

ENGLISH KING WILL HONOR GIRL FLYER

England Takes to Her Heart First Woman To Span The Atlantic.

London, June 19.—(AP)—England, mother of intrepid air-women, today took to her heart a fair-haired American who was the first woman to fly across the Atlantic.

Two Englishwomen, princess Lowenstein-Wertheim and the honorable Elsie MacKay, have flown to their death in attempting the feat which Miss Amelia Earhart, Boston social worker, accomplished.

King George and Queen Mary are to receive the heroine of the Atlantic when she flies with Wilmer Stultz and Louis Gordon in the plane Friendship from Trepassey, Newfoundland, to Burry Port, Wales in 20 hours and 45 minutes.

Lady Heath, the former Mrs. Elsie MacKay, who last month completed a 10,000 mile solo flight from Cape Town, is to be one of Miss Earhart's hostesses. It is expected that she will meet the 32 year old Dutchess of Bedford, who took up flying only a few years ago and is now on a round trip flight to India Sir Alan Cobham, who has earned the title of Britain's aerial taxi-man by his flights throughout the British Empire, will greet her. She will be entertained by the American born Lady Astor and Mrs. Frederick Guest, the former Amy Phillips of Pittsburgh who backed the flight.

After a dash to the continent she will sail from Europe on June 27 arriving in New York on July 4—a date which is held especially fitting for America to acclaim a woman who has brought new glory to her country and has tightened the bond of friendship between English speaking people.

As to the future, Miss Earhart said at Burry Port, where she passed the night preparatory to flying to Southampton: "When this holiday is over I am going back to Boston and continue my ordinary work."

Two oranges and a few tablets of malted milk were her only food during the flight. She did not take the controls once during the adventure because she was too excited. Most of the piloting was done by Wilmer Stultz with Louis Gordon relieving him occasionally.

All night the fliers faced bad weather. They climbed and climbed to get above the fog but for a good part of the way flew at a height of 1,100 feet.

Stultz steered entirely by magnetic compass. A few hours after leaving the fliers were able to receive on their wireless set but could not send.

Miss Earhart told a correspondent of the Daily Express:

"I shall never forget the coming morning and the daylight after the long hours of night flying without knowing for a moment how far we were."

"I did not bother Stultz with many questions. I was content and was never frightened for a single minute with such a pilot in such a machine."

"I would do the flight again tomorrow with the greatest confidence."

"The only ship we saw all the way across was the America. We came down over her and dropped notes asking them to give us a bearing so Stultz could figure our position. When we were above the ship and the notes were being dropped, I was lying on my tummy trying to get a picture of the great liner and I think I got a good one."

"We went on after that, flying blind, although we knew we were pretty well across."

"When the correspondent talked to her she was so tired that she had difficulty in keeping her eyes open."

"Clad in the gray sweater, ridding breeches and high boots she had worn on the flight she said that all the baggage she had brought was a toothbrush and the clothing she had on."

THEY MARRY AFTER LONG, LONG DELAY

Chicago, June 19.—(AP)—William L. Connon, 68, and Mrs. Nellie R. Hanson, 80, who became engaged 44 years ago, were married yesterday.

Mrs. Stillman To Back Aviatix in Flight to Germany

Curtis Field, N. Y., June 19.—(AP)—Threatening rainy weather prevented Thea Rasche, German aviatix, from flying today to Old Orchard Beach, Maine, on the first leg of a flight to Berlin. Miss Rasche, who was to have taken off at 8 a. m., telephoned the field that she would not arrive until shortly before noon.

New York, June 19.—(AP)—Miss Thea Rasche, German aviatix, has obtained the backing of Mrs. James A. Stillman for a flight to Germany which she hopes to start within the next few days.

A biplane monoplane named "North Star," has been purchased for her by the banker's wife. From the long, smooth beach at Old Orchard, Me., Miss Rasche expects to begin her ocean flight as soon as weather conditions are favorable.

HERB. HOOVER CONFERS WITH SEN. CURTIS

Presidential Nominations of Republican Party Meet at Washington Today.

Washington, June 19.—(AP)—Senator Charles Curtis, Republican vice presidential nominee arriving in Washington early today prepared to plunge at once into campaign activities.

The Kansas man met at the railroad station by George Akerson, representing Secretary Hoover, Republican Presidential nominee, who invited him to confer with Hoover at noon and to lunch with him at the Hoover home at one o'clock this afternoon. Senator Curtis refused to discuss any campaign plans until after the mid-day conference.

After a brief conversation with Akerson, Senator Curtis went to the home of his sister, Mrs. Edward E. Gann, where he said he would remain until time to meet Hoover.

The vice presidential nominee was met at the station by a small group of friends and admirers, many of them wearing "Curtis for President" badges.

After greeting friends, Mr. Curtis fell into the hands of the photographers. He posed for ten minutes while the cameras clicked and the cameramen ordered him around.

The nominee said that he had hurried to Washington to confer with Mr. Hoover. He said he expected that many of the campaign details would be settled Thursday when the Republican national committee meets here.

Wealthy Chicago Druggist Slain

Los Angeles, June 19.—(AP)—Mrs. Hazel Glab, five months bride of John I. Glab, wealthy retired Chicago druggist, was shot to death last night at Van Nuys, and two other persons were booked on charges of suspicion of murder today.

Los Angeles, June 19.—(AP)—John I. Glab, wealthy retired Chicago druggist, was found slain in front of his home near Van Nuys, a suburb, late last night. Police were investigating in the belief that Glab came to his death as a result of a feud which started in Chicago.

Glab's body was found with a bullet hole in the chest, lying beside his car which stood at the curb.

Mabel Boll Undecided About Future Flights; May Try Trip To Rome

Harbor Grace, N. F., June 19.—(AP)—The plans of Miss Mabel Boll for future flying, trans-Atlantic or otherwise, seemed clouded by indecision today.

The disappointed loser in a race to be the first of her sex to fly the Atlantic ocean was reported to be considering a flight direct to Rome and a return trip in July.

She also was said to be contemplating taking her monoplane, the Columbia, to Europe by steamer and then essaying the difficult east to west flight back.

The plan for a flight to Rome is believed to have been presented in a message from New York, presumably from Charles A. Levine owner of the Columbia, which the "Queen of Diamonds" was supposed to have received late yesterday.

At any rate the aviatix, who had previously announced her intention of returning by air to New York today, late last night reversed her decision and with her three companions motored to St. John's.

Miss Boll, however, declined to discuss her plans and Oliver Lebutillier and Arthur Argles, her pilots, were equally reticent. News of the safe arrival in Wales of Miss Amelia Earhart and the monoplane Friendship after a flight from Trepassey brought to light differences in the Boll camp on questions of policy.

FLOOD WATERS STILL SPREAD IN ARKANSAS

Engineers go to Big Lake District to Prepare for Assault on Levees.

Memphis, Tenn., June 19.—(AP)—Leaving flooded farms and homeless families in their wake, flood crests of the White and St. Francis rivers rolled slowly through Arkansas today bringing dread to owners of land in their lower reaches.

United States engineers from the Mississippi commission here have been dispatched to the big lake district in Mississippi county to prepare levees for the St. Francis' assault. Main levees at the lake were not in danger today and if draining ditches in the section disburse flood waters from the St. Francis levee, which suffered numerous breaks last year, should hold indefinitely, engineers said. However, they added that safety of the levee depends entirely on the drainage ditches.

Surplus water released by the Kennett, Mo. Crevasse was nearing Greene county and between 20,000 and 30,000 acres in that county and Craighead county will be inundated. Engineers said work on levees in the two counties would be useless as they were still weak from last year's flood.

The White's crest was between Newport and Georgetown and efforts to hold the Jackson Bayou, Georgetown and Gregory levees have been redoubled. The stream will reach 29 feet at Georgetown probably tomorrow, predictions said, and the levee there has been raised to 30 feet unless foundation of the dyke gives way, the embankment should hold, reports to the river commission said.

Washington, June 19.—(AP)—Emergency relief through Red Cross chapters in communities in Arkansas and Missouri affected by flood conditions was ordered today by the American Red Cross, through its mid-western branch at St. Louis.

