Price: Five Cents

THE WEATHER

Fair tonight; Wednesday increasing cloudiness, not much change in temperature; fresh southwest winds.

BILLY SUNDAY CONTINUES HIS SERVICES HERE

After Day of Rest Monday, Evangelist Will Conduct Two Services Today.

After observing Monday as a day of rest, Rev. W. A. Sunday today continued his services at the tabernacle at Smith and Sugg's warehouse. The first service was held this afternoon with a good crowd in attendance. The service tonight no doubt will witness the largest crowd of the campaign which opened Sunday afternoon with nearly five thousand persons in attendance.

The subject of tonight's sermon had not been announced this afternoon. It was stated that the noted evangelist seldom ever decides upon the subject of a sermon until he enters the pulpit and looks over his congregation. This has been his custom for years; it was stated, and he has been able to appeal more directly to his hearers because of this lack of advance preparation of some given theme.

The coming of the world evangelist to Greenville has attracted interest of thousands of persons in this section of the state, and it is already evident that the congregations every day will be augmented by crowds of visitors from outside the county. Half of the tremendous crowd at the first service Sunday afternoon was composed of people not residents of the city. This fact was determined when Dr. Homer Hammond asked those living in the city to raise their hands. The response was instant and indicated to what extent other sections are interested in the man who has converted more human souls than any man in America.

One of the outstanding features in connection with the services this week will be the splendid singing of a choir composed of virtually three hundred singers representing every denomination of the city. Under the training of Dr. Hammond, these singers are developing a choir that will be able to render effective service during the five weeks Mr. Sunday holds forth.

Albert Peterson, advance representative, who is in charge of the tabernacle during the campaign here, stated that organization of all departments of work would be completed this week. Members of the local committees have entered into activities with a zeal that is most gratifying, he said, and have opened up a way of reaching far more people than would have been possible otherwise.

Special attention continues to be called to the nursery at the Eighth Street Church of Christ where a competent staff of nurses has been assembled to care for children under six years of age. Numbers of children were placed in the nursery during the two services Sunday, and Mr. Sunday was not interrupted a single time by the voices of fretful children.

REVISION OF TAX MEASURE NOW PLANNED

Republican Majority Decides on \$210,000, 000 Reduction Recently Proposed.

Washington, April 24.—(AP)—Revision downward of the House \$290,000,000 tax reduction bill to \$210,000,000 was decided upon today by the Republican majority of the Senate finance committee.

The \$210,000,000 program was laid before the committee by chairman Smoot on behalf of the Republicans who have a majority of 11 to 9 on the committee. The Democrats, who are urging a \$300,000,000 reduction, took it under consideration and another meeting will be held Thursday, when the majority group expects to revive the bill as proposed today.

The Republican program follows: Reduction of the corporation tax from 13 1/2 to 12 1/2 per cent, loss \$50,000,000; reduction of the automobile tax, loss \$66,000,000; repeal of the estate tax loss, \$70,000,000.

Reduction of the surtax rates on incomes between \$10,000 and \$70,000, loss \$25,000,000; increase in the exemption allowed corporations from \$2,000 to \$3,000, loss \$12,000,000; increase in the exemption under the admission tax from 75 cents to \$3, loss \$12,000,000.

Repeal of the taxes on wine and general beverages, loss \$1,120,000.

Surprise Marriage

The new Mrs. Richard Barthelemess (above), the former Mrs. Jessica Sargent of New York, surprised everyone, even her parents, Mr. and Mrs. Edwin C. McCullough, by her marriage to the screen idol.

PRESIDENTIAL PRIMARIES IN THREE STATES

Fight in Ohio for Delegates to G. O. P. Convention Holding Interest.

By the Associated Press. With presidential primaries on today's political calendar in three states, the territory of Alaska, the fight in Ohio for delegates to the Republican convention held chief interest, largely because of its bearing on Herbert Hoover's candidacy.

In Ohio one state of 51 delegates is pledged to the commerce secretary; the other, since the death of Senator Willis, has shown leanings toward half a dozen Republican presidential possibilities, including Lowden and Dawes.

The Democratic organization slate of 48 delegates in Ohio is committed to former Senator Atlee Pomeroy for first choice. It had opposition in only two districts. Pennsylvania will have unstructured delegations of 79 delegates at Kansas City and 76 at Houston, while the Republican delegates from Massachusetts will number 39 and the Democrats 36. Only a few contests were to be settled in either state.

Although Alaskans will have no vote for President in November, the Republicans in the territory reported to the primary system to select their delegates to Kansas City with the Democrats going through the formality of nominating a slate of six delegates, pledged to support Governor Smith.

With presidential primaries on today's political calendar in three states, and the territory of Alaska, the fight in Ohio for delegates to the Republican convention held chief interest, largely because of its bearing on Herbert Hoover's candidacy.

Claim Agents In Meeting At Charlotte, N. C.

Charlotte, April 24.—(AP)—Attempts to devise ways and means of preventing damage to freight shipments and of expediting the amicable settlement of such claims, as may be presented by shippers to railway and steamship lines were inaugurated here today with opening of the Southern Claims Conference. Approximately 75 claim agents representing southern railway and steamship lines were present when W. C. Moore, of Portsmouth, Va., called the meeting to order.

Today's session was brief, adjourning that committees might work out problems to be presented to the general conference.

STEWART IS QUIZZED BY COMMITTEE

Standard Oil Company Chairman Tells of Profits of Continental Company.

Washington, April 24.—(AP)—Robert W. Stewart, chairman of the board of the Standard Oil Company of Indiana, testified before the Senate Teapot Dome committee that he was awarded a one-fourth share of the profits of the Continental Trading Company of Canada, even though he had protested that he did not want the money.

Stewart said H. S. Osler, president of the Continental, handed him packages of Liberty bonds at various times totaling \$75,500. Previously he had decided to set up a trust fund and place one-half of the securities to the credit of the Sinclair Crude Oil Company and the Standard of Indiana.

The oil man, who is under indictment for once having refused to answer committee questions, agreed at the outset to reply to any queries directed at him.

The witness said he turned over the bonds to Roy J. Barnett, a tax expert for the standard, who was to act as trustee for the fund.

"These bonds remained in the vaults of the Standard Oil Company of Indiana until last Saturday," Stewart continued.

"When I got to Chicago that day from Washington, I called in the directors of the company and Mr. Barnett and had the box opened."

"I explained the whole transaction to the directors and they decided that the bonds should be turned over to the Sinclair Crude Oil Purchasing Company."

