## ADmits FALSE STATEMENT ON PRESS SERVICE

### Public Utilities Press Agent Is Forced to Show Hand by Associated Press.

Washington, June 21.—(AP)—A public utilities press agent who made a false statement about the Associated Press in a letter, apparently with idea of impressing his associates, today had to admit on the witness stand before the Federal Trade Commission investigation of utility financing that the statement was of his own imagination.

B. Sheridan, who was sworn yesterday to have severely condemned business methods of his public service employers while being paid by them as director of the Missouri committee on public utility information, admitted that he had no authority for a statement made to J. S. Richardson, on May 16, 1923, that "word had gone down from headquarters" of the Associated Press, to take care of the committee on public utility information.

"I only had an idea," Sheridan testified when Robert E. Healy, chief counsel for the commission, asked him on what authority he based the statement.

Richardson at that time was head of the Pennsylvania utilities publicity committee and now is publicity director of the joint committee for national utility associations.

Sheridan testified that when any of his information was carried by the Associated Press it was because it had news value and his letter to Richardson said only that call for information was submitted.

The letter was written to Richardson shortly after he had become director of the Pennsylvania bureau and said: "The Associated Press will prove invaluable to you."

Richardson said that he had been directed to take care of the committee on public utility information. In any event, the local managers are very warm to public utility information. Of course, this is a great advantage and we do not give it too strong in Missouri. We avoid asking them to distribute anything except a real story.

A letter Sherman wrote to the late George McQuaid, March 29, 1926, director of the Texas utility publicity bureau, also contained statements calculated to impress the Texas. It said: "The Associated Press sends out practically every thing we give them. We get newspapers in Missouri. We get matter printed in from one to 25 newspapers printing stories sent out by the Associated Press."

"How does this average strike you? Does it correspond with your average in Texas?"

Interrogated by Healy, Sheridan declared that he considered that the matter sent by his organization to the press association contained "enough news to justify the Associated Press in carrying the story."

## Plans Polar Flight

Dr. Fridtjof Nansen, famous arctic explorer, announced at Leninograd that he plans an extended polar dirigible expedition in 1929. He said his ship, to be larger than the Italia, is being constructed in Germany.

## TOBACCO TAX COLLECTIONS ON INCREASE

### Internal Revenue For North Carolina Expected To Exceed \$21,000,000.

Raleigh, June 21.—(AP)—With sales of tobacco stamps already past the \$20,000,000 mark this month, Gilliam Grissom, collector of internal revenue for North Carolina, today said total collections of internal revenue in this state for the fiscal year ending June 30 will probably exceed \$21,000,000.

The revenue department last year collected \$205,000,000 in North Carolina to set a new record.

Unless Illinois has bestirred itself since February, collector Grissom said North Carolina will move into third place in the list of states in collections for governmental purposes are concerned. Last year North Carolina displaced Michigan and the previous year it pushed Ohio down the ladder.

Cigarette stamp sales so far this month have been larger than in any other month in the history of the Grissom tenure of office. And if collector Grissom could have collected duty on the millions of cigarettes that were shipped out of North Carolina this month to foreign countries he is satisfied the totals for June would be considerably larger than they are now being added.

## B. Y. P. U. Session At Raleigh Adjourns

Raleigh, June 21.—(AP)—After electing M. L. Jones, of Winston-Salem, as its new president the annual convention of North Carolina Baptist Young Peoples Union stood adjourned at Meredith College today.

## POLICE FIND NEW THREATS IN GLAB CASE

### New Notes Revealing Plans to Kill Former Illinois Druggist, Uncovered.

Los Angeles, June 21.—(AP)—New notes in the overtone of threats which preceded the killing of John I. Glab, former Cicero, Ills., druggist today had been uncovered by the police.

That discovery rounded out, the authorities believed, the record of threats and counter threats exchanged between three persons involved in the case. The triangle consisted of Mrs. Hazel Glab, young bride of the victim, who has been formally accused of his murder; W. R. McIntyre, admittedly her lover in days preceding her marriage and now held as a material witness, and Glab himself.

The last threats were disclosed last night when police questioned Mrs. Marian Adams, a friend of the Glabs. McIntyre had said that a woman named "Merian" telephoned him Tuesday morning that Glab was shot down at the doorway of his suburban home the night before.

Mrs. Adams denied telephoning McIntyre, a former Los Angeles policeman, but she did tell of repeated threats which Glab had made to shoot his wife, McIntyre and himself because "this can't go on this way."

Mrs. Adams said that, at Mrs. Glab's request when she visited the widow in jail the day after the shooting, she did telephone to a "Mr. MacKenzie."

Earlier in the investigation of the case the police had been told by a maid in the glab home and by the wife of the caretaker, that Mrs. Glab had threatened to shoot her husband during their frequent and violent quarrels. From Nevada came the report from a friend of Glab that the latter in a telephone conversation had expressed a fear of his life.

## Optimists Meet In Land of Sky

Asheville, June 21.—(AP)—With an attendance of approximately 500, delegates to the convention of optimists international got down to actual business at the Battery Park Hotel this morning.

