

BILLY SUNDAY PREACHED TO THREE BIG CONGREGATIONS IN THIS CITY YESTERDAY

Campaign Be Brought To Close With Four Services Next Sunday.

Billy Sunday began the last week of his campaign with three services in this city yesterday. The great warehouse-tabernacle was comfortably filled at each service, and numbers passed down the trail to reconsecrate themselves to the great cause represented by the evangelist.

Mr. Sunday stated that the series of services would be brought to a conclusion next Sunday night. He will preach to the general public at 10:30 to men only at 1:00, to the general public at 3:00 and at the usual evening services at 7:30 o'clock. These will be the crowning services of the campaign and thousands of people from all sections of the country are expected to be in attendance.

In the neighborhood of twelve or fifteen thousand people heard the evangelist in three sermons yesterday. All churches of the city adorned usual morning services and united in one great service at the tabernacle. Yesterday afternoon Mr. Sunday preached to another gathering composed exclusively of men, last night to a general congregation composed of people from many parts of Eastern Carolina.

Speaking on the subject, "After Death the Judgment," Mr. Sunday declared "there will be a judgment after death where no statute of limitations will stand in court, where there can be no change of venue and no appeal. There will be no separation there into classes as we know them. No Republicans and Democrats; no union and no college graduates and nuts, no rich and poor, none who ride in Cadillacs and Fords or Chevrolts.

"None, None, I tell you. They will all be without distinction there and there will be just two distinctions. Oh, we will need an advocate there and there will be only one. If you haven't acknowledged him here, he can't help you there. This advocate is Christ. He will plead His martyrdom for us; He will point to the wounds in His hands and feet, in His side. He will point to the lacerations caused by the crown of thorns. Those will be our salvation."

Yesterday morning the evangelist declared that religion was at low ebb in this country, although God is nearer the world today than ever before. He declared the church has its faults but that it is the greatest institution the world has ever known. The cure for present day ills he said lies in acceptance of the teaching of the Christ.

Rev. R. J. Bamber, pastor of Eighth Street Church of Christ, opened the campaign to raise funds for the offering to be presented Mr. Sunday. He told of the sums given by other cities, of the great gifts the evangelist had made to charitable institutions and declared Greenville should give just as liberally as any other section of the country.

The same announcement was made in the afternoon by N. O. Warren, who has been appointed chairman of the "special offering" committee. Mr. Warren enumerated some of the benefits which the section has derived from the campaign, and urged his hearers to give as freely as possible.

A delegation representing the Billy Sunday Club of Winston-Salem attended morning and afternoon services. The president gave a vivid description of the club's activities during the preliminary afternoon service, and said they had been instrumental in the saving of thousands of souls since organization several years ago. He said Winston-Salem was much better place to live since Billy Sunday preached there. He lauded the evangelist to the skies declaring him to be the greatest preacher of the age.

He said Winston-Salem paid \$137,000.00 to the federal government in taxes, and that they felt like they owed Billy Sunday a similar amount for the benefit which the community derived from his stay there.

ABANDON PLAN TO FLY PLANE FROM ISLAND

Bremen Badly Damaged in Attempted Take-off Yesterday; To Be Shipped Back.

Pictou, N. S., May 21.—(AP)—With the Bremen so gravely damaged in an attempted take-off as to preclude all hope of completing her flight to New York, the two army amphibians which had hoped to escort the trans-Atlantic plane on the last leg of her famous flight, started back to the United States today.

The planes took off at 10 a. m. eastern daylight time, without announcing where they would make their first stop.

Pictou, N. S., May 21.—(AP)—Hope of taking the German trans-Atlantic plane Bremen to New York under its own power was abandoned today. The plane was badly damaged in an attempt to take-off from the Labrador main-land near Pictou.

Fred Melchior, Junkers pilot who was to have flown the Bremen on the last leg of the trip to its original destination, sent word that the flight had been abandoned and the Bremen would have to be shipped out by steamer.

Melchior's message was addressed to Major-General James E. Fechet, chief of the United States army air forces, in charge of the two army amphibians which brought Melchior from the United States, dropped him by parachute near the Bremen, and were to accompany him to New York.

The Junkers pilot asked General Fechet to return with the army planes and take him off, but Fechet said that floating ice made a landing in the water too dangerous and no suitable landing surface was available on land. He planned to start today for Washington, with stops at Boston and New York.

The accident brought to a close efforts to bring out the Bremen which have been under way almost constantly since Baron von Huenefeld, Capt. Koehl and Major Fitzmaurice landed on Greenly island April 13, after making the first successful flight westward over the North Atlantic.

New York, May 21.—(AP)—A telegram from Fred Melchior, who yesterday attempted to fly the Bremen from the Newfoundland mainland to New York, that the plane was "40 per cent. demolished" in the attempted take-off, today speeded the labors of Junkers mechanics assembling a sister-ship of the trans-Atlantic plane at Curtiss field.

The telegram, addressed to Otto Scherer and Erhardt Junkers, American representatives of the Junkers Corporation of Germany, gave no additional information beyond saying that Melchior was not injured and that the Bremen should be taken out by steamer.

It is expected that the sister-ship, a model 33 plane received last week from Germany, will be equipped and ready for the use of the Bremen's crew when its members arrive tomorrow from their air tour of some of the chief cities of the country. They were in Albany, N. Y., today.

Both Scherer and Junkers said there was no likelihood that the new plane would be used for a return trans-Atlantic flight, a project which the fliers were reported to have considered if the Bremen had been brought out.

Three Sisters Burned to Death In Mississippi

New Albany, Miss., May 21.—(AP)—Three daughters of S. F. Owen, former State Senator, were burned to death when the Owen residence was destroyed by fire early today. Mr. and Mrs. Owen escaped.

The victims were Dorothy, 18; Elizabeth, 16; and Helen, 8. Mr. and Mrs. Owen barely had time to leave the building before the roof crashed in.

ELEVEN DIE FROM POISON GAS FUMES

City of Hamburg Germany Threatened By Wartime Gas Escaping from Factory.

Hamburg, Germany, May 21.—(AP)—Faced with all the grim reality of chemical warfare the city of Hamburg today was fighting a deluge of phosgene gas—a wartime poison gas—which began escaping from a chemical factory in the Free Harbor district last night, overcoming a large number of persons.

By noon today eleven persons, most of them firemen and policemen, were dead and other victims were in hospitals under treatment.

The entire city was menaced but it was hoped that rain which had set in, would absorb the gas fumes. A needed number of gas masks for the use of time actively fighting the menace which reached Hamburg from Berlin after an emergency call had been sent for them.

A northwest wind also was carrying the fumes from the city in the direction of the nearby town of Wilhelmshaven.

