## MORE MARINES MOVE AGAINST REBEL LEADER

### Reinforcements With Wartime Equipment Enroute to Sandino Stronghold.

Managua, Nicaragua, Jan. 23.—(AP)—Marine reinforcements numbering 1,000 men, today were enroute to the state of Nueva Segovia to take the field against Augusto Sandino, rebel leader, now operating in that region.

Mountain batteries, artillery, in fact everything necessary to carry on a full-scale warfare to dislodge the Sandino followers from their mountain fastness, where they have been harassing marine outposts, were taken along.

The marines left the city of Leon yesterday on their hike which must be made of foot through mountain and jungle regions to northern Nicaragua. The march will require at least eight days. The long column of troops furnished an imposing spectacle for Nicaraguans as hundreds of ox carts loaded with supplies and ammunition passed out of the city. The Nicaraguans were especially interested in 100 big American mules, the Nicaraguan mule being decidedly smaller than his American brother.

With marine trucks, columns of troops, and official cars in steady procession through Leon, the city assumed a distinctly warlike appearance.

The Nicaraguan government authorities have received reports that a considerable number of men from the East Coast have been passing the Acopyapa headwaters of the Rama river on their way to join Sandino's forces. These men, according to this report, are armed with rifles formerly owned by the government.

The mayor of La Trinidad, southeast of Esteli, which is in central Nicaragua, reported yesterday that there was a troop of guerrillas in the vicinity of the town and that he considers the place dangerous. He added that he must soon abandon his post.

Pan-Latin America.  
To Fight Eight Miles Up.  
No Motor Price War.  
Goethals Is Dead.  
(By Arthur Brisbane)  
Copyright 1927, by Star Co.

Our Mexican friends at the pan-American conference in Havana, showed yesterday, perhaps unintentionally, hostility to the United States, and a tendency to establish a union of Latin American eliminating this partially "Nordic" republic.

We hope, for everybody's sake, including the sake of "Latin America" that the tendency won't go too far. Latins have had a good deal to do with all parts of America, beginning with Christopher Columbus. Jewish citizens also, not exactly "Nordic," although just as good if not better, have built up more than their share of the big institutions on these two continents. And then Uncle Sam as a unit might in an emergency be useful to his neighbors. Several of those neighbors would belong to some European country now, had there been no Uncle Sam.

Secretary of War Davis, who sets an example by flying a great deal on his own account, has ordered five fighting planes built to fight eight miles up in the air, with special oxygen equipment to counteract the thin atmosphere at that height, and an insulated fighting cockpit especially heated.

An airplane eight miles, or 42,240 feet, up would be invisible, looking up, but New York or San Francisco would be very visible, looking down, and vice versa.

Lindbergh may fly the Pacific, going, as boys used to cross a brook, on stones, with a hop, skip and jump, one stop at Honolulu, one at the Midway Islands.

## Hearing on Farm Relief Bill Takes A Political Turn

Washington, Jan. 23.—(AP)—Frank O. Lowden's advocacy of the farm relief equalization fee gave a political turn today to the farm hearings before the House Agriculture committee.

The name of the former Illinois Governor whose friends are seeking the Republican presidential nomination for him, was brought into the hearing by representative Aswell, of Louisiana, ranking Democrat on the committee. There was applause in the committee room when the name was spoken, followed by a quickening of interest among spectators as the Louisiana member sought to develop further Mr. Lowden's present views.

Aswell asked W. H. Stone, of Mississippi, vice president of the state cotton growers' cooperative association, whether he believed with Lowden that farm relief legislation should include essentially an equalization fee.

Stone replied that the fee is the best provision yet evolved to handle surplus.

Aswell characterized Lowden as "frantic, fearing that congress will enact farm relief legislation at his issue and thereby remove his issue as a candidate for president."

"I don't think what you say about him as a man, but I am not interested in him," Aswell said to Stone. "I was merely pointing that if congress enacts farm relief legislation he has no issue upon which to run, and I, who am not interested in him, but in the next campaign, the best republican candidate will be worse than the worst Democratic candidate."

Aswell asked Stone whether he stood for the equalization fee or nothing, and the witness replied he would support a farm relief bill without the equalization fee clause, "under certain conditions."

## Fourteen Rebels Killed in Attack On Mexican Town

Mexico City, Jan. 23.—(AP)—Dispatches from Quadajajara state that 14 rebels were killed and several wounded when a rebel band attacked the town of San Juan De Los Lagos in the state of Jalisco which was bravely defended by the mayor at the head of a group of local guards.

The municipal authorities had been notified that the rebels intended to capture the town and were prepared to repulse the assailants. After several hours fighting, the rebels were dispersed.

## GOV'T POLICY IN NICARAGUA DRAWING FIRE

### Senate Leaders Both Parties Declare Open Season On Administration.

Washington, Jan. 23.—(AP)—Senate leaders of both parties have declared open season against the administration's Nicaraguan policy. With the return of President Coolidge from Havana, where he addressed the pan-American conference, a true under which the senate refrained from any action that might embarrass the executive has ended.

Aside from senatorial comment that may come early in the week, the first definite step is expected to be taken on Wednesday when the foreign relations committee will examine the crop of resolutions before it touches on the Nicaraguan situation.

The latter course, however, would not satisfy Chairman Borah of the foreign relations committee, or some of the democratic leaders.

Senator Borah believes the senate should pursue an investigation that would "work out something constructive and something helpful towards a better understanding between the American republics."

Although the Idaho senator said in a statement last night that the facts of the Nicaraguan situation are pretty well known, other members of the committee such as Senator of Virginia, and Pittman of Nevada democrats, believe the committee first should be advised officially of the agreements made between the administration and Nicaraguan leaders. They would have the information come from Secretary Kellogg who probably will be the first witness called if the committee decides to conduct an inquiry.

Declaring that his committee had not yet formulated a program touching the subject, Chairman Borah said:

"The Congress is the war making power and is necessarily interested in all matters that relate to use of the army and navy."

Honario Pueyrredon, chairman of the Argentine delegation and ambassador to Washington, said he had a scheme for sweeping reforms but would not reveal them before laying them before the committee. He said, however, that he had no desire to see the seat of the union transferred from Washington. All he would state about his plans, however, was that they were constructive and based on many years' activity and study as a member of the governing board of the union.

The Mexican proposal would affect the organization of the union in four vital aspects:

First—Substitution of a governing board elected by the various governments for the present board consisting of their ambassadors to Washington and the United States.

Second—Rotation of the post of director general, instead of the present permanent director general as called for by the present constitution. The director general would be chairman of the various committees which every country would establish to deal with pan American affairs.

