to gentle northeast and east winds.

MAY DAY IS CALA DAY AT THE COLLEGE

Annual Exercises Yesterday Afternoon Most Brilliant in Recent Years.

The annual May Day exercises of East Carolina Teachers College were held on the east campus yesterday at 5 p. m. and were presided over by Virginia Perkins, a prominent member of the junior class who lives in Greenville.

The festival was one of unusual beauty and attractiveness due to the various costumes of costumes so perfectly blended.

The program was divided into five episodes. The first one was entitled "Spring Asleep." This was further divided into three groups, "Days Are Gray," represented by a group of girls wearing gray costumes and giving a dance characteristic of this time; "Buds Are Brown" was most fittingly portrayed by a group of small children from the Model School rendering a most appropriate dance. Next came "Jack Frost" given by another group of small children dressed in white and sprinkled with snowflakes.

The second episode consisted of a group of dances entitled "Spring Asleep." This also was subdivided into four groups. The first number consisted of a spring dance by a group of girls most beautifully costumed in yellow. "Green leaves" followed with the delicate rustling of their skirts causing the onlookers to become completely in that mood. Next followed the "soft zephyrs" gently wafted and from "Spring flowers" a group began to spring up from all points and present a many-colored scene, revealing their beauty by the harmonious coloration.

The awakening of spring, four appeared and spread the white on the throne to the center group. The procession headed by four heralds entered from the end of enclosure on horseback. The various dances preceded the queen's procession. The maids of honor were Misses Ethel Spatt, president of the Senior Class and Madys Jones, president of the Senior Normal Class. They were becomingly dressed in evening gowns of soft green tulle and wore picture hats to match. They carried beautiful bouquets of lilies of the valley and snapdragons. The other maids were Misses Lillian Colson, Kay Lee Cloaninger, Alma McGinnis and Hazel Blasson, presidents of the various classes. They wore youthful evening gowns of harmonizing colors and carried handsome bouquets. The ladies of the queens court were beautifully costumed in white, green, pink, yellow and lavender. The queen entered in a chariot decorated in white and drawn by two large white horses. She gracefully stepped from the carriage and was led to the throne by Annie Hatts, Lord of the May, and her attendants. Vallie Sumrell carried the queen's umbrella, the streamers being held by model school children.

The remainder of the program consisted of "Sports and Revels on the Green." The order of their appearance was: A dance to her majesty, A Pierrot and Pierrette dance by Mattie Vines and Elizabeth Mayo, tumbling peasant lads, maidens bearing garlands, lassies skipping the rope, gambol of village boys and girls, to the tune of the organ grinder, vagabonds of the spring, roving gypsy folk, the May poles on the meadow. These last dances were done by groups of physical education students.

Delma Smith as the orphan grinder, Mrs. M. Webster as the monkey and Sarah Faircloth as the passing boy were the clever entertainers who brought the carnival spirit to the festival.

The fifth episode consisted of the procession leaving the green.

The success of the program was due to the untiring efforts of Miss Alexander and Miss Ogden, heads of the physical education department of the college.

ARKANSAS TO SELECT FOUR DELEGATES

Little Rock, Ark., May 3.—(AP)—Arkansas Republicans met today in convention to select four delegates at large to the national convention in Kansas City next month and to elect a new national committee to succeed George L. Mallory, who has announced his intention to retire.

Party leaders predicted a harmonious session with the white and negro factions of the party apparently having composed their differences.

His Luck Holds.

Durham, May 3.—(AP)—Dick Perrell, local steel worker, who survived three shots fired through his body a month ago, believes his luck is holding out. Yesterday he hobbled out to a land sale and won a \$250 automobile, one of a number of prizes offered, to attract potential purchasers to the auction.

TODAY

Wall Street High Lying
Wealth, Study Yourself.
The Great Umberto.
New York's Museum.
By ARTHUR BRISBANE.
Copyright, 1928, by the Star, Co.

Three foreign fliers visited Wall Street's stock exchange yesterday and congratulated the Bulls on an endurance flight that has lasted for months.

The bears' sad and prolonged crash was viewed with sympathy.

President Coolidge will give medals to six fliers, three recently arrived, the Frenchmen, Costes and Lebriz, and the able Italian noble.

He might add one medal for Miss Junkers, daughter of the man that made the westward flying airplane, responsible for the trip's success.

Through all the excitement she has kept out of the limelight and that deserves a medal.

General Yourieff, related to Peter the Great, fought under the Czar against Japan, owned vast estates covering 50,000 acres and a big fortune. Bolshevism has them now and he is dead.

Rich Americans learn from Yourieff that everything depends on keeping the people satisfied. Without that, power and money are temporary. All the Czars could not protect Yourieff in his possessions until the people were thoroughly dissatisfied and ably led.

Moral: Keep the people happy.

Italy's heavyweight champion is here, 22 years old, 6 feet 2 inches tall, weight 235 pounds. Boxing two and a half years, each of his opponents kindly became unconscious in four rounds or less.

This descendant of Roman gladiators, Umberto Toini, is artistic, sings, plays several musical instruments and could lecture on Verdi. He seems to be the natural, physical and mental opponent for Timony.

Total could interest local talent by offering to revive the old Roman boxing with the Costus, a glove of

PREPARE FOR LONG FLIGHT TO AMERICA

Another Member added to Crew as plans Continue for Oversea Trip.

Berlin, May 3.—(AP)—Doctor Erwin Moll, lively stepping Burgo-master of the little Thuringian town of Rudolstadt, has stolen a march on Vienna, Berlin, Leipzig, and other cities anxious for the honor of being the starting point of the trans-Atlantic flight of Johann Ristiez and Lill Dillenz, the Viennese actress.

Moll left the actress-flier last night with an agreement with her as owner of the Europa. Junkers plane in which the attempt is to be made, as a result of which the flight is to be known as the Duddelstadt-Baldonnell-New York trans-Atlantic flight.

Moll, who is in his middle forties, is of a German "go-getter" type. He has been impressed with the advertising little Kotbus received last year when Clarence Chamberlin and Charles Levine chose that village to end their Berlin venture.