Commissioner C. H. Bartlett, of Asheville, President C. G. Knight of the Asheville Club, international President C. Ed Hall, of Oklahoma City, International Vice-President Harrington Wood, of Springfield, Ill. and International Secretary-Treasurer Thomas B. Elliott, of St. Louis, Mo., were the morning speakers.

There will be no business session this afternoon.

COOLIDGE DENIES PLEA FOR CLEMENCY  
Superior, Wis., June 21.—(AP)—President Coolidge today denied the clemency plea of Nicholas Lee Eagles, John Proctor, and Samuel Moreno, sentenced to be executed next Friday in Washington for first degree murder.

## WOULD SHOW MISS EARHART GOV. SMITH IN NEWS PICTURE

### Friends of New Yorker Threaten Legal Action To Prevent Use of Films.

New York, June 21.—(AP)—Friends of Governor Alfred E. Smith today threatened legal action to prevent the use of a news reel of the Governor in a film dramatization of two prohibition books by Professor Irving Fisher of Yale.

The picture, titled "deliverance" was made for Professor Fisher and Robert E. Corridini, research secretary of the world alliance against alcohol. It is being booked by the Young Men's Christian Association for showing in Y. M. C. A.'s and churches throughout the country.

George E. Graves, secretary to the Governor, has written all news reel companies which have taken pictures of Governor Smith warning them against permitting improper use of their films. Counsel has informed him that a picture cannot be used for commercial purposes without the Governor's permission.

The Governor's friends say that except by implication, purports to show the Governor signing the act repealing the Mullengage state enforcement law and thereby allegedly contributing to evils which other parts of the picture depict. In reality, they say, Governor Smith is signing an income tax reduction bill.

Mr. Corridini said that anything unfair to Governor Smith in the picture would be taken out "if his representative come to us and show we are wrong." "The story" he added, "is not propaganda but a dignified dramatization of an historical event."

## PUBLISHERS MEET TODAY

### Annual Convention Gets Under Way at Biloxi, Miss., With Crowded Program.

Biloxi, Miss., June 21.—(AP)—A host of routine matters were before some 300 southern newspaper publishers and their executives who met here today in 26th annual association convention. Sessions will be included Saturday.

Crowded into the first day's program were reports of all committee chairmen, officers, and chairman of the board, as well as selection of nominations, resolutions and memorials committees. Officers will be elected tomorrow.

The report of Col. Robert Ewing, publisher of the New Orleans states, president, dealt particularly with the victory of southern and western publishers in their 11 years fight for postal rate adjustment. Urey Woodson, publisher of the Owensboro, (Ky.) Messenger, chairman of the postal affairs committee detailed the progress of the fight, warning the publisher that they must continue vigilance if they continue to enjoy proper protection.

John A. Park, publisher of the Raleigh, (N. C.) Times, chairman of the board of directors, recommended regional or state conferences of members once or more a year to supplement the annual convention; compilation of statistical reports for ready reference; retention of officers of the secretary-manager permanently in one city, preferably Chattanooga; and selection of annual convention city by membership rather than by the board as heretofore.

## MISS EARHART CYNOSURE FOR ENGLISH EYES

### First Woman to Fly Over Atlantic Guest of Mrs. Fred Guest Today.

London, June 21.—(AP)—Miss Amelia Earhart, the young Boston ship-worker who flew the Atlantic, awake this morning in a richly furnished bedroom in one of the finest mansions in England—the Park Avenue town house of Mrs. Frederick Guest, sponsor of her flight.

Miss Earhart had planned to go to the Guest home during her stay in London, but went sooner than had been expected in order to escape the crowds and the publicity to which a trans-Atlantic flier is subjected in a London hotel.

Her friends in London were still worried today because she felt very tired and had not recovered from the strain of the flight. Therefore, Mrs. Guest will make every effort to give the Boston girl privacy and quiet.

Scotland Yard took Miss Earhart under its protection today to guard her from too ardent admirers and cranks.

She has been nearly rushed off her feet by admiring crowds, mostly women from across the Atlantic. Each arrival of the postman adds to her fast accumulating stack of mail. Most of the letters are congratulations and invitations but there is a sprinkling of queer requests.

Since attention has been centered mostly on Miss Earhart, Wilmer Skilla and Louis Gordon, her companions in the plane, Friendship, have been drifting about London doing what they wanted without molestation. They begged off from the dinner in honor of the fliers in the home of their sponsors, Capt. and Mrs. Frederick Guest, and went off to talk about planes and engines with friends.

Miss Earhart asked her patroness, Mrs. Guest, to make it plain to the public that she is distressed at the attention she has attracted. She declared that she did not want hero worship and that Skilla should have the full burden of his fame instead of unloading it on a girl who has done nothing to deserve it.

## WHITE SUCCEEDS WARD

Sanuel H. White, medical corps, United States Navy, will succeed Lieut. Ernest Ward as medical officer at the local naval recruiting station which has charge of recruiting in North and South Carolina, it was announced today.

Lieut. White, a native of York S. C., will report for duty July 15.