Third—Folding the director general to hold any other political posts, no matter in the interests of what government, unless these were of a purely educational character.

Fourth—Prohibiting the director general to forbid any other political posts, no matter in the interests of what government, unless these were of a purely educational character.

Many delegates view this last proposal as a rebuke to the United States since Dr. Leo S. Rowe, present director general, is a United States delegate to the congress.

The Mexican government also wants the other appointments in the organization to be distributed more evenly among the various republics and to assure this all appointments would come directly from the governing board.

Objections to clauses in the draft (Continued On Page Six)

Paris, Jan. 23.—(AP)—The French Government by pointing out its obligations to the League of Nations has brought the United States face to face with the League issue in the proposed treaty to outlaw war.

For the first time in the exchange between foreign minister Briand and Secretary Kellogg, the League, has been mentioned by name in the latest French note. This note was published in all Paris newspapers today with unanimously favorable comment on the French position.

France definitely advanced her commitments to the League as a reason for modifying the original proposal when the United States suggested a multi-lateral instead of bi-lateral pact.

The French desire to insert in the proposed treaty a phrase limiting the war to be outlawed as aggression.

The latest note suggests that the United States may find it possible to accept the terminology adopted by the majority of the powers at Geneva. The note leaves the door open for any other formula Washington may suggest to France "which would enable it to reconcile absolute condemnation of war with engagements and obligations contracted by various nations with a legitimate concern for the security of each."

## Latin-American States Seek Re-organization of Pan-American Union

Havana, Jan. 23.—(AP)—Dissatisfaction in various Latin-American countries with the operation of the pan-American union crystallized today in sweeping reform proposals. Three delegations prepared the proposals for presentation to the committee on pan-American union affairs of the pan-American congress.

Mexico, Peru and Argentina announced they would take the lead in the matter with amendments which would remove ground for accusations that the pan-American union was now established in Washington as now directly under the influence of the United States.

Honario Pueyrredon, chairman of the Argentine delegation and ambassador to Washington, said he had a scheme for sweeping reforms but would not reveal them before laying them before the committee. He said, however, that he had no desire to see the seat of the union transferred from Washington. ## Swanson Issues Sharp Warning To Republican Senators of the East

Washington, Jan. 23.—(AP)—Notice given in the Senate today by Virginia's Senators that the south was "tired of threats of universal negro suffrage," was followed by a plea by Senator Bruce, Democrat, Maryland, that the south sanction an "escape from the tyranny of the 18th amendment."

The Maryland Senator brought Senator Glass, Democrat, Virginia, to his feet to retort that "no one can constrain or restrain Virginia from enforcing the 18th amendment by these threats."

"If the south by legal ingenuity is able to nullify or escape the terms of the fourteenth and fifteenth amendments," said Bruce, "haven't we the right to escape by such means as possible the tyrannical oppression of the eighteenth amendment?"

## ALMA GATLIN CASE BEFORE GRAND JURY

### Patricide Case Grew Out of Alleged Confession of Girl to Minister.

Wentworth, N. C., Jan. 22.—(AP)—A bill of indictment accusing Mrs. Alma Petty Gatlin of the murder nearly a year ago of her father, T. Smith Petty, was presented to the Rockingham county grand jury at the opening of the January term of criminal court here today.

The jury took the presentation, drawn by the solicitor, when it retired to the jury room at noon and it was expected that action on it would be reported during the day.

Mrs. Gatlin is accused of having slain her father and buried his body in the cellar of their home. The body was disinterred and the daughter arrested several months later after the Rev. Thomas F. Pardue, an evangelist, told authorities the young woman had confessed to him that she killed her father.

Immediately after the jury completes its work on the case, if an indictment is returned, decision as to the time of the trial will be made.

While the case is tentatively set for this term of criminal court, there was a possibility that instead of trying the young woman this week, the case will go over until February 6, and even possibly to a special term of court.

The docket has a number of murder cases and other criminal cases in which defendants are in jail. Most of these cases are docked ahead of the Gatlin case which is expected to occupy the court for several days.

Mrs. Gatlin has been in jail here since last September when a coroner's jury, empaneled after the body of Petty had been found buried in the cellar of a house once occupied by his family, held her responsible for her father's death. Both defense and state are said to be ready for trial.

## HOLD HEARING ON FARM BILL

### Representative of Cotton Growers Says Equalization Fee Necessary.

Washington, Jan. 23.—(AP)—A showdown in the house agricultural committee on the equalization fee provision of the McNary-Haugen bill was held in abeyance today while southern cotton growers continued to explain the proposed "bleed-off amendment" to the bill.

This amendment which was included in the bill vetoed by President Coolidge last year is sponsored by Oscar Bledsoe, president of the staple cotton growers' co-operative association. It would provide federal insurance to cotton growers against seasonal decline in price.

Bledsoe concluded his argument today and was told by Representative Aswell of Louisiana, ranking democrat on the committee that he considered the plan "very logical."

A. H. Stone, Dunleith, Miss., vice president of staple cotton growers' cooperative association, further explained and defended the insurance plan. While not referring to the recent defections in the ranks of equalization fee supporters, Stone declared that "the problem of the surplus is the basic and fundamental problem of American agriculture."

The equalization fee device, under which a levy would be collected from producers of any commodity having a surplus, have been advanced as a method of surplus disposal.

"I believe that any measure we get which is to help cotton, should carry an equalization fee," said Stone. "I believe that any commodity which is helped should itself pay the cost of that help, which the equalization fee would do."

He added that doubt as to its workability should not prevent its enactment as an experiment. "If necessary, your machinery could be amended later," he added.

Opposition to the equalization fee, which culminated in a stand by six republicans that they would not insist on the fee, has been attributed to administration disapproval and the contention as expressed by Representative Williams, republican, Ill.

## NICARAGUANS KILLED TODAY BY AMERICANS

### Three Nicaraguans Killed in Fight With U. S. Sailor and Marine.

Managua, Nicaragua, Jan. 23.—(AP)—Three Nicaraguans were killed today in a fierce fight near Esteli with an American sailor and a marine who attempted to come to the rescue of a fourth Nicaraguan being hacked to death with machetes.

L. F. Newton, United States Navy, killed the three Nicaraguans after his companion Harold I. Crowell, first sergeant, United States Marine corps, had been attacked and severely cut on the hands with machetes by his assailants.

In their account of the fight, the men said that they were horseback suddenly came upon three men, attacking a fourth with machetes. They dismounted with the intent of disarming the attackers and the three Nicaraguans, who by this time had killed the fourth, turned on them.

