RESCUE THREE LOST MEMBERS ITALIA'S CREW

Dr. Finn Malmgren Swedish Scientist Found Dead, When Rescuers Arrive.

Moscow, July 12.—(AP)—The party of three men who started to walk from the scene of the Italia disaster was rescued today by the Russian ice breaker Krassin.

Dr. Finn Malmgren, Swedish scientist, was found to be dead when the Russians reached the group.

Captains Mariano and Zappi are now aboard the Krassin. Both men in an exhausted, half-frozen and starved state when they were spotted from what had seemed certain death for many weeks. Captain Mariano's leg was frozen, but his companion was quite well.

Dr. Malmgren died a month ago, but his two companions, faithful to their dead comrade, had kept his body and this was taken aboard the Krassin today.

The Russian icebreaker, as soon as it had rescued the two Italians again turned its prow toward the east and began its weary round of battering the ice floes in an effort to reach the group of men under Lieutenant Viglieri still marooned near Foy's Island off North East Land.

Captains Mariano and Zappi said they had given up hope in what seemed to them their last agonizing moments in the ice-bound world that had hemmed them in for so many days when suddenly the Soviet airplane with Pilot Chukhnovsky appeared out of the low-hanging mist.

Startled by the roar of the motors coming out of the vast silence the two men said they leaped to their feet and waved frantically to the flier who circled above them. A new hope for life surged through them and from that moment until the Krassin succeeded in making its way close to them through 20 miles of ice-packed sea, they felt that they were safe.

While the Italia's walking party was rescued, the Russian Airman Chukhnovsky and four others in his plane, who first reported sighting the missing men yesterday, himself was stranded on North East Land.

The Russian plane was damaged in making a landing on the ice, but the crew was able to reach land and it was considered that they were in a position of safety.

There has been some doubt as to the identity of the three men sighted by Chukhnovsky, but this was cleared up by today's dispatch specifically identifying the group as that of Dr. Malmgren, Chukhnovsky, in his reports had expressed the belief that it was the Malmgren group but there was some feeling that the men might have been the Alpine Chasseur Captain Sora and two Norwegian guides who have been missing on the ice field for weeks.

Dr. Malmgren, widely known for his meteorological studies in the arctic was a member of the Norge expedition of 1926 when Captain Roald Amundsen and General Umberto Nobile made the first dirigible flight over the north pole. The Swedish meteorologist small, quiet, and a particularly man, had been connected with several of the expeditions conducted by Amundsen.

Although the two Italians had had virtually nothing to eat for thirteen days, living on the meagerest of fare, they were in good spirits and full of courage when rescued and were able to express their warmest thanks to the crew of the Krassin.

The position of the party when the Krassin reached them was about 80.23 north latitude and 26.7 east longitude, a point some miles north of Prince Oscar Land and about 20 miles from Foy's Island.

Chukhnovsky reported that the under carriage of his machine had been damaged in landing and asked that assistance be sent to him to repair this.

Bolters Book Holds No Fear For Smith Opponents in S. C.

Greenville, S. C., July 12.—(AP)—The Greenville county "Bolters Book" in which the county Democratic executive committee proposes to enter the names of voters expressing disloyalty to the Democratic party holds no fear for some Democratic opponents of Governor A. Smith.

Boldly professing their opposition some voters have requested the committee to enter their names on the register. It was disclosed by Chairman James H. Price today.

Eight names are recorded thus far, the chairman said. He declined to reveal the entries but reiterated his assertion that the book would be kept "for future reference" with a possible view to disbarment from the party.

Globe Flyers Hope To End Trip on Time

Tokyo, July 12.—(AP)—John Henry Mears, sailing today on the Empress of Russia with the plane which he and Charles G. D. Collyer are using in an attempt to break the around the world travel record said that they hoped to complete their adventure within 23 days. The present record is 28 days, 14 hours and 36 minutes, held by Edward S. Evans and Linton Wells.

Mears, lauding Collyer's ability as a pilot in flying the plane from Chebourg, France, to Tokyo said the record they hoped to establish would be beaten only when faster planes are invented.

After leaving the Empress of Russia the travelers will fly from Victoria to Seattle and then to Spokane where they will take on gasoline. From Spokane they intend to fly to New York in 39 hours stopping at Chicago en route.

The flyers attending a reception given by the newspaper Asahi and visited the notable sights around the capital.

At a forty-five minute meeting, and without a dissenting vote, John J. Raskob of Delaware, a leader in the business and industrial world, was chosen by the Democratic National Committee as its new chairman and he was entrusted with broad powers in the mapping out of plans.

Hardly had this decision of the committee been announced late yesterday before Raskob took over with a positive hand the duties of his post. In the space of a few minutes he had appointed five vice-chairmen, including two women; Mrs. Nellie Taylor Ross, former governor of Wyoming, and Mrs. Florence Farley, national committeewoman from Kansas; and designated a chairman for all of the sub-committees which will function in the campaign.

