

GUN INCIDENT CAUSES CLASH OF DELEGATES

Hungary and Rumania Discuss St. Gotthard Gun Affair at Geneva Parley.

Geneva, March 7.—(AP)—The mysterious St. Gotthard machine gun incident, involving the appearance of 2,000 machine guns in Hungary in contravention of the peace treaty, came up in the council of the League of Nations today and produced a clash between the representatives of Hungary and Rumania.

When discussion of the incident which held the close attention of the central European states ended, the council appointed a committee of three countries, Holland, Chile and Finland, to examine voluminous documents on the subject and make a report.

The passage of words between General Tancoz, representative of Hungary, and Foreign Minister Titulescu of Rumania followed a statement made by the latter concerning Rumania, Czechoslovakia and Jugoslavia—complaints in the league investigations concerning the weapons.

General Tancoz read a prepared statement in which he referred to the relations between Hungary and her neighbors as "not yet excellent" and said that the steps taken by these neighbors in the St. Gotthard incident was not calculated to improve those relations.

Foreign Minister Titulescu protested that the little entente was acting in the interests of the league in the affair and that the talk of the Hungarian representative was "pouring oil on flames." To this General Tancoz replied that his remarks were the outcome of a reflection which brought the return from the Rumanian foreign minister that this only made the matter more serious.

The proposal that a committee of investigation be appointed was made by Sir Austen Chamberlain, the British foreign secretary, and was accepted by both sides in the controversy.

Foreign Minister Briand of France asked General Tancoz for the "birth certificate" of the arms consignment in order that their place of origin might be determined. The French representative also wanted to know why Hungary had smashed up the material and sold it at auction in the face of a prospective investigation.

General Tancoz gave the committee five original way bills and declared that destruction of the material was in accord with Berne railway convention adding that until the league council had reached a decision the Hungarian government retains full liberty of action.

Signor Scialoja of Italy suggested that the whole matter should be left to the special committee which was then appointed, the membership being Beclard, von Hloklund, of Holland, Scriver Villagas, of Chile and M. Procopov, of Finland.

The main topic of discussion at a private sitting of the council this morning was the telegram sent by President Cheng Lou to Premier Bethlen of Hungary, concerning the auction of the machine gun material.

Cheng Lou explained that he had consulted other members of the council and remarked that the telegram asking Hungary not to distribute the arms was not an injunction but merely friendly advice. It was necessary, he said, to prevent the council from being faced with a fait accompli and to safeguard the moral authority of the league.

Woman Arrested For Whipping An Unruly Daughter

Kansas City, Kas., March 7.—(AP)—Expressing resentment because her 16-year-old daughter caused her arrest following a spanking, Mrs. Charles Woodside faced a police court summons here today with the announcement she would continue the girl's return home.

Arrested yesterday on a complaint charging assault, which was sworn to by her daughter Lorene, the mother admitted whipping the girl Sunday after she had returned from a ride in the Woodside automobile.

"I beat her," Mrs. Woodside told authorities. "I'll admit I did and I knew every time I struck her it made a mark. It is the only way I can control her. The minute she gets back under my roof again she will get another whipping, but it won't be quite so severe."

While welfare officials sought to effect a reconciliation, Lorene gave her version. "My mother has furnished me with wonderful clothes, an education and allowed me to have a good time," Lorene said, "but you don't know how she is when she is angry. I am afraid to go home."

Lorene is staying with her teacher, Miss Inez MacKinnon.

Ailing Emperor

Young Emperor Hirohito of Japan is confined to his bed with a feverish cold. Royal physicians are in constant attendance, even though his condition is not reported as serious. The Emperor will be twenty-eight in April and succeeded his father in 1926, but will not be crowned until the end of this year, according to Japanese custom.

Four Buildings Wrecked by Fire At Spartanburg

Spartanburg, S. C., March 7.—(AP)—Four buildings were destroyed or badly damaged and for a time a large portion of the business district of this city was threatened by a fire that broke out in a bowling alley on East Main street here at 7 o'clock this morning. No estimate of the damage was available.

The cause of the blaze had not been determined several hours after it was discovered.

The fire spread rapidly from the bowling alley building to the Standard-Cloak Company's building, the Elite Cafe and Confectionery and the Converse Hat Company's store. For nearly two hours firemen were forced to their utmost efforts to save the J. D. Collins department store, the largest in the city, but at 9 o'clock this morning had confined the flames to the bowling alleys and three buildings nearest it.

Over 500 Women At Convention N. C. Baptists

ASHEVILLE, N. C., March 7.—(AP)—Nearly 500 women from all parts of the state this morning entered into the second day's program of the 28th annual convention of the North Carolina Baptist Women's Missionary Union, being held here.

The convention sermon, delivered by Dr. J. Clyde Turner, of Greensboro, on "The Expectant Christ," was the feature of the opening day.

Ship Linked To Shore By Television Tests

S. S. Berengaria, March 7.—(AP)—A ship has been linked to shore for the first time by television.

Spectators aboard the Cunard liner Berengaria in the mid-Atlantic last night saw persons appear before the transmitting apparatus in a London studio. They saw the subjects move and in one case the image that came across the Atlantic was recognized.

At the test lasted for two hours and the time vision for London was stated to be remarkably clear.

On the screen of the receiving apparatus aboard the ship appeared the image of Miss Dora Selvey, fiancée of Chief Radio Operator Stanley Brown of the Berengaria, who was present at the tests. Brown recognized Miss Selvey when she first appeared on the screen by the characteristic way she has of arranging her hair. Recognition was established beyond a doubt when spectators saw her turn so as to display her profile.

Brown, at whose request Miss Selvey was invited to appear before the transmitter in London, said it was the most thrilling experience he had encountered, he asserted he looked forward eagerly to the immediate commercial development of the new science.

The television tests did not interfere with operation of the ship's radio which continued as usual during the period.

Captain Hutchinson said the demonstration was rather a rushed affair as it was only decided upon twenty-four hours before the Berengaria sailed from New York on March 2.

"Since Sunday night we have been installing aerials and tuning in generally," he explained. The fact that we were ready in time for the

TODAY

Where Are the Bears? Big, Mixed Russia. Big, Rich Chicago. Busy Henry Ford. (By Arthur Brisbane) Copyright 1927, by Star Co.

What suddenly became of gentlemen preparing a gala festival for Wall Street Bears? Don't gamble, you would lose. But keep in mind that as James Speyer says, "Prosperity must be the natural condition of the United States, unless we are very foolish."

Busy times in Wall Street yesterday, 765,000 shares sold in the first hour, of which 310,000 were General Motors stock.

Another "3,000,000 share day" with money lending at 4 1/4 per cent.

Don't sell this country short. That course is financially poisonous.

Joseph Topitzky of Los Angeles, abnormally intelligent, says, "Don't forget that gigantic investment trusts are buying mid-taken things, paying all cash and taking them out of the market. The little man is stabilizing prices. Some companies are buying enormous quantities of their own stock for employees."

The population of Soviet Russia has risen to 146,989,000, and there are 5,000,000 more women than men. That shows what war has done. The previous census showed only 500,000 more women than men.

Russia's much mixed millions are divided into 577 different tribes, speaking 150 different languages. What we call "Russians" are less than half the population.

The late Count Witte, when here arranging with Roosevelt to end the Japanese-Russian war, said to this writer, "You mustn't be surprised that Russia has not perfect government. The wonder is that we have any, with our mixed populations hating each other and many languages. If this government falls it may be a long time before Russia gets another."

