## LEVINE PLANS TO STAY NIGHT AT PALM BEACH

### Trans-Atlantic Monoplane Columbia to Leave Havana This Afternoon 3 o'clock.

Havana, March 8.—(AP)—Charles A. Levine announced today that he planned to leave Havana in the trans-Atlantic monoplane Columbia about three o'clock this afternoon for Palm Beach.

Levine said that his party would stay overnight in that city.

Havana, March 8.—(AP)—Miss Mabel Boll, known as "The Queen of Diamonds," was intent on returning to New York by plane today, but foremost in her mind was a flight to Europe.

Waiting for Charles A. Levine with whom she arrived here in the trans-Atlantic plane Columbia, to make up his mind when he would fly back, she discussed her European flight plans.

Miss Boll said that three weeks ago she conferred with Ford factory officials in Detroit on the feasibility of flying to Paris in a Ford plane. She is to learn the results of various experiments of developing a plane for her purpose within a week or two. She hopes to start almost immediately if these experiments prove successful.

Mr. Levine said his return trip was delayed by getting the necessary clearance papers from the Cuban customs. The return trip on which Wilbur Stultz will be pilot, will not be a non-stop one like the New York to Cuba one completed Tuesday.

"I plan to stop at Palm Beach and Miami," Mr. Levine said, "and will also drop in on my friend Judge Emil Fuchs, owner of the Boston Braves, and will visit the training camps of the Yanks and Braves."

He added that after stopping at Charleston, S. C., to call on a friend he hoped to fly from there direct to New York arriving Sunday.

### Adopts Bogus Son.

Detroit, March 8.—(AP)—The four-year-old bogus son of Mrs. Myron L. Boyer, daughter-in-law of Joseph Boyer, rich executive of the Burroughs Adding Machine Company, today became her legally adopted son.

The child, who had been named for Joseph Boyer and who had been made heir to a \$5,000,000 trust fund, was legally adopted by Mrs. Boyer before Judge Dan A. McGaffey, in Oakland county probate court at Pontiac, Michigan, and was given the name of Bode Alfred Boyer.

## CHICAGO GRAIN MAN TESTIFIES IN OIL HEARING

### James Patten Tells Senate Committee of Disposition of Continental Bonds.

Washington, March 8.—(AP)—James A. Patten, Chicago grain commission merchant, revealed today to the senate teapot dome committee that he disposed of \$25,000 of the Continental Trading Company bonds which were turned over to the republican national committee in 1923 by Harry F. Sinclair.

These bonds were a part of the \$30,000 which Will H. Hays, former chairman of the republican national committee, forwarded to the late Fred W. Uphan, treasurer of the republican national committee during and after the 1920 presidential campaign.

Patten said on December 5, 1923, Uphan called on him and told him that there was a large deficit coming over from the 1920 campaign "and that a lot of United States bonds had been put up as collateral to secure the loans of the national committee."

"He wanted me to put up \$25,000 and sell the amount in bonds," Patten said. "I was indignant and mad at the size of the deficit," he said. "I'm afraid I used bad language."

"That will be overlooked here," said Senator Walsh, democrat, Montana.

"Can I repeat the language?" Patten asked as the crowd laughed.

"I saw the necessity for paying off the deficit," he continued. "I went to my secretary and had him send a check. I was very mad. I hate to give up money to pay for a dead horse. I wondered why Uphan gave the bonds to me instead of selling them in New York, the best market in the world."

## Literary Genius

Miss Myrtle Johnston of London is acclaimed by English critics as a real find. In addition to her literary talent, she is graced with her share of beauty and charm.

## PREPARE FOR INDIA FLIGHT

### Wife of Hinchcliffe Says he Will Fly as Soon as Weather Permits.

London, March 8.—(AP)—Mrs. Walter G. R. Hinchcliffe today said that her husband, Captain Hinchcliffe, with a friend, Captain Gordon Sinclair, who is a reserve air force pilot, is now at Cranwell getting an American Stinson plane in trim for a flight to India when weather conditions are favorable.

She said he would not take off this week.

Mrs. Hinchcliffe said her husband telephoned for this morning that he was returning to London tonight.

Cranwell, Airdrome, England, March 8.—(AP)—If Captain Walter G. R. Hinchcliffe, famous British flyer, had any intentions of taking off today on a non-stop trip across the Atlantic, as has been reported by a London newspaper, there were no indications of it at the airdrome this afternoon.

For the first time in several days, Captain Hinchcliffe failed to appear at the airdrome this morning and his American plane in which it is popularly supposed that he is about to attempt a mystery flight, the longest ever known, was snuggled in the hangar.

The machine was ready but experts said that the weather was becoming bad and that a flight today would be entirely impracticable.

The Hon. Elsie MacKay, who was reported to be intending to fly across the Atlantic with Captain Hinchcliffe, wasn't at the airdrome either this afternoon, although she had visited Cranwell several times during the past week.

## HOLD THREE SUSPECTS IN BANK ROBBERY

Georgetown, S. C., March 8.—(AP)—Three men, arrested late last night by State Detective Johnson, are being held here as suspects in the Hemingway bank robbery case. The men were arrested near McClellanville, S. C. Their names and details were withheld.

The Bank of Hemingway was robbed about a week ago of between \$4,000 and \$6,000 after four men had kidnapped the cashier and his wife and held them prisoners in the woods near town all night.

## GROSS MISMANAGEMENT CHARGED IN RECEIVERSHIP

New York, March 8.—(AP)—Allegations of gross mismanagement were made in a federal court petition filed today for an equity receivership for the Continental Bag & Paper Mills Corporation, a Delaware corporation and a \$28,000,000 subsidiary of the International Paper Company.

It was charged that the directors of the two concerns are "practically identical" and that the Continental has for some time past been buying paper from the International in excess of their market value.

## League Takes Steps To Stay Withdrawal Of Brazil and Spain

Geneva, March 8.—(AP)—The council of the League of Nations today took steps to stay the withdrawals of Brazil and Spain from the league.

## STINSON OFF ON FLIGHT TO BREAK RECORD

### Detroit Airplane Manufacturer Attempts Break Record For Sustained Flight.

Detroit, March 8.—(AP)—Eddie Stinson, Detroit airplane manufacturer, and George Haldeman, trans-Atlantic flier, took off from the ice of Lake St. Clair at 8:29 a. m. eastern standard time today in an attempt to break the world's record for sustained flight.

The fliers carried a load of 3,845 pounds in their Stinson monoplane, including 530 gallons of gasoline and 20 gallons of oil. This Stinson would keep them aloft for almost 60 hours. The present world's record, held by two German fliers, is 52 hours, 22 minutes and 31 seconds, and Stinson and his companion must remain in the air at least one hour longer in order officially to better the record.

The takeoff was made on Lake St. Clair, because of a runway of almost three miles afforded by the smooth snow-covered ice. The heavily loaded plane apparently had no trouble taking off, although the fliers remained at a low altitude for several minutes after getting into the air.

Stinson and Haldeman, the latter pilot of Ruth Elder's plane in her attempted trans-Atlantic flight, plan to cruise between Selfridge field and Detroit as long as weather remains favorable in the event of bad weather, they said they would try to fly out of it. They carried coffee and chicken sandwiches, described by Stinson as "just a conventional picnic lunch."

Ray Cooper, Michigan representative of the National Aeronautical Association, scaled the barograph before the fliers took off.

Stinson, before taking off, arranged with Selfridge officials for a system of signals in which weather forecasts would be given. He also announced that he would enclose notes in the empty gasoline cans which would be thrown from the plane during the flight.

Barring engine trouble, the fliers declared they would remain in the air until at least 2 p. m. Saturday.

## Large Crowds Attend Mission

The mission at St. Peter's Catholic Church continued to prove most interesting and instructive. Last night Father Berrong, the missionary, gave a preliminary talk on articles of devotion used by Catholics and showed that their only use is to inspire devotion to God in the heart.