Further, in his speech of acceptance, he brought to the forefront the questions of prohibition and farm relief as two of the issues that must be met on the voting line in the impending fight. In regard to the former he stressed the right of Governor Smith to work for a lawful change in the dry statutes which in the opinion of the party's presidential nominee would be conducive to a change for the better in the prohibition situation.

"If, as a result of careful study," the new chairman said, "we can evolve a plan for the regulation and control of the question in a way that will absolutely prevent the return of the saloon, eliminate bootlegging, with its accompanying evils—grat, corruption and murder—and restore temperance in our country then all fair-minded men must admit his right, if not his duty as President, to promote such changes and to advocate such changes in our laws and constitution as may be necessary for its adoption."

Raskob, chairman of the finance committee of the General Motors Corporation, said that tip to the present he had not been a partisan. He offered as an explanation: "I am being listed in Who's Who as a Republican, his connection with the E. I. DuPont de Nemours Company, advised that he twice had voted for Woodrow Wilson and then supported the Republican ticket."

Besides selecting Mrs. Ross and Mrs. Farley as vice-chairmen to work with him in the campaign, Raskob also picked Frank Hauge of New Jersey; Governor Harry F. Byrd of Virginia, and Scott Ferris of Oklahoma, as his other lieutenants.

He appointed Senator Gerry of Rhode Island, to head an advisory sub-committee created by the national body to assist in working out details of the campaign and among other things confer with the two nominees as to the determination of notification dates. This committee is expected to convene shortly to take up the latter question.

Raskob also picked Herbert H. Lehman, New York financier, to take the chairmanship of the finance committee which up to the present has been held by Jesse Jones of Houston, Texas. After choosing Raskob as its new head, the national committee also unanimously re-elected James W. Gerard of New York, as committee treasurer, and Charles A. Greethouse of Indiana, as secretary.

TWO PARTIES LINE UP FOR BIG BATTLE

Only Await Notification of Presidential Candidates to Launch Campaign.

New York, July 12.—(AP)—Termination of the notification dates for its two standard bearers is awaited as the spark that formally will launch the Democratic party into the presidential campaign.

With organization completed, the Democratic camp today found itself fully prepared for battle, having worked out in perfect harmony the difficult problem of selecting those to guide its delivery in the coming fray.

At a forty-five minute meeting, and without a dissenting vote, John J. Raskob of Delaware, a leader in the business and industrial world, was chosen by the Democratic National Committee as its new chairman and he was entrusted with broad powers in the mapping out of plans.

Washington, July 12.—(AP)—Announcement was made at the office of Senator Norris, of Nebraska, this morning that he would head the third party movement. The statement was made in connection with his nomination for the presidency at Chicago last night by the farmer-labor party.

In the absence of Senator Norris, his secretary stated that the Senator had been approached by convention leaders in Chicago within the last few days regarding whether he would head a third ticket. The secretary asserted that the Senator had definitely stated at the time that he would not accept such a nomination.

Chicago, July 12.—(AP)—The executive committee of the farmer-labor party met today to formulate policies and lay plans for the national campaign with Senator Geo. W. Norris of Nebraska, heading its ticket for President. Whether any action would be taken as a result of the announcement of the Senator's secretary at Washington this morning that the Nebraska Senator would not head a third party was undecided, J. Edwin Spurr, of Oklahoma, a member of the committee, said.

Senator Norris was nominated at the closing session of the farmer-labor convention here last night despite the report of a party correspondent that he would not accept leadership of the party.

Byrd Polar Plane Makes Test Flight

Nogales, Ariz., July 12.—(AP)—Dianabates to the Herald here say that the six passenger Fokker airplane which Commander Richard E. Byrd intends eventually to fly over the south pole, and which is undergoing a series of rigid test flights at the hands of three other aviators, left Cajeme, Sonora Mexico, shortly after noon yesterday and headed south towards Mexico City.

It was believed that the three aviators, C. E. Hayes, George E. Conklin and Edward T. Hitchman, intended to fly along the west coast of Mexico and then inland east to Mexico City. Although the pilots left no definite word that they would fly to the Mexican capital, they did say they wished to interview General Alvaro Obregon, president elect of the republic. Obregon left Cajeme for Mexico City yesterday.

Forty-Eight Reds Executed in China

Shanghai, China, July 12.—(AP)—Of 107 Reds arrested at Canton since July 9, forty-eight have been executed. A similar fate for the others is expected.

Ninety student agitators arrested at Shekung, forty miles from Canton, have been brought to Canton for trial. There are 17 girls among them. The execution of most of the students, perhaps all, is considered likely.

INVESTIGATE REPUBLICAN PATRONAGE

Atlanta, Ga., July 12.—(AP)—The senate's inquiry into methods of distributing Republican patronage in Georgia was taken to Washington today where the sub-committee, fresh from three days' sessions here, was to hear Postmaster General New.

The meeting with the Postmaster General was arranged at New's request, the committee announced, indicating that the postoffice department which had pledged its aid to the investigation, would place before it a mass of material gathered through its own inquiries.

