## SENATE DOORS CLOSE BEFORE FRANK SMITH

### Committee Declares Credentials of Illinois Man Tainted With Corruption.

Washington, Jan. 18.—(AP)—Through rapidly closing senate doors, Senator-elect Frank L. Smith of Illinois, was afforded today a parting glimpse of the seat that he may not occupy because his campaign fund included more than \$200,000 donated by public utilities officials of his state.

His path to the chair already blocked by the senate's refusal to give him the oath of office Smith found the chamber portals swinging against him today propelled by a special slush fund committee's resolution declaring his credentials tainted with "fraud and corruption." Formal adoption of the resolution vacating Smith's seat expected yesterday to complete his exclusion was put off until today by a torrent of oratory that covered no ground but brought out increased agrimony.

The debate waged around a dozen senators who divided largely on the proposition voiced by Senator Deen, Republican, Illinois, that the senate would nullify the constitution by declaring Smith's seat vacant without first seating him and hearing his own defense. Before it was over the old charge of negro disfranchisement in the south was dragged in, to be met by a spirited attack by Senator George, Democrat, Georgia.

Striking directly at Senator Reed, Republican, Pennsylvania, who suggested that southern supporters of the resolution might sometime find themselves defending their own seats because of the negro question, Senator George said there was neither "common sense" nor "common honesty" in trying to "scare" the southerners into "voting for wrong."

"Whatever the south may have done," he said, "she acted in the honest and abiding belief it was necessary for her so to act to preserve her own civilization and do justice to every race within her borders. That is to say the south as men and nations have ever done, she responded always to what she honestly believed to be the supreme law, the law of self-preservation."

The Pennsylvania remarks were directed at Senator Reed, Democrat, Missouri, who led the committee that investigated Smith's campaign expenditures and receipts, and George made his statement when the Missouriian declared he refused to be diverted from the main issue by a reply.

### Banker Begins Long Sentence In Penitentiary

Raleigh, Jan. 18.—(AP)—Regarded at one time as one of the most influential bankers in western North Carolina, Clem G. Wrenn, former president of the Bank of Wilkes, North Wilkesboro, today had had his name changed to a number and was making chair bottoms in the state's prison chair factory.

Wrenn, who pleaded guilty to a number of charges growing out of the failure of the Bank of Wilkes, was found guilty in Wilkes superior court in late December and given a sentence of nine to twelve years in state prison. He was given until January 17 to get his affairs in shape before starting on his term.

In company with two of his partners and deputy sheriff Baumgardner, of Wilkes, the former banker arrived at the prison late yesterday. He gave his age as 44. He was finger-printed, given a cell and assigned as number 21,148.

### Continue Search For Miss Smith

Northampton, Mass., Jan. 18.—(AP)—Acting on orders of Governor Fuller, Brigadier General Alfred F. Foote, Massachusetts commissioner of public safety, was on his way here today to take charge of the scattered agencies prosecuting the search for Miss Francis St. John Smith, missing Smith college freshman.

Governor Fuller's intervention in the case came at the intercession of United States Senator Frederick Hale, of Maine, an old friend of the Smith family.

The governor directed that all the facilities of the state be put to work to clear up the mystery which has only been deepened by the multitude and diversity of clues which have poured in on investigators.

Despite the willingness of many persons to identify the girl as one they had seen under a great variety of circumstances since she dropped out of sight here last Friday morning, little progress had been made.

## TODAY

Battleship and Coach.  
Cannon, Bow and Arrow.  
The First That Flew.  
Of Sample Stocks.

(By Arthur Brisbane)  
Copyright 1927, by Star Co.

President Coolidge sailed into Havana harbor on the battleship Texas, convoyed by six destroyers, their official job being to keep off submarines and torpedo boats. If it had been real war, the president would have gone in a submarine or a flying ship—never in a dangerous floating steel target. The expensive battleship would not have been sent out of its snug harbor and the destroyers would have been busy dodging destruction from the air. Battleships are magnificent impressive, and as obsolete as the gilded six horse coach in which King George rides to open parliament.

Some good news about government flying machines at last. We may eventually realize that the richest nation should develop the only defense really important—fighting airplanes and destructive submarines.

Our government airplanes flew non-stop to Managua. And a real air fighting unit is to "co-operate" with the battle fleet in the Pacific. Two airplane carriers, able to launch 100 airplanes each, will be part of the Pacific fleet. And the navy says it is determined to "maintain supremacy of the air at sea."

The only fighting sea, henceforth, is to be the air. And to talk of airplanes "co-operating" with a battle fleet, is like talking of high-powered cannon co-operating with bows and arrows. If war came, the fliers could have to protest the battleships.

This news from Washington should sink into the national mind. At Panama an obsolete 5,000 ton ship was used for a target. A "prolonged bombardment" was ordered, 6 pursuit planes dropping little 25-pound bombs, supposed to be of value only in bombing troops on the ground. A serious bombardment with heavier bombs was to follow, but when the light pursuit planes

(Continued On Page Six)

## REBELS FLEE FROM ALDINO

### Persistent Bombing of American Marines Causes Evacuation of Sandino Troops.

San Salvador, Salvador, Jan. 18.—(AP)—Advices from the part of La Union on the Honduran border state followers of the Nicaraguan rebel General Sandino have fled into Honduras.

The rebels were routed by American marine detachments at Somotillo recently and tried to escape in a northerly direction. This falling, they crossed into Honduran and fled down the Rio Negro in canoes to the Gulf of Fonseca.

Several of the rebels, some of them wounded, reached Mapala, Honduras, and La Union.

Managua, Nicaragua, Jan. 18.—(AP)—Harassed by three days of persistent and heavy bombing from marine corps planes, rebel outposts today had fled from the San Albino region, marine headquarters announcement was made upon the return of airplane patrols from the region where the marines are massing for a drive against the rebel General Augustino Sandino.

A combat patrol also reported there was no evidence in the Quilich district of rebel activity. It was believed that Sandino's forces had retired to El Chipote, which he made his headquarters after the marines took Quilich.

A company of marines went to Matagalpa to strengthen the garrison there.

The explosion of two bombs is thought to have warned Sandino's followers to leave Jinotega Sunday. It was reported that Sandino left El Chipote stating he would go to Jinotega and that arrival would be announced by the explosion of two bombs. The explosion took place as forecast. When Sandino did not appear it was believed that this was a warning to his cohorts.

With the arrival of Major General John A. Lejeune, commander of the marines, and Brig. General Logan Poland, and with United States ships daily disembarking marines and supplies, airplanes and ammunition at Corinto, Nicaragua is assuming the military appearance which it had last February when more than 4,000 Bluejackets and marines occupied all the important cities of Nicaragua and guarded the national railway.

## MANY LEADERS ARE BANISHED FROM RUSSIA

### Oppositionary Men of All Shades Ordered To Leave Moscow Indefinitely.

(Editor's note: The following dispatch delayed by censorship, is the first direct word from Moscow on the exile of Leon Trotsky, and fellow oppositionists received by the Associated Press. Previous news of the exiling of the opposition leaders has come through Riga and Berlin.)

Moscow, Jan. 14.—(AP)—(Delayed)—All oppositionary leaders, of every shade and character have been ordered to leave Moscow and to proceed to various distant points where they must remain for indefinite periods.

The Saproneff group is classed as extreme "rights" adherents and had been recently declared out and out counter-revolutionaries.

All the opposition with the exception of the incurables were asked to proceed to various points voluntarily and none, according to best available reports, were sent as prisoners unless they refused to go of their free will.

At the points of destination, the exiles will naturally be under the supervision of the political police, the same as ordinary political offenders.

In administering punishment, the oppositionaries were divided in three groups—the incurables, penitents and non-penitents.

Leon Trotsky, former head of the Red army and once outstanding figure in the councils of soviet Russia, Christian Rakovsky, former soviet ambassador to France, and Karl Radek, bolshevist journalist, head the non-penitents, since they abide by their principles. Their punishment is therefore more drastic.

Rakovsky and Radek were sent to Ust-Syolsk, a small town far north in the Kola region bordering on Archangel province.

In fixing a place for Trotsky, difficulties arose on account of his poor health, since he is tubercular. Physicians opposed the original plan to send him to Astrakhan. While the government opposed the physician's suggestion that he be sent to Suchum, Caucasus.

Leon B. Kameneff, once ambassador to Italy, and Gijorgi Zinovieff, formerly head of the communist international, head the penitents, having declared themselves before the Enpre party as erring in their views and tactics. Kameneff has been asked to proceed to Penza, a provincial city in central Russia, and Zinovieff to Volodga. Both have been assigned to jobs in the state education departments and will remain until the central committee sees fit to restore them to their rights.

The incurables, headed by M. Saproneff, former secretary of the central executive committee, received more serious punishment. The Saproneff group were sent to various points in the remotest regions of Siberia.

