LEAGUE OPENS SESSIONS AT GENEVA TODAY

Soviet Delegation Occupied Center of the Stage at Disarmament Conference.

Geneva, Nov. 30.—(AP)—Soviet Russia today threw a "peace bomb" into the opening session of the preparatory disarmament commission by formally proposing the complete abolition of all land, air and marine forces.

Admitting that the Soviet project was a radical suggestion, Maxim Litvinoff, chief of the Soviet delegation, called for the dissolution of all land, sea and air forces and the non-admittance of their existence in any concealed form whatsoever.

The proposal caused a profound sensation at the conference, although many delegates were seen to smile as if they considered the scheme more than utopian as Litvinoff developed the sweeping Soviet project.

The Russian delegate submitted as the other cardinal points of the project that all weapons and military supplies, means for chemical warfare and all other material forms of armament be destroyed, that all warships, military and air craft be scrapped and that the system of calling up citizens for military training be discontinued.

The Soviet delegation introduced a resolution calling for the immediate working out in detail of a draft convention for complete general disarmament on principles submitted by them. The resolution also would provide for the convention of a disarmament conference not later than March, 1928. Scrapping of all warships and the destruction of all fortresses, if accepted by the powers, would be carried out in a period of from one to four years under the Soviet scheme.

"Armed forces is a weapon in the hands of the great powers for the oppression of people in small and colonial countries and the complete abolition of armaments is at present the only real means of guaranteeing security and affording a guarantee against the outbreak of war," was one of the striking phrases in the Soviet resolution.

Another striking phrase was that the existence of armaments and their tendency to growth, "by their very nature, inevitably lead to armed conflicts between nations, diverting the workers and peasants from peaceful productive labor and bringing in a train of countless disasters."

As the Russians desired a draft convention framed immediately, they did not favor waiting for additional international security, a question which is very close to the heart of many European nations, particularly France.

Count Von Bernstorff, head of the German delegation, spoke next, declaring that he wished to remove the misunderstanding that had arisen from his recent letter to Dr. Laidon. He said this gave the impression that he insisted on a second reading of the draft treaty at the present session. This, he declared, was not his intention, but that he did think the arrival of new members at the commission meeting justified a general discussion of disarmament.

Maxim Litvinoff, after thanking the members for their welcome, announced that the only object of the Soviet's presence at Geneva is to contribute with all the means in its power "to the course of peace and disarmament." He said all steps in this direction will have full support of the Soviet.

Geneva, Nov. 30.—(AP)—Maxim Litvinoff, head of the Soviet delegation, proposed in behalf of Russia the complete abolishment of all land and sea forces at the opening of the preparatory disarmament commission this morning.

The Soviet proposal, which created a sensation, also advocated the scrapping of all war ships and the destruction of all fortresses. This, if accepted by the powers, would be carried out in a period of from one to four years.

The Russians introduced a resolution calling for the immediate working out in detail of a draft of a convention for complete general disarmament on principles submitted by them.

The resolution also provided for the convention not later than March, 1928, of a disarmament conference.

Looking for Fish Tagger.

Wilmington, Nov. 30.—(AP)—C. T. Crono, local sportsman, is seeking to find out who put a calico tag, with the letters "R. H." on it, on the tail of a large drum fish he caught in the surf at Fort Fisher Saturday night. The fish weighed forty pounds.

TODAY

Suttee. Read Zagig. The Night of Life. And Satan Came Also. The New Ford Arrives. (By Arthur Brisbane) Copyright 1927, by Star Co.

A Hindu woman going back to ancient custom and superstition, insisted on performing the ancient rite of "Suttee" which meant of burning alive on the fire that burned her husband's body.

While frantic fanatics held back British police, the woman threw herself on the fire and lay burning beside her dead husband, while the crowd yelled its delight. In her agony she rolled from the funeral pyre, holding in her arms her husband's body, which rolled into the river.

Rescued by police, she would not return to her home for two days, but remained in agony on the spot where her husband's body disappeared. Then more police took her by force, horribly burned, and neglected afterward. She will probably die.

For an admirable, truthful account of horrible conditions still existing in India, forced marriage of little girls nine years old to middle-aged men, and other atrocities, read "Mother India," written by an American woman.

Read also Voltaire's "Zadig" which will delight you. It tells how a wandering philosopher cured the "Suttee" habit in one part of India. He told the people he admired "Suttee," but suggested one amendment.

Before being burned, the woman must spend two hours with the handsomest young man with her. The crowd missed that "Suttee."

You may not like to see that Union Jack covering so much of the earth's territory, but the widows and the little girls of India may be glad that flag floats over them—also the miserable cattle allowed to starve to death, because brutalized Hindus think it a sin to put them out of their misery—also millions of "untouchable" human beings kept in horrid misery.

DENY PETITION IN OIL HEARING

Justice Siddons Refuses to Permit Kidwell to Intervene in Contempt Case.

Washington, Nov. 30.—(AP)—The petition of Edward J. Kidwell a trial juror in the Fall-Sinclair case, asking permission to intervene in the contempt proceedings growing out of the mistrial was denied today by Justice Siddons in the Supreme court of the District of Columbia.

Kidwell, known as juror number 11, was accused in affidavits filed with the court of saying he expected material gain from his jury service. The juror denied making such statements and demanded the right to be included in the proceedings against Harry F. Sinclair, William J. Burns, founder of the Burns Detective Agency, and their associates which have been set for hearing December 5.

The contempt proceedings are based on surveillance of the trial jury by Burns operatives. Justice Siddons in his ruling today said: "I do not pause to state reasons, beyond saying that it is clear he (Kidwell) could not be admitted as a party petitioner, not, in the opinion of the court, may he be admitted as a respondent in this proceeding, on his application."

Charlotte, Nov. 30.—(AP)—W. J. Shuford, veteran Catawba county creamery operator today was preparing to take charge of the business of the million dollar Y. and B. Corporation of this city as permanent receiver. He was appointed late yesterday.

Mr. Shuford was appointed as a result of insistence of stockholders, particularly farm-ers, who objected to the retention as receiver of J. A. Yarbrough, head of the company, who had been named temporary receiver when the action was first started.

The Y. and B. corporation operates a creamery and string of grocery and dairy products in Charlotte.

GIVES FACTS ABOUT STATE LEGISLATURES

President of National Council Tells of Time When They Wanted Tax Repeal

Washington, Nov. 30.—(AP)—Expense of the convention held here by the national council of state legislatures at the time representatives of that organization advocated repeal of the federal inheritance tax before the house ways and means were announced today as totaling \$12,160.

John Henry Kirby, president, in a letter to members of the organization said the money used to defray expenses had been contributed by individuals, state officials and commercial organizations.

During the recent tax hearings representatives of the legislative council were questioned closely by a number of committee members as to the source of their expense money and one, representative Rainey, democrat, Illinois, threatened to initiate a congressional investigation.

Mr. Kirby said that his announcement was promoted by the "many misleading and false statements concerning the convention and that he felt members of the legislative council should be acquainted with the facts.

He said that the expenses of the convention, amounting to \$12,160 did not include those delegates whose expenses had been paid by States they officially represented or by State organizations in their respective States.

"Every state in the union is represented in the list of contributors to the funds used in defraying the expenses of the convention at which the national council of state legislatures was established on a permanent basis," he said.

"More than one thousand individual contributors averaging \$10 each made up the bulk of this sum. Among the contributors were a number of governors, speakers of the house of representatives and presidents of the senates in various States. The list of contributors also shows that about 50 commercial organizations took part in the movement."

At the time of the committee tax hearing Mr. Rainey and representative Garner of Texas, ranking democrat on the committee, charged that part of the legislative council's funds had been obtained from the American taxpayers' league, which they contended received financial support from corporations seeking repeal of the inheritance levy for selfish purposes.

Another question was: "The question is being asked almost as frequently whether these are the results of administrative blunders and political protection for gangsters."

The story that Chicago's reign of terror has passed beyond the joke stage, has a fundamental truth in it. Some New York gangsters arrived in Chicago last week. One of them is now dead. The others have run back to New York.

"Please congratulate the New York newspapers for me in covering up New York's crime, so as to have some criminal news to feed their own people instead of pointing their own shortcomings."

Mr. Thomson suggested that New York and Chicago are two of the greatest cities in the union, and that "friendship rather than hatred, would be helpful to both our cities."

Los Angeles, Nov. 30.—(AP)—How a soldier of fortune, his memory lost in battle, lived for ten years under a dead comrade's name is described in the Westminster Gazette and Swedish newspapers. Gustaf Duner was born in 1880, the son of a professor at Upsala University.

Facing Reprimand

Captain Richard Bruce White, American naval attaché of the Paris embassy, whose remarks at French dinner about war situation have caused furor, has been ordered to forward copy of his speech to Washington.

MAYOR SCORES MANY CRITICS

Chicago Executive Tells N. Y. World of Crusade Against pro British History.

Chicago, Nov. 30.—(AP)—Mayor William Hale Thompson, in a 1,500 word telegram to the New York World yesterday, delivered himself of several caustic rebuffs to criticisms of his crusade against pro-British history.

His message was in reply to the world's offer to give him space in that newspaper because of the book purging campaign and because of the prominence that has been given Chicago's crime situation.

In reply to the World's question: "Why is your administration concerning itself so much over school-book matters and fears of British influence, when it is so persistently reported, although perhaps inaccurately, that crimes of violence grow in numbers in Chicago? The mayor wired:

"Crime in Chicago has been reduced fifty per cent since William Hale Thompson was elected mayor, falsehoods to the contrary, notwithstanding. The only crime we have is with dishonest newspapers."

Another question was: "The question is being asked almost as frequently whether these are the results of administrative blunders and political protection for gangsters."

The story that Chicago's reign of terror has passed beyond the joke stage, has a fundamental truth in it. Some New York gangsters arrived in Chicago last week. One of them is now dead. The others have run back to New York.