Meanwhile there was no definite information as to where the committee would next convene following the sessions at the capital. It was empowered by the senate to go into any state where charges of irregularities in patronage have arisen.

An eye, however, was kept toward the grand jury investigation at Bloomington, Miss., Senator Smith W. Brookhart, chairman of the sub-committee, said. With a large amount of evidence already in its hands the committee was ready to follow up the grand jury with an inquiry of its own.

Written into the record of the sessions here was a succession of charges and counter-charges in connection with alleged "sales of post-offices" and tribute levying on postal employees in this state. Books kept by the treasurer of the state Republican central committee showed that many postmasters and other employees regularly paid specified sums to the organization. Party officials said the payments were voluntary contributions, but several postmasters testified they had been solicited.

Contributions by postmasters were fixed at five per cent of their salaries in testimony yesterday by Miss Esther McCollum, postmistress at Conyers, Ga., who said the percentage in her case had been specified by John W. Martin, treasurer of the central committee, who did not ask her for money but told her it was customary. S. W. Thompson, postmaster at East Point, Ga., declared Tuesday he believed the payments necessary in order for a postmaster to hold his job. Both Miss McCollum and Thompson, however, asserted their willingness to contribute.

NORRIS HEADS FARMER-LABOR TICKET TODAY

Nebraskan Nominated For Presidency at Chicago Convention Last Night.

Chicago, July 12.—(AP)—United States Senator George W. Norris of Nebraska today had become an unwilling candidate for the presidency of the United States on the farmer-labor ticket.

Despite his reported refusal to head any third party slate, the Nebraska Senator was placed in nomination at last night's session of the convention. He was chosen on the third ballot, receiving 167 votes to 14 for Norman Thomas, the Socialist nominee for President.

For Vice-President the farmer-labor ticket named Will Vereen of Moultrie, Ga., a cotton mill owner, and restore temperance in our country then all fair-minded men must admit his right, if not his duty as President, to promote such changes and to advocate such changes in our laws and constitution as may be necessary for its adoption."

Raskob, chairman of the finance committee of the General Motors Corporation, said that tip to the present he had not been a partisan. He offered as an explanation: "I am being listed in Who's Who as a Republican, his connection with the E. I. DuPont de Nemours Company, advised that he twice had voted for Woodrow Wilson and then supported the Republican ticket."

Washington, July 12.—(AP)—Six world's records were broken today in an endurance flight by the Navy flying boat XPN-12 type A-7383 carrying a load of 2,000 kilograms at the Philadelphia Navy Yard.

The plane which took the air yesterday afternoon, landed at 8:38 a. m., establishing an endurance record for her type and load of 16 hours, 39 minutes, 51 2-5 seconds. The former record was 11 hours, 7 minutes, 18 seconds.

The second record broken was that for her type and load. Covering 2,150 kilometers or about 1,350 miles. The former record was 1,525 kilometers or 947 miles.

The third, fourth and fifth records embraced speed for distance up to 2,000 kilometers, the plane averaging a speed of 83 miles an hour, breaking the record for carrying loads of 500 kilograms, 1,000 kilograms and 2,000 kilograms.

The sixth record broken was that for range for a load of 1,000 kilograms, the plane traveling 2,150 kilometers against the former record for 1,000 kilograms of 2,000 kilometers, or 1,247 miles.

The XPN-12 A-7383 is the second seaplane to break world's records at the Navy Yard here. The other was the PN-12 A-7384, which was recently wrecked at the Virginia Capes.

DO NOT THINK BELGIAN FELL OUT OF PLANE

Croydon, England, July 12.—(AP)—The theory that Captain Alfred Lowenstein, Belgian financial wizard, accidentally fell from his plane while over the English Channel last week seemed highly doubtful at the conclusion of flying tests made here today.

The same Fokker machine owned by Captain Lowenstein from which he disappeared during his cross-channel trip on July 4 was used. Major Cooper of the accidents branch of the air ministry, was in charge of the tests.

No statements were made at the conclusion of the flight, but it was unofficially reported that at a height of 1,000 feet, one of the party flung himself against the outer door which opened about six inches. He, however, was immediately flung back into the cabin when the resulting rush of wind shut the door violently.

THEORY THAT LOWENSTEIN FELL FROM PLANE CONSIDERED DOUBTFUL AFTER TESTS.

Three Killed When Engine Boiler Explodes

Montreal, July 12.—(AP)—The engineer, fireman and conductor of a Canadian Pacific freight train were killed today near Glacier, B. C., when the boiler of the engine exploded due to a water shortage, headquarters of the railroad announced.

Sen. J. Davis, negro, former national committeeman (right foreground) was questioned about alleged irregularities in distribution of postmasterhips during a Senate investigation at Atlanta, Ga. Seated behind table, left to right: Senator George of Georgia; Senator Harris, Georgia; Senator Brookhart, Iowa, chairman, and Senator Locher, Ohio.

