GREENVILLE OFFICIALS ARE TO BE INDICTED

BOARD OF ALDERMEN TAKE DRASTIC ACTION AT FIERY SESSION HERE LAST NIGHT

Rift Between Two Factions of Board Widens; Mayor Deprived of Power over Police With Appointment of Police Commission.

Sweeping changes in the city administration set in motion by new members of the Board of Aldermen at the first meeting of the fiscal year last Monday night, continued at last night's special meeting with the result that the rift between the two factions on the board was further widened and ere the meeting adjourned the Mayor had been relieved of power over the police department and indictments against members and former members of the board on charges of trading with themselves for the town had been ordered. Last night's session at times reached heated stages and drifted into the exchange of sarcastic remarks that drew laughter and applause from many of the hundred or more citizens who packed the room to overflowing.

After the meeting was called to order by Mayor J. C. Lanier the first matter of business taken up was the matter of the city operation of the swimming pool recently tendered by Messrs. J. H. M. K. and F. L. Blount. This matter was turned over to a committee with power to act. On recommendation of the chairman of the finance committee after investigation of the needs and conditions in our city, the sum of \$25 per month for a period of one year was ordered to be turned over to K. T. Futrell, county welfare officer, for use in his relief work in the city.

The next matter to come before the board was the employment of a person to fill the position of City Manager of Streets, Fire Chief, Building Inspector, etc. Alderman J. H. Boyd, after reviewing the record of G. A. Clark in that position during the past year, placed Clark's name before the board for re-election at a salary of \$225.00 per month. The nomination was seconded by Alderman J. I. Smith. Alderman E. W. Griffin then placed in nomination the name of J. R. Edwards and in view of the fact that Edwards is also a civil and mechanical engineer, he recommended that the office of City Engineer be combined with those of the other former held by Clark and that the salary be fixed at \$300.00 per month. Following the placing of Clark and Edwards in nomination, Mayor Lanier read the applications of D. B. Lanier and D. A. Windham for the position. The meeting was then thrown open for discussion of the various nominations and the public was invited to be heard along with members of the board.

F. M. Wooten, in a short address to the board, stressed the need of competent city management, declaring that the health of the community was dependent upon the same and after reviewing the efficient record of Clark in this office, urged the board to give favorable consideration to him. Alderman J. Key Brown then presented Edwards to the gathering after which he set forth Edwards' capabilities for the successful carrying out of the duties of the office. Edwards, he said, had had varied experience in each of the lines covered by the office, part of his services having been performed for the government and he urged that the board give Edwards favorable consideration. The vote was then taken, with the following result: For Clark-Boyd, Smith, Waldrop, For Edwards-Bradsher, Brown, Griffin, Goodson, Harvey. The vote being five to three in favor of Edwards, Mayor Lanier declared Edwards duly elected to the office of City Manager of Streets, Building Inspector, Fire Chief, City Engineer. On motion by Alderman Boyd, the board then voted that Edwards' employment was on a monthly basis and that in case of failure to give satisfactory service or in case of Edwards' dissatisfaction with his position, either side could terminate the contract on thirty days' notice.

The next matter to come before the meeting was a motion by P. L. Goodson that the action Monday night in which the power of supervision of the chief of police and the hiring and firing of police

(Continued On Page Three)

Urges Citizens To Co-operate With City Departments

Mayor J. C. Lanier this morning issued a statement requesting the citizenship of Greenville to co-operate in every way possible with J. R. Edwards, newly elected city manager, and also the members of the Greenville police force.

PREACHER IS HELD IN JAIL AT DALLAS, TEX

Another Threatens to Defy Injunction Holding Up Work on Tabernacle.

Dallas, Tex., July 6.—(AP)—Diligent use of hammers and saws through the night that a tabernacle might speedily rise has left one evangelist in custody of a woman sheriff and another pastor threatening to defy an injunction.

The Rev. Earl Anderson, pastor of the Dallas fundamentalist church, chose to go to jail yesterday rather than pay a \$10 fine and furnish a \$1,000 bond when Judge Towne Young found him guilty of contempt of court for violation of a temporary injunction ordering work on the tabernacle stopped.

Judge Young issued the injunction and fined the pastor after residents of the neighborhood complained that saws and hammers kept them awake at night and that specifications of the project failed to conform to city ordinances. The complaint charges the building project into a zone created to permit widening of the street and that regulations on fireproof construction of auditoriums were being disregarded.

While Mr. Anderson said he could make bond quickly if he chose, he preferred to go to jail until his protest against the action of the court in stopping the construction of the church had been heard throughout the country.

"I'm staying here to protest against alien influences seeking to control our courts," he said. "I'll remain until I think my protest has been heard over the nation. I've heard of who was put in jail for trying to build a church."

RESCUE FLYER FROM ICE FLOE OF NORTHLAND

Stockholm, July 6.—(AP)—The chief of the Swedish rescue mission telegraphed from Spitzbergen today that Lieutenant Einar-Paul Lundborg, Swedish airman, had been rescued from the ice near Foyin Island. Lieutenant Lundborg was marooned when his plane overturned in an attempt to take off survivors of the Italia disaster.

The Swedish war department received a message from the base ship quest that the rescue was effected by the Swedish flyer Shyberg.

No mention was made of the five members of the Italia's crew who were stranded on the ice with Lundborg.

After taking off General Umberto Nobile from the ice floe on June 23 Lundborg returned to pick up the other five men who had been stranded since the Italia crash on May 25. He intended to take off Natale Celone, motor chief of the dirigible whose leg was broken. As he landed on the ice the plane overturned and the skis were smashed. Unable to take off, Lundborg joined those who were awaiting rescue on the ice.

Kings Bay, Spitzbergen, July 6.—(AP)—Five marooned members of the crew of the Italia today had enough provisions to withstand the rigors of the arctic until rescued from their perilous position on the ice.

Swedish fliers dropped provisions, medical supplies and new batteries for the marooned men's radio. In the meantime there seemed little likelihood that the Russian ice breaker Krassin would be able to effect a complete rescue soon.

After hitching its way through the pack ice, the vessel was halted fifty miles from the castaways with a damaged propeller. While this was being repaired with ship drifted with the heavy and almost impenetrable ice.

Says Women Of America Will Not Support Smith

Washington, July 6.—(AP)—Charging that Governor Smith, the Democratic presidential nominee, had "stamped himself as a charlatan and a faker," Mrs. Clem L. Shaver, wife of the Democratic national chairman in a statement today declared "We Democratic women will not support the dripping wet ticket and joke platform named by the Tammany delegates at the recent convention at Houston."

Mrs. Shaver, who is chairman of the West Virginia division of the National Woman's Democratic Law Enforcement League, asked "How many times has Tammany supported the party nominee in the past sixteen years? Not once. Yet they have followed these heretofore able Democratic leaders into saying 'I am a Democrat. I will vote for Tammany, whiskey and a trick platform.'"