"Please congratulate the New York newspapers for me in covering up New York's crime, so as to have some criminal news to feed their own people instead of pointing their own shortcomings."

Mr. Thomson suggested that New York and Chicago are two of the greatest cities in the union, and that "friendship rather than hatred, would be helpful to both our cities."

Loses Memory And Lives Ten Years By Another Name

London, Nov. 30.—(AP)—How a soldier of fortune, his memory lost in battle, lived for ten years under a dead comrade's name is described in the Westminster Gazette and Swedish newspapers. Gustaf Duner was born in 1880, the son of a professor at Upsala University.

Just before the dawn of 1917 his decade of mystery began. A commissioned officer in the British army at that time, he was sitting in a dugout. Warned of an imminent explosion he snatched a coat, supposed it was his and threw himself on the ground. He was lifted high by the explosion. He remembered nothing more. His mind a total blank, he found himself in a hospital. In the pocket of the coat, which he had hurriedly picked up, a letter to "Captain De Montalt" a Canadian was found.

Doctors and nurses addressed him thus and being able to speak perfect English he accepted himself as De Montalt. Thus Gustaf Duner was reported missing and in his stead lived Captain De Montalt. It has since been learned that the real De Montalt was blown to pieces in the explosion.

TO DESTROY BRIDGE NEAR ALBERMARLE

War Department to Make Test With Forces of Destruction and Warfare.

Albermarle, Nov. 30.—(AP)—Forces of destruction and warfare will soon be turned loose on a perfectly good concrete bridge near here, while engineers stand by and make copious notes on the effects of their systematic vandalism.

Highway engineers have just about completed their store of experiments and will turn the span over to the United States army on December 15 as a target for shell, fire, bombs and mines.

The Carolina Power and Light Company recently decided to build a new dam across the Pee Dee river and to replace a bridge at this point with a larger one. So they gave the discarded span to the state highway department and the army as a scientific plaything—a cemetery to knowledge.

The highway department is now completing exhaustive tests on the load capacity of the bridge, which is 1,000 feet long, built in 1922 at a cost of \$192,000. Theorists heretofore confined to books are being put into practice through use of heavy trucks and other impacts that provide efficient loading measurements. Huge water tanks, filled gradually and placed at strategic places on the bridge, will furnish the climax to the tests and are expected to cause at least a section of the span to crumble.

Results have not been made public, but will be incorporated in a book for the highway engineering profession, says Frank Page, state highway commissioner.

When the army takes up its two-day siege fifteen batteries of heavy field artillery will rain projectiles on and at the bridge from the surrounding hills. Martin bombing planes will zoom above it and drop their lethal "eggs of death." Then if there is anything left, army engineers will plant mines beneath the remains and blow them up electrically.

Artillery, ordnance, and engineering units from Fort Bragg, N. C., and aircraft units from Langley field at Newport News, Va., and Pope field at Fort Bragg will unite in the attack. The entire affair will be recorded for posterity by an air photography unit from McCook field.

TELL OF BLOOD STAINS TODAY

Further Testimony Offered in Lilliendahl Case at May's Landing, N. J.

Court Room, May's Landing, N. J., Nov. 30.—(AP)—Further testimony regarding blood stains found on the clothing of Mrs. Margaret Lilliendahl was presented by the prosecution today at the trial of Mrs. Lilliendahl and Willis Beuch who are charged with the murder of the woman's husband, Dr. A. William Lilliendahl.

John Arlett, Atlantic City chemist and partner of a witness who testified yesterday that stains on the clothing were of human blood corroborated the testimony of his partner, Dr. Louis Meyers.

Mrs. Lilliendahl and Mrs. Beuch testified in open court today.

It was Mrs. Beuch's first court appearance and she expressed complete confidence in the innocence of the widow and her husband.

Beuch introduced the two women and after the kiss Mrs. Beuch told Mrs. Lilliendahl it was a "shame she had to go through this ordeal" and the widow replied brightly that she was confident of complete vindication.

Mrs. Beuch told reporters she did not believe the "stories" that have been circulated about her husband and Mrs. Lilliendahl. Asked if she liked the widow, she answered simply, "Yes."

TRANSPORT PLACED UNDER QUARANTINE

Manila, Nov. 30.—(AP)—The United States army transport Thomas, which arrived here today from the United States with 1,000 troops, aboard was placed under modified quarantine as the result of findings of a case of spinal meningitis aboard. The quarantine period is to last 21 days. Officers and their families were not included in the quarantine. The Thomas sailed for Manila from San Francisco November 3.

BEFORE TRAGEDY ENTERED DOOR

Interesting photo is party group taken at George Remus' mansion when all was serene in family of "King of the Bootleggers." Imagine, the wife he slew in Cincinnati, is shown with her arm around Remus' neck, while George Brown, her father, is seated back of her, with his arm extended on Remus' chair. Brown is now an important witness against the wealthy liquor-runner. (International Illustrated News)

Half Million Pounds Tobacco Here Today

The Greenville tobacco market has sold a total of 547,511 pounds during the present season, according to official figures given out this morning by K. W. Cobb, secretary of the Greenville Board of Trade.

The market yesterday sold 480,234 pounds for \$119,252.34 at an average of \$24.83 per hundred pounds.

It was stated that about a half million pounds of leaf was on the floors this morning and that sales would be completed by the noon hour.

GOVERNMENT TAKES HAND IN GANG WAR

Federal Forces Start Probe Into Death of Moonshine Leader at Chicago.

Chicago, Nov. 30.—(AP)—Carmen Ferro's death, believed to have been due to gang rivalry, has brought the federal government into the investigation of Chicago's gangland warfare.

Ferro, whose body was found early yesterday beside a road in Bensenville, was known as an amiable, energetic manufacturer. The United States district attorney's office, however, has revealed that Ferro and six others were to have appeared for trial in federal court next Monday on charges of violating the prohibition law.

The government was prepared to present evidence showing Ferro to be the head of a large band of moonshiners. The district attorney's office today advanced the theory that Ferro was slain to prevent his giving evidence damaging to others involved in the manufacture of alcohol.

Another theory was that he was killed in the fear that the evidence against him might be used against others.

A huge still was found last night a short distance from the place where Ferro's body was discovered, and officers said a cursory investigation connected Ferro with its ownership. Twelve men and a woman were seized in the barn housing the still. Several drums of alcohol were found in a building adjoining the barn.

N. C. Man Heads Agricultural Asso. in United States

Chicago, Nov. 30.—(AP)—Election of William A. Graham, agricultural commissioner of North Carolina, as President of the national association of commissioners of agriculture featured the annual session here yesterday. Mr. Graham was elevated from the post of vice-president to succeed by R. E. Park of New York.

The Carolina commissioner attracted wide prominence for his contributions toward the solution of southern agricultural problems. His resolution calling on U. S. Secretary Jardine to stop the issuance of cotton price-forecasts was adopted unanimously by the cotton states commissioners at a meeting in New Orleans early this fall and resulted in the discontinuance of these reports by the U. S. Department of Agriculture.

He has long been associated with the cotton industry in his state and is considered an authority on agriculture in the south. He was among the first to advocate diversity of crops as a relief measure for cotton farmers suffering from overproduction.

LYNCH NEGRO FOR SLAYING VIRGINIA MAN

Mob From Kentucky and Virginia Hang Negro and Riddle Body With Bullets.

Whitesburg, Ky., Nov. 30.—(AP)—On the spot where a few days ago Kentuckians and Virginians joined hands in celebrating the opening of the Kentucky-Virginia highway, a negro slayer of a Virginian was lynched early today by a mob, said to be composed of citizens of both states.

Then, after hanging the negro, Leonard Woods, the mob fired many shots into the body, cut it down, and, using the stands built for the highway dedication as a pyre, burned the body.

The mob, dispersed by the light of the burning stands at Pound Gap, on the stage line.

In the confusion six prisoners escaped from the Letcher county jail presided over by Mrs. Fess Whitaker as jailer. She was appointed recently to succeed her husband once known as the "jailed jailer" who was killed in an automobile accident.

Whitaker, several years ago was placed in his own jail by a county judge on a charge of contempt.

County attorney Harry L. Moore immediately began an investigation into the lynching of Woods, alleged to have slain Haysel Deaton, 35 years old, of Coeburn, on Tom's Creek, Virginia, who was foreman at a Fleming, Ky., mine.

"We will make every investigation possible and if evidence is obtained that the mob came from Virginia, we will make protest to the Governor of Virginia against an armed force invading a Kentucky county, breaking into its jail and taking out and killing a prisoner."

Meantime, search was being made for prisoners who escaped from the battered jail here after the mob left. Thirty other prisoners did not leave.

All reports of the lynching were that the nucleus of the mob came from the neighborhood of Coeburn, 40 miles from here, and the home of Deaton, who was shot to death Sunday night as he was driving from his home to Fleming.

County Judge Noah Bentley, said the mob came into Whitesburg in between 75 and 100 automobiles with 300 men.

Sheriff T. M. Reynolds also pleaded with the mob to let the law take its course, the judge said. Attempt was made to shoot the lock of the gate of a high fence around the jail but it withstood the bullets and men climbed the fence and broke into the jail thru the roof. The men broke into the jail and caved and battered their way out.

It was about midnight when the mob took Woods away.

The mob paused at Fleming, where Deaton worked, and fired a few shots. Other demonstrations were staged at Neon and Jenkins.

Deaton, a son of J. A. Deaton, coal operator of Bluefield, W. Va., was slain when he refused to permit the negroes to ride in his automobile. The negroes were arrested Sunday near Fleming and taken to the Jenkins jail. Four hours later they were removed to Whitesburg when officials at Jenkins heard a mob was forming in Virginia.

Jenkins, Ky., Nov. 30.—(AP)—Searing flames mounting from the top of Cumberland Mountain signalled the death of Leonard Woods a negro, who was lynched by a mob of more than 200 armed men early today.