So he quietly called the city fathers together several days ago and they unanimously voted him full authority to go ahead and offer Fraulein Dillenz a handsome sum of money for starting her flight at the Rudolstadt airdrome.

One of Rudolstadt's native sons has been selected to join with Johann Ristiez and Lill Dillenz, in the attempt of the Junkers plane Europa to make an east-west crossing of the Atlantic to New York.

Herr Blader, who is regularly a pilot of a Lufthansa plane on the Rudolstadt-Hureburg street, by terms of an agreement between the Burgomaster, Dr. Erwin Moll, and Fraulein Dillenz, owner of the plane, is to join the Europa's crew.

DENIES FORMATION OF INDEPENDENT PARTY

Washington, May 3.—(AP)—Senator Reed, of Missouri, candidate for the Democratic presidential nomination, today disavowed responsibility for the suggestion made by Wilbur Legett of California that an independent party be formed in the event of the nomination of Governor Smith of New York.

ENDURANCE FLIGHT ON IN N. YORK

Royal Thomas Attempts to Set New Endurance Record in Bellanca Monoplane

Roosevelt Field, N. Y., May 3.—(AP)—Screened by his tiny radio receiving set and with only his "right hand as relief pilot," Lieut. Royal V. Thomas circled over Long Island today in his Bellanca monoplane, in an attempt to set a new endurance flight record.

He took off at 12:30:01 eastern daylight saving time yesterday afternoon and must remain in the air until 6 minutes and 40 seconds after 7 o'clock tomorrow night to break the present record of 53 hours 36 minutes and 41 seconds established last March by Eddie Stinson and George W. Haldeman. The old record must be surpassed by at least one hour to be officially recognized.

In addition to his radio set which he hoped might help him keep awake, Lieut. Thomas took along some drugs which he said he would use if necessary to ward off sleep. He said his controls could be fixed and the ship fly by itself while he slept.

He carried two roast chickens and several flasks of soup, hot coffee and water.

The record for a long aviation to Canada in the air is 33 hours and 30 minutes, made by Col. Charles A. Lindbergh on his flight to Paris.

The plane carried 480 gallons of gasoline. Thomas first took off with 530 gallons but was forced to dump his fuel and descend due to the inability of the plane to gain altitude.

During the night he circled over Mitchell Field where the lights had been turned on to aid him in case he was forced down.

The flight is being financed by the recently organized American Association for the Advancement of Aeronautics.

Thomas flying a ship similar to Charles Levine's Columbia, which made an endurance record a year ago, took off at 12:30:01 p. m. eastern daylight time yesterday and he would have to stay up until 7:06:40 tomorrow night to set a new record.

On the way he hoped to beat Lindbergh's record for an unaccompanied flight of 33 hours and a half, which he would surpass by staying in the air until 10 o'clock tonight.

Except for a note asking if he had spilled any gasoline on the takeoff Thomas did not communicate with the ground during his first day in the air. Though he received reports on the weather by radio every two hours.

DECLINES HONOR OF PHI BETA KAPPA

Madison, Wis., May 3.—(AP)—Miss Olga Rubnow of Philadelphia Pa., has refused election of Phi Beta Kappa, national honorary scholastic society, because she believes high grades are not a genuine creation of true scholarship and intellectual achievement.

In a letter declining the honor, Miss Rubnow said she was opposed to the bestowal of formal honors on the basis of high grades. "The distinction," she added, "is often conferred upon the unworthy as well as the worthy. A large part of the worthy who do not happen to excel in grades are excluded."

Lindbergh in New York

New York, May 3.—(AP)—Colonel Charles A. Lindbergh, was here today presumably intent upon his lessons in navigation.

Accompanied by Lieut. Commander P. V. H. Weems, U. S. N., who has been assigned to teach him, the flying Colonel landed at Curtiss field yesterday after a flight from Washington in his new Ryan monoplane.

Attempts to Set New Record For Sustained Flight

Chickasha, Okla., May 3.—(AP)—Joe Hart, local aviator took off alone in his monoplane "Chickasha," here this morning in an effort to set a new world's record for sustained flight.

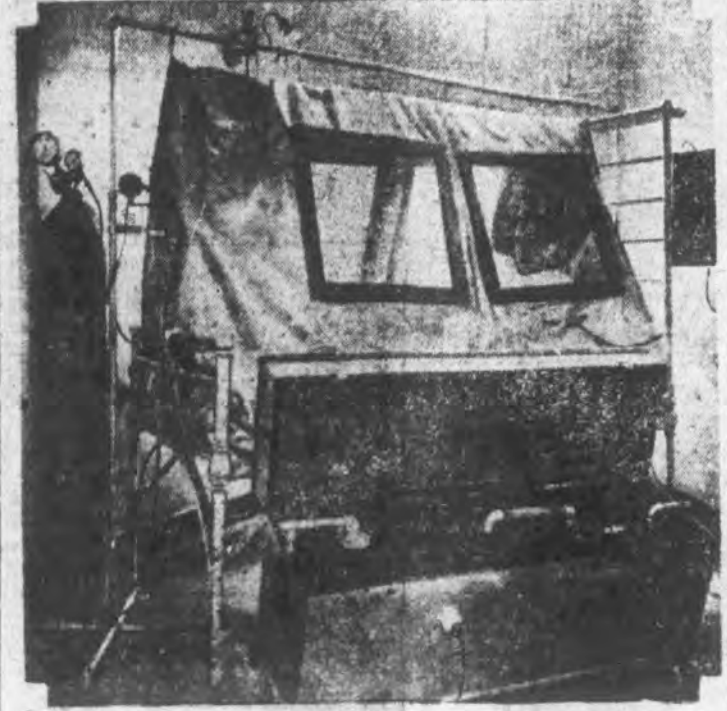

Despite a cross wind he managed a neat take off before the heavily loaded plane had traversed a mile of the runway.

His official starting time was announced as 5:42:45.

Hart headed south and passed over Duncan, Okla., 50 miles south of here, at 6:14 a. m. He plans to make Fort Worth, Texas, the southern terminus of his shuttle course.

Hart, former army aviator, has had his ship in readiness for some time, but was delayed by adverse weather, or mechanical troubles. On his latest attempt, he was forced to return to the field when he accidentally dumped his gasoline a short time after the take-off.