"We say a man who will shut his eyes like an ostrich to the things which the Democratic party has always stood for is a 'boozecrat,' not a Democrat. The Democratic nominee has always said in his public utterances that the party should make the platform and a candidate should stand on it. He has always said that his one outstanding issue is whiskey and booze—the return of the legalized liquor traffic which means the return of the licensed saloon, every politician knows it, and when the party adopted a 'dry' platform, if the nominee had been either honest or sincere in his public utterances, he could have done nothing but decline the nomination. He did not and therefore stamped himself as a charlatan and a faker who is attempting to prove that Lincoln was wrong and that you can fool all the people all the time."

Mrs. Shaver wound up her statement by predicting "more than one political funeral" would be celebrated before cold weather arrives.

FIND REMAINS OF STONE AGE MAN

American Scientists Discover Mummified Bodies on Coast of Alaska.

New York, July 6.—(AP)—The discovery of what are believed to be mummified remains of stone age man is described in a dispatch in today's New York Times, from Harold McCracken, head of an expedition of the American Museum of Natural History to the Aleutian Islands off the Alaskan coast.

Four mummified bodies, two adults and one infant were found on the summit of an almost inaccessible island, along with their clothing, domestic articles, hunting weapons and other paraphernalia that went with the burial of the early barbarians.

SMITH RETURNS TO HIS DUTIES IN N. Y. CITY

Governor Stepped From Train Today Into Sea of Pre-Campaign Details.

Albany, N. Y., July 6.—(AP)—Governor Smith was "back home" today after a three-day stay in New York city. In Returning he stepped from the train into a sea of pre-campaign details.

Preparation of his formal address of acceptance of the Democratic national convention's nomination for the Presidency, a conference with Senator Key Pittman, of Nevada, chairman of the notification committee, the smoothing over of what was reported to be a small dissension in his followers' camp, and selection of a vacation spot confronted him.

Details of the formal notification will be discussed and possibly determined upon at the conference with Senator Pittman here tomorrow.

One of his first duties will be to act as peacemaker. Reports say that dissension has developed in the Smith camp between the strictly Tammany element and the Proskauer-Van Namee-Moskowitz group, so called. The reported dissatisfaction among these supporters was said to be based chiefly on the work of Supreme Court Justice McProskauer of New York, who has been dubbed the "Colonial Houskauer" of the Smith campaign as a result of his activities at the Houston convention.

Open expression of dissatisfaction with the Democratic platform so far as labor is concerned, was reported to have been expressed by Peter Brady, prominent labor figure and head of a labor banking institution, to Justice Proskauer who was credited with much of the responsibility for the platform.

Old line Tammany men are said to have characterized as "high handed" the handling of the Smith campaign by George Van Namee, Mrs. Henry D. Moskowitz, a close political advisor of the governor, is reported to have been criticized for not taking organization leaders sufficiently into confidence on affairs touching Smith's political future.

The date for the formal notification of the governor of this nomination remains unselected. There were indications that these ceremonies may be set for the end of July instead of August.

Around The World Travelers Arrive At Berlin Today

Berlin, July 6.—(AP)—John H. Mears and Charles G. D. Collyer, speeding around the world in an effort to establish a new record, hopped off from Berlin for Moscow at 1:35 p.m.

Berlin, July 6.—(AP)—John H. Mears and Charles G. D. Collyer, who are trying to establish a new record for fast travel around the world, arrived at Tempelhof airfield at 9:08 a. m. today by plane from Cologne.

The Americans arrived one and a half hours later than they were scheduled, having started from Cologne at 4:08 a. m. This was due to a forced landing on an open field at Landsberg on the Warthe river, eighty miles east of Berlin.

Collyer and Mears decided they would attempt to reach Moscow today if passport and other formalities would be arranged quickly. They then left the field for the Russian embassy.

MISS EARHART RETURNS FROM EUROPE TODAY

Woman Conqueror of Atlantic and Two Male Airmen Given Welcome at N. Y.

New York, July 6.—(AP)—Miss Amelia Earhart, first woman to fly across the Atlantic, stepped back on American soil soon after ten o'clock today, after a return journey from Europe by boat, to receive a noisy welcome from admiring crowds at the official congratulations of the city. With her were Wilmer Stultz and Louis Gordon, pilot and mechanic on her Atlantic hop.

The fliers arrived on the President Roosevelt last night but remained on the ship at Quarantine until they were taken off by the city tug Macom this morning. As soon as the Macom docked at the battery Miss Earhart and her companions were driven to the city hall for the official welcome.

ROMAN AIRMEN SHATTER LONG FLIGHT RECORD

Two Italians Land Near Point Natal After Covering 4,417 Miles From Rome.

Pernambuco, Brazil, July 6.—(AP)—Captain Arturo Ferrarin and Major Carlo P. Del Prete, Italian aviators, arrived at Port Natal by automobile from Tours this morning.

Rio Janeiro, July 6.—(AP)—Two Italian airmen today held the record for the longest non-stop flight—4,417 miles.

Making the first continuous flight from the mainland of Europe to the mainland of South America, Captain Arturo Ferrarin and Major Carlo P. Delprete brought their huge Savoia plane to rest on the beach at Point Genipabu, 10 miles north of Natal, at 7:50 P. M. (6:50 P. M. eastern standard time) last night. They had been in the air within one minute of 32 hours having hopped off from Montecelio field, Rome, at 7:51 P. M. Rome time. (1:51 P. M. eastern standard time) Tuesday.

They broke the distance flight record of 3,909 miles set by Clarence Chamberlin and Charles A. Levine a little more than a year ago in a flight from Roosevelt field, N. Y. to Eisleben, Germany.

After a rest of an hour and twenty minutes at Point Genipabu the Italians hopped off again for Rio Janeiro, 1,300 miles away, but were forced to return on account of fog.

In their record-breaking flight they followed a route past Gibraltar and over the Cape Verde Islands and southwest over the Atlantic before landing on the beach. This course is 4,542 miles, but an airline is used in determining the record.

Stormy weather with heavy clouds put the fliers in peril in the last hours of their long flight. They had difficulty in getting their bearings after reaching the coast of Brazil. Sighted over Port Natal at 4:05 P. M. they were believed to be headed for Rio Janeiro. Preparations were immediately begun there to welcome the airmen and special trains began to carry enthusiasts to the Alfonso aviation field to greet the fliers.

URGES UNITY OF DEMOCRACY

Bishop Cannon Asks For Defeat of "Wet" Candidate from Tammany Hall.

Lake Junaluska, July 6.—(AP)—Predicting that thousands of southern Democrats would feel that they could render no greater service to the Democratic party than to aid in bringing about the defeat of the "wet" Tammany candidate and thus maintain the self-respect and unity of southern democracy," Bishop James Cannon, Jr., speaking on "Prohibition," here last night declared that the aims of the dry meeting called for July 18 in Asheville is to prevent the disruption of southern democracy.

