

—THE WEATHER—

Cloudy tonight and Friday, colder Friday and in north portion tonight; moderate variable winds.

TO QUESTION OSLER IN OIL INVESTIGATION

Senate Committee to Ask Canada Oil Man to Explain About Continental Oil Co.

Washington, Jan. 26.—(AP)—Blocked in its efforts to bring some of its most important witnesses to Washington the senate oil committee is preparing to reach across the international border in its search for more light on the operations of the continental trading corporation, organized by oil men after the leading of teapot dome.

The committee has decided to ask Vice President Dawes to appoint a commission to go to Canada and question Henry S. Osler, president of the Continental Company, which was incorporated in the dominion. Such a step was authorized by the senate several days ago.

Whether the same procedure will be employed in the case of Robert W. Stewart, chairman of the board of the Standard Oil Company of Indiana, who was refused to return here from Havana immediately to testify, has not been decided. Stewart was one of those who guaranteed a continental contract. The committee has decided, however, that it has no other means of reaching Stewart, since a mere senate subpoena can not reach to foreign soil.

The committee's interest in the Continental Company arises from the fact that its profits of about \$3,000,000, made almost overnight in purchase and sale of oil, were invested in Liberty bonds and that \$225,000 worth of these same bonds later were turned over by Harry F. Sinclair, lessee of teapot dome, to former Interior Secretary Albert B. Fall, in exchange for an interest in Fall's New Mexico ranch. The committee very much wants to know what became of the rest of the \$2,775,000.

Osler's deposition was sought by special government oil counsel during the trial of the civil suit for recovery of the teapot dome reserve, but he declined to testify on the ground that he could not disclose confidential information given to him as an attorney by his clients.

The Canadian courts have ruled since that Osler must testify on a demand by the United States courts, but it was understood here that ruling does not go to the extent of requiring him to appear in Canada before a senate commission.

Arrest Women For Conspiracy At Mexico City

Mexico City, Jan. 26.—(AP)—Secret police today were investigating the ramifications of an alleged conspiracy of two women against the government.

The two women, who are members of a well known family, were arrested and charged with having engaged in seditious activities by distributing revolutionary literature.

Twenty-one other women, teachers in the Catholic school Colegio Josefina, were also arrested and held for examination. The school was closed.

Although the police have been reticent regarding the arrests, newspapermen here said it was learned the 21 teachers, reputed to be nuns, were held for examination to determine whether they conducted religious services and teachings in violation of the religious laws.

The two women held for seditious activities were understood to be sisters named Guadalupe and Luz Del Villar Trigueros. It was asserted that police in searching the residence found many bonds of the league for defense of religious liberty. The bonds were intended it was claimed to raise money for what the government terms the Catholic revolution and for the publication and distribution of subversive literature.

A number of papers were understood to have been found by police at the Catholic school. They are being examined. The teachers after being held in a reception room at police headquarters were reported to have been questioned by a police official.

Mrs. Wood Wins In Will Case

Goldboro, Jan. 26.—(AP)—Mrs. J. M. Wood, widow of the late J. M. Wood, whose will eight nephews and nieces and two sisters entered an unsuccessful suit in Wayne superior court to break, was preparing today to take possession of the \$150,000 estate left her by her husband. The county court jury yesterday returned a verdict in favor of Mrs. Wood after deliberation of only a few minutes.

Famous Flyer Sent to Jail

Cartagena, Colombia, Jan. 26.—(AP)—Colonel Charles A. Lindbergh, completing the first lap of his resumed good will tour, landed here shortly from Colon, Panama, safely before 2 o'clock this afternoon.

Naugatuck, Conn., Jan. 26.—(AP)—Bert Acosta, famous trans-Atlantic flyer, was sentenced to serve five days in New Haven county jail when arraigned in borough court here today on a charge of violating the Connecticut aircraft laws. Acosta was charged with flying low over Naugatuck yesterday, witnesses claiming that he made one attempt to maneuver his plane beneath the arch of a bridge across the Naugatuck river.

In addition to the jail sentence Acosta was ordered to pay costs of \$19.51.

Acosta was specifically charged with flying at less than 2,000 feet from the ground over thickly populated sections. He pleaded guilty and told the court that when he arrived he was a "little exuberant." He said he felt so because he was glad to be getting home again, and he took this way of showing his friends how pleased he was. He said he was sorry.

Prosecutor Tolles declared that Acosta had been warned against low flying and there was no excuse for his act.

Judge Sears said that an apology was not in order and imposed the five day jail sentence.

INTERVENTION CHIEF SUBJECT AT PAN CONFAB

Dr. Victor Martua Presents Report to Conference Members in Havana.

Havana, Jan. 26.—(AP)—The matter of intervention by one country in the internal affairs of another was before the pan-American congress for discussion today.

It is not possible to denounce all such intervention, a report dealing with the subject declares. The report was explained by Dr. Victor Martua of Peru before its presentation to the committee on public international law for which he is reporter.

Dr. Martua urged that subjects mentioned in the first two chapters of the recommendations for the codification of international law, prepared by the jurists' conference in Rio de Janeiro, last April, should be made the subject of a general declaration instead of being incorporated in a treaty.

These chapters define the various basic legal conceptions of such law.

Dr. Martua's report, however, denounces intervention as a general rule. It maintains that among the fundamental principles of international law are independence and the right of all countries to grow strong and flourish undisturbed. Both these precepts, the report holds, are only valid if accompanied by behavior on the part of the country in question in accordance with the rules of international comity.

The principle of recognizing de facto governments under certain conditions is also upheld. These conditions are: If the government promises stability, continues effective and remains trustworthy to international obligations.

The committee on communications had before it amendments suggested by Mexico to the draft treaty on commercial aviation. Their amendments appeared to delegates to introduce the possibility of discrimination between national and foreign planes on the part of any government.

The Mexicans would allow governments to designate the zones over which, for military reasons, all foreign planes and national ones engaged in international services could be excluded from flying. The draft treaty recognized the right to establish such zones but specifically mentioned that both national and foreign machines, without distinction or exceptions, would have to be excluded.

The Mexicans also would halt all international flyers at the frontier under an amendment providing the government should supervise all entries and exits of planes.

Barber Dies of Wounds. Rosemary, Jan. 26.—(AP)—Alleged to have killed his pretty young wife, the mother of his two small children, Eddie Pearce, 25, barber, today was dead of shotgun and razor wounds, inflicted 10 days ago. No cause for the act has been found by relatives.

LINDY TAKES FLIGHT AGAIN EARLY TODAY

American Flying Ace Expected to Land at Colombia This Afternoon at Two O'clock

France Field, Colon, Jan. 26.—(AP)—Colonel Charles A. Lindbergh, resuming his good will tour after a vacation of ten days, took off from France field at 9:25 o'clock this morning for Cartagena, Colombia.

Colonel Lindbergh, who estimated the distance to Cartagena, at 400 miles, expected to arrive there about 2 o'clock this afternoon. Colonel, escorted for a short distance by army planes, circled the field a few minutes before setting south to the seaport of Cartagena on the eastern side of the Gulf of Darien.

A large crowd, including 600 school children from the Canal Zone, saw the departure from the same spot where a short time before the French fliers, Dieudonne Costes and Joseph Lebriz, began their 900-mile flight to Guatemala City en route to the United States.

Before taking off on his new conquest which will carry him to the pan-American congress at Havana the colonel was given an affectionate farewell by the American army officers stationed at France field with whom he has spent the past ten days.

Earlier in the morning, Colonel Lindbergh using an army plane made several flights with friends and acquaintances. He took up Mrs. A. G. Fisher, wife of Commandant Fisher of France field, and Mrs. Clarence Welsh, wife of Lieutenant Welsh, an army aviator. He also took the correspondents for the Associated Press and the New York Times for spins.

Although Colonel Lindbergh had been invited to stop at Medellin, Colombia, en route between Cartagena and Bogota, he said today that he would be unable to stop there because his itinerary was crowded.

DEATH TOLL FROM STORM INCREASING

Six Killed and Scores Injured in Tarrific Gale Reported Tuesday Night.

New York, Jan. 26.—(AP)—The toll of the severest windstorm experienced by eastern states for years today stood at six deaths, scores injured, and heavy property damage.

Extending from Cape Hatteras to the north, the gale left in its wake disrupted communications and hampered traffic on land, and marked a curtailment of shipping on sea.

In New York city, the wind reached a velocity of 72 miles an hour, which was said by weather bureau officials to be equivalent to a velocity of 89 miles an hour by the system of measurement in vogue prior to January 1. Not since December 26, 1915, when a 90-mile gale was recorded, have the New York instruments shown so high a wind.

Boston, Layton, Quebec, Camden, N. J., Scranton, Pa., Bloomsburg, Pa., and Syracuse, N. Y., had one fatality each.

A heavy iron water tank, on top of a nine-story building in downtown New York, crashed through four floors.