The Purchasing Company is owned jointly by the Standard of Indiana and the Sinclair Consolidated Oil Company. It bought half of the oil the Continental obtained from the late A. E. Humphreys of Denver. This oil was later turned back to the Sinclair and Standard Companies at a profit of 25 cents a barrel, although Stewart guaranteed the Continental's contract, along with Sinclair and others.

Continuing his recital, Stewart said that as the coupons fell due Barnett clipped them and he cashed them, turning over to Barnett an equal amount of other Liberty bonds.

"I have never had those bonds in my possession," Stewart said. "I assume they must have been connected with the Continental Trading Company."

"Did you ever receive any evidence of an interest in the Continental Trading Company?" asked Senator Walsh, of Montana.

"Not a thing," Stewart replied.

Handed deposit slips of his account, Stewart said they were not indicative of anything regarding coupons from the Continental Company bonds. One deposit slip was for \$13,903.75, which was the interest on \$794,000 of bonds.

"Did you have any other first Liberty bonds, the coupons of which would have made up the difference?" asked chairman Nye.

"I have many Liberty bonds," he replied. "I bought some of every issue, beginning in 1917."

"Did you have any 3 1/2 per cent Liberty bonds when you made the deposit in December, 1927?" Stewart was unable to recall that. He said the \$13,903.75 might not have been Continental bond coupons.

Nye then called attention that there was a like deposit in December, 1923, and asked an explanation.

"That may have been just an instance that might occur to anyone," the Standard Oil official replied.

Two Acquitted in Auto Theft Case

Pittsboro, April 24.—(AP)—C. E. Jones and Frank Scott, of Bennett, were acquitted by a jury here today of charges that they were implicated in the operations of an automobile theft ring. Friends and relatives crowded about the two men as the verdict was read following two hours and a half of deliberation by the jury.

Compromise Action in Seduction Case In Criminal Court

A compromise was perfected in the case of Charlie Hamilton, Pitt county man, given trial in criminal Superior court in this city yesterday on a charge of seduction of Molly Owens, of Wilson county, under promise of marriage. The case occupied virtually the entire day yesterday, and decision to compromise was reached following the completion of taking of evidence. The defendant agreed to pay the Owens woman the sum of \$500 and also to settle cost of the action.

TODAY

High Priced Little Sabine. Can't Convict \$1,000,000 15,000,000 Years Apart. Rome's Birthday.

(By Arthur Brisbane)
Copyright 1927, by Star Co.

A small bust of a little girl, made by Houdon, the child's father, used to stand in Judge Gary's small room off the hall, in his Fifth Avenue house. It lived there with some furniture covered with Aubusson Tapestry, for which Gary paid a fortune to Alavoine.

On Saturday the little Houdon girl sold at auction for \$245,000. Prices paid in America depend not on value, but on the ease with which \$245,000 can be acquired.

Houdon's little girl was named Sabine, in honor, presumably of ladies carried away by Roman soldiers. Now little Sabine is carried away by American dollars.

Mr. Nye, chairman of the oil committee investigating bribery, says following Mr. Sinclair's acquittal: "You can't convict a million dollars in this country."

It needs no ghost come from the grave to tell you that power creates the laws and is above them. Power, just now is organized money.

However, every man is bound to recognize a legal decision as final, and putting aside generalizations about millionaires, to remember that Mr. Sinclair is acquitted by a jury, convinced that no evidence was presented sufficient to convict.

The Rev. Dr. Stratton wants to argue evolution with Mr. Osborn head of the Museum of Natural History. Mr. Osborn believes that man developed on earth, like other animals through millions of years of evolution.

Dr. Stratton says all living things, also the earth, sun, moon, stars, comets, clouds, oceans, etc., were created in one week by the will and power of God. He had existed from all eternity, when he decided, about six thousand years ago to create this earth, with man in his image, sun, moon, stars, etc., to light the earth for man.

Dr. Stratton says man was made from Red Earth in a few minutes. He looked lonesome, in Eden, so deep sleep was put upon him, one of his ribs removed, the first surgical operation on record and Eve was made from that rib.

For centuries Clergymen taught (Continued on Page 6)

BREMEN AND RELIEF PLANE STORM BOUND

Bremen Repaired and Ready to go to New York Soon as Weather Clears up.

Lake Ste. Agnes, Que., April 24.—(AP)—(By the Canadian Press).—A report received by the Canadian trans-continental airways here this morning said that the Bremen and the Ford relief plane were storm bound at Greenly Island.

The message received by Robert Carson, of the company, said that since a wind falling and a strong northeast wind blowing at the tiny island where the trans-Atlantic plane made a forced landing ten days ago.

The Bremen was said to have been put in readiness for continuing its flight to New York with parts carried to Greenly Island yesterday by the Ford plane.

Quebec, April 24.—(AP)—Floyd Bennett, noted American aviator who is seriously ill with lobar pneumonia, today was waging a battle for life.

His condition was described as very grave in a bulletin issued at the Jeffrey Hale Hospital. Meanwhile his wife, who hurried to this city to her husband's bedside, also was under medical care, suffering from bronchitis.

Bennett, who gained world wide fame in 1926 when he flew over the north pole as pilot for Commander Richard E. Byrd, became ill upon his arrival at Murray Bay last Friday as pilot of the Ford relief plane for the stranded German fliers at Greenly Island. He had left a sick bed in Detroit to make the trip.

Pickets Aid Miners Clash. Springfield, Ill., April 24.—(AP)—A clash between pickets and union miners was reported from the old coal mine of the Panther Mining Company near here today. Fact reports said no one was seriously injured.

CAPT. WILKINS PLANS TRIP TO THE ANTARCTIC

North Pole Flyer now Plans Flight Over The Other End of the World.

Green Harbor, Spitzbergen, April 24.—(AP)—Captain George H. Wilkins scarcely landed from his great feat of flying across the top of the world by airplane, already is planning a new air venture, this time over the Antarctic at the other end of the world.

The captain has received a telegraphic offer from Commander Richard E. Byrd, who also is planning an Antarctic expedition, to sell the Wilkins polar plane for the commander's south polar trip. But Captain Wilkins replied that he was unable to accept the offer as he himself is planning a new expedition, this time to the south.

He plans to start on his new venture as soon as possible, probably at the beginning of September, and has roughly drawn up a program for the projected exploration. Beyond this he refuses to give out any information.

He said, however, that with an excellent airplane as that which carried him and Lieutenant Carl B. Ebelson across the polar region from Point Barrow, and with such a glorious pilot as Ebelson, he entertained the best hope of success.

Captain Wilkins said that he felt very comfortable at Green Harbor and expressed astonishment that he had found here regular comfortable Norwegian houses. As soon as he gets time he will construct a snow hut like a bee hive to demonstrate the dwellings as they are at Point Barrow.