The gas escaped from a tank in the chemical factory of Dr. Hugo Stolzenburg. Phosgenes no longer manufactured there but quantities of it were stated to have been accumulated and stored for exportation to the United States.

The first effects of the gas were felt near the harbor, driving residents in panic. Troops were called out and guided men, women and children to other sections of the city and the streets in the menaced district were closed. The emigration sheds of the Hamburg-American line were pressed into service to shelter the homeless while the police requisitioned all available milk as a gas antidote.

So serious was the menace that all the ambulances and fire brigades in Hamburg were mobilized for service. The fire brigades donned masks and fought off the fumes with ammonia.

DURHAM MAN RETURNED TO TRIAL TODAY

W. H. Lawrence Wheeled into Court-Room at Pittsboro, Weak but Determined.

Pittsboro, May 21.—(AP)—Attended by a physician and a nurse, W. Herbert Lawrence, Durham contractor, was wheeled into the Durham county courthouse, today for the resumption of his trial on the charge of murdering Mrs. Annie Terry, which was interrupted Saturday when he slashed his throat and wrist in his cell.

"I am not going to vote for this 'governor of New York,'" he said, "but I am going to uphold our constitution."

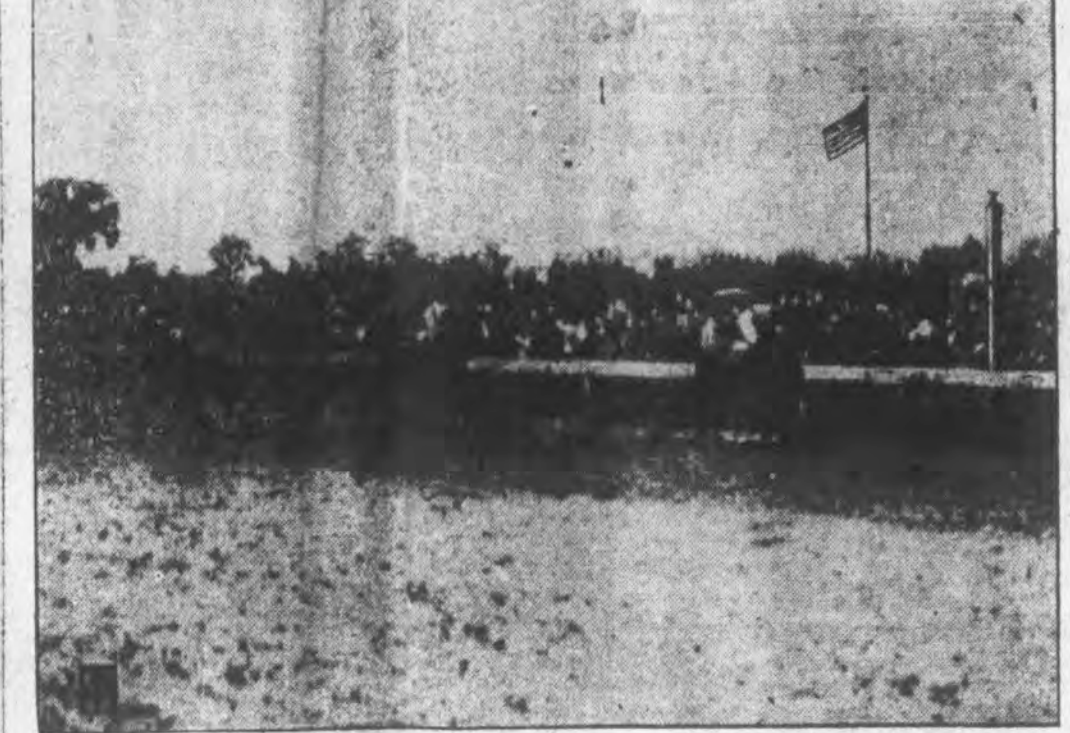

Dr. Barton's statement declared that: "One man undertook to oppose the report (of his committee) on the ground that it violated the principle of separation of church and state. Undoubtedly, this gentleman acted as a representative of the Tammy Organization, and his action was a pure political trick of the Tammy type."

In reply Mr. Whitaker said: "I regret that Dr. Barton impugns my motives in addressing the convention. He had absolutely no foundation for his statement that I acted for the Tammy organization. It is untrue. A great principle is involved and it is certainly unworthy of the high calling of this gentleman to inject into it matter intended to be slanderous."

The convention was concluded last night after inspirational services in memory of five officers who have died within the year and presentation of missionaries.

Outstanding development besides the action involving the coming presidential campaign was abolition of the paid education board of the convention and its replacement by an educational committee composed of unpaid members, one each from the 18 states within the bounds of the convention.

SMITH SCORED BY BAPTISTS

Closing Session Southern Convention Featured by Denouncement of Tammany

Chattanooga, Tenn., May 21.—(AP)—Ringing in the ears of nearly 5,000 departing delegates to the 73rd Southern Baptist convention today was the charge that "a representative of Tammany" tried unsuccessfully to block their denouncement of an unnamed Presidential candidate, and with it was a denial from a Baptist Bible class teacher who had addressed them.

The charge was made just after the convention closed its five day session last night, by Dr. Arthur J. Barton, for 20 years chairman of the convention's social service committee which presented resolutions against wet candidates for President.

The denial came from Sam Whitaker, Chattanooga attorney, and Bible teacher, who had classified as a mistake a resolution pledging the voting constituency of the \$3,700,000 Baptists in the south, to break party lines rather than see "any such man" as "one (unnamed) candidate and friend of the liquor interests" become President. "The governor of New York" was referred to from the convention floor Saturday, as the candidate in question, but the resolution adopted almost unanimously, mentioned no names.

In his address Mr. Whitaker had declared that the resolution "violated the principle of separation of church and state and injected the southern Baptists into politics."

"I am not going to vote for this 'governor of New York,'" he said, "but I am going to uphold our constitution."

This constituted one item of a series in a step toward financial retrenchment taken because of the \$5,500,000 indebtedness of the church. Others included a decision to call for a "Christmas love offering" of \$2,000,000.

America Warns China To Protect Americans From Violence Unruly Troops

Shanghai, May 21.—(AP)—The United States has warned the Nationalists not to let unruly troops molest Americans in North China. The note of warning also said American troops would protect their Nationals in the threatened cities of Peking and Tientsin.

Edwin S. Cunningham, American consular general at Shanghai, in confirming that the note had been handed the Nationalist government refused to reveal its contents. Nationalist officials, however, said it read about as follows:

"Since the civil war has reached a crisis in north China and in view of the fact of the many Americans residing in that area, apprehension is felt for their safety. The United States has taken measures to assure the protection of its Nationals and their concentration where protection is possible. Please instruct the Nationalist forces not to attempt to enter these areas to avoid misunderstanding."

"If it is necessary to dispatch Chinese troops to the Tientsin area, we urge the use of well-disciplined forces to avoid disorder."