Crowell whipped out his revolver and pulled the trigger but the cartridge failed to explode. The men attacked him cutting him on the fingers and hands. Meanwhile Newton killed two of the men who were attempting to decapitate Crowell. Newton attempted to shoot the third man who was standing over Crowell who had fallen to the ground. When his third shot failed to explode Newton seized a machete which had been carried by the fourth Nicaraguan and killed the third man.

Crowell was brought to Granada and treated in a field hospital and then was sent on to Managua where his wounds were treated immediately. It was stated he was not seriously injured.

## Says Charlotte Detective Shot In Self Defense

Charlotte, Jan. 23.—(AP)—Lee A. Shuman, young Charlotte business man, killed during a fight early Saturday in the Hotel Charlotte, was killed by A. Allen, hotel detective, who acted in self defense, a coroner's jury decided here this afternoon.

W. H. Stevenson, Elizabeth, N. J., traveling salesman, told the coroner's jury that Shuman ignored a warning to cease attacking the officer. He also said the officer shot himself in the hand. This occurred he said, when Allen attempted to draw his pistol from a holster.

Stevenson said that only three shots were fired. This also was testified to by R. A. Crawley, a friend of the slain man. Allen at the first session of the inquest Saturday, said he fired three shots which, being attacked after he had endeavored to stop a fight.

Stevenson testified that he had gone to the ninth floor with the detective to identify gamblers who had been annoying him in his room on the floor below. He said he had no reason to anticipate the battle that broke out.

Coroner Hovis discharged D. F. Duncan, of Asheville, who was held in lieu of the city jail pending the investigation. J. Luth Tonn, Jr., held in \$200 bond and all other witnesses.

Anderson, S. C., Jan. 23.—(AP)—Funeral services were held today for Charles Watkins, 6, son of a Raleigh, N. C., couple, following death Saturday from burns received while playing near a burning straw pile.

## ASKS SAFETY DEVICES ON SUBMARINES

### Ellsberg Report Recommends "Lifting Eyes" and Other Safety Devices.

Washington, Jan. 23.—(AP)—A report by Commander Ellsberg recommending the installation of "lifting eyes" and other safety devices on submarines was made public today by Representative Celler, Democrat, New York, with the remark that it had been ignored by the navy department.

Ellsberg, who directed rescue efforts of the S-51 and S-4, made the report in October, 1925.

"The exact date of sinking of the next submarine can not, of course, be foretold," Ellsberg said, "but based on past performance it can be expected within the next three years. It is desirable that when it occurs, there be means available for a quick salvage that no possible criticism can be made of the navy on the ground of unpreparedness."

"It is strongly recommended that all submarine boats in commission be fitted immediately with lifting eyes, and that a complete set of pontoons (12 eighty-ton pontoons) sufficient to lift an S-class or earlier boat be assembled at an Atlantic port and at a Pacific port."

"The problems of a properly trained salvage ship, and a sufficient number of trained deep divers must not be forgotten."

Ellsberg said that in addition to the straight salvage problem certain changes within the submarine were necessary for greater safety. The most important of these he advised, was that all hatch covers and ventilation valves with their locking gear (accessible to a diver) as well as other hatches and valves capable of lightning against an internal excess of at least thirty pounds."

"The locking gear on the S-51 valves and hatches was so weak," he said, "that bad leakage started at an excess internal pressure of only two or four pounds, causing extreme difficulty in sealing up."

"All hatches and doors," he continued, "should be of such size that a diver can pass through without endangering his life. Conditions in this respect were bad on the S-51. It is noted that on the V-1 and the V-2 conditions were even worse as regards access through hatches and interior doors, and the salvage work on these V boats, if divers must work inside, will be hazardous in the extreme."

Cells said that no reference had been made to the Ellsberg recommendations in the hearings and reports on both the S-51 and S-4 disasters and that he was advised that the navy department, when called upon to produce the recommendations soon after the S-4 catastrophe said it had no record of them. They probably had been pigeon-holed, he added.

## Canal Builder Will Be Buried At West Point

New York, Jan. 23.—(AP)—The body of Major General George W. Goethals, builder of the Panama canal, will be sent today to West Point, where funeral services will be held tomorrow in the cadet chapel, burial will be in the historic post cemetery overlooking the Hudson.

The services at West Point will be read by the Rev. H. Percy Silver, formerly chaplain at West Point and a friend of the Goethals family.

The funeral escort will consist of Company, U. S. corps of cadets and the company the general commanded when he was a cadet at West Point, and the west point detachment of engineers, which he commanded as captain from 1898 to 1900.

## Investigate Killing of Mountain Farmer

Prevard, N. C., Jan. 23.—(AP)—Widow's funeral services were arranged for Ule Robinson, middle-aged mountain farmer, who died yesterday in a local hospital of gunshot wounds received at his home in Hog Back township, late yesterday, Sheriff B. J. Sutton was busy today collecting evidence to present to the coroner's jury to the inquest scheduled for Wednesday.

Robinson will be buried at Old Tokaway Baptist church tomorrow. A coroner's jury viewed his body yesterday but adjourned until Wednesday.

A statement said to have been made by Robinson before his death is expected to be introduced. Joe Revis, Robinson's father-in-law, arrested shortly after the shooting, is being held for investigation, and Vurgil Hyatt is held as a material witness.

## CROWELL ELECTED HEAD HEALTH DEPT.

Raleigh, Jan. 23.—(AP)—Dr. A. J. Crowell, of Charlotte, was today elected president of the State Board of Health at a called meeting here, by a unanimous vote succeeding the late Dr. J. Howell Way, of Wayneville.

There was no contest between Dr. Crowell and Dr. Cyrus Thompson, Jacksonville, mentioned as a candidate for the office.

# SEE SCRAMBLE FOR HONORS IN NAT'L LEAGUE

New York, Jan. 23.—(AP)—A winter season that saw some of the game's most prominent stars bought sold or traded apparently has set the stage for another free-for-all scramble for National League pennant honors next summer.

The sensational player shifts of the off season have left four clubs and possibly six to be reckoned with in any discussion of championship possibilities.

Heading the list are the Pittsburgh Pirates, defending title holders. Domie Bush, seeking his second pennant in as many years, at the helm of the Corsair crew, probably will find chief opposition from the St. Louis, Chicago and New York clubs. Cincinnati, on the strength of a fine 1927 finish, and Boston, with Hornsby, also are considered in the running by observers. Brooklyn and Philadelphia, on the basis of their records last year and their present "paper power" seem slated for second division berths, although both are strengthened.

A month ago the New York Giants were conceded a good chance to win the flag as any of their rivals but the Hornsby trade has upset these calculations.