Oso, Norway, April 24.—(AP)—Work of repairing the underpart of the airplane in which Captain George H. Wilkins and his co-pilot Carl B. Ebelson, flew across the North Pole today to Green Harbor, Spitzbergen.

Captain Wilkins was understood to be anxious to leave for Norway by steamer as soon as possible, but whether the work of repairing the plane indicated that the men intended would attempt to fly over the ice which blocks their path to Ebelson was not known. Captain Wilkins writing his record of the flight said he and Ebelson.

It did not seem possible that they could or would fly from Green Harbor, however, since the plane's fuel was stated to have been almost exhausted in the long flight from Point Barrow, Alaska.

The first available boat for Norway probably will not sail before the middle of May when the ice that surrounds Spitzbergen breaks up.

The explorers, if they embark from Kings Bay, must travel there at least eighty miles by dog sled. They may decide to wait until the ice is cleared from Isford on which Green Harbor is situated as this would enable them to ship the plane more easily.

In the meantime they are living at the radio station which is well stocked with food and spending much of their time indoors resting.

ROTARY CONVENTION OPENS AT CHARLOTTE

Charlotte, April 24.—(AP)—With Marcel Frank, Paris, France, director of Rotary International present, the 58th Rotary district convention opened here today.

Delegates from all sections of the district were arriving this morning.

Concerned Man Fatally Burned.

Concord, April 24.—(AP)—Arthur Thompson, 39, was fatally burned, and two other men less seriously injured when valves in the boiler room of the Cannon mills at Kannapolis, yesterday blew open killing the room with live steam. Thompson died at a local hospital today.

R. E. Dancy is in a hospital here but is not believed to be in a serious condition. Guy Orr, also was burned.

Thompson is survived by his widow, a daughter and his parents.

Collins Speaks At The College

Dr. George L. Collins, of New York, industrial secretary of the Fellowship of Reconciliation, is the annual speaker for the Y. W. C. A. at East Carolina Teachers College this year. He is now delivering a series of addresses on the coming of the Kingdom of God.

His addresses are covering some of the areas where the Kingdom is not yet functioning. He spoke at chapel this morning on our dealings with criminals and showed how far the methods failed to square themselves with the teachings of Christ.

RESCUERS IN SHADOW OF ILLNESS

Berni Balchen and Floyd Bennett, who flew to the aid of the Bremen's crew, were too ill to continue on schedule. Balchen, however, recovered enough to go forward, but Bennett is now in the hospital at Quebec with pneumonia.

Flood Waters Do Heavy Damage In Five States

Atlanta, April 24.—(AP)—River banks in parts of six southern states had vanished today beneath vast spring torrents that shot toward a crest almost overnight to maroon or isolate scores of towns and villages, and wreak millions of dollars damage.

Georgia, Alabama, Florida, Mississippi, Arkansas and Tennessee felt the scourge of rising waters. In the order named, with flood waters prevailing the most touching flood spectacle in the evacuation of the town of Caryville. Six hundred or more fled hurriedly as the Choctawhatchee Valley inundation caught them almost unawares. They were given food and shelter at Bonifay, 20 miles away.

Partial reports from isolated areas showed that four persons had met death, one a school girl who stepped on a live wire at Bradenton, Fla., and three negroes who perished in Panther Creek, Ala.

Georgia, partial reports indicated, perhaps bore the brunt of damage and inconvenience. Cordele reported four railroads into Florida and Alabama paralyzed and all highways blocked. Minor tornado damage was tabulated along with four inches of rain that ushered in the new week.

Eight and a half inches of rain fell at Haskely, now isolated in five hours, and at Tifton, eight and one fourth inches fell in 24 hours; Sylvester reported \$100,000 crop, highway and railroad damage in the immediate territory; a negro woman was injured by a falling tree at Doubling; The Ocmulgee River was one half foot above flood stage at Mazon; Moultrie reported the worst rain in thirty years, while Pelham counted tornado damage. At Albany Flint River had risen five and a half feet in 12 hours and was approaching 25-foot flood stage. At Americus Utilities Plants were struggling to repair damages, and the water supply at Milledgeville was flooded.

Alabama towns were isolated, including Andalusia and Cassiberry, where three fast passenger trains, were marooned. Crowds bound to Atlanta for the Metropolitan Opera season were held up, as well as three southern association baseball teams. Milledge, 10 miles from Montgomery, the capital, reported that the Tallapoosa had risen 15 1/2 feet in 24 hours, and was surging higher. A Chattanooga river bridge under construction at Columbia was washed away. Several hundred persons were reported driven from their homes at Irwinton, when Hunger and Burnt Cork Creeks sprang over the town. The southern was converted into refugee headquarters and relief committees ported out food.

All roads in southern Alabama were practically impassable, while several houses were leveled by a storm between Monroeville and Peterman in Monroe county. At Cherokee Bluffs the flood gates of Lake Martin, 24,000 acre artificial sheet of water, were lowered to avoid spreading of greater damage. Tombige Perries were discontinued at Memphis, (Ala.) and Pickens was dangerous.

In Mississippi the Pearl River had risen 28 1/2 feet near Jackson, and was flooding low areas of the town. The 31-foot flood stage was expected. Tombige was 28 feet and still rising at Columbus, with many lowland crops ruined. At Aberdeen the Tombige was 35 feet and Butchahie and Lutzapha Rivers out of their banks. Northwestern Florida and Southern Alabama damage was estimated by Pensacola, Fla., authorities at around \$500,000 while from isolated Graceville, Fla., came word that roads and bridges were washed out, railway damage, and crops in that territory lost to the extent of about \$200,000.

Milton, Fla., was struck by a storm and Oseola Simmons, a farmer, was injured by lightning. Half the fruit crop in that region was reported either destroyed or damaged. Westville, across the river from Caryville, which was evacuated last night, was not in danger because of its elevation. Traffic was halted in many sections of western Florida.

April 28th Set Aside as "Straw Hat Day" Here

Thursday, April 28th, has been set aside as "Straw Hat Day" in Greenville and seven firms will offer a splendid showing in latest hat styles on this occasion.

"Straw Hat Day" is being launched under auspices of the Greenville Merchants Association, and members of the organization that will have extensive hat displays are: Hatcher Bros., Blount-Harvey and Company, Frank Wilson, J. C. Pennington, Peppers, Roy Kirtrel, Young Mercantile Company.

TAX COMMISSION TO MEET TOMORROW

Raleigh, April 24.—(AP)—Tax experts today cleared their desks for the meeting tomorrow and Thursday of the North Carolina state tax commission which will receive a report on the survey of the tax burden on agriculture.

