

MUSCLE SHOALS MEASURE IS ADOPTED BY CONGRESS AFTER STORMY SESSION

Houses Passes On the Measure After Ending of Senate Filibuster Before Noon.

Washington, May 25.—(AP)—Weathering the most stubbornly contested filibuster of the season the Norris-Morin Muscle Shoals bill was given final Congressional approval today when the House agreed to the conference report on the measure. The vote was 211 to 116.

Washington, May 25.—(AP)—Breaking a filibuster which had lasted for more than 24 hours and exhausting those who had carried it on the senate today adopted the conference report on the Muscle Shoals government operation bill.

The conference report is a compromise between the senate and house bills and would provide for government operation of the Muscle Shoals project and for the manufacture of nitrogen. The house must yet act.

At the insistence of the senate, a provision for manufacture of fertilizer was eliminated from the report early this week. The compromise provided, however, for the construction of the Cove Creek dam.

Party lines were wiped out on the vote, which came suddenly shortly before noon.

Ruled against the two efforts to recommend the Muscle Shoals conference report to committee, Senator McKellar, Democrat of Tennessee, gave up the filibuster against it shortly after 11 a. m. today at the end of a 24-hour continuous session.

The collapse of the filibuster came after Senator McKellar of Tennessee, fighting against a project in the bill for a dam at Cove Creek, in his home state, had exhausted his physical endurance from hours of speaking.

He frankly told his colleagues that he could go no further when he was turned down on two points in order he had made against the bill but he added that he was certain President Coolidge would veto it.

McKellar, Tydings, of Maryland; Blease, of South Carolina, and King of Utah, bore the brunt of the speech-making which ran through the night and morning but the proponents of the measure as it stands, led by Norris, of Nebraska, stood their ground. Never through the slightest sign of surrender or compromise on their part.

The vote on adoption of the report was 13 to 34.

Determined to prevent enactment of this session of the Muscle Shoals bill, the handful of opponents of that legislation held the lines through the night hours in a filibuster which today showed no sign of abatement.

McKellar, of Tennessee, was talking against time as the every day working people of Washington went about their business. There had been no break in proceedings except for a period between 4:30 and 7:20 o'clock this morning during which opponents at arms scoured the city to produce a quorum and permit the resumption of the discussion.

Occasionally a senator came out, hair rumpled, clothing wrinkled from the all night vigil and the bits of slumber on couch or upholstered chair, but usually he was bound for the restaurant on the floor below for a cup of coffee as a morning brace.

McKellar lounged against a front desk on the Democratic side, reading from an endless document in a low, hoarse voice. The Democratic benches around him were all vacant but on the couches that lined the walls of the chamber a colleague or two dozed or read the morning paper.

Across the aisle on the Republican side, Norris of Nebraska, captain of the forces driving for enactment of the bill and determined to press the campaign of physical attrition to the limit of human endurance conversed with Black, of Alabama. All around on desks and the floor were torn scraps of paper, crumpled documents and other evidences of the all night battle that had given janitors little chance to perform their function in the hours of darkness.

Blease of South Carolina, was another hero of the thin but talkative line of defense. He had two speeches to his credit in less than 12 hours and both were long.

The only incident of the early hours today was an attempt by Black to sweep McKellar from his feet on a point of order made in the absence of Senator Norris.

Brookhart of Iowa, held down the vice president's chair as presiding officer, Norris returned in the midst of the wrangle and it then developed a gentlemen's agreement existed between McKellar and himself and the incident ended with the Tennessee senator resuming his speech.

AWAIT RETURN OF DIRIGIBLE AT KINGS BAY

Strong Wind Said to Be Impeding Progress of Italia Returning From Pole.

Kings Bay, Spitzbergen, May 25.—(AP)—A strong southeast wind was blowing at Kings Bay this morning and watchers awaiting the return of the dirigible Italia from her successful flight to the north pole expected that there would be some difficulty in making a landing.

Latest advices from the Italia said that the airship has been making half speed against a strong southerly wind which has been making her return to Spitzbergen more difficult and slower than her 19 1/2 hour flight to the pole.

The dirigible was expected about noon today, but at 11:30 a. m. had not yet put in an appearance, 33 hours from the time that she started from the pole.

Yesterday the ship had to work her three motors at full speed in order to work her way through the wind.

Rome, May 25.—(AP)—The aeronautic department learned today from General Nobile that his return from the north pole in the dirigible Italia would prove a more difficult feat than the flight to the top of the world. Complete satisfaction was expressed on all sides, however, since the airship hitherto has shown much splendid resistance to snow and winds.

Under best circumstances the Italia, which was almost 60 hours out, was not expected to be able to reach Spitzbergen before late this afternoon. The ship had been expected at her base after her successful flight to the pole some time about last midnight, but at 10 o'clock last night she radioed that she could not make Kings Bay before noon today.

Two Killed When Fast Train Hits Big Mill Truck

Dyer, Ind., May 25.—(AP)—The engineer and fireman of Monon train No. 36, en route from Indianapolis to Chicago, were killed today when the train struck the trailer of a mill truck at St. Johns, five miles from here, overturning the engine and derailing five coaches.

William Dallenger, of Indianapolis, the engineer, was pinned under his engine and Floyd E. Crowder, the fireman, also of Indianapolis, was sealed to death. Passengers were shaken up but unhurt, the station agent here reported.

The train left Indianapolis at 1 a. m. and was due in Chicago at 7:10 central time. The truck was driven by a negro who jumped from his truck and fled as the engine smashed into the trailer.

Democrats and Republicans to Stage Ball Game

Washington, May 25.—(AP)—One question is to be settled definitely during the present session of Congress, whether the Democrats or the Republicans in the house are the worst ball players.

The contest, known as the "biennial congressional world series baseball game," will be played tomorrow. President Coolidge will throw out the first ball. The marine band will give a concert before the game and every error and other plays during the contest will be broadcast.

Representative Clyde Kelly, of Pennsylvania, is captain of the Republican team and Representative Thomas McMillan of South Carolina, heads the Democrats.

Two Hundred Families Destitute After Storm

Pirmocham, Ala., May 25.—(AP)—Approximately 200 families have been left destitute and without food as a result of a terrific hailstorm which swept portions of West Central Alabama Tuesday, a checkup today revealed.

Unofficial damage of loss to crops and property was placed at more than \$500,000. Approximately 600 square miles of farm land was practically laid waste. It was estimated that 18,000 acres of cotton and 6,000 acres of corn were ruined.

Ten Coal Mines Ordered Closed By Rockefeller

New York, May 25.—(AP)—The Consolidation Coal Company in which John D. Rockefeller, Jr., is a majority stockholder has taken the first step toward solution of what it believes is the major ill of the bituminous industry—over production—by ordering ten of its mines closed.

Announcement of the action came from Robert C. Hill, chairman of the board of the company, who said that four of the company's mines in the Somerset coal fields of Pennsylvania and six in the fairmont field of West Virginia, are being shut down.

This throws out of employment about 2,500 men or 29 per cent of the employes in the two fields affected.

CLOSURE RULE ON TAX BILL

Unwilling to Take the Chances of Losing to Compromise, Closure Petition Used.

Washington, May 25.—(AP)—Unwilling to take any chances of squeezing out the compromise \$222,495,000 tax reduction bill in the closing hour jam, Senate leaders circulated a Closure petition today with a view to restricting debate when they get the measure before the Senate.

Before the House can take up the compromise bill, the Senate must act on the demand of the House that strike out the Norris amendment opening income tax returns to public inspection.

This is the first time this session that the Senate has prepared to invoke the drastic Closure rule which is the only method by which unlimited debate can be checked by unanimous consent. It requires the filing of a petition signed by 16 members and a two-thirds vote then for adoption. If the rule is adopted, discussion of the legislation is limited to one hour for each Senator.

