LOWENSTEIN'S DEATH STILL B' MYSTERY

Efforts To Find Body In Search of English Channel Prove Fruitless.

Brussels, July 7.—(AP)—Memorial services for Captain Alfred Lowenstein, Belgian financier, who disappeared from his private airplane while crossing the English Channel Wednesday night, have been postponed as the captain's death has not yet been definitely established.

London, July 7.—(AP)—Discussion of the mystery of Captain Alfred Lowenstein's death by a fall from his airplane into the sea went on space today.

Efforts to find his body at the point where the crew of his plane and its other occupants assert he fell into the English channel through accidentally opening the exit door of the plane have been futile. The pilot and mechanic of the plane spent several hours cruising about the spot in a fruitless search.

Tests made at Le Bourget air-drome, France, to determine whether it was possible to open the door of a plane in flight showed it was not easy to do so. Two mechanics using a plane similar to that from which Lowenstein disappeared with the motor running at full force found that the air pressure was so great that the combined strength of the two men was just sufficient to open the door wide enough to permit one of them to pass through it. Let friends of Lowenstein maintain the often opened the door of his plane to look out over the sea and the landscape.

Rumors that the whole affair was a gigantic hoax were circulated in brokers' offices and other concerns interested in dealings of the stock exchanges of London, Paris, Berlin, and Brussels. One suggestion was that Lowenstein never left Crocydon. Another rumor was that he landed on the plane somewhere between Dunkirk and London, where it was seen to land, and disappeared, or that he vanished in a fast motor-car after landing at Dunkirk.

Newspapers recalled that the mysterious deaths of prominent persons had always been followed by such reports.

The Paris Journal had its correspondent at Calais investigate the possibility of Lowenstein's vanishing alive. He made a careful examination of official records of the flight and reached the conclusion that the time which elapsed between the departure of the plane from Crocydon and its landing on the plane to have made another stop en route.

The correspondent thought that it would have been equally impossible for Lowenstein to have slipped away after the plane landed at Dunkirk without being observed. It was full daylight at the time and the beach was open without any trees or houses in the vicinity to afford cover for flight. Also police commissaires Breuilleard and Captain Noel of the Gendarmes arrived on the scene within a quarter of an hour of the landing.

The London Daily Mail commenting on the rumors of disappearance said that the captain of the Titanic was reported as having been seen in New York after the sinking of that vessel. It also recalled that for a long time the belief persisted that Lord Kitchener lived after the torpedoing of the Hampshire in the World War.

The Daily Express quoted an unnamed intimate friend of Lowenstein as saying the Belgian was subject to sudden heart attacks due to an abnormal blood pressure of more than 200 millimeters instead of the normal 150.

The discovery of his callor and tie in the plane suggested to the friend the possibility that Lowenstein had ripped these off to gain relief from a sudden attack. Finding this insufficient he was thought to have forced open the door, splintering the wooden frame, to get fresh air, collapsed from the exertion and plunged to his death.

TEXAS DEMOCRATS MEET WITH FIRST REVERSAL. Dallas, Tex., July 7.—(AP)—Texas Democrats seeking to check a bolt of persons dissatisfied with the nomination of Governor Alfred E. Smith, have met their first major reversal in an announcement that the names of candidates who said they would not support the New York executive, would remain on the July primary ballots.

John Thomas, banker and cattleman of Gooding, Idaho, has been appointed by Gov. H. C. Baldrige to fill the senate vacancy caused by the death of Frank R. Gooding.

SHERIFF AND DEPUTY SLAIN IN KENTUCKY

Another Officer Missing Harlan Following Finding of Two Bodies.

Harlan, Ky., July 7.—(AP)—Floyd Ball, sheriff of Harlan county, famous as a hot bed of feuds, and his deputy, John Hensley, were found slain early today on Mayo Trail, 12 miles west of Harlan. Tom Boies, another deputy who had gone with them to investigate antics of a man who was terrorizing passersby, was missing and believed slain. Residents along the trail heard a fusillade of shots and around 3 a. m. found the bodies of the deputy and his chief on investigation. A large posse was formed immediately to search for their slayer.

Recover Body Of Drowned Man At Asheville

Asheville, July 7.—(AP)—The body of Wilbur Brown, 18 years old, drowned Wednesday in a whirlpool below Reems Creek Falls, was recovered this morning by a 14 year old boy after expert divers and persons equipped with grappling hoops had worked tirelessly for three days in a futile attempt at recovery. The boy, whose name could not be learned, went to the pool at 7 o'clock this morning. He saw the body floating just under the surface of the water, waded in up to his waist and pulled it to a sand bar. Corporal John L. Carroll announced at noon that since the death was purely accidental and no inquest would be held. Funeral arrangements have not been made.