An analysis of the situation will be presented to the commission by Dr. C. L. Raper of Syracuse University, formerly of the University of North Carolina.

Warren Is Speaker. Washington, April 23.—Congressman Lindsay Warren has been invited to be one of the speakers at the Sixteenth Annual Convention of the United States Good Roads Association to be held at Des Moines, Iowa, May 28, to June 1st, but has had to decline the invitation on account of his congressional duties.

REBELS SEIZE TWO AMERICAN MINE CENTERS

Gen. Sandino Robs Gold Mines and Captures Staff That Are in Charge.

Managua, Nicaragua, April 24.—(AP)—American marines faced a hazardous and difficult task today in wresting from General Augusto Sandino two American gold mines and the staffs he was believed to have seized. Fear was expressed for the safety of the captured men.

W. J. Cramton, collector of customs at Puerto Cabezas, reported two mines near the headquarters of the Pis Pis river had been robbed by rebels.

While neither marine headquarters nor the American legation received further information from Nicaraguan sources it was believed that the La Luz, Los Angeles and Bonanza mines were seized. This belief was strengthened on receipt of word from New York that La Luz, Los Angeles mine had been confiscated and its staff including three Americans, an Englishman and a Norwegian made prisoner.

With the rainy season beginning and making troop movements difficult it is almost impossible to reach the Pis Pis mining section from the interior. There are no roads and the trails in the rainy season have become almost impassable. It will be necessary to send marines up the Prinzapolka river in small Indian canoes. These small craft are the only ones that can ascend the stream, which is full of dangerous rapids. Where the river becomes impassable, they will have to make an overland march of two or three days to the mining region which is about 150 miles inland from Prinzapolka on the east coast. This march will be through tropical jungle.

The La Luz, Los Angeles mine has been worked for more than 20 years and is considered one of the richest in Nicaragua. President Diaz, who worked in the office of the mine about 20 years ago, said it was one of the best in the eastern section.

These held prisoner by Sandino, as identified by D. Watson Fletcher, of New York, one of the owners of the La Luz Y Los Angeles mine are: Harry P. Amphlett, a British subject, superintendent; George B. Marshall, of New York, assistant superintendent; L. B. Milberry, of Woodville, N. H., Roy Untley, also an American; and Peter Peterson, a Norwegian whose sister lives in Brooklyn.

MAYOR ASKS OBSERVANCE HOME WEEK

Emphasizing the importance of improvement in home life, Mayor J. C. Lanier today issued a proclamation calling on the people of Greenville to observe this week as "Better Home Week," which is in keeping with a similar observance throughout America.

The proclamation follows: Whereas, Herbert Hoover, President of the nation-wide organization known as "Better Homes in America," has designated this week to be known as "Better Home Week," and

Whereas, the home is the greatest character builder and the most beneficial influence at work among the boys and girls of America; and Whereas, it is of paramount importance to conceive and foster and increase this home influence; and Whereas, this can be in a great measure be accomplished by making the home beautiful, pleasing and attractive; and

Whereas, the Woman's Club of Greenville is sponsoring this great movement to beautify the homes of the people of this community and to make them more attractive and pleasing.

Now, therefore, I, J. C. Lanier, Mayor of Greenville, do hereby at this point this present week as "Better Home Week" for this city, and call upon all of our citizens to do their utmost during this week to beautify and improve the homes and make them attractive and in keeping with the spirit of this organization.

This the 24th day of April, 1928.

J. C. LANIER, Mayor.

Denies Statement Of Senator Heflin. Washington, April 24.—(AP)—Embarrassing denial was made today in the senate by Senator Edwards, Democrat, New Jersey, of the recent statement of Senator Heflin, Democrat, Alabama, that Mayor Frank Hargis of Jersey City, had agreed to pay the expenses of the New Jersey delegates to Houston convention in exchange for written pledges that they would support Governor Smith.

WALTER HAGEN PREPARES FOR HIS INVASION

By BRIAN BELL, Associated Press Staff Writer.

New York, April 23—(AP)—There is more of Walter Hagen on his British invasion of 1928 than has been present on his other five excursions in search of the open golf championship. Whether the addition is to be an asset or liability "the Haig" is yet to learn.

The actual playing equipment is the same. He still has the bulging bag with spare clubs, extra shoes, several sweaters for use if a cold wind blows up, and one of the biggest of all golf umbrellas as rain insurance.

But, this time, the confident Hagen walk will be topped off by a double chin and the turf of sandwich will be called on to support much more Hagen poundage than was the case when he won his first British open there in 1922.

Hagen cannot be called "fat and forty" for he is only 36 years of age but he is more than pleasantly plump after a winter in which golf has been incidental to other activities.

Anything lacking in his physical condition, however, may be offset by his mental slant. After what amounts to a long vacation from golf, he is anxious to return to serious competition and will match strokes and enthusiasm with all comers.

"Who knows?" he asked, as he was queried on his ideas of winning the title as he sailed for England. "I might win again, at that. Golf is a funny game. When you think you will, you are just as apt not to, and when you feel that you are pretty sure to come they may not be able to find you at all at the finish."

"I'd like to be a British champion again and think I have about as good a chance as anybody else. I haven't played any golf to amount to anything this winter but that won't make any difference."

"Why you have played more golf than I have since November," he said to a reporter.

"All I have done has been to knock the ball around a little. In California I played on even terms with motion picture actors but when I went up against Charlie Guest and the other pros, and George Von Elm, who is good enough to be a pro, I insisted on a handicap."

The idea of Hagen asking for a handicap caused a smile.

"That's right," he said. "Von Elm started me one up when I played with him."

"I have no idea of distance of course after my lay off," he continued, "and I won't know where they are going for a while. Of course, I have not gone so far back. I won't be able to hit the ball, but hitting it and knowing that it will go somewhere close to where you want it to go, are two altogether different things."

"I ought to be just right when we get to sandwich for the championship," the old Hagen said, as his natural confidence in his ability under all conditions drove thoughts of distance and rusty clubs from his mind.

Of late Hagen has turned his back on golf. He ventured into baseball long enough to put \$27,500 as part of the purchase price of the Rochester (N. Y.) International League Club, and was not able to complete the transaction.

From baseball Hagen went into motion pictures.

"They tell me I screen pretty well," he said. "Some of my friends tell me I am a better actor than golfer. To keep the average up there are others who says that as an actor I look like a good golfer."

There were murmurs last year that the flashing Haig was through. His feet were giving him trouble and the rocky Hagen walk was reduced to a limp during the southern open in March.