For example, a picture or statue of a saint will encourage us, it will remind us that if the saint, who was a mere mortal like ourselves, could practice heroic virtue, or too can lead Godly lives. Again, he said, just as we love to have with us a picture of those near and dear to us, so we respect the pictures and images of those near and dear to God.

In the main sermon of the evening Father Berrong did not spare the unrepentant sinner standing before the judgment seat of God. He called attention to the deception in the world, but declared that the hypocrite will be unmasked on the day when God shall come to judge the world in justice—and this before the whole world. Then, he said, the justice of God will be vindicated, Christ will be vindicated. He referred to the modern Pharisee as meriting the same condemnation that the Christ placed upon the Pharisees of old when He described them as "whitened sepulchres, fair to behold without, but full of rottenness and corruption within."

The speaker painted a word-picture of the last judgment using for material the prophets and the words of the Master. Good and bad received justice and heard their respective sentences. It was a sermon that must give serious thought.

Tonight's subject will be "Just Retribution." In this sermon Father Berrong will discuss the existence of hell, its worst torment, its fire, its eternity. All are invited to attend. A beautiful musical program is prepared for each evening by the choir.

## COOLIDGE INVITED TO SPEND SUMMER IN NORTH CAROLINA

Washington, March 8.—(AP)—President Coolidge was invited to spend next summer's vacation in North Carolina by Philip S. Henry, of Asheville, who was introduced to the President by Senator Overman, of that state.

Mr. Henry offered for the summer White House, Sealandia, his 130 acre estate on Beaucatcher Mountain at Asheville.

He told the President that Sealandia would provide an ideal summer resort and that its 3,000 feet altitude would provide many features not known were agreeable to the President.

## TODAY

One Good War.  
Chose Your Epitaph.  
Happy Jack Dempsey.  
One Baby, One Mother.  
(By Arthur Brisbane)  
Copyright 1927, by Star Co.

Senator Wagner, of New York, putting through the Senate a resolution ordering investigation of unemployment, makes this important statement:

"We may as well determine right here that we are going to wage relentless war until we abolish involuntary 'finess' as surely as we abolish involuntary servitude."

The state owes no man a living, but it does owe every man work if he is willing to work, and pay that will enable him to live decently.

Some Republicans taking the unemployment of others calmly, say, "There is politics in Wagner's resolution." What of it? There was politics in the tariff that built our industries. There is politics in every public question. If Senator Wagner sticks to his fight and wins, he will be remembered when many "Republican statesmen" are forgotten.

What is the finest epitaph you ever read? Which would you like to have and DESERVE?

The epitaph of the unknown French soldier under the Arc de Triomphe is the finest written recently. That of the great king Persia, beginning: "I am Cyrus, O man," is perhaps the most magnificent. That of Napoleon under the guided dome of the Invalides telling how the great general wished his dust to rest "among the French people, that I have loved so much" and of whom he killed so many, is high sounding.

One that any man might envy is on the tomb of old Baron von Stein, near the German rock from which he took his name. Part of it reads:

HEINRICH FRIEDRICH KARL, IMPERIAL BARON VON UND STEIN.

The last of his knightly race, which had ruled on the Lahn for seven hundred years.

Humble before God, high-hearted before men, an enemy of untruth and of injustice.

"I have a desire to depart and be with Christ."

Happy the man who bears a noble epitaph as Von Stein earned him, freeing serfs, uniting Germany against Napoleon.

Pedro Reyes, Mexican bandit, supposed to have accumulated 100,000 pesos and killed many men, had his ideas about an epitaph. A Mexican squad put him against the wall and shot him dead there was found in his hand a piece of paper.

## Divorced Woman Shoots Husband

Washington, March 8.—(AP)—William C. Gloth, commonwealth's attorney for Arlington county, Virginia, and former noted football player at the University of Virginia, was in a serious condition at a local hospital today with a bullet wound in the chest.

Mrs. Marjorie Gloth, his divorced wife, was out on \$10,000 bond awaiting a hearing in the Arlington county police court.

Police say she shot Gloth, from whom she obtained a limited divorce several years ago, late last night as he stood talking on the porch of the former wife's home in nearby Clarendon, Va., and within an hour after he returned from Richmond on business.

Gloth and a girl who gave her name as Miss Edith Scudder, were arrested here about a month ago in the latter's apartment and charged with a statutory offense. The case is yet to be tried.

Several months ago charges were made against the attorney in Arlington county courts alleging that he took a drink of liquor on a trip to the democratic state convention at Richmond. These charges later were dismissed.

## FRENCH FLIERS STOP OVER AT SAN FRANCISCO

### French Good Will Airmen Make Final Plans for Sailing to Japan Today.

San Francisco, March 8.—(AP)—Captain Dieudonne Costes and Lt. Joseph Lebric, French naval goodwill fliers, paused here today to wade through a deluge of invitations to public and private social affairs before making final plans to sail for Japan, where they are to resume the world flight which they started in Paris October 10.

Costes and Lebric landed at the municipal airport here late yesterday, completing an 800-mile non-stop flight from Rock Springs, Wyo., in which they battled wind, clouds, snow and rain. Some anxiety had been manifested over their safety when they were not seen along the air mail route and did not arrive on schedule. They explained their delay had been occasioned by weather. They plan to sail for Yokohama next Thursday.

Art Goebel, winner of the Dole Hawaiian air race last summer, who also will sail from here for Japan March 15, for a good will tour of that country, arrived at Los Angeles yesterday from the East. He covered the last hop of his cross-country flight, from Amarillo, Tex., in 13 hours. He expects to arrive here March 12, to dismantle his plane for the ocean trip.

Ernest Robinson, vice-president of the Fairchild Airplane Manufacturing Corporation of Farmington, N. Y., who accompanied Goebel to Los Angeles also will go to Japan.

## ROBBERS MAKE BIG HAUL AT CHICAGO, ILL.

### Loot Safes of Borin Manufacturing Co., and Escape With \$715,000 Securities

Chicago, March 8.—(AP)—Two robbers bound watchmen of the Borin Manufacturing Company of Chicago early today and looted safes of \$715,000 in negotiable securities and jewelry.

They also took patent formulas, contracts and a list of customers of the company, manufacturers of picture frames and mirrors, which President Nathan said were worth \$300,000.

The loot included \$500,000 in negotiable stock of the company, \$100,000 in stock of each of two subsidiary firms, the Master Art Corporation and the Limits Industrial Corporation; \$8,000 in stocks and bonds owned by Borin, and \$7,000 worth of jewelry belonging to Mrs. Borin.

The president of the company who owned approximately 90 per cent of the missing stock, said he believed it was an "inside job."

Gaining entrance through a coal chute, the robbers, one of whom was masked, overpowered the engineer and the watchman. Both employees were bound and guarded by one man, while the other obtained tools from the engineering and broke open two safes in the office.

## LOW WAGES CAUSE OF COAL FIELD SITUATION

Washington, March 8.—(AP)—Continuing his scorching indictment of the bituminous coal industry, John L. Lewis, president of the United Mine Workers, today again attributed conditions in the coal fields to a conspiracy among the railroads to depress miners' wages.

Testifying before the senate interstate commerce committee he said "the walls and lamentations that rise from the women and children of the fields seem to have no effect on the leaders who direct the policy of the railroads."

Lewis submitted to Chairman Watson, for the record, an original copy of the Jacksonville wage agreement between miners and operators, saying:

"This is the contract which was violated, abrogated and trampled upon by the Pittsburgh Coal Company and others in that region."

The Union Leader also entered statistics of declines in coal prices paid by railroads, which he said was a result of the "railroads' campaign to depress wages at will."

"The story of their success is written in the degradation in the coal fields of Ohio, Pennsylvania and West Virginia," he declared.