Advices received here said that several thousand families in the flood area have left their homes and that more than 200,000 acres will be inundated with consequent ruin to crops.

Red Cross chapters in all of the flooded territory are sheltering and feeding the refugees and all emergency needs are being cared for, national headquarters announced today.

Disaster relief workers for the Red Cross have been sent into all flooded territory to make surveys of the situation.

Kentucky Man is New President Of Master Printers

Asheville, June 19.—(AP)—Morris Davidson, Louisville, Ky., was elected president of the Southern Master Printers Federation in convention at Kenilworth Inn here today.

H. F. Ambrose, Nashville, Tenn., and E. P. Mickel, also of Nashville, were re-elected vice-president and secretary-treasurer, respectively. The state presidents chosen included: Robert Treschel, Birmingham, Ala.; E. L. Steck, Austin, Tex.; Howard Wedekemper, Kentucky; H. G. Mitchell, Little Rock, Ark.; P. S. Appleyard, Tallahassee, Fla.; R. A. Magill, Atlanta, Ga.; G. M. Upton, New Orleans, La.; V. E. Harlow, Oklahoma City, Okla.; R. M. Hederman, Jackson, Miss.; Frank A. Barber, Asheville, N. C.; J. L. Jones, Knoxville, Tenn.; George B. Ganett, St. Louis, Mo.; and R. McLean Whitsett, Richmond, Va.

Hale Renominated In Maine Primary

Portland, Maine, June 19.—(AP)—United States Senator Frederick Hale was renominated for a third term in the Republican primary yesterday, easily defeating Governor Ralph O. Brewster. Ira O. Hersey, Republican, Houlton, who is serving his sixth term as representative from the fourth district, was defeated by renomination by Donald W. Snow, a Bangor attorney.

In a four cornered contest for the Republican nomination for governor, William Tudor Gardner, wealthy resident of Gardiner, and former speaker of the Maine house of representatives, received more votes than his opponents combined.

OPEN BIDS FOR MORE HIGHWAY CONSTRUCTION

Raleigh, June 19.—(AP)—The State Highway Commission today received and opened bids of contractors on 114.78 miles of road, divided into 19 projects in 18 counties.

The letting included two bridges, one over Perquimans River at Hertford, and the other across Big Alamance Creek in Alamance county.

RESIDENT GREETS MEXICAN FLYER

President Coolidge entertained Emilio Carranza, Mexican aviator who flew from Mexico City to Washington to return Col. Charles A. Lindbergh's goodwill visit, at luncheon. Here are the president, Carranza, Ambassador Teles of Mexico and Dwight W. Morrow, ambassador to Mexico, on the white house lawn before the luncheon.

Sponsor Playground For City During The Summer

Under the lead of Supt. J. H. Rose, a summer playground program is to be developed in Greenville which will give a fine opportunity to the boys to develop themselves physically and socially during the dull months from now until school opens in the fall. A director of playgrounds has been chosen in the person of R. L. Totten, of the local high school, who will devote his time to the development of a comprehensive program for the youth of Greenville.

A baseball league of Sunday school teams and possibly other teams as well, a town tennis tournament, a choice of the junior champion at the good old sport of horseshoes, some periodic outings to a place where aquatic sports may be indulged and swimming and boating ability built up, and possibly other activities are all under contemplation and whatever proves most popular with the boys and helpful to the town will be carried through.

Play centers in the Evans Street playground, in the High School Racine, and possibly other places, will be used, and bulletin boards posted where the boys of Greenville can learn of the coming program daily. Games in the Baseball League will of course be played at the Fair Grounds while the "Tobaccoists" are on tour.

The movement which is sponsored by the City Schools is in line with similar activities in most progressive communities, and will doubtless prove a boon to many adults as well as boys, and of much physical and moral benefit to the youth of our community.

Bank Officials May Be Required To Have License

Philadelphia, June 19.—(AP)—Bank officials in the near future may be required to pass an examination to obtain a license to practice before they are permitted to act in that capacity. P. R. Williams, president of the American Institute of Banking, said today in addressing the opening of the institutes annual convention.

Nebraska already has such a law, he said in emphasizing the necessity for bank training, and unless bank officials in that state have obtained licenses they are subjected to the possibility of going to prison for ten years or payment of a fine of \$5,000.

Mr. Williams, who is vice-president of a Los Angeles bank, traced the growth of the American institute of banking and said it was justly entitled to its reputation of being the world's greatest trainer of bank men and women. The 3,000 delegates present represent 65,000 bank workers throughout the United States.

Heavy Fog Balks Carranza Flight To West Point

Mitchel Field, N. Y., June 19.—(AP)—Heavy fog over the Hudson today balked Captain Emilio Carranza in an attempt to fly from New York to West Point. Mexico's good-will ambassador in an army amphibian plane with Lieut. H. P. Bissell took off from this field at 10:08 a. m., and returned half an hour later.

Captain Carranza said he would wait at the field for the weather to clear. The flier has a photograph of Mexico's military academy at West Point for presentation to the West Point commandant.

Old Dominion Votes On Reform Program

Richmond, Va., June 19.—(AP)—Proponents of the five proposed amendments to the state constitution went to Old Dominion polls today to register an expression on the "Governmental reform program" of Governor Harry Floyd Byrd, which already has received the virtually unanimous endorsement of two successive General Assemblies.

Early reports from all parts of the state indicated a tight vote. The adoption of the amendments would bring many changes to the constitution, most of which are embodied in the "omnibus proposal" placed as number one on the ballot. The proposed changes have to do with what their advocates term the revision of certain laws which make for inefficient government. Qualification of voters, composition and jurisdiction of courts, compensation of state officers and amendments to the bill of rights are among the changes asked in this proposal.

ONE KILLED SCORE INJURED BY HIGH WINDS

Damage Estimated at \$750,000 Reported From Central and Southern Ohio.

Columbus, Ohio, June 19.—(AP)—Tornadoes and wind storms that struck at three central and southern Ohio communities today had left a toll of one dead, more than a score of persons injured and damage estimated at \$750,000.

Donald Thomas, 10, negro, was killed by lightning when the storm struck at Columbus late yesterday. The storm then traveled eastward to the summer resort colony at Buckeye Lake, near Newark, where a tornado cut a swath about a city block wide for a distance of nearly four miles.

Nearly a score of the summer colony residents were injured when their cottages were picked up and carried from 40 to 60 feet and overturned. Approximately 100 cottages were damaged during the three minutes the storm was at the height of its fury. Damage was estimated at \$25,000.

Several hours later a tornado struck at Whipple, Washington county, where residents said there was not a house left undamaged.

SAPP SPEAKS TO ROTARIANS

President of Rotary International Addresses Annual Convention at Minn.

Minneapolis, June 19.—(AP)—Rotary developed from an inspirational organization into one with a program of world usefulness, Arthur H. Sapp of Hunting, Ind., president of Rotary International, said in an address prepared for delivery at the 19th annual convention today.

In his keynote address, he said that Rotary emphasis on service through vocation has had a distinct effect upon present day civilization. Boys' work and efforts in behalf of crippled children alone have justified the time and effort expended during the 23 1-2 years of Rotary's existence, he said.

The president said, "the fact that Rotary has among its members kings, princes, presidents, men high in church and state in every nation, is but an indication of the latent possibilities in touching directly, through the business and professional men of these nations, every walk of life."

Fowl Too Scarce

Atlanta.—In three years of married life she got to eat chicken but twice. Winnie Spruell, 50, complained in seeking a divorce from her husband, 81-year-old Confederate veteran. And both times, she continued, the chickens had been run over by automobiles.

Ritchie Withdraws From The Presidential Race; Politics Begin Buzzing

Houston, Tex., June 19.—(AP)—Withdrawal of Governor Albert C. Ritchie of Maryland from the Democratic Presidential nomination race has set political circles to buzzing here a week before the National Democratic convention, June 26.

It brought a statement from the headquarters of Senator James A. Reed of Missouri, that the candidacy of the Missourian would prove an insurmountable barrier in the way of the nomination plans of friends of Governor Alfred E. Smith.