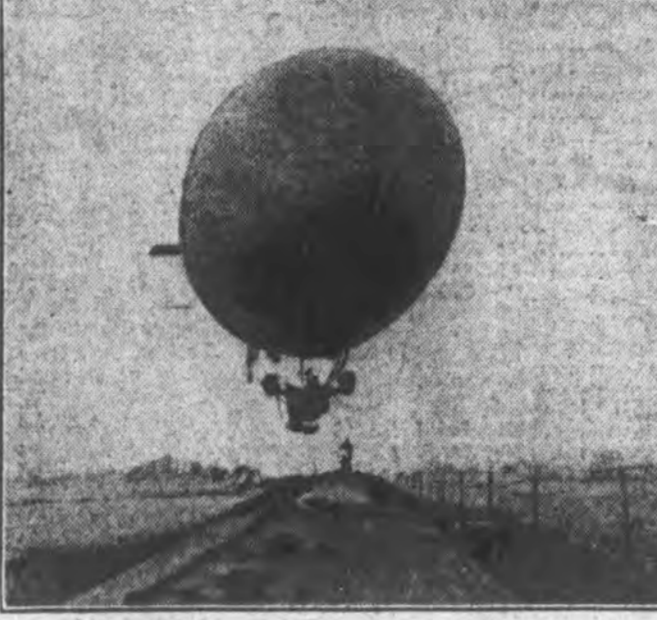

## POLICE RAID CONSULATE

### Nationalist Commander Directs Search of The Soviet Headquarters.

Tientsin, China, June 21.—(AP)—The soviet consulate was raided last night by a large body of armed police acting under orders of General Fu Tso-Yi, national garrison commander at Tientsin.

They made an exhaustive search for several hours. The Chinese note explained that the raid was due to information received that numerous Chinese communists had a large quantity of arms hidden in the building.

## DIRIGIBLE LANDS MAIL ON TRAIN

Mail was transferred for the first time from a dirigible to a speeding train during experiments near Belleville, Ill. Picture shows the airship hovering over the train, where a mail clerk has received the pouch of mail. The dirigible carried a crew of six men under Lieut. Karl Axtater and Lieut. Edward White of Scott field.

## HOOPER CONFERS WITH LEADING PARTY MEMBERS

Washington, June 21.—(AP)—Fort of the same state was the nominee's selection for committee secretary, with Daniel E. Pomeroy of Englewood, N. J., as vice chairman.

Secretary Work has been an avowed and active Hoover supporter since early in the pre-convention campaign and Representative Fort has long been associated with the commerce secretary, notably in the war time food administration. At the Kansas City convention, Fort acted as Mr. Hoover's floor leader.

Senator Curtis of Kansas, the vice presidential nominee, who came to Washington Tuesday and indulged in a long conversation with Mr. Hoover, stayed over for today's meeting and it was understood that the program called for a speech from him as well as from Mr. Hoover.

## GIRL FLIER IS HELD UP TODAY BY INJUNCTION

### Thea Rasche's Flight To Germany Delayed by Action of Former Backers.

New York, June 21.—(AP)—A temporary injunction today stood between Thea Rasche, German girl flier, and her projected flight to Europe.

The injunction was obtained by Harold W. Hartwell and his assignee, The Hollis Corporation. The proceedings revealed them as the backers which Miss Rasche recently severed relations.

The injunction, returnable tomorrow afternoon, restrains Miss Rasche from using the plane purchased by her new backers, Mrs. James A. Stillman or from making any flights from North America or Europe.

A similar injunction was served upon A. R. Martine, banker and aviation enthusiast, from whom Mrs. Stillman purchased the plane Calvin Harris, flight manager for the Hollis corporation, and Harry Heckheimer, its attorney, charged Miss Rasche with breaking relations with their company at the insistence of Mr. Martine to accept more advantageous terms from Mrs. Stillman.

Miss Rasche declared the contract was abrogated when the Hollis Corporation failed to live up to its promise to deliver a plane to her by June 10.

## Mutiny Aboard Australian Ship

Colombo, Ceylon, June 21.—(AP)—The Australian commonwealth liner, Jervis Bay, reported by wireless to Colombo this morning that there was a mutiny aboard.

## NOBILE BEGINS DIRECTION OF PARTY RESCUE

### Explorer Sends Out Further Radio Messages About Conditions in Camp.

Kings Bay, Spitzbergen, June 21.—(AP)—Chered by the 650 pounds of provisions dropped yesterday upon his camp off Northeast Land by Major Maddalena, General Nobile today sent further radio directions for the rescue of his stranded party.

The General and the five men with him who have been short of food and in difficult straits ever since May 25, when the dirigible Italia met with disaster on its return from the north pole, was in wireless communication with the base ship, Citta Di Milano, concerning the present situation.

He gave some instruction about what further procedure is to be followed in rescuing his party and gave details as to the conditions on the ice where he is stranded and the exact position of his camp.

Before giving these directions concerning the rescue plans, however, General Nobile expressed his gratitude to Major Maddalena and the assistant pilot of the Savoia-Marchetti-56 as well as to Major Mercanti, director-general of the Italian aviation department who organized the relief expedition and gave up his seat in the plane so that more fuel might be carried.

In fact, the first words of Nobile's message were: "I kiss and embrace the two fliers and Mercanti."

There was no further news today regarding Roald Amundsen, the famous explorer who took off Monday night and has been missing since. There were all kinds of speculation about him but no definite information whatever has reached here and there was no confirmation of yesterday's rumor that he was down off the back ice.