DESPERATE EFFORTS OF NO AVAIL

This is an oxygen chamber such as was used in an unavailing fight to save the life of Floyd Bennett. The pneumonia which he contracted while flying to aid his marooned fellow aviators was too far advanced for any known means of science to be of any use.

Wake Forest Man Heads State Medical Society

Pinehurst, May 3.—(AP)—With the election of Dr. Thurmond D. Kitchin, of Wake Forest, as president and addresses by Governor McLean and leaders of the medical profession in the state the North Carolina Medical Society closed its diamond jubilee convention here last night.

Dr. Kitchin, dean of the medical school of Wake Forest College, succeeded Dr. John T. Purpus, of High Point. He defeated Dr. J. G. Murphy of Wilmington, in a contest confined to the nominating committee.

The closing sessions were featured by a rapid succession of developments identified with medical activity in the state. Dr. Charles O. Laughlinhouse, state health officer, announced that the 1927 death rate in North Carolina had dropped to its lowest point on record, with the birth rate maintaining the state's position near the national peak in that respect.

The death rate, Dr. Laughlinhouse told the convention was 7 per cent lower than in 1926, with the birth rate attaining a percentage of 28.4. Births more than doubled those of 1926.

While a decrease in communicable diseases was reported, Dr. Laughlinhouse expressed alarm at the rise of hydrophobia as a new menace. His plea for drastic measures to curb the increase in such cases brought a pledge from the society to push an organized fight before the next legislature for a measure requiring the muzzling of dogs.

Governor McLean, in a message to a joint session of the health board and the medical society, praised the work of the profession and expressed confidence that the legislature would render necessary financial assistance for the war on tuberculosis and other problems brought before the convention.

Declares Leprosy Brought Over By African Slaves

Washington, May 3.—(AP)—The prevalence in this country of a long list of dreaded diseases, from leprosy and hookworm to dysentery and malaria, is attributed to the early importation of negro slaves from Africa, by Rear Admiral E. R. Stut, surgeon general of the navy.

Speaking before the American society of tropical medicine, meeting here in connection with the congress of American physicians and surgeons, Admiral Stut said there could be no question about the occasional introduction of African trypanosomiasis (sleeping sickness) with the slaves, and there can be no doubt that hookworm diseases came in with them.

Quoting European authorities, he traced both of these infections to Central Africa.

As for leprosy, he said that "most of the writers refer to its presence among slaves." He added, however that it was also imported into California by Chinese, and into the Great Lakes by settlers from Norway and Sweden.

FIRE DESTROYS BARN AT STATE SANATORIUM

Sanatorium, May 3.—(AP)—Fire of undetermined origin destroyed the dairy barn at the state sanatorium at 5 o'clock this morning. The roof was falling in when the flames were discovered. Loss of the barn feed thirteen cows and calves, is estimated at \$50,000 covered by insurance. The bottling plant was not damaged temporary shelter will be thrown up over old stanchion and patient at the institution will not suffer for lack of milk, it was stated by authorities.

African Prince Jailed.

Durham, May 3.—(AP)—Prince John Hossanna, of the Congo section of Africa, as he describes himself, is a prisoner in the city jail awaiting trial on a charge of false pretense. Police, who docketed the case against the 61-year old negro under the name of John M. Bend, charge he sold a Durham negro one gallon of "cure-all" for \$35.

MRS. BLOUNT IS FATALLY HURT IN AUTO WRECK

Bethel Woman Died This Morning of Injuries Sustained Last Night.

Mrs. M. O. Blount, 67, wife of one of Pitt county's foremost citizens and business men, died in a Rocky Mount hospital early this morning of injuries received in an automobile wreck on the Greenville-Bethel highway last night.

Mrs. W. P. Johnson, companion and nurse, with whom Mrs. Blount was riding, and Clifton Pitt, colored chauffeur, were injured. Mrs. Johnson had several fractured ribs and possible internal injuries. Pitt is in a Tarboro hospital suffering from undetermined injuries.

The accident occurred when a car driven by Lawrence Willoughby struck the Blount car. The nerve said to have been under the influence of whiskey and is being held in the Pitt county jail in this city pending investigation.

The Blount car was enroute to Greenville for Mr. Blount, who had spent the afternoon here on business. Mrs. Blount's injuries are said to have consisted of a fractured skull.

Funeral services will be conducted from the Methodist church tomorrow afternoon at three o'clock by Rev. W. T. Phillips, pastor of the church. Interment will follow in the Bethel cemetery.

Mrs. Blount was a native of this county and before her marriage was Miss Florence Virginia Nelson. She was a member of the Bethel Methodist church.

Surviving are husband, a daughter, Mrs. Joe Harper, of Wilmington, Del.; three sons, Senator M. V. Blount, and J. H. Blount, prominent Greenville professional and business men; P. L. Blount, of Bethel, and one sister, Mrs. Anna McWhorter.

BILLY SUNDAY TO PREACH TO JUNIOR ORDER

Five Thousand Members of Organization Expected Here Sunday Afternoon.

Rev. W. A. Billy Sunday will deliver a special sermon to members of Junior Order United American Mechanics at the tabernacle Sunday afternoon at two o'clock, according to definite announcement made today. The subject will deal with "Bootleggers, Corkscrews and Crooks Shall Not Pass."

It was stated today that from three to five thousand members of the Junior Order from many sections of the state are expected to be present. Proceeding the service at the tabernacle members of the order will meet at the courthouse and parade to the tabernacle. They will be in full regalia.

Mr. Sunday in the course of his sermon last night, said he knew of no organization doing more in behalf of Americanism than the Junior Order. He said they were wielding a great influence against evils of the present day, and would place the bible on the desk of every school teacher of the nation.

Invitations have been extended to all lodges of the state by a local committee and it was stated this morning that over a thousand acceptance had already been received. It is expected to be one of the largest gatherings of a fraternal order ever before assembled here and preparations are already under way to care for the crowd.

Want To Meet Lindbergh

New York, May 3.—(AP)—An ambition of Mrs. James Fitzmaurice and Mrs. Herman Koel while in this country is to meet Col. Charles A. Lindbergh.