HOOPER TO ANSWER FARM GROUP IN FIRST SPEECH

Washington, July 12.—(AP)—Following his previously indicated policy, Secretary Hoover has met a request for an expression of his views on farm relief with a statement that the issue will be discussed fully in his speech accepting the presidential nomination.

The request came from William H. Settle, president of the Indiana Farm Bureau Federation and was identical also with one sent to Gov. Smith of New York. Mr. Hoover's reply was made public late yesterday at Indianapolis.

His answer was directed early in the week by Chairman Work of the Republican National Committee, the Indiana farmer said.

Mr. Hoover would make no further statements on campaign issues until he delivers his speech of acceptance at Palo Alto on August 11.

Journeying across the continent next week to his California home, Mr. Hoover will receive enroute several party leaders and state officials who in some instances will ride with him for short distances.

Anxious to extend hospitality to the presidential nominee of the Republican party, invitations have come from several governors to have Mr. Hoover to be their guest. In turn the nominee has invited some of them to ride with him as his train proceeds westward.

It is understood the governor of Wisconsin and the governor of Minnesota will visit Mr. Hoover on his train and it is also expected that party leaders at various points along the line may be visited by the secretary.

However, he has frowned on proposals for celebrations or receptions along the route other than the one to be held at San Francisco upon his arrival there at noon July 20. Steps of three or four hours will be made at Chicago and Omaha. At the former place Mr. and Mrs. Hoover will be guests of Vice-President Hoover.

THEORY THAT LOWENSTEIN FELL FROM PLANE CONSIDERED DOUBTFUL AFTER TESTS.

Croydon, England, July 12.—(AP)—The theory that Captain Alfred Lowenstein, Belgian financial wizard, accidentally fell from his plane while over the English Channel last week seemed highly doubtful at the conclusion of flying tests made here today.

The same Fokker machine owned by Captain Lowenstein from which he disappeared during his cross-channel trip on July 4 was used. Major Cooper of the accidents branch of the air ministry, was in charge of the tests.

No statements were made at the conclusion of the flight, but it was unofficially reported that at a height of 1,000 feet, one of the party flung himself against the outer door which opened about six inches. He, however, was immediately flung back into the cabin when the resulting rush of wind shut the door violently.

POSTOFFICE PROBE MOVED TO CAPITAL

Atlanta, Ga., July 12.—(AP)—The senate's inquiry into methods of distributing Republican patronage in Georgia was taken to Washington today where the sub-committee, fresh from three days' sessions here, was to hear Postmaster General New.

The meeting with the Postmaster General was arranged at New's request, the committee announced, indicating that the postoffice department which had pledged its aid to the investigation, would place before it a mass of material gathered through its own inquiries.

Meanwhile there was no definite information as to where the committee would next convene following the sessions at the capital. It was empowered by the senate to go into any state where charges of irregularities in patronage have arisen.

An eye, however, was kept toward the grand jury investigation at Bloomington, Miss., Senator Smith W. Brookhart, chairman of the sub-committee, said. With a large amount of evidence already in its hands the committee was ready to follow up the grand jury with an inquiry of its own.

Written into the record of the sessions here was a succession of charges and counter-charges in connection with alleged "sales of post-offices" and tribute levying on postal employees in this state. Books kept by the treasurer of the state Republican central committee showed that many postmasters and other employees regularly paid specified sums to the organization. Party officials said the payments were voluntary contributions, but several postmasters testified they had been solicited.

Contributions by postmasters were fixed at five per cent of their salaries in testimony yesterday by Miss Esther McCollum, postmistress at Conyers, Ga., who said the percentage in her case had been specified by John W. Martin, treasurer of the central committee, who did not ask her for money but told her it was customary. S. W. Thompson, postmaster at East Point, Ga., declared Tuesday he believed the payments necessary in order for a postmaster to hold his job. Both Miss McCollum and Thompson, however, asserted their willingness to contribute.

DO NOT THINK BELGIAN FELL OUT OF PLANE

Philadelphia, July 12.—(AP)—Six world's records were broken today in an endurance flight by the Navy flying boat XPN-12 type A-7383 carrying a load of 2,000 kilograms at the Philadelphia Navy Yard.

The plane which took the air yesterday afternoon, landed at 8:38 a. m., establishing an endurance record for her type and load of 16 hours, 39 minutes, 51 2-5 seconds. The former record was 11 hours, 7 minutes, 18 seconds.

The second record broken was that for her type and load. Covering 2,150 kilometers or about 1,350 miles. The former record was 1,525 kilometers or 947 miles.

The third, fourth and fifth records embraced speed for distance up to 2,000 kilometers, the plane averaging a speed of 83 miles an hour, breaking the record for carrying loads of 500 kilograms, 1,000 kilograms and 2,000 kilograms.

The sixth record broken was that for range for a load of 1,000 kilograms, the plane traveling 2,150 kilometers against the former record for 1,000 kilograms of 2,000 kilometers, or 1,247 miles.

The XPN-12 A-7383 is the second seaplane to break world's records at the Navy Yard here. The other was the PN-12 A-7384, which was recently wrecked at the Virginia Capes.