The week of fine weather which has prevailed at Spitzbergen today was succeeded by heavy conditions which it was feared would prevent Major Maddalena from starting again in search for the stranded party of seven men and the three missing men who originally formed part of the Nobile group.

## Mrs. Mary Jones Passes Away at Her Home Here

Mrs. Mary J. Jones, wife of C. E. Jones, died about noon yesterday at the home on Chestnut street. She was 55 years old.

Mrs. Jones was a member of Mt. Herman Methodist church in Greenville county. Funeral services will be held from the home by Rev. L. B. Jones today at 2 and burial will be in family cemetery near Snow Hill in Greene county, where committal service will be held by pastor of her church, Rev. J. A. Russell.

Surviving her are her husband, C. E. Jones and three sons, Cecil R. Jones of Greenville, Z. V. Jones, and Wm. J. Jones of Kingston; one daughter, Mrs. Blanche Suggs, all of Kingston; one brother, J. H. Britt, Black Creek, and one sister, Mrs. Nannie Heath of Greene county.

Bureau Reports Cotton Spinning

Washington, June 21.—(AP)—The census bureau's analysis of cotton spinning activity in May made public today showed active spindles hours for the month totaled 7,950,112,765 or an average of 222 hours per spindle in place compared with 7,416,379,137 and 206 for April this year and 9,001,285 and 244 hours for May last year.

Spinning spindles in place May 31 totaled 35,814,390 of which 29,090,360 were operated at some time during the month compared with 35,921,306 and 30,965,404 for April this year and 36,874,908 and 32,966,580 in May last year.

The average number of spindles operated during May was 24,914,825 or at 85.8 per cent capacity on a single shift basis compared with 24,049,764 and 94.3 for April this year and 40,205,600 and 100 for May last year.

# FINLATOR'S CLOUT GIVES LOCALS GAME

A circuit clout by Buck Finlator in the ninth inning gave Greenville a 2 to 1 victory over Wilmington in the opening game of the series at the fair grounds yesterday afternoon.

With both clubs scoring one run each in the eighth frame, Finlator stepped up to the place in the ninth and drove the ball far out over left field fence.

It was a thrilling climax to a game which had developed into a pitchers' duel from the first inning on. Shoaf did mound honors for the Pirates and Wilson for the Tobaccoists. Both gave a remarkable exhibition of hurling skill under a scorching sun whose rays had driven the temperature to the highest registration of the season. But despite this handicap, the hurlers went eight full innings without allowing runners to make a clean swing around the circuit.

Fielding honors of the day were captured by Denton at short. His work was marked by the sensational at times, and figured largely in preventing hits when they would have resulted in scoring.

The Pirates will conclude the series here this afternoon, after which Rocky Mount will come here for the two concluding games of the week.

As each club's position in the standing of clubs column is rather precarious at this time, the two final games of the week are expected to be fraught with more than passing interest. Splendid crowds no doubt will be in attendance the last two days to see the Tobaccoists take a firmer grip on the rounds leading to the top of the column.

## DIZZY, NO APPETITE

Since Taking Black-Draught This Man Is Eager For His Meals and Feels Much Better.

Harrisburg, N. C.—Mr. M. F. Fink, of this place, says: "It must have been fully twenty-five years ago that I began taking Black-Draught regularly. It wasn't so long after I married.

"I was in town one day, and while talking to a friend I stooped over to pick up something. When I straightened up, I felt dizzy. I spoke to him about this, and how I had not felt like eating.

"My friend told me to take some Black-Draught. I knew my mother had used it, and so I bought a package. When I got home, I took a good, big dose, and the next night, another. In a few days I felt much better. I was hungry and the dizziness was gone.

"A good many times I have had this dizziness and a bad taste in my mouth, or headaches, and then I take Black-Draught and get better. I do not have to take it very often. We buy from five to seven packages a year."

Theford's Black-Draught has been found to relieve sick headaches in thousands of cases that were due to constipation. Containing no mineral drugs, it acts gently, yet promptly. Try it.

## Home Runs Timely In East Carolina

(By the Associated Press)  
Home runs in the final inning broke up two snappy mound battles in the Eastern Carolina League yesterday. Though leaders in the first division suffered a clipping off the percentage credits, all clubs held fast to their relative positions.

Buck Finlator accounted for the homer that chalked up the two to one victory for Greenville over the Wilmington Pirates. Wilson allowed the Pirates but five hits, while Shoaf gave up 7. The only error in the game was marked up against the Greenville.

Kinston had an upgrade battle to secure the 4 to 3 decision over Rocky Mount, finding it necessary to stretch the game into 11 innings before Emlingholz concerted for a circuit of the path and the winning score. The Bucs scored their three runs in the seventh inning and Kinston had succeeded in putting over one in the fifth. The Eagles tied the score in the eighth with two more tallies. The game hung in the balance for the succeeding three innings, awaiting the clout that could rise over the garden fence.

The league leading Goldsboro aggregation fought hard in vain to overcome an early lead and were blanked by Fayetteville 2 to 0. Phil Mason pitched extraordinary ball, holding the Goldbucs to three runs and was given good support in the field.

## Tight Scores in Piedmont Circuit During Yesterday

Scores close enough to keep the bleacherites on their toes under a scorching sun were chalked up by Piedmont League clubs yesterday.