Washington, May 25.—(AP)—The finding that automatic train control devices installed on the Southern Railway System at Danville, Ky., failed to prevent a passenger train wreck there on April 10, was made today in a special report to the Interstate Commerce Commission by safety inspectors.

Negro Executed At State Prison During Morning

Danville, May 25.—(AP)—John Clyburn, Charlotte negro, paid with his life in the electric chair at the state prison here today for the murder of Cyrus M. Fink, mechanic of Charlotte. Clyburn was strapped in the chair at 10:33 and was pronounced dead at 10:39 after one shock of two minutes and 15 seconds duration. The negro said nothing after entering the chamber accompanied by a spiritual adviser, except to repeat the words of the 23rd Psalm.

Clyburn was convicted in Mecklenburg county largely on the testimony of Dave Devlin, negro, who was executed several weeks ago for the murder of a Rowan officer. Payton Commissioner Bridges issued a statement yesterday saying he had made a full confession to him Tuesday admitting that he fired the shot that killed Fink when the latter resisted an attempt at a hold-up by Devlin and Clyburn.

Bremen Crew Reaches N. Y.

New York, May 25.—(AP)—The crew of the trans-Atlantic airplane Bremen came back here today to rest after their triumphant tour, before returning by steamship to Europe June 9. The three, Baron von Huenefeld, Major James Fitzmaurice and Captain Hermann Koshi had been fed in a dozen cities of the United States and Canada while always there pressed upon them the thousands anxious to see and hear the men who braved the westward crossing of the sea.

Their formal tour ended yesterday when they boarded a train at Quebec for New York, by way of Montreal. After a day at the Ritz Carlton here they will retire to a quiet spot in the country, unannounced so that their seclusion may be complete. They will remain there until sailing.

ORDER DISCONTINUANCE OF BEER PARLOR RAIDS

Chicago, May 25.—(AP)—The raiding of beer flats and soft drink parlors except in cases where previous evidence has been obtained was ordered discontinued by Police Commissioner Hughes today.

The commissioner said that failure of courts to convict those arrested was the reason for cancellation of his previous instructions, which were for a vigorous drive against the 5,000 or more beer flats he believes are operating in Chicago.

Police, however, will continue to enforce the 1 a. m. closing hour order, even to the obtaining of license numbers of automobiles found parked in front of saloons after the closing hour.

THREE DIE WHEN PLANES CRASH IN SOUTH

Lost in the fog above Richmond, Va., E. J. Morrissey (left), 35, Aurora, Ill., flying the northbound mail from the South, crashed and was killed instantly. The wreckage is Morrissey's plane. Howard B. Chase (right), New York and Palm Beach society man, and John H. Demott, Garden City, Long Island, were killed when their plane fell at Palm Beach.

Government Recovers \$2,000,000 In Taxes During Oil Inquiries

Washington, May 25.—(AP)—A total of more than \$2,000,000 in income taxes has been recovered as the result of the Senate investigation into the Liberty bond oil profits of the Continental Trading Company.

Secretary Mellon today informed the Senate in reply to a resolution asking the information that of this amount \$60,097.19 was recovered from H. M. Blackmer, of Denver; James E. O'Neil, former president of the Prairie Oil and Gas Company, and the Sinclair Crude Oil Purchasing Company.

Included in the taxes received was \$151,597 from Blackmer; \$151,501 from O'Neil and \$246,033 in principal and \$57,160 in interest from the Sinclair Crude Oil Purchasing Company. Other items collected totaled \$1,398,000.

The taxes assessed were the regular corporation taxes on income of the Continental Trading Company whose profits were divided among Harry F. Sinclair, Robert W. Stewart, O'Neil and Blackmer. Penalties were added for non-payment. The individuals still have their personal income tax to pay on the amounts they received. Senator Walsh, Democrat, Montana, said.

Automatic Train Signal Fails To Prevent Wreck

Washington, May 25.—(AP)—The finding that automatic train control devices installed on the Southern Railway System at Danville, Ky., failed to prevent a passenger train wreck there on April 10, was made today in a special report to the Interstate Commerce Commission by safety inspectors.

One man was killed and 23 were injured when Southern train No. 12 ran through the control system into the rear of an engine standing in the yards.

"This accident occurred on a line equipped with automatic block signals and an automatic train control device and it was an accident of a type which these devices are designed to prevent," the report declared.

"It was caused by a switch being open directly in front of train No. 12 for which brakeman bauld of extra 6272 is responsible. He admitted that he entirely overlooked 'train No. 42'."

House Republicans Pledge Support To Commerce Secretary

Washington, May 25.—(AP)—Herbert Hoover's candidacy for the Republican presidential nomination today had the solid support of 134 Republican members of the House, including 24 of the Congressional delegation from Pennsylvania, who with 79 unaffiliated delegates to Kansas City, are expected to play a powerful hand in selecting a nominee at the June 12 convention.

The entire group of 134 Representatives gathered at the Willard Hotel last night at a final pre-convention meeting and pledged their whole-hearted support to the commerce secretary. Mr. Hoover attended and spoke briefly, thanking the banqueting group for their offers to assist in his drive for the nomination.

To Ask League for Increase of Judges

Geneva, May 25.—(AP)—An increase in the number of judges in the international court of justice from eleven to fifteen seems a probability. The recent resignation of John Bassett Moore, American judge in the court, is understood to have led officials to the conviction that the work of the tribunal has been so augmented that the panel has arrived to increase the panel.

It is likely that the September session of the assembly of the League of Nations will be asked to approve a recommendation to the council to make the increase under the plan the number of deputy judges also would be increased from four to six.

FIVE MEN DIE IN BLAST AT COAL MINE

Wilkes Barre, Pa., May 25.—(AP)—Five men are reported dead and several are in hospitals here as the result of an explosion today in the Conyngham shaft of the Hudson Coal Company.

SCHWAB TALKS TO STEEL MEN AT NEW YORK

Urges Elimination of Cross Country Hauling As Economic Measure.

New York, May 25.—(AP)—Elimination of cross hauling or unnecessary transportation, would effect desired economies for the steel industry and obviate the necessity of cutting wages or increasing prices, President Charles M. Schwab told the American Iron and Steel Institute at its semi-annual meeting today.

He recommended that the Institute constitute a committee of expert steel men to study the problem and frankly place before the public and the proper public authorities a constructive plan looking to that end, adding that government knowledge and possibly government supervision of such measures would be advisable.

Explaining that the industry's return of approximately 5 per cent upon its \$5,000,000,000 investment is not only inadequate, but the lowest in any of the principal manufacturing industries, Mr. Schwab declared.

That such a low margin of profit is not conducive to sustained national prosperity. Reduction of the costs and increase in prices were suggested as the "most obvious remedies," but belief was expressed that the industry already had gone to the limit in reducing production costs. Wage cuts were held to be undesirable. Price increases, while helpful to the industry and fair from the customer's viewpoint, he said, might be avoided by eliminating waste due to distribution, thus finding another solution of the problem of obtaining adequate return.

Turning to business conditions, Mr. Schwab said "America is enjoying an amazing period of prosperity," with the moderation in business which a presidential year usually brings less manifest than in other year of political uncertainty. Seasonal conditions were viewed as favorable with every justification for expecting a volume of business greater than that of 1927.

On horses and motorcycles; and in airplanes and automobiles, the police, made up of sheriffs' forces, state police, national guardsmen and the citizens of a half dozen Colorado towns, formed a huge triangle across Southern Colorado, a strip of Kansas, and northern Oklahoma.

In this country made famous as the hideout of rustler bands and gunmen in the old days of the west—a bleak, sparsely settled, sandblown waste—the possemen expected to find their quarry and the action in many places was penetrable only on horse or on foot. Sand dunes, topped with occasional sycamore trees, and patched with sage and cactus form virtually the only breaks in the monotonous terrain.