But this is his sixth appearance in the British open.

"I went over in 1920 and made a

mess of it," he said. "I'm qualified fourth and finished so far down that you can't find my name in the records. The next year I went to St. Andrews and tied for 122. Then I won at Sandwich in 1922.

"And now the championship is being played at Sandwich again."

Where They Play

Miserable With Backache?

Too Often This Warns of Sluggish Kidney Action.

EVERY day find you lame and achy—suffering nagging backache, headache and dizzy spells? Are the kidney excretions too frequent, scanty or burning in passage? These are often signs of sluggish kidneys and shouldn't be neglected.

Use Doan's Pills. Doan's, a stimulant diuretic, increase the secretion of the kidneys and thus aid in the elimination of waste impurities. Are endorsed by users everywhere. Ask your neighbor!

WISE KREMER GOING STRONG

"Wise" Kremer has pitched the Pittsburgh Pirates out of the National League cellar—a strong place for the champions. The big Frenchman blanked the Chicago Cubs with three hits at Wrigley field yesterday while his teammates were running up six runs. Idle because of cold weather the Boston Braves exchanged their seventh place post for the Corsairs' ranking at the bottom of the heap.

Some weird work by Wee Willie Sherrod gave the Cincinnati Reds a 3 to 2 decision over the St. Louis Cardinals at Redland. Willie did two things in the third inning that he's not often guilty of. He walked a man with the bases filled and he made a wild pitch. These two mistakes, coupled with a bobble in the infield, gave the Ohioans all their runs.

Before the game the Reds received the cheering news that Donohue, veteran right hander, had come to terms and been reinstated by Commissioner Landis.

The cold and rainy day saw the American League successful in staging only two of its four scheduled games.

Cleveland dropped its third decision of the season to the Browns at St. Louis, 4 to 2. Manush's homer in the first and four singles off Shaute in the fourth gave the Browns all their runs. Sam Gray, former Mackman, registered his third victory in four starts.

Owen Carroll pitched the Tigers to a five hit, 3 to 0 victory over the White Sox at Detroit.

New York: Pete Latzo, Scranton, Pa., beat Tony Marullo, New Orleans (10). Babe McGorary, Oklahoma, defeated Anedee Dubus, Belgium (10). Bert Moore, Panama, outpointed Joe Salino, Brooklyn (6).

Buffalo: Jimmy Slaterry, Buffalo, defeated Billy Vidabek, Bayonne, N. J., (10).

San Francisco: Mike McTigue, New York, and Armand Emanuel, San Francisco, drew (10).

LOCALS PLAY OPENER WITH ROCKY MOUNT

With the Eastern Carolina League opening officially set for tomorrow, the six towns comprising the circuit today were busy putting on finishing touches for the occasion.

The opening day will find Greenville playing in Rocky Mount, Friday the locals will return home and take on Fayetteville for two days. Elaborate preparations are under way for the opening game here, and thousands of people from many sections of the country are expected to be in attendance.

Members of the ball club, headed by the Greenville high school band, will stage a parade prior to the beginning of the game at four o'clock. While plans had not been completed for the pageant today, it was authoritatively stated that it would be one of the outstanding features in connection with the opening.

The first ball will be tossed over home plate by Rev. W. A. Sunday, world evangelist who is conducting an evangelistic campaign in the city at the present time. Mr. Sunday some 30 odd years ago was a ball player of considerable note, and his appearance on the local diamond will create more than passing interest.

Officials of the Tobacconists stated today the club was in splendid condition for the grueling days of diamond activity ahead of them.

Blue Bird Filling Station washes and greases cars. Call phone 107.

and expressed confidence in their ability to hold their own against any club in the circuit. The numbers of exhibition games played from time to time with colleges and clubs of the Piedmont League have enabled the club to get in splendid physical trim, and when the first ball is tossed across the plate every man will be on his toes to render the high type of service expected of him.

It was understood today that Manager Joliff would hurl the opening game against Rocky Mount. It will be the first time the "Deacon" has appeared in action since the team has been in training and his appearance will do much towards making the first game a memorable occasion.

Greenville people were today urged to turn out in large numbers opening day. Many of the stores and business houses have signified their intention of closing during the afternoon in order to enable employees to see the Tobacconists make their maiden appearance. The contest will begin promptly at 4 o'clock.

Virtually all preparations have been completed at the ballground at the fair grounds for entertaining the great crowds expected here Friday and Saturday. Grandstand and bleachers have a seating capacity capable of caring for the largest crowds of the season, and everybody may be assured of comfortable accommodations at all games.

Georgia to Play U. N. C. Chapel Hill, April 24.—(AP)—The University of Georgia will play the Tar Heels here tomorrow and Thursday, it was announced today, the two games being additional ones to the local schedule.

Chicago: Jack Zivic, Pittsburgh, outpointed Jack McCarthy, Chicago (10). Louie Lavelle, Anderson, Ind., knocked out George Sidders, Montreal (4).

Social & Personal

Miss Nora Lee Allen and Miss Margaret Stokes of this city returned today from Norfolk, Va., where they motored to spend the week end with Mrs. E. T. Dexter who was Miss Pearl Stokes of this city.

Dr. and Mrs. Charles O'H Laughlin were here from Raleigh or the week end.

Mrs. B. W. Moseley and Miss Francis Moseley have returned from Washington, D. C., where they attended the D. A. R. Congress. Mrs. Moseley was a delegate and Miss Moseley was a page from the Colonel Alexander McAllister Chapter.

Ben Dixon MacNeill, of Raleigh, was the guest of E. G. Flanagan Sunday.

Mrs. J. B. Mallison and Miss Almeta Mallison spent Sunday in Aurora.

Miss Virginia Sledge, of Tarboro, was here yesterday.

Walter Sheppard, of Farmville, was here today.

Miss Elizabeth Rogers, who spent last week-end in Raleigh, has returned to her home.

Fortieth Wedding Anniversary
LaGrange, N. C., April 23.—The children of Mr. and Mrs. N. W. Herring gave a barbecue dinner in honor of their parents' fortieth wedding anniversary. This celebration was held at the home of Mr. and Mrs. F. A. Darden, of Farmville. Mrs. Darden is the youngest daughter of Mr. and Mrs. Herring. The home was beautifully decorated with spring flowers. In the dining room there was a profusion of crabapple and dogwood blossoms. A beautiful wedding cake bearing the dates 1888-1928 decorated with crabapple blossoms served as a lovely centerpiece for the table.

The five grandchildren, Harry and Margaret Gilliard, of Wilmington, N. C.; William Herring, of Greenville; Adelaide Darden, of Ayden; and Robert Darden, of Farmville, presented their grandparents with a bouquet of carnations as a token of their love and good wishes.