Italian Fliers Better Duration Flight Record

Rio Janeiro, July 7.—(AP)—Captain Arturo Ferrarin and Major Carol P. Delprete in breaking the world's distance flight record bettered their own duration flight record by 25 minutes. Bernardo Attoleco, Italian ambassador to Brazil, announced today after a telegraphic interview with the airmen that they had been in the air for 59 hours before they landed at Touros, 50 miles north of Natal and 4,377 miles by air from Montecelio Field, Rome. They hold the duration flight record at 58 hours, 34 minutes and 25 1-5 seconds. It is unlikely that they will be credited with the 59 hour record since the previous mark must be bettered by at least an hour to be recognized.

Fog, the ambassador said, blocked their attempt to reach Rio Janeiro which they would have made without difficulty in the elapsed time. Instead of landing at Point Geniparu, 10 miles north of Natal, as reported at first, they flew so low as to make it appear that they had touched the ground. Then they continued on in the fog and darkness searching for a suitable landing place for their large plane. Finally they came down on the wet and sandy beach at Touros damaging the wheels of their plane. The men were not hurt.

Amundsen Search Proves Fruitless

Kings Bay, Spitzbergen, July 7.—(AP)—Roald Amundsen was 19 days overdue at Kings Bay today. All search for him and his five companions has been fruitless. They have been swallowed up as completely by the Arctic as have nine members of the crew of the Italia and scant hope is held that any of them will ever be found alive.

GOOD TO HEAD HOOVER FORCE IN THE WEST

Chicago Man Is Campaign Manager for the Republican Presidential Candidate.

Washington, July 7.—(AP)—James W. Good, Chicago, was named western campaign manager for Herbert Hoover today. Appointment of Good, who was one of Hoover's chief lieutenants in the pre-convention campaign was announced by Chairman Work of the national committee. Mr. Good is a former member of the house from Iowa, preceding the late Martin B. Madden, as chairman of the appropriations committee. In 1924 he handled the western pre-convention fight for Coolidge. He is expected in Washington soon for a conference with Mr. Hoover and after which he plans to leave for Chicago to establish headquarters.

Secretary Hoover's resignation arrived in the mail this morning under separate cover and as yet has not been accepted by Mr. Coolidge. It is expected that the chief executive will follow the same procedure in the cases of Secretary Hoover and Secretary Work which he followed in previous times, namely, accepting their resignations only when he will have decided on their successors.

In a telegram dispatched to the commerce secretary today, President Coolidge invited him to stop off as his guest at Cedar Island Lodge on his way next week to his home in Palo Alto, Cal. Mr. Coolidge extended his invitation following a receipt of a letter from Mr. Hoover in which the latter indicated that he would appreciate an opportunity to call on the chief executive on his way west.

German Flyers Set Duration Flight Record

Dessau, Germany, July 7.—(AP)—The German aviators Ristic and Zimmerman established a new world's record for a duration flight today at 3:43 o'clock this afternoon, they had surpassed by an hour the Italian record of 58 hours and 34 minutes and were still flying. After they had been in the air more than 60 hours, the two pilots dropped a message stating that they intended to continue until darkness. At the sixty-fourth mark they had even passed the Belgian record established on June 5 of 59 1-2 hours, which was of doubtful recognition since the Belgian plane had been refueled while in flight.

MAKE FINAL REPORT FOR BIG REVIVAL

Billy Sunday Committee Gives Resume of Activities During Recent Campaign.

Thursday night, June 28, at the Eighth Street Christian Church a meeting was held at the call of the general chairman, Rev. R. J. Bamber, of all the officers, Chairmen of committees, including members of the finance committee of the Billy Sunday Evangelistic Campaign, together with the ministers of the city and their wives. This meeting was held, as the chairman stated, in order that a final checking up of all work might be made, reports of all committees received, an accounting of stewardship rendered and that a report might be made to the public of the disposition of all funds received during the campaign.

Suffice it is to say that a very interesting and delightful meeting was held. A lovely banquet was served by Mrs. L. G. Cooper and Mrs. Ed Flanagan in the basement of the church and reports of all committees were received either by the chairman or some member of the committee. It will be remembered that the attempt to secure Mr. Sunday and his party originated with the Ministerial Association and correspondence to this end was begun more than a year and a half ago. After playful consideration, long continued correspondence, some apprehension, but persevering efforts, arrangements were finally agreed upon and the Billy Sunday meeting has become a matter of agreeable history in our community.

The executive officers elected were: General chairman, Rev. R. J. Bamber; first vice chairman, Hon. F. C. Harding; second vice chairman, Dr. C. J. Ellen; third vice chairman, H. H. Duncan; secretary, Rev. W. S. Hardee; treasurer, J. H. Waldrop. It would be interesting if space permitted to give complete reports rendered. They showed remarkable interest and devotion of time and service freely given by every member. The work was done so quietly, without sounding trumpet or clanging cymbal, that those outside the councils of the general committee scarcely knew that a real great work was going on behind the scenes.