However Russia has another, apparently a strong one.

Chicago was 91 years old last Sunday. Ninety-one years ago new-born city voted to spend \$60 "to drain a pond in state street." This year Chicago appropriates \$50,000,000 for parks, \$15,000,000 for a new municipal hall, and puts out a bond issue of \$50,000,000.

Five hundred dollars invested on the Chicago lake front 91 years ago would be worth easily \$50,000,000 today. This country grows rapidly. Get a good piece of real estate, take care of it, and it will take care of you. But be sure it is the right piece, look out for sharks, and don't buy unless you know what you are buying, and why you are buying.

Henry Ford says two things that interest you. He will continue to work at his flivver plant, until he is able to produce a small strong (Continued on page six)

SOVIET GOLD PLACED UNDER TREASURY BAN

\$5,000,000 in two New York Banks Cannot Be Assayed Without Violating Law.

Washington, March 7.—(AP)—Five million dollars in gold which the Soviet government shipped to this country February 21 to help promote trade lay under a treasury ban today in two New York banks.

On the advice of the Department of Justice, the Treasury held that the gold bars could not be assayed without violating the embargo against Russian gold importations placed in effect in 1921 or unless the two banks guaranteed title to it. The banks had offered the gold to the mint for purchase merely as agents of the Soviet Bank of Moscow and not as owners.

While officials here are uninformed as to the ultimate disposition to be made of the metal, now held in the vaults of the Chase National Bank and the Equitable Trust Company, New York consignees, there are believed to be only two courses left open to the Soviet government, withdrawal of the gold or let it lie idle in the vaults.

It is considered more likely that the first step will be taken since the gold, now valued at about \$7,000,000, is causing a loss to the Soviet of about \$700,000 a day in interest. This now amounts to more than \$10,000,000.

The Treasury Department's decision came after the New York banks had declined to act as owners of the metal in offering it to the mint. The mint referred the case to the department here, which in turn took it up with the State Department. The latter held that such purchase would not run counter to the government's policy toward Soviet Russia and the Attorney General then asked for a legal opinion.

Endorse Cox For National Leader

GREENSBORO, N. C., March 7.—(AP)—Gen. Albert Cox, State Commander of the American Legion, had the endorsement today of the fifth North Carolina district of the Legion for National Commander. A resolution of endorsement, passed yesterday at a joint meeting of the Legion and Auxiliary here, recommended that the State body take action necessary to the placing of General Cox's name before the National Convention this year at San Antonio.

MINOR BILLS CONSIDERED IN HOUSE TODAY

Inquiry into Conditions in the Coal Fields of Pennsylvania under Way.

(By The Associated Press) Wednesday—Senate resumes debate on Muscle Shoals, while house considers variety of minor bills on calendar.

Inquiry into conditions in Bituminous coal fields of Pennsylvania, West Virginia, and Ohio, gets under way before Senate Interstate Commerce Committee.

Agriculture subcommittees open investigation to determine whether cotton market is manipulated to depress prices.

Other Senate committees consider Nicaragua and resolution restricting Federal reserve bank loans for speculative purposes.

House rules committee meets to fix date for bringing naval building program to floor.

Immigration restriction, farm relief, shipping and railroad consolidation continue before other hours committees.

Tuesday—Senate approved French administration treaty, passed more than score of unobjectioned bills and debate Muscle Shoals; house tackled resolution to abolish "Lame Duck" sessions.

By ten to seven vote, Senate Interstate Commerce committee reported adversely on renomination of John J. Esch as member of Interstate Commerce Commission.

Prothingham resolution to outlaw submarines tabled by house; foreign affairs committee by six to five vote.

House agriculture committee tentatively approved motion to give farm organizations right to pass on members which McNary-Haugen bill provides for Federal Farm Board.

State Democrats To Hold Convention At Capital City Tuesday June 12

Raleigh, March 7.—(AP)—North Carolina's voting democracy today was dated up heavily from May 26 through June 26, with the state ticket divorced from the national ticket.

It took hardly ten minutes last night for the state democratic executive committee to go through the motion called for by Chairman Dennis G. Brummitt—a motion, seconded, and unanimously carried setting Saturday, May 26, as time for precinct meetings, Saturday, June 9, for county conventions, and Tuesday, June 12, for the state convention at Raleigh.

After the drawout calling of the roll, showing 37 men and 26 women in attendance and 40 proxies on the table, just four things occurred: Representative S. C. Brawley of Durham offered the resolution setting the date and place of the state convention and dates for the precinct and county meetings; Lurgs-Lurgs of Roanoke Rapids seconded the motion; the committee unanimously adopted it; and Chairman Brummitt directed Secretary W. C. Coughenour, Salisbury, to read a telegram from former Congressman John D. Bellamy, of Wilmington, calling upon democrats to exercise tolerance and loyalty, generally interpreted as anticipating the nomination of Governor Al Smith of New York as the democratic presidential nominee at the Houston, Texas, convention June 25.

Observers, ever seeking the significance in the slightest political move, today noted the man who moved crowded June moments on the democratic datebook, Rep. Brawley, as a Smith man, and Mr. Coughenour, seconder of the motion, in the same category.

Of Brawley, the Durham Herald today said: "Representative Brawley, who last evening made the motion which sent the democratic state convention to Raleigh, in addition to setting the precinct, county and state dates, was recently requested to take charge of the Al Smith campaign in this state. Mr. Brawley, however, declined to take over the Smith work. Now that the date and site for the state convention have been set, supporters of the New York governor here believe that either Mr. Brawley will consent to head the campaign another

leader will be secured." Former Congressman Bellamy's telegram, bringing cheers and some laughter, at the conclusion of the brief session in the house of representatives, said: "Regret that sickness alone prevents attendance today. For me, an old party man, please urge the necessity of preparing to be tolerant and to accept loyally as best for the good of our state and nation whatever may be the result of the national convention."

The conservatism of North Carolina will naturally yield to the party's will but circumstances have arisen and may yet arise that will require the largest exercise of the spirit of tolerance and loyal acquiescence which ought to be energetically encouraged by the party leaders now in session.

"North Carolina cannot be a laggard but must be an enthusiastic leader in the contest, whatever the result of the contest."

No word of approval or disapproval followed, and so ended North Carolina's democracy's quietest and quietest executive committee meeting on record.

Previously the committeemen had been entertained for several hours at an informal buffet dinner at the governor's mansion.

Ice cream cast in the form of an elephant—the G. O. P. symbol—was served by Gov. and Mrs. McLean. As one committee member put it today, "the democrats ate up the republicans' donkeys decorated the table."

As to the dates selected, the crowded moments will begin, Saturday, June 26, when the precinct meetings are set. Then the next Saturday, June 2, is the democratic primary when the democratic state ticket will be gotten out of the way.

On the next Saturday, June 9, the President picture will begin to focus for the county conventions will be held to select delegates to the state conventions, the following Tuesday, June 12.

At the state convention the delegates to the Houston nominating convention June 26 will be named and the platform announced.

As predicted, state and national party tickets will be divorced by this unanimous arrangement.

BRITISH READY FOR HOLY WAR FOR SOUTH DAKOTA FOR LOWDEN

Possibility of Attack by Ibn Saud Met With Active Preparations Today.

London, March 7.—(AP)—British aircraft was ready today for combat in a holy war.