Woods, arrested for the slaying of Hershel Deaton, 35, mine foreman for the Elkton Coal Corporation at Fleming, Ky., was shot to death as he faced a half circle of rifles. Then his body was placed on a platform recently erected for dedication ceremonies at the opening of the Kentucky-Virginia highway. Gasoline was poured over it and a match touched off the structure.

The negro had been arrested near Fleming shortly after Deaton's body was found Sunday. Growing excitement caused officers to take their prisoner to Whitesburg yesterday for safe keeping. Late last night a mob of more than 150 cars arrived in Whitesburg. An unmasked crowd of men approached the jail, swung through its iron bars, placed a chain around the negro's neck and led him away.

Mrs. Fess Whitaker, the jailer, said that the mob made no demonstration at the jail. She was powerless to resist the intruders, she said. Two negro women, who were arrested with Woods in connection with the slaying, were unharmed.

Deaton was shot to death when he refused to allow Woods and the two women to ride in his automobile Sunday night, authorities said.

HALTS TRIAL OF FLOGGERS AT LUVERNE

Court Adjourns Following Withdrawal of Thirty-one Cases By Solicitor.

Luverne, Ala., Nov. 30.—(AP)—The Crenshaw county flogging trials were abruptly halted today when Judge A. E. Gambie adjourned court after Solicitor Calvin Poole had withdrawn and filed the thirty-one cases remaining on the docket. The cases, the solicitor explained, can be tried at any future term of court, or they may never be tried, depending upon circumstances.

Action of the solicitor in withdrawing the cases followed a jury's verdict yesterday in acquitting Thaxton Miller, who was the second to be freed during the trials.

Attorney General Charles C. McCall, who led the prosecution until yesterday retired from the array of counsel and left the disposition of the remaining thirty-one cases in the hands of Solicitor Poole.

Luverne, Ala., Nov. 30.—(AP)—Sudden retirement of Attorney General C. C. McCall from state's array of counsel, enlivened by his charge that he was not receiving co-operation from state law enforcement agencies, has overshadowed interest in the trial on flogging indictments in Crenshaw county.

Thaxton Miller, second of the men arraigned, was acquitted last night. The verdict was received with loud applause by the crowd that packed the court room. Shelby Gregory, first of the defendants named in 102 indictments recently returned, had been acquitted on Thanksgiving day.

The state prosecutor's sensational step came just before the jury returned Miller's verdict. In a statement declaring his withdrawal, Attorney General McCall charged that state law enforcement officers had shown a "frenzied desire to assist the defense. Instead of the prosecution officials." He also said there were "other reasons" for his action.

Earlier in the day the charge had been made that efforts to "intimidate him" had arisen. Attorney General McCall declaring this at the same time he disclosed a letter purported to have been written by James Eskdale, Grand Dragon of the Ku Klux Klan in Alabama, which described an attempt to "bring the Attorney General to his senses" and make him cease "working on police court cases against the Klan."

Farther in the day the charge had been made that efforts to "intimidate him" had arisen. Attorney General McCall declaring this at the same time he disclosed a letter purported to have been written by James Eskdale, Grand Dragon of the Ku Klux Klan in Alabama, which described an attempt to "bring the Attorney General to his senses" and make him cease "working on police court cases against the Klan."

Cold Wave Moves Into Middlewest

Kansas City, Nov. 30.—(AP)—Another cold wave moved into the middlewest and southwest today from the Rocky Mountain states.

Sharp drops in temperature brought snow flurries to Kansas and Missouri this morning following a snow fall of from 3 to 7 inches in the northern mountain states yesterday.

Temperatures generally remained in the upper twenties or lower thirties in Colorado, where several mountain passes were closed. The body of William Masters, railroad worker, was found in the mountains near Grand Junction, Colo. He had been missing since he left a train at Baxter Pass several days ago.

Air mail planes were delayed by the storm in Wyoming.

LOCALS

Mr. and Mrs. A. F. Kennedy returned to their home in Aulander today after a visit to their daughter, Mrs. R. D. Whichard.

Mrs. E. A. Rountree and children who have been visiting Mr. and Mrs. L. H. Rountree, returned to their home today in Zanesville, Ohio.

Prayer Services Methodist Church
There will be prayer services at the Methodist church tonight at 7:30, led by Mr. W. L. Best.

P. T. A. Needs More Clothing
The child welfare department of the Evans street school needs a few more garments of clothing for children, ages from six to twelve especially coats.

Any member who has good clothing they cannot use are urged to contribute them to this department. Send clothing to either Mrs. Savage at the school, Mrs. J. J. Sumner or Mrs. R. L. Harris.

WOMAN'S CLUB TO PRESENT HEALTH PROGRAM

The Woman's Club will meet in the Evans street school tomorrow afternoon at 3:30 o'clock. A special program arranged by the health department will be given. Dr. Yoder who is in charge of the tubercular clinic will talk about his work. The Evans street school will give some health songs and plays. A special invitation has been given to all parent-teacher associations to meet with the club. All other interested citizens are invited to attend.

If you have property to sell, contact us—it will pay you well. H. A. White & Sons, Realtors, General Insurance. Est. 1895.

Attention Parents Model School
All members of the Parent-Teachers Associations of the Model school are urged to attend the lecture given by Dr. Yoder, tuberculosis expert, at Evans street school tomorrow afternoon at 3:30 o'clock.

WOMAN'S AUXILIARY TO GIVE PROGRAM AT MEMORIAL CHURCH

Instead of the regular prayer service at Memorial Baptist church this evening, there will be an interesting program given at 7:30 by the Young Woman's Auxiliary. It is hoped that a large crowd will attend this service.

If you have property to sell, contact us—it will pay you well. H. A. White & Sons, Realtors, General Insurance. Est. 1895.

BOY SCOUTS TO MEET TOMORROW EVENING

There will be an important meeting of the boy scouts at the Rotary club Thursday evening at seven o'clock.

Misses Iva Shuburn and Lallah Hook Boyd have returned from Washington, D. C. and Richmond, Va.

Rev. and Mrs. H. Frederick Jones, Mrs. R. L. Humber, Miss Mary Winborn, J. J. White and D. B. Carter attended a banquet in Tarboro last night, sponsored by the Baptist Centennial campaign.

Hobart Stoele, of Burlington, is spending a few days here.

DR. YODER TO LECTURE BEFORE PARENT-TEACHERS

Dr. Yoder, tuberculosis expert of the North Carolina Department of Health, will lecture to members of the Parent-Teachers association of Evans street school Thursday afternoon at 3:30 o'clock, at the school, according to announcement made this morning. All members are urged to attend.

If you have property to sell, contact us—it will pay you well. H. A. White & Sons, Realtors, General Insurance. Est. 1895.

Auxiliary of American Legion To Meet Thursday Evening

The Auxiliary of the Pitt County Post of the American Legion will meet Thursday evening at eight o'clock in the Rotary Club building. Mr. Charles Davis of Kinston, will speak on his trip to the American Legion convention in Paris. All members are urged to attend and all those eligible for membership are invited to join. Mrs. K. B. Pace and Miss Hennie Whichard will be hostess.

Prayer Service for Missions at Immanuel Baptist Church

Prayer services for world-wide missions are being conducted by the Woman's Missionary Society of the Immanuel Baptist church during this week, and the service for Wednesday will be held tonight at 7:30 in place of the regular mid-week prayer service. Miss Luelle Turner of the college, will be in charge of this meeting, having as her subject "Revelations of Life and Teachings of Jesus Through Revolutions in Life of Men and Nations." Every member of the congregation is urgently requested to be present.

HAPPERSBERGER
Does the finest watch repairing in Greenville. A trial will convince you.
Opp. Proctor Hotel
Greenville, N. C.

If you have property to sell, contact us—it will pay you well. H. A. White & Sons, Realtors, General Insurance. Est. 1895.

End of Century Club Meets

The End of the Century Club met on Tuesday, Nov. 29 with Mrs. J. B. Spillman at her home on Ninth street.

The program for the afternoon was a very interesting paper on Folklore of North Carolina, by Mrs. J. L. Hassell, and Paul Green's latest play, *Fixins*, most ably presented by Mr. Edward Hearne of Greenville and New York. This talented and versatile young man responded to repeated encores with a negro spiritual; some comic verses of his own composition and a piano rendition of a duet by a man and a woman, which was very amusing.

Mr. Hearne also explained the mysteries of broadcasting and as he broadcasts for WJZ as a Southern Yankee, he made a very interesting talk on the general subject of radio and broadcasting. The club is due him a vote of thanks for a most entertaining and instructive afternoon.

A tempting turkey repast, with all the "fixins" was served by the hostess, aided by faculty friends from the college and some of the college girls. Mrs. Spillman had as her guests Misses Davis, Jenkins, Jeter, Wilson, Ross, Rainwater and several others of the faculty of the college; Miss Denton and Mr. R. C. Cotten of Cottontale; Mesdames Batchelor, Blount and others of the neighborhood, besides the club members.

If you have property to sell, contact us—it will pay you well. H. A. White & Sons, Realtors, General Insurance. Est. 1895.

Chapman-Gouldin
Grifton, N. C., Nov. 29.—A wedding of unusual interest in the social circles of both North Carolina and Virginia took place on Thanksgiving morning at eight o'clock, when Miss Katherine Wayne Gouldin, of Fredericksburg, Va., became the bride of Mr. Lloyd James Chapman, of Grifton. The wedding, beautiful in its simplicity, was solemnized at the Christian parsonage, Rev. Perry Case officiating. The only attendants were a few relatives and friends of the participating parties. The bride was lovely in a traveling costume of tan with accessories to match.

Mrs. Chapman is the only daughter of the late John Leeland and Julia Gray Gouldin of Fredericksburg, Va. She is one of the most popular and attractive members of the younger set of Fredericksburg and Stafford. She graduated at State Teachers College, Fredericksburg, Va., and taught at Stafford for a year. For the past two years Mrs. Chapman has been a member of the school faculty at Grifton, N. C. Mrs. Chapman is a grand niece of General "Mad" Anthony Wayne of Revolutionary fame, and the great grand daughter of Anne Wayne. She is a direct descendant of Princess Katherine Mural of France, and the Haymans of Chambersburg, Pa. She is connected with several of the most prominent old families of Virginia.