Some \$250,000 worth of plate glass was broken in New York city. In up-state New York blizzards piled falling snow into heavy drifts.

Grain valued at \$20,000,000 intended for export, was in ships buffed up behind the breakwater near Buffalo.

Vessels were driven ashore or endangered all along the coast of New England.

In Canada every form of traffic was interrupted in the Ottawa valley by the worst storm of its kind in ten years, bringing with it more than a foot of snow. In the province of Quebec two feet of snow accompanied a 50-mile an hour wind, snowing in one train.

Discontinue Hanrahan Postoffice. The post office department has notified Congressman Lindsay Warren that it is contemplating the discontinuance of the post office at Hanrahan, Pitt county and institute in lieu thereof service from Ayden. Congressman Warren has appointed Zelma Whitley of Bethel as alternate to Annapolis.

LAST HONORS PAID TO PANAMA CANAL GENIUS

Military ceremonies marked the burial of Major General George W. Goethals, numbered among the mortals of engineering for his part in building the Panama Canal, when last services were held at West Point, where he started his brilliant career as a cadet. Photo shows the casket being lowered into the grave. (International Illustrated News)

VARE WINS SKIRMISH

Victory in Senate Battle, However, Not Expected to be Long Lived.

Washington, Jan. 26.—(AP)—The Senate elections committee was suddenly called into session today to reconsider its decision of yesterday in throwing out the petition of William B. Wilson for a recount in the last Pennsylvania senatorial election.

Washington, Jan. 26.—(AP)—Senator-elect Vane of Pennsylvania has won one skirmish in the double campaign being waged against him and his senate seat but there was no certainty today that the victory would be long lived.

Immediately after the senate elections committee voted late yesterday to dismiss the contest petition of William B. Wilson, Vane's democratic opponent for the office, Senator Reed, democrat, Missouri, made ready to ask the senate to override the committee and direct it to entertain Wilson's contest.

Reed, chairman of the slush fund committee that disclosed large expenditures in Vane's campaign, proposed to have the senate order the elections committee to proceed at once with the counting of ballots in six Pennsylvania counties where Wilson has charged conspiracy existed against him. He was confident that the committee vote, 8 to 6 on party lines, that dismissed Wilson's petition for lack of particulars, would be overturned by the senate because it already was recognized the democratic candidate's contest.

Pending settlement of that issue, Wilson has 25 days granted him by the committee in which to file an amended complaint.

BILLY SUNDAY COMING HERE DURING APRIL

Noted Evangelist to Begin Campaign Here Not Later Than Week of April 22nd

Plans for the evangelistic campaign to be conducted in this city by Rev. William Sunday, widely known evangelist, continued to assume more concrete form today with announcement of the coming of Mr. Sunday not later than the week of April 22nd.

This announcement was made today by Rev. W. S. Harden, chairman of the local campaign committee, following receipt of a letter from Mr. Sunday, dealing with plans for his visit to Greenville.

A representative of the evangelist will come to Greenville during the month of March to make final arrangements for the campaign. Mr. Sunday at the present time, is closing a whirlwind campaign in the city of St. Louis. He will go to Kansas at a later date where he is scheduled to conduct a lengthy series of services. From there he will come to Greenville.

American Marines Face Great Difficulties In Nicaraguan Battle Zone

Managua, Nicaragua, Jan. 26.—(AP)—Enormous difficulties confront the American marines in their campaign to end the revolt of General Augustino Sandino but they will be overcome, Major General John A. Lejeune, commander United States marine corps, believes.

Lejeune returned here by air plane from the scene of the recent fighting in Nueva Segovia. He apparently was well pleased with the progress the marines had made.

"I was never prouder of anybody I ever met or have ever known," he said. Every American who is proud of being an American, should be proud of the American marines in Nicaragua.

"The moral of the marines is high. There is no discontent. There are no complaints.

"The boys are well liked by the Nicaraguans. At every place I visited, Nicaraguans greeted me cordially. All professed the greatest appreciation of what the United States is doing for them.

"I would rather see Sandino captured than killed. I hope he will voluntarily stop his fighting.

"There has been enough bloodshed." The general came here indirectly from Ocotol yesterday. He stayed an hour at Ocotol inspecting the marines. Then in an airplane piloted by Major Rowell he flew over El Chipote, San Fernando, San Albino, Telpaneca and other places formerly infested by Sandino's men. Asked if he saw any evidence of rebels near the former Sandino headquarters on El Chipote, the general said:

"On El Chipote, which is a mountain probably 5,000 feet high, there were trenches and fortifications and about 50 shacks evidently used by Sandino's soldiers."

On Saturday, Sunday and Monday, General Lejeune made an inspection-trip to Matagalpa, Patateca and intermediate points between those places and Managua.

General Lejeune said that there were enormous difficulties to overcome, but he was well pleased with his trip.

"Our object," he continued, "is to pacify Nicaragua and it will be done."

General Lejeune expects to leave Nicaragua tomorrow on the cruiser Rochester for Panama. From Panama, he intends to go to bluefields on the Caribbean and inspect the marine garrison there.

Then he will return to the United States.

TODAY HEALTH MEN TO SPEAK IN GREENVILLE

The Flivver Files. The Dollar Rules. 6 Good, Bad, 8. Billant In Business. (By Arthur Brisbane) Copyright 1927, by Star Co.

At 7:15 yesterday morning, Harry Brooks, air pilot, shook hands with Henry Ford and William B. Mayo, Ford's chief engineer, and climbed into the air in a tiny flying machine that Detroit calls "Ford's flying flivver."

Brooks carried forty-eight gallons of gasoline, one quart of drinking water, no food, and started to fly from Detroit to Miami, non-stop, in fourteen hours.

A little after 2 p. m. Brooks was flying over Johnson City, Tenn.

You will know this morning whether he finishes the non-stop flight or not.

If he didn't this time, he or somebody will go it later.

In England the tiny planes called "Moths," and a wing spread of about twenty feet, go two hundred miles an hour, and are in regular use.

From Detroit to Miami in one day, for \$9.60 worth of gasoline, would make intelligent railroad men thoughtful.

Mr. Ford has been making flying flivvers for some time, but had not put them on the market probably for fear that young people would be tempted to kill themselves. He sells his big all-metal three-engine planes, in which, according to Mr. Jackson, vice-president of the Standard Oil of Indiana, are as safe as Pullman cars.

Reginald McKenna, British banker, says the whole world is now on a dollar basis. Gold is "only the nominal basis of currency." "The buying power of the dollar really regulates money and prices." (Continued on page six)

VALUABLE PAPERS STOLEN FROM WOMAN WITNESS IN WASHINGTON OIL HEARING

Judge Orders Whiskey Jury To Be Watched

New York, Jan. 26.—(AP)—A jury, impaneled to try Captain Brown Willis and four others in the federal court for conspiracy to land contraband liquor, today felt the effects of the recent Washington oil jury scandal, when they were held under constant surveillance in a hotel, under orders of federal Judge George J. Morris, of New Hampshire.

While Judge Morris made it plain he felt no doubt of the jury's integrity, he said he had "in mind a scandal of national proportions in Washington" and intended to protect the jurors and government from any such development here. The trial is expected to take two weeks and when not in court, the jurors must remain under guard.

TALK SMITH AS LEADER DEMOCRATS

New York Governor And Jones of Texas Discussed as Standard Bearers.

New York, Jan. 26.—(AP)—The possibility of a ticket headed by Alfred E. Smith for President, and Jesse Jones, of Houston, for vice-President, was discussed in Democratic circles today.

The room for Jones as a running mate to New York's Governor developed at a breakfast dinner at the National Democratic club and followed receipt of word from Governor Dan Moody, of Texas, that he positively would not be a candidate for either President or vice-President, and did not want his name discussed.

Jones is director of finance of the Democratic National Committee, and is generally credited with having done more than any other man to get the Democratic National Convention for Houston.

The Herald-Tribune, Republican, today says the nomination of Jones would "do two things: both essential if Governor Smith is to make a formidable showing in the Presidential race this year—it would tie up Texas to Governor Smith, despite the Governor's wetness and other alleged disabilities, and it would appeal strongly to the Wilson old guard in the state as Mr. Jones was a close friend of President Wilson and received a friendly letter from him a week before his death."

"Texas Democrats are badly split over the Smith boom, Col. Thomas B. Love, and former Governor Pat Neff, opposing the naming of any wet. The honoring of Mr. Jones would go a good way toward mollifying the Wilson wing and the extreme drys and at the same time reward the gentlemen whose disagreement captured the Democratic convention against opposition."

Mayor Oscar F. Holcombe, of Houston, who with Jones and Sewell Myer, municipal counsel of Houston, attended the dinner, later said he would "have to be excused from talking partisan politics."

"There is no honor that could come to Jess Jones," he continued, "that would begin to show the appreciation we have for him in Texas. He is big enough for any office within the gift of the people."