The flying Colonel is now in this city but whether any arrangements would be made to have him meet the wives of the pilots of the trans-Atlantic monoplane Bremen could not be learned.

Another hope of the two women is that they may be permitted to wander about by themselves through the shops and the avenues and to see the bright lights of Broadway.

APPROVE PLAN FOR FIFTEEN CRUISERS

Washington, May 3.—(AP)—Approval was given today by the senate naval committee to the house building program of fifteen light cruisers and an additional airplane carrier.

No Definite Word Received Today of Missing Consul

Disappearance of Greenville Man in Shanghai, China Still a Mystery.

Shanghai, May 3.—(AP)—Edwin S. Cunningham, American consul general, said today that he did not believe that Walter B. Wilson, Jr., of Greenville, N. C., missing vice consul, had committed suicide but thought instead that Wilson was wandering about the countryside, his mind a blank.

Mr. Cunningham said Wilson had been in bad health and was recently known to be worrying about trivial personal matters.

The consul general received one of the five letters which Wilson wrote at the Golf Club in Chinese territory before he disappeared on Tuesday. This letter, he said, indicated depression and a wandering mind.

The consulate broadcast pictures of the missing man.

COURT DENIES ANY INCREASE IN CAR FARES

New York's 5-cent Fares Must Stand Despite Political Pressure Today.

New York, May 3.—(AP)—The principal of the 5-cent fare, maintained since the start of rapid transit in New York City, and long a political issue, today stood firm by federal court decision.

The five-cent fare is a provision of the contract under which there is private operation of city-owned subways. Efforts of companies since the war to gain an increased fare because of higher prices of labor and materials hitherto have failed.

Proponents of the increased fare have contended that New York is the only large city in which a five-cent fare is charged, other cities having granted increases.

The decision granting the Interborough Rapid Transit Company permission to raise the fare on its subway and elevated lines to 7 cents also touched off the 1928 municipal campaign.

Mayor James J. Walker, who previously had said he would not be a candidate for re-election, announced his candidacy on a 5-cent fare platform.

"Even a nickel is far too much to pay upon the almost seatless subway," the Mayor said.

Former Mayor John P. Hylan, who in the eight years he occupied office was a strong defender of the five cent fare, issued a statement charging Mayor Walker and Tammany Hall with "betraying the people."

In some circles this was taken as an indication that Mr. Hylan, who is a Democrat, might again seek the mayoralty.

Robbers Make Diamond Haul At Kansas City

Kansas City, May 3.—(AP)—Six men held up the Helberg diamond shop two blocks from Police headquarters here today and escaped with jewels valued at \$17,900, after disarming a policeman and eluding two automobile loads of officers.

The staff of clerks was forced to lie on the floor while three of the robbers looted the showcases of 280 diamond rings.

An alarm was turned in by an employe on the second floor and Homer Lucas, motorcycle patrolman, responded, arriving while the robbery was in progress. He was disarmed by the robbers stationed outside and forced to stand aside, hands in the air, while the trio inside the store came out and got into a motor car.

Two car loads of patrolmen arrived in time to see the bandit car speed away. It easily outdistanced the police cars and later was found abandoned under the Twelfth street viaduct leading to Kansas City, Mo.

TWO SERIOUSLY HURT WHEN PLANE CRASHES

Chicago, May 3.—(AP)—A man and a woman who went for a pleasure ride in a new airplane piloted by an unlicensed pilot were fighting for their lives in a hospital today. The plane dropped 600 feet late yesterday into a tree near the Des-Plaines river.

The seriously injured were Miss Dore Montgomery, 24, and Eugene Apfelbaum, 24, the plane was piloted by Dr. Milton H. Weir, who was slightly hurt.

SUNDAY PUTS OVER ANOTHER GOOD SERMON

Smallest Crowd of Campaign Heard Evangelist at Tabernacle Last Night.

"You haven't enough money in your bank vaults to hire me to stay in Greenville, if I were not interested in the salvation of human souls," Billy Sunday told a congregation of slightly over two thousand people at the tabernacle last night.

"I had an offer of \$100,000 to deliver a series of lectures for a chautauque before coming here, but declined because I thought Greenville needed me. The devil doesn't care about your soul. He will cheat you, give you a chance to make money, give you a chance to win fame. He doesn't care for your soul."

"Oh, I tell you, Christians care. Do you think I would stand here and work like I do if I did not care if I did not believe the community needed me?"

The sermon was delivered before the smallest crowd of the campaign which opened here the first of last week, but the fact detracted little from the interest evidenced. The choir was short a majority of its members, but those present sang joyously, gladly, seemingly to gain greater enthusiasm with each song.

Rev. W. S. Harden, pastor of the Presbyterian church, called attention to contributions to meet campaign expenses. He urged greater liberality, and declared the expenses should be provided for before the meeting proceeds much farther. He designated Friday night as "Sollar night" and urged everybody to contribute at least one dollar to the campaign.

Mr. Sunday will preach in Rocky Mount next Sunday morning, returning to Greenville in time for the afternoon services when he is scheduled to address a gathering of men on the subject of "Bookleggers, Corkscrews and Crooks." Saturday night he will speak on the subject, "Nuts for Sufferers in Crack." Mrs. Sunday will speak to women Sunday afternoon.

The Eureka College quartet, of Ayden, rendered a selection during the song service at the beginning of the services.

Mr. Sunday told his congregation last night that he was a sick man. But despite the fact, he lost none of his power of presentation of his sermon. Equally as forceful as any other spiritual of the series, he drove home spiritual truths with surprising vigor and his earnestness was not lost upon those who have been following the campaign with more than passing interest.

There were a number of professions of faith last night, many coming forward to pledge themselves to a higher type of service.

"In the 134th Psalm, the faithful verse: 'No man cared for my soul.' 'Life and nature seemed to be made up largely of contrasts—heat and cold, light and darkness, mountains and hills, valleys and plains, rain and drought, famine and plenty, sickness and health, joy and sorrow, trouble, tears, and happiness."