## SPEND TIME AT MINE FEUD IN JAIL

Powers Haggood and his wife, Mary Donovan, who are alleged to have incited a riot in connection with the mine feud at Pittston, Pa., are held in the town jail under \$1,000 bail. They were arrested while staging a protest meeting at the local armory.

## DAME RUMOR SAYS TUNNEY IS TO MARRY

### Confirmation of Report of Fighter's Approaching Marriage Not to Be Had.

Miami Beach, Fla., March 8.—(AP)—Rumors that the heavy-weight boxing champion of the world had made formal surrender to romance today remained simply rumors, neither confirmed nor denied.

Reporters had quizzed Gene Tunney and piled with questions his rumored fiancée, Miss Caroline Bishop, of Beverly Hills, Cal., but the best they could earn with them was a draw.

Miss Bishop admitted she found the ring king "one of the most admirable men of our age." Mr. Tunney confessed he believed the California visitor here "one of the loveliest girls" he had ever known. Yet both considered pointed questions about their alleged betrothal "unfair," and said so. Although neither went so far as to enter even mild denial.

Meanwhile the more incitable romanticists were attaching much significance to reports which emanate from Stamford, Conn., last night to the effect that Tunney had purchased a farm with all apartments of placid country life in the Longridge section of that state.

This flurry over the champion's state of heart took definite form yesterday when Tunney drove to the station here to bid farewell to Miss Bishop, who was departing for her home in company with her aunt, Mrs. Fred Thompson, well known in film circles as Frances Marion, scenario writer.

It was remembered that this was not the first time Miss Bishop had been non-committal when faced with reports of her engagement to Tunney. Last September, in California, she refused either to confirm or deny the same mild indictment. Her uncle, Fred Thompson, former Dartmouth athlete and a film star now, supplied the denial at that time.

## ACCEPTS INVITATION TO SELECT DELEGATES

Washington, March 8.—(AP)—Senator George announced today that he had accepted the invitation of the Democratic Executive Committee of Georgia to name the delegates to the Democratic National Convention at Houston in June. These delegates will be instructed to vote for the Senator for the presidential nomination.

At the same time the Senator made public a letter to G. E. Maddox, chairman of the committee, requesting that the committee meet in the near future to advise with him and to suggest the delegates and alternates to be appointed in the various districts and the state at large.

"This request is submitted not for the purpose of avoiding responsibility," Senator George said, "but to enable me to wisely and properly exercise the power conferred upon me."

## JAPAN MOURNS DEATH OF BABY PRINCESS

Tokyo, March 8.—(AP)—As a sign for the grief of the Royal family over the death of the six-month-old Princess Hisa, all motion picture theatres in Tokyo voluntarily closed today.

The Princess will be interred at Toshima-ko, on the outskirts of Tokyo where many other members of the imperial family are buried. Instead of at Asuka as intended at first.

## TALK MERGER OF THREE BIG COTTON MILLS

### South Carolina Concerns Would be Merged With Capital of \$9,500,000.

Greenville, S. C., March 8.—(AP)—Merger of the Brandon, Woodruff and Pointsett Cotton Mills with an authorized capital of \$9,500,000 was being discussed here today by directors of the three corporations. The new organization would be known as the Brandon Corporation, it was said.

Should the directors agree on terms of a consolidation, it was said prior to the meeting, the question would be submitted to the stockholders of the individual mills. No date has been set for the meeting of stockholders.

A. W. Smith of Greenville, is president of all three of the mills. The new corporation would have a total of 167,000 spindles and 3,912 looms.

The proposal laid before the directors today for issuance of an authorized capital stock of 95,000 shares with a par value of \$100 each and 95,000 shares of no par value stock. Stock in the Brandon, Woodruff and Pointsett mills would be exchanged for stock in the new organization on a basis to be worked out at the meeting today.

While no plans for expansion of the interests engaged in the negotiations are in prospect, other than completion of the Renfrew mill at Travelers Rest, the proposed authorized capital would permit further expansion as deemed desirable. The Renfrew mill is expected to be ready for operation about July 1. It will have weaving, dyeing and finishing departments, but no spinning.

The Brandon mill interests recently purchased a large tract of land at Travelers Rest with a view to future expansion.

Consolidation of the three mills will be the largest of its kind in South Carolina in many years. If not in the history of the state. The authorized capital of \$9,500,000 would make the corporation the largest textile organization in the South in point of capital stock.

## Lindbergh Hops Off Again

Washington, March 8.—(AP)—Col. Charles A. Lindbergh took off from Bowling Field at 12:01 today for an unannounced destination.

He was accompanied in his Ryan monoplane by Major Thomas G. Lanphier, commandant at Selfridge Field, Mich., and Henry Breckinridge, his counsel.

Both Lanphier and Lindbergh have kept the nature of their business in Washington a secret.

## HICKMAN CASE ABOUT READY FOR THE JURY

### Judge Denies Request For Life Sentence At Los Angeles Yesterday.

Los Angeles, March 8.—(AP)—With his offer to plead guilty to the murder of druggist, Ivy Thomas, in exchange for a life sentence rejected, only the final round of attorneys' arguments today intervened before the fate of William Edward Hickman for the second time rests in a jury's hands.

The gesture for a life sentence was made yesterday after the Hickman defense in the trial of the youth and his still younger accomplice, Welby Hunt, had rested. Judge Elliott Craig promptly ruled he could not accept such a change of plea with conditions of sentence attached.

Hickman's attorneys refused to withdraw the reservation and the judge then denied the request.

Hickman already is under sentence to the gallows for the slaying of 12-year-old Marion Parker. Hunt is too young to be sentenced to death in this state.

The Hickman reward committee has tentatively decided to give 50 per cent of the \$77,728 collected by radio stations to Tom G. Urdane and Buck Llewellyn, Pendleton, Ore., officers who captured the youth. The remainder will go to 17 other claimants.

The committee is concerned only with the distribution of the reward collected by radio appeal. A newspaper reward of \$5,000 was given in its entirety to the two Oregon officers. Other rewards, including city, state and county offers have not been distributed.

## DEMOCRATS GET READY FOR FIGHT

### Condition of Finances Put Down in Red Ink by Members of National Committee

Washington, March 8.—(AP)—Democratic party finances were put on red ink today for the first time since the presidential campaign of 1924 and approximately \$250,000 was in sight with which to begin initial combat with the Republicans for honors in the next November elections.

Announcement to this effect by the Democratic National Committee coincided with word that Secretary Hoover contemplated making a decision today whether he would enter the Indiana primaries primaries against Senator Watson and with a nation-wide call by the southeastern convention of the anti-saloon league for defeat of all candidates who oppose or remain silent on dry enforcement.

The Democratic financial report made to chairman Clem Shaver by Jesse H. Jones, the national committee's financial director, showed contributions and pledges totaling \$508,500, enough to wipe out the entire indebtedness incurred during the last campaign and leave upwards of a quarter of a million dollars for use on the next.

Of the total contributed and pledged, \$200,000 came from the citizens of Houston to meet expenses of the June convention, there, and \$50,000 apiece was donated by Thomas F. Ryan of New York, and M. Jones, who figured prominently in the fight to land the Democratic convention for his home city.

The Republican political spotlight today switched to a little office on the seventh floor of the Commerce Department. Herbert Hoover, its head, had until midnight to make up his mind whether to enter the Indiana primary lists to contest for that state's 33 delegates to the Kansas City convention.

Supporters of the secretary, who have been reluctant to enter Indiana unless there was evidence that there was enough strength to warrant it, were busy in the northern counties of the state yesterday obtaining signatures to petitions to forward here.

Denies Tax Refunds. Washington, March 8.—(AP)—In reply to charges by Senator Hefflin, of Alabama, a letter from Secretary Mellon was read in the senate today in which the treasury executive denied that any tax refunds had been made to William Randolph Hearst.