The deal which sent McGraw's field leader to Boston in exchange for Hogan and Welsh, strengthened the Giants behind the bat and in the outfield but left a gaping hole at second base with Andy Cohen, an untried minor leaguer, as the only stop-gap in sight.

The Pirates completed only one trade of importance but that one brought "Sparky" Adams, crack second baseman of the Chicago Cubs, to Pittsburgh to solve Bush's infield worries. The loss of Kiki Cuyler leaves Bush with the same outfield that won the pennant last year. Pete Scott, who came with Adams in the Cuyler deal, now can take Kiki's place "on the bench" if he fails to land a regular assignment.

Barely nosed out in the fight for the flag last summer, the St. Louis Cardinals, led by their new manager, Bill McKechnie, have high hopes of beating the field to the wire in 1928. Cardinal fans feel that Bob O'Farrell, untroubled by Managerial worries, will return to form behind the bat and that the infield, with Thevener back, again will compare favorably with any in the circuit. The pitching staff needs to do no better than it did last year, when it outgassed all rivals.

The Cubs, sensation for a time last year, appear to have added strength in one spot to take it from another. With the addition of Cuyler, Joe McCarthy's fly chasers should compile many base hits but the loss of Adams has weakened a none too strong infield. McCarthy is banking on Freddy Maguire, Toledo star, to fill the hole.

Jack Hendricks stands pat on his Cincinnati lineup which closed the season in 1927 with a fine brand of Baseball. If the club gets off on the right foot, Hendricks feels that he will be in the thick of the fight all year.

The fans up Boston way are hoping for another "Miraculous Man" under the Braves new manager, Jack Slatery. With Hornsby to supply the spark in the offensive and steady in the field at the same time, and the Braves figure to be the "Dark Horse" of the pennant struggle. Strength needs to be added, however, in the outfield and in the receiving department.

# "HANSONS OF AUGSBURG" READY TO PLAY AS U. S. HOCKEY TEAM

Here is the much discussed Hanson family hockey team whose selection to represent this country in the winter Olympics in Switzerland next month has been very much on again off again. They are, from left to right, Joe, Julius and Emil Hanson. "Moose" Swanson, goalie; Oscar and Louis Hanson, Julius the oldest, who serves as coach, is 28, and Oscar, the youngest, is 19. In set is "SP" Melby, athletic director at little Augsburg College (Minn) which the team represents.

Minneapolis, Minn. —(AP)—Little Augsburg College with its 300 students including co-eds has been stirred by the all-important question of whether its hockey team consisting of the five Hanson brothers and a sixth man named Swanson shall be allowed to go to Switzerland to represent the United States in the Olympic games.

The institution had just congratulated itself upon receiving a distinction that many a large college would covet when the American Olympic Committee overruled the hockey committee's selection of the "Hansons of Augsburg" as the "prodigy" they were "not representative."

A chance that the Hansons yet might earn the right to go by playing a test game against the University Club of Boston or some other prominent team found the brothers and their supporters confident they would prove worthy.

The Augsburg sextet is not merely a "trick" outfit. Although representing the smallest school in the Minnesota conference it has maintained an excellent record. The team has played as a unit in college for two years.

All of the credit for the showing of the team should go to the Hanson brothers, declared M. Skordalvold, member of the college faculty, who manages the team. There is no coach. The team needs none. Anyway the college could not afford one. Julius Hanson, wing and oldest of the brothers, directs the play in the capacity of captain. All sports at the school, however, are under direction of "SP" Melby athletic director.

Joe, Emil, Oscar and Louis are the other Hansons, and "Moose" Swanson is the goal tender.

While other hockey teams often have as many as 10 or 15 reserves, the Augsburg team has only two and one is a substitute goal tender.

The Hansons have been playing hockey together ever since they were old enough to lift a stick. "They need no coach and they need no substitutes," says Skordalvold. "They know how to coordinate their style of play without the aid of an outsider. They are rugged and know how to conserve their energy and have never known what substitution is."

The Hansons range in age from 19 to 28. Oscar, the youngest plays center. Joe and Louis are defense men and Emil plays opposite Julius at the wings.

One or more of the Hansons will be graduated this spring, but these are two younger brothers coming along who plan to enter Augsburg—and play hockey.

# Nabholz Wins Golf Tourney

El Paso, Tex., Jan. 23.—(AP)—A sensational recovery on the last hole in the second annual El Paso golf tournament yesterday brought victory by a single stroke to Larry Nabholz, unattached professional from Cleveland.

Nabholz, whose long drives have added to keep him in the money in keen competition for four years, finished the 72 holes over the El Paso country club in 293 strokes, one over par. Starting Saturday with consistent golf, he turned in a pair of 73 for the first 36 holes and came back yesterday with a 72 and 73, to beat out MacDonald, Smith, of New York, who needed 294.

Sending the ball well down the fairway on the 18th hole on the final round, Nabholz apparently had eluded the bad luck attending the first part of the final round but it rolled behind a tree and then into a trap near the green. He checked an explosion shot. The ball rebounded the sub and rolled on 12 feet. A perfect putt gave him a three and a first prize of \$1,000.

Smith, who won the Los Angeles and Palms Verdes opens in the recent series of California tournaments was playing under the handicap of a 74 and a 75 in Saturday's 72-hole rounds, after he had made a record 46 in practice. He recovered in the final fight with a 72 and a 73. He received \$700.

Plunkett Speech Draws Comment of London Newspapers  
London, Jan. 23.—(AP)—Dispatches telling of the speech Saturday by Rear Admiral Charles T. Plunkett, commander of the Brooklyn Navy Yard, to which he was quoted as predicting was between the United States and its commercial competitors, are prominently displayed in today's newspapers.

The Star gave it a first page streamer headline as a "sensational speech by American Admiral," while the News editorially says, "These words show the way the wind blows and the views of a Rear Admiral of the American Navy may indicate the direction in which the thoughts of a section of the American people is turning."

Delaney Not To Fight Sharkey Or Johnny Risko  
New London Conn., Jan. 23.—(AP)—Jack Delaney, retired light heavyweight champion, will accept only a match with Gene Tunney if he defeats Tom Henney, of Australia, on March 1, says Joe Jacobs, his manager.

Any proposal by Tex Rickard to match Delaney with the winner of the Jack Henney-Johnny Risko bout will be rejected.

Delaney would have nothing to gain by defeating either Sharkey or Risko, Jacobs said. Henney fought a draw with Sharkey and holds a decision over Risko.

Thomas E. Donohue, president of the National Boxing Association, and athletic commissioner of Connecticut, says the association will endorse Delaney as the logical contender for the heavyweight title if he defeats Henney.