The hitting of Molly Cox and Hobe Brummitt ruined the Pointers and gave the leading Patriots a 6 to 5 win. Cox smashed out three hits in as many trips to the rubber one of his clouts earning him a ticket for the circuit, while Brummitt crashed out a pair of homers. Barnes put over a nice style in the mound until the eighth when hits were bunched and the bases were filled. He gave way then to win.

The Winston-Salem Twins did persistently to their second berth position by defeating the cellar holding Durham Bulls, 5 to 2. The Twins bunched blows timely on "Lefty" Lanning while the Bulls were able to get over but five scattered hits. Art Hauger caught the eyes of the grandstand by snatching in spectacular fashion two balls

out of the ozone in the seventh to old Hips and Lanning of base blows.  
The Raleigh Caps stopped Goddshall and won over Salisbury 7 to 6. Slow work in the field by the Caps figured largely in the Colonials scoring. A homer by Mulleavy in the fourth with two on and one by McMahon soon afterwards afforded the features for the battle.

## One Game Result Means Something In Sally League

(By the Associated Press)  
The race for first honors in the South Atlantic Association, two corners at present, is now reaching the point where a game's result might mean heart failure to a Macon or Asheville supporter—with only the narrowest of margins separating the two clubs.

Both teams managed to win their games yesterday, pitted against so-called weaker nines, with Asheville holding on to its half game advantage. The Tourists trailed

Charlotte for eight innings, then came to life and pushed five runs across to win, 7 to 6.  
Watson's homer was included in the late rally.  
Macon spotted Spartanburg in the earlier periods and made an uphill fight to tie the score by the end of the regular playing time, going two extra innings to score three times and take the game, 11 to 8.

Stuffy McCrone, driving in four runs, was the bright light for the Peaches, while Kelly carried the brunt of the Spartan attack.  
Greenville coasted along under an early lead and won from Columbia 9 to 2. Eight errors marred the game, five of them being charged to the Comers.  
Augusta and Knoxville started a good game of town ball but the

contest was called at the end of the third inning, due to rain, after the combined runs of the two teams totaled twenty-three.  
Orlando, Fla.—Sid Terris, Chapel Hill, N. C., knocked out Bill Hart, Los Angeles, 2. Doby Goodwin, Daytona Beach, Fla., outpointed Red Kiarock, Sebring, Fla., 3.

Mr. and Mrs. H. A. Rock and daughter, Francis, of South Carolina, are visiting Mr. and Mrs. J. N. Tingle.

Mr. and Mrs. E. L. Willard, Ruth, Edith and Ernest, Jr., and Dorothy Willard returned yesterday from Charleston, S. C.

Mrs. Virgil Rountree and Miss Elizabeth Rountree of Kinston spent today with Mrs. W. W. Phelps.

Mrs. S. P. Beatty of Tarboro and Mrs. C. E. Rowe of Petersburg, Va., who have been visiting Mrs. C. A. Bowen have returned home.

Mrs. Douglas Wesson, Springfield, Mass., Mrs. Lyman Cotten, Salisbury, Preston Cotten, Boston, and Lieutenant Julian Timberlake, Jr., U. S. Navy, are at Cottondale, where they were called on account of the illness of Mrs. Julian Timberlake.

Miss Mary J. Hadley of Raleigh is visiting in the home of Mr. and Mrs. George B. W. Hadley.

Mrs. Forbes Entertains for Mrs. Hughes.

Honoring her house guest, Mrs. Gary Hughes of Asheville, Mrs. F. J. Forbes charmingly entertained at bridge yesterday afternoon. The home was lovely with pink gladioli and snapdragons. High score prize a bathing bag was won by Miss Hennie Whichard. Low score prize a bath cap went to Mrs. E. G. Flanagan. Mrs. Hughes was remembered with silk hose, and Mrs. Sidney Caswell of New York was given a piece of linen.

Following a number of interesting games, Mrs. S. T. White and Mrs. C. S. Forbes assisted the hostess in serving a delicious salad course.

Mrs. Flanagan Gives Bridge Luncheon.

Wednesday morning at her home on Evans street Mrs. E. G. Flanagan entertained at an attractive bridge luncheon, honoring Mrs. Sidney Caswell of New York. Various sum-

mer flowers were effectively used. Four tables were placed for bridge.

Mrs. A. J. Moore making high score was awarded silk hose. Mrs. Larry James was given an attractive novelty for low score. Miss Abiah Person of Kinston was given a rhinestone bracelet. Mrs. Caswell the honoree was remembered with silk hose.

At the conclusion of the game a tempting course luncheon was served. Mrs. Person Nicholson and Mrs. Graham Flanagan assisted in serving.

**DR. CLARK TO PREACH AT ST. PAUL'S SUNDAY**

Dr. William J. Loaring, Clark national missioner of the Episcopal church in America, will arrive in Greenville Saturday evening and conduct the services at St. Paul's Episcopal church Sunday.

Many people in Greenville will remember Dr. Clark very pleasantly as he conducted a very fine mission here last winter. He is no doubt one of the most able speakers in the pulpit today, and a cordial invitation is extended to everyone to hear him.

Come out Sunday and bring your friends.