The way to this end, he said, is by electing supporting dry candidates for other offices and defeat of the wet candidates.

NINE DEATHS IN WEST CAROLINA

South Carolina Man Increases Death Toll When He Drowns in Lake Summit.

Asheville, July 6.—(AP)—A drowning at Tuxedo, near Hendersonville, this morning brought the number of violent deaths in western North Carolina in the past 48 hours to nine.

J. T. Perry, aged about 35, of Greenville, S. C., was drowned on Lake Summit, at Tuxedo, N. C., about 8 o'clock this morning, when the boat in which he was fishing capsized. A young nephew with him attempted to save the man, who could not swim, but could not hold him up long enough to reach the shore. The boy, unable to save his uncle, swam to shore.

ELEVEN MEN FACE DEATH

Charged With Attempt to Destroy the Coal Industry in Russia.

Moscow, July 6.—(AP)—Convicted of attempting to destroy the coal industry of Russia in the Dome Basin, eleven men were under sentence of death today. Six of them, however, were recommended for commutation.

Salisbury Man Heads Superior Court Clerks

Wrightsville Beach, July 6.—(AP)—B. D. McCubbin of Salisbury was re-elected President of the North Carolina Association of Superior Court Clerks at the closing session of the organization here.

F. Harrington of Pitt county was chosen first vice president; J. A. Little, Anson county, second vice president; and N. Sills, Nash county, secretary.

Defer Criminal Operation Case

Raleigh, July 6.—(AP)—Preliminary hearing for Dr. Mike Robinson, Durham physician, and Mrs. E. E. Forsythe, Raleigh, charged with aiding and abetting in a criminal operation, has been postponed indefinitely, Coroner L. M. Waring announced today.

The two stand charged in connection with the death recently of Miss Louise Robinson, Goldsboro young woman, at a local hospital. It was announced by the coroner that charges brought against Dr. Robinson at Durham would be heard first.

Hearing for M. H. Davis, a state department employe, who was alleged to have been engaged to marry the young woman, and who is charged with procuring an illegal operation, also has been postponed.

GLAD ALABAMA ABANDONS CONVICT LEASING SYSTEM

Raleigh, July 6.—(AP)—Governor McLean today expressed gratification over the fact that Alabama had abandoned its convict leasing system, adding that North Carolina abolished such a custom years ago.

RUM RUNNERS MUST GIVE NAMES TO GET FINE CUT

Raleigh, July 6.—(AP)—If the members of the crew of the Pilot, held at Wilmington on liquor running charges, will give their real names and identities, Judge I. M. Meekins of federal court may reduce their bonds from \$5,000 to \$2,500 each.

SIX YEAR OLD BOY SHOT BY BROTHER

Burlington, July 6.—(AP)—A. B. Hayes, 6 son of a Burlington R. F. D. No. 1 couple, today suffered with critical wounds, after being shot with a pistol by his eight-year-old brother.

Mrs. R. C. Williams, Mrs. S. S. Williams, Miss Rebecca Williams and Miss Mary Whitehurst have returned from a visit in Raleigh.

Negro Singers At College Tonight

The public is invited to East Carolina Teachers College this evening to hear the Hampton Singers, the male quartet from Hampton Institute, sing. The hour is 8:30, and the place is the Campus Building in the new auditorium. No admission will be charged.

The Singers will give a demonstration of what those who have gone out from that school are doing in the way of preserving negro melodies and folk songs and of encouraging the development of natural gifts. The school has caught the spirit of the negro's gift for melody and his peculiar musical powers, and has worked to bring these out rather than to try to twist his gifts into conventional ruts.

This quartet has sung in various colleges and universities throughout the country and this summer will sing in the summer schools of this state.

The next attraction in the series of entertainments will be on the evening of July 11, next Wednesday evening. Bernard Ocko, a noted violinist who delighted the college audience last summer, will give a concert. Those who heard him last year are looking forward with great pleasure to his return. The violin recital is one of the attractions on the season ticket.

The concert this evening by the Hampton Singers is free to the public.

Officers was left in the hands of the mayor as it had been for several years past, but rescinded and that a committee composed of Aldermen Harvey, Bradsher and Byrd be appointed to have the power of hiring and firing police officers. Alderman John Ivey Smith immediately amended the motion by substituting the name of E. W. Griffin in place of Byrd, on the committee. Goodson urged that the committee remain as originally named and then Byrd declared that he could not serve on the committee. Goodson then substituted the name of Smith and after Smith had declined to serve, the third member of the committee, Waldrop, likewise declined to serve on the committee and Goodson was forced to accept the amendment to the original motion and name Griffin as the third member of the committee. The motion in its present form was then seconded by Alderman Brown and following discussion by various members the vote was taken, with Brown, Goodson, Eradshee, Harvey and Griffin voting for the motion, and Byrd, Waldrop and Smith voting against it.

Local White Man Is Charged With Beating His Wife

Fred Powell, local white man, was given preliminary hearing before Mayor J. C. Lanier in police court today on a charge of assaulting his wife, and was bound over to the next term of Pitt County Superior Court under bond of \$1,000. He was still in jail this afternoon in default of bail.

Powell is alleged to have knocked Mrs. Powell through a door, inflicting painful injury to one of her hands. He is said to have been under the influence of whiskey.

Capture Still On Tranter's Creek

The Sheriff's department today reported the capture of a hundred gallon capacity still in the Tranter's Creek community. The still was in operation at the time the officers arrived, but the operators managed to escape through carefully prepared signals.

Five gallons of whiskey and a hundred gallons of beer were taken with the outfit.

This is the first capture of the kind made in several days.

Fail to Sustain Charges Against Va. College Head

Richmond, Va., July 6.—(AP)—After being in session nearly 13 hours the full board of visitors of the Medical College of Virginia gave it as their opinion here early this morning that the charges of ignorance and incompetency lodged against President W. T. Sanger by Dr. A. Murat Willis, surgery professor had not been sustained. Unanimous in this decision, the board found, however, that there were certain minor defects of instruction brought out in the investigation which should be corrected to improve the college course. The president and deans were requested to give them their earnest attention.

The hearing yesterday grew out of charges recently made by Dr. Willis which the executive committee of the board of visitors heard June 22, the result being an expression of confidence of this committee in the "ability, integrity and efficiency" of President Sanger.

The first hearing carried no oral testimony and considered only the written statement of Dr. Willis.

Apparently dissatisfied with the verdict Dr. Willis got a hearing before the full board of visitors at which he appeared in person and offered witnesses in an attempt to substantiate his charges.