The Alabama senator had charged that a warm friendship existed between Secretary Mellon and the publisher and that a tax refund of more than \$600,000 had been made to the Hearst interests.

The Mellon letter was read by Senator Smoot, of Utah, to whom it was addressed with the request that he "correct the erroneous statements of Hefflin."

## NEW YORK STRIKE GROWS MORE SERIOUS

New York, March 8.—(AP)—The threat of a transit strike seemed more serious today because the Interborough Rapid Transit Company had added 10 names to the list of 21 men it had previously discharged.

These men are members of the Amalgamated Association of Street and Electric Railway Employees, an A. F. of L. union. Officials of the union termed the action a "deliberate attempt to provoke a strike."

# ROBINS HAVE BIG PITCHING STAFF TODAY

By BRIAN BELL.  
Associated Press Sports Writer.  
Clearwater, Florida, March 8.—(AP)—Uncle Wilbert Robinson, manager of the Brooklyn Robins, sat on two chairs placed between the plate and first base as he watched his great pitchers tossing the ball to batsmen.

Dazzy Vance, the speedball king, was throwing birdshot at wide-eyed youngsters, swinging with one foot free. Jess Petty, with a touch of silver in his hair, was showing wear left handed hooks, and Bill Doa, his alert face lined by wrinkles of a dozen years on major league diamonds, was now and then contributing to the young fellows' education with a knuckle ball.

Hard-by the big McWeeny, even bigger Elliott, Rube Elzhardt and William Watson Clark were lessening their able arms.

Manager Robinson's eyes strayed from the pitchers to his almost equally great catching staff, Deberry, Hargreaves and Henlene, and with a plaintive note in his voice. In a brief sentence, wrote a prescription for his ball club.

"What we need is runs," he said.

The Brooklyn boss has only hope that he will get them. He will not know for some time yet if his wish is to be fulfilled. He does not want many, just a few will do, he thinks, for his pitchers and catchers will form the basis for a tight defense. If baseball teams were made up only of batteries, Brooklyn always be on the first division.

Dave Bancroft, former manager of the Boston Braves, has added noticeable strength to the infield. He will play shortstop, probably between Partridge at second and Harry Riconda at third. Bissonette, seems likely to draw the first base assignment. Partridge is the only holdover. Riconda came from the American Association although he has been up before and Bissonette was graduated from the International. Howard Fregau, another big timer, will be available as utility as well as Harvey Flowers and Charley Johnson of last year's team.

Brooklyn outfield is a gamble. Captain Max Carey, the veteran,

will start in center field. The field or candidates for the other two positions is large. Tyson, another of the men from the minors who have been in the majors before, will make a bid. Babe Herman, converted first baseman, is devoting all his time to outfield effort and Arnold Stutz is back again from last year. Harvey Hendrick, Brooklyn's lone 300 hitter in 1927, is now regarded as an outfielder, subject to call at first base. Averton Tremper, first youngster who played well at times last season, is back again.

Max West, from Waco; Bam Taylor, from Memphis, completing the outfield array that is impressive in numbers. Manager Robinson, who can go into a huddle with President Robinson, without leaving his two chairs, has no idea how he will arrange the outfielders. He will seek a combination to supply his need of runs.

## Says Pennant Chances Good For Spartans

Spartanburg, S. C., March 8.—(AP)—Bernard (Mike) Kelly, manager of the Spartanburg Spartans, believes his pennant chances are "pretty fair" but admits "we could use a lot of help—a lot of luck—a lot of everything."

The veteran Mike, at that, bespeaks the hope of bettering his second place winup last year and largely on the tired shoulders of experienced men does this hope fall.

Kenneth Smith, catcher; Scotty Chestnut, third baseman; Walter Novak, short stop; George Griffin, second baseman; Milton Hodge, pitcher and Morris Frew, outfielder, are among the veterans to be on hand.

Smith played with the Boston Red Sox for a time while Nova was drafted by the Giants in 1925 but was farmed back to Norfolk early in the following year.

In pitching Hodge is the only hurler left off last season's staff. He is a right hander.

Kelly is a likely looking young outfielder, he believes, in Stanley Pars, a semi-pro picked up in his home town, Indianapolis.

As for sizing up any particular department, Kelly thinks the infield looks best fortified with the same works of 1927 returned, in addition to some new material.

Kelly has been here since 1921 as manager. He started playing in 1916 with St. Mary's, Pa., and later was with Evansville and Toledo before coming to Spartanburg.

# GIRL CAGERS END SEASON IN THIS CITY

With the double header at Gorman's warehouse last night the Freshmen basketball team brought their season to a successful close. The girls won over the Sophomores by a score of 16 to 8, which did not show well the margin between the two teams. The Freshmen team work was especially good in passing, some examples of fast work featuring the game. Respass, star Freshman forward, played for only one quarter, but the floor work of Armstrong Kasey and Briley punctuated the whole game. Bost. Wins low and Cox did the best work for the losers, whose capabilities are at least as great as any of the other team's. Half time found the Freshmen leading 14 to 0. The Sophs took a decided brace in the second half, carrying off half honors, 8 to 2.

The line up:  
Freshmen: Said, f; Kasey, (Capt) f; Jones, f; Briley, g; Robeson, g; Jenkins, g.  
Sophomores: Said, f; Winslow, f; Bost, (Capt) f; Cox, g; Jenkins, g; Utley, g.

Substitutes: Freshmen, Respass. The boy's game proved to be a rough and tumble affair in which speed and team work, together with superior ability to locate the basket, triumphed over weight and individual stardom. In a vain effort to capture the last game from their traditional opponents the Sophomores played a dozen men, at one time or another, their substitutes looking like a cross country team, in their procession across the court. All the Freshmen squad also participated. Half time found the first year men leading 6 to 4, but the result of the second half resulted in their increasing their lead contrary to all expectations. Coach Eason rushed his whole squad into the breach, including himself, but after scoring three goals, he was covered by the alert Freshmen guards.

The line up:  
Freshmen: Bullock r g; Rogers l g.  
Sophomores: Dixon r g; Harris l g.

Hardee c  
Whitehurst r g  
Nisbet l g  
Substitutes: Freshmen, Lee, Deal (Capt) Jones.  
Sophomores, Wilson, Howard, Eason, Johnson, Hatem  
Referee, Burnett.

## Sixteen Teams Remain In West Carolina Race

Winston-Salem, March 8.—(AP)—Sixteen teams remain in the third annual northwest North Carolina basketball tournament for high schools being played here. Six teams were eliminated yesterday.

Seven games are scheduled for today, the first to start at 3 o'clock this afternoon and the last at 10 o'clock tonight.

In yesterday's play, welcome defeated Booneville 58 of 13; Mountain View lost to Trinity to 23 to 10; Denton eliminated Germantown, 31 to 20; Rural Hall won from Clemmons, 41 to 25; Winston-Salem defeated Mocksville 39 to 23 and Yadkinville ousted Old Town 48 to 33.

Today's pairings: Leaksville vs. Wallburg; Pilot vs. Claremont; Union Grove vs. Gullford; Mt. Airy vs. White Plains; Stokesdale vs. Winston-Salem; Rural Hall vs. North Wilkesboro and Trinity vs. Welcome.

TYRUS COBB PRACTICES WITH NEW YORK GIANTS  
Augusta, Ga., March 8.—(AP)—The Giants have a new playmate, Tyrus Cobb, and the Georgia Peach likes the gang so well that he has asked Connie Mack to let him stay and not join the Philadelphia Athletics until they come here for a game on March 16.

Quite to the surprise of every one, for only last week the veteran outfielder refused the privileges of the Giants field and clubhouse, Cobb strolled on to the field at the close of yesterday afternoon's practice game and took his first warm up of the season.