Pinelhurst, Jan. 23.—(AP)—Mrs. Elyne G. Hixon, New York society woman left this morning for New York by airplane being the first woman passenger on the new air service from the sand hills to New York. Lloyd O. Yost, one of the winners of the Ford reliability tour in 1925, is piloting the monoplane. They expect to land at Curtiss field.

Tallahassee, Fla. —(AP)—One of the great Florida hurricanes of September, 1925, to fire marine and storm insurance companies is revealed in the annual report of the state insurance commissioner. It cost \$12,700,000. They had received only \$1,120,000 in net premiums.

# Sharkey Balks At Bout With Risko

New York, Jan. 23.—(AP)—Quibbling in the heavyweight ranks has broken out again with Jack Sharkey balking at an elimination struggle against Johnny Risko.

According to matchmaker Jess McMahon, one of the Madison Square Garden lieutenants, Sharkey feels he is sufficiently qualified to box Gene Tunney in a championship bout without the necessity of further tests.

However, McMahon said Sharkey's showing in his recent draw battle with Tom Henney was not impressive. McMahon plans to confer with Sharkey in Boston tonight with the intention of clinching the Boston Sallor man to the Risko bout new tentatively yet for March 12.

The principals in the other half of the heavyweight elimination bracket have also tangled in a dispute. Jack Delaney's activities calling for a fight a week have drawn protests from Henney's handlers who intend to ask the New York State Athletic commission tomorrow to prevent the Bridgeport from participating in any more bouts until after his match with Henney.

Henney's advisers assert Delaney might sustain injuries to his hands which would interrupt the present elimination program.

Goodwin Retains Lead as Scorer  
Raleigh, Jan. 23.—(AP)—By adding 13 points to his total for the season to date in his last game Frank Goodwin, North Carolina state center, retained his lead as individual high scorer among the big five college conference basketball players, figures revealed today.

Henry Satterfield, midget Carolina substitute forward, moved up considerably, to take second place, with 45 points.

Scores in practice contests were not counted.

Ten high scorers:  
Goodwin, State, 73; Satterfield, Carolina, 55; Young, State, 53; Vanstort, Carolina, 52; Haar, State, 52; Hackney, Carolina, 48; Dowling, Wake Forest, 45; Jankovic, Duke, 44; Doddere, Carolina, 41 and Pritchett Davidson, 39.

TRIS SPEAKER MUST TAKE LESS SALARY  
Tampa, Fla., Jan. 23.—(AP)—Tris Speaker, "Gray Eagle" of baseball must voluntarily reduce his own salary within the next week if he wants to play centerfield for Washington this season.

Clark Griffin, president of the Washington club, declared upon his arrival here today.

Makes Air Debut  
New York—(AP)—Mme. Amelita Galli-Curi, coloratura soprano of the Metropolitan Grand Opera, will be heard in her first radio recital in a program to be broadcast at 10 p. m. Jan. 27 over WJZ and chain.

Famed for her singing of many operatic arias, Mme. Galli-Curi will include several in her program which also will embrace some lighter selections.

Pablo Casals, cellist, will have a part in the program, which comprises the third Victor Hour of this year. The Victor Orchestra is an added feature.

THE ONLY CAR OF ITS KIND IN THE WORLD

No matter how much money or how little you are planning to invest in a motor car—SEE THE NEW VICTORY SIX FIRST!

Nowhere in the world—at ANY price—is there a car like it. Greater expenditure will not duplicate it. It introduces more features that are new and different and better than any other motor car in history.

The Victory body and chassis, for example, are a single integral unit. Body sills are eliminated. The wide, deep Victory chassis frame, flush with the body lines, eliminates the customary overhang of a wide body on a narrow frame—lowers the over-all height and the all-important center of gravity.

Major body parts are reduced to 8—a triumph in simplification! 175 pounds of superfluous weight are cast off!

Double steel walls (battleship construction) are introduced, for the first time, in closed car design—another safety factor of the first order!

The car's power, pick-up, absence of sideway at high speed, and incredible smoothness over rough roads astound everyone who takes the wheel!

And the Victory lines are superb! Low, smart and individual—with appointments and color effects that vie in smartness with the costliest.

**MRS. CLARA J. FORBES CELEBRATES 78TH BIRTHDAY**

Friday evening, January 20, all the sons, with their wives and the daughters and husbands, and all grandchildren, and many friends gathered at the home of Mrs. Clara James Forbes to show their love for her and to congratulate her upon having reached her 78th birthday.

Every year Mrs. Forbes' children and grandchildren gather at the old family home and do all that is possible to show their love and veneration for their mother. Sometimes the entertainment is a family dinner party with only near relatives present. This time the circle was widened, and many of her dearest friends were made happy by being admitted to the family circle.

The guests were received at the door by her daughters, Mrs. Sam White, Mrs. Move and Mrs. Best. Mrs. Herbert Waldrop, accompanied by Mrs. Hadley, sang many old-fashioned songs. Flowers and many gifts were brought in to testify in a small way the love of friends and relatives.

Ice cream and cakes, nuts and mints were served for refreshments and a lovely birthday cake with candles graced the dining room table.

All too soon the hours sped by, and the time came to tell "Our Mother Forbes" good-bye, with the hope that we would be allowed to come again next year. —Reported.

## In Memory of George McGowan

The one that you've lov'd, from your side has been taken; you'll meet him no more 'till you meet him with God; when with anguish and sorrow your poor heart was breaking, you laid him forever to rest 'neath the sod.

You have heard the last sigh of your dear loving brother, and you held his pale hand as you stood by his bed; when the angel of death laid his cold hand upon him, he answered the summons, and brother was dead.

As you stood by his grave, ere forever you parted, it seemed that your heart had the last pang been wrung. But the song that they sung made you sink broken-hearted—'Twas the song that so often your brother had sung.

Shall we meet in that land where no death comes forever, where no sorrow is known, where no tears ever flow? Shall we meet in that land, or be shut out forever? To grope in the region of darkness below?

"I shall go to him, but he shall not return to me."—2 Saml. 12:3. —Henry Hardee

**MARY LEWIS TO GIVE CONCERT IN THIS CITY**

One month from today, February 23, Mary Lewis, the great soprano prima donna, will give her concert at East Carolina Teachers College. Greenville has a chance to put Greenville, North Carolina, on the map so that artists will not be sent to Greenville, South Carolina, instead of here. If the town makes a reputation among artists for being a good town, furnishing good audiences, appreciating good things, it will help the town in every way.

Greenville is centrally located, conveniently reached from towns in every direction, and can become a meeting place for people throughout the eastern Carolina, if the people are made to realize that they will get the best things by coming here.