Posse Chases Bank Robbers In Colorado

Lamar, Colo., May 25.—(AP)—South through the rough Arroyo country into Oklahoma, a large posse today trailed the four robbers who killed the president and cashier of the First National Bank here, kidnaped a teller, and escaped with \$20,000 in money and securities Wednesday.

Numerous other witnesses examined by the defense to strengthen the testimony of those who yesterday gave the defendant a good reputation and to corroborate previous evidence as to his movements that Saturday night and the next Sunday.

Lawrence appeared to be stronger today than at any time since he slashed his throat in his cell last Saturday but he was still attended by a nurse.

To Probe Federal Favor In South

Washington, May 25.—(AP)—Senators Brookhart of Iowa, and Odde of Nevada, Republicans, and Lecher of Ohio, Democrat, are to conduct the Senate inquiry into charges of the sale of federal post-office patronage by Republican leaders in the south and in other sections.

Appointment of this subcommittee of the postoffice committee was announced by Senator Moses of New Hampshire, the chairman. The committee probably will meet with in a day or two to plan the inquiry which is limited to postmasters and letter carriers. The inquiry is sponsored by Senators Geary and Harris, Democrats, Georgia.

PRINCESS VICTORIA GETS IN POLICE COURT

Bonn, Germany, May 25.—(AP)—Princess Victoria of Schaumburg-Lippe, sister of the former Kaiser and wife of Alexander Subkoff, the young Russian refugee, now has a conviction against her name in the police records, having been fined twenty marks (\$5) for violating police regulations in failing to obtain a German visa for a recent visit to Belgium where her husband is in exile.

The Princess accompanied Subkoff's mother and another Russian on a visit to her husband who has been staying in Belgium ever since he was expelled from Germany after a series of escapades.

BILLY SUNDAY TELLS STORY ABOUT HEAVEN

Graphically Portrays Scenes Beyond the Celestial Region.

"Heaven is a place and not a state or condition," declared Rev. Billy Sunday, speaking before a congregation of approximately four thousand people assembled at the mammoth warehouse-tabernacle in this city last night.

"Some people like to say heaven is a state or condition," the evangelist declared. "I do not believe it. It might possibly be better to be in a heavenly state than in a heavenly place. It might be better to be in hell in a heavenly state or in the home, than to be in heaven in a hellish state. That may be true. Heaven is as much a place as the home to which you are going when you leave this meeting. I go to prepare a place for you."

The subject of the sermon was "Heaven." With bold strokes, Mr. Sunday painted a wonderfully effective picture of the celestial region. He quoted frequently from the Bible and brought illustration after illustration into play to prove the logic of his arguments.

He imagined himself in Heaven. He described himself waiting at the gate for "Mr. Sunday and the children." He watched breathlessly as each soul came through the portals. Eventually they came—these beloved members of his household.

He greeted them all. He told the children to run along and play while he and "Ma" talked over the things that happened since his departure from earth.

With quick, flashing strokes of the artist, Billy Sunday pictured "Ma" Sunday as she gave him a detailed description of happenings on old terra firma. She inquired if "so and so" had been seen in Heaven. Bill at times replied in the affirmative, again in the negative. But always he was sketching, boldly, vividly, accurately, the peace and serenity of this meeting after death.

His acting was perfect. He before had Billy Sunday brought before his congregation such a scene more impressive. He moved his hearers as they possibly had not been moved before since the campaign began, and tears flowed freely down the cheeks of men and women as they listened, spell-bound, to the magic words of the great defender of the Bible.

He declared the conception of Heaven by the average man and woman was short of appalling. He said some seem to think God is an expert accountant with countless numbers of angels acting as assistant bookkeepers. They think an accurate record is made of good and bad deeds, that at the end of their earthly career the angels strike a balance and they are judged accordingly. If the good deeds outweigh the bad, they are heaven bound, but if the bad deeds are in preponderance, hell is their next stop.

He would not be contented. All good things are initiated but the counterfeits cannot possibly be as good as the original.

At this juncture he paid his respects to the teachings of Christian science and "isms" and "isms" of the present day, declaring it all to be pure "humbug." It was a scathing denunciation of those would substitute creeds for the Bible and carried conviction to the countless hundreds hanging breathlessly upon every utterance of the famous speaker.

In the congregation last night were representatives of Rotary clubs of Eastern Carolina, and women members of the various business organizations of the city. Each delegation was recognized during the preliminary services. Opening prayer was made by Rev. Mr. Marshburn, of Robersonville, and the closing by R. J. Hamber, of Eighth Street Church of Christ.

The choir loft was packed to capacity again, and under the direction of Homer Hammond, the 300 members sang with such complete abandon that it seemed the roof the building would be lifted from its rafters. The congregation joined in spiritedly at times, and when Mr. Sunday started preaching everyone was in a receptive mood for the great message.

W. E. Hooker appeared on behalf of the committee having charge of raising the "special offering" for Mr. Sunday. He stressed the great good which the community had derived from the visit of the distinguished representative of the Bible and urged great liberality for the fund to be presented at the final services Sunday evening.

Mr. Sunday went to Tarboro this morning where he spoke to a large delegation of citizens from Nash and Edgecombe counties. He will go to Bethel later in the week. These will be the last out-of-town speaking engagements while here.

(Continued On Page Eight)

More Contributions For Baseball Fund

Contributions to the children's baseball fund today totaled \$14.00. The sum of \$115.00 is needed to make it possible for all children of the city between the ages of 6 and 10 years to attend ball games here during the remainder of the season.

Contributions may be sent either to the Reflector or T. T. Hollingsworth. Donations to date follow:

Reported yesterday	\$6.00
Bob Matthews, of the Billy Sunday Party	5.00
Cash	1.00
J. O. Evans	1.00
Dr. C. O'H. Horne	1.00
Total	\$14.00

LOCALS DROP ANOTHER GAME TO GOLDSBORO

Goldboro made it two straight from Greenville by taking yesterday afternoon's ten inning tray by the score of 5 to 3.

The exhibition was witnessed by the largest crowd of the season and was featured by a return to the diamond of "Billy" Sunday, noted evangelist, and one time star on the old Chicago White Stockings, who called balls and strikes during the first inning. Mr. Sunday was duly authorized to act as umpire by President W. H. Brabman several days ago, and his appearance was largely responsible for the large number of people in attendance.

Deacon Joliff did the mound work for the locals. He breezed along like gentle zephyrs until the sixth, eighth and tenth innings when Goldboro hammered out ten safeties with a net result of five runs.

The last two came in the final frame, breaking the tie and giving the second victory of the series.

Greenville scored one run in the first inning and two in the second, and while threatening to score at other times, inability to hit when hit would have resulted in runs brought about their downfall.

Harrington pitched a wonderfully effective game for the visitors. He proved decidedly effective after the second inning when the Greenville rally subsided.

Greenville moved over to Winston this afternoon for a two game series. With both of these battles for honors of the bottom of the standing of clubs column, the outcome of today's game is watched with more than ordinary interest.

The box score of yesterday's game follows:

Goldboro	Ab	R	H	O	A	E
Wilson ss	4	0	0	1	2	1
Smith cf	5	0	1	1	0	0
Fulton lf	5	0	1	4	0	1

Winston-Salem Bidding Strong For the Lead

By the Associated Press. The Winston-Salem Twins outfit strengthened their hold on second place in the Piedmont league yesterday in a valiant attempt to overhaul the flying Patriots by winning both ends of a double header from High Point, third in the league standing. A batting spree in the first game at the expense of Zimmerman and Alvarez brought 12 hits and a 5 to 3 victory and the Twins turned 11 hits into 10 runs in the night cap to win 10 to 8.

The Patriots pounced on the hapless Capitols and turned in a 13 to 3 win to retain the league leadership. Durham and Salisbury fought it out in two games, one of which went through ten innings and finally divided the honors, Durham taking the first 1 to 0 in ten innings in a beautiful air tight battle and dropping the next 2 to 4.