Clem Shaver, chairman of the national Democratic committee, conferred behind closed doors with political leaders and refused to comment on the action of the Maryland governor, but Edward S. Villmoare, Senator Reed's campaign manager, declared the Missouri Senator controls enough votes to block the nomination of Governor Smith.

Characterizing Senator Reed as "the country's most valiant warrior," Mr. Villmoare branded as "propaganda," claims that Governor Smith would be nominated on the first ballot, and asserted that the Missourian would be rewarded with the nomination. Villmoare said the Maryland governor's decision

FIRST PLANE TO FLY OVER NORTH POLE HAS REACHED NEW YORK

New York, June 19.—(AP)—The first airplane to fly over the North Polar field from Alaska to Spitzbergen has arrived home ahead of the men who piloted it.

Panama Fliers Are Forced To Return To Havana Today

Havana, June 19.—(AP)—Lieutenant James E. Parker and R. W. Douglas, Jr., American fliers enroute to Panama, returned to Havana shortly before noon today after hopping off at 7:35 o'clock this morning.

It was the second time that the aviators returned. Low gasoline pressure was responsible. They had been approximately an hour and a half out at sea when forced to return.

WOMAN FLYER ARRIVES AT SOUTHAMPTON

Amelia Earhart Given Boisterous Welcome To English City this Morning.

Southampton, June 19.—(AP)—The trans-Atlantic monoplane Friendship arrived at Southampton from Burry Port, Wales, shortly after noon today.

All Southampton was on hand to see the plane and Miss Amelia Earhart, Boston social worker and intrepid flier, who is the first woman to have flown across the Atlantic.

The Friendship circled over historic Southampton seven times and ran up and down the length of the harbor twice before alighting on the water, giving the enthusiastic crowds plenty of opportunity to see her.

On coming down Miss Earhart and her manager here, Captain H. R. Railey, were taken off by two fast motor boats.

A crowd lined the quays on both sides of the harbor while American flags flew from the mastsheads of many ships as well as from the docks of the Imperial Airways to which Miss Earhart was brought.

It was somewhat of a woman's triumph, for Miss Earhart was met at the Imperial Airways dock by Southampton's woman mayor, Mrs. L. M. Welsh, who wore her gold chain and badge of office. Mrs. Welsh extended the greetings of the city to the American girl and then a special detachment of police cleared a pathway to the motor cars which carried the party to its hotel.

Both on leaving Burry Port and on arriving in Southampton, the Friendship flew so low that spectators were able to see its occupants. Just before heading south from Burry Port, the Friendship circled three times over the place where it had originally landed and Miss Earhart, who had become a heroine in the eyes of the local populace, could be seen smiling happily. Scores of school children who had been given a special holiday joined the grown-ups in hearty cheers for Burry Port's unexpected visitors as they sped away for Bristol channel.

Major Maddalena Prepares For Quick Flight to Carry Relief to Stranded Men

Kings Bay, Spitzbergen, June 19.—(AP)—Major Maddalena, crack Italian seaplane flier, who arrived from Norway last night, was busy loading his Savoia Marchetti-55 today in preparation for a quick start to bring relief to the stranded men of the Noble party.

Major Maddalena's plane is much larger than the two scouting planes used by the Norwegians, Captain Riser-Larsen and Lieutenant Luetzowholm, and much faith is held in it by the base crew here.

The major today was loading a large supply of gasoline aboard with equipment such as smoke guns, reserve propellers, shoes and medicines which are likely to be useful.

Kings Bay, Spitzbergen, June 19.—(AP)—After two futile attempts of fliers to find General Umberto Nobile and his party of survivors on the ice north of North East Land, it was felt at Kings Bay today that rescue by air was likely to prove a difficult task. Hope for immediate relief turned to dog teams.

A last patrol commanded by Captain Sora of the Italian Alpine troops was making its way over the ice today toward Nobile's position. The patrol consisted of two guides, two sledges and nine dogs. It was to travel past Beverly Island, Secretary Island, Cape Loven, Cape Platow and Dove Bay to Foyr Island, near which point Nobile is awaiting rescue.

Another patrol was getting ready to start out in search of three men who have been missing since they left the Noble party on May 20. This patrol consisted of two students of the Alpine Club and two soldiers of the Alpine troops. It will follow the coast of Beverly Island as far as Cape Loven.

Twice Nobile's men have been raised to a high point on scenic seaplanes approach him. Twice they have been dashed as they disappeared again in the direction from which they came without sighting the marooned men on the vast white expanse of ice and snow. Nobile apparently realized that it would be difficult for them to see him, for before the first search was made he painted a tent which had been saved from the Italia red to guide them.

Rome, June 19.—(AP)—Major Maddalena, Italian flier, made an unsuccessful reconnaissance in his search for the Noble party this morning and returned to Kings Bay, Spitzbergen. He is planning another flight shortly in his Savoia-Marchetti 55.

CRACK FLYER TO GO AFTER NOBLE CREW

Major Maddalena Prepares For Quick Flight to Carry Relief to Stranded Men

Kings Bay, Spitzbergen, June 19.—(AP)—Major Maddalena, crack Italian seaplane flier, who arrived from Norway last night, was busy loading his Savoia Marchetti-55 today in preparation for a quick start to bring relief to the stranded men of the Noble party.

Major Maddalena's plane is much larger than the two scouting planes used by the Norwegians, Captain Riser-Larsen and Lieutenant Luetzowholm, and much faith is held in it by the base crew here.

The major today was loading a large supply of gasoline aboard with equipment such as smoke guns, reserve propellers, shoes and medicines which are likely to be useful.

Kings Bay, Spitzbergen, June 19.—(AP)—After two futile attempts of fliers to find General Umberto Nobile and his party of survivors on the ice north of North East Land, it was felt at Kings Bay today that rescue by air was likely to prove a difficult task. Hope for immediate relief turned to dog teams.

A last patrol commanded by Captain Sora of the Italian Alpine troops was making its way over the ice today toward Nobile's position. The patrol consisted of two guides, two sledges and nine dogs. It was to travel past Beverly Island, Secretary Island, Cape Loven, Cape Platow and Dove Bay to Foyr Island, near which point Nobile is awaiting rescue.

Another patrol was getting ready to start out in search of three men who have been missing since they left the Noble party on May 20. This patrol consisted of two students of the Alpine Club and two soldiers of the Alpine troops. It will follow the coast of Beverly Island as far as Cape Loven.

Twice Nobile's men have been raised to a high point on scenic seaplanes approach him. Twice they have been dashed as they disappeared again in the direction from which they came without sighting the marooned men on the vast white expanse of ice and snow. Nobile apparently realized that it would be difficult for them to see him, for before the first search was made he painted a tent which had been saved from the Italia red to guide them.

Rome, June 19.—(AP)—Major Maddalena, Italian flier, made an unsuccessful reconnaissance in his search for the Noble party this morning and returned to Kings Bay, Spitzbergen. He is planning another flight shortly in his Savoia-Marchetti 55.

A message received from the base ship, Citta Di Milano, at Kings Bay, and made public by the official news agency, Stefani, said that Major Maddalena who arrived in Kings Bay from Norway last night took off early this morning and flew over the Braganza and then on past North Cape to the region in which General Nobile and his five stranded companions are waiting for relief.

Just as the Norwegian flier, Captain Riser-Larsen and Lieut. Luetzowholm, had failed in three previous attempts to sight the Noble party, Major Maddalena was also unsuccessful in his search and returned to Kings Bay after six hours.

Now that visual efforts to find General Nobile and his red tent pitched amid the rough ice off 'North East' Land, have failed, an effort will be made to keep the S-55 which is equipped with radio, in touch with the Noble party.

General Nobile has been informed that during the next flight of the S-55 it will be necessary for him to use his own radio post to guide the big plane as soon as it comes into sight.

The Hobby, which has been searching off northern Spitzbergen for the Noble party, was expected back in Kings Bay tonight after a two weeks flight against ice, fog, snow storms and bad weather generally.

The Hobby heard the Italia signals at good strength and communicated with Nobile as late as seven o'clock last night.

Neither the Norwegian flier, nor the dog team set out have seen anything of the party headed by Dr. Finn Malmgren, Swedish meteorologist which was seeking to make its way overland to North Cape. This group, consisting of three men, has been missing 18 days.

