POSTMASTERS NOT TO LOSE GEORGIA JOBS

Brookhart Declares Senate Probe of Irregularities Not to Cause Changes.

Atlanta, July 11.—(AP)—The purpose of the Senate investigation into alleged irregularities in Republican postoffice patronage is not to cause removal of postmasters who have contributed money to secure their appointments. This was emphatically stated by Smith W. Brookhart, Iowa, chairman, at the opening of today's hearing here.

"The impression has gone out that this investigation will cause the removal of postmasters who have contributed money to secure their appointments or re-appointments," said Senator Brookhart. "The committee wants it distinctly understood that such is not its purpose."

"We want to get the exact truth of the situation and the committee will certainly do all in its power to protect those who tell the whole truth."

"If the hearings prove that tribute is being unlawfully levied upon postmasters it is the view of the committee that those who collect and enforce this tribute are the ones to blame and it is the purpose of the committee to make an end of this system."

Atlanta, July 11.—(AP)—With few witnesses remaining to be heard here, the Senate committee investigating alleged irregularities in administration of postoffice patronage in Georgia was ready today to transfer its activities temporarily to Washington.

Senator Smith W. Brookhart, Republican, Iowa, said the Georgia hearing would be closed during the day and that the committee next would meet in Washington to hear Postmaster General New before proceeding with hearings in other states where complaints similar to those in Georgia have arisen.

Meanwhile, with Mrs. Mable Walker Willebrandt, assistant United States Attorney General, en route to Biloxi, Miss. to ask grand jury investigation of charges in that state, the committee said it would watch the proceedings closely and follow up with its own inquiry soon.

A few postmasters were among the witnesses summoned to appear before the committee at its final session here. Yesterday, one postmaster related how he had paid five per cent of his salary to the state central committee. Another witness, L. L. Spence, declared he was asked \$500 for a re-appointment for his wife as postmistress at Ball Ground, Ga.

S. N. Thompson of East Point, was the postmaster who said he paid regularly five per cent of his income until about a year ago. He said he did not contribute. A party "had to be run like any other business," he said.

Miss Esther McCollom, postmistress at Conyers, Ga., told the committee that she was a Republican and she believed it her duty to contribute to party funds. She said she had contributed about \$100 annually but declared she never had been assessed or solicited. Thompson had testified he signed an agreement to pay his five per cent and had been solicited by an agent.

Roscoe Pickett, chairman of the state central committee, occupied the most of yesterday's session, asserting that he knew nothing of any alleged plan for assessments, nor had he collected or authorized the collection of any funds. So far as he knew, any money received by the treasurer came from voluntary donations, he said.

Senator Moses Scores Tammany

New York, July 11.—(AP)—The New York Times today quotes Senator Moses of the Hoover advisory council for the northeastern states as characterizing the Hollywood address of Mayor James J. Walker as revealing "the inevitable character of Tammany hall."

Mayor Walker in his address warned motion picture producers to avoid political partisanship or to take the consequences should they "guess wrong."

Senator Moses said: "The making of threats ordinarily comes much later in the campaign, by Mayor Walker obviously wishes to introduce the methods of October into the month of July. He is evidently attempting to threaten the moving picture industry with the law of the Talon, which is of course the inevitable character of Tammany Hall."

WOMEN TOIL ON TEXAS TABERNACLE

Women took over the construction of a fundamentalist Baptist tabernacle in Dallas, Texas, after the court issued an injunction halting "men" from working on the building at the request of adjacent property owners. The women worked night and day shifts on the building.

MISS. HERT TO ASSIST G. O. P.

Women Given Charge Of Organizing Feminine Voters of the Nation.

Washington, July 11.—(AP)—Not forgetting the women voters in planning Secretary Hoover's campaign for the presidency, the leaders of the party have assigned a prominent role to Mrs. Alvin T. Hert, a vice chairman of the national committee. She has been called upon to organize the activities of the women campaign workers, a post which she filled in 1924, and turning at once to the eastern section of the country where an intensive drive for votes is planned, Mrs. Hert intends to call at an early date meeting of national committee women from the Atlantic states for the purpose of mapping out a program. She is expected in Washington on July 20.

Mrs. Hert represents Kentucky on the national committee and her home is at Louisville. In addition to her political work, she maintains an active connection with several large business enterprises with which her husband, who also was prominent politically, was identified. Since 1924 she has been state chairman for Republican women in Kentucky.

Although finding time for a few callers, secretary Hoover is busy this week clearing his desk at the commerce department and setting his campaign affairs in order for his scheduled departure for the west on Saturday night.

He is making no pronouncement on campaign issues and plans to make none until he delivers on August 11 his speech accepting the nomination.

Woman Dies of Burns.

Henderson, July 11.—(AP)—Mrs. Ida Perdue, 55, died in a local hospital last night of burns suffered when an oil can exploded in her hand when she attempted to start a fire in her home at the Harriet Cotton Mill village late yesterday.

Her clothing became ignited and her body was badly burned. The house, which was occupied by Mrs. Perdue, her 16-year-old daughter, and another family, was destroyed. She was employed in the Harriet mill.

Seven Springs Man Suicide.

Seven Springs, July 11.—(AP)—William Grady, dead with what authorities decided were self-inflicted wounds, today was buried according to directions he left in a note found beside his body.

Grady, considered a prosperous plantation owner, was said by relatives to have worried continually for several years following the death of a son.

Around The World Flyers at Tokyo

Tokyo, July 11.—(AP)—The two American aviators, John H. Mears and Charles G. D. Collier, flying the plane "City of New York," on a round the world trip, landed at Tachikawa field near Tokyo at 7:45 this evening. They had made a short stop at Osaka.

The aviators will board the steamer Empress of Russia tomorrow with their plane, sailing for Vancouver and will make the flight from Vancouver to New York. They expect to complete their world trip in 25 days.

PARIS STILL TALKS ABOUT DIVORCE MILL

Investigation of Money Paid by America For Divorces is Urged Today.

Paris, July 11.—(AP)—Investigation of the money which oiled up the Paris divorce mill for Americans is being urged.

Three well known French lawyers announced they did not think it fair that French attorneys should be placed before the world as accepting or giving bribes while American law firms in Paris hiring French legal talent and supplying "speed money" should not be disturbed.

These lawyers prepared a letter to the French Bar Association urging that if American law firms in Paris are found guilty of unprofessional acts, they should be reported to their own bar association.

Leading attorneys today said that Americans who got divorces could keep them no matter how widespread the scandal became. The divorces could be invalidated only if the cases were reopened on the request of one of the principals and no one has asked that this be done. It was thought that no American was likely to do so since all divorces handled by the eight attorneys involved in the investigation were sought by both husband and wife. Many of those divorced have remarried and would not dare to seek annulment, while others, if they repented their divorces, could remedy their former husbands or wives more easily than they could have the divorces quashed.

Premier Poincare and Minister of Justice Barthou intend to stamp out the divorce mill business quickly. It is possible therefore that the reopening of American divorce cases and further ventilation of the scandal would not be welcomed by the French courts.