The possibility that Ibn Saud, King of Hedjaz and Sultan of Nejd, would attack the borders of Iraq and Transjordan, mandated British territory, was met with active preparations by Great Britain.

Advices from Basra, Iraq, said an airplane base was established at Koweit, at the head of the Persian Gulf, of ten bombing machines, ten armored cars and numerous transport vehicles and ambulance cars.

The royal air force detachment in Iraq, to the north of Koweit, consists of 45 bombing planes and a dozen Bristol fighters. The correspondent of the London Evening Star said he had learned from an authoritative source that arrangements were made to hold in readiness aerial reinforcements in Egypt, Palestine and India.

Ibn Saud, who was reported in an Exchange Telegraph dispatch from Jerusalem to have made formal declaration of hostilities against the mandated district, was estimated to be able to place 30,000 strong fanatics in the field.

There was reluctance in London to believe that Ibn Saud has voluntarily avowed himself an active enemy of countries under British protection. It was held that if he was actively supporting raiding tribesmen it was because he felt that to remain aloof would cause his dominion to be threatened by powerful tribes over some of which his control is loose.

Withdraws Millions

Here is Joseph Boyer, millionaire head of the Burroughs Adding Machine Co., and "almost" the grandfather of "Baby Boyer," upon whose millions in trust were lavished. The "grandfather" now seeks to withdraw the trust as he learns that the "grandson" was not even a distant relative of the Boyer family.

PLUSH PLANT DECIDES TO LOCATE HERE

Branch of Philadelphia Concern Making Final Arrangements to Come Here.

Although no formal announcement has actually been made, it was authoritatively stated this afternoon that final arrangements had virtually been completed for establishment in this city of a branch of the Philadelphia Plush Manufacturing concern. Negotiations between representatives of the firm and members of the local committee having selected of stock in the past several days, and assurance that the branch would locate here followed conclusion of the conferences.

A M. Moseley, Greenville business man, who has had charge of stock solicitation and negotiations with representatives of the Philadelphia establishment, today expressed gratification of the splendid support which Greenville businessmen gave him committee.

"Business interests of the city rallied behind us in a most commendable way and it would have been impossible for us to have raised the necessary amount of stock to make the coming of the Plush company possible without the splendid support given us. The committee is proud of its achievement in behalf of the industrial development of the city, and is confident the establishment of this new enterprise is the beginning of an era filled with opportunities for greater development in this field."

Mr. Moseley said definite announcement concerning the plans of the new enterprise no doubt will be made public within the next several days. It is generally understood, however, that every effort would be made to open the plant here as early as possible.

A request by a New York city visitor named Williams, who withdrew his first name to the anti-saloon league who held a convention here in New York and "heard the lion in his den," was looked upon with favor by McBride, who said he would consider it.

Williams declared that the membership of the federation of churches in the boroughs of Manhattan and Brooklyn would be strongly behind the dry movement, which led the chair to observe that it would be well to hold such a convention in a "wet" center so as to "tell the officials there that we will either back them up or back them out."

Last Night Was Banner Night at Catholic Church

Last night was the banner night as far as members were concerned at the Mission being conducted in St. Peter's Catholic church. Many who were present on Monday night returned again last night.

The subject of the discourse last evening was the Truly Christian Home. Father Berrong, the Missionary, told the congregation that the Christian home must begin with Christ, continue with Christ end with Christ. The Christian home, he said begins with company keeping which must be a preparation for holy matrimony. The Christian home continues with Christ, he further stated only in so far as husband and wife give each other the proper respect, love, support and edification. Finally he described the scene around the death bed of a dear old mother, showing the end of a real Christian home.

Tonight the topic will be "The Great Trial of Justice." This will be preceded by a short instruction on articles of devotion used by Catholics. Services begin at 7:45 and the Catholics of Greenville invite their non Catholic neighbors to hear the Rev. Francis J. Berrong.

Billy Sunday Wins 6,000 Converts At St. Louis Missouri

Billy Sunday, widely known evangelist who is to begin an evangelistic campaign in this city April 22, recently closed a meeting in St. Louis with approximately 6,000 converts, according to information received in this city today by members of the local campaign committee.

During a stay of seven weeks in the Missouri City, Mr. Sunday preached to about 456,000 persons, delivering a total of 95 sermons. He received a testimonial offering of \$30,671.38, of which 5,800 was contributed by a farewell meeting of 12,000 persons.

Announcement of the coming to Greenville of this noted evangelist has created more than usual interest in this section of the state, and arrangements will be made to take care of thousands at every service.

LEWIS TELLS OF CONDITION IN COAL FIELD

President of Mine Workers Gives Testimony before Senate Committee Today.

St. Petersburg, Fla., March 7.—(AP)—The southeastern states prohibition convention of the anti-saloon league went on record here today in favor of a congressional appropriation to secure evidence in prohibition law violations of "under cover agents."

Acting on a motion of David Hepburn, superintendent of the Virginia state organization of the league, the convention in open forum expressed its sentiment in favor of the proposition by a unanimous vote of the approximately 100 persons, including delegates, in attendance.

A proposal advanced during discussions on the floor to request higher compensation for federal enforcement officers and government pensions for the families of those killed or injured in line of duty was referred to the convention's resolutions committee, which was meeting in executive session all the time to draft the official pronouncements of the meeting on political and other problems of the day.

In his argument for a definite appropriation for under cover work, Hepburn termed it the most important feature of prohibition enforcement and declared it was unfair to compel under cover agents to borrow money for the purpose of procuring evidence in their operations, and added that it was through these operations that the government was enabled to reach the "higher ups" of the liquor traffic.

On motion of G. W. Heck, of Perry, Fla., the language of the Virginia's motion was changed from "the purchase of evidence" to "the securing of evidence," the Floridaian declaring that the original phraseology "sounds too much like purchasing votes."

There was no debate on the subject.

The pensions question was raised by a convention visitor from Wisconsin who said he was a winter tourist and who wanted to know what provision had been made by the government for such cases. His interrogation to the chair brought on a discussion of that phase as well as the matter of salaries for agents, in which the Rev. C. A. Upchurch, of Raleigh, superintendent of the North Carolina anti-saloon league, and W. S. Maxwell, of Louisville, Ky., participated.

The former cited cases in which he said the government had been unable to procure the proper type of candidates for civil service examinations for the prohibition service because of the low pay and that if the better class men were to be procured it would be necessary to increase the compensation.

Dr. F. Scott McBride, general superintendent of the anti-saloon league who was presiding, concurred in the proposition and observed that from the basis of actual service rendered, the agents were entitled to high pay because they "are called upon to do the very hardest kinds of work."

A request by a New York city visitor named Williams, who withdrew his first name to the anti-saloon league who held a convention here in New York and "heard the lion in his den," was looked upon with favor by McBride, who said he would consider it.

Williams declared that the membership of the federation of churches in the boroughs of Manhattan and Brooklyn would be strongly behind the dry movement, which led the chair to observe that it would be well to hold such a convention in a "wet" center so as to "tell the officials there that we will either back them up or back them out."

Police Arrest Norfolk Boys On Theft Charge

A Moon roaster, the property of Cullen and Bell of Norfolk, Va., was recovered by Officers Lester Jones, and W. L. Brewer last night on highway 91, east of Greenville.

The car was reported stolen to Norfolk police department Monday afternoon.

Two young men were arrested with the car. They gave their names as William Balfour, Jr., and E. L. Harber, both of Norfolk, Va. These boys are about 20 years of age.