This group is regarded as chronic oppositionaries, having opposed everything and everybody, even while Lenin was alive advocating the abolition of the communist international, the foreign trade monopoly and kindred measures.

### PLAN EXTRADITION OF ASHES OF LITTLE WOMAN

Asheville, Jan. 18.—(AP)—Extradition of Mrs. Margaret M. Bryant form Philadelphia to answer charges of kidnaping her two small daughters here last November 30 was sought by the Buncombe county authorities, the solicitor's office announced today.

A deputy prepared to leave for Raleigh today with papers which Governor McLean will be asked to approve.

### PLANE LOST BETWEEN DAYTONA AND NEW YORK

New York, Jan. 18.—(AP)—A bi-plane carrying news ree-films of President Coolidge speaking in Havana and piloted by Ted Moseley was reported missing today and an appeal was made to the Army air service at Washington to institute a search.

The plane, occupied by Moseley and a mechanic whose name was not known here, left Daytona, Fla., at 1 P. M. Monday on a non-stop flight to Mitchell Field. It passed Savannah, but was not seen after that. It should have arrived about 4:30 yesterday afternoon.

The News Reel Company had originally engaged Brock and Schlee who recently attempted a round the world flight to fly the films to New York but they were unable to do the work because of other engagements and sent Moseley and the mechanic instead.

The missing plane is a yellow Stinson bi-plane number 3027.

## NATION-WIDE SEARCH UNDER WAY FOR GIRL

Left: The most recent photograph of Frances St. John Smith of New York, Smith College student, who mysteriously disappeared on Friday, January 11. Spurred on by rewards offered by her family, a search is being made for her all over the United States. Center: Policeman posting notice of the reward outside the Smith College grounds at Northampton, Mass. Lower right: Anne S. Morrow, daughter of Dwight Morrow, U. S. ambassador to Mexico, closest friend of the missing girl, who can give no reason for the strange disappearance. (International Newsreel)

## NO CHANGE OF VENUE OPEN TO MURDERER

### Slayer of Little Dorothy Schneider Must Stand Trial at Flint, Mich.

Flint, Mich., Jan. 18.—(AP)—A change of venue cannot be granted Adolph Hotelling, confessed slayer of five year old Dorothy Schneider, if he intends to plead guilty. Judge Fred W. Brennan of the Genesee circuit court said today.

He asserted it is up to the county to protect the prisoner who, in his belief, must make his plea here. Should Hotelling plead not guilty and demand a trial, a change of venue might then probably be sought the judge said.

Flint, Mich., Jan. 18.—(AP)—Efforts of Governor Green to have Adolph Hotelling tried outside Genesee county (Flint) for the slaying of Dorothy Schneider as a precaution against recurrence of mob violence, hit a snag today when circuit Judge Fred W. Brennan came out against the plan.

Judge Brennan, from whom permission to hold the trial elsewhere must be obtained, said he saw no necessity for such a move and that he was opposed to putting the county to the extra expense involved.

Governor Green was indignant when notified of Judge Brennan's stand and declared it would be foolhardy to invite more rioting by the prisoner's presence here. He planned to confer with attorney General W. W. Potter at Lansing today regarding steps to be taken to prevent trial in this county.

If a motion for a change of venue were granted, the executive had planned to have Hotelling brought to trial immediately, either at Lansing or Ionia. An agreement was reached yesterday whereby attorneys for Hotelling would enter a plea of guilty and accept a life imprisonment penalty—the extreme punishment in Michigan. State alienists according to Governor Green, would examine Hotelling later and in event they determined he was of unsound mind, an order for his transfer from prison to state institution for insane would be issued.

### Local Merchants Association Adds Six New Members

As result of membership drive of the Greenville Merchants Association conducted yesterday by special committee composed of C. H. Forbes, J. J. White and Secretary Rowlett six new members were added to the organization. They were The Home Furniture Company, Cherry Furniture Company, Pitt Chevrolet Company, Litchfield Motor Company, Greenville News, Rouse Printery.

Secretary Rowlett said more interest is being manifested by the membership of the Association at this time than ever before, and that the outlook for continued growth and development was never brighter.

Several features connected with organization are proving unusually advantageous to the membership at this time. Among them are the recently established collection department, issuance of the daily bulletin service carry the courthouse records and protection against promiscuous and worthless advertising.

## Nicaraguan Congress Divided Over Coming Presidential Election

Managua, Nicaragua, Jan. 18.—(AP)—The Nicaraguan Congress today was a house divided against itself as to the extent the government should support American supervisors in the forthcoming presidential elections.

The senate passed the electoral bill approved by the American legislation here. The house of deputies, however, refused to pass it in the form approved.

A changed and amended measure was passed by the house at a second reading yesterday. Opponents of Nicaragua, although accepting the supervision of the United States in the coming election, does not approve of the form proposed by the American legislation under the name of the McCoy law, inasmuch as the efficiency of the American supervision is reduced to approval of disapproval of the elections by the United States.

Those opposed to the senate project claimed that some parts of it were unconstitutional. The opponents of the substitute measure offered by the house said that it took the teeth from the senate law by tying the hands of the proposed American electoral dictator.

The project as passed by the senate provided:

A national board of elections shall be named by the president of Nicaragua. The president of the board will be nominated by the United States and the other two members by the conservative and liberal parties. The president of the board shall be a citizen of the United States. The president of Nicaragua will remove the other members of the board upon the recommendation of the president of the national board.

A majority of the board shall constitute a quorum, but one of those present must be the board president. The presence of the president alone shall be enough for a session, provided notice has given the party members. No act shall be valid without the presence of the president.

Emergency measures presented by the board president in a session shall go into effect in 24 hours.

The national board shall examine the votes and present the certification of election to congress.

The board of elections through the president shall be invested with the power to manage the service of the national guard and to issue orders to avoid fraud and intimidation.

The members of the national board by this law shall continue in office until the resolutions of election are proclaimed.

The substitute bill of the house of deputies provided:

The national board of elections shall have as a counselor a citizen of the United States, nominated by the American government and appointed by the Nicaraguan government. Each departmental board shall have an American adviser indicated by the adviser of the board of the department.

The counselor of the national board shall make pertinent suggestions in regard to present laws and if reforms are necessary they shall be submitted to congress.

Neither the national nor departmental boards shall function without the presence of the American counselor and no act shall be valid without his presence.

Each party shall name an alternate or substitute on the national board.

The acts of departmental boards to be valid must be approved by the counselor and signed by him.

The national board with the American adviser shall instruct the departmental and precinct advisers.

Upon the proclamation of the election of the president and vice president the intervention of the American advisers shall cease.

George McGowan, 18-year old son of Mr. and Mrs. A. K. McGowan, died this morning at 11:30 o'clock at his home near Greenville after an illness of pneumonia of less than a week's duration.

He was a young man of sterling qualities and was held in high esteem by a host of friends and relatives. Besides his parents he is survived by four sisters Elba, Frances, Jeanne, and Queenie; and three brothers Kinsey, Thomas and Ford.

The funeral will be conducted tomorrow afternoon at 3:30.

## Tobacco Market To Close Here on January 27

The Greenville Tobacco Market will close for the season January 27th.

This decision was reached at a meeting of the Tobacco Board of Trade this morning at which time farmers were urged to market their offerings as surrily as possible in order that the remainder of the crop may be disposed of by the official closing date.

The local market yesterday sold 72,915 pounds of bring leaf for \$15,119.18 at an average of \$20.77.

It was stated that there was over a hundred thousand pounds of leaf on the floors today. Sales were completed before the noon hour.

## INVESTIGATE ATTEMPT TO POISON FOUR

### Will Hardy, Wife and Two Daughters Recovering After Drink ing Poisoned Coffee

Sheriff's officers today continued to investigate an attempt of an unknown person or persons to wipe out an entire Pitt county family by poisoning, but up to the noon hour today nothing of any definite nature had been brought to light.

Will Hardy, wife and two daughters, who reside on the Washington highway, five miles of this city, compose the family that had the narrow escape from death and were today reported to be slowly recovering from the effects of the poison which had been placed in a pot of coffee by someone while the family was away from home last Sunday afternoon.

After the family had partaken of the coffee at supper the remainder of the contents of the pot was fed to the hogs. Both hogs are said to have died a short time later, and within a few hours after all four members of the Hardy family had been stricken.

The condition of Mr. Hardy was pronounced as critical by attending physicians from this city and it was thought one time he would not survive through Sunday night. Mrs. Hardy and daughters also suffered most excruciating pain, but the fact that they did not consume as much of the coffee as Mr. Hardy was considered largely accountable for their condition not becoming more critical.

Officers this afternoon were unable to throw any light upon case and Mr. Hardy could assign no reason why anyone should attempt to poison them.