Mystery Shrouds Slaying of Four

Edmonton, Ala., July 11.—(AP)—The slaying of Mrs. Eunice Booher, wife of a prosperous Manville farmer, her 25 year old son and two hired men today was a complete mystery to police.

Vernon Booher, another son, told the police he discovered the bodies Monday night when he hurried to the house or hearing shots, shortly after he had left to bring in the cows.

In the dining room, he said, he found the body of his mother, shot from behind, her head split open from the impact of a rifle bullet. In the kitchen was the body of his brother, Fred, shot through the mouth and back.

Rushing out to the barn to seek assistance from the hired men, he said he found Bill Roszak, one of the hands, dead in the barn, a bullet hole in the back of his head. In the bunkhouse was the body of the other, Gabriel Gorenby, shot through the mouth.

Asheville Man Is Shot in Bed

Asheville, July 11.—(AP)—Shot through the chest while he sat on his bed this morning, E. Homer Pittolo, 28-year-old west Asheville, war veteran, was in a hospital here in a critical condition. Pittolo told his mother and father, Mr. and Mrs. W. B. Pittolo, with whom he made his home, that the shooting was accidental.

The bullet ranged entirely through the chest, passing less than an inch from his heart.

CONSIDER WAGE SCALE OF MINERS IN INDIANA

Indianapolis, July 11.—(AP)—Decision as to whether changed conditions in the bituminous coal fields necessitate modification of the United Miners adherence to the Jacksonville wage scale confronted the meeting of the policy committee of the organization today.

Harry Fishwick, Illinois district president, announced that the situation in the union fields of southern Illinois where the miners seek freedom to negotiate separate agreements with the coal operators would be placed before the committee for discussion. He denied however, that any formal request for recession from the union stand would be made.

The relief from the heat enjoyed by the east yesterday was due to temporary clouds and showers which prevented the sun from adding heat to the breezes that blew gently along the seaboard but it is only temporary the forecaster said. The heat waves, he added, will not be broken until cool breezes from the north or northwest sweep the country and bring down the temperatures of the hot winds from the gulf. He said however, there was no indication yet of the coming of the north winds.

WANT ACTION TO BREAK UP GANG MURDER

N. Y. Administration Demanded to Take Drastic Measures Against Warfare.

New York, July 11.—(AP)—Recent gang murders in New York streets have brought demands from two sources for action by the city administration to break up gang warfare.

District Attorney McGeehan, of the Bronx, called upon the police to drive the gangsters out of his borough, promising the full cooperation of his office and a nod from the Bronx county grand jury to back up the police in an offensive against the gangs.

W. J. L. Baham, president of the New York board of trade and transportation, wrote to Mayor Walker protesting against the failure of the police to prevent gangsters from using public streets as battlegrounds.

"Will it be necessary for the citizens of New York to organize and raise a huge sum of money as was done in Chicago, to restore law and order?" Mr. Baham asked.

Meanwhile, the police apparently had made no progress in their efforts to solve the murder of Frankie Dale, Brooklyn gang leader or Benjamin Kanowitz, liquor racketeer of Manhattan who was killed by a bomb attached to the starter of his automobile.

ONE KILLED IN EXPLOSION NEAR SHELBY

Two Others Seriously Injured When Steam Engine Blows up at Toluca.

Shelby, July 11.—(AP)—One man was killed and two others were seriously injured when a steam engine exploding, turned a somersault in the air, and was blown to bits. The explosion occurred at Toluca, 18 miles north of Shelby, Tuesday evening about 6 o'clock.

The body of the man killed, Grevel Boyles, 30 years old, was found in a cotton field, 50 feet from the scene of the explosion. Parts of the engine were located as much as 50 yards from the point where the explosion occurred.

The injured are, Franklin Grigg and Wayne Carpenter. They are expected to recover, though their injuries are serious.

No cause for the explosion has been assigned. It is believed here, however, that cold water had been turned into the engine while it was very hot.

HOT WEATHER STILL HOLDS

No Let Up in Temperature Expected With in Week or More, Forecaster Says.

Washington, July 11.—(AP)—The heat wave which for a week has gripped the eastern section of the country originated in the western Gulf of Mexico, gained in heat as the hot air rolled north and east over the sizzling plains of Texas and other states and may not end for a week or more, Dr. C. L. Mitchell, United States weather forecaster, said today.

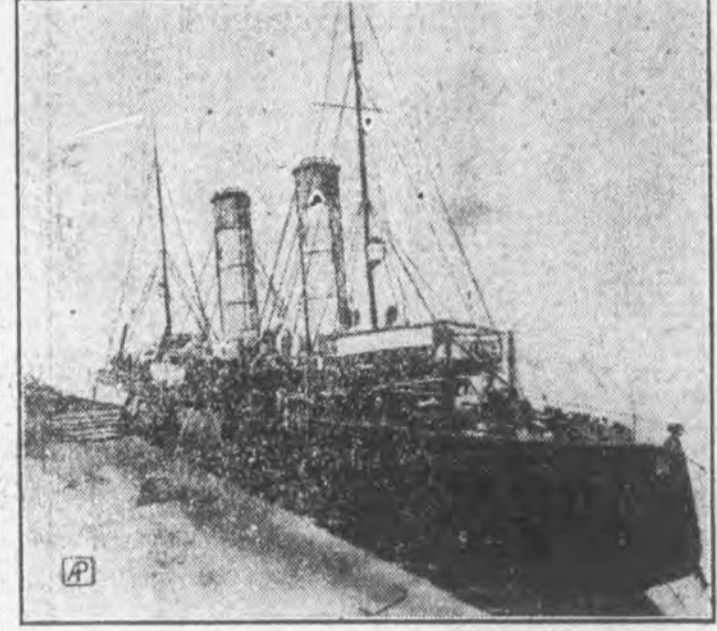

The relief from the heat enjoyed by the east yesterday was due to temporary clouds and showers which prevented the sun from adding heat to the breezes that blew gently along the seaboard but it is only temporary the forecaster said. The heat waves, he added, will not be broken until cool breezes from the north or northwest sweep the country and bring down the temperatures of the hot winds from the gulf. He said however, there was no indication yet of the coming of the north winds.

Reports Progress in Public Health

New Orleans, July 11.—(AP)—Progress in the promotion of health during the past year was reported today at the annual convention of the National Federation of Business and Professional Women's Clubs by Miss Rose E. House of Bridgeport, Conn., chairman of the national health committee.

One of the best ways in which the program was advanced, the chairman reported, was by formation of groups interested in bowling, hiking, swimming, dancing, skating and tennis. By means of the exercises, it was stated, the health of the federation members had been materially increased.

FIGHTS WAY TO MAROONED FLYERS

The Russian icebreaker Krassin is battering its way through Arctic pack ice in an attempt to reach the marooned members of the crew of the dirigible Italia.

Locate Three Members Of Nobile Party; Hope Abandoned For Others

London, July 11.—(AP)—A Reuters dispatch from Moscow states that the walking party of the dirigible has been found.