Mr. Chapman, who is the son of L. J. Chapman and the late Fannie Brooks Chapman of Grifton, N. C. is a very prominent young business man, being connected with business in both Grifton and Greenville, N. C. He received his education at Atlantic Christian College, Wilson, N. C., and the University of North Carolina, Chapel Hill.

Immediately after the ceremony Mr. and Mrs. Chapman left for an extensive tour of the Southern states. They will make their home in Grifton, where Mr. Chapman is engaged in business.

ANNUAL FOX HUNTERS' MEET TO BE HELD AT PACTOLUS
The Pitt county fox hunters' association will hold its annual meet at Pactolus on Dec. 10. It will be an all-day affair. All are invited to attend and enjoy the day with us. Everyone having hounds to enter for the races, come early for the cast. Everyone is expected to bring a basket lunch. We invite all fox hunters and lovers of the sport to join us on the morning of the 10th.

EVADES MEXICA NFIRING SQUAD

Timely warning that the Mexican government had learned of activities of revolutionists sent one of the Gen. George Heiva, hastening to Atlanta just in time to escape probable execution. He is shown above with his bride of 1926, a former Atlanta society girl.

Atlanta, (AP)—Instead of facing a Gallies firing squad, General George Garcia Heiva of the Mexican revolutionists, husband of a former Atlanta society girl, is safely at the home of his wife here as the result of a timely warning.

A friend of General Gomez and the revolutionist cause, Heiva had been named a general in the new army and with other high officers had affixed his name to a paper which was discovered by federal authorities early in October, he relates.

A man close to General Obregon and also a friend of Heiva told the latter the paper had been found. Heiva and his wife left Mexico City at midnight October 3 and came to Atlanta by way of Laredo, Texas.

Since leaving Mexico, Heiva says, he learned personal letters written by him to General Gomez were found in the pockets of the revolutionist leader when he was captured and executed.

The two men became friends when Gomez, then in the federal army, was in command of Mexican forces near the Heiva ranch at Proste. Although a supporter of the cause and a general in the revolutionist army Heiva says he took no active part in the opposition to the Calles government.

His wife is the former Aileen Bricker, daughter of Rev. and Mrs. L. O. Bricker of this city. Heiva reputed to be a man of means, met her years ago, and last year Miss Bricker went to Mexico, where their marriage was celebrated.

SEVERAL DEEDS FILED SINCE LAST REPORT

The following deeds of transfer have been filed in the office of the register of deeds for registration since the report of last week:

- Mamie A. Smith et als to L. H. Smith, 1 lot, \$500.00.
- B. W. Moseley and wife to Garrison Lumber Co., lot \$10.00.
- Mrs. Ade Sutton, Com., to John Hardee, 1 lot, \$750.00.

- W. H. Arnold to L. A. Arnold et als, 111 acres, \$6,000.00.
- John Jones and wife to Thad Langley, 1 lot, \$1,050.00.
- Charlie Grimesly and wife to Ed C. Williams, 1 lot, \$200.00.
- Albert Flery and wife to L. B. Garris, 1 lot, \$10.00.
- J. J. Perkins, Jr., et als to J. W. Perkins, 1 lot, \$10.00.

LOCAL HIGH SCHOOL GAINS IN CLUB ORGANIZATION

The Home Economics Department of Greenville High School held its first meeting Tuesday afternoon for the purpose of organizing a Home Economics Club. This club has stimulated a great interest throughout the department. Much enthusiasm and eagerness was shown during this meeting.

The purposes of the club are: first, to stimulate an interest in Home Economics and thus make it more vital; second, to grow in strength and number so that this organization may become affiliated with the National Council of Home Economic Clubs; third, to motivate the work of the club by developing an interest in community affairs; and fourth, to further motivate the work of the club by giving aid to

STUDEBAKER

now holds every official stock car record for endurance and speed, regardless of power or price!

World's Champion Car

25,000 miles in less than 23,000 minutes!

At Atlantic City Speedway between Oct. 18 and Nov. 4, three strictly stock Commanders each went 25,000 miles in less than 25,000 minutes—total elapsed time. Two roadsters each completed the 25,000 miles in 22,968 consecutive minutes—a Sedan in 24,200 minutes. Nothing on earth ever traveled so far so fast!

The American Automobile Association certified to the time and disassembled the cars following the run to establish their status as strictly stock models.

The Studebaker Commander now holds all official endurance and speed records for stock cars regardless of power or price!

What these records mean to you
This great achievement proves that it is now possible to purchase a truly great automobile at a moderate One-Price price. It proves that the Commander, because of its superabundant power, will perform for many years, eagerly, easily, smoothly and with no labor or effort, any tasks placed on it.

Four basic elements of Studebaker superiority are proved by these world records:

- SOUND DESIGN**—Chief Engineer D. G. Roos, Research Engineer W. S. James and their able associates—backed by Studebaker's vast resources in laboratories and 800-acre Proving Ground—have created a car so superior as to merit its reputation as "the greatest achievement of post-war automotive engineering."
- PRECISION MANUFACTURE**—Studebaker cars are produced in plants equipped for the finest of precision manufacture—cars so accurately built you can drive 40 miles an hour the first day you own one.
- SKILLED WORKMANSHIP**—Studebaker cars are built by the most skilled and painstaking craftsmen under most expert supervision.
- QUALITY MATERIALS**—Only the highest quality of alloy steels and all other materials enter into the manufacture of Studebaker cars.

Such value as the Commander—such performance—such championship ability cannot be overlooked by the man who desires a full money's worth for his motor car dollars!

The New Ford Car will sell at a SURPRISINGLY LOW PRICE

Complete details of the new car which will be
officially announced
this FRIDAY

THE MINUTE you see the pictures of the new Ford car you will be delighted with its low, smart lines and the artistic color combinations. There, you will say, is a truly modern car.

But a still greater thrill awaits you when you slip into the roomy seat behind the wheel and start away for your first ride. Then you will know that you have found the most unusual value ever offered in a low-price car.

You will like the feeling of speed and power that the new Ford gives you—the comfortable, prideful feeling that comes from having a car worthy of any occasion and equal to every emergency.

You will like the flexibility and safety of the new Ford car as you weave in and out of city traffic—its flashing pick-up as the light turns green and the sign says "Go." You will like its smooth, quiet steadiness on the open road where you can lazy along according to your mood, or do 55 and even 65 miles an hour if you desire. The new Ford has unusual speed—no doubt of that!

*A smart, low, speedy car that
has been built to endure*

The new Ford will climb hills that you never thought a low-price car would climb on high. It will pass cars that you never thought you could pass. The longest trips will seem easy, for here is a car that puts new joy in motoring.

There is still another reason why the new Ford car is the most outstanding value ever offered in a low-price car. An important three-word reason that means a great

deal to you — *endurance — durability — long life.*

The new Ford car is made to stand up under thousands upon thousands of miles of steady running over all kinds of roads. It has even more stamina than the Model T Ford because we have learned to make every part stronger and sturdier without increased weight or greatly increased cost.

Many of the Model T Ford cars are still in active service after 75,000, 100,000 and 150,000 miles. This new Ford car will do even better. In the words of Henry Ford: "It is our ambition to have every piece of machinery or non-consumable product that we turn out so strong and so well-made that no one ought ever to have to buy a second one."

*Four-wheel brakes and standard,
selective gear shift*

On the right, we are printing, for the first time, the complete details of the new Ford car. Read them over carefully, especially the paragraphs dealing with the new engine, the new bodies, the new standard, selective gear shift transmission with roller bearings, the new four-wheel brakes, the new hydraulic shock absorbers, the new mechanical design ignition, the new oiling system and the new dry-plate, multiple-disc clutch.

Then decide that whatever else you do Friday you are going to set aside at least fifteen minutes to get the full story of the new Ford car. It is more than a new automobile. It is the advanced expression of a wholly new idea in modern, economical transportation.

FEATURES OF THE NEW FORD CAR

55 TO 65 MILES AN HOUR

The new Ford has unusual speed. It will do 55 to 60 miles an hour with ease. This is a conservative statement. In many road tests it has exceeded 65 miles an hour. So well does the new car hold the road that you can travel at high speed for long stretches with a new feeling of comfort and safety. Even bad roads may be taken at a fast pace. You will be delighted too with the way the new Ford climbs the hills. You will face the steepest grades with confidence, knowing you have power and power to spare to climb them all without greatly reduced speed, without strain, or unnecessary shifting of gears.

40-HORSE-POWER ENGINE

At 2200 revolutions per minute, the new Ford four-cylinder engine develops 40 horse-power. This r. p. m., or revolution speed, is low for such power and shows that the engine is unusually efficient. It also means long life, for the lower the speed of the engine, the less the wear on its parts. The bore is 3 3/4 inches and the stroke 4 1/4 inches. (S. A. E. and N. A. C. C. rating for license purposes, 24.03 horse-power.)

REMARKABLE ACCELERATION

The new Ford is remarkably quick on the get-away. In tests in high gear, with a Tudor sedan body and two passengers, it has accelerated from 5 to 25 miles per hour in 8 1/2 seconds. This acceleration is an outstanding feature of the new Ford car.

PREVENTING VIBRATION

The engine in the new Ford is practically vibrationless. This is due in part to its lower r. p. m., the statically and dynamically balanced crankshaft, and the aluminum pistons. To insure quiet, the timing gears are made of bakelized fabric instead of metal, and the cams on the camshaft are so designed that the valve push rods follow them closely, preventing valve clicking.

GASOLINE ECONOMY

You will get from 20 to 30 miles per gallon of gasoline, depending on the speed at which you drive. Feed to the carburetor is by gravity from a unique welded one-piece steel tank integral with the cowl.