East Carolina Teachers College is offering a series of entertainments featuring great artists. This gives the town a wonderful opportunity for turning the attention of eastern Carolina in this direction.

## Married Six Times and Will Try It Once More

LUCK in odd numbers?

Mrs. Myrtle Miller of Chicago thinks so, or at the very least she's an optimist, because she's been married no less than six times and concedes that she's contemplating going up to the altar for the seventh, in the near future.

Mrs. Miller is candid about her collection of ex-husbands. "Some were good," she says, "some were fair, and some were rotten."

Here's a chronological account of the Chicago woman's matrimonial experiences:

- 1. Mr. Miller, 3 years;
- 2. Mr. Seth, 3 months;
- 3. Mr. George, 18 months;
- 4. Mr. Billings, 5 months;
- 5. Mr. Williams, 6 months;
- 6. Mr. Wilson, 6 weeks.

In the order of their appearance—and disappearance—her husbands were (1), a leather worker; (2), a carpenter; (3), a soldier; (4), a silk salesman; (5), a cement contractor, and (6), a salesman.

Mrs. Miller keeps her own personal lawyer, who is called upon rather regularly to go to the courts and free her from her latest and likewise matrimonial bonds.

Peggy Hopkins Joyce, also well known as a "Lady Bluebeard" for her rapacity in exacting uncom-

mates, could not be reached to comment upon the Chicagoan who threatens to eclipse her record.

## Officers Capture Four Whiskey Stills

Four stills were captured and destroyed by sheriff's officers yesterday according to announcement made today. All four of the plants were taken in Pactolus township and none were in operation at the time. Three of the outfits were steam plants while the fourth was of the copper still variety. The raids netted the four stills, ten gallons of whiskey, five or six thousand gallons of beer and many containers and other equipment.

That part of the program dealing with the care of the tractor will be in charge of the International Harvester Company and will be thoroughly practical in every way. The men in charge have been handling tractors many years and not only know the tractors from the standpoint of theory, but can operate them and give you the benefit of their practical experience. They will be anxious to answer your questions.

Several reels of motion pictures will be shown. These pictures will bring to the people the latest methods of farming in other sections of the country.

Farming today is dependent on volume production—that is, the producing of more per person on the farm. By increasing the volume per person the cost of production is materially decreased. One of the objectives of this entertainment is to bring through pictures and otherwise, experiences of the outstanding farmers of the present day.

Tractors and other present-day equipment will be on display to offer a first-class study of the various mechanical features. Several new machines have been introduced in the past few years, some of which are making their appearance in our neighborhood for the first time. Come and see for yourself how these machines operate and what their effect will be on crop production.

Do not forget the date—every progressive farmer should be there. Make your plans now, bring the entire family, and spend the whole day. Be prompt.

## Salvation Army To Stage Drive Here Next Week

The annual drive to raise the year's budget for Salvation Army work in and around Greenville will be staged here next Monday and Tuesday according to announcement made this morning by W. L. Best, chairman of the board of directors for the army work in the city.

According to the announcement the budget for 1928 work will require \$3,500 and Mr. Best expressed confidence that there would be little trouble in raising this amount. Since the Salvation Army established its post here much good work in this vicinity has been accomplished and many needy cases have been helped that, without the aid of the Salvation Army, might have gone lacking. The record that the Salvation Army is making is such as to justify the confidence of the people in it and no doubt local citizens will respond generously when solicitors make their rounds next week.

## Power Farming Show Tomorrow

The Turnage-Whinslow Company has completed all arrangements for its extensive power farming entertainment to be held tomorrow, at their store on Clark street. They have made arrangements with the speakers, secured the motion pictures, and made arrangements for an appetizing lunch to be served at noon.

That part of the program dealing with the care of the tractor will be in charge of the International Harvester Company and will be thoroughly practical in every way. The men in charge have been handling tractors many years and not only know the tractors from the standpoint of theory, but can operate them and give you the benefit of their practical experience. They will be anxious to answer your questions.

Several reels of motion pictures will be shown. These pictures will bring to the people the latest methods of farming in other sections of the country.

Farming today is dependent on volume production—that is, the producing of more per person on the farm. By increasing the volume per person the cost of production is materially decreased. One of the objectives of this entertainment is to bring through pictures and otherwise, experiences of the outstanding farmers of the present day.

Tractors and other present-day equipment will be on display to offer a first-class study of the various mechanical features. Several new machines have been introduced in the past few years, some of which are making their appearance in our neighborhood for the first time. Come and see for yourself how these machines operate and what their effect will be on crop production.

Do not forget the date—every progressive farmer should be there. Make your plans now, bring the entire family, and spend the whole day. Be prompt.

Market Report Cotton--Stocks--Grain

COTTON New York, Jan. 23.—(AP)—Cotton prices were lower today under liquidation, and southern selling, attributed to slightly larger ginning figures than expected, relatively easy Liverpool cables, and reiterated reports of an easier spot situation in parts of the south. Declines of 22 to 37 points from Saturday's closing quotations brought in trade buying and covering, but rallies were limited, and the mid-afternoon market was within 8 or 10 points of the lowest.

COTTON SEED OIL New York, Jan. 23.—(AP)—Cotton seed oil closed steady. Prime summer yellow 10.00; prime extra 8.75; Jan. and Feb. 10.00; March 9.94; April 10.00; May 10.20; June 10.30; July 10.43; Aug. 10.54; sales 21.00.

GRAIN MARKET Chicago, Jan. 23.—(AP)—Scarcity of offerings of the March delivery of wheat here led to a sharp but transient return in wheat prices today during the late transactions. Profit taking sales on the bulge forced a setback however, at the last. Corn values recovered at times with wheat and as a result of predicted storms.

STOCK MARKET New York, Jan. 23.—(AP)—Stock prices gave an impressive demonstration of strength in today's market. Lowering of the call money renewal rate to 3 1/2 per cent. The lowest opening charge since last November, and the favorable character of the week-end trade reviews helped to create bullish sentiment, and inspired a resumption of pool activity on a large scale.

U. S. steel common crossed 149 to a new high on the current upswing. Motors responded to reports of increasing sales of the new models, with Hupp again in the leadership of the advance. Some of the sharpest gains were recorded in the merchandising group, Woolworth, R. H. Macy, Christie, Brown, National Biscuit, Cluett Peabody, and Abraham & Straus selling 4 to 8 points higher.

Public Utilities also swung upward in brisk fashion. Montana Power, Aditibi Power and Adams Express selling at their highest levels since 1923, or longer. Fleischmann, Atlantic Gulf and West Indies, Bucyrus-Erie, Vanadium Steel and Dunhill International also reached new high ground.