## MR. COOLIDGE WELCOMED AT JACKSONVILLE

### Floridians Honor President While Returning From Cuba to Washington.

Jacksonville, Fla., Jan. 18.—(AP)—Fresh from his triumphs in Havana, President Coolidge received a welcome in his own country at Jacksonville today where he made the only formal stop on his return trip to Washington.

Leaving his train with Mrs. Coolidge, Secretary Kellogg and Secretary Wilbur, the President made an hour's automobile tour of the city along streets, lined with crowds cheering and waving American flags in greeting.

Governor Martin of Florida, who had come from Tallahassee for the reception, met Mr. Coolidge as he alighted from his train and introduced a group of city officials.

President Coolidge's Special Train Enroute to Washington, Jan. 18.—(AP)—Leaving mild weather and tropical sunshine behind, President Coolidge forged northward today toward Washington to face the accumulation of work which he forsook to make his journey to Cuba.

With Mrs. Coolidge, Secretary Kellogg, and Secretary Wilbur on board, his special train sped thru lower Florida during the night for Jacksonville to make its only formal stop before noon.

There he had a program mapped out which called for an hour's automobile drive to interesting parts of the city. From Jacksonville, the President was to hit a direct line for Washington with only a few operating stops.

## CUBAN CONFAB SETTLES DOWN FOR BUSINESS

### Pan-American Conference Today Considered Matter of Open Covenants.

Havana, Jan. 18.—(AP)—The pan-American conference settled down to business today, determined upon a policy of "open covenants, openly arrived at."

This agreement precluding secret sessions, set a notable precedent for large international gatherings. The establishment of a rule of public committee meetings and plenary sessions was agreed upon by the chairman of 15 of the 21 delegations yesterday. Observers said that the conference would approve the proposal as there was no reason to believe that the delegations would reverse the action of the chairman.

The great hall recently completed for the occasion at the University of Havana is the scene of the business sessions of the conference. Hanging from the ceiling and above the galleries, a rich red tapestry surrounds the room, except where a coat of arms ensemble intervenes. Figures symbolic of the 21 nations are woven in subdued colors. A tapestry portrait of George Washington is the center of the United States group.

Behind the central platform the colors of all the countries represented have been arranged in a brilliant pattern of narrow vertical hangings against a background of rich yellow silk. Olded coats of arms in base relief head each hanging. A large shield with the Cuban coat of arms occupies the central position. From this all others slope diagonally, with the United States and Argentine emblems on the outer and lower left and right.

The honor of opening the proceedings fell to Dr. Rafael Martinez Ortiz, Cuban secretary of state. Dr. Alejandro Lara, chief Chilean delegate, was chosen to reply to the speech of welcome, as he was the representative of the country where the last pan-American conference was held. Antonio Sanchez de Bustamante, chairman of the Cuban delegation, was on the slate for permanent president.

The proposal for full publicity was made by Honorio Pueyrredon, Argentine ambassador to Washington. It was immediately seconded by Charles Evans Hughes for the United States. This caused some surprise in most Latin-American quarters where the impression prevailed that the United States delegation would oppose such a proposal.

The open committee motion was adopted with the understanding that executive sessions could be held in exceptional cases upon request of committee members.

### Conduct Special Examination For Army Air Corps

Washington, Jan. 18.—(AP)—Examinations in December at Army air corps posts to provide candidates for flying training at Brooks Field, near San Antonio, Texas, and March Field, near Riverside California, failed to produce sufficient qualified candidates for appointment as flying cadets. As a result a "special" examination will be held up to February 15 to fill vacancies for the course to begin in March.

Sixty-five men having two or more years college work, have been designated for examination and other applicants with the same qualifications also will be examined.

### Man Dies From Pistol Wounds

Burlington, Jan. 18.—(AP)—Inquiry into possible motives for a sensational shooting in which O. S. Robertson, of the Mount Hermon section, Alamance county, received a fatal pistol wound through the temple as he stood in front of a theatre here engaged city and county officers today. While Robertson was being hurried to a hospital where he died in a few minutes, George Holmes, who witnesses said, shot Robertson last night as the latter was preparing to enter the theatre and was placed in jail at Graham.

### KNIFE TRICK PROVES COSTLY TO ROYLES

Winston-Salem, Jan. 18.—(AP)—O. E. Boyles, of Stokes county, paid \$235, according to an account he gave officers, to learn something new about knives—namely not to bet on a "trick knife" in another man's hand.

Mr. Boles, a farmer, was not entirely satisfied with the deal and local officers were aiding him today in efforts to locate five men who ran away with \$235 he said he staked with one of them on a wager with the other that a "trick knife" would not open.

# LOCAL HIGH CAGERS WIN THIRD GAME

Greenville high school basketball team won the third game of the season last night at Gorman's warehouse when they took Elizabeth City into camp by the score of 23 to 11. The contest was probably one of the fastest played in the city in years, both teams showing considerable speed and endurance in every department of play.

The end of the first half saw the score standing 19 to 5 in favor of the locals, but a burst of speed by the visitors in the second half resulted in their holding Greenville to nine additional points.

Hicks led in the scoring for the locals with thirteen points. He was followed closely by Bostic with ten points. The dribbling and passing of Bostic was the outstanding feature of the floor work.

For the visitors Mettry, one of the fastest forwards seen on the local floor this season, was the high scorer with six points to his credit. He was followed by Midgett with five points.

The next game will be played Friday night with Scotland Neck at Gorman's warehouse. This will be the first game of the season with the club, and local followers of the game are expecting a contest equally as good if not better than that last night when speed and endurance of the locals enabled them to register the second win of the season.

Coach Porter today urged the public to attend this game in large numbers and help the Highs forge their way to victory. Attendance last night was considered good, but nothing like it should have been if the boys are to receive proper support and encouragement.

The line-up of last night's game: Greenville: Elizabeth City; Hicks (12) (4) Dozier Left Forward Tucker (3) (6) Mettry Right Forward Hearne (0) (5) Midgett Center Bostic (10) (0) Hopkins Right Guard Roberson (2) (0) Spencer Left Guard

## French Court Tennis Champ Invades U. S. Seeking World Title

Having won the Davis Cup and the U. S. championship in lawn tennis, the French are seeking new laurels in the indoor game of court tennis. Pierre Echebasser is coming to America for world's championship matches with Jack Soutar (right) the titleholder, February 20, 22 and 25 at Philadelphia.

Paris, (AP)—France, not content with gaining the Davis Cup in lawn tennis, is after new laurels with the racket.

Sailing January 18, on the Aquitania, Pierre Echebasser, professional court tennis champion of France will seek the world's open championship now held by Jack Soutar, professional at the Philadelphia Racquet Club.

The match is set for February 20, 22 and 25 at Soutar's club in Philadelphia and will be the first meeting between an American and a Frenchman for a title in any of the court games since Rene Lacoste downed Tilden for the United States lawn tennis championship last September.

Court tennis, which is seven centuries old and the basis of modern lawn tennis, is having a moderate revival here, but is much less played than in England or America.

Echebasser, who is the professional at a Paris club, hopes to stimulate interest in the game among his countrymen by bringing back the world crown.

## BOSTON LOOKS FOR BIG YEAR IN BASE BALL

Boston, Jan. 18.—(AP)—"The best baseball team we've had in the six years I have been in Boston," is the way President Emil E. Fuchs regards his 1928 Boston Braves baseball machine which gets under way next month with a new driver at the wheel in the persons of Manager Jack Glattery.

At the same time an integral part of the machine destined to furnish the necessary spark to pull it out of a habitual second division rut is believed to have been acquired in the season's outstanding deal which brought Roger Hornsby to Boston from the Giants to captain the tribe at second base.

For the rest, the squad will shape up as mostly veterans with one or two promising additions to a pitching staff which last year suffered for lack of an outstanding left-hander. Jimmy Cooney, veteran southpaw who underwent an operation on his left elbow, will attempt a comeback while among the new additions are Ed Brandt, a big left hander from Seattle, and Art Delaney, formerly of Oakland. The veterans include Kent Greenfield, Joe Genewich, E. Smith, Charlie Robertson and Henry Wertz.

A gaping hole appears at present as the other end of the pitchers' logan due to the departure of Francis Hogan, last year's young but regular backstop, who went to the Giants with outfielder Jimmy Welsh in exchange for Hornsby. A replacement in the form of "an experienced big league catcher" is promised soon, however, to bolster a catching department at present headed by Luke Urban, former Boston college star, who came to the Braves from the Giants.

Diek Burris, slugging first baseman, who led the tribe with a .316 average last year, again is on deck. Little Doc Gautreau probably will be swatched from second base to third base to compete for that position with Andy High, while Eddie Moore, last year's guardian of the box corner, probably will become an outfielder rather than reserve material due to his .300 hitting ability.