Former Star Still Shines. Havana.—Beatriz Michelena, one of the earliest of movie queens, has been making personal appearances here with her old films. She is on the way from Latin-America to tour Spain.

TOBACCONISTS WIN ONE FROM KINSTON CLUB

Kinston, June 18.—Greenville beat the Steamers 11-5 in a one-sided contest this afternoon. With manager Rasty Walters and Alford both out of the line-up, the locals put up a sloppy defense, booting often. Allen kept Kinston hits scattered, while the ready bats of Finlander and Camp kept Greenville base runners moving around the bases. Finlander hit for the circuit twice. There was a man on each time.

The Steamers put on a couple of rallies. One resulted in two runs. They were too far in the rear to hope to catch up, however. White, former Cleveland property, started on the mound for Kinston after a lay-off for some weeks. He was wild and was pulled after Finlander hit his first homer.

ONLY UPSET CAN STOP FINDLANDERS IN STEEPLECHASE; U. S. IMPROVING

The Olympic steeplechase apparently will develop into just another private battle between Paavo Nurmi and Willie Ritola. America has neglected this exciting event but now has several young stars who will make a strong bid to overcome precedent and catch up with one of the promising Yankee runners.

(By Alan J. Gould)

New York —(AP)—The steeplechase, a spectacular event that is neglected in this country for no apparent reason, looms as a cut and dried vehicle of victory for Finland's rugged runners again.

Willie Ritola, "Wandering Willie" who spends his time entreating in the United States between Olympic, won the 3000-meter steeplechase in the last Olympics in easy style, with his countryman, Katz runner-up and the first American, Marvin Rick of Princeton, in fourth place.

Ritola not only will be back to defend his title over the hurdles and water jumps at Amsterdam but will be aided, if not beaten, by his countryman, Paavo Nurmi, essaying a new Olympic test.

With the cross-country off the program this year Paavo is turning to the chase in order to keep himself busy. The distance is just a romp for Nurmi. He has never had much difficulty defeating Ritola at other distances and events so he likely will be a favorite to keep his slate clean, although Ritola is partial to the steeplechase.

It would be the most sensational sort of an upset for any American to break up this Finnish combination. None has been able to beat Ritola in this country so it isn't likely they can do it abroad.

Nevertheless there are potential point-scorers, if not Olympic winners in the American fold. There

might be more if the steeplechase was held often enough to give the talent a chance to develop.

To illustrate the possibilities it is only necessary to recall the way young Harold Keith of the University of Oklahoma stepped out to win the first steeplechase of his life at the Penn Relays this spring. The event, put on the program for the first time at Philadelphia, was held in a driving rain but Keith displayed astonishing skill for an athlete who had never even seen a steeplechase course before.

Keith should be among the leading candidates for the Olympic team when the final tryouts are held at Boston, July 6-7. Mel Dalton, diminutive New Jersey runner, is another promising chaser. So is Jack Montgomery of Pennsylvania.

Russell Payne of the University of Pennsylvania, and W. O. Spencer, formerly of Mississippi Aggies both members of the 1924 Olympic team, have the benefit of their experience to help them gain the trip overseas again.

Bill Cox of Penn State, intercollegiate cross-country champion, is good steeplechase timber. So are Jimmy Reid of Harvard, Horace Benson of Cornell and other college runners who have had the benefit of hill and dale competition.

Lec Lermond, young Boston A. A. distance star, also would make a good chaser but his chances are considered better in the 5,000-meter flat race because of his speed.

ENJOY ANOTHER VICTORY HOUR! IN A VICTORY SIX

.... And what an hour it will be! You never dreamed that sixty minutes could pack so many safe, enjoyable thrills Thanks to Victory design you'll enjoy the smoothest ride you've ever known And notice—though of course you will—that luxury is equally apparent in every physical item that affects motor car beauty—lines, colors, interior artistry and equipment The car of the hour, as an hour in the Victory will prove Telephone us for a demonstration.

Ashville And Macon Due For Early Break

(By the Associated Press)

This week should find the South Atlantic Association pennant race assuming more definite proportions than have existed at any time this season—with Macon and Asheville due for a break.

Both leaders started off the new week right, leaving the Peaches still in front by half a game. Wilbur Good's team stopping a determined Spartanburg rally and winning 5 to 3, while the Tourists batted out an 8 to 4 verdict over Charlotte yesterday.

Bull Rauch had things all his own way for eight innings, limiting the Spartans to four hits, but became so wild that Dick Niehaus was called into the box to retire the last two men and save the day.

Up at Charlotte Slim Harris was also pitching good ball for Asheville, all the Hornets' runs being homers by Jones, Smith and Wise.

Augusta placed 17 hits all over the Knoxville park for a 12 to 8 victory over the Smokies.

Greenville coasted along, under cover of 14 bingles and five Columbia errors to beat the Comers 9 to 3. Seven of the Spinners' markers came in the fourth inning.

RUTH ELDER RELATED AT EARHART FLIGHT

Paris, June 19.—(AP)—Ruth Elder who failed to fly the Atlantic last year and was rescued from the sea today telegraphed this message to Miss Amelia Earhart, first woman to fly the Atlantic.

"Congratulations on your history making flight. I was with you in spirit throughout the journey. I appreciate the exploit better than anyone. I feel, and I am wonderfully glad that the first woman to cross safely, was an American girl."

Age Showing Up Good in Dixie's Minor Leagues

(By HORACE C. RENEGAR, Associated Press Sports Writer.)

Atlanta, Ga., June 19.—(AP)—Age, forced to a final curtain call in the majors, apparently is making a second debut in Dixie minor league baseball, judging from the batting averages of many veterans.

Names to conjure with a few years ago in the "big tent"—Henie Groh, Milton Stock Tillie Walker, Doc Prothro, Gabby Street—gone now from the National and American league box scores, are taking to places in the weekly averages of the Southern and South Atlantic Associations.

Groh, the great little infielder of the Red Legs, Pirates and Giants at various times, now managing the Charlotte Hornets, is taking his turn on third, second or wherever needed. Between times he is hitting for a .355 average.

In the same circuit boxes appear the familiar "C. Walker"—the famous Tillie of the Phillies in other years. Tillie is leading the South Atlantic Association hitter with a .401 pace while Bobby Street, the first catcher who ever received Walter Johnson's slants in the majors, is knocking the ball for a .329 mark.

Walker, playing with the Greenville Spinners of the Sally and Street in a Knoxville uniform, both have been helping make the turnstiles creak by their colorful work.

Where They Play

- EAST CAROLINA LEAGUE.**
 Greenville at Kinston.
 Wilmington at Goldsboro.
 Fayetteville at Rocky Mount.
- PIEDMONT LEAGUE.**
 High Point at Durham.
 Salisbury at Greensboro.
 Raleigh at Winston-Salem.

 Brooklyn at Philadelphia.
 St. Louis at Cincinnati.
- AMERICAN LEAGUE.**
 Boston at Washington.
 Detroit at St. Louis.
 Chicago at Cleveland.
 Philadelphia at New York.
- SOUTH ATLANTIC LEAGUE.**
 Augusta at Knoxville.
 Macon at Spartanburg.
 Greenville at Columbia.
 Asheville at Charlotte.
- SOUTHERN ASSOCIATION.**
 Mobile at Memphis.
 Atlanta at Birmingham.
 New Orleans at Little Rock.
 Nashville at Chattanooga.

Reds Halt Advance Of The Cardinals

(By the Associated Press)

After a three week lull, the Cardinals' advance of Bill McKeim's "minor league" St. Louis Cardinals has struck a snag.

The Cincinnati Reds, recovering from the slump that cost them first place in the National league's litter pennant chase, took the Cardinals' measure 3 to 2, in a thrilling 11-inning battle at Cincinnati yesterday. The defeat snapped the St. Louis winning streak of eight straight games and marked the league leader's fourth reverse in their last 19 games. On the other hand it was the Reds' first victory in five contests and left them two full games back of the pacesetters.