Asheville, May 25.—(AP)—The physical plant of Bingham Military School will be replaced by new buildings on the present site as soon as construction is possible. Colonel S. R. McKee, Head Master, announced to the student body yesterday when the institution completed its 135th scholastic year. Plans for the new structures are now being drafted, he said. The present plant has served 37 years, he added, and has been outgrown by the institution.

Asheville, May 25.—(AP)—Harry "Fuzz" Anderson, right hand Mers Hill College pitcher, who signed a contract with the Cleveland Indians of the American League yesterday, is to leave here this morning to join the Peckinpaugh clan at Cleveland. He is a native of Madison county.

CHINA AND U. S. MEET IN DAVIS CUP MATCHES

With Tilden handicapped by a sprained ankle, younger stars will carry the brunt of the United States game against China in the American-zone Davis cup semi-finals in Kansas City. The American team, left to right: William T. Tilden, Junior Coen, John Hennessy and George Lott. The Chinese team: Ng Sze-Kwong, captain; Paul Kong, Gordon Lum and Hoi Yne.

Kansas City, May 25.—(AP)—Renewing their drive for the world's tennis championship, United States Davis cup players meet the Chinese squad here today in the first of five matches in the American zone semi-finals.

Two singles matches today found John Hennessy, of Indianapolis, paired with Gordon Lum, captain of the Chinese team, while George Lott of Chicago, faces Paul Kong. William T. Tilden, captain of the American team, and W. F. Coen

of 16-year-old Kansas City school boy have been tentatively matched with Kong and Lum in the doubles tomorrow. Hennessy is slated to meet Kong and Lott will take on Lum in singles Sunday.

MORGAN WINS OVER MARTIN

New York, May 25.—(AP)—Tod Morgan, Seattle battler, mused today upon how narrowly he escaped joining the company of those known as former junior lightweight champions.

While less than 6,000 fans looked on apathetically, Morgan successfully defended his 130 pound crown against the dogged, bull-like rushes of Eddie (Cannon Ball) Martin, one-time king of the bantamweights, in a 15 round bout at Madison Square Garden last night.

Ted's margin of victory, however, was the closest. The Associated Press score card gave Morgan seven rounds, Martin six, with two even. Slow and short of arm, Morgan staked his whole battle for the title on a body attack. In he rushed, taking the champion's short jabs in order to get a chance to pound away at Morgan's body. For the first few rounds the sharpshooting Pacific Coast star had all the better of the milling, with sharp left jabs and right uppercuts. Undaunted, the former bantamweight champion never stopped planning in. After the first half of the battle, the pendulum swung to Martin as Morgan tired under the challenger's charging tactics. On even terms the 15 round opened Morgan saved his crown by a brilliant rally that had

Martin groggy as the final bell ended the milling.

The 5,907 customers, surfeited with the feast of boxing they've been given this week, paid \$17,754 to see the third championship bout staged in New York in four days.

Pirates Firmly Entrenched In Second Position

By the Associated Press.

Hal Weafer's Pirates from Wilmington used the Rocky Mount Buccaneers as a stepping stone into a firmly entrenched second place position yesterday and defeated them 3 to 0 in a well played exhibition. Scoring once in the first, fourth and sixth innings, the Pirates held their visitors scoreless and accorded Powell well high faultless support.

The Goldbugs were finding it harder sledding with Greenville but finally bunched hits off Deacon Joliff in the tenth to win 5 to 3 in a game at which Billy Sunday officiated for an inning. Goldsboro came from behind to win the game, scoring twice in the sixth and once again in the eighth to even the count.

The Highlanders turned nine hits into seven runs while the Kinston Stammers were able to convert 13 safeties into only four runs and won 7 to 4. Bases on balls by Kinston menemen contributed to the downfall.

FIGHTS LAST NIGHT

New York, Tod Morgan, Seattle, Defeated Eddie "Cannon Ball" Martin, Brooklyn (15) Ernie Jarvis, England, won over Frisco Grande, Philippines, (8).

Chicago—Joey Mendill, Chicago, and Mike Dundee, Rock Island, Ills drew (10).

Detroit—Stanislav Loayza, Chile, won from Bruce Flowers New Rochelle, New York (10).

Fort Thomas, Ky.—Pat Daly, Cincinnati defeated Johnny Michaels, Pittsborough (10).

Des Moines—Mike Mandell, St. Paul, technically knocked out Jack (Chief) Elkhart, Chicago (5).

Home Teams Win Out in "Sally"

A frolicsome mood prevailed the South Atlantic Association today, and well it might, with three home teams victorious in the first altogether sun shirny day in a long while, and the losers thankful for a second consecutive bright dawn that assured them of immediate tilts for vengeance.

Ashville yesterday continued to show the form that has held first place so long and put in enough work with the stick to defeat Spartanburg 6 to 2. Bud Shaney holding the Spartans at a distance with only five hits.

Weber led the Tourists at bat with three hits out of as many trips to the plate.

Given a good example by the Walkers, F and C who secured three homers between them, Greenville smothered Knoxville under a 12 to 4 count. Hamilton connected for the circuit on two occasions to account for three of the Smoke runs while Price aided the Spinner cause with a four bagger.

Now a Colonel

"Babe" Ganzel, hard hitting outfielder, formerly with Birmingham and Washington, has been bought by the Louisville Colonels.

Columbs nosed out Augusta 3 to 2 although outbid by the Tygers, two of the winning runs coming in the first inning. McNeill held the Comecs to seven bingles but failed in the pinches while his mates were getting next to Mahaffey for blows.

Mason proved to be the only club able to overcome the handicap of a foreign field, beating Charlotte 5 to 1. Roach had an easy time allowing them five hits.

Tremper hit two triples for the Peaches and scored three runs.

YANKS SPLIT EVEN WITH ATHLETICS

(By The Associated Press.)
The first two battles of the American league's initial "crucial series" of the season finds the New York Yanks and the Philadelphia Athletics no better and no worse than they were before the opening shot was fired.

Before 41,000 cash customers and thousands of others who occupied points of vantage outside Shibe park the two leaders yesterday split even in the first two games of a six game series.

The attendance set a new record for Philadelphia. Ten thousand wild-eyed fans vainly sought to push their way into the park which already was filled to capacity. Riot calls brought additional police to the scene in an effort to restore order.

The champions pounded Robert Moses Gorve, Connie Mack's star southpaw, hard and often to take the opener 9 to 7, but Ossie Orwall held the Yankees to six hits in the night cap and the Athletics raced into a 5-2 victory. Babe Ruth's 14th homer of the season and Tony Lazzeri's first represented the sum total of the Yankees scoring.

Lazzeri pounded in six runs in the first game. Despite the fact that Grove had an off day the southpaw was permitted to remain in the game until the eighth inning. Powers and Ehmeke finishing. George Pipgras lost his first game of the year in the nightcap, the Athletics bunching hits off him in the sixth and seventh to score all their runs. Spaker drove in three of the with a double and a single.

Bob Fothergill's double with two men on base in the 12th enabled the Detroit Tigers to score a 6 to 4 win over the White Sox at Chicago.

The St. Louis Browns took a sloughy game from the Indians 12 to 9.

The St. Louis Cards pushed their way to within half a game of the National league lead by beating the Cincinnati Reds 7 to 1, for their fourth straight victory.

Jess Petty, recently suspended for breaking training rules returned to the Brooklyn mound and shut out the New York Giants with three hits, 3 to 0.

The Pirates gave the Chicago club their fourth straight setback at Pittsburgh, 6 to 2. Neff lasted until the fifth despite a four run rally by the Carsairs in the fourth. Despite a patched up infield the Pirates played good ball behind Grimes.