All lives are made up more or less of contrasts, but no life in history, sacred or profane, presents a larger number, in my opinion, than that of David, the author of my psalm and text. I am first introduced to him as a little shepherd boy, and he was herding his father's flocks when Samuel was sent of God to anoint David king of Israel. For Saul had defied God and made a blunder and a failure, and God said:

"I have got a shepherd boy out here that is going to wear the crown instead of you."

"And the next vision I catch of David is that he has become king. He has thrown the shepherd crook on the ground, put the crown on his head and he is sitting yonder on the throne of Israel; and God kept him to keep the flag flying when the clouds were lowering and threatening the Jewish nation."

"And then David was a poet of no mean ability, and when I read the seventy-two Psalms of which he was the author, I made up my mind that here is a man who passed through all the varied experiences to which flesh is heir, and became nearer to God than a man could be, and he played for old King Saul in his melancholy moods and charmed the grouch away from the old king when he was sulky."

"And he was a warrior, too, and the Jews never knew defeat when David led them on the battlefield—never."

"And here he stoops to sin to draw the name of God down. It seems strange to me that anybody could use the words of my text, and know his own soul had rebelled against him and sought his life and end, and he was compelled to flee and King Saul, valiant of David's name."

(Continued on Page Four.)

GREENVILLE HITS CELLAR IN KINSTON

Greenville and Kinston vied for the cellar in the first clash of the season between the two clubs at Kinston yesterday afternoon. Greenville finally taking the count by the score of 6 to 2.

Greenville scored one in the first when Benedict got to third on a bad throw and scored on Daniels' two-bagger. In the sixth, singles by Daniels and Laine, and a double by Nettles, resulted in the next tally.

Kinston scored one in the first when Shipp received a free pass to first and then scored on an error. In the second Dayton hit for the straight. Alford singled, was sacrificed and scored on a Texas leaguer. Newberry got on through an error and both scored when Shipp doubled. He later scored on Bennett's single.

The box score follows:

Greenville	Ab. R. H. O. A. E.
Culloty, ss	4 0 0 2 0 1
Benedick 1b	4 1 1 14 1 0
Daniels lf	4 1 2 4 0 0
Laine 3b	4 0 1 0 3 0
Williams 2b	4 0 0 2 3 0
Nettles rf	4 0 1 2 0 0
Lloyd cf	4 0 1 1 0 0
Abbott c	3 0 1 1 0 0
Pittman p	1 0 1 0 2 2

HIGHLANDERS HOLD TO TOP

Allen of Fayetteville hit a home run in the eighth inning yesterday with the bases loaded and the Highlanders continued their triumphant march through the Eastern Carolina loop, defeating Rocky Mount by a score of 9 to 2. Kelly, Ford and McKay took turns in the box trying to stop the hitting of Fayetteville but without much success.

Wilmington and Goldsboro battled fiercely through 12 innings. Goldsboro finally getting the decision by a score of 6 to 5. The work of Parker, Goldsboro pitcher, was outstanding. In addition to pitching a good game, he is credited with a home run, a single and six assists to show that he was in the ball game. Daugherty, recently acquired from the Charlotte Hornets made his debut at short for Goldsboro and played a good game. He got three hits out of five attempts.

The celebrities carried on between themselves when Kinston defeated Greenville by a score of 6 to 2. The game was slow and listless, the single feature being the home run by "Pop" Dayton, veteran catcher for Kinston in the second inning.

FIGHTS LAST NIGHT

Cincinnati—Res Holloway, Indianapolis, outpointed Mike Lucas Cleveland (6). Danville, Ill.—Kid Yokum, university of Illinois, outpointed Hehsie Wilson, Gary, Ind. (8). Meadesville, Pa.—Larry Bringnolia, Erie, Pa., knocked out Toughy Mayne, Columbia, Ohio (3). San Francisco—Johnny Preston, Honolulu, knocked out Billy Hoon, Chicago, (2).

VOLLEY BALL TOURNAMENT OPENS AT CHATTANOOGA

Chattanooga, Tenn., May 3—(AP)—Sixteen teams representative of all sections of the country, met here today in the first round of the annual national volley ball tournament.

The Hyde Park Y. M. C. A. team of Chicago, defending champions, will compete against teams drawn from Philadelphia, Grand Rapids, Brooklyn, Pebo, Colo., Kanapolis, N. C., and other cities. They will continue through Saturday.

SPORTS SLANTS

By ALAN J. GOULD

New York, May 3—(AP)—No early season college regatta in many a moon has attracted such widespread interest as the triangular contest this Saturday on the Schuylkill river among the variety crews of Yale, Columbia and Pennsylvania.

It is not only first racing test of the spring for these three boatloads but in one and the same regatta, systems of the ne western big three systems of the new eastern big three will be subjected to test.

These three guiding minds are "Young Dick" Glendennon, who turned out the intercollegiate championship eight last year at Columbia; Ed Leader, whose Eli varsities have lost only two races in the last five years, and Rusty Callow, at the Pennsylvania helm for the first time after five years of brilliant success with Washington's oarsmen. It will be the famous Glendennon stroke against a brace of varieties that have a Washington background, for both leader and Callow comes from the same school of rowing in the far west.

Yale has won this three cornered regatta, now involving the possession of the Blackwell challenge cup five successive years but it will be an upset if they beat Columbia this week. Penn is the rank outsider.

PATRIOTS GET SEVEN HOMERS

(By The Associated Press) Seven home runs, six of them by Greensboro players featured the defeat by the Patriots of the Salisbury club yesterday 15 to 11. It was a free hitting contest with circuit clouts being credited to Jones, Cox and Brandon while Brummitt Walters got two each. This was the first defeat of the season for the Colonials.

A battle of southpaws was waged between Martin for High Point and Lanning for Durham, the Pointers finally nosing out the bulls by a score of 2 to 1. The game was a well played exhibition with each club getting five hits and each making two errors. Martin had the better of the pitching argument, being credited with 10 strikeouts for the afternoon.

Winston-Salem went into a tie with Greensboro for second place by defeating Raleigh Capitals 7 to 3. The Twins bunched their hits in two innings off Newsome and made these count for runs.

Today finds High Point at Durham; Raleigh at Winston-Salem; Salisbury at Greensboro.