Perce Malone, now pitching for the American Association last year, just missed entry at Boston into that select circle of no hit, no run hurlers. After Boston had won the first game of a Bunker Hill Day double header, Malone pitched the Cubs to a 1 hit 12 to 0 shutout over the Braves in the nightcap. Virgil Barnes pitched a strong game for the Braves in the first engagement and celebrating his first appearance in a Boston uniform with a 10 to 2 victory. Bush, Holley and Carlson were touched for 18 hits, including Rogers Hornsby's 14th home run of the year.

The only other major league game of the day saw Jess Peay and the Brooklyn Dodgers turn back the revived Phillies, 4 to 3.

MAN DOES THIS FIT YOU?

(By P. E. L.)
There is a man of Adam's race who has a bad scar on his face. Why it is there, he will not tell. When asked he'll say: "You go to hell!"

I say he would right handsome be if that scar was not prominent to see.

When he looks at himself he begins to "cuss" because he got licked in that awful fuss.

I'm prone to believe that "Maggie" is his wife. She lost her rolling pin but found a knife.

If you are a "Jiggs" you ought to be licked.

There is nothing for you except to be kicked.

I wonder if there is a husband in town.

Who'll own he's the man that is kicked around.

If he does, it will be where no one will hear.

For he wants to be spunky but he keeps that fear.

Get up man and don't mind that scar.

Prize it as a souvenir of your last war.

When you get old, you can show it with pride.

Because it's a sign you are on "Maggie's" side.

As the years go by and the children are all gone.

And you two are left entirely alone.

That scar will be as a link that has bound.

You two together all solid and sound.

Marmein Dancers At College.

The Marmein, mother and three daughters, are the originators of the "drama-dance," "the dance with a message." The three sisters have been guided and encouraged by their artistic mother and each one has studied a separate subject which she feels will contribute a share toward enhancing the effect of their dancing programs.

Miriam Marmein is a skillful painter and the designs for the costumes and settings are from her brush, and her designs are so original and colorful that she has made considerable reputation as an artist.

Irene Marmein is the student of the trio who spends her leisure hours delving into books and tales for background for the themes the trio recreates in dance. She is also a modiste and directs the making of the costumes her sister designs.

Phyllis, the youngest of the trio, is a musician and poet.

All of them have had thorough training in dramatic art. Yet all of their other arts are studied only for the purpose of contributing to their art of dancing—interpretive dancing that expresses in beautiful rhythmic motion their creative geniuses.

Their program at East Carolina Teachers College on next Friday evening, June 22, at 8:30 in the campus building, will give the people of Greenville and vicinity the opportunity of seeing for themselves these famous dramatic dancers whom the metropolitan papers have praised so highly.

LOCAL MAN HONORED AT TRAVELING MEN'S MEETING

J. B. Kittrell returned last night from Oklahoma City where he attended the national convention of the T. P. A., as one of the delegates from North Carolina.

Mr. Kittrell was signally honored at this session by being admitted to membership in the Century club, an auxiliary body of the T. P. A.

To be admitted to this organization it is necessary for a member of the T. P. A. to have one hundred memberships to his credit.

While the local organization is the youngest in the state, it is one of the four posts having a member in the Century Club.

SEVERAL DEEDS FILED SINCE LAST WEEK

The following deeds of transfer have been filed in the office of the register of deeds for registration since the report of the latter part of last week:

F. V. Johnston and wife to F. L. Whitehurst, 1 lot, \$1,000.

F. V. Johnston to Mrs. Minnie E. Johnston, 1 lot, \$10.

SPECIAL SALE OF HOT WATER HEATERS JUNE 20th

The Carolina Gas & Electric Co. announces a sale of self-acting storage hot water heaters, beginning Wednesday, June 20th. This heater is one of the latest things in hot water heating and results in a saving of 33 1-2 per cent in operation.

Optional rates are offered by the concern to residential consumers who agree to use the heater for a period of one year.

C. B. Thompson is manager and L. O. Foneville, sales manager, of the local concern. The sale will continue for a period of thirty days.

B. Y. P. U. CONVENTION OPENS AT RALEIGH

Raleigh, June 19.—(AP)—Church leaders from various parts of the south today were on the program of the annual convention of the Baptist Young Peoples Union convention which opened last night at Meredith College.

Dr. E. E. Pee, of Dallas, Texas; Dr. Kyle M. Yates, Louisville; and Dr. T. B. Maston, also of Dallas, were assigned parts on the program. The convention was to continue through tomorrow night.

Mr. and Mrs. J. B. James announce the birth of a daughter, Eleanor Michaux, on Monday, July 18th, 1928.

Mr. and Mrs. H. A. White have returned from Virginia Beach

Mr. and Mrs. W. T. Lipscomb, Miss Ada James, James and Louis Skinner spent today in Morehead.

Miss Helen Joyner, who has been visiting her parents, Mr. and Mrs. O. L. Joyner, returned to New York today

Mr. and Mrs. J. K. Young, Miss Anna Nelson, Boss Nobles, R. F. Rice, J. E. Kirkpatrick, P. L. Goodson, C. B. West, Jr., Aubry Smith, Arthur Smith, S. T. Hooker, L. A. Whitehurst and Ed Nelson of Greenville were at Pamlico Beach Sunday.

Mr. and Mrs. G. B. King and son, G. B. Jr., of Washington, D. C., are visiting at the home of Capt. and Mrs. R. Williams

Mrs. A. E. Winborne and daughter, Mildred, left Saturday for Florence, S. C., where they will spend several weeks.

Gilbert Peel and brother, Wesley Peel, left yesterday for Cairo, Ga., where they will give demonstrations in tobacco curing

Mr. and Mrs. W. M. Scales, Little Miss Emmie Lou Scales and Master W. M. Scales, Jr., left today for Cascade, Va., to spend the summer.

Miss Wrapper Fultz, of the State Board of Health, is here to assist Mrs. J. B. Cherry in the baby clinic

For the steam-oil wave that needs no combs, you may call Lorraine's Beauty Shop now, for an appointment after June 22. Zilpah Frisbie Lassiter, who waved most of Greenville last summer, will be here to do the work.

For children between six and ten years, "Children, the Magazine for Parents," recommends a variety of physical exercises so that arms and legs shall be equally developed

For example, scooters are very good for balancing, and jumping sticks and stilts exercise legs and arm muscles differently from other toys. Coaster wagons give exercise that is different from the bicycle. Large balls to kick, baseballs, boxing-gloves and other similar playthings encourage vigorous activity.

Food differ tremendously in their iron content. Milk contains iron of excellent quality, but one quart does not contain enough; the yolk contains practically all the iron of the egg; liver is outstanding among meats for its ability to build hemoglobin; dark whole cereals, and bread from the same grains, because the iron lies in the outer layers of the grain. Among the fruits, fig, raisins and prunes are the ones which are practical sources of iron. Spinach leads the vegetables.

The normal two-year-old may safely eat one to two tablespoons of orange juice and pulp of the milder fruits, as apples, peaches, pears or bananas—baked, stewed, crushed or scraped. Between two evening meals, or at the end of the two o'clock feeding, is the best time to give it. The three to five-year child may have two to four tablespoons of fruit of mild flavor and delicate texture once or twice a day. Most of them should be cooked.

New Yorkers Know

The New York World is more than a great newspaper. A familiarity with the writers who lend character to its pages marks the well-informed follower of the graceful arts—the reader who knows books, music, the drama and the chief critical currents of modern life and can discuss them intelligently. One dollar will bring THE WORLD to you Daily and Sunday for one month. So that you, too, can join this growing army of WORLD readers. Send in your order to the Subscription Department, New York World, 63 Park Row, New York City.

NOTICE To All Live Greenville Boys

A meeting of all the boys of Greenville under 15 years of age will be held at the Evans Street School Auditorium on Thursday evening, June 21, at 8 p. m.

This meeting is for the purpose of deciding upon athletic activities to be developed in Greenville this summer. Every boy who comes will be given a place on some team, if he desire sit. If you want a chance to help choose the sports we will have, be there at 8 sharp Thursday.

J. H. ROSE, Superintendent of Schools.

POINTERS for PARENTS

The child who is punished too often becomes callous and likely to develop facility in the ancient art of how not-to-be-found-out.