**BIG DEMAND FOR NEW ELECTRIC REFRIGERATOR KEEPS 9 FACTORIES BUSY**  
It has been announced that more than two thousand carloads of General Electric Refrigerators have

been delivered to American homes since April 1st.

This remarkable sales record reflects a nation-wide acceptance and endorsement for a refrigerator which has been on the market only a little more than a year but with a background of sixteen years of development and perfection by the Research Laboratories of General Electric Company.

According to Mr. H. H. Duncan of the Electric Service & Supply Co., distributor for General Electric Refrigerators, the enormous demand has practically depleted all surplus stocks but nine factories are now operating at full capacity and the manufacturer is confident that all orders can be filled without undue delay.

The claim is made for the General Electric machine that it is unique in having all its mechanism sealed in an air-tight steel casing so that it does not even require oiling and also in having the mechanism on top rather than underneath. Some very interesting scientific reasons are offered for this departure from previous manufacturing practice.

The eagerness with which the American public is adopting electric refrigerators is another milestone in the progress of this electrical age—another saving of the housekeeper's time and labor.

Indeed, as stated by Mr. Duncan, it is possible that the use of mechanical refrigeration in the home may somewhat change American buying habits. Since food can be kept fresh and wholesome by electric refrigeration for long periods, the daily ordering and shopping for food may eventually be done only two or three times a week.

## Tennis in Greenville.

There seems to be an increased interest in the sport of tennis in Greenville, and every now and then another new court is visible. Probably the latest venture is a two court club in the East End which has taken the name of the Tilden Tennis Club. This is composed largely of younger boys, and will afford some good competition for older and more experienced wielders of the racket in the course of a year or so, if not at present. They are planning a series of matches with other clubs, the first of which will be this Saturday, with the Country Club on the courts of the latter. Neither side will hazard a guess as to the outcome of a brand new kind of team competition.

With this hot weather the  
shortest route to the beach  
seems to be the principal  
inquiry hereabouts.

Now comes word that  
some of those taking part in  
the Madison Square Garden  
dance marathon are believ-  
ed to have become mentally  
unbalanced or insane as a  
result of fatigue and ex-  
haustion. It was our opin-  
ion that all the entries in  
such an idiotic and health-  
wrecking affairs were men-  
tally unbalanced or insane  
to begin with.

Every person going into  
the woods should remember  
that a carelessly discarded  
lighted match or cigarette  
may start a fire which will  
destroy thousands, or per-  
haps hundreds of thousands  
of dollars worth of property,  
to say nothing of human  
lives.

#### FIVE SETS NEEDED

With two new warehous-  
es and added factory facili-  
ties for the coming season  
Greenville is looking for-  
ward to the establishment  
of a new record on its to-  
bacco market. There is, how-  
ever, one improvement that  
is needed and needed badly  
on the Greenville tobacco  
market that has not yet  
been put into effect. If the  
Greenville tobacco market  
is to continue to grow and  
expand and serve the ever  
growing number of farmers  
who pick this market as the  
logical place to "sell" their  
crops, we must have five  
sets of buyers. Four sets of  
buyers on the Greenville  
market last year purchased  
over sixty million pounds of  
tobacco or an average of  
more than fifteen millions  
each. With indications of  
even heavier sales here, the  
coming season, it is impera-  
tive that we have the fifth  
set of buyers if the interests  
of the farmers are to be tak-  
en care of.

In view of this it should  
not be a very hard matter to  
convince the buying com-  
panies that another set here  
is necessary and it is to be  
hoped that efforts of the  
local market along this line  
will be successful.

### ABOUT TOWN

"President Coolidge went angling  
yesterday, according to stories in to-  
day's papers," mentioned a Green-  
ville fisherman today.  
"In a day or so the same paper  
will be carrying pictures showing  
how many fish the President caught."  
The chief executive has had a  
time keeping out of the limelight.  
He might go to the darkest part of  
Africa but news men would follow

him and the world would be as  
well informed of his activities as  
if he was at his desk in the White  
House.  
"This is some indication of the  
development of newspaper work in  
America. Every phase of human ac-  
tivity is covered by trained writers  
in the hundreds of towns and cities  
of the world, and telegraph wires  
carry them to the various commu-  
nities within a few minutes after  
they occur.

"We are living in a fast age, but  
certainly not faster than the brain  
of these trained men who are eter-  
nally on the alert to give the world  
the best they have in service.

"Let the president fish as much  
as he likes. He may catch nothing  
more than a minnow, but the fact  
that he is out angling will furnish  
good reading matter for the count-  
less thousands who help place him  
in office."

"I want some of Greenville's well  
known anglers to get busy and test  
out the finny tribes of the many  
streams in this section," said a re-  
ader of the Reflector this morning.

"Last year quite a number of the  
more prominent followers of Isak  
Walton tried their luck and invari-  
ably brought back stories of some-  
thing more than empty pails, etc.

"One of these men we have in  
mind at this time always had inter-  
esting information to divulge about  
some other member of the party  
accompanying him. However, we  
haven't had a word from him this  
year, and are concerned about his  
lack of activity.

"Everybody knows to whom  
we have reference, and consequent-  
ly, it will be unnecessary to mention  
his name."