Scheidt Checker Champion. Durham, July 6.—(AP)—Edward Scheidt, University of North Carolina graduate connected with the institution's alumni office, today wore the title of checker champion of North Carolina.

He defeated Geo. C. Anderson, Chapel Hill, in the final match of the state association meet in which 60 contestants participated.

KEY'S KILPAIN Tablets and Powders For Headache, Toothache, Etc. Manufactured by J. Key Brown, Druggist

THIRD COTTON BLOSSOMS OF SEASON BROUGHT HERE Lance Wooten, colored, who operates a farm about two miles from Greenville, brought the third cotton blossoms of the season to the Reflector office yesterday. Like other specimen of the season, the blooms appeared in healthy condition and gave promise of splendid fruitage.

Local Man Held In Check Case; Business Closed

E. F. Storey, operator of a pressing club and shoe shine parlor on Evans street was confined in the Pitt county jail this morning on a charge of issuing bad checks and failure to meet certain obligations in connection with operation of the Evans street establishment.

The amount involved in the checks was said to be between \$75 and \$100. Storey was arrested yesterday afternoon and placed in jail following inability to provide bond.

Hufman Sent To Wilmington. Raleigh, July 6.—(AP)—Appointment of Porter Hufman, Deputy Collector of Internal Revenue, to the office of Deputy of Court at Wilmington, has just been announced by Capt. S. A. Ashe of the U. S. District Court.

BOARD OF ALDERMEN TAKE DRASTIC ACTION AT FIERY SESSION HERE LAST NIGHT

(Continued From Page One.)

Officers was left in the hands of the mayor as it had been for several years past, but rescinded and that a committee composed of Aldermen Harvey, Bradsher and Byrd be appointed to have the power of hiring and firing police officers. Alderman John Ivey Smith immediately amended the motion by substituting the name of E. W. Griffin in place of Byrd, on the committee. Goodson urged that the committee remain as originally named and then Byrd declared that he could not serve on the committee. Goodson then substituted the name of Smith and after Smith had declined to serve, the third member of the committee, Waldrop, likewise declined to serve on the committee and Goodson was forced to accept the amendment to the original motion and name Griffin as the third member of the committee. The motion in its present form was then seconded by Alderman Brown and following discussion by various members the vote was taken, with Brown, Goodson, Eradshee, Harvey and Griffin voting for the motion, and Byrd, Waldrop and Smith voting against it.

"I now wash my hands of the police force and any responsibility thereto," declared Mayor Lanier, when the vote had been taken, "and I make this statement here and now because I want these representative citizens present to know where I stand. I now turn over to this newly appointed committee all the powers of hiring, firing and supervision of the police department, and I urge that the matter be handed to the best of their ability for the good of Greenville. Greenville in the past, has been a well-policed city and it now has as good a police force, I believe, as will be found anywhere. I feel that these gentlemen whose duty it now becomes to take care of this branch of our city government will see to it that we continue to have a clean orderly and well policed city, and I urge the hearty co-operation of every member of this board and every citizen to this end."

The matter of requiring larger depository bonds from the three banks of the city in which city funds are now being placed came in for some discussion, after which it was referred to the finance committee for further consideration and recommendation. During the discussion Alderman Bradsher had declared that such a request had been made by the company represented by him, that now furnishes bond for the city treasurer.

While the matter of these bonds were being discussed it was brought to the attention of those present that it was illegal for members of the board to trade with themselves for the town and a statement that at least three members of the present board were guilty of this offense followed. A motion was then made by Alderman Smith that indictment against such guilty parties be requested immediately. To this motion Alderman Brown offered an amendment that the motion cover all such transactions as far back as was permissible under the law, applying to former officials as well as present ones. This amendment was accepted by the mayor and the original motion and the motion being put to a vote. According to statements made by Mayor Lanier to the board, the city clerk's bond had, without the knowledge of the board, been transferred from a bonding company represented by Moseley Brothers and given to a company represented by Alderman Goodson. Goodson immediately declared that he had not used his office as alderman to solicit such business and that he was instructed by J. H. Waldrop, chairman of the finance committee, to issue such bond. Waldrop immediately denied that he had ever given such authority nor that he knew of the transfer of the bond until the bill for same was presented to the board of aldermen for payment. It was also brought to the attention of the board that city trucks and vehicles were being sent to the filling station operated by Alderman Harvey, for their gasoline, and Alderman Harvey was faced with the charge of trading with himself. He immediately declared that he had not used his office to get the business as it was being sent to him prior to his entry into office and that he was not aware that it must cease after he took office as alderman. Following this discussion the motion to seek indictment of all guilty parties was put before the board with the result that Brown, Smith, Boyd, Griffin, Bradsher and Waldrop voted for the motion. Harvey and Goodson did not vote.

Following this vote the matter of requiring all dog owners to have their dogs vaccinated against rabies at least once every two years, was brought up by Alderman Brown and after a short discussion was deferred until the next meeting to give members time to familiarize themselves with the matter.

Alderman Brown then sought the opinion of the chair regarding reducing the police force and putting on a plain clothes man, but he was informed by the mayor that in view of the appointment of a police commission that matter should go before that body and not the board for consideration.

"Other than to sit as a magistrate in our city court and try such cases as are brought before me, I now have nothing to do with the police force and no suggestions to make at this time," the Mayor declared.

TASKER POLK DIES TODAY

Nephew of President James K. Polk Passes Away at Warrenton.

Warrenton, July 6.—(AP)—Death today claimed Captain Tasker Polk, former state senator and a nephew of President James K. Polk.

Captain Polk, who served in the war with Mexico, held the office of mayor of Warrenton for three terms and was considered a leader in politics in this section for many years. He died last night following an illness with paralysis. He was born on March 24, 1861, at Columbia, Tenn., a son of Wm. H. Polk, a brother of the President and who minister to Sicily under the Polk administration.

In 1924 Captain Polk declined a Superior court judgeship offered by Governor Morrison.

Captain Polk is survived by his widow and four children, all of Warrenton. Funeral services will be conducted this afternoon from Emmanuel Episcopal church, with interment here.

Alabama Editor Died Last Night

Montgomery, Ala., July 6.—(AP)—Capt. William Thomas Sheehan, former editor of the Montgomery Advertiser died last night in his 56th year from an illness that began three years ago.

Although stricken in October, 1925, the contributor to the Advertiser's editorial page rallied and returned to his work until July, 1926, when he sold his minority interest to Victor M. Hanson and retired.

Captain Sheehan suffered a severe relapse Wednesday, and had been unconscious until death overcame him. Funeral arrangements had not been completed definitely.

WHERE WILL IT END?

The political pot in our city administration continues to boil over, apparently the rift between the two factions widens, the people naturally are taking sides, and if such a spirit of antagonism continues we cannot but feel that we are headed into a mess that it will take us years to get out of and our city will be the loser.