New City Manager Issues Statement

J. R. Edwards, newly elected city manager today issued the following statement to the citizenship of Greenville: "Your Board of Aldermen have seen fit to entrust to me the duties enumerated on me as your City Manager of Streets, City Engineer, Building Inspector, Fire Chief, and all other duties that may be required of a City Manager, at the request of the respective committee. In the performance of my duties in this position, it is my desire to co-operate with, and have the hearty co-operation of every citizen of the city of Greenville, so that (if it be possible) we will have a city second to none (along the lines covered in my duties) in this great State of North Carolina or any other city in our great commonwealth regardless of size or location. "I desire to further state that there will be no immediate changes in the personnel of the present employees coming under my jurisdiction, and, in fact, no changes whatsoever, but for the sole cause of inefficiency, or disloyalty to the city or myself, or failure to diligently perform their services or duties, or for neglecting their duties to the city of Greenville. "Yours for the success of our city, "J. R. EDWARDS."

Tom Morgan Dies At Rogers, Ark.

Rogers, Ark., July 7.—(AP)—Tom P. Morgan, humorist, died at his home here at 2 a. m. today of an extended illness. He suffered a paralytic stroke some time ago and has been gradually failing for several months. Mr. Morgan was between sixty and sixty-five years of age. Mr. Morgan had written humorous columns for the Kansas City Star and other publications and also had produced serious articles for the Country Gentleman. A native of Connecticut, Morgan came to Rogers 30 years ago from Kansas and had made his home here since. He never married and has no near relatives.

Charles Hoppe Is Revealed As "Clubber"

Toledo, July 7.—(AP)—Charles J. Hoppe, 26, whose trial for the murder of seven year old Dorothy Sielagowski ended abruptly yesterday when he changed his plea to guilty, stands revealed as the "clubber" whose operations terrorized Toledo women several years ago and caused policemen to walk their beats with shotguns. When his murder trial was changed to a sanity hearing before three Common Pleas judges by his change of plea, Hoppe's attorneys astounded the court by introducing a signed confession witnessed by a notary public, by which their client cleared up a two year old mystery by admitting the killing of Lily Dale Croy, a young school teacher whose half-clothed, mutilated body was found, October 2, 1926.

BANDITS ROB MOYOCK BANK

Lock Currituck Bank Employees In Vault and Escape With Cash On Counter.

Norfolk, Va., July 7.—(AP)—Two men were arrested here today on charges of robbing the Bank of Currituck at Moyock, N. C., where three persons were imprisoned in a vault during a holdup at ten o'clock this morning.

Elizabeth City, July 7.—(AP)—Four armed bandits entered the Bank of Currituck at Moyock this morning, held up the three persons inside at the point of a pistol, locked them in the vault and escaped with available cash on the counter, according to information reaching here. The bandits escaped in an automobile in the direction of Elizabeth City with a hastily formed posse in pursuit. The loot was estimated at from \$40 to \$1,000. The two men were locked in the vault were understood to be W. W. Smith, cashier; J. A. Thorne, assistant cashier, and Miss Lena Powell, bookkeeper. The bandits entered shortly after ten o'clock when the bank was deserted except for the staff. Police at Elizabeth City were notified and placed a guard at Camden bridge to intercept the bandits if they came that far.

MANY MILLS SHUT DOWN THIS WEEK

Ninety Percent of Cotton Factories Attempt To Curtail Production.

New York, July 7.—(AP)—Ninety per cent of the cotton mills of the country are shut down this week to curtail production. They will resume operations on July 9 and will curtail later in the season again, if the output continues to lead to stock accumulations. Trade has been quiet this week compared with a week ago when sales ran ahead of the restricted output and some fair sized contracts were booked on print cloths, sheetings and colored cottons. The price advances then made have held throughout this week although cotton has dropped in price. Agents still say that prices for goods are below the parity of cotton values and this leads them to hold firm where low bids are made. Several of them have declined business for August delivery. Discounts have shortened on wide sheetings, sheet and pillow cases about 2 1-2 per cent and some lines at "at value." Advances of 1-4 cent a yard have been made on 4-4 bleached cottons and a little more business has been done. There have been further sales of wide cloths for rubberizing and the bag trades have bought more regularly. Denims have been sold more freely on the basis of current prices that are to be continued to August 31. More trading is reported on khakis, tickings, stripes, and other colored cottons, chiefly for July-August shipments. An attempt will be made Monday to reopen the New Bedford mills where a strike has been going on twelve weeks. A little more interest is being shown in fine and fancy lines for spring, 1929, consumption. Yarns have been quiet. Prices current in primary markets are as follows: Print cloths, 32 inch 64x98, 6 1-8; 27 inch, 64x98, 5 3-8; 38 1-2 inch, 64x98, 7 7-8 to 8; brown sheetings, southern standards, 13c; denims, 2.20s, indigo, 19c; tickings, 8 oz. staples, 22c and 24c; prints, 9c; staple ginghams, 10 1-2c; dress ginghams, 12 1-2 and 15c.