Bombing Aimed At Court Intimidation

Detroit, June 19.—(AP)—Intimidation of the courts and robbery were among the possible motives suggested today for the bombing of the county court building yesterday which caused injury to 14 persons and damage to the building corridor.

Inspector John Boyle of the police homicide squad, believed the bomb was intended for the municipal courts building several blocks away where niding several blocks charged with extortion in connection with a cleaners and dyers war.

"Some stranger was hired to plant the bomb and probably mistook the county building for the city courts building," the inspector said.

After an inspection of the remnants of the bomb inspector Doyle said that if it had not been thrown into the corridor from the rest room where it was found by building watchmen, it would have resulted in heavy loss of life.

"The bomb was a powerful one. If it had exploded in the confined space of the rest room instead of the courtyard, I believe it would have wrecked the building and killed many people."

Of the injured, none were seriously hurt.

BROWN JACK WINS ROYAL ASCOT STAKES

Ascot, Eng., June 19.—(AP)—Before a huge crowd including the

king and queen Brown Jack today won the Royal Ascot stakes.

Brown Jack, which is owned by Major H. Werber, is by Jack Daw out of Querquidella.

D. E. St. Aalary's Bonny Boy II was second, and M. Boussac's Start II was third. The distance is two miles. Twenty-one ran.

Brown Jack won by three lengths while one and a half lengths separated second and third. The betting was 4 to 1, 100 to 8 and 100 to 6.

The stakes were 2,000 pounds with extras.

FAMOUS IRISH NOVELIST KILLED IN AUTO WRECK

Bandon, Cork, Ireland, June 19.—(AP)—Donn Byrne, widely known Irish novelist, was killed last night near his home when his automobile overturned on the seashore.

Mr. Byrne had gone for a drive alone in his car along the seacoast near his Irish residence, Coolmain Castle near Bandon. Subsequently he was found dead by his secretary near the road where his automobile, which he had recently purchased, had overturned.

Mr. Byrne was born in 1889 and among his publications were: Strangers; Women; The Strangers; Banquet; O'Malley Shanganagh; Hangman's House and Brother Saul.

ulent, and to hush the Federal Trade Commission, which is "disclosing the sinister attacks upon our government by the Power Trust."
The people of this country have been amazed to note how lightly many prominent Republican leaders have taken the disclosure of gross corruption within their ranks and in the Administration for which their party is responsible; to note, indeed, that many of them denounce the unveiling of fraud and spoliation of the national resources as petty snooping on the part of the Senate's duly appointed investigators. It is evident that Nebraska has not heard the last of these scandals; nor will Mr. Norris's attitude toward the work of the convention be forgotten in other States where he is known and honored. - New York World.

ABOUT TOWN

"The first woman has spanned the Atlantic by air," mentioned a local aviation enthusiast today, referring to the flight of Miss Amelia Earhart, who yesterday completed a two thousand mile trip from Trepassey, New Foundland, to Ireland. "This is one of the greatest achievements of the age for this sex. It is one in which the entire county is interested because of other unsuccessful attempts. The public felt confident from the first that this intrepid young woman would cross the stormy expanse of Atlantic in safety. She is one of those kind blessed by a certain measure of good luck, which combined with skill, always carries one to successful consummation of most anything they undertake. Miss Earhart has won a distinction thousands of other women of the world would like to claim. In fact, at the time of her take-off another woman had a plane on the shore of New Foundland, ready to take off in quest of the same honors. Miss Earhart has truly blazed the way for women in aviation. The future bids fair to see many developments among her sex."

MR. NORRIS PAYS HIS RESPECTS

There is a sharp contrast in the reaction to the work of the Kansas City Convention expressed by Senator McNary and Senator Norris. Mr. McNary bows to the platform and abandons the equalization fee, which was the heart of McNaryism. He will be a good Indian and stay on the reservation. Mr. Norris does not bow to the platform. What he says about the convention administering "a direct slap" at the farmers is about what ex-Gov. Lowden evidently thinks. It is what Mr. McNary—and for that matter Mr. Curtis—would think if they were consistent, and say if they were frank. But Mr. Norris takes ground of even wider interest when he assails corruption within his own party as unrebuked at Kansas City. The platform, says the Nebraska Senator, is silent upon "the secret, disgraceful methods of the Water Power Trust." It is silent upon the naval oil leases and the part taken by former Chairman Hays. It is silent upon the Boulder Dam, Muscle Shoals and the "lame-duck" amendment. It is "100 per cent perfect" from the Power Trust viewpoint. The friends and defenders of Daugherty, the opponents of the investigation of governmental abuses, ran the convention. The "machine politicians everywhere will be happy and delighted" with the results. If this program is indorsed at the polls, says Mr. Norris, it will be the duty of the Senate to apologize to "Power Trust Insull" and his man from Illinois (Smith); to seat Boss Vare; to reinstate Daugherty; to return to Sinclair and Doheny the property which the Supreme Court said they had fraudulently obtained; to give Fall a certificate of character; to condemn the Supreme Court for declaring that the Fall-Sinclair-Doheny deals were disgraceful and fraud-

Tight Pitching In The Piedmont

By the Associated Press.
Close games and tight pitching marked the play in the Piedmont loop yesterday as the teams sifted further down in the race for advantageous positions while the end of the first half of the season drew near.
The Twins of Winston-Salem dropped a hot game to the Caps of Raleigh 9 to 8, although they out-hit the winners 18 to 14. Heads-up baseball on the part of the fielders proved boons to the pitchers whenever the moundsmen were inclined to falter.
Greensboro nipped a Colonial rally in the ninth and won over Salisbury 4 to 3. Timely hitting behind the offerings of Wilson proved the margin of superiority.
The Bulls of Durham had little real difficulty with high point after Jones relieved reed on the rubber in the fifth and won 6 to 3. Larry Westmore connected with one of Winthrow's fast ones to send the ball over the left field fence in one of the longest hits seen at Durham this season.

Goldbugs Beat Weaver's Pirates

(By the Associated Press)
A terrific struggle for the leadership of the Eastern Carolina loop was enacted at Goldsboro yesterday when the Goldbugs hammered out 24 hits to defeat the Wilmington Pirates 18 to 10. Hal Weavers' stickmen, fighting for the top berth with the Goldbugs bowled only after collecting 15 hits, two of them for the circuit. The Bugs sent three over the fence.
Other members of the loop were more orderly with the willow, although Greenville administered a rather sound thrashing to the cellar spinners of Kinston, 11 to 8. Buck Pinlator, former Carolina star and Greenville right fielder furnished the only features of the game with his two home runs.
Fayetteville and Rocky Mount, each fighting to keep out of the second division, almost changed positions when the Highlanders dropped both games on the barnday bill. Rocky Mount out-hit the visitors to win 4-2 and 7-0.

Another Lonesome Pine

Raleigh, N. C., (AP)—A long leaf pine that served as the original marker of the boundary between North and South Carolina has been cut down. It was estimated to be 355 years old.

Why Experiment Use CUNNINGHAM RADIO TUBES

Ask Mr. M. A. Parker, 209 Moss St., Wilson, about NEW PADA AC SETS. Maybe you'd like to handle the better kind of RADIO this season. We can prove it pays two ways. A complete stock of latest Cunningham tubes always on hand for instant shipment to the trade.

YOUNG'S
Eastern Carolina's Biggest Tire Dealer

"Were you not dreaming and just imagined all of this?" the narrator was asked by a bystander.
"Nope, it is the truth. The old lady can vouch for it. If you don't believe it ask her."
The yarn was so preposterous, however, we evinced no further interest and the gentleman, wearing scars of many a hard knock of the world, left the office rather crestfallen because we didn't take him seriously.
We know Junebugs are capable of making music, but when the lowly bedbug's bite is accompanied by an exultant song of victory we shall be ready and willing to pass on to that region where it would be possible for a miracle to happen.
"Now that fitting season is at hand, it is perfectly natural to expect some marvelous story of the knight of the nimrod," declared a

NEW YORK COTTON
New York, June 19.—(AP)—After showing net declines of about 12 to 18 points, today's earlier trading under realizing or liquidation, promoted by more favorable weather reports and belated easy Liverpool cables, the cotton market was steadied by trade buying and covering. About half the early loss was recovered. The mid-afternoon market was quiet and steady at net declines of 5 to 10 points.
Futures closed firm, unchanged to 6 higher; spot quiet.