The outer garden patrol will be chosen from Lance Richbourg, Moore, Jack Smith, and Earl Clark, who was purchased for \$155,000 from Richmond last year. With Moore, Brown and Burris in the lineup the Braves can present an entire team of 300 hitters, exclusive of battersmen, on the basis of last year's averages. Such an outfit would include Hornsby 361, Burris, 315; Jack Smith, 316; Farrell, 310; Richbourg 308; Brown 308, and Moore 301. High also enters the select circle with a 302 average.

## Gets Tip-Off

VICTOR HOLT

Norman, Okla., (AP)—With Victor Holt, tallest center in the Missouri Valley conference, jumping for the University of Oklahoma, few opposing teams are expected to get the tip-off in the present basketball season.

Holt, who is six feet six inches tall, possesses extraordinarily long arms, and is a bit of an artist as well. On his tip-toes, he reaches 7 feet 6 inches.

He weighs 200 pounds, but is fast and graceful on the court.

This is Holt's last year with the Oklahoma cage team. He is also a track man, performing in the high jump and the pole vault.

## GEHRIG AND RUTH AFTER NEW RECORD

New York, Jan. 18.—(AP)—Babe Ruth is going after a new home run record. And so is Lou Gehrig.

The mighty sluggers of the Yanks will report at the St. Petersburg training camp a week ahead of the regulars to prepare for another great sprint.

The Babe has his bat pointed for a total of 500 home runs. He has a stack of 416 now which includes a "bummer" crop of 60 from the last campaign. Of course Ruth doesn't figure on corraling the deficit in the approaching drive but he believes in trying for more than last season.

Departure in advance of the main New York squadron is of the twins' own initiative for they declare to get in some intensive practice before the clubs swing into the championship schedule.

Babe and Lou will hitch onto a contingent of battery men due in Florida on February 26.

"You can bet your life I'm going to hit more than four homers next April," the Babe said. "If you remember that was all I turned out last April. I've always been troubled by a slow start and I'm going to see if reporting a week earlier will do any good."

"If I had only hit more homers last April I would have a lot more on October 1. Not that I am predicting I will break my 1927 record but you can't hang a guy for trying."

Gehrig was held to four homers last April, also, and he is anxious to start active training.

## SPORTS SLANTS

By ALAN J. GOULD

New York, Jan. 18.—(AP)—If the Yankees keep up their present pace in pennant winning as well as in player purchasing it may be necessary for them to put a "B" team on the field, as one of the colleges are doing in football. To revive American league competition and give the surplus talent something to do.

They will have the material to do it by 192, at any rate. The club already has a second baseman shortstop and a few pitchers tagged for delivery next year or later.

The two team idea, would, relieve Miller Huggins of no little embarrassment when his recruits, such as Lyn Larry and Jimmy Reese, start reporting for action and bidding for places on an outfit that looks good enough now to withstand most tests for at least two or three years to come.

Games might be arranged on the home-and-home basis, if the other American league clubs fell in with the idea. While team A was engaging the Athletics at the Yankee Stadium, team B would oppose the Philadelphia second at Shibe Park. Or Huggins might split up his first string nine and put Gehrig or Ruth with team B occasionally to attract the customers.

To offer a further alternative, Huggins might borrow the Notre Dame system, starting his second string team as shock troops and rushing in the regulars when the reserves appeared to be weakening. It would be an interesting sight to see Ruth, Gehrig, Lazzeri, Meusel, and the rest of the regulars dash out of the dugout along about the fifth inning and swing into action against a visiting aggregation that had been finding holes in the defense put up by Larry, Reese, Gazella, Paschall and the other reservists.

Now that the Yankees and Giants have dipped into the player market with a few startling gestures every club in either major league has something to show for a record breaking winter season of dealing.

The Giants had put their foremost star on the market before doing business with any of their rival clubs and even then, it seems, most of them shied at the idea of making a deal for Hornsby. When Boston finally landed the famous second baseman it is probable that Judge Fuchs and the other hub-fals expected to wake up the next day and find out it was all a dream.

It has been a wide open season for dealing in infield ivory. Most of the big minor league purchases have involved inner workers such as Cissell, who cost the White Sox the equivalent of \$123,000 and the Oakland pair, Larry and Reese, bought by the Yankees for a reported \$150,000. The sale of Bancroft from Boston to Brooklyn, and shifting of Lu Blue from Detroit to St. Louis, added to the big parade.

Just for variety the Browns sold or traded a complete set of outfielders, Bing Miller going to the Athletics for Sam Gray, Ken Williams to Boston and Harry Rice to Detroit.

## FIX SALARY LIMIT FOR NEW LEAGUE

Rocky Mount, Jan. 18.—(AP)—With a player limit of 14 men, exclusive of the manager, the salary limit for the new Carolina class D baseball league, will be \$2,400, and only two class players to be members of each team. It was pointed out here today.

On recommendation of President W. G. Bramham, Durham, two umpires, instead of one, will officiate at games.

Eastern Carolina League directors, in meeting here last night fixing the salary limit, not including the manager, at \$2,400, acted upon the advice of President Bramham.

A recent change in the minor league rules permits a \$2,000 limit. At Monday night's meeting at Goldsboro the league voted a \$2,700 salary limit but this includes the manager. President Bramham said that other minor leagues in class "D" would hardly go above the \$2,400 limit, not including manager.

As to the limitation of two class men allowed each club, the meaning of class men was explained as any player who had been officially at bat 120 times in one season in the past five years, except as to pitcher where 65 times in any one season with the past five years in any league higher than class "D" applies.

The decision of the officials permits the clubs to select two men from any class they desire and to pay the manager selected any salary the club agrees to pay.

## FIGHTS LAST NIGHT

Indianapolis—Jimmy Hackley, Indianapolis, and Jack Duffy, Toledo, drew (16).  
Cleveland—Lope Tenorio, Philadelphia, won from Joe Glick, Brooklyn, (13).  
Danville, Ill.—Les Marriner, Urbana, Ill., knocked out Harry Hartnell, Danville, (2).

## ANOTHER HEAVYWEIGHT HOPE OUT

Ed Keeley (left), Boston and Bridgeport, Conn., heavyweight "hope," finally managed to induce Paolo Uzcuden (right), to get into the ring with him, after the Basque soaker had twice evaded meetings. After which, Paolo proceeded to score an easy win, on a technical kayo, in New York. Phajo shows men weighing in.

## MELLON TO VISIT CITY OF CHARLOTTE

Charlotte, Jan. 18.—(AP)—Andrew Mellon, Secretary of the United States Treasury, will be the guest of honor at a banquet here tomorrow night when 500 bankers from the two Carolinas assemble to celebrate the opening of the Charlotte branch of the Federal Reserve Bank of Richmond.

The secretary is expected to arrive about 2 P. M. He will leave his private Pullman at Salisbury or Concord, according to present plans, and proceed by automobile to Badin to inspect the hydro-electric and other properties of his Aluminum Company.

Entertainment plans call for automobile trips to points of interest in the vicinity.

## Cager May Lose Eye

Fremont, Jan. 18.—(AP)—T. Peacock, guard on the Fremont high school basketball team, winner of the peanut exposition tournament trophy, today faced the probability of losing the sight of an eye as result of an injury sustained in a game recently when an opponent's finger nail scratched the eye.

## U. N. C. HAS TOO MANY OUT OF STATE STUDENTS

Raleigh, Jan. 18.—(AP)—University of North Carolina, oldest state educational institution in point of continued activity, in the country, established in 1792, has too many out-of-state students enrolled, in the opinion of its president, Dr. Harry W. Chase. Dr. Chase has recommended to trustees that some consideration be taken of this tract, a negligible factor.

## Wilson After New Players

Wilson, Jan. 18.—(AP)—Owners of the Wilson franchise of the Virginia league, having sold four players of the 1927 team, today dickered with buyers interested in three others.

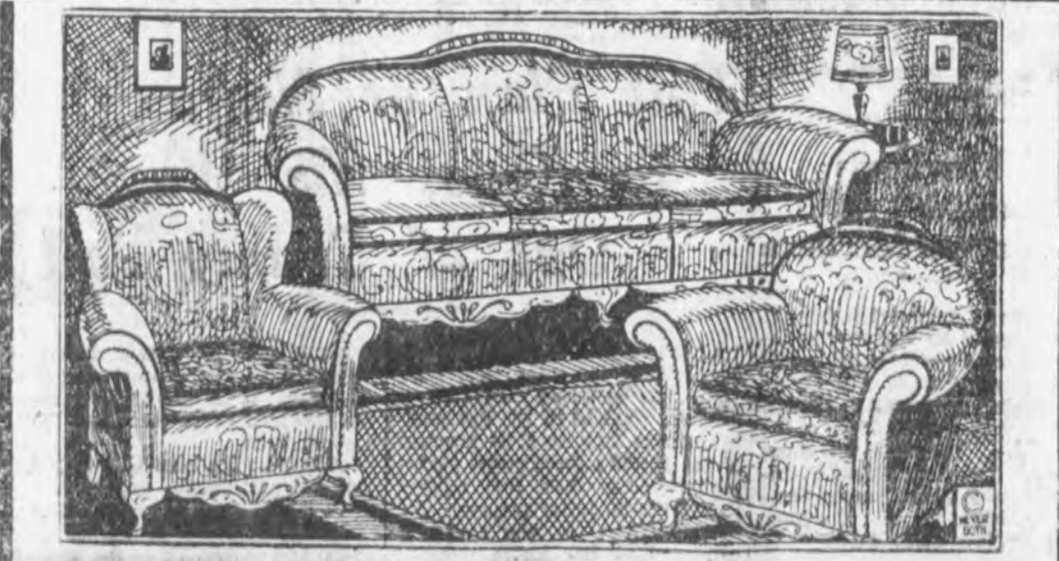

Those on the boards today were Neibert, outfielder; Roberts, pitcher; and Kopshaw, catcher.

