted that they 'were not able to eat always the same dish.'" Therefore they were polygamists.

We are rich in material things, possessing more automobiles than all other countries put together, and according to a federal survey, 635 radio stations, more than all the rest of the world combined.

"Too bad we can't say the same about flying machines."

When Chaeus showed all his gold to Solon—it's worth repeating—that wise gentleman said, "if any-

body ever comes having better iron than you, he will be master of all this gold." Croesus remembered that later when Cyrus got him and tied him on top of a bonfire.

If anybody comes having better flying machines than we have he will be master of all our radio stations and automobile plants.

Men committing suicide interest us, for we all know he must die and wonder why anybody should be in a hurry. In romantic far away Vienna, a brilliant young theatrical manager, in his early twenties, handsome, but discouraged, sat before a mirror, took poison and watched himself die.

In prosaic Newark, N. J., a man waited dawn to kill himself, writing to his brother, "I am afraid of the darkness and the mice." He also wrote "booze is the cause of everything." Bootleggers' customers taking warning.

That man afraid of "darkness and the mice," may meet deeper dark-

ness and worse mice where he has gone.

"Evolution," a new magazine, has on the front page, a big gorilla labeled "man's blood cousin." The magazine will "combat bigotry and superstition, and develop the open mind by popularizing natural science."

Nevertheless, the gorilla, although his blood is marvelously like that of human beings, is certainly not man's cousin mentally. If he were, he would eat other animals as man does, and kill his own kind for glory as man does.

Europe expects trouble between Russia and Poland, Russia accusing Poland of stirring up trouble in the Ukraine. Germany watches. In such a row she might get back territory that the allies kindly handed to Poland at Versailles.

The big steel companies, the republic and the Trumbull, agree on a \$2,000,000 merger. Once good rad-

icals would have shuddered. Now they murmur, "Poor little baby trust, we hope you survive."

One hundred republican leaders are invited to organize a "wet" republican campaign for 1928. That probably won't amount to more than the old prohibition party amounted to before prohibition. Many republicans, and democrats, too, are wet, but they won't say much about it at election time.

THE NEW FORD CAR

*An announcement of unusual importance
to every automobile owner*

NINETEEN years ago we made and sold the first Model T Ford car. In announcing it to the public we said:

"We will build a motor car for the great multitude. It will be large enough for the family, but small enough for the individual to run and care for. It will be constructed of the best materials, by the best men to be hired, after the simplest designs modern engineering can devise. But it will be so low in price that no man making a good salary will be unable to own one."

"If I were starting in business today, or asked to restate my policy, I would not change one sentence or one word of that original announcement. In plain, simple language it gives the reason for the very existence of the Ford Motor Company and explains its growth.

"IN THE last nineteen years we have made 15,000,000 Ford cars and added to the world nearly 300,000,000 mobile horse-power. Yet I do not consider the machines which bear my name simply as machines. I take them as concrete evidence of the working out of a theory of business which I hope is something more than a theory of business—a theory that looks toward making this world a better place in which to live.

"The Model T Ford car was a pioneer. There was no conscious public need of motor cars when we first conceived it. There were few good roads and only the adventurous few could be induced to buy an automobile.

"The Ford car blazed the way for the motor industry and started the movement for good roads. It broke down the barriers of time and distance and helped to place education within the reach of all. It gave people more leisure. It helped people everywhere to do more and better work in less time and enjoy doing it. It did a great deal, I am sure, to promote the growth and progress of this country.

"We are still proud of the record of the Model T Ford car. If we were not, we would not have continued to manufacture it so long. But 1927 is not 1908. It is not 1915. It is not even 1926.

We have built a new car to meet modern conditions

"We realize that conditions in this country have so greatly changed in the last few years that further refinement in motor car construction is desirable. So we have built a new car. To put it simply—we have built a new

and different Ford to meet new and different conditions.

"We believe the new Ford car, which will be officially announced on Friday of this week, is as great an improvement in motor car building as the Model T Ford was in 1908.

Smart new low lines and beautiful colors

"The new Ford is more than a car for the requirements of today. It goes farther than that. It anticipates the needs of 1928, of 1929, of 1930.

"The new Ford car is radically different from Model T. Yet the basic Ford principles of economy of production and quality of product have been retained. There is nothing quite like the new Ford anywhere in quality and price.