Mayor Holcombe, earlier in the day, called on Mayor James J. Walker at city hall and in an interview later said that the city of Houston would be neutral political territory.

"My position is simply this," he said. "I am not for Al Smith nor for anyone else. I am for the man who can be elected, whether he be Governor Smith, Governor Ritchie, Owen Young or anyone else. We in Houston will be hosts to the Democratic party, and we shall be neutral. Personally, I hope the Texas delegation is uninstructed."

Potter Heads River Commission.

Washington, Jan. 26.—(AP)—Charles L. Pitter, president of the Mississippi river commission, and who was retired from the army Tuesday, has again been placed on active duty by direction of the president, and assigned to continue as the head of the commission with headquarters at St. Louis.

Woman Relied Upon To Contradict Statement of Harry McMullin Bound and Ious Attack at Hotel

Washington, Jan. 26.—(AP)—Counsel for William J. Burns reported to the court hearing the Sinclair-Burns contempt case today that a document affecting William J. McMullin, a star witness for the government, was stolen last night from one of the defense witnesses.

The Burns lawyer told the judge the document was taken from Mrs. Jeanette Lantz, who had been recalled upon to contradict some of McMullin's statements, during a mysterious attack on her in her room at the Hamilton Hotel.

A man entered the room while Mrs. Lantz's husband was absent, counsel said, bound and gagged her and ransacked her belongings.

Both Mrs. Lantz and her husband, William Lantz, had been summoned by the defense to contradict testimony by McMullin, a former Burns detective, that the Burns office had charged against the Fall-Sinclair oil trial jurors.

The court is hearing testimony on a charge that Burns, Harry F. Sinclair and others were guilty of contempt because of their shadowing of the Fall-Sinclair oil trial jurors.

The Lantz's room was also ransacked the night before said Chas. A. Douglas, Burns' attorney. He said he merely wanted to call the incident to the attention of the court, and made no charges against anyone.

It was reported at the same time but not to the court, that the room of Charles G. Ruddy, the Burns manager who had charge of the oil jury surveillance, was ransacked a few days ago during his absence.

McMullin who yesterday admitted he had served a sentence for forgery, continued under cross examination by Douglas today. On examination he had declared Ruddy instructed him to make false reports.

Fishing Vessel Disabled Today

Beaufort, N. C., Jan. 26.—(AP)—Newspapermen, returning from sea this afternoon, reported "the steamer Alexis I. Dupont is sunk in ten fathoms and a total loss. Crew all saved with their personal effects."

Beaufort, Jan. 26.—(AP)—Battered by a 60-mile wind all night and torn by rough running seas, the fishing steamer Alexis I. Dupont was being towed today to Cape Lookout Cove, her crew safe.

A first report to the coast guard station at Cape Lookout early this morning was that the boat, anchored eight miles southeast of the cape, was in bad shape, a four-foot hole in her hold. The crew was landed safely at the station.

A little later it was reported that the steamer was sinking but coast guard men towards noon found the report to be false.

The coast guard ship Modoc picked her up and began towing her in to Cape Lookout cove.

French Fliers Hop Off Today For Guatemala

Colon, Panama, Jan. 26.—(AP)—Dieudonne Costes and Joseph Lebriz, French fliers, hopped off from France field at 6:46 a. m. today for Guatemala City, 800 miles away.

The Frenchmen, after a stop at Guatemala City for several days, will then fly to Mexico City whence they will hop to the United States for a visit to several of the larger cities, including New York.

The take-off today was made perfectly and the Nungesser-Gall, as their plane is named, was soon a speck in the distance. Lieutenants Richard Le Brou and Harold Kins in United States army pursuit planes escorted them for a distance of 25 miles.

There was a crowd on the field to bid the French aviators goodbye, Colonel Fisher, United States commandant at France field, bidding them an affectionate farewell.

STRAWBERRY ACREAGE INCREASED THIS YEAR

Chicago, Jan. 26.—(AP)—Enlargement of the per capita allowance for strawberry shortcake both for juniors and adults is looming up. Six per cent greater strawberry acreage for 1928 as compared with reports today from the government bureau of agricultural economics.

With yields per acre as high as those of 1928 or 1927, the increase would result in a record-breaking crop, exceeding the top notch figures established last year, 342,000,000 quarts.

HIGH POINT TO STAY IN THE LEAGUE

Raleigh, Jan. 26.—(AP)—Schedule makers may proceed with preparing the 1928 playing card of the Piedmont League with High Point as a member of the loop. The job was temporarily halted when Pointer moguls put up their cry about finances. The money is forthcoming, the club will remain in the furniture city and Eddie Winston must wait for another time to further his ambitions about organized baseball for Henderson.

This is the "lowdown" on Piedmont baseball. High Point has notified Prexy Bramham that everything is rosy for Guilford county's second largest municipality.

Raleigh and High Point are without pilot, unless it is presumed Daniel Boone will undertake the job again for the Pointers. Dan did the work last year after Killebrew led the job, but was laid up on crutches for some time because of a lame number. Dan is ready today to resume his pastime around the initial corner.

If Boone, however, is to be counted in as the Pointer manager, then only "Kid" Downson will be left out in the cold. He has been non-talkative recently and local scribes know nothing about his new manager for Raleigh. Some reports have it that Otis Strain will take over Al Watt's job. Others have that Guy Lacy, former Virginia Leaguer, will be given the assignment.

Durham, Salisbury, Greensboro and Winston-Salem have managers.

Huggins Ready To Get Going

New York, Jan. 26.—(AP)—The baseball season, it seems, can't come too soon for Miller Huggins' collection of talent.

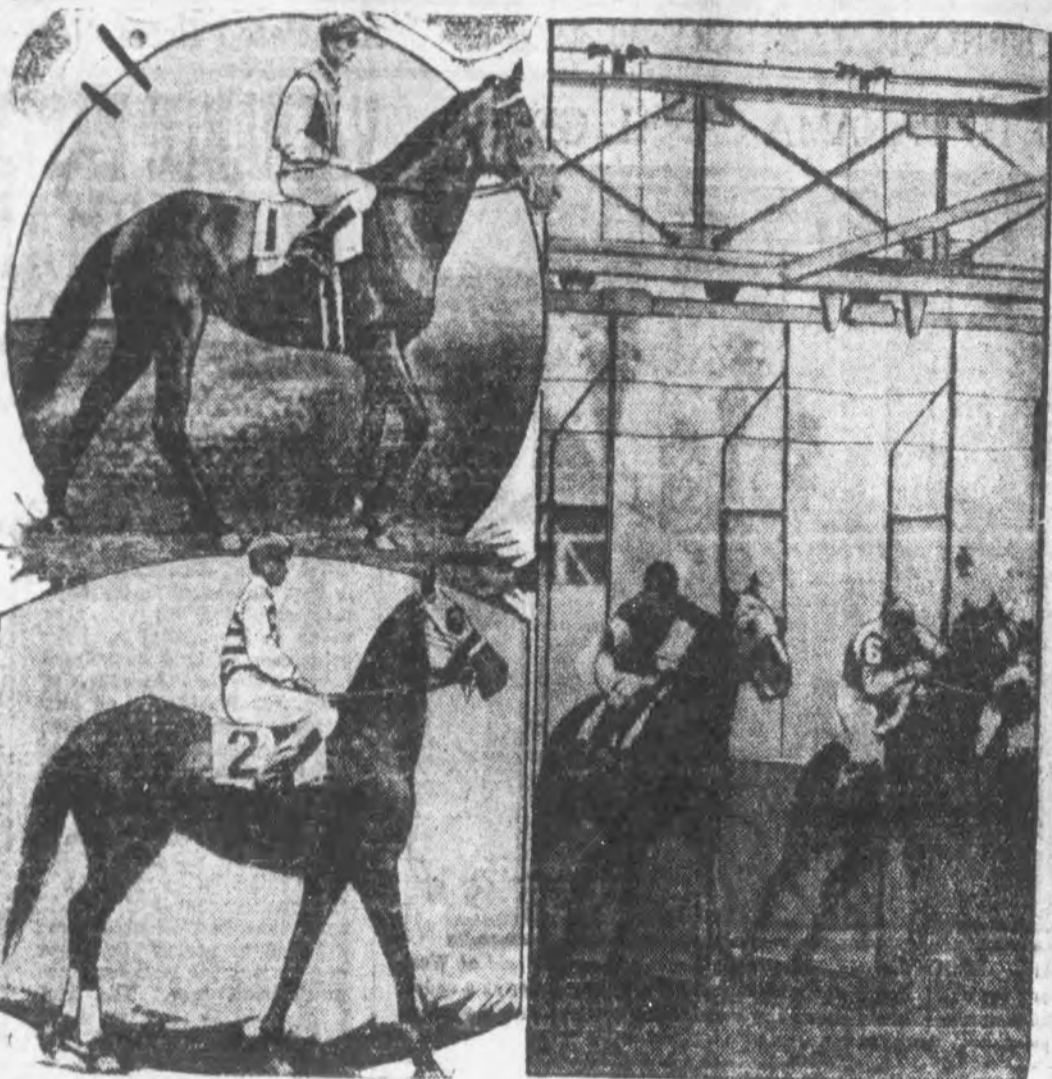

On top of the announcement that Babe Ruth and "Buster" Gehrig had received permission to report for training with the first squad of Yankee Rookies, comes the news that George Pipgrass, youthful pitching star, has gone the home run twins one better. Pipgrass is already at St. Petersburg Fla., where the Yankees will begin training in a month or so. Pipgrass plans to get a little exercise before settling down to the regular routine training grind when the first Yankee squad arrives.