UNIQUE NEW OILING SYSTEM

The oiling system is distinctly Ford in design, being a combination of pump, splash, and gravity feed. The pump delivers the oil to the valve chamber, from which it flows by gravity feed to the main bearings of the crankshaft. An oil dipper is provided on each connecting rod bearing cap, so that the force of rotation of the crankshaft drives oil into the connecting rod bearings, as well as splashing oil over all working parts within the engine. This is a simple but entirely dependable system, assuring proper lubrication of each bearing and each cylinder without pressure.

PERFECTED COOLING

The new Ford car has a centrifugal water pump, and large radiator. The fan runs on the pump shaft and is made according to airplane propeller design. It is exceedingly difficult to make the new Ford engine overheat; only abuse will do it, such as running without enough oil.

IGNITION SYSTEM OF NEW DESIGN

The ignition system of the new Ford is unique in mechanical design, extremely simple, and will give the car owner exceptional performance with a minimum of trouble. There is only one coil, in a water-proof case. The distributor is located on top of the engine where it is clean and easily accessible. Connections are made to the spark-plugs by short bronze springs. The coincidental lock on the new Ford is placed in the ignition circuit. It not only replaces the regular ignition switch, but in the "off" position grounds the entire circuit. From the switch to the distributor a steel cable protects the primary current wire, this wire being grounded to the distributor casing, thereby making it impossible to wire around the device. The new generator is of the power-house type.

STANDARD, SELECTIVE GEAR SHIFT

The new Ford transmission is of the selective sliding gear type, with standard shift. It has three speeds forward and one reverse. The main shaft runs on ball bearings, the countershaft on roller bearings, and the reverse idler on a bronze bearing. This is the highest type of bearing mounting and is unusual on light cars. All gears are made of heat-treated chrome alloy steel. You will be delighted with the easy, noiseless shifting of gears in this new transmission. You can go from one to another easily, silently, with the pressure of a finger.

EXCEPTIONALLY EASY TO STEER

The steering gear on the new Ford car is irreversible. Shocks are not transmitted back to the hands of the driver. You need not grip the wheel tightly. A light touch is enough to guide the car safely. Large steering wheel is made of steel, covered with hard rubber. Light switch and horn button are conveniently located on top of wheel.

NEW FOUR-WHEEL BRAKES

The brakes on the new Ford car are an exclusive Ford development. They are of the mechanical, internal expanding-shoe type and are self-centering. This is the most reliable and the simplest type of four-wheel brake and the easiest to adjust. All adjustments are made from the outside without removing any parts. No special tools are needed. Uniform, correct adjustment on each

wheel is quickly and easily obtained. The brake pedal and the hand lever each operate all four brakes. Total braking surface is 168 square inches. All brake working parts are cadmium plated to make them rust-proof.

MULTIPLE DRY-DISC CLUTCH

The clutch in the new Ford is of the multiple dry-disc type, which is the most reliable. It is also the easiest to operate, for it takes hold gently and smoothly. It has four driving discs and five driven discs.

COMFORTABLE TRANSVERSE SPRINGS

The springs are of the transverse, semi-elliptic type, designed and built for the new Ford. This type, which was used in the Model T, was adapted to the new car because no better spring type could be found. They are built of the finest spring steel, and the leaves are wide and thin. Each spring is built up of varying sizes and number of leaves to give proper flexibility and to meet riding requirements of the different body types. The size and number of leaves used in these springs is one of the reasons why the new Ford is such a comfortable car. The construction of the transverse springs also contributes to the safety and efficiency of the 4-wheel brakes.

HYDRAULIC SHOCK ABSORBERS

The finest type hydraulic shock absorbers are standard equipment on the new Ford. These combine with the low center of gravity, the minimum unsprung weight, and the easy riding qualities of the transverse springs to make the new Ford one of the most comfortable cars on the road today.

THREE-QUARTERS-FLOATING REAR AXLE

The rear axle of the new Ford is of the three-quarters-floating type. The axle housings are made entirely of steel, built up by welding steel forgings to steel tubing. The differential housing, to which these housings are bolted, is made of rolled channel steel. The axle shafts carry none of the weight of the car, the wheels running on roller bearings on the housing. All bearings in the rear axle are of the roller type. Drive is by spiral bevel gear.

FORD-DESIGNED STEEL-SPOKE WHEELS

Original design and great strength are two features that mark the unique, Ford-designed steel-spoke wheels. Each wheel is assembled by welding, and becomes one piece of metal. Spokes cannot work loose. Each spoke has a tensile strength of 4000 pounds. Outside spokes do not cross, so that the wheels are easy to clean. There are only 30 spokes in each wheel.

BEAUTIFUL NEW LOW BODY LINES

There is a bit of the European touch in the coachwork and contour of the new Ford. Bodies are steel. Fenders are of the full crown type. Appointments and hardware are of a luxurious type seldom found in a low-price car. Upholstery is of rich, durable material. Cushions are deep and easy. Door handles and window lifts are fully nickle-plated. Speedometer, gasoline gauge, ammeter and ignition lock are mounted on an instrument panel of satin-finish nickel, illuminated by a lamp in center. Headlamps and radiator shell are fully nickle-plated. Closed cars have the new military-type sun visor and crown roof. Great care has been taken in designing the new Ford to provide generous seat space and ample leg room. Clear, unobstructed vision is assured at front by unusually narrow pillars and at sides by specially designed doors with large windows.

CHOICE OF FOUR COLORS

The color combinations used on the new Ford are especially artistic and attractive. Four color choices are offered for each body type—a most unusual feature in a low-price car. Purchasers may choose any one of the following colors—Niagara Blue, Arabian Sand, Dawn Gray, and Gun Metal Blue. Belt and reveals are finished in contrasting colors, with attractive striping. The finish is pyroxylin lacquer, one of the finest and most enduring finishes for automobile bodies. It is not affected by heat or cold, withstands all kinds of weather conditions, and is not easily marred or scratched. The lustre actually improves with washing.

A QUIET CAR

In designing the new Ford, every precaution was taken to prevent squeaks, rattles and drumming sounds. Body panels and frame sections are welded and riveted together wherever there is possibility of body weaving. In all structural details the new Ford bodies are built to afford the utmost quietness and comfort.

GREASE GUN LUBRICATION

The chassis of the new Ford is lubricated by the pressure grease gun system, the simplest and most effective method of lubrication.

Representatives of France and U. S. Join in Celebration at Georgetown.

Georgetown, S. C., Nov. 30.—(AP)—Representatives of the French government and of the United States joined today with South Carolina and Georgetown in paying tribute to the memory of the Marquis de Lafayette who came across the Atlantic 150 years ago to assist the American colonists in their war for freedom.

History relates that Lafayette first put foot on American soil at North Island in Georgetown harbor. The unveiling today of a tablet here to commemorate that event is the culmination of preparations that have been going on for several months, with the Daughters of the American Revolution taking a leading part.

The tri-color of France and the Stars and Stripes waved together over this historic town today as visitors gathered from the surrounding country to render homage to the gallant young Frenchman who played such an important role in the events preceding the birth of this nation.

The honor of drawing aside the drapery hiding the bronze plaque was reserved for two little girls of French descent, Carolina Bull and Margaret Siau. Brigadier General Frank Parker, U. S. A., Rear Admiral Newton A. McCully, U. S. N., and a representative of the French embassy were listed as the principal speakers. Presentation of General Parker, a native of this country, was delegated to Thomas R. Waring, Charleston editor, while introduction of Admiral McCully was assigned to Dr. Olin Sawyer, of Georgetown. The stirring strains of the Marseillaise and the majestic and inspiring bars of the Star Spangled Banner interspersed the addresses on the program.

A parade in which sailors from two destroyers sent here by the navy department, marines from Parris Island, local national guardsmen and others were given places, preceded the formal unveiling ceremony.

BELIEVE ASSAILANT OF GIRL IS INSANE

Raleigh, Nov. 30.—(AP)—Actions of Cecil Ray, 20-year old farm hand charged with criminal assault on the eight-year old daughter of his employer, have led jail authorities here to believe him insane, they said yesterday. Ray is scheduled to appear for trial in superior court this week but officers indicated he probably would be committed to the State Hospital for the Insane.

Night Life
In a remarkable article on how the New York after-club speak-easy works, THE NEW YORK WORLD in the Magazine Section next Sunday bare a new peculiar form of parasitic life (or rather early-morning) life. It feeds and fattens on our old friend, the out-of-towner. "I'll take you to a good place, good drinks and plenty of girls" whispers the steerer and the victim is taken. Visitors looking for thrills in New York had better read this article in NEXT SUNDAY'S WORLD.

\$100,000 Greenville Graded School District, North Carolina School Building Bonds.

Sealed bids addressed to the undersigned will be received until 7:30 o'clock, p. m., December 13, 1927, at the office of the Supt. of Schools in the town of Greenville, N. C., by the Board of Trustees of Greenville Graded School District for the purchase of \$100,000 School Building Bonds issued by and in the name of said District dated January 1, 1928, maturing annually January 1 \$3,000 1931 to 1936; \$4,000 1937 to 1943; \$5,000 1944 to 1949 and \$6,000 1950 to 1953, all inclusive, without option of prior payment, unlimited tax. Denomination \$1,000; coupon bonds, registrable as to principal; principal and interest (J and J) payable in gold in New York; delivery on or about January 5, 1928, at place of purchase's choice. Bonds will be awarded on the highest bid, not less than par and accrued interest, for the lowest rate bid upon, either 5 per cent or 4 3/4 per cent.