The Travis Jacksons beat the Freddy Linstroms 8 to 1 in a six inning scrub game featured by loads of heavy hitting.

# RUNNERS GO INTO DESERT WILDS TODAY

Barstow, Calif., March 8.—(AP)—A marathon runners blazing a trail across the continent, turned their backs upon civilization today to plunge still deeper into the Mojave Desert.

A tiny water hole was the objective today of the 150 odd contestants seeking a part of the \$48,500 offered winners of the 3,400 mile, grind from Los Angeles to New York City. The survivors of this lap will camp tonight at Mojave Wells, 31 miles from here.

Ten miles out from Barstow the pavement ends. Graveled roadway, soft in spots, meets the foot from that time on. It is in general a rocky route, dropped steadily down toward sea level.

Today's lineup of starters lacked many of those who participated in yesterday's lap. Most noted of the missing were Willie Kolehmnen and Gunnar Nielsen, Finnish speedsters, who gave up the struggle on yesterday's 36 mile desert grind. Kolehmnen, favored entry of the 275 to start at Los Angeles, and leader for the first two days, strained a tendon.

Nielson was forced out because of swollen tendons and arches. He will leave for the east in a few days.

Then at a late hour was added the name of Nicholas Quamawalu, Hopi Indian from Arizona. First cramps halted the Joping Redskin but he doggedly continued on. Then he sprained an ankle which caused him to return to Victorville, and it was not known by officials as to whether or not he would continue the race.

Athletics Win First Game.  
Fort Myers, Fla., March 8.—(AP)—Connie Mack's Athletics have won their first game.

They slammed the Phillies 14 to 8. Not the least figure in the Athletics' victory was Tris Speaker, who cavorted around in great style in centerfield and in one of his three times at bat cranked out a triple which was responsible for two runs.

500 offered winners of the 3,400 mile, grind from Los Angeles to New York City. The survivors of this lap will camp tonight at Mojave Wells, 31 miles from here.

## HIGH POINT GOLFER SCORES BIRDIE IN TREE

Greensboro, March 8.—(AP)—The record of scoring a "birdie" in a tree was held today by E. Lyons High Point golfer.

Mr. Lyons while playing on the Sedgewick links here yesterday, drove a ball that struck a robin sitting in a nearby tree. The bird, tazed by the impact of the ball, was taken into the golf shop and revived. After a minute or so, it flew away, still a little wobbly, however, from its unusual experience.

## 30 Bales from 15 Acres

Thirty bales of cotton from fifteen acres. Consider this fact. It is particularly important right now when you are planning spring fertilization.

J. L. Taylor & Co., of Gunberry, Northampton County, N. C., wrote on December 12, 1927:

"We have been using 'AA QUALITY' Fertilizers for 15 years and they have given us good results every year. We used this year 700 lbs. per acre on fifteen acres and have made 30 bales of cotton. 'AA QUALITY' Fertilizers have given us better results than any make we ever used."

Hundreds of other successful growers have found that "AA QUALITY" Fertilizers produce larger yields and better quality. It's the extra yield per acre that makes the extra profits for your bank deposits.

TWO BALES OF COTTON PER ACRE... J. L. Taylor & Co., Gunberry, Northampton Co., N. C., says: "We have been using 'AA QUALITY' Fertilizers for fifteen years and they have given good results every year. We used this year 700 lbs. per acre on fifteen acres and have made 30 bales of cotton. 'AA QUALITY' Fertilizers have given us better results than any we ever used and we highly recommend them to everybody."—Dec. 12, 1927.

100 LBS. SEED COTTON PER ACRE... C. H. Madry, Starford, Perquimans Co., N. C., says: "I used 400 pounds of Pocomoke Fertilizer ('AA QUALITY') to the acre and have picked, to date, 1,400 lbs. of seed cotton in the acre and will get more. Pocomoke Fertilizer is the best I know. I was the first man to pick and sell cotton in this section."—Oct. 11, 1927.

BETTER THAN OTHER BRANDS... Mr. Ben Dandard of Waverly, Sussex Co., Va., says: "For ten years I have been using your 'AA QUALITY' Fertilizers on peanuts, corn and cotton. I have used other makes but have gotten better results with yours than with any other."

BEST RESULTS WITH "AA QUALITY"... Mr. J. B. Colquhoun of Merry Hill, Bertie Co., N. C., says: "For the past six years I have been using your 'AA QUALITY' Fertilizers on cotton, corn, peanuts and tobacco. During this time I have tried other makes, but have found out that I get the best results with 'AA QUALITY' Fertilizers. This year I used nothing else."—Sept. 26, 1927.

Read the statements printed here. They speak of facts and tell of results. These growers use sound farming methods and "AA QUALITY" Fertilizers—the best fertilizers obtainable.

"AA QUALITY" Fertilizers are painstakingly made for your cotton fields. These are scientifically prepared, completely cured and rereilled to ensure perfect mechanical condition.

The largest fertilizer company in the world stands back of every bag of "AA QUALITY" Fertilizers. A record of over sixty years' successful crop production.

Use "AA QUALITY" Fertilizers for your 1928 cotton crop. You can get a bigger yield of cotton per acre—and a greater yield in dollars.

**"AA QUALITY" FERTILIZERS**

Sold under a Double Quality Guarantee

1st Guarantee on the front of each bag is one of the following famous old names that stand for a fertilizer made to meet the exact needs of your soil.

2nd Guarantee on the back of the bag—the "AA QUALITY" Seal—guaranteeing that every sack contains the choicest plant food material mixed with scientific care.

# P.A. and a pipe—that's all I ask

I DON'T mean that I am easily satisfied. As a matter of fact, I'm as critical as they come about smoking-tobacco. There are certain things I demand in a smoke, and I declare here and now that P.A. has 'em. Has 'em and to spare, if you ask me.

Fragrant as spring blossoms. Cool as "The boss wants to see you." Sweet as "I'm going to raise your pay." Mild and mellow and long-burning, with full satisfaction in every wonderful puff. It seems that there are not enough hours in a day to suit your Prince Albert program. You'll start in early and stay with it far into the night.

But all this conversation won't do you any good, unless you try out the tobacco itself. When it comes to speaking for itself, P.A. is the best little talker you ever listened to. Go get yourself a tidy red tin and get some of this pipe-joy I've been picturing.

**PRINCE ALBERT**

—no other tobacco is like it!

More in quality, more in quantity—TWO full ounces in every tin.

# LOCALS

**Return from Trip South.**  
Mr. and Mrs. J. D. Rogers and little daughter have returned from Georgia and Alabama, where they have been spending the past ten days.

**West Greenville P. T. A. Meets.**  
The regular meeting of the Parent-Teacher Association of West Greenville school was held Wednesday afternoon with a very good attendance. Mrs. Gardner's second and third combination grade had charge of the program which grew out of a free activity milk project as studied in their room. This grade also won the picture for next month for having the most mothers present.

Miss Nice gave a very interesting and helpful talk on the importance of good health and a well balanced diet for the school child. Dr. Futrell outlined the follow-up work of the tuberculosis clinic held recently in the city schools. To the parents of the children who were diagnosed as suspicious, although not recommended for sanatorium treatment, he insisted that they make an intense effort first of all to get the child up to normal weight, to establish regular habits and to have frequent consultations with the family physician for advice on diet and regular rest hours. Treatment of these children now is most important because so much more can be done for a child with tuberculosis than for a grown person.

**Skating Rink Friday Night.**  
Circle No. 1 of Memorial Baptist church will have a skating rink Friday night in Forbes and Merton warehouse, skating will begin at 7:30.

**FEDERATION WILL MEET TOMORROW**

The Young Woman's Federation will meet with Mrs. John McKeithan, Friday afternoon at 3:30 o'clock.

**Dancing Studio to Open Monday.**  
Miss Betty Dixon announces the opening of her dancing class Monday, March 12. Will see pupils any time after 10 o'clock Monday morning. Studio located in Dall Apartment on East Fifth street.