Norfolk police department has been notified and will send an officer to the boys at once. They have waived extradition and state that they are willing to return to Norfolk.

Three Candidates Want Stedman Job

Raleigh, March 7.—(AP)—When and if Major Charles Stedman, only surviving Confederate soldier in congress, retires as representative from the fifth North Carolina district, at least three candidates will offer for the office, observers noted today.

State Senator Frank W. Hancock, Jr., of Oxford said today he was considering the race.

Other candidates in the "imperial fifth," largest congressional district in the state are Lieutenant Governor J. Elmer Long, of Durham, and Representative John Folger, Mt. Airy.

YANKEES TO HOLD THEIR OLD LINEUP

By BRIAN BELL
(Associated Press Sports Writer)
St. Petersburg, Fla., March 7.—(AP)—From the pinnacle of a world's championship, the New York Yankees are standing pat with their shock troops and preparing for baseball war in time of peace only by bolstering their reserve forces.

Manager Huggins contemplates no immediate changes in the lineup that was good enough to turn back all American League opposition and vanquish the National League champions in four straight games.

The infield will remain as constituted at the close of the last season with Lou Gehrig at first, Tony Lazzeri playing second, Mark Koenig taking care of short and Joe Dugan at third. His mates have the jump on Lazzeri in early training but it is expected that he will come on and catch up.

Dugan will be given a lift at third when necessary by Gene Robertson, back in the major leagues after a stay with St. Paul, and will play at a great clip in the spring workouts. The former St. Louis player gets extra speed by discarding his stockings and goes his barre-legged way around third base in high gear at all times.

Gene Tunney may have his social obligations to fulfill while spending most of the winter in Florida, but he is not allowing them to interfere with preparations for his fighting engagements in the summer.

A picture of Gentleman Gene, as brought back from Miami Beach by the big syndacium and muscleman Artie McGovern, is not of an athlete in repose on the sands but of an energetic young business man concentrating upon the plans to one or two deals this year in left hooks preferred.

Tunney is close to fighting shape right now, training regularly and thoroughly, said McGovern. "Like Babe Ruth he knows the value of all-year round condition. Gene is within three pounds of his best fighting weight now. He doesn't vary that much the year around, he told me."

For those who may be skeptical of the say Mr. Tunney puts in his time, this is a sample daily schedule verified by Mr. McGovern:

Up and dressed by 8:30 or 8:45 regularly, after going through a series of setting up exercises.

Ring workout, rope skipping, shadow boxing and sparring with one or more of his camp mates.

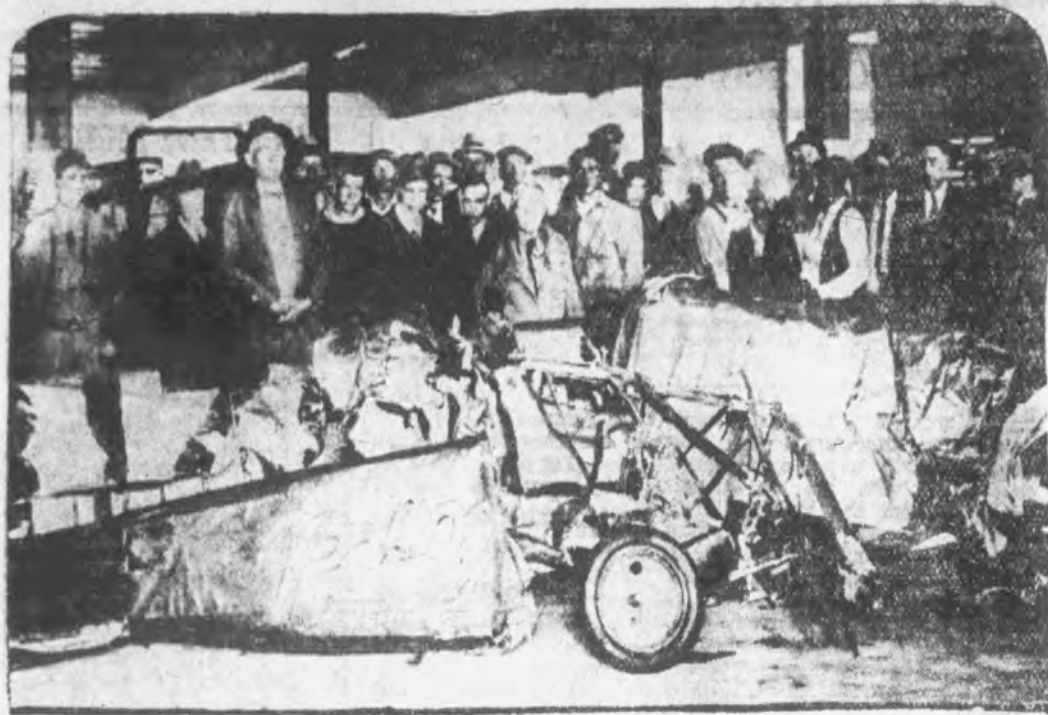

Hearty breakfast about 10:30, the first of only two meals on the daily schedule.

Attends to correspondence and other business until about 1:30.

Afternoon diversion, usually golf, the champion's only sport's hobby outside the ring.

Dinner at about 6, followed by evening social activity or reading before retiring in time to insure regular rest of at least eight hours.

WRECKAGE OF BROOKS PLANE WASHED ASHORE

Here is all that is left of the Ford baby plane, piloted by Harry Brooks, the wreckage having been washed ashore near Melbourne, Fla. The tiny plane in which the pilot completed a hop from Michigan to Florida, dived into the sea several days ago, and it is now believed certain that Brooks was drowned.

SPORTS SLANTS

By ALAN J. GOULD

New York, March 7.—(AP)—Gene Tunney may have his social obligations to fulfill while spending most of the winter in Florida, but he is not allowing them to interfere with preparations for his fighting engagements in the summer.

A picture of Gentleman Gene, as brought back from Miami Beach by the big syndacium and muscleman Artie McGovern, is not of an athlete in repose on the sands but of an energetic young business man concentrating upon the plans to one or two deals this year in left hooks preferred.

Tunney is close to fighting shape right now, training regularly and thoroughly, said McGovern. "Like Babe Ruth he knows the value of all-year round condition. Gene is within three pounds of his best fighting weight now. He doesn't vary that much the year around, he told me."

For those who may be skeptical of the say Mr. Tunney puts in his time, this is a sample daily schedule verified by Mr. McGovern:

Up and dressed by 8:30 or 8:45 regularly, after going through a series of setting up exercises.

Ring workout, rope skipping, shadow boxing and sparring with one or more of his camp mates.

Hearty breakfast about 10:30, the first of only two meals on the daily schedule.

Attends to correspondence and other business until about 1:30.

Afternoon diversion, usually golf, the champion's only sport's hobby outside the ring.

Dinner at about 6, followed by evening social activity or reading before retiring in time to insure regular rest of at least eight hours.

Tunney's rules for health and proper condition are far from complicated.

"If I were passing on any advice to boys and young men," Gene told McGovern, "I would urge them to do these four main things—exercise consistently and properly, regulate the daily schedule, eat wholesome food and avoid stimulants."

These are the champion's rules. He does not even use coffee or tea. Two quarts of water are part of his daily diet. While he is in training camp before a fight he drinks two quarts of milk daily.

The opinion abroad that Gentleman Gene has become "high hat" since assuming championship stature, is not shared by Prof. McGovern.

"I think some of the boys do Gene injustice in sneering that idea," said Artie. "They do not understand him."