COLLET TO PLAY OPENING WITH TITLEHOLDER

London, May 3—(AP)—Glenna Collett, former American woman's golf champion, arrived in England to learn with surprise that she had been drawn for her opening match in the British championship against the defending titleholder, Mlle. Thion de la Chaume, the tourney starts May 14 at Hunstanton.

"I had hoped to meet other players first and play against Mlle. Thion later," said Miss Collett. The American conquered her French rival when they met in the finals of the French women's tournament three years ago.

SALLY HOME TEAMS WIN

Atlanta, Ga., May 3—(AP)—The South Atlantic Association apparently has little conception of the etiquette which requires teams to be considerate of visitors.

Home outfits came through with victories in all of yesterday's frays Columbia and Greenville pulling an Alphonse-Gaston act in their 12 inning contest.

After the score had been tied on two or three occasions, the Comers finally won out 8 to 7. Columbia started out with four runs in the first and added two more in the fourth and fifth, only to be tied by the Spinners in the sixth.

Runs were swapped in the seventh and eighth and the Comers managed to push across their winning run in the 12th. Smith Columbia outfielder, secured four hits in as many times at bat for the second consecutive day.

Heinie Groth's Charlotte Hornets staged an eighth inning rally to score five runs and win from Asheville 8 to 6. Lennox of Charlotte, and Keys of Asheville, each hit home runs.

Knoxville won out over Augusta 4 to 1, making their seven hits all at opportune times.

Rice hit a homer for the Smokies. Six Macon errors aided Spartanburgh in its 9 to 3 victory over the Peaches. Scrapy Moore, Spartanburgh outfielder, and Bader, Peach shortstop, each came through with three hits in five trips to the plate.

GIANTS AND YANKS HOLD TOP PLACES

(By The Associated Press)

The shift of the scenes for the first inter-sectional series of 1928 in the major leagues find John Joseph McGraw and Miller J. Huggins occupying the position to which they have accustomed—the top berths in the standing of the clubs. McGraw, it is true has had to vacate his home many times in the last few years but he believes he can defend his present lease against immediate attempts to oust him.

Larry Benton set the Robins down without a struggle through the first seven rounds, and the home run blows of Freddy Lindstorm and Art John loomed large as the Robins began to make trouble in the eighth. Jumbo Jim Elliott had been tough, but not tough enough. He gave way to a pinch batsman in the tumultuous Brooklyn 8th, and Old Bill Doak pitched the Giants half without further damage, although the Polo Ground did add a purely decorative single to their two homers.

Joe Dawson, the Louisville recruit cornered most of the glory as the Pirates nosed out the Cubs 9 to 8 in the tenth inning at the expense of Artie Neif.

Cincinnati made it two straight over the Cards yesterday while the Phillies got even with the Braves for certain past misdeeds. The Phils finally won one, 9 to 3.

The Yankees were pounded, 9 to 5, in the American league but then they were about due. New York's winning streak of seven and a Washington losing surge of eight disappeared at one and the same time.

The Cleveland Indians failed to profit by the Yankee shortcomings, as the "fifty fifty" Browns took their turn at winning. Owen Carroll turned in a fine game against the White Sox. The Tigers won easily by 7 to 1.

Cornelius McIllicuddy watched the Boston torrents wash another game from any immediate grasp.

MRS. MARTIN UNDERGOES TONSIL OPERATION

Friends of Mrs. R. E. Martin will be glad to learn that she is doing nicely following a tonsil operation this morning in Pitt Community hospital.

A Letter From Miss Proctor.

Claude Tunstall, Greenville, N. C.
Have had the misfortune in past year to break both right and left arms. My policy in both cases was quite a help in paying extra expense. Wish to thank you for promptness and feel that every business or professional woman should have one.

Yours truly,
MISS ELLEN PROCTOR.

WHY SPEND YOUR MONEY?

Why spend your money for an inferior Permanent Wave? Why trust the beauty of your hair to inexperienced operators? Why waste your time and experiment with various methods that, for the most part, are untried and unknown?

Women of Greenville know that our methods of Permanent Waving have been tried and tested—that our operators have had years of experience and training—that every Permanent Wave we give has that lasting softness and beauty—that our waves are a perfect permanent natural!

Need we say more? And the price?—Nestle Circuline and Eugene PERFECT PERMANENT MARCEL WAVES

—\$19.00—during our Spring Special.

THE VANITIE BOXE—Telephone 31 and forget your Hair Problems.

Wright Talks To Students

President Robert H. Wright of East Carolina Teachers College addressed the student body on the changing social orders of the world at the present time. He said in part:

"Not many years ago we were pretty nearly crystallized in our social order. The Civil War came and tore that all to pieces so far as the South was concerned, and a lot of people were never able to make their adjustment. We know today that it was a good thing. The great conflict did not free the negroes; it freed the white people. It set the negroes free, to be sure, but it gave the white people their freedom.

Then we were beginning to crystallize again the world over. Certain social customs and social standards were becoming fixed, and then came the World War completely abolishing the religion of some nations. When you take into consideration the changes that have taken place in Turkey and the things that are taking place today in China and in all that part of the world, you can see that this great world conflict has completely destroyed the social order of the world as it was, and we are again making our adjustments.

"We are in the midst of one of the greatest revolutions the world has ever known, a complete tearing down in some places of those things that are near and dear to some people. When the Turkish women bob their hair and wear short dresses some of the old Turks, think the world is going to the devil. The whole world is making readjustments. We have had less of it in the United States probably than in any other part of the world, and yet our country is not the same that it was twenty years ago.

"It is a lesson of adjustment that I get from the Scripture which I read in your hearing this morning. Jesus was sowing the seed of life, and it has made the world over and it is continuing to make the world over and will continue until the essence of his teaching becomes universal. When you see the truth and accept God's truth in whatever form it comes to you, it liberates you and gives you freedom. When you find that it is more blessed to give than to receive, realizing that giving is growing, then you will begin to grasp what Jesus was teaching. We might enumerate any number of things that he talked about that the Jews could not grasp. He made a new world and a much better world. It behooves us to seek for the truth and when we find it to apply it in our lives and use it on the lives of those with whom we associate and help bring the world a little closer to the place Jehovah wants it to be. It is a great thing to live today and to be able to work at a time like this."