**NEW YORKERS KNOW**  
THE NEW YORK WORLD is more than a great newspaper. A familiarly with the writers who lend character to its pages mark the well-informed follower of the graceful arts—the reader who knows books, the drama and the chief critical currents of modern life and can discuss them intelligently. One dollar will bring THE WORLD to you Daily and Sunday for one month. So that you too can join this growing army of WORLD readers, send in your order to the Subscription Department, New York World, 63 Park Row, New York City.

**YOUR CAR WASHED AND GREASED.** Call phone 107. Blue Bird Filling Station. 7-1-mo

**Arthur "4-H" Club Meeting.**  
On Wednesday afternoon, March 7th, the "4-H" girls met in Miss Johnson's room for their meeting. The program was short but interesting.

Mae Vee Gladson, president, presided. Mary Lee Gladson called the roll at which time each girl gave a report of the work she had done since the last meeting. These reports showed that every girl was at work. Cooking, sewing, house-cleaning, helping with children and flower planting were among the things reported by the girls.

Sallie Willoughby talked on "Breads," and Luna Norman on "Eggs." These talks were interesting.

The pledge was recited by the club and was adjourned to meet next Wednesday.

**BLUE BIRD FILLING STATION**  
washes and greases cars. Call phone 107. 7-1-mo

**Birth Announcement.**  
Born to Mr. and Mrs. K. T. Futrell, at Pitt Community hospital, Thursday, March 8th, a son.

**ROYCE ALLIGOOD RETURNS FROM SANATORIUM**

Royce Alligood of Arden who has been undergoing treatment at the State Sanatorium, for the past 11 months, returned home last night very much improved.

**MRS. ARTHUR ENTERTAINS END OF CENTURY CLUB**

The End of the Century Club was delightfully entertained by Mrs. L. C. Arthur, on Tuesday afternoon. Her home was beautiful with many spring flowers.

A most interesting report was made by the library committee, Mrs. E. L. Carr, Mrs. R. H. Wright and Mrs. J. L. Fleming. They have just purchased for the club and presented the public library a collection of the most unusual and valuable books, thus completing the "Boven Shelf."

The club programs for the year are subjects of vital interest of today and not one has been more interesting than the discussion of the possible Democratic nomination for President, by Mrs. J. B. Spilman.

The honorary president, Mrs. R. R. Cotten, whose presence is always a source of pleasure and inspiration, is writing a history of the club and her requests for data created quite a lively discussion of what this club has done, each member contributing some interesting reminiscence.

Mrs. J. H. B. Moore was present and introduced Miss Council, who very ably described the play, "The Poor Nut," which is to be presented Friday night at White's Theatre under the auspices of the Woman's Club. —Reported.

## Peggy Rose Smith Wins in Beauty Baby Contest Here

Peggy Rose Smith, daughter of Mr. and Mrs. Milo H. Smith, won the silver loving cup in the beauty baby contest, conducted by the Methodist Philathea class, which came to a close yesterday afternoon at six o'clock. Her vote was 8,749.

Little Jane Tolar Massey, daughter of Dr. and Mrs. M. B. Massey, took second place with 7,996 votes and was awarded a baby cup. Presentation of the prize was made at the Hill Home drug store last night at eight-thirty o'clock by Dink James, one of the two judges. The other judge was Buck Buchanan.

It was stated today that 48,876 votes were cast in the contest. Numbers of babies participated. The next highest of the contestants were Clifton Hugh Edwards, with 7,493 votes and Haywood Conrad Sellers with 4,493 votes.

Considerable interest was manifested in the race to choose the prettiest baby in Greenville. One of the outstanding attractions of the contest was a parade conducted last Friday afternoon in which many gaily decorated floats predominated.

**Baldwin Officers Re-Elected.**  
Philadelphia, March 8.—(AP)—President Samuel Vaucain and all the other officers of the Baldwin Locomotive Works were re-elected at the annual reorganization meeting of the board of directors today.

**RALEIGH POLICEMAN SENTENCED TO ROAD**

Raleigh, March 8.—(AP)—J. A. Gargis, until recently captain of the Raleigh night police department today was sentenced to serve six months on the county roads when he pleaded guilty to drunkenness and assault before Superior Court Judge E. H. Crammer.

Gargis was charged with misconduct toward a young man and woman who said he stopped them on a nearby highway while they were on their way home at night.

## BAPTIST WOMEN URGED TO GREATER EFFORTS

Asheville, March 8.—(AP)—The Baptist Women's Missionary Union was urged to greater missionary efforts "in the face of widespread indifference and apathy" in an address by Mrs. Carter Wright at the 38th convention here today.

Mrs. Wright, vice-president of the Southern Baptist Convention and president of the Alabama W. M. U., said that indifference has caused retrenchment in every field of missionary work.

Others on the program this morning were: Mrs. B. F. Bray, Wadesboro; Mrs. E. H. Hampton, Brevard; Mrs. H. M. Finch, Rocky Mount; Miss Macy Cox, Magnolia; Mrs. T. B. Henry, Wadesboro; Mrs. Edna R. Harris, who spoke on the Ruby anniversary and centennial program; Mrs. Charles E. Madry, Raleigh, who read the report of the chairman of the personal service committee; and the Rev. Charles E. Madry, who spoke in praise of the W. M. U. work and urged a successful completion of the campaign to increase the scope of the world 40 per cent.

Miss Madge Alderman, of Raleigh was elected president of the W. M. U. training school, Louisville, Ky., alumnae at the annual banquet last night. Mrs. Cora Campbell Frazier, Liberty, was elected vice-president and Miss Elma Towe, Asheville, secretary and treasurer.

**GASTONIA COTTON MILL RUNNING SMOOTHLY TODAY**

Gastonia, March 8.—(AP)—The Gray mill weaving department today was running smoothly and fully manned with the places made vacant when weavers who failed to

appear for work Monday all filled it was announced at the company offices today.

G. A. Johnstone, general manager, said that on Monday morning about 20 weavers failed to appear but their places were soon filled by other workers. He denied that there had been any general strike.

Those who failed to appear for work were protesting against a cut in wages and a demand for the operation of more looms per man, they said.

**AUTHORIZE \$2,000,000 STATE BONDS FOR PARK**

Raleigh, March 8.—(AP)—The council of state this afternoon authorized issuance of two million dollars in state bonds for the state's part in the proposed Great Smoky Mountain Park for North Carolina and Tennessee.

#### GOOD ADVICE

Those who know cotton and are familiar with conditions are urging farmers to make sure that they plant the best type of cotton seed as a means of getting more from their crop through the premiums paid for the longer staple.

The advice being given by these experts is indeed timely and the matter should be given careful consideration by the growers. Statistics show that there is not the demand for the type of cotton we are at present growing, that there is for the longer staple type and unless an effort is made to improve our crop we will soon find it a hard matter to dispose of our cotton. A better product that will always find a ready market and the highest possible price should be the aim of every cotton grower in our section. It is to be hoped that the advice being given out by the experts will not fall upon deaf ears.

Yes, sir, if you don't believe we are going to have baseball this summer, just ride out to the fair grounds and see for yourself. Work on the new diamond is progressing rapidly and those in charge say it will be in A-1 shape long before the season opens. With the bright sunshine and the days beginning to get a little warmer, we are anxiously waiting a chance to get out and see the boys "chunk" a few.

Reports on the tonnage survey now indicate that the business men are becoming more interested and the information on the possible

#### WOMEN'S PAINS

They Were Relieved by Cardui  
Which This Georgia Lady  
Took on Her Mother's  
Advice.