TWO CHILDREN BURNED TO DEATH
Sumter, S. C., May 25.—(AP)—Mary, four-year-old daughter of Joseph B. McFadden who lives in Clarendon county on the Sumter-Manning highway, and Charles Lite, his five-year-old nephew, of High Point, N. C., set fire to a barn in which they were playing at noon today and both were burned to death. The building was wrapped in flames before rescuers could arrive.

Again Flying

A few days in the hospital, crashing his plane into Stone Mountain, and Johnny Kytte, air mail pilot between New York and Atlanta, grins as he resumes flying.

EAST MEETS WEST AT CAMBRIDGE TODAY

Cambridge, Mass., May 25.—(AP)—Eastern college track athletes today had the almost impossible task at the Harvard stadium of preventing a small band of Californians from romping away with most of the honors in the 52nd annual championship meet of the intercollegiate association of amateur athletes of America.

Though the cream of 32 college track teams was entered, indications were that the wonderfully well balanced squads from Stanford and Southern California would dominate the meet during the trials this afternoon and the finals tomorrow.

The experts conceded Stanford its second consecutive championship and most of them agreed that Dean Cromwell's Southern California team, aided by Charley Borah, intercollegiate sprint champion, and Lee Barnes, pole vaulter extraordinary, would have little difficulty finishing in second place.

INSURANCE AGENTS TO MEET NEXT AT CHARLOTTE

Greensboro, May 25.—(AP)—Charlotte was chosen as the 1929 convention city for the North Carolina Association of Insurance Agents at the final session of the body held yesterday. The time is to be designated by the executive committee.

Sam Ruffin, of Raleigh, was unanimously elected president. Charles T. Mason, of Pinehurst, vice-president; and W. S. Markham, of Durham, secretary-treasurer.

The convention was characterized as the most successful in the history of the association.

Pilot Killed In Crash

Lisbon, Portugal, May 25.—(AP)—A military plane flying near Lisbon crashed into a windmill today. The pilot, Captain Aragon, was killed and his mechanic was seriously injured.

Miss Lloyd George Wins House Seat

Llangatn, Ang., May 25.—(AP)—Eccentric scenes marked the first political success of Miss Megan Lloyd George yesterday but today the 35 year old daughter of prime Premier David Lloyd George stepped to sit beside her father in the House of Commons as the Liberal member from the Anglesey division.

Local differences among the Liberal electors caused a noisy scene when they met to choose their candidate for the seat. There were three candidates—Miss Lloyd George, Ellis W. Roberts, and Col. Lawrence Williams.

Prize Winning Letter

Below the letter written by Mrs. R. T. Burnette on "Why I send My Clothes to the Eureka Laundry".

Mrs. Burnette's letter was declared by the Judges to be entitled to the first prize of \$50.00

Gentlemen:

Since last August I have been a steady patron of yours and in comparison with all other laundry work that I have ever had done, I must say that for various reasons, quoted below, I think it essential that I send my laundry to your establishment.

First of all, when Monday morning arrives, we do not have to worry for we know our laundry will be called for in due time, and then after you call for same we know that we shall only have to wait twenty four or thirty six hours for our clean clothes to be returned to us. Now this fact alone has one special good point, eliminating a need for a large assortment in our linen closets, for when our clothes are out only such a short time it makes it unnecessary to have a large assortment.

Our old-fashioned way of letting our clothes leave our homes and remain in the care of our old-fashioned wash-women for a week at the time is another thing which your service has wonderfully improved. As we all know, this old-fashioned way, which we have all used, is one which leads us to take great chances, for, we never know what contagious diseases our clothes may be exposed to, also under the old method we sometimes found our clothes infested with bed bugs, which your service has eliminated. This one service alone is worth all the rest.

Another big advantage, I find, is that during all the nine months which you have served me, I have never lost one article nor have I had one misplaced.

Your man weighs the articles before he leaves our house and we know what our laundry bill is going to be at the very first, also we know that when our clothes are returned they will be nicely done—no spots in them, they will be ironed nicely and best of all, they will bear that clean odor which your process gives them.

Now with all the above reasons, I have also found that by letting you do our laundry, that my laundry bill is even less than what it was by the old method, so why should anyone patronize the old-fashioned wash-woman, with the dissatisfactions, in preference to your method with all its advantages, when yours is the most reasonable of the two.

Poppy Sale Tuesday And Wednesday
The Auxiliary of the Pitt County Post of the American Legion will conduct a Poppy sale on Tuesday and Wednesday. Proceeds from this sale are used for the disabled veterans of the world war. Every one should wear a Poppy on Memorial Day.

FRANK BROWN PURCHASES INTEREST IN CLEANING AND DYEING BUSINESS
Announcement was made today that Frank M. Brown has purchased an interest in the firm of Collins, Clemons and Dyers, and in the future will have complete charge of all outside work of the firm in the capacity of sales manager. Mr. Brown has been connected with the firm of Collins as salesman for the past year, prior to which he had received about five years' experience through association with similar institutions in this city.

Mr. Brown is well known here and this with his wide experience in this line of business should prove a great asset to the firm of Collins.

Greenville High School Home Economics Exhibit.
A very enjoyable and delightful exhibit was given Tuesday, May 22, by the Home Economics Department of the Greenville high school for the mothers and teachers of the city schools.

While the guests were admiring the many articles made in the department, a fashion show was displayed by a group of home economics students.

Mary Frances Whitehurst made the following introduction:
Our club has decided to put on a fashion show, so that the good work we do you might know. We have dresses of every possible hue. We trust that these will be pleasing to you.
Miss Lucile Woolard in a little blue hat and dainty dress of blue and white.
In these doesn't she look a beautiful sight.
Next comes a dainty print worn by Miss Zelota Tripp.
So Springlike it reminds one of rabbits that skip.
Miss Beatha Mills in tub silk of blue.
This color to her is the most becoming hue.
Miss Mabelle Bamber in her straw hat.
She does look dainty, you must admit that.
In flowered linen and hat to match comes Marguerite Hall.
She is becomingly gowned for any occasion even at ball.
Miss Catherine Utley in a yellow print with tucked organdie vest.
She looks as though she were the queen of a love nest.
And now the emblem of spring is seen.
Miss Patsy Davenport in dress and hat of sweetly green.
The singham gown is hard to beat.
Here comes Laura Thornton in her yellow gingham hat and dress.
Oh so girlishly sweet.
Elizabeth Madrin in a print but not of the press variety.
This dress is figured and flowered to suit the most exquisite society.
Miss Mary James Lipscombe in colorful print with red in the lead.
This is a stunning summer dress indeed.
Frances Harvey in a print also but of different hue.
Prints are quite the style this year.
Margaret Patrek in dainty pink pongee.
Painted in pastel designs of delicate variety.
And now this concludes our fashion show.
We are glad you came to see us so that our work you might know.
The hostesses were Mary Wall

Muldoon in Bed In N. York City
New York, May 25.—(AP)—Today, for the first time in 43 years, William Muldoon, Old Ironsides of the New York State Athletic Commission, is spending his birthday in bed.
Instead of rising at 6, exercising strenuously for two hours, breakfasting at 8 and then riding horseback for three hours more, the boxer, wrestler, Shakespearean actor and physical culturist is in his room at the Hugenie Institute near White Plains, N. Y., cut off from friends, telephone and newspapers.
On May 16 he fell 15 feet from a raised platform to the ground, bumping the back of his head and injuring ribs on his left side. An old touch of neuritis returned and his doctor put him to bed ordering absolute quiet for the old warrior.
"I have no message," he told a visitor, "and I am still of the opinion that one of the greatest of all virtues is patience, for those who are growing old. There is nothing so bad as an impatient, bad-tempered old person. They are unhappy themselves, and they make those about them unhappy."
What, asks the New York Herald-Tribune, will the "Professor," the old Roman, the Iron Duke, the solid man—he is given all those titles—be thinking of today as he lies on his bed of pain, silent and alone?
Perhaps he'll be thinking of the old days when he was a champion himself—champion of the world at Graeco-Roman wrestling. Took the title for several years, retiring undefeated.
Those were the days—four years of service, from 16 to 23, with the Army of the Potomac—"hashing" in cheap restaurants and bouncer in dance halls. Six years on the New York police force, then the wrestling and after that the fighters—teaching them, training them, keeping them from drinking themselves to death—brave, glorious old days.

