### SMITH GUEST OF ASHEVILLE PEOPLE TODAY

New York Governor Given Rousing Welcome Upon Arrival in Carolina City.

Asheville, April 13.—(AP)—Governor Smith of New York arrived here today for a vacation, his first to be spent in the south. He detrained at Biltmore station, in the suburbs, where he was greeted by several thousand persons, and after a brief welcoming ceremony went to Biltmore Forest Country Club which will be his headquarters here.

In high spirits over the prospect of a rest after the strenuous legislative session at Albany, Smith found that elaborate arrangements had been made for his reception and comfort. Heading the call of Mayor Gallatin Roberts and E. M. Lyda, chairman of the board of county commissioners, the people of Asheville and surrounding country turned out to extend a southern welcome.

As the governor's train traveled through western North Carolina, crowds of men, women and children, anxious to get a glimpse of him, were at every station. Those at a number of points found that the democratic presidential candidate is a late riser and failed to see him.

At Old Fort, however, a village band and the cheer of admirers brought Gov. Smith to the rear platform of his special car. He heard speeches of welcome from the crowd's spokesman, George Santlin, and remarked that he could not compete with such oratory.

Santlin reviewed the early history of Old Fort, recalling various Indian tribes that once had roamed thereabouts. This brought from the governor the reply: "Where was Tammany in those days?" and that quip in turn brought "three cheers for Tammany" from the crowd.

Santlin, who is station master at Old Fort, told the governor that no persons in his community there were no persons of Smith's religious faith, that they were Baptists, Methodists, Presbyterians, free thinkers and worldly sinners.

"But," he added, "there are no bigots or idiots and no intolerance. Governor Smith, who left New York yesterday afternoon, arrived here in company with Senator Gerry, of Rhode Island, and James J. Rickerd, William P. Kenny, and William R. Todd, personal friends. He plans to play golf while here, and has passed word that politics are taboo.

The crowd on the plaza was held back by ropes but when Governor Smith's automobile came to a stop, it broke through and surged near his machine. Looking around with a broad smile, he remarked as he held up his hat: "So I wouldn't disappoint you I brought my brown derby with me."

"This is my first visit to North Carolina," the governor went on, "the first time in my life that I've been this far south. In my long and busy career I have never had time to do much traveling around—unless it was to attend a national convention. In fact, if it hadn't been for the national conventions I doubt if I'd ever got out of my native state of New York."

"Last June I went to Canada for the first time. I went up there to meet the Prince of Wales and to participate with him in the official opening of the international peace bridge."

"My job in New York is a working man's job. It means long hours and night and day performances. As a matter of fact, we need two governors in New York, one to attend to the business and government details and the other to do the traveling around, officiate at the laying of cornerstones, christenings and such functions and to attend the dinners and Rotary Club and civic luncheons. I think too that this governor should be supplied with plenty of evening clothes and a pass on all the railroads."

"During 1927 I received so many invitations and appeals to attend social and public functions that I decided to suggest an amendment to the original plan about free railroad passes and propose that this governor No. 2 be furnished an aeroplane. The New York railroads only run a mile a minute and this governor could never hope to make all of his appointments as such a slow speed."

"I left New York yesterday for a vacation after seven months of rather strenuous work. I was awakened this morning by some of my friends in 'Dixie' with welcoming programs—a good beginning for the first day of my vacation."

Boom and Baseball.  
Hoover and Smith.  
Well, King George Won.  
No Jugo-Slav Ostrich.  
(By Arthur Brisbane)  
Copyright 1927, by Star Co.

Wall Street was booming again yesterday, dividing public interest, in New York, with the opening of the baseball season.

New York, "where the money is" once supplied nearly half the business of Wall street. Now New Yorkers do only 10 per cent of the speculating, 90 per cent is scattered throughout the country.

This means a stock speculating craze is nation-wide.  
Those that buy what they can pay for and keep it, may sleep soundly.

But those gambling will worry when the time comes, "and how," as the current saying goes.  
At present business is "steeping up." There is an improvement all along the line, and no storms are in sight.

Among Republican candidates for the presidency, Herbert Hoover leads by a good margin over his nearest competitor, Governor Lowden.

As for the Democrats, Governor Smith of New York is so far in the lead that there is no second worth mentioning. The governor has now safely secured 354 votes, within 14 of the highest number of delegates voting for him in 1924.

It seems a pity to make delegates go all the way to Houston to find out what they know already.

It is pretty hard to beat King George of England, the election in (Continued On Page Six)

### DIRECTORS OF MERCHANTS IN FINE SESSION

Discuss Plans for Examination of Association at Meeting Here Last Night.

Members of the Board of directors of the Greenville Merchants Association met in the directors room of the new quarters on Evans street last night and discussed several matters pertaining to the success of the organization at this time.

More than passing interest was manifested in the State Convention to be held at Elizabeth City during the month of May, and the following members were elected to attend as delegates from the local association: E. W. Griffin, L. A. Stroud, Curtis Perkins, W. H. Woodard, J. H. Elount, Frank Wilson, C. B. Row, C. Heber Forbes, C. W. Willard, R. B. Kittrell, C. S. Forbes and L. B. Garriss.

The directors voted to lend their support and cooperation to the Billings Sunday evangelistic campaign to open in this city Sunday, April 22.

Gratification was expressed in the report of the recently inaugurated collection department.