A message was received in Moscow today stating that the Russian flier Chunkinovsky, who has been making flights from the ice breaker Krassin, now near Foyu Island, made the discovery in the course of a reconnaissance flight. The flier himself was recently missing for several days when he made a forced landing, but was able to fly back to the base ship safely.

The Russian airman found Dr. Malmgren and his two companions at 80:42 north latitude and 25:45 east longitude which is about 30 miles from the present position of the Krassin. This is west of Cape Platen, Northeast Land.

The pilot this afternoon was searching for a place to make a landing near the party in order to pick them up.

The airman reported that he circled over the men five times. Two of the party energetically waved a flag to him. The third was lying down.

Kings Bay, Spitzbergen, July 14.—(AP)—Indications increased today that a tragedy of modern Polar exploration had claimed the lives of nineteen men. Grave fears were entertained for five others.

Those believed dead were: Ten members of General Umberto Nobile's party of 16 which was aboard the dirigible Italia when it crashed May 25, returning from the north pole.

Roald Amundson, Lieutenant Lief Dietrichsen, Captain Rene Glibaud and a crew of three of a French seaplane, which tried to find Nobile's party.

The Italian alpine chasseur, Captain Sora and two Norwegians, Varming and Vandongen, guides, who also started search.

Commander Nobile is the only one of his party rescued. One man was killed in the crash.

Fear grew today for the safety of five flier stricken, and partially insane men marooned on the ice by the crash of the airship; there appeared to be no immediate prospect of their rescue. For four days attempts to communicate with them by radio have failed.

This silence was attributed to either weakness of radio operator Giuseppe Bioggi or atmospheric conditions. Lieutenant Einarpaal Lundborg, Swedish airman who was rescued from among the marooned men off Foyu Island, said that Bioggi was weak from fever but managed twice daily to send out radio reports. Aboard the base ship Citta di Milano it was asserted that atmospheric conditions prevented short wave radio communication.

The flier upon which they are drifting was growing soft preventing planes from landing to take them off. Their hope of rescue appeared to rest upon the ability of the ice breakers Krassin and Braganza forcing their way through the pack of ice to them. The Krassin reported no progress yesterday being held in the ice about 30 miles away from the survivors.

A dog team expedition of Captain Sora with the Norwegians Varming and Vandongen started across the ice several weeks ago to rescue the marooned men although warned that such an attempt was fraught with great peril. They were swallowed up by the arctic.

Lieutenant Lundborg said that on landing on the ice on June 24 he was met by Lieutenant Alfredo Viglieri, now in command of the group and Bioggi. With great difficulty they struggled over the ice toward the location of the silk tent which had been painted red to guide rescuers.

Bearded and dirty, General Umberto Nobile fell into Lundborg's arms in the tent. He wept from mingled joy and distress as he embraced and kissed the Swedish airman. Lundborg said the condition of the tent baffled description. All of the Italians were more or less physically and mentally ill from strain, exposure and lack of proper food.

TEXANS OUT TO DEFEAT GOV. SMITH

Effort on Foot to Put State in the Republican Column in November.

Dallas, Tex., July 11.—(AP)—Texans opposed to the nomination of Governor Alfred E. Smith today were occupied with plans to place the state in the Republican column in November.

Tentative plans for an anti-Smith organization were drafted here yesterday at a meeting of leaders of Texas Democrats who have announced they will not support the New York governor and have threatened to bolt the party. Another session was called for July 17 to perfect such an organization.

Among those attending the conference were former state Senator T. A. Collins and Oscar B. Colquitt, twice governor of Texas. Collins and Colquitt were leaders of the constitutional or "bone dry" Democrats who waged a bitter fight to unseat state delegates to the national party convention against Governor Smith.

Senator Collins stated after the conference that it was decided to recommend to the meeting July 17 that a state executive committee composed of one member from each senatorial district of Texas be created, and that a chairman and a campaign manager be named to direct activities of this committee.

Others who attended the conference said resolutions urging voters to support Herbert Hoover for President probably would be presented to the July 17 meeting.

Meanwhile, old line Democrats awaited news from New York of national campaign plans before beginning the battle which their leaders have said will be waged to roll up the normal Democratic majority in Texas next November. Before leaving for New York, national committeeman Jed O. Adams stated that the Democratic campaign soon will start a vigorous campaign for Governor Smith in Texas. He scathingly denounced candidates for high state offices who have declared they will run on the Democratic ticket but will do everything possible to defeat the New York governor. These include Mrs. Edith Williams and Judge William Hawkins, candidates for governor, and Thomas B. Love, candidate for lieutenant-governor and a former national committeeman from Texas.

REPUBLICANS PLAN CAMPAIGN AT GOLDSBORO

Goldsboro, July 11.—(AP)—Executive committees of nine eastern counties met here today with North Carolina Republican party leaders to plan their election campaign.

Called together by W. H. Fisher of Clinton, candidate for lieutenant-governor, the leaders included: H. F. Seawell of Carthage, candidate for governor; and Charles A. Jonas of Lenoir, national committeeman.

Counties represented included Sampson, Duplin, Wayne, Pender, Onslow, Pamlico, Currituck, Craven and Jones.

Mobile To Get Paper Factory.

Birmingham, Ala., July 11.—(AP)—Announcement that the International Paper Company will start immediate construction of a 170-ton a day Kraft paper mill, to cost approximately \$5,000,000, at Mobile, was made here late yesterday.

The new plant will give employment to approximately 1,000 workers, create a payroll of nearly a million dollars a year and provide a market for several hundred thousand cords of pulp wood annually.

Democrats to Name Chairman Next Tuesday

Raleigh, July 11.—(AP)—A new chairman for the Democratic party in North Carolina will be officially named next Tuesday. Dennis O. Brummitt, chairman for the last year, last night announced a call for the state executive committee to meet June 17, saying at the same time he would not be a candidate for re-election. In accordance with party tradition, O. Max Gardner, nominee for the governorship, is expected to make a recommendation for the chairmanship which will be accepted by the committee.

Mr. Brummitt said he felt that he should retire from the chairmanship because of his recent unopposed nomination for re-election as attorney general, and because he personally prefers to take an active part in the campaign as a speaker instead of directing it.

Mr. Gardner said over the long distance telephone that he had not decided upon his choice for the chairmanship. He added that he will probably announce his decision from Shelby.

Many Postmasters Summoned Before Grand Jury Today

Jackson, Miss., July 11.—(AP)—Subpoenas have been issued from the United States marshal's office for the southern district to about 160 Mississippi postmasters, chiefly Democrats, to appear before the federal grand jury at Biloxi and give testimony concerning the manner in which they received their appointments. It was learned here today. The grand jury is called for 2 o'clock this afternoon in the coast city.

JOHN RASKOB WILL DIRECT SMITH FIGHT

General Motors Head Named As Governor's Choice For Campaign Manager.

New York, July 11.—(AP)—John J. Raskob, chairman of the finance committee of General Motors, today was named chairman of the Democratic national committee.

Immediately after his appointment Raskob issued a statement in which he said that he was not a politician and had never been affiliated with any political party.

"I should like to pledge every speaker and worker for our cause," the statement read "to constructive policies. Mud slinging, so-called, always makes more enemies than friends. In our business life today we succeeded by constructive work and by having better goods to sell than our competitors."