In spite of the inclement weather, all the entire family was present except two, who had to be called away on account of illness. Everyone thoroughly enjoyed the southern hospitality shown throughout the day.

Those present were: Mr. and Mrs. N. W. Herring, Miss Nannie Herring, L. W. Herring, D. L. Herring and Miss Flora Petree. LaGrange: Mr. and Mrs. F. A. Darden and son, Mrs. W. B. Herring and son, Greenville; Mr. and Mrs. J. E.

Gilliard, son and daughter, Wilmington; Mr. and Mrs. F. C. Darden and daughter, Ayden; Mr. and Mrs. J. H. Alexander, Miss Alma Alexander, Kinston; and Mr. and Mrs. G. M. Barnes, Tarboro.

Commercial School.
All students will report on class as early as possible tonight. This will enable you to have your classes and also attend the Billy Sunday revival.

Mrs. J. B. Spilman.

MASTER ERNEST LEE CLARK UNDERGOES OPERATION

The many friends of Master Ernest Lee Clark will be glad to learn that he is doing as nicely as could be expected at Pitt Community hospital, where he underwent an operation for appendicitis Sunday morning.

Letter From Turnage-Winslow.
Messrs. H. A. White & Sons, Greenville, N. C.

Dear Sirs:
I wish to thank you for prompt and entirely satisfactory adjustment for the windstorm loss which we suffered on our storage building Sunday afternoon, April 22nd. Yours very truly,
TURNAGE-WINSLOW CO., Inc.
By M. L. Turnage, Secy.-Treas.

Mrs. Clay Undergoes Tonsil Operation.
Friends of Mrs. W. C. Clay will be glad to know that she is getting along nicely following a tonsil operation.

GUILFORD SMITH LEAVES FOR WEST VIRGINIA TODAY
Guilford C. Smith, son of Mr. and Mrs. W. R. Smith, of this city, and former cashier of the Bank of Grimesland, left today for Charleston, W. Va., to be associated with his brother Elmore Smith, in the Smith and Brooks Wholesale Sanitary Supply Company.

Mrs. Smith will remain in Greenville for a short time as the guest of her mother, Mrs. R. T. Burnette, before going to West Virginia to make her home.

Mrs. Greene Ill.
Friends of Mrs. Ella Greene will regret to learn that she is ill.

Highland Pines.
Purchasers of Highland Pines lots in the last few days were J. B. Congleton, J. J. Perkins, Mrs. Joseph Palmer, Leslie T. Jones.

SINGLETARY CHAPTER U. D. C. TO MEET ON THURSDAY

The George B. Singletary Chapter of the United Daughters of Confederacy will meet with Mrs. J. L. Fleming Thursday afternoon at four o'clock. The hour has been changed from 3:30 to 4:00 o'clock because of the Sunday evangelistic campaign now in progress.

Mrs. D. L. Turnage, of Farmville, will be present at this session. Full attendance is urged.

MR. AND MRS. J. H. KITTRELL CELEBRATE ANNIVERSARY

On last Friday, the 20th, Mr. and Mrs. J. H. Kittrell celebrated the fifty-ninth anniversary of their wedding. All during the day their many friends called to extend congratulations, and they were recipients of many flowers and other tokens of the day. Mr. and Mrs. Kittrell are among the oldest citizens in the city and hold the highest respect and esteem of a host of friends, all of whom wish them many more happy anniversaries.

Golf Team To Play In Tarboro.
The golf team of the Greenville country club will go to Tarboro tomorrow to play the Tarboro team.

"THE GLORIOUS SUNSHINE"

The sunshine, the glorious sunshine
That sends its warm rays on the earth,
After a long dreary spell of raining;
It fills every creature with mirth.

I'm never happier than when I
Can stroll around through the flowers,
And feel the rays of the sunshine,
That dries the earth after the showers.

It makes me feel so thankful
That God in His infinite love
Will never sleep or slumber
When blessings should come from above.

PATTIE E. LANIER.

NEXT SUNDAY'S WORLD.

Lights and shadows of New York through the eyes of a taxicab man. The author, a veteran hacker with a weakness for things literary, presents in these random sketches a few of his every day experiences. Broadway cruiser's own stories of money-spenders, bootleggers, "lushes" gunmen, adventurous women, cautious men, and occasionally a dead one, are wilder and stranger than fiction. and a minimum of disease, and we urge the people of our county and section to heed the advice that is being given by the physicians. Your health is your greatest asset and you owe it to yourself and your community to protect it and to urge others to do likewise.

ABOUT TOWN

"May Day—Tuesday, May 1st, Child Health Day." Dr. Patrelle, director of the Pitt County Department of Health, told the writer of this column today. "May Day is sponsored by the American Child Health Association as an organization for research and education among the young people of America."

"Saturday, April 28 has been officially designated as 'Straw Hat Day' by merchants of Greenville, and seven firms will have on display many of the latest patterns in this kind of hat," a business man told us today.

"The majority of merchants of Greenville will close for the first time of the Eastern Carolina season, to be played by the local club with Fayetteville, here Friday afternoon at four o'clock," officials of the organization announced today.

"The occasion will be a regular gala day for Greenville and Pitt county people who will be expected to turn out en masse to the first real league game in years."

"This week has been designated as American Forest Week by President Coolidge and state executives throughout the country," a local citizen interested in the preservation of Pitt county forests, mentioned to the writer this morning.

"The end of our struggle of virgin timber, which has helped raise the standard of American living is clearly in sight. In Coastal Carolina there are 2,000,000 acres of land best suited for growing trees. More and more of it is being made sterile by destructive logging and fires. We cannot permit present-day per cent of our land to be fallow any more than we can let our farms and factories die."

lives have been launched in behalf of humanity—in behalf of those groping in the darkness and seeking the goal of human happiness. "Mr. Sunday has said that Greenville will be millions and millions of miles nearer heaven when he completes his campaign here, and those who have heard him are convinced that he knows exactly what he was talking about."

LOCAL NEWS

PITT COUNTY E. C. T. C. ALUMNAE MEETING. The Pitt County E. C. T. C. Alumnae Association met Saturday April 21, at the teachers' dormitory of the college, with Miss Bonnie Howard acting as hostess. There were twenty members and several visitors present.

Private Dances. Mrs. Elizabeth Allen, Mrs. Apple, White, 1309—Mrs. Nancy Whitley, 1310—Mrs. Mary Morrison, 1311.