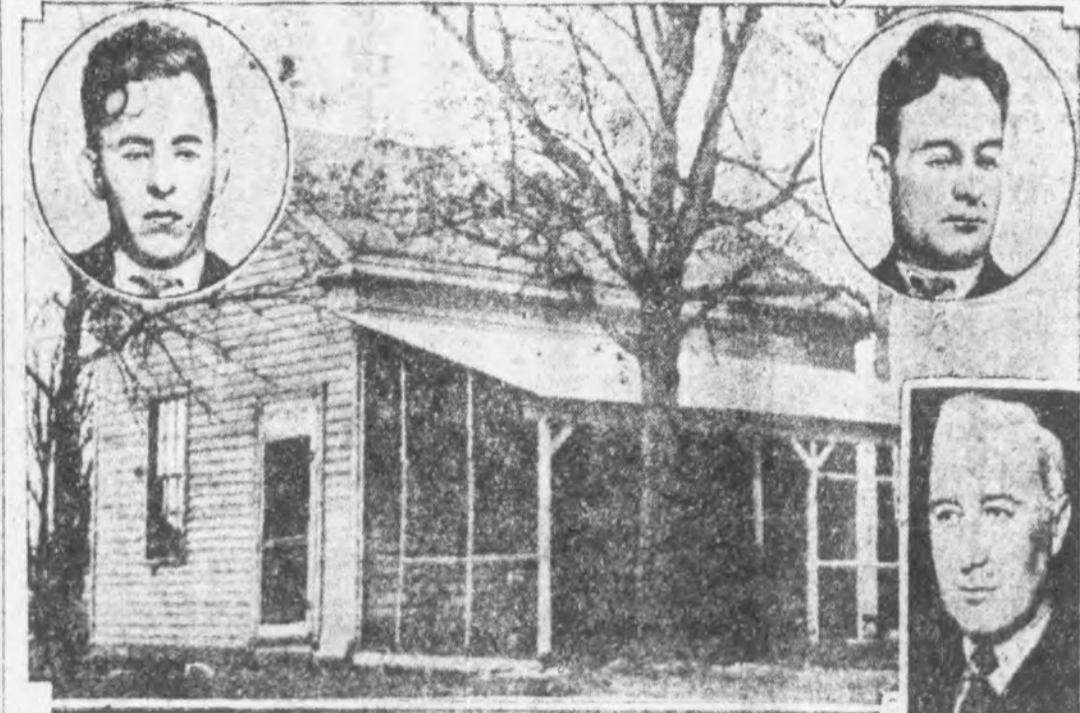

The membership committee reported that next week would see the beginning of a new membership drive. Several new members have been added by the association during the last few months, the majority being unselected. The committee expressed confidence in its ability to bring about an appreciable increase and urged the co-operation of every member in making this possible.

The session was probably one of the most enthusiastic held by the board in some time and most interest was manifested in plans looking to development of future activities of the organization.

### FLYER FORCED DOWN BY SNOWSTORM AFTER ESTABLISHING RECORD

St. Paul, Minn., April 13.—(AP)—Forced down by a blinding snowstorm, Gene Shank landed his 90-horsepower biplane at 9:18 a. m. here today, after establishing a world's record for sustained flight of a light airplane, as shown in records available here.

### HELD CAPTIVE SIX DAYS BY KIDNAPER RING

Thomas Gaynor (lower right), wealthy Chicago automobile dealer, was rescued by police without firing a shot after he had been held captive for six days by kidnapers. Above is the lonely cottage 40 miles from Chicago where Gaynor was held. Frank Carson (upper left) and James O'Brien (upper right) are two of ten men being held by police in connection with the abduction, which is thought to be the work of a kidnaping ring.

### FARM RELIEF BILL AWAITS HOUSE ACTION

Early Action Expected to Send Bill to White House For President's Veto.

Washington, April 13.—(AP)—Bringing a majority of 30 senate votes in its favor, the McNary-Haugen farm relief bill rested today on the doorstep of the house, where early action is expected to send it to the White House. There, an almost certain veto faces it for the second time.

Passed last yesterday by the senate by a vote of 53 to 23, as compared to the 47 to 25 action given it at the last session the measure retained the controversial equalization fee which caused President Coolidge to veto the bill last year principally on the ground that this provision was unconstitutional.

Should the President again return the measure to Congress without his approval, the administration leadership in the senate doubt whether it could be passed over the veto even though the vote yesterday showed more than a two-thirds majority of those present for it.

Party lines and even state lines broke wide apart on the final vote and nine senators shifted their positions of a year ago, eight changing from opposition to support of the bill.

The real showdown came on an amendment by Sackett, Republican, Kentucky, proposing elimination of the equalization fee by which funds would be raised from levies on commodities to help market surpluses and maintain prices at a higher level. The amendment was rejected 46 to 31.

The senate also rejected, 64 to 5, the \$600,000,000 direct subsidy bill which Senator Brookhart, Republican, Iowa, had proposed as a substitute for the McNary-Haugen measure.

Senator Gould, Republican, Maine, who was for the bill last year, was the only member to change over to the opposition this time. He was absent but paired. The eight who switched from as passed, the measure would provide loans to farm co-operatives and other marketing agencies from a revolving fund of \$400,000,000 at a rate of four per cent. Should emergencies arise and the first remedy fail to meet the situation, the second would be resorted to.

A farm board, appointed by the President with the consent of the senate, also would be set up and advisory councils, named by farm organizations, established for each commodity. Approval by the councils would be necessary before the fee was applied.

In arguing for executive approval, McNary contended that before the fee became effective plenty of time would be available for the courts to pass on its constitutionality.

### POWERS ASKED TO JOIN PACT AGAINST WAR

France and United States Ask Three Other Nations to put Ban on Warfare.

Washington, April 13.—(AP)—Great Britain, Germany, Italy and Japan, were invited to join France and the United States in the negotiation of a world-wide treaty binding the nations not to resort to war with one another.

The invitation was extended by Secretary Kellogg, after an agreement on the procedure with Aristide Briand, foreign minister of France.

In a note to the four governments presented simultaneously at London, Berlin and Tokyo today, by American diplomatic representatives, Mr. Kellogg outlined the discussions on the proposal between himself and Mr. Briand, and submitted a draft representing in a general way the form of treaty the United States is prepared to sign. Its language is practically identical with the original treaty proposed by Mr. Briand to the United States last June.

The four governments were told the United States "would be pleased to be informed as promptly as may be convenient whether they are in a position to give favorable consideration of a treaty such as transmitted, and if not, what specific modifications in the text would be accepted."

With the note and draft treaty were presented a copy of the text of Mr. Briand's original proposal and copies of all the correspondence on the subject between France and the United States, which have been made public heretofore. The views of the two governments, Mr. Kellogg said, were clearly set forth in the correspondence.

### Jardine Defends Herbert Hoover

Washington, April 13.—(AP)—A strong defense of secretary Hoover against charges that he has usurped some of the power of the agriculture department and otherwise has worked to injure the farmer was made today by secretary Jardine.

In a letter dated April 11 and made public today, the agriculture secretary told Charles S. Wilson, former commissioner of agriculture of New York state and now a farmer at Hall, New York, that "I am not the slightest essence of truth in these charges, and I would resent them if they were made with honest intentions."

Mr. Wilson, under date of April 10, had written Jardine saying he had heard the charges made that "Mr. Hoover, a secretary of commerce, has encroached upon the work of the department of agriculture and in other ways has hindered the operation of your department in the interest of the farmers."

### CLAYTON TO GIVE FINAL FACTS TODAY

Phase of Slump Inquiry to be Closed Finally During Afternoon.

Washington, April 13.—(AP)—The senate cotton slump investigating committee cut short its morning session today in order that members might take part in resumption of hearings of the Randall bill by the all agriculture committee.

It planned, however, to hold an afternoon meeting at which Chairman Smith of the investigating sub-committee, announced that the phase of the slump inquiry involving the Marsh-Clayton controversy would be finally closed.