Hahn Still Running At His Old Pace

New York, Jan. 26.—(AP)—Lloyd Hahn is having difficulty in breaking running records this year but it's through no fault of his own. The little Boston middle distance star who has been no rival since more than two years, ran the 1,000 yards at the St. Joseph's Catholic club in Newark last night in two minutes 14.45 seconds, and believes he could have set a new indoor record but for an error which sent the field around the track one lap too many.

Hahn was being pressed by Phil Edwards, negro flash of New York University, and but for the official error might have broken his own mark of 2 minutes 12.45 seconds for the distance.

\$70,000 NEW ORLEANS HANDICAP DRAWS PICK OF NATION'S RACERS

Crack contenders for the rich purse at stake in the winter racing feature at New Orleans February 3 include W. J. Salmon's Display (upper left), and Colonel E. R. Bradley's Buddy Bauer (lower left). At right is shown a novel starting gate, designed by Colonel Bradley, which will be used to get the high class field away together.

New Orleans, La. (AP)—One of the rich purses in racing, \$70,000, will draw the nation's outstanding horses here for the fourth renewal of the New Orleans handicap, February 3.

The race is the greatest event of the winter season. Mayor William H. Thompson of Chicago will award the winner the \$50,000 in money and a silver loving cup. The remainder of the purse will be divided among horses finishing second, third and fourth.

Open to three-year-olds and upwards, the race will be run at a mile and a sixteenth. Officials increased the starting fee from \$500 to \$1,000 to insure a worthy field. From 15 to 20 horses are expected to go to the post.

Cogitator, which won by a comfortable margin on a muddy track last year, again is entered although it is doubtful if he will start inasmuch as he has been virtually in retirement the past 12 months. Buddy Bauer, conqueror in an eastern event of Whiskey last year's Kentucky Derby winner, is Colonel E. R. Bradley's entry and is training well.

Other crack entries are Jack owned by Edward B. McLean, Washington publisher, with several eastern stakes to his credit; Display, W. J. Salmon's long distance star; W. L. Cox's Black Maria, one of the best fillies in the country; Pomery and Herodian.

Several of the horses which have made good showings here during the present season also are entered including Justice P., winner of the Pontchartrain Handicap and runner-up in the New Year's Handicap.

An innovation will be the new starting gate, designed by Colonel Bradley. Intended to give the horses a better start, the gate has

stalls into which the racers are walked after passing in review before the judges. After the start, the gate is swung off the track.

Trackmen believe the gate will solve the problem of delay caused by "bad actors" at the post and will give each horse an even chance at the start.

Philadelphia, Jan. 26.—(AP)—Ben Feinberg, New York and Philadelphia fight promoter, today wired Gene Tunney at Miami, and offered \$500,000 to defend his world's heavyweight crown in this city against Tommy Loughran, light heavyweight champion. The bout would be held next summer at the Municipal Stadium where Tunney won his title from Jack Dempsey.

Feinberg did not say whether he had approached Loughran regarding that match but the light heavyweight champion recently announced that he would endeavor to put on a bit more weight and try for honors in the heavy class.

Well-Behaved Communists Asheville, N. C. (AP)—Boyd township has not recorded an arrest in ten years and the record is not the result of an inefficient police force. Not a warrant has been issued during that period.

Wrestling Parson Philadelphia.—(AP)—The University of Pennsylvania wrestling team boasts a heavyweight grappler who preaches on Sunday. The Rev. Charles Urban has proved any thing but ecclesiastical on the mat.

Cuba Some Ball Users.—Chicago, Jan. 26.—(AP)—The average small lot team uses a baseball for an entire season unless it is broken through an unfortunate neighbor's window. But not the major league clubs.

The Paper, official announcer at the Chicago Cubs park, who has an eye for statistics and who is forever bothered with the question of how many balls are used, has figured the Cubs used 2,775 baseballs at home during the 1927 season, averaging 35 1-2 balls a game.

Sport Jots

Atlanta, Ga., Jan. 26.—(AP)—Watts Gunn, present national intercollegiate golf champion of the United States, should be in a fine way to defend his title this summer and thus give Dixie four successive crowns in that field.

Gunn, just announced as a mate for Bobby Jones in a series of exhibition matches for the benefit of the Olympic funds, should be at top form when the national event is held. His play with Jones should mean that much valuable experience for collegiate competition, thus giving him an apparent edge on the field.

The Georgia Tech student has behind him the experience of winning the national title in that sport, while in 1925 he went to the finals at Oakland in the national amateur bowling; to Jones.

He also displayed form last year in the Southern amateur meet at Charlotte.

Watts Gunn is a senior at Georgia Tech; he will be eligible to compete in the 1928 national event as it is held annually around graduation time.

Fred Lamprecht of Tulane, held the intercollegiate title in 1925 and 1926. Although the events began in 1927, no southern college student ever copied it until Lamprecht turned the trick in 1925. It was only a short time before that southern colleges began to take the links seriously.

Aside from Dexter Cummings of Yale, Lamprecht is the only player ever to win the event twice.

Since colleges in the south started turning out links teams, the game has made remarkable progress.

Files and Jack Crenshaw of Alabama won several titles of sectional interest while at the Tusculoo Institution; Glenn Crisman, who is a student of Alabama, won the southern amateur tournament; Bobby Saught, another Alabama player, made a great showing in southern events.

The Oliver brothers, at the University of Georgia, also "cut the woods on fire" and a couple of these brothers are still at the Athens University.

FIGHTS LAST NIGHT

By the Associated Press. San Francisco.—Billy DeLoe, St. Paul, defeated Danny Kramer, Philadelphia (10).

St. Louis.—Royal Coffman, Omaha, won over Leo Wax, Australia (10).

CARDINALS TO GO TO FLORIDA SUNDAY

St. Louis, Jan. 26.—(AP)—The first contingent of Cardinal players will depart for their Avon Park, Fla. training base on Sunday afternoon, February 19. President Sam Braddon set February 21 as the date of the Cardinals' inaugural workout.

The advance squad, composed mainly of pitchers and catchers, will also include shortstop Tommy Thevenow and the new manager, Bill McKelchle.

Philadelphia.—(AP)—The University of Pennsylvania wrestling team boasts a heavyweight grappler who preaches on Sunday. The Rev. Charles Urban has proved any thing but ecclesiastical on the mat.

The Spirit of our Breathless Age expressed in a Motor Car

Step on the starter—let in the clutch—and you somehow know you're in a car that's different.

Different in its silence, its smoothness and its snap. Different in the change of pace that sends you darting out through traffic. Different in the atmosphere of smartness which pervades its Fisher body.

Different, yes... and something more. Color, youthfulness and personality. Speed, drive and action. The spirit of our breathless age expressed in a motor car.

Expressed in All-American engineering—in a car of today for Americans of today—with everything that everybody wants!

The power, drive and stamina of a 212 cu. in. engine—the endurance of a longer, stancher chassis, oversize in vital parts—the luxury of notable new features of design.

All you need to do is come and drive it... sit at the wheel yourself for an hour... and you'll know why all America is saying "That's the car!"

PRICES

2-Door Sedan \$1045 4-Door Sedan \$1145

LOCALS

Mr. and Mrs. W. L. Wall, and Mrs. W. A. Heart, of Hillsboro, are the guests of Mr. and Mrs. H. A. Bost.

Mrs. Bryce Sigmon has returned from Richmond.

Mr. and Mrs. James Patterson left this afternoon for Timmons-ville, S. C., where they were called by the illness of Mr. Patterson's mother and father.

S. T. Carson has moved from Pitt street to his new home in Chatham Circle.

Mr. and Mrs. W. A. Forbes, of Winterville, were here today.

Scout Meeting Tonight
Scout meeting at Gorman's new warehouse, tonight at 7:15. Patrol basketball tournament to be run off. Anyone absent will not have privilege of playing on troop varsity team.

Return from Richmond
Mr. and Mrs. J. K. Young have returned from Richmond, Va., where Mr. Young has been in the hospital.

Undergoes Operation
Mrs. E. C. Cox underwent an operation at Pitt Community hospital yesterday. Her friends wish for her an early recovery.