Those sold include Roper, infielder to Winston-Salem; Meeks, outfielder and Ross, pitcher, to Wilkes-Barre, Pa.; and Womack, catcher, to Fort Wayne, Ind.

## ECZEMA GONE, SKIN ALL WELL— POSLAM DID IT

Itching and burning stopped, no more digging and scratching, and that unsightly eruption almost gone overnight. That's what safe CONCENTRATED Poslam does. Nothing like it for eczema and other skin ailments. At all druggists—50c.

**We are speaking of this year's vacation!**

The colored wheel of the Seasons moves forward; another quarter-turn and we shall catch the first glimpse of Summer's gold beyond the green of Spring.

Ceaselessly forward... Six short months will whirl us into the midst of the vacation period. Not unprepared, we hope—for there is still time to accumulate a Vacation-Fund by saving a little money every week.

To practically pay all your vacation-bills in advance, open a Savings account at this bank with some spare change, and deposit some each week or month until Summer. But start this month, or before you realize that Winter is over, travel-time will be here!

**We Pay 5 Per Cent On Savings**

**The Hood System Industrial Bank**  
(A State Bank)  
GREENVILLE, N. C.

**Pipe smokers:**

Sounds like tall talk for a ten-cent tobacco!

**BUT...** men who used to pay a quarter or more per package—men who wouldn't smoke any but imported tobacco—these same men tell us that Granger Rough Cut beats any tobacco they ever smoked for coolness, mellowness, and full rich flavor.

Well... we set out to make a pipe tobacco, and nothing else. So Granger is aged, made, cut, and packed for pipes—and pipes only! There's nothing like doing one thing and doing it well!

**GRANGER ROUGH CUT**

GRANGER ROUGH CUT IS MADE BY THE LIGGETT & MYERS TOBACCO CO.

## Male Quartet Will Appear At College Thursday Jan. 26

The Imperial Male Quartet, one of the foremost male quartets in America, the pride of Chicago, will give a concert at East Carolina Teachers College, in the Campus building on Thursday evening of next week, January 26.

This is the second in the winter and spring series of splendid entertainments offered by the college. Season tickets will continue on sale for some time and can be obtained at the door at any of the entertainments as well as by mail. Single tickets will be sold at the door.

## Pellagra Increases

Raleigh, Jan. 18.—(AP)—North Carolina, along with other southern states in 1927, experienced an extraordinary recurrence and rise in sickness and deaths from pellagra, the state health board reported today.

There were 200 more deaths from pellagra in this state last year than there were the year before, an increase of more than 49 per cent. The number of pellagra deaths was considerably more than twice the number of typhoid deaths.

Plenty of milk, fruit, fresh vegetables and meat are sure preventatives of pellagra, the board says.

# LOCALS

Jess Smith has returned from Norfolk, where he went in the interest of the radio department of the Smith Electric Company.

Professor H. E. Austin is in Raleigh attending the meeting of the Grand Lodge of Masons.

Mr. and Mrs. W. A. Forbes, of Winterville, were here today.

**Tolar Jewelry Company Honored**  
Quite an honor was bestowed upon the above firm this week when a New York representative of one of the oldest and greatest watch manufacturers in the world came to Greenville and placed the Green Guild Emblem on their front door. This great honor is conferred only upon jewelers of the very best reputation and is above all, a notice posted for the benefit of the

**Honor Recent Bride at Fountain**  
Fountain, Jan. 17.—One of the most attractive social affairs of the season was a rook party at the home of Mrs. E. Bruce Beasley, on Thursday, January 12, complimentary to Mrs. R. A. Fountain, Jr., a recent bride.

There were seven tables of rook. Mrs. Carl Gay won the prize for high score, a lovely bottle of perfume. To Mrs. R. A. Fountain, Jr., the guest of honor, a dainty sachet and a hand embroidered guest towel were presented. Miss Mary Sue Grove and Mrs. J. W. Reddick tied for low score, each receiving a linen handkerchief.

A delicious salad course was served, with silhouettes of brides as favors.

Misses Helen, Hulda, Christine and Glenn Smith, Nellie Owens, Patsy Lowe, Elizabeth Gaston, Velma Owens, Mary Sue Grove, Emily Stafford and Ethel Burkhead; Mesdames John Eagles, Lenwood Owens, Herman Owens, R. A. Fountain, Jr., Floyd Turnage, Carl Gay, Albert Mercer, B. L. Stokes, M. D. Yelverton, J. W. Reddick, C. M. Smith, Hardy Johnson, J. M. Horton, L. P. Yelverton, Rufus Brown, M. E. Smith and Mrs. R. A. Fountain, Sr., and Mrs. Hugh Eagles, came for tea.

It's awfully wicked to flirt. Where do you expect to go? See in "Two of a Kind," Jan. 20th, at 7:30, at Winterville High School. Price 25c and 35c.

**TWO MARRIAGE LICENSES ISSUED SINCE YESTERDAY**

The following marriage licenses have been issued by the register of deeds since the report of yesterday afternoon:

Colored  
Marcellus Wilson to Louisa Carman, both of Ayden.  
Henry Cooper to Erlene Bell, of Farmville.

**SEVERAL DEEDS FILED HERE SINCE YESTERDAY**

The following deeds of transfer have been filed in the office of the register of deeds for registration since the report of the first of the week:

Bob Coward and wife to W. O. White, 29 acres, \$200.00.  
E. V. Smith, Ex. to Margarette Fleming et al, 1 lot, \$1.00.  
Blaney Dall and wife to H. W. Turnage, 1 lot, \$10.00.  
S. I. Dudley and wife to W. J. Smith et al, 1 lot, \$3,000.00.  
W. A. Hudson and wife to G. S. Porter, 1 lot, \$30.00.  
F. G. James, Cob, to Mrs. Maggie Hammond, 1 lot, \$1,625.00.  
First National Bank to Mrs. Bertha Cox, 2 lots, \$80.00.

SUBSCRIPTION RATES

(Payable in Advance)

Table with subscription rates: One year \$5.00, Six months 2.50, Three months 1.25, One month .50, One week (by carrier) .20, One week .15

Subscription will be discontinued at expiration of time paid.

With Friday of next week set as the closing date of the present tobacco season, growers who still have some of their crop on hand should not delay in getting same on the market. You may have a load or two on hand that will bring you in some needed cash, but after next week it will be too late. The earlier you get rid of the remainder of your crop now the better off you will be.

A WISE MOVE

Tex Rickard has announced that he will match Dempsey and Tunney during the early summer, and the winner of the fight will in the fall face the winner of the elimination tournament for the heavyweight title. In Rickard's decision we see all the earmarks of shrewd business. Dempsey and Tunney are, at present, the ring's greatest drawing cards and with the uncertainty that the future holds Rickard is wise to use these two fighters to the limit while the public is willing to pay millions to see them in action.

NOW GET BEHIND IT

With the Eastern North Carolina Baseball League now a sure thing, and Greenville a part of it, a meeting of interested citizens will be held in the near future to make final arrangements for the financing and management of the Greenville club for the coming season. A winning baseball team and a horde of sportsmanlike fans is an asset to any city, and a winner Greenville must be if it expects to stay in the league.

Much of Greenville's success in this new baseball loop depends upon the amount of interest manifested by the citizens of the town and we urge everyone to be on hand when the mass meeting is called and from then on take an interest in the Greenville club and give it both moral and financial support. Greenville can maintain a leadership in sports as well as in other lines, provided it is the earnest desire of the citizens to have it so, and now is the time to get behind the movement with the determination that Greenville will bring home the bacon in the newly formed baseball league.

Gunman Chained in Cell

Chicago, Jan. 18.—(AP)—Marlin Durkin, one of the most notorious and picturesque of a long list of Chicago gunmen, was handcuffed to the bars of his penitentiary cell today, following discovery in the possession of a long knife, fashioned from a file. Durkin is serving a 35-year sentence for murder.