William I. Clayton, head of the Boston firm of Anderson Clayton, accused by Arthur R. Marsh of extensive market rigging transactions in the cotton seasons of the last three years, was again before the senate subcommittee for completion of his cross-examination by H. J. Gilbert, Marsh's lawyer. He drew a flat denial from the witness that his firm had a volume of transactions in July futures of the 1925-26 season greater than the visible supply of deliverable cotton at that time.

Gilbert said this was one of the charges against Clayton by Marsh in complaints of Serman act violations filed with the department of justice.

"If that is the charge it is untrue," Clayton said.

The rest of the morning session was largely taken up in exchanges between witness and lawyer as to statements made by Clayton in federal trade commission in 1923 at the time of hearings by that body arising out of Clayton's fight for southern delivery on New York exchange futures contracts.

### Math Teachers Open Meeting At Durham, N. C.

(Continued From Page One)  
Durham, April 13.—(AP)—Mathematics teachers representing 25 colleges and universities in five southern states opened their two-day sixth annual meeting of the southeastern section of the Mathematical Association of America today.

The engineering profession has become so important, Dean W. C. Riddick, of North Carolina State College, said, that teachers of other branches are anxious to get more of their subjects into the engineering curricula. This is the reason behind the crowding out of mathematics as a study of engineering courses, he declared.

### W. A. BOWEN PASSES AWAY AT HOME HERE

Prominent Business Man to be Buried at Cherry Hill Cemetery Tomorrow.

William A. Bowen, prominent Greenville business man, succumbed to illness of several weeks at the hospital in this city yesterday afternoon at 5:30 o'clock. Mr. Bowen had been in declining health for several months, but had been confined to bed only about three weeks.

Funeral services will be conducted from St. Paul's Episcopal Church Saturday morning at 10:30 by Rev. Stephen Gardner, rector of the Episcopal Church at Washington, and Rev. L. B. Jones, pastor of Jarvis Memorial Methodist Church of this city. Burial will follow in the family plot at Cherry Hill cemetery.

Mr. Bowen was 53 years of age, having been born in Creswell, N. C., Dec. 7, 1874. He was the son of the late William Augustus and Mary Elizabeth Bowen. In early life Mr. Bowen moved to Baltimore and entered the mercantile business. November 15, 1899, he was married to Miss Lida Tucker.

He is survived by his wife, and one son, Joseph F. Bowen, Greenville; two brothers, T. F. Bowen, Baltimore; C. R. Bowen, Hagerstown, Md.; two sisters, Mrs. Robert Treig, of Shillington, Pa.; and Mrs. C. R. McDowell, of Wilmington, Del.

Mr. Bowen was a senior warden of the vestry and secretary and treasurer of St. Paul's Episcopal Church of this city. He was a leading member of the congregation for many years and always took an active interest in development and welfare of the church.

During his life in the business field of the city, the deceased developed one of the leading mercantile firms which now bears the name of W. A. Bowen. He was a director of the National Bank of Greenville. This institution will be closed from 10 to 12 o'clock tomorrow morning out of respect for the dead official.

The following body of men, representing the vestry of the Episcopal Church, will be active pallbearers: J. C. Gaskins, H. A. Best, W. H. Dail, Jr., E. B. Ferguson, R. C. Flanagan, H. A. White, Honorary John Hassell, Dr. J. C. Greene, Dr. J. E. Nobles, F. G. James, J. L. Little, J. L. Wooten, C. B. Mayo, R. Williams, F. C. Harding, B. S. Warren, W. D. Pruitt, C. M. Warren, W. B. Brown, Harry Boyd, R. S. May, C. T. Munford, F. M. Wooten, Frank Wilson, J. N. Hart, Fred Forbes, B. W. Moseley, A. M. Moseley, J. L. Perkins, Stokes, C. S. Forbes, E. L. Baker, R. J. Cobb, S. E. Gates, Dr. L. C. Skinner, Lawrence Carr, A. C. Holloman, W. E. Hooker, E. G. Flanagan, J. L. Horne, Bill Horne, A. B. Ellington, G. W. Hadley, W. L. Best, G. J. Woodward, Eden King, Falkland, W. J. Hardee, Luther Herring, S. T. White, Dr. E. T. Dickinson, Dr. Malcolm Thompson, Dr. Paul Fitzgerald, C. L. Hardy, R. L. Davis, Farmville; J. G. Moyer, Charles Cobb, C. O'H. Horne.

### ROMEO PADGETT'S BROTHER ARRESTED IN GEORGIA

Charlotte, April 13.—(AP)—Charles Padgett, brother of the famous Romeo Padgett, was arrested last night in Toccoa, Ga., according to information received today by Chief Vic P. Fesperman of the Mecklenburg rural police, and thus was added a sequel to the dramatic story of the rural police gun battle on Commonwealth avenue last September.

Officer Lacy Fesperman, a son of the chief, one of the victims of the ambush in Frank Jones' home, and officer S. S. Rogers left today for Toccoa to identify and take in custody the prisoner held there by the chief of police.

The prisoner in Toccoa, according to the message from the police chief there to Chief Fesperman, claims that he is Padgett, but the Georgia officer said he thought there was no doubt that he had the right man.

Charles Padgett is wanted here on charges of possessing 70 gallons of whiskey and of assaulting the rural officers with intent to kill. His brother, Romeo, is serving a term of three years on the Mecklenburg county roads for shooting officer Henry Moseley in that battle.

### GOVERNMENT RESTS CASE OF SINCLAIR

Trip to Russia Features Hearing Against Oil Man at Washington City.

Washington, April 13.—(AP)—Blocked, temporarily at least, from going into two lines of evidence it had offered, the government tentatively rested its case today against Harry P. Sinclair.

The evidence which Owen J. Roberts wanted to put into the record concerned the \$25,000 Sinclair handover to Albert B. Fall for a trip to Russia made by the former cabinet officer for the transaction between Fall and E. L. Doheny, Sr., lessee of the Elk Hills naval oil reserve.

Martin W. Littleton, for Sinclair, objected on the grounds that this evidence was not germane, and Justice Bailey took the question under advisement until Monday morning, and adjourned court over the week-end.

Coinciding with the adjournment of court, the bribery charges against E. L. Doheny, Jr., who carried \$100,000 in a little black bag to Fall, were nolle prossed on motion of the government. Roberts hopes to call Doheny as a witness if the court rules for him.

The evidence of the \$25,000 loan to Fall, who leased Teapot Dome to Sinclair was through J. E. Benton, vice president of the First National Bank of El Paso, Texas. He identified letters received at the bank in June, 1923, and the defense protested that they were written long after the date of the charges against Sinclair.