New York, July 11.—(AP)—Although official confirmation was lacking, John J. Raskob, chairman of the finance committee of General Motors, appeared today to be Governor Smith's choice for director of his presidential campaign.

Prior to a meeting here of the Democratic national committee, the presidential nominee declined to discuss reports that Raskob, a close personal friend, would be named chairman, and in this capacity would manage the campaign. Intimates of the governor, however, declared he had determined on Raskob and that his preference would be decided to the committee.

With Mr. Raskob's expected appointment was linked the name of Mrs. Nellie Taylor Ross, former governor of Wyoming, for the now vacant post of vice-chairman of the national committee.

The state also included Col. Herbert H. Lehman, New York banker, as campaign director of finance. Lehman managed the last of Smith's gubernatorial campaigns.

Raskob long has been a close personal friend of Gov. Smith and traveled to the Democratic convention in the private train bearing members of the Smith family. He has been identified with big business for many years and his selection to guide party affairs would be in line with a growing sentiment that a business executive is the party's need at the moment rather than a politician.

Mrs. Ross is a strong supporter of Gov. Smith and lent her full support to his pre-convention campaign.

Col. Lehman was chairman of the citizens committee for the reelection of Gov. Smith in 1926. He was widely mentioned as the probable choice for chairman of the Democratic state committee last year. This was said in some quarters to have caused considerable disturbance in certain Tammany elements which feared that the governor was swaying away from his former Tammany advisors and creating a new alliance that would mark his definite breach with Tammy.

Selection of Raskob, Ross and Lehman, would bear out previous reports that the party would be led during the campaign by persons in absolute sympathy with the presidential candidate and that in effect they would be an executive board carrying out his wishes, he himself being the final arbiter on all party matters.

Tells of Fake Accident Claims

New York, July 11.—(AP)—An elaborate system of fake accident claims estimated to cost insurance companies \$3,000,000 a year has been described at an investigation into ambulance chasing before Supreme Court Justice Wasservogel.

Thirteen lawyers and five physicians were named as members of a ring that employed men and women to fake falls, open manhole covers and other sidewalk obstructions.

Operation of the ring was described by Daniel Lashich, who is now serving a prison term for insurance frauds, and Irving Fuhr, a truck driver and painter, when not engaged in accident "hopping."

Lashich, who named lawyers and physicians involved in the accident faking and estimated the amount of the insurance companies losses, described in detail the method of operation.

"Flopper," he said, would find a defect in a sidewalk or an insured building, trip over it and then make a false claim of injury. The "flopper," he declared, rarely went to a hospital but a second man would gather the names of witnesses to the "accident."

The claim would be placed in the hands of one of the attorneys in the ring, while a physician also affiliated with the ring would furnish a false medical certificate. Suit would then be filed against the insurance company.

Dr. Mullins Better
Ridgcrest, N. C., July 11.—(AP)—Dr. E. Y. Mullins, head of Southern Baptist Theological Seminary at Louisville, Ky., today was able to be about his duties here, following a recent illness at Raleigh.

ROLLS OVER NIAGARA IN BALL

Jean Albert Lussier of Springfield, Mass., strapped himself inside a large rubber ball and rolled over Niagara Falls, the third man to go over the falls and live. He is shown with his spherical craft.

Slayer of Rival In Love Back on Death Row Today

Union City, Tenn., July 11.—(AP)—Johnny Vaughn, 21-year-old slayer of his rival in love was back in the death cell of the county jail here today after spending five days in west Illinois woods while deputies searched west Tennessee for him. Vaughn, under death sentence, escaped jail last Thursday night with four companions by cutting a hole in the jail wall.

Vaughn telephoned Sheriff J. R. McCain from his home yesterday and told the officer "I'm ready for my room." The startled sheriff led the youth back to jail where he must wait until the state supreme court reviews his case.

At the jail the slayer told McCain, "I didn't want to wrong you," and added that he left jail to attend to some "business" and expected to return the next morning but couldn't because the "officers were so hot on my trail."

He didn't say what the business was. A note was found in Vaughn's cell after he escaped which said he would "be back tomorrow."

Vaughn was convicted of killing Roland Bell last March, and sentenced to the electric chair. The escape of the slayer and his companions caused a sensation in West Tennessee because of the interest in the case. His companions were recaptured soon after they escaped.

SAYS FARMERS NOT IN DISTRESS IN AMERICA

Detroit, July 11.—(AP)—William Johnson, editor of Farm Life, believes that tears of the farmers for relief are of the crocodile variety, based more on a desire for added luxuries than for economic necessities.

Addressing the convention of world advertisers here last night, Mr. Johnson said real economic distress existed in cities where there is a marked absence of "croaking" for federal aid.

"Farming may produce no millionaires," he said, "but it has no bread lines, no flop houses, no pitiable wretches living on charitable nickles and dimes."

"Agriculture has been drearily pictured a scene of murk and hopelessness. As a matter of fact the modern farm today would be an agriculture heaven to granddaddy. Contrast the bare dryness of 20 years ago with the modern sort, lighted and brightened by power, machinery, radios, automobiles and other things."

FLORIDA ELKS HOST TO NATIONAL CONVENTION

The Miami Florida Elks Lodge will be official headquarters for the National Convention of the B. P. O. E. beginning there July 9. The inset shows John F. Malley, Boston, Mass., Grand Exalted Ruler, who will preside over the sessions.

GOOD HEALTH SUPREME ON BRULE RIVER

Illness Among Trout, However, Necessitates Attention White House Physician.

Superior, Wis., July 11.—(AP)—Good health is so general at the summer white house that President Coolidge has turned his physician over to the treatment and care of the Cedar Island Lodge trout.

The fish in the famous hatcheries on the lodge estate developed a strange goitre-like ailment that deformed them and sapped their vitality. The hatchery attendants were helpless and watched with dismay the growths swell on the trout's necks. It remained for Col. James F. Coupal, White House physician, to diagnose and cure the evil.

Col. Coupal noticed that the small trout in one of the vats in which fish of various sizes are segregated in that hatchery, had apparently hardly enough energy to get their food. This had to be brought to their mouths for them to feed themselves. The distracted attendants also showed him the bigger fish in other vats with the swellings on their bodies.

Nothing appeared to help the fish and there seemed nothing more to do but wait and hope for something to happen, when Col. Coupal became interested in the trout's state. He remembered about the thyroid gland, and how this would swell if the body of which it formed a part had to live in polluted surroundings.

He came to the conclusion that the goitres in the trout were due to the fish living in such crowded quarters that the water became slightly poisoned. To counteract this the trout's thyroid glands were obliged to work overtime to produce enough iodine compound in their organisms to enable them to live.

Col. Coupal called for a bottle of iodine solution. He dropped three drops of it into the vats containing the small fish. Within five minutes the little trout, which previously had not had enough energy to fetch their food, were darting hither and thither full of energy.

He dropped five drops into the vat with the bigger fish and gave orders for this treatment to be repeated daily. Within five days the condition practically disappeared.