MISS WINDHAM UNDERGOES TONSIL OPERATION

Miss Bonnie B. Windham underwent a tonsil operation at Pitt Community hospital this morning. Her friends will be glad to learn that she is getting along nicely.

Mr. and Mrs. Stokes Entertain
Mr. and Mrs. R. C. Stokes, Jr., were hosts at a delightful buffet supper last evening. The Stokes home, on East Ninth street, was lovely with decorations carrying out a red and green color scheme.

A silver basket of red roses and low candle holders with red candles formed the centerpiece for the dining table.

Mrs. H. Dall Laughinghouse and Mrs. W. H. Dall, seated at the table, served salad and creamed chicken. Mrs. J. H. Blount passed sandwiches, and Mrs. Malcolm Thompson, poured coffee.

After supper bridge was enjoyed. Mrs. James Picklen was the winner of high score prize for the ladies, an antique lamp. Dr. Malcolm Thompson, making high score for the men, was awarded a novelty ash tray. Consolation prize for the ladies, a set of tallies, went to Mrs. Malcolm Thompson, and for the men, a novelty match box, to Mr. P. H. Kasey.

The table prizes were attractive Valentines.
An ice course was served following the game.

End of the Century Club Entertained by Mrs. Stokes.

Mrs. Richard Stokes entertained the End of the Century Club for her mother, Mrs. Chas. Laughinghouse, at her home on Ninth street on Tuesday afternoon, January 24.

In the absence of the president, Mrs. J. L. Little, the meeting was presided over by the first vice president, Mrs. Hassell. The business of the club was hurriedly dispatched in order to have time for the real business of this occasion which was a lecture by Dr. Malcolm Thompson, surgeon of Pitt community hospital.

Dr. Thompson spoke on the subject of cancer, the dread disease of the age, its possible preventatives, cure, etc.

He spoke of the world-wide search for the cause of cancer; of the fact that science seems no nearer to the discovery than ages ago, pointed out the parts of the body that seem most vulnerable to the ravages of this awful malady and urged the absolute necessity of haste in its treatment.

He then paid a glowing tribute to the life and work of that wonderful Polish woman, Madame Curie, who succeeded in isolating radium, which has brought relief to so many thousands of suffering human beings.

The club feels much indebted to Dr. Thompson for a most interesting and instructive hour.

At the close of the lecture the guests were invited into the dining room where bountiful refreshments was served, buffet style, by the hostess, assisted by Mesdames Dall

Laughinghouse, Wright, Arthur, Meye, Hassell and Wooten.

There were seventeen club members present on this occasion and four visitors. Dr. Thompson, Mr. Cotton and Mrs. Denton of Cottondale and Mrs. Russell Wiggin of Boston.

Marvin Sugg in Hospital
Friends of Marvin Sugg will be glad to learn that he is getting along nicely following an operation for appendicitis which he underwent this morning in the local hospital.

Skating Rink Friday Night
Don't forget the skating rink Friday night, at Forbes and Morton warehouse, at 7:30. Given by Circle No. 7 of Jarvis Memorial Methodist church. Refreshments will be sold.

"DUST OF THE EARTH" AT BELL ARTHUR SCHOOL

See "Dust of the Earth." The teachers of Bell Arthur school will present a most interesting play, "The Dust of the Earth," Friday evening, January 27th, at 7:30, at Bell Arthur school. A special band from Rocky Mount will furnish music, songs and dancing between the acts. Admission 15 and 25 cents.

Another False Fire Alarm
The fire department was called out this morning about seven o'clock by a false alarm turned in from box 74. At two o'clock this afternoon members of the department were still in the dark concerning the identity of the person responsible for the alarm, but it was stated that investigation would continue until the guilty party was brought to justice.

MISSIONER TO HOLD MEETING IN CITY
Dr. Lovin Clark, a missionary of national reputation, will conduct a meeting at St. Paul's church beginning Feb. 5. In preparation for the meeting, the women of the church will hold prayer meetings at 3:30 p. m. on Friday, at the homes of Mrs. John Lautares and Mrs. Frank Wooten. All church members and friends are urged to avail themselves of the privilege of attending.

Miss Tabitha De Visconti, of Farmville, member of the county board of Public Welfare, attended the meeting of the board here yesterday.

IN LOVING REMEMBRANCE OF T. H. JAMES, JR.

He was born August 2nd, 1854. He died January 15th, 1928, making his stay on earth three years, five months and thirteen days. He was sick three weeks and although his suffering was great, he never complained but very little. He was always so sweet about taking his medicine. He always said "Yes, ma'am" or "No, ma'am" when anyone would ask him anything.

We loved him, but God loved him best. To know him was to love him. He was laid to rest Tuesday, January 17, in Fairview cemetery, Liberty, N. C.

The little one has gone to rest. To reign with God forever blest. A Saviour's love redeeming grace. We could not wish him back again. But say, "Dear one, with God remain."

Will try to gain that peaceful shore, Where those who meet shall part no more.

He is survived by a father, mother, one sister, Ina Claire, and one brother, William Donald.

—Written by a loving Step-Grandmother, Mrs. Lula Vainright, Greenville, N. C.

MILITARY UNIT BEATS TOWN AGGREGATION

The basketball team of Battery "E" defeated an aggregation composed of high school and college players at Gorman's warehouse last night by the score of 34 to 8.

Respass featured for the Battery outfit with fourteen points to the credit. West starred for the town boys with eleven points. This was the second game which the military unit has participated in this season, the first ending in a tie score with Williamston.

Celebrates Twelfth Birthday
Louis Campbell Boyd, son of J. M. Boyd, was host at an enjoyable party yesterday at Parkerson's Dining room when he celebrated his twelfth birthday.

The table was attractive with a birthday cake with twelve lighted candles. A red and white color scheme was carried out. There were twelve guests. Master Boyd received a number of useful presents.

SUPPOSED NOBODY CARED

For the jobless man with a family to support?
For the cheerless little children of the poor districts?
For the modern Magdalene, repentant of the past, and fearful of the future?
For the human derelicts who are "Down but never out"?
For the unchurched whose lives have been thwarted through want of spiritual strength?

But Somebody Does Care—
In North Carolina and Piedmont Division alone during last year our statistics show, the Salvation Army has made the following record, throughout various institutions and channels of usefulness:
150 Girls passed through our institution for women at Wilmington, N. C.
2,297 Men, women and children were converted in our meetings.
29,466 Hours were spent in visitation of sick and needy.
14,258 Meals were given to hungry people.
6,929 Beds given to those without shelter.
2,194 Pairs of shoes given to bare-

footed sufferers.
50 Pieces of furniture to help re-store the home.
43 Women sent to institutions of the Salvation Army.
10 Children sent to institutions of the Salvation Army.
1,931 Given medical aid.
990 Children and 323 mothers given summer outings.
7,810 Interviewed and advised.
297,972 War Crys distributed and sold.
4,754 Gospel meetings held on street.
91,077 Estimated attendance at street meetings.
11,901 Indoor meetings held.
18,141 Attendance at indoor meetings.
299 Positions secured for men.
146 Positions secured for women.
6,558 Christmas dinners given out.
4,665 Children given Christmas tree where they received toys, fruits etc.
456 Meetings held in prisons.
15,269 Prisoners attended these services.
1,500 Prisoners prayed with and advised.
211 Prisoners professed conver-

sion.
17 Brighter Day League members in prisons.
789 Hours spent in prisons for visitation.
The money that the Salvation Army is asking for in Greenville will help to carry on the above blessed work.

care of the crowds, and with good roads leading to our city from every direction the citizens of nearby cities as well as our own, should take advantage of the opportunity to hear these great artists.

We reiterate Greenville is fortunate to have the college make this form of entertainment possible here, and the movement should certainly have the support of the townspeople.

ABOUT TOWN

"Opportunity is knocking at the door of Greenville again," declared a local business man this morning, discussing the proposition of the Philadelphia Plush manufacturing concern to establish a branch factory in this city.

"Our people have long realized the necessity of industries to bring about more rapid development of the city, and now that another opportunity has been presented to them they should act without delay.

"The raising of \$60,000 stock to insure erection of a \$150,000 industry should be a mighty small matter. Our business men have invested in things that have not meant near as much to development as does this enterprise.

"It has been proven beyond question that the concern in Philadelphia is doing a thriving business and has been declared by bankers to be safe and solid. The purchase of this kind of stock is a splendid investment and it is to be hoped our citizens will not exhibit the slightest hesitancy when called on by the soliciting committee."

"The very idea of erecting a river bridge in these modern times without provisions for electric lights or walkway," said a reader of this column today, commenting upon action of the State Highway commission attempting to build the new span across Tar river without providing for a walkway or lighting facilities.

"This is one of the most absurd things I ever heard of in my life. A bridge without these two essential features would be a constant menace to public life and property. It would be unsafe for pedestrians to cross at night because they would have no place to walk and no light by which to guide their footsteps.