"The United States government assures the Nationalist government that it has no intention of interfering in Chinese domestic affairs."

It was understood that the note also mentioned the recent willings of American missionaries, Dr. Walter F. Seymour at Tsinan and Mr. William T. Hobart at Tientsin.

The Nationalist officials indicated that they considered the note "quite proper."

A dispatch mailed from Tientsin after it had been suppressed by the military censors said the first contingent of the Nagoya division of Japanese troops arrived at Tientsin on May 17. The two transports were received with enthusiasm by the Japanese colony while Japanese seaplanes circled overhead flying red and white banners.

RETURN HOME FROM DERBY

Louisville, Ky., May 21.—(AP)—The fifty-fourth Kentucky derby was history today.

Louisville recovered from its emotion debauch early. Forgotten was the bugle that called twenty-two 'emphatical thoroughbreds to the barrier Saturday.

Forgotten was the heart-breaking period when Reigh Count trailed the leaders for a couple of quarters in the Kentucky derby. It was all over. Louisville today was a solid, substantial border city. Not for a year would it go wild again.

Grumbling derby losers were as hard to find as the stick of a spent sky-rocket. The winners, however, were everywhere. Parimutuel tickets, the Louisville equivalent of confetti and ticker-tape, with which New York meets its great occasion, littered the streets.

Fair skies today greeted thousands of homeward bound visitors who Saturday were drenched by a driving rain. The track which was literally a river of mud for the derby, was drying off rapidly.

How much was wagered on the derby will never be known because the makers of winter books do not keep any records, none for publication at any rate. But track figures showed a total of \$620,793 bet through the mutuels on the derby. The \$2 machines of all classes, straight, place and show, carried \$134,558; the \$5 machines \$128,545; the \$10 machines \$125,010; the \$20 books \$107,180; the \$100 books \$125,500.

Last year the total was \$676,483. The torrential rain that swept sheets of water under the betting sheds, yesterday kept thousands away from the ticket windows, causing the total amount wagered to fall slightly under the 1927 figure. Had the day been bright, more than \$1,000,000 would have changed hands; it was believed, as the crowd was larger and more race-minded than any that have gone before.

JOHN DAWSON TESTIFIES AT SENATE INVESTIGATION OF AL SMITH CAMPAIGN FUNDS

GERMANY IN CONTROL OF SOCIALISTS

Reichstag Election Indicates Socialists Strongest Unit of Nation.

Berlin, May 21.—(AP)—Results today from the election of a new Reichstag yesterday indicated that the Socialists were the strongest political unit in Germany. The Socialist-registered decisive gains while the German Nationalist party's losses were conspicuous.

None of the major parties was regarded as likely to obtain an overwhelming control in the new Reichstag and parliamentary leaders headed by Dr. Gustav Stresemann, foreign minister and leader of the Peoples party were determined to form a coalition ministry of Socialists, Centrists, Peoples party and Democrats. The present cabinet, which terminates its official career as soon as the vote has been certified by the election commissioner, is a coalition of Nationalists, Centrists and Peoples party.

The losses of the Nationalists were regarded as eliminating that party from participation in the next ministry.

It was unofficially forecast that the new Reichstag would be composed as follows in comparison with the old: Socialists 160, last 131; German Nationalists, 70, last 45; Peoples Party 54, last 51; Democrats 25, last 32; Economic Party 23, last 17; Fascists 16, last 14; Bavarian Peoples Party 19, last 18; other parties 6.

Dr. Stresemann did not poll sufficient votes in Upper Bavaria to assure his election there, but as the Peoples party vote in Upper and Lower Bavaria will be combined he may get a Bavarian seat. His election was sure in any case since he headed the so-called Reichliste to which the surplus votes of the various electoral districts will be assigned.

Dr. Stresemann who is recuperating from a severe illness, was not allowed to vote by his physicians although polling places had been established in all large Berlin hospitals. He was permitted, however, to receive election bulletins until long after midnight.

Chancellor Marx, Minister of Justice Heigelt, Minister of Labor Braus, Minister of Communications Koch, Minister of Economics Curjus, Finance Minister Koehler, Premier Otto Braun of Prussia, Herr Thaelman, Communist leader and former Finance Minister Kutz were among those elected.

At Herne in the Ruhr district, ten persons were seriously hurt when Communists and Fascists clashed.

President Von Hindenburg cast his ballot early in a polling place located in an obscure beer saloon. Prince Wilhelm and Prince Ludwig Ferdinand, sons of the former crown prince, cast their first votes at Potsdam. Their parents voted on their Silesian estates.

Woman Shatters Endurance Record

Chicago, May 21.—(AP)—What man has done, woman can do—with the probability that woman can do it even better.

Mrs. Myrtle Huddleston, of Mattoon, Ill., was taken from the pool of the Lincoln Park West Hotel early today after being in the water 50 hours, 10 minutes, 15 4-5 seconds. The time beat by 17 hours and 50 minutes the best previous endurance record for women, made Saturday by Miss Nyle Austin, of San Bernardino, Calif.

It beats by four hours and 10 minutes the best previous record of man, held in Germany by Otto Kennerlich.

Mrs. Huddleston, a 30 year old mother, is no novice to the water. She formerly held the world's endurance swimming record for women, besides being the only woman to finish the Catalina Channel race.

LOCALS BEAT ROCKY MOUNT; HOME TODAY

Greenville won the final game of the series in Rocky Mount Saturday by the score of 5 to 4. The exhibition was one of the best of the week, being featured by the hitting of Daniels for Greenville, who secured four safeties out of as many trips to the plate.

A misjudged fly ball by two Rocky Mount outfielders played an important part in the outcome of the game. This came in the final stanza when Fayonsky and Jones both started after the ball, got in fielding distance, stopped looked at each other and let the ball fall to the ground. It was a tragic affair as it did when Rocky Mount was preparing to stage a terrific rally to overcome the lead.

But the Tobaccoists tightened up after this episode and positively refused to let anything like a run get around the circuit. The game was of the errorless variety, both clubs playing airtight ball all through the game.

Greenville and Fayetteville open a two game series in this city today with a double header.

Asheville Sets Pace in Sally

By the Associated Press.

Asheville, leaders in the South Atlantic Association, continued to set the pace last week with a record of five games won and three lost.

The tourists cracked out a total of 160 base hits to lead the lop, in this respect and scored 58 runs while opponents were crossing the platter on four less occasions.

Charlotte won four and lost three. Greenville had a reverse record while Augusta and Macon each won three and dropped a pair. Knoxville secured an even break, three games going to each side of the column. Spartanburg was victor and loser in three, with Columbia holding the last notch by a count of two won against five lost.

Spartanburg had the best record as to opponents runs, limiting the opposition to 15 markers in five games. The Spartans managed to score one more time themselves.