Short Skirts To Reign This Fall

New York, July 11.—(AP)—Knee-length skirts will continue in style in the fall. Autumn modes were displayed in a promenade at the Hotel Astor last night under the auspices of the Garment Retailers of America.

Exaggerated dips and drooping ends of draperies were featured in evening gowns with the princess outline appearing largely in favor. Many were embellished with flowers.

In the dress silhouette, a somewhat close fitting bodice prevailed, but the skirt was invariably flared. Ensemble costumes were much in evidence. Velvet appeared the favorite among fabric mediums, satin charmeuse for dresses and moire for evening wear.

Fur trimmings were prominent on sport and dressy coats and were even displayed on some evening models. Fur wraps concentrated on ermine, broadtail seal, caracul and leopard. One furrier advocated the return of the muff and displayed a sport coat of battleship gray with an accompanying muff.

Three color families and one individual shade were sponsored, including modern blues, a range of dark tones; Normandy greens, a group of deep green tones, and harvest browns, typical of the autumn season. The individual color espoused was Guava red, a dark, wine-like shade.

CANDIDATE WIELDS CLUB

Senator Joseph Robinson, Democratic nominee for the vice-presidency, bested Tom K. Martion, former Arkansas golf champion on the Hot Springs, Ark., links prior to his departure for New York.

CROP GROWTH GOOD IN THE CAROLINAS

Washington, July 11.—(AP)—Crop and weather conditions for the week ended yesterday as summarized by the Department of Agriculture says the temperatures averaged somewhat above normal in the cotton belt, and rainfall in general, was light to moderate, except for heavy to excessive falls in parts of the east. In the Carolinas the growth during the week was very good but cotton is late and irregu-

lar. In Georgia it was again mostly too wet and fields need cultivation badly with stands poor in the east. In Tennessee, though lateness continues, with considerable complaint of grassy fields.

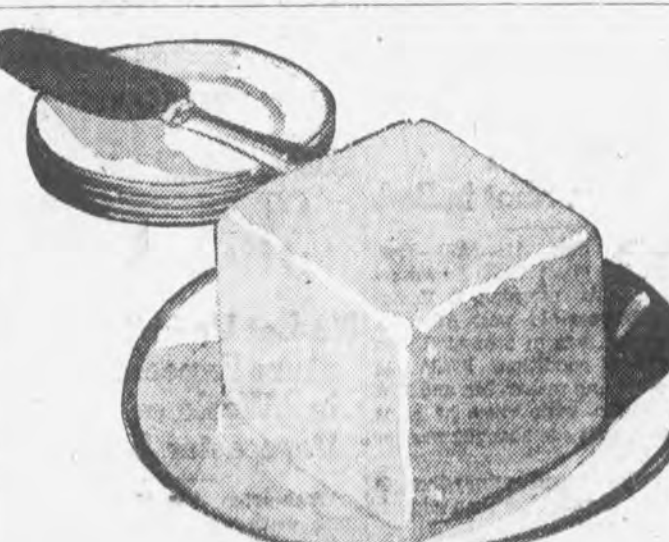

Killed in Fall From Tree

St. Pauls, N. C., July 11.—(AP)—Wade Baggett, 14, son of a St. Pauls couple, today was dead with injuries received when he fell from a tree at his home.

MONUMENT DEDICATED

A monument erected by John Barton Payne, President of the American Red Cross, at the spot where Col. John S. Mosby, Confederate soldier, disbanded his raiders at Marshall, Va., was unveiled by Jane Mason Greene, of Marshall.

Now Fresh Peach!

WHEN were peaches and cream ever so delightfully mingled! The South's luscious fruit frozen in The Velvet Kind—either Fresh Peach alone, or Peach-Chocolate combination package.

Cream from finest dairy farms in the South, fresh and pure. Ice cream plants noted for sanitary cleanliness and scientific equipment. One of the best health products of America.

Family Reunion.
Farmville, July 11.—On July 4 Mr. and Mrs. J. R. Barnhill of Greenville celebrated at a family reunion at Shepard's mill pond, where a delicious dinner was served under the nice shady trees. After dinner some went boat riding, some bathing, while the others rested and talked of by gone days. The children of Mr. and Mrs. Barnhill, all being present, were Mrs. Chas. McLawhorn of Winterville; W. T. Barnhill of Whayleville, Va.; Mrs. A. G. W. Richard of Whayleville, Va.; J. K. Barnhill of Leens; N. C. Barnhill of Raleigh; A. R. Barnhill of Greenville. There being 39 grandchildren in the family 34 present and five absent. There were a few invited guests. Mr. and Mrs. Barnhill were near their 50th birthday. About 10 o'clock they left for home saying they hoped to be with them at the next reunion which we hope to have next year.

DISMISS CASE AGAINST CLARENCE SAUNDERS
St. Louis, July 11.—(AP)—Two indictments charging Clarence Saunders of using the mails to defraud through the sale of stock of the Piggly-Wiggly Corporation were dismissed here today by the United States District Attorney Louis H. Briar.

Social & Personal

Mr. and Mrs. M. D. Walker and children have returned from an automobile to South Carolina and Western North Carolina.

Mr. and Mrs. H. A. Walker of Speby are visiting in the home of Mr. and Mrs. M. D. Walker.

Miss Zan Koonce of Wilson is the guest of Mrs. E. T. Dickinson.

Miss Mary Bynum of Farmville was here yesterday.

Miss Emma Joyner is visiting relatives near Greenville for a few days.

Mrs. Plato Monk and Miss Louise Smith of Farmville were Greenville visitors Tuesday.

Mr. and Mrs. H. C. Sugg and family have moved from Ninth Street to East Fifth Street.

Mr. and Mrs. S. M. Woolfolk have moved into their new home in College View.

Mrs. William Warren and little daughter, Billy, have returned from the Washington hospital.

Mr. and Mrs. Frank Bendall left today for Danville, Va.

Mr. and Mrs. R. A. Tyson, Jr., and family have returned from Meribead.

Miss Betty Dixon left yesterday for a visit in Winston-Salem.

Mrs. J. R. Bagwell and children, of Durham, are visiting Mrs. A. C. Holloman.

Mrs. J. H. Ward, Jr., and children, of Rocky Mount, are the guests of Mrs. John L. Horne.

Mrs. Betty Clark and daughter, Miss Louise Clark, have returned to Greenville after a delightful motor trip to Danville and South Boston, Va., to Winston-Salem, N. C.

Mrs. C. H. Dodson is spending some time at Tryon.

Miss Ernestine Forbes is visiting Miss Sarah Flejcher Bryan in Tarboro.

Miss Martha Berry of Elizabeth City and Miss Ruby McCloud of Norfolk are the guests of Miss Berry's sister, Mrs. W. C. Harris at her home on Fourth street.

Prayer Services Tonight. Prayer services at St. Paul's Episcopal church tonight at 8 o'clock. The public is cordially invited.

See "We Americans," the great emotional drama that New York paid two dollars to see, Friday at White's Theatre, benefit American Legion Auxiliary.