"Some action must be taken immediately to bring about a change in plans of construction. We cannot afford to permit such gross negligence on the part of a body that should have the best interest of the citizens of this locality at heart even as they do other communities."

"We want every person in this section of the state to catch the baseball fever by the time the new Eastern Carolina league opens the latter part of April," asserted one of our ardent sport lovers today.

"This summer should witness some of the fastest baseball the section has had in years. In fact, we should be able to have a faster brand of ball than ever before because we will be playing organized ball and will have a greater class of players to pick from.

"Greenville will be among the first towns of the circuit to get organized, and when we do start the old spheroid rolling we want to see every man woman and child one hundred percent behind the team."

"The Salvation army drive which opens here the 30th of the month for the purpose of raising funds to complete its budget for this year's work is a most worthwhile movement and local people are urged to give as liberally as possible to the cause." Sam Carson, chairman of the campaign urged this morning.

"This army of workers have been most diligent in serving the poor and needy of this community and it is the duty of our people to support them in every manner possible.

"If you haven't given anything toward the operation of the organization the past several months, dig down into your pockets and give until you feel it."

"This is truly one of the blessed parts of the world," declared one of our aged citizens today, speaking of the recent storm that did such heavy damage in other parts of the country.

"Virtually all sections of the country—or the world for that matter—have been subject to all kinds of fury of the elements in the past, but Pitt county has gotten by without the slightest kind of loss.

"We have always had more to be thankful for than the ordinary run of people and I repeat that we seem to be among the favored few of the universe.

"Every day should be a day of thanksgiving and rejoicing with us because we have so much to be thankful for compared with other communities that have been swept by desolation and destruction.

Notice of Sale
Under and by virtue of the powers conferred by that certain mortgage made by J. L. Joyner and wife to J. J. Edwards and W. M. Edwards, of record in the office of the Register of Deeds of Pitt County in Book M-13, page 540, default having been made in the payments thereunder secured, the undersigned will offer for sale, and sell, to the highest bidder, for cash, at the courthouse door in Greenville, at noon, on the 25th day of February 1928, the following described property:

Lying and being in the town of Ayden, beginning at First Street and runs south with an Alley 140 feet; then east 70 feet to J. J. Edwards & Sons line; then north with said J. J. Edwards and Sons line 140 feet to First Street; thence with said street 70 feet to the beginning, being the west half of Lot No. 11 Block K in the town plan.

This the 24th day of January, 1928.
J. J. Edwards, and W. M. Edwards, Mortgagees
Herman Stokes, Assignee
Arthur B. Corey, Atty.
Jan. 25-11w-4wk.

NOTICE OF SALE
In the district court of the United States for the Eastern District of North Carolina.
James H. Pou, H. S. Ward and M. L. Corey, Receiver for Tobacco Growers Cooperative Association.

vs.
Eastern Carolina Warehousing Corporation.
NOTICE OF JUDICIAL SALE
Pursuant to orders executed by his Honor, I. M. Meekins, Judge of the Federal Court for the Eastern District of North Carolina, and duly filed in the above cause, the undersigned Receiver of Eastern Carolina Warehousing Corporation will offer for sale at public auction on the day and at the hour hereinafter noted the real estate embraced in the description hereinbelow given.

Friday, February 24, 1928, at 11:00 A. M.
New Warehouse—Greenville, N. C.
All that certain tract or parcel of land in the Town of Greenville, Pitt County, North Carolina, more particularly described and defined as follows, to-wit:

That certain lot of land beginning at an iron stake on the South side of Twelfth Street, the Atlantic Coast Line Railroad Company's line; thence Eastward with the South side of Twelfth Street 177 feet to an iron stake at T. M. Hooker's corner; thence at right angles from Twelfth Street Southwardly with T. M. and T. E. Hooker's Western line about 330 feet to Thirteenth Street; thence Westwardly with the North side of Thirteenth Street 152 feet to an iron stake at the Atlantic Coast Line Railroad Company's line; thence Northwardly with the Atlantic Coast Line Railroad Com-

pany's line about 330 feet to the iron stake at the beginning, being all of Lots Nos. 74 and 86 as shown by a map made by H. F. Price for H. P. Straus, June 5th 1899, said lots containing 1 1/4 acres more or less and being same land conveyed to the Greenville Manufacturing Company by deed dated May 8th, 1901, from D. C. Artgur and wife, which deed is duly recorded in the Register's office of Pitt County in Book A-7, at page 214, to which reference is hereby made, and thereafter conveyed to the Pitt Lumber and Manufacturing Company by the said Greenville Manufacturing Company by deed of record in the Pitt County Registry, and being the same parcel of land that was conveyed to the Pitt Lumber Company by the Pitt Lumber and Manufacturing Company by that deed recorded in Book G-11, at page 521, of the Pitt County Registry.

All of the above mentioned sales will be conducted on the premises described. The real estate described above will be offered for sale as a unit or will be sub-divided by the Receiver and offered for sale in smaller units or parcels of a subdivision within the discretion of the Receiver.

The general terms of the sales will be that the property shall be sold for one-third cash, the balance payable in two equal installments, due one and two years from date of sale, the deferred payments to bear interest at the rate of six per cent from date of confirmation, to be secured by notes of the purchaser and standard first mortgage on the property conveyed. High bidder for each parcel offered for sale will be required to deposit with the Receiver certified or cashier's check for 10 per cent of the amount of his bid. All real estate shall be sold subject to the right of the Receiver to remove from the said real estate all personal property, including warehouse scales, within sixty days after confirmation of the sale. All bids and proceedings at such sale will be subject to confirmation or rejection by the Court. Upon confirmation of any sale, the 10 per cent deposited by the bidder shall be applied on the bidder's required cash payment.

W. G. BRAMHAM, Receiver
Eastern Carolina Warehousing Corp.

Steamer Aground
The steamer Myers got stuck on a shoal near Yankee Hall this morning and had to wait for the tide to take her off. She had not come in at 4:30 this afternoon.

(Do You Remember This One?)
Tuesday Night's German One
Of Much Interest and Pleasure
A very delightful german was given in Germania hall, Tuesday evening, complimentary to the visiting young ladies in town. Notwithstanding the day preceding had been very inclement, the attendance was large and the occasion one of the most pleasant of the season.

The german was led by W. G. Clark, of Tarboro, the following couples being present:
W. J. Corbett with Miss Lula White.
H. W. Holcombe with Miss May Harvey, of Kinston.

Hoge Irvine, of Kinston, with Miss Winnie Skinner.
Julian Jordan with Miss Mamie Norris, of Raleigh.
R. M. Moye with Miss Bettie Tyson.

Fairy Whedbee with Miss Sallie Lipscomb.
Fairy Moore with Miss Ella King.
W. A. Bowen with Miss Bessie Jarvis.

J. I. Fleming with Miss Maggie Bryan, of New Bern.
J. E. Starkey with Miss Hennie Sheppard.
J. W. Wiggins with Miss Annie Foley.

Dempsey Grimes with Miss Louise Latham.
James Davenport, of Pactolus, with Miss Ada Woolen.
George Woodward with Miss Blanche Flanagan.
J. B. Lightfoot with Miss Lillian Cherry.