Model School Third Grade Is Given Cup
Recently a dental survey was conducted in the Greenville city schools for the purpose of determining which grade had the highest percentage of pupils with teeth in perfect condition. The work was conducted by the four dentists in town, co-operating with the County Health Department. The survey covered the first seven grades in the Model, Evans street and West Greenville schools. Based on the findings in this year, goes the silver fading cup, the survey of the third grade in the Model school. The cup, which is given by the dentists, is held for one year by the grade showing the highest percentage of pupils with teeth in perfect condition, provided, however,

that if any grade can hold it for three successive years, it becomes theirs permanently.

During the survey the teeth of 988 children were examined. Of this number 647 children were found to have decayed teeth that need attention; 116 were found whose teeth need cleaning only and 225, or 22 per cent, were found to have teeth in perfect condition. The purpose of the work is not only to show the parents, from the reports sent to them, just what dental defects the children may have, but also to encourage early and systematic care of the teeth. The dentists are to be commended for the interest they have shown and for the time given to the work. It is to be hoped that during the next year greater interest may be shown by pupils, parents and teachers and that a much higher percentage of perfect mouths may be found.

Card of Thanks.
We wish to thank our friends for their many kindnesses during our recent bereavement, also for the floral designs.
Mrs. Leir, Whitehead and Daughter.

Tribute to Doris Tripp
In memory of little Doris Tripp the infant daughter of Mrs. and Mrs. J. L. Tripp of Aulander, N. C.
It is with a sad heart that I attempt to write the death of my little niece, little Doris Tripp.
She departed this life May 22, 1928, making her stay on earth just a short time. She was a loving and devoted baby in her home. She had colic; and was confined only a few days. All was done for her that doctors, relatives and mother and father could do, but God's will must be done not ours.
She leaves a loving mother two little sisters and one brother and a heart broken father to mourn their loss, but weep not dear mother and father for she has gone to rest, and if you will keep a peaceful life you will be forever blessed.
Her funeral was conducted in the Green Wood Cemetery by Rev. J. H. Little, after which the little body was laid to rest under a mound of beautiful flowers to await the resurrection morn.
She is gone but not forgotten. Never will her memory fade. Sweetest thoughts will ever linger. Around the grave where she is laid. Here she lived, rejoiced and suffered. Their shell from all trials rest. We may wonder why God took her. But, He always knows the best.
By her Aunt

Model School Third Grade Is Given Cup
Recently a dental survey was conducted in the Greenville city schools for the purpose of determining which grade had the highest percentage of pupils with teeth in perfect condition. The work was conducted by the four dentists in town, co-operating with the County Health Department. The survey covered the first seven grades in the Model, Evans street and West Greenville schools. Based on the findings in this year, goes the silver fading cup, the survey of the third grade in the Model school. The cup, which is given by the dentists, is held for one year by the grade showing the highest percentage of pupils with teeth in perfect condition, provided, however,

that if any grade can hold it for three successive years, it becomes theirs permanently.

Sheriff's Tax Sale

By virtue of the tax list execution placed in my hands by the Board of Commissioners of Pitt County, and the levy made thereunder, and the law authorizing such sale, I will, on Monday, June 4th, at the court house door in the town of Greenville, N. C., beginning at 12 o'clock noon, offer at auction the real estate of parties hereinafter set out and the real estate as described in the said tax list unless the taxes and costs on the several parcels are paid by that time. Taxes for 1927.

This May 10th, 1928.
S. A. WHITEHURST, Sheriff of Pitt County.

Sheriff's Tax Sale

By virtue of the tax list execution placed in my hands by the Board of Pitt County Drainage Commission, of Drainage District No. 2, and the levy made thereunder, and the law authorizing such sale, I will, on Monday, June 4th, at the court house door in the town of Greenville, N. C., beginning at 12 o'clock noon, offer at auction the real estate of the parties hereinafter set out and the real estate as described in the said tax list, unless the taxes and costs on the several parcels are paid by that time. Drainage tax, 1927.

This May 10th, 1928.
S. A. WHITEHURST, Sheriff of Pitt County.

Market Report Cotton--Stocks--Grain

NEW YORK COTTON
New York, May 25.—(AP)—Selling inspired by improved weather reports was absorbed on further declines of 15 to 16 points in the cotton market early today, and prices later rallied on trade buying and covering. Losses were more than recovered, active months selling about 5 to 8 points net higher in mid-afternoon.

Futures closed steady 17 to 20 points higher; spot steady; middling 21.10.

CHICAGO GRAIN
Chicago, May 25.—(AP)—Acute weakness developed in the corn market today, and indirectly affected values of wheat and other grain.

Weather conditions were exceptionally favorable for the new corn crop, and corn receipts here were larger, including increased arrivals from the southwest. Cooler temperatures beneficial for the wheat crop were a bearish factor as to wheat.

Corn closed heavy 2 1/8 to 3 3/4 net lower; wheat 1 7/8 to 2 1/2 down; oats 3/8 to 1/2 to 2 1/8 off; and provisions varying from 7 to 10 decline to a rise of 42.

STOCK MARKET.
New York, May 25.—(AP)—Despite the disappointment expressed in some quarters over the relatively small decrease in brokers' loans last week, the stock market today continued the recovery begun on Wednesday. Waves of week-end profit-taking sales swept through the market at intervals but they provided only temporary interruptions to the upward movement of prices.

A few high-priced specialties were whirled upward 5 to 12 points while a long list of industrials and rails were marked up 1 to 3 points. There was no change in the credit situation but a further advance in the price of export copper helped to stimulate bullish enthusiasm for those shares.

Radio was run up 12 points to 205 but reacted several points on announcement that the federal trade commission had charged the corporation with violation of the Clayton act in connection with the sale of vacuum tubes. Otis elevator soared 11 points to a new peak of 296 as the advance advanced 6 3/4 points and commercial solvents 6 1/2.

Peak prices for the year, or longer, were registered by American Bosch Magneto, American Agricultural Chemical Common and Preferred Corp. of Pasco Copper, Burns Brothers B. Pictum, Geo. Motors, Martin Parry, Studebaker, Park and Tilford, Pacific Coast, Philip Morris and First National stores.

The closing was irregular. Total sales approximated 3,000,000 shares.

GEORGIA TOBACCO CROP REPORT
Stands of tobacco are good. Transplanting tobacco to the field average approximately ten days later than is usually the case.

Tobacco since transplanted to the field has been slow to start off. In many cases the plant has a rather pale color. There is considerable complaint of earlier set tobacco buttoning out before the plant has reached sufficient size.

My impression of the crop at this time is that the yield per acre will be low, but that the crop will cure out into medium sized, smooth bright leaves.

Unfavorable weather conditions in April (heavy rains and cool weather) retarded growth. Since the middle of May conditions have been much more favorable and in many cases the crops are showing very rapid improvement.

Declines to Join Hull Forces.
Raleigh, May 25.—(AP)—W. B. Jones, Raleigh, a reputed leader of Smith forces in North Carolina, yesterday declined to join Zeb V. Turlington, manager in this state for Cordell Hull, in an appeal to the voters to be present at precinct meetings Saturday and make known their preference for President.

The proposal was made by Mr. Turlington in a letter made public yesterday.

Mr. Jones' reply explained, "I have carefully examined the plan of organization of the Democratic party and I cannot and do not concede the right of any Presidential candidate to test his strength in a Democratic precinct meeting in this state."

To the People of Pitt County:

I greatly appreciated the vote given me for Judge of the County Court four years ago, and I shall again be a candidate in the Democratic Primary on Saturday, June 2, 1928.