It is not necessary for us again to go over our attitude in the matter in these columns, for already we have tried to make it clear that the interest of the town is our interest and above all personal feelings and ambitions.

While we hope for the best, there can hardly be but one answer to such a division as we now have in our governing board, and that is lack of hearty cooperation that is absolutely necessary for the good of our community. What has been done in the choice of members of our governing board cannot for the present be undone, and we sincerely hope and pray, despite our present belief that it has not, that what has happened has happened for the best. If, however, the situation should not right itself there is but one way out. It is entirely up to the citizens when they again go to the polls. If their experience has been a sad one they will have learned a lesson that hereafter should guide their interest and actions when they cast their ballot for those who are to run the affairs of our city.

ABOUT TOWN

"Pitt county was mighty fortunate to get by without any accidents the Fourth of July," somebody remarked to the writer yesterday. "This is probably the first time in years that the celebration has passed without automobile accidents or violations of the law."

The report of Sheriff Whitehurst that only one arrest was made by county officials during the day was very gratifying. If the county has any violent element they were strangely conspicuous for their paucity.

"Ed Flanagan's narrative of happenings at the Houston convention are enlightening and interesting," declared a Reflector reader today following a long conversation with the Pitt county delegate to the national Democratic convention recently held in the Texas city.

"Mr. Flanagan was in the thick of the fray in connection with the demonstration over possession of the North Carolina banner. He admits the boys paraded and had a skirmish over the banner but denies reports of any violent fistie battle such as that described by the radio and press.

"Reference to the religious intolerance created quite a stir among the delegates, but it was all good natured and no one took it really serious. Smith admirers thought

the time had come for a parade and when they attempted to gain possession of the North Carolina banner developments happened in rapid order.

"He had a fine time at the convention and other parts of Texas visit after leaving Houston. Ed always has a good time wherever he goes and it is safe to say he gave old acquaintances something to talk about for many a day."

"Tobacco curing has started on my farm and I want the Reflector sent to me so I'll have something to read during the long vigils at the barns," said one of the prominent growers of the county today, as he handed a check for a year's subscription over the counter in the business office.

"I always try not to let my subscription expire, but somehow time slipped up on me this year. The whole family miss the paper, from the youngest to the oldest. Different sections have their appeal to individual members of the family, and when we get through little is left unread.

"Be sure the paper begins this afternoon. We start curing today and I am bound to have something to read."

"I wish you would continue to boost our ball club," confided a reader to the writer of this column today.

"Nobody should be ashamed to say a good word for the members of the local organization. They play good ball—just as good as any club in the league. Lots of the games they lose they deserve to win. Luck has been against them in most cases.

"If you don't believe they have the stuff in them, keep on boosting. First thing you know they will be climbing steadily the heights which all clubs are striving to reach.

"We will have more victories to our credit next week. The same streak of luck will not follow us all the time."

"Crops look better in this section of the county than any other section I have visited," a visitor told members of the Rotary Club in regular session this week.

"Your plants seem fully developed and bear a striking contrast to the stunted growth in other localities. You people have lots of things to be thankful for. Your harvest is always complete while in other sections production is cut to such extent that people actually suffer for want of the real necessities of life."

"From Rome to South America is a long, long way, but two intrepid Italian airmen have successfully completed the trip," declared a local man today, referring to the story of the flight carried in yesterday afternoon's edition of the Reflector.

"This is one of the outstanding flights of the age and goes to show that good planes and proper preparation will do much towards the development of aviation.

"These two men have blazed the way for distance flights, and others are going to find it difficult to outstrip their record."

ORDER LOWER INTERSTATE RATES ON COAL SHIPMENTS

Raleigh, July 6.—(AP)—Lower rates on intrastate coal shipments from Cummock, N. C., have just been ordered by the State Corporation Commission.

Under the new rate a ton of coal may be shipped in railroad lots from Cummock to Henderson for \$1.41; to Morganton or to New Bern for \$1.75, and to intermediate points in proportion.

PLEADS GUILTY TO CRIMINAL ATTACK ON LITTLE GIRL

Toledo, O., July 6.—(AP)—Charles J. Hoppe, 26, pleaded guilty today to the murder of 7-year-old Dorothy Sielagowski, whom he confessed he criminally attacked after abducting her from her home here several months ago.

Judges of the Lucas county common pleas court will hear testimony to decide whether he is insane. If found sane the death penalty then would be inflicted. If insane, he would be sent to the state hospital for the criminal insane at Lima, Ohio.

PRICE RE-ELECTED HEAD OF SURFMEN'S MUTUAL

Manteo, N. C., July 6.—(AP)—The 29th annual convention of the Surfmens Mutual Benefit Association stood adjourned here today, following the re-election of Commander J. A. Price, Lewes, Del., as president. The 1929 convention will be held at Elizabeth City.

Changes in the association's plans included: Broadening the scope of the membership to include all white male persons in the U. S. Coast Guard; an increase in the death benefit from \$325 to \$1,000, and change in name of the association from the Surfmens Mutual Benefit Association to the Coast Guard Mutual Benefit and Financial Association.

REFUSES CLEMENCY TO MINISTER-BIGAMIST

Raleigh, July 6.—(AP)—Governor McLean today made public a letter he had written Dr. Luther Little, Charlotte Baptist minister, in which he said he could not extend clemency to Frederick Jordan, former minister now serving a term at state prison for bigamy.

Dr. Little had written the governor, requesting a pardon for Jordan. "I cannot extend clemency simply because the family of a prisoner is suffering inconvenience," said the governor in reply to the plea that Jordan be pardoned because of Jordan's wife's financial affairs.

BEGIN SEARCH FOR THE BODY OF LOWENSTEIN

Liquidation of Estate Of Rich Belgian may be Adjourned for Four Years.

Dover, Del., July 6.—(AP)—The tug, Lady Brassey, carrying pilot Drew and the mechanic of Capt. Alfred Lowenstein's private airplane, left Dover harbor today to make a thorough search for Lowenstein's body in the vicinity where it was believed yesterday's tragedy took place.

Brussels, July 6.—(AP)—In the absence of actual eye-witnesses of the disappearance of Captain Alfred Lowenstein and in the event that his body should not be found, liquidation of the Lowenstein estate may be adjourned for four years under the Belgian laws regulating similar cases.

The Belgian law has no definite provisions for just such a case as that of the Lowenstein death and developments are being watched with the keenest interest in financial circles, especially if any of the captain's business associates, for personal or technical financial reasons, should oppose any attempt at liquidation.

M. Caudelier, Lowenstein's secretary, today denied reports that it was impossible to open the exit door of a Fokker machine while in flight because of wind pressure. He said that only last Saturday, he himself had opened the door during a trip from Brussels to Paris.

The secretary declared that undoubtedly Captain Lowenstein leaving the lavatory had absented himself, pushed in his usual decided way, the wrong door and had fallen through before he knew what was happening.