ABOUT TOWN

"That was a good commonsense argument Jasper Winslow put up in behalf of the boys of the city at the Rotary club, Monday night," W. H. Rogers, Jr., president of the club, said today.

"Let the parent set a good example before his boys and rest assured the child will stay out of mischief. If a father smokes or drinks it is natural to conclude that his boy will be trying the same things later on in life."

"The American boy is no worse now than he used to be. He is beset by greater temptations. Life is more complex. He is confronted by solacious literature and motion pictures giving an exotic view of life, and not being matured enough to consider these things in their right light is more than apt to be led astray by his boyish conclusions."

"If you desire your boy to be the kind of boy you would have him be, provide something at home to occupy his mind and live yourself like a father ought to live."

"Judge Grady was right when he said the State should give more attention to the protection of the morals of its boys than it does in punishing them," F. C. Harding, prominent local attorney declared today.

"Judge Grady has had ample opportunity of studying the criminal element of youngsters today and his opinion is based upon a wealth of knowledge gained from his long experience on the bench."

"It is true corporal punishment is necessary in some of the more serious crimes committed by young men today, but in the majority of cases confinement in an institution where human duty and morality is taught would have wonderful results."

"The courts always deal as leniently as possible in such cases, but they cannot hope to cope with the situation unless the State takes a more decided stand in the matter."

"Greenville is assured of baseball as result of action taken by the six towns comprising the Eastern Carolina League, at Goldsboro Monday night," Guy Smith, local club promoter, said today.

"That we should be able to put out one of the best clubs in the circuit cannot be doubted. Greenville has always rallied to the support of her clubs, but this year this support must be more consistent than ever before."

"With large towns like Wilmington, Fayetteville, Goldsboro and Rocky Mount furnishing the best kind of moral support, it will be more than necessary for our people to stand one hundred per cent strong behind their club. To falter at any part of the season might result in failure of the team to make the showing it should make."

"So if you want the old town to have a winning club, use your support to see that attendance measures up to expectation."

"With another cold wave on the way suffering among the indigent population of the county is going to be most severe unless people give as liberally as possible of their second hand clothing," stated K. T. Futrell, director of the Welfare Department, today.

"Numbers of poor families in different parts of the county have applied to me for clothing the past two weeks, but as our funds for this purpose have been exhausted it is very necessary that we appeal to the public for assistance. If you haven't old clothing, other contributions will be gladly received."

"Building of homes continues in a most gratifying way in various parts of the city," George Clark, building inspector, said today.

"With present building operations in progress it begins to look as if this year will witness far more improvements than that just past. The shortage of homes in Greenville has most acute for the past two or three years, but construction continuing as it is at this time, this situation should be relieved within the next year or so unless there is an unusually great influx of people."

TRUCK CROPS IMPROVING

Washington, Jan. 18.—(AP)—Crop conditions as summarized by the department of agriculture for the week ending yesterday indicate that the usually warm, dry and sunny weather in the southern states was beneficial in reviving hardy truck crops that were damaged by the recent freeze, and they show renewed growth in many places. Much truck was killed outright, however, and considerable activity in replanting was reported, while material improvement was noted in extreme southern Texas, where shipments of truck and citrus continued unusually heavy.

Some winter cereal crops, particularly winter oats, suffered severely from the cold, with considerable complaint of losses. The weather was unusually favorable for outside operations throughout the south, and much preparation for spring planting was accomplished, though the soil was too dry and hard for plowing in western and northwestern Texas.

ARRIVAL IN HAVANNA

Coolidge greeted by General Machado, Pan-American Conference.—Photo by International Illustrations News

TWO PRESIDENTS POSE FOR CAMERA

President Coolidge of the United States and President Machado of Cuba "register" what seem to be genuine smiles as they obligingly pose for one of the hundreds of photographers at the opening of the Pan-American Conference at Havana. This picture of a picture was wired to the United States by telephoto transmission.

Looking Backward

Items Taken From The Reflector Of Twenty and Thirty Years Ago

January 18, 1908

A meeting for the discussion of establishment of a boat line on Tar river between Greenville and Washington was announced for the following Monday night.

A voting contest for the most popular teacher in Pitt county was in progress. The prize was a silver handled umbrella.

News from Washington, D. C., was to the effect that Congressman J. H. Small had introduced a bill in Congress for the appropriation of \$75,000 for the erection of a public building in Greenville.

Announcement was made of the appointment of Wheeler Martin, of Wilmington, as collector of internal revenue for the eastern district of North Carolina.

Among the locals: W. B. Wilson, Jr., returned from Hendersonville. S. C. Bragaw, of Washington, was here today. Mrs. J. L. Hassell left Friday evening for Suffolk.

In superior court Louis McLamborn was found not guilty on a charge of murder growing out of a killing six years previous.

Notice of Sale of Ford Car Under and by virtue of the power and authority given by Section No. 2435 of the Consolidated Statutes of North Carolina, the undersigned will on Thursday, February 1st, 1928 at 12 o'clock, noon, before the court house door of Pitt County, North Carolina, expose to public sale to the highest bidder for cash the following described property belonging to J. W. Bazemore, to-wit: One (1) Ford Roadster, motor No. 10470383, said sale to be made to satisfy lien for repairs made on said car in October 1927, which repair bill the said J. W. Bazemore has neglected and refused to pay.

This 17th day of January, 1928. John Planagan Buggy Company

Jan. 18-19-20wk.

January 18, 1898

Among the locals: H. A. White went to Richmond today. John H. Small, of Washington, who has been here at court, returned home today. Mrs. D. P. Dancy returned Monday evening from a visit in Tarboro.

Among the Bethel items: Several Bethel people attended the tournament at Conetoe Friday and report a large crowd and pleasant time.

Andrew J. More went to Greenville today on business. S. T. Carson is the happiest man in town this week, it's a girl.

C. M. Bernard, of Greenville, passed through here Sunday morning on his way of Washington City.

Wilson Leads for Governor

New Orleans, Jan. 18.—(AP)—Congressman Riley J. Wilson retained a lead of approximately 11,500 over his nearest opponent for the Democratic nomination of Governor of Louisiana when 621 out of the 1,590 precincts in the state had been tabulated early today.

The vote was Wilson 51,073; Huey P. Long 40,861; Governor O. H. Simpson 35,831.

LEGION POST HOLDS ANNUAL OYSTER ROAST

Discussion of Membership Campaign Features Regular Monthly Session.

The regular monthly meeting of the Pitt County Post of the American Legion was held at the city hall last night. The session was probably one of the shortest in years, being featured by discussion of increased membership, collection of annual dues and an oyster roast given in the rear of the city fire department.

The meeting was presided over by Commander J. B. Kittrell, who at the outset stressed the urgent necessity of the settlement of back dues. He also impressed his hearers with the necessity of increasing membership, asking that each individual exert his influence in bringing in new members.

A list of former service men was jotted down by the commander who requested that these men be solicited for active membership.

The oyster roast was probably one of the largest attended in months and Dr. K. B. Pace, Mayor J. C. Lanier and Troy Rouse, host of the evening had the pleasure of seeing oysters consumed at a rate that would have done credit to some mechanical device especially designed for that purpose.

The oysters were scattered over a long table in the rear of the fire station and Legionaires representing virtually section of the county and many branches of military service were conspicuous for their number instead of their paucity, as is usually the case at a regular meeting.

Judge Henry A. Grady, of Clinton, who is presiding over this term of Pitt County Superior court, was guest of the Legionaires during the evening, and while he didn't make any talk or give public expression to his thoughts, it was evident from the smile on his face that he thought the occasion a most interesting one. The distinguished jurist ate at the end of the table in company of Mayor J. C. Lanier, and others around him were impressed by the way he treated Pitt County oysters from celebrated Chesapeake Bay beds.

Commander Kittrell announced that the next meeting of the organization would be held February 28th, at which time numbers of distinguished state officials will be present. Members of the Woman's auxiliary will meet with the Legionaires and will also have as their guests two or three prominent workers of their department.

Each member of the Post will be

Notice of Sale By virtue of authority contained in that certain mortgage executed to the undersigned by R. L. Dudley and wife, Fannie Dudley, dated the 9th day of November, 1924, and recorded in the office of the Register of Deeds of Pitt County in Book R-13, page 498, I shall offer for sale at public auction at the court house door in Greenville, N. C., on Monday, the 20th day of February, 1928, at 12:00 o'clock P. M., to the highest bidder for cash the following described tract or parcel of land:

A certain tract or parcel of land, lying and being in the county of Pitt and State of North Carolina and described as follows, to-wit: Beginning at a stake in the center of the county road and with said road runs North 57-05 East 2224 feet; thence with said road North 62-00 East 837.5 feet; thence with said road North 83-20 East 399.2 feet to a stake in the road at junction with cart path; thence with cart path North 12-15 West 266.7 feet to corner of Lot Number Two (2); thence with line of Lot Number Two (2) North 66-15 West 2641.5 feet to R. L. Dudley's line; thence with R. L. Dudley's line South 31-00 East 2203 feet to the beginning. Containing forty (40) acres. It being Lot Number One (1) in the division of the Penny Dudley lands shown in Map Book One (1), Pitt County Register of Deeds office. For a more perfect description reference is hereby made to Book V-11, at page 304.