GLORIA SWANSON HAS BEST ROLE OF CAREER. Gloria Swanson, has given the city her best role of career to date, but in none of them did she rise to the dramatic heights evidenced in her latest "Sadie Thompson," which opened a 126 day engagement at White's Theater, yesterday. It is without a doubt the finest emotional picture Miss Swanson has ever made.

Put Sadie Thompson's role is not that of a fashion plate. She is a social outcast who is seeking a new life in the tropics. And the amazing story of "Sadie Thompson" is unfolded in the unpretentious interior of a ramshackle trading post at Pago Pago in the South Seas.

Aside from the emotional excellence of the role assumed by Miss Swanson, that of Oliver Hamilton, the reformer as portrayed by Lionel Barrymore, marks one of the highlights of the picture. Raoul Walsh presents a very true and like-like characterization of Mungam's "Sergeant O'Hara."

N. C. GLEE CLUB TO GIVE CONCERT HERE. The University of North Carolina's famous Glee Club, which so successfully invaded Europe last summer, is to give one concert here on Monday, May 7, according to announcement made by Miss Mary Beriolet, of East Carolina Teachers College entertainment committee.

The story of the development of the contest played here will be the tossing of the first ball over the plate by Billy Sunday, world evangelist, who is conducting an evangelistic campaign in the city at this time. Mr. Sunday is a ball player of thirty odd years ago, but he still enjoys the game and no doubt will watch the locals start off with genuine interest.

this group from a mixed aggregation of voters, hangers, mandolins, and dramatic skits that made up a rag-time program, to a delicately attuned choral organization that brought down applause from all America and then invaded Europe with equal success reads almost like fiction.

The period of evolution covered eight years. It began with the coming to the University of Prof. Paul John Weaver and reached a climax last summer when the club made a tour of England and France; and—judging from what the European critics said—the Tar Heel singers literally "brought home the bacon." Since the European tour the club has made highly successful tours of North Carolina, South Carolina, and Georgia.

The Richmond date included on the present tour is really the Richmond News-Leader Glee Club contest. This contest is sponsored by Dr. Douglas S. Freeman, editor of the Richmond paper, and is an invitation tournament with six colleges and universities taking part. The University of North Carolina club is the only one outside the state of Virginia that has been asked to enter.

In the contest each club will sing their college song, a piece of their own selection, and "Lo How a Rose" by Pratorius, which has been assigned to each. The contest will be held at the Mosque which seats 5,000 people. A trophy cup goes to the winner.

After each club has sung, and while the judges are out making their final decisions, the six clubs will amuse and sing three pieces in mass formation. This feature is under the direction of Prof. Weaver. After the clubs have awarded the cup the winning club will then sing the "Glee" by singing three selections. Parts of the concert will be accompanied by a pipe organ and a string orchestra.

WATERLOO, S. C.—"I took Cardul at intervals for three years, and have been in good health since last fall," says Mrs. Noble J. Hayes, who lives near here. "My improvement after taking a course of this medicine was really remarkable."

"I am much stronger and can accomplish so much more work now. My weight increased twenty pounds, and my color is fresh and good. "For a long time I had been feeling poorly. Some days I dragged around the house and had not enough energy to do my housework. "I worried a lot about myself, and my nerves were all on edge. I did not sleep well, and my appetite left me. "I found Cardul to be an excellent tonic. After I had taken it a few weeks, I began to pick up and to gain in weight and strength. "Now I am in fine health. I have recommended Cardul to many of my friends, and shall continue to do so."

For over 50 years, Cardul has been used with success and recommended by thousands of women for weakness and similar ailments. Try it for your troubles! At all drug stores. Take CARDUL 10 YEARS OF USE BY WOMEN.

ROTARY CLUB TALKS HEALTH

Speakers Discuss Prevention of Disease at Weekly Session Last Night.

Health and steps towards prevention of disease was the chief topic of discussion at last night's Rotary meeting.

The program was in charge of Dr. Grady Dixon, of Ayden, who briefly outlined the topic to be discussed, and called on Dr. W. W. Dawson, of Clinton, who delivered the principal address of the evening.

Dr. Dawson was followed by Dr. C. G. Laughinghouse, of Raleigh, state health officer. The speakers gave facts regarding the increased number of deaths of persons between 40 and 60 and pointed out that most persons between these ages die of diseases which if discovered in time and properly treated would greatly prolong the lives of these persons.

RUPTURE EXPERT

For Men, Women and Children COMING TO WASHINGTON Representing Wm. S. RICE, Inc. of ADAMS, N. Y.

The Rice Rupture Method Expert, personal representative of William S. Rice, Adams, N. Y., will be at the Louise Hotel, Washington, N. C., Thursday, April 26, also at the Briggs Hotel, Wilson, N. C., Saturday, April 28. Every ruptured man, woman and child should take advantage of this great opportunity.

Don't wear a truss all your life when thousands have reported cures through using the Rice Method. Why suffer the burden of rupture if there is a chance to be free from truss-wearing forever? Anyway, it will cost you nothing to come in and learn all about the Rice Method and the wonderful opportunity for help and cure it offers in your case. Remember this expert will be here only one day, then your opportunity will be gone. Just ask at the hotel desk for the Rice Expert and he will do the rest. Call any time from 9 to 12 a. m., 2 to 5 p. m., or 7 to 9 evening.

Call 544 for SPRING DRY CLEANING and Get Quick Careful Service.

To give you immediate and excellent cleaning service for your wearing apparel and house furnishings. Prices are the lowest.

Joe Wooten, a well known cleaner and presser, is here to give you good service.

COTTON MARKET.

New York, April 24.—(AP)—The cotton market was about 3 to 11 points net higher in mid-afternoon. A large volume of early realizing and selling, inspired by reports of improving weather conditions in south, was absorbed on declines of 10 or 12 points. Prices rallied later on covering or rebuying, promoted by numerous reports of damage to crop prospects due to recent storms. Futures closed steady 10 to 21 higher; September steady; middling 20.80.

Cotton futures closed:

Reed Enters in Vest Virginia.
Washington, April 24.—(AP)—Senator James A. Reed of Missouri, has decided to enter his name in the Democratic Presidential primary in West Virginia.

Al Smith Back In New York

New York, April 24.—(AP)—Tanned from his two weeks under the North Carolina sun Governor Smith was back in New York today, the proposed extension of his vacation to include several days at Absecon, N. J., vetoed by rain.

As his train was pulling into the Pennsylvania station, he dictated a statement in which he said was gratified at the cordial welcome extended him by the south and that he had found the people there little different from those he knew in his home state.

Devastated City Of Corinth Again Rocked by Quake

Athens, April 24.—(AP)—The devastated city of Corinth was rocked by two more earth shocks this morning, and Corinthians must seek homes elsewhere.