Mr. A. G. Cox in Hospital. Friends of A. G. Cox of Winterville, will regret to learn that he is in Pitt Community Hospital.

Mrs. Hart Ill. Friends of Mrs. J. N. Hart will regret to learn that she is ill in the local hospital where she underwent an operation.

"We Americans," the one big picture that has everything—White's Theatre, Friday matinee and night, Auspices Auxiliary of American Legion.

Little Miss McCormick Entertains. Little Miss Ann McCormick entertained about 50 little friends yesterday in honor of her fifth birthday. Many interesting games were enjoyed.

The dining room was attractively decorated. A pretty pink and white birthday cake with five burning candles formed the centerpiece for the table. A tempting ice course was served. Humming birds on sticks were given each guest as favors.

The little hostess received quite a number of pretty gifts.

"We Americans," with brilliant young cast, including Patsy Ruth Miller, George Lewis, Josephine Dean, Eddie Phillips, Flora Bramby and huge ensemble. Benefit American Legion Auxiliary, Friday, at White's Theatre.

Bible Study Class to Meet. The Bible Study class will meet with Mrs. Nana Evans Thursday morning at 9:30 o'clock. Mrs. Roy Harris, leader.

Prayer Meeting Prayer meeting this evening at eight o'clock at the Presbyterian church, Mr. R. C. Flanagan will be the speaker, in the absence of the pastor, Rev. W. S. Harden who is attending a conference of ministers and laymen at Asheville, N. C.

Card of Thanks We wish to gratefully acknowledge and thank all who were attentive in the long illness and death of our only child.

For the beautiful floral designs and the kind expressions of sympathy which is deeply appreciated.

Mr. and Mrs. A. W. Venters, Jr.

Typhoid Vaccination. There are a number of typhoid cases throughout the county and almost every day new cases are being reported. Observance of proper sanitary measures together with preventive treatments would completely eliminate typhoid if everybody would do this. People of all ages who have not been vaccinated against typhoid within the past three years are urged to either go to their family physician or to the health office and receive these treatments. Neglect of this will mean that we shall continue to have typhoid. Vaccination is a safe and sure preventive and causes very little discomfort. The health office gives these treatments on Wednesday mornings and Saturdays at the health office.

Miss Fleming Entertains Bridge Club.

Yesterday afternoon at her home on Second street, Miss Mamie Ruth Fleming delightfully entertained the members of her bridge club. Summer flowers were effectively used throughout the home.

On arrival the guests were served lemonade. Miss Mary Lee Pittman making high score was awarded attractive handkerchiefs.

The hostess assisted by Mrs. G. B. Bridgforth served, a delicious ice course. The club members playing were Misses Mary Lee Pittman, Florence Starkey, Inez Vandyke, Mary Forbes, Mary Wright, Bruce Tucker, Pat Phelps, Mary Lou White, Florence Overton and Jane Hadley. Miss Susie Barrett of Farmville and Miss Hilda Peeden of Smithfield were out-of-town guests.

Don't wait until your house is on fire. Insure Today. H. A. White and Sons Realtors General Insurance.

Miss Florence Phelps Entertains.

One of the prettiest parties of the season was given yesterday afternoon when Miss Florence Phelps entertained at bridge at her home on Evans Street. The occasion being the sixteenth birthday of the hostess.

The home was attractively decorated with summer flowers. Coca Cola and sandwiches were served on arrival.

Miss Azes Gaskins was given Garters for high score, low score was made by Miss Mabel Glenn Best who was given a checker board. Table prizes, fancy dolls were won by Misses Mabel Glenn Best, Blanche Staton, Cotten Skinner and Mary Francis Whitehurst.

Following the games the guests were invited to the dining room, here a pink color scheme was carried out, the table was centered with a birthday cake with sixteen lighted candles. Silver holders with pink candles were placed at the corners of the table. Cutting the cake afforded much amusement.

Miss Margaret Tyson cut the money. Miss Margaret Tillet the thimble, Miss Helen Burnette, the wish bone and button, Miss Helen Gaskins the heart and Miss Helen Fleming the ring.

Misses Marlon Wilson and Dorothy Tillet served a tempting ice course with salted nuts. Misses Wilson and Tillet were presented fancy dolls.

Don't wait until your house is on fire. Insure Today. H. A. White and Sons Realtors General Insurance.

"WE AMERICANS" AT WHITE'S AMONG THE GREAT PICTURES

"We Americans" one of the great motion pictures of the year, will be shown at White's Theatre Friday matinee and night, for the benefit of the Auxiliary of the American Legion.

It is an unusual picture in many ways. In the first place it orients George Sidney in a dramatic role. Sidney is too great an actor to stay always in the comedies which have brought him to so many screens.

He portrays his role in "We Americans" with rare discrimination; he never overacts, and proves himself capable of rare emotional depth, including honest tears.

But a little about the story: Three families emigrate to New York from Russia, Germany and Italy. The parents retain all they loved of the old country, making no effort to become Americanized while the children grow up to be typical young Americans, incapable of understanding their parents who, in turn, are incapable of understanding their children.

But the war comes along for a brief moment and their children enlist. To go further would spoil your enjoyment of this masterpiece but you can see the possibilities. The ending is of rare beauty and happiness, raising the picture to the heights of art.

Special credit goes to Sidney, Beryl Mercer, Eddie Phillips, Albert Gran and Daisy Belmore; and to Edward Sloman goes the directorial laurel wreath.

IT'S NO USE. You simply cannot get away from the news this summer! The political pot boiling over with a Presidential campaign—aviatrices flying back and forth across the Atlantic—an Antarctic expedition outfitting—Wall Street scinting 10,000-000-share days—another "fight of the century" impending—perhaps some one else (a grandmother—who knows?) may swim the Channel—baseball—racing—a thousand-and-one interests cry out from the printed page daily. To keep in touch with all the news, send \$1.00 to THE NEW YORK WORLD, No. 63 Park Row, N. Y., for one month's subscription, Daily and Sunday editions.

BRIDE OF YESTERDAY

Mrs. David McKenzie Clark, formerly Miss Myrtle Brogdon, of this city, who was married in Greensboro at high noon yesterday. The wedding of this popular Greenville couple came as a surprise to many of their friends in this city and county.

Noted Violinist at College This Evening.

The violin recital by Bernard Ocko, of the East Carolina Teachers College this evening will begin at 8:30 o'clock and will be in the old auditorium, in the Administration Building.

Ocko's playing was liked so much by the students last summer that his return was requested, and the college audience is looking forward with great pleasure to his recital this evening. He has had a very successful season and has grown in reputation as well as in his art. He is one of the leading violinists of the younger group, having won many honors and high praise from the critics. In the meantime, he seems to understand what his audience like. The press reports show that he has the rare combination of pleasing both the public and the critics.

He will play one of his own compositions this evening. He has achieved success as a composer as well as a virtuoso. His program is well-balanced, having different types of selections and composers, hence each one in the audience will find something especially pleasing. There are two Kreisler numbers on the program. Miss Bertolet will be at the piano, and that always means added enjoyment to the music lovers, both in the college and the town.