Preparation and certification of bonds by U. S. Mortgage & Trust Company, New York City. Approving opinion of Chester B. Masullo, Esq., will be furnished the purchaser. Bids must be on a form which, with additional information, will be furnished by said Trust Company or the undersigned, and must be enclosed in a sealed envelope marked "Proposal for Bonds" and must be accompanied by a certified check (or cash) payable to the order of the Treasurer of the Greenville Graded School District upon an incorporated bank or trust company for \$2,000 to secure the District against any loss resulting from the failure of the bidder to comply with the terms of his bid. On delivery of the bonds the purchaser will be credited with interest on this deposit at the rate borne by the bonds. The right to reject all bids is reserved.

J. H. Rose, Secretary of Board of Trustees

Chicago Firms Face Trial For Liquor Violation

Indianapolis, Nov. 30.—(AP)—Grape juice turned to wine was the basis of a liquor law violation charge on which officials of two Chicago concerns faced trial in federal district court today.

The defendants were Elmer F. Neibuhr, president of the United Vineyards Association, Carl A. Futter, president of the California Vineyards Company, Lester Hynes, a salesman for both companies, all of Chicago, and J. R. Grable, district sales manager of the United Company at Fort Wayne, Ind.

The United Vineyards Association, a subsidiary of the California Company, sold grape juice with directions for fermentation so as to produce wine. George L. Winkler, deputy prohibition administrator for Indiana, said the association advertised various wines could be made, depending on the kind of juice purchased.

An attache of Winkler's office bought five gallons of the syrup which after directions had been followed, developed into wine with 12.85 per cent of alcohol at the end of twenty-five days.

When arrested October 6, the three Chicago men said they "wanted to go into court to prove that they had not violated the liquor laws."

Cardinal Bonzano Buried at Rome

Rome, Nov. 30.—(AP)—Amid solemn scenes the funeral of Cardinal Bonzano, once apostolic delegate to Washington, took place today in the Church of the Sacred Heart. The church was draped in black with gold-fringed hanging. The high catafalque was surmounted by the cardinal's insignia and surrounded by tall lighted candles.

The funeral should have occurred yesterday but it was postponed because of sacred rites, which had already been fixed for that day and which many cardinal attend.

The ceremony began its climax when the Monarch, the Sacred Councillor, dean of the Sacred College, somewhat bent but firm and vigorous, advanced to the catafalque giving absolution.

To Investigate Rubber Growing In This Country

Fort Myers, Fla., Nov. 30.—(AP)—Further research into America's rubber growing possibilities is planned by Thomas A. Edison, who will bring a crew of ten chemists and laborers to work here early in January, when he arrives, for his custom ary visit.

W. A. Benney, superintendent of the Edison Botanic Research Laboratories, at East Orange, N. J., made this announcement on his arrival here yesterday and stated that equipment is now en route here to be set up on the laboratory used by Mr. Edison in his work on the "incandescence lamp," phonograph and other epoch-making inventions.

It is stated that Mr. Edison plans to come to Florida earlier than usual this year and remain for five months instead of his usual three. His recent experiments tending toward ultimate provision of an American supply of rubber have attracted widespread attention and have been conducted mainly at his winter estate here.

FATALLY INJURED WHEN ELEVATOR FALLS

Winston-Salem, Nov. 30.—(AP)—A defective elevator which fell while he was working on it, fatally injured Walter W. Dean, employee of a local furniture plant, here yesterday. He died on the way to a hospital.

Dean was working alone on the elevator, fellow workers said. They were attracted by the noise of the fall and Dean's screams. The cable did not break, officials of the company said, and they were unable to account for the accident.

Mine Manager Is Kidnapped By Mexicans

Mexico City, Nov. 30.—(AP)—An American H. W. Thompson, manager of a mine at Copala, state of Guerrero, has been kidnapped by 20 bandits, dispatches from Mazatlan said today.

The bandits demanded 5,000 pesos (roughly \$2,500), ransom.

Thompson was captured and taken to the mountains after the bandits attacked his home and were refused money and arms. They threatened to kill him if the authorities were notified before the ransom was paid.

One of Thompson's employees notified headquarters in Mazatlan, state of Sinaloa. The employee was instructed to send a messenger to

pay the ransom and obtain his employee's release.

The military commander, General Leopoldo Rizo, ordered that the bandits be pursued immediately and that Thompson be rescued.

AMERICA CANNOT CO-OPERATE WITH SECURITY COMMITTEE

Geneva, Nov. 30.—(AP)—The United States cannot co-operate in the labors of the special security committee, Hugh R. Wilson, American delegate to the preparatory disarmament commission, told the commission today.

Mr. Wilson, however, added that when the security committee submits its recommendations to the preparatory commission, the United States will be glad to take these recommendations under careful consideration.

SIX SENTENCED IN LIQUOR CONSPIRACY CASE

Indianapolis, Ind., Nov. 30.—(AP)—Six of twenty-two defendants found guilty in the Tony Ferracane liquor conspiracy case in federal court were sentenced today from fifteen months to two years in Leavenworth penitentiary by Judge Robert C. Baltzell.

Ferracane, after being rebuked by the judge for having sold liquor while on a temporary parole prior to serving another federal sentence, was fined \$5,000 and sentenced to two years. Judge Baltzell set Ferracane's appeal bond at \$25,000. His home is in Indianapolis.

Steve Salandrino of Louisville was fined \$2,500 and sentenced to two years. Appeal bond was set at \$15,000. Leo Stable of Louisville received the same penalty as Calandrino.

Charles Gay and Les Feldhaus, both of Louisville, were each fined \$500 and sentenced to 15 months.

The sixth defendant, Sam Camazolo, Calumet City, Ill., was sentenced to 15 months. The other 16 defendants found guilty by a jury last night will be sentenced Saturday along with more than a dozen other defendants who previously entered pleas of guilty.

TAKE CHEMICAL ANALYSIS OF DEAD GIRL'S VISCERA

Raleigh, Nov. 30.—(AP)—The chemical analysis of the viscera of Lydia Case, Henderson county girl who died under suspicious circumstances recently, has been forwarded to the Henderson county health office by state officials, it was announced here last night.

Results of the analysis will have to be made public in Henderson county rather than in the office of the state chemist, it was said.

Notice of Dissolution of Partnership

Under the provisions of the will of the late J. L. Fountain, Theodore K. Fountain was appointed trustee of his estate for the purpose of carrying on his interest in the firm of Fountain & Co., a partnership, located and doing business in the town of Fountain, Pitt County, North Carolina, until the first day of January, 1928.

Under the provisions of the above mentioned will, notice is hereby served on whom it may concern, that the partnership of J. L. and R. A. Fountain, trading as Fountain & Co., Pitt County, North Carolina, will dissolve on the last day of December, 1927.

Market Report Cotton--Stocks--Grain

COTTON

New York, Nov. 30.—(AP)—An early advance in the cotton market today, promoted by relatively firm Liverpool cables, was followed by reactions under renewed southern selling and liquidation. Trading was very quiet. Mid-afternoon prices showed a tendency to steady as they approached yesterday's closing quotations. Trade buying and covering was reported around, or just below the 19 cent level for January.

Prices closed steady 11 to 22 points higher. Spot steady; middling 19.50.

Table with columns: Open, High, Low, Close, P. Close. Rows for Jan, Mar, May, July, Dec.

GRAIN

Chicago, Nov. 30.—(AP)—Wheat prices averaged lower most of the time today but rallies were frequent, based on suggestions that world import needs this season will be the largest on record. A leading British authority issued a forecast that European import requirements are to be 36,000,000 bushels in excess of last year. Deliveries of wheat in Chicago tomorrow are expected to total 1,900,000 to 2,500,000 bushels.

Wheat closed steady at exactly the same as yesterday's finish, corn 1-2 to 1c lower, oats unchanged to 1c down and provisions varying from 15c to decline to a rise of 2 cents.

Table with columns: High, Low, Close. Rows for Dec, Mar, May.

Earth Shocks in Rome. Rome, Nov. 30.—(AP)—Violent earth shocks were felt in central Italy between four and five o'clock this morning.

The shock at Citta di Castello lasted for seven seconds, terrifying the townspeople but no damage was reported.

At Pietralunga two floors of a building caved in. A second shock about six o'clock was felt at Caterna while two shocks at short intervals were reported at Fabriano preceded by earth rumblings.

Santiago Chile, Nov. 30.—(AP)—A strong and prolonged earthquake was felt at noon today at Ovalle. Houses were rocked but no casualties were reported. A subterranean rumbling was heard at Coquimbo at about the same time.

R. D. HARRINGTON BUYS GATES HARDEE BUILDING. R. D. Harrington today purchased the Gates and Hardee building on Dickinson avenue, which is occupied by the Chero-Cola Bottling works and Rainbow Cleaners. It was stated that the property brought over \$300 a front foot. The deal was made through H. A. White and Sons.

Auction Sale of Farm Lands. Under and by virtue of an agreement by and between the heirs at law of the late Martha Thigpen, deceased, the undersigned will offer at public sale at the court house door in Greenville, N. C., at about the hour of noon, on Monday, the 19th day of December, 1927, the following described tract of land, to-wit:

Lying and being in the county of Pitt, State of North Carolina in Belvoir township, containing about seventy (70) acres, and being bounded by the lands of A. L. Thigpen on the west; R. N. Simmons on the east; J. A. Cobb on the north; and the run of Conecote Creek on the south, and being the second tract of land conveyed to Martha Thigpen by deed recorded in Book H-5, page 152 of the public registry of Pitt county, saving and excepting about twenty acres of said tract which has already been conveyed to J. F. Thigpen.

The bidder will be required to deposit ten per cent of the price offered as evidence of good faith. If the bid is not raised ten per cent within ten days from the date of sale, deed will be made to the purchaser.

This the 14th day of November, 1927. J. J. Thigpen, Agent, for heirs at law of Martha Thigpen Nov. 17-19-27.

L. C. Worthington, Adm. of John H. Smith Nov. 8-19-27.

STOCK MARKET

New York, Nov. 30.—(AP)—Violent bidding for special stocks sent more than a score issues to new high records in today's stock market, with gains running from 1 to 7 points. So great was the volume of trading, however, that the ticker fell 22 minutes behind the market by early afternoon, causing widespread confusion in brokerage houses and bringing about considerable liquidation, with resultant irregularity in prices. Trading averaged more than 500,000 shares an hour in the first three hours.