### Illinois Troubled Over Senate Seat

Chicago, April 12.—(AP)—Not how to get a second United States Senate seat, but who to put in it has become one of Illinois' prime political worries.

The choice of a man to sit with Charles S. Densen in the Senate as a representative of this state until a Senator can be regularly elected in November, rests with Governor Len Small, who has been reticent in expressing his intentions.

The problem is delicate in that Gov. Small and his original choice for the seat—Col. Frank L. Smith, Dwight banker—were decisively whipped in Tuesday's state-wide primary election. Col. Smith was twice turned down at the Senate doors, although he had been regularly elected.

There is, however, another view strongly held by close political students. It is that Smith's defeat might have properly been charged to his associating himself with the Small-Mayor Thompson Republicans than to any desire of the voters to register their approval of the Senate's actions in the Smith case. These observers point out that Smith ran well ahead of the Small-Thompson ticket, and they hold that this fact indicates the result might have been sufficient if Col. Smith had made the race strictly on the issue of whether he could or could not be sealed in the Senate.

### Textile Workers To Strike Monday

New Bedford, Mass., April 13.—(AP)—Thirty thousand textile workers in this city today stood committed to a strike next Monday morning, simultaneously with the effective date of a ten per cent wage reduction. Strike action was decided upon by a vote of 2571 to 188. The results of the voting by unions were announced during a meeting of the textile council last night. The decision was received enthusiastically by 2,000 workers at a hall.

Practically all of the mills of this city manufacturing fine cotton goods, rayon and silk goods are affected.

### Canadian Press Reports Sighting of Plane Believed to be The Junkers at Kingsport, Five Hundred Miles From Goal of Flight.

The flight of the German plane, Bremen, from Ireland to New York had been under way 37 hours at 12:30 p. m. central standard time, today, and in all that time the only report of its probable progress came from the Canadian press, which stated that two men at Kingsport, N. S., thought it was high overhead at 2:30 a. m. No Canadian planes were in that vicinity at the time, so far as known.

The Canadian press quoted these men as saying that the plane was too high for them to distinguish any detail but they were confident that it was the monoplane which took off at Baldonnel airbase yesterday for flight to Mitchell field, N. Y.

In the four hours that followed no confirming reports were received anywhere along the Atlantic seaboard. It was pointed out, however, that much of the route would be offshore and that as the previous rate of flight the plane could not be expected to reach New York before 2:30 p. m. central time. It was believed to have sufficient fuel for flight one hour after that.

Mitchell field, N. Y., April 13.—(AP)—A crowd beginning to tire of rumors which had fed its enthusiasm since early morning here on fogged night this afternoon, determined to be on hand should the trans-Atlantic Bremen at last arrive.

Optimism which had been unreasonably buoyant earlier, waned steadily and gave way to just as unreasonably pessimism.

When unconfirmed reports began to sift around of a plane seen in Nova Scotia, they were accepted as fact. Lack of verification, however, resulted in a spreading cynicism and when later rumors came in of a plane seen over Maine and Massachusetts they were received with scoffing doubt.

At 2 p. m. almost 38 hours after the Bremen left Ireland, the crowd at the field was roughly estimated at 3,000.

At that time the watchers seemed chiefly concerned with trying to figure out how much longer the Bremen could stay in the air, if no mishap had befallen already.

Bath, Maine, April 13.—(AP)—Coast guardsmen at Popham Beach at the mouth of the Kennebec River, reported that they heard the whirr of an airplane at about 12 o'clock, eastern standard time, this afternoon, and finally sighted one flying very high and headed west. They said the plane was so far off they could not get any distinguishing marks.

Portland, Me., April 13.—(AP)—The plane which passed Popham Beach at the mouth of the Kennebec River at 1:30 and half an hour later was observed from Halfway Rock light, between the Kennebec and Cape Elizabeth, was sighted through a powerful telescope by coast guardsmen as it passed Cape Elizabeth at 2 p. m. headed west.

The plane, they reported was a biplane, while the Bremen is a monoplane. The plane's number was made out at 1148, while the Bremen is listed at D-1167. This plane previously had been observed over Portland before 1 o'clock.

Kingsport, N. S., April 13.—(AP)—A plane flying very high and proceeding west-southwest was sighted this morning by Captain Barkhouse of the Canadian government marine steamer Aras. Capt. Barkhouse said it was too high to distinguish any marking but he was sure it was the German plane Bremen.

Efforts were being made to ascertain if the plane was seen or heard further west, on the coast bordering on the Bay of Fundy, but it was pointed out that the craft probably passed over this district without being detected. (Continued On Page Six)

# TOBACCONISTS TAKE CONTEST FROM RALEIGH

By A. J. McKEVIN, In The News and Observer.

Making their first start after a two-day enforced layoff, the Raleigh Caps were woefully weak and spasmodically held afield out at League Park yesterday. As a result they dropped an exhibition contest to the Greenville Club of the East Carolina League, 2 to 1.

Deseon Joliff, veteran pitcher and Greenville pilot, brought a band of peppery youngsters here to oppose the Caps. They exhibited lots of life and in some spots presented likely looking ball players, but Jimmy Viox's Caps ought to be hanging their heads in shame for taking a licking from the Class D aspirants who handed them the neat trimming.

Jim Urisko pitched five innings for the Caps and got by nicely giving up but three hits scattered over as many frames. The only time the Greensbacks threatened to score on him was in the fourth when Potts singled with one out and pulled up at third when Skipper Viox threw badly to Mulleavy in attempting to force Potts on Benedict's roller. Daniels lifted to center and Cook pegged to Branch to double Potts at the plate. Thereafter in the game the visitors displayed lots of respect for Cook's throwing arm.

Dennis Gives 'Em One.

It was on Joe Caviness, veteran Piedmonter, that the visitors put over their two tallies. They got the first on Joe's maiden inning on the mound, but it was a gift from Norman Dennis who had just gotten in the game behind the bat but who had not yet actually gotten in the affair. Hansen singled to open the inning, but Caviness quickly picked him off first. Then White scratched a hit to short. With a count of three and two on Benedict, Caviness served up a ball but Dennis pegged to second to get the advancing White. Of course there was no play at the bag and it was unprotected, the heavy going to centerfield. Dennis then dropped Daniels' third strike and, in throwing to first to get the better, he hit Daniels in the back. White scoring.

The Caps got the tally back in their half at the expense of Johnny Morton, a left-hander who had just relieved Jim Clarke, right-hander who pitched the first five verses for the visitors. Bankston opened the inning with a triple and scored on McMahon's single to right.