Dorothy Venters Died Early Today

Dorothy Ellen Venters, aged one year and seven days, only child of Mr. and Mrs. G. W. Venters, died this morning at four o'clock following illness extending over a period of one month. She was a member of the Cradle Roll of Immanuel Baptist church.

Funeral services will be conducted Sunday afternoon at four o'clock at the home on Dickinson avenue by Rev. L. O. Brian, pastor of the Immanuel Baptist church, and Rev. H. F. Jones, pastor of Memorial Baptist church. Interment will be made in Greenwood cemetery. Active pallbearers will be: S. T. Carson, T. T. Hollingsworth, J. C. Gaskins, Garland Hudson. Honorary: Frank Lockamy, Ed Harvey, R. E. Corbett, J. L. Cannon, E. C. Williams, L. O. Gross, Leslie Briley, Sam Whitehurst, J. L. Whitchard, Earl Parkenson, R. H. Parkerson, Wiley Brown, W. C. Brasswell, W. B. Dupree, Hyman Cherry, Larry Brown, Dr. L. C. Skinner, Dr. Joseph Smith, B. M. Lehue, Ben Lewis, W. B. Wilson, David Barefoot, L. R. Wright, Claude Boyd.

MISS EARHART AND CREW TO VISIT BOSTON

Woman Flyer Faces Informal Schedule of Entertainment In New York Today.

New York, July 7.—(AP)—The first flare of New York's welcome past, the crew of the trans-Atlantic plane Friendship today faced an informal schedule for the remaining two days of their visit here before starting for their home cities and more welcomes. Monday Miss Earhart and the two men who piloted her to England fly to Boston where a great welcome has been planned for them. Then Tuesday, Medford, Mass., where the Boston social service worker lives with her mother and sister, will welcome them. Miss Earhart's family did not come to New York preferring to await her arrival in Boston. After the visits to Boston and Medford they will have a week's rest before they start west to visit Williamsburg, Pa., home of Wilmer Stultz, pilot of the plane. They expect to visit Williamsburg on July 17 and then continue by train to Chicago which also claims Miss Earhart as a home-town girl because she graduated from high school there. A four-day celebration has been planned by Chicago. Louis (Slim) Gordon, third member of the Friendship triumvirate, lives in Texas and it will be quite a while before he goes home but he got his own private welcome from his fiancée, Miss Anna Bruce of Brookline, Mass.

Rockefeller To Celebrate 89th Birthday Sunday

Tarrytown, N. Y., July 7.—(AP)—John D. Rockefeller will celebrate his 89th birthday quietly tomorrow on his estate at Pocantico Hills, overlooking the Hudson River. For the first time in several years all members of the family will be with him. No special program has been mapped out. He expects to take his daily automobile ride of fifty miles in the afternoon and join his family at dinner at 7:30 o'clock in the evening. A number of congratulatory telegrams have been received and these will be read at the dinner. The former Standard Oil magnate, one of the wealthiest men in the world, is enjoying excellent health and takes particular pleasure in his daily round of golf on his private links on his estate.

RECEIVES HOOVER RESIGNATION TODAY

Superior, Wis., July 7.—(AP)—The resignation of Secretary Herbert Hoover of the commerce department from the cabinet effective at President Coolidge's pleasure was received at the summer White House today.

Says State Officers Will Support Ticket For The Presidency

Raleigh, July 7.—(AP)—Dennis G. Brummitt, attorney general and chairman of the Democratic party's state executive committee, today was sponsor for the assurance that all state officers and nominees of the party would support the Presidential ticket. "I speak with knowledge in saying this," the attorney general said, "when asked regarding a rumor that at least two officials would not vote for the ticket because of objections to Governor Al Smith. "A similar assurance was contained in a statement given out in Lebanon by former Lieutenant Governor W. C. Newland, who was chairman of the state delegation at Houston, and among the opponents of Governor Smith. After pointing out that the nomination of the New York governor had not been entirely acceptable to some elements, his statement went on "but morally sure that at the November election North Carolina will be found as it always has been found in the national Democratic column, us turn aside and fight phantom battles over questions long since settled. "The record of Governor Smith as an executive, as a powerful friend of the public school system, as a leader in social legislation for the betterment of the less fortunate will make a compelling appeal to the hearts and minds of our people. He and Senator Robinson will have the loyal support of the Democracy of North Carolina. "There is instant need for the application of Democratic principles to the great economic problems afflicting the farmer, laborer and business man. The forces that would continue to pillage the American people and corrupt the American government would be glad to have

SMITH CALLS FOR HELP OF JAMES REED

Democratic Presidential Nominee Asks Missourian To Confer With Him Soon.