"Gene is not a professional gladiator and never will be. Neither has he any aids around to promote his personality and color. The champion has never pulled any of the 'how are you, kid?' stuff, accompanied by the old slap on the back just for effect. That may be

why some of the boys think he's up-stage. "There's one thing you can be sure of. Gene Tunney knows his own business and attends to it himself. If and when he takes it on the chin, and stays down, it won't be because he has neglected to be fit in mind and body."

Basketball Tonight

The Sophomores and the Freshmen of Greenville High School will clash again tonight in their final game together at the basketball season. Since each team of both classes has won one contest, there will be so much more of interest in this meeting. The boys have played two close games, and the girls have each won one game handily. The Freshmen doubling the Sophomore score in their first encounter. As this may be the last time the two classes meet in inter-class games this year, all who can will be on hand to see their favorites play and cheer them on to victory. The first game begins at 7:30 sharp.

Robbins Sign Vance

Clearwater, Fla., March 7.—(AP)—Holdout worries of the Robins have faded away today with the signing of Dazzy Vance, the National League strike-out king, at a reported figure of \$20,000 a year. Vance, the last of the Brooklyn holdouts, had been dickering for a two year contract at this salary but the Dodgers' management talked him into a one year agreement. Vance now is the highest paid in the majors, being topped by Herb Pennock of the Yanks, who draws down \$22,000.

ABSENT MIND SAVES MONEY FOR PROFESSOR

Chicago, March 7.—(AP)—The absent minded professor saved himself \$75 last night by being that way.

Kidnaped by two men, taken for a ride down a dark alley and then searched for valuables, Professor Arthur E. Holt of the University of Chicago Divinity School was found to have only fifty cents in his pockets.

Freed by the disgusted robbers, Professor Holt reported the holdup to the police.

"I withdrew \$75 from the bank today," he said, "but when I left home I forgot to take it with me."

GRANT'S OLD CHURCH WRECKED BY FIRE

New York, March 7.—(AP)—President U. S. Grant's old church in Greenwich village, the Methodist Episcopal edifice known as the Episcopalian temple, was destroyed by fire of undetermined origin early today. The loss is estimated at \$100,000.

Goldsboro Cagers To Play Battery Here on Thursday

The Memorial five of Goldsboro will close the Basket ball season here Thursday night at Gorman's warehouse when they meet the Battery 'E' team. The Goldsboro team has been playing over Eastern Carolina this season and have been defeated twice. Bostic will play in this game with the Battery boys.

FIGHTS LAST NIGHT

By the Associated Press.

New York—Bobby Burns, New York, and Phil McGraw, Detroit, drew (10).

Portland, Maine—Frankie Genaro, N. B. A. flyweight champion, defeated Duke Menard, Biddeford, Maine, (10).

Cleveland—W. L. (Young) Stripling, Macon, Ga., won from Chuck Wiggins, Indianapolis, (12). Phil Sewick, Cleveland, and Jacinto Valdez, Philippines, drew (8).

Toronto—George Friedland, Canada, defeated Sailor Friedman, Chicago, (8).

Allentown, Pa.—Jack Haner, St. Louis, and Pat Haley, Philadelphia, drew (10).

Los Angeles—Bud Taylor, Terre Haute, Ind., defeated Ignacio Fernandez, Philippines, (10).

San Antonio, Texas—Chicho Cisneros, Mexico City, and Mike Vasquez, El Paso, drew (10).

San Jose, Cal.—Matt Galo, Honolulu, and Buddy Saunders, New York, drew (8).

Portland, Ore.—Jack Renault, New York, knocked out (Hoot) Burger, Kansas, (3).

St. Petersburg, Fla.—Jimmy Watts, Atlanta, won decision over Tim O'Dowd, Columbus, O., for mythical southern featherweight title (10).

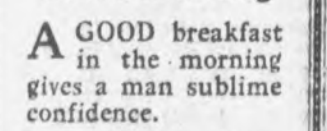

Jacksonville, Fla.—Sid Terris, Chapel Hill, N. C., won over Joe Clancy of Detroit, (10).

Prince Finishes Second

Bicester, Eng., March 7.—(AP)—The Prince of Wales finished second to Lieutenant-Colonel John Heywood-Lonsdale in a race for the Lord Manners Cup at a point-to-point meeting today.

PLATE GLASS WORKERS GO OUT ON STRIKE

Butler, Pa., March 7.—(AP)—Five hundred and fifty glass workers employed by the Standard Plate Glass Company were on strike here today. Representatives of the men claimed the company had not lived up to a wage agreement, under which the men returned to work two weeks ago after a two months strike.

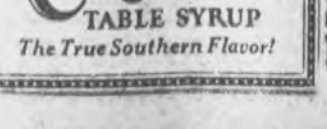

A Royal Send-Off In the Morning

A GOOD breakfast in the morning gives a man sublime confidence.

What's better than hot cakes topped off with Southern flavored Golden Crown Syrup?

Filling, nourishing, satisfying. Its goodness brightens up the whole day.

DAUGHTER AND GRANDSON PRINCIPAL KENLY HEIRS

Wilmington, March 7.—(AP)—A daughter and a grandson are the principal heirs of the late John Reese Kenly, president of the Atlantic Coast Line railroad, whose will has been placed on file here. The document, admitted to probate yesterday, named George B. Elliott, of this city, vice president of the Coast Line, as executor of the estate, estimated at more than \$100,000.

All real estate, including the imposing Kenly home here, was willed to Miss Edna M. Kenly, daughter, along with \$28,000 in outstanding notes, and certain securities left in trust for her a Baltimore banking concern.

To John Kenly Bacon, grandson, was bequeathed \$20,000 in trust to be paid him at the age of 21.

Three brothers, Edward G. Davies L. and Albert C. Kenly, were left sums of \$5,000 each. Norfleet Alexander, a negro servant, was remembered by Mr. Kenly, in his will with a \$1,000 gift.

We are now prepared to handle your printing needs—Let us figure on that next job for you.

The Daily Reflector Job Dept.

LOCALS

Mrs. W. D. LaRoque, Mrs. Oscar Greene, Mrs. M. LaRoque and Miss Marianna LaRoque, of Kingston, were here yesterday.

Mrs. Huldah C. Moore, of Aberdeen, is visiting Mrs. Julius Brown. Miss Minnie Exum Sugg left this afternoon for St. Augustine, Fla., to do Chautauqua work.

Mrs. Sigmund Levenson and Mrs. Harrington, of Springfield, Mass., are the guests of Mrs. R. L. Smith and Miss Ward Moore.

Mrs. Sydney Carr, of Snow Hill, was here today.

Mrs. Charles Cowell, of Washington, spent today here.

Mr. and Mrs. Ned Laughinghouse have moved to the Laughinghouse apartment on Fifth street.

Mrs. W. R. Jones and Miss Ada Jones are spending today and tomorrow in Raleigh.

John Andrews, of Ayden, was a Greenville visitor today.

Miss Elizabeth Warren, of Washington, was here today enroute to Burlington.

J. R. Morris, of Robersonville was a Greenville visitor today.

Round Table Club Meets.

On Tuesday afternoon Mrs. Paul Fitzgerald entertained the Round Table Club at the Rotary Building.

Green and White, St. Patrick's Day colors, were used in the tastefully decorated rooms.

Tall green candles in crystal holders and baskets of white lilies and snap dragons with lace ferns were especially beautiful.