This Morton displayed far more stuff than his predecessor. He did not seem entirely at home on the mound, however, and was a bit awkward. Nevertheless, he was quite effective. Clarke, a Wilson county youth, got by more because of what he didn't have than what he did offer. And yet the Caps couldn't do anything with that he did offer!

Win In Ninth.

The winning run for the visitors came in the ninth. Caviness put Daniels, first up, on base with a walk. Webb pushed a bunt to the right of the box on which Palmer made a nice play, Daniels stopping at second. Palmer made another good play on Stuart's blow to get him at first, but Daniels moved up another peg. On the heels of these two neat plays Palmer played Busher's skipper wrong and it went by him for a base hit, Daniels counting.

Dennis was hit by a pitched ball to open the ninth, but was trapped between first and second when Caviness failed in an effort to sacrifice. Cook walked with two out, but Palmer forced him at second.

Benedict Looks Good.

The Greensbacks offered a likely looking ball player in Ray Benedict, southpaw tosser and hitter, who converted about first base. He was in the game all the time, and although a youngster himself, ought to be a big help to Joliff in keeping his young infield on the ground. Benedict looked very good on ground balls, and took in a half dozen of this sort of blows. He reminded fans of Mule Shirley, former Carolina firstsacker. Although quite a bit smaller than Shirley, he is built along the same lines as the "Mule."

Mack Arnette, Cap third-sacker, was out of action because of a leg injury sustained Monday in the locals game at Rosemary with Richmond. He umpired yesterday's affair.

Tim Hegarty, youthful second-sacker who reported to the Caps at the opening of spring work, was among the players brought here by Joliff. He did not see action in the game.

# ALEXANDER TURNS BACK THE PIRATES

By the Associated Press.

Grover Cleveland Alexander, still wears with dignity the appellation of "Alex the Great."

Entering upon his 18th major league season he turned back the champion Pirates without a run in the lists of St. Louis yesterday while his Cardinal mates triumphed by 5 to 0.

Frankel Frisch, the Fordham flash, came in for his share of honors in making the Bucaneers walk the plank by producing his second home run in as many days scoring behind Hein who had tripled.

Opposing Old Alex on the hill was Burleigh Grimes, who was back in Pittsburgh harness after an absence of ten years during which time he played with the Robins and Giants. Incidentally, Johnny Gooch was backstopping for the spitballer and it is understood he will have that assignment permanently.

The Cincinnati Red Legs looted the Chicago Cubs for the second consecutive day, this time by 9 to 3, a six run flurry in the eighth inning breaking a tie of three all.

Although the experts relegated the St. Louis Browns to the lowest subway level of the American League circuit, they broke out in typical Missouriian manner with another decision over the Detroit Tigers 7 to 2, which enabled them to share the crest for another day at least with the Yanks and Indians.

The Chicago White Sox outdid the Indians by 10 to 7 but dropped another engagement to Cleveland by 2 to 1. Langford's three bagger with Jamieson on base in sixth inning developing what proved to be the margin of victory.

Cold and wet grounds forced idleness upon the other big league outfits and revived the argument that the opening of the pennant races should be delayed until the last week of April.

# TOBACCONISTS PLAY AT AYDEN

The Greenville league baseball club will play the Ayden high school at Ayden this afternoon at four o'clock in a practice game prior to taking on of Atlantic Christian college at Wilson tomorrow.

Ayden has one of the fastest high teams in this section of the country having won five straight games this season. Their latest victory was at Robersonville yesterday when they defeated the high school of that place, 5 to 0.

## LOCALS GET FOUR GAMES NEXT WEEK

Highly elated over their victory at Raleigh yesterday, members of the local club of "Tobacconists" of the Eastern Carolina League, were today making preparations to go to Wilson where tomorrow they will play the strong Atlantic Christian College ball club in the third exhibition game of the season.

The two to one victory over the capital city club, of the Piedmont League, offset somewhat the severe dubbing administered by the Medical College of Virginia here Monday, and manager Joliff's club is looking forward to the remainder of the exhibition games with faith kindled anew in themselves and their possibilities.

Greenville has four exhibition games scheduled for the local lot next week. The first will be played with Durham, of the Piedmont League, Tuesday. Raleigh comes here Wednesday. Greensboro on Thursday, and Winston-Salem Saturday.

More than general interest is centered around these four games and it is expected hundreds of people will turn out to see the Tobacconists match their strength with other clubs of the Piedmont League. Accommodations at the ball park are all that could be desired, and the crowds are assured of being able to see the games from vantage points.

Win In Ninth.

The winning run for the visitors came in the ninth. Caviness put Daniels, first up, on base with a walk. Webb pushed a bunt to the right of the box on which Palmer made a nice play, Daniels stopping at second. Palmer made another good play on Stuart's blow to get him at first, but Daniels moved up another peg. On the heels of these two neat plays Palmer played Busher's skipper wrong and it went by him for a base hit, Daniels counting.

Dennis was hit by a pitched ball to open the ninth, but was trapped between first and second when Caviness failed in an effort to sacrifice. Cook walked with two out, but Palmer forced him at second.

Benedict Looks Good.

The Greensbacks offered a likely looking ball player in Ray Benedict, southpaw tosser and hitter, who converted about first base. He was in the game all the time, and although a youngster himself, ought to be a big help to Joliff in keeping his young infield on the ground. Benedict looked very good on ground balls, and took in a half dozen of this sort of blows. He reminded fans of Mule Shirley, former Carolina firstsacker. Although quite a bit smaller than Shirley, he is built along the same lines as the "Mule."

Mack Arnette, Cap third-sacker, was out of action because of a leg injury sustained Monday in the locals game at Rosemary with Richmond. He umpired yesterday's affair.

Tim Hegarty, youthful second-sacker who reported to the Caps at the opening of spring work, was among the players brought here by Joliff. He did not see action in the game.

You wouldn't sit unnaturally—why sleep in a bed that sags?

Sitting in a cramped position is immediately tiring. A sagging bed causes the spine the same way—prevents restful comfort.

When you sleep on a Rome DeLuxe bedspring the spine is straight and natural; the body is fully relaxed.

MANY sagging beds seem comfortable because of long use. But actually the body is forced into strained, tiring positions. Most people sleep this way, never realizing the harmful results of the unnatural position they have become accustomed to.

Sagging, with its many ill effects, is impossible when you sleep on a DeLuxe bedspring. Every coil in a DeLuxe moves independently of all other coils, yielding to the pressure of hips and shoulders yet rising to relieve all strain on the vital organs between. The spine lies naturally, straight and free from strain. Nerves and muscles are fully relaxed... refreshing sleep comes quickly.