Augusta and Macon battled 16 innings to a six-six tie before the game was called on account of darkness, thus accounting partially for the small number of games counted in the averages.

Thirty home runs were pounded out during the week. Hood and Wise, of Charlotte, securing three each. Lopez, Macon's catcher, obtained two in the 16 inning game with Augusta.

BRAVES HALT MAD DASH OF CHICAGO CUBS

By the Associated Press.

The mad dash of the Chicago Cubs has been halted for the present, at least, by the lowly Boston Braves.

After 13 consecutive victories the Cubs found the Braves a bit too tough for them at Chicago yesterday and the easterners ran off with a 4 to 3 decision.

Bob Smith, the converted infielder, was batted hard by the Cubs but the league leaders were topped by three double plays. The Braves sewed up the game in the sixth inning when they bunched hits.

The Cincinnati Reds moved up to within a game of the league leaders by taking a 3 to 2 battle with the Pittsburgh Pirates at Redland field. Burleigh Grimes allowed only five hits but the Reds bunched these to good advantage, scoring the winning run in the ninth on Allen's sharp drive past third base. The Pirates reached Red Lucas for two runs in the first but he was invulnerable thereafter.

The New York Giants and St. Louis Cardinals divided a double header at sportsmen's park. Fifteen hits in the first game gave the Giants a 5-3 verdict but the Cards vened it by taking the nightcap, 1 to 1, in a tight pitchers' battle between Vic Aldridge, making his 1st start of the year, and Johnson of the Cards. Aldridge, a holdout since the season opened, granted only six hits in seven innings but he was outpitched by Johnson who went the route and gave up only our safeties. Roush's home run in the ninth saved McGraw's clan from a shutout.

Del Bissonette's terrific hitting aided the Robins to coast into a 1-4 victory over the Phillies at Brooklyn. Bissonette scored a run in the second inning after drawing a pass; hit a home run with two on in the third and tripled with two on in the seventh. All told he scored three times himself and drove in five runs; his homer was the seventh of the season, putting him one ahead of Hack Wilson of the Cubs for the National league leadership.

The Yanks continued their monotonous series of crushing victories by overwhelming St. Louis 9 to 1. George Pipiras being credited with his seventh victory without a defeat.

Cleveland made a clean sweep of the series with Washington, 4 to 3. Judging and Dayne outpitching Jensen and Marberry. The Senators had the tying and winning runs on base in the ninth but Judge, pinch hitter, grounded into a double play, ending the game.

Eian Van Gilder won a tight hurling duel from Ted Lyons and the Detroit Tigers ended their losing streak at the expense of the Chicago White Sox, 2 to 1.

Lightweights To Fight in N. York Probably Tonight

New York, May 21.—(AP)—Down but not out from the effects of three right hand jolts by the weather, Tex Rickard again essayed to hold a lightweight championship fight.

Conditions permitting Jimmy McLarnin and Sammy Mandell will meet in a 15-round battle for the lightweight championship at the Polo Grounds tonight.

Rainy and threatening weather forced Rickard to postpone the match on Thursday, Friday and Saturday nights last week. Better conditions were indicated for tonight.

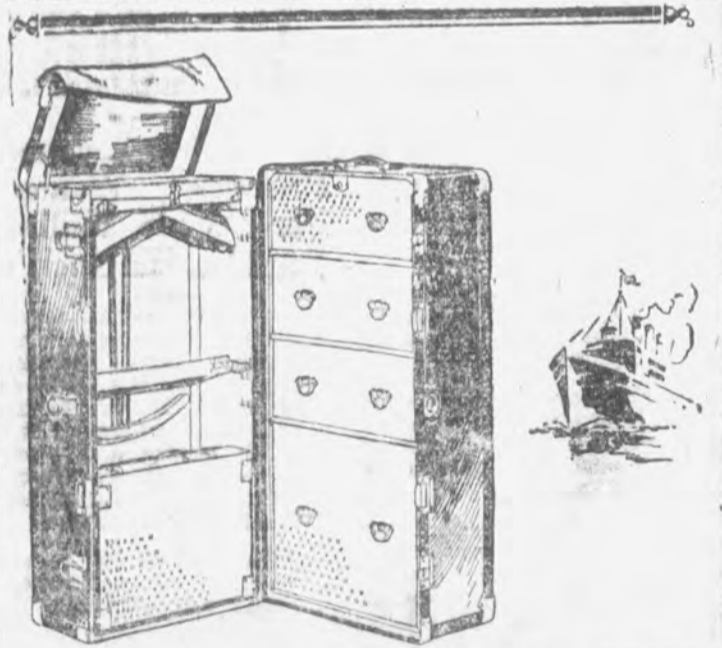

If Rickard fails to get his lightweights into the squared circle tonight he intends to call the bout off until Thursday night when he'll try Europe and an attempt to swim the English Channel. Swimming along the coast here in the Gulf of California Viccaino has remained in the water more than 22 hours at a stretch.

Joins "Be-In-One" Club

Spartanburg, S. C., May 21.—AP—C. J. Potter, advertising man of New York, today had joined the "hole-in-one club." He yesterday holed his tee shot on the 145 yard third hole at the Tryon country club here. Trees and creek intervened. The shot was made with a maulie.

Mexico To Try Channel

Guaymas, Sonora, Mexico.—(AP)—Francisco Viccaino, a native of this region and swimming champion of Mexico, has gone in training here preparatory to a trip to Europe and an attempt to swim the English Channel. Swimming along the coast here in the Gulf of California Viccaino has remained in the water more than 22 hours at a stretch.

RALPH INCE CRADLED IN MELODRAMA

From "East Lynne" to "Chicago After Midnight," Ralph Ince, FBO director and star, has played in and helped produce more than a score of notable melodramas of stage and screen. This picture comes to the New Theatre today and tomorrow.

Ince made his first appearance in "East Lynne" with a Philadelphia stock company and played in stock there for a season. Then he worked a year with Richard Mansfield's company and the following season appeared in "Ben Hur."

In 1905 Ince joined the ranks of pioneers in the movie industry, and after working for a time as an actor, directed "A Million Bids" for the old Vitagraph Company, which was the first movie to play in a legitimate theatre in the United States, showing at the Criterion Theatre in New York.

The most notable characterizations previously contributed by Ince to the screen were those of Wolf Larson in "The Sea Wolf" and Hurricane Haley in "Shanghai." He is credited, however, with his biggest hit as Jim Boyd, the gang leader of "Chicago After Midnight."