The study topic for the afternoon was German mythology. The number who was on the program had invited Miss Lucy Cherry Crisp of Pitt County to address the club.

Miss Crisp told of the growth of German myths from the early beginnings down to the beautiful folk tales that are woven together in the German epic, Siegfried and Chriemhild with all of their associates lived before us again as she gave the story of the Nibelungen Leid. She closed the study by reading, in German, Heine's beautiful poem The Lorelei.

Mrs. J. H. Waldrop accompanied by Miss Bertolet then sang a group of songs which were much enjoyed. The club has not had a more pleasing program this year.

Mrs. J. H. B. Moore and Miss Council told us of the play, "A Poor Nut," which the Woman's Club is bringing to our town.

Mrs. Fitzgerald, assisted by Mrs. Berry Bostic and Mrs. Chloe Brown served a delicious two-course luncheon.

Others present in addition to club members were Mrs. Sigmund Levenson and Mrs. Harrington, of Springfield, Mass., house guests of Mrs. R. L. Smith. Miss Madge Daniels and Mrs. H. C. Sugg. —Reported.

"The Poor Nut," White's Theatre, Friday, matinee and night. This is a stage show with a New York cast.

Gives Birthday Dinner.

Last evening at her home on Evans street, Mrs. Hortense Moyer, delightfully entertained at a birthday dinner in honor of her son, Bert Moyer. A yellow color scheme was carried out, yellow flowers were used. A birthday cake formed the center piece. A four course dinner was served. Covers were laid for Mrs. Moyer, Bert Moyer, Miss Clara Moyer, James Moyer, Mr. and Mrs. C. A. Bowen, Joe Moyer, Buck Buchanan, George Hadley, Sam Carson and Frank Patrick.

"The Poor Nut," White's Theatre, Friday, matinee and night. This is a stage show with a New York cast.

Entertains Bridge Club.

Miss Hennie Whichard was hostess to her bridge club yesterday afternoon at her home on Evans street.

A novelty pin was won by Mrs. L. H. Bowling for high score. Mrs. Frank Bandall, who was recently married was given bridge pads. The consolation prizes, bridge pads, went to Mrs. Bendall and Mrs. F. R. Elmore.

Mrs. S. L. Bridges, Mrs. Elmore and little Miss Elizabeth Bridges served a salad course.

Mrs. Frank Bendall, Mrs. F. P. Elmore, Mrs. David J. Whichard, Jr., and Mrs. S. L. Bridges were guests.

Reserved seat sale opens for "The Poor Nut," at Hill Home's Drug Store, 3 a. m., Thursday. Those holding tickets exchange them for reserved seats as early as possible.

Prayer Services, Presbyterian Church.

The regular mid-week services will be held at 7:30 this evening in the Presbyterian church, with the pastor leading. The subject for the evening will be, "Is This Life Worth the Living?"

A special invitation is issued to those who are not in the habit of attending to be present this evening. Let every attendant bring one.

Reserved seat sale opens for "The Poor Nut," at Hill Home's Drug Store, 3 a. m., Thursday. Those holding tickets exchange them for reserved seats as early as possible.

Mrs. Forbes Leaves Hospital.

Friends of Mrs. G. E. Forbes will be glad to know that she is better and has returned from the hospital.

Mrs. Boyd at Home.

Mrs. J. H. Boyd, Jr., who has been in the local hospital for several weeks is greatly improved. Her many friends will be glad to hear that she returned home yesterday.

Mrs. G. T. Jones of Norfolk, Va., and Mrs. V. A. Jackson of this city have returned home after attending the funeral of their sister, Mrs. M. D. Cooper of Dunn, N. C.

Prayer Meeting Methodist Church.

Prayer meeting tonight at 7:30 conducted by Rev. I. S. Richmond. Come.

Skating Rink Friday Night.

Circle No. 1 of Memorial Baptist church will have a skating rink Friday night in Forbes and Morton warehouse, skating will begin at 7:30.

Birth Announcement.

Bethel, N. C.—Mr. and Mrs. W. J. Smith, Jr., announce the birth of a daughter, Betty Maud, March 3rd, 1928 at their home in Bethel. Mrs. Smith was formerly Miss Carolyn Pollock of Pollockville, N. C.

Dr. Dixon Returns From Hospital.

Friends of Mrs. Nonie Barrett will be glad to learn that she is improving and has returned to her home in Farmville. She has been in the local hospital.

Recovering From Measles.

Master W. M. Schies, Jr., is recovering from measles. His many friends will be glad to learn of his improvement.

Dancing Studio to Open Monday.

Miss Betty Dixon announces the opening of her dancing class Monday, March 12. Will see pupils any time after 10 o'clock Monday morning. Studio located in Dail Apartment on East Fifth street. 7 4t

Albion Dunn, Jr., Returns From Hospital.

Friends in the city of Albion Dunn, Jr., will be glad to learn that he returned home today accompanied by his mother, Mrs. Albion Dunn who has been with him. Mr. Dunn was seriously injured in an automobile wreck several weeks ago and has been in the hospital in Lexington, Va.

Move to Wilson.

Mr. and Mrs. P. T. Wilson and little son, who have been making their home here for the past few years, are now making their home in Wilson.

"POOR NUT" IS GOOD COMEDY.

(Charlotte Observer)

"The Poor Nut," played at the Auditorium last night, was one of the best light comedies that has visited Charlotte in many seasons.

Many of Charlotte's show goers missed an entertaining performance, for the audience was smaller than the performance deserved.

The youthful cast was in keeping with the youthful story of a "poor nut" who was suffering from an inferiority complex and wanted to be a standard collegian. He becomes the hero of the hour and wins the hearts of all Ohio state, especially Julia Withers (played by Miss Florence Day) but leaves it all to become a college professor in preference to a bond salesman, and marries Marjory Blake (played by Miss Dorothy Black).

Horace Michael, as John Miller, the poor nut, was the whole show. It was a one man play, and Mr. Michael made the performance. Miss Day and Miss Black were well suited for their assisting parts as was Charles Baker, as Spike Hoyt, the villain.

FEW CASES IN LOCAL COURT

Violations of Prohibition Laws Featured Session of County Court Tuesday.

One of the lightest dockets in months faced Judge W. A. Darden in the regular weekly session of county court in the city yesterday, and work was completed by the noon hour. The majority of cases consisted mainly of violations of prohibition and traffic laws.

Isiah Cox, colored, drew four months on the roads on a charge being drunk and disorderly.

Sentence was suspended on payment of cost in the case of James Gray colored, charged with assault with a deadly weapon.

The case of Derry Miller, charged with having liquor for sale, was continued to superior court under bond of \$200.

Judgment was suspended for two years upon payment of cost in the case of Guy Sutton, charged with assault with a deadly weapon.

O. M. Jones, charged with driving while intoxicated, paid a fine of \$100 and cost and was ordered not to drive again for a period of 90 days.

Judgment was suspended on payment of cost in the case of John Patterson, appearing on a charge of liquor for sale.

Oscar Stokes and Earl Little are adjudged not guilty of a charge of liquor for sale.

SEVERAL DEEDS FILED DURING THE WEEK

The following deeds of transfer have been filed in the office of the register of deeds for registration since the report of the latter part of last week.

Julius Brown et al, com. to Martha A. Gaskins, 200 acres, \$2,500.00.

J. H. Blount, Tr., to M. K. Blount, 1 lot, \$500.00.

New Life and Light Comes To Poindexter St.