New York, July 7.—(AP)—Governor Smith has called on his chief opponent for the Democratic presidential nomination, Senator James A. Reed of Missouri, for aid in the coming campaign. He wrote Senator Reed an invitation to come to Albany as his guest and confer on the campaign. The letter was made public by the governor at headquarters here. "Now that the storm of battle has cleared away," the governor wrote, "I hope that I can prevail upon you to spend a night at Albany at the executive mansion and confer with me on the conduct and issues of the campaign in which we are engaged together. Please let me know what your plans are for the near future so that we can perhaps get together soon. "The Missouri Senator, who waged a strenuous campaign for the nomination only to be swept aside by the Smith landslide at Houston, publicly offered his aid to Governor Smith immediately after the latter's nomination. It was believed the governor would ask Mr. Reed, who is a forceful speaker, to take the stump for him in the middle western states where the Senator is best known.

Woman Flyer Faces Informal Schedule of Entertainment In New York Today.

The attack on Governor Smith made at Washington by Mrs. Glenn L. Shaver, wife of the Democratic National Chairman, and leader of the Women's Democratic Law Enforcement League, a dry organizer, drew instant response from Mrs. Franklin D. Roosevelt. "Mrs. Shaver's attack is well in line with the extreme and frequently untruthful statements made by the little group of women represented by the Women's Democratic Law Enforcement Committee of Baltimore," said the wife of the man who nominated Governor Smith at Houston. She said she believed Mrs. Shaver had been "misled" by a group that considered enforcement of the Volstead law "more important than truth or fair play."

Mrs. Shaver said the governor had "stamped himself as a charlatan and a faker" and that the dry Democratic women of the country would not support the ticket. Reports that there was a discussion in the Smith camp between Tammany leaders and friends of Governor Smith not identified with that organization, are denied by James J. Hoey, a close friend of the governor. "The report of friction among Governor's Smith's friends is undoubtedly propaganda intended to cover up and draw attention away from the discussion in the Republican camp," he said.

Jack Pickford Rallies After Heart Attack

Hollywood, Cal., July 7.—(AP)—Jack Pickford, film and stage actor who is ill in a hospital here, was resting easily today and was expected to return to his home in a few days. The brother of Mary Pickford suffered a heart attack late Thursday night and for a time fears were expressed that he would not recover. Later, however, Pickford responded to medical treatment and gradually rallied. Physicians declined to reveal the exact nature of his illness. Pickford, who formerly was the husband of Marilyn Miller of foot-light fame, had not been in the best of health of late, film friends said. He returned here recently, after resting up, out of town in an effort to build himself up.

GREAT STUFF

Surely Deacon Joliff strutted his stuff yesterday to the satisfaction of all the fans. Pitching two games in a row, winning them both, hitting three home runs, a double and a single out of seven trips to the plate is an unequalled record so far as we know of in the realm of baseball. A little more of this kind of baseball and we will find our club taking its place high up in the column.

IT SHOULD BE DONE

The matter of compulsory vaccination of dogs, brought up at the last meeting of the Board of Aldermen and deferred until the next meeting for action, is one that should have careful consideration by the board. For some time we have urged steps to guard against and if possible prevent the frequent epidemic of mad dogs and we believe that such a course as outlined to the board, is the best way to do this. According to information the vaccination is good for two years. If by vaccinating our dogs we can prevent them from going mad, surely the cost is nil compared with the safety such a step would afford our people, especially our children. If investigation reveals that the plan is at all practical, we urge that the board adopt it without delay.

ABOUT TOWN

"Another Greenville man has been signally honored," mentioned an old-timer today, speaking of the election of Frank Harrington, clerk of Pitt county Superior court, to the vice-presidency of the North Carolina Superior Court Clerks Association.

"Numbers of cotton blossoms have been displayed on the streets of Greenville the last several days," remarked an extensive planter this morning, "and the most of them look mighty good."

"Many a man goes to the polls and votes for a dry candidate and then returns home and takes a big shot of corn juice," said a well-informed politician today, discussing the fight now being waged in the interest of stricter enforcement of prohibition.

we may expect prohibition to be just like it is today. "We can't vote dry and then act wet. The pendulum will not swing both ways at the same time. "What the nation needs is more men and women to dry themselves and then go to the polls and vote just like they feel."

"The final report of the general committee of the 'Bully Sunday' evangelistic campaign, carried in the columns of this paper today, should be of more than passing interest to thousands of men and women who had an opportunity of hearing the famous evangelist during his five weeks' stay here.

"The committee did mighty effective work to insure success of the campaign, and are deserving of the sincere thanks of the community. "There is little question about the good the town of Greenville and Eastern North Carolina derived from the stay of Mr. Sunday. His messages were clear-cut and forceful and contained a mass of information such as only a versatile brain like Billy Sunday's is capable of gathering.

"Other preachers may come to the city in future years but we will never hear a man more earnest, forceful and sincere than the man who stood before us afternoon and night for over a month and presented wonderful truths of the bible as the word of a living God."

"Somebody is always talking about something they don't know anything about," confided a friend to us today.

"We admitted the truth of the assertion and deplored the tendency of the majority of people to talk freely of matters with which they have not taken time to familiarize themselves. "This lack of knowledge of the various topics which come up from time to time has been instrumental in rifts of various natures. It has produced an atmosphere of in harmony where harmony and peace should prevail. It has caused the wrecking of homes and overthrowing of governments in all sections of the world."