Weekly steel trade reviews reported consumption as steady, with general expectation of a rising sense of activity next month. Another advance in the price of export copper helped, the non-ferrous metal shares. Nevada and Cerro de Pasco reaching new high ground.

Heavy selling of Pan American B and American Republics, each of which broke 4 points, brought about sympathetic selling of the other oils.

General Motors and U. S. Steel common were sluggish most of the session. Radio touched a new high just under \$100 a share and then sagged, a few points on realizing.

Money was in fairly plentiful supply at the renewal figure of 4 per cent. The closing was strong: Total sales approximated 2,800,000 shares.

Table with columns: Am C & Dye, Am Can, Am Car & Fdy, Am Loco, Am Sm & Ref, Am Sugar, Am T & T, Am Tob, Am Wat Kls, Am Wool, Anconda, Atchison, A C L, Atl Ref, Bald Loco, B & O, Barnsdale, Beth Stl, Calif Pet, Can Pac, C De Pasco, C O, Com M Slip Pfd, C & N West, C R I & Pac, Coca Cola, Col Fuel, Col G & El, C Oms, C O Prod, Cble SU, Dgdg, Du Pont, Erie, Frpt Tex, Gen Elec, Gen Mtrs, Gen Ry, Gtn Ir Ora, Gtn Wpn, Hud Mtrs, I C, Int C Eng, I M M, I Nick, I Paper, I T & T, K C Sou, Kretz, Lehi, Am Bk & Fdy, Gab Snub, Leg & Meyers, P Lorillard, Goodrich, L & N, Mc Trk, Mile Oil, M K & Tex, Mo Pac, Mtg Wd, Nash Mtrs, N Y C, N Y NH & Hldg, Ndk & Wst, Nor Amer, Nor Pac, Packard, Panam, Pmt Pam Las, Penna, So Dairies, Sou Pac, Sou Ry, St Oil, St Oil, St Oil, Stbkkr, Tx Corp, Tx Gulf Sul, Tx & Pac, Tx Pac Ld, Tkn Rll Brg.

Taylor, will take notice that an action entitled as above has been brought against him in the Superior Court of Pitt County for an absolute divorce upon the grounds of adultery, and the defendant will further take notice that he is required to be and appear before J. F. Harrington, Clerk of the Superior Court of Pitt County, North Carolina, at his office in Greenville on the 20th day of December 1927, or within twenty days thereafter, and answer the complaint which has been filed in the office of the Clerk of the Superior Court of Pitt County or the plaintiff in the relief therein asked. J. F. Harrington, Clerk. Superior Court Pitt County. Nov. 22-19-4wk.

Notice of Sale. By virtue of an order of the Superior Court of Pitt County the undersigned administrator of J. J. Gray, deceased, will at 10 o'clock a. m. at the home place of the said J. J. Gray, in Carolina Township, Pitt County, offer for sale to the highest bidder for cash on Wednesday, the 14th day of December 1927, all of the personal property of said estate of J. J. Gray, deceased, consisting of farming implements. One wagon, twenty barrels of corn, three mules, one horse, household and kitchen furniture and utensils, a complete inventory of which is on file in the office of the Clerk of Pitt Superior Court. This the 14th day of November, 1927. John I. Gray, Administrator of J. J. Gray, deceased. Nov. 19-19-4wk.

Public Land Sale. Under and by virtue of authority contained in that deed of trust executed on June 1st, 1925, recorded in book V-15, page 456 of Pitt County registry, from R. H. Cozzins unmarried, to W. A. Darden, trustee, default having been made therein, the undersigned trustee will on Tuesday, the 27th day of December, 1927, at 12 o'clock noon before the court house door in Greenville, N. C., sell at public sale to the highest bidder for cash, the following described lands: Being in Belvoir township and beginning at a corner in the county road in the east corner of lot No. 4, thence with the county road N. 9-10 W. 144 feet; thence N. 5-30 east 343 ft.; thence N. 16-10 E. 412 ft.; thence N. 1 W. 215 feet to a corner; thence N. 29-30 east 700 ft.; thence N. 30-25 East 700 ft. to a stake; thence S. 30 W. 140 ft. to a stake; thence S. 30 W. 147 ft. with said county road to a corner stake; thence S. 15 W. 1748 ft. to a corner stake on path; thence S. 11-20 W. 757 ft. to a corner in lot No. 3 on the north side line; thence S. 74-15 east to a corner stake; thence S. 87-30 east 800 ft. to the beginning and containing 85.20 acres more or less. This land will be sold subject to a Federal Farm Loan covering the above and another tract, full description will be given at sale. This Nov. 24th, 1927. W. A. Darden, Trustee. Nov. 26-19-4wk.

NOTICE OF MORTGAGE SALE OF REAL ESTATE

Under and by virtue of authority contained in that certain mortgage executed by Martha McLawhorn, George Jackson and wife, Laura L. Jackson, dated January 2, 1920 and recorded in Book 1-16 at page 186 in the office of the Register of Deeds of Edgecombe County, said mortgage having been executed and delivered to secure the payment of certain notes of \$2000 thereon, and default having been made in the payment of said notes, the undersigned mortgagee will on December 29, 1927 at the court house door in Winterville, North Carolina, at 12 o'clock noon, expose to public sale to the highest bidder for cash the following described tracts or parcels of land, lying and being in Edgecombe County: FIRST TRACT: That certain parcel of tract of land described in Book 218 at page 25, described as follows: Situate in Edgecombe County in Township No. 3, being Farm No. 3 containing 59 and 75-100 acres more or less, appearing in the Register of Deeds office of Edgecombe County in Map Book 1 at page 112. Refer to plat hereinafter, known as a part of the Mountain lands, beginning at a stake in the center of the Tarboro and Oak City road; thence N. W. 81 degrees 25'00" and ten feet at a stake in the center of the road; thence N. 20 degrees 30' E. along the line of Mrs. H. B. Dawson 600 feet; thence N. 240° E. 840 feet to a corner; thence S. E. 62 degrees 20' 28"00" feet to a stake in the center of the Oak City road; thence along the said road W. 586 feet to the beginning.

SECOND TRACT: Situate in Edgecombe County appearing in Book 192 at page 474 and in Map Book for said County in Book 1 at page 84, described as follows: Being farms Nos. 5, 6, 13, and 19 as shown by map of the M. T. Whitehurst farm, containing 81 and 90-100 acres more or less. This the 29th day of November, 1927. J. J. Carson and wife, Sallie Carson and L. J. Whitehurst and wife, Jennie Whitehurst, Mortgagees. Wm. J. Bundy, Nov. 20-19-4wk.

Notice of Publication of Summons North Carolina—Pitt County. In the Superior Court Annie B. Taylor vs. R. M. Taylor. The defendant, R. M. Taylor, will take notice that an action entitled as above has been brought against him in the Superior Court of Pitt County for an absolute divorce upon the grounds of adultery, and the defendant will further take notice that he is required to be and appear before J. F. Harrington, Clerk of the Superior Court of Pitt County, North Carolina, at his office in Greenville on the 20th day of December 1927, or within twenty days thereafter, and answer the complaint which has been filed in the office of the Clerk of the Superior Court of Pitt County or the plaintiff in the relief therein asked. J. F. Harrington, Clerk. Superior Court Pitt County. Nov. 22-19-4wk.

Notice of Sale. By virtue of an order of the Superior Court of Pitt County the undersigned administrator of J. J. Gray, deceased, will at 10 o'clock a. m. at the home place of the said J. J. Gray, in Carolina Township, Pitt County, offer for sale to the highest bidder for cash on Wednesday, the 14th day of December 1927, all of the personal property of said estate of J. J. Gray, deceased, consisting of farming implements. One wagon, twenty barrels of corn, three mules, one horse, household and kitchen furniture and utensils, a complete inventory of which is on file in the office of the Clerk of Pitt Superior Court. This the 14th day of November, 1927. John I. Gray, Administrator of J. J. Gray, deceased. Nov. 19-19-4wk.

Public Land Sale. Under and by virtue of authority contained in that deed of trust executed on June 1st, 1925, recorded in book V-15, page 456 of Pitt County registry, from R. H. Cozzins unmarried, to W. A. Darden, trustee, default having been made therein, the undersigned trustee will on Tuesday, the 27th day of December, 1927, at 12 o'clock noon before the court house door in Greenville, N. C., sell at public sale to the highest bidder for cash, the following described lands: Being in Belvoir township and beginning at a corner in the county road in the east corner of lot No. 4, thence with the county road N. 9-10 W. 144 feet; thence N. 5-30 east 343 ft.; thence N. 16-10 E. 412 ft.; thence N. 1 W. 215 feet to a corner; thence N. 29-30 east 700 ft.; thence N. 30-25 East 700 ft. to a stake; thence S. 30 W. 140 ft. to a stake; thence S. 30 W. 147 ft. with said county road to a corner stake; thence S. 15 W. 1748 ft. to a corner stake on path; thence S. 11-20 W. 757 ft. to a corner in lot No. 3 on the north side line; thence S. 74-15 east to a corner stake; thence S. 87-30 east 800 ft. to the beginning and containing 85.20 acres more or less. This land will be sold subject to a Federal Farm Loan covering the above and another tract, full description will be given at sale. This Nov. 24th, 1927. W. A. Darden, Trustee. Nov. 26-19-4wk.

Notice to Creditors

Having this day qualified as administrator of the estate of the late Rosetta Blow of Beaver Dam township, Pitt County, this is to notify all persons having claims against said estate to present them to the undersigned within twelve months from this date or this notice will be pleaded in bar of their recovery. All persons indebted to said estate will please make immediate payment. This the 17th day of November, 1927. Verna Whitchard Andrews, Executrix of the estate of the late Ashley Whitchard, deceased. Kinston, N. C. Nov. 18-19-27-4wk.