POPPY DAY IN GREENVILLE

Each year the American Legion sponsors, and the auxiliary actively conducts, a national poppy sale to provide funds for veterans' welfare work. This is truly honoring the dead through service to their comrades—the disabled soldiers, who though living did not wholly escape the ravages of war. There is an official Legion and auxiliary poppy. It is made entirely by disabled men in hospitals and training centers, and bears the approval of both organizations. These poppies will be sold in Greenville on Tuesday, May 29th, and Wednesday, May 30, which is Memorial Day, by the auxiliary of the Pitt county post of the American Legion. Everyone is urged to buy and wear a poppy on these days.

DEATH TOLL GROWING AT MATHER MINE

Sixty Dead and Hundred and Fifty-Two Being Sought by Rescue Crews.

Mather, Pa., May 21.—(AP)—The bodies of three score miners victims of an explosion in Mather mine, late Saturday, had been recovered up to this afternoon by rescuers, who were pushing past the scene of the blast in an effort to learn the fate of 138 men entombed in the far recesses of the workings. Shortly after noon, rescuers carried 13 additional bodies from the mine, making the known dead 60.

Socialist Leader Drowns in Oregon

Bend, Oregon, May 21.—(AP)—Frank T. Jones, of Portland, Ore., "Socialist" labor candidate for President in 1924, was drowned here yesterday in a vain attempt to save a boy from a similar fate.

The youth, Jack Rhodes, 12-year-old son of Mr. and Mrs. J. C. Rhodes, of Bend, was fishing from a bridge over the Deschutes river when he lost his balance and fell into the swift stream. Jones, who was on his way to address a political meeting in a park along the river, saw the boy being swept downstream and plunged in after him.

Jones reached the boy 25 yards from shore and managed to tow him to within ten feet of the bank. There the rescuer became exhausted. He had a desperate attempt to push the boy ashore and in the effort both went down.

It was said that Jones was to have been a candidate for the Presidency again this year on the Socialist-Labor ticket. He had lived in Portland about nine years and was a member of the Carpenters' Union there. He had been active in politics for several years.

SUNDAY REVIVAL
NEARING THE END

Just a few more days and
the Billy Sunday revival
here will have come to a
close and the great evange-
list will have gone on to
other fields to preach the
gospel of Jesus Christ. No
doubt when he has gone
there will still be some
among us who will not have
heard him preach nor re-
ceived the blessings to be
gained from hearing him.
It is to be hoped that the
number of such persons will
be very small, but we do
know that there are many
of our citizens who as yet
have not attended the re-
vival services. The close is
fast drawing near. If you
are not already attending
we urge you to begin with
tomorrow's services and be
a regular attendant throu-
out the remaining ones. You owe
it to your community to sup-
port the meeting, you owe
it to God to heed the mes-
sages that He is sending us
through his servant who for
the past four weeks has
pleaded with our people to
turn aside from sin and fol-
low Christ.

BEGIN AT HOME

Every day we can hear
plenty of talk for and
against Al Smith and other
presidential possibilities and
we are gratified to note that
people are really becoming
interested in our country's
government and are deter-
mined to exercise their right
of voice in picking those in
whose hands the adminis-
tration of our laws and busi-
ness is to rest, but while all
this talk about national
politics is going on we have
heard next to nothing re-
garding the situation here
at home and what we can
expect from our next coun-
ty administration. Good busi-
ness in public administra-
tion, like charity, should be-
gin at home, and it would
be well for the citizens of
this county to be giving
some thought to this phase
of the coming election.

The best possible national
administration is, of course,
desirable, but in the last
analysis, economic adminis-
tration in our state and
county affairs affects us
more vitally at the present
time than does the national
situation. For some time in
this county we have been
facing an ever increasing
tax burden until the time
has come that it is almost
unbearable, and we cannot
stand further increases.

During the coming pri-
maries and election we face
the task of choosing a
Board of County Commis-
sioners in whose hands our
affairs will rest for the next

two years. Before making
their selection of the men
who will compose this
board, the voters should
pledge each to a program of
strictest economy with no
further tax increase at the
present, and a reduction if
possible.

Of course, there should
be strict economy in every
branch of government, from
the smallest county office to
the head of the national
government, but we reiter-
ate, we should begin at
home with our fight and
work upward along the line
rather than be apparently
so interested in the national
situation and let our local
tax burdens continue to
pile up on us.

ABOUT
TOWN

"Winston-Salem believes in Billy
Sunday," an admirer of the evange-
list said today.

"This fact was made very plain
yesterday when a delegation from
the great tobacco manufacturing
center attended services at the tab-
ernacle here, and their leader spoke
words of commendation in behalf
of Mr. Sunday.

"The Billy Sunday club is doing
a wonderful work in and around
Winston-Salem. Statistics presented
by the speaker yesterday showed
that thousands had been saved
through the effort of this organiza-
tion alone.

"It has been noticed that good
results always accompany the visit
of this noted evangelist to a com-
munity. What is more natural to
presume than the influence of his
visit here will be lasting—eternal.
"Greenville people are just be-
ginning to realize the true great-
ness of this man of God. There
were numbers of cynics to scoff
him when the campaign opened up
here but their prattlings are less
vigorous their arguments no longer
count for anything—the evidence of
the wonderful work of the evange-
list has caused them to fade into
complete insignificance."

"It is rumored that Deacon Joliff
has a number of acquisitions to his
ball club," a sport lover observed
today.

"He is said to have left town the
latter part of the week and re-
turned later with sufficient material
to strengthen the weak spots which
have been largely responsible for
the loss of so many games recently.

"If he brought back men capa-
ble of vigorous use of the willow,
then we may expect to see our rating
in standing of clubs increase daily.
But if they should be fielders—
it matters not how capable—without
ability to hit the old apple, his
efforts will have been in vain.
"Greenville's chief weakness has
been her inability to hit at oppor-
tune moments. We could have put
lots of the games in the win col-
umn had we been able to pound
the old apple to all parts of the lot
as the other clubs did.

"Fans here and elsewhere will
follow the club with more than pass-
ing interest this week to really see
what effect the new members are
going to have on the jinx. If they
can fling him off—all's well."

"Vote for the man regardless of
party lines," a well known business
man remarked to the writer to-
day, referring to the county pri-
mary to be held the 2nd of June.

"This not only applies to our local
primary, but to the general election
when a president is to be elected.
There are lots of people opposed to
some present candidates because of
their church affiliations, their oppo-
sition to the 18th amendment, and
it is indicated that parties will be
deserted because of these positions.
"This probably is the right view
to take of the situation. If a man
cannot be a member of a political
party and support the things neces-
sary for the uplift of humanity,
he does not deserve the support of
his constituents. If he is a wet
when the constitutions of the United
States prohibits the sale of in-
toxicants, he cannot expect to re-
ceive favor of the people, unless it
is that great mass who are wet them-
selves.

"Vote for the man and not the
party seems to be the only salvation
of the country at this time. It is
the only way by which principals
made extent by farmers of the con-
stitution can be preserved and in
this preservation the future great-
ness of the American people must
rest."