This January 18th, 1928. H. C. Sugg, Mortgagee L. W. Caylor, Atty. Jan. 18-19-20wk.

NOTICE OF SALE PERSONAL PROPERTY

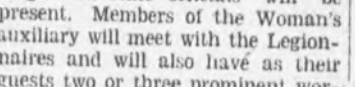

Under and by virtue of the power of sale contained in that certain chattel mortgage executed and delivered by Jim Barnes, on February 27, 1926, of record in the office of the Register of Deeds of Edgecombe county, in Book 274 at page 29, default having been made in the payment of said chattel mortgage, the undersigned mortgagee will offer for sale to the highest bidder for cash, on Saturday, January 28, at 3:00 p. m., on the vacant lot next to M. O. Blount & Sons' store in the town of Bethel, Pitt County, North Carolina, the following personal property:

One dark bay mare mule, one mouse colored mare mule, one bay mare, one smoothing harrow, one disc, one P. & O. corn planter, one stalk cutter, one Woodard harrow one open buggy, one wagon, one Chathamog plow, one cotton plow, one dump cart, one Syracuse plow, one cultivator, one bush hook, four wheels, two turning plows, two iron axles, two forks.

This 18th day of January, 1928. Z. V. Bunting, Mortgagee William J. Bundy, Atty. Jan. 18-19-20wk.

An Old Recipe to Darken Hair

By JANICE RANDALL

Almost everyone knows that Sage Tea and Sulphur properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome.

Nowadays we simply ask at any drug store for "Wyeth's Sage and Sulphur Compound." You will get a large bottle of this old-time recipe improved by the addition of other ingredients, for only 75 cents. Everybody uses this preparation now, because no one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, thick and glossy and you look years younger.

Market Report Cotton--Stocks--Grain

NEW YORK COTTON New York, Jan. 18.—(AP)—The cotton market was quiet today with the price movement correspondingly narrow.

Active months sold early about 5 to 8 points net higher on buying orders brought in by the firmer tone late yesterday but prices eased later under renewed southern and local selling, causing net losses of 5 to 9 points during the day.

Chicago, Jan. 18.—(AP)—Wheat prices averaged lower today, sympathizing with an easier tone abroad and with weakness which developed in the corn market.

Wheat closed easy 1-4 to 1-2 net low; corn 5-8 to 7-8 down; oats 1-8 to 3-8 off and provisions unchanged to an advance of two cents.

Table with columns for High, Low, Close and rows for various commodities like Wheat, Corn, Oats, Rye, Lard, Ribbs, Bellies, Cottonseed Oil, and Stock Market.

NEW YORK STOCKS A. C. H. & Dye 154 A. Can 71 7-8 A. Car & Fdy 105 A. Loco 110 1-2

STOCK MARKET New York, Jan. 18.—(AP)—A sudden "bear" drive against the railroad shares, which touched off a number of "stop loss" orders, unsettled today's stock market.

FLYER STILL IN THE AIR

Spirit of California Attempts to Break World Record for Sustained Flight.

San Francisco, Jan. 18.—(AP)—Just 24 hours after taking off on the fourth attempt to establish a world record for sustained flight the monoplane "spirit of California" reported by radio to Mills field her at 8:09 A. M. today that "all is well"

San Francisco, Jan. 18.—(AP)—The Spirit of California, tri-motored Fokker monoplane attempting to break the world record for sustained flight reported by radio "all well" at 12:10 o'clock this morning. The flyers said the weather was intensely cold at high altitude.

San Francisco, Jan. 18.—(AP)—In her fourth attempt to break the world record for sustained flight by an airplane the tri-motored Fokker monoplane, "Spirit of California" today was circling over northern California.

The plane took off here at 8:00 yesterday, and flew over this section of the state throughout the day and last night. With weather conditions favorable, the pilots, Captain Charles Kingsford-Smith, Australian air ace, and Lieutenant George R. Pond, U. S. N., slowed

down the engines last night to conserve the gasoline supply. The propellers registered only 1,520 revolutions per minute.

The plane came within about three hours of breaking the record in a previous flight. Gasoline shortage forced the flyers to descend, and they determined to profit by that experience. Tanks for 200 extra gallons of fuel were built on the plane before the last takeoff. The record, 52 hours, 22 minutes and 31 seconds, was set by German aviators. To establish a new record officially, the aviators must beat the old mark by an hour.

The Spirit of California carried 1,535 gallons of gasoline at the take-off. This is believed to be one of the biggest fuel loads ever lifted by a heavier than air craft.

The big plane was purchased several months ago by Kingsford-Smith and three others for a flight from California to Australia. Christened as "the southern cross," it made several test flights and then postponed the overseas attempt in favor of the endurance flights.

Kingsford-Smith and his colleagues are expected to resume plans for the Australian flight if the present effort to break the endurance record is successful.

YOUNG'S KINSTON, N. C. GREENVILLE, N. C.

### JUDGE GRADY TO SPEAK ON BOY PROBLEM

#### Clinton Jurist to Fill Pulpit of Memorial Baptist Church Sunday Evening.

Judge Henry A. Grady, of Clinton, who is presiding over the civil term of superior court, now in progress in this city, will speak at Memorial Baptist church Sunday evening at 7:30 o'clock, it was announced this morning by Rev. H. Frederick Jones, pastor of the church.

The distinguished Clinton jurist will discuss "Problems of the Young," a subject that has received more than serious consideration by various civic organizations of the city for the past several months.

Judge Grady has seen long service on the superior court bench and has had an unusual opportunity of observing the shortcomings of the youth of today. He recently told members of the Greenville Rotary club that the State was not doing its duty by its young people and had been giving more attention to the punishment of their crimes than to their moral and spiritual development.

Mr. Jones said members of the Rotary and Kiwanis clubs and other civic organizations that have been showing more than passing interest in the boy problem were extended a cordial invitation to attend the services and hear Judge Grady in this vital discussion.

### Episcopal Church To Begin Campaign In This Territory

According to plans recently announced by Bishop Darst, the Episcopal church will begin in a few weeks, the most thorough evangelistic campaign in the Diocese of East Carolina ever undertaken.

Every parish and mission will have at least an eight-day meeting. The church army in the United States, an English importation, will have charge of the meetings in the Episcopal church in Wilmington and Washington, while national crusaders will be sent to Elizabeth City, Fayetteville, Greenville, Kinston and New Bern. The local clergy will conduct the evangelistic meetings in the smaller places.

At the conference conducted in Washington and Kinston, the Rev. Dr. Lorine Clark, a nationally famous missionary, instructed the clergy as to the program of a meeting. The Rev. W. H. Milton, D. D., rector of St. James church, Wilmington, N. C., stressed the fact that "We are making a supreme effort to evangelize the diocese of East Carolina, if never again!" Bishop Darst says, "I consider the diocesan-wide preaching mission, which is to be held during the next few weeks, the most important step that has been taken in the diocese of East Carolina, since I became Bishop."

In particular, the movement will be, according to diocesan leaders, a special effort to gather souls to the church, reclaim and restore those who have "lapsed" and have been lost, and to deepen the spiritual life of the whole diocese. Exact dates will be arranged in a few days.

### Arrest Former Policeman For Capital Fires

Washington, Jan. 18.—(AP)—An "irresistible impulse" is given by the police as the confessed reason why John J. Fisher set two fires on the series that scattered ruins throughout the city yesterday morning.

Declaring that Fisher, 20-year old former policeman and recently a psychopathic patient here, had confessed to causing the two blazes, police authorities said he had done so after watching firemen battle two earlier downtown blazes. They said he admitted touching matches to the McDowell and Sons grain warehouse at Eckington place and G Streets in the northeast quarter of the city, and then to the Lank Woodworking Company at 14th and 2nd streets, northwest.

With a charge of arson lodged against Fisher, police continued their investigation today of the other conflagrations. Fire department officials said they held no doubt that three of the big fires were of incendiary origin, that two others were accidental and that another was of questionable origin. In the ruins of two of the fires a number of oil cans were found, supporting the suspicion of arson.

Langston in Politics. Raleigh, Jan. 18.—(AP)—The name of Col. John D. Langston, Goldsboro attorney, is being mentioned in North Carolina political circles in connection with the race for lieutenant-governor.