"We Americans" Here Friday. If you have a heart—it will be stirred with love, pity, sympathy, compassion. If you have a mind—it will grasp the bigness of the picture—and make you appreciate what love of country means. If you have a soul—it will be stirred to the depths—and you will rise from your seat in the theatre a bigger, stronger, truer man, woman, boy or girl, than when you entered. See "We Americans" at White's Theatre Friday, matinee and night, benefit of Auxiliary of American Legion.

McArthur-Hyde. Miss Annie Laurie Hyde and Alvin Davis McArthur surprised their many friends when they were married Sunday morning in Grimesland. Rev. Mr. Freeman of Washington performed the ceremony. Both Mr. and Mrs. McArthur are well known in Greenville and the county, and have a host of friends who will be interested to learn of their wedding.

Mrs. McArthur is the daughter of Mr. and Mrs. W. H. Hyde of this city. Mr. McArthur is the son of Mr. and Mrs. William McArthur of Bell Arthur.

For the present they are making their home with Mr. and Mrs. W. H. Hyde on Greene street.

Mrs. McGee Entertains. Mrs. Della McGee was hostess recently at an enjoyable sewing party, honoring Miss Mary Hadley of Raleigh. The home was lovely with decorations of crepe myrtle.

At the end of a delightful afternoon the hostess served a tempting frozen salad course.

A Thrift Account. A thrift account isn't just a matter for people of limited income. Many successful business men are regularly investing in our shares.

They appreciate that ordinary business is hazardous but that our institution is one of the most stable of all places to invest money.

They look upon their accounts with us as safe insurance against future needs. And in a matter of this kind, they seek safety first and then a reasonable and assured return.

Our 51st series opens Saturday, August 4th. We have a savings plan for every member of the family. Come in today and take shares to the limit. Home Building & Loan Assn., 403 Evans St., phone 49. Est. 1906.

gifted of the rising young artists and has gone far in his reputation for one so young. Those who have heard him will watch with keen interest his growing fame.

The next attraction in the series at the college will be on next Wednesday evening, July 18. Dr. A. M. Harding, a noted astronomer, will give an illustrated lecture. He has done a fine work in popularizing his subject.

His program was short, lasting less than an hour, and was composed of selections that seemed to fit a summer night and an audience of young people. His playing seemed to interpret the spirit of the season and youth. His tone was marked by richness and depth, yet by daintiness and delicacy, so that he brought out fine sentiment but with nothing flashy and shallow. Not a number seemed heavy, and yet everything on the program was of the best.

The opening number, "Clacanna, G minor," was an Auer arrangement of another arrangement of a composition dated 1660, but the spirit of it is modern. It has been the rage in New York city this past season. The audience enjoyed greatly the Kreisler numbers. The artist repeated the first one, "Frasquito," and the last on the program, "Tambourin Chinois," made one feel that Kreisler himself could not have played better.

His own composition, "Ana," was one of the loveliest on the program, and he was called back to give another of his own.

The "Waltz in A Major," by Brahms, was played softly, yet with such a lilt and with such spirit that he seemed to conjure up the dainty ladies of the days of the waltz. His playing of Schubert's "Sentimentale" brought out the heart of the composer's message. His attack of "Moto Perpetuo," by Novacek proved that he could play with sweep and power and with great flexibility. His last encore was an arrangement of the old English folk song, "Londonderry."

The artist is one of the most

commemoration to the Austrian defeat of 1862, was reported in the Austrian press to contain the following inscription:

"Here are the frontiers of the Fatherland. From this point we have driven the barbarian language, laws and arts."

One word, however, is understood to have been changed, namely

"barbarian" into "foreign."

It is declared in Vienna that the Italian minister of education, Signor Fedele resigned because Premier Mussolini desired to alter the wording of the original inscription.

It is understood that the Italian government has closed the Italo-Austrian frontier for six days to avoid incident.

HONORING MRS. BRAGG AND MISS BRAGG

Wednesday afternoon at her home on Eighth street, Mrs. E. L. Baker entertained at bridge in honor of Mrs. E. H. Bragg and Miss Mary E. Bragg of Biloxy, Miss. Mrs. Bragg and Miss Bragg are guests of Mrs. P. W. Picklesimer and the occasion was one of many interesting affairs which have been given recently in their honor.

The tables were arranged on the porch which was most attractively decorated in pink gladioli and crepe myrtle. As the guests arrived they were served with punch by Mrs. O. G. Guiley and Miss Mittie Smith, who also later served an ice course with nuts.

First prize, a bottle of bath salts, was won by Mrs. E. T. Robeson, and low score, a salad set, went to Mrs. Charles S. Forbes. The guest prizes were a Madeira scarf and a card table cover.

"Train hit by Ford was
not damaged," says a head-
line. But how about the
Ford?

The relief expedition con-
tinues to be one of the im-
portant factors of the polar
explorations.