"Therefore, it is advisable indeed that we should correctly inform ourselves about anything of an important nature. Then when we are sure we are right it is perfectly all right to go a head."

Goldbugs Still Hold The Lead In New Circuit

Doing the "iron man" stunt, Deacon Joliff, twirled Greenville to victory in two games yesterday and got five hits out of seven trips to the rubber. Three of them for circuit passes. The Tobaccoists won the first game, 15 to 8, and the rightcap 7 to 1. The victories give Joliff a credit of 11 out of 14 for the season.

Home runs at critical stages featured the game between Rocky Mount and Goldsboro, and was a deciding factor in giving it to the Bucs in the 12th stanza, 9 to 8. The score was brought to a tie in the ninth by a circuit drive by Hamels. Neither club could push over the winning tally in the extra innings until Brandes plugged the sphere for the full count of sacks. In the final round.

The Wilmington Pirates lacked the drive usually shown and lost to the Kinston Eagles by the margin of 12 to 3. Taking an early lead, the Eagles pushed across runs gradually throughout the game, adding sufficient league percentage to allow them to scramble into third berth with the Bucs.

The Goldbugs remained in first position with the Pirates trailing persistently.

Patriots Sitting High and Dry Now

Results in yesterday's diamond exhibitions left the Greensboro Patriots sitting "high and dry" as leaders in the Piedmont circuit.

Home runs proved too much for the Durham Bulls to face and the Patriots had little difficulty in clinching this mixup, 13 to 2. Wilson was completely in control of the Bulls while his teammates pounded away freely at Weaver and Redd.

Dyer's homer in the 11th inning broke up a slugging match and was responsible for the defeat of the Winston-Salem Twins by the Salisbury Colonials, 13 to 12. Dyer had already clouted out a circuit drive in the fifth inning and led in the hitting honors for the day with five safeties.

JOLIFF HITS THREE HOMERS WINS TWICE

After a protracted losing streak interspersed occasionally with victory, the Greenville Tobaccoists pulled the biggest surprise of the season at the fair grounds yesterday afternoon by taking both games of a double header from the Fayetteville Highlanders. The first game ended to the tune of 15 to 1 and the second 7 to 1.

Pulling the superman stunt, Deacon Joliff, pilot of the Tobaccoist outfit, hurled both games. Not content with this feat he stepped up to the plate a total of seven times in both games and was credited with five hits, three of which were for the entire circuit.

Statisticians have not yet been able to determine whether this feat has been equalled or surpassed by any other hurler of the minor circuits, but the majority feel like it holds good in this immediate neck of the woods.

Two of the home run drives came in the first game while the third came in the fifth frame of the nightcap. Joliff allowed 12 hits in the first game, the majority being well scattered. In the final game he was almost invincible. The Highlanders connected for five safeties, only two of which came in the same inning. The two victories in a row gives the "Deacon" eleven out of 14 games.

Atkinson started out to do the mound work for Fayetteville, but was relieved by Patterson in the fourth frame after walking six batters and yielding several hits. Patterson fared little better as the Tobaccoists continued to hammer their way to victory.

Ball pitched airtight ball for the visitors in the first three innings of the last game but after that time the Tobaccoists began to touch his offerings for hits that netted them a safe lead.

Denton hit at the rate of a thousand per cent in the first game. Other members of the team also fattened their batting average, including Bailey, who stepped into the old plate for a homer.

Daniels came in for fielding honors of the day with several running catches of flies that looked good for extra bases.

The Tobaccoists conclude the series with the Highlanders here today. Goldsboro will open the week here Monday with a two game series. The box score of yesterday's games follow:

PITTSBURGH DROPS FIFTH

(By The Associated Press) Experts who made Pittsburgh a favorite to win the National league race again look bad but the Pirates look worse. After dropping their fifth straight game yesterday to the New York Giants 11 to 7, the Pirates were bedded more firmly in sixth place.

The Pirates had had their share of injuries but the chief difficulty has been with the pitching staff. Traynor, Grantham, Wright and Adams all have been out of the game at one time or another but that did not hurt half as much as the failure of the moundsmen.

Kremer, Meadows, Hill and Miljus won 68 games and lost 32 last season. Meadows suffering from sinus trouble has not appeared in a big league game this year. The other three have been beaten 22 times and won only 14.

The Giants pounded Fred Russell Johnson Miljus and Joe Dawson for seven runs in the first inning yesterday and the Pirates, although always trying, never were able to overcome this handicap. The victory put McGraw's men only two games back of the pacesetter St. Louis Cards.

The Chicago Cubs led by Hack Wilson, hammered out a 14 to 8 victory over the Brooklyn Dodgers and consolidated their position in third place. Wilson got four hits, including his 20th and 21st home runs. He now leads Jim Bottomley of the Cards by three in their battle for leadership in four baggers.