I am not a politician and I do not represent any faction. I do not ask for this office for personal profit, but in order to render service for the public good. To help make Pitt County a better place in which to live is my ambition.

If I am nominated and elected to this office, it shall be my purpose to give everyone a square deal and to administer justice with equality, fairness and impartiality to all according to law and the dictates of an honest conscience.

Assuring you that your support would be most sincerely appreciated. I am,
Yours to serve,

JAMES L. EVANS

BILLY SUNDAY TELLS STORY ABOUT HEAVEN

(Continued From Page One) The local campaign will close Sunday with four services. The first service will be held at 10:30, the second for men only at 1:15, the third for the general public at 3 o'clock, the fourth at the regular hour in the evening.

The sermon follows: I would like, in my sermon tonight, if my strength will permit and your patience endure, to ask and answer three questions.

First, what do I want most of all? A man in Chicago said to me one day: "If I could have all I wanted of any one thing, I would take money."

He would be a fool, and so would you, if you would make a similar choice. There's lots of things that money can't do. Money can't buy life; money can't buy health.

But all the wealth of the Klondike could not open the grave and put that child back in your arms. Money can't buy the peace of God that passeth all understanding. Money can't take the sin out of your life.

Want To Live and Learn. Is there any particular kind of life you would like? If you could live 100 years you wouldn't want to die, would you? I wouldn't. I think there is always something the matter with a fellow that wants to die.

I want to stay as long as God will let me stay, but when God's time comes for me to go, I'm ready, any hour of the day or night. God can awaken me at midnight or in the morning and I'm ready to respond.

But if I could live 1,000,000 years I'd like to stay. I don't want to die. I'm having a good time. God made this world for us to have a good time in. It's nothing but sin that has damned the world and brought it to misery and corruption. God wants you to have a good time.

There Is Only One Way. I want to show you the absolute and utter futility of pinning your hope to a lot of fool things that will damn your soul to hell. There is only one way:

"As Moses lifted up the serpent in the wilderness, even so must the Son of Man be lifted up, that whosoever believeth in Him should not perish, but have eternal life. For God so loved the world that He gave His only begotten Son that whosoever believeth in Him should not perish, but have everlasting life."

Search the annals of time and the pages of history and where do you find promise like that? Only upon the pages of the Bible do you find them. You can't hire a substitute in religion. You can't do some deed of kindness or act of philanthropy and substitute that for the necessity of repentance and faith in Jesus Christ.

Lots of people will acknowledge their sin in the world, struggle on without Jesus Christ, and do their best to live honorable, upright lives. Your morality will make you a better man or woman, but it will never save your soul in the world.

I go to your high-toned, cultured, respectable man and say to him: "God hath included all under sin that He might have mercy upon all. All have sinned and come short of the glory of God. Whosoever cometh unto Me I will in no wise cast out. Will you accept Jesus Christ as your Saviour? Will you give me your hand?"

He says: "No, Sir; I don't want your Christ." Both Men Lost. What's the difference between those two men? Absolutely none. They are both lost. Both are going to hell.

God hasn't one way of saving the one and another way of saving the other fellow. God will save that man if he accepts Christ and He will do the same for the other fellow.

That man is a sinner and this man is a sinner. That man is lower down in sin than this man, but they both say "No" to Jesus Christ, and they are both lost, or God is a liar.

You can take a moral man, he may shine and glisten and sparkle like a diamond. He may outshine in his beauty the Christian man.

But he will never be anything else. His morality can never grow. It has no life, but the man who is a Christian has life. He has eternal life. Your morality is a fine thing until death comes, then it's lost, and you are lost. Your diamond is a fine thing to carry until it's lost, and of what value is it then? Of what value is your morality when your soul is lost?

So, simply riding your life of the weeds of sins, and not planting Jesus Christ is of no more value to you than a piece of ground is to a farmer without seed in it. And yet that is exactly what multitudes of people are doing.

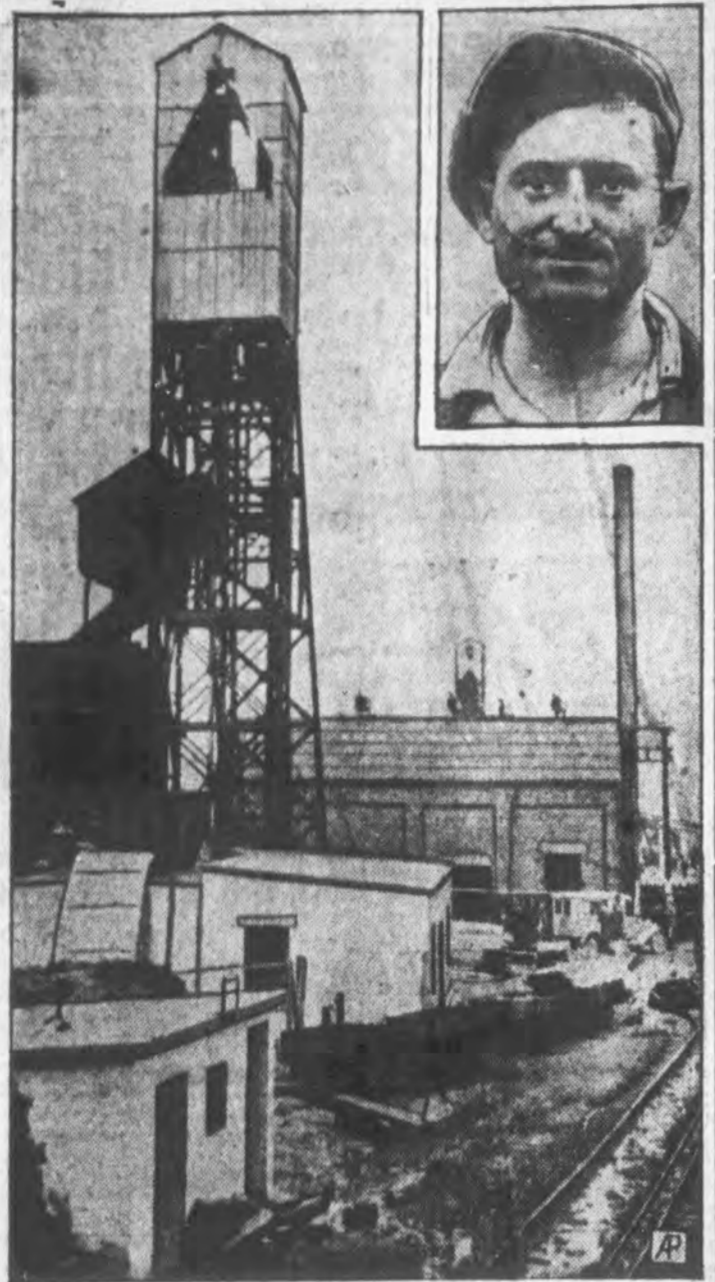

Some fellow is a booze fighter; he pulls that weed up and throws it away. Yes, but he doesn't plant Jesus Christ. How is he going to win out? He is lost.

Now, you know, some people think that religion is a sort of well, that God will be so pleased with their attainments that He will grant their salvation as a sort of reward of merit.

You just dismiss the idea that God owes you salvation. He gives you the opportunity, and if you don't improve it, you will go to hell. You get out of your head as quickly as you can the idea that God owes you salvation.

Some people seem to think that God will be so pleased with their culture, so pleased with their super-

WHERE 200 MINERS WERE ENTOMBED

Two hundred miners were entrapped in the mine of the Mather Collieries Co., at Mather, Pa., when a terrific explosion wrecked the workings. August Carnock (above), one of the mine employees, was the first to rush into the mine after the blast. Disregarding his own safety, he rescued a number of fellow workers from the gas-filled shaft.

for attainments that they will get salvation as a reward of merit. You moral men, you may be just as well off as the Christian until death knocks you down, then you are lost, because you trust in your morality. The Christian is saved because he trusts in Jesus. Do you see where you lose out?