Lowenstein, he said, was not a man to commit suicide, which he considered cowardice.

"He was not in the least downhearted owing to any recent setbacks," the secretary continued, "and three days ago developed before me a vast scheme for a fresh combine which he was contemplating."

Deny Petition For Incorporation of Yanceyville, N. C.

Raleigh, July 6.—(AP)—Petition of a group of Yanceyville citizens asking incorporation of the Caswell county seat was denied in an order signed today by the State Board of Municipal Control.

The petition had set forth that the tax rate should not be higher than ten cents, which did not concur with the acts relating to municipal government, the board held.

Factions from Yanceyville both favoring and opposing the incorporation were heard yesterday, with opposition based chiefly on the taxation issue. Gave Wentworth, Rockingham county, Yanceyville is the only county seat in North Carolina unincorporated. Assessed value of property in Yanceyville is \$173,523.

To Attend Dedication.

Durham, July 6.—(AP)—Judge Kenneth Mountain Landis, high mogul of baseball, will attend the dedication of the new baseball park at Augusta, Ga., W. G. Bramham, president of the South Atlantic Association, announced today.

The dedication will be held on July 16 and President Bramham will be present with the Judge to dedicate the new park.

President Bramham received a letter from Judge Landis today that he would be able to attend the dedication.

Hold Funeral For Victim of Double Killing At Gaffney

Columbia, July 6.—(AP)—A triple funeral at Gaffney today was planned for Mr. and Mrs. J. L. Swofford, Columbia, who died here yesterday in a double killing committed by Swofford, and for Mrs. J. M. Swofford, 75-year-old stepmother of Swofford who died at Gaffney yesterday about the time that the latter had committed suicide after killing his wife.

Funeral services were planned for this afternoon at the Grassy Pond Baptist church with interment in the churchyard. The bodies of Swofford and his wife were taken to Gaffney last night.

A coroner's jury holding a joint inquest in the Swofford deaths last night found that Mrs. Swofford had been beaten to death with a blunt instrument by her husband, and that the latter had committed suicide by cutting his throat.

Dr. R. B. Foster, Columbia physician who treated Swofford for pellagra, testified last night that he had told the middle aged saw mill worker that his condition was improving.

Mental unbalance was something caused by pellagra, Dr. Foster testified, but this did not usually lead to violent insanity. The physician said he believed, however, that Swofford was insane when he committed the double killing.

Approve Merger Of Cannon Mills

Concord, July 6.—(AP)—Officials of the nine cotton mills controlled by the Cannon family today were perfecting organization of the Cannon Mills Company which will be the operating company for the entire chain.

Approval of merger plans was given yesterday afternoon at separate meetings of the stockholders of the various mills.

The mills are: The Cannon and Cabarrus at Kannapolis and Concord; The Franklin, Gibson, Hobart and Norcott at Concord; The Patterson at China Grove; The Kessler at Salisbury and the Barringier at Rockwell. The mills have a combined capital of approximately \$20,000,000.

Four Killed By Lightning Near Hendersonville

Hendersonville, July 6.—(AP)—Bodies of the three boys and one man killed yesterday afternoon at Camp Minnehaha when struck by lightning will be sent to New Orleans at 7 o'clock tonight, escorted by a party of their companions. Funeral services will be held there Sunday and Monday, according to tentative plans.

The victims were: Perry Roehm, 45, camp physical instructor; Alar Reed, 12, Land Burgess, 13, Edward Kuschel, 15.

Two other boys of New Orleans also under the tree at the camp when the bolt struck, were seriously injured. The extent of the hurts of Leon Zainy had not been fully determined at a late hour last night, while Martin K. Thoman will likely recover after getting over shock.

The lightning struck the tree while the party was under its branches seeking shelter from a storm that caused them to leave the swimming pool nearby.

Select Sixteen For Olympics

Philadelphia, July 6.—(AP)—Subject to the final approval of the Olympic committee, here are the 16 men selected for the United States Olympic team as a result of the final trials and national championships here in their events.

Decathlon—Kenneth Doherty, Cal U. A. C.; Detroit; Jim Stewart, Los Angeles, A. C.; Barney Berger, University of Pennsylvania; Tom Churchill, University of Oklahoma.

400 Meter Hurdles—F. Morgan Taylor, Illinois A. C.; Frank Cuhell University of Iowa; Johnny Gibson, Bloomfield, N. J. Lyceum; Bob Maxwell, Los Angeles A. C.

400 Meter Run—Ray Barbuti, N. Y. A. C.; Emil Snider, Alabama Polytechnic Institute; Herman Phillips, Illinois A. C.; Joe Tierney, New York A. C.

1,600 Meter Relay Team—Fred Alderman, Illinois A. C.; Emerson Spencer, Stanford University; George Baird, University of Iowa; John Lewis, Detroit Y. M. C. A.

WANT ADS PAY

SPORTS SLANTS

By ALAN J. GOULD
Associated Press Sports Editor.

Boston, July 6.—(AP)—It may be gathered that the situation has become a trifle serious when the heavyweight champion of the world, Tex Rickard in the best interests of the title affair in which Tom Heeney is to be the party on the second part.

"Taking cognizance, as the boys say, of the widely circulated reports that developments might occur to halt or postpone the championship bout, Gene Tunney advises by telegraph he is 'surprised' that anyone would 'lend credence to pernicious rumors started by enemies of Rickard with purpose to be little contest of twenty-sixth and discredit Rickard."

"Can assure you," he concluded, "contest will be fought on July 26 regardless of what rumor creators and detractors say."

There is no side-stepping or pulling of verbal punches here. The champion's spokesman, Steve Henegan, takes an even stiffer wallop at "Rickard's enemies."

"Palpable plot" is the way Henegan brands the rumors, apathy and skepticism that have seemed to surround the big bout. He adds: "Regardless of what rumors say, you can rest assured that contest will take place and with no other opponent than Tom Heeney, who has proved his right to match by his record of victories since his arrival in this country 18 months ago. Story he is to be replaced by Sharkey ridiculous as Sharkey is by virtue of his defeat at the hands of Risko eliminated."

This appears to make it unanimous, Rickard and Tunney both have made it clear there will be a fight at the Yankee stadium on the night of July 26, top price \$40 including the tax of 25 per cent. Since each has a somewhat strong personal interest in the affair their emphatic rebuttal ought to discourage the doubters and skeptics even if it does not drive them entirely to cover.

Whether or not "any plot" is involved is something else. There is a chance for the fistie slushers here. It is not clear to observers, however, just how the plotters, if any have managed to influence the indifference that is manifestly widespread Tunney blames it on "detractors," Rickard on just plain knockers.