"The new Ford has exceptional beauty of line and color because beauty of line and color has come to be considered, and I think rightly, a necessity in a motor car today. Equally important is the mechanical beauty of the engine. Let us not forget this mechanical beauty when we consider the beauty of the new Ford.

by
**HENRY
FORD**

"The new Ford has unusual speed for a low-price car because present-day conditions require unusual speed.

"The world moves more quickly than it used to. There are only so many hours in the day and there is much to be done.

"Fifty and sixty miles an hour are desired today where thirty and forty would have satisfied in 1908. So we are giving you this new speed.

Quiet and smooth-running at all speeds

"The new Ford will ride comfortably at fifty and sixty miles an hour. It has actually done sixty-five miles an hour in road tests.

"Since modern conditions demand more speed, they also demand better brakes to balance this speed. So we are giving you four-wheel brakes in the new Ford.

"The new Ford will be quiet and smooth-running at all speeds and you will find it even easier to handle in traffic than the old Model T Ford.

"The new Ford has durability because durability is the very heart of motor car value. The Ford car has always been known as a car that will take you there and bring you back. The new Ford will not only do that, but it will do it in good style. You will be proud of the new Ford.

"THIS new Ford car has not been planned and made in a day. Our engineers began work on it several years ago and it has been in my mind much longer than that. We make automobiles quickly when we get in production. But we take a long time planning them. Nothing can hurry us in that. We spent twelve years in perfecting our former Model T Ford car before we offered it to the public. It is not conceivable that we should have put this new Ford car on the market until we were sure that it was mechanically correct in every detail.

"Every part of it has been tested and re-tested. There is no guessing as to whether it will be a successful model. It has to be. There is no way it can escape being so, for it represents the sum total of all we have learned about motor car building in the making of 15,000,000 automobiles.

The new Ford will sell at a low price

"The price of the new Ford is low in accordance with the established Ford policy. I hold that it is better to sell a large number of cars at a reasonably small margin of profit than to sell a few cars at a large margin of profit.

"We never forget that people who buy Ford cars are the people who helped to make this business big. It has always been our policy to share our profits with our customers. In one year our profits were so much larger than we expected that we voluntarily returned \$50 to each purchaser of a car. We could never have done that if this business had been conducted for the sole benefit of stockholders rather than to render service to the public.

"No other automobile can duplicate the new Ford car at the Ford price because no other manufacturer does business the way we do.

"We make our own steel—we make our own glass—we mine our own coal—we make virtually every part used in the Ford car. But we do not charge a profit on any of these items or from these operations. We would not be playing fair with the public if we did so. Our only business is the automobile business. Our only profit is on the automobile we sell."

"WE ARE able to sell this new Ford car at a low price because we have found new ways to give you greater value without a great increase in our own costs.

"We did not set out to make a new car to sell at such-and-such a figure. We decided on the kind of car we wanted to make and then found ways to produce it at a low price.

"The new Ford car, as I have said, will be officially announced on Friday of this week. In appearance, in performance, in comfort, in safety, in all that goes to make a good car, it will bear out everything I have said here. We consider it our most important contribution thus far to the progress of the motor industry, to the prosperity of the country, and to the daily welfare of millions of people."

LOCAL HIGH SCHOOL NEWS

Greenville High Football Review
The football season of 1927 has been a very successful one for Greenville High School. Four games were won, one tied, and three lost. The season was begun with Kingston, this game resulting in a scoreless tie. The next game proved to be a walkaway, Farmville being beaten 60 to 0. Wilson barely managed to win by a 3 to 0 score. We then lost to New Bern by a close 12 to 6 score.

As championship play began Greenville High eliminated Scotland Neck by a 6 to 0 score. We defeated Kingston 30 to 6 in the next game. Our old rival, Washington High, was defeated 18 to 13 for the group one championship. Entering the semifinals, we were halted in our victorious march by Wilmington.

The game with Wilmington ended the best and most successful football season that Greenville High has had in a long time. Never before has a team from our school gotten as high as the semi-finals in the championship, before being stopped.

A total of 120 points has been attained this year against 68 for our opponents.

The team this year was one of the scrappiest, pluckiest put out even though they were out weighed in every game in which they participated.

French Club

The first meeting of this year's French Club was held on Wednesday November the second in room eleven of the High School building. Officers were elected as follows: Mlle. la Presidente, Rebecca Scoville Mlle. vice Presidente, Lillian Hardee, Mlle. la Secretere, Elizabeth Skinner, Mlle. la tresuriere, Lois Herring. The meeting place and the time for the next meeting were decided upon. The first year French students, making ones and twos, were voted into the club.