The other attractions to come in the series of summer entertainments are very different. Next week, Dr. A. M. Harding, a noted astronomer, will give an illustrated lecture. The following week, Martinio-Rossi, a baritone, will give a recital, and the next week August 3, Kenneth Damon, a tenor, will give a recital. Tickets for all of these attractions are sold at the door.

COLLINS RETURNS FROM A GRAND RAPIDS MARKET

Mr. J. A. Collins of the Home Furniture Co., has just returned from the Grand Rapids market, where he went to buy the new styles of furniture which were being shown at the national mid-

summer exhibition of the 400 leading furniture manufacturers of America.

This exhibition continues three weeks, and is attended by the principal furniture merchants in every state in the union as well as neighboring countries, and orders are written for millions of dollars worth of new furniture by the army of over 1500 salesmen presiding over the exhibits. The new furniture designs being exhibited consist of many thousands of new pieces occupying floor space in great exhibition building and factory showrooms covering hundreds of acres. The new furniture on display has a valuation running into millions. These designs represent the last six months' artistic effort of several hundred of the most talented designers in the country.

This is Grand Rapids 101st semi-annual market. Furniture merchants have been visiting this furniture capital of America twice a year for half a century. About seventy furniture factories are located in Grand Rapids, and the other exhibits in the market are by furniture manufacturers located throughout America. Grand Rapids is recognized as the furniture style center of the country. The new merchandise shown twice a year definitely sets the style in home furnishings for the next six months. Merchants who feel a responsibility to their communities to obtain the newest furniture of most acceptable style and character, never fail to attend the semi-annual Grand Rapids market to acquire the goods and style information which can only be secured here.

Exhibitors and merchants both are calling this the most important style market in years, due to the sweeping changes in design which are taking place and the influence of the so-called Moderne, a new style of furniture which originated in France and which has been adapted by American designers to the present mode. Unlike the curves and carving and other decorative details of the older furniture styles, the Moderne is severe in form, given to perpendicular and horizontal effects with geometrical

lines. Much of the furniture is of the skyscraper order. It is very novel and refreshing for a change and the absence of carved decorative effects is compensated for by the use of a variety of new and supremely beautiful figured woods of contrasting colors arranged in panel, diamond, triangular and other forms. No one seems to know just how far-reaching the Moderne style will be, but it is extremely popular at present and the well furnished home this fall will be expected to have at least a few pieces of this furniture. Many thoughtful students of design believe the Moderne is the starting point of a new American style of furniture which will eventually develop.

EIGHTEEN HELD FOR MURDER SYRIAN ARTIST

Beirut, Syria, July 11.—(AP)—Eighteen persons were being held for trial today for the murder of Kallin Saleeby, Syrian artist, and his American wife.

A gendarme pursued the eighteen suspects into the village of Betaloun. He was shot down and killed. His assailants attempted to escape by automobile but gendarmes had surrounded the village and captured them.

Saleeby and his wife were assassinated on Saturday night within a few yards of their doorway. A policeman who pursued the assassins was also killed. Sixteen knife wounds were found in the body of M. Saleeby. Mrs. Saleeby, a clerk in the American consulate at Beirut, was Carrie Erd of Lexington, Ky.

Smuggled Goods Sold At Auction

Laredo, Tex., July 11.—(AP)—Fifteen boxes containing 94,000 pairs of silk hose valued at \$75,000, part of a shipment of contraband silks which General Jose Alvarez, former chief of the Mexican presidential staff, is alleged to have conspired to smuggle into Mexico, were sold at auction at Nuevo Laredo yesterday.

The boxes, seized at Monterrey, were marked "For General Alvarez." General Alvarez was dismissed from the staff by President Calles and subsequently was tried at Nuevo Laredo on the smuggling charges. He is held in jail at that city pending a verdict.

LOCALS TAKE GAME FROM GOLDSBORO

Greenville split "fifty-fifty" with the Goldsboro Manufacturers here yesterday afternoon when they won the last game of the current series by the score of 3 to 2.

Allen, hurling masterfully for Greenville was the whole show throughout the contest. He allowed the visitors only five hits and retired six by the strike out route. He was also credited with exceptionally brilliant performance at bat, securing a total of three hits out of as many trips to the rubber. One of the bingles was good for the entire circuit and evened the score.

Greenville sent the winning runner racing home in the seventh frame. The game was called in the eighth when Jupiter Phibbs opened the celestial flood gates and game mother earth one of the most complete drenchings she has had this summer.

The outstanding feature of the game was the stick work of Allen and Williams, the former having three hits to his credit, and the latter a double and two singles.

The locals went over to Kinston this afternoon to make a desperate effort to stop the steady advance of that club.

The box:

U. S. OLYMPIC TEAMS READY TO GET AWAY

New York, July 11.—(AP)—To the accompaniment of the blaring bands, blowing of whistles and expressions of optimism from all hands, the American Olympic team sailed at noon today aboard the chartered steamship President Roosevelt, for the games at Amsterdam.

The big liner, bedecked with the flags of all nations and with the words, "American Olympic Team," painted on it in letters 50 feet high, was accompanied down the bay by the municipal tug, Macom. Its departure was the occasion of tremendous ovation. Thousands were massed on the pier and other places of vantage and cheered the athletes to the echo as they sailed, waving their farewells.

Johnny Gibson, the 400 metre hurdling star, had his own personal band. It was provided by his home club, the Bloomfield, N. J., Catholic Lyceum, in the colors of which he won his place on the team.

Clayley Padlock, sperm center of an eleven hole controversy which threatened to disqualify him on the grounds of professionalism, because of his appearance in a motion picture, went aboard just before the boat sailed and was given a big hand.

New York, July 11.—(AP)—Intent on international athletic conquest, the American Olympic team, 268 strong, sails for Amsterdam today aboard the steamship President Roosevelt.

Recruited from every section of the country, this Argosy seeking not the golden fleece but the laurel wreaths that await Olympic victors, should return to the United States in September bearing all the major badges of victory. No other country in the world can assemble a group of record holding athletes to match the American expedition.

Comparative performances indicate that the United States should win championships in at least five of the eleven branches of Olympic competition—track and field, swimming, rowing, boxing and wrestling. In all of these the red, white and blue will be defending team championships gained in the 1924 games at Paris.

In the other sports—fencing, gymnastics, cycling, modern pentathlon, equestrian competition, yachting and LaCrosse—America is sending strong teams that will give other nations a fight of it with nothing.

Chief interest, of course, devolves upon the track and field squad. Although Germany, the British empire, Finland, Sweden and France are certain to give Uncle Sam's runners and field stars trouble and plenty of it, none of them individually seem to have sufficient strength to break the long string of triumphs the United States has piled up in this branch of the Olympic games.

The "more deadly" of the species comprise a much larger part of the total Olympic ensemble than they have ever before. Thirty-nine women are making the trip abroad, 19 of them forming the team for the women's track and field events, the first time such competition has found a place on the Olympic program.

Young Hill is a grandson of the late James J. Hill, pioneer western railroad builder. Louis Hill, Sr., is chairman of the board of directors of the Great Northern.