"This is the last week of the
Billy Sunday campaign in Green-
ville," a member of the Minister-
ial Association reminded us today.

"Greenville people should make
this the greatest week of the cam-
paign. The tabernacle ought to be
crowded to capacity every afternoon
and night. The spiritual truths
which this distinguished representa-
tive of the ministry presents daily
ought to be given the thought which
they deserve.

"It may be the last time Green-
ville people—hundreds of them—
will ever have the chance of hear-
ing Mr. Sunday. Therefore, they
should take advantage of this op-
portunity of absorbing a brand of

JOHN DAWSON TESTIFIES AT
SENATE INVESTIGATION OF
AL SMITH CAMPAIGN FUNDS

(Continued From Page One)
"He represents the very cream of
his profession, if we may call it
that. He is the peer of American
preachers. His fame stretches from
coast to coast and wherever he goes
thousands upon thousands flock to
hear him.
"Greenville was fortunate in be-
ing able to attract so important a
figure in the religious life of the
country and while he is with us
we should not fail to accord him the
honor of which he is so deserving.
"Remember this is the last week
of the campaign. Put everything
else aside and help fill the five
thousand seats at the warehouse-
tabernacle and send him to another
field of labor with a heart glad-
dened by the spirit of co-operation
he received from Greenville and
Eastern-Carolina people."

to Gov. Smith. I think Senator
Simmons has an idea what he is
doing challenged in this state. I
might say a great majority of
Smith's friends in this state are
friends of Senator Simmons.
Dawson asked the committee
where it got its information that
he was the Smith campaign man-
ager in North Carolina. Senator
Steiner said he did not know
where the information came from.
Senator Bratton said he first saw
the list of witnesses on a slip in the
hands of Senator Barkley, Demo-
crat, Kentucky.

"I thought maybe it was given
to you by Frank L. Hampton,"
Dawson said.
Assured that Hampton had not

given the committee his name,
Dawson inquired then if Senator
Simmons of Alabama had given his
name.
"That brought a laugh from the
committee as well as the crowd-
ed hearing room in the state
house.
"No one living in this state fur-
nished your name," Bratton said.
"Is that satisfactory?"
"No, Senator; it is not, Dawson
replied. "I have a deep seated
feeling that it was intended to em-
barass me."

To the People of Pitt
County:
I greatly appreciated the vote given me for Judge of the Coun-
ty Court four years ago, and I shall again be a candidate in the
Democratic Primary on Saturday, June 2, 1928.
I am not a politician and I do not represent any faction. I
do not ask for this office for personal profit, but in order to render
service for the public good. To help make Pitt County a better
place in which to live is my ambition.
If I am nominated and elected to this office, it shall be my
purpose to give everyone a square deal and to administer justice
with equality, fairness and impartiality to all according to law and
the dictates of an honest conscience.
Assuring you that your support would be most sincerely appre-
ciated, I am,
Yours to serve,
JAMES L. EVANS

Market Report Cotton--Stocks--Grain

COTTON MARKET.

New Orleans, May 21.—(AP)—The cotton market was only moderately active today and prices were two-sided, advancing over 1/4 a bale in early trading on too much rain in the belt over Sunday and losing the gain later under selling for a reaction and absence of sustained buying support.

Table with columns: Open, High, Low, Close, P. C. for various cotton grades like Jan, May, July, Sept.

GRAIN MARKET.

Chicago, May 21.—(AP)—Reports of better prospects for winter wheat did a good deal to curtail buying power in the wheat market today and bring about lower prices.

BILLY SUNDAY PREACHED TO THREE BIG CONGREGATIONS IN THIS CITY YESTERDAY

(Continued from Page 1) shrines father and mother as ideals and what ever they do will be indelibly imprinted in the lives of their offspring.

He urged more attention to home life as a means of insuring the future greatness of the country. Clean living he said is one of the most direct ways of upholding principles made extant by forefathers.

There will be no services at the tabernacle today. Mr. Sunday spoke in Durham this morning at ten o'clock. He delivered two addresses in Raleigh while returning from the tobacco city, one being before convicts at the penitentiary.

Tomorrow night the evangelist will deliver one of the greatest sermons of the series. His subject will be "The Unpardonable Sin". Last night's sermon follows: "All Men Must Die".

Choosing for his text: "It is appointed unto all men to die; and after death the judgment." Rev. Sunday began by declaring that even the most blatant infidel would have to agree to the first half of his theme.

The earth is billowed with graves. By the morning light the daisy tosses his cooing child in his arms and goes off to work; by evening shadows he watches stricken on their lifeless form.

The quick worded revivalist recalled the lament of Queen Elizabeth with "a palace of gowns and bushel baskets of the world's best gems," crying brokenly, "I'd give all my possessions for one month's time!"

He told of a visit he and "Ma" made to Andrew Carnegie before his death. Billy limped across the stage with bent back and inserted a burr in his voice as, for the moment, he became the great capitalist.

Forest Fires Do Damage In North Carolina

Raleigh, May 21.—(AP)—A toll of \$42,282 in damages in counties of North Carolina with Warren organizations was taken during April by forest fires, according to the report issued last night by the convention department. Two hundred and twenty-five fires were recorded during the period and estimated area of 19,473 acres burned over.

The report shows a substantial reduction of the number of fires from the previous month, but almost the same area covered. April, 1927, experienced almost as many fires, 178, but the area covered and the damage done was more than double that of last month.

Brush burning operations and smokers were credited with being the cause of one half of last month's forest fires, of 112 of the 225. Incendiaries were next, 38 being charged to this origin.

Too Many Flowers, She Seeks Divorce

Chicago, May 21.—(AP)—Saying it with flowers became more than a habit with James Barrett Johnson, it got to be an obsession. So Mrs. Johnson got an injunction.

It was all right, she agreed, for Johnson to say it with flowers in the courtship days. It was pretty sentiment that he continued to talk with blooms after they had been married. But when he persisted in sending flowers after she had sued for divorce, Mrs. Johnson decided something ought to be done about it.

In her petition for injunction, which was granted, Mrs. Johnson asked the court to prevent her husband's sending floral gifts, candles and picking the same street cars as she for his journeyings about town.

required to appear before the Clerk of said court at his office at Greenville said state, within thirty days from date of service an answer or demurrer to the complaint filed in said action or the plaintiff will apply to the court for the relief demanded in said complaint.