Some of the outlying returns are interesting. Among them is a pronouncement credited to James A. Farley, chairman of the New York State Athletic commission, on the eve of the Democratic national convention, the New Orleans Times Picayune quoted Farley as follows:

"This coming bout at the Yankee stadium between Tunney and Heeney will be pie for Tunney. I think he could lick Heeney with one arm. All Gene will have to do is to stand up and feed him one-two punches to the head. The match, I think, would have been a better one had Risko or Sharkey been selected to fight the champion.

"We don't expect the gate to go as high as \$1,000,000."

Winston-Salem Reclaims Lead In Piedmont

The Winston-Salem Twins reclaimed their position as leaders of the Piedmont League yesterday when they held off a last inning rally and defeated the Greensboro Patriots, 3 to 2. The game was a tight hurling duel between Dubuque and Sullivan, with the Gate City moundsman allowing but three hits.

A double bill was split by the Pointers and Colonials. Salisbury wrested the initial exhibition, 6 to 3, and the Pointers the nightcap, 15 to 8. Two home runs by Branch, Colonials' catcher, in the first game served to quicken enthusiasm of the bleachers.

The Durham Bulls sank further into the cellar mire when they dropped a game to Raleigh in the final inning, 7 to 5. When the game was resumed after a short interruption in the ninth inning on ac-

count of a shower, O'Shea doubled to left field for the Caps and brought in two scores. The Bulls found themselves unable to push across more rallies in their half of the stanza.

LOCALS DROP ANOTHER GAME TO RY. MOUNT

Rocky Mount, July 5.—The Buccaneers opened a batting attack here this afternoon in the fifth inning which dazed the Greens and before Joliff could get Cherry off the mound, the locals had driven in six runs. Rocky Mount won easily, 7-3. Wilson, relieving Cherry, kept the locals' bingles fairly well scattered throughout the remaining three innings.

Red Brandes featured the game with perfect fielding, handling 12 chances without a bobbie. He figured in two double plays.

Walden had a perfect day at the plate for the visitors, getting three hits out of as many trips. Byrd and Hamilton led the stick work for the locals with two bingles each. Cherry started off nicely, holding the Bucs hitless for four innings, not allowing a man to reach first. However, he was wild and liberal in the fifth inning and was sent to the showers after the Bucs had put ice packs about the contest.

Mackay let the Greens bunch three hits in the eighth to score twice, but throughout the remainder of the contest the bingles were well distributed.

Dizzy Funny On Bench But Serious On Mound; Afraid of Riling Them

Batsmen dance and jiggle about the plate in back-breaking effort to connect with Dazzy Vance's delivery, but their funniest antics do not amuse the great strikeout pitcher. The inset shows how Dazzy grips the ball for the first one which, bewildered batters, say, explodes over the plate.

By JAY R. VESSELS

Brooklyn, (AP)—Dazzy Vance, with the best strikeout record in the major leagues, can't see anything funny in fanning a batter.

Out of the game Dazzy is the funniest man on the Brooklyn bench, but on the mound he has the face of a sphinx. He whiffed 15 batsmen in a recent game and never cracked a smile.

"Why," snapped Dazzy, "should I laugh? Those fellows are in there trying just as hard as I. If I laughed in their faces the next man might get furious and knock the ball out of the park."

That's the philosophy of one of the greatest speed ball pitchers the game has ever seen.

"They're in there trying just as hard as I am"—that, say his teammates, is Dazzy through and through. And that's why he is one of the most popular players, yet the most feared boxman, in the big show.

Dazzy has fanned 1,232 batters in the 1,673 innings he has pitched since joining the Robins in 1922. At 35 he has as much speed as ever, declared Hank DeBerry, Dazzy's battery mate.

The great Vance is being crowded hard as the hero of the 1928 Dodgers because a younger player one of the modern type of sluggers is bidding for the fans' favor. He is Del Bissionette, home run hitter extraordinary.

But Dazzy has his following and his baseball public is just as fickle as any. Brooklyn fans have become a bit used to seeing Arthur—that's his first name—drive opposing players back to the bench with three burning strikes.

So they have become somewhat critical, chiding him, for instance, for his slow, shuffling pace between the dugout and box.

Fans had umpires alike can't buds the big six-footer, though, if the home half of an inning ends abruptly leaving the Dazzler in the

ANOTHER DUNN HURLER COMES THROUGH BIG

(By the Associated Press)

Another one of Jack Dunn's boys has come through in the major leagues.

George Earnshaw, right handed fast ball expert who came to Connie Mack's Philadelphia Athletics several weeks ago, yesterday pitched his first big time victory, defeating the Boston Red Sox 5 to 0.

Baltimore long has been noted as a fertile field for the reaping of baseball stars, especially pitchers. Dunn, manager of the Orioles from time immemorial, is the Wilbert Robinson of the minor leagues. He has knack for developing moundmen. His profitable accomplishment, too, for major league clubs separate Jack from his pitchers only by subjecting their pocketbooks to severe punishment.

Usually though the initial cost has been found to be well worth while. In 1925 Mack paid Baltimore \$100,000 for Robert Moses Groves, who fires the fastest left hand ball in captivity, and Connie probably never has regretted it.

In addition to Groves, the honor roll of Baltimore Orioles who have made the grade in the big-time included such stars as Babe Ruth, one of the earlier alumni, Jack Bentley, who was a big help to John McGraw and the New York Giants a few years ago; Alphonse Thomas, now with the Chicago White Sox; Jack Ogden, of the St. Louis Browns and Eddie Rommel, another of the Athletic staff.

No other American League games were scheduled and rain washed out the two National League contests on the day's card.

SENIORITA TO RESUME TENNIS PLAY TOMORROW

London, July 6.—(AP)—Seniorita Elia De Alvarez of Spain, who has been suffering from an attack of laryngitis, stated this morning that she would be able to meet Helen Wills in the finals of the woman's singles tennis championship at Wimbledon tomorrow. It had been feared that she would be unable to continue in the play.

Heavy Scoring Features Games Twilight League

Yesterday afternoon the sluggers of the Twilight League brought out their big bats and wrought more havoc among the pitchers of the opposing teams than in any games yet. A ten run margin separated the winners from the losers in each contest. This is more or less expected among the Presbyterians who boast the heaviest hitting aggregation in the league, and were pitted against the Allies who were minus the services of at least half their team, but is a reversal in the case of the Baptists, Immanuel was out for revenge for the defeat inflicted by Memorial previously, and were amply satisfied.

In the first game the 'Wildcats,' as the Presbyterians call themselves (and which they possibly deserve) made a vicious attack in the opening half, scoring 12 runs before the Allies settled down and retired the side. It must be admitted that seven passes and two hit batters helped, although Deal contributed the first real home run of the league season in this inning with the bases all occupied. After this inning, the leaders scored but two more in the game. Parks who replaced Anthony pitched an effective game, and had much improved support as well. Throughout the game, Johnson was never in trouble, allowing but five safeties and passing two men. This puts the 'Wildcats' in a tie with the Christians for first place, with one game to make up.