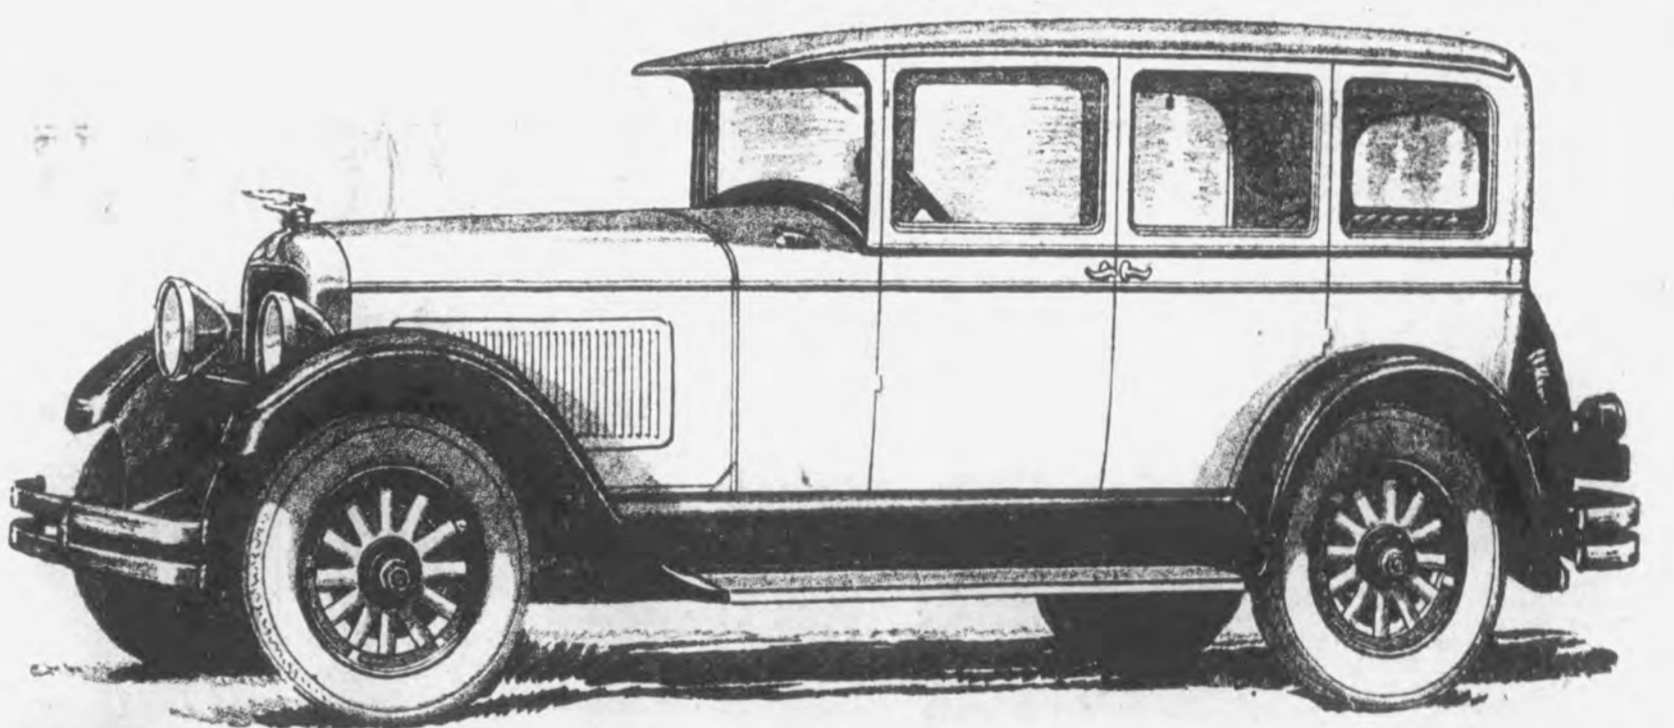

J. B. Jarvis with Miss Mary Blow.
Will Bernard with Miss Betsy Greco.
E. G. Flanagan with Miss Rosa Hooker.
H. P. Straus with Miss Myra Skinner.

STUDEBAKER
The Great Independent

The Dictator 4-Door Sedan \$1195
f. o. b. factory

STUDEBAKER'S new Dictator established itself as the champion of its class in a gruelling 24-hour test run held at the Atlantic City Speedway on October 10-11, 1927. A stock Dictator Sedan, fully equipped, covered 1483 miles in 24 hours—total elapsed time—better than mile-a-minute speed for 1440 consecutive minutes!
This remarkable record was established under the supervision of the American Automobile Association. No stock car selling under \$1400 has ever traveled so far so fast—convincing proof of The Dictator's sound design and inbuilt stamina.
The Dictator's remarkable value is due to Studebaker's One-Profit manu-

facturing facilities which reduce profits of outside parts-makers to a minimum. Savings thus made allow for extra quality and added refinements without corresponding increase in price.
This new Dictator is designed and finished in custom-built taste and luxury. It carries many items of extra equipment without extra charge, including shock absorbers.
Look to Studebaker for value!
You must drive The Dictator to realize its super-value. In it the integrity of construction for which Studebaker has been famous for 76 years is combined with the most advanced engineering of 1928.

Results of Engineering Genius
Due to advanced design, precision manufacture, and the Studebaker practice of running in every car on a dynamometer, The Dictator may be driven as high as 40 miles per hour the day it is delivered. After the first thousand miles changing the oil in the motor and chassis lubrication are required only at 2500-mile intervals.
Values in Four Price Fields
Broke Miles per hour Price
The President Eight 100 80 \$1985 to \$2450
The Commander 85 72 1495 to 1745
The Dictator 70 65 1165 to 1345
Eskine Six 43 62 795 to 965
All prices f. o. b. factory including shock absorbers

DON'T LET IT SLIP
Now that Greenville has opportunity to get a manufacturing enterprise that no doubt will mean much to the future of our city, we cannot urge too strongly not to let this great opportunity slip, by failure to act speedily in the way of procuring the required amount of stock.
The stock solicitation committee held a meeting this morning and formulated plans for the work which was to begin this afternoon, but even before the actual soliciting began, a number of citizens had voluntarily come in and expressed a desire for a part of the \$60,000 worth of stock being offered. Of course, to some, \$60,000 may sound like a lot of money, but when it is taken into consideration that this investment of \$60,000 by Greenville citizens will bring to our city \$200,000 worth of industries immediately which will no doubt be followed by others, the price is small. The concern now contemplating coming to Greenville has not only offered the required financial assistance from other cities, but has been offered free factory sites and other inducements. These facts are set forth just to show what a great opportunity we have at hand.
We have talked industries, we need industries, and now is the time to show early whether or not we want industries here. Your answer to the stock soliciting committee will indicate our wishes regarding the future of Greenville. Opportunity is knocking at our door, grasp it, don't let it slip.
A GREAT TREAT
The bringing of several great artists to this city for performances at Teachers College is something that could be greatly appreciated not only by citizens of the city, but by those of the surrounding section as well.
The Imperial Male Quartet, Mary Lewis, Metropolitan Opera-soprano, and the other entertainments to be given at the college are a source of entertainment that all lovers and others of the section would be unable to enjoy were it not for the efforts of the college in bringing them here. Heretofore citizens from this and other nearby cities have been compelled to go to the larger cities to enjoy this high class entertainment and at prices greater than what is now being paid to attend the performances at the college.
The new college auditorium is large enough to take

NEW YORK COTTON
New York, Jan. 26.—(AP)—Cotton prices showed reactions of 10 or 15 points from the best in the mid-afternoon market. Reports of a steadier tone in Liverpool, and reassuring labor advices from Fall River, were reflected by rallies in earlier trading. May contracts sold up to 16.43, active months generally showing net advance; of about 29 to 37 points on covering and trade and commission house buying but the advance met a little more selling in afternoon dealings.

STOCK MARKET
New York, Jan. 26.—(AP)—Speculation for the advance, which received a sharp set-back yesterday on selling inspired by the increase in the Chicago Federal Reserve discount rate, was resumed with full vigor in today's stock market. Standard industrials and rails moved forward a point or two, recovering most or all of yesterday's lost ground, while several specialties were marked up 3 to 10 points to new high records. Trading showed a moderate contraction in volume.

The impressive recovery in prices was influenced to a large extent by unofficial Washington advices that Treasury Department officials saw no immediate prospects of an increase in the New York Federal Reserve discount rate. Directors of the New York institution meet after the close of the market this afternoon.

Public utilities continued in the vanguard of the advance. Montana Power scored ten points, Laclede Gas 7 and several others, including Brooklyn Edison, moved up 2 to 5 points. Packing shares responded to improving trade conditions under the leadership of Cudahy, which was bid up 5 points above last night's closing quotation. Sharp advances also took place in DuPont, Montgomery Ward, National Bellas Hess, Greene Cannan Copper, Armour of Delaware preferred and Wilson preferred, Adams Express, which has soared more than 100 points in the last few weeks, broke 21 points.

Rails showed signs of increasing speculative activity. Illinois Central soared 9 points to 144, the highest price since 1911.

GRAIN MARKET.

Chicago, Jan. 26.—(AP)—Bullish aspects of the Canadian crop report did a good deal to make wheat prices average higher today. It was asserted that according to official estimate there is only 66,000,000 bushels of wheat in the hands of Canadian farmers, of which 25,000,000 bushels is still unthreshed.

Wheat closed unsettled, 1-4 to 1-2 cent higher, corn 1-4 to 5-8c off; oats unchanged to 1-4c down and provisions unchanged to a set-back of 12 cents.

TWO NEGROES NOT GUILTY OF KILLING

Robert and Preston Foreman Acquitted Of Murder in Criminal Court Yesterday

Robert and Preston Foreman, colored men of the Fountain community, were found not guilty of murder by a jury sitting in the criminal term of Pitt county Superior court in this city yesterday. They were charged with the killing of Joe Parker, colored, who was mysteriously slain near his home in the Fountain community during the latter part of last October.

Hearing of the case consumed virtually all of yesterday afternoon's session. Two other cases were disposed of during the morning hours.

Silas Jones, colored, charged with larceny, was found guilty of forcible repress and given a two years' suspended jail sentence with provisions that he pay cost of action and be of good behavior.

Jim Stokes and Will Langley, colored, charged with larceny, were sentenced to six months in jail. Leslie Atkinson, appearing in the same case, was released upon payment of a fine of \$50 and cost.