GRAIN MARKET
Chicago, June 19.—(AP)—Rains throughout the corn belt and a prospect of more tonight with warmer temperatures gave a decided setback to corn values today. Corn crop comments were generally optimistic, and buying was for the most part confined to previous sellers who were in a position to collect profits. Wheat was affected somewhat by corn weakness, but had a strong undertone. Corn closed nervous, 2 1-8 cent to 3 3-8 cent net lower, wheat at 1-8c to 1-2c advance, oats 3-8 cent to 1 1-2 cent down and provisions varying from 2 cents decline to a rise of 20 cents.
Chicago grain table make: September corn low 95 1/2; closing 95 1-2 to 5-8.

STOCK MARKET
New York, June 19.—(AP)—The downward readjustment of stock prices was stimulated today by the marking up of the call money rate from 5 1-2 to 6 per cent. Prices sagged 1 to 6 points in the earlier trading, rallied around mid-day when a bullish demonstration was started in the copper shares, and then turned heavy again in the afternoon. Trading was on a substantially larger scale than yesterday, which was the smallest full session since last March.
The increase in call money reflects the return of federal income tax checks to the banks for payment, and preparations for the mid-year settlements. Further heavy withdrawals of gold for shipment to France, which is due to announce its stabilization program on Saturday, are expected this week. In view of the drastic liquidation of stocks in the last fortnight, and the decrease in new security offerings, a substantial reduction in brokers' loans is anticipated Thursday.
Establishment of another new low record by U. S. Steel common today had a bearish effect on speculative sentiment. National Lead, Johns Mansville, Christie Brown, Crex Carpet, Crucible Steel, Republic Steel, Youngstown Sheet & Tube, The Liggett & Myers issues, Warrent Bros., and about a dozen others also sank into new ground for the year.
Brooklyn Edison, Radio, Case Threshing and General Motors all recorded extreme losses of 4 1-2 to 6 1-2 points.
Ralls yielded with the industrials. New York Central and Delaware & Hudson each sold down about two points and Illinois Central, Northern Pacific, Norfolk & Western and several others lost a point or so.
The closing was weak.
Total sales approximated 3,100,000 shares.

WOULD CURTAIL
YARN PRODUCTION
Manchester, Eng., June 19.—(AP)—The Federation of Mast Cotton Spinners has recommended that the American yarn spinning section revert to organized short time working to curtail production by 50 per cent.

Administrator's Notice
Having qualified as administrator of the late R. J. Cobb, all persons holding claims against the said R. J. Cobb will hereby take notice that they are required to present said claims to the undersigned administrator on or before the 20th day of June, 1928, or this notice will be pleaded in bar of any recovery thereon. All persons indebted to said estate will please make immediate payment.
This June 19th, 1928.
C. R. Cobb, Administrator.
June 19-11w-6wk.

WORRIED A LOT
Run-Down, Nervous, Appetite Gone, Lady Shows Great Improvement After Using Cardui.
Waterloo, S. C.—"I took Cardui at intervals for three years, and have been in good health since last fall," says Mrs. Noble J. Hayes, who lives near here. "My improvement after taking a course of this medicine was really remarkable. "I am much stronger and can accomplish so much more work now. My weight increased twenty pounds, and my color is fresh and good. "For a long time I had been feeling poorly. Some days I dragged around the house and had not enough energy to do my housework. "I worried a lot about myself. I did not seem like myself, and my nerves were all on edge. I did not sleep well, and my appetite left me. "I found Cardui to be an excellent tonic. After I had taken it a few weeks, I began to pick up and to gain in weight and strength. "Now I am in fine health. I have recommended Cardui to many of my friends, and shall continue to do so."
For over 50 years, Cardui has been used with success and recommended by thousands of women for weakness and similar ailments. Try it for your troubles! At all drug stores. NC-192

FOR SALE—REAL PROPERTY.

Floors mark the housekeeper

How often have you visited a friend's home and made mental reservations about her ability as a housekeeper when you noticed the condition of her floors. There is no need to excuse for anybody allowing such impressions to be created. The first thing to do is get a can of PEE GEE Floor Varnish then call in a painter or do it yourself. With Pee Gee Floor Varnish you've nothing to worry about; it will look good for a second rate varnish has given up its life. You know beforehand that it won't check, crack or scratch easily nor discolor if water falls on it—if a very thing that good varnish should be and it won't pay you to take any but that bearing the old reliable Pee Gee label.

PEE GEE Floor Varnish

Save the surface and you save all the rest.

Prize Winning Letter

Below the letter written by Mrs. J. P. Moss on "Why I send my Clothes to the Eureka Laundry."

Their services NOW are even more gratifying than heretofore. They have a competent manager, a sufficient force, an adequate building, well lighted and ventilated, and equipped with modern fixtures.

Our clothes wear longer, they are splashed through nine waters in an individual tub—the cuffs and collars of shirts and other pieces soiled in excess are not scrubbed out on a board. The worn sheets are not split, nor buttons broken, by wringing—they are put into an extractor and whirled 1300 revolutions per minute until 80 per cent dry, then finished in the drying room. They have a unique checking system which prevents any article from being misplaced. I have lost only a few handkerchiefs and one sock during my experience with them.

For more than four years I have dismissed from my mind that all dreaded wash-day, and put the drudge on the Eureka Laundry and its predecessors. No more aching back and rough chapped hands. It protects the health of the entire family, because they use a liquid bleach to 'whiten them up' and assure sterilization.

My husband's income is limited, the only way I can help him is through economy. I could get my washing done on the lot for \$1.00 per week, and furnish everything. Better still—the laundry does it, Thrift style, at an average of \$1.00 per week, and I do not furnish anything.

It allows me more time for sewing, caring for our four children (two babies and two in school), and so many other things around the home.

Hence—WHY THE EUREKA LAUNDRY DOES MY WASHING:
It saves—CLOTHES—HEALTH—MONEY, and TIME
Mrs. J. P. Moss.

GOV. RITCHIE GIVES IMPETUS TO SMITH RACE

Marylander Praises New York Governor In Withdrawing From Campaign.

Baltimore, June 19.—(AP)—Forces working for the nomination of Governor Smith of New York at the Democratic national convention were given impetus today with the withdrawal of Governor Albert C. Ritchie of Maryland as a candidate. Stating that "it has become increasingly evident that the great majority of the Democratic party in almost every section of the country are ready and want to align themselves behind the leadership of Governor Smith," the Marylander, in pledging his support to the empire state chieftain, said that "Governor Smith embodies far and away the best chance to win."

Lauding Governor Smith's record which he said "justifies the people's faith in Democracy," Governor Ritchie said that his withdrawal from the Presidential field was prompted by a sense of duty which he was glad to perform on the basis that "whatever contributes to Democratic unity will, in turn, contribute to Democratic victory."

In aligning himself with the Smith cohort, Governor Ritchie, in response to a question as to whether he would accept the vice presidency, should it be offered, made it clear that he had no ambitions in that direction.

"I have not the slightest thought of the vice presidency, nor expectation of it being offered me, or of accepting it if it is," he said.

Of the opinion that Governor Smith "is in every way fitted by experience, character and ability to assume the leadership of the party," the Maryland executive continued:

"He has proved himself a fearless and efficient administrator of the greatest state in the union. His record is a guarantee that with him as president, honesty in government would take the place of corruption and the natural resources of the country would be protected."

"He believes in equality for every class of our people. The welfare of humanity is the note he would strike. The financial and industrial center of the nation has shown its faith in him, and prosperity and good times have nothing to fear at his hands."

Gratified that his own state should think him worthy to be the party standard bearer, Governor Ritchie said he appreciated the feeling of his "friends elsewhere in the country who are also generous enough to think me worthy of that honor."

"The Democratic party needs one thing—and only one thing—to assure its success in the fall. That one thing is unity. We must present a united and unbroken front. It is not enough that there be no repetition in Houston of what happened at Madison Square Garden. There should be no thought or suggestion of it. There should be no dissension that can be avoided."