(Elizabeth City Independent) Poindexter St. North of Colonial Ave. has taken on new life. Once it was one of the liveliest business blocks in Elizabeth City, but when

Watch the skies!

for THE LEGION OF THE CONDEMNED ~ cavalry of the clouds

White's Theatre Monday and Tuesday March 12-13

the removal of the Norfolk Southern passenger station removed much traffic from Poindexter St. Its once busiest block ran down at the heels.

A new chain store has put new life and light into the block in question. Not since the days of Harry Lavenstein has North Poindexter St. seen such crowds as flocked to the opening of Young's, the new chain store Saturday. Spite of the rain and snow it was necessary at times to lock the crowds out. And that just made the crowds that much more eager to

get into the new store.

Young's sells cheap things; its stocks in the hands of an ordinary small town merchant would hardly attract serious attention. But Young's uses electric lights and printer's ink, employs attractive salespeople, keeps things moving, turns stock over rapidly, features

real bargains. Young's makes it snappy. Shoppers flock where there is life and action.

O. F. Clark, publicity manager for Young's chain of stores, stated today that ten sales would begin in various stores of the firm Friday morning.

INDUSTRIES COMING

The announcement that final negotiations for the establishment of a branch of a Philadelphia plush manufacturing concern were practically completed and that in all probability Greenville would get this new industry will be received with delight by the many citizens who for the past sixty days have given much of their time and effort toward procuring this industry for our city. In these times it is not an easy job to raise funds for a new project, but realizing that Greenville had to make a beginning somewhere if in the future it expected to get the number of manufacturing enterprises to which it was entitled, the committee went to work in earnest and raised \$30,000 in stock subscriptions. All that now stands between Greenville and this new enterprise is announcement on the part of representatives that Greenville is the place. Feeling confident that such an announcement will be forthcoming within the next few days we take this opportunity to congratulate the stock soliciting committee for their fine work, the stock subscribers for their public spirit in making a manufacturing enterprise for our city possible, and the heads of the manufacturing concern for their wise selection of a city in which to locate.

The coming of the plush factory should convince Greenville citizens that we can get industries if we really want them and are willing to go after them.

DOLLAR DIPLOMACY COMES HIGH

The killing of some five marines and the wounding of seven or more others,

ought to impress upon the American people the gravity of the situation in Nicaragua. So long as only the "rebels" and "bandits" — that is to say any Nicaraguan that got in the way of flying marine bullets and dropping shells — were slaughtered, the little presidential war lacked emphasis and interest. Now it begins to look like something different. The useless sacrifice of American lives, anywhere and particularly in a questionable cause, or an openly bad one, is lamentable, and ought not to be made so easy to politicians and investors.—Columbia State.

ABOUT TOWN

"Attendance is one of the most important things in the life of any prominent agriculturalists said to our civic institutions remarked to the writer of this column today.

"It is important for the simple reason that nothing can exist without the support and co-operation of those who are interested in it. This fact has been proven time and time out.

"Civilizations have disappeared because the people who composed them failed to exhibit the proper amount of interest or enthusiasm in their development.

"The same condition exists today. If you belong to any organization—it matters not how humble or mediocre—make it a point of attending every meeting night and exhibiting interest in the things it is supporting.

"No organization the public is acquainted with today is supporting principles detrimental to human progress. Stand behind your church your lodge or whatever you believe to be for the development of your locality and rest assured of realizing something good in the days to come."

"Hogs and hominy—this is the one dominant note of agricultural development in this part of the country at present time," one of our civic institutions remarked to the writer this morning.

"It is a dominant question for the simple fact that our growers realize at last that something must be done to ease their financial condition during certain portions of the year—especially during the spring when planting is in progress, or in the early fall when tobacco curing is underway.

"Like every other part of the world, Eastern North Carolina has a month or two—maybe two or three months when financial conditions are not altogether what they are in the winter and spring, and it is these seasons of the year we wish to protect ourselves against.

"By raising more hogs, more chickens, more cows, etc., this section should actually become the great agricultural locality we desire it to be."

"Now that the tentative schedule of the Eastern North Carolina league has been announced, it is natural to presume that interest in the opening of the Class D circuit will become more pronounced in the next several days," one of the supporters of the old Eastern Carolina league mentioned to us today.

"That the opening of the new circuit is attracting more than general interest in all parts of this section cannot be doubted in the slightest sense of the word. This is the first time we have had baseball in four or five years, and men and women who have been attending games of the Virginia league or some other circuit will be delighted in developments resulting in the organi-

zation of this league. "It will not be long now before the fever becomes general in all parts of this locality," our reader continued, "and then we shall be able to take our place with other parts of the country where baseball has held supremacy for so many different seasons."

"The credit department of the local Merchants Association means that numbers of people who have not given proper consideration to just obligations will have to get busy and see that these things are looked into," a prominent merchant said today.

"We have been losing thousands of dollars annually because of the lack of sympathetic understanding of those whom we have extended

credit. We would continue to lose did we not take some action looking to our protection, or the settlement of accounts which have been running long overtime, many of them for years.

"If you happen to come in contact with the collector of the Association let him know what you intend to do about your account. If you intend to pay it, why do so; if you do not the thing to do is say so.

"Liquidation of legitimate accounts is very important now and it is to be hoped those who owe members of the Association will get busy and make some arrangement for settlement, or satisfying the merchant that the obligation will be lived up to in the near future."

Looking Backward

Items Taken From The Reflector Of Twenty and Thirty Years Ago

March 7, 1908

Masquerade Skating Carnival
Smith & Cobb's skating rink in the Centre Brick warehouse, was the center of attraction Friday night, the masquerade carnival being a great success. There were over a hundred disguised skaters on the floor and the number of spectators was many times larger. The Aeolian Band was on hand and helped out the merriment with their music.

There were all kinds of costumes and made quite an attractive scene as the skaters whirled around the floor. Miss Irma Cobb was awarded the prize for being the most graceful skater, and Charles Haskett the prize for the best costume.

The Reflector tried to get a list of the skaters and what they represented, but it was impossible, even with the assistance of both managers of the rink, to get more than half of them. The skaters just would not keep still a minute, and catching them on the run was something else. So any who were in mask and fail to find their names in the list below need not lodge any complaint against anybody. But we would suggest that at the next event of the kind every participant take along a card on which is written the name of the person and the character represented, and deposit this card with the doorkeeper, then none will be overlooked.

Misses Irma Cobb and Essie Whichard both represented Red Riding Hood; Misses Ruth Cobb and Hilda Critcher, nurses; Miss Mary Smith, hearts and flowers; Miss Lillian Burch, fairy queen; Miss May Draper, Liberty; Miss Bekkie Haskett, Mimi-haha; Misses Mary James, Folly; Miss Estelle Green, flower girl; Miss Emma Hardee, Ghast; Misses Ethel Bowling, Ruth Tunstall and Lillie Tucker, cowboy girls; Miss Pattie Wooten, night; Misses Maude Lee, Christine Tyson, Amine King, Japanese girls; Miss Annie Tyson, butterfly; Miss Mary Brown, summer; Miss Myrtle Warren, Priscilla; Miss Pittman, The Daily Reflector; Miss Alice Bradley, old lady.