With the assertion that at
least 95 per cent of the min-
isters are opposed to the
election of Smith, a minis-
ter asks, "How can a man
vote for Smith and still de-
clare that he is for what the
"church stands for?" On
the other hand it might be
asked how can one vote for
Hoover, and the Republican
party in the face of the cor-
ruption of the past seven
years and still declare that
he is against sin, which in-
cludes dishonesty and thiev-
ery? We have no indict-
ment against ministers or
others who desire to vote
against Smith, it is their
privilege. To vote for
Smith is our privilege and
the least that can be asked
is that those who oppose
Smith exercise the same
charity toward others as
they would expect in re-
turn.

FEDERAL OFFICES FOR SALE

More than a year ago the
Senate Judiciary Committee
reported that in the South
many Federal offices had
been "placed on the auction
block" the Republican bosses
taking contributions from
present and would-be ap-
pointees. Thanks to Sena-
tor Norris, we have a Sen-
ate sub-committee investi-
gating there. In Georgia it
has found records of the
State Republican Central
Committee showing that
many Democratic office
holders have paid regular
monthly sums into the Re-
publican Party treasury. An
Atlanta despatch reports:
"A card index offered by
John W. Martin, Treasurer
of the Central Committee,
showed that postal employes
among others, have paid
sums ranging from \$8.50 to
\$12.50 monthly. * * "Don't
you know that these pay-
ments are not voluntary and
that most of the postmasters
who contributed to the Re-
publican Party are them-
selves Democrats?" Senator
George asked. "I presume
that most of them are Dem-
ocrats," replied Martin, in-
sisting that he himself had
not solicited any funds."
This barter of Federal off-
ices has been a scandal in
the South since the begin-
ning of reconstruction. In

some States it is more un-
abashed than in others; the
Senate inquiry was prompt-
ly chiefly by affidavits from
Georgia and South Carolina.
In the latter State sworn
evidence was offered that
Joseph W. Tolbert, Repub-
lican National Commit-
tee-man and Federal Marshal,
had demanded "campaign
gifts" from various men on
the Federal rolls. Because it
lives on Federal patronage,
Republicanism in the South
responds to Washington
wires, and always lines up
beautifully with Adminis-
tration influences at Na-
tional Conventions. The Sen-
ate sub-committee, going
over the head of the indul-
gent Department of Justice,
has a chance to expose the
whole situation.—New York

ABOUT TOWN

The idiosyncrasies of the ty-
pewriter used in the composi-
tion of this column are so pro-
nounced in rainy weather that
the writer finds it extremely
difficult to say exactly what
he wants to say. Therefore,
dear reader, please be patient
as possible with us today. It
has been raining intermittently
for the last several hours and
the aforesaid typewriter pos-
sibly fails to transmit our
thought with the proper de-
gree of accuracy and infallibil-
ity. The first thing we would
like to bring up for considera-
tion is the announcement per-
taining to feminine styles for
the fall and winter months.

Dame Fashion, who has ruled
the world with an iron hand
since time immemorial, has
decreed that knee-length
dresses shall predominate
during these two seasons. Just
what the women in general
think of the pronouncement
we haven't yet been able to
determine. But the few we
have come in contact with
appear to be well pleased and
express considerable gratifica-
tion they might enjoy their
usual freedom in skirt lengths
without having the displeasure
or criticism of the ever-fasti-
dious. As to the general opin-
ion prevailing among the mas-
culine element, we are not pre-
pared to say. But, judging of
the future by the past, we
would say "Dad" and "Bud"
have no objections to changes
of fashions just so they let
the skirts remain as they are.

Yesterday we wrote about "bony
horses."
Today we feel inclined to talk
at length about "blind tigers."
To begin with, we want it gen-
erally understood that we are
no more familiar with tigers than
horses, therefore, our readers
are advised in advance not to become
excited before we get away to a
good start.

The majority of tigers to be
found in this section of the coun-
try are blind. We have never at-
tempted to determine why this
should be so. But it is, neverthe-
less, and the general run of people
seem to get more "kick" out of
this form of animal than do the
residents of the interior of Africa
where they grow tigers for pastime.
However, tigers are tigers whether
they grow in Africa or Pitt coun-
ty. They are just as dangerous
blind as they are with their eyes
wide open. In fact, it might be
said without fear of contradiction
that the blind species is doing more
damage to North Carolina alone
than all the tigers of Africa com-
bined.

This sounds like a broad state-
ment. It is. But what's the use
of saying anything if you can't
cover a whole lot of territory?
Blind tigers are putting many a
good man on the black list because
he failed to recognize the dangers
 lurking behind the unseeing eyes
of one of the most dangerous ene-
mies of humankind. Their influ-
ence is penetrating to the hearts
of splendid homes, making dem-
ons of men and women who other-
wise are above reproach.

Some might ask, "Is there no
remedy for this situation?" The
answer is at once evident.

Is there a remedy for the pill-
aging beast of African wilds? This
question has been answered by men
and women for centuries. The tiger
is not extinct, but great inroads
have been made upon him and he
has been forced to seek the wild-
est and most inaccessible regions to
protect himself from destruction.
This must be the inevitable doom
of the blind tiger of America. He
must become entirely extinct be-
fore his ravages upon an unsuspect-
ing public come to an end.