Second Set-to

Immanuel came back strong in the late game, never being in doubt of a clear win. Uley let his former teammates down with but three hits and two passes, and with good support, Memorial runners were lucky to reach home on two occasions. Five Memorial errors helped the procession along; in fact, the only safe way to retire an Immanuel batsman was to strike him out 12 to 2 was the final score. The hardest worked man on the field was Arthur Corey, who officiated in both games.

Kinston Outfit Licks Goldbugs

(By the Associated Press)

The league leading Goldbugs, of Eastern Carolina fame, had their winning streak broken yesterday when Kinston secured an early advantage and maintained it to win the game, 3 to 2. Home runs in the sixth inning played a big role in the Eagles' victory.

The Wilmington Pirates and Fayetteville Elghlanders divided a double bill, the first going to the Highlanders, 11 to 3, and the second to the Pirates, 6 to 4. The decision left both aggregations in their second and third berths, respectively.

Rocky Mount won over Greenville, 7 to 3, after launching a fifth inning attack to drive Cherry from the mound and chalk up six runs.

6 6 6 Cures Chills and Fever, Intermittent, Remittent and Bilious Fever due to Malaria. It kills the Germs.

Irresistible feminine appeal has been added to masculine power in The President, The Commander, The Dictator and The Erskine.

Beauty—Here are delightful new colors from which to choose—with just a dash of antique cunning in the finish of interior door panels and exterior body belt. Smartest of upholstery fabrics in harmonizing shades.

Asheville Setting Macon Stiff Pace

Macon, once leader in the South Atlantic Association, is having a hard time trying to keep pace with Asheville and maintain its second place lead over Spartanburg—a recent slump having proved disastrous to the Goodmen.

The Peaches lost another contest Thursday, a six-inning rally which netted five runs, giving Columbia a 6 to 4 victory. Hillys and Moose, Corner hurler's played big parts in the come-back with their heavy bats.

Red Hall, formerly of the South-

eastern League, was the hitting star of the game, his three blows being included in Macon's total of ten. Joe Paetz turned in a beautifully pitched game at Charlotte, striking out nine Augusta batters and giving up only four hits. Meanwhile the Hornets were fiddling a pair of Tiger hurlers for a 4-0 decision. Kearns hit a homer for Heinie Groh's team.

Spartanburg had an easy time, with Greenville, 15 hits being good for the long end of a 9-3 count. Whaley and Novak came through with three safeties each while Pitcher Scott helped out with a pair.

Kearns and Asheville were rained out.

Market Report Cotton--Stocks--Grain

NEW YORK COTTON

New York, July 6.—(AP)—An early advance was followed by a rather nervous and irregular fluctuation in the cotton market today, with trading attributed partly to evening-up of accounts in preparation for the week-end, and the government acreage report expected on Monday. October sold up to 22.80, or 37 points net higher, on the continued bullish character of private crop advice, but net realising at this figure and lost a good part of its gain. The mid-afternoon market was quiet, but fairly steady at net advances of 13 to 16 points.

Futures closed barely steady 9-13 points higher; spot steady; middling 22.85.

CHICAGO GRAIN

Chicago, July 6.—(AP)—Despite buying based on Minnesota reports of black rust, wheat prices went lower today owing largely to rapid progress of the domestic harvest.

Some export however was said to have been put through at the Gulf of Mexico at two cents over the Chicago market for first half of August leading.

Wheat closed heavy 1 7-8 to 2 1-4 net lower; corn 3-8 to 1-2 off, to 1-2 up; oats 5-8 to 1 7-8 down and provisions unchanged to a rise of 30 cents.

STOCK MARKET

New York, July 6.—(AP)—The stock market displayed a complete reversal of form today, selling off at the opening on the unexpectedly large increase in brokers' loans and then rallying under the leadership of the airplane and railroad shares. Trading turned dull on the rally. Early declines of 1 to 7 1-2 points were largely recovered, and a number of issues bid up 1 to 5 points above yesterday's final quotations.

Call money was in plentiful supply at the renewal figure of 5 1-2 per cent and banks called only about \$5,000,000 in loans. Fears of an increase in the Chicago federal reserve rediscount rate, which caused some of the early selling, again proved to be unfounded, as the 4 1-2 per cent rate was continued for at least another week.

Wright Aeronautical dipped 3 1-2 points to 157 in the first outbreak of selling and then rallied to 14 1-2. Collins & Aikman rallied from an early low to 55 1-8 to 61 1-4 and radio from 184 1-2 to 188 1-2. Pittsburgh Coal, Brunswick terminal and Indian Refining common all moved into new high ground for the year. Midland Steel products preferred soared 14 1-4 points and Curtiss, Lehn & Fink, American Zinc preferred, Union Tank Car, City and Simmons Co. sold 3 to 4 points higher.

New York & Harlem, which usually changed hands in 10 share lots, ran up 25 points to 300. Colorado & Southern, which was weak earlier in the week, rallied 3 points and Illinois Central, Wabash, Kansas City Southern and Chicago Great Western preferred advanced 2 points or more.

RUM SHIP CREW MAINTAINS SILENCE

Wilmington, July 6.—(AP)—The crew of the rum ship pilot which was captured off Bogue Inlet last month with 800 cases of assorted liquors, maintained their silence today in the face of reports from Raleigh that they had given their correct names.

The men are held in jail here in default of \$5,000 bond. Judge I. M. Meekins was quoted today as saying he might reduce the bonds to \$2,500 each if the men gave their correct names.

They are registered at police headquarters under the names of George Lazo, William Hanson, John Olsen and Herman Robergh.

TO BEGIN WORLD FLIGHT THE LAST OF THIS MONTH

Seville, Spain, July 6.—(AP)—Commander Ramon Franco, Spanish flier, who made a flight from Spain to South America in 1926, will start a flight around the world on July 31.

His purpose will not be to establish any record but simply to prove the possibility of using the seaplane as a successful means of transporting passengers and mail across the ocean.

PLAN FORMATION OF INTER-CITY TENNIS LEAGUE

Raleigh, July 6.—(AP)—A move to form a six-club inter-city tennis league in North Carolina was underway today with the Raleigh club behind the proposition. The league would include Winston-Salem, Durham, Greensboro, Charlotte, Pinehurst and Raleigh.

A Solid Car Load Of The Famous FLORENCE Oil Cook Stoves

Were just received. These stoves are rapidly taking the place of other makes, and the reason is because of the Focus Heat. Focus Heat means, quick cooking, less fuel, a time saver.

One of the outstanding features of the Florence is when you turn the blaze out, you at the same time lift your wick out of the oil.

A beautiful assortment of these stoves can be had in colors such as, black and gray enamel.

See these stoves while we have a complete showing in sizes.