Columbus, Ga.—"I don't see why women will drag around in a half-hearted way, never feeling well, barely able to drag, when Cardui might help put them on their feet, as it did me," says Mrs. Geo. S. Hunter, of this city.  
"I suffered with dreadful pains in my sides. I had to go to bed and stay sometimes two weeks at a time. I could not work, and just dragged around the house.  
"I got very thin. I went from a hundred and twenty-six pounds down to less than a hundred.  
"My mother had long been a user of Cardui, and she knew what a good medicine it was for this trouble. So she told me to get some and take it.  
"I sent to the store for Cardui, and before I had taken the first bottle I began to improve. My side hurt less, and I began to mend in health. I took the second bottle, and felt much better. I followed this by two more bottles.  
"Cardui acted as a fine tonic. I do not feel like the same person. I am well now, and still gaining. My side do not trouble me at all."  
For sale by druggists, everywhere. Give it a trial. NC-183

water transportation tonnage is piling up larger as the days pass. The matter is one that vitally affects the future of our city and we urge a continuance of this apparent manifestation of interest. We must have the information of the available tonnage before the government will take further steps toward making our river navigable.

## ABOUT TOWN

"Presentation of 'The Poor Nut' in this city Friday will mark the first of high class productions which our club is endeavoring to bring to Greenville from time to time." Mrs. J. H. B. Moore, president of the Woman's club, said this morning.  
"It is to be hoped local people will attend the first attraction and in that way express their appreciation of the effort of our members to bring real artists to the city.  
"The cast of 'The Poor Nut' is composed of men and women who have seen long service on the stage and who enjoy quite a reputation in the theatrical world. In fact, they are artists in their profession and come here after a long and successful run on Broadway New York."

"Announcement of the coming to this city of the branch plant of a Philadelphia Plush manufacturing concern is received with elation by business and professional men of Greenville," a member of the stock soliciting committee told the writer of this column today.

"This is the first definite stroke in behalf of greater industrial expansion of the city—one that eventually will attract other kinds of industries desiring to establish branch plants in thriving, prosperous communities.

"The new concern will bring more people to this section, and more people mean more money, more business and more everything necessary to industrial development.

"The committee that had charge of the stock soliciting campaign to make possible the coming of the new enterprise is to be congratulated upon their success. They deserve the thanks of everybody interest-

ed in a bigger and better Greenville."

"The approaching spring and summer promise to be filled with more activity than any other seasons in years," a reader remarked to the writer this afternoon.

"With opening of the Easter Carolina league set for the month of April and intensive activities in the political field, it is easy to believe the year will be one of the most memorial we have ever had.

"Then, too, there will be the usual amount of building of homes and business houses, the beginning of summer sports, and countless social activities which invariably occur during this season of the year.

"Greenville is one of the liveliest towns in this part of the country, and all of these attractions will tend

to draw the attention of people in other localities looking for a good place to locate."

"Everywhere I go people are talking about Billy Sunday coming to Greenville," a Reflector reader told the writer today following an extensive trip over the eastern part of the state.

"I have never seen so much interest in an evangelistic campaign as is being exhibited in that to open here, and it is my honest opinion that thousands of people from many sections of the state will come to Greenville during the stay of the distinguished divine.

"Billy Sunday certainly has a great reputation and his coming to this city will be one of the biggest advertisements we have had in years."

## NEW American Edition of STUDEBAKER'S ERSKINE SIX

\$795  
f. o. b. factory

### 40 miles an hour the day it is delivered!

WHEN the new American Edition of the Erskine Six is delivered to you, take its wheel and speed away at 40-miles-an-hour. No need to go through the old, tedious 20-mile-an-hour breaking-in process!

Such speed at the outset is practicable in the new Erskine Six, first, because it is built with exacting, fine-car precision; second, because the highest quality materials are employed; and third, because it is subjected to the most rigid inspections. Such methods have heretofore been known only in cars costing thousands. The new Erskine is ready for 40-mile speed immediately—62 miles an hour later.

Further proof of advanced design is to be found in the recent record established by a stock model Erskine Six sedan—24 consecutive hours running at an average speed of better than 54-miles-an-hour. This established a new record for stock cars under \$1,000.

Get behind the wheel of this bigger, roomier, more powerful Erskine Six—today! Experience its brilliant 6-cylinder performance—its 62-mile speed—its masterful way on hills and highway. See how spaciiously it is built—doors nearly a yard wide—rear seats 4 feet wide—lots of head and leg room, front and rear. Thriftly of gas and oil. Amplified-action 4-wheel brakes which multiply your pedal pressure 3/4 times. Every inch a Studebaker—the highest guarantee of excellence motordom knows.

Take the new Erskine Six on a test run—TODAY!

# Market Report Cotton--Stocks--Grain

**NEW YORK COTTON**  
New York, March 8.—(AP)—A bullish view of figures on the world consumption of American lint cotton for the first half of this season failed materially to stimulate buying in the cotton market today.

Early advances of about 12 to 14 points were followed by partial reactions. Trading became quiet after the early spurt of buying and the mid-afternoon market was dull at net advances of about 5 to 10 points. Futures closed steady, six to ten points higher. Spot quiet; middling 18.95.

**CHICAGO GRAIN**  
Chicago, March 8.—(AP)—Wheat values here underwent a gradual setback today, affected by beneficial rains in domestic winter wheat territory and by weakness of wheat quotations at Liverpool. There were also reported sales of spring wheat to come to Chicago by rail and Kansas City was likewise offering No. 2 hard to come here.

Wheat closed unsettled 3-4 to 1-3-8 net lower; corn unchanged to 3-8 up; oats 1-8 to 1-4 to 1-2 off and provisions unchanged to 17 to 20 down.

**STOCK MARKET.**  
New York, March 8.—(AP)—Speculative operations for the advance were resumed in today's stock market but they appeared to have lost much of their momentum due to heavy profit taking sales. General Motors created a new high record the first consecutive day but trading in that issue showed a marked falling off in volume. Buying operations were most effective in oil public utilities and specialties a number of which were marked up three to nearly six points.

Overnight news developments were generally bullish. Federal reserve Governor Young's testimony on brokers loans before the senate committee received widespread favorable comment in Wall Street where considerably less concern is apparent over the possibility of restrictive legislation. The decision of California Oil producers to curtail production coupled with an increase in export gasoline prices brought fresh buying into the oil shares.

Public Utilities were heavily bought on reports of large current earnings. American and foreign power second preferred jumped five points and American Power and Light, federal light and traction, Hudson and Manhattan, Brooklyn Manhattan Transit and Interboro Transit selling two to four points higher. Rubbers which have been weak most of the week rallied slightly.

Special buying of Sinclair which reached a new peak for the year was based on a revival of unconfirmed merger rumors. Sun Oil also attained a new top and Atlantic Refining jumped five points. Hudson reached a new peak of 90 3-4 on unofficial reports that current earnings were running at the rate of \$12 a share annually.

Rails were quiet and sluggish in reflection of disappointing weekly car loading report. Youngstown sheet and tube broke 3 1-4 points to a new 1928 low at 85 1-4 and Inland rallied three points on the announcement that merger negotiations between the two companies had been abandoned.

**"where savings are greatest"**

**Work Clothes Week**

Supreme Values for Real Workers. Everything for the Workman. Powerful values that make good with men on the job. Our Nation-Wide Buying for 954 Stores means more value for less money. Stock up now during our Work Clothes Week.

**We Really Ought To Save More!**

But how are we going to do it, query Worried Husbands and Anxious Wives? Rent is a pretty fixed charge, and heat, laundry, clothes and food cost just so much. There really is only one way—save FIRST and then buy what you must have for as little as possible.

While we can't offer you a "quick cure" for all your money troubles, may we suggest that when you pay cash you can't spend more than you have. Cash also means a substantial saving on the things you must buy.

"Quality—always at a saving" will mean more than our store slogan if you'll try our plan. It will mean a bank balance at the end of the year, and a fewer wrinkles right away.