Beware of tigers, must be the
watchword of men and women of
this nation before we become great
and wise and strong as we desire.
Tommy Abbott and his Tobac-
conists managed to break even with
the league leading Goldsboro out-
fit. That they will do something more
than break even with the remain-
der of the week, we have not the
slightest doubt. Tommy said he expects to have
a real baseball organization within
a few days. Knowing this versa-
tile, ambitious individual as we do,
we feel confident he will do exactly
what he says.

Tommy has seen considerable ex-
perience in the management of
clubs in the Virginia and Piedmont
circuits. He ought to be able to
give local people a team they will
be proud of the rest of the season.
It may take some time to bring
about the transformation, but that
"fifty-fifty" split with the league
leaders causes us to believe Mr. Ab-
bott and Company are headed di-

rectly for the top of the standing
of clubs column.
If Greenville people should turn
out in large numbers and give the
old ball team the kind of support
they ought to have, they would feel
more like getting in the game and
fighting to a finish.

It is discouraging to play before
small crowds. It is more discour-
aging to feel like you haven't the
support of that great mass of peo-
ple who should be standing behind
you when you feel like you need
their support.

Get behind Tommy and his fol-
lowers, Mr. Enthusiasm, and re-
assured you will not be disappoint-
ed.

Favor Renewal World Court Conversations

New Orleans, July 12.—(AP)—The
National Federation of Business and
Professional Women's Club was
urged today to go on record as
favoring a renewal of conversa-
tions between the United States
and other nations belonging to the
world court.

The proposal was contained in
the annual report submitted by
Miss Harriet Taylor of New York,
chairman of the international re-
lations committee of the federation.
In addition the report suggested
that we promote intelligent dis-
cussion of the world court in the
clubs of the federation.

Miss Taylor recommended also
that the federation accept an in-
vitation by the national committee
on the cause and cure of war to
join in its conference held each
year and urged that the federation
send a strong delegation to the
conference for the study of the
cause and cure of war in Wash-
ington next January.

The report stressed a "good will
tour" to Europe which will leave on

the federation.

The good will party will be gone
51 days and will visit England, Hol-
land, Germany, Switzerland, Italy
and France.

The nominating committee was
scheduled to make its report today
with election of officers and selec-
tion of the next meeting place on
Friday's program.

Miss Lena Madelin Phillips, New
York lawyer and federation presi-
dent for the past two years, was
virtually assured of re-election and
Atlantic City was favored as the
next meeting place. Kansas City
is attempting to clinch the 1930
convention.

Harry Thaw Returns.
Plymouth, England, July 12.—
(AP)—Harry K. Thaw, who em-
barked on the Ile de France at
Havre, was aboard the liner when
the vessel left Plymouth for New
York today, homeward bound.

He expressed strong resentment
against Sir William Joynson-Hicks,
Home Secretary, for having refused
him permission to land in Eng-
land.

Market Report Cotton--Stocks--Grain

COTTON MARKET.

New York, July 12.—(AP)—Advances in the cotton market the past few days were followed by reactions today. The better tone of crop advices from some parts of the belt seemed to promote realizing or liquidation, but selling otherwise was probably restricted by prospects for further showers in the south. Trading was comparatively quiet. After showing net losses of 28 to 35 points in early trading, there were rallies of 12 to 15 points on covering, but they were not fully maintained. The mid-afternoon market showed net declines of 20 to 25 points.

Futures closed barely steady, 33-42 points lower; spot quiet; middling 22.20.

accounts and caused widespread liquidation by frightened investors. General Motors was the most active feature, breaking 7 points to 183 1-2. One block of 11,200 shares changed hands at 183 1-2 and another block of 10,000 shares at 185. Radio dipped from an early high at 167 3-4 to 162 1-4. U. S. Steel common, was one of the few popular industrials to receive strong buying support.

Case threshing broke 18 points. Indian Refining preferred and National Tea, 12 each, Adams Express, 10. Wright Aeronautical Corporation 8 and "Nickel Plate" common, 8.50. Rossia Insurance, Midland Steel Products preferred, were hammered down 5 to 7 points.

Tobacco issues moved against the general trend on reports of impending stock split-ups, a good demand being noted for the American Tobacco issues and Reynolds Tobacco Co. B.

The closing was weak. Total sales approximated \$5,000,000 shares.

CHICAGO GRAIN

Chicago, July 12.—(AP)—Reports that Russia had bought 1,000,000 bushels of Canadian wheat and that leaf rust in Saskatchewan province was confirmed, sent wheat prices up today.

Wheat closed firm 1 5-8 to 2 1-8 net higher; corn 5-8 to 2 1-4 up; cats 5-8 to 2 gain and provisions showing a rise of 2 to 30 cents.