The grand jury returned true bills in the following cases: Jim Braxton, embezzlement. James Freeman, assault with deadly weapon.

Eddie Martin, forgery. Mabel Smith, breaking and entering a home and larceny. Eddie Tyson and John Atkinson, breaking and entering a filling station.

Willie Baker, carnal knowledge of a girl under 16 years of age. Arthur Haddock, Lee Cox, Edward Cox and John Jones, murder. H. E. Freeman, false pretense.

Male Quartet Here Tonight At the College

The hour for the Imperial Male Quartet concert this evening is eight o'clock. The piece is in the new auditorium in the Campus Building in East Carolina Teachers College. Tickets will be on sale at the door.

Season tickets for the six attractions for the winter and spring are still on sale. They can be obtained from members of the Woman's Club. They will be on sale at the door this evening.

The three attractions during this period of four weeks are all such that people who love good singing and great acting cannot afford to miss. The season ticket is only a little more than the price for the single tickets for these three combined, thus leaving three entertainments practically free to the ticket holder.

The last professional entertainment of the season will be a tenor who has an excellent reputation. The dramatic attractions, with the exception of the Charles Rann Kennedy players, will be plays presented by the college girls, but they will be produced by professional coach and will be better than the plays usually available outside of the big circuits.

The College is not competing with theatres but is attempting to give the type of entertainment that it is difficult to get except in the big cities or in college towns.

Killed By Elevator.

Roanoke Rapids, Jan. 26.—(AP)—Caught between the elevator and an upper floor when he jumped from the former one time too many Irving Cooper, 18, Roanoke Rapids mill hand, was dead today with a crushed skull and badly broken body.

UNEASY SLEEP

"Nerves Were All to Pieces," Says Lady Who Tells How Cardui Helped Her When She Was Run-Down.

Hopkins, S. C.—Mrs. G. W. Arrants, of this place, says: "I was suffering from spells of weakness. These would come on me suddenly and I would have to give up and go to bed. For several months I did not sleep well at night and got no rest from sleep. I was very nervous. I could not bear the least noise. The children worried me. My nerves were all to pieces. I had taken Cardui several times before, so I sent at once for some and began to take it again. At the end of a short time I felt much better, so I kept right on taking Cardui. When I would feel a nervous spell coming on, I took it more frequently for a few days.

"I can certainly say Cardui helped me wonderfully, for after a time the nervousness disappeared entirely. I could sleep at night and my general health was better. My appetite picked up and I enjoyed my meals, too. Thousands of other women have told of the benefit they have received from the use of Cardui. Keep it on hand, to take when needed. A medicine of long-established merit, mild, harmless. At all drug stores. NC-166

TERRORISTS BOMB HOMES AT CHICAGO

Bomb Tossed From Automobiles Damaged Homes of Two City Officials.

Chicago, Jan. 26.—(AP)—Terrorists opened fire on the city administration today with simultaneous explosions today with dynamite bombs tossed from the homes of two of Mayor Thompson's close political aids.

One bomb tore away a portion of the residence of Charles C. Pittmorris, city comptroller and of former chief of police. The other smashed windows in the home of Dr. William H. Ried, commissioner of public service during an earlier Thompson administration.

In both instances the bombs were tossed from closed cars. At the Pittmorris home, the bomb shattered the front door, wrecked the lower portion of the house (a brick and frame structure) and broke windows as far away as six blocks. Several guests of the Windermere Hotel across the street, alarmed by the detonation fled to the street.

Prosecutor Botkin said he understood Remus' counsel contemplated filing the application for a writ today and then they would endeavor to have a date for hearing set soon.

Remus was committed to the state hospital after being acquitted of the murder of his wife, Imogene, on the sole ground of insanity. The application for a writ of habeas corpus would be the first step in an effort to prove him sane and thus obtain his release from the hospital.

HOPE TO SET REMUS FREE

Attorneys Begin Action to Effect Release of Bootleg King

Lima, O., Jan. 26.—(AP)—Informants that attorneys for George Remus, former "bootleg king," probably would file an application in common pleas court here for a writ of habeas corpus seeking his release from the Lima state hospital for the criminal insane, Dr. W. H. Vobau, superintendent with the institution, today went into conference with county prosecutor E. M. Botkin, concerning what action he should take.

Prosecutor Botkin said he understood Remus' counsel contemplated filing the application for a writ today and then they would endeavor to have a date for hearing set soon.

Remus was committed to the state hospital after being acquitted of the murder of his wife, Imogene, on the sole ground of insanity. The application for a writ of habeas corpus would be the first step in an effort to prove him sane and thus obtain his release from the hospital.

"Seest thou a man diligent in his business, he shall stand before more than \$35,000,000 last year. Ten cents isn't much, five cents seems little. But twenty nickels make one dollar. If you had all the copper pennies in the United States you would be worth \$50,000,000.

The Woolworth stores earned

Don't sell short, but don't gamble either.

John D. Rockefeller, eighty-years old, and wise beyond that age, reduces his golf game from eight holes to six holes. "Eight holes are too much for a man of my age," says he, "and, anyhow, it's better to be a good golfer for six holes than a bad golfer for eight holes.

To realize your age and physical limitations is the secret of long life. Some man should be employed to write Mr. Rockefeller's mental biography. Dr. Ludwig, who wrote an excellent life of Napoleon might do it. Ostrogorski, the Russian, who wrote the book on democracy, could do it well. Mr. Lorimer, of the Saturday Evening Post, could do it even better, but is probably too busy.

To tell the mental history of one of the world's most successful men would be useful.

Seest thou a man diligent in his

TODAY

(Continued from Page One.)

A gentleman that has read but hasn't taken the writer's advice about not selling things short, asked yesterday: "What makes you write that?"

To begin with, a dollar is worth sixty cents now, as compared with 1914. Anything that was intrinsically worth a dollar fourteen years ago is worth a dollar and eighty cents now.

John D. Rockefeller, eighty-years old, and wise beyond that age, reduces his golf game from eight holes to six holes. "Eight holes are too much for a man of my age," says he, "and, anyhow, it's better to be a good golfer for six holes than a bad golfer for eight holes.

business, he shall stand before more than \$35,000,000 last year. Ten cents isn't much, five cents seems little. But twenty nickels make one dollar. If you had all the copper pennies in the United States you would be worth \$50,000,000.

The Woolworth stores earned

Don't sell short, but don't gamble either.

John D. Rockefeller, eighty-years old, and wise beyond that age, reduces his golf game from eight holes to six holes. "Eight holes are too much for a man of my age," says he, "and, anyhow, it's better to be a good golfer for six holes than a bad golfer for eight holes.

A THREE DAYS' COUGH IS YOUR DANGER SIGNAL

Persistent coughs and colds lead to serious trouble. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a new medical discovery with two-fold action; it soothes and heals the inflamed membranes and inhibits germ growth.

Of all known drugs, creosote is recognized by high medical authorities as one of the greatest healing agencies for persistent coughs and colds and other forms of throat troubles. Creomulsion contains, in addition to creosote, other healing elements which soothe and heal the inflamed membranes and stop the irritation and inflammation, while the creosote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and checks the growth of the germs.

Creomulsion is guaranteed satisfactory in the treatment of persistent coughs and colds, bronchial asthma, bronchitis and other forms of respiratory diseases, and is excellent for building up the system after colds or flu. Money refunded if any cough or cold is not relieved after taking according to directions. Ask your druggist. (adv.)

The High Analysis Top Dresser!

Leunasalpeter

(Ammonium—Sulphate—Nitrate)
26% Nitrogen = 31.5% Ammonia

The economy of the use of high-analysis fertilizers is a proven fact. LEUNASALPETER is a higher-analysis nitrogen fertilizer. One hundred pounds contain as much nitrogen as 167 pounds of nitrate-of-soda. It costs much less per unit of nitrogen.

LEUNASALPETER is a combination of quick-acting nitrate and slower-acting ammonia, thus feeding the cotton all during the growing season. MADE BY THE WORLD'S LARGEST NITROGEN PRODUCERS. For sale by dealers everywhere.

The New Viva-tonal Columbia

BEFORE buying another phonograph, hear the Viva-tonal Columbia, the successor to the phonograph, the latest musical creation of the Columbia Phonograph Company. Four sizes, seven models; some in mahogany, some in walnut.

"Like Life Itself!" is the judgment of music critics and music lovers who have heard this remarkable musical instrument. Hear it, and judge for yourself. Hear the selections of your own choosing. Many of the world's famous operatic artists, concert singers, radio stars, and dance orchestras record exclusively for Columbia. Hear them without obligation. We will gladly play their records for you.

Columbia New Records

THE ELECTRIC RECORDS WITHOUT SCRATCH

Columbia New Process Records are recorded the new way—electrically.

By this method, the smooth surface of the record, made possible by the Columbia New Process, has eliminated the last vestige of needle noise, of surface sound. There is left nothing but the music—all the music.