After a strictly business meeting the club adjourned, declaring that much work was to be accomplished during the year 1927-28, by the French Club under the guidance of Mlle. Isabelle Stover, la maitresse francaise.

The Latin Club

The Latin Club met on October 21 at the home of Miss Louise Winslow. The old members welcomed the new ones when they came by pinning the name of some well known Roman on their back. The meeting was brought to order and officers for the following year were elected as follows: Charles Whedbee, First Consul; Nora Lee Harris, Second Consul; Ada Orton Moore, Aedile; Frances Morton, Quaestor; Zelle Foley, Nuntius. After the business was adjourned, all went to the Oracle at Delphi and received their fortunes. Later a tempting ice course was served.

Approximately twenty-four people have chosen debating for their extra curricula activity this year. These people not only expect to train for the state triangular, but also to take an active part in one of the three debates arranged with Farmville, Kingston and Ayden.

The queries for the Ayden and Kingston debates have not been definitely decided but, the query for the Farmville-Greenville debate will be: Resolved, that Capital punishment for premeditated murder should be retained in this state. The date for this debate has been set for January and eight people will begin training shortly.

Only members of the High School Debating Society will be eligible for the State Triangular, and this team will not be chosen upon announcement of the query. Every debator will be trained with the training query. During the period of training four people will qualify for the team. In this method of picking a team everyone gets his chance.

Hitherto, the public has shown very little interest in the High School's debating program. It is to be hoped that this year will prove more successful from that viewpoint.

TO DIRECT COLLEGE PLAY

Miss Gertrude Knott, who succeeds Miss Rockwell as director of Community Drama for the University of North Carolina is spending some time in Greenville, coaching Maeterlinck's "The Blue Bird," the Senior play at East Carolina Teachers College. She gave a beautiful and very successful performance of this play in Chowan College, where she was director of dramatics for two years.

Miss Knott is from Kevil, Kentucky. She received her dramatic training at King's School of Oratory, in Pittsburgh, and in the Bush Conservatory, Chicago. She spent the past summer at the Manhattan Theatre Camp, at Petersburg, New Hampshire, which is under the direction of Walter Hartwig, head of the National Theatre Tournaments.

The Bureau of Community Drama is doing throughout the state what the Carolina Playmakers are doing at Chapel Hill. Both are under the supervision of Dr. Koch. Miss Knott spends her time directing and advising the work of the hundreds of dramatic clubs in the high schools, colleges, and towns of the state. She coaches a play only occasionally, as she is doing here. The dramatic clubs used to direct all their energies towards the plays for the annual state tournament, each one concentrating on one play. Now they make a continuous study of plays, staging, costuming, carrying on dramatic activities throughout

the year. They are working constantly for higher standards, of dramatics, and work to get good plays in the theatres, to get high class companies to plan their tours through the state so engagements can be secured at reasonable prices.

The colleges in the central part of the state have a plan for the interchange of plays whereby the best each has to offer can reach a wider public.

There is great interest in many communities, but the one thing needed is leaders trained so that they can carry on dramatic work. Northampton County is the banner country, with every high school in the county having a dramatic club. The president of the state club is W. R. Bush, of Asheville and vice-president is Mr. Henninger, of Greensboro College for Women.

Any group interested in dramatics can organize a club and by paying a small fee, secure the services of the Bureau.

Miss Knott is very enthusiastic, works untiringly, and handles the various activities connected with a theatrical production with ingenuity and skill. She designs the stage scenery and the costumes, plans the lighting, looks after the make-up, teaches the dances in addition to the selection of plays, of the cast, and doing the coaching. She is a woman of marked talent and excellent training, a professional director of amateur dramatics.

ant will further take notice that she is required to appear at the office of the Clerk of the Superior Court of Pitt County, on the 12th day of December, 1927, or within thirty days thereafter, and answer or demur to the complaint of the plaintiff, or the plaintiff will apply to the Court for the relief demanded in the complaint.

This the 10th day of November, 1927.

Market Report Cotton--Stocks--Grain

COTTON
New York, Nov. 28.—(AP)—The cotton market experienced another sharp break today, declining more than \$2.50 a bale and carrying the whole lot to the lowest point since last August. January sold down to 18.78, and May to 19.00 under heavy general selling prompted by weak Liverpool cables and further reports of mill curtailment.

An advance in call money to 4 1-2 per cent and weakness in the stock market had some influence on values while the government report on grades and staples of the past season's cotton crop, indicating higher quality than last year, was believed by some to add an equivalent of many bales to the total crop.