God Prepared Place For You. I can stand here and tell you that God offers you salvation through faith in Jesus Christ and that you must accept it or be lost, and you will stand up and argue the question, as though your argument can change God's plan. You never can do it. Not only has God promised you salvation on the grounds of your acceptance of Jesus Christ as your Saviour, but He has promised to give you a home in which to spend eternity. Listen! "In my Father's house are many mansions, if it were not so I would have told you. I go to prepare a place for you." Some people say heaven is a state of condition. I don't believe it, it might possibly be better to be in a heavenly state than in a heavenly place. It might be better to be in hell in a heavenly state or the home, than to be in heaven in a hellish state. That may be true.

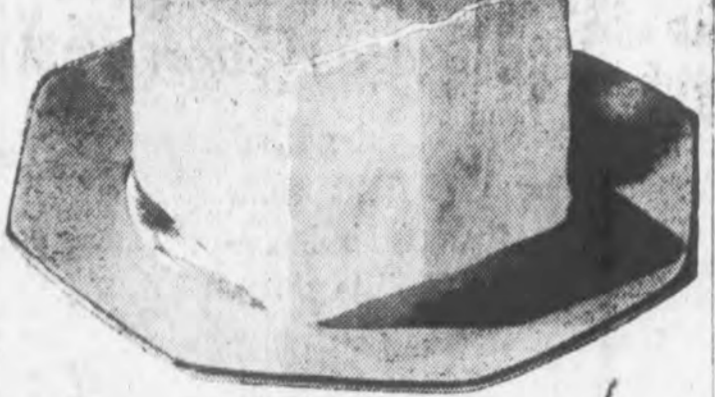

Heaven is as much a place as the home to which you are going when I dismiss the meeting is a place. "I go to prepare a place for you."

Does Not Expect To Live Long. People sometimes ask me, "Who do you think will die first, Mr. Sunday, you or your wife, or your children or your mother?" I don't know. I think I will. I never expect to be an old man. I work too hard. I burn up more energy preaching in an hour than any other man will burn up in ten or twelve hours. I never expect to be an old man.

I don't expect to, but I know this much; if my wife or babies should go first this old world would be a dark place for me, and I would be glad when God summoned me to it.

STOLEN!

Wednesday night near Star Warehouse Nash four door sedan, license No. 264021, 1927 model, Motor No. 45190, Serial No. 46029. Reward if returned to J. L. ROLLINS Winterville, N. C.

Now! Lime Sherbet and Vanilla Ice Cream The Velvet Kind's Cooling Combination

ANOTHER seasonal special in the De Luxe Pint Package. Delicious lime sherbet packed with an equal portion of smooth-textured vanilla ice cream. Where is there a taste to which this refreshing "cream of the South" combination does not appeal?

Also vanilla and strawberry and vanilla and raspberry ice. Always the flavors of the moment at The Velvet Kind dealers.

47,000,000 Pints a Year Southern Dairies "Health Builders of the South"

leave it, and if I left first I know they would be glad when God called them home. If I go first, I know after I go up and take Jesus by the hand and say, "Jesus, thank You, I'm glad You honored me with salvation; I'm glad You honored me with the privilege of preaching Your gospel; I wish I could have done it better, but I did my best, and now, Jesus, if You don't care, I'd like to hang around the gate and be the first to welcome my wife and the babies when they come. Do you care, Jesus, if I sit there?"

And He will say, "No, you can sit right there. Bill, if you want to; it's all right." I'll say, "Thank you, Lord." If they would go first, I think after they would go up and thank Jesus that they are home, they would say: "Jesus, I wish you would hurry up and bring papa home. He doesn't want to stay down there because we are up here." They would go around and put their grips away in their room, wherever it is, and then they would say: "Can we sit here, Jesus?" "Yes, that's all right."

Billy Pictures Homecoming. I don't know where I'll live when I get to heaven. I don't know whether I'll live on a main street or on an avenue or a boulevard. I don't know where I'll live when I get to heaven, but I'll just be glad to get there. I'll be thankful for the mansion wherever God provides it. I never like to think of heaven as a great, big tenement house, where they put hundreds of people under one roof like we do in Chicago or other big cities. "In my Father's house are many mansions."

And so it will be up in heaven, and I'll be glad, awfully glad, and I tell you I think if my wife and children go first, the children might be off some place playing, but wife would be right there and I would meet her and say: "Why, wife, where are the children?" She would say, "Why, they are playing on the banks of the river." (We are told about the river that flows from the throne of God.)

We would walk down and I would say, "Hello Helen! Hey, George! Hey, Wilksy; bring the baby; come on!" And they would come tearing like they do now when I go home from a trip like this. They will all be awaiting and all will fight for the first kiss, and I tell you, one of the happiest days of my life is when I finish an evangelistic engagement in a town, get my ticket, check my trunk and the people say, "Where are you going?"

Home, I'm going home. The hardest cross I have to bear is to leave my wife and children and go up and down this country to preach. You never looked into the face of a man that loves his home more than I do. I would say, "Wife, where are the children?" "Down on the banks of the river." They would come up and say: "I'm glad to see you. Well, where do we live?" "Right around here; come on. Pap, there's our mansion." I would say, "Have you seen Fed, or Rody, or Peacock, or Bob, or any of them?" "Yes. They live right around near us."

George, you run down and tell Fed I've come, will you? Hunt up Rody, and Peacock and Bob, and see if you can find Francis around there and tell them I've just come in. And they would come and I would say, "How are you? Glad to see you. Feeling first-rate." Will Sing Old Hymns Up There. "How did you get here?" "Just come a-sailing; I tell you, it was great." "When did you leave the earth?" "Last night at 6 o'clock." "Well, Rody, late there a lot of folks here from Omaha?" "Lots of them."

"See if you can round some of them up, and sing some of the hymns we used to sing down there when we were holding that meeting in Omaha 40,000 years ago." Some good sister would come up and say: "Brother Sunday, I'm from Omaha." "Good; I'm glad to see you." Another would say, "I'm from Omaha." "I'm delighted." Another from Omaha.

The Bridge from Morehead City to Atlantic Beach Is Now Open for Motor Traffic The pleasure of motoring is not in wandering aimlessly through one town to another, but in having some definite attractive place to motor to, that gives pleasure when you arrive. On the first fine day, put the family and children in the car—follow Route 10 to Morehead City—cross the bridge and you will find a hard surface road to the ocean and parking space for the car. Bring your lunch and picnic on the ocean beach, play in the sand and watch the surf—a delightful holiday for all. The Pagoda and bath houses will be ready early in June—in the meanwhile, enjoy motoring on the Beach.

"We are going to sing some of the hymns we sang when we held that meeting at Omaha 40,000 years ago." "You're wrong, it was 70,000 year ago we held that meeting." "Well, let's sing 'Brighten the Corner' and 'If Your Heart Keeps Right.'" And we'll sing the old hymns, and I'm sure that some of the best songs we will sing in heaven will be some of the songs we have learned on earth.

"In my Father's house are many mansions; if it were not so I would have told you; I go to prepare a place for you." All Is Perfect In Heaven. And, oh, what a time we'll have in heaven! Say, in heaven they never mow the hillsides with spades, for they dig no graves. In heaven they never telephone for the doctor, for nobody gets sick. In heaven no one carries handkerchiefs, for nobody cries.

In heaven they never telephone for the undertaker, for nobody dies. In heaven you will never see a funeral procession going down the street, nor crepe hanging from the door knob.

In heaven none of the things that enter your home here will enter there. Sickness won't get in, death won't get in, nor sorrow, because "Former things have passed away," all things have become new. In heaven the flowers never fade, the winter winds and blasts never blow. The rivers never congeal, never freeze, for it never gets cold. No, sir!