The Seasons bring many changes but they do not alter the Service Principle of Our Store

Quality---always at a Saving

True Economy Is Often Wise Spending

Economy doesn't always mean **SAVING** money. More often than not it concerns itself with **SPENDING**. There are certain things you must have for the comfort of yourself and family. Buying these things for as little as possible, without sacrificing Quality, is economy. Only the miser saves by hoarding, the clever man or woman saves through spending wisely.

Our store is especially adapted to the needs of the customer who wishes to spend wisely. Our low prices are made by skillful buying, never by skimping on Quality; you will never find "seconds" or imperfect goods on our shelves. Best of all, our policy of selling for cash means a small saving for you on every purchase, and helps you end the month free from debt.

KINSTON WINS THRILLER OFF LOCAL OUTFIT

Kinston, July 11.—(AP)—Fans here saw the most thrilling finish to a baseball game in years when the Steamers beat Greenville 7-6 this afternoon.

The score was 6-3 against them when the locals went to bat in the ninth. The "wrecking crew" was up. Walters singled. Parks doubled. Emingholz scored both with a slashing single to right. Ferguson sacrificed. Dayton was an easy out, pitcher to first, the fast Emingholz taking third on the play.

Then, with the crowd holding for a pinch hitter, Ellison went to bat. The pitcher pulled one of those baseball miracles, and was safe on a hit to third. Emingholz scored, knotting the count.

Orvin hit for two bases and the painting Ellison went to third and a little beyond. The ball was played to the plate to catch him and it got past Abbott, going to the stand. The pitcher, who had been hesitating near third, staggered home. The ball had been returned to the plate but Ellison was safe by a hair and the game was Kinston's.

GIANTS AVERT STAMPEDE AT SAINT LOUIS

By WILLIAM J. CHIPMAN, Associated Press Sports Writer.

Whenever the Cardinals set themselves for a leap into a long lead and a merry laugh at their field, something always seems to happen. It remains a good bet that the eagerly-sought mathematical certainty will be reached in both major circuits about mid-September, but this National league race has a way of hanging on.

Fresh from three beatings in Pittsburgh, the runner-up Giants sailed into St. Louis and became the third place club through the simple expedient of losing the first game of four to the home entry while the Reds were trimming Brooklyn. And then when Jim Bottomley hit his 20th homer with two on and helped the Red Birds to four runs against Larry Benton in the first inning yesterday, the stampepe seemed to be on in earnest.

The gallant Benton was removed from the box—the first time he has been taken out of a starting game in 18 appearances this season—and young Bill Walker, the Denver recruit, was exposed to the St. Louis attack. Bill started as if to complete Benton's job in the way Lar-

ry started it. He filled the bases on passes in the second round and the Cardinals hastily formed another reception committee to welcome the runs over the plate.

The only flaw in these arrangements was that young Walker so changed his tactics that not one Cardinal got past third base during the remainder of the afternoon. The Giants won 6 to 4.

Cincinnati slid back into third place yesterday by losing to the Robins 4 to 3.

The Cubs took another from the Braves, 4 to 2, and the Pirates nosed out the Phillies, 3 to 1, in a game which Donie Bush considered serious enough to warrant the use of two pitchers—Brame and Hill.

The American league race continued at the even pace into which it settled some ten days ago when the Yankees decided to loiter along for a while until more strenuous efforts seemed to be necessary. The champions got another even break, losing the first to the Tigers, 4 to 2, as Ken Holloway and Elam Vangilder

outpitched George Pipgras and Wilky Moore, and winning the second, 6 to 5. Waite Hoyt won his 12th game of the season in the second engagement, but Herb Pennock had to rush to the box in the ninth to put down a Detroit uprising which all but tied the score. George Herman Ruth's 33rd home run was the ultimate margin by which the Yankees won.

The Athletics got only an even break against the White Sox, and failed to gain—as if that makes any difference now—while the Red Sox and the Indians won close games from the Browns and the Senators. Slim Harris turned in his best effort of the season to trim Dan Howley's crew, 4 to 3, while Reeves' third order enabled budding to Shade Hadley in a nip and tuck duel at Washington, 2 to 1.

Hornets Going At Fast Pace

Persistence pays, according to an old wise crack and it has certainly proven true in the case of Charlotte—a team struggling to get along in the South Atlantic Association.

The Hornets, who have been deprived of their sting since the first of June, won a ball game from Columbia yesterday, 8 to 6 and this victory gave them their first series since the aforementioned date.

Ray Wise hit a homer to help the Grahmen out and Bryan came through with three singles.

Macon started scoring early and was far enough ahead when the game was called in the fifth inning on account of rain to be declared winners over Augusta by a 5 to 0 margin.

Rauch was getting a good game from under his shirt, the Tigers

having been able to reach him for just a trio of hits.

Greenville revolted against Asheville's domination and pounded out 16 bingles for a 3 to 1 triumph over the tourists. Mitchell limited the league leaders to half a dozen safeties.

Spartanburg made its leadership threat more realistic by winning a twin offering from Knoxville. Heavy hitting by the Spartans made things rosy for them. The scores were 6-5

FIGHTS LAST NIGHT