Enjoy this new deep sleep right now. We will gladly bring a Rome DeLuxe bedspring to your home for a trial. Phone us today for details, and let us give you a copy of Dr. Royal S. Copeland's interesting booklet, "How Better Sleep Builds Better Health."

Norris-Blackman Goldsboro, N. C., April 13.—A lovely wedding was solemnized in Grantham Monday afternoon at four-thirty when Miss Esther Blackman, daughter of Mr. and Mrs. C. C. Blackman was married at the home of her parents to Mr. Sumter Key Norris, of Greenville, N. C. The living-room, in which the ceremony was performed, was a bower of beauty with a profusion of fern, dog wood, long leaf pine, Easter lilies, and white hyacinths. The improvised altar was placed before the fire-

place and was formed of long leaf pine and dogwood with Easter lilies and burning white candles above it on the mantel. The vows were said before Rev. D. C. Gaskill, of Elizabeth City, and the beautiful ring ceremony was used.

The bride was lovely in a gray traveling costume with harmonizing accessories and carrying a bouquet of sweetheart roses showered with valley lilies. Miss Essie Stevens, groomed in green georgette, and wearing hat to match, sang "The sweetest story ever told" just preceding the ceremony, with the accompaniment played by Miss Ruth Anderson, of North Carolina College for Women, who wore yellow georgette with harmonizing hat. To the solemn strains of "Mendelssohn's" wedding march played by Miss Anderson, the bridal party entered. Miss Anderson softly played "To a Wild Rose" during the ceremony.

Little Marvin Hood, nephew of the bride, dressed in black satin trousers with white crepe de chine blouse carried the ring in the heart of a calla lily, and demure Miss Ruth Hood, niece of the bride, daintily dressed in pink crepe de chine, as flower girl carried a basket of sweet peas in pastel colors.

Immediately after the wedding Mr. and Mrs. Norris left for Washington, D. C., where they will be until April 14. After that time they will be at home in Greenville, N. C., where the groom is a popular druggist. He is the son of Mr. and Mrs. W. H. Norris, of Greenville, and a brother of Mr. C. E. Norris of Goldsboro.

ALWAYS...lines must be Slender and Smooth

Modart Combination 5514 is made of silk brocaded material, with insets of knitted elastic, and soft satin tricot top. \$5.00

SO Modart combinations take the lead among fashionable women. They give the graceful, unemphasized feminine lines so necessary to fashion — and in their many variations meet the figure needs of all figures, from the growing girl to mature, heavier figures of older women. Step-ins... Clasp-arounds... duoModarts... Combinations... Front-lacing corsets.

ABOUT TOWN

"Everybody is interested in the flight of the German plane Bremen, which left Ireland yesterday morning on a perilous flight to the United States..."

"The world admires the grit and determination of the three men who are winging their way across the ocean today..."

"The world waits in breathless suspense for today's tidings of these men who are risking their lives in blazing a path for the footsteps of coming generations..."

"Greenville is to be congratulated upon her success at the Eastern Carolina Exposition now in progress at Goldsboro..."

"The spring tournament of the Eastern Carolina Golf Association opened at the country club here this afternoon..."

"It is not so long since the city furnished a senior queen. This goes to show that our girls look just as good as any others in this section of the state..."

"The spring tournament of the Eastern Carolina Golf Association opened at the country club here this afternoon..."

"Interest in golf is developing rapidly in Eastern North Carolina, and some mighty good players have cropped out among the members of clubs in all sections..."

"Greenville people ought to be proud of local business houses, because they are just as good as those of any other city in Eastern Carolina..."

"I was visiting in a nearby city not so long ago and just for curiosity spent some time going through the stores. I found that their line of merchandise was not near as up-to-the-minute as those carried by Greenville merchants..."

"Greenville business men are doing everything possible to compete with other merchants, and it is safe to say their stocks are as fresh and attractive as those found anywhere..."

"Greenville is rapidly forging to the front as the 'shopping center of Eastern Carolina...' and those in doubt of this assertion are urged to go to stores of other towns and make comparisons..."

"Don't over-plant this year" is the advice agricultural leaders are offering tobacco planters in all parts of the state at this time...

"Greenville will be in position to take care of more tobacco than ever, and whether the crop is normal or abnormal everyone may rest assured of getting immediate service here..."

Colored Schools Hold Commencement Day Program Here

Annual commencement day exercises of Pitt county colored school were conducted in this city today. The exercises opened this morning with a colored parade in which hundreds of students representing schools in virtually every part of the county participated.

Field day exercises at the fair grounds this afternoon concluded the exercises, which, according to local educators, were the most extensive since inauguration of educational day.

Girl Stowaways Return Home

Key West, Fla., April 13.—(AP)—A school girl's secret which found its way to the Secretary of the Navy had spread so rapidly through the Atlantic scouting fleet today, that five girl stowaways won't see the world—not from Uncle Sam's fighting vessels, anyway.

Instead, all of them were ashore and bound for a home port, while the navy was setting up courts of inquiry to investigate the why of their smuggled presence aboard homeward bound vessels returning from Guantanamo, Cuba, manue-

ers. The adventure of Cynthia Alberta Pool, daughter of Mr. and Mrs. Joseph Pool, of St. Petersburg, Fla., started the radiograms flying between Secretary Wilbur and Rear Admiral Frank K. Clark, commander of the scouting fleet destroyer force. A chum in whom Cynthia had confided, had revealed to the Pools that their daughter had been persuaded to board the destroyer Billingsley at St. Petersburg by a sailor named Kramer.

Parents told police who wired the secretary, who in turn set the navy to searching its ships. Cynthia was found immediately and put ashore at Mopert, Fla., where she was told to await her parents. No sooner was that settled than the light cruiser Concord found four girl wanderers hidden aboard, who said they took the ship at New Orleans as the most expedient means of reaching their homes in Philadelphia. The Concord set about for Key West, where the quartet, Billy Lacer, Rose McGuire, Flossie Rice and Ramilda Avery, were given money by naval authorities to return to New Orleans, despite their protest that they wanted to go to Philadelphia.

Frenchmen Still Flying. Aleppo, Syria, April 13.—(AP)—Dieudonne Costes and Joseph Hertz, French flyers who arrived at 5 a. m. today, hopped off at 9 a. m. They hope to reach tomorrow morning and Paris tomorrow afternoon, completing flight from Tokyo.

Farmers in North Carolina who have kept records on their poultry flocks and hog feeding work are now including many other phases of their farming activity. They say that these records show when they are making a profit.

If you have not already planned your home garden, it is time you were getting started. It is not too early to plant some of the more tender vegetables, such as beans, sweet corn, etc.