A four run rally in the ninth by the Washington Senators just failed of a tie and the Chicago White Sox won their fifth game of the week 9 to 8.

Rain washed out the rest of the day's major league card.

LAZZERI OUT FOR LAURELS IN AMERICAN

Chicago, July 7.—(AP)—Apparently believing that the individual batting leadership of the American League should be in possession of the league leaders, Tony Lazzeri, New York Yankees' second baseman, has served notice on Mr. Leon Goslin of Washington that the Senator is in danger of being dethroned as the swat king of the circle.

And evidently Tony means business for during the week's play ending Wednesday, the Yankees' hustling second sacker tacked 28 points to his percentage column to end the week with an average of .371. Tony now trails the slugging Washington outfielder by only 30 points.

Goslin has begun to feel the hot pace he has been setting for the past several weeks, skidding from .425 to .406. Lou Gehrig, following the example of his teammate in attempting to overhaul the "Goose" added 10 points for an average of .365, which was good for third place. Koenig, Yankee shortstop, likewise got the habit and cut loose with a barrage of hits that moved him into fourth position with 345 percentage points or 12 more than the preceding week.

Other leading hitters, who have played in 50 or more games are Fothergill, Detroit, .335; Manush,

St. Louis, .334; Cobb, Philadelphia, .334; Dugan, New York, .333; E. Miller, Philadelphia, .332; Kress, St. Louis, .331; Barnes, Washington, .328; Rice, Detroit, .327; and Fomsec, Cleveland, .327.

The hitting of the individual players of the New York team was reflected in the team batting, which jumped two points to .308. New York is the only team hitting above .300. Cleveland ranking second with .291 and Philadelphia trailing the Indians three points.

Strange as it may seem the Yankees are one of the poorest defensive teams in the league. In fielding the champions were tied with the White Sox for sixth place, nine points below the pace setting Boston Red Sox. The Carrigan outfit is fielding .977, four points better than the Browns in second position.

George Grant, that youthful Cleveland hurler who has rapidly caught on to the big league style of playing ball, added another game to his string of victories and continues to lead the moundsmen with seven won and no defeats. The almost passed spitball has carried Stanley Coveleski of New York thru five games successfully for second place ranking. Next comes Crowder of St. Louis with a record of 8 won and 1 lost, then follows the best of the Yankee hurling staff, Hoyt, Piggas and Johnson, and not far down the list is Penneck.

The race to see who can steal the most bases has developed into a five cornered affair between Mostil of Chicago, Lazzeri of New York, Goslin of Washington, and Rice and Sweeney of Detroit. The first two have stolen 11, while the last three have 10 each.

Miller Knocks Terris Stiff

New York, July 7.—(AP)—It begins to look as though Sid Terris, once regarded as the uncrowned lightweight champion of the world, has reached the end of his fight string.

For the second time in the last few months, he was the victim of a one round knockout last night. Ray Miller, of Chicago, turned the trick at the Coney Island stadium, much as Jimmy McLarnin had at Madison Square Garden late in February.

At his best the "Ghetto Ghost" was one of the fastest and cleverest lightweights. He fought the best there was in the division and lost few decisions.

Twice he fought the present 135 pound champion, Sammy Mandell. In 1923 they battled to a draw. Two years later Mandell eked out a hairline decision in a great 15 round match at New York.

Terris definitely entered on the downpath last year. In nine bouts he lost only twice, but most of the others he got up off the floor to gallop to a decision.

Boys' Baseball League Forming. All boys of the town of Greenville who are twelve years and under and desire to play in a baseball league should come to the High School Ravine on Monday morning at 10:30. This league will play its games in the mornings, and plans to have one game every week day morning for the months of July and August. A special outing will be the reward of the winning team. Sign upon Monday morning.

Spartans Climbing In Sally League

(By The Associated Press) Visions of a Spartanburgh menace to their claims of leadership in the South Atlantic Association are being forced upon Asheville and Macon—not so much by Spartans themselves as by the efforts of other teams.

At the present the Kellys are in reaching distance of either of the Big Boys and another week may see the Peaches or Tourists displaced. Seven extra base hits included in a total of 10 proved ample offensive power for the Spartans yesterday and Greenville was beaten 10 to 4.

Columbia took advantage of six Macon errors to win 8 to 2 and help Spartanburgh in its effort to dislodge the Peaches. A triple play by the Comers supplied the fielding features.

Knoxville displayed ambitions of its own bumping Asheville off in a pair of contests by 6 to 4 and 5 to 4 counts. Heavy hitting, well distributed among all Smoke players won the first while homers by Johnson, Gallagher and Williams supplied the punch in the nightcap, the latter's blow coming in the eighth inning to break a deadlock.

A freak homer, coming from the bat of Joe Buskey and the glove of Ray Wise gave Augusta a 5 to 3 decision over Charlotte. The Tygers second sacker lifted what had all appearance of being an ordinary fly ball which bounced out of the Hornet left fielder's palm and over the fence for a ten inning finish.