### MASONS HOLD SESSION AT CAPITAL CITY

#### Report of Grand Master Anderson Featured The Morning Session Today.

Raleigh, Jan. 18.—(AP)—The departure of drones, drifting into the one Masonic order right after the war, has left elbow room for the workers. Grand Master John H. Anderson of Fayetteville said in his annual report to the 141st communication of the North Carolina Grand Lodge, which continued in session today.

Committed work was on the program followed by meeting of the Grand Lodge.

Grand Secretary W. W. Wilson reported the membership on Jan. 30, 1927 was 41,439 members compared with 43,678 on June 30, 1926, and the Grand Master, in his swan song, before the passing of chairs, interpreted these figures as a matter of congratulation rather than condolence. "The growth of the Grand Lodge and the increase in the attendance every year at its annual communication has demonstrated the inadequacy of our present quarters," he said and from his remarks, were read by others and expectancy that a definite movement was assured to tell the present six story building here and erect a handsome temple in Raleigh at the corner of Hargett and McDowell streets, opposite the professional building.

Grand Master Anderson noted the usefulness of the Masonic service association in organizing Masonic relief in the Mississippi flood area.

"While Arkansas is not a member of the association, the association overlooked it and acted upon the principle that it is more blessed to give than receive," he said.

He recommended the usual appropriation of \$3,000 be made to the Masonic loan fund. He recommended also be made to the memorial to George Washington, the man and Mason. The Oxford orphanage, "this bright jewel of Masonry," has had a very prosperous year, he said.

To Enter Four Mile Race.

Chapel Hill, Jan. 18.—(AP)—The University of North Carolina will enter the four-mile race in the classic Penn relays at Philadelphia, April 28, it was announced today. The Tar Heels have won the southern title in the four mile race three consecutive years.

The other three big meets, the southern conference meet at Birmingham, Ala., the state championship meet, and the annual Georgia Tech relay carnival at Atlanta will end the Carolina track team entered.

### TODAY

(Continued from Page One.)

and light bombs had finished there was nothing left to bombard. The big ship was at the bottom. The light bombing was done on the theory that a big warship was being attacked in action. The little bombs were to drive the gun crews of the battleships away from their guns, including their anti-aircraft guns. Then the big bombers were to come, and finish the ship.

This enlightening experiment, one of the most important made by the navy, indicates that 6,000-pound bombs of T N T will do \$20,000,000 battleships.

The original Wright brothers air machine, first plane that ever carried a human being through the air under human control, is boxed up for shipment to England. It ought to stay here in the Smithsonian institute.

If the richest country in the world is too poor to buy it, Henry Ford might add it to his collection of transportation antiques, suspending it above the original Ford car—which, by the way, you could not buy from Ford for ten million dollars. Try it.

The Smithsonian Institute should have Lindbergh's trans-Atlantic

### 24 Hours Ends COLDS

"A common cold" may result in grippe or flu. At the very first sign, go to a drug store and get a box of HILL'S. Take promptly. HILL'S breaks up a cold in 24 hours because it does the four vital things at once—stops the cold, checks the fever, opens the bowels and tones the system. Red box, 30 cents.

HILL'S Cascara - Bromide - Quinine

Winter is near and your cut off and heating plants may need some repairs. If so call J. D. Aman for service and quality at the lowest price possible.

Phone Res. 412—W Office 734 J. D. AMAN Contractor for Sanitary Plumbing and Heating 417 Cotacah Street

plane also, and the government should pay Lindbergh enough for it to make independent for life. If Lindbergh got \$1,000,000 for that machine, he would get less than one per cent of what this country owes him. The "Spirit of St. Louis," despite all Lindbergh's good care, must be getting old and worn, and a brand new machine, best and safest the world can produce, should take its place.

Advice often given here "don't sell anything in this country short," is based on the fact that good American properties are cheap, and going up. Frazier, Jelke and Company, list 100 American stocks whose total value was over seven billion dollars at the end of 1926 and more than twenty-three billions at the end of 1927, a gain of five billion eight hundred and eighteen million dollars in one year. "Does that look like a 'good short sale'?"

This year the country's electric light and power companies alone will spend nine hundred millions on new construction. They evidently expect more business, although great cement plants, utilizing for power heat this has hitherto gone up the chimneys, will reduce electricity power consumption by one half, or more, don't gamble. Above all, don't sell short.

A Washington correspondent says Secretary Mellon will support Herbert Hoover for President next year. Millions of voters, in both parties, hope that Mr. Mellon himself will be nominated, and feel sure that he would be elected by a majority overwhelming. Mr. Mellon's endorsement of Mr. Hoover would be

very powerful, would mean many votes in the convention, and many votes at the polls.

La Nacion newspaper, said to be owned by the government of Chile, carries on what John Clayton, well known correspondent, calls a "campaign of filthy, vicious abuse of the United States." Clayton suggests a serious clash between Chile and this country. It takes two to make a serious clash, especially when one is overwhelmingly more powerful than the other.

Vicious abuse never hurts, when it is false. George Washington was viciously abused, accused of planning to make himself king of America. That did not hurt him or his reputation. It is what you are, what you do and what your intentions are that counts, not what others say about you. Let La Nacion talk and abuse and let us do our best to build up this North and South American continent, especially our part of it. And let us keep ready, always in case words should change to action. If we are ready, they will not change to action.

Ready Branch S. S. News Thursday night, Jan. 12, the Willing Workers' class met with Misses Nannie and Alice Moyer. The crowd was delightfully entertained by splendid piano music throughout the enjoyable hour.

The meeting was called to order by our faithful president, Grace Vincent, followed by singing and prayer by C. F. Little. Seven girls were present and three from the young men's class. They had an

invitation to meet with us also. We also had three visitors. Our assistant superintendent, Mr. Sam Vincent, was with us and was called upon to make a talk.

Owing to insufficient room, it had been suggested to put the young men and young ladies together, but it was finally decided to let the separate classes still continue as the classes are rather too large together. This was the real motive for the call meeting. The teacher of the young men, C. F. Little, was present, and make a short talk. He stated that the young men would be glad for the classes to work together, as they really enjoyed working with the girls. Get busy boys, and work for the girls are living up to their class name.

At this time the class enjoyed cake and cream, also home made candy. The class departed, having spent a most enjoyable evening, hoping to do greater work this year as the Sunday school rooms are nearing completion.

The Sunday school is working hard to reach 150 present. The cold weather was keeping some away, and around 100 was the average attendance. There is a sugar tyrol that will be opened the following Sunday there are 150 present, with a present inside for everyone.

Let's go to work and reach the top and see inside the barrel, always giving the superintendent a job to keep things moving. There were 137 present last Sunday, and we only have to work a little harder. Let's make our Sunday school one to be on the list.

### Ballards Cross Roads News

From Brazil to Ballard's Cross Roads is a long, long way. Still, we had a visitor from that country Saturday night. He could hardly speak English; in a strange land, without money — discharged from the ship on which he had worked his way over, he vainly sought employment in Baltimore. He had spent ten days walking from that city to the Cross Roads. There he found some one to befriend him, with food and lodging. We hope he soon finds work.

The Parent-Teacher Association of Arthur will have a fiddler's convention Friday night, the 20th. Let's all go and help a good cause.

Another marriage. Mr. Larry Worthington to Miss Rebecca Tripp of Greene county. They are living at Mr. Isaac Worthington's.

Mrs. Wiley Crawford and little son recently visited her parents, Mr. and Mrs. Harvey Allen, near Greenville.

We are glad to note that Mr. Lafayette Worthington, who has been very ill, is much better.

Little Lawrence Tyson, son of Mr. and Mrs. Elbert Tyson, is the happy recipient of a silver cup presented by General Lawrence Davis Tyson. When General and Mrs. Tyson were in Farmville attending the reunion, they learned that he was named for him. We of the Cross Roads appreciate this souvenir. For General Tyson spent his boyhood in this township and often visited at the hospitable home of his aunt, Mrs. Joseph L. Ballard.

Administrator's Notice Having this day qualified as administrator upon the estate of Lizzie A. Briley, deceased, this is to give notice to all parties having claims against the estate of said deceased to file same within ten months from date of such failure

### "LUMBAGO HAD ME ALMOST CRAZY"

"The pain in my back and the sudden 'stitches' had me bent double. Sometimes the pain would catch me so sharply I almost fainted. I was frantic trying one thing after another. You can imagine my surprise, my joy, when plain St. Jacob's Oil brought me the relief I had sought for years."

"St. Jacob's Oil" gives almost instant relief from soreness, stiffness, lameness and pain! Its action is unique—soothing and penetrating in one. Goes direct to the affected part and draws out all the "ouch." It is one remedy for Lumbago, Rheumatism, Neuritis, etc., that never disappoints. And it doesn't burn the skin. Get a small trial bottle of "St. Jacob's Oil" from any drug store and try it out.