Under and by the virtue of the power of sale contained in that certain Deed of Trust bearing date August 23, 1923, from Walter West and wife, Hattie West, to J. H. Blount, Trustee, of record in Book B-15, page 207, of the Public Registry of Pitt county, default having been made in the payment of the notes therein described, the undersigned will sell to the highest bidder for cash, before the Court House door in the town of Greenville, North Carolina, on

Thursday, June 14th, 1928 at 12:00 O'clock Noon. the following described real estate: Lying, being and situated in the county of Pitt and state of North Carolina, to-wit:

Lying and being in the town of Greenville, in that portion of Greenville known as Perkins town and being Lot No. 16, in the subdivision of the Lillie Cherry sand, which was conveyed by Henry Sheppard to Matthew Murrill September 8, 1904, which deed is of record in Book W-7 page 436, of the Public Registry of Pitt county, and more particularly described as follows: Situated on the west side of Sheppards line running in a southerly direction 41 feet to an iron stake; thence in an easterly direction, 115 feet to Norris Tucker's N. W. corner; thence in a northerly direction with Hardee's line 41 feet to an iron

Prize Winning Letter Below the letter written by Mrs. R. T. Burnette on "Why I send My Clothes to the Eureka Laundry". Mrs. Burnette's letter was declared by the Judges to be entitled to the first prize of \$50.00

Gentlemen: Since last August I have been a steady patron of yours and in comparison with all other laundry work that I have ever had done, I must say that for various reasons, quoted below, I think it essential that I send my laundry to your establishment.

First of all, when Monday morning arrives, we do not have to worry for we know our laundry will be called for in due time, and then after you call for same we know that we shall only have to wait twenty four or thirty six hours for our clean clothes to be returned to us. Now this fact alone has one special good point, eliminating a need for a large assortment in our linen closets, for when our clothes are out only such a short time it makes it unnecessary to have a large assortment.

Our old-fashioned way of letting our clothes leave our homes and remain in the care of our old-fashioned wash-women for a week at the time is another thing which your service has wonderfully improved. As we all know, this old-fashioned way, which we have all used, is one which leads us to take great chances, for, we never know what contagious diseases our clothes may be exposed to, also under the old method we sometimes found our clothes infested with bed bugs, which your service has eliminated. This one service alone is worth all the rest.

Another big advantage, I find, is that during all the nine months which you have served me, I have never lost one article nor have I had one misplaced.

Your man weighs the articles before he leaves our house and we know what our laundry bill is going to be at the very first, also we know that when our clothes are returned they will be nicely done—no spots in them, they will be ironed nicely and best of all, they will bear that clean odor which your process gives them.

Now with all the above reasons, I have also found that by letting you do our laundry, that my laundry bill is even less than what it was by the old method, so why should anyone patronize the old-fashioned wash-woman, with the dissatisfactions, in preference to your method with all its advantages, when yours is the most reasonable of the two.

Forest Fires Do Damage In North Carolina

Raleigh, May 21.—(AP)—A toll of \$42,282 in damages in counties of North Carolina with Warren organizations was taken during April by forest fires, according to the report issued last night by the convention department. Two hundred and twenty-five fires were recorded during the period and estimated area of 19,473 acres burned over.

The report shows a substantial reduction of the number of fires from the previous month, but almost the same area covered. April, 1927, experienced almost as many fires, 178, but the area covered and the damage done was more than double that of last month.

Brush burning operations and smokers were credited with being the cause of one half of last month's forest fires, of 112 of the 225. Incendiaries were next, 38 being charged to this origin.

BILLY SUNDAY PREACHED TO THREE BY CONGREGATIONS IN THIS CITY YESTERDAY

(Continued From Page Five) he drew a caustic picture of the infidels, the evolutionists and the scoffers as they are summoned before the divine tribunal at the day of last judgment.

"You'd Pray." If I could prove this was your last day on earth and that tomorrow afternoon you'd be in the coffin, I know what you'd be doing. You'd spend the intervening time getting ready to meet the God that some of you have spurned, and you'd prepare to stand before the God you know you'd have to meet in twenty-four hours.

Everything that has happened can happen in the next hour. If the next hour, children will be born, 6000 people will die, your house may burn, your fortune may be stolen, the train may go into the ditch, an automobile may turn turtle, a ship may be torpedoed, you may be on the operating table, you may be in heaven, or you may be in hell—everything that has happened can happen in the next hour or in the next twenty-four hours.

What change there'd be in our living if we only believed! They say there is a railroad in Canada which hangs red lights on one side of the track when there is danger on that side. If you are going in the opposite direction, it shows on the right hand side of track and means danger, but it depends altogether upon the direction in which you are going.

It will depend upon your attitude toward God. But if you back is turned toward Jesus Christ, I pray from the depths of my soul I may be privileged to say something to arouse you from your utter indifference.

Distance and time produce about the same effect as distance and space. If I should tell you you'd die within twenty-four hours and could prove it, your attitude toward God wouldn't be the same as it is now. If I'd tell you "Yonder is a planet hundreds of miles away, and it would take twenty years for it to reach this earth, you wouldn't worry.

If I said, "Yonder is a planet and it would strike this world in twenty-four hours," I'll bet it would have a different effect on you.

Life Everlasting Promised. So, I don't know how long you will live until you face the judgment. I only know you will when you are through with this life. But I am not concerned about it, for myself. I have the words of Jesus, "Verily, verily, I say unto you, he that heareth my word, and believeth on him that sent me, hath everlasting life, and shall not come into condemnation; but it passed from death unto life."

I have the words of Paul, "There

is therefore now no condemnation to them which are in Christ Jesus, who walk after the spirit," but my heart goes out to the man or woman who may be here tonight bound hand and foot by lust and avarice and greed and sensuality and unbelief, and that are a slave to your sins with the hope of God, that He will snap the bonds and set you free.

You will meet your conscience where you had your opportunities to do good. You will meet your record, it will all be laid bare. You can jump into your automobile and give her the juice and step on her and when you come back home, look at the little feger and she'll tell you how far you've been.

When I played baseball, we used to go down South to get in physical condition to come back up. We were the first Cubs that ever did that, and down at Hot Springs, in Arkansas, I remember a quartet—colored folks used to come around and sing (the youngest one was 38 years old). He sang first tenor, had a bandana handkerchief around his neck. He used to stand there with a crutch in one arm and a cane under the other. We used to love to hear him sing and there was a song they used to sing that I remember:

"My God sees all I do, My God hears all I say, And He is writing all the time."

Who'll Be There? Who will be present in the judgment? Oh, hierarchies, principalities, powers, the quick and the dead, the living and the buried generations, and the multitudes of the damned.

Listen to the noise shaking the primitive elements. The lightning leaps from the angry depths of gloom, the thunder shafts are flickering in the mid heavens, the watch fires of the skies have gone out and the beacon lights have been extinguished.

Oh, children of ungodliness! Outcasts for eternity! It is your last, and 'tis the farewell gaze upon the fast receding drama. No star floats in the lurid gloom to tell of hope or cheer the heart. Stand up, you haughty high priests of ering science! Stand up, you sponsors of the bastard theory of evolution! You that deny God's sovereign right of creative power, you that said a man came from the fortuitous concurrence of atoms produced in a protoplasm. Call on your old Godless protoplasm now! Come on blasphemers, scoffers, scathed by the lightning and canopied by the thunder peals! Open the burial plaques of your memory and stand leaning upon your tombstone!