Futures closed steady, 20 to 42 lower. Spot steady; middling 19 3/4.

GRAIN
Chicago, Nov. 28.—(AP)—Upturn in what prices at Winnipeg together with advances in the corn market led to higher quotations for wheat here today after an early fall. A forecast of continued unsettled weather helped to lift corn values. Besides, country offerings of corn were scanty.

Wheat closed firm half to 7-8 net higher, corn showing 1 7-8 to 2 3-8-2 1-2 advance, oats 2-8 to 1 1-2; up and provisions unchanged to 22c down.

STOCK MARKET
New York, Nov. 28.—(AP)—Marking up of the call money rate from 3 1-2 to 4 per cent, the first change in about a month, turned the course of stock prices reactionary today after an earlier period of strength. The higher call rate, which is generally believed to be temporary, followed the calling of about \$20,000,000 in bank loans. In view of the rapid advance in prices in the last few weeks, a reaction has been widely predicted on technical grounds and some of today's liquidation probably was inspired by the first announcement of the new Ford car and the publication of another series of unfavorable October railroad earnings statements.

Standard industrials and rails received fairly good support on the renewal of selling pressure, losses generally being held to a point or two, but some of the volatile specialties cracked 3 to 6 points. The bears put on short lines in a number of chemical, tobacco, paper, rubber and steel issues, but the character of the bearishness was while operators for the rise succeeded in marking up a few public utility, farm implement and food shares.

The close was weak. Total sales approximated 2,500,000 shares.

Federal Reserve To Hold Meeting At Charlotte, N. C.

Charlotte, Nov. 28.—(AP)—The board of directors of the Federal Reserve Bank of Richmond will hold its monthly meeting in Charlotte, December 9, the date set for the formal opening of the Charlotte branch of the bank, it has been announced by George J. Seay, governor of the Richmond bank.

It was said that this will be the first time for directors of a Federal Reserve to hold a meeting of the board outside of the city where the bank is located.

Mr. Seay said that it was expected that the directors of the local branch would meet on the same date.

The Charlotte branch of the Richmond Federal Reserve Bank, which will serve something like 70 member banks in North and South Carolina, will occupy quarters on the 20th story of the First National Bank building, on December 1, and the period between the first and ninth will be taken to break in the force of employees in readiness to handle the business of the bank after the formal opening.

High Leach, of Richmond, is its managing director of the branch bank. Other directors are: Ward W. Wood and John L. Morehead of Charlotte; Charles A. Cannon of Concord; W. J. Riddy of Rock Hill; Robert Gage of Chester; John A. Law of Spartanburg.

AIRPLANE PERFORMS A GIVEN SERVICE
Raleigh, Nov. 28.—(AP)—The airplane played a grim service Sunday in transporting Paul H. Waddill from here to Augusta, Ga., and back between the hours of 6 a. m. and 3 p. m.

Waddill's father, J. E. Waddill, prominent Carthage citizen, died at Augusta late Saturday night. Confusing reports were received and the son took to the air to get quick advice. The funeral was held at Carthage today.

You are sure of their return.

Land Sale
By virtue of the power of sale contained in that certain mortgage executed and delivered by John H. Stancil to R. R. Fleming on the 1st day of January, 1919, which mortgage appears of record in the office of the Register of Deeds of Pitt County in Book L-12 page 285, the undersigned will sell at public auction before the court house door in Greenville on Saturday, December 24th, 1927, the following described tract of land:

That tract situate in Pictolus township, beginning at a stake on new road, John Reddines corner; thence running with said Reddines line S. 11 W. to a branch in W. L. Riddick's line; thence down the arched courses of said branch with said Riddick's line to George Williams corner; thence with said Williams line a northwesterly course to a stake in the old County Road; thence with the old County Road a westerly course to Andrew Brown's corner; thence with Andrew Brown's line S. 11 W. to John Reddines corner on the new road; thence with said new road to the beginning. Containing 30 acres, more or less, and being the same now conveyed by R. R. Fleming to John H. Stancil.

This mortgage was given to secure the purchase money.

This November 22nd 1927.

Josephus Daniels Spoke Here Sunday

Josephus Daniels, of Raleigh, Secretary of the Navy during the administration of Woodrow Wilson, spoke to a large congregation at the Jarvis Memorial Methodist church in this city yesterday morning.

He said it used to be that little attention was given to orphanage and other institutions of the kind. Each year has seen a change in public sentiment and today a catholicity of sympathy dominates the public for the welfare of the country's indigent.