A Letter From Mrs. Mallison.

Claude Tunstall, Agent, Greenville, N. C.
Have received check from the Provident to cover recent disability. This is second claim, and wish to say I was pleased with both payments.

Yours truly,
MRS. M. MALLISON.

A Shame On Greenville.

The evangelistic meeting in this town has been in progress most two weeks. The way they have to beg for money. Make their knees tremble and squeak.

The money is to go for expenses. Billy's not after it for self. He only wants the debt out of the way.

So don't be as hard as Delf.

You are getting more than you expected.

So don't be a tight-wad more. Just run your hand down in your pockets.

If you don't "Billy" surely will get sore.

It's a shame on Greenville, yes I say. From the standpoint of our good name.

They plead and beg every day of the week.

And every night the same.

Let's open up every sinner and saint.

And liquidate this debt.

So this continual beg will cease.

And the effect of the Truth we'll get.

So now we are depending on you.

On Friday to bring a dollar.

If you haven't one, why work it out.

And don't begin to hallow.

God has abundantly blessed these folk.

All over this beautiful land.

So let's give a whoop and blot out this thing.

And get it off our hands. —P. E. L.

To Whom It May Concern:

You can tell whether a man loves his wife and children by the kind of a scrap he will put up to get them the things they are rightly entitled to—and we are not thinking of toilsome ease or pampered luxury.

They say a man has to tell his wife a lot of lies before he marries her. Otherwise he wouldn't get her. Usually he promises a home.

Is a wife entitled to a home—decent home? You dare not answer that question but one way. She left the comforts of her father's home for you. She left mother and brothers and sisters. In one way or another, most of her girlhood friends have drifted out of her life.

And in return for all this love and faith and sacrifice, most men bring their wives to a rented house and try to call that home. And even that is all very well at the start—if you are working and saving and fighting with all the power that is in you, to ultimately own a home.

What a vast—too vast—horde of men live on another man's land—and till another man's garden—and dwell in another man's house.

What should we think of a man, anyway, who wins a charming girl, steals her youth and beauty and then dies leaving her to become a wretched woman to be cuffed about by nagging landlords?

Give her a home, if you never do anything else.

Let our institution help you with a home loan on fair and convenient terms.

We are always glad to explain our home ownership service.

Market Report Cotton--Stocks--Grain

COTTON MARKET

New York, March 3.—(AP)—The cotton market was less active today with fluctuations rather irregular. Early decline of 23 to 28 points. Favorable weather reports were mostly recovered during the middle of the day, but prices eased again under continued realizing or liquidation, while there may have been some scattered selling for a reaction. The mid-afternoon market was barely steady at net declines of about 18 to 24 points.

Futures closed easy 58 to 56 points. Spot quiet, middling 21.35.

CHICAGO GRAIN

Chicago, May 3.—(AP)—Late reports of further heavy rains today in the west and southwest led to sharp fresh breaks in wheat prices today at the last. Some places in Kansas reported two inches of rain and the downpour still unabated. Under such circumstances indicating substantial relief from drought, wheat rallies based on frost predictions proved to be only transient and the corn market also broke owing to acute weakness of wheat.

Wheat closed heavy, 3 7/8 to 4 5/8 net lower, corn 5 1/4 to 1 1/4c off, oats unchanged to 3/8c higher and provisions unchanged to 3/8c higher and provisions unchanged to 5/8c down.

BALDWIN HOPES FOR BETTER WORLD
London, May 3.—(AP)—But for the hope the bible gives of a better world Premier Baldwin is resigning. Addressing the annual meeting of the British and foreign news society, he said:

JUST RECEIVED CAR FINISHING lime. Baker & Davis' New Hardware, Phone 32. 3-3t

"If I did not feel that our work and the work of all others who hold the same faith and ideals, whether in politics or civic work, was done in the faith and hope that some day—maybe a million years hence—the Kingdom of God would spread over the world, then I should have no hope. I could do no work and I would give over my office to anyone who would take it."

WE HAVE JUST RECEIVED an assortment of parchment pleated shades for both bridge and floor lamps. Prices less than what you can make them. Home Furniture Co., phone 79. 3-tf

Two Definite Reasons Why CALCIUM NITRATE

(Nitrate of Lime) 15% Nitrogen 18.2% Ammonia 25% Lime (56% limestone equivalent)

is a better top-dresser!

- [1] A combination of nitrate with lime, it reduces soil acidity, making the land loose and friable. Improves the soil as well as increases the yield.
- [2] Quick-acting under all weather conditions. Dissolves in the soil moisture, and begins feeding the crop soon after applied. Continues to feed the crop all through the growing season.

CALCIUM NITRATE is made by the world's largest nitrogen producers! For sale by dealers everywhere.

SAYS FRENCH NOT TO PAY DEBT TO U.S.

Clemenceau Declares Payment of War Debt Matter of Impossibility.

Paris, May 3.—(AP)—An interview with Georges Clemenceau in the current issue of the weekly periodical *Premier* quotes the former Premier as saying: "We will never pay that debt (to the United States) because it is impossible."

"The Tiger" said he had written a second letter on the debt question which he was ready to send but that friends persuaded him that the time was not propitious and he would wait.

"When I wrote the first letter," he continued, "I feared that it would make friends over there angry, but not at all. They understood and continued their friendship."

"If only the French government were like them. If only it understood that we will never pay that debt because we cannot. But far from it."

"Why, had I been twenty-four hours late with the first letter, Premier Poincare would have signed (the debt agreement) and now what are they trying to do—abolish the Dawes plan. It is idiotic. But what do you expect when the government is filled with men without courage."

FIND ANOTHER FLAW IN FARM ISSUE TODAY

Washington, May 3.—(AP)—First hand information of the successful attack in the house yesterday on the equalization fee of the McNary-Haugen farm relief bill was carried to the White House today when President Coolidge was informed by Representative Fort of New Jersey that even complete elimination of the fee would render the bill only slightly less objectionable than before.