Notice of Sale. Under and by virtue of the power of sale contained in that certain deed of trust, executed by John Short and wife, Elizabeth Short, on March 14, 1927, to M. K. Blount, Trustee, of record in the office of the Register of Deeds of Pitt County, in Book X-16, page 116, the undersigned Trustee on account of default being made in the payment of the indebtedness therein described, will offer for sale to the highest bidder for cash, before the courthouse door in the town of Greenville, N. C., on December 23rd, 1927, at 12:00 o'clock noon, the following described land: Lot No. 5, cleared land and wood land, beginning at a stake on the south side of the Greenville-Washington road at the northeast corner of Lot No. 4, cleared land; thence with the east line of said Lot 4, cleared land, S. 24-10 E. 2189 ft., to a stake on the south edge of field, the southeast corner of Lot 4, cleared land; thence with the south lines of Lot No. 4, 3 and 2, cleared land W. 75-48 W. 281 ft.; E. 72-45 W. 50 ft.; S. 84-50 W. 238 ft.; W. 89-25 W. 75 ft., to a stake, in the north line of said Lot 2, cleared land at the northeast corner of lot 4, woodland; thence with the east line of said Lot 4, woodland, S. 24 W. 1578 feet to a stake on the Run of Eason Run, centered by two trees at the southeast corner at said Lot 4, woodland; thence down the run of said Eason Run N. 77-50 E. 912

feet to a stake on said Eason Run centered by two trees at the southwest corner of Lot 6, woodland; thence with the west line of said Lot 6, woodland, N. 24 E. 1320 feet to a stake on the south edge of field, another corner of Lot 6, woodland; thence with the line of Lot 6, S. 80-50 E. 23 feet to a stake another corner of said Lot 6; thence with the West line of said Lot 6, N. 29 E. 2060 feet to a stake on the south side of the Greenville-Washington Road, at the northwest corner of Lot 6, cleared land; thence with said Road N. 58-20 W. 400 feet; N. 66-45 W. 126 feet to the beginning. Containing 47.71 acres of land of which 21.71 acres is cleared land. This the 22nd day of November, 1927. M. K. Blount, Trustee. Blount & James, Attys. Nov. 23-19-4wk.

Administrator's Notice. Having qualified as Administrator of the estate of Mrs. Nancy Hardee, deceased, late of Pitt County, N. C., this is to notify all persons having claims against the said estate to exhibit them to the undersigned on or before the 18th day of November, 1928, or this notice will be pleaded in bar of their recovery. All persons indebted to said estate will please make immediate payment. This the 17th day of November, 1927. P. A. Eiks, Administrator of Estate of Mrs. Nancy Hardee. Nov. 18-19-4wk.

HEAVY DOCKET GETS HEARING COUNTY COURT

Violations of Prohibition Laws Featured Session Yesterday and Today.

Arthur Higgs, colored, charged with selling whiskey, was sentenced to six months on the county roads by Judge W. A. Darden, presiding over the regular weekly session of County court here yesterday. The docket yesterday was one of the heaviest in several weeks and necessitated the holding of court for about an hour this morning. The majority of cases consisted of violations of prohibition laws and carrying of concealed weapons.

Deck Wilson, colored, appearing on two separate charges of selling whiskey and carrying a concealed weapon, paid \$10 and costs of action in both cases.

Judgment was suspended for a period of two years in the case of Roland Sherman, colored, charged with being drunk and disorderly, providing he should be of good behavior.

Theodore Brown, colored, paid \$50 and cost on a charge of carrying a concealed weapon.

Jasper Whitehurst, colored, transporting liquor, had judgment suspended for two years upon good behavior.

Willie Spaight, colored, drew four months on the county roads for possession of liquor. He was charged with having whiskey for sale.

Charlie Artis, colored, appealed to Superior court under bond of \$100 following a sixty day sentence to the county roads on a charge of possessing whiskey for sale.

Henry Thiipen, colored, was fined \$100 and cost and had his license revoked for 90 days for driving an automobile while drunk.

Jack Johnson, charged with cohabiting with Emily Brinkley, was sentenced to twelve months on the county roads. He appealed to Superior court under bond of \$500. The case against the woman was not pressed.

Charged with transporting whiskey, Charlie Furrill paid a fine of \$50 and costs.

Dallas Franks, charged with removing a crook, was ordered to pay G. A. Clark \$20 and cost. He appealed to Superior court, bond being fixed at \$100.

Prayer for judgment was continued for a period of two years in the case of J. O. Manning, charged with assault on a female.

Robert Clark, colored, was sentenced to three months on the roads for buying whiskey.

Character Cast Of "Blue Bird" Is of Interest

The cast of characters of Maeterlinck's Blue Bird, the Senior play to be presented in the college two evenings this week, Thursday and Friday, is of great interest to both college and townspeople because of the fact that many names will be recognized as those of girls well known locally or as leaders in college affairs. A Greenville girl and a girl who has lived out in town during the school year are the little brother and sister who are the leading characters, those who go in search of the "Blue Bird" Miss Inez Vandvik is Tytyl, the little boy, and Miss Rosina Pittman Mytly, the little girl.

Leaders in all college activities are in the cast. Miss Annie Batts, president of the Student Government Association, is playing the difficult role of three people, witch, fairy, and sorceress. Miss Ethel Smith, president of the Senior class, is Laddy Ty, father of Mytly and Tytyl. Miss Mary Hocutt, editor in chief of the Tecoco, is Granny Ty, the children's dead grandmother. Miss Sarah Gurley, president of the Athletic Association, is Gaffer Ty, grandfather of the children. Miss De'via Smith, business manager of the Tecoco, takes the part of Broad. Miss Besie Willis, director-in-chief of the Tecoco, is one of the members of the House of Happiness. Misses Catherine Clark and Vera Wester, Presidents of the Lanier and Poe Societies, are joys of the Home.

Under the careful coaching of Miss Knott, the girls are losing their identities as leaders on the campus and are assuming the role of actresses taking the parts of Fairies, Witches and Persons.

Theodore Brown, colored, paid \$50 and cost on a charge of carrying a concealed weapon.

Henry Ford To Open School At Sudbury, Mass

Sudbury, Mass., Nov. 30.—(AP)—A free trade school where boys will be taught, among other things, how to make bread is to open here early next year under the patronage of Henry Ford.

Mr. Ford, who is here has indulged his interest in colonial relics and reproductions, said the project would be modeled on his vocational school at Detroit.

Instead of the 200 boys accommodated there, however, the Sudbury Institution will care for about 30 but instead of being a day school it is planned to board the students who will be recruited largely from the neighborhood.

Mr. Ford plans to fix no definite term of years for the pupils.

"It will be merely a question of how long it will take them to learn all they can here," he said. "Then they will be through with the school."

While the curriculum will offer courses in farming, hotel and dairy management, baking, buying and selling, and various vocational courses, it will also lay considerable stress on academic matters.

Mr. Ford believes that one of the main things necessary for intelligent living is a well rounded education with particular emphasis on a good foundation in English literature.

The prospective students will be between 14 and 20 years of age. While no tuition is to be charged the boys will "earn their way" and may even be able to set aside something for themselves while studying.

The farming, for instance, will be learned through practical experience in raising crops for the inn and the school. Dairy management will be cultivated in the spacious barns and fields of the estate.

Wilmington, Nov. 30.—(AP)—Reports of forest fires threatening some of the states best timber lands are greatly exaggerated. Sheriff J. O. Ammons, of Whiteville, reported last night in telephone messages here.

"There is no cause for alarm in this section over the forest fire menace at this time," the sheriff said. Several fires are burning in Columbia county, he said, but these are not thought to be menaces.

Old age is the night of life. "Work, for the night is coming, then man's work is done," says the old hymn. For those that have not saved, age is a dreary night.

Russia has warned Poland to let Lithuania alone. Germany is supposed to have framed the warning for Russia. Germany would like to get back her territory that Versailles gave to Poland.

Lithuania's army swears to die rather than see Lithuania lose her freedom. Poland assures Britain that she will not interfere with Lithuania.

Russia will attend a Geneva party, which recalls the scene in Job, "When the sons of God came to present themselves before the Lord, and Satan came also among them."

Russia will demand immediate reduction of land and sea forces. But Lithuanian news, and news from farther south, would indicate bigger armies in Europe, rather than the disarmament.

At last comes the new Ford car, and information signed "Henry Ford" it will be shown next Friday, with four wheel brakes, fancy colors, if you want them. And Mr. Ford, knowing that this generation demands speed, has given it, sixty-five miles an hour.

This car, like the other Ford, will make huge fortunes for Ford and create as the first Ford did, a greater demand for bigger, costlier cars. Also, as Mr. Ford has said, his new car will not interfere with the business or prosperity of any concern that makes good automobiles.

In Australia yesterday, workers, unemployed, tried to force their way into the treasury building. The rioting was suppressed. Australia is severe in its immigration limitations, and rioting there by the unemployed reminds American workers that what a country needs is population.

Look us over today.

TODAY (Continued from Page One.)

ery by India's caste system.

John Bull does what he can to help them all, and actually orders his police to shoot starving, dying cattle—while the Hindus mob yell their superstitious fears.

But John Bull will have to answer for one thing at the judgment day. Protecting Hindus from Mohammedans that would gladly massacre them, curbing the exactions, taxing and vices of the Rajahs, and diminishing by millions the number of deaths from plague and famine. Britain has caused India's population to rise from 200,000,000 to 300,000,000. That is a serious responsibility.

Alfred Tucker, bricklayer, out of work, and his wife, both past sixty, were found dead yesterday with the gas turned on. Near the man's body was a bank book marked "account closed." Potter's field and the grave are never closed, so the old couple turned in that direction.

Old age is the night of life. "Work, for the night is coming, then man's work is done," says the old hymn. For those that have not saved, age is a dreary night.