Charles Haskett, Frank Brown, Sherwood Ragsdale and Joe Barovitch were gentlemen of different degrees from Africa; Luther Bowling, Howard More and James Haskett, Indians; George Prichard, Wiley J. Brown, Walter L. Whitehead, clowns; Royce Tucker, ball player; Henry Haskett, jockey; Adrian Brown, countryman; Goodrich Thomas, America; Key Brown, Con-

Lanier and Jesse Harrington, Klux; Bruce Hooker, soldier; Larry James, cowboy; David Whichard, Aunt Dinah; Bruce Warren, Russian Jew; J. L. SUMRELL MOTOR CAR CO., Inc.
J. Vance Perkins, Mgr.

Dare of the White Doe," before the Maryland Society of Colonial Dames at a reception in her honor in the banquet hall of St. James Hotel.

"The poem deals with the life of the first white child born in the colonies and has been read by Mrs. Cotten in various parts of the country. Everywhere it has been received with favorable comment. It will be published in book form.

"The reception followed the reading. "While in Baltimore Mrs. Cotten will be the guest of Mrs. Thomas J. Boykin."

When the Boys Came Back.

In "Private Izzy Murphy," the Warner picture starring George Jessel, featuring Vera Gordon and Patsy Ruth Miller, and directed by Lloyd Bacon and coming to the New Theatre Thursday and Friday for a 2 days' run, the actual parade of the returning "Old Sixty-Ninth" up Fifth Avenue is shown with Jimmy Walker, Governor Smith, Mayor Hylan, William Randolph Hearst and other notables in the reviewing stand.

Private Izzy Goldberg had taken the name of "Murphy" for business reasons and when assigned to the Irish regiment he still kept the

name, thinking the thorny path might be a bit easier. The boys accepted him as "Private Izzy Murphy," a name which he never discarded.

His parents come from the Ghetto for the big parade, but with broken hearts, for word has come that their boy has been killed in action. Then they see him, proud in his O. D. helmet, gun, hobnails, puttees and all!

It's a male heart-warming picture, "Private Izzy Murphy." It is a breeder of tolerance. A story of youth, bravery, love and honor with many a chuckle and an occasional tear, and the inference that it's a pretty good old world after all!

Chatham Circle Lots at Attractive Terms

We now have ready for sale a number of additional lots in Chatham Circle which we are offering at agreeably low prices. The terms are as attractive as the prices, ten per cent down, ten per cent in ninety days, and twenty per cent each year for four years. The homes already erected or being constructed are convincing evidence that this sub-division furnishes a real opportunity for Greenville people. Investigate for yourself. Why not get in touch with us and let us show you these lots.

You'll find a new thrill in buying clothes this Spring

Every Spring a young man's fancy turns to thoughts of fashion—that's natural.

Spring 1927 was great—so was Spring 1885—but this year it's different—better—and it's partly because mens clothing has ceased to be something to drape over a dummy and has started to be something alive—to enthuse over.

Give us half an hour and we'll give you the surprise of your life.

Market Report Cotton--Stocks--Grain

CHICAGO GRAIN
Chicago, March 7.—(AP)—Houses with foreign connections became active buyers today of wheat for Chicago March delivery, and brought about sharp upticks in price for all months. The advance forced into operation standing orders to stop losses at various fixed units, and July wheat touched the highest quotations net this season.

Wheat closed strong 1-1/8 to 2-3/4 net higher; corn at 1-4 decline to 1-8 advance; oats unchanged to 1-3 to 1-4 off and provisions varying from 5 set back to an equal gain.

COTTON TABLE
New York, March 7.—(AP)—The cotton market was very quiet again today. Prices fluctuated within a comparatively narrow range. An opening advance on higher cables was followed by reactions, but after showing net losses of about 8 to 9 points on the active months, prices held fairly steady in mid-afternoon.

—ch. Futures closed steady 4 to 9 points lower. Spot quiet; middling 18.25.

STOCK MARKET
New York, March 7.—(AP)—Stock prices resumed their upward movement after an early period of irregularity today, with new leaders brought forward when some of the old favorites showed signs of lagging. General motors continued in the forefront of the advance creating a new high record for the fourth consecutive session. After touching 150 7-8 in the early trading, motors sold down to 148 3-4 but was back near the top by early afternoon.

Raising of the annual Rock Island railroad common dividend from \$5 to \$6 and the statement of weekly trade reviews that steel production is being well maintained with indications that the present rate of operations may carry thru April, in contrast with the decline in that month a year ago, had a bullish effect on speculative sentiment. The only disturbing note was a further collapsible crude rubber to the lowest prices in several years, which was reflected in the renewed weakness of the rubber shares.

Hudson assumed a more prominent place in the motor group by advancing 3 points to a new 1928 top at 90 3-8, or within 1-1/8 points of last year's top. Radio, after selling down to around 97, rallied to 99, one block at 11,500 shares changing hands at the top price in the early afternoon.

Public utilities gave one of the best demonstrations of group strength with buying influenced by reports of expanding earnings and a restoration of confidence in that group on the decision of the U. S. Senate to refer the investigation of public utility projects to the federal trade commission. Green Cananea Copper, which broke to 113 in last month's reaction, rallied about 6 points above yesterday's final quotation to 133 1-2. Peoples Gas jumped 4 1-2 points and a number of other power and light stocks advanced 2 points or more, several of them to new high records.

Rock Island common advanced 1 1-2 points on the dividend declaration, but trading was unusually quiet. Other rails held firm.

The closing was irregular. Total sales approximated 2,700,000 shares.

WINTON BANK ROBBERS MADE GOOD ESCAPE
Norfolk, Va., March 7.—(AP)—Robbers who cut through the vaults of the Merchants and Farmers Bank at Winton, N. C., on Monday night, and escaped with approximately \$18,000 in bonds and a small amount in coin and jewelry, had apparently made good their escape today. The robbers, using an actinewave torch, failed in an attempt to open the safe, which contained a large amount in currency.

HAMMER MURDERER GOES TO REFORMATORY FOR REST OF LIFE
Painsville, O., March 7.—(AP)—Mrs. Velma West, in custody of Sheriff Ed Rasmussen, two deputies and her guard, Mrs. Cora Nash, started at 7 a. m. for the Marysville reformatory, where she has been sentenced to life imprisonment for the hammer slaying of her husband, T. Edward West. The 184 mile trip was by automobile.

TODAY
(Continued from Page One.)
machine for the price of one of his new automobiles. And he is at work perfecting a Diesel engine, to carry a huge passenger plane across the Atlantic. That new engine, new fuel idea, is important.

Ford hopes to make the flight himself, "but not this year." Ford, who says, "I'm a republican because I was borne one," repeats that he is for Hoover, for President.

One-third the Radcliffe College students, half the Harvard students, replying to questions about companionate marriage, approve that invention. Two Harvard men and one Radcliffe girl are married already in that fashion. Twenty-two Radcliffe girls are willing to marry on the companionate plan.

This proves some girls at Radcliffe and some men at Harvard know little about life. When they know more, their views will change.

If the 22 Radcliffe girls enter companionate marriages, they will know, when their faces begin to have lines, their hips get wider, and their eyes dim, that they made a mistake.

A society in Japan urges girls for economy's sake be married in kimono of cotton instead of silk.

That Japanese society should establish a branch here. Our cotton growers here need it. Women that once wore yards of cotton, in made petticoats, now wear about half a yard of imitation silk underwear.

A young lady, 23 years old, pretty, wife of Lieutenant Ferris, Romanian war ace, arrives boat and means to fly back, "I don't believe the Atlantic is as big as it looks, and I am unafraid," says she. That's the spirit of progress. She should stay here and raise a family.