Fort, a Republican member of the house agriculture committee and a strong opponent of the farm bill now before the house, said he told Mr. Coolidge that another objectionable feature of the measure is that section which provides for marketing agreements by which the proposed federal farm board would have power to make contracts for the purchase and sale of foodstuffs.

An effort was made by Fort yesterday to have this provision stricken but his amendment to that effect to alter the substitute farm bill of Representative Aswell, Democrat, Louisiana, who is seeking to have his measure replace the McNary-Haugen bill, failed, 100 to 48.

This provision is regarded by Representative Fort as the fundamentally objectionable feature of the bill inasmuch as he believes this would be the machinery whereby prices would be protected.

Abolition of the equalization fee without the repeal of the section to which he objects, would make the bill even worse, the New Jersey congressman said, because the expense contingent to the execution of the McNary-Haugen principle would have to be directly financed by the federal treasury without any opportunity for at least partial returns from equalization fee collections.

The HUDSON Victoria Creating Sensational Interest

The Hudson Victoria has everywhere met an eager acceptance that stamps it one of the most popular models Hudson ever built. Its low, sweeping lines, lustrous colors and spirited grace in action, pick it out in the big parade with vivid distinction.

The interior finish and arrangement, hundreds of buyers tell us, is the roomiest and most comfortable ever provided in this type of car. The driver's seat and companion front seat are high-backed, form-fitting and deeply upholstered.

The rear seat is ample for two, with exceptionally comfortable riding position and plenty of leg room. Every detail is of silenced construction, extending even to the insulated door construction of exclusive design.

The Victoria is but one of the brilliant new models responsible for the definite leadership in mode which Hudson has set.

In the beautifully designed and luxuriously finished bodies that feature all new Hudson Super-Sixes, the same relation of values obtain as made the Super-Six chassis famous. A single ride will revise your whole knowledge of automobile values.

NEW HUDSON PRICES

118-inch Chassis
Coupe \$1265 (Rumble Seat \$30 extra)
Sedan \$1325 Coach \$1410

127-inch Chassis
Standard Sedan \$1459 Custom Victoria \$1659
Custom Landau Sedan \$1650 Custom 7 Passenger Sedan \$1950

All prices f.o.b. Detroit, plus tax, extra tax. Buyers can pay for cars out of income, at 1% interest available charge for interest, handling and delivery.

Dollar Bills Marked Down From \$2.75 to \$1.50

A New York Store ran an excellent advertisement the other day with the caption: **Very Handsome Dollar Bills Were \$2.75 Each Now Only \$1.50**

and the first paragraph stated that if money were sold in stores no sensible person would buy a dollar bill for \$1.50 simply because the storekeeper had once priced it \$2.75.

This is exactly what we have tried to tell you about our No Sale Policy. We could, of course, mark our merchandise twice as high and later on mark it down to a normal price, but we don't do business that way. That would be selling you a Dollar Bill for \$1.50, wouldn't it?

BIG DIRIGIBLE HEADS TOWARD POLAR REGION

Italia Carries Expedition to Explore Great Wastes of Northland.

to Lenin Land, formerly Nicholas island. The ship carried an Italian flag to be dropped at the pole and wooden cross with a spiked base, which was presented General Nobile by Pope Pius. to me fixed in the ice there.

The ship was almost prevented from starting by a fire which broke out in a furniture factory soon after the Reichswehr troops arrived to pull it from the hangar. The fire department for a time seriously considered calling on them for aid but the fire was brought under control in time to permit the troops to help in the Nobile expedition.

General Nobile's parting words were: "I hope to return by way of Germany with rich scientific results."

The airship continued on her course, flying in a northerly direction. Reports indicated that the prospects were good for the Italia's encountering favorable weather conditions at least until north of

of the Ford Company, reports daily production of new cars now of 3,300 and expects to produce 5,000 cars a day in July. The Fords have unfilled orders for 900,000 cars.

President Sloan's figures show that General Motors produced in April more than 133,000 Chevrolet cars alone, 23,000 more than in April a year ago. The country is prosperous and will need 5,000,000 new cars a year indefinitely.

Schwab Given Gold Medal

London, May 3.—(AP)—The Bessemer gold medal of the British Iron and Steel Institute was presented to Charles M. Schwab, chairman of the Bethlehem Steel Corporation this morning.

"We of the steel business in America appreciate this association with you," Mr. Schwab said in addressing the institute. "We like to feel that we are working alongside the steel industry of Great Britain, not merely in the making of steel but in promoting the progress and happiness of humanity. Through our endeavours in this industry we are better able to understand the difficulties which each of us has to surmount and the purposes which each of us has in view. It cannot but be, therefore, that through our knowledge and understanding of each other, through our appreciation of one another's efforts in our own particular field, we are brought into a closer understanding, and through that a further bond of understanding is developed among the English speaking people."

"We would like to see this understanding increase and broaden."

SUPREME COURT PASSES ON TURLINGTON ACT

Raleigh, May 3.—(AP)—The state Supreme Court, in its latest batch of opinions, held that the section of the Turlington act making it incumbent upon a possessor of liquor in his own home to prove such pos-

session is for use of himself and his bona fide guests.

Associate Justice Brodgen dissented in the opinion, the case up being that of Raymond Dowell, Forsyth county, sentenced to serve 90 days for possession of liquor. The ques-

tion before the higher court was the construction of section 10 of the state Turlington act, conforming to the national Volstead act, which makes exception to the crime of possession of liquor by making lawful the possession in one's own home.

Your car washed and greased. Call phone 107. Blue Bird Filling Station.

Automobiles lead in Detroit. The bootleg business is Detroit's second industry, with \$215,000,000 a year. Government used to take a few hundred millions yearly from beer and whiskey properly made. Now bootleggers take thousands of millions a year for poisonous whiskey and use the proceeds to finance our crime wave. Not much of an improvement.

This side of the Mexican border, between San Diego and Tia Juana, a steel lock-up is used for sobering up purposes. Men violently drunk, coming north across the border, are put in the steel lock-up until sober.

Authorities don't like to lock drunken women with the drunken men and request construction of a "stockade ten feet high at the international border in which women returning from Tia Juana can be put until they cool off."

Why not fingerprint and photograph ladies and gentlemen returning drunk from their little trips and deprive them of passports for a while?