WOMAN FLYER ARRIVES AT SOUTHAMPTON

(Continued from page one)

ham Hotel which overlooks the famous golf links of that name and has the mountains for the background.

"How lovely your country is," she said to Miss Alice Jones, the proprietress of the hotel, when she took Miss Barhart's breakfast up to her.

"The stillness and silence," she continued, "bring back again the almost awesome feeling which came to me as hour after hour we pushed forward through thick clouds and fog. It was if we were the only persons in the whole wide world."

"To think," she laughed, "that forty-eight hours ago I was in America, and now I'm in Wales!"

Her eyes lighted as a breakfast tray burdened with bacon and eggs was set before her.

"Well," she exclaimed, "it's jolly good to feel that I have an appetite that can do justice to such a meal."

When she appeared after breakfast she was wearing her flying breeches, leggings, a fawn colored jumper, scarlet tie and a knitted pull-over. She was feeling tip-top, she said, and was almost ready to make the return journey by air.

"I can't help feeling elated," she exclaimed. "I suppose the flight did require pluck and courage, but all the credit is due to Bill (Stultz) and Slim (Gordon). They're the most wonderful fliers in the world."

"Really, I hardly know what to say of my impressions as I lay on the floor of the Friendship's fuselage. I tried to jot them down, but words seemed such poor things to express what was surging through my brain. There was not what I could call any physical thrill; rather, it was a mental exhilaration that was overpowering."

"As the hours went by the feeling gradually entered my mind that we were going to cover that illimitable stretch of water which tumbled beneath us. All I could make out was that little electric light illuminating the instruments. The thought came to me: 'I wonder if any of the great

MEXICO'S LINDBERGH FORCED DOWN

When Captain Emilio Carranza, en route on an attempted non-stop flight to Washington from Mexico City ran into a heavy fog, he safely made a forced landing at Mooresville, N. C., and resumed his flight to the capital later in the day. The insert shows him studying maps of his route.

liners have seen that faint light. "Without any boasting, I think I could say that at no time during the journey did I seem in the slightest degree afraid. I felt cold and uncomfortable, and would climb into the cockpit and get a little warmth and then I would go back into the fuselage and sit on the floor endeavoring to write in my diary."

Crowder Case Not Pressed

Henderson, June 19.—(AP)—The Vance county superior court records today were marked "not pressed" as to seven indictments against R. B. Crowder, former banker, who is serving three years in state prison for violating state banking laws. Crowder had been tried on these counts but the trial last fall resulted in the jury disagreeing.

CHARLOTTE POLICE CHIEF HELD FOR EMBEZZLEMENT

Charlotte, June 19.—(AP)—Charges of embezzlement of \$384.64 were preferred against C. R. Ferguson, former chief of police of Charlotte, by C. A. Rainey, former partner in the operation of an automobile filling station known as Alex's Place, located near the city limits on the Salisbury road. Magistrate T. J. Gribble, before whom the warrant was sworn out, announced today that he intended to hold a hearing in mid-afternoon on the charges, which he said apparently grew out of a series of accountings made by Ferguson to Rainey incidental to the dissolution of the partnership in the operation of the filling station.

TO STABILIZE FRANC ON NEXT SATURDAY

Paris, June 19.—(AP)—It was understood today that stabilization of the franc has definitely been set for Saturday.

The decision was reached at a cabinet meeting today at which plans were discussed. The final details will be agreed upon at a special meeting this afternoon.

As soon as the New York stock Exchange is closed the stabilization law will be presented to Parliament. The Senate and Chamber of Dep-

uties will be kept in session until the stabilization law is adopted. It was considered necessary here to await until the New York Exchange has closed to avoid attempts at speculation.

COOLIDGE REFUSES CLEMENCY TO THREE

Superior, Wis., June 19.—(AP)—President Coolidge was reported here today to have decided to refuse clemency to Nicholas Lee Eagles, John Proctor and Samuel Moreno, sentenced to be executed in Washington, D. C., next Friday, for first degree murder.

Mr. Coolidge had before him for study yesterday the report of the Department of Justice on the plea for clemency entered by the defendants through their attorneys. The decision will be announced officially later, after Coolidge's decision is transmitted to the Attorney General in Washington.

OSCULATION IS CAUSE OF PYORRHEA, EXPERT SAYS

New York, June 19.—(AP)—The kiss as a cause for the spread of pyorrhea is the theory advanced by a hygiene expert.

Dr. Hermann Becks, professor of

dental hygiene of the University of Freiburg, Germany, who arrived on the liner Berlin, said while he believes an affection of the stomach may be the original seat of the disease it is spread through the medium of kisses. Dr. Becks said he came to this country at the invitation of the University of California to continue his research work of the disease.

after eight o'clock, will go to lunch at one and quit for the day at four-thirty."

The State Treasurer continues to enjoy good health, is quite active and has a word of cheer for all visitors at the capital.

BEN LACY OBSERVES HIS 74th BIRTHDAY

Raleigh, June 19.—(AP)—State Treasurer Benjamin R. Lacy today observed his 74th birthday at his office at work.

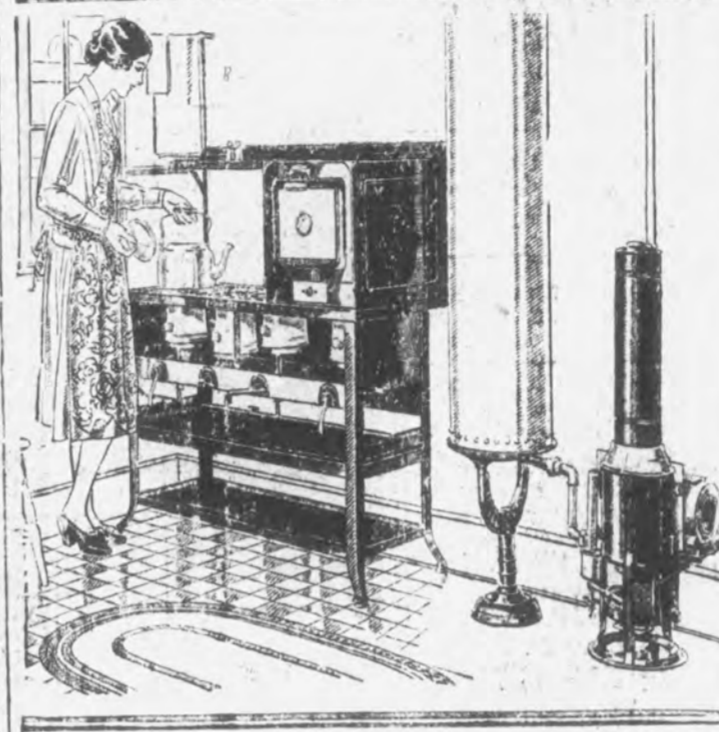

"Honest Ben," former railroad engineer and later a banker, is a native of Raleigh.

"No sir, don't say that," said Mr. Lacy when the Associated Press, congratulating him this morning, wondered if he cared to live to be a hundred.

"Yes, I am working today. Got down to the office at five minutes

HARTNESS TO ATTEND DEMOCRATIC CONVENTION

Charlotte, June 19.—(AP)—J. A. Hartness, Secretary of State of North Carolina, will attend the Democratic national convention as a delegate-at-large and alternate to Word H. Wood, president of the American Trust Company, of this city, delegate, and one of Senator Simmons' lieutenants in the anti-Smith campaign that preceded the state Democratic convention, held recently at Raleigh. Mr. Wood said today his place in the North Carolina delegation will be filled by Mr. Hartness. The Charlotte banker added that his intentions in this respect are known to Senator Simmons.

ENJOY A MODERN FLORENCE KITCHEN

Today's fuel is oil, and the happy, time-saving way is to cook with a Florence Oil Range and have a constant supply of hot water from a Florence Automatic Water Heater.

Both are without wicks, without odor and without smoke. The Florence burner is short and the heat is focused right on the job and not wasted in the room. Furthermore, Florence products are absolutely safe and as they burn kerosene are very economical to operate. Come in and see for yourself.