The closing was strong. Total sales approximately 2,600,000 shares.

Ginning Report Washington, Jan. 23.—(AP)—Cotton of 1927 growth ginned prior to January 16, the census bureau announced today totalled 12,501,845 running bales including 529,661 round bales, counted as half bales, and excluding liners, compared with 16,616,075 running bales, including 612,746 round bales to that date a year ago and 15,499,893 running bales including 336,993 round bales in 1926.

The 1927 crop is estimated by the department of agriculture at 12,789,000 equivalent 500 pound bales. Today's report is the last ginning report until the final canvass is made by the census bureau announcement of which will be made March 20.

Ginnings to January 16 by states follow: Alabama, 1,169,237; Arizona, 81,201; Arkansas, 940,707; California, 80,096; Florida, 17,778; Georgia, 1,103,583; Louisiana, 540,799; Mississippi, 1,328,162; Missouri, 105,042; New Mexico, 64,195; North Carolina, 877,697; Oklahoma, 979,379; South Carolina, 730,024; Tennessee, 330,962; Texas, 4,130,690; Virginia, 28,445; all other states 5,456.

OFFICERS SEEKING FOUR MEMBERS OF HOLD-UP GANG

Raleigh, Jan. 23.—(AP)—Four of the dozen men under indictment for their alleged connection with automobile theft and bank hold-up gang operating in North Carolina for several months, were being sought today by authorities from Virginia to Florida.

The other eight, awaiting trial in Pittsboro in May, are either confined to jail here or at liberty under bond.

The men sought are Bill Payne, Red Harrow, Collin Fox and Elzie Cox.

Birds Take Farm. Asheboro, Jan. 23.—(AP)—Swooping down out of the skies by scores of thousands, Robins and Starlings have virtually taken over the farm of Dave McCain near here. For the last three weeks the birds, swinging low out of the west, have roosted at night so thickly on trees and bushes that they have attracted crowds of persons to see the phenomenon.

Where the birds come from and why they have chosen this spot is unexplained. They come in late in the day in such immense flocks that the fields are literally darkened for a distance three or four miles. Their wings make a roar as of ocean waves.

Reckless persons have been slaying the birds by dozens. Some have even knocked the birds down from their perches after dark first blinding them with strong lights. Sportsmen in this section have appealed to federal authorities to take steps to end the slaughter under the migratory bird act.

Poultry Growers Meet Raleigh, Jan. 23.—(AP)—Poultry growers of the state gathered at state college today for a study period lasting a week in modern methods of handling their farm stock.

Tonight the state poultry association planned its annual meeting and elect officers for the year. Every year hundreds of persons go into the business of raising poultry and every year the same persons fail because of lack of preparation. Dr. B. K. Kaupp, head of the poultry department at the college said:

SOUTHERN ASKS PERMIT TO ISSUE EQUIPMENT BONDS Washington, Jan. 23.—(AP)—The Southern Railway sought approval from the Interstate Commerce Commission today for financing necessary to purchase \$12,312,950 in new equipment, including 43 locomotives, 5,500 freight cars, 25 steel coaches and other rolling stock. It would borrow \$9,500,000 of the total through the sale of 4 per cent equipment trust certificates and pay the balance from other funds.

DIES AS RESULT OF AUTO WRECK Tryon, Jan. 23.—(AP)—Boone West, 20, son of Deputy Sheriff West of Columbus, died in a local hospital last night as a result of injuries received in an automobile wreck earlier in the evening. The accident occurred when the machine in which West was riding collided with the machine of F. J. McFarland, of Tryon, on a curve near Columbus. Funeral services for West will be held tomorrow at Columbus.

### Two Bootleggers Caught Saturday

Two bootleggers were arrested here Saturday night as result of efforts of local police. One of the arrests was made as a result of a raid on the house of Lee (alias Bud) Hardee. Hardee was found to be in possession of two gallons of whiskey and a number of empty containers that indicated he was engaged in retailing the illicit beverage. Hardee is described by officers as being an old offender, having been previously tried and convicted in both state and federal courts for violation of the prohibition laws.

The other arrest made Saturday night was that of Alona King, who was described by officers as a "hip pocket" bootlegger. King was arrested with a bottle of liquor and a drinking glass on his person and was said to have been peddling "rips" on the street at so much each.

### Entertainments Getting on Nerves Of Col. Lindbergh

Cristobal, Canal Zone, Jan. 23.—(AP)—The eagerness of Latin-America to do honor to Colonel Charles A. Lindbergh has brought him to a point where he is very nervous, Colonel Arthur Fisher, commandant of the France Field, believes.

The Lone Eagle "may crack under the strain," Colonel Fisher said.

The statement regarding Lindbergh's nervous condition was made after he had returned with every outward evidence of good health from a week of recreation in the tropical mountains of Panama. He went there after completing some 4,000 miles of his good will trip and a continuous round of social functions in seven Central American capitals.

Although the Spirit of St. Louis was ready to carry him on to South America, it was announced that Lindbergh would take several days more of rest before setting out for Cartagena and Barranquilla, Colombia, Friday.

It was on the vacation trip, the first extended one that the Lone Eagle has had since leaving Washington on Dec. 13, that Lindbergh's nervous condition became apparent to his companion, Colonel Fisher declared. Lindbergh was unable to sit still, read or rest, it was stated.

From Colombia, Lindbergh intends to fly to Caracas, Venezuela. Then he will go to St. Thomas, Santo Domingo, Haiti, Porto Rico, and Cuba.

Lindbergh spent the first day after his return from the mountains on the bay in a launch and taking a horseback ride to the old Spanish fortress of San Lorenzo.

### POPULATION OF DEATH ROW INCREASED TO FIVE

Raleigh, Jan. 23.—(AP)—Population of "death row" in state prison was increased by one during the week-end when Clarence Thomas, Winston-Salem negro, under sentence to die in the electric chair on February 24, arrived.

Thomas was convicted of the murder of Barnett B. Graham, a night watchman, on December 12. The negro was also charged with killing detective L. C. Teague, of Winston-Salem, who was shot when he attempted to arrest Thomas after Graham had been killed. It was alleged.

Arrival of Thomas increased the population of "death row" to five. They are Larry Newsome, of Wayne county; Dave Delvin, Rowan; John Clyburn, Mecklenburg; and Will Taylor, Gaston, all negroes.