Four Greek ministers who went to the stricken district returned today and said they considered the city ruined beyond repair. Reconstruction on the same site was considered impracticable.

The damage was estimated at 600,000,000 drachmas (\$780,000). The death toll was set at 13.

The government sent food, tents and two steamers to serve as a temporary refuge for the homeless and destitute.

Army Signs With Illinois.
New York, April 24.—(AP)—Seeking to fill the hole left in its schedule by the breaking off of athletic relations with the naval academy, the army has signed a home and home contract with the University of Illinois for football games in '29 and '30.

Under the agreement, formally approved by the secretary of war, the army will travel to Urbana to meet the Illinois in November of next year. Illinois will come east for the return game against the Cadets either at New York or West Point in 1930. The exact dates have not been fixed.

Football observers saw in the agreement additional confirmation of the belief that there was little chance of the navy and army adjusting their differences over eligibility rules.

Air Mail Planes
To Stage Night Flights in S. C.

Atlanta, Ga., April 24.—(AP)—Four mail planes that will be used on the southern end of the Atlanta-New York air mail route will leave here tomorrow for Spartanburg to stage a demonstration of night flying over the field there tomorrow night.

The planes which have been engaged in tests preparatory to opening of the new route on May 1, will stage a number of landings with all lights off on the field. Various colored running lights large landing lights in the wings and parachute flares will aid them in landing on a darkened field.

The pilots of the planes who will be the regular mail carriers over the route are Johnny Kyle, Gene Brown and Sydney Melloy. They will be accompanied to Spartanburg by J. G. Ray, general manager of operations and J. K. Otley, Jr., representative of the Pitcairn Company in Atlanta.

WITHDRAWS FLOOD BILL OPPOSITION

Chairman Madden Not Opposed to Measure Longer, but President Still is.

Washington, April 24.—(AP)—Chairman Madden, one of the administration leaders, announced in the House today the withdrawal of his opposition to the Senate Jones flood control bill but it developed simultaneously that President Coolidge still objects to some features of the measure.

Tilson, who for ten days has

waged a relentless war to whip the bill into line with Mr. Coolidge's views, predicted that if these damage provisions were revised materially that some hope still might exist that the measure will receive Presidential sanction. If, however, this were not done, he foresaw nothing but a presidential veto.

The bill's supporters, he contended, lessened their chances to have the measure signed when they turned down an amendment to have states rather than the federal government pay for the levee rights of way along the spillways and floodways. They also should have accepted the desired changes in the Bonnet Carré and New Madrid river bank spillways, he said.

The Republican leader announced that he proposed to offer an amendment to revise the damage provisions to meet the President's views.

Tilson said that under the damage section as now worked, he feared that "a huge land buying scandal" might result. He added that the large corporations of New York and Chicago owning property in the Mississippi Valley were

more interested in this portion of the measure than any other and Mayor William Hale Thompson, of Chicago, and former Senator William Lorimer, of Illinois, also have been interested in this section."

Chairman Reid, of the House flood control committee, leader of the group supporting the flood bill, also had prepared an amendment to the section which would provide that the federal government should purchase outright the land and flowage rights in the floodways and spillways. This method was characterized by the House Republican leadership as not acceptable to the President.

CHURCHILL PRAISES BUDGET.
London, April 24.—(AP)—Winston Churchill, chancellor of the exchequer, introducing his fourth budget in the house of commons, said that he did not recall any budget which had succeeded as well as last year's in spite of so many adverse factors. Immediately after last year's budget, the government began an intensive economy campaign in all departments and more than 10,500,000 pounds had been saved.

"That Man, Not of Great Property, But Rich in Integrity," So Said Cicero in His Essay on Old Age.

How many thousand of such men there are right here in Greenville today!

Many of them are young men just starting in life, with perhaps a wife and child.

It is essential that they should save something out of their earnings. Remember the words of Benjamin Franklin—"The worst hole in a man's pocket is at the top."

TODAY

(Continued from page one)

that men had one more rib on one side than the other. Somebody counted the ribs of 1200 male skeletons, and the odd rib theory was dropped.

The Clergyman and scientist, debating, would find it hard to agree on any starting point. Mr. Osborn says our Pithecanthropoid, or monkey—Man ancestors left their life in trees, about 15,000,000 years ago and started life in the open. To that the Rev. Dr. Stratton could only reply "you're a liar" and add "see what is written in this book of Genesis you could not call that a debate."

On Saturday Rome celebrated its 25th birthday. And Rome today is as energetic powerful and intensely earnest as at any time in the past 2,581 years.

Marvelous are the Italian people, with their tireless leader Mussolini. For more than twenty five centuries they have contributed great men to the world, some among them greatest in the world.

Mussolini celebrates this happy birthday by inaugurating great public works.

One of his birthday presents to the great city will be the finest airport in the world.

This country, 2,529 years younger than Rome, and ten times as rich as Italy, has two of its greatest cities, New York on the Atlantic, and Los Angeles on the Pacific with no airports worthy of mention. We ought to find a Mussolini.

The small monoplane that carried Captain Wilkins over the North Pole weighs only 1650 pounds, goes 130 miles an hour, and was created by Allen Longbeed. The load carried weighed much as the plane.

Similar powerful little machines will soon be the pride of many young fliers.

Captain Wilkins deserved success. He smashed five planes in previous efforts to conquer the pole. Australia, his fatherland, offered him the job of air minister, but he preferred work more dangerous. He was a newspaper man in the

Balkan war, an aviator in the world war and went with Shackleton on the antarctic expedition that cost Shackleton his life.

George Bernard Shaw offers Socialism as a remedy for war, poverty, disease, marriage troubles, drunkenness and other social evils. His "The Intelligent Woman's Guide to Socialism and Capitalism," tells about it.

Socialism, Shaw brand, would facilitate divorce. Any married woman could walk out, free as air, if she would make marriage permanent, and happier. Husband would live in dread of finding the lady gone, and behave. There would be no alimony, for that is blackmail, says Shaw.

All amusing. But Mr. Shaw's ideas would not work in the Congo where the native crouches beside his decaying Rhineros, until his stomach is distended, then goes home to sleep it off. And they won't work in our civilization, only a few thousand years from the Congo stage.

Laws socialistic, plutocratic, or otherwise, do not change human beings fundamentally. They only reflect human beings as they are.

Not Socialism, but fifty thousand years of work and disappointments are needed to do the things enumerated by Shaw. Discussion and suggestions, even foolish ones, are useful, however. Any hypothesis is better than none.

Your car washed and greased. Call phone 107. Blue Bird Filling Station.