"What did you do yesterday,  
John?" an employee of a local store  
asked another today, referring to  
the half Wednesday holiday enjoyed  
by a majority of the business houses  
of the city yesterday.

"Oh, I went out swimming and  
then to the ball game."

"Have a big time?"

"Bet your life."

"Did you see my boss out swim-  
ming?"

"Yep, he had his whole family  
there."

"He must like it."

"He did until a crab embraced his  
big toe. After that everything look-  
ed mighty stormy and unsettled in  
family circles."

"He will get over it," the other  
consoled.

"Maybe," reflected John doubtfully.

"Sure he will, next Wednesday he  
will forget there's such a thing as

a crab in the world, and will hit  
the sound so hard that half of the  
water will be splashed out by the  
force of the impact. Cheer up, boy  
—there are worse things than crabs  
and sour bosses in the world. Think  
about next Wednesday and the good  
time you will have when you forget  
business at the noon hour and lie  
away to some place of amusement  
to spend the afternoon."

"Baseball on the home lot all the  
rest of the week," exclaimed a youth  
this morning, glancing at one of the  
schedule cards tacked up on the  
wall of a business house.

"Gee, I wish I could see 'em all",  
declared another boy, taking a long  
hard gait at the card also.

"Well, you could if they'd hurry  
up! I had fun for season tickets for  
children between the age of six and  
eight years."

"The other look up hopefully.  
Rackon they'll ever do it?"

"Sure they will," confidently de-  
clared the first speaker. "Ever see  
Greenville start anything she didn't  
put across?"

"Nope," came the ready answer,  
"but somehow they are mighty slow  
about raising money this time."  
"Oh, that's all right, kid—it won't  
be long now—Rome wasn't built in  
a day. With this bit of philosophy  
expressed in phraseology typical of  
the average American boy, the first  
speaker sauntered off down the  
street, swaggering confidently, just  
like he owned the town and had an  
option on Winterville and Ayden.

"His faith in the ability of Green-  
ville people to put across anything  
they start evidently had a salutary  
effect upon bystanders, some of  
whom may use their influence in  
putting across the drive for the  
free tickets possible."

## World's Greatest Value ...altogether or part by part

The Essex Super-Six is out-  
selling, and all this year has out-  
sold, every other "Six" by  
such margins that comparison  
is only a gesture.

For it needs no expert to see—  
what every expert knows—that  
such an array of values was  
never before presented within  
hundreds of dollars of the price.

Your first glance tells that. But  
more important, you can ex-  
amine this Essex, part by part,  
and in each item, whether it

is the upholstery used, or the  
costliest type of four-wheel  
brakes, or the use of vertical  
shutters, demonstrate a superi-  
ority of quality and actual mar-  
gins of costlier materials and  
workmanship.

To know the overpowering  
conviction of greatest value  
held by Essex owners is merely  
to see Essex beauty, to examine  
Essex quality, to sit inside and  
feel Essex comfort—to ride and  
know Essex performance.

# Market Report Cotton--Stocks--Grain

**NEW YORK COTTON**  
New York, June 21.—(AP)—The cotton market showed continued firmness today, prices advancing to approximately the 21-2 cent level for October contracts on more or less general buying promoted by unfavorable crop and weather advices. The advance met a good deal of realizing, which was absorbed on moderate setbacks.

The mid-afternoon market showed net advances of 30 to 34 points. Futures closed barely steady 12 to 16 points higher. Spot steady, 21.65.

**GRAIN MARKET.**  
Chicago, June 21.—(AP)—Despite selling by houses with connections northwest, wheat averaged higher today. Reports that black rust had started in spring wheat territory was a bullish influence.

Oats unchanged to 1-2c off, and provisions varying from 5c decline to a rise of 10c.

**STOCK MARKET**  
New York, June 21.—(AP)—Frequent shifts of speculative sentiment characterized today's stock market, with the general price tendency lower. Stock rallies 1 to 4 points at the opening, lost their gains and in many cases recorded substantial recessions in a mid-day reaction and then started upward again in the early afternoon. Plenty of stocks were for sale on the rallies.

American Lumber common and preferred, Russia Insurance, Radio and Wright Aeronautical broke 4 to 6 points, but rebounded sharply on short covering. Nearly a score others were carried down 2 to 4 points in the morning reaction.

On the other hand, Pittsburgh and West Virginia was bid up 7 points above last night's closing quotation. Mullins Manufacturing 4 1-2 and U. S. Leather common and the "A" stock, Sears Roebuck City Store, B and International Business Machines sold 2 to 3 points higher.

The closing was firm. Total sales approximated 1,700,000 shares.

**Marmalade Dances at College Tomorrow Evening.**

The Marmalade Dancers are three stars who through their creative genius have combined the two arts of the drama and the dance into a new art, the drama-dance. Their interpretative dancing tells a story and conveys a message through rhythmic movements aided by the appropriate draperies or costumes and lighting effects.

Some of their numbers give their conception of such industrial themes as "Machinery" or "Electric Lights," while others give a beautiful old story or legend. Some are accompanied by the music of the great composers and give the audience a three-fold chance to get the meaning of the music.

They appear tonight at the University of North Carolina. The college authorities were fortunate in being able to secure them while on their summer tour from one college or university campus to another.