**Hampton Singers Please Large Audience.**  
The large audience at East Carolina Teachers College last evening seemed to enjoy greatly the singing of the Hampton Singers, the negro male quartet from Hampton Institute.  
The four singers gave their own interpretations of the familiar old folks songs, having worked out their own harmony. The big bass boomed out giving support and richness to the singing without drowning the tenors, and those carrying on the melodies sang so that the words could be followed. Their singing makes good the claim that Hampton Institute is discovering and encouraging the musical possibilities of the negro and is keeping alive the finest traditions of the race, elevating their gifts and heritage to their righteous position in the arts.  
Mr. Ketcham, field agent for Hampton Institute, was with the Singers and introduced them. He gave some interesting facts about negro folk songs in the field of music, and some idea of what Hampton is doing in preserving materials.  
The singers gave three groups of songs, most of them the familiar spirituals, such favorites as "Swing Low," "Roll Jordan," "Let My People Go," "I'm Bound to Leave This World," and "Witness for My Lord." "Deep River" was perhaps one of the best representations of the difference between the colored man's own interpretation and that of the

white singers who follow Burleigh's arrangement. Their singing of "Kentucky Babe" delighted the audience especially.  
They were generous, singing three groups, fifteen in all, some of which were encores. They sang simply, without ostentation, and without accompaniment on the piano, and not even with a tuning fork or pitch pipe. Their manner and bearing were pleasing to the audience.

MAKE FINAL REPORT FOR BIG REVIVAL

(Continued From Page One). J. J. White who was responsible for M. Sunday's conveyance to different cities as well as to and from the tabernacle. In this connection Ed Flana was given a vote of thanks for his generous use of his Lincoln.

The reports of the treasurer and finance committee were reserved for the last as these were the most important and outstanding.

It was a monumental work done by the finance committee headed by E. E. Sugg in raising the expense money for the building, salaries of workers, transportation, board of Sunday party and other incidentals.

Mr. Sugg had put over such a fine piece of work that the general chairman thought it unfair to impose on him the added task of raising the gift fund for Mr. Sunday.

LIABILITIES. Capital Stock Paid In \$ 44,000.00. Surplus Fund 2,600.00. Undivided Profits (Net Amount) 1,200.32.

STATE OF NORTH CAROLINA. County of Pitt, ss. P. L. Stone, Cashier; G. T. Gardner, Director; and J. C. Griffin, Director of the Bank of Griffon, each personally appeared before me this day, and, being duly sworn, each for himself, says that the foregoing report is true to the best of his knowledge and belief.

My commission expires December, 1928.

Waldrop that an additional gift of \$50 had been recently sent by a generous-hearted friend for Mr. Sunday and that this is being forwarded to Mr. Sunday, making a total of \$5,653.91.

Without doubt the most arduous task of the entire campaign was that performed by the treasurer, J. H. Waldrop. A special vote of thanks was given him for the splendid work he did, giving, as he did, an unusual amount of time and service. His report was an admirable testimony of consecration to a task and willing service generously rendered.

Special mention was made of the general reports and large space given to reports of the meeting by our local and other papers. Mr. Whichard came in for a hearty vote of thanks for "practically giving up the columns of The Reflector to the service of the campaign."

At the close of the reports and transaction of special business the chairman called on Hon. F. C. Harding on behalf of the committee to sum up the apparent results of the campaign, giving us own reactions and impressions of the Billy Sunday meeting. This Mr. Harding did in an admirable way. His main observation was that the numerical results were not the outstanding value of the meeting, but that the influence upon the church and community life, better and higher standards of living and the inspiration to more enthusiastic service on the part of Christians was the finest contribution of the campaign.

There were other brief complimentary remarks concerning the value of the meeting, by other members of the committee present.

The following resolutions offered by the general chairman were unanimously indorsed and voted to be a part of this report: Resolved, that we the officers and members of the executive committee of the Billy Sunday evangelistic campaign do heartily indorse the meeting held in our city by Mr. Sunday and his party beginning April 22 and closing May 27.

That we go on record as approving the splendid work done by every member of the Sunday party and that we testify to the fine, noble Christian character and irreproachable conduct of every member of the party, and that we express our high appreciation of the privilege of being associated with these consecrated men and women of God in the exalted work of soul saving.

That we further express our high appreciation to Mr. Sunday for his wonderful messages and the influence of his presence and unusual personality in our city and community and that we testify our love and esteem to both Mr. and Mrs. Sunday party.

We would express appreciation to every one who in any way rendered service to this campaign not only to the people of the immediate community, but to the people for miles around who shared with us not only the blessings of the wonderful campaign, but also assisted in the responsibilities and obligations which such an effort necessarily imposed. For every gift great or small, for service humble or other wise, we are profoundly grateful. May rich and biding blessings continue to flow even in years to come from this "season of refreshing from the presence of the Lord."