Come on skeptics, it's your final trial in belief! Will you parley with the thunder peals and the trumpet blasts, and the lightning flashes like you did with sin and

heaven? Will you mock at God then, the way you mock at preachers?

Come on, prayerless buffoon, stand up, tell the world what a fool you were for living a prayerless life! Come on, come on, prince and plenipotentiaries of the intellect, you who magnified human reason above the divine.

Gold Was Your God. Come on, you that took some old German professor's theories, and put Jesus Christ out of business and made Him a liar and a bastard, stand up! No, sir! Worshipers of mammon, idolators of gain, you disdained the commerce of heaven, you had no Bible but your ledger and your day book, you made a bank vault out of your heart! Gold was your god, the pretty face of that woman was your god!

Look on the world now, old fellow. Come on, muster your deeds and your stocks and your bonds. Oh, all of these are lost while your soul remains that you put no insurance on when God gave you the chance.

I am sometimes asked what I think will be the outcome of the combinations of capital to fight labor, and the combinations of labor to fight capital. I don't know. But I will give you a tip. I know this much, that God has appointed a day in which He will judge the world, and there will be no class judgment then. The millionaire will get it in the neck the same as the hobo.

Whoever rejects Jesus Christ, friends, they are unfortunate, it doesn't make any difference who they are! God is no respecter of persons. I don't know when it will take place. God has appointed a day in which He will judge the world—oh, won't it be a great meeting if all the unbelievers are there? If my preaching gets too hot for any of you guys, you can get up and beat it, and if you don't like to, you don't need to come.

You Will Meet Your Sins. But there will be one meeting where everybody will be there, whether they want to be or not. You don't have to come here, but there is one meeting where you will go and you can't go away if it gets too hot, either! You've got to stay there!

You will meet your sins. Sometimes at the mouth of harbors, bars of sand prevent the ships from entering only at high tide. And sin is the bar that prevents the sinner from entering the harbor of salvation.

The love of God through Jesus Christ—that is the noon tide, and then you can sweep in on the love of God over the sandbars of sins and blunders and it pulls your life into God's harbor of peace. But you must come in when she is at the flood tide, and she is at the flood tide now.

Supposing a man is charged with a crime, is arrested and pleads not

guilty, and hires a lawyer to defend him. The jury hears the evidence and says, "Not guilty." He escaped by force of testimony.

Suppose he is charged with a crime and pleads "Not guilty." He hires a lawyer and prepares for defense. The jury hears the evidence and they find him "Guilty." He is sentenced.

We have all had our trial. God has heard it, and God has given sentence. The sentence is eternal damnation, and there is only one that can pardon you and that is God. He can only do it through your faith in Jesus Christ.

So, therefore, there is no questions about that! We are all sinners; the question is not whether you are a sinner, but what are you doing to escape hell. You are a sinner, God says so. You've had your trial. "He that believeth not is condemned." How are you going to get out?

Pardon Only Way Out. There is only one way, and that is to be pardoned. There is only one in the universe that has that power—God Almighty alone has the power of pardon, and that is only through your faith in Jesus Christ.

Can you ever hope to escape the judgment which is to come? Gen. Cullen Battle was president of the court-martial at Round Oaks Church in 1863 and 1864, and one day the case of the Confederate States of America against Edward Cooper, charged with desertion was called for trial.

A letter which Cooper had received from his wife was permitted to be introduced as evidence, and it went on something like this, because orders had been issued that no man should receive a furlough for a certain period, no matter what the emergency.

Cooper got a letter from his wife begging him to come home, saying that she was ill and their little girl was sick.

Gen. Battle said: "What did you do, Mr. Cooper, when you received this letter?"

"I made application to my officer for a furlough. I was refused. Three times I made my application for a furlough, and each time I was refused. One night I was summoned on picket duty, and I was walking back and forth in the dark and I could see the hungry face of my wife and little girl. I could look into their sick, pale cheeks, and I could hear their voices ringing in my ears, 'Edward, come home! Papa, come home!' And Gen. Battle, I couldn't stand it. I threw down my musket and I deserted and went home."

"I Deserted." I would have gone home to Mary and Lucy if every gun in the Confederate Army had been pointed at my heart! I couldn't have stopped! My wife was out at the gate. She saw me coming and ran down to meet me and threw her arms about me and kissed me and

said, 'Oh, Edward, I am so glad you've got a furlough! How long can you remain?' She must have seen me turn pale and heard my heart beat and she urged me, and I said to her, 'Mary, I didn't get a furlough. I deserted. I couldn't stand it; I had to come to your aid and Lucy.'

"She took her arms from about my neck, Gen. Battle, and she said to me, 'Edward, you go back. The name of Cooper has never been disgraced; it's never been stained with dishonor nor ignominy or reproach. Go back, and if you fall on the firing line, and we die, the separation won't be for long; we will meet again around the throne.'

"Gen. Battle, I am here, not because you sent for me, not because I was brought by force; I am here because Mary and Lucy urged me to come."

The men on that court-martial were trained to their duty and they brought in their verdict of "Guilty," and Edward Cooper was sentenced to be shot.

Robert E. Lee heard of the case and he asked to review the evidence. He looked it all over carefully and turned and wrote on the back of it these words: "The verdict of the Confederate States of America against Edward Cooper, charged with desertion, whereby he is sentenced to be shot, is hereby approved, but the prisoner is discharged and he will report to his officer and take his place in the ranks."

When the day of judgment dawns and Jesus Christ will say, "Bill Sunday from Iowa," and the Lord will say, "Bill, your record doesn't look good, shows you are a bad egg (that is right, Lord), shows you used to do a lot of things (yes), but the record shows that one dark, stormy night in Chicago you came down, fell on your knees, accepted of the salvation which I provided by the death of my only begotten Son, Jesus, on the cross;

you accepted Him as your Saviour, whereas you were doomed to hell, the verdict was reversed to go to heaven." Halleluiah!

God holds you responsible for your will, not your feelings, exercising your will upon Christ thru faith. Some men are honest in their doubts; some people are honestly and truthfully seeking the light. And do you know, I'd do anything on earth to help an honest skeptic, but for the man who sneers at religion, and then tries to get others to disbelieve in God because he isn't man enough to believe—oh, I think that's the work of hell on the face of the earth.

"She took her arms from about my neck, Gen. Battle, and she said to me, 'Edward, you go back. The name of Cooper has never been disgraced; it's never been stained with dishonor nor ignominy or reproach. Go back, and if you fall on the firing line, and we die, the separation won't be for long; we will meet again around the throne.'