### DIVORCED WIFE OF CORNELIUS VANDERBILT WAS MARRIED FRIDAY

New York, Jan. 23.—(AP)—Society today showed keen interest in the marriage of Mrs. Rachael Littleton Vanderbilt, divorced wife of Cornelius Vanderbilt, Jr., to Jasper Morgan of Wheatley Hills, N. Y., a nephew of J. P. Morgan.

The couple were married Friday in Windsor, Vt., at the home of Mrs. Jeremiah Evert, sister of the bridegroom. They left for New York last night after announcement of the marriage had been made by Mrs. Evert.

Mrs. Morgan's former husband is a son of General Cornelius Vanderbilt. He attracted wide interest in building up a chain of newspapers, which later collapsed when his family withdrew its financial support.

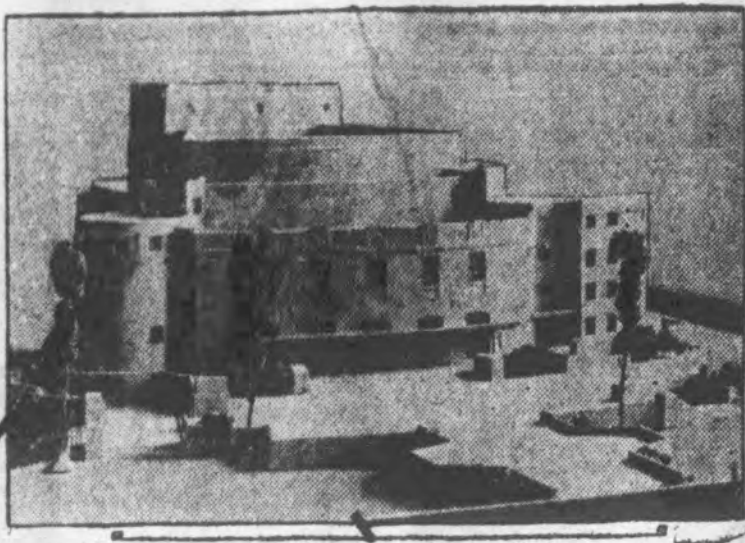

Mr. Morgan is the son of Mr. and Mrs. Edwin D. Morgan, of Wheatley Hills, N. Y., he is a graduate of Harvard.

### WOMAN'S ABILITY SEEN IN THEATRE PLAN

The new Shakespeare Memorial theatre at Stratford-on-Avon, England, is expected to be completed within two years. Miss Elizabeth Scott, who designed the structure, is shown with her model which won in competition with numerous others.

Stratford-on-Avon, England, (AP)—Nearly two years will be required to complete the new Shakespeare Memorial theatre at Stratford, which a young woman designed.

The design, somewhat after the style of a medieval castle, is that of Miss Elizabeth Scott, 29 years old, who triumphed over architects representing some of the foremost talent of Great Britain and America. It was Miss Scott's first attempt in a big design. She is a daughter of a Portsmouth physician, and a cousin of Sir Giles Gilbert Scott, R. A., architect of Liverpool cathedral.

Not only was Miss Scott's design, in the judges' view, the most suitable for a theatre, but it was held to reveal great ability and power of composition. The largeness and simplicity of handling was unequalled by any other design, the judges agreed, other points taken into consideration being the suitability for the site on the Avon banks, picturesqueness in silhouette and modernity and conformity with the traditions of Stratford.

The new building, which is to be of stone and the remains of the old one destroyed by fire in 1926

will stand back to back.

The theatre will seat 1,000 persons.

Miss Scott explained that she chose her style because of the picturesque site on the Avon with its trees and meadows and the collegiate church in the background.

"I wanted every line in the landscape to lead directly to the elevation of the building," she said. "I have been entirely controlled by that fact and the fact that the portion of the old building which escaped the fire will stand as the museum."

"As one connected with the theatre," said G. Bernard Shaw, "I am impressed by the fact that, although the architect is a woman, I feel that hers was the only one which showed any theater sense."

The cost of the building will be approximately \$750,000, including subscriptions raised in the United States.

A. O. Flower, chairman of the memorial executive committee, has arranged for a tour of the United States and Canada by the Shakespearean players next year, and plans, when the new theatre is completed, to have the players appear at Stratford in the summer.

### TODAY

(Continued from Page One.)

for the Chinese Nationalist forces, invites Lindbergh to accompany him in a three-motor plane next summer, taking two or three other good fliers.

Lindbergh likes flying alone, but a trans-Pacific flight would be rather long to keep awake.

Meanwhile the Japanese, determined to show that the Pacific is their ocean by flying it ahead of anybody else, are building two special planes. A Japanese pilot and mechanic will take one. If they fail the other will start immediately.

We have the world's crack flier in Lindbergh, but if Japan undertakes to fly the Pacific ocean you may depend on it that she will fly it.

Detroit opened its big automobile show yesterday and simultaneously a bag of rumors. Talk of new models, new prices, and considerable foolish talk about an "automobile

price war" came forth. There will be no price war. This statement is made on the authority of the ablest automobile makers, including G. M. Williams, president of the Marmont Company, who wires from Indianapolis, "the price war is not only improbable but impossible, although competition is and will continue to be very intense."

Automobile men are competing in quality and in values, with on foot "cut throat" price war ideas.

When Major-General George W. Goethals died yesterday his country lost a good man, the great builder who put the Panama canal, devoting seven years of his life to the great work.

France, guided by her greatest engineer, de Lesseps, had tried and failed.

Goethals conquered all obstacles, including disease, United and rendered service to all the world's countries. President Roosevelt made it possible for him to do it. Honor to them both.

Hope deferred maketh the heart sick. Ask the Wall Street bear, he knows. He snuggled into bed last night, with that longed-for "market collapse" still in the distance, and wakes going up. "What goes up, must come down," says the poor bear, but that doesn't always happen, notably in the case of Elijah

and his chariot of fire.

Many a Saturday night will find poor Mr. Bear going to bed disappointed. Don't sell this country short, but don't gamble or you will lose.

Good bishops of the Church of England re-wrote the prayer book. The "lords" approved. King George was ready to approve, but the "commons," the power in Britain, said "no," after some member made a fiery speech about the Church of England drifting toward Rome.

All England is excited about the prayer book, and religious discussion, most bitter and hateful of all, is made more important than Britain's pressing problems.

It might surprise "lords," "commons" and the king, perhaps, to learn how little difference mere words make at the judgment seat; how much depends on whether you really mean what you pray.

Russia's government will jail speculators in wheat, and some "best minds" here will yell "more horrible bolshevism."

It is no new idea. France long ago punished with imprisonment at hard labor anybody conspiring to increase the cost of bread. France fixes bread prices by law, as has often been done, since Joseph worked his great corner in grain.