Their program tomorrow evening will be presented in the Campus Building of East Carolina Teachers College at eight-thirty o'clock.

**Notice to the Boys of Greenville.**

The general boys' meeting, which was announced by error for last night, will be held tonight (Thursday) at 8 p. m. in the Evans Street School Auditorium. This meeting is to consider an athletic program for

the summer, and see if the boys want it and what they want. The City School system, aided by various civic organizations, is ready and willing to do something for the boys of the town, if they want it and will use it, but naturally, if no one takes advantage of the opportunities offered, they will be withdrawn. Do you boys want an athletic summer, or not? Show your answer by attending tonight.

**SEVERAL JOIN NEW FRATERNAL ORGANIZATION**

# An Amazing Public Tribute!

*- two thousand carloads of General Electric Refrigerators delivered to users since April first*

The General Electric Refrigerator has now been on the market just one year. From the day it was first announced, it was accepted by the public with truly amazing enthusiasm.

Since April first, more than 2000 carloads have been delivered to American homes. This is a gratifying tribute to the General Electric Refrigerator—a true achievement in electrical engineering. It is the worthy product of the Research Laboratories of the world's largest electrical manufacturer.

*Nine factories working at top speed*

The tremendous demand for these "years ahead" refrigerators has made it necessary to increase production again and again—just as rapidly as is consistent with General Electric standards of quality. Now nine factories are working at top speed to take care of the increasing volume of business.

Just as soon as each refrigerator has passed its many rigid tests, it is shipped to a waiting customer. We are assured by the factories that all orders now on file will be filled within the next few weeks

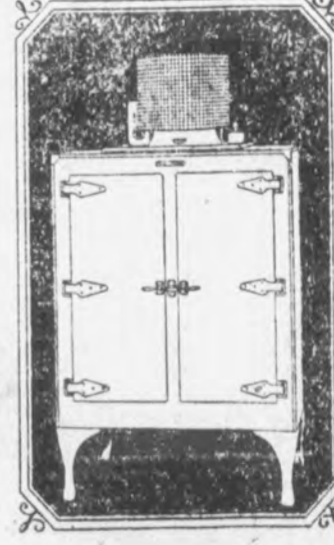

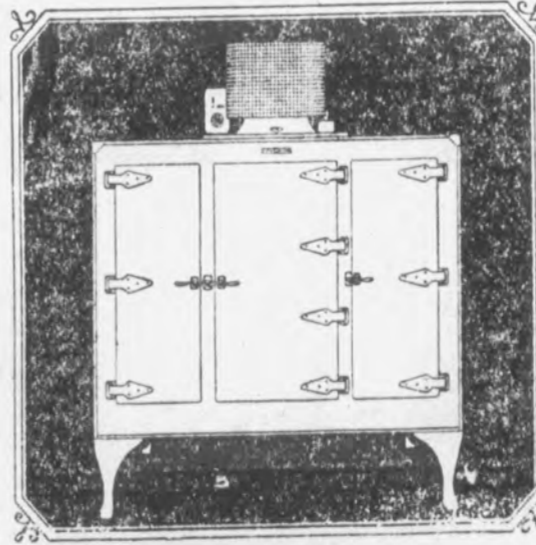

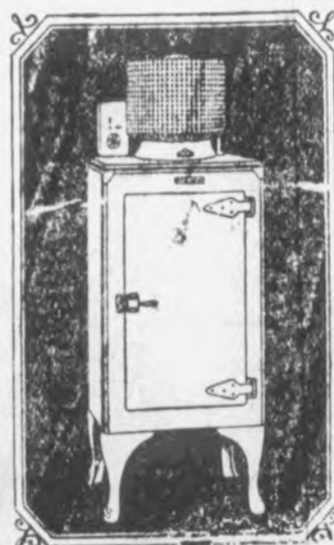

*We suggest that you place your order now*

If you are planning to purchase a refrigerator this summer, we strongly advise you to come in at once and place your order. Then you will be sure of having your refrigerator just as soon as you are ready for it.

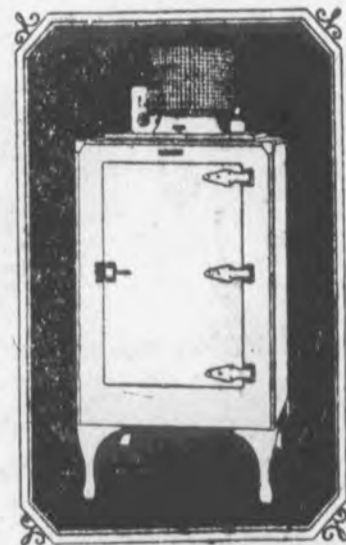

The first 100,000 discriminating American women to choose this revolutionary refrigerator have been its best advertisers. They have pronounced it unusually quiet, economical in operation, easy to keep clean and worry-proof. It is their verdict which, in a large measure, is responsible for this hearty nation-wide acceptance!

## GENERAL ELECTRIC Refrigerator

The General Electric Refrigerator is entirely different from all others. All its mechanism is safely stowed away, on top, in an airtight steel casing.

These refrigerators are unusually quiet, automatic, and they never need oiling. They are made and guaranteed by General Electric.