Since serving as a section hand, Hill has held positions in various departments. Before coming here he was trainmaster of the cascade division of the great northern in Washington state. He is about 25 years old.

Little Change In Piedmont Loop

(By The Associated Press)

Rain prevented one game in the Piedmont loop yesterday and cut short two others leaving no appreciable effect in the present game column.

The Durham Bulls were unable to overcome the first inning lead of the Colonials in the five innings of play and lost 3 to 2. "Cowboy" Jones got a home run in the first to bring two men in and chalk up the winning total. Hammock's wild throw to first in the fifth stanza allowed the Bulls to score their counters.

Brummitt's homer after Brandon had walked in the fourth gave Greensboro a 2 to 0 victory over the Caps in a six inning mixup. Though Raleigh secured six hits to the two of the Patriots they were unable to negotiate the bases.

The scheduled Winston-Salem-High Point game was postponed when rain began to fall.

FROM SECTION HAND TO TRAIN MASTER

Great Falls, Mont., July 11.—(AP)—Louis W. Hill, Jr., who started his study of the railroad business as a section hand, has been promoted to trainmaster of the Butte division of the Great Northern railway, with headquarters here.

Young Hill is a grandson of the late James J. Hill, pioneer western railroad builder. Louis Hill, Sr., is chairman of the board of directors of the Great Northern.

Since serving as a section hand, Hill has held positions in various departments. Before coming here he was trainmaster of the cascade division of the great northern in Washington state. He is about 25 years old.

MAY BE NEW WHITE SOX PILOT

Nick Allen, manager of the St. Paul baseball club of the American Association is one of the several candidates under consideration to succeed Ray Schalk as manager of the Chicago White Sox.

New York Giants Lose To St. Louis

(By the Associated Press)

The west, with its many pitfalls for the unwary, has no booster in John McGraw. "The Master Minding" pilot of the New York Giants. After taking three straight on the chin at Pittsburgh, the Giants moved into the even more dangerous territory of St. Louis yesterday and encountered a storm of long hits that gave the league leading St. Louis Cards an easy 5-1 victory in the first game of the series.

The defeat dropped the Giants into third place. Cincinnati moved up into the runner-up position by its 12 to 4 defeat of the Brooklyn Dodgers. The Reds, making a gallant comeback after a slump that sank them into the second division for a time, now are four and a half games back of the Cards, with the Giants another full game to the rear.

Hartnett's singles with the bases loaded in the ninth gave the Chicago Cubs a 7 to 6 decision over the Boston Braves in a wild battle at Wrigley Field. Hornsby hit his 16th homer of the season.

The Waner brothers drove in the tying and winning runs in the Pittsburgh Pirates 6 to 5 victory over the Phillies.

The Washington Senators moved up to a tie for fourth place in the American League by beating the Cleveland Indians in both ends of a double header, 9 to 5 and 9 to 0.

Lou Blue and Frank O'Rourke led the St. Louis Browns to a 4 to 2 triumph over the Boston Red Sox in the opening game of the series.

Slow But Sure

Mildred Gates, Memphis, Tenn., tries the paces of an 80 pound turtle caught in Ten-Mile Bayou, Ar.

Good Pitching Helps Asheville

(By the Associated Press)

Asheville's South Atlantic Association team is very often the recipient of good pitching—which probably accounts for the Tourists' present rating on top of the league.

Marty Baylin upheld the honor of the staff yesterday by holding Greenville to three hits, all singles, and the league leaders won another game, 7 to 0. Not a summer get past first base and the trio who hit safely were the only ones to advance to that station as the Skylander hurler issued no free passes and his mates fielded perfectly behind him.

Pitcher Crawford, of Spartanburg turned in a pretty game when he held Knoxville to four hits while the Spartans were winning 2 to 0, but the Smokies came back to pound two of his mates for a 7 to 4 victory in the second game of the dual offering.

Cy Moore, Macon moundsman, while allowing seven hits, struck out eight Augusta batters and the Peaches defeated the Tigers 5 to 0. Overton Tompser hit a homer.

Nine bases on balls and seven hits were good enough for Knoxville and the Hornets won over Columbia, 6 to 4. Worth, of the Orioles, obtained three singles while Benge, with a triple and single, was the big gun for the victory.

UNABLE TO FIND WHERE CIGARET SMOKING CAUSES CANCER OF THE LUNG

London, July 10.—(AP)—Investigations have been unable to find that cigarette smoking produces cancer of the lungs.

The report of the British Empire cancer campaign says that in response to a popular desire to ascertain if any relationship existed between cigarette smoking and cancer of the lungs attempts were made to produce cancer in animals by means of tobacco smoke.

Athlete

It is not surprising

that this oil saves your motor for it's an oiler oil specially made to lubricate better and stand up to the last drop

"STANDARD" MOTOR OIL

"Standard" Greases, Transmission Oil and Gear Compound are made with the same care as "Standard" motor fuels and motor oils.

Better Lubrication for a Longer Time
In his engine laboratory, a large truck manufacturer made a five-hour test in which "Standard" Motor Oil with other oils under the same operating conditions. "Standard" Motor Oil only showed 5 per cent greater initial speed, but maintained this speed during the test. With the other motor oils, the number of revolutions per minute at the end of the five hours was only half as great as at the beginning. This shows why in a hauler, like speed motor "Standard" Motor Oil can be depended upon to give a greater margin of safety.

MISSISSIPPI FLOOD CONTROL BOARD

Members of the Mississippi flood control board met at New Orleans to discuss plans for curbing future floods. The board is composed of Brigadier-General Thomas H. Jackson, president of the Mississippi River Commission, seated left; Major General Edgar Jadwin, chief of army engineers, standing, and Colonel C. W. Sturtevant, seated right.

Administrator's Notice. Having qualified as Administrator of the estate of J. R. Highsmith, deceased, late of Pitt County, N. C., this is to notify all persons having claims against the said estate of J. R. Highsmith to exhibit them to the undersigned within one year from this date or this notice will be pleaded in bar of their recovery. All persons indebted to said estate will please make immediate payment. This the 29th day of May, 1928. X. E. Manning, Admr., New Bern, N. C. Julius Brown, Atty. May 30-11w-6wk.

It's been a perfect evening. WHENEVER you have an Orthophonic Victrola as part of the evening's entertainment, your guests are enthusiastic. It's like being at a country club dance, a concert and a vaudeville show—all in the same night. Every kind of music is reproduced so realistically that it seems as if the artists were right there in the room with you.

Good music in the home, nowadays, is becoming as indispensable as the car at the curb. Buy the best. No other reproducing instrument can equal the performance of an Orthophonic Victrola. Prove it with your own ears. Come in and hear the latest Victor Records on one of these great instruments. Let us explain our plan that makes it easy for you to own an Orthophonic Victrola by small monthly payments. Visit us—soon!

Market Report Cotton--Stocks--Grain

COTTON MARKET. New York, July 11.—(AP)—Reactions from an opening advance in the common market today was prompted by a favorable interpretation of the weekly weather report, but prices firmed up again later on apprehensions of showers in the western belt and a continued bullish average of private crop advices from the south.