*J.C. Penney Co.*

**"Pay-Day" Overalls**

(Continued from Page One.)

paper with this: "Here goes the bandit, Pedro Reyes." That epithet told all. Some epithets don't.

Jack Dempsey is through with fighting. His horse won the big race at the Judds two days ago. And Dempsey says "Dempsey can keep that title as long as he wants it. I am not going to fight any more. For the first time in my life I feel free to do as I like, and go where I please. I have nothing to worry me."

Happy Mr. Dempsey. How few college professors, school teachers, and clergymen are able to say: "I have nothing to worry me."

Newspapers tell of a baby "dead 10 times." Ten times in its short five weeks of life the baby's heart stopped beating in a struggle against pleuro-pneumonia. Ten times it was revived and it probably will live. The doctors did wonders.

There is just a line about the mother. Still weak, following the baby's birth, she gave her blood in transfusion to save her baby's life. Her name is Mrs. G. E. Olmstead, and what she did ten million mothers would do, gladly.

A United States court decides that under the old Jay treaty of 1794 Canadians can cross the border into the United States as often as they choose with no immigration restrictions.

Thus our Canadian neighbors can drink beer on Canadian territory, and earn dollars on United States territory. That will mean some 100 per cent Americans. But they also can cross the border and get beer. That may comfort them.

"Girl dies from alcoholism at drinking party." She was only 20. Surgeons said, "alcoholic poisoning." It is such a common thing under prohibition that you don't even ask the girl's name. Whiskey

killed her suddenly. It is killing thousands of others more slowly. Something ought to be done about bootleg whiskey.

In Oregon some cattle were butchered, and yellow spots on their teeth were found to be pure gold. They had never seen a dentist. The question is did they scrape their teeth against gold in their pasture, or do they represent the ingenious idea of some "real-estate" anxious to sell a farm.

**ANNOUNCES UMPIRES OF S. EASTERN LEAGUE**  
Montgomery, Ala., March 8.—(AP)—President Green, of the South-eastern League today announced his staff of umpires for the 1928 campaign of 154 games. Four new arbiters and four of last year's roster have been named. They are: Conde Lewis, West Palm Beach, Fla.; Thomas Lovett, Dayton, O.; Fredrick Daytona, Fla.; Lou Kearney, Philadelphia; E. S. Clark, Atlanta; J. L. Harper, Pittsburgh; W. S. Baxter, Atlanta; and N. M. Dominique, New Orleans.

**Red Sox Have Hard Work Ahead.**  
Bradenton, Fla., March 8.—(AP)—A lot of hard work is scheduled for the Boston Red Sox. Any member of Bill Cargigan's outfit who had imagined that the team was about ready to hit mid-season pace suffered severe disillusionment yesterday after St. Louis Cardinals had triumphed 8 to 1.

**Red Manager Hurt.**  
Orlando, Fla., March 8.—(AP)—Manager Jack Hendricks of the Cincinnati Reds, suffered an injured knee yesterday when he was hit by a pitched ball while operating as an observer behind the home plate. Ole pitched one through Coach Grover Lamb and hit Hendricks on the left knee. Southpaw Ed Williams, of the Virginia Military Institute, will be released.

YOUTHFUL SLAYER ATTEMPTS TO TAKE HIS LIFE

St. Clairsville, Ohio, March 8.—(AP)—Ardy Dyken, 15-year-old slayer of his mother, who was sentenced to life imprisonment in Ohio penitentiary this morning attempted to commit suicide by hanging himself in his cell shortly after he was taken from the court room. Guards over-powered him when they found him fastening his belt around his neck. A piece of steel which he had taken from his cot sharpened to a fine edge was taken from him last night.

**Confer With Gov. McLean.**  
Raleigh, March 8.—(AP)—Arnold Conners, assistant director of the National Park Commission and Kenneth Shirley, representing the Rockefeller Memorial Foundation, were in executive conference with Gov. McLean, and the council of state today tending to legal matters before the council orders issuance of the two million dollars state park bonds which will assure the establishment of the Great Smoky mountains National Park in the western part of the state.

Question of issuing the bonds was the sole matter to be cloaked before the state made public its acceptance of the gift of five million dollars from the Laura Spellman Rockefeller memorial fund.

**ECZEMA GONE, SKIN ALL WELL— POSLAM DID IT**

Itching and burning stopped, no more digging and scratching, and that unsightly eruption almost gone overnight. That's what safe CONCENTRATED Poslam does. Nothing like it for eczema and other skin ailments. At all druggists—10c.

All face cards in the Spring Suits from Griffon

The one big reason why this exhibit of new Griffon Suits should attract your attention this Spring can be summed up in a few words

THERE ISN'T ONE POOR SUIT IN THE STORE—

Not one single garment that is off color in fabric—not one that isn't beautifully designed and needed.

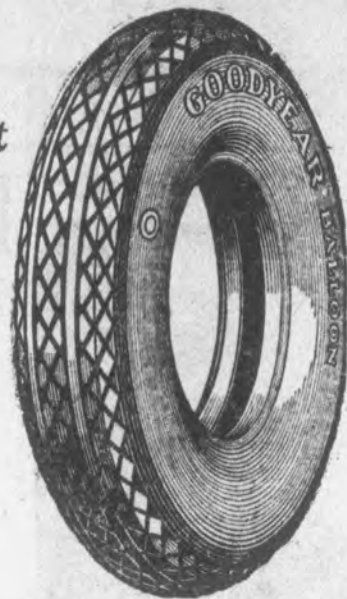

You could almost close your eyes and choose—that is, after you've found the right street and number.

\$30 to \$40

ALL THAT

"The Greatest Tire in the World"

and then some!

Some little time ago when Goodyear announced "The Greatest Tire in the World" we sat up and took notice.

Knowing Goodyear, that seemed to us a pretty sensational statement for such a long-established, solid company.

Now that we've seen the tire, tested it, and tried in vain to find something the matter with it, we add our bit to Goodyear's statement:

It's the most wonderfully designed and built tire we have ever seen. It's everything Goodyear said, and then some!

Come in and see just how this new specially-designed tread, and the Goodyear SUPERTWIST carcass, brings a new day in balloon tire performance. Get the 1928 tire.

Chatham Circle Lots at Attractive Terms

We now have ready for sale a number of additional lots in Chatham Circle which we are offering at agreeably low prices. The terms are as attractive as the prices, ten per cent down, ten per cent in ninety days, and twenty per cent each year for four years. The homes already erected or being constructed are convincing evidence that this sub-division furnishes a real opportunity for Greenville people. Investigate for yourself. Why not get in touch with us and let us show you these lots.

ODD PIECES

Of Broken Suites At Very

Special Prices

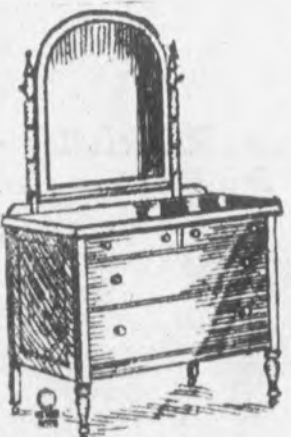

We have just completed our inventory and find that we have quite a number of odd pieces of broken suites. These will be offered at a special price, some of which will be below cost. If you need any of these, and most every home does, now is the time to save some money.

We Have a Number of

CHIFFOROBES, CHIFFONIERS, ODD CHAIRS CHESTS OF DRAWERS, WOOD BEDS, SERVING TABLES, BOOK CASES, SOFAS.

And a number of second-hand Coal and Wood Stoves, also ranges, and 8 or 10 second-hand oil stoves that can be bought exceedingly cheap.

It is our intention and policy to always carry an up-to-date line of furniture, and to do this we must dispose of these odds and ends to make room to carry out plans.

Remember cost and below cost will buy these pieces of furniture. All good furniture.