Those who have been down-in-the-mouth since last Monday because the Tobaccoists took a licking at the hands of the Richmond Medicos, took a new lease on life when reports came in yesterday that the Greenville aggregation had displayed real baseball form against the Raleigh Caps and handed them a two to one defeat. As the old saying goes, the game is young yet, in fact, from the league standpoint, it hasn't even begun, and we have no fear as to the outcome for Deacon Joliff and his Tobaccoists.

THE CARPETBAG BONDS The State of Connecticut probably without the knowledge of its responsible people, passed an act under which persons who own North Carolina Reconstruction bonds are seeking consent of the Supreme to sue for their payment.

This is the 'seventh time attempts have been made to compel payment of these fraudulent bonds. As was to have been expected Senator McLean, of Connecticut, expressed the hope that steps could be taken to stop the suit. Senator Overman convinced Cuba of the fraudulent nature of the bonds and that republic withdrew its consent. The holders of these dishonest bonds for twenty-five years have been hawking them about, trying to induce some state to make itself a party. They have failed every time the State authorities were acquainted with the facts. The State of Connecticut would not lend its name to any suit if informed of the facts—News and Observer.

AIRPLANE SQUADRON PASSES OVER BEAUFORT Beaufort, April 13.—(AP)—Two new seaplanes flying north passed over Beaufort harbor at 9:55 a. m., followed ten minutes later by six planes, part of the squadron which left Havana, Cuba, a few days ago according to information obtained from coast guardmen at the Fort Mason station. The planes were flying low, apparently following the coast.

Fountain Activities

Mrs. Nell Owens entertained about twenty young folks Tuesday evening from 8:30 until 10:30. Several Easter contests were enjoyed, after which a progressive Easter game was played at five tables. Mr. Jim Fountain and Miss Elizabeth Gaston won high score prizes. The consultations went to Mr. Wiley Yelverton and Miss Miriam Gurley. The hostess, assisted by Mrs. H. P. Owens, served a delicious salad course with tea. Attractive Easter favors were on each plate.

The Woman's Club met last Tuesday afternoon with Mrs. Carl Gay and Mrs. J. R. Gay at the home of the former. Mrs. Carl Turnage of Farmville, made a very interesting talk. A delicious ice course was served by the hostess.

Mrs. J. M. Horton entertained last Saturday morning from 10 until 12:30 at a lovely bridge and rook luncheon. The honor guests were Misses Virginia Dameron and Josephine Thurston, of Burlington. Rook and bridge were played at eight tables. Mrs. Carl Gay won high score in bridge and Miss Nell Owens, high score in rook. Both honorees were presented lovely hand painted pillows. An elaborate three course luncheon was served, consisting of grape fruit, a chicken course and an ice course.

Ballard's X Road News

His friends in Raleigh paying tribute in flowers Easter to the memory of Major J. J. Bernard recalls to mind that as a boy, he lived in this neighborhood and with his sister, Miss Bettie Bernard, attended school at Ballard's.

Our school has closed (such a short term) and we think Misses Gibbs and Planagan did fine work. Mrs. C. T. Tyson was visiting in Farmville one day recently. Some of the people hereabouts went down to the beach Sunday to see the whale.

What a pleasant, prosperous country we should have, and how much richer in every way country life would be if we, as a people, would only come together and work in unity to uphold our community in everything that tends to higher thinking and living. Let's try and be less self-centered. Above all else we need a church at Ballard's Cross Roads.

# Market Report Cotton--Stocks--Grain

**COTTON TABLE.**

New York, April 13.—(AP)—The prospect for a renewal of unsettled weather, with showers or rains and lower temperatures in the south, led to advances from an opening decline in the cotton market today and sent prices back to the high levels reached on the advance last Monday. Trading was only moderately active, but the mid-afternoon market was very steady; the general list showing net advances of about 13 to 18 points.

Cotton futures closed:

**GRAIN MARKET.**

Chicago, April 13.—(AP)—Late reports showing that moisture is yet lacking in important sections of the wheat belt led to price upturns today after an early decline. Words also at hand that high winds were still prevailing in these dry sections.

Wheat closed strong, 1 to 2 1-8 cents net higher, corn 5-8 to 7-8 cent up, oats showing 1-8 to 5-8 advance and provisions 5 to 15 cents down.

Futures closed firm 19 to 24 points higher.

Spot steady.

**STOCK MARKET**

New York, April 13.—(AP)—The "bull" movement in stock prices was resumed with increased vigor today as speculative interest was switched from the non-dividend paying issues to the high grade investment stocks. Ralish again came to the forefront of the advance with a brisk demand developing for the eastern carriers. Trading was maintained at a terrific pace, with the ticker again falling far behind the market. Total sales averaged 750,000 shares an hour in the early part of the session.

The unexpectedly small increase in brokers' loans and the lower renewal rate for call money provided the chief background for the advance. Little attention was paid to the continued firmness of time money and the increase in bankers' acceptance rates.

Formation of a big combination of British and American financial interests to further world trade was given a bullish interpretation by Wall street.

General Electric was one of the outstanding features of today's market, soaring nearly 12 points to a new high record at 168. Otis Elevator climbed 11 1-2 points, Rossia Insurance and Adams Express 10 each, and U. S. Cast Iron Pipe 1-2. Gains of 5 to 6 points were recorded by American Smelting, Wright Aeronautical, Midland Steel Products preferred, Fidelity-Phoenix Insurance, Brooklyn Edison, Houston Oil, Electric Auto Lite, National Biscuit, Greene Cananea Copper, American Express and Cudum Steel, most of which reached new high ground.

Strength and activity of Gimbel Bros., which advanced more than 4 points to a new high ground, was based on reports that powerful financial interests identified with the recent advance in Radio, General Motors and Schulte Retail stores had assumed market sponsorship for the issue. New York public utility stocks were strong on a revival of merger reports.

Lehigh Valley, moving up more than 4 points to a new 1928 high of 1041-2, led the advance in the rails. Reading and New York Central each climbed 3 points and Union Pacific, Delaware & Hudson and several others advanced two points or more.

The closing was strong. Total sales approximated 4,300,000 shares.

# BOMB KILLS 16 PERSONS

## King Victor Emmanuel Has Narrow Escape at Milan When Bomb Explodes.

Milan, Italy, April 13.—(AP)—With sixteen dead and at least ten of the forty injured at the point of death, the Italian authorities today worked swiftly in an effort to discover the perpetrators of yesterday's bomb explosion which missed King Victor Emmanuel by the slim margin of ten minutes.

Anxious to satisfy the nation's demand that the victims be avenged the police worked strenuously. Many arrests were made but nothing definite appeared to have been reached.

The opinion was generally growing today that the bomb plot was not the work of common criminals but was organized, as Arnaldo Mussolini says, by "writing desk men," meaning that the conspiracy embraced anti-Fascists leaders the most of whom are abroad principally in France and Switzerland.

Rome, April 13.—(AP)—Italy was united in rejoicing today that King Victor Emmanuel had escaped death at Milan when a bomb exploded killing sixteen persons, and injuring forty.

Public buildings and private houses were beflagged with the national colors. Walls were placarded with manifestos denouncing the attempt and deploring the loss of life. Above all the manifestos exulted that "re soldato" (the soldier king) who reigns save the redemption of the lost provinces and the crushing of an hereditary enemy, Austria, at Vittorio Veneto ten years ago had escaped an attempt upon his life.

Romans saw upon the walls a stirring proclamation from the governor Prince Spada Potenziani, issued from the city's famous capitol from which many ringing calls to patriotic action have emanated throughout the ages. The proclamation concluded:

"Romans! In contrast to the murderous hand which had no horror at holding the instrument of death, there remain the blessed hands of millions of citizens ever strongly holding their instruments of labor and bearing aloft the flags of the mother country to show the soldier king their passionate devotion."

The premier sent a squad of special inspectors to Milan with orders to leave no stone unturned to bring those responsible for the outrage to justice. He kept in touch with all developments by private telephone line to Milan. Several members of the special court for the defense of the state also went to investigate. Every other municipal and national facility for running down the perpetrators was set in motion.

# PITT CRIMINAL COURT BEGINS HERE MONDAY

## Two Week Session to Convene Here with Judge Henry Grady, Presiding.

A two week term of Pitt county Superior court for the trial of criminal cases will convene in this city next Monday morning with Judge Henry A. Grady, of Clinton, presiding.

The calendar for the term has just been completed and consists of numbers of charges of violations of prohibition laws, traffic laws, murder and manslaughter. There are also the usual number of worthless check cases appealed from lower courts and several larceny charges.

None of the cases, however, are of outstanding interest, unless it should be that of Jennings Allen, of this township, charged with an attempt to poison an entire family of people residing in his neighborhood. This action will come up before the grand jury Monday morning and will be subject to trial when called.

The calendar follows:

Chicago proves it. However, one primary will not discourage "Big Bill" Thompson. He is mayor, and will continue to act as such, primary or no primary.

Jugo-Slavs have added two new submarines to their naval equip- ment at Cattaro. It may interest you to remember that the under- sea boats are named "Netojscha" and "Hrabri." Many fighting Jugo- Slav hydroplanes accompany the submarines to their base. Jugo- Slavia expects trouble from Musso- lini.

Uncle Sam, like the ostrich, has a better plan. He puts his head in the sand, counts his money and hopes for the best.

Were Mark Hanna alive he would be interested in the Illinois election and surprised to hear that his daughter, Mrs. Ruth Hanna McCormick, is probably chosen Congresswoman-at-large.

Lindbergh took thirty-six young Pacific coast girls up in the air, in installments, yesterday, giving those charming creatures some- thing to talk about forever.

Women may thank the good Lord for granting the flying ma- chine. They can fly, on the aver- age, as well as any man, and the airplane is another step toward real equality.

The effort to abolish the unwise tax on automobiles develops the fact that the government collected a thousand million dollars from automobile owners and spent only six hundred millions on better roads—not fair to the men that pay for the cars, "war tax includ- ed."

The war ended some time since and the foolish tax ought to end.

A company is formed to build seadromes, ocean landing places to be scattered over the Atlantic. The theory is that trans-Atlantic planes would land, get fuel and start again.

But by the time the Atlantic is "gated" with seadromes, planes will fly across the Atlantic as easily as they now fly across the Eng- lish Channel.

In the second place, if it is hard for fliers in somewhat foggy weather to find the Hawaiian Islands in the Pacific, how difficult would it be for them to find a landing place "dot" in the Pacific? As hard as finding a turtle asleep on the Pacific.

Mussolini decides finally that handshaking must go, and young Fascist is instructed to give the impressive Fascist salute. No hand- shaking, it spreads infectious dis- ease. Civilized beings, especially middle aged Americans, accus- tomed to having their fingers crushed two or three times a day by young "go-getters," would like that rule adopted everywhere.

The French are delighted at the discovery of wonderfully rich new iron ore deposits "in long horizon- tal stratae" on their own soil. Any- body might have made the discov- ery and also make a fortune by reading carefully Julius Caesar's account of his campaign in Gaul. He described those deposits of ore.

ing to the height at which it was flying.

Clarence Patterson, an overseas man, said he heard the plane for five minutes while working here but could not see it. The weather was clear. Both Captain Bark- house and Mr. Patterson said no other plane was known to be op- erating in the district.

## EXECUTION OF BIRGER STAYED

### Two Other Criminals Due to Die at Chicago Today Get Stay of Sentences.

Chicago, April 13.—(AP)—Friday the 13th, a favorite day for Illinois executions, has been cheated of three victims through court stays and a gubernatorial reprieve.

Charles Birger, the Southern Illinois gangster, was one of those whose execution was to have taken place today but who lives because of the last minute intervention by a circuit judge at Benton. Dr. Amati Rongeti, believed to have been the first man who was sen- tenced to death on a murder charge based on abortion, also was saved from execution today because of court action.

Joseph Della, who confessed slay- ing Mrs. Julia Plaherty of Danville, Ill., the mother of seven children, was the third of the trio of con- victed Illinois murderers for whom Friday the 13th of April had been fixed for death. Every preparation for his electrocution had been com- pleted at the Chester state peni- tentiary when a reprieve until May 22 was issued by Governor Small.

The reprieve was recommended by the board of pardons and par- oles.

Had there been no intervention, Della would have been the first man

## WOMAN RAISES SAND AT STATE HOSPITAL

Raleigh, April 13.—(AP)—Friday the thirteenth found Ely Fox, young woman of French descent from New Jersey, back in the hospital for the insane here after a hectic time she gave state prison keepers.

Breaking all window panes with- in reach of her cell and greeting visitors with curses Ely for a month caused Pardon Commissioner Bridges to lose sleep. She was doing time for theft of an automobile; she wouldn't wear clothes, this former snake charmer.

Finally, she was "traded" by the prison to the hospital for another woman who authorities looked upon as more wicked than insane.

## WHEN YOUR SKIN BEGINS TO AGE

Use this new wonderful Cleansing Cream containing Cocoa Butter. Keeps the skin firm and plump while it melts into the pores and takes out all the grime and dirt. It is so different from any other cream. Will not grow hair—keeps complexion young. Ask for MELLO-GLO Cleansing Cream—it's marv- elous.
